

Two Teams Tied For First Place In Bowling League

The J. C. Hutchison & Co. and the New York Life Insurance Co. teams are tied for first place in the Sanford Bowling League, and the Randall Electric Co. and the H. B. Pope Co. are tied for second place, completion of scores at the close of the week disclosed. High honors for the week went to J. J. Gladis with 172, 170, 180 for a total of 522, while single game honors went to L. Tharp with 200.

Bowling scores for last week were as follows:

Team	Score
J. C. HUTCHISON CO.	172 170 180 522
NEW YORK LIFE INS. CO.	172 170 180 522
RANDALL ELECTRIC CO.	158 158 173 489
H. B. POPE CO.	158 158 173 489

Grabbing most of the honors Saturday night was Walt King, the great two-year-old out of the team. Wins of the regular cup race on opening night and twice-winner during last week this sensational dog topped the feature eighth race after a fierce battle against strong odds. In so doing, he broke his own record by doing the future distance in 29 4-5 seconds.

Two events will be presented tonight, starting at 8:15 o'clock. No minors are admitted, however. Selections for tonight:

1st race: Squaw G. Blond Han-

Hauptmann's Case May Be Taken To High Court Again

Claim Constitutional Rights Were Jeopardized At Trial

TRENTON, N. J., Jan. 6.—(AP)—Bruno Richard Hauptmann's lawyers were reported authorities today to be considering a second effort to bring his case before the federal tribunal if the state pardons court rules elementary. The proposed move would embrace an application to a federal district judge or to a judge of the Circuit Court of Appeals for a writ of habeas corpus to determine whether constitutional rights of the convicted slayer of the Lindbergh baby had been jeopardized at his trial a year ago.

The defense was denied an opportunity before the United States Supreme Court to present evidence of alleged irregularities at the trial. The pardons court is expected to sit Wednesday to hear application for commutation of the death penalty to life imprisonment. Hauptmann's execution is set for next week.

Ellis H. Parker, the rural detective who is on a solitary search for new evidence in the Lindbergh kidnaping, was called into conference Sunday by attorneys who are planning their last fight to save Bruno Richard Hauptmann's life.

At Trenton State Prison, Hauptmann was reported to be in the best of spirits. His wife, Mrs. Anna Hauptmann, reiterated her belief that "things will turn out all right."

Sanford and DeLand Boy Boxers To Meet In DeLand Tonight

Coach S. A. B. Wilkinson's Seminole Boys' Athletic Club boxers go over to DeLand again tonight to box the youngsters of this city for the second time this season. Twelve lads will make the trip, providing the coach can arrange transportation for that number. The boys are requested to meet at the arena at 6:30 o'clock this evening. The main bout in DeLand will be between Clyde Harnage and Darrell Ferguson.

"We are now preparing for a program to be put on in February," Coach Wilkinson said, "in which will appear Texas Joe Dundee and Clyde Harnage with opponents of equal ability. We are expecting this to be the best boxing program ever put on in Sanford and we hope to raise enough money to pay all our expenses for the balance of the school term. At the present time we are \$29.68 behind on our bills, including lunch money not yet paid."

"I cannot understand the attitude of the writer of that article toward the farmers of Seminole County and myself in attempting to connect members of our committee with those in the 'higher brackets,' yet at the same time admitting that as individuals Seminole County farmers are mortgaged to the government for a million dollars. The fact that many of our farms are mortgaged in reality gives rise to our fears that if our water supplies are adversely affected we must lose our properties," Gus Schmah concluded.

"I cannot understand the attitude of the writer of that article toward the farmers of Seminole County and myself in attempting to connect members of our committee with those in the 'higher brackets,' yet at the same time admitting that as individuals Seminole County farmers are mortgaged to the government for a million dollars. The fact that many of our farms are mortgaged in reality gives rise to our fears that if our water supplies are adversely affected we must lose our properties," Gus Schmah concluded.

Story Of Liberty League Support Is Called 'Ridiculous'

Story of Liberty League support in Florida. There has never been anything secret concerning our operations. The list of our contributors is open to anyone interested. I want to urge that the writer of that article, or any representative he may select, see this list, after which we will be glad to receive an adequate apology for the inaccuracy of these charges.

The charge against this committee of 'lobbying' is equally undesired. To date the lobbying has been done by Jacksonville and the canal advocates. Jacksonville has spent something like \$50,000 of its tax money boosting for the canal, and by political pressure forced an allotment of \$5,000,000 for 'canal construction' despite more than eighty petitions against such construction from Central and South Florida communities and public bodies. Recently, Fred E. Kent, city commissioner of Jacksonville, in asking for further funds admitted publicly they were to be used in 'lobbying for the canal.'

"Our committee cannot see that the \$250,000 which Seminole County is charged to have received for relief purposes and the one million dollars which Seminole County individuals have received as loans, have any bearing whatever upon whether or not the construction of this proposed canal will endanger the water supplies of this and other sections of the state.

"I cannot understand the attitude of the writer of that article toward the farmers of Seminole County and myself in attempting to connect members of our committee with those in the 'higher brackets,' yet at the same time admitting that as individuals Seminole County farmers are mortgaged to the government for a million dollars. The fact that many of our farms are mortgaged in reality gives rise to our fears that if our water supplies are adversely affected we must lose our properties," Gus Schmah concluded.

Opinions Vary As To Future Of Pact Of Celery Growers

Unconstitutionality Of AAA Is Viewed By Some As Death Blow To Agreement

Officials Talk With Washington

Department's Advice Is That Decision Won't Effect Pact

Diverging opinions as to the effect the Supreme Court's decision against the AAA will have on celery agreements were expressed by growers in the Sanford area today. Some were emphatic in the belief that the holding of the AAA as unconstitutional will knock out the celery pact; others hold the view that a new pact could be put into effect in the face of the Court order.

Two officials of the general crops section of the AAA in Washington were in Sanford yesterday afternoon when the dispatch came announcing the Supreme Court's decision, and they got on the long distance wire to see and talk with their counterparts in Washington. The conversations being reported at last night for 20 minutes. The result of the long discussion over the telephone was the decision at the Washington end that the Court's ruling against the AAA will have an effect on marketing agreements.

Loring Raoul of Sarasota, chairman of the Celery Control committee stated today that his views from Washington were that the proposed new celery control agreement, but that complete information would be furnished the committee at a meeting to be held in Lakeland tomorrow morning. The same advice that complete information would be forthcoming was received by P. N. Whitehurst, committee member, in reply to a telegram he sent one of the officials in Washington.

Mr. Whitehurst said today that he did not believe the Supreme Court decision would make any difference with the proposed celery agreement, and in this he was backed by Walter Mawing. The latter expressed the opinion that new laws to replace those (Continued on Page 21)

Athletic Field Need Is Told By Sheriff

Need of an athletic field at the Seminole High School was discussed by Sheriff J. F. McClelland at last night's dinner meeting of the Junior Chamber of Commerce in the Mayfair Hotel. He declared that it is imperative that Sanford have a field where the high school boys can play football and not always have to go out of town for their games, and the younger business men agreed with him.

President M. L. Babers presided at the meeting. Others present were The Rev. J. J. Kellaghan, E. D. Kirschhoff, J. H. Trulock, Jack Fimmel, Mack Cleveland, Dr. Henry McLaughlin, Graham Duke, Harry Carrington, Steve Shisholzer and Andy Caraway.

Farm Leaders Asked To Plan A New Program

Summons Sent By Wallace To Representatives To Meet In Capital Jan. 10

WASHINGTON, Jan. 7.—(AP)—Farm leaders were summoned by the New Deal today to confer on shaping a program to replace the smashed AAA. Secretary Wallace issued a call for Jan. 10 and 11 after the Supreme Court decision brought the pending AAA machinery to a halt.

Already a farm meeting had been called for next week to plumb the Supreme Court AAA decision for future possibilities of national farm legislation. Sponsors said 1,000,000 farmers will be represented. Delegates are officers of the American Farm Bureau Federation, the National Grange, the National Co-operative Council, the Farmers National Grain Corporation and the American Agricultural Editors' Association. Delegates act in unison as a National Agricultural Conference. Edward A. O'Neal, president of the farm bureau, said today the AAA ruling will precipitate a "knock down, drag out" battle in Congress.

Most proposals for an AAA substitute were vague. Rep. Snell, Republican leader, said his party would seek to present a farm program. At the White House, President Roosevelt continued silent.

