

# WOM Chapter Hears Program On Welfare

Members of the Monday night welfare meeting and program of the Women's Chapter of the Florida State Welfare Department who gathered at the club's welfare program.

As part of the overall work program by Mrs. Shown included old age assistance, health program, aid to the blind, new home program, medical care to the aged and aid to dependent children.

Mrs. Marion Schweichert, social service chairman, was in charge of the enrollment

ceremonies for four new members to the following club. Joining the South Chapter O were Mrs. Louise Sloan, Mrs. Irene Kent and Mrs. Christine Manbeck.

Refreshments of punch and Christmas cookies were served during the social hour which followed the enrollment.

Mrs. Schweichert, as social service chairman, also is in charge of arrangements for the Chapter project through which four families in Seminole County will be provided

supplies for a Christmas dinner of turkey and all the trimmings.

The Chapter's annual Christmas Party for children of the Moose and Women of the Moose is being planned under direction of Mrs. Eloise Small and will be held at 2 p. m. on Sunday, Dec. 22, in the Lodge Hall in Lake Mary.

Members are to bring wrapped gifts, not to exceed \$1 in cost, for their own children and Santa will be on hand to distribute them. Refreshments will be served.

All members and families of both organizations are invited to attend.

## DeBary AARP Plans Holiday Meeting

By Mrs. Adam Muller

The Christmas meeting of the DeBary Chapter, American Association of Retired Persons, will be held at 9:30 a. m. Friday in the Recreation Hall of the Fire Station.

Refreshments will be served by Harry Bell, fellowship chairman, to open the meeting and a program of Christmas carols will be led by Mrs. H. Whiteaker with Laura Platt Brown serving as piano accompanist.

Members will receive copies of a comprehensive analysis guide for comparing health insurance contracts which have been prepared by Elmer Grumbacher, past president. Mr. C. Ulrich, president, reports that studies have shown marked variations in conditions and provisions for payments in hospital and surgical insurance contracts and it is felt that some guide lines are needed to evaluate the flood of new contracts now being offered.

Howard Middleton, program chairman, advises that a representative of the Bureau of Internal Revenue will attend the Jan. 10 meeting of the group to explain new provisions of the Federal Income Tax Return.

## Oviedo Masons Elect Officers

By Bernice Kelsey

Oviedo Lodge 243, F & AM, elected officers for the 1964 year at a meeting of the group held Monday night in the Lodge Hall.

Elected were Dan C. Johnson of Maitland, worshipful master; J. Russell Grant of Longwood, senior warden; George M. Holder Jr. of Casselberry, junior warden; J. Thomas McLain of Geneva, treasurer for the fifth consecutive year and Robert A. Cameron IV of Oviedo, secretary for the sixth consecutive year.

## Altamonte Club Has Program On 'Christmas In America'

By Julia Barlow

An enlightening and thoroughly interesting account of "Christmas in America" was presented by Mrs. Julia Day when she was guest speaker recently at the annual covered dish Christmas luncheon of the Altamonte Springs Civic Club.

Mrs. Day explained that the only holiday observed by the early settlers was Thanksgiving as they could not find any evidence in the Bible providing a basis for celebrating Christmas and that it was in the middle of the 19th century

## Welcome Wagon Sets Meeting

The South Seminole Welcome Wagon Newcomers Club will meet next Thursday at 11:30 a. m. at the Villa Nova Restaurant in Winter Park for luncheon and cards.

Members will be asked to donate one dollar for the club's charity projects in place of the usual gift exchange. Four needy families were helped by the newcomers at Thanksgiving and for Christmas they plan to outfit the two girls whom they sponsor at Sunland Training Center and aid the old folks at the Shaver Nursing Home in Casselberry.

Mrs. Jo Mayo and Mrs. Mary Ann Miles recently visited Sunland and took a large quantity of clothing which was donated by the South Seminole Elementary C.T.P. following their rummage sale.

Forty club members enjoyed the buffet luncheon and benefit matinee at the Orange Blossom Theater Wednesday.

## Board To Meet

The executive board of the Longwood Elementary PTO will meet at 8 p. m. today in the Teacher's Lounge to plan the agenda for next Tuesday's meeting of the general membership. All board members are urged to attend.

## Lyman Initiates Beta Club Members

By Jane Casselberry

Twenty-four students of Lyman High School were initiated into the Beta Club last Friday in a candlelight ceremony held in the school auditorium before the entire student body.

Those initiated were Seniors — Peter Carlson, David King, Mary Mac and Paula Middle; Juniors—Andrew Hincley, Larry Marshall, Mary Midgette, Susan Lakatosh, Kerry Parker and Gwyn Stephens; Sophomores — Stephen Brady, Robert Goplen, Thomas McLaughlin, Kelly Trawick, Demetrius Thernanos, Dorian Thernanos, Candice Bamford, Nancy George, Kathleen Kent, Cynthia Legg, Eunice Murray, Nancy Payne, Mary Peterson, and Carolyn Thomas.

Lyman Faculty members, Mrs. Mildred Dzurus, Ray Pharr and Jim Payne, who are members of the Beta Club, were honored.

Pharr spoke on the subject, "What the Beta Club Meant to Me." Principal Carlton Henley administered the pledge to the new members and gave a short inspirational talk.

## South Seminole Garden Club To Meet

By Jane Casselberry

The December meeting of the South Seminole Garden Club will be held next Monday at 1:30 p. m. at the Casselberry Women's Club on Overbrook Drive with the theme of "Magie of Christmas."

Mrs. E. P. Richards will present a monologue entitled "Marital Showdown." Members of the executive board will present a playlet, "Strategy in Garden Club."

Each member is asked to bring a 60 cent toy or gift for the Lions Club Christmas baskets. Each should be marked with the age and sex of the child who might enjoy it.

There will be a gift exchange of 15 cent gifts pertaining to gardening among members of the club.

Hostesses will be Mrs. Elton Bennett, Mrs. Walter Krohne, Mrs. O. W. Holmes, Mrs. Ralph Hammond and Mrs. W. J. Hartley.

## Unit To Meet

The Auxiliary Unit of South Seminole VFW Post 8207 will meet at 8 p. m. today at the Post Home on the Old Dixie Mrs. Ruth Hopkins, president will conduct the meeting.

## Christmas Sock Hop Planned

By Jane Casselberry

A Christmas Sock Hop for young people, 12 to 18 years, will be sponsored by the Casselberry Recreation Commission on Saturday, Dec. 21, from 7:30 until 11:30 p. m. in the Women's Club Building on Overbrook Drive.

It is requested that girls attending wear dresses or skirts and blouses and boys wear slacks and sports shirts. Youths from Casselberry will be admitted free but a small admission will be charged those from other areas.

Invitation also is extended to adults and parents who would like to assist as chaperones for the dance.

## Fire Auxiliary Sets Luncheon

By Mrs. Adam Muller

A covered dish luncheon for members of the Auxiliary to the DeBary Volunteer Firemen's Association, and their husbands, will be held at 6 p. m. next Monday in the Recreation Hall of the Fire Station.

Meat, beverage and dessert will be provided by the Auxiliary. Those planning to attend are requested to bring a supplementary covered dish and their own table service.

## Den Mother Aids Handicapped Boys

CUB SCOUTS of Pack 232, made up of handicapped youngsters at Forrest Park School, are making Christmas gifts for their parents under direction of Den Mothers Mrs. Mary McEnany and Mrs. Frances Setje, left to right, who are shown with Ed, Billy and Mark, members of the pack.

## Altamonte PTA Has Meeting

By Julia Barlow

This month's meeting of the Altamonte Springs Elementary PTA was held on Dec. 3 at 7:30 p. m. in the school auditorium.

The meeting was opened with the presentation of a living Nativity Scene by Mrs. Sue O'Hara's fifth graders followed by a Christmas carol song fest.

During the business meeting it was reported by Mrs. Louise Kirschner that the Halloween Carnival brought in a net profit of \$839. The magazine sales project has been completed and final reports will be given at the next meeting.

Mrs. V. Segrest reported that student eye exams by means of tele-biocular are nearing completion.

An informative program on growth of student enrollment and teaching personnel since 1955, projected until 1968, was presented by R. T. Milwee, Stewart Gachel, William Horton and Mrs. Margaret Golt of the Seminole County School Department.

Refreshments were served by fifth grade mothers at the close of the meeting.

## Bear Lake PTA Has Program

Highlight of the Dec. 3 Bear Lake Elementary PTA meeting was the presentation of "Harvest of Songs," a musical program given by fourth, fifth and sixth grade music students of Mrs. Mary Frances Hollen.

Those taking part in the program appeared in Puritan costume.

Mrs. Kay Viets, ways and means chairman, announced that the special full-length color cartoon, "The Snow Queen," which will be shown Saturday from 2 until 4 p. m. in the school auditorium, will be the last movie until after the holidays. The regular schedule of the every-other-Saturday movies will be resumed on Jan. 11.

Mrs. Mary Krenzer informed that there still is time for parents to "climb aboard the PTA Member Ship as a passenger" and that a "short picture of the "ship" is in the school office.

There will be no meeting of the PTA in January.

## Area C Of C To Meet

By Donna Estes

The December meeting of the Longwood Area Chamber of Commerce is scheduled for 8 p. m. today in the Civic League Building on Church Street.

Bud Scott, temporary chairman, will preside at the meeting for which no special program has been planned.

## DeBary Club To Offer Class In Sculpture

Plans to offer a class in sculpture, if sufficient interest is shown, were made at last week's meeting of the DeBary Arts and Crafts Club held at the DeBary Mansion House with President Chester Eldridge presiding.

Those interested in the sculpture class, which would be taught by Col. Paul Bissell of Lake Mary, are asked to register at the Mansion or contact any member of the club.

In other business, changes to be made in the by-laws were explained. Archie MacNaughton gave a resume of the recent convention held in Hollywood and informed members that two lots at the Mansion entrance will be given to the Federation in place of two located at the swimming pool. This change in lot location will allow the view from the Mansion overlooking Lake Monroe to remain as it has been for past years.

