

HAGUE PARLEY FINALLY SAVED FROM FAILURE

Economic Stability of Europe Is Virtually Guaranteed By Accord Just Reached

THE HAGUE, Aug. 28.—(INS)—With the European powers brought into harmony on the perplexing question of post-war finances by a dramatic eleventh hour agreement, the economic stability of this continent was virtually guaranteed today.

On the verge of a complete collapse with years of targeted international finances threatening as the result of a breakdown, the Hague conference on reparations and the liquidation of post-war problems was snatched from the brink of failure after trying eight long sessions which ended in tentative arrangements at 1:55 this evening.

On the first anniversary of the signing of the peace pact for the ending of war, an instrument of national policy, the six great powers came to a tentative agreement on the question of reparations payments which now appears to guarantee that the Young plan will swing automatically into operation as successful in the Dares plan and that the financial world will be evacuated by the Allied troops which have required there since the end of the World War.

Through the conference, which had sapped the strength of all the delegates took its toll before the agreement was reached. It took five days, the German delegation here, collapsed in the conference room following a long impassioned appeal in the assembled plenipotentiaries to save the meeting from failure.

Driving ahead with relentless force in full realization that their own welfare depended upon agreement of the six powers—Great Britain, France, Italy, Belgium, Japan and Germany—reached a compromise that, unless minor complications develop will result in achievement of the settlement for which the conference was assembled.

The accord covers both the acceptance of the Young reparations plan with its debate structure impaired, and the immediate agreement on the financial aid by the allied armies.

To reach the settlement, France, Italy and Belgium and Japan have pledged themselves to the five-sixths of the way toward meeting the demand of Great Britain for \$12,000,000,000 annually in reparations over a period of 25 years. The compromise means that Britain will receive \$10,000,000,000 each year in the form of reparations payments.

Under the terms of the agreement, Germany agrees not to press her claim for 100,000,000 marks over and above the Young plan, capitalized at 7 and one half percent, and added to the other allied nations to Britain, this brings the total of commitments to England to more than 75 percent of her original demands.

Reserve Board's Analysis Shows Business Condition Is Excellent Over Country

TANKER REPORTS BLAZE IS RAGING IN ENGINE ROOM

Message Says She Is In No Great Danger From Oil Explosion

NEW YORK, Aug. 28 (INS)—The fire reported by an S O S from the tanker Paulboro, 220 miles northwest of Tutuaga, is confined to the tanker's life room. Word that the tanker laden with crude oil was not in great danger was received at the office of the Vacuum Oil Company, the vessel's owner, today in a radio message from the freighter Iacon Hill.

In his first message the master of the Iacon Hill reported that the fire in the engine room had been extinguished. The tanker's engine and that it would be repaired and that it would be ready to sail in 24 hours. Four had been held for the safety of the tanker and its crew, normally 20 men, since its radio help was picked up by the Radio Marine Corporation. A message following the S O S report that the tanker was under way, the Paulboro's radio was again in contact with the Iacon Hill.

The Paulboro left Houston, Tex., for New York on Aug. 15. The location of the Paulboro given in her S O S was about 300 miles west of Tampa.

The Iacon Hill's radio to the Vacuum Oil Company gave no indication that the tanker was in any danger. Three messages from the distressed ship were intercepted by the radio station in West Palm Beach. Two of the messages were S O S calls and the third a general communication.

Efforts to get in touch with the vessel after the third message failed and it was believed its radio apparatus had been damaged.

It was while the station was endeavoring to establish contact with the Paulboro that the message from the Iacon Hill was received.

Monk Transferred Back To Texas To Resume Fly Work

J. W. Monk, who has been head of the mostly operations in Seminole county for the past several months, has been relieved of his duties in order that he may return to Texas to resume a campaign against the Mexican fly.

PANIC SPREADS AS ARABS RISE AGAINST RULE

Bloodthirsty Druse Tribesmen Massing To Make Attack On Region Of Palestine

JERUSALEM, Aug. 28.—(INS)—Panic gripped Palestine today as reports spread throughout the Holy Land that a large force of Bedouins, massing in the region of Hebron, were massing throughout the Beer-sheva region for a night raid.

Although the situation in Jerusalem is not as serious as reports spread throughout the Holy Land, the Bedouins are still massing in the region of Hebron, and the Druse are still massing in the region of Beer-sheva.

