NO. 213

MAYOR DAVID GATCHEL RECEIVES A CHECK for more than \$370,000 for Sanford's Capital Improvement Program. The check is being delivered by George D. Allen, Secretary-Treasurer of Leedy, Wheeler & Allen, Orlando investment brokers who were the fiscal agents for the City of Sanford. (Left to right) are: Allen, Mayor Gatchel, Robert Wagner, representative of Leedy, Wheeler & Allen who handled the transaction with the City, and T. E. Tucker, President of Florida State Bank where the check was delivered. (Photo by Bergstrom Photo Service)

Ben-Gurion Delays Showdown Over Troop Withdrawal Policies

Patrolman Hardy Will Make Meter Rounds On Scooter

Parking Meter Officer J. T. "Jim" Hardy won't have to walk far when action taken by the Board of Sanford City Commissioners last night is realized.

Police Chief Roy Williams recommended that Patrolman Hardy be furnished a three-wheel motor scooter with which to make his rounds each day to check the parking meters for parking violations.

Commissioners, when told that Hardy travels more than 13 miles a day in his present rounds in downtown Sanford and that with meters being added in every direction to his long route, approved the purchase of the vehicle for transportation of the officer who not only checks the meter for overtimes parkers but also sees that they're kept in proper working order and then once each week collects the pennies and nickels that have been collected for the parking privilege.

Chief Williams said "With the three-wheel motor scooter Patrolman Hardy will be able to give better service and more of it."

Asked how far the officer will have to travel with more meters being added to the downtown parking area, Chief Williams said "I don't know yet for we're not through putting them in."

The motor scooter is estimated to cost \$355.

12 Dump Luggage, Make First Jump From Crippled C119

COLUMBIA, S. C. — Twelve survivors of maiden parachute jumps refused to worry today about throwing away all their luggage in a futile attempt to save a \$361,000 C119 Flying Boxcar.

"I guess our gear is scattered over quite a few miles," said Capt. Franklin Greenspan, of Rantoul, Ill., pilot and commander on the flight from Chanute Air Force Base, Ill., to Charleston AFB, S.C.

Greenspan said crew members and passengers dumped 1,000 pounds of personal luggage in their attempt to keep the plane from losing altitude after one of the two engines conked out during a rain Monday night.

"But we kept losing altitude at 1,000 feet a minute, and I gave the order to begin bailing out at 6,000 feet," he said. "This was the first time I had ever bailed out in 14 years of flying."

"In fact, none of us had ever jumped before."

Greenspan said the three other crew members and eight airman passengers jumped in perfect order and none was hurt. They were confined to the Ft. Jackson, S.C., base hospital for observation, however.

9

Economy Key To Local Navy Base Situation

New Construction Needed To Lessen Traffic Tieups

In a primary election conducted during yesterday's Rotary Club luncheon meeting at the Yacht Club for members of the Board of Directors for the year beginning July 1, there was a tie between J. Ed Best and Roy Hollar for the unexpired term of Jack Ratigan, a former member of the club.

The tie vote will be run at next Monday's meeting.

Three directors for a term of three years will also be selected from the following seven names: Randal Chase, Harry Lee Jr., Robert Lamont, Tommy Mero, A. L. Raborn, Myron Reck and Ben Wiggins.

Don Barry, traffic engineer for the City of Orlando, in a three-phase address on Alternatives of a Traffic Planner, described the state of traffic carrying capabilities of most Florida cities, named alternatives, and then explained how the alternatives can be promulgated.

Barry explained that the volume of traffic now being handled through Florida city streets was not anticipated or planned for because the rapid increase in the

Ike Asks Congress To Okay Expanded Drought Relief Plan

WASHINGTON — President Eisenhower asked Congress today to approve an expanded drought relief program with states required to provide "necessary local guidance and supervision."

Under the President's program states also would be responsible for administering disaster relief to provide "necessary local guidance and supervision."

In a special message to Congress Mr. Eisenhower asked for authority to expand existing drought and other disaster relief programs. He gave no estimate of the cost of the new program, either to the federal government or to the states.

Accompanying his message was a letter to the President from Agriculture Secretary Ezra T. Benson proposing new drought and other disaster relief measures, based on the report of the special drought conference at Wichita, Kan., Jan. 14-16.

Mr. Eisenhower "strongly" urged "prompt consideration and adoption" of Benson's legislative proposals.

Benson's letter said federal legislation will be offered "requiring a minimum of 25 per cent state contribution in certain future emergency agricultural programs for disaster relief."

Such state participation would apply particularly to the government emergency food grain and hay programs. Under those, the federal government now pays \$7.50 a ton toward the cost of hay and \$15.00 per 100 pounds toward the cost of feed grain for disaster-stricken farmers.

The states now pay one per cent or less of the cost.

Missing Boy's Body Found At Bottom Of Deep Spring

BRANFORD — A widespread search for a 4-year-old St. Petersburg boy ended late Monday when a skindiver found the child's body at the bottom of a 60-foot deep spring near here.

The spring was only some 50 yards from the fishing camp where Bennie Lawson disappeared about 5 p.m. Saturday. He had been there with his parents, Mr. and Mrs. Leon Lawson, former residents of Branford.

An autopsy was ordered because a jagged cut was discovered on the boy's head. But authorities believed he had slipped from an old boat in the spring, cut his head and drowned.

The Lawson boy wandered away from the fishing camp late Saturday. Searchers at first believed he had become lost in the woods or had fallen into the Santa Fe or Suwannee rivers which converge about one mile from the camp.

Weather

Considerable cloudiness through Wednesday with scattered showers. Little temperature change; low tonight 55 to 65.

Delegation Seeks Paving Of Streets

"We understand that the county is not financially able to pave these streets," A. D. Combs told the Board of Seminole County Commissioners this morning as he spoke for street paving in the Temple Terrace section of the county.

"We're here to see what can be done in regards to paving them," he said as he turned to a delegation of possibly eight or 10 residents of the area who accompanied him to the meeting. "I've been informed that this paving can be done for about 75 or 80 cents a lineal foot," Combs told the commissioners.

Chairman Fred Dyson replied that "We have had a couple of instances when the county commissioner of a district doesn't have the funds. We then furnish the labor when owners of property along the street furnish material."

A meeting was set for next Monday morning when Commissioner B. C. Dodd and the county engineer will meet with the delegation to determine how much money is necessary to do the paving.

Attorney Edwin Shinholser represented George T. Herring Jr., in requesting the Board of Seminole Commissioners to correct property lines which are not shown on the original plat. The property is adjacent to U. S. Highway 17-92.

The director of the Hyacinth Division of the Game and Fresh Water Fish Commission, W. R. Holley told the Board of Commissioners this morning of his work in the area.

"Game Commission funds are entirely inadequate" to eliminate the hyacinth he told the Board this morning.

"The St. Johns-River is the last river in the State that has not been brought under control," Holley said.

Holley told the commissioners that Life Magazine representatives are coming in to prepare pictures

of the work being done in the area.

"The new directory is easily distinguished from the old green-covered book by its grey cover with yellow instructional notes. A sufficient number of new directories has been printed to supply every telephone subscriber with one for each instrument and to allow for future telephone expansion."

New instructions for telephone users are included in the first five pages. New Service Call numbers are shown on page one. Completely new instructions on how to use a dial telephone and how to dial another party on your line are found on pages four and five.

All telephone numbers have been changed and reference in the paper used in the new book

Many Seek Transfer Here

"We want to Washington to explore and find out just where Sanford stood," John Krider told a packed City Commission room last night at a special meeting called by Mayor David Gatchel.

Mayor Gatchel explained "This meeting was called in an effort for the public as a whole to hear a report from our delegation to Washington in its effort to keep the Naval Air Station in Seminole County."

Other members of the delegation, J. Bralley Odham and Henning, Balch emphasized "I didn't go to Washington to get news stories, but to help, which I hope I did."

At the very outset of his report, Chamber of Commerce Manager John Krider pleaded with his listeners, "We hope that the citizens don't become panicky over this situation." And he added "We realize that there are a great many rumors being spread around and I would say 100 per cent of them are untrue."

"Our good friend Congressman Syd Herlong arranged a good many conferences in Washington, the most important of which was with the Secretary of the Navy," he reported.

In leading up to the optimistic part of his report, Krider explained that "It seems as if the Navy had done an about face as far as Sanford was concerned. And it seems as if Sanford was to be phased out in about four years."

"However," explained Krider, "a great economy move is taking place in our government and I believe that is the key to the whole situation."

"We outlined our story in such a way," he explained, "that the Secretary of the Navy became interested immediately."

"When the question was asked 'How can the Navy show a face without more consideration when there is an investment of over 20 million dollars' we were asked 'Do you really want the base with the noise?'" Krider said.

And the answer commented the Chamber of Commerce Manager was "Our economy in Sanford is built completely around the Navy and to lose the Navy would mean that we would lose what we need the most," he said.

The report revealed that the Sanford Naval Air Station has a list of names requesting transfer to its facilities so long that it cannot be filled.

Other statistics given to the Secretary of the Navy, said Krider, included the fact that there are 608 homes in Sanford actually owned by Navy people; plus many more people living in the county who own their homes; and

Additional Local News On Page 8

Phone Books In Mail This Week

More than 25 mailbags filled with brand new telephone directories were turned over to Postmaster Joel Field at the Sanford Post Office yesterday.

The new telephone directories containing the new telephone numbers for dial phone users on March 17 are to be delivered to home owners and telephone subscribers Thursday and Friday of this week.

The new directory, said Gordon Rothermel, Group Manager and Earl V. Turner, local manager, is for use beginning at 2:01 a. m. Sunday Mar. 17 when the new dial telephone system will be put into operation.

Customers are cautioned to use their present numbers prior to the change date which is shown on the front of the new book. All telephone numbers have been changed and reference in the paper used in the new book

is whiter so that the numbers may be read more easily.

Both Turner and Rothermel emphasized "If no book is received by Saturday, call the Telephone Company business office at 8000 and a book will be delivered."

The first number to be assigned in the new book was Fairfax 2-0170 to Richard Ransbottom and the last number assigned was Fairfax 2-9889 to Mrs. John L. George. Pay station numbers will be in the 9000 group, mostly appearing in the 9700, 9800 and 9900s.

