House Group Will Probe Union Reds

Un-American Activities Committee To Send Observers To Hear Wallace Talk

WASHINGTON, June 12 (AP)—Rep. J. Parnell Thomas (R.-N.J.), chairman of the House Un-American Activities Committee, reported today he has received a letter threatening him with death and has turned it over to the FBI. Thomas said the three-page, hand written letter warned him of death in June and Rep. Rankin (D.-Miss.), a committee member, of death in July.

Thomas said the letter is of more serious tone than many other "crackpot" letters that are received frequently. He said that he had intended to say nothing about it and let the FBI have full opportunity to try to trace it, but was informed that Rankin had mentioned the threat on the House floor.

WASHINGTON, June 12, (AP)—The House Committee on un-American Activities decided today to start hearings June 23 on what Chairman J. Parnell Thomas (R-NJ), described as "infiltration of Communists into the labor unions.

Witnesses, Thomas announced, will be members of the CIO Electrical Workers Union from Bridgeport, Conn., Schenectady, N. Y., and New York City.

Thomas announced also that the committee unanimously approved a report on the Southern Conference for Human Welfare which will be released to newspapers Sunday. The committee plans to send several observers to a meeting here Monday, sponsored by the conference, at which Henry Wallace will speak.

The committee in 1944 had reported the Southern Conference was a Communist Front organization.

Thomas also announced:

1. Upon recommendation of a Subcommittee on Fascism, "there will be instituted an all-inclusive program of investigations and hearings on Fascism." Dates have not been set. Additional members will be added to the committee staff to help on the inquiry.

2. Victor Kravchenko, former Russian army officer who worked for the Soviet Purchasing Commission in New York, will be heard by the committee on June 23.

Thomas said Kravchenko will "tell us how Communism operates in Russia and what we can expect here under Communism." Kravchenko gave up his job with the Russian government and wrote a book called "I Choose Freedom."

Wallace Expected To Toss Hat Into Presidential Ring

JAMESTOWN, N. D., June 12 (AP)—Mrs. Eleanor Roosevelt declined today to become a candidate for Vice President, saying "nothing could induce me to run for any public office."

WANTAGH, N. Y., June 12 (AP) — Governor Thomas E. Dewey, introduced at a political rally as "the next president of the United States," declared today in reply that "I am very happy right where I am." Dewey spoke at a luncheon meeting of the Nassau County Republican Committee.

LOS ANGELES, June 12, (AP)—The Los Angeles Times asserted today that "Henry Wallace will toss his hat in the ring for President within the next two months."

A story by Kyle Palmer, Times political editor, said that Wallace "will be a candidate for the Democratic presidential nomination in the preferential primaries of California and in at least a dozen other states.

"Machinery looking to the organization of a Wallace-for-President committee here is in operation—with the knowledge and consent of the former Vice President and cabinet officer.

"Hoping to stir the fires of insurgency among 'progressive' Democrats throughout the nation, Wallace and his supporters will center their drive in the west and along the Pacific coast."

The paper said Robert W. Kenny, former California attorney general and onetime Democratic candidate for governor, "and others are not yet willing to publicly identify themselves with the Wallace revolt" were supporting the movement.

Meat Prices Reach New High; Sugar Rationing Is Abandoned

CHICAGO, June 12, (AP)—The bawling steer and the grunting hog jumped back again into the public spotlight today and there were innumerable charges and counter charges in explanation for the sudden boost in meat prices in livestock markets and in butcher shops.

Average price of steers and yearlings at Chicago yesterday rose to an all-time record high at approximately $26.00 a hundred pounds, according to the Department of Agriculture. This topped the peak of $25.40 established last October immediately after OPA ceilings were removed. For the first time since Mar. 5 the top reached $30.

Live hogs have not advanced as sharply as beef cattle, the top here yesterday being $24.75 a hundred pounds compared with $30.00 on Feb. 25.

Cattle receipts at Kansas City yesterday, the largest for a June 11 in 25 years, advanced to the best price since January.

While the price for top grade cattle is lower, the Department said steers of medium and low goods are higher than last October. A smaller percentage of strictly good and choice cattle are arriving and the price spread between various grades is narrowing.

Meanwhile the last war-imposed coupon control over the American public vanished, as sugar rationing for home, restaurant and hotel use ended at midnight.

After five years in which ration stamps meant more than money—when it came to meat, canned goods, shoes, tires, gasoline and a host of other things—individual Americans are free of coupon worries for the first time since Apr. 28, 1942.

The last ration book can be thrown away. However, sugar price controls remain. So does rationing of industrial sugar. But three tow cirbs are scheduled to end Oct. 31.

Secretary of Agriculture Anderson ordered the sugar ration end late yesterday, thus beating the republican-controlled Congress to the draw. The House had set for a vote today a bill calling for an immediate end to household sugar rationing. A Republican spokesman indicated Congress would go ahead with the bill to make sure no return to controls could be ordered.

Anderson said he had acted because larger quantities of sugar are available. Asked by a reporter whether the pending congressional move influenced his action, he said: "A better way to put it would be: Did Congress hurry it because it knew this action was coming?"

Sugar was the first food rationed and the last freed from coupon control.

Anderson gave three specific reasons for his action: 1. The International Emergency Food Council allotted the United States

Babe Didrikson Wins British Open Golf Tournament

Texas Tomboy Vanquishes Jacqueline Gordon 5 And 4

GULLANE, Scotland, June 12, (AP)—Mrs. Babe Didrikson Zaharias of Denver, became the first American ever to win the British women's amateur golf title today by defeating Jacqueline Gordon of London, 5 and 4, in the 36-hole final.

Held even during the morning's 18 hole round while she was dressed in grey culottes and a yellow sweater, Mrs. Zaharias switched to her battle dress of blue corduroy slacks at the lunch hour and quickly won a five up advantage in the first six holes of the afternoon. She was out in 36 as compared to women's par of 37, blasting an eagle three on the 20th hole.

On this hole Babe outdrove her opponent by almost a 100 yards and dropped her second 18 feet beyond the cup. She rammed home the long putt for an eagle three.

She needed three strokes to reach the green on the 21st while Miss Gordon over-shot the carpet in the same number of blows. Babe's next was to within 10 feet of the cup and she dropped it for a par five. Miss Gordon seemed to be wavering after Mrs. Zaharias's display of power and needed a six.

The gallery had grown to huge proportions with the word "phenomenal" heard most frequently. Babe won two more holes and was five up on her London rival through the 24th hole.

Miss Gordon, native hope to keep this title in Britain, drove her second on the twenty-third into a bunker while the Babe played it safe and won, five strokes to six.

The American challenger pulled her drive badly on the 24th, sending it into the crowd in the rough.

"Didn't hit anybody, did it," she asked the steward.

"No," he replied.

"I don't want to hit nobody," she explained.

Miss Gordon's drive was 40 yards further down the fairway but her second again went into a bunker while Mrs. Zaharias' recovery landed on the green 25 feet from the cup. She measured the distance carefully. The putt hung on the lip and she was down in four.

The native Texan carried the five up advantage through 27 holes, reaching the turn of the

Memorial Services Held For Mrs. Root

Memorial services were held on Tuesday afternoon at 2:00 o'clock in the Congregational Church for Mrs. J. B. Root, wife of the Rev. J. B. Root, who died in Johns Hopkins Hospital in Baltimore, Md. Friday, June, following a long illness.

The services were conducted at the same hour funeral services were being held in Waltham, Mass. for her. Those taking part were Dr. E. D. Brownlee, Rev. J. E. McKinley, Rev. Mark T. Carpenter, Rev. W. P. Brooks, Jr. and Rev. W. P. Yesley.

Tal baskets of pale pink gladioluses were used throughout the church and a vested young people's choir sang "Nearer My God To Thee" and "Abide With Me." Miss Helen Witte, organist, accompanied.

Members of the Daughters of the American Revolution, of which Mrs. Root was an active member, attended the services in a body.

Truck Driver Killed In Ringling Tent

BALTIMORE, June 12, (AP)—Five shots touched off a stir among the tents of the Ringling Brothers Barnum and Bailey Circus at breakfast time today and police found the body of a circus truck driver tentatively identified as Richard Sheehan, 45, of Arlington, Va.

There were five bullet wounds in the victim's chest and police Capt. Oscar Koch said witnesses told him three men were seen running from a rest tent where a dozen other drivers were washing and shaving.

The body was found beside a stack of tires under the front flap of the tent. Reporting he had encountered "considerable reticence" when he questioned the circus men, Captain Koch ordered five drivers held for investigation. No gun was found.

Soil Conservation District Is Planned

A public hearing will be held in the near future at the Court House in regard to establishment in Seminole County of a soil conservation district, it was announced this morning by County Agent C. R. Dawson who said that he had a petition with the 25 signatures of residents necessary to bring about the hearing.