Citrus Men Asked To Keep Properties Clean Of Windfalls

Citrus growers should now give attention to keeping their groves clean of all drops or windfalls, according to word given today by J. W. Black, head of the Florida Citrus Commission.

It is pointed out that such drops and windfalls are a source of food for the pestiferous Mexican fly, and that the citrus men should be kept clean of all drops or windfalls, according to word given today by J. W. Black, head of the Florida Citrus Commission.

GIT STILL AT ALTA MONTE

A 30-gallon still was found yesterday at Altamonte Springs in the possession of a man who was charged with the possession of a still.

Chick Meehan To Launch His Training Campaign At N. Y. On September First

By Copeland C. Berg
International News Service
Staff Correspondent
NEW YORK, Aug. 27.—Coach Chick Meehan, unlucky mentor of New York University's football players, in recent years one of the outstanding eastern teams, will launch his 1929 campaign September 1.

Meehan, who has a penchant for winning the plaudits of the football world through the regular season, only to fall before some likely season performer in a post-season clash, will lead his 11 players in a three-week training session starting the first of next month at Farmington, L. I.

Games do not open at the university until September 23 and the early training course will give the Violet players a chance to get in condition for their opening game against Vermont on September 28.

Worried By Oregon
Last year Oregon was the dominating element in Meehan's plan and a glance at the Violet schedule for 1929 indicates another Oregon may be uncovered for the program. Games include teams likely to be among the outstanding in the country.

All ten centers of the Violet will be played in New York this season. The schedule includes contests on successive Saturdays against West Virginia Wesleyan, Fordham, Penn State, Butler, Georgetown, Georgia, Missouri, Wake Forest and Carnegie Tech.

The Georgetown and Carnegie Tech games will be especially pointed for and furnish highlights in the Violet schedule.

Last year the Bronx boys captured the eastern title following their defeat of the powerful Carnegie eleven but their place in the glowing was short-lived, for four days later the Oregon Eschmura came out of the west and handed the Violet a lesson.

The Carnegie Tech victory followed defeat of the Violet by Georgetown after Georgetown had won from the Pittsburgh eleven. Meehan's men are anxious to capture the Georgetown team this fall.

Meehan, former Syracuse coach, starts his 11th season with the Violet men's team of the 1928-29. Kenneth Strong, generally rated one of the outstanding players of last year, and Alfred Lassman, 1928 captain, Strong played in the backfield and Lassman at tackle. Harman, end; Bostrom, center; and Lester, tackle; Tompkins and Hill, backfield men, are also missing.

Another Handicap
A further handicap to Meehan will probably be encountered in the center, tackle and guard and end categories. Grant recently underwent an operation for appendicitis and it is doubtful if he will be able to play in many of the seasons games.

Meehan, who is a clincher for the condition of his men, has planned three weeks of intensive training at Farmington and he expects the early season workout to lay the ground for excellent physical condition of his players during the entire season.

Assisting Meehan at the Violet, whom this year will be Mont Stetson, former All-American player at Syracuse; John Wambacher, in charge of the Violet's training; Stafford Arthur, formerly of New Hampshire; and H. Roberts, freshman coach and assistant.

Last Night's Fights

By International News Service
At Baltimore—Walter Cobb, late of Kansas City, knocked out Johnny Grasso, New York, in second round.

At New York—Sammy Dorfman of the East Side won a foul from Angelo Piana of Coney Island after two minutes and 35 seconds of fighting in the second round (10).

At Newark—Young Terry, Trenton, was successful, gained decision over Myer Cohen, Holyoke, in 11 rounds.

At Trenton—Willie Davies, Charles, fought, won eight round decision over Luis Carpentieri, Toledo.

Alex Hare, Philadelphia, knocked out Dick Craggs, Syracuse, in third round (8).

At Pittsburgh—Dory Hertig, Chicago, fought, won 10 round decision over Gaston Charles, France.

At Philadelphia—Bobby Graham, Uta, fought, won 10 round decision over Vidal Grapson, Spain.

Joe Diaz, Havana, won decision over Harry Leonard, Chicago, after 10 rounds.

All Rex Franer, won from Ed de Deming, Philadelphia, by technical knockout in seventh round (10).

At New Castle—Phil Tobias, New York, fought, defeated Ernie Peters of Chicago, in 10 rounds.

At Holyoke—Dark Cloud Brady, fought, won by Atherton of Indianapolis in 10 rounds.