In arranging telephone directories yesterday in order to photograph them at the Sanford Post Office, the first book picked up to be examined, was addressed to Mayor David Gatchel whose number was shown as Fairfax 2-1734.

State Utilities May Have Way To Beat High Cost Of Oil

WASHINGTON AP — Florida utilities may have found a way to beat the high cost of oil which they use to generate power. The answer—coal.

Sen. Thurston B. Morton R-Ky has announced that prospects are "quite encouraging" for Florida utilities to convert their plants to burn Kentucky coal instead of residual fuel oil.

Morton made the statement after meeting with representatives of the coal industry, southeastern railroads and Florida utilities. He said that while many problems remain to be worked out he is confident a new market for coal will result.

Florida utilities have bitterly attacked increase in the price of oil since the Suez crisis charging they are unjustified.

People Challenged To Do Part In Keeping Naval Base Here

There's an air of optimism in Sanford and Seminole County today.

But with it there is a challenge to the people of the city and county to "do their part" in the gigantic effort to keep the Sanford Naval Air Station as a part of the community.

It is so easy, however, to let these challenges slide by, day after day, without a thought concerning the damage that might be done just by an oversight.

Last night's meeting provided one thought that is most important at the present time. "If we do the job we'll get the base."

According to the plan that is now before the people it is necessary to provide the Navy with resolutions from the Board of Sanford City Commissioners, the Board of Seminole County Commissioners, civic clubs, organizations, groups, and letters from individuals citing the fact that "we want the Navy in our midst—along with their noise and acquisition of land for expansion."

The Board of Sanford City Commissioners has already started the ball rolling with instructions to the City Attorney to prepare the necessary resolution—the same will follow today from the Board of Seminole County Commissioners. Civic organizations should follow suit as quickly as possible with their resolutions so that they may all be bound together and submitted as quickly as possible.

Individuals should continue to write letters to the Secretary of the Navy Charles S. Thomas, to Senator George Smathers and Spessard Holland, and to Congressman A. S. "Syd" Herlong pointing out emphatically that the Navy belongs in Sanford, as does the noise which accompanies the planes as they take off on their training missions or for military assignment.

These resolutions and letters, stated Chamber of Commerce Manager John Krider and J. Bralley Odham are most important.

Another necessity, as everyone well knows, is a fund big enough to cover every expense with which the Seminole County Chamber of Commerce Armed Forces Committee will be confronted. There are many things yet to be done—among them a feasibility study by experts who know what the Navy wants and in language that the Navy will understand. Surveys must be made by competent people familiar with the studies needed to

accompany Sanford's bid "to keep the Naval Air Station in our community." And all of this costs money.

Necessarily, many more trips must be made to Washington, to take the Sanford Story to the proper people and to place it in their hands as a sincere bid on the part of the community for a part of their economic security to be left intact.

So the fund "to keep the Sanford Naval Air Station in our community" must grow. For several days now there have been no additions to the total reached last week. Now that Sanford businessmen and industrial leaders, as well as individuals, have been given a straight-from-the-shoulder report, they should realize that additional funds are needed and needed now.

Everyone has been assured that the job to be done must be done immediately or June 1 will be on top of us.

Appraisals of property must be made, brochures printed, letters typed and mailed, maps drawn, pictures taken and hundreds of other tasks which will tie the "Sanford Story" together into a formidable report for the Secretary of the Navy.

Tomorrow, telephones should ring, and mail be delivered with each call and each letter bearing additional contributions to the fund that had its start just a few days ago when fears ran high that the Sanford Naval Air Station would move.

Fears have been allayed—but the job of getting the "Sanford Story" is yet ahead and must be accomplished NOW.

There is no doubt but that Sanford and Seminole County today is just as united in its thinking as it was Saturday morning, February 16th when the Sanford City Hall commissioners room was filled to overflowing to find out "what we can do to help keep the Sanford Naval Air Station here."

Your contributions should be directed immediately to the Seminole County Chamber of Commerce—Armed Forces Committee.

When one has done a good job he should be commended for it.

In one week's time a terrific job was done by a group of men who worked tirelessly, day and night, hour by hour—for Sanford and Seminole County.

Each one of the public servants, realizing the tremendous importance the Sanford Naval Air Station plays in the economy of the Sanford Community, spoke out conclusively for the expansion of the local air station.

Such wonderful response deserves the praise and appreciation of the people in the Sanford community.

In addition to the letters asking that Sanford be placed "topmost" on the list of communities being considered for the location of a major jet air base should be supplemented with another letter thanking each one of our Congressional delegation for their leadership and efforts in behalf of our community and ask for their continued support.

Each one of us must understand that the job ahead is a big one—much is to be done—and many hours must be devoted to attaining the goal that has been set for Sanford and Seminole County.

We have leaders on whom we can depend and are shouldering the burden of the tremendous task yet to be done.

It will be done—with the help and support of every citizen, businessman and leader of our community.

"Well, well, look at this."

WASHINGTON: Rep. Albert Rains, D-Ala. chairman of a House Banking subcommittee, on an FHA proposal to cut the down payments on houses:

"I do not think this will be sufficient to rejuvenate the home-building industry."

Savings Soar To New High Last Month

Savings in saving and loan associations in Florida soared to a new high total of \$1,522,730,132 at the close of January. For the month of January saving increased by \$28,254,109 compared with an increase of \$21,980,347 for the same month last year.

For the twelve months ended with January savings in these institutions increased by \$320,960,150.

At the close of January there were 668,474 savings account holders in these savings associations. This represented an increase of 170,643 accounts over a year ago.

Total mortgage lending volume for these institutions in January was \$17,758,303, an increase of 21 per cent over last January.

Half of this total lending was for financing the construction of 2,122 dwelling units in the state. Mortgage credit was extended on an additional 2,597 homes during the month, principally for home purchases.

Resources of Florida's 91 savings associations now total \$1,722,298,868.

Drive Safely—The best safety device known is about nine inches above your shoulder.

the United States rambles on, generally attracting less attention than last year's fashion in women's wear.

Whether there was much, little or no Communist infiltration of government during the Roosevelt and Truman administrations has become more a matter of political dispute than a matter of fact.

The record to date suggests that the infiltration was considerable and effective, although the record still falls short of persuading many persons that such is the fact. Former President Truman, for example, does not see it that way at all.

HST Backed White
This Communist infiltration of government scarcely figured in the 1956 presidential campaign, but Mr. Truman was inured to discuss it on Labor Day during a Milwaukee television interview. The news index "Facts on File" attributes to Mr. Truman on that occasion, a statement that the late Harry Dexter White was not "guilty of anything."

White had been accused in congressional hearings during Mr. Truman's administration of aiding the communists notably in the 1948 disclosures of Elizabeth Bentley and Whitaker Chambers as a source of information which was passed on to espionage agents of the Soviet Union.

Three days after White appeared before congressional investigators in 1948, he died under somewhat mysterious circumstances.

Censored China's Downfall
Comes now, however, the report of a subcommittee of the Senate Internal Security Committee with a report on testimony taken last year. The committee and the subcommittee are creatures of a Democratic Congress, for whatever significance that may have in view of their judgement of White, who served a Democratic administration.

The subcommittee reported that a Communist underground apparatus of Harry Dexter White had brought about the economic destruction of Nationalist China. It said that White and his fellow conspirators "held

back millions of dollars in gold shipments to China during World War II."

White's associates were named as Frank Coe, Solomon Adler and Irving S. Friedman. Secretary of Treasury Henry W. Morgenthau Jr. served under Franklin D. Roosevelt and under Mr. Truman.

The subcommittee reported that Morgenthau approved a shipment of \$200 million, gold, to China in 1943, but that only \$29 million had gone forward two years later. The investigators said Morgenthau was hoodwinked by this man, White.

He hid with pencil and brain cell. He doodled. He went to the water cooler, returned, took pencil in hand and wrote:

"THINK!"
A fad was born.

Unaware of the oomph of what he had wrought, he casually lettered "THINK!" onto a placard-sized sheet and put it on his desk.

He had a Fad
Loungers—by began snickering. Mattimore was inspired. He had 100 sampler-size "THINKS" made up and sent to his friends.

Sensational:
Well, you know what followed. THINKS blossomed on desks

United Press correspondents around the world look ahead at the news that will make the headlines.

No Dice
Some congressional sources expect the administration to abandon its idea of asking for a five-cent charge for first class letters, instead of the present three. The reason: No enthusiasm for it in Congress. The administration hasn't made its stand known yet. But it is expected to send a postal rate bill to Congress this week.

Despite Speaker Sam Rayburn's pleas for prompt action, a bill to give ex-presidents \$25,000 a year retirement pay is being chilled by the House of Representatives Civil Service Committee. The Senate passed it Feb. 4. The Civil Service Committee has done nothing about it since then, and has scheduled no hearings.

Arms Bid
You can expect Tunisia to ask

for United States arms when Africa touring Vice President Richard Nixon reaches there March 18. Tunisian Premier Habib Bourguiba said Saturday that he would turn "elsewhere" for arms if France doesn't speed up weapons for his new army. The French government is under strong pressure not to send the arms because Tunisia wants French troops withdrawn. Bourguiba's "elsewhere" means the United States.

Crisis
The confused Italian political situation may blow up this month with a cabinet crisis and a call for a national parliamentary

election. Premier Antonio Segni is being urged by strong elements of his Christian Democratic Party and risk his future on an election which might give him a majority in parliament. He's now at the mercy of other groups in his coalition government.

Communist sources in Berlin say the East German Red government will drop its demand that Yugoslavia give it formal recognition before a trade agreement is signed. The East Germans broke off trade talks last month because President Tito refused to recognize their puppet regime. But Yugoslav products are badly needed.

THE JUDGE in the traffic court looked up in surprise when one motorist pulled out a twenty-dollar bill, slapped it in His Honor's mitt, and made a dive for the exit. "What's your hurry?" asked the judge.

"I don't want to get hauled right back in here," explained the motorist. "I'm double parked!"

Mr. Birch, the new science teacher, was annoyed to discover that his students spent most of the last half of their hour with him casting more or less surreptitious looks at the clock above his desk. Finally he put up a sign under it that pointed out, "Time will pass. How about you?"