Chairman Jones, Texas, of the House Agricultural Committee, said an "effort should be made" to find a "constitutional method of putting all our citizens on an equal footing." He said he could not believe the Supreme Court means to say a national tariff is legal and that a national farm program "which merely restores the price balance cannot be made legal. I cannot believe that it is meant that cotton farmers and producers of other world market crops must purchase their supplies in a higher-priced protected market, and that there are no constitutional means by which they may be given an even break."

In the meanwhile all AAA field offices were ordered today to halt all activities.

Rotarians Hear About Bells At Luncheon Session

Bells, chimes and carillons were discussed and explained by Mrs. Fannie S. Munson at today's luncheon session of the Rotary Club, and those who heard her interesting talk learned of the distinction between chimes and carillons. From three to 12 bells constitute chimes, but all bells that number are carillons, she said. The bells in the Bok Tower as there are 72 bells in the tower, the largest being six feet in diameter. Mrs. Munson also told something of the history of the Liberty Bell.

A short memorial service was held by the Rotary Club for late president Henry R. Stevens, first president of the local club. The Rev. Martin J. Bram offered the prayer and W. A. Laffer gave the eulogy.

Sanford Boys Write Civil Service Exams

MARION, Ala., Jan. 7.—Two Sanford, Fla. boys, Cadet George Whitfield McRory of 1118 Magnolia Avenue and Cadet Stewart Gatchel of 406 Sanford Avenue, were among the 24 Marion Institute cadets taking a competitive Civil Service examination here for appointments to the U. S. Military Academy and to the U. S. Naval Academy. Cadet McRory took examination for the Military Academy and Cadet Gatchel for the Naval Academy.

FIRE TOLL MOUNTS

WESTFIELD, Mass., Jan. 7.—Seven bodies were recovered from smoldering ruins last night as state fire inspectors sought the cause of Sunday night's disastrous \$40,000 fire at Van Deuren Inn, fashionable apartment hotel.

Doughton Speeds Bonus Bill

Speedy action on soldiers' cash bonus legislation was promised by Rep. Robert L. Doughton (seated), chairman of the House Ways and Means Committee, when leading bonus advocates visited him in his office as Congress convened. Standing, left to right, are Ray Murphy, national commander of the American Legion, Thomas Kirby, legislative representative of disabled American veterans of the World War, and James E. Van Zandt, national commander of the Veterans of Foreign Wars. (Associated Press Photo)

County Officials Buy Equipment Of Three Canneries

Establishments All In Best Of Shape, Says County Agent

Purchase of the equipment of the three canneries in Seminole County established by the old Rural Rehabilitation Administration was authorized by the Board of County Commissioners at their meeting this morning.

The canneries are located in Sanford, Oviedo and Geneva and their equipment was valued at more than \$1,000. The county a month ago offered \$200, but this was refused. Purchase was effected today at a price of \$300. County Agent C. R. Dawson told the commissioners that all the equipment is in excellent shape and that canning of fruits and vegetables could be undertaken on a day's notice.

The commissioners also voted to pay the traveling expenses of Mrs. Howard who will supervise the three canneries.

Mrs. Howard told the board that last year 25,420 cans of fruits and vegetables were put up at the three establishments. Last year those availing themselves of the canning kitchens paid a "toll" on one-half of the cans of food they put up, but Mrs. Howard suggested that this year a toll of only every fifth can be charged, excepting in the case of meats and corn when a toll of every eighth can was suggested.

Monkey Faced Owls Given To Zoo Are Added Attraction

Four young monkey-faced owls given to the Sanford Municipal Zoo last Saturday are proving to be an added attraction, James Moughton reports. There was an unusually large crowd at the Zoo on Sunday, estimated by Mr. Moughton to be a premium, he said.

The monkey-faced owls were given to the Zoo by Theodore C. Brooks, manager of the College Arms Hotel in Deland, and were delivered to the Zoo by the largest record Stead by W. B. Glendon, chief engineer at the hotel. Although the young owls were taken from the same nest, there is quite a difference in the sizes of the quartets. Mr. Moughton explains that the difference in size of the owls is due to the fact that the eggs of one species of owl are laid at intervals and that incubation starts before the setting of eggs in the nest is complete.

The election of mayor of Sanford is scheduled at this evening's organization meeting of the new City Commission. The Commissioners will meet in City Hall at 7:30 o'clock. Only the organization of the new board is to be effected tonight. The first meeting for the transaction of business will be on Monday evening of next week.

Seminole County is being represented at the annual meeting of the St. Johns River Improvement Association in Deland today by H. M. Papworth, Fred T. Williams, Jr., E. Southward, Ralph F. Gagnell and Benj. F. Helms.

The regular meeting of the Lion's Club, scheduled for Wednesday evening at 7:00 o'clock at the Mayfair Hotel has been postponed until Thursday evening at 7:00 o'clock so as not to conflict with the Jackson Day dinner tomorrow night.

Daily celery bulletins will be issued from again this season. (Continued on Page 21)

Seminole Will Have Exhibit At Tampa Fair

Future Farmers Are To Have Charge Of Display Of Celery, Meat, Butter, Milk

Seminole County celery, meat and dairy products will be exhibited at the Tampa fair next month, thanks to the ambitious energy of the boys of Celery Camp of the Future Farmers of America. They will prepare the exhibits, and the only expense to the taxpayers will be \$25 which the County Commissioners appropriated today to pay traveling expenses of Alex R. Johnson, instructor of the agricultural class in Seminole High School.

Mr. Johnson told the commissioners that Tampa is an anxious for a Seminole County exhibit at the fair that E. F. Streidler, general manager of the exposition, has guaranteed that prizes totaling at least \$300 will be won by the Seminole exhibit of meats and dairy produce. He listed this guarantee on the excellence of such exhibits made by the Future Farmers at the Orlando fair in other years.

In order to compete for the big prizes at the Tampa fair it will be necessary to enter a major exhibit, and therefore Mr. Johnson asked the County Commissioners to make the necessary formal application for exhibit space and to permit the arranging of a celery display. The fair management has promised a display booth with a 30-foot front, and it is Mr. Johnson's plan to show celery growing in all stages, from the seed box through papering to the crates. The use of celery will be stressed at the exhibit, free receipts being given visitors.

Mr. Johnson and C. R. Dawson, county agent, both told the commissioners that while about 100,000 persons see the Orlando fair, 500,000 visit the Tampa exposition.

Should the expenses of the exhibit from this County exceed the value of prizes won the cost will be borne by the Future Farmers, Mr. Johnson said, but he also said he is not worrying about losing. Under the order of the County Commission, prizes won will go to the Future Farmers to reimburse them for their expenses.

\$800,000, 000 For Federal Agencies Asked In Measure

WASHINGTON, Jan. 7.—(AP)—First of the 1936-37 appropriation bills carrying nearly \$800,000,000 for two dozen government agencies and undertakings was reported to the House today. As approved by the Appropriations committee it called for expenditures of about \$74,500,000 greater than the present fiscal year but, \$47,600,000 less than the presidentially approved budget. The committee explained it made a "cut all down the line," but many budget requests were met by authorizing the use of unexpended balances of former appropriations.

Some new activities for which money was provided were: Power Commission, for enforcing rates and survey provisions of the new utilities control law; Interstate Commerce Commission, to administer alarm rate making and motor vehicle regulation; and the Securities Commission for administering holding company provisions of the utilities law.

The local post of the American Legion, meeting last night, voted to put on another fund on the evening of Monday, Jan. 20. It is expected that the interior decoration of the Legion hall will be completed by that time, and it is also hoped that the field piece given the post by the U. S. government will also be placed in front of the veterans' building on Lake Front Boulevard.

Families Flee As Rivers Overflow; Rain Still Falls

Meeting Called To Arrange For Roosevelt Ball

Service Clubs, Elks, Chamber Of Commerce In Charge

Committees representing the Elks, the various civic clubs, the Parent Teachers' Association, and the Seminole County Chamber of Commerce are called to meet in the Chamber of Commerce building Wednesday afternoon at 3:30 o'clock to discuss plans for this county's participation in the annual President Roosevelt Birthday Party held on Jan. 30.

The same distribution of net receipts from the ball will be made this year as last—30 percent to the Warm Springs (Georgia) Foundation for children suffering from infantile paralysis, and 70 percent to be retained for local uses, according to Secretary Ralph F. Bagwell of the Chamber of Commerce. He also stated that it is the plan of this year's committee to work out an arrangement whereby we shall receive the maximum benefit from our portion of the receipts.