Mrs. G. Patterson was presented as a new member by Mrs. Adam Muller, membership chairman.

The public is invited to view the Religion in Art exhibit now on display by the club and the Florida Circuit Show now hanging in the three main galleries at the Mansion.

## Moose To Enroll New Members

Enrollment for 20 new members will be conducted by Sanford Lodge 151, Loyal Order of Moose, at 7:30 p. m. Saturday with the lodge's own Degree Team presiding.

Candidates will be presented by Bobby Small, membership chairman.

Following the enrollment, which is restricted to members of the lodge, an Anniversary Dance will be held from 9 p. m. until 1 a. m. for all members and their invited guests. Music for dancing will be provided by Nick Pfeiff and his "Starlighters."

Both events will take place in the temporary Lodge Hall located above the IGA Food Mart in Lake Mary.

## Osteen Group To Sponsor Bazaar

By Mrs. Clarence Sawyer

The Osteen Civic Association will sponsor a Christmas Bazaar in the Parish House of Sanford's Holy Cross Episcopal Church this Friday from 9 a. m. until 9 p. m.

Light lunches of sandwiches, pie, cake and coffee also will be available.

All proceeds from the event will be applied to funds for building the proposed new Osteen Civic Center.

## Wayfarers Elect New Officers

The DeBary Wayfarers, meeting recently at the Community Center, elected a new slate of officers on recommendations as presented by George Nickol, chairman of the nominating committee.

Serving will be Samuel H. English, president; Joseph E. Keller, vice president; William E. Allen, recording secretary; John L. Diehl, financial secretary; John H. W. Goerts, treasurer, and Walter J. Conaty and Raymond H. Snyder, directors.

Officers will be installed at the Jan. 6 meeting of the group.

## Book Open

Mrs. Onnie R. Shomate, Longwood city clerk, announced today that the registration books in the city have been reopened and will remain open each day during regular office hours until Nov. 21, 1964.

## ICC Okays Merger Of ACL, SAL

### Seaboard Will Issue Shares For Purchase

WASHINGTON (UPI) — The Interstate Commerce Commission today approved the merger of the Seaboard Air Line Railroad and the Atlantic Coast Line Railroad despite the fact that it will result in a "significant reduction in rail competition in Florida."

The majority report, written by Commissioner R. L. Murphy, said the Interstate Commerce Act does not prohibit merger of financially strong railroads.

The combined organization, to be known as the Seaboard Coast Line Railroad, will comprise 12,300 miles of track, serving the Southeast from Virginia to Florida.

The ICC authorized the Seaboard company to issue 8,839,345 shares of \$20 par value common stock in order to acquire the outstanding shares of Atlantic Coast Line stock.

The Atlantic Coast Line's major routes currently extend from Richmond, Va., south to Jacksonville, Tampa and St. Petersburg, Fla. The railroad also serves such cities as Wilmington, N. C., Spartanburg, S. C., Atlanta and Albany, Ga., and Birmingham and Montgomery, Ala.

The merger has been opposed by the Justice Department, railway labor groups, the Florida East Coast Railroad, and others on grounds that it would create a monopoly.

"There is no question that there will be a significant reduction in rail competition in Florida," the report said.

But it added, "In much of Florida, Seaboard and Coast Line heretofore have had what might be described as an imperfect monopoly. At most, the rail monopoly that would result from the merger in portions of Florida would merely supplant the duopoly which has long existed there and from which there have been no appreciable adverse competitive effects upon communities or the shipping public."

### Moscow-Peking Split Widens

UNITED NATIONS, N. Y. (UPI) — Sino-Soviet relations worsened today with Communist China's denial of a Soviet statement that China demanded a UN seat as a price for expanding two UN councils to meet Afro-Asian demands.

The United Nations had been informed of the alleged Communist Chinese position by Soviet Ambassador Nikolai T. Fedorenko.

Thursday the Soviet Union sought to re-open the question of putting the Chinese Communists in the seat now held by Nationalist China.

The move was ruled out of order in the General Assembly's Credentials Committee because the same issue was decided earlier this session by the full assembly.

A broadcast from Peking accused Fedorenko of "cunningly masquerading" as Red China's champion in the United Nations while actually trying to split it from many of the African and Asian countries which support its claim for a UN seat.

### Lowdermilk Citrus Case Nearing Jury

A six-man jury was expected to get the case of C. R. Lowdermilk, charged in a \$200,000 citrus swindle, some time this afternoon, defense counsel advised Circuit Judge Volle A. Williams at noon.

Lowdermilk, with three others, is charged with bilking Ill-Acres Concentrate, Forest City, of \$200,000 in falsifying sales content of citrus juice.

Alba Hall, one of the four defendants, pleaded guilty earlier this week and turned state's witness against Lowdermilk.

Still to stand trial are Ralph Alderman and Billy Lamar Hammond.

The hostages, cooped up in a mine-union library in Cavati for the past week, have been generally well treated and are reported in good health.

Red Cross representatives who have been allowed to visit the hostages report that they are growing increasingly nervous as time passes, perhaps mindful of the fate of two American hostages killed in a similar outbreak in Cavati in 1949.

The hostages were seized last Friday to support Vice President Juan Lechin's demands for the release of three Communist mine-union leaders arrested on charges of killing a third union official.

There has been no significant change in the situation since then, despite a bristling exchange of ultimatums and threats and a certain amount of marching and counter-marching by government troops and miners' militia.

Heuss Mourned. STUTTGART, Germany (UPI) — West Germans today mourned the death of Theodor Heuss, their first post-war president, who died Thursday. He was honored as a modest and popular man who helped bring democracy to his country.

'Not Wisely, But Too Well'. Labor Class Teacher Forced To Bargain. RED BANK, N. J. (UPI) — History teacher Thomas M. Perry taught his senior class about the labor movement so well that he found himself facing their organized bargaining unit Thursday.

Thomas teaches at Red Bank High School and describes himself as a "fairly tough and demanding teacher."

That could be the reason the 31 members of the class showed up Thursday organized as "United Slavesworkers, Local 211." Some even carried placards which said "Boss Unfair."

The students presented Thomas with a seven-point petition including demands for a writers cramp break, more regard for the fact that students have other subjects, an end to excessive homework, a shorter term paper and more time to do it.

Thomas went along with the practical lesson in labor negotiations and sat down with the negotiating committee.

After deliberating, he granted one of the demands to give students more time to complete their term papers. The papers, however, will still have to be at least 6,000 words long.

### Karl Assails Fee Payment To Smith

TALLAHASSEE (UPI) — Rep. Frederick Karl of Florida said today a \$1,500 fee paid the state budget director as a "consultant" to the Turnpike Authority was "quite unusual and perhaps a little irregular."

Karl, who also is a candidate for governor, called on Turnpike Chairman John Phillips to provide him with information concerning the fee, specifying in detail the services performed in earning the money.

The payment to Budget Director Harry Smith attracted the attention of a legislative money watchdog committee which asked Atty. Gen. Richard Ervin for an opinion whether the turnpike agency had authority to make the payment.

Effect of the additional money was to raise Smith's salary from the legislative set amount of \$15,500 to \$17,000. The payment was made retroactive to July 1.

Karl said there seemed to be a conflict of interest caused by the fee which should not be permitted. "I would appreciate some information concerning it," Karl wrote Phillips.

The Volusia lawmaker said a bill was passed during the 1963 session giving the budget commission "watchdog" powers over the Turnpike Authority's finances.

Board To Decide On Election. A continued session of the Casselberry Board of Aldermen has been called for 7 p.m. today in the Town Hall to make a decision on ratification of the Dec. 2 municipal election returns.

Council Attorney Kenneth McIntosh has reported to the board that as of six minutes to 5 p.m., Thursday, no bill of complaint had been filed.

Capt. Gene Emma of the barge John K. Thursday produced logs of his vessel which showed that Allied removed a large amount of oil from a tank farm during the week before it started bankruptcy proceedings.

Emma testified that Allied removed more than nine million pounds of oil by barge between Nov. 12 and Nov. 19, the day before it filed for receivership.

Allied, headed by Anthony DeAngelis, filed for bankruptcy when it was unable to meet margin calls of \$18 million.

The firm had issued warehouse receipts showing it had 690 million pounds of oil in storage tanks. However, when the tanks were checked recently, only seven million pounds could be accounted for.

## City Dismissed In Slander Suit

City of Sanford was dismissed today as a defendant in two slander suits seeking a half million dollars. Circuit Judge Vassar D.

Carlton upheld motions by City Attorney William C. Hutchison Jr. that M. L. Saxson, doing business as Saxon Termite Control, Holly Hill, was in error in filing two petitions against the City and against City Manager W. E. Knowles over remarks allegedly made by Knowles at a City Commission meeting.

City as a defendant in both cases, each asking \$250,000, but left the door open for an appeal by the plaintiff's counsel.

Knowles continues as a defendant in the two cases, each asking damages of \$150,000 from the City Manager and each based on newspaper articles about the Commission meeting.

### Kidnapers Of Sinatra Jr. Said Known

LOS ANGELES (UPI) — The FBI today secretly pressed its search for kidnapers of Frank Sinatra Jr. while declining comment on reports it had taken motion pictures of the suspects with a long-range camera as the \$240,000 ransom was being picked up.

Frank Sinatra Sr. was reported by a close friend to have seen the pictures, taken with a telescope lens and infra-red light, and recognized two of the suspects.

The friend, director of one of the San Francisco Bay area's largest liquor distributorships, refused to have his name used.

He and a Bay area night club owner who corroborated the story, said they wished to remain anonymous because of the delicate nature of the search and to protect people from whom they received the information.

There were other published reports of alleged developments in the case, including one by a reporter for a New York City newspaper that the agents who questioned young Sinatra "felt he was too pat with his answers. Too neat."

The FBI declined to comment on the report but Jim Mahoney, spokesman for the elder Sinatra, quoted the federal agents as saying they never had talked to the New York reporter.