A neurotic movie queen was overjoyed when a psychiatrist rented her home in Palm Springs. "At last," she chorled, "I've got him lying on MY couch!"

THE JUDGE in the traffic court looked up in surprise when one motorist pulled out a twenty-dollar bill, slapped it in His Honor's mitt, and made a dive for the exit. "What's your hurry?" asked the judge.

"I don't want to get hauled right back in here," explained the motorist. "I'm double parked!"

Mr. Birch, the new science teacher, was annoyed to discover that his students spent most of the last half of their hour with him casting more or less surreptitious looks at the clock above his desk. Finally he put up a sign under it that pointed out, "Time will pass. How about you?"

There is a creative power in faith. Mere words signify nothing at all.

New Weapons Needed For The Battle With TB

By HERMAN H. BUNDEN, M.D.
WE have a vaccine to fight off tuberculosis. Yet we can't stage mass inoculation programs in an effort to wipe this once terrifying disease from the face of the earth.

The TB vaccine most widely used today is Bacillus of Calmette and Guérin, or BCG for short. It's made from a strain of bovine tubercle bacilli which are alive but have lost their power to produce progressive disease through long years of culturing and re-culturing.

BCG is helpful, for it provides substantial protection, but not absolute protection. And we can't predict just how long a dose of the vaccine will protect a person.

Not Effective
After numerous tests, some doctors now seem to think that the use of BCG in the general population would not be effective in the United States.

For one thing, the vaccine is given only to persons who have not been infected. Right away this would eliminate one-third of our population since tuberculin tests of this number would prove positive.

It's from these positive cases that most of our new cases will come in the next few years. The only cases which BCG can prevent are those resulting from new infection.

Testing our entire population of some 167,000,000 would probably turn up about 112,000,000 persons who could be vaccinated with BCG. Yet even if we vaccinated all of these persons and all the newborn babies, only about eight percent of new TB cases would be prevented in the first five years.

Low Percentage
Testing and vaccinating two-thirds of the population and then repeating the whole operation about four times during a 20-year period would be quite a job.

At present we use BCG chiefly for protecting persons constantly exposed to TB infection, such as doctors, nurses and patients and employees in certain institutions.

The search for a better vaccine, however, continues.

A new vaccine has been developed from an avirulent strain of human tubercle bacilli which may produce better immunity. It hasn't been tested on humans as yet.

QUESTION AND ANSWER
N. L.: What is the difference between sterilizing and disinfecting?

Answer: Sterilization destroys all bacterial life, disinfection does not necessarily destroy all bacteria, only those that are infectious or harmful.

MARILYN IMPRESSES TOWN COUNCIL
WATERLOOVILLE, Eng. (U)—When American screen star Marilyn Monroe visited England last year she apparently made an impression—at least on the town council.

The council prepared new name plates changing Marilyn Avenue to "Marilyn" but backed down after Councillor Arthur Kille reported "I could find nobody living there who wanted it spelled the film star way."

Committee Okays Request To Raise Interest Rate

WASHINGTON (U)—The House Ways and Means Committee has approved the Treasury Department's request for authority to raise to 3 1/4 per cent the interest rate on government savings bonds purchased on and after Feb. 1.

The interest rate now is 3 per cent. The Treasury wants to make the bonds more attractive to purchasers to bolster sagging sales.

The committee voted to give the Treasury discretionary authority to raise the interest rate on series 'E' and 'H' bonds to as much as 3 1/4 per cent. If the legislation is approved by Congress and signed by President Eisenhower the Treasury would be able to put into operation its announced plan of boosting the interest rate on 3 1/4 per cent retroactive to bonds purchased on or after Feb. 1.

The Treasury had requested discretionary authority to raise the rate as high as 4 1/4 per cent in the future if it decided further sweetening was necessary to promote sales.

MISS DIANE WILSON

Parents Announce Engagement Of Diane Wilson, David Echols

Mr. and Mrs. Jack Glen Wilson, 1505 Park Ave., announce the engagement of their daughter, Diane to AM Sc David Echols. Miss Wilson is a student at Seminole High School and will graduate in June.

Mr. Echols is the son of Mr. and Mrs. R. E. Echols of Princeton, W. Va. He is presently stationed at Sanford Naval Air Station.

The wedding which will take place in the All Souls Catholic Church, will be announced in the future.

Baptist Circles Present Play

A play entitled "Annie Armstrong, daughter of Destiny" will be presented by the Francis Horton and Elsie Knight Circles of the First Baptist Church Wednesday evening at 7:30. Between acts there will be a bassoon and piano duet by Mrs. Willie Pipkin and Billy Chisolm. The public is cordially invited.

Now Hear This!

by
JACKY FENWICK

If you were lucky enough to see those planes performing last Sunday morning those WER the "Blue Angels"! I didn't want to "put my foot in it" when I mentioned it yesterday, as I had no official confirmation on it, but now I know for sure, so I can say it! Their official name is the Navy Flight Demonstration Team, and they arrived aboard the Sanford Naval Air Station at 2:30, Saturday afternoon. The six aircraft that arrived were accompanied by the seventeen enlisted men who are responsible for their maintenance. They operate out of Pensacola, Florida, and are under the command of the Chief of Naval Air Training. The officer-in-charge is Cdr. E. B. Hollen. Though they were prevailed upon to remain an extra day and put on a performance for the people in this area, it was impossible because of the "tight" schedule they operate under. They left late yesterday afternoon for New York.

I would like to announce that a section of bleachers, has been placed immediately outside the North Gate, (Mellenville Ave. gate), for the use of the general public who would like, at any time, to watch the aircraft take off and land. This can be especially interesting when the squadrons are performing Field Carrier Landing Practice. (F. C. L. P. for short.) The commanding officer of the base, Capt. R. W. Jackson, has authorized this use of the bleachers, and sincerely hopes that all civilians will take advantage of them, and put them to use.

Mr. and Mrs. Robert Baumholzer, who used to be stationed here in Sanford, but who are now

stationed in Green Cove Springs, returned last Tuesday to visit Mr. Baumholzer's parents who reside in Longwood. They also took this opportunity to pay a visit to some old friends here in Sanford, Mr. and Mrs. Claudewalters.

ADC David Scott has transferred from V. A. H. 11 to a tour of "shore duty" aboard N. A. S. This present tour should complete Chief Scott's required number of years for retirement, if he so desires.

There was a combined meeting of the representatives of the Enlisted Men's Club, and those of the Enlisted Men's Club, yesterday morning at the E. M. Club, at S. N. A. S. They discussed having a St. Patrick's Day dance on Mar. 16, since the seventeenth falls on a Sunday. Definite plans will be announced later.

The Operations Dept. of the local Air Station will have a party this coming Friday evening at 8:40 p. m., at the Chief's Club. "All hands" from "Operations" are invited to attend.

Tommi Keyt Feted With Party On 6th Birthday Saturday

Tommi Keyt was honored on his sixth birthday with a party given Saturday by his mother Mrs. Catherine Keyt at his grandmother's home, Mrs. Beatrice Rivers on Richmond Ave.

The birthday cake was decorated in yellow and green. The table held a centerpiece of large yellow and green balloons arranged as flowers.

Those helping Tommi celebrate were Evelyn Cameron, Beckie Cameron, Joseph Cameron, Ben Twyman, Travis Twyman, Charles Appleby and Eddie Colbert.

Grace Denmar Celebrates 4th Birthday Saturday

Little Grace Irene Denmar celebrated her fourth birthday Saturday at the East Side Nursery School. The children played several games which they invented themselves and then refreshments of sandwiches, milk, cake and cream and party favors were served.

Attending were: Chris Michael, Ronnie Pratt, Suzie Porter, Susan Harrelson, Bonnie Harrelson, Floyd Jones, Pat and Scott Stone, Ronnie and Ricky Frederick, Gail and Jack Hunter, Carolyn and David Allman.

Grace Irene is the daughter of Mr. and Mrs. A. E. Denman.

TUESDAY

The Daughters of the Wesley Sunday School Class will meet in McKinley Hall for a regular business and social meeting. Mrs. Robert Cole's group will act as hostesses.

The P-TA will meet Mar. 5 at 8 p. m. in the Seminole High Auditorium. The program will be a panel made up of parents and students, with George Dabbs, moderator. Question to be discussed is, "How can we in Seminole County try to meet the actual needs of our teenagers in the recreational field?" All parents are urged to attend.

The Pioneers will meet for fellowship and recreation in the Youth Building from 6 p. m. through 8 p. m.

The Gleaners Class of First Baptist Church will hold its regular monthly meeting at the home of Mrs. T. A. Siles, 800 East 20th St., at 7:30 p. m. Mrs. Berta Cottrell and Mrs. Thelma Siles will be co-hostesses.

The Salie-Harrison Chapter of N.S.D.A.R. will meet at the home of Mrs. Ralph Leonard in De Bary, Mar. 8. The speaker will be Fred DeMott of Daytona, a strict civil defense director. He will speak on "National Defense." Co-hostesses are, Mrs. G. A. Wakefield and Mrs. Charles Grice.

The Sanford Tourist and Shuttleboard Club will meet at 6 p. m. for a covered dish supper. The business session will follow.

WEDNESDAY

Prayer Meeting will be held at the First Baptist Church at 7:30. At 8:15 there will be a Workers' Conference.

The Sanford Woman's Club will meet at 12:30 for a luncheon at the Woman's Club Building. Annual election of Officers will be held. Hostesses will be, Mrs. W. H. Stemper, Mrs. Douglas Stenstrom, Mrs. Howard Sigmon, Mrs. J. R. Jones, and Mrs. Jacqueline Caruthers.

Circle No. 9 of the Women of the Church, Mrs. Joe Baker, Chairman, will meet with Mrs. John Burton, 2639 South Laurel Avenue, at 10 a. m.

The Girl Scouts will meet at 3:30 p. m. at the Church. The Senior High Fellowship will meet at the Church at 7 p. m. for recreation.

The Mid-Week Bible Hour will be conducted by Rev. A. G. McInnis, Pastor of the First Presbyterian Church at 7:30 p. m.

The Chancel Choir meets for rehearsal at the Church at 7:30 p. m.