Notices to committee members asking them to make a "special effort" to attend tomorrow's meeting state that "we earnestly hope that we can count on your continued co-operation in making this year's celebration the huge success it has been in the past."

Committees are the following: Elks: E. F. Housholder, Fred Dorner, Howard Overlin, G. W. Spencer and Bill Toll.

Parent-Teachers' Association: Mrs. F. E. Housholder, Mrs. W. H. Stewart and Mrs. Horace Moore.

Civic Clubs: Kiwanis—Walter S. Coleman and Julius Dingfelder; Rotary—W. A. Laffer and H. B. Pope; Lions—Maxwell Stewart.

Chamber of Commerce: C. E. Adams, S. D. Highleyman, W. R. Edenfield, W. D. Hofmann, F. S. Lamson, J. F. McClelland, J. L. Marquette, E. J. Meyer, James Moughton, J. E. Preston, T. E. Simpson, Peter Schaal, W. H. Schmidt, Roy G. Williams, Volle A. Williams, of Sanford; Mrs. J. C. Bills of Geneva, John E. Fox of Paola, C. Hallett of Fern Park, and W. B. Haines of Altamonte Springs.

Hauptmann's Death Date Is Postponed

TRENTON, N. J., Jan. 7.—Bruno Richard Hauptmann was given a few more days of life yesterday when officials of Trenton state prison decided they would not execute him on the night of Jan. 14, but would postpone it until later in the week. It is customary in New Jersey to execute prisoners on Tuesday night, but Jan. 14 coincided with the opening of the legislature, and for that reason Principal Keeper Mark O. Kimberling decided on a postponement.

EPIDEMIC HALTED

FAIRBANKS, Alaska, Jan. 7.—(AP)—Fairbanks' scarlet fever outbreak was declared "well under control" today, largely because of serum flown here by Joe Crosson, Alaska's "mercy flier."

MOVE FAMOUS CASE

DECATUR, Ala., Jan. 7.—Attention for the Scottsboro boys yesterday launched a move to transfer the five-year-old life and death drama of the nine negro youths from jurisdiction of Alabama courts.

MIAMI GETS STADIUM

WASHINGTON, Jan. 7.—(AP)—Public works approval of a \$250,000 allotment for a stadium at Miami was reported last night by a source close to Sec-

Choctawatchee River Two And Half Feet Above Flood Stage At Caryville, Fla.

Red Cross Crews Assisting People

Apalachicola River Is Slowly Rising Toward High Mark

CHIPLEY, Jan. 7.—(AP)—Red Cross workers continued to watch swollen streams of this area today and were ready to move other families out of their homes if need arises. Rain, still falling over a wide area of northwest Florida and southern Alabama, brought the Choctawatchee River at Caryville, west of here, to 14 and one-half feet, two and one-half feet above flood stage.

A dozen Caryville families were moved out of their homes last night. Russ J. Davis, chairman of the Chipley Red Cross chapter, said workers were ready to move 200 more families to high ground if the river continues to rise and they are already moving heavy furniture.

Flooded in 1928 and 1929, Caryville now is built largely on higher ground. Most low-lying districts were not re-occupied after the floods.

Rivers Out of Banks

MARIANNA, Jan. 7.—(AP)—Heavy rains continued to drench Northwest Florida tonight, and started streams rising toward their bank levels.

A gauge at the Florida Industrial School for boys near here showed rainfall for the last 24 hours had been 3.94 inches.

Old residents said it was the hardest rain they had seen in many years, but no great flood damage was seen for the next day or so.

The Apalachicola River was rising slowly, and already had reached 16 feet two and a half inches. Flood stage is 22 1/2 feet.

Fear no longer was felt at Pensacola, and Tallahassee reported only a drizzle this afternoon and tonight.

Weather Bureau reports indicated the water level in this area probably would reach its crest tomorrow.

French Floods Make Hundreds Homeless

PARIS, Jan. 7.—(AP)—Hundreds of persons are homeless throughout France as a result of the worst flood the country has had in 25 years.

Property damage was estimated in the millions of dollars. Thousands of acres of farm land and vineyards were flooded, and hundreds of villages were isolated.

The River Loire burst its dikes in many places, reaching the highest levels since 1910. The business district of the City of Nantes was under several feet of water.

The threat of even greater damage if a dike should collapse on the Nantes waterfront on the north side of the river brought out hundreds of workmen in an effort to strengthen the dike.

Conditions were improved in the valley of the Rhine, after almost two weeks of constant rain. No fatalities were reported.

Negro Electrocuted In Raiford Prison

RAIFORD, Jan. 7.—(AP)—Lemuel Green, 22, negro, was electrocuted today for slaying an eight-year-old negro girl near Starke a year ago. Prison Superintendent L. F. Chapman said Green confessed last night, saying he killed the child because her mother, once his common law wife, left him.

The Supreme Court's decision invalidating the AAA will come as a distinct disappointment to those farmers who have been receiving benefit payments under the New Deal's farm program.

AAA Invalidated

The Supreme Court's decision invalidating the AAA will come as a distinct disappointment to those farmers who have been receiving benefit payments under the New Deal's farm program.

Briefly, the Agricultural Adjustment Act was a law under which taxes were levied on certain basic agricultural products—potably, wheat, cotton, corn, tobacco, and hogs—for the purpose of raising funds with which to pay the farmers for destroying a portion of their crops, or otherwise reducing production.

This challenge, attention, because it represents a widespread change of view. Until recently there was little disagreement among the prognosticators when they spoke privately.

A number of governmental agencies did have as their purpose an increase in the purchasing power of the country. Those boards, bureaus, or commissions, which borrowed money and turned it over to the people did help to stimulate purchases by putting new money into the hands of consumers.

What the Supreme Court has now said, in effect, is that the Constitution does not give to the government the right to pay farmers with taxpayers' money to destroy their wheat, to plow under their cotton, and to produce fewer hogs.

Though invalidating this particular piece of farm legislation, the Supreme Court has not held that there is nothing which the government can do to help the farmers. The government has been lending the farmers money for some time and there is no indication that this is unconstitutional.

The Automobile Business

The automobile industry was again revealed as an outstanding contributor to general business recovery in the report, "Preliminary Facts and Figures about the Automobile Industry during 1935," released today by Alfred Reeves, vice president and general manager of the Automobile Manufacturers Association.

Estimating the year's output of American car-makers at 4,150,000 vehicles, the report disclosed that the industry collectively again had figured as the largest single purchaser of the products of many of the country's leading raw material industries.

The manufacture of 50,000,000 automobiles tires during the year afforded a market for 885,000,000 pounds of crude rubber and 210,000,000 pounds of cotton fabric.

For one term in Sanford High School, Mr. Spinks is well known about Florida. He owns and operates one of the largest express single mills in the state at Oviedo where he met and won his wife.

The automobile industry was again revealed as an outstanding contributor to general business recovery in the report, "Preliminary Facts and Figures about the Automobile Industry during 1935," released today by Alfred Reeves, vice president and general manager of the Automobile Manufacturers Association.

Estimating the year's output of American car-makers at 4,150,000 vehicles, the report disclosed that the industry collectively again had figured as the largest single purchaser of the products of many of the country's leading raw material industries. Besides absorbing 23 percent of the iron and steel industry's total output for the year, purchases by automobile manufacturers accounted for 75 percent of the rubber consumption, 77 percent of the plate glass production, 89 percent of the lead consumption, 83 percent of the nickel, 22 percent of the copper, 16 percent of the aluminum, 12 percent of the zinc and 20 percent of the tin.

The manufacture of 50,000,000 automobiles tires during the year afforded a market for 885,000,000 pounds of crude rubber and 210,000,000 pounds of cotton fabric. In addition, 16,150,000 gallons of gasoline (total retail price, including taxes, \$3,250,000,000) and 485,000,000 gallons of lubricating oil were consumed in keeping the nation's 28,000,000 cars and trucks operating during the year.

SANFORD TWENTY YEARS AGO

The Methodist pastor at Osteen, the Rev. J. W. Bartlett, had quite a bad beginning for the New Year. He called at the home of J. K. Allman on New Year's afternoon. Three of Mr. Allman's dogs bit him. The rest of his dogs were after him when some of the family succeeded in stopping them.

and for one term in Sanford High School, Mr. Spinks is well known about Florida. He owns and operates one of the largest express single mills in the state at Oviedo where he met and won his wife.