In Washington, the FBI disclosed today it has the serial numbers on the ransom money. A spokesman said a list of numbers is being distributed throughout the nation. It is 41 pages long.

Atty. Gen. Robert Kennedy, who offered his assistance in the case when young Sinatra was kidnaped Sunday night at Lake Tahoe motel, also was reported active in the case here.

### Editorial Comment:

## All-Out Effort

Sanford Herald readers are assured that county leaders are "working all out" to induce the State Board of Control to place the new four-year undergraduate university in Seminole County.

The choice lays between Seminole and Orange Counties . . . each have two sites in the running. Orange leaders also are working and bending every effort to win the school. Even to the point where the Mormon Church has upped its offer by 850 acres to 3,438 acres as the university site.

However, staff members informed the Board members last Friday at Boca Raton that the Mormon Church's Desert Farm site in southeast Orange County will require extensive and expensive drainage. The Board split 4-3 on this site.

Seminole has an ace-in-the-hole, though. County electors last month gave the "go-ahead" signal to the County Commissioners for a special freeholders election. If necessary, to acquire funds to purchase the Lake Ada or Lee Ranch site. The Board of Control has insisted time is of the essence . . . and Orange County now must wait until approval by the 1965 Legislature for a bond election if one of the two Orange sites, Desert or Bluestone, is selected.

Again, Herald readers are assured that Seminole leaders are working, hard and long, to induce the Board of Control to place the new school here. Mayor Tom McDonald said this morning: "The Sanford City Commission has expressed a unanimous wish that everyone in Seminole County unite behind the effort to bring the proposed space university to either of the two county sites. Every member of the City Commission has publicly pledged himself to work and to support the efforts to bring this university to Seminole County regardless of which county site is selected." County Commission and Chamber of Commerce also are united in this joint effort.

Local leaders are NOT telling of their efforts because they have no desire to "tip their hand" to Orange leaders. The Herald concurs.

## FEC, U. S. Each Score In Court

JACKSONVILLE (UPI) — The U. S. Justice Department and the strike-bound Florida East Coast Railway each won a two-day battle here in Federal Court.

Federal Judge Bryan Simpson refused Thursday to grant a government requested injunction forcing the carrier to rehire strikers for 30 days after a scheduled Dec. 19 emergency board report to the President.

However, Simpson did grant a Justice Department requested injunction barring the FEC from making work rule changes which were covered in national negotiations in 1959.

But the Justice Department's victory was a hollow one because FEC attorneys agreed Wednesday not to enforce the work rule changes covered in the 1959 mediation.

He said the fact the FEC had hired several hundred new employees to replace the striking non-union workers weighed heavily in his decision.

If he had issued the injunction, Simpson said the strike probably would have resumed after Jan. 19 and the FEC would be forced to start hiring new employees again.

# Joy, Thing Of Past?

How many blessings we find based upon us and yet how few people live lives of deep joy? When we see the world we see that someone is likely to smile as if they are hearing something a bit out of place and old-fashioned. Perhaps it may be that we think of joy as a signifying emotion that is much "too far out" in our age. Whatever it is that keeps us so far from Christian joy is bad.

Great Christians, in all ages, have been known for their joy and have not been ashamed of it. Paul is a good example, who when he died, was found to be wearing a garment that had been sewn into these words:

Joy! Joy! Joy! Tears of Joy! Jesus, Jesus, I separated myself

From Him, renounced and crucified Him, but now I submit myself absolutely to Christ my Redeemer!

As we read these words we become aware of the fact that our Christian faith is not merely a belief but a very positive attitude toward life. How much more the triumphant note of joy appeals to us than mere resignation, yet we often confuse the two to a degree.

## Lake Mary Firemen Elect Officers

New officers of the Lake Mary Fire Department were elected Tuesday night at the regular monthly business meeting of the group held in the Fire Hall.

Serving for the coming year will be Woody Friend, president; Harvey Pugh, vice president; Roger Crocker, secretary and Ralph Schweickert, treasurer.

Directors are Ed Zimmerman, Bob Willis, Charles Walker, Sidney Fowler and Randall Chase.

Named to fill offices of the department were Ralph Abell, chief; Harvey Pugh, assistant chief; Woody Friend, lieutenant; Lewis Schweickert, lieutenant and Bill Smith, engineer.

Regular meetings of the Lake Mary firemen are held at the Fire Hall on the second Tuesday of each month at 8 p. m. Drill sessions are on the fourth Tuesday of each month at 8 p. m.

## Broadcast To Feature Music

Two major musical productions will be featured on The Lutheran Hour broadcast, Sunday, over WFLY at 8 a. m.

In speech and song, Dr. Oswald Hoffman and the Lutheran Hour choir will present the theme, "Waiting for Joy."

Directed by Carl Schalk, Lutheran Hour music director, the 22-voice choir, accompanied by a string ensemble from the St. Louis Symphony Orchestra, will sing three settings of "Comfort, Comfort Ye My People" by Ralph Scholz, head of the music department at Concordia College, Bronxville, N. Y.

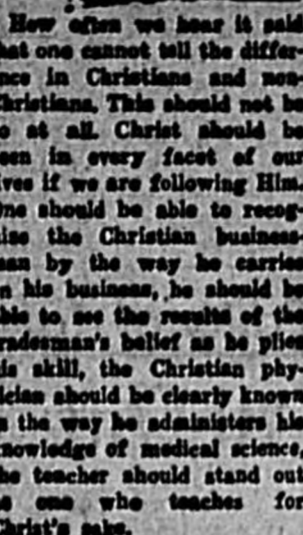

The program will be climaxed by the rendition of Henry Purcell's "Rejoice in the Lord Always" by choir, string ensemble, and soloists Carolyn Hackmann, Robert Hergt, and John Hendren.

## WMS Circles To Meet

Regular monthly meetings of WMS Circles of the Pinecrest Baptist Church are scheduled next week with times and locations as follows:

The Young Matrons Circle will meet at 7 p. m. Monday at the home of Mrs. Ray Millburn, 101 W. Coleman Circle while the Clark Circle will meet at 8 p. m. Monday at the home of Mrs. William Guess, 212 Westwood Court.

Members of the Shirley Smith Circle will meet at 9 a. m. Tuesday at the church to go to Lake Mary for a 9:15 a. m. meeting at the home of Mrs. Cameron Paul.

NATIVE COSTUME of the Moro Tribesman was displayed by Mrs. Vincent Palmer and Peter Stewart for members of the Christ Church Episcopal Young Churchmen last Sunday when Mrs. Palmer was guest of the group. Painting in the background shows the homes built by the tribesmen. (Herald Photo)

## Central Baptist Holding Revival This Week

The Brotherhood of Central Baptist Church Monday evening sponsored the opening meeting of a daily revival being conducted at the church through Sunday by Rev. George Prom of Jacksonville.

Choir for the service was made up of members from the Brotherhood and Royal Ambassadors, boys' auxiliary to the Brotherhood, served as ushers. A special selection, "Surdens are Lifted at Calvary," was sung by the quartet.

Rev. Prom, whose topic for the evening was entitled, "Not Ours Alone," was introduced by Rev. Gail Smith, pastor of the church.

A reception for the congregation to become acquainted with the visiting evangelist was held in the dining area following the service.

The public is invited to attend the remaining 7:30 p. m. revival service and all day Sunday when a basket dinner will be held on the grounds.

Music for the revival is in charge of W. L. Harmon, minister of music.

## Church Music Program Sunday

Sunday at 8 p. m. two of the choirs of the First Presbyterian church will present the 15th annual all music service to which the ministers, the Rev. Grover Sewall and the Rev. Edgar Smith, hope that members of all denominations will be present.

In the 60 minutes of worshipful music Mrs. George Touhy, minister of music, at the console, will play two preludes, Nativity Song (Bingham) and Variations on a Noel (Bedell), and for the offertory, Nightfall in Bethlehem (Taylor).

The Chancel and Girls choir will sing 10 anthems. They will be in this order: Lo, How a Rose E'er Blooming (Praetorius - Starer); How Far is It to Bethlehem? (Shaw); As It Fell Upon the Night (arr. Davis); Glory To God (Vierdank); What Is This Lovely Fragrance? (arr. Willan); Hush, My Dear (Graham).

Also Sing Noel, Ye People (arr. McGraw); Lullaby On Christmas Eve (Christiansen); Here, Mid the Ass and Oxen Miled (arr. Shaw); The Snow Lay On The Ground (Sowerby).

Silent Night will be sung just before the benediction.

The request is made that those planning to attend be in their seats prior to the starting hour, thus avoiding distraction of the worshippers during the service.

## Science Classes Visit Museum

Two of Mrs. Loree Likens' eighth grade science classes at South Seminole Junior High School went to the Central Florida Museum and Planetarium in Orlando Tuesday morning.

They were shown the "Star of Bethlehem" program which has become a favorite with audiences and is repeated each year during the Christmas season.

## EYC Program Held At Longwood Church

By Donna Estes  
Mrs. Vincent Palmer of Winter Park gave an enlightening talk about the Moro

Tribesmen at a meeting of the Episcopal Young Churchmen of Longwood's Christ Episcopal Church held last Sunday evening at the parish house.

Mrs. Palmer, an accomplished artist and world traveler, explained the customs of the tribesmen living in the South Philippines along the Sulu Sea in contrast to the customs of Christians. Paintings were used to illustrate the talk.

Mrs. Palmer also exhibited paintings she had done of underwater scenes witnessed while diving both as a skin diver and hard hat diver.

## German Service Announced By Ascension

By Jane Casselberry  
Rev. C. R. Zehnder of Ascension Lutheran Church in Casselberry, in response to many requests, will conduct a Christmas service in the German language at 7:30 p. m. on Sunday, Dec. 22.

These German services are held for the privilege of those who were taught the rudiments of the Christian faith in that language. A special feature of the Christmas service will be the singing of well-known German carols by children of the parish.