If the testimony is favorable and funds are available the Soil Conservation Department will establish the Seminole County area as a district, and their engineers will establish a complete survey of drainage.

Five growers will then be selected as a board, and these in turn will select the projects to be carried out. The overall survey, said Mr. Dawson, will correlate the whole drainage area and provide a master plan for drainage now performed by the many privately dug farm ditches.

The program of soil conservation hearings has been initiated by the Extension Service of the Department of Agriculture at Gainesville, he said.

Certain county owned ditches have been designated for cleaning soon by the drainage committee of the Seminole County Farm Bureau, said Mr. Lawson. Leo Hulter is chairman of the committee.

SWEDE IS SHOT

STOCKHOLM, June 12, (AP)—The Swedish Foreign Office said today it had been advised by the Swedish charge d'affaires in Vienna that a car belonging to the Swedish relief mission in Austria had been fired upon by Russian soldiers early last evening.

The foreign office said the driver of the car, identified as a man by the name of Carlsson, had been killed and that Torsten Arnaus, leader of the mission, had been wounded.

Truman Seeks To Continue Credit Rules

Consumers Affected On Installments; Truman Continues His Tour Of Canada

WASHINGTON, June 12 (AP)—The Civil Service Committee today recommended House approval of legislation providing for the removal of federal employees found to be disloyal to the government. And the House passed and sent to the Senate a $70,856,257 deficiency appropriation bill after adding $12,000,000 for emergency flood control work in the midwest and west.

WASHINGTON, June 12, (AP)—President Truman recommended today that Congress pass a bill permitting continuance of controls on consumer credit in peacetimes.

Unless Congress does this, Mr. Truman said he plans to end the present regulations, based on wartime legislation. These regulations, under executive order, fix the size of down payments and fix the length of time in which the balance due must be paid by installments.

These controls affect purchases of such things as household goods, refrigerators and automobiles.

Mr. Truman's views were stated in a letter to Marriner S. Eccles, chairman of the Federal Reserve Board, which wields the controls on installment-buying credit. Eccles read the letter to the House Banking Committee when he asked the committee to pass a measure giving the reserve board power to continue operation of controls in peacetime.

Meanwhile, President Truman wound up his trip to Canada with a holiday from official business today before starting back to Washington tonight for vital decisions on labor and tax cut legislation.

Turning tourist for a day, the United States Chief Executive took his official staff for an outing and a view of the Canadian countryside around Ottawa. The state visit ends tonight when he boards his 11-car special train at 11:05 o'clock for the trip back to Washington via Toronto, Buffalo and Niagara Falls.

The United States chief executive will view the famous falls from his private car when his train halts for ten minutes at 9:05 A. M. Friday for an operational stop.

He will return to Washington to face a vital decision on whether to veto a four billion dollar tax cut by a Republican-controlled Congress and legislation imposing new curbs on labor unions.

The deadline for vetoeing the tax cut is Monday. Mr. Truman has said repeatedly that the time is not ripe for reducing taxes.

Guernsey Elected Head Of Rotary International

SAN FRANCISCO, Cal., June 12 (Special)—At the 38th annual convention of Rotary International, which winds up its five-day session here today, delegates representing 6,200 Rotary Clubs with a membership of 302,000 business and professional executives in 76 different countries, elected S. Kendrick Guernsey of Jacksonville, Fla., as president of that world-wide organization for 1947-48.

Mr. Guernsey is executive vice president of the Gulf Insurance Company of Jacksonville, and since 1933 he has been secretary of the National Boys and Girls Week Committee. For the State of Florida he is chairman of the Citizens Committee on Education, a member of the State Highway Commission, and a director of the State Chamber of Commerce. In Jacksonville, he is a director of the Children's Home Society, the Boy Scouts and the Y. M. C. A. A Rotarian for 27 years, he is a past president of the Rotary Club of Jacksonville and he has served Rotary International as vice president and as district governor.

Elected to Rotary's 1947-48 board of directors were Tom Benson of Sussex, England; Lauro Bosha of Recife, Brazil; Daniel de Iongh of Rotterdam, The Netherlands; Gil J. Puyat of Manila, The Philippines; Charles Jourdan-Gassin of Nice, France; Aly Emine Yehia Pasha of Alexandria, Egypt; and six additional directors from the United States and Canada.

One of the largest conventions held anywhere in recent years, and perhaps the most international, the Rotary Convention attracted more than 13,000 Rotarians and members of their families from some 50 different countries.

Russia And United States Moving Toward Showdown

Hitch-Hiker Says Slam At Veterans Led To Murder

He Shot When Marscheck Called Them Bums And Thieves

BRONSON, Fla., June 12, (AP)—J. C. Jennings, 22, of Lagrange, Ga., told a circuit court jury in his murder trial here today that William Marscheck enfuriated him by dispataging remarks about service men. He admitted shooting the 60-year-old Detroit, Mich., man who had given him a hitch-hike ride to Florida.

Jennings said that during the ride he informed Marscheck he was an ex-service man and Marscheck called them "bums and thieves."

"That's what I got mad about," he said.

Jennings said Marscheck stopped the car near the spot where he was slain and ordered him to get out. The lieutenant said it was then he threw a pistol on Marscheck and forced him to walk about 50 or 75 feet from the car where he shot him.

He said he had 27 months service overseas during the war and was shot twice. Jennings' attorney had announced that his plea would be insanity, but there was no attempt by the defense to prove this by testimony.

Negro Is Drowned In Schoolhouse Lake

J. D. Brantley, middle aged negro of Oviedo was drowned yesterday afternoon in Schoolhouse lake, a small circular body of water in the Oviedo area, near where more than 200 negroes were holding a picnic.

The drowning was reported to the Sheriff's office at about 1:30 o'clock, according to Deputy Charles Beck who with the assistance of Bobo Mero, son of Sheriff P. A. Mero, recovered the body with grappling hooks in about eight feet of water late in the afternoon. There was some delay in securing a proper boat equipped with an outboard motor, which was provided by an Oviedo resident, according to Deputy Beck.

Record Is Established On Food To Germany

BERLIN, June 8 (AP)—A new weekly record for food imports from the United States into the combined Anglo-American zones of Germany was set the first week of June with the arrival of 141,000 tons of foodstuffs valued at approximately $18,000,000, the American Military Government announced today.

The food is paid for by American and British taxpayers through government-appropriated funds.

The imports included 137,000 tons of grain and flour and approximately 4,000 tons of other foods, to be used mainly in child feeding. They represented an average of about nine pounds of food for every non-farm consumer in the combined zones, which have been beset by a food crisis.

PROTEST LABOR BILL

LOS ANGELES, June 12, (AP)—Some 50 automobiles, in a joint CIO-AFL motorcade of 150 unionists, left today for Washington to protest the Taft-Hartley Labor bill, now before President Truman for signature or veto.

DISCRIMINATION

WASHINGTON, June 12, (AP)—Rabbi Stephen S. Wise, president of the American Jewish Congress testified today that "discrimination in employment because of race, religion, color, national origin or ancestry must be made illegal."

CCHURCHILL IN BED

LONDON, June 12 (AP)—Winston Churchill's doctors reported today that the 72-year-old former Prime Minister, who underwent a hernia operation yesterday, "had a good night and his general condition is quite satisfactory."

HOLLER HONORED

NEW YORK, N. Y., June 12 (Special)—Roy Holler of Sanford, Florida, a leading member of the New York Life Insurance Company's Field Force of more than 5,600 agents throughout the United States and Canada, has been named a winner of the National Quality Award given by the National Association of Life Underwriters. It was stated today at the New York Life's Home Office in New York City.

Communist Tactics Denounced By Party Leader In Hungary

BUDAPEST, Hungary, June 12, (AP)—A prominent member of Parliament denounced the new Communist-controlled government today and called on the Small Holders Party to adopt Communist tactics if it ever hoped to set up a real democracy in Hungary.

Freedom Party Leader Deszo Sulyok made a sarcastic, hour-long, denunciation of the new regime, set up after the resignation of Premier Ferenc Nagy. He said it had made Hungary a police state.

"The wildest and most objectionable political terror reigns in Hungary," he said. "There is no freedom of press, assembly or opinion."

Deputy speaker Istvan Kossa, a Communist leader and secretary general of the Trades Union Council, arbitrarily adjourned Parliament until next Wednesday when Sulyok concluded his speech.

Uproar among the anti-Communist members, who charged that Kossa was trying to silence two other opposition members who had scheduled speeches.

Earlier an American informant said the Russians had denied clearance to enter Hungary for Harold Snyder, an American representative of the United Nations Educational, Scientific and Cultural Organization.

Parliament was in turmoil throughout Sulyok's address. Angry Communists shouted and jeered Matyas Rakosi, the deputy premier and Communist leader who also is a Russian citizen, went from desk to desk, whispering with members of his party.