THURSDAY

The Junior Choir will meet for rehearsal and fellowship at the Church at 3:45 p. m.

The Youth Choir will meet for rehearsal at 7:30 p. m. at the Church.

The Intermediate Choir of the First Baptist Church will rehearse at 7 p. m. and the Adult Choir at 8 p. m.

The Hemerocallis Circle will meet at the home of Mrs. Ralph Jarvis at "San Clara Farm", 1719 Sanford Avenue, Thursday, at 7:30 p. m. Mrs. J. C. Sikes and Mrs. R. A. Bennett will be co-hostesses.

Dr. Phillip J. Westgate, Associate Horticulturist at the Central Florida Experiment Station, will speak on "Plant Nutrition" and will show slides.

The Westside Primary P-TA will meet at 7:30 in the Westside School auditorium. Mr. Herold Heckenbach, principal of Sanford Grammar School will be the speaker.

The Camilla Circle of Sanford Garden Club will meet at 8 p. m. in the home of Mrs. Vernon Hardin, 1524 Forest Dr. Mrs. Jack Martin will be co-hostess. Each member is to bring a flower arrangement for the circle flower show.

FRIDAY

The Jacaranda Circle of Sanford Garden Club will meet Mar. 8 at 7:30 p. m. in the Civic Building in Fort Mellon Park. Hostesses will be: Mrs. L. B. Steele, Mrs. Nick Kenia, and Mrs. Stanley Holland. Mrs. George Hardin will give a talk and demonstration on flower arranging.

Mrs. C. Wallis will be hostess to the Mimosa Circle of the Sanford Garden Club Mar. 8 at

Grand Finale of the Catholic Women's Fashion Show held last night at the Sanford Women's Club. Left to right are: Mrs. William Thomas, Mrs. Robert L. Heilman, Mrs. Sheila Roberts, Mrs. Dorothy Corradie, Mrs. Fred Fellini, Mrs. Clifford Milliken, Mrs. William Livingston, and Mrs. Nellie Lipolis.

Day Of Prayer Will Be Observed Friday

The World Day of Prayer annual observance will be held in the Episcopal Church, Friday at 3 p. m. Mrs. A. B. Peterson Jr. is chairman of this event sponsored by the Sanford United Church Women. Nine local churches will participate according to Mrs. George E. Wells, city president.

The theme "Who shall separate us?" Romans 8:35 is presented in the service in such a way that it should voice the testimonies, yearnings and prayers of Christians who today are destined to live behind the iron curtain and also to make us as we enjoy our freedom of worship to endeavor to identify ourselves with their situation and therefore to rededicate ourselves to the world embracing mission of the church."

Sponsored by the general dept. of the United Church Women the observance was started 71 years ago by a small group of women. It has since spread to 143 areas in six continents. The global prayer chain will begin at day break in the Fiji and Tonga Islands and will progress westward until the sun sets 24 hours later on the St. Lawrence Islands.

At no time during the day long journey of the sun as it circles the globe will the prayer chain be broken.

A small piece of aluminum foil fitted over ends of curtain rods makes sliding on or curtain snagging and protects curtains against snagging.

Aluminum foil, molded into any size or shape container can be used for starting cuttings or very young plants.

Wrap damp wash cloth in aluminum foil and place in glove compartment of car—wonderful aid for mothers traveling with children.

2 p. m. in her home on 1500 Elliot St. After the business meeting the members will tour the gardens of Mrs. A. W. Epps at Lake Minnie.

The Azalea Circle of the Sanford Garden Club will meet Friday at 8 p. m. in the Garden Center. Hostesses for the meeting are, Mrs. Porter Lansing, and Mrs. W. R. Jennings.

Mrs. L. E. Spencer will be guest speaker at the Hibiscus Circle meeting of the Sanford Garden Club. The session will be held at the home of Mrs. R. T. Humphrey, 217 East 3rd. Co-hostesses are Mrs. J. Brodie Williams, Mrs. J. P. Thurmond, and Mr. T. A. Burlingame.

The World Day of Prayer annual observance will be held in the Episcopal Church at 3 p. m. The theme of the program will be "Who shall separate us?" Mrs. A. B. Peterson Jr. is chairman of this event, sponsored by the Sanford United Church Women.

There will be a meeting of the Ixora Circle at 2 p. m. in the Garden Center. Mrs. Helen Cole will be the speaker. After the business session the group will tour Mr. Cole's garden. Hostesses will be Mrs. Wright Kirtley, Mrs. Vincent, Roberts and Mrs. John Fitzpatrick.

Aluminum foil is a natural to create a silver impression for that 25th wedding anniversary—cups for nuts and candy, fancy dolly for under the cake.

Here's a MAN'S service, especially designed for the busy man who's particular about his appearance. Fast efficient, thorough dry cleaning -- by experienced operators, at budget-saving prices. Round up those suits, slacks, coats, jackets NOW -- we'll do the rest.

Catholic Women Entertain With Fashion Show At Meeting

The Catholic Women's Club entertained with a fashion show last night at their regular monthly meeting in the Sanford Women's Club Building. A short business meeting was held before the show and candidates for office were introduced. The ladies

also planned a bake sale for Mar. 17 to be held at the church. Mrs. Sarah Warren and Mrs. Helen Constantine will be in charge. The business session was closed with a prayer. Since Easter is just around the corner the Easter theme was used in the fashion show and the stage was beautifully decorated with spring flowers. Members of the club acted as models and did a professional job of modeling two ensembles, each.

Mrs. Nellie Lipolis, Mrs. William Livingston, Mrs. Robert Herdman, Mrs. Sheila Roberts, Mrs. Clifford Milliken, Mrs. Dorothy Corradie, and Mrs. Fred Fellini, represented a variety of sizes and made the performance much more interesting to the audience.

Mrs. William Thomas did an excellent job as emcee. Mrs. Francis Roumillat, Sr. provided background music for the show. Yowell's Dept. Store furnished the lovely sports, afternoon and after 5 dresses shown.

All friends of the couple are invited to attend. There will be a reception following the wedding at 1018 West First Street.

After a short wedding trip the couple will make their home in Sanford. Mr. Parlier is at present, stationed at the Sanford Naval Air Station.

Conring The News

BY VIRGINIA CONN

Miss Chapman Feted Saturday At Luncheon

Miss Barbara Chapman who will become the bride of James Moore Jr. on Mar. 17 was honored at a luncheon given by Mrs. George Touhy in her home on Sixteenth street Saturday afternoon.

The seating arrangement at the tables was determined by a favor drawn by each guest as she arrived and matching it with a similar one on the tables.

The hostess' gift to Miss Chapman was an electric kitchen clock in colors that matched those in the new home of the bride-to-be.

Attending in addition to the honoree and her mother, Mrs. B. E. Chapman, were Miss Emmogene West, Mrs. Lawrence Ver-shel and Mrs. J. J. Jordan Jr., all of Deland. From Daytona Beach were Mrs. S. C. Cooper and Mrs. J. G. Moore.

Mrs. G. L. Jacobson, Mrs. Benny Austin, Mrs. E. C. Harper Jr., Mrs. Bob Crumley from Sanford and Mrs. Gerald Ryman from Lake Mary.

Mr. and Mrs. Charles Mathias of Frederick, Maryland are visiting their daughter, Treeta Michel. The Mathias' plan a trip to the western part of the state before they return to Maryland.

VAH-7 enjoyed a rollicking good time Saturday night at the B. O. Q. Chickens and sparrows were barbecued in the pits. After dinner the party moved inside and danced to the piano music of one Dick Cleveland, one of the more talented bachelors in 7 who played the piano for three hours. Several old sevens came, and the detachment wives were escorted by friends in the squadron. From all reports it was much fun. Tom Blackburn and Betty Lemos were guests of Blaine and Mary Libbey. Gretchen Hall came with Cy and Lou Johnson. Dot A. and Dick Mann picked up Terry Price, and Katie Cummins came with Ruth and King Hodges. Jane Miller came with the Johnsons from Winter Park, and Doris Francisco with Monty and Rusty Lilleboe. Also there were Marilyn and Gay Forrest, Carl and Joanna England, Ruth and John Spartz, Bonnie and Bob Barabon, and Bonnie's parents, Dr. and Mrs. Bonfield of Indiana. Also Bill and Jean Stetson, Thelma and Bob McMurray and Ruth and Forrest Norvell. Forrest's aunt was down visiting from Jacksonville for the week-end incidentally.

Golf is the thing these days, and even if we can't win, we are never defeated. At least one gal is on her way to winning, and that is Louise Parker, who came up with a forty-one on the back nine Sunday, after a forty-two on the front Friday.

There is much discussion about tornadoes today, and while they are definitely the exception in Florida, I guess we can't dispute the possibility. If one does come, I wish it would blow away unpaid bills, weeds and the parasite seeds that are spread all over my floors at the moment. Don't know why I don't have a longer list, but seem to be in a pretty good mood. It will be a different story once I start dinner—it already is, all my notes fell in grand disarray on the floor. Hais!

Cutting scissors or pruning shears and other garden tools can be kept in good condition and free from rust if wiped clean and wrapped in aluminum foil when not in use.

BIRTHS

Mr. and Mrs. Charles H. Teisenbaum of Orlando proudly announce the birth of their daughter, Terri Lynn, born Feb. 27 in Orange Memorial Hospital. She weighed 6 lbs. 6 oz.

Dallas Moves Into Dormitory Today; Training Starts

The Dallas Eagles moved into Sanford today and took occupancy of the new New York Giants dormitories west of Memorial Stadium. Training will begin immediately.

Dallas, an AA team in the Texas League is one of the nine farm clubs of the sprawling New York Giants organization.

The following is a brief rundown of the Dallas pitching staff—men that will be in our city until April 7:

PITCHING STAFF

Left-handed pitcher, right batter:

Left-handed pitcher, right batter: age 21; 6'2"; 180 pounds; from St. Paul, Minn.; single; attended school in St. Paul and played football, basketball and baseball in high school. Was named to the All-City team in 1933. Signed first professional contract in June, 1933 at age of 17. Works in a clothing store in the off season and his hobbies are bowling, skating and pool. Saw action last year in Danville, Va.