Rev. John Kutz, pastor of Zion Lutheran Church in Pine Hills, will be the liturgist and Rev. Zehnder will deliver the sermon.

Ascension Church is located on Quercus Drive one block north of the intersection at Highway 17-92 and SR 436.

## Santa To Visit North Orlando

By Moss Grinstead  
Santa Claus will be in North Orlando Sunday for the annual Community Christmas Party which will be held at the Village Recreation Area starting at 2 p. m.

Other guests will be Smokey Bear, who will serve as master of ceremonies for the afternoon, and Little Smokey. A program of entertainment will be presented under direction of Our Lady's Catholic Circle and refreshments of assorted cookies, coffee, and Christmas punch will be served by members of the North Orlando Garden Club.

Santa will have gifts and favors for all children under 12 years.

## MYF Elects Officers

Mid-winter elections were held last Sunday night by the Junior High MYF of the First Methodist Church of Sanford.

New officers for the group are Beth Morgan, president; Jack Beckwith, vice president; Frank McGough, secretary; Leslie Leggere, publicity chairman; Linda Nelson, representative from the home; Denise Jarrell, representative from the eighth grade and Steve Leach, representative from the ninth grade.

## United Meeting

A united meeting of all Commissions of Grace Methodist Church will be held at 8:30 p. m. Sunday at the church after which separate meetings of each Commission will be held.

## Annual Vesper Service Set By Lake Mary Presbyterians

By Frances Wesley  
The annual Christmas Candlelight Vesper Service of the Community Presbyterian Church of Lake Mary will be presented Sunday, starting at 7:30 p. m.

Robert Moro, director of music, is in charge with Mrs. Frances Wesley, organ accompanist.

The following program will be presented: God's Love, God So Loved The World, John Gabriel; Carol Of The Little King, Mary E. Caldwell; The Shepherd, The Shepherd's Christmas, Stewart Landon; Carol Of The Holy Night, Ellen J. Larson; Glad Tidings, Go Tell It On The Mountain, Spiritual - London; Christ Reigneth, The Hallelujah Chorus, George Handel.

Two organ-piano numbers will be the traditional Silent Night, Holy Night, and The Holy City.

The public is invited and all members are urged to make an effort to attend this service which is designed to prepare them for the real Spirit of Christmas as the Sacred Story of Jesus is told through some of the best-loved carols and anthems.

## Dr. Swain Is Guest At Allinace Church

The Revival meeting being conducted by Evangelist Sam Swain in the Canvas Cathedral on the American Legion Fairgrounds was brought to a close Sunday afternoon because the cool weather made it impossible to hold a series of consecutive services in comfort for the public. A number of people from various churches who have been in attendance and are desirous of hearing the Evangelist further requested that services be continued in one of the churches during the week.

After Rev. Dees of the Christian Missionary Alliance Church, Park Avenue and 14th Street, presented the matter to his congregation and after their enthusiastic approval of the idea, Dr. Swain was invited to speak in his church Monday through Sunday.

The Evangelist discussed the following subjects for the week: Tuesday night, one of his most popular sermon lectures "Playing the Fool;" Wednesday night, "A Prophetic Message—One World, One Church, One Ruler, Will the United States fight Russia? and Who will be the World Dictator?;" Thursday night, A character sketch—"The right attitude but the wrong door;" Friday night, Youth night, "Samson and his helpers."

At this service the Wood-

side Quartette of Orlando, which is becoming a popular quartette in this area, will

sing Saturday night the subject will be on the Bible and Space Science, time and space

and the ultimate of all things. Sunday 2:30 p.m., repeats of Wednesday's subject.

MISS DEBORAH HORNE, daughter of Mr. and Mrs. Colon Horne, was crowned Queen Sunday night at Pinecrest Baptist Church in recognition of impressive work she has accomplished in the Girls' Auxiliary. Officiating at the coronation was Miss Mary Copes of Jacksonville, Florida Baptist Young Women's Auxiliary Director.

## Rusk Takes Johnson Message To NATO

WASHINGTON (UPI)—Secretary of State Dean Rusk flew to Paris today, bearing with him a special message from President Johnson to the NATO ministerial council meeting.

Rusk will attend the meeting, which opens Monday in the French capital, and confer with Allied leaders on the next Western strategy move in the shaky cold war truce. He will be joined Saturday by Defense Secretary Robert S. McNamara and Treasury Secretary Douglas Dillon.

U. S. officials said they expected the NATO session, as well as individual meetings Rusk will have with the other foreign ministers outside the formal conference, to be focused primarily on a political assessment on East-West relations.

The United States is particularly anxious to sound out its partners on the wisdom of trying to reach other tension-lowering agreements with the Russians following the limited nuclear test ban treaty.

American officials said that so far they had found Soviet Premier Nikita S. Khrushchev's proposal for an East-West non-aggression pact unacceptable because it was tied to schemes such as an unverified — an unverifiable

reduction of military budgets. But the United States believes exploratory talks should continue.

## Bryant Favors Cuban Aid Halt

TALLAHASSEE (UPI)—Gov. Farris Bryant indicated Thursday he favored the federal government's proposal to stop aid to Cuban refugees next year.

Bryant told his weekly news conference he felt that if a person declined to accept a legitimate job offer, "his claim on the public treasury is no longer valid."

He said the governor's conference refugee resettlement program has been expanded and is working well, and added, "It is hard to put a person in a welfare category when jobs are available elsewhere."

Most of the governor's news conference was a reiteration of statements and announcements he had made earlier in the week.

## Ladies Auxiliary Plans Sale

By Donna Estes  
A rummage sale to be held at Eatonville on Saturday was planned at the monthly meeting of the Ladies Auxiliary of the Longwood First Pentecostal Church.

In charge of the event will be Mrs. Obera Young, Mrs. M. L. McDaniel and Mrs. Thomas Airey. Proceeds from the sale will be used for the Sunshine Christmas Baskets to be distributed to needy families.

Rev. E. Ruth Grant, pastor of the church, announced that a Sectional Youth Rally will be held at the United Pentecostal Church on W. Central in Orlando next week. A delegation from the Longwood church will attend.

Plans for the Christmas meeting were discussed. Following the business meetings, refreshments were served by Mrs. McDaniel.

Ordained will be James L. McCoy Jr. and R. C. Whitmire. Installed for a new term of service will be Fred Gray, Cameron Paulk and Harold Sherwood.

Rev. William J. Guess, pastor, will deliver the ordination sermon and a special selection of Christmas music will be presented by the Junior Choir.

## Churchwomen Okay Slate Of Officers

By Donna Estes

The slate of officers as recommended by the nominating committee was elected at a meeting of the Episcopal Churchwomen of Christ Episcopal Church, Longwood, held Tuesday evening at the parish house on Church Street.

Officers named are Mrs. Peggy Kuhn, president; Mrs. Virginia Bowers, vice president; Mrs. Dees Dee O'Neal, secretary; Mrs. Helen Thompson, treasurer; Mrs. Jo Ann Hammond, United Thank Offering custodian; Mrs. Jean Pasternack, secretary of Christian Education; Mrs. Marie Taylor, secretary of Mission and Supplies; Mrs. Millie Pitman, secretary of Promotion and Jan Colle, secretary of Church Periodical Club.

Mrs. Charles Pasternack presented a continuation of the Christian Education Series entitled "Where the Mission of the Church Takes Place."

Mrs. Pasternack and Mrs. Ralph Stevens, co-chairmen of the recent Christmas bazaar, reported that the event was very successful and thanked all those who had helped. Particular appreciation was extended to Miss Margaret Stevens and Bill Stewart who served as short order cooks at the snack bar.

Reports of other committees were heard and approved. Following the business meeting refreshments of cake and coffee were served by the hostesses, Mrs. Helen Schimming and Mrs. Ellen Wyman.

Altamonte WMS Circles To Meet

By Julia Barton

Two WMS circles of the Altamonte Springs First Baptist Church will hold their regular monthly meetings on Tuesday of next week.

The Jane Hill Circle will meet at 1 p.m. at the home of Mrs. Gerald Connelly on Maitland Avenue with Mrs. L. D. Haines, chairman, presiding.

The Alice Price Circle, with Mrs. J. E. Hildebran as chairman, will meet at 7:30 p.m. at the home of Mrs. Dan Cowart on Triplet Drive in Casselberry.

## Prairie Lake Brotherhood To Have Supper Meeting

By Jane Casselberry

The Brotherhood of Prairie Lake Baptist Church in Fern Park will hold a covered dish supper Tuesday night at 6:30 to be followed by a meeting at 7:15.

The program will consist of a lecture and general discussion on Southern Baptist work in Germany and Japan with Robert Hooper, world missions leader, in charge.

Hooper recently returned from Japan where he was stationed for two years with the U. S. Air Force. He was there during the Southern Baptist Crusade and was a member of a Tokyo Baptist Church.

Everett Stevens, also an Air Force careerman, will report on Southern Baptist work in Germany where he was stationed for two years. He assisted in founding a new church there and served as deacon.

Special music will be provided by the Brotherhood.

Quartet and committee reports will be heard.

J. O. Smith, stewardship chairman will report on the church budget and finance plans for the coming year. A report on the building and air conditioning program will be presented by T. D. Bagley.

Plans for a Baptist Men's Day on January will be presented for approval by the planning committee and will include a Sunday morning breakfast and the men taking full charge of a worship service on that Sunday.

Jim Memory will be recommended as a new R. A. Counselor. The organization is sponsored by the Brotherhood and is growing so rapidly it has been necessary to form two Crusader Chapters.

# Course Of Liberty

The course of liberty are never easy to determine and maintain, even in a nation with a long history of freedom.

The United States has had freedom for 187 years, and its people are still arguing — often bitterly — about how it can best be enjoyed and preserved.

The political divisions represented by conservatism and liberalism reflect this continuing controversy. Basically, this spread of view is not only inevitable but healthy. Arguing about what freedom is helps to bolster it, to keep it vibrant.