At Buffalo—Lou Seena, Buffalo, fought, heavily, outpointed Oak Till, Rochester, in 10 rounds.
Bobby Tracy defeated Frankie Mueller in 10 rounds.

Mail Box Thefts Aid Check Forgers

American Bankers' Association in Nationwide Warning Exposes Methods and Gives Rules to Combat Them.

NEW YORK—Active operations in many cities of mail box thieves, who open bank communications to customers, compelling details of their accounts and cancelled checks showing their banking signatures, and use this material in perpetrating check forgeries, have led the American Bankers' Association to issue a nation wide warning to its members with instructions for combating this form of crime.

The warning was sent out by James E. Nease in charge of the association's Protective Department says:

"Heavy losses are being sustained through cancelled vouchers and statements stolen from the mail boxes of bank depositors in apartment and office buildings, thus divulging the depositors' balances and supplying models for forged checks. As a step in put customers on guard against these methods, banks are urged to instruct every depositor to whom they mail statements of deposit accounts in the last business day of each month to notify them promptly if such statements are not received by the close of the next day.

"Also banks should educate depositors to safeguard blank checks and cancelled vouchers as they would money. Such paper stolen by forgers soon puts real money in

their hands. If all blank checks and cancelled vouchers were securely kept in safes instead of being carried in mail boxes, check forgers would be denied their chief stock in trade, namely, genuine blank checks and signatures. Warnings to depositors against leaving blank or cancelled checks accessible to sneak thieves or burglars should be sent out at once.

"Estimates broadcast by surety companies indicate that incidents, merchants, hotels and other outside of banking are shouldering more than 99 per cent of the total amount of forgery losses. The bulk of forgery loss on checks is sustained by those who are without reliable proof of identity or title of the presenter.

"Years ago the Protective Department of the American Bankers' Association adopted the slogan 'Strangers are not always crooks' but it is usually strange. If those outside of banking could be prevailed upon to observe this rule and think about it when considering accepting a check for merchandise or services, for which they are asked to give a cash advance in cash in change, a business would be denied the 'crooks.'

Government's New Refunding Issue Is Facing High Rates

WASHINGTON, Aug. 27.—(INS)—Beginning with Sept. 15 the government will be called upon within nine months to refund short-time high interest rate securities amounting to \$1,041,000,000 and indications today were that unless there is a decided change in the credit action secretary Mellon will not be able to reduce Uncle Sam's rate of interest.

For more than a year the rate on government securities, despite their good edge character, has been climbing steadily from a point slightly over 3 per cent to the highest since the post-war recession in 1924.

In September two issues of 4 1/4 and 4 3/4 per cent certificates amounting to \$1,024,000,000 will be replaced by other securities. While it would be impossible for a week or more to regularly produce the new issue, it did not seem likely today that it could be under the control of the securities to be retired and it possibly might go as high as 5 per cent, unless the points to some extent, on the type of bond issued.

Yesterday was a day of rest in the American League, no games being scheduled. The Yankees, however, stepped off in Columbus to win their fourth 14 to 7, in an exhibition affair. Rich collected two homers and Gehrig one during one each.

Apparently dissatisfied with their 13 game lead, Chicago, after trailing seven innings, lost a vicious attack in the eighth to whip the Reds, 6 to 5, and extend their lead over the Jolly Pirates to 13 and one half games. Rogers Hornsby and McMillan hit homers during the affair.

In the only other national league game the Phillies, second five runs in the last two frames to down the Cards, 7 to 6. Pinch hitter Dix's home run with two on base won the tie show in the Phils' late rally.

Pittsburgh chose to spend the day playing Bridgeport of the Eastern League and was defeated 8 to 6.

ATHLETICS MEET YANKEES TODAY IN SHORT SERIES

No Interest Is Shown In Series Because Of Macks Big Lead

NEW YORK, N. Y., Aug. 27.—(INS)—With no whit less excitement than usually attends a called meeting of the Thursday Knitting Club, the Yankees and Athletics met here today in the first of an abbreviated two-game series.

With the Mackmen 13 games out in front and both clubs apparently in the midst of a deep slumber, what was to have been another of those tactical affairs is just another piece of ball games.

Both clubs have just completed disastrous tours of the West with the Athletics reaching their lowest state of the year and the Yankees slipping to a lower level than has been their lot in several years. Had the Hugmen played the type of baseball they were showing when the jabs began, the American would have seen a fighting finish in piece of a walk-off by the Yankees for the remainder of the year will no doubt center in Manager Huggins' attempts to shape the team up for the 1930 make a realtable home run showing.