Right-handed pitcher, right batter:

Right-handed pitcher, right batter: age 22; 6'2"; 185 pounds; Brooklyn, New York; married; played baseball and football in high school; Signed first professional contract with Mayfield, Ky. in Sept. 1933 upon graduation from high school. Saw action last year with Sandersonville, Ga.

Thomas Earl Bowers

RH pitcher, RH batter: age 23; 6'0"; 175 pounds; Dallas, Tex.; married and has one son; Graduated from SMU with a BBA degree; First SMU player to sign with the Eagles; was named All-Southwest Conference in baseball three years; in his three years pitching for the Mustangs he posted 15 wins against only six losses. Rated by Lester Jordan, SMU publicity director as "The number one SMU baseball player of all time." Joined Dallas in June of 1935 and made the jump from college to AA professional baseball in fine style. Showed great improvement last year and became a starting pitcher. Considered a major league prospect; boasts a great curve ball. Led the Texas League in shutouts in 1935—with six—two more than the nearest competition and was 10th in League in ERA with 3.02.

Dwight Ray Cook

RH pitcher; R-R: age 21; 6'0"; 170 pounds; Saltum, Wash.; single; Attended Central Junior College and earned letters in all sports. Also attended University of Washington and earned a baseball letter. Signed first professional contract in August, 1934, with Fresno in the Cardinals organization. He is a construction worker in the off season. Hobbies are photography, golf, hunting and fishing. Purchased from Winston-Salem Club in Dec. 1935. Saw action last year in Albany, Ga.

Charles Victor Davis

RH pitcher; R-R: age 21; 6'1"; 160 pounds; Bladenboro, N. C.; single. Was voted top athlete in school and earned four letters in sports. Attended Mt. Olive Junior College. Signed first professional contract in 1934 with Shelby, N. C. in the Giant organization. Works in a textile plant in the off season. Purchased from the Danville Club in Sept. 1934.

Charles Fowler

RH pitcher; R-R: age 24; 6'7"; 173 pounds; Dallas, Tex.; married. Has made a winter home in Dallas for the last two winters. He has a fast ball, but it was hindered last year by a persistent sore arm. Saw action last year with Montgomery.

Frank Ray Funk

RH; R-R: age 21; 6'0"; 185 pounds; Bethesda, Md. single. Earned six letters in baseball, basketball and football in high school. Attends American University in Washington, D. C. in the off season. Signed first professional contract in June, 1933 with Mayfield, Ky. Purchased from Johnston in Sept. 1934. Saw action last year with St. Cloud, Minn.

Sherman Jones

RH; age 21; 5'4"; 193 pounds; single; Attended school in Winton and played football four years, basketball three years and baseball one year. He earned eight letters in all sports. Offered a number of football scholarships but could not accept one because of his father's illness. Signed first professional contract with St. Cloud in June, 1933 after tryout

at Polo Grounds. Saw action last year with Topeka, Kans.

Joe McElrath

RH; R-R: age 25; 6'0"; 185 pounds; Cleveland, O.; married and has two children. Broke in with the Cleveland organization. Is a smooth working right hander with lots of poise and has the versatility of being used as a relief or as a starter. Beginning sixth season with Dallas. Has never had a losing year in six Texas League seasons. Used mainly in relief by Red Davis.

Lassus George Ladres

RH; R-R: age 21; 6'1"; 185 pounds; West, Fla.; single; was voted most valuable player in high school in 1933-34 and most valuable in American League Baseball in 1934. Signed first professional contract in June, 1934 with Danville, Ill. Works as a cablevision salesman in the off season. Hobbies are hunting, swimming and fishing. Purchased from Lake Charles, La. in Sept. 1934.

James Reggie Lee

LH; R-L: age 23; 6'; 170 pounds; saw action last year with Albuquerque, N. M.

Eugene C. Mally

RH; R-R: age 23; 6'2"; 190 pounds; Patuxent, L. I., New York; married and has one daughter. Participated in all sports in high school and made the All-Star team while playing Semi-Pro ball. Signed his first professional contract with Moultrie Club in Oct. 1931. He works as an engineers aide in the off season. Purchased from Johnston in Sept. 1936. Saw action last year with Danville, Va.

Harold Patrick

RH; R-R: age 20; 6'2"; 185 pounds; married. Signed first professional contract with the Cardinals organization in 1934 and was sent to Johnson City, Tenn. Was on a pennant winning West Frankfort, Ill. Club in 1934 and 1935. Signed with Houston club in 1934. Has saved many games for the Eagles with outstanding relief jobs. Last year was the greatest of his career. He led the Texas League in the most important ERA department with 2.03; fewest runs, 36 in 111 innings; fewest earned runs, 25 in 111 innings; best percentage (13-4); 765. Appeared in more games in 1935 than any season in his career.

Donald Reeder

LH; L-L: age 31; 5'9"; 170 pounds; Boonsboro, Md.; saw action last year with Montgomery, Ala.

Richard B. Straks

RH; L-R: age 33; 6'0"; 195 pounds; Evanston, Ill. married and has two children. Signed first professional contract in 1936 with Superior Plays baseball in winter in Venezuela; purchased from Minneapolis in Oct. 1936.

James Clarence Tugerson

RH; R-R: age 30; 6'4"; 196 pounds; Florence, Va. married and has six children. Played two seasons with Indianapolis Clowns in Negro American League. Recommended highly to the Eagles by Roy Campanella. Purchased by Dallas from Hot Springs of Cotton States League in Dec., 1933. Had a great record for Knoxville, Tenn. in 1933 his first season in o. b. Was on option to Amarillo last season. Good both as starter and in relief. Side arm pitcher; good control, plenty of stuff.

John Joseph Wa'li

RH; R-R: age 26; 6'0"; 186 pounds; Swampscott, Mass. single; Earned eight letters in sports at Swampscott High School. Signed first professional contract with Lyman "Tigers" in March, 1935. Works in the post office in the off season. Purchased conditionally from Albany in Oct., 1936, where he saw action last year.

Murray Wall

RH; R-R: age 30; 6'3"; 200 pounds; Dallas, Tex.; married and has one daughter. Lettered one year in baseball at Woodrow Wilson High School and lettered four years at the University of Texas. Graduated from Univ. of Tex. with a BBA degree. Was an All-American collegiate player in 1934 and 1935. Signed first professional contract with Boston Braves in July, 1930. Went from college campus to AAA baseball for five seasons. Real estate salesman in off season. Purchased Dec. 1935 from Milwaukee as part of the Red Murf deal. A starter last year and is counted on to be a top man again in 1937.

Today's Sport Parade

Reg. U. S. Pat. Off. By OSCAR FRALEY

United Press Sports Writer NEW YORK UP—Listen to the fight mob and they'll tell you that Garrett Sugar Hart, a Philadelphia welterweight with Elvis Presley sideburns, is the hottest fistie item since Sugar Ray Robinson.

Hart is the mountaineer slinger you'll see on television Friday night when he meets Walt Byars, another 21-year-old from Boston, in the 10-round feature from Madison Square Garden.

The word is that Hart, a rock 'n' roll record collector, will rock and that Byars will roll.

New Faces Needed

One thing is certain, boxing can use some good new faces, particularly the kind which don't cut too easily or get flattened out too quickly. Too often the "new Robinsons" or the "new Billy Petrellos" become showmen before the cellophane is off their noses.

But Hart looks to most of the experts as if he's a clinch to make the big grade.

Past and graceful in the Robinson manner, and with a similar wasp-waisted "built," the five-foot 11-inch pulverizer has won 19 of his 20 professional bouts, 17 of them by knockouts and the last seven in a row by drawing the curtains on his opponent.

Once known as "Skinny" to his schoolmates, Hart got into boxing—Are you listening, Maxie?—because of girls. It seems that a gymnasium opened in his neighborhood and the local ladies would line up adoringly at the plate glass window in the front to watch the local hero train.

Well, Hart wanted the girls to look at him, too.

So he became an amateur and in between times when he was posing in the plate glass window, won the National AAU lightweight and welterweight titles.

Ready To Fight Anyone

He's ready right now to fight and welterweight in the world. Including Carmen Basilio," lauded Teddy Brenner, the St. Nick's matchmaker, after Hart bombed out former contender Hector Constance, whose victims include Kid Gavilan and Tiger Jones.

"Maybe he's ready," admitted Manager Marty Stein cautiously.

"But we'd rather bring him along as slowly as possible." "I'm only 21 and I'm in no hurry," publicly says Hart, who privately thinks he can whip any welterweight extant. "Maybe by fall."

7 Omaha vs. Minneapolis

Mayfair Golf Pro To Enter \$15,000 Pensacola Open

Some of the top members of golf's "Old Guard" along with a host of promising youngsters will be on hand March 7-10 for the second annual \$15,000 Pensacola Open Golf Tournament.

Jay Hebert, the husky Sanford Fla., golfer, who already has won two tournaments on the winter circuit and is rated as one of the pre-tourney favorites in the Baton Rouge Open, also will be here along with last year's one-two finishers, Don Finsterwald of Casey, Ill., and Bo Waininger, the former amateur star from Oklahoma.

Other long time followers of the pro circuit who will be competing for top money here include lame-armed Ed Furgol, always a threat; Jim Turnesa, former PGA champion and a member of golf's most famous family, Fred Haas, Jr., of New Orleans, Doug Ford, Dave Douglas and Walter Burkemo.

Heading the list of veterans will be Lloyd Mangrum, for years one of the game's most consistent performers. Mangrum, who plays out of Apple Valley, California, is an ex-Vardon Trophy winner and ranks among the top money-winners of all time.

Gene Littler, a top "money" performer and Peter Thompson, three-time winner of the British Open championship, head the list of younger linkmen who will be challenging the older pros.

Others include Arnold Palmer of Latrobe, Pa., winner of the \$30,000 Houston Open earlier this month; Don Finsterwald, another winner on the winter circuit; Julius Boros, former national amateur champ; Gardner Dickenson, Jr., of nearby Panama City; Bill Casper Jr., and Art Wall.

FSU Golfers Go After 2nd Straight Victory Saturday

TALLAHASSEE — Bolstered by the return of nine lettermen, Florida State University's golf team goes after its second straight victory here Saturday against Auburn.