The strains upon liberty are greater today than when this country gained its independence.

Then the adversary was a distant government in England which, though moving steadily toward a constitutional democracy at home, was cracking down on colonial America with the autocratic power.

Today the old notions of an uncomplicated freedom struggle against heavy counterweights.

At first, government reached out to regulate against flagrant abuses of liberty. In the Great Depression, it reached out to assist the destitute, the aged, the unemployed, the handicapped.

World War II, the Korean War and the cold war brought a massive enlargement of the government's role in American life, with defense and re-

lated activities holding away over a greatly expanded federal budget and biting deep into the economic and political structure.

Nearly all these enlargements have occurred in a brief 30 years, less than a sixth of the country's history as a free land.

Small wonder, then, that millions of Americans shape a mood of protest against the steady encroachments. With the nation growing ever more populous and its problems mounting, the prospect clearly is for more of the same.

No American genuinely wedded to liberty can wish to yield an inch of it casually. Conservatism which acts as a brake and corrective against any cavalier abandonment of freedom serves all free men well.

Conservatism moves toward unreality only when, at its fringes, it calls for such sharp reversals as would leave great problems not only unsolved but largely untouched.

Liberalism is similarly unreal when it calls for an end — by the day after tomorrow — of the struggles against poverty and for peace. Congress cannot appropriate enough money to bring on the millennium.

Our incredibly difficult task, now and for perhaps decades to come, is to find the sane, plausible course that will hold the great substance of our liberties while giving us some solid hope of effective assault upon our baffling array of problems.

## Dick West Says

### Child Muralist A Problem

WASHINGTON (UPI)—Being the father of a child prodigy is no bed of roses as Dr. Supt. Baykam of Ankara, Turkey, and I can readily attest.

According to a newspaper story I saw this week, an exhibition of paintings and drawings by Dr. Baykam's six-year-old son Bedri has been "producing gasps of admiration in European art circles."

The exhibition attracted 100,000 people its first three weeks. Viewers were said to "find it difficult to believe that a youngster is capable of such mature art."

Young Bedri the story continues, "knows nothing of the brushes and colors he has created because his father does not want the boy treated as a child prodigy. I think I know just how Dr. Baykam feels."

It so happens that my own son, who recently celebrated his second birthday, also has an extraordinary aptitude for the graphic arts. Believe me, it presents a problem.

Thus far, we haven't exhibited any of his work outside the family, but it has certainly produced gasps from his mother and me.

We find it difficult to believe that anyone so young is capable of creating such a big mess.

Unlike Bedri, who works with water colors and pencils, my son uses a wide range of materials. Crayons, ballpoint pens, eyebrow pencils and lipstick are among his favorite media.

And, again in contrast to Bedri, who sketches on paper, my son specializes in murals. In the past six weeks, he

has redecorated our living room, kitchen, hallway and middle bedroom.

There also is a marked difference in style. Bedri is a representational painter with a penchant for portraits and sketches of cowboys. My son creates neo-expressionistic abstractions.

Dr. Baykam was quoted as saying that Bedri sometimes

"does not want to eat or sleep for two days and night, but continues painting all the time."

This is the same sort of dedication my son has exhibited. He has continued painting despite the combined surveillance of his father, mother, grandfather and two older sisters.

### To The Editor

Editor, Herald:

On behalf of the Sanford-Seminole County Junior Chamber of Commerce, I wish to take this means to publicly thank all persons who participated in the Christmas Parade. The fine co-operation of many people and organizations again demonstrated that this community can work together. Those people who worked long hours on preparing and decorating the numerous floats deserve a special thanks for their many excellent and beautiful designs.

I wish to personally thank you and your staff for the fine coverage of the Parade. Your newspaper greatly contributed to the success of the Parade.

Dave Klingensmith, Chairman 1963 Jaycee Christmas Parade.

Editor, Herald:

Now that football season is over and we can all get back to some substance of normal living, I would like to take this opportunity to give a hearty "thank you" to The

Sanford Herald in general and Julian Stenstrom in particular along with Bill Vincent Jr. The reason for this hearty "thank you" is for the wonderful coverage given the 1963 Fighting Seminole football teams. I am sure that the excellent newspaper reporting, with appropriate pictures, by The Sanford Herald contributed largely to our successful records.

So, on behalf of the football teams and the coaching staff, I wish to express our sincere appreciation of "a job well done" to The Sanford Herald, Julian Stenstrom and Bill Vincent Jr.

Jim Pigott

Editor, Herald:

It gave me great pleasure to receive copies of the Navy Section of your "Progress Edition."

How gratifying it is to see the growth and development of Heavy Attack Wing ONE portrayed in this lucid and attractive manner.

We in Heavy Attack Wing ONE are proud of our partnership in the community's progress. We are thankful for the support we enjoy from its citizens and for their forward-looking approach to a promising future.

Thank you for your continuing coverage of Navy activities and particularly for this latest tribute to our weapons, our men and our families.

### Worry Clinic

Dr. Peale's sermons are not only easy to listen to but they are actually easy for him to prepare, for he uses daily incidents (parables) which he picks out of his busy schedule. Then he capitalizes on them to stress his points. Use the "Goldilocks" test below to weed out the dull speakers from the fascinating sort!

CASE R-435: Dr. Norman Vincent Peale and I were speakers last Spring at the dedication of two bridges in honor of newspaper publisher Wilton E. Hall.

Dr. Peale is one of the board members of our Scientific Marriage Foundation, too.

We have been friends for many years, for I like his emphasis on positive thinking and also his deft use of Christ's anecdotal formula for public speaking.

Dr. Peale always maintains superb eye-contact with his audiences.

Many professors and clergymen, however, look at the ceiling and probably wouldn't know if half the audience were to sneak out, for they fail to look directly at their listeners.

Not so, Dr. Peale! His eyes rove around his audience constantly to hold their fascinated attention.

And that also permits the speaker to see if they are alert and wide awake, or dozing.

Dr. Peale also assembles his speech or sermon from the daily incidents that have befallen him.

Jesus did the same thing in his sterling sermons, for Christ used the "case method."

His examples were drawn from the daily experience of the crowd. They were often called parables, which means "stories."

Also, many modern professors and clergymen omit stories and narration, so their speeches are dry, dead and sleep-producing, for mere exposition is "teachy" or "preachy."

"Exposition" contrasts vividly with "narration" in the way a bleached skeleton contrasts with a vibrant living personality.

Stories thus add the attrac-

tive flesh and blood to the skeletal facts of exposition.

So these stories keep an audience awake and fascinated.

But many supposedly educated men can't even tell a story!

Why, I've met clergymen who would employ a dry, monotonous delivery even when trying to tell children the story of Goldilocks!

As a hint to you seminary homiletic (p e e h) profs, why don't you assign Goldilocks as a classroom project? For men who can't wax dramatic and inject suspense into the very way they utter the words of such a children's tale, are obviously going to kill church attendance later on.

Alas, many clerics are almost totally devoid of a sense of the dramatic.

They don't know the difference between an exclamation point and a period!

So will you young clerics please watch a professional orator like Dr. Peale or Bishop Sheen or Oral Roberts or Billy Graham or the top clergymen in your own denomination?

Outline the sermons of such famous orators and you will quickly find that they string together a series of relevant, dramatic parables, each of which moves the main theme steadily forward toward its climax.

Dr. Peale's sermons are easy to listen to and actually easier for him to develop than the exposition or "essay" speeches.

For he just seizes on relevant happenings of the day or week and weaves them into his sermon!

So send for my booklet "How to Make an Interesting Speech," enclosing a long stamped, return envelope, plus 20 cents. It can raise your salary fast!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Lake Titicaca in South America is the world's highest lake at 12,467 feet above sea level. The surface of the Dead Sea is 1,386 feet below the level of the Mediterranean Sea. Lake Superior has the greatest surface area of any lake in the world, 31,820 square miles. But Lake Baikal in Siberia, although only 12,162 square miles, is deep enough to give it a volume of water greater than Lake Superior's.

### Political Notebook

WASHINGTON (NEA) — There is still hope that some new farm legislation may make a little progress in the final days of this session of Congress—but it's very faint. Of a score or more major farm bills, only three or four are given any chance.

Wheat legislation is given no chance at all, in spite of pressure from farm organizations and wheat state congressmen, particularly the Republicans.

The dairy bill introduced by Sen. William Proxmire, (D-Wis.) passed the Senate but no House action is scheduled.

Department of Agriculture would like action to extend the Kennedy administration conservation reserve program beyond 1964, but prospects are doubtful.

If not extended, all the acreage in the Eisenhower administration soil bank reserve could be brought back into production next year.

With nearly 10 years of new farm technology available since the soil bank bill was passed, there is considerable fear over what will happen.

Production of most major crops might soar, leading to still larger surpluses and necessitating huge increases in government farm program costs for support prices and storage.

A major effort is being made to enlist President Lyndon Johnson's support for pending bills. Farm organizations and lobbyists vie with each other in proclaiming that the new president from Texas is indeed the farmers' best friend.

This has succeeded to a limited degree on a bill to make the Kennedy food stamp pilot plan program a permanent government operation and to get action on a new cotton bill.

Agriculture Secretary Orville L. Freeman declared in a Thanksgiving letter to 50 state governors that President Johnson had asked for a "redoubled" effort to insure that United States food abundance is "fully" available to all who need it. This would include food stamp, school lunch and Food for Peace plans.

On cotton legislation, the late President Kennedy over a year ago advocated congressional consideration of ending

the two-price system for domestic and export cotton sales, in effect since 1957.

A bill to make this change, introduced by House Agricultural Committee Chairman Harold D. Cooley, (D-N. C.) is supported by the American Cotton Council, Textile Manufacturers Institute and other trade organizations.

The Cooley bill would substitute a "payment in kind" of surplus cotton to persons other than producers so as to eliminate the cost differential now paid by foreign and domestic mills.

It would in effect reduce the price of cotton and cause major readjustments in the cotton industry. But its opponents insist this is necessary because the two-price system—which they originally supported — hasn't worked.