Yesterday was a day of rest in the American League, no games being scheduled. The Yankees, however, stepped off in Columbus to win their fourth 14 to 7, in an exhibition affair. Rich collected two homers and Gehrig one during one each.

Moslem's Attacks Resemble Ferocity Of Savage Indians

LONDON, Aug. 27.—(INS)—Attacks resembling in ferocity those of American Indians against settlements in the Colonial days marked the results of Moslem Arab against Jewish towns, hamlets and homes, according to descriptions received in messages from the Near East today.

"It is a common type of the savages," declared Saul Gordon, manager of the Anglo-Palestine bank at Tel-Aviv, just outside of Jerusalem, in describing to the correspondent of the London Daily Express the attack upon his home.

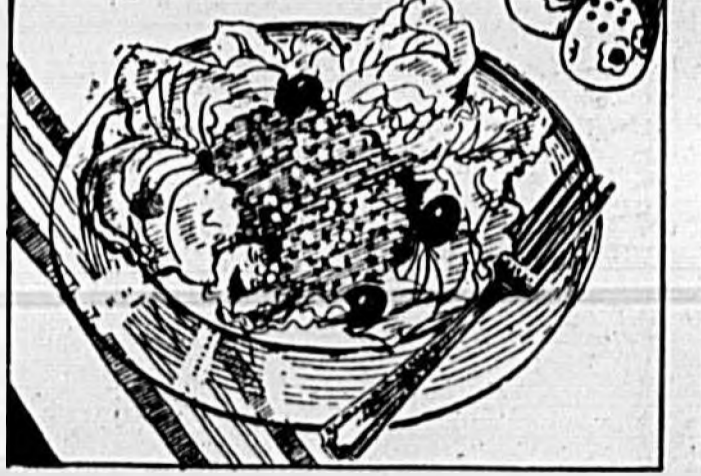

"The chief assaults were made after dark. As the darkness fell hordes of Arabs, throwing knives and other weapons ran towards the house. These noisy, black hordes were enough to alarm the bravest as they yanked their long knives.

"We had three rifles, but were short of ammunition. The Arabs kept firing upon us and some got in the house. Our position was almost hopeless."

Gordon's home was the main object of the Moslem's attack at Tel-Aviv. It was under fire for two days. Gordon and other men from the village maintained an armed camp while from 20 to 30 terrified women and children took refuge inside.

INCREASES STOCK
NEW HAVEN CONN. Aug. 27. Haven and Hartford Railroad today increased its common stock in payment of its common stock dividend by one dollar per share. Announcement was made here that directors of the railroad have declared a dividend of \$1.25 per share payable Oct. 1 to stockholders of record Sept. 6. The dividend at present is \$1 per share.

Peas Are Economical This Spring

DID you ever realize that the peas which you so calmly serve your family nowadays were once a rare food for royalty only? Tradition tells us that the pea was brought to Europe from the mysterious mountain regions of India. Peas have been found in Egyptian tombs as part of the grave gifts of the departed in their long journey.

Lower Price—Higher Quality
It has only been since the Civil War that peas were low enough in price for the average person to use them in any quantity—and this decrease in price, and increase in quantity, was due largely to the efforts of the canners to supply the best at the most economical price.

That peas are economical may be seen from a short study of the prices. Naturally, the price varies with quality. The large peas which are intended for soup-making are

less expensive than the wee, little peas whose function it is to make a salad pretty and tasty. For ordinary household use, unsplit peas, which are big and firm, just as they come from the pods, are good—much preferred by many people. Though peas for three liberal servings can be bought for ten cents in this grade.

Because peas contain protein in appreciable amounts it may become part of a meat substitute dish. For instance, a pea and walnut roast is delicious. To make it, mix one and one-half cups pea pulp, one cup soft bread crumbs, one-half cup chopped walnuts, one-fourth cup butter, two-thirds cup canned tomato soup, one beaten egg and salt, pepper and onion juice. Bake in a buttered baking dish in a moderate oven, 350 degrees F., for thirty to forty-five minutes. Serve with hot, canned tomato soup, unsplit.

'WEE WILLIE' IS BEHIND THE BARS AFTER BIG HUNT

Gun Terror And Criminal Extraordinary Is Finally Arrested

By PIERRE JOHN HUSS
International News Service Staff Correspondent

CHICAGO, Aug. 27.—"Wee Willie" Doady, Chicago gun terror and criminal extraordinaire who was the object of a manhunt that extended over the spring and summer months, has finally been put behind the bars.