Garsson Defense Plans To Summon Mead As Witness

Other High Politics May Be Brought Into Bribery Trial

WASHINGTON, June 12, (AP)—Justice Henry A. Schweinhaut granted today permission to the defense to call former Senator James M. Mead (D-NY) as a witness in the May-Garsson war fraud trial. Mead is a former chairman of the Senate War Investigating Committee which probed wartime connections of former Congressman Andrew J. May and munitions makers Henry and Murray Garsson.

WASHINGTON, June 12, (AP)—A defense plan to call former Senator James M. Mead (D-NY) and "other high political figures" as witnesses gave a new twist to the May-Garsson case today.

Charles J. Margiotti, chief defense attorney, said he will ask advance court permission to call Mead for questioning "about his motives" in handling a 1946 Senate probe of the $70,000,000 Garsson munitions combine.

Margiotti declined to identify in advance the other politicians he will ask Justice Henry A. Schweinhaut to allow to testify.

Andrew J. May, wartime chairman of the House Military Committee, and munitions makers Henry and Murray Garsson are on trial together charged with bribe conspiracy. The government has contended in the eight-week trial that May took $35,000 from the Garssons for government favors for their firms.

Mead was chairman of the Senate War Investigating Committee which investigated the May-Garsson case last summer. The New Yorker ran for governor in his home state in November but lost to Gov. Thomas E. Dewey.

Margiotti told reporters he intended to show through Mead that the Senator used the May-Garsson investigation to advance "his own personal ambition to become governor of New York, with his eye on the White House."

"While he was a candidate for governor," Margiotti said, "he turned over his committee's evidence to the Department of Justice, demanded a grand jury investigation and demanded, also, that an indictment be returned before the November election."

The indictment being used as a basis for the present trial was returned last Jan. 23.

Margiotti said he had not intended to call Mead but that the prosecution has queried defense witnesses about their conversations with Mead committee investigators "and therefore I think the whole thing has been opened up."

"I don't know whether the court will allow me to examine Senator Mead, but I intend to try," Margiotti said. He added that he thought Mead had conducted the Senate probe with "undemocratic, or un-American, methods."

More Positive Action In U. S. Expected To Take The Place Of Futile Protests

SOFIA, BULGARIA, June 12 (AP)—The Bulgaria Grand National Assembly last night expelled its 23 Agrarian Party members, who formed the chief opposition to the Communist-dominated Fatherland.

ATHENS, June 12.(AP)—The Greek Army today called up all men in military classes of 1941 to 1945 inclusive. Greece has asked American approval for the expansion of her army with U. S. loan funds, but an official U. S. military source said no action had been taken as yet.

A new Communist blow to non-Communists in Southeastern Europe -- expulsion of the hard core of the opposition from Bulgaria's Parliament -- was presented to the world today amid growing indications that a Balkan showdown was impending between Russia and the West.

An authoritative source in Washington said the United States was reviewing the whole American policy in Southeastern Europe to determine what lines of future action might be more effective than the long series of futile protests sent to Moscow and other Communist capitals in the past few years.

Diplomatic authorities in Washington were predicting freely that Russia either would reject or try to hamstring the demands for a big three inquiry into the Communist seizure of power in Hungary, and that, in either event, the United States in all probability would carry the case to the United Nations.

The Bulgarian parliament voted last night that 23 members of Nikola Petkov's Agrarian Party had resigned of their own volition and therefore "are no longer members of the Grand National Assembly."

The Parliament acted on information from a government prosecutor that the written resignations of the 23 had been found in Petkov's private papers, but the deputies, insisting this simply was routine party practice, declared in final pleas that "we do not resign." Petkov's agrarians have had a total of about 90 members in the Parliament.

Petkov, general secretary of the Agrarian Party, is under arrest on charges of conspiring against the state. His arrest was the subject of a sharp statement by the U. S. State Department yesterday, which said that in trying Petkov, Bulgaria herself would

TVA Is Accused Of Wasting Funds On Navigation

Congressional Hearing Record On TVA Is Made Public

WASHINGTON, June 12, (AP)—These comments by members of a House Appropriations Subcommittee highlighted hearings the record of which was made public today, on 1948 funds for the Tennessee Valley Authority:

Discussing the TVA navigation program, Rep. Ploeser (R-Mo.) asked:

"Should Congress continue indefinitely throwing good money after bad into the navigation program of the valley when TVA seems utterly incapable of getting the ton-mile costs down anywhere near these by rail?"

TVA Chairman Gordon Clapp replied:

"Mr. Ploeser, the increased shipments on the Tennessee River since it has become fully navigable as a result of building these dams and locks has been very, very substantial. We do not regard navigation expenses as throwing good money after bad."

On the topic of employe loyalty, Chairman Jonsen (R-IA) told Clapp:

"We shall expect them (government corporation heads) to make a determined effort to ferret out all such people (who seek to overthrow this government) . . . (If) it has been shown that the heads of any government corporation have not fulfilled this request, then I shall make a recommendation that such corporation heads be taken off the payroll of the taxpayers of the United States."

On sale of TVA fertilizer to cooperatives, Rep. Ploeser questioned Chairman Clapp at length and this discussion took place:

Clapp: "If we were to put those materials (fertilizer) on the open market, most of the material that would be bought up would find its way to the farmer after it had been diluted and mixed with

60 Seminole Boys To Attend Camp Winona

More than 60 Seminole County boys will attend the 22nd annual YMCA sponsored outing at Camp Winona, July 14-28, it was announced today by Herman E. Morris, director of the outings since they were established.

The camp, which is located near DeLeon Springs, has been equipped with electricity, said Mr. Morris, has an electric pump and a new deep well which has been approved by the Health Department.

Now for the first time, motion pictures can be shown at the camp on Saturday evenings, said Mr. Morris. Mrs. Morris will have charge of the meals and handicraft. Mrs. O. C. Tanner will be the cook in charge of preparing the meals.

All cabins have been put in good shape and fitted with new screens, Mr. Morris said. The camp is owned and maintained by the UMCA branch at Daytona Beach.

Wright Discusses Florida Airways At Jaycee Meet

"Air service is an unquestioned asset to a community," A. T. Wright, superintendent of stations for Florida Airways, stated at the noon luncheon meeting of the Seminole County Junior Chamber of Commerce at the Mayfair Inn today.

"An airway company like ours is a feeder line for the larger trunk lines. Our planes are not war surplus material, but are new, and carry the latest in communication equipment and are operated under strict Civil Aeronautics regulations," Wright said.

"Florida Airways maintains stations in ten Florida cities and have applications submitted to the CAA for 19 additional stations. Our planes now cover 2,260 miles daily serving the state of Florida," he said.

William Lasater suggested that the Jaycees sponsor one entry in the National Glider meet which will begin on July 4 at Wichita, Texas. Steve Bennis, local glider instructor, stated that several gliders from Sanford would be entered in the contest.

Daryl Swann volunteered his services for the coming year as chairman of the program committee.

Mrs. Dorothy Fox, station manager of the local branch of Florida Airways, was introduced as a guest. Warren Schwain was also introduced as a guest.

POSTPONED GAME

The W.O.W. softball team is slated to meet the Mather entry in the City Softball League tomorrow night. The game will be a contest that should have been played last Tuesday night.

go before the bar of wod opinion.

The United States said the foundation for an appal to the U. N. in a vigorous prest to the Soviet commander in Hungary, charging "flagrant perference" in Hungarian interna affairs and demanding a joint inoiry by Britain, the United States and the Soviet Union.

Some State Depatment official saw the issue as much broader than a Balkan one. They expressed the opinion that it might be raised also in Greece, Italy, France, Germany and wherever else the western powers conflict with Communism.

In Vienna the Russians in the four-power Austrian Treaty Coinmission rejected all proposals to broaden the scope of the commission's discssions. U. S. Delegate Josep M. Dodge accused the Soviet degation of demanding veto powes over the agenda. . . .

In Lbon, General Nicolai Radescu, exlied former premier of Romnia, said that "the ease of Hungry is an encora of what happene in Romania and an example f what Soviet Russia is trying o do to the world."

He said that the "answer to the latest challenge in Hungary" should be continued recognition of th cabinet of ousted Hungarian Premier Ferenc Nagy "as the oly legal government of Hungary."

"Te same consideration should be iven to the Romanian legal government prior to the Soviets' full spread of influence that the King was forced to accept (t) protect as much as possible the Romanian people," he added.

$19,000 Is Lost, Found Returned To Owner

CINCINNATI, June 12, (AP)—A brown overnight bag containing $19,000 in bills found in the greater Cincinnati Airport restaurant Tuesday night belongs to Nat Weiner, 45-year-old manager of a Miami, Fla., hotel, who must make a return trip to the Queen City to claim the money—his life savings.