Speaker John W. McCormack got President Johnson's approval for the House to take up the Cooley bill Dec. 2, so that it could be brought before the Senate this year.

Passage or defeat of this bill is not considered a first test of President Johnson's influence with Congress. It was foreseen that the House vote would be close.

Cotton Council and Textile Institute spokesmen concede that there is little chance the Senate will pass the Cooley bill this year. Senate Agriculture Committee Chairman Alben Barkley, (D-La.) opposes it on the grounds that it would cost the government more money than existing cotton programs.

There is more senate support for a bill introduced by Sen. Herman Talmadge, (D-

Ga.). It would provide a direct subsidy payment to cotton producers, like the old Brannan plan.

In the meantime, it is generally expected that cotton producers voting in referendum will approve continuance of support price payments with acreage production controls under existing legislation.

For cotton farmers to reject this plan would be a far greater upset than when wheat farmers rejected controls in last May's referendum.

# Here's 'Home For Christmas'

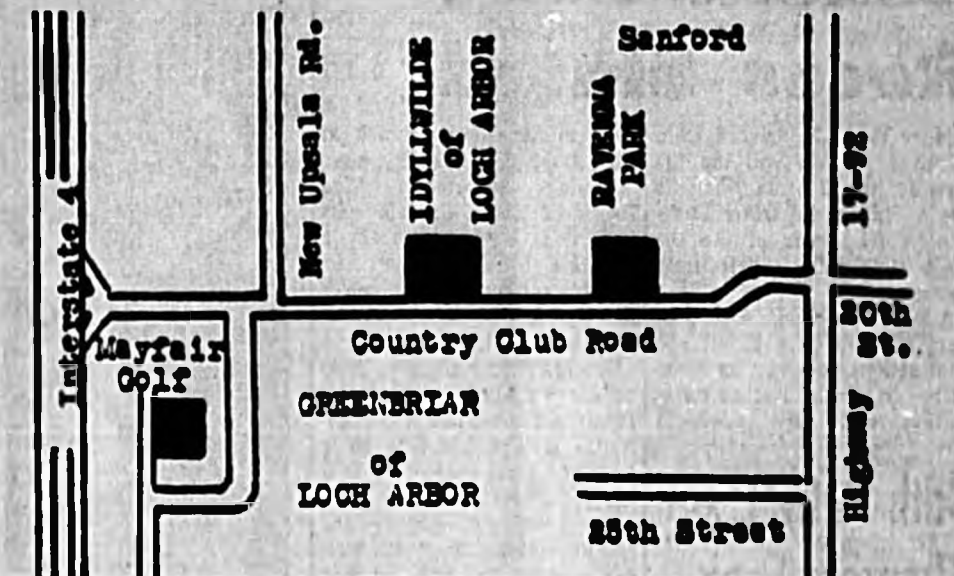

What better gift could you choose for the whole family than a new home? It's long-lasting, and gives comfort, shelter and protection from the elements. It's a place for rest, friendship and entertaining, family meals and discussions, education and fun. It can have quite an influence on the character of growing children. The home is what the family

makes it — and our local builders are offering some beautiful houses for your "home for Christmas." Quite a few people visited the handsome new four-bedroom colonial home in Greenbriar of Loch Arbor last week. It will be open for inspection again this weekend. Notice particularly the flagstone entry, the extra-convenient kitchen. And while you're there, take a

sneak preview look at the new home on the corner of Rantoul and Highland, three lots down. The lawn has now been sodded, and it's going to be a real beauty. Kingswood Builders also have two homes under construction in Grove Manor. We'll have more details as they near completion. In the new third section of Ravena Park, one home is available now. It's the three-bedroom two-bath at 411 Tangelo Drive, pictured in Shoe-

maker's ad. There's another that will be finished in time for Christmas. These homes feature built-in electric kitchens and the comfort of central duct heating. Four other homes are in varying stages of construction, and if you prefer one of these, you can select your own paint and tile colors. Go Christmas shopping for a home this weekend — you'll see some exciting new designs!

## Builders Make Extras Part Of Total Package

Surveys show that builders are providing "more house per dollar" today than ever before. Many features which formerly were considered "extras", today are included in the package price. Both builders and home-owners have found that buyers look for certain features in a house. Kitchens and closets certainly are high on everyone's list. Homemakers consider kitchens important because they spend a large part of their day in and around the kitchen. Every family, of course, needs plenty of storage space. Seasonal storage, in particular, is important to homemakers who must protect expensive garments. During the summer, for instance, heavy clothes and bedding must be kept clean and fresh. Woodens and furs need a specific storage area during the fall and winter months, too. Moist - repellent storage areas are vital in a house, whether it be new or old. One closet feature that is receiving attention from many buyers this year is aromatic red cedar closet lining, which repels moths and protects clothes in storage. In new construction, builders have found that this is a valuable "extra." Home-

handymen have found that the minimal cost of the material is readily offset by the fact that a cedar-lined closet helps sell the house. Cedar strips can be nailed right over the old closet walls. Aromatic red cedar is best known for its moth repellency, of course, but the wood has several other features which prove almost equally appealing to buyers. The rose color of cedar does much to dress up what otherwise might be a drab looking closet. No paint or varnish is needed to maintain the color or durability of the wood. This means no maintenance, except for an occasional dusting. In addition, the wood serves as a solid base for attaching closet accessories to the wall. Accessories, such as the tie and shoe racks, are features which attract the eye of the house hunter. Properly spaced in a closet, which has ample shelf space. A red cedar closet equipped with basic accessories, a mark of quality construction, is considered a top attention-getter by builders. These closets provide beauty as well as utility—qualities which for many years were neglected in closet design.

## Both Patriots, Chargers Seek Division Titles

**By United Press International**

The Boston Patriots and San Diego Chargers will be fighting to clinch divisional titles this weekend and they can do it in real championship fashion by beating Kansas City and Houston, last year's winners.

The Patriots, seeking their first Eastern title in the American Football League, play at Kansas City Saturday afternoon and San Diego travels to Houston Sunday for its crucial contest. The Patriots-Chiefs game will be televised back to Boston by ABC 1 p. m. CST. The Chargers-Oilers battle Sunday will be televised nationally 1:30 CST.

Buffalo plays at New York Saturday afternoon and Denver will be at Oakland Sunday, completing the weekend schedule. The Buffalo-New York game will be televised nationally by (ABC) 8:30 p. m. EST and the Denver-Oakland game will be sent back to Denver only 1:30 PST.

Boston needs a win or a tie Saturday to clinch the Eastern crown and if the two teams take care of each other, it should be a close battle. That game last Nov. 15 wound up in a 24-24 tie when the Chiefs held the Patriots on the one-yard line despite four straight running plays by the powerful Patriots backfield.

## OK Tires Hold To League Lead

With a clean sweep over their opponents, Fryers Insurance, the OK-Tires maintained the lead with six points between them and the second place teams. Dot Johnson was the star bowler for the OK-Tires with a nice 167-474.

Team-mate Mary Smith came through with a good 185 game. In the second position we have a three way tie existing between Hows Tire, Stempers and Factory Paint Outlet. Hows captured three wins from St. Johns Realty, also Stempers won three from McRoberts Tire Co. and Factory Paint lost three to the Jet Inn team. The Pierre Mfg. burned up the lanes with an all out win from Mar Lou's.

Marilyn Ferguson rolled high for Hows with a 150-455, while Sue Jackson and Helen Padgett turned in nice games of 175-185 respectively.

Eleanor Anderson was tops for St. Johns with a 168-479. Stempers' star bowler for this week's action was Ruth Phillips with a 234-457. Ruth's big 224 game was high for this week's League action. Verna Bolton was high for McRoberts with a 170-476. Lil Donat led the Jet Inn with the high series rolled in the League thus far—a big 550.

Louise Hosford had a 161-450 which was high for the Factory Paint. Edith Zeull spurred the Pierre Mfg. team on with her 175-487, with a big assist from Caroline Pierre who had a nice 166-461.

Mar Lou's top bowler was Olga Martin with a good 158-464. Only two girls in the split circle this week, with Betty Callan converting the 5-6 and Dotty Waite the 5-6-10.

over to the Boys' Ranch at Live Oak, Florida.

Timing Association Vice President Dutch Casanup earlier this week released a schedule of events for Saturday's racing that will make for one of the most colorful programs of the year.

Sanford's Ray Hudson, driver of an "A" Sport Corvette (1963) will have an opportunity to defend his title in a Le Mans start race. This is a drag strip version of the famous European sports car classic which begins with drivers running 30 yards on foot to man their cars. Competition in this event is open to all classes. To date, Hudson has won the lion's share of Le Mans contests.

Racing fans will also get another look at Bob Tucker's 1963 all-aluminum Chevrolet, the factory experimental machine that has won first place money all over the state and which owns a 11-second-plus clocking at the local quarter-mile strip.

Plymouth enthusiasts, particularly those who like'em big, will see a couple of hot ones: Jim Kennedy of Sanford will be entering his 1962 418 hp Plymouth and Cocoa Beach's Bob Stoddard will counter with a 1963 438 hp machine.

Besides Tucker, the Chevrolet banner will be carried into action by Billy Fine of Cocoa Beach (1960, 350 hp); Gene McMahan of Lake Jem (1963, 425 hp) and gas class entrants such as R. L. Peyton, Daytona Beach (500 hp A Gas); Tom Rogers of the Sanford Naval Air Station (500 hp "B" Gas) and Miles Hudson, Ray's Brother, who will bring in his 300 hp "B" Dragster from Cocoa.

## Manuel, Zarra Win Double

Manuel and Zarra romped home for the daily double win Thursday night at the Orlando Seminole Jai Alai Fronton, paying \$100 on their 7-1 combination.

Zarra paid \$20 on his fourth game win. Iriarte was second and Elorri third.

Gastl and Iriarte teamed for the feature eighth game doubles victory.