His capture following on the heels of a "hot tip" put out of business an underworld character who had become the most wanted man—with both local authorities and federal men—since the days of Terrible Tommy O'Connor.

Police blitters here fairly shout his name. They accuse him with dozens of robberies, during holdups, the shootings of several policemen and one federal man, and the murders of at least three persons. Nevertheless, he humbly denies everything "except one little murder," the killing of Police Chief Charles Levy of Berwyn, for whose death he will soon go on trial.

BABY FACE KILLER
Meanwhile the baby face killer 27 years old, sits in his cell, and grins foolishly while he chews his knuckles. Slightly over 5 feet tall, pug-nosed, thick-lipped, and possessed of a pair of luscious eyes set in a plump round face, he stares in a sort of "stare" way at those who would accuse him of being bad.

"Aw, gimme a break, can't you?" he remonstrated with the detectives and reporters. "I ain't never had a chance."

This is how "Wee Willie" explains his crime career. He blames everything on bad company. Records show that he was arrested in the shadow of the tracks, in Chicago's northwest "jungle" and federal men carried the man in a "baggy." He put his "stare" as an automobile "stripper," the term for the badland youths who grab anything portable from parked automobiles.

After a varied crime apprenticeship, he graduated into a full-fledged stockp market and later embarked on a series of postal substitution robberies. His gun bucked frequently and he was clapped into iron occasionally, but never for lengthy stretches.

DAIRY ESCAPE
Last April, after a bank holdup, he escaped in a rain coat and a federal man surprised the man in his lair, and the hunt for the diminutive gunman became even more intense as new crimes were attributed to him. This time when his hideout was revealed, he fled to the police, over two dozen men with shotguns surrounded the place while others covered every possible exit. They gave him chance to lay hands on any of the three loaded automobiles in the room.

"Honest, it's a relief," he told his captives later.

"Well? But aren't you afraid of being sent to the hot seat?" somebody asked him.

"Aw—" said Willie and grinned.

The man, fated killer, of pallid skin and stunted appearance, became almost muck in the presence of others and answered questions with modest indifference.

"Parents living, Willie?"

"De ol' man is. De ol' woman count'd long see." He moved suddenly and rubbed his knuckles. "De ol' man lives out near Taylor and Ashland," he added. "He runs a rooming house. He's all right, de ol' man is."

Announcement was made today by the Plymouth Motor Corporation of the appointment of the Kent Motor Company, as exclusive Plymouth dealer for Sanford and surrounding territory. The Plymouth is a Chrysler product and the Kent Motor Company also handles the full line of Chrysler cars.

In speaking of the appointment of his company this morning, Mr. Kent said: "We are unloading a car of Plymouths, this morning and cordially invite the public to inspect the models in our showrooms. We will carry a full line of the popular Plymouth sedans, bibles and maintain a complete sales and service organization."

The Plymouth was formerly distributed in this territory by Miller O. Phillips, Inc., local Dodge dealer.

GP Says Rumors Of Trouble Unfounded

MEXICO CITY, Aug. 27.—(INS)—President P. Gil today declared that circulated rumors of impending trouble in Mexico were without foundation.

In the course of an extended discussion of internal questions the President declared the country was perfectly quiet, that rumors, forecasting uprisings and outbreaks during the presidential campaign owing to changes of ending and unrest among generals originated among persons who had nothing better to do or among former enemies of the government.

BOYS CONFESS ROBBERIES

SOUTH ORANGE, N. J., Aug. 27.—(INS)—Three boys, one of them the son of a prominent business man were under arrest today and according to police having confessed to a series of burglaries here and in which they obtained loot valued at approximately \$10,000.

MAN IS ROBBED

NEW YORK, Aug. 27.—(INS)—Even sun bathers on roof of tall buildings are no longer safe from interruption, holdup men and other undesirable visitors. Mrs. Ida Rosen, 370 Hnadale Avenue, Brooklyn, was getting the benefit of old Sol's rays on top of a building in which she lived, when two holdup men brought her Meltzer 28, in a nearby room, and held him of \$100 and tied him up with a rope.

AC Millions

of users say—

there are just two kinds of spark plugs—AC's and the other kind.