The Seminoles linksters opened their season earlier this month by bouncing the University of Wisconsin 25-2 and the victory was their 18th straight dual meet triumph, dating back to 1935.

Coach Don Veller admits that he should have "one of the finest teams we've ever had," but adds that "almost every one of our opponents is improved considerably over last season."

Veller lost only Captain Bobby Dunn from last year's team which won 11 out of 11 matches, and finished fifth in the National Collegiate Tournament at Columbus, Ohio.

The big gun for the Seminoles

Night Baseball Sure Thing For SHS; Opening Mar. 19

Night baseball became a sure thing for the Sanford Seminoles this morning as City Manager Warren E. Knowles and Carl Hubbell, head of the New York Giants farm training system met in a conference.

"We don't in any way want to interfere with the local high school set-up," Hubbell said. "If Mr. Bracken says that night baseball will give the students and citizens a chance to go out to see the games and that night baseball will make it easier on the teacher and the students, I can only agree with him wholeheartedly."

Hubbell said that every game scheduled by the Farm Training System, both for Minneapolis and Dallas, would be afternoon games. He also said that night baseball would be beneficial to the good will of the school and the community and should be encouraged in every way.

Andy Bracken, principal of Seminole High School, said this morning, "It's wonderful of the city and the New York Giants organization to recognize the benefits of night baseball on the high school level. Wonderful cooperation such as this can do nothing but build a close knit community-school relationship that will most certainly include the Giants organization."

The Giants have a blanket agreement with the City of Sanford for the use of Memorial Stadium at all time desirable to their training program or practice games.

The season opener for the Seminoles will be March 19, when they play host to Winter Park in a night performance in Memorial Stadium.

shotmakers is captain Edwin Jenkins of Jacksonville, a senior who holds the Tallahassee Country Club course record with a 62, a feat he did twice.

Another outstanding Seminole golfer is senior Harry Shoemaker of Signal Mountain, Tenn., who last year won the national left-handed golfing championship.

The other lettermen are Bunk Berry, Dave Morris, Bob Shave, Billy Shelton, Bob Shuman and Jack Vegte, all of whom placed high in the recent George Washington tournament here.

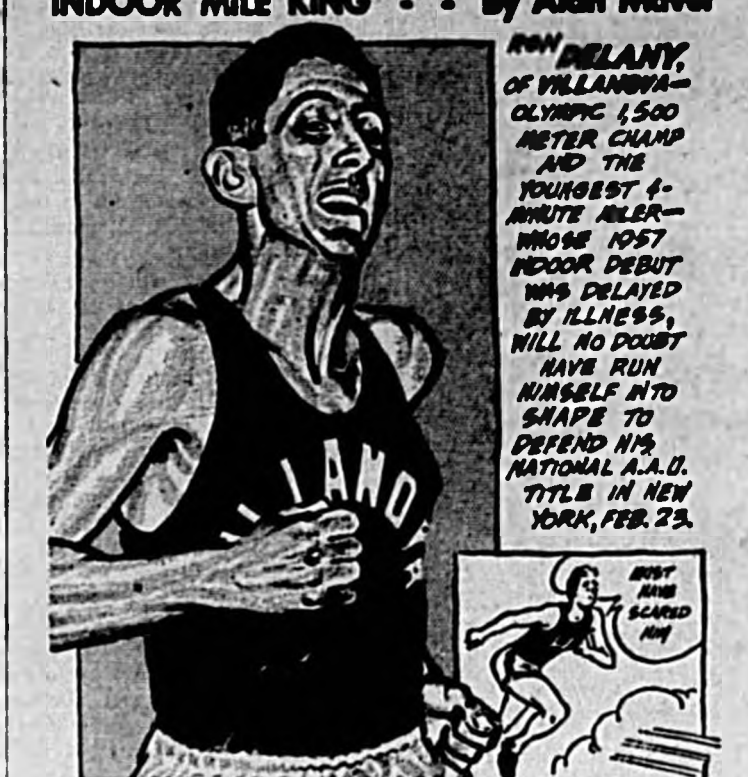

The Seminoles have still another golfer who has tied Jenkins' course record with a 62. He's Billy Thornton of Jupiter Beach, who is not eligible this season because he is a transfer.

Veller also has several outstanding freshmen golfers on hand to bolster next year's team, including Phil Fagan, Dick Hanson, Hugh Hayes, Bruce Milligan, Dave Onstad and Albert Yancey.

The feature of the 11-match schedule is two meetings with the University of Florida, whom the Seminoles defeated twice last season.

The Seminoles and Gator golfers will meet a week from Saturday here and then will tangle April 1 in Gainesville.

INDOOR MILE KING - - By Alan Mayer

Louis Says Marciano Could Regain Title

By OSCAR FRALEY

United Press Sports Writer NEW YORK UP—Joe Louis, whose fistie comeback was a farce, says that Rocky Marciano could be the first man to regain the heavyweight championship of the world if he were to battle young Floyd Patterson "right now."

"Maybe it would be different by June, or later in the summer, but right now Marciano would be too strong and carry too much weight for Patterson," Louis reasoned.

The memory of those merciless Marciano fists, which ended Joe's career in 1935 when they sent Louis crashing to the canvas unconscious, are still with the big man who ranks as one of the ring's immortals.

Too Much Power

"He hurts you wherever he hits you," Louis asserted. "He'd have too much fire power for Patterson right now because, after all, he hasn't been out of action much longer than he would ordinarily have been if he was still fighting."

"Maybe by June or by summer time Patterson would have gained more experience or developed more," Louis analyzed. But right now he'd have to pick Marciano. Looking back on his own career now that it is far behind him.

Annual Governor's Baseball Dinner March 5 In Tampa

Tallahassee—The nation's top baseball officials will be honored at the annual Governor's Baseball dinner March 5 at Tampa.

Final plans for the event were announced today by the Florida Development Commission, which reported 350 persons will attend the dinner scheduled to be held at the Tampa Terrace Hotel. Reception will be held at 6 p. m. and the dinner will begin at 7:30 P. M.

Red Barber, nationally prominent sports commentator who started his career as an announcer with WRUF, University of Florida station at Gainesville, will be the toastmaster. Barber is baseball commentator for the New York Yankees and also appears on national TV chains.

The dinner will honor baseball's top officials, and sports writers, photographers and sportscasters of Florida and those covering the spring training activities. The dinner is an annual gesture of appreciation for the economic and other benefits brought to Florida by the 12 major league clubs and more than 100 minor league clubs.

Dr. E. J. Pendergrass, pastor of the Orlando First Methodist Church, will give the invocation. Dr. Pendergrass was formerly of Tampa. Mayor Nick Nuccio of Tampa will give the address of welcome, with the response by Ford C. Frick, commissioner of baseball.

Introduction of special guests and celebrities will be handled by Gabe Paul, vice president of the Cincinnati Baseball Club which trains at Tampa. Sam T. Dell Jr., chairman of the Florida Development Commission, host organization, will introduce Gov. LeRoy Collins.

Don't ever feel right until I'm square."

Economy

(Continued from Page 1)
In addition there are civilians who own homes.

"We estimate that there are at least 1,000 homes owned by Navy people in the Seminole County community," said Krider.

Both Senators and Congressmen want to bat for us," commented John Krider as he explained that since the location of the base was not between two points in Florida but was only an expansion of present facilities they would be behind us.

Krider told the meeting last night that "Oceola is out."

"I believe that the main thing we found out was that the whole picture boils down to one thing: Oceola is in fifth or sixth place. Then the question was 'What to do?' and the answer was—expand the present base and not take a 10 to one chance in a fight for Oceola because the expansion of the Sanford Naval Air Station would have the support of everybody," he said.

"We have something we can give our teeth into," he said. Then the Chamber of Commerce Manager outlined the "things we must do."

1) Get additional money to carry the program on.
2) Look into the additional land acquisition.
3) Secure resolutions from all official bodies, civic clubs, and groups stating that Sanford wants the Sanford Naval Air Station with its additional noise, wants the Sanford Naval Air land acquisition, and other unattractive features.

Krider stated, in the concluding remarks of his report that "We have an Armed Forces Committee, headed by Andrew Curran, with a program which I believe will 'nail down the Naval Air Station'."

Bradley Odham praised John Krider and said "We're extremely fortunate in having him as Secretary of the Chamber of Commerce. He's doing a terrific job. He is capable as any of us in the county."

Calling for more funds to complete all of the details necessary to submit the Sanford Story to the Secretary of the Navy, Odham said "We weren't selfish and the basis of survival—but the defense of our country must be put before all else. We're not only fighting for the base but for the money to make it an adequate base."

"I think this looks good," said Odham if we sell our advantages. We have the best living in the world."

Again praising Krider, Odham said "You've got it in good hands."

Henry Balch, reporting to the group last night said "I went along as a part of the community that is just as interested in the payoff as you are."

"One of the most important things to be recognized," said Balch, "is the Navy consciousness of good relations with the community."

Krider, speaking again pointed out that the Navy has an \$11,000,000 payroll here at Sanford. "If we continue to pull together we will be able to accomplish our purpose. What is good for Sanford is good for everybody. We must drop our barriers and fight for the thing that is good for us."

"I believe we should pull all the stoppers," said Krider. Odham said "I feel that if we do the job we will get the base."

The Board of Sanford City Commissioners unanimously approved a resolution requested by the delegation. The Board instructed the City Attorney, William C. Hutchison, to prepare in accordance with the points brought out.

When the disturbance was at the edge of the County and seemed to be pointing northeast toward Sanford, Peterson and his sub-chairman made strenuous efforts to learn more about it. The planes at the Sanford Naval Air Base had reportedly been grounded.

Fortunately the disturbance blew itself out, the community was saved the calamity and Red Cross officials did not need to alarm the public.

Legal Notice

IN COUNTY JUDGE'S COURT, SEMINOLE COUNTY, FLORIDA, ESTATE OF ROBERT L. CHAMBERLAIN.

NOTICE TO CREDITORS: TO ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE:

You and each of you are hereby notified and required to file any claims and demands which you, or either of you, may have against said estate in the office of Hon. ELMER J. HUNTER, County Judge of Seminole County, at his office in the Court House in Sanford, Florida, within eight calendar months from the time of the first publication of this notice. Each claim or demand must be in writing and contain the place of residence and post-office address of the claimant and must be sworn to by the claimant, his agent or attorney, or the same shall be void. As Administrator of said estate.