Contacted in Miami last night, Weiner said he brought the money to Cincinnati in anticipation of a business deal and left the bag in the restaurant as he and his wife rushed out to board a Delta Airliner ready to take off for Atlanta.

The bag was found by Betty Baker, a waitress, who gave it to restaurant Manager Martin W. Hess, who said he turned it over to the Federal Bureau of Investigation here.

House Republican Leader Halleck, of Indiana, saw Anderson's action as a vindication of the position taken by Republicans.

"We Republicans have been consistently working to eliminate unnecessary controls," Halleck said in a statement. "I am happy to see that Secretary Anderson recognized the wisdom of our proposed action."

The only remaining major control affecting individuals is that holding down rents. Congress probably will pass a bill this week continuing modified rent controls for at least another six months. However, the same measure is expected to erase all restrictions over construction and building materials.

No shrinking violet, the Babe wants to be remehbered as the standout woman athlete of all time.

"This is the only major women's golf title I have left to win." She remarked in her deep voice as she debarked from the Queen Elizabeth for the British championship.

British golf fans were bug-eyed at her driving feats and a beated first round foe retired unnoticed to the clubhouse while the Babe gave a trick shot exhibition in finishing her round Monday.

"It seems cruel to send our girls out against a game like that," one observer said.

When they asked her how she did it, the Babe grinned and said, "Why, I just loosen my girdle and let the ball have it."

other fertilizer ingredients."

Ploeser: "Of course you are assuming a lot there; you have no proof; you have not done it. You have not given yourself a chance to find out. You took your cooperatives. . . .

". . . It is not my admonition, Mr. Clap, that you deal exclusively with private dealers. It is my admonition that it is the duty of government to recognize all of those entities in the enterprise system and not set itself up as the selector of one entity, which pays none of the freight of government."

Rep. Whitten (D-Miss) commented that few private dealers would be interested in handling TVA fertilizer at the small markup at which cooperatives distribute it.

Jensen: "TVA is an empire within an empire, the likes of which I want no more in America . . . because if all our river valleys were placed under the same sort of control by a few men, as is the case with the TVA, it would not be long before a few men would have control of all teh water and the power resources in America and then those few men could and no doubt would soon control America."

DIES AT 103

OCALA, June 12, (AP)—John Albert Phipps, a retired farmer and resident of Clermont in Lake county, died yesterday at 10:35 A. M. in Monroe Memorial Hospital at the age of 103 years.

Mr. Phipps was born in Rome, Ga., on Nov. 7, 1844, and moved to Florida about 65 years ago. He engaged in general farming until he retired some years ago.

Cardinal Spellman Denounces Bigotry

NEW YORK, June 12, (AP)—Francis Cardinal Spellman, archbishop of the Diocese of New York, says that "bigotry once again is eating its way into the vital organs of the greatest nation on the face of the earth, our own beloved America."

Speaking last night at Fordham University commencement exercises, the Cardinal quoted from Protestant and secular publications which criticized the Supreme Court 5 to 4 decision of Feb. 10 that held in a New Jersey case that public, private and parochial school children may ride in tax-supported school buses.

"Many persons assumed that heat generated by the bus case decision would produce in the end the light of tolerance and ere long the whole controversy would be forgotten," Spellman said. "Unhappily the contrary seems to be the case."

He said the attack was directed at "the growth and expansion of Catholic education which is claimed to be a constant threat to the supremacy of public education in the United States."

Hazel Edwards Weds Clarence Keller

Mr. and Mrs. J. H. Edwards of Lake Monroe announced today the marriage of their daughter, Hazel Rue, to Clarence Lee Keller, son of Mr. and Mrs. L. L. Keller also of Lake Monroe. The wedding took place on June 11 at the home of Rev. L. R. Rushton, pastor of the Nazarene Church, at 10:45 A. M. After a brief wedding trip the couple will reside with the bride's parents in Lake Monroe.

Mrs. Keller attended schools in Palatka and is at present attending Seminole High School. Mr. Keller attended local schools and is at present associated with his father in farming.

Lawrence Olivier Is Knighted By King

LONDON, June 12, (AP)—The invisible door barring divorced persons from Britain's official aristocracy was opened today with the award of a knighthood to Actor Laurence Olivier in King George's birthday honors list.

Until now the title "Sir" has been bestowed rarely on men who have been through the divorce courts. And almost never when a distinguished man and his wife both have been divorced, as is the case with Olivier and his present wife, Actress Vivien Leigh.

There have been repeated protests from influential admirers of Olivier when the 40-year-old actor was passed over in favor of less well-known theatrical personages. Only last New Year's Olivier was missing from the King's honors list, while his second-in-command at the Old Vic Theater company, Ralph Richardson, was knighted.

BIBLE VERSE FOR TODAY

BUT NOW WE KNOW THAT WE NEVER DIE AT ALL, ONLY CHANGE AS A GRUB CHANGES TO A BUTTERFLY: If a man die shall he live again, All the days of my appointed time will I wait, til my change comes.—Job 14:14.

One way you can tell about whether President Truman is planning to run again next year is to see whether he vetoes the tax reduction bill.

Jesse Jones Has No Fear of Depression—headline. We wouldn't either if we were sitting down behind ten million dollars worth of government bonds the way he is.

Reports from Washington indicate that fully half of the President's advisers are urging him to sign the Labor bill. Well if half the Democrats and all the Republicans want him to sign it, that's a lot of people.

What can be done when law-abiding and resolute citizens act quickly was illustrated in Hurtsboro, Ala. the other day when four men including the mayor rescued a negro from a mob bent upon lynching him. It is only a very small minority in the South which ever participates in lynchings, or would if the occasion arose. But the trouble is that the great majority, which does not approve of lynching, does not like to run the risks involved in preventing lynchings. Nevertheless, quick action by a few decent citizens, and particularly public officials charged with maintaining law and order, can prevent lynchings.

Those who believe that Socialism is the complete answer to all our labor problems should consider the state of France. There 700,000 railroad men on the completely socialized French railways are striking for higher wages, just as if the railroads were owned by bloody capitalists instead of by the government of the people, and they have brought about a complete paralysis of the entire French economy. The trouble about socialism is that it won't work, and you get either Communism as you did in Russia, and more recently in Hungary, or you get fascism as you did in Italy, Germany, Spain and more recently in Argentina. But in either event you get a dictatorship which eliminates the rights and privileges of the common man.

Newspaper headlines these days might lead one to believe that the next gale that sweeps from east to west will bring to our ears the sound of resounding arms, or something like that, but we do not think so. The Russians know perfectly well that if they get mixed up in a war with the United States at the present time, they would be completely annihilated. There wouldn't be enough of Russia left after a year or two to bury their dead. They are not going to start a war with this country until they have more reason to believe than they have at present that they could win it. But if that time ever comes, they will do what the Japs did at Pearl Harbor, only they will do it at New York, Washington, Boston, Philadelphia and San Francisco all at the same time.

More Horrors

Glen. L. Martin, the Baltimore airplane builder, produced a new wonder the other day, in the form of a radio-active cloud which can be released at a great height without the explosion of an atomic bomb. The inventor says it would be of great military value. All this sort of thing is interesting, and apparently necessary at our present state of what we call civilization. We must be ready to destroy real or potential enemies, lest they destroy us and all our works.

It seems like a travesty on our civilization. We have but lately finished the greatest of all wars, and thought we might have peaceful progress and the general decencies of life for at least a few years. Yet we once more seem to be at the mercy of forces beyond our control, operating not only on a national but even a supernational scale.

When shall this great, beautiful and useful world be allowed to fulfill its destiny and the glories, wonders and comforts for which it seems to have been created? When, if ever, shall our race of men be fully developed?

Appreciation

Someone has said that anyone devoted to the cause of humanity is bound, sooner or later, to be crushed and broken-hearted by the ingratitude of man. It's mighty fine now and then to hear about exceptions to this dire viewpoint. One such occurred recently in St. Charles, Ill., where an 84-year-old Swedish-born retired carpenter was given by his fellow-townsmen a round trip flight ticket to Stockholm and $1,700 in cash.

All his life he had followed the principle of performing one good deed a day. Some of these acts were small and as he thought, unnoticed. Others were on a big scale like the ham dinner he gave every year to the local troop of 250 Boy Scouts, whose counselor he is. His neighbors had been watching him through the years and when he said, one day that he would like to see his 86-year-old sister in Sweden, they collected a fund to make the visit possible.

Stories like this are important; heartening chronicles of a mankind too often seen as uncivilized even yet.

Light In Jacksonville

Jacksonville's municipally-owned electric and power system had a "citywide breakdown," according to the Jacksonville Journal, a few nights ago. The Journal said the breakdown "showed again in what dangerous straits we are. It left us without traffic signals in the rush hours and without cooking current or water supply at dinner time. The folks at the beaches didn't get their lights back until 9:30 p. m."