AC's are known as the better spark plugs because of their patented one-piece gas-tight construction and welded side electrode—35 times better electrical conductivity than the old "staking" method used in ordinary spark plugs. AC quality in design and construction insures easy starting, fast pickup, brilliant performance.

Here is the evidence: AC Spark Plugs are endorsed by the world's leading engineers and used as standard equipment on such cars as:

Buick	Kissel
Cadillac	La Salle
Chandler	Nash
Chrysler	Oakland
Dodge	Oldsmobile
Edsel Ford	Plymouth
Esses	Pontiac
Hudson	Viking
Yellow Cab	

But even the best spark plugs wear out. For increased power—and even for better gasoline mileage—change spark plugs every ten thousand miles. In a few minutes, any AC dealer will equip you with the right type of plug for your car.

FLINT, MICHIGAN

UNLOADED TODAY—A CARLOAD OF PLYMOUTHS

America's Lowest-Priced Full-Size Car

You are cordially invited to visit our showrooms and inspect these cars

KENT MOTOR COMPANY
Exclusive Plymouth Dealer

201 Commercial

CHRYSLER MOTORS PRODUCT

PLYMOUTH MOTOR CORPORATION

Announces the appointment of

KENT MOTOR CO.

201 COMMERCIAL AVE.—PHONE 17

as Plymouth Dealer

EXTREME care is exercised in choosing Plymouth dealers to make sure that each new organization is amply equipped in facilities and in personnel to render all present and future Plymouth owners the high quality of attention and service that the public expects of a representative of Chrysler Motors.

This new dealer in your community, like Plymouth dealers everywhere, is pledged to policies of business ethics in keeping with the character and excellence of the Plymouth car itself.

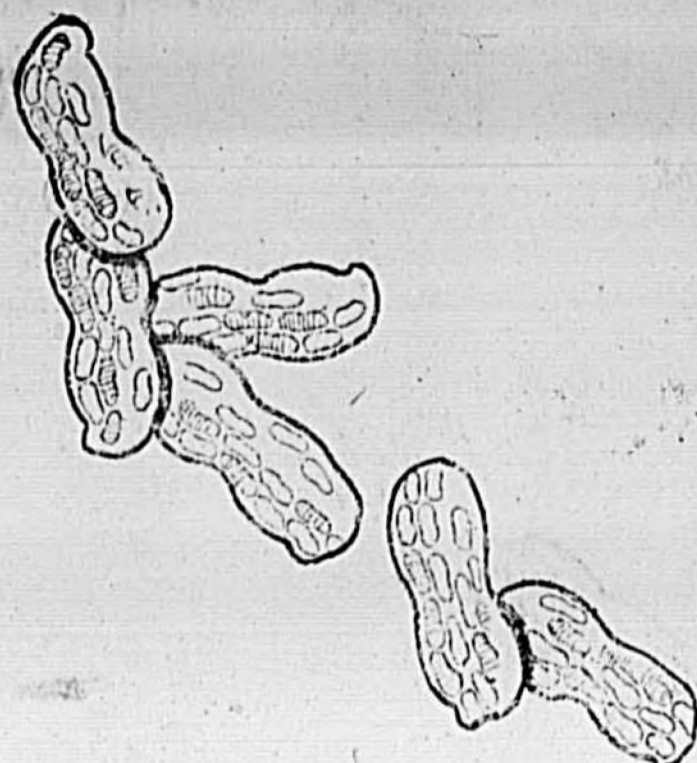

Today's Plymouth combines a fine quality appeal with its price appeal. Its full-size roominess and comfort—its ruggedness of construction—its extra power—its new engineering features—its remarkable pick-up—its marvelous smoothness—its typically Chrysler smartness—make it the real value investment of the low-priced field.

Visit the showroom of this new Plymouth dealer and examine the fine array of cars. Above all, take out a Plymouth and drive it yourself. You'll find the experience a revelation.

The Goober Goes to Work

A Million Dollar Crop for 1929

Florida had 41,000 acres planted to peanuts last year, producing 25,300,000 pounds valued at \$1,063,000.

This year the State Marketing Bureau has had reports of a highly productive crop from Northwest Florida and other parts of the State. A larger acreage is estimated and a crop valued at well over a million dollars is confidently predicted for 1929.

FEW PEOPLE realize the important role of the ordinary Southern goober in the agricultural program of the State of Florida—each year the peanut crop brings in over a million dollars in cold, hard cash. Peanuts rank among the first eight staple products grown from Florida soil.