First Publication on March 5, 1947

TV TODAY AND TOMORROW

By Ralf Nordstrom Feature writer TV Guide

NBC IS ROMANCING ALFRED HITCHCOCK, wants him to produce and direct an hour-long film series in addition to his established show on CBS. Given the stories, he's willing.

TV like a bee in a garden, now has a handsome deal with Alfred Hitchcock to narrate and appear in a film series based on famous crimes. . . . Lana Turner is asking \$75,000 to do a TV spectacular. So far no takers. . . . Producers of West Point, after weeks of dickering with the FBI, gained permission to film a story built around the cadets marching in President Eisenhower's inauguration parade. The may appear in the show to be telecast just as soon as the film can be edited. . . . Bob and Ray (Elliott and Gouding) may return to network TV with a five-minute late-night comedy show on NBC, preceding Tonight.

Lana Turner ... \$75,000 EDDIE FISHER'S LAST SHOW in his twice-weekly NBC period will be around the end of February. Either Jay P. Morgan or Frankie Carle will take over the time. . . . Pearl Buck has written an original play for Robert Montgomery Presents in March. Miss Buck's first TV original, the Big Wave, was telecast last Fall on the Alcoa Hour. . . . A new adventure series, African Patrol, is now in active production in South Africa for Gross-Krause, with 26 episodes to be made for syndication. . . . Judy Garland's proposed February show for CBS is off. Star and network couldn't get together. . . . Dean Martin has been turning down series offers. Says he doesn't want to work every week. . . . Lucy and Ricky Ricardo's new neighbor in the suburbs will be Mary Jane Croft, one of radio's top actresses. New locale will include Fred and Ethel Merz — as chicken farmers.

MARY MARTIN MAY DO Annie Get Your Gun for six weeks at the Philharmonic Auditorium in Hollywood next Fall. The stage show will then be transplanted bodily to NBC's Burbank color studios for telecasting. . . . George Gobel has signed with CBS to make two albums this year. The first will be titled Lonesome George, second will be a Christmas album on the light side. . . . Marge and Gower Champion will alternate with Jack Benny on Sunday nights when Private Secretary exits. Champion show is being written by Joe Connelly and Bob Mosher, long-time writers of the Amos-and-Andy radio show. . . . NBC may add to Ray Belger's Washington Square in March. Entertainment is now measured in hours, and it takes 25,000 hours of it a year to satisfy TV alone.

ASSISTANT SECRETARY OF Defense Robert Tripp Ross arrives at the Senate Investigations subcommittee in Washington to testify on awards of military clothing contracts to a company headed by his wife. Subcommittee chairman John L. McClellan (D-Ark.) refused to reveal the testimony and said a decision would be made shortly on whether open hearings would be held. Ross is on voluntary leave of absence until the conflict of interests issue is finally settled.

STAMP OF APPROVAL.

NEW YORK — A 30 million-to-1 shot came through Monday when New York Times' radio station WQXR received a rare stamp in the mail. An anonymous fan wrote a note to announcer Duane Forno. The envelope was stamped with a 1936 Christmas tuberculosis seal.

Dirt Gardeners' Circle To Visit Experiment Station

A visit to the Central Florida Experiment Station on Celery Ave. will be made by the Dirt Gardeners' Circle of the Sanford Garden Club on Friday, March 8.

The members will meet at the home of Mrs. M. L. Cullen, 208 S. Elliott Ave. at 10 a. m. After a brief business meeting they will proceed to the Experiment Station where Dr. R. W. Ruprecht will explain the functions of the Station and the services available which are of special interest to gardeners.

Hostesses for the meeting will be Mrs. M. L. Cullen, Mrs. R. F. Robinson, Mrs. H. N. Sayer, and Mrs. E. D. Rinehart.

Rawls Appointed Company's Field Representative

John W. Siles, General Agent in Orlando for The Volunteer Life Insurance Company, announced the appointment of Hardy W. Rawls Jr., as field representative for the Volunteer in the Sanford area.

Rawls, a native of Ocala, was educated in the public schools of Florida. He joined the Navy in 1933 and served 22 years in Naval Aviation. He was discharged with the rank of Chief Petty Officer.

Rawls is a member of the Masons, Elks, Lions and Shrine clubs. He also is a member of the Peace Officers Association. His church affiliation is Methodist.

The Rawls have three children. At present they reside at 2011 Grandview Ave. Sanford.

New Orleans In 2nd Day Of Mardi Gras Celebration

NEW ORLEANS — A half million tourists joined thousands of New Orleans Mardi Gras revelers today for a fling of "Fat Tuesday" merrymaking before the start of Lenten repentance.

The biggest attractions of this final day of funmaking will be hours of parading through Canal Street, the nation's widest, which traditionally becomes so gay that frecklers dance on the pavement. Rex, King of Mistletoe, will lead the first of four huge parades. Following Rex and his 20 floats depicting Biblical scenes, King Zulu will ride with his band of merry Negroes.

Zulu this year is William Boyking, a teetotaler who said he wanted more decorum in this traditionally rowdiest of all the parades.

WHAT'S \$2 MILLION

HOLLYWOOD — Producer Michael Todd told an informal press conference that he'd prefer to make less money on "Around the World in 80 Days," if that would mean more persons could see it.

"I'd rather make \$17 million and have everybody see it than make \$19 million and not have everybody see it," he said. "Besides, what could I buy with that \$2 million anyway?"

FORMER KING Farouk of Egypt and his daughter, Princess Ferial, 19, arrive at the Russian Orthodox Cathedral, Cannes, France, for the wedding of Princess Marie-Louise of Bulgaria and Prince Karl Vladimirovich of Leiningen, Germany. It was Princess Ferial's first formal society appearance. Farouk permitted her to go out dancing without a chaperone for the first time. She is the daughter of ex-Queen Farida, whom Farouk divorced because she bore him only daughters. (International)

New

(Continued from Page 1)
size of Florida cities was unexpected.

Streets were planned under a speculative influence, said Barry, for a quick property turnover with the result that there are numerous dead-end streets, alleys and other traffic headaches. Most cities, explained the traffic engineer, have outgrown their streets.

In naming the alternatives, to alleviate the traffic tangles and smooth flow of present day travel there must necessarily be new construction.

However, the new construction would be planned through the use of expressways, street widening and off-street parking facilities. These, he said, should be planned in conjunction with making use of existing facilities.

A flexible traffic control, too, with realistic speed controls, traffic actuated signals, and the extended use of "Yield right of way" signs should be utilized.

To carry out these plans, he said, there should be parking removal if justified, one way streets, and an overall thoroughfare plan.

In the final phase of his study the Alternatives of a Traffic Planner, Barry explained how the alternatives can be promulgated.

Through the use of comprehensive studies of both traffic and the community, he commented, as he set forth four examples.

These he named as: population and registration trends, volume studies, origin and destination studies, and a street inventory.

Dr. Charles L. Persons, president, the invocation was offered by the Rev. Lucian Scott and the visiting Rotarians and guests were introduced by Sgt. at arms Dr. Phil Westgate.

ASBESTOS HIRER Tommy Manville plants a kiss on the cheek of his former wife, Anita Roddy-Eden, in New York after she was married to actor John Sutton (left). Anita was Tommy's ninth bride several years ago, but this is only her second marriage and Sutton's third.

A SLIGHTLY HARRIED DINGO named Peggy feeds her litter of pups at the London Zoo with a worried expression on her face. The nine hungry youngsters, including one at left, kept the mother busy at the age of only three days as this picture was taken. A dingo is a wild Australian dog with many vicious characteristics of the wolf.

CofC Seeking 'Voice Of People' On Navy Base Situation Here

1,470th Annual
Lenten Season
Opens Today

WASHINGTON — Ash Wednesday services in Catholic and Protestant churches today summoned Christians to the 1,470th annual observance of the holy season of Lent.

Lent has occupied its present place on the church calendar—the 40 weekdays and six Sundays preceding Easter—since 487 A.D. In that year, Pope Felix II formalized a custom that had been growing in Christian communities since the 2nd Century of setting aside a special period of solemn preparation for Easter.

Roman Catholics, Episcopalians and Lutherans always have placed heavy emphasis on Lent. In recent years, a growing body of Methodists, Presbyterians and other Protestants have participated in Lenten programs.

Lent traditionally recalls to Christians the 40 days of fasting and prayer that Jesus spent in the wilderness to prepare for His ministry.

Modern observances vary considerably from one Christian faith to another.

Man Commended For Observance, Prompt Action

Samuel H. Gay Jr., civilian member of the Sanford Naval Air Station Crash and Fire Division has been awarded a letter of commendation by Captain Robert W. Jackson, Commanding Officer of SNAS, for his keen attention to duty and prompt action whereby an aircraft accident aboard the station was very probably prevented.

The letter of commendation read in part: "On 24th January 1957, while an A-1 aircraft was preparing for takeoff, you attracted the attention of the crew to some discrepancy of the right main wheel of the aircraft. Upon investigation one wheel was found to have broken a bearing. Had the crew attempted to fly the aircraft in this condition, a serious accident would very probably have ensued.

It is with pleasure and gratitude that I commend you for your observance and prompt action. You may be justifiably proud of your contribution to the United States Navy."

Gay is a veteran of World War Two, and was awarded the Purple Heart for wounds sustained while serving with the Army.

Mr. and Mrs. Gay and their three children reside at 310 Grenola Ave., Winter Park.

Riding Club Will Meet Tomorrow

The Dusty Boots Riding Club will meet tomorrow night at 8 o'clock at the Sanford Farmers' Auction Market just off Highway 17-92.

Announcement of the important session was made today by officials of the organization.

Resolutions approving the expansion of the Sanford Naval Air Station are beginning to take shape with the Board of Seminole County Commissioners and the First Christian Church of Sanford taking the lead.

Yesterday, the Board of County Commissioners presented its resolution, prepared by County Attorney Mack N. Cleveland Jr., for approval.

The resolution met unanimous approval of the board.