Moonshine Drink Is Fatal To Prisoner

ST. AUGUSTINE, Jan. 7.—Albany Riley, negro prisoner at the county jail, is dead, and nine other negro convicts are ill as the result of a "drinking party" staged at the jail when Al Hilton, a convict under 90 day sentence at the county stockade, is alleged to have slipped "shine" through the jail bars.

Two Men Killed In Car Truck Collision

MEMPHIS, Tenn., Jan. 7.—Two men were killed and a woman injured when a car and a truck collided on a highway west of Memphis, Tenn., today.

Politicians Have Changed Views As To Race In 1936

Divergent Forecasts For Year Are Made By Party Experts

WASHINGTON, Jan. 7.—As the old year recedes into history, the professional politicians differ widely in their forecasts for 1936. This challenge, attention, because it represents a widespread change of view. Until recently there was little disagreement among the prognosticators when they spoke privately.

Among the Democrats, the flag remained nailed to the mast, but it began to be understood that at least the campaign of 1936 would not be won by default. In other words, there was a general recognition, for the first time since Mr. Roosevelt became a popular idol in 1933, that the coming campaign would be fought desperately on both sides.

So matters stood in early December. Since then several events have unsettled the situation considerably. One of these was the sudden revival of organized sentiment for the Townsend Old-Age Pension Plan, accompanied by a hint that Dr. Townsend and his associates will place an independent ticket in the field.

That may never materialize, yet the threat of it alone complicates all the political forecasts. The Townsendites claim several millions of adherents; presumably, as lines have been drawn up to now, most of these votes would go to Mr. Roosevelt in 1936. Their loss to a third ticket might conceivably turn the balance.

The threat developed also that the defection of conservatives from Mr. Roosevelt might be much better organized than had been expected. It was disclosed that southern Democratic dissenters would meet in January, under the leadership of Governor Talmadge of Georgia to plan a campaign of opposition. It is questionable whether any of these dissenters think a re-nomination can be stopped, so the real purpose must be sought elsewhere.

On the Republican side, too, things began to happen. Several newly arranged appointments were upset by the decision of Senator Borah to vote the presidential primaries.

With Borah taking a militant attitude to "drinking party" the Republican party, it is difficult to see how a serious convention squabble can be avoided.

If Borah succeeds in dominating the convention, it is to be expected that the conservative elements of the party will fall in line behind him with that unity of spirit and that financial aid which have been considered requisite to Republican victory?

More than once in the past, all party hope of success at the polls has been obliterated by the combination of just such a struggle as now is developing among the Republicans.

About 300,000 fish will be placed in City Lake, southwest of Annapolis, Md., next week, after four weeks new under construction are completed.

DR. HENRY McLAULIN

Vote Against New Deal Increases To Over 3 To 2 In Literary Digest Poll

Politicians Have Changed Views As To Race In 1936

The nation at large votes slightly over 3 to 2 against the New Deal in the Literary Digest poll, according to the latest tabulation which includes returns from all forty-eight states for the first time.

The total of 1,970,774 ballots tallied on the question: "Do you now approve the aims and policies of the Roosevelt New Deal to date?" shows 641,945 "yes" votes, or 32.56 percent, to 1,328,829 "no" votes, or 67.44 percent.

The present percentage of the balloting against the New Deal compares with 68.51 of last week's returns, an increase of 1.96 points against the New Deal.

The current issue of The Literary Digest in which the latest poll results appear, states that thirty-six states are registering majorities against the Administration's policies.

The states which are shown voting in support of Roosevelt's policies include Alabama, Arkansas, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Utah and Virginia, all of which accept Utah as a writer of border states.

Among the states which were represented in last week's tabulation the vote in twenty reveals a fractional increase in the balloting for the New Deal and additional returns reported from nineteen states indicate an increased

Vote Against New Deal Increases To Over 3 To 2 In Literary Digest Poll

vote in them against the Administration's policies, while no change occurs in the other two states. "Since last week the vote has increased by more than 300,000," The Literary Digest states in its current issue.

"Now, with a full array of states, the poll is sweeping toward its zenith. Its final results will show what the country thinks of the Administration on the basis of the question asked 10,000,000 voters.

"The current tabulation has preliminary reports from the last seven states to be heard from including several large ones: New York, Pennsylvania, New Jersey, Vermont, Maine, Delaware and Nevada.

"New York's first 50,080 show an unfavorable percentage of 68.30 while Pennsylvania's 101,381 ballots are 68.63 percent against the New Deal.

"New Jersey this week casts only 16,000 votes; the unfavorable percentage is 71.96. Vermont and Maine rounding out the New England bloc, are sharply opposed thus far to the New Deal.

"The thirty-six states voting 'no' include two southern states, Florida and Oklahoma.

The combined vote of the six New England states is more than 3 to 1 against the New Deal, the heaviest negative vote against the Administration of any section of the country.

The southern and border states, which register the largest affirmative vote, give practically a 3 to 2 ratio for the New Deal.

The eight Rocky Mountain states show a composite 3 to 2 disapproval of the President's policies and the three states on the Pacific Coast indicate practically the same percentage in opposition to the New Deal.

The Middle Atlantic states, which include such populous commonwealths as Pennsylvania, New Jersey, and New York vote 2 to 1 against the New Deal, while the combined vote in the farm belt is still more than 3 to 2 in date against the Administration's policies.

Townsend Defies Mathematics Law, Census Man Says

Vote Against New Deal Increases To Over 3 To 2 In Literary Digest Poll

NEW YORK, Jan. 7.—Dr. Francis X. Townsend is a modern King Canute who would revise the scientific law of arithmetic in such the same manner as the legendary chief attempted to overcome the natural law of the tides. Dr. Stuart B. Rice, of the United States Bureau of the Census, said at a joint luncheon meeting of the American Statistical Association and the American Association for Labor Legislation at the Hotel Commodore.

Under the Townsend Old-Age Pension Plan, Dr. Rice said, the sixty-year-old pensioners would receive a larger share of national income than would all the rest of the population. For the year 1932, he estimated the proportion at \$26,000,000,000 to \$24,000,000,000. This would mean an annual income of \$2,400 for all pensioners, and an average annual income of \$210 for all others, he said.

Dr. Rice made it clear that his figures were not official, but said that they had been compiled by "an associate down in Washington." The cost of the Townsend Plan, he said, would be \$25,000,000,000 for 1930, \$31,000,000,000 in 1940, and \$40,000,000,000 for 1950. To finance such an undertaking a sales tax of 2 or 3 percent, he said, would be laughable; the percentage, he quoted as the minimum ranged from 12 percent in 1929 to 27 percent in 1933.

"The figures speak for themselves," he said. "The Townsend old-age plan is a scheme of complete absurdity, crassly miscalculated, crazily unworkable and filled with the possibilities of wreckage."

The Rocks, historical plantation at Eutawville, S. C., will be destroyed when the section is inundated by the Santee-Cooper power project of the federal government.

Miss Berner To Wed Raymond E. Daniels

WEDNESDAY
Monthly business luncheon of the Woman's Club of Sanford will take place at 12:30 P. M. at the club house with Mrs. E. R. Purvis as sponsor and Mrs. W. T. Langley, Mrs. W. R. Wallman, and Mrs. C. B. Dawson as hostesses. Reservations may be made by telephoning 79-J.

Mrs. Catherine Berner yesterday announced the engagement and approaching marriage of her daughter, Miss Margaret Louise Berner, to Raymond E. Daniels of Mount Dora. The wedding will take place the early part of February.

Miss Berner is the daughter of Mrs. Catherine Berner and the late S. A. Berner. She is a graduate of Sanford High School and for the past several years has been connected with the American Fruit Growers, first in Sanford and now in Orlando.

Mrs. W. T. Langley Entertains Club

The members of the Afternoon Tea Contract Club were entertained with a bridge party given Thursday afternoon by Mrs. W. T. Langley at her home in Mayfair. Red radianse roses and potted plants were used as decorations.

After several games of contract were completed it was found that Mrs. H. E. Walker held high score. Refreshments were served by the hostess, assisted by Mrs. H. M. Papworth, and Mrs. R. J. Holly.

Those present were: Mrs. R. J. Holly, Mrs. H. E. Walker, Mrs. W. M. Scott, Mrs. H. M. Papworth, Mrs. G. I. Loucks, Mrs. Roy F. Symes, Mrs. B. F. Whitner, and Mrs. Langley.