The Journal calls it an "outgrown system." The people of Jacksonville have voted to borrow $15,000,000 to make necessary replacements. "But," complains the Journal, "it will be nearly three years before all of the equipment can be delivered and installed."

The Journal also complains about the plant management, which could have prevented the citywide stoppage, but didn't. A competent engineer-manager is urgently needed.

The Jacksonville plant has been played up as a shining example of the beauties of municipal ownership. As described by the Journal it's neither shining nor beautiful.

Overell Murder Trial Enters Fourth Week

SANTA ANA, Calif., June 12, (AP)—The Overell murder trial probably will enter its fourth week without a jury being chosen. A special venire of 25, gathered from streets and stores by a constable, was ordered to report today to trial Judge Kenneth E. Morrison.

Williams, who helped prosecute Premier Tojo and 26 other Japanese war criminals, was assigned by the state's attorney general to prosecute 18-year old Louise Overell and her sweetheart, George Gollum, 21, on charges of murdering her wealthy parents.

Louise's parents, Mr. and Mrs. Walter E. Overell, died aboard their yacht in Newport Harbor on Mar. 15. An explosion of dynamite sank the craft but the state contends the elderly couple was beaten to death before the blast.

Miss Whitaker Weds Donald H. Myers

The marriage of Joyce Marjorie Whitaker to Donald Hayward Myers was solemnized at 8:00 o'clock on Friday evening at the First Baptist Church in Sanford with Rev. W. P. Brooks, Jr. performing the double ring ceremony.

Palms, white gladioluses, Bermuda lilies and ferns decorated the entire church with tall floor standards of white tapers forming a background for the ceremony.

A program of nuptial music was played by Miss Madeline Mallett with John Miller serving as soloist. His solos were "Because" and "I Love You Truly".

The bride, given in marriage by her father, wore a gown of sheer white silk over a satin foundation. The gown was fashioned with a fitted bodice and full skirt which extended into a short train trimmed with Chantilly lace. Her finger tip veil of sheer illusion and the lake fell from a tiara of seed pearls and she carried a bouquet of bride's roses and carnations with streamers of white satin to which were fastened sprays of orange blossoms. A string of pearls, a gift of the groom, was the bride's only jewelry.

Betty Jane Benton, the maid of honor, wore a floor length gown of pink embroidered organdy with a pink tulle veil fastened with pink roses in her hair. She carried an arm bouquet of vari colored roses and asters.

The two bridesmaids, Jessie Mae Williamson and her sister, Mrs. Woodrow Barnard, were both gowned in blue with blue veils caught with blue ribbons. The tiny flower girl, Dessie May Thompson wore a dress of white tulle and carried a basket of red rose petals.

Edward Burton of Crescent City served as best man for the groom and ushers were Robert Unkefer of DeLand, cousin of the groom, and Ernest Whitaker, brother of the bride.

The bride's mother wore a gown of blue printed silk and a corsage of pink carnations and rose buds. Mrs. Myers, mother of the groom was gowned in teal blue silk with a corsage of carnations and gardenias.

A reception was held following the wedding at the home of the groom's parents. The rooms were decorated with white gladioluses and asters. The bride's table was overlaid with a lace cloth and centered with a tiered wedding cake. Punch was served by the hostess.

Out-of-town guests were Mr. and Mrs. Paul Unkerfer and sons Robert and Ralph, Mr. and Mrs. Henry Myers and daughters, Marilyn and Martha of DeLand, Mr. and Mrs. J. G. Fryer and Mr. and Mrs. W. A. Oglesby of Flagler Beach, C. J. Myers and Edward Burton of Crescent City.

After a short wedding trip to points of interest in state the couple will be at home to their friends in Sanford.

Leaders Announced For Educationalists

TALLAHASSEE, June 11 (ENS)—State School Superintendent Colin English announced this week that the annual Leadership Training Conference for supervisors and other leaders in education would be held at the Florida State University, June 16-July 3.

About 200 school people are expected to attend. Invited to the meet from the county are teachers, Seminole High School, Miss Barbara Ruprecht, economics Miss Edna Chittenden, librarian, both of Sanford; and Miss Margaret L. Colt, principal and teacher, Geneva.

Alma Grantham To Wed Henry Smoak

Mr. and Mrs. V. H. Grantham announced today the engagement of their daughter, Alma Florine, to Henry Elton Smoak, Jr., son of Mr. and Mrs. H. E. Smoak of Haines City. The wedding will be an event of June 21 at the DeLand Christian Church with Rev. Roy Respass officiating.

Miss Grantham is a graduate of Seminole High School and graduated from Stetson University with her master's degree in music on June 2. She was the accompanist for the Glee Club at Stetson, is listed in Who' Who in American Universities and and belonged to the Scroll and Key, Alpha Zeta Delta, Phi Beta music fraternity and was a freshman adviser.

Mr. Smoak is a graduate of Haines City High School following which he entered training with the Navy and took his pre-medical training under the V-12 course at Emory Institute where he was a member of Pi Kappa Alpha and served on the student council. He is at present a student of the Alabama Medical College and is president of Phi-Chi medical fraternity.

Following the wedding trip the couple plans to make their home in Birmingham where Mr. Smoak will continue his medical education.

NOTICE

Ann Kinard, district director of young adult work, will be the guest speaker for the Wesleyan Fellowship Class of the First Methodist Church on Sunday morning at 9:45 A. M.

TEEN TALK

Dear Jucy,

Shades of John Silver!!! What will teen-agers think of next? Their newest and dizzest fad is copied from the ancient pirate custom of piercing one ear.

Dorothy Cahill, of Arcadia, Calif. writes that it all started when her brother came home from the Navy with a pierced ear from which dangled a gold anchor.

It seems Dorothy and her 18-year-old boy friend decided that they would pierce their left ears and wear a gold heart in them "sort of as a symbol of going steady."

Now the fad is catching on like wildfire, says Dottie, and teen-age boys are piercing their ears and wearing tiny stones, gold hoops or charms —or anything appropriate to themselves."

To shows off their new fad better, the girls keep their hair pinned back from the earring ear. The boys who wear earrings claim that nobody "gives them a second glance."

The kids here have given the brooch (brushoff) to the pierced ear idea. As one of the kids says "It's awful, tough, trying to be pretty as it is—why spoil anything you don't have to."

Lots of the hep are getting set for their summer vacations. The American Youth Hostels report that more than 15,000 young people will plan inexpensive cycling through the United States, Canada, Alaska and Europe this year. This summer the A. Y. H. reports, it hopes to sponsor a trip to the Soviet Union and will take its first group of hostelers to Germany since the war. Though the trips are given to anyone over 17, of the 200 hostelers expected to go, preference is being given to persons with hosteling and work experience and to those who can speak the language of the countries they wish to visit.

There also will be a rollicking Youth Hostel, a railroad car equipped with bunks, separate washrooms and cooking facilities. Trips to Alaska, Mexico, the Gaspe Peninsula, Montreal and Quebec are also being planned and all the trips will be under the supervision of adults who have completed a special training course for youthful hostel leaders.

Bye, Hetchu,
Vivian

Mr. and Mrs. Michael H. Watkins' wedding was an event of May 31 at the home of Dr. J. Bernard Root. The couple left following the reception held at the home of the bride's parents, Mr. and Mrs. J. C. Cook, for a honeymoon in Daytona Beach. They are now making their home in the Welaka Apartments.

Hollywood

By BOB THOMAS

HOLLYWOOD, June 12 (AP)—Jeffrey Lynn has ended his 10-year deal at Warner Brothers and is out on his own. The capable actor, remembered for the "Four Daughter" series and other good performances, returned from five years in the service to discover that his position at the studio had changed in his absence. He was given only one role, as a drunken doctor, and then his contract was concluded by mutual agreement.

Jeffrey is now free-lancing, and doing very well. He is playing a desperado in "Adventures of Black Bart" U-I and is considering other offers.

Ida Lupino has postponed her independent production for three or four months so the story can be whipped into shape. So she's available for an outside picture.

Cornel Wilde, doing a retake of a closeup in "Forever Amber," says he won't believe the picture is finished until it's in the theaters for six months.

Douglas Fairbanks, Jr.'s film activities are reaching international scope. He may do a film in Mexico, as well as "Sir Lancelot" in England . . . West Point is going to get a big play from the movies. Alan Ladd's "The Long, Grey Line" and the Davis-Blanchard feature will be racing for first place on the nation's screens.

Mary Pickkford is finally in production with "Sleep, My Love," but her future plans are stymied by (1) failure to find a venus for "One Touch of Venus;" (2) having a steaw roast on the beach.