Church Approves Resolution Favoring Retention Of SNAS

The official board of the First Christian Church, Clyde E. Feathers, chairman, met Tuesday and unanimously authorized the adoption of a resolution favoring the retention of the Naval Air Station in Sanford. Lester Sharp, George W. Morgan and Pastor Perry L. Stone were appointed to draw up the resolution. It will be signed by board members Sunday and sent to Senators Smathers and Holland, Rep. Herlong and Navy Secretary Thomas.

The board also approved plans presented by the property committee, Chandler Vail, chairman, to amend with cypress the rear of the sanctuary channel to match the ceiling.

Though the sponsorship of the Friendship Circle, Max Stephens, president, the church acquired a new Print-O-Matic duplicator which is electrically driven and fully automatic.

HARRY WISE, SANFORD will perform his feats of magic for the Lions Club show, Thursday and Friday of this week at the Civic Auditorium in DeBary. Proceeds from the show will benefit the procurement of playground equipment. (Photo by Jameson)

Israel Starts Troop Withdrawal Today

UNEF Awaits Orders

Israel began withdrawing from the Gaza region in the wake of a series of ambush attacks on Israeli forces there during the night. One Israeli soldier was killed and two wounded. An Arab resident of Gaza also was killed.

A strict curfew was clamped on the Gaza region in the wake of a series of ambush attacks on Israeli forces there during the night. One Israeli soldier was killed and two wounded. An Arab resident of Gaza also was killed.

An official report in Jerusalem said the Gaza Strip would be evacuated of Israeli military and civilian administrators tonight.

U.N. Troops Await Orders

Troops of the United Nations Emergency Force were at the border of the Gaza Strip, waiting to take over from the Israelis. Long convoys carrying Indian, Swedish and Colombian units moved to the frontier throughout the day.

At Sharm el Sheikh the evacuation was to all intents and purposes completed, equipment having been loaded aboard two ships and a flight of cargo planes. The actual departure from this control site on the Gulf of Aqaba was a mere formality.

The Arab world fell in line with peaceful moves as Israeli forces left the last segments of Egyptian territory taken during the invasion of last October.

In Damascus, the Syrian government gave permission for repairs to the vital oil pipelines which were blown up during the Anglo-French attack on Egypt.

The next step apparently will be an okay by Egypt for a U.N. salvage force to complete clearance of the Suez Canal. Egypt had delayed reopening the vital waterway until Israel completed its pullout.

PARENTS AND STUDENTS DISCUSSED the question "How can we in Seminole County try to meet the actual needs of our teenagers in the recreational field?" at a meeting of the Parent-Teachers Association at Seminole High School last night. Those participating in the panel discussion were: (left to right) George Dabbs, Seminole High School science teacher and moderator; the Rev. Milton Wyatt, First Methodist Church; Mrs. Fay Ives, social worker and teacher; Miss Barbara Rohs, girl physical education teacher; W. W. Tyte, parent and local businessman; Dick Hountree, Seminole High School junior; Ellen Vihlen, Seminole High School junior; Edward Christensen, Spanish and algebra teachers; and Mrs. Homer Little, parent and housewife. Weather

Considerable cloudiness, with occasional showers through Thursday. Little change in temperature. Low tonight 51 to 62.

Court Refuses To Review Dispute Over Harness Track

TALLAHASSEE — The Supreme Court refused today to review a dispute over location of a harness racing track near a dog track in Seminole County until it is first settled in Leon Circuit Court.

Attorneys for the Sanford-Orlando Kennel Club asked the

court to clarify a 1947 law prohibiting location of one race track within 100 miles of another. The proposed harness track, approved by Seminole County voters last November, would be about three miles from the dog track.

Miami Attorney Carl T. Hoffman said a 1953 decision by Justice H. K. Roberts failed to clear up the question of whether the law applied only to identical racing facilities or would also prevent a horse track from locating within 100 miles of a dog track.

Dog track attorneys brought suit in Leon Circuit Court, naming the Racing Commission as one defendant since the commission had issued a permit to the harness track. The Supreme Court indicated at oral arguments Feb. 25 that the only matter it felt it could consider at this time was whether the election was actually held and "that question is now moot."

Firemen Convene In Casselberry

The Lake Mary Volunteer Fire Department was represented at the recent meeting of the Seminole County Fireman's Association held at Casselberry.

Mrs. A. L. Walter was named to choose the winner of an 8mm movie camera and projector who was Elmer Helms of Casselberry. Next meeting of the association will be held at the Sanford Fire Department on March 27.

Services Held In Belle Glade For R. Cameron

A High Requiem Mass was held Monday at St. Phillips Catholic Church in Belle Glade for Robert A. Cameron, 51, who passed away suddenly at his home in Belle Glade last Friday morning.

Mr. Cameron was the son of the late Mr. and Mrs. Robert A. Cameron of Sanford.

Officiating at the High Requiem Mass was the Rev. J. J. Kelleghran of Delray Beach, assisted by the Rev. Cronin of Belle Glade.

Survivors include: his wife, Helen Mayer Cameron; sons, Robert A. Cameron IV, of Oviedo and Ronald A. Cameron, Belle Glade; two sisters, Mrs. John E. Gradick, Sanford and Mrs. John B. Hult of Panama City; brothers, Richard Cameron and Bruce Cameron of Sanford; Earl Cameron of Newark, N. Y.; St. Claire Cameron of Atlanta, Ga.; Capt. Charles Cameron of the U. S. Marine Corps, Miami; and two grand children, Robert A. Cameron V and Jean Colleen Cameron, Oviedo.

Burial was in Hillcrest Cemetery, West Palm Beach.

Woman Gets Award For Contribution To Work Procedure

Mrs. Katherine B. Smith, Naval Air Station civilian employee, was presented a cash award of \$15 by Capt. Robert W. Jackson, during recent ceremonies held aboard the Naval Air Station.

Mrs. Smith, a member of the Stock Control Section NAS Supply Department, was instrumental in devising a method for improved work procedures which provided Naval Air Station with a substantial saving for the year.

Mrs. Smith is the wife of John B. Smith, Aviation Technician Third Class, who is presently serving with HATU aboard the station. They and their 16-year-old son are presently residing at 2427 Princeton Ave.

Commission Denies Self Pay Raise

Seminole County Commissioners refused to approve a pay raise for themselves at yesterday's meeting of the Board.

Commissioner B. C. Dodd suggested that the salary of county commissioners be raised to \$200 per month plus a \$50 expense allowance. He said "With the responsibilities we have and the amount of travel necessary to carry out our duties, that amount is not too much."

However, the first one to counteract the Dodd proposal was Commissioner John Krider. He said "A salary of \$200 would be enough at the present time."

Commissioners now draw a flat salary of \$150 a month.

Commissioner Homer Little, when asked his opinion on the suggested pay raise said "I can stand a raise but we knew what

we would get when we ran for the office. But I don't think \$150 is enough."

Commissioner Lawrence Sanford suggested that the commissioners approved a \$50 expense account for the commissioners.

Dodd immediately said "I am not going to vote unless it is \$250. It will be that or nothing."

The approval of any raise in salary must be submitted to the Seminole County delegation and legislation enacted in the coming session of legislature setting the new level of pay.

Swofford pointed out that he and Commissioner Dodd were responsible for the largest territories and districts in the county and necessitated a greater amount of travel. "It is expensive to operate a car, too," he said.

A poll of the Board was taken with each commissioner approving a \$50 expense allowance added to their \$150 salaries. However, Commissioner Dodd refused to go along with the smaller amount. He said "I'll go along with you at \$75 a month—in other words, split the difference with you."

Commissioners were attempting to secure a unanimous approval of the suggested \$50 expense.

Commissioner Krider, appealing to Dodd to cast the unanimous vote said "We're not basing our request on salary but just to be reimbursed for car expense."

Dodd finally approved the motion just prior to adjournment of the Board meeting at 4:30 yesterday afternoon.

ICR Official Says South's Industrial Development Great

"Industrial development in the South shows strength and growth potential unequalled in its history," said Robert A. Trevillion of Chicago, vice-president in charge of traffic for the Illinois Central Railroad. Trevillion is visiting the railroad's sales and service offices in Alabama, Florida, Georgia and Tennessee. During his month-long trip he will also visit with business and industrial leaders in this area to appraise business outlook for future months of 1957. With the Illinois Central traffic executive in Sanford yesterday were P. A. Webb Jr., Assistant Freight Traffic Manager, Birmingham, and D. W. Wollen, Commercial Agent, Orlando.

Trevillion said national industrial expansion during 1954 should prove to be nearly \$35 billion, up about \$4 billion from 1953. He said the South shared in this expansion to the extent of \$10 billion. The Illinois Central traffic officer said it has been predicted that by 1965 the South will have about 30 per cent of the country's manufacturing facilities, which will mean the addition of 10,000 new plants during the next ten years.

Citing facts concerning manufacturing growth in the South, Trevillion said:

"The South has increased its share of the country's manufacturing facilities from 9 per cent in 1900 to 22 per cent today. World

G. A. Tyler, 78, Succumbs Tuesday

G. A. Tyler, 78, passed away at the local hospital at 1 a.m. Tuesday following a short illness.

Mr. Tyler was born Nov. 23, 1878 in Darin, Wis., and had made his home in Osteen for the past 36 years.

Mr. Tyler was a member of the Baptist Church, a retired school teacher, and served as County Commissioner from the Osteen District for six years during the late 1920's and early 1930's.

Survivors include: the wife, Mrs. G. A. Tyler, Osteen; one son, Wesley L. Tyler of Enterprise; one daughter, Mrs. Lenore Blocker, Chipley; seven grandchildren; three great grandchildren; and one brother, Leon Tyler.

Funeral services will be held at 2:30 p.m. tomorrow at Brison Funeral Home with the Rev. Cardozo of the Osteen Baptist Church officiating.

Burial will be in the Osteen Cemetery.

Students in the class of Sadi S. Korutuck, far left, associate professor in the University of Florida's College of Architecture and Fine Arts, entered a competition for design of a blood bank building for Gainesville. Winners were, left to right, Ray Malles, Kearny, N. J. second; Foghan Kelly, third, son of Mrs. Harold H. Kastner, 1601 East 2nd St., Sanford; and L. C. George, first of Blountville, Tenn.