At The Mayfair

J. H. Rendley of Jacksonville, connected with the Clinchfield Railroad and a frequent visitor here, is spending a few days.

Mr. and Mrs. Loring Knott of Sarasota are here for several days.

W. H. Petty of Jacksonville, a frequent Sanford visitor, is a guest for a short time.

Personals

Mrs. Charles Niblack of Oviedo spent Monday here shopping.

Mr. and Mrs. Marko Galbreath of Euclid spent Sunday here with relatives and friends.

Mrs. G. C. Cochran and sons, Gene and Ward, have returned from Hollywood where they spent a short time with relatives.

Mrs. S. C. Nutting of Macon, Ga., is visiting her son-in-law and daughter, Mr. and Mrs. Arthur Braun, Magnolia Avenue.

Julian and Raymond Baumel have gone to Haines City where they are attending the Florida Military Institute.

Mr. and Mrs. O. K. Goff announce the birth of a daughter, Lucian Goff, Sunday at the Fernhill-Laughton Memorial Hospital.

Miss Kate Barn of Decatur, Ga., is the guest of Mr. and Mrs. W. L. Henley, West Fifteenth Street.

Mrs. Paul Higgins has returned from West Palm Beach and Miami.

and where she visited friends and relatives.

Mr. and Mrs. W. Hugh Combs and Mrs. Nancy Richard of Miami spent the week-end here with Professor and Mrs. G. E. McKay.

Mrs. Mae Conoley and Dorer Conoley of Valdosta, Ga. are visiting the former's daughter and son, Mrs. G. E. McCall, Mrs. R. G. Fox, and her A. Conoley.

Miss Florence McKay has returned to Miami after spending the holidays with her parents, Professor and Mrs. G. E. McKay, South Sanford Avenue.

Mr. and Mrs. J. Howell Fish and family have arrived from New York to spend the winter here. They are living at their home, 1300 Magnolia Avenue.

Mrs. C. B. Alderman and daughter, Caroline, of Jacksonville spent today here with Mrs. Rupert Strickland and Mrs. Fred Ball.

Mr. and Mrs. W. D. Abrams have returned to their home in Alexander City, Ala. after a visit over the holidays with Mrs. Abrams' sister, Mrs. R. F. Crenshaw, and Mrs. Abrams' brother, A. D. Abrams.

Miss Kathleen Laney has returned to the Greenville Woman's College at Greenville, S. C. after spending the holidays with her parents, Mr. and Mrs. E. H. Laney, Paola.

Mrs. F. W. Short of Newark

N. J. arrived Thursday to visit her parents, Mr. and Mrs. J. W. Rutledge, East Third Street, and her sister, Mrs. William Musgrave, Lake Mary.

Mr. and Mrs. R. I. Wilson of Mocksville, N. C. and Mr. and Mrs. Ralph Edwards and Ralph Edwards, Jr. of Greensboro, N. C. spent a short time here Friday with Mrs. H. W. Rucker, San Lanta.

Lieutenant Commander Harry F. Carlson and family of Pensacola, who have been the guests of Mr. and Mrs. T. C. Carlson, North Jessamin Avenue, have returned to their home. While on their vacation they spent a few days in Miami.

Mrs. E. C. Bourland, Mrs. Price Angel and sons, John and Buddy, have returned from Helen, W. Va. where they spent the holidays. They were accompanied by E. C. Bourland and Mrs. Earle Bourland who will be Mrs. Angel's guests for a short time.

Virginia Lundquist Weds T. S. Copeland

The marriage of Miss Virginia Mae Lundquist, daughter of Mr. and Mrs. E. F. Lundquist of this city, to Thomas Spencer Copeland, son of Mr. and Mrs. J. S. Copeland of New Smyrna, took place Saturday evening, Jan. 4, at the residence of the Rev. J. Bernard Post, pastor of the congregational church. Mr. Post performed the ceremony in the presence of the immediate family and a few friends.

WORLD CLUB MEETS

The Junior World Club held its regular meeting Monday afternoon in the annex of the First Methodist Church. Devotional exercises were conducted and a peace story read. After a half hour spent with handiwork refreshments were served to Peter and Al Brock, Jean Sutherland, H. D. Middleton, Jr., Billy and Virginia Chapman, Joyce Steele, and Mrs. W. P. Chapman.

Children's Colds Should Have This Safe Treatment

There's nothing like a child's cold to upset a young mother. And mothers of two generations, anxious to help and calm, have depended on Vicks VapoRub. It is effective—external—and safe. It avoids the risks of constant "dosing," so often upsetting to children's delicate digestions. Just rubbed on throat and chest at bedtime, VapoRub sets the lungs at once:

1. By stimulation through the skin, like a poultice or plaster—
2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to inflamed air-passages.

Continuing through the night, this combined vapor-poultice action loosens phlegm—softens irritated membranes—eases difficult breathing—helps break congestion.

A Practical Guide for Mothers
Each year, more and more families are being helped to fewer colds and shorter colds by Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use by millions. Full details of the Vicks Plan in each package of Vicks VapoRub.

Over 55 Million Vicks Aids Used Yearly for Better Control of Colds

Basketball Season Gets Under Way In Section This Week

Schedule Calls For 21 Games With 10 At Home; B Squad To Play 15 Games

By HENRY SLAUGHTER
Coach McLucas announced the basketball schedule for the Seminole High School last night. The schedule consists of 21 games with 10 of them on the local court. The coach also announced that the "B" squad would play 15 games. The "B" squad will play only one game where the first team is not playing. This will be a game with Benson Springs.

The first game will be played in Ocala this week. The date has not been decided, but it will be either Thursday or Friday. The boys may be a little nervous in their first game, but they promise to give the Wildcats a good fight.

The first home game will be played at the local high school gym on Jan. 15 or 16. This game will be the only one in Ocala where the only contests where the dates have not been definitely made.

The Ocala Feds meet the strong Yellow Jacket team from Leesburg on Jan. 17 and the Daytona Beach team the next night to end a week-end of basketball for the local fans. All three of these games will be packed with action and a good brand of play will be shown by all teams.

Coach McLucas also announced that season tickets are on sale and that all local fans to get seats. The tickets will be sold for \$2.00 and they entitle holders to all 10 of the games to be played on the local court. The admission price at the gate will be 25 cents.

The players still out for practice are: Forwards: Earl Whitton, Charles Robinson, Billy Keahry, Roy Wright, Britt Rayburn, Arthur Williams, Jimmie Page, and Buster Ferguson. Guards: Lester Phillips, John Morgan, Darrell Ferguson, Robert Howell, Brailley Odham, Robert Steele, and Jim Stapler. Centers: Jack Purdon, Roland Merchant, Robert Quantock, and Sam Walt.

The schedule is as follows:
January
8 or 10, Ocala in Ocala.
14, Hustia in Hustia.
15 or 17, Tavares in Sanford.
17, Leesburg in Sanford.
18, Daytona in Sanford.
22, Stetson Freshmen in DeLand.
23, DeLand in DeLand.
24, Landon in Sanford.
26, Groveland in Groveland.
28, Orlando in Sanford.
29, Conference Tournament.
February
1, Conference Tournament.
6, Leesburg in Leesburg.
7, Tavares in Tavares.
12, Hustia in Sanford.
14, Stetson Freshmen of DeLand in Sanford.
18, Groveland in Sanford.
19, DeLand in Sanford.
21, Landon in Jacksonville.
23, St. Augustine in St. Augustine.

March
1, District Tournament.
2, District Tournament.

3,000 Fans Shout Until Hoarse At Greyhound Track

Sensational Events Kept Interest At Pitch Last Night

Greyhound racing was a popular sport which attracted a large number of spectators to the track last night. The races were held at the Greyhound track in Ocala, Florida. The races were held at the Greyhound track in Ocala, Florida. The races were held at the Greyhound track in Ocala, Florida.

In probably the closest finish of the meeting My Lassie, daughter of one of the world's greatest greyhounds, won by a nose in the quarter mile seventh race. It was her first victory.

Miss Haig's rally made the 10th and final race of the evening a sensation which climaxed the entire show. She nosed out Untamed and Silver Babe after a race in which she had led from the start.

Official results Monday night:
1st Race, Quarter Mile
Black Orchid 1:00 1:30 2:00
Tommy Boy 1:00 1:30 2:00
Mad Day 1:00 1:30 2:00

Peppy Bout Won By Sanford Boys From DeLand

Sanford boys' basketball team won their bout against DeLand in DeLand last night.