To the popular mind, the peanut is important only as a confection, purchased at baseball games and band concerts, or served at bridge parties as a table delicacy. Foresighted manufacturers, however, have found that it can be used in a dozen edible forms. And now it goes to work as a valuable household necessity—a high grade cooking fat for kitchen use.

One manufacturer, owner of a hundred thousand acres of land in Florida, has already recognized the importance of this use and is growing peanuts with the purpose of pressing out the valuable oil and producing this new cooking preparation on a large scale.

Other uses include sandwich spreads, salad dressings and a delicious table oil which can be produced at low cost and is second only to olive oil in food value. Experiments are also underway now which point to the successful manufacture of cellulose products from the shells of the peanut.

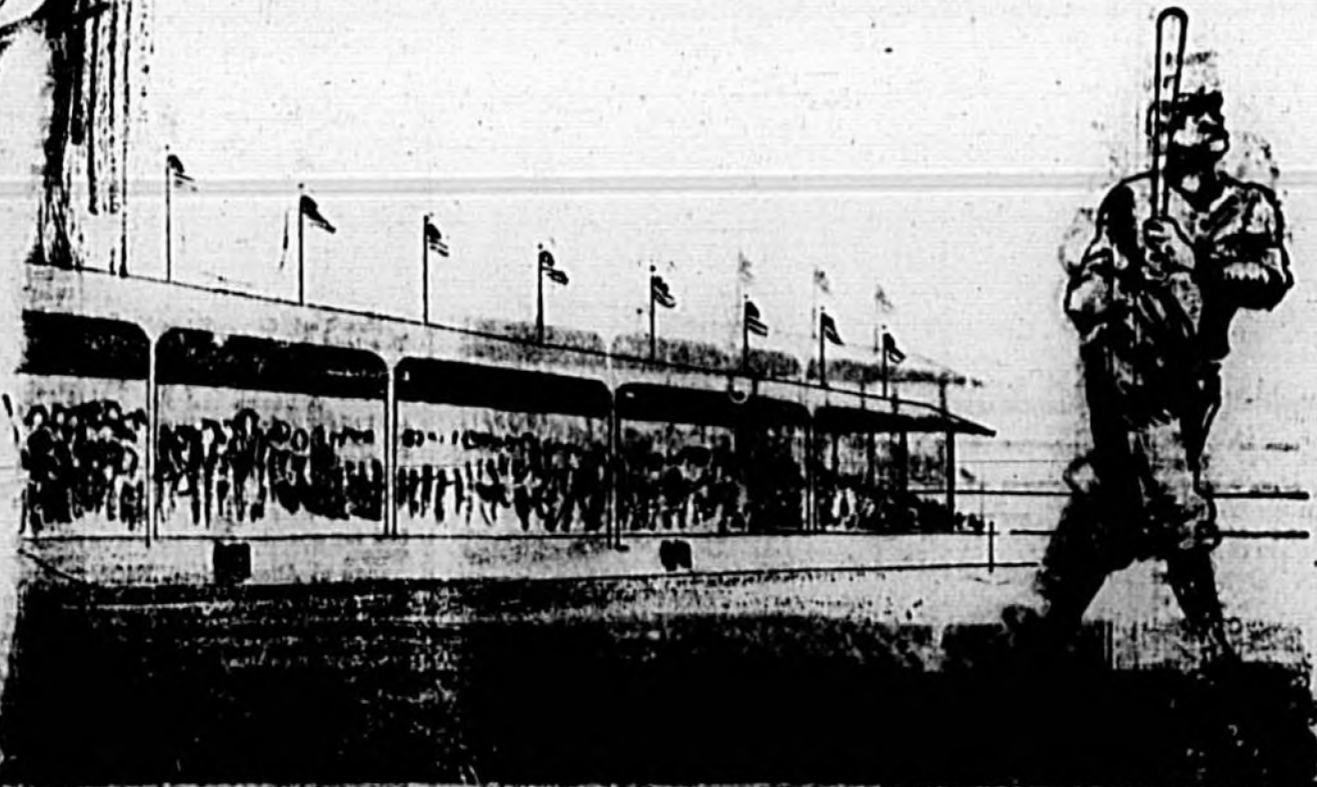

With Florida's fortunate combination of soil and climate, this great new industry will become increasingly important in the years to come.

The lowly goober, imbued with the spirit of Florida's agricultural destiny, is working for this state and paying its way at the rate of a million dollars yearly.