An added highlight of the night was the pre-game appearance of 27 lovely contestants for the Miss Orbit title, in whose honor the player's dedicated their games.

Gastl and Iriarte lived up to their favorites' building by winning the eighth game feature doubles highlight of Tuesday night's third annual Charity Benefit program at the Orlando Seminole Jai Alai Fronton.

Finishing second were Al-daz, the season's scoring leader, and Elorri. It was Gastl's second triumph of the night, the first coming in the daily double with Miota for a \$32.40 payoff.

Luis and Juanchu took the opening game with Anacabe and Ramon the runners-up to pay \$73.50 on the 7-8 quinella and \$204.00 on the 8-7 perfecta.

Proceeds from the night's operations go to the Florida Sheriff's Boys' Ranch and to the Harry-Anna Home from Crippled children.

Midnight strikes somewhere around 4:45 p. m. in New York Sunday for the Cinderella team of the National Football League.

That's approximately the hour when the Pittsburgh Steelers either will have qualified for their first championship playoff or their gallant effort to beat out the New York Giants will end in disappointing defeat.

The Giants are 7-point favorites for this winner-take-all game that will draw a sell-out crowd of nearly 70,000

to Yankee Stadium. Because of the peculiar nature of this year's standings, the Giants also can clinch the Eastern Division crown by holding the Steelers to a tie.

The Chicago Bears could clinch the Western Division title Saturday afternoon without even facing a pair of cleats, although it's not likely. The Green Bay Packers, clinging to a slim hope of overtaking the Bears, meet the San Francisco Forty Niners Saturday in a nationally-televised game (CBS) from the West Coast starting at 4:35 p. m. EST.

## Hounds Play Eau Gallie At Longwood

**By Richard Grant**  
**Herald Sports Writer**

The Lyman Greyhounds open their basketball season tonight against the Eau Gallie Commodores at the Lyman gym.

The Greyhounds had a 10 and 15 record last year and hope to improve it this year now that they are members of the Orange Belt Conference. This will be their first year in the conference. They take the place of the Sanford Seminoles. The other addition to the conference is the Kissimmee Kowboys who take Bishop Moore's place as the Hornets and the Braves move up to the Metro Conference.

The first foe of the Greyhounds has lost two games, one to Satellite Beach and the other to Mount Dora. The game with Mount Dora was lost one point, 39 to 38.

The Lyman five will see action once more on Saturday night when they meet the Oviedo Lions. The Lions took their season opener last Tuesday night with Montverde 63 to 36.

Oviedo has a real fine press and will be out to show just how effective it can be executed. About three-fourths of the points scored on Montverde was off the press.

The starting lineup: guards — Mike Sterling, Joe Anber; forwards — Bill Tolson, Richard Grant; center — Donnie Smith.

## Bolton Takes High Series

Verna Bolton toppled the pins on the Holler Motors Navy Wives league this week to take the high series of the league with a 533 series. Verna also rolled a 203 game. Pat Siple was right behind her with a 200 game and a 532 series. Suzy Reno came through with a 179 game for a 406 series.

Pat Drim knocked down the pins for a 182, while Dee Rose had a 176. Barbara Rohrer had a 168 and Rose Patrick rolled a 167. Mary Ann Williams had a 166. Marlene Lewis got a 163, while Barbara Quillin was right behind her with a 162.

The Pins toppled for Suzy Reno when she got two turkeys, while Pat Siple had one.

Suzy Reno converted the 5-6, 6-7, and the 3-10. Carol King picked up the 6-7. Jewel DeMasters, Marge Field, and Betty Hoogewerf, and Betty Washburn picked up the 3-7. Jennie Runnels got the 3-7. Pat Siple converted the 2-6. Rose Patrick, Verna Bolton, and Sherry Kee picked up the 4-5. Congratulations to all.

VAR-9 "O" Wives still lead the league with 44½ wins and 7½ losses. VAR-3 "E" Wives are in second place with 34 wins and 18 losses. The Ten Pinners are third with 31 wins and 21 losses.

## Lions To Face Tough Game

**By Joe Warden**  
**Herald Sports Writer**

After belting Montverde 63-36 in Oviedo's opener, Oviedo takes to the road, in hopes of continuing last year's winning record. Faced by Bellhorn and Courier, the two returning starters, Oviedo hopes to carry the victory torch again to the state tournament.

Tonight the Lions travel to New Smyrna Beach to tackle a tough, experienced quiet. Paced by John Lavin and Ellison, New Smyrna takes advantage of good height and returning starters to provide rough competition for opponents. The East and South weren't excluded from the picture. Cornell (East) produced the individual kickoff return leader, senior quarterback Gary Wood, and the South William and Mary had the interception leader, Dick Kern, also a senior quarterback.

## Southwest Has Two Champs

**NEW YORK (UPI)** — The Southwest Conference produced both the national champion in punting and the national champion in returning punts in the 1963 college football season.

Nobody with as many kicks punted the ball further than SMU's Danny Thomas and nobody ran them back farther than Arkansas' Ken Hatfield.

The East and South weren't excluded from the picture. Cornell (East) produced the individual kickoff return leader, senior quarterback Gary Wood, and the South William and Mary had the interception leader, Dick Kern, also a senior quarterback.

## Fernandez Favorite In Tonight's Go

**NEW YORK (UPI)** — Cuban Florentino Fernandez is favored at 8-5 to turn the tables tonight on Argentina's Juan (Rocky) Rivero in their second nationally televised battle of middleweight knockout specialists.

This return 10-rounder at Madison Square Garden will be televised by ABC at 10 p. m. (EST).

Their first collision in the same Garden ring on Nov. 1 was straight from Crutcher'sville.

Black-haired Rivero, a stocky 28-year-old with glittering eyes, tried to pulverize the taller black-haired and mustachioed Florentino at close quarters.

And Florentino, 27, concentrated on trying to blast Rivero's head at longer range.

## Professional Bowlers Begin \$25,000 Open

**JACKSONVILLE (UPI)** — Amstruss Charles Morgan of Jacksonville and Bob Murphy of Tampa won the pre-game event last night which kicked off the Professional Bowlers Association's \$25,000 Jacksonville Open.

Morgan shot 308 and Murphy 300, which combined with pro Dave Tomberg's 728 for a 1,822 total. A 216 pin handicap gave the winners 228.

Morgan and Murphy received \$300 each for the victory.

The tournament proper starts today with 96 of the nation's top bowlers shooting for the \$4,000 first prize.

## Mid-Florida Tourney Set

The Women's Association of Mid-Florida County Club invited the senior members of the club to a "sassy lassie," and seniors' mixed ball with handicap, tournament Dec. 12.

Lucy Branhom and Ken Kiefer won first place with a net 50. Mary Horenstein, also paired with Kiefer, had Fanny Kremer and Pat Lary for second with a net 61. Kremer and Lary, with 11 under men's p.a.r., congratulated those whose good game kept them from doing better.

# Noted Speakers At Credit Meeting

ANTHONY J. DeMARCO, Miami, principle speaker at the dinner given by the local credit women, is pictured left with Mrs. Joanne Ritzke, Sen. Mack Cleveland and Frank Graham, Tampa.

"Consumer Credit Field" was the subject chosen by Al J. DeMarco when he was guest speaker at the dinner given by the Credit Women's Breakfast Club Wednesday evening at the Mayfair Inn.

DeMarco, field director for a Miami financial firm, presented a film "The wise use of credit" for the benefit of all interested in the credit field.

Frank Graham of Tampa, an executive vice president in the financial field, gave a short talk for the group and stressed the need of credit education for the young people today. He distributed brochures covering phases of credit education from the high school level on into financial planning on a family basis.

Mrs. Joanne Ritzke, president of the local club, welcomed the guests and Mrs. Polly Shields, program chairman, introduced the out of town guests and speakers.

Sen. Mack Cleveland, Mrs. Marcelle Lows, state vice president of Credit Women's Breakfast Club, Jacksonville, Mrs. Elizabeth Hurby, president of the Jacksonville club and Mrs. Carol Scott, president of the Orlando club were special guests at the dinner meeting. About 70 persons attended to hear DeMarco and Graham tell of the latest developments in consumer credit.

# Terrariums Are Easy To Make

Terrariums—gardens enclosed in glass—are fun to make and easy to care for, says Myrtle Wilson, home demonstration agent.

Any glass container that transmits light may be used—a globe, fish tank, or large snifter.

Also, almost any house plant is suitable, especially those that like a high humidity. Plants most commonly used are African violet, marigold, begonia, coleus, croton, dracaena, ivy, peperomia, philodendron, polka, and wandering Jew. But you can let your imagination be your guide and select any variety that will make an interesting display.

As for actual construction, the U. S. Department of Agriculture gives the following step-by-step instructions in its booklet on "Selecting and Growing House Plants," which you can have by calling at the Seminole County Agricultural Center.

Place a 1-inch layer of gravel, pebbles, broken flower pots, or charcoal in the bottom of the container. Dig moss from the woods and line the sides of the terrarium below the intended soil level, placing the mossy side against the glass.

Prepare a soil mixture of equal parts of garden soil, sand and peat moss—enough for a layer 1/4 to 2 inches deep. Mound the soil to one side of the container to make a slope.

Use a long pair of tweezers

—or sticks tied to tweezers—to put the plants in place. Try to avoid getting soil on the leaves. After the plants are in, clean the leaves with a dry brush. Then spray the plants and soil lightly with water.

Cover the container with a sheet of glass or piece of plastic film. Place the terrarium in a location where it has bright light, but not direct sunlight. Turn terrarium occasionally so plants will be straight.

Secure every light and ornament firmly on the tree, so that young explorers cannot pull them off. Make sure the ornaments on the lower branches are unbreakable. Don't set up electric trains, self-propelled toys or toys with flammable liquids near the tree.

The wavering flame of a candle fascinates children; never use candles on the tree or on low tables where seeking hands can reach them.