Sanford boys' basketball team won their bout against DeLand in DeLand last night. Sanford defeated DeLand by a technical knockout, and Theodore Klierer of Sanford won over Woodrow Hawtbur of DeLand in like manner, while John F. Hall of Sanford won the decision over J. B. Moody of DeLand. There was a fourth bout between Sanford and DeLand youngsters, but it had to be a draw. That was between Pete Tills of Sanford and C. J. Higgins of DeLand.

Closed cars represent 88.5 percent of all the passenger automobiles produced in the United States and Canada.

VISUAL NEWS of the WORLD in PICTURES

WHY YOUR TELEPHONE CALL WASN'T ANSWERED

Take a good look at this picture, made near Jonesboro, Ga., and you'll understand why you weren't able to ring mother and dad or the best girl back home and wish them Happy New Year. Miles of telephone lines in the vicinity of Atlanta looked just like this after the worst winter storm in 20 years blanketed the countryside with ice. (Associated Press Photo)

WINTER VISITS THE WHITE HOUSE

King Winter etched this beautiful but chilly picture by laying a six-inch snow carpet on the White House grounds. The scene is at the rear of the building. (Associated Press Photo)

Bori to Retire

Lucrezia Bori (above), leading soprano for the Metropolitan Opera for a quarter of a century, said she intends to retire at the end of the current season. She is 48. "I wish to stop while people are saying 'the voice is better than ever,'" she declared. (Associated Press Photo)

ICE SKATING REVIVED IN DIXIE

Of course the old folks are always talking about the bitter winters long ago, but few of the younger generation in Atlanta, Ga., had ever seen weather fit for ice skating until the severe cold wave after Christmas froze the lake in Piedmont park. Sue Wilson of Mansfield, Ohio, came south to enjoy the far-famed Dixie sunshine. But here we find her just after a tumble while skating with Don Mees on the lake. It was frozen solidly from bank to bank—something that had not been seen in Atlanta in many a winter. (Associated Press Photo)

CLAUDETTE COLBERT 'A BRIDE

Without fanfare, Claudette Colbert, movie star, and Dr. Joel J. Freeman, prominent Hollywood physician, slipped away to Yuma, Ariz., and were married during the Christmas holidays. They are shown in front of the courthouse just after the ceremony with Judge Earl Freeman (right), noted "merrying" man before whom they made the vows. (Associated Press Photo)

WHO SAID LADIES SHOULD DIET?

Other women may eat lettuce leaves and get slim if they like—but Mrs. Elvith Pontino, circus fat lady, looks forward to a very happy New Year at Tampa, Fla., because she has regained 200 pounds' lost during an illness last year. Now that she's hoping the scales at 720 pounds, Ruth says she's in perfect health. (Associated Press Photo)

ONLY ONE BID FROM WHITE HOUSE

Alfred E. Smith, celebrating his 62nd birthday with this big cake at New York city, started political tongues wagging when he bluntly termed as false a purported White House spokesman's statement that he had been invited to the White House "at least once a year . . . but never saw fit to accept even one of these invitations." The former Democratic presidential candidate said he had been asked there only once since the Roosevelt inauguration. He declined an invitation to visit the White House when he addressed the American Liberty League in Washington. (Associated Press Photo)

ICE-LADEN TREES CRUSH HOMES

Here's one of the numerous houses damaged in Atlanta, Ga., when ice-coated trees broke and crashed down upon them during the worst winter storm the city had seen in a generation. Damage was estimated at \$2,000,000. (Associated Press Photo)

KEMPA SISTERS EYE OLYMPICS

Opinions Vary As To Future Of Pact Of Celery Growers

(Continued from page 1)

knocked out by the court, will be promptly passed.

John Meisch, Sr., W. M. Scott and W. A. Leffler, of Chase & Company, hold to the opposite view, the marketing agreements are outlawed under the recent court ruling. Mr. Leffler said that his company has always been in favor of voluntary agreements, and he is of the opinion that there is ample legislation under which such agreement could be formed. Mr. Meisch said that he believes the court order vacates the agreement, and Mr. Scott, expressing his own view, said he could not see the point in endeavoring to amend it in the formulation of a new pact.

The meeting in Lakeland tomorrow morning at 10 o'clock before the Supreme Court, held before the Supreme Court, held down its decision yesterday, and the meeting will be held as scheduled. Mr. Scott and Mr. Whichurs, both members of the committee, members of the old marketing agreement expired on Dec. 1. The business of the old committee will be wound up a

A Secret Service Man Traps A Jewel Thief

Every time the man in the suit and hat, a Secret Service man, traps a jewel thief, the public is reminded of the famous Myrna Loy picture and her role in the picture. Wednesday at the Miami Theatre with the popular Myrna Loy as an international jewel thief, and her new costar, Spencer Tracy, playing the part of a Secret Service man who captures her into a confession and a romance in the bargain.

No Fan Dance For CCC Boys, WPA Promise To Taxpayers

WASHINGTON, Jan. 2. Harry I. Hopkins' Works Progress Administration wants all taxpayers to get this straight—none of their hard-earned \$1,000,000,000 work relief money is going to aid needy fan dancers.

The case in question popped up in Minneapolis in the person of Miss Ruby Egan, a smooth, blonde brunette who had been supplying the "hot club" for a night club floor show there.

The police found it all up in the story goes, with a raid. The sergeant said Miss Egan had been doing her work "without a ticket" and that she had been making a good job of it, but that she had been making a bad job of it. He said the WPA would then look into how Mr. Hopkins was spending money of the tax payers' money, and would see who needed it.

Miss Egan, the story goes, got on the government payroll. She was a girl of 25, and her fans are out in the civilian conservation of the nation, and she is a girl who is a girl.

apply to the WPA for a job, but she wasn't eligible. You have to be on relief rolls to work under the program, and she hadn't been receiving any federal dole."

Civilian Conservation Corps headquarters didn't want any part of the story. One official was emphatic in saying: "It's none of our business. If there's a fan dancer working for the government she's on the WPA and not the CCC payroll."

"We do have some entertainers in our camps, but they're all furnished by WPA from the ranks of needy actors. Most of the days they do are from Shakespeare. It's probably true—but don't use my name—that the boys would welcome a fan dancer as a change."

Hidden in Velveta's richly mild Cheddar Cheese flavor are health-protective elements of many foods. It's wonderful for children. Serve Kraft Velveta—in sandwiches, in cooked dishes—often!

Looking Ahead

Planning for the future is an essential of the telephone business if the service is to be adequate, for a telephone system cannot be built overnight.

Commercial engineers must study each area today, predict what its increase or decline in population will be several years in the future, and then estimate accurately how much telephone plant will be needed to serve the community.

Southern Bell and the other Bell operating companies also forecast their needs for apparatus and supplies quarterly during the year. This enables the Western Electric Company to buy raw materials and schedule its manufactures evenly over the year.

In the Bell Laboratories, scientists are constantly developing new, faster, more economical telephone apparatus.

This looking ahead is one of the factors which have caused Bell System telephone service to become acknowledged as the world's best.

You, too, should look ahead. In your business, it may be that improved conditions indicate the need for an additional telephone line. In your home, you may do without a telephone for a while—but when an emergency arises, the telephone has to be there before you can use it. Have your telephone put in now.

For information about modern, low-cost telephone service, call the telephone Business Office.

ginning about Jan. 10, it was announced today by R. E. Winfrey of the Market News Service, to whom application should be made by those wishing to receive the bulletins. The service is given by the Market News Service of the U. S. Department of Agriculture, in co-operation with the Florida

City News Briefs

the Lakeland meeting, and all its affairs will be closed out.

The meeting in Lakeland will be held in the Yeholka Hall at 10 o'clock, and the following delegates and alternates from Sanford expect to attend: John Meisch, Sr., R. H. Chapman, Walter Mosinger, P. N. Whitman, J. C. Harrison, H. F. Edmond and Roy Stone.

Celery growers were several weeks ago asked to sign a new marketing agreement, but not enough signatures were obtained to put it into effect.

Citrus Pact Out WINTER HAVES, Jan. 2 (AP)—Plans for a federal marketing agreement for the Florida citrus industry were well under way, it was learned last night, when the Supreme Court decision invalidating the Agricultural Adjustment Act was handed down.

The Senator S. L. Holland of Bartow, a leader in effecting the basis of new dispatches outlining the decision, the lack, as if the industry will have to rely on voluntary action.