Hazel Edwards Weds Clarence Keller

Mr. and Mrs. J. H. Edwards of Lake Monroe announced today the marriage of their daughter, Hazel Hue to Clarence Lee Keller, son of Mr. and Mrs. L. L. Keller also of Lake Monroe. The wedding took place on June 11 at the home of Rev. L. R. Rushton, pastor of the Nazarene Church, at 10:45 A. M. After a brief wedding trip the couple will reside with the bride's parents in Lake Monroe.

Mrs. Keller attended schools in Palatka and is at present attending Seminole High School. Mr. Keller attended local schools and is at present associated with his father in farming.

Lawrence Olivier Is Knighted By King

LONDON, June 12, (AP)—The invisible door barring divorced persons from Britain's official aristocracy was opened today with the award of a knighthood to Actor Laurence Olivier in King George's birthday honors list.

Until now the title "Sir" has been bestowed rarely on men who have been through the divorce courts. And almost never when a distinguished man and his wife both have been divorced, as is the case with Olivier and his present wife, Actress Vivien Leigh.

There have been repeated protests from influential admirers of Olivier when the 40-year-old actor was passed over in favor of less well-known theatrical personages. Only last New Year's Olivier was missing from the King's honors list, while his second-in-command at the Old Vic Theater company, Ralph Richardson, was knighted.

no word from Gabriel Pascal and G. B. Shaw on "The Devil's Disciple" . . . I encountered Glenn and Eleanor Ford, Ronnie and Jane Reagan, Mark and Annelle Stevens at Malibu Luther eagle. They were having a steaw roast on the beach.

Bissen To Face DeLand Tonight

BASEBALL TONIGHT

MUNICIPAL PARK 8:15 P. M.

DELAND VS. SANFORD

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

BILL STEINECKE

This whole Steinecke stew has been brewing for quite some time and his announcement to leave the DeLand ball club really comes as no surprise to those who have talked to Bill recently.

The first announcement that the balding skipper would be leaving the Red Hats came from Benny Kahn in the Daytona Beach News Journal last Monday morning when he stated, "Things are so tough these days in DeLand that Setinecke may be out as the Red Hats' pilot before the week is out." This announcement came the morning after the cellar dwelling Islets tripped the University City aggregation by a 9 to 8 margin.

Monday night the Islets banged out a 14 to 11 decision over the Jupiter. Pluvious opened the valves during the third canto of the game between the Sanford Celery Feds and the Palatka Azaleas at the Municipal Park last night in which the locals were leading by a score of 3 to 1 to wash away the tilt.

The visitors opened hostilities in the opening frame when Weathers singled and was sent home on a Pirle book triple by right fielder Pirtle. On the play Pirle hit a sizzling drive over short stop Johnny McManus' head. When McManus leaped for the ball, his glove slipped off his hand and upped the ball. Umpire Winston immediately sent Pirtle to third base and Weathers to home because rules state that when any player throws his glove at a batted ball and hits the ball, the batter is given credit for a three base hit and all runners on the base paths score if they touch the bases in their proper order.

Charlie Bissen, working on the hill for the locals pitched hitless ball for the remainder of the contest.

Sanford found the offerings of Edwards pleasing from the opening gun. McManus walked to open the bottoh of the first canto. Dave Bride singled to center field and Manager Don Murray poled a two ply poke into right field, sending McManus across the platter. Buddy Lake, playing third base against Palatka, drove a long fly to right which was taken by Pirtle, but Bride scored on the tag-up and Murray moved to third. Jerry Silverman singled into short right field to send Murray home with the final marker of the frame.

In the third inning McManus was resting on second and Bride on first when the rain came and washed away a would be Fed victory.

Elsewhere in the Florida State League none of the contests were rained out.

The DeLand Red Hats snapped their ninth game losing streak to nip the league leading St. Augustine Saints in a 5 to 2 tilt with Hal Stewart, former Celery Fed gaining credit for the victory.

Mason Leeper, the left handed fireball artist from Gainesville, was too much for the Orlando Senators as the 18 year old southpaw registered his fourth straight State League victory on a three hit performance by a 10 to 2 margin.

The fast moving Leesburg Pirates shut out the cellar dwelling Daytona Beach Islets by a 6 to 0 margin in a contest that could be considered a brawl from the opening to the final gun at the last of the fifth when the contest was called because of rain. Umpire Belbeck sent Tommy West to the showers in the fourth frame after protesting the ball and strike decisions of Belbeck.

Game With Azaleas Washed Away In Third Inning With Feds Leading 3 To 1

By ARTHUR BECKWITH, JR.
Herald Sports Editor

The Sanford Celery Feds will entertain the managerless DeLand Red Hats at the Municipal Park in a single contest that is slated to get under way at 8:15 o'clock.

Manager Don Murray announced that Charlie Bissett will be assigned to mound duties for the contest with the University City team.

The Feds invade Conrad Park in DeLand for a return engagement tomorrow night and will entertain the Daytona Beach Islanders here Saturday night.

Billy Kinard Slated To Box On June 23

Billy Kinard, Sanford middleweight, has signed to meet Jimmy Savage of Orlando in the Legion Arena as the main event on the fisticuff ticket on June 23.

Several other bouts have been arranged for the program which is slated to help promote interest in boxing in the Central Florida area.

---

sagging Red Hats, and at the end of the tilt Steinecke announced his decision to quit to the Jacksonville Times-Union. He was quoted as saying, "I cannot get any help for the team and since Chuck Aleno left, I've decided to quit and take a vacation in North Carolina."

If Steinecke does stick by his guns, there will be more behind the deal than will ever leak out.

Steinecke told the writer during the Red Hats' last appearance at the Municipal Park that he was a tired man. Maybe that has something to do with the matter.

It has been reported that the former Major Leaguer has been having trouble with the front office of the DeLand Red Hats. It was reported that at least one man was released from the Hat roster. Steinecke knew nothing of the release.

We hate to see Bill leave the Red Hats. He is a good manager. No one can deny that. We do not mean to say that we approve of some of his rowdy tactics, but his ability to manage a club and his jovial attitude is admired by any one who has ever known the Red Hat skipper.

If Steinecke does make his decree final, the Florida State League will have lost one of its most colorful characters and one of the outstanding players of the year. Let's hope that Bill sticks it out.

Braised Round Steak
Broadcast: June 14, 1947

¼ cup flour
1 teaspoon salt
few grains pepper
1 lb. round steak
2 tablespoons hot shortening
½ cup boiling water
½ cup Pet Milk

Mix together flour, salt and pepper. Pound into both sides of round steak. Brown on both sides in skillet in hot shortening. Add boiling water. Cover tightly; cook very slowly 1 hour, or until tender. Remove steak to hot platter; keep hot. Stir milk into liquid remaining in skillet. Heat slowly, but do not boil. Pour over the steak. Serve with stuffed baked potatoes and creamed peas. Makes 4 servings.

U.N. Deadlock Is Denounced By Australia

Big Five Accused Of Being Unable To Agree On Arms Or Trieste Governor

Paris, June 13 (AP)—The French National Assembly ratified the treaty of peace with Italy tonight without a dissenting vote.

LAKE SUCCESS, June 13, (AP)—Russia charged today that the American-controlled Japanese government was "closing its eyes to fascist activities" and that the "old Japanese military clique" was in power. The charge was made by Soviet Delegate Vladimir Koretsky at a session of the drafting committee of the U. N. Commission on Human rights. Koretsky said the Soviet press was particularly interested in how democracy was working in Japan because the Japanese constitution as now drafted was along the lines of the American Constitution. He said the "old Japanese military clique" was arresting political leaders and demonstrators. This military group, he declared, were Kwolrea in sheep's clothing."

LAKE SUCCESS, June 13, (AP)—Col. W. R. Hodgson of Australia led a small nation attack today against a big power failure to break a 60-day deadlock between the United States and Russia on a basic working plan for a world disarmament.

He told the United Nations Commission on Conventional Armaments that the major powers had only delayed the group's work when they were given problems to settle among themselves.

While criticizing the Big Five's inability to agree on how to tackle arms limitation, Hodgson also drew attention to its failure to agree on a governor for the internationalized city of Trieste.

"We are back where we started from in this commission," the Australian said, "It is a surprising but a true thing that you have a great power submitting a proposal and another major power submitting a counter plan. You

Only 2,922 Tests Made In County By TB Xray Unit

Xray tests totalling 2,922 have been made in Seminole County by the State Board of Health Mobile Unit in an effort to screen out possible cases of tuberculosis. Dr. Frank Quillman, director of the Seminole County Health Unit, today termed this number as disappointing and not nearly as many as should have taken the tests out of the County's more than 10,000 persons of 15 years of age or older.

Thursday was the last day for taking xrays at this time though the state plans to survey the area every two years, he said.