At Auburndale, Chairman L. P. Kirkland of the Florida Citrus commission said the group was to have discussed a proposed agreement at its next meeting Jan. 9.

The commission recently agreed to a proposal of Governor Shultz to act as a control committee should a marketing plan be put into effect.

Rilling's Permanent Waves

Your Comfort

Millions of women have suffered from "pulls" almost to the point of torture, while getting a permanent. Despite all the care a skilled operator could give, imperfect equipment, at times, made the procedure of getting a permanent wave tiring and extremely uncomfortable. The permanent used in Rilling's Permanent Waves is designed that it cannot and does not hurt under any circumstances.

Bonus Bill To Reach Vote In House Friday

Right Of Way Given Measure Backed By 'Big Three' Among Veterans' Groups

Not Known If Bill Will Be Approved

One Billion Dollars Additional Needed For Cash Payment

WASHINGTON, Jan. 8.—(AP)—House consideration tomorrow with a vote probable on Friday was assured each bonus legislation today. The rules committee gave right of way on the floor to a bill backed by the big three veterans' organizations—the American Legion, Veterans of Foreign Wars and Disabled American Veterans. It will be called up tomorrow and allow four hours general debate. The rule was granted shortly after the Ways and Means Committee urged cash payment as an essential part of the recovery program. The committee said additional money immediately is necessary for payment would be about one billion dollars. Asked if the bill approved by committee was Administration approved, Chairman Doughton, North Carolina, Democrat, of the revenue committee, said "not to my knowledge, I wish it were." The bill would authorize im-

Honored By Democrats Tonight

Andrew Jackson, founder, and Franklin D. Roosevelt, standard bearer, of the Democratic party who will be honored tonight when Jackson Day dinners will be held in cities large and small throughout the land. This date is the one hundred and twentieth anniversary of the Battle of New Orleans when Jackson defeated the British in the naval war of 1812-14. The engagement was fought after the treaty of peace was signed.

Large Attendance Expected At Jackson Dinner Tonight

With "last minute" reservations made during the day, a large attendance at the Jackson Day dinner in the Mayfair Hotel this evening is expected by officers of the Young Democrats Club of Seminole County which is sponsoring the affair. The hour for the dinner is 8 o'clock. Tickets sell for \$1.50 each. The dinner is not simply for the young Democrats, but men and women of any age and any party affiliation will be welcome.

The address by President Roosevelt which is expected to be the opening gun of the 1936 presidential campaign will be heard over a public address system that has been installed in the banquet hall of the big tourist hotel. Before the President speaks an address will be delivered by Raymer Maguire, Orlando attorney.

An orchestra will play during the banquet and Miss Kathleen Garceau, of St. Louis, guest of Miss Mary Fennell, will sing. Among those who will be present at the banquet are Senator and Mrs. J. J. Parrish of Titusville. Mr. Parrish wired Alex Sharon, in charge of ticket sales, to reserve places. It is expected that a number of other out-of-town guests will attend. Mr. Sharon said today that persons who have not obtained tickets can do so at the Mayfair Hotel this evening.

Canning Kitchen In City Now Operating

The canning kitchen in Sanford began operations this morning, and those in Oviedo and Geneva will open later in the week. They are being conducted by the educational department of the WPA in co-operation with the home demonstration department under the direction of Miss Josephine Boydston.

Mrs. Leona Howard has been appointed as County supervisor in charge of this work, and Mrs. Faye Keatts of Oviedo will have charge of the Oviedo and Geneva canning kitchens. Mrs. Ruth Weaver of Paola and Miss Sara Mays of Sanford have charge of the Sanford kitchen.

These canning kitchens are being operated for the benefit of those who desire to can fruits, vegetables and meats, and free instruction is being furnished by the WPA teachers who are co-operating directly with Miss Boydston, carrying on the canning in this county along the lines set up by the Home Demonstration Department. These plants will be operated on a part-time basis at present, and appointments must be made through Miss Boydston's office of those who desire to do canning. If there is a sufficient demand, the canning stations will be operated daily.

Admiral Hepburn Is In Command Of Navy

WASHINGTON, Jan. 8.—(AP)—Vice Admiral Arthur J. Hepburn, now commander of the Navy sailing force, today was appointed commander-in-chief of the United States fleet in a general shift of the Navy high command.

Bill To Repay Local Growers To Be Pushed

Congressmen Wilcox And Peterson Are Working For Act, Papworth Advised

Congressman J. Mark Wilcox, of the Fourth Florida district, and J. Hardin Peterson, of the First Florida District, write H. M. Papworth they will do everything they can to push through the bill now in Congress to reimburse growers in this section for fruit groves and vegetable fields destroyed by federal authority in the fight to eradicate the Mediterranean Fruit Fly several years ago.

Congressman Wilcox writes Mr. Papworth, in reply to the former's letter of Dec. 28, that "in conjunction with Congressman Peterson it will be my purpose to press for enactment at this session of Congress the bill which was introduced at the last session providing for a survey as a preliminary to the payment of losses sustained by Florida farmers and fruit growers in the Mediterranean Fruit Fly eradication campaign."

Congressman Peterson is not optimistic of success during the present session of Congress, but writes that "we have made considerable headway and will keep on fighting." His letter to Mr. Papworth follows:

"Your letter inquiring about the present status of the Mediterranean Fly reimbursement bill received. We now have this bill out of committee with a unanimous report. It was on the consent calendar, but was objected to by three Republican members, so will have to come up under special rule or in regular order. We are endeavoring to get a special rule on the bill. A poll of the House indicates that a majority of the House indicates favor of the bill, but we do not have the two-thirds necessary for a suspension of the rule.

"We have made considerable headway on it, and will keep on fighting. I don't want the growers to get discouraged because these special bills are slow and are hard to get through. You probably read recently the fact that the Minnesota fire claims were just passed after a number of years of hard fighting. We will keep up the fight and are making progress all the time. It is doubtful whether the bill will be passed this session, as it is a real short session and it will probably be drawn from a long session."

Business Census For So. Florida Ordered

MIAMI, Jan. 8.—(AP)—A Federal Department of Commerce business census will get under way in South Florida within two weeks, it was announced here by H. R. Green, of Washington, area supervisor for Florida.

H. M. Papworth Pens Caustic Reply To Editor Of Local Weekly Newspaper

Denying various statements made in the last issue of the local weekly newspaper, called an "ambiguous publication," H. M. Papworth as president of the Seminole County Chamber of Commerce, in a letter addressed to D. C. Hodgkin, publisher of the Seminole County Sentinel, calls on the editor to "show your banner of Democracy and service rendered before you institute against such Democrats as myself in Seminole County." Mr. Papworth's letter, addressed to Mr. Hodgkin, under date of Jan. 7, follows:

"January 7, 1936.
"Mr. D. C. Hodgkin,
"Publisher The Seminole County Sentinel
"Sanford, Florida.
"My dear Sir—
"I don't know what object you have in striving to unpleasantness in Seminole County by the article you published in your issue of January 5, but I do know that it is not going to do the Democratic Party any good and why you connect me with the actions of Mr. Schmal, Mr. Anderson and Mr. Welch is quite beyond my comprehension. I do not know what these gentlemen have been guilty of in your estimation. Personally, I have not seen Mr. Schmal since the early part of last Spring; my acquaintance with Mr. Anderson is very slight and, certainly, I have had no connection with him on any political subject; and whenever John Welch and I meet it is merely for the purpose of discussing State Market matters, Chamber of Commerce or affairs concerning the advancement of Seminole County. If your ambiguous publication applies to Seminole County's action in connection with the cross state canal, all I can state is that what I have done has been directly personal. I have no connection whatsoever with any organization that is working to prevent the completion of the canal in question.
"I note you are very enthusiastic about the construction of the cross state canal and refer to the last wonderful report made by the federal engineers published in Florida under date of December 20, which goes on in

Seminole Fair Is To Be Held Jan. 21 To 25

Commissioners Waive License Fee For Carnival Show At County Exhibition

Seminole County is going to have a fair again this year. This was decided last night when the City Commission voted, over the protest of Commissioner W. A. Laffer, to waive license fees for a carnival company which will be a main entertainment feature of the fair.

The exposition dates are Jan. 21 to Jan. 25, and the fair grounds will be the vacant ground near the lake front between Sanford and Park Avenues, with several of five rooms in the adjacent Arcade Building where some displays will be made. Celery, fruits and vegetables, canned goods, cured meats, fancy work, etc., will be included in the exhibits. There will also be a dog and cat show and plans are being made for an extensive auto show in connection with the fair.

S. D. Highleyman has been engaged as manager of the fair. The petition for waiving the license fee for the carnival company which is to be an adjunct of the exposition was presented by a number of women of the County who called on the City Commission, with Mrs. A. M. Phillips as spokesman. Others at the meeting were Mrs. W. I. Cooper, president of the Woman's Club of San-

CITY NEWS BRIEFS

High tides tomorrow will be at 3:09 A. M. and 2:28 P. M., and low tides will be at 8:39 A. M. and 9:02 P. M.

J. C. Hutchison left yesterday for Baltimore to attend a meeting of the National Association of Commission Merchants. He expects to return the end of the week.

Real summer weather is again being experienced, the government thermometer yesterday registering a minimum of 84 degrees and a maximum of 90 degrees.

The 40-foot-long Delaware Street to the east line of the Astor farm near the Wekiva River was ordered closed by the County Commissioners yesterday, and at the same time the board accepted a continuation of Ohio Avenue to Delaware Street as a public road.

County Commissioners yesterday awarded to Forrest Gatchel the contract for furnishing supplies to the County Home, and to C. W. Zaring & Co. the contract for furnishing supplies to the County Camp. The Gatchel and Zaring bids were low.

Neon lights are to outline the entire roof of the Valdez Hotel. Contract for erecting the unusually long footage of Neon tubing was let yesterday by the hotel management to the Claude Neon Corporation at a price of more than \$500. The installation is expected to be made within the next two weeks.

Weather forecast: Partly cloudy with occasional showers in extreme north portion tonight and in north and west central portions Thursday; somewhat colder in extreme northwest portion Thursday. Extreme northwest Florida, cloudy, probably occasional rain tonight and Thursday, cooler in west portion tonight.

Alden H. Hadley, authority on

8:00 P. M.: Medical Detachment, F. M. G. Army.
TOMORROW
8:00 P. M.: Exhibits Committee, Chamber of Commerce.
8:00 P. M.: Woodmen of the World, Woodmen Hall.

Re-Elected Mayor

Mayor T. L. Dumas was last night re-elected by the City Commission to his fourth term as the chief executive of Sanford. The mayor has been on the Commission for five years.

Dumas Re-Elected Mayor Of Sanford For Fourth Term

Unanimous Ballot Is Cast; Lehman And Speer Leave Board

Mayor T. L. Dumas was last night re-elected by the new City Commission as mayor of Sanford for his fourth term. His name was placed in nomination by Commissioner W. A. Laffer, seconded by Commissioner S. D. Highleyman, and they with Commissioner P. N. Whitehurst and Commissioner W. R. Dupree voted for his election, making it unanimous. Cheering by those in the audience was led by former Commissioners H. J. Lehman and V. A. Speer who had a few minutes before returned as members of the municipality's legislative body.

Upon his election, Mayor Dumas said he appreciated the honor, "though I am not ungrateful of the fact that no one else wants it," he said. "I remember that I told you upon my election a year ago that the office requires a man with a weak mind and strong neck, and I presume I still retain those qualifications." The mayor said he wished to express his appreciation to the Commissioners and other City officials for the co-operation they have always given and "if I

Flynt Announces For Office Of Constable

Jack Flynt, native of Seminole County, today announced his candidacy for the office of constable for the Fourth District which comprises the communities of Sanford, Lake Monroe, Paola, Lake Mary, Longwood, and Altamonte Springs and as far east as Wagner.

Mr. Flynt was born in Geneva and graduated from the Seminole High School in 1925.

New Deal Leaders Speed Search For New Farm Program

\$10,310 In State Funds Coming To Seminole Schools

TALLAHASSEE, Jan. 8.—(AP)—Seminole County's share of the State's school allocation as \$750,000 was figured today as being \$10,310.77. The money comes from the sale of automobile license plates.

Roosevelt And Wallace At Luncheon Discuss Decision Against The AAA

Five Point Plan Will Be Drafted

Wallace Thinks That Some Way Out Will Yet Be Discovered

WASHINGTON, Jan. 8.—(AP)—New Deal leaders speeded efforts today to find a new farm program. President Roosevelt and Secretary Wallace met at lunch to discuss what to do about the Supreme Court destruction of the AAA. The House agricultural committee was summoned and the President directed the drafting of five tentative plans for its consideration.

One, domestic allotment plan. Two, export debenture proposal. Three, appropriations in various states on condition such states establish an adjustment program similar to the AAA. Fourth, appropriation for land leasing program. Fifth, conditional appropriations to individual farmers who comply with conditions.

"We feel that ways can be found under the limits set out in the decision to fashion a farm program that will at least in a measure offset the disadvantages which farmers have under the national tariff system." Meanwhile, AAA officials, working on a formal memorandum regarding milk licenses and marketing agreements, indicated they believed these provisions of the AAA are still valid. It was said privately they believed the decision will have no effect on locally administered agreements and licenses. Among marketing agreements in force or sought are those covering celery and citrus growing industries.

G-Men Convicted 40 Kidnapers In Last Fiscal Year

38 Million Dollars Saved Or Recovered By Federal Agents

WASHINGTON, Jan. 8.—(AP)—The Bureau of Investigation report to Congress today showed that G-men under J. Edgar Hoover caused the conviction of 40 kidnapers during the last fiscal year. Savings and recoveries in cases handled by G-men totaled over \$38,000,000, and ransom money returned to owners amounted to \$15,000. The bureau obtained 3,717 convictions. The bureau also reported PWA savings of \$44,450,000 which otherwise would have been lost by frauds and irregularities.

WPA Projects In Florida Must Be Completed June 30

JACKSONVILLE, Jan. 8.—(AP)—Florida Works Progress Administration headquarters here said today all district offices have been instructed to make their plans for winding up the program by June 30. The order stands, they said, despite the national Administration's announced intention of prolonging the work relief program beyond that date and the belief here and in Washington that the program would be extended.

Outstanding AAA Checks Are Good, Says Washington

WASHINGTON, Jan. 8.—(AP)—The Treasury last night advised commercial banks of the Nation that all AAA checks outstanding are good and may be cashed. Treasury officials said there was no intention of trying to repudiate any outstanding AAA checks. The information was conveyed to commercial banks through the 12 regional Federal Reserve Banks.

Powers Plan For Fleet Maneuvers In Mediterranean

(By The Associated Press)
Orders for new and impressive British and French naval movements in and near the Mediterranean, coincided today with confirmed Ethiopian claims of a northern battle victory. As French authorities disclosed that 92 warships of the First and Second squadrons will take the Mediterranean cruise, British recalled four ships from those waters and announced four even bigger ones-of-war would leave on a premature spring cruise along with the destroyer fleet.

Heavy Rains Add To Rejoicing In North Ethiopia

ADDIS ABABA, Jan. 8.—(AP)—Continued heavy rains in northern Ethiopia added to the rejoicing of the subjects of King Haile Selassie as they celebrated their Christmas yesterday. They are confident that the rains, bogging up the soil, will compel the Fascist invaders to fall back from their advanced positions about Mahala.

The day is known as "Ganna" by the Coptic Christians. An imperial service was held in the little church of St. Gabriel's in the lower palace compound.

Crown Prince Asfa Wohan reported his feathered Emperor Haile Selassie at the service—which lasted for five hours. The emperor attended services at his field headquarters at Deayse.

Ethiopia's foreign "brain trust" was strengthened today by the addition of another American, John H. Spencer, 30, formerly of Oranville, Iowa.

Spencer, a specialist in international law, arrived last night. He will be an assistant political advisor to the government. Eyadema Andrews Colson, an American, is the emperor's financial advisor.

Two European advisors, Gen. Sir George Gifford and Jacques Anquetin, recently departed, leaving Colson's task even more arduous.

Spencer, who has spent the past three years in Europe, was recommended for the post by Prof. Benjamin Pictor, American who was an Ethiopian representative on a commission which sought to conciliate the dispute between Italy and Ethiopia before the war broke out.

Need \$75 For Tile At New Experiment Station In Sanford

County Agent C. E. Dawson announced today for \$75 worth of tile for the new experiment station being built on the site of the old one. The appropriation was made out of the \$100,000 fund set up for the purpose of buying all the tile needed for the county agent station. The fund was established by the State to provide sufficient funds to build the new station. The tile work at the station has been completed and the station is now open for business.