The idea of getting as many persons xrayed as possible is to detect cases of tuberculosis early and to prevent the spread of the disease, Dr. Quillman declared. The earlier a case is isolated, the easier it can be cured, he said.

"If we were able to put into effect what we know about control of tuberculosis, we could eradicate the disease in 10 years or less.

"All new cases come from open cases, and for every death due to tuberculosis, 8 to 10 new cases develop," he pointed out, and added that with isolation there would be but two or three new cases with every death.

ONE UNDER PAR

ST. LOUIS, June 13, (AP)—Dick Metz of Arkansas City, Kans., shot a one-under-par 70 today in the second round of the U.S. Open Golf Tournament, for a 36-hole total of 139, tying a tournament record set by Chick Evans, Jr., in 1916.

Gen. Chiang Kai-Shek Orders Border Defended To Last Man

Red Campaign In Europe Develops Along Two Lines

Purge In Bulgaria Is Latest Demonstration Of Soviet Will

By GLENN BABB
AP Foreign News Analyst

The Communist program in Europe appears to be developing along two principal lines. East of the ideological front that splits the continent movements are afoot to complete destruction of what little opposition has been permitted to survive. West of the line there is a drive to splinter the parties adjacent to the Communists in the political spectrum and to draw from them segments of sufficient size to give the Reds the dominance they now approach but have not yet achieved.

Bulgaria furnishes the latest example of the Eastern campaign. The Communist-dominated National Assembly has expelled 23 Agrarian members, followers of Nikola Petkov, now in jail charged with plotting against the regime. These 23 formed the hard core of the united opposition. According to the law they must be replaced by 23 men of the same party who were unsuccessful candidates in last October's election. But even if the letter of the law is honored, it is easy to believe that the 23 new Agrarians will not be unacceptable to the fatherland front government.

Thus the pattern followed, in

By HAROLD MILKS

NANKING, June 13, (AP)—Trouble in Tibet cropped up today as Generalissimo Chiang Kai-Shek ordered his garrison in northwestern China — scene of an Outer Mongolian invasion — to defend China's border "to the last man."

Chinese dispatches from Chungking disclosed that Tibet, China's southwesternmost province, was seriously disturbed by local clashes between Monks and non-monastic residents.

The trouble started, Chinese correspondents related, when Chinese military authorities arrested the leader of the Buddhist Monks and reportedly put him to death.

Monks of three important monastaries which practically rule the major portion of Tibet then staged an armed rebellion against Chinese authority, and fighting was reported under way near Lasha, provincial capital. The Monks were described as pro-British while the non-monastic groups favored the Chinese.

Government reports said warplanes, bearing the Soviet Red Star continued to bomb and strafe Chinese positions in the Peitashan region of Sinkiang province. They said the Mongolians have rushed reinforcements by truck to Peitashan, 50 miles inside Chinese territory.

A new slant was given the Sinkiang invasion by the American-owned Shanghai Post-Mercury—that it probably was a tribal clash with some Soviet link.

The newspaper said recent arrivals from northwest China told of reports that two brothers of the Sherif-Khan family—among

Two Coast Shipping Tieup Is Threatened By Maritime Unions

NEW YORK, June 13 (AP)—A two-coast shipping tie-up is threatened by five maritime unions who last night accused the Pacific American Shipowners of "stalling" in negotiating a contract with the Maritime Cooks and Stewards Union.

The present contract expires at midnight Saturday. Joseph Curran, president of the National Maritime Union, presided at a news conference held by the policy committee of the five unions, all former members of the old CIO committee for Maritime Unity which broke up last winter, after Curran's withdrawal as co-chairman. He issued a statement of the five-union stand.

Harry Bridges, leader of the West Coast International Longshoreman's and Warehouseman's Union and the other CMU co-chairman, said his group agreed with the others that "if any lockout results the shipowners will have to fight all of the unions, East and West Coast and vice versa."

Hugh Bryson, president of the cooks and stewards, said contract negotiations were broken off last Friday. His union sought continuation of the present contract, for a $159 monthly minimum wage, he said.

Five Bus Chassis Ordered For Schools

The County Board of Public Instruction yesterday ordered five school busses, minus bodies, it was announced today by Supt. T. W. Lawton, who said that until such time as the new bus bodies can be delivered, old school bus bodies, still in good condition can be put on the chasses of the two Ford, two Chevrolet and one Dodge busses ordered after reviewing a number of bids.

The Ford orders went to Strickland Morrison Company, the Chevrolet orders to Holler Motor Sales, Inc. and the Dodge order to Seminole County Motors.

Joseph McCaslin, former Junior High School teacher, and Earl Tyler, Rollins College graduate and Sanford team outfielder, were appointed to teaching positions at Seminole High School. Mr. McCaslin recently received his degree at Stetson University.

Marine School At St. Pete Gets Funds

WASHINGTON, June 13 (AP)—The House Appropriations Committee recommended today a $1,500,000 appropriation for the Maritime Commission's Cadet Training School at St. Petersburg, Fla., for the year beginning July 1. Rep. Peterson (D.-Fla.) said "this means the St. Petersburg school will be kept open."

The committee said the $1,500,000 appropriation will permit training 1,000 Merchant Marine Cadets over the next year. The St. Petersburg school, for which the Budget Bureau refused to recommend any funds, was scheduled to close June 30, until Peterson and Rep. Hendricks (D-Fla.) convinced the committee that it should write in sufficient funds for 1947-48 operations.

Papy Bribery Trial Is Set For July 21

TALLAHASSEE, Fla., June 13, (AP)—The trial of former State Rep. Bernie C. Papy on charges of bribery was set today for July 21 after Circuit Judge W. Stay Walker ordered the State to give defense lawyers more specific information on the alleged bribe attempts.

Defense attorneys, contending the whole charge was a "frame-up" against Papy, won their argument for four of the five points on which they requested specific information in a bill of particulars.

NEWSPRINT OFF

WASHINGTON, June 13 (AP)—Newsprint imports in April dropped 7,023 tons below March, the Commerce Department reported today. The April total was 815,234 tons.

Newsprint exports, totalling 1,363 tons, were 1,186 tons below March.

Group Cuts Budget Of 33 Agencies

Veterans Administration Slashed 1.8 Per Cent, Weapon Research Increased

WASHINGTON, June 13 (AP)—The Senate Appropriations Committee approved today a $211,530,353 appropriation for the Interior Department, adding $54,116,840 to the amount voted by the House.

Principal increases are $36,837,932 for the Reclamation Bureau and $9,314,600 for the Bonneville Power Administration.

WASHINGTON, June 13, (AP)—The House Appropriations committee whacked $330,540,732 today from the funds President Truman asked to finance 33 independent government agencies next year.

It approved an $8,498,409,759 bill to finance the agencies work during the 12 months beginning July 1. The total cut was 3.7 percent below the amount Mr. Truman requested.

Veterans Administration Funds were trimmed $130,884,220 or 1.8 per cent. VA got $6,944,457,080. The cut for the 33 agencies brought to about $3,580,000,000 the claimed savings of House Republicans in their drive to chop $6,000,000,000 from Mr. Truman's 1948 budget of $37,500,000,000.

The committee proposed a $43,449,000 fund for research in aerial weapons after hearing that potential foes might "jump at us" if they ever get air superiority.

The committee recommended the appropriation for use by the National Advisory Committee for Aeronautics during the fiscal year starting July 1. It would be a $12,736,000 increase over the amount granted last year.

The committee report said research in such weapons as guided missiles and planes of unprecedented speed is essential to national security.

Williams Succeeds Dr. H. W. Rucker

Dr. H. W. Rucker, president of the Central District Dental Society of Florida, was succeeded in this office by Dr. Clyde Williams of Orlando, at the recent executive committee meeting of the society at Daytona Beach.

Dr. Rucker introduced Dr. Frank P. Myers of St. Petersburg, state president of the Society, who gave the main address. Other speakers on dental subjects were Dr. Larry Schulstad, Dr. Jesse Williams, Dr. Jack Beckwith and Dr. William Buhner.

Civil Service Makes Loyalty Check Report

WASHINGTON, June 13, (AP)—The Civil Service Commission has informed Congress that 21 persons were fired or resigned from the federal payroll and 42 were denied jobs after checks of their loyalty to the government between Jan. 1, 1946, and March 31, 1947.

Of the total of 60, the commission listed 47 as Communists, 3 as Fascists, 11 as Nazis and 5 as Japaneses.

Since 1941, the commission said, it has rated 1,313 people as ineligible for government positions because of disloyalty.

Bulwinkle Bill To Be Voted On Wednesday

WASHINGTON, June 13, (AP)—The Senate agreed today to vote next Wednesday on the Bulwinkle Bill which would grant anti-trust law exemption to railroads entering rate-making agreements approved by the Interstate Commerce Commission.

The action forestalled threats of Republican leaders to try to apply a "cloture" rule limiting further discussion of the bill which has been under debate for a week, with opponents holding the Senate floor.

Negro Released Without Bond At Murder Hearing

Justifiable Homicide Is Pronounced As Opinion Of Court

Arthur C. Siplin, Jr. young Goldsboro negro, who for the past week has been held in County Jail on a charge of murder, in connection with the death from bullet wounds of his father who died in a local hospital, was released without bond after a hearing conducted this morning by County Judge R. W. Ware.

After a number of colored witnesses had been questioned by Judge Ware, by Assistant State Attorney George A. DeCottes and by G. W. Spencer, who represented the defendent, Judge Ware pronounced that in the opinion of the court it was a justifiable homicide.

The young negro was released pending re-arrest on the charge of carrying a concealed weapon on May 31 when the shooting took place in the yard of the Siplin home at Thirteenth Street and Lincoln Court. Two pistols were produced by Sheriff Mears for the investigation; one of pearl handled Smith and Wesson .32 calibre from which the fatal bullet was allegedly fired; the other a black handled Iver Johnson pistol, purportedly the property of the deceased man.

Young Siplin is said to have

Governor Caldwell Vetoes TB Measure

TALLAHASSEE, June 13 (AP)—The act of shifting to the State part of the counties' expense of hospitalizing indigent tuberculosis patients was vetoed today by Governor Caldwell because the Legislature failed to provide revenue necessary to meet the extra state cost.

He also vetoed an act establishing a new budget system for commissioners and transferring authority to approve county budgets from the State Comptroller to the State Budget Commission.

The Governor said the tuberculosis act "eliminated the present formula under which the several counties are required to pay $1.25 per diem or one-third of the charge for indigent and semi-indigent patients in the sanitoria of the State Tuberculosis Board.

This act reduces the county contribution to 75 cents per patient per day and shifts the difference between that figure and the presently charged $1.25 per day patient from the counties to the

"On the state basis of the anticipated patient load, this would result in an additional cost to the of $182,500 a year.

NO. 1 REOPENED

TALLAHASSEE, June 13, (AP)—U. S. Highway No. 1 between New Smyrna Beach and Mims, which was closed Wednesday by excessive rains that damaged its uncompleted new surface, was reopened to traffic last night, Chairman Elgin Bayless of the State Road Department announced.

St. Louis Strike Disrupts Public Transportation

ST. LOUIS, June 13 (AP)—Virtually everything on wheels that would run was pressed into service today as thousands of St. Louisans sought a way to get to their jobs after an early morning strike of street car and bus operators tied up public transportation in the St. Louis area of more than 1,000,000 population.

Family automobiles, ancient Jalopies which have been produced by the dearth of new cars and all available taxicabs jammed main thoroughfares, snarling traffic at most of the principal intersections.

Absenteeism ran high in the heavily industrialized city during the first hours of the strike which became 100 per cent effective with such suddenness that most individuals were totally unprepared.

Most workers faced the situation in good spirits and many drivers went out of their way to pick up hitch-hikers along the most heavily travelled streets. Hardly a single vehicle reached its destination without picking up a maximum load and many had passengers riding the running boards.

No attempt was made by the St. Louis Public Service Company to man street cars and buses which were cleared from their routes as soon as operators completed their scheduled runs.

Lions Plan Barbecue At Country Club

Lions Club members today made plans for a barbecue supper and meeting at the Seminole Country Club on June 26 at 8:00 P. M. Members have been requested to bring their wives or guests.

Hoke Johnson, district Lion governor elect, will induct new Lion officers for the coming year, at the meeting it was announced by King Lion Henry Witte.

King Lion Witte read a request from Hoke Johnson that a zone chairman be named by the club to assist him. Witte was named and approved for this office.

Al Lyon was appointed by Witte to head the entertainment committee for the Country Club meeting.

Locomotive, 2 Cars Plunge Through Draw

CLARKSVILLE, Tenn., June 13 (AP)—The locomotive and two cars of a Louisville and Nashville freight train plunged through an open draw-bridge into the Cumberland River 30 feet below shortly before noon here today. The engineer and fireman were trapped in the locomotive and given up for dead.

With a roar of hissing steam, the locomotive and cars disappeared quickly beneath the surface in from 20 to 30 feet of water.

AMA PRESIDENT-ELECT

ATLANTIC CITY, N. J., June 13 (AP)—Dr. Roscoe L. Sensenich of South Bend, Ind., is the new president-elect of the American Medical Association for 1947-48. Sensenich, chairman of the board of Trustees, was named future president by the House of Delegates yesterday.

Boys State Votes Big Appropriation But Little Taxes

Ten Percent Sales Tax For Vet Bonus Is Soundly Defeated

TALLAHASSEE, June 13, (AP)—Members of the Boys' State Legislature today followed the precedent set by Florida's adult lawmakers by enacting a big appropriations bill and rejecting an accompanying tax measure.

However, Governor Ed Gong of Boys' State appeared less perturbed than Governor Caldwell of Florida at the prospect of squaring appropriations with revenues since the problem dumped in his lap by the dummy legislature was merely a theoretical one.

The boys, delegates to the annual American Legion short course in government, enthusiastically endorsed a proposal by Pete Kalogridis of Winter Haven that World War II veterans or their widows be paid a substantial bonus.

An amendment to the measure by Pat Malone of Miami which would have provided a 10 percent sales tax to meet bonus payments was soundly defeated.

The youngsters approved a bill

Chaplin And Pickford Hit For Cutting Film

WASHINGTON, June 14, (AP)—The Federal Trade Commission accused Charlie Chaplin, Mary Pickford and their associates in United Artists, Inc., today of palming off on the public a bobtailed version of "The Life and Death of Colonel Blimp" as the whole film.

Further, the commission said that United Artists, in advertising the British movie, made use of laudatory reviews which were based on the showing of the whole, uncut film.

OPERATIONS BLACKOUT

ATHENS, June 13, (AP)—The Greek army clamped a blackout on operations in the Olympus-Piera mountain area today, where it was reported that a new phase of the offensive against the guerrillas was underway. One informed source said that approximately 12,000 men were engaged in the newest operations.

Ex-Premier Of Hungary Is On Way To U.S.

Effort To Be Made To Draw Attention Of U. S. Public To Recent Events

By The Associated Press

Ferenc Nagy, deposed by the Communists as premier of Hungary, was en route to the United States today in what diplomats said apparently was an effort to draw attention of the U. S. Public to events in that central European public.

The United States accused Russia earlier this week of "a most flagrant interference in Hungarian affairs" in the alignment which placed the Communists, who polled 17 per cent of the last free vote, in charge.

Dezso Sulyok, who denounced the communists yesterday in the Hungarian Parliament, said today his Freedom Party would refuse to take part in national elections scheduled for September, unless they were supervised by an international board.

President Truman, who denounced the Communist coup in Hungary as an outrage, said on leaving Canada that U. S. foreign policy had but one objective, peace in the world and friendship with every nation. His words were interpreted as an effort to pll troubled international waters. Earlier, Mr. Truman told the Canadian Parliament the United States, intended to help nations

Bevin Lauds Plan Of Marshall As East-West Link

LONDON, June 13, (AP)—Foreign Secretary Ernest Bevin described Secretary Marshall's aid-for-Europe plan today as "a bridge to link the East and West" and said it would be "disastrous for ideological or other reasons to frustrate that great endeavor."

"We are glad to know that misunderstanding has been removed by including Russia in the American proposals," the Foreign Secretary told a luncheon of the Foreign Press Association.

Bevin, describing Marshall's Harvard address as one that "may well rank as one of the greatest speeches in world history," declared:

"As was the case when the U. S. proposed a four-power treaty for Europe, it seems to me that that great, new and wonderful country has acted in the most unselfish manner in its endeavor to use its great capacity to save Europe from another ruin and to rehabilitate it as urgently as possible."

Bevin said Britain was "exploring actively and urgently how best to respond" to Marshall's lead.

Truman Sees Niagara On Return To U. S.

BUFFALO, N. Y., June 13 (AP)—President Truman, "happy to be home again," returned to the United States today from what he described as "a grand visit" in Canada.

The President was fresh from an automobile tour of Niagara Falls, where he remarked: "I'm glad I don't have to go over them in a barrel."

He was greeted by the New York State Democratic chairman, Paul E. Fitzpatrick, upon arrival in Buffalo for a 30 minute stop.

His decision apparently made on what he plans to do about legislation to cut federal taxes by $4,000,000,000, the President declined to tell reporters whether he would veto it Monday, the deadline for action.

Jokingly, he told them he would act "about 30 minutes before the deadline" when they pressed him for comment last night as he pulled out of Ottawa after a three day good will visit.