The comforting glow from a log burning in the fireplace is a potential source of damage to the young. Screen those tantalizing flames so little hands cannot touch them. Never leave a child alone in a room with an open fire, a lighted tree or where the child can get hold of a cigarette lighter or matches. Even a cigarette glowing in an ash-tray can be dangerous.

Always examine every toy before you buy it and examine those brought into the home by friends and relatives. Dispose immediately of any plastic bags that toys are wrapped in.

# Have A Happier Christmas By Being Safe

Happiness is having a baby in your house at Christmas time. Happiness is watching a child stare in wonderment at the brightly decorated Christmas tree. Happiness is the memory of Christmas viewed through a child's eyes.

To preserve these memories and to have a joyous and safe Christmas this year, remember these rules for protecting your children this holiday season.

Secure every light and ornament firmly on the tree, so that young explorers cannot pull them off. Make sure the ornaments on the lower branches are unbreakable. Don't set up electric trains, self-propelled toys or toys with flammable liquids near the tree.

# Spray For Color

One of the easiest and most often overlooked methods of brightening up Christmas decorations is ordinary spray paint. Ornaments, artificial flowers, packages, even trees, can be made far more beautiful with just a touch of the button on a can.

One of the most obvious, and yet seldom thought of, uses of spray paint is for changing the color of Christmas trees. Whether you use a real tree or artificial one, you can change the color in just a few minutes, even if you've never sprayed before.

You can imagine how even tired old metal trees you've been using for years take on new life when sprayed a new color.

If you're worried about being able to do a "professional" job, don't be. The new spray paints dry quickly and cover so well that any amateur can do a really good job even the first time.

A touch of color on Christmas packages can add a festive touch which can be achieved in no other way. Packages can be sprayed either before the ribbon is applied or after for varying effects. Flocked wrapping paper offers particularly interesting applications. The flock pattern, in many cases, literally absorbs the paint color and retains its own color, while the paper background takes on the new color applied.

The secret of professional application is to hold the can 12 to 16 inches from the object being sprayed. The main thing to remember in decorating with paint is not to be afraid, possibilities are virtually unlimited, and you'll be amazed at the results.

Wash only one large or two small slipcovers at a time so that sudsy water can circulate freely in the washing machine. If slipcovers are heavily soiled, pre-soak in warm water and detergent for 10 to 15 minutes before starting the wash cycle.

# Mrs. McLaulin Fetes Pat Smith Recent Bride

Mrs. Henry McLaulin entertained at her home with a beautiful tea feting Pat Smith, recent bride of Terry Smith.

Mrs. McLaulin received her guests with the honors, Mrs. O. R. Smith and Mrs. E. B. Smith Sr.

In the living room, on a low table, the hostess placed a ceramic madonna enshrined in a graceful arrangement of white velvet leaves and two white candles—all reflected in a large wall mirror. On the wall over the buffet were two interlocked white satin wedding rings to encircle the flame of two white candles in sconces.

The tea table was overlaid in white with silver and crystal appointments and placed under a white milk glass lavabo filled with mixed white flowers and fern. Pouring tea were Mrs. Clifford Proctor and Mrs. Elizabeth Jerrild.

An assortment of tea delicacies were set out on another table covered with a white cloth and centered with two white ceramic doves holding white sweet peas and nestled in fern.

About 40 friends of the Smith families were invited to call during the tea hour.

# Jacoby On Bridge

By Oswald Jacoby

South's two heart bid was inspired. He really should have passed his partner's two diamond overcall.

West opened the queen of spades. East took his ace and, on the theory that it was "Be kind to declarers' day," returned a low trump. South proceeded to take advantage of East's kindness. He covered East's queen with dummy's king, led the ten spot, crossed to his hand with the king of spades, cashed his ace of hearts to pick up the last two trumps, finessed dummy's queen of diamonds, cashed the ace, ruffed another diamond, finessed the queen of clubs, discarded his two losing spades on the long diamonds and wound up with all the tricks except that ace of spades taken by East.

felt that he had bid perfectly, pointing out that the play was extremely lucky. This didn't mollify South at all. He was still mad at North.

The argument didn't impress West in the slightest. The game was duplicate and West was sure that South's score would be a top. Finally, West could stand it no longer. He said, "If my partner had led back a spade you idiots wouldn't be arguing. South would have made three hearts or possibly only two hearts. But now you have a top score. What more do you want?"

West was right. He was also right that South would not have made more than three hearts if East had returned a spade. But four hearts can be made on a double dummy play.

# Lake Monroe Jottings . . .

Mrs. M. L. Johnson to wish her and Doug a lot of happiness. . . Hear tell that Sid Hawkins got a turkey last weekend. So did dad Claude. . . The Monroe PTO held its monthly meeting on Tuesday evening. . . One more week of school for the kiddies. Then a long holiday. The way time is flying Christmas will be here before you can say "Jack Robinson." . . Monroe Home Demonstration ladies, don't forget tonight is our Christmas Party night. It's at my home. Hope to see every member here at 7:30 p. m. . . The 4-H girls are going to skate out at the skating rink tonight. I know they will have a good time. By the way the Handy Helpers 4-H meets next Wednesday at the home of Mrs. Wilson. They are planning a bake sale to be held on the 21st at the Food Fair and also the Winn Dixie store on French and 25th Street. . . They also have a Christmas party that evening at my home. . . Rev. James Thompson of Lake Mary will fill the pulpit of the Upsala Presbyterian Church this Sunday. Don't forget services start at 11 o'clock now. . . For our thought this week I found this devotional poem in some literature given to me by Jim Hardin. Would like to share it with you.

"We have seen His star in the east. In the East where it first stood still, We have heard the song of the angel throng, "And on earth, peace, good will!" "But the little lights confuse And the nearer sounds obsess, And our hearts withhold from the Lord of love, The lives He would use and bless. "O little lights grow dim, O nearer sounds, be still, While our hearts remember Bethlehem And a cross on a far green hill."

Tree experts say that a fairly fresh Christmas tree consumes from a pint to a quart of water each day depending on its size, species and the heat and humidity of the house.

# We The Women: By Ruth Millett

"Men are incapable of choosing their wives' clothes," Norman Hartnell, dressmaker for Queen Elizabeth, told women who attended a fashion show in London recently.

Oh, come now, Mr. Hartnell. Such a remark was sure to please the ladies. They love to be told how much more they know than their husbands do on any subject at all.

Pleasing the ladies may be your business, but somebody ought to tell them the whole unvarnished truth. A woman whose husband helps her choose her clothes might not look as though she stepped out of the pages of a fashion magazine, but she would probably never look like a freak, either.

When a man helps a woman choose a dress or suit or hat, he doesn't care whether it's the latest word from the fashion world. He doesn't give a hoot about the label. He doesn't care whether or not the color is "good this season." He certainly wouldn't be favorably impressed by such descriptive words as "amusing." What man wants his wife to go out in an "amus-

ing" hat, for heaven's sake? All a man is interested in when his wife tries on something for his inspection is whether or not it is becoming. He may be influenced by the price tag, but not as much as his wife is, at that.

So women who consult their husbands about their choice of clothes might or might not get on anybody's best-dressed list—even at a local level—but they can be sure that their clothes will be becoming, and that no one will ever be so startled by their appearance when they enter a room that the first thought that comes to mind is: "How in the world did she ever find anything that unbecoming?"

But then, of course, if most husbands had a hand in selecting their wives' clothes the designers wouldn't find it so easy to sell women outlandish fashions.

No wonder the fashion industry doesn't care to have women dressing to please their husbands instead of to impress other women.

### Near Perfect Caps Flight

**CAPE KENNEDY (UPI)**—The first orbital test of the Saturn-1, a huge rocket the late President Kennedy said would give America almost power superiority, has slipped into January.

The Saturn-1 will be used to send three-man teams of astronauts in orbit around the earth prior to a moon flight.

The Saturn-1 had been set to fly with a live second stage for the first time next Tuesday, but engineers Thursday discovered cracks in pneumatic lines in the first stage.

The troubles will take at least three weeks to correct and the National Aeronautics and Space Administration said the test was put off until late January.

### Squabble Perils Common Market

**BRUSSELS, Belgium (UPI)**—A dispute over farm prices between France and West Germany that could wreck the Common Market went into its fourth day today with no solution in sight.

The crisis deepened Wednesday when France and Germany, the market's two most powerful nations, indicated they had no intention of backing down.

In Paris, the cabinet endorsed President Charles de Gaulle's implied threat to quit the Common Market if the six-nation economic community fails to agree on a joint farm policy by Dec. 31.

The cabinet sent Agriculture Minister Edgar Pisani back to today's talks in Brussels with firm instructions to insist on the deadline.

In Bonn, Chancellor Ludwig Erhard's cabinet confirmed its defiance of De Gaulle's stand by demanding that the Common Market agree on a unified stand at next year's world tariff talks at the same time it works out the farm price question.

### Space Test In Box Continues

**SAN ANTONIO, Tex. (UPI)**—Four teen-age airmen emerged Wednesday from a steel box and 30 days in an explosive atmosphere of pure oxygen, the longest known test of its kind.

They underwent medical tests then returned to their simulated space capsule for five more days of followup. Their conditions were good.

### MIRACLE COATING REPLACES HOUSE PAINT

**TEXTURED COATINGS OF AMERICA** is pleased to announce the approval of **HERBERT CHERRY** as a new **TEX-COTE** applicator in Sanford, Florida.

**TEX-COTE** is an exterior wall coating so tough and durable that it's Absolutely Guaranteed to eliminate a need for painting outside walls for 10 years. This outstanding product is called **TEX-COTE**. When applied it is 20 more times the thickness of ordinary paint and actually functions as a new surface.

**COMES IN 12 BEAUTIFUL COLORS**  
The United States Government and large corporations, such as Shell Oil Company, Pacific Telephone Company and Thunderbird International Hotels are using **TEX-COTE**. This remarkable exterior surfacing provides water-proofing, insulation and beauty, far outlasting any ordinary paint.

**Waterproofs, Insulates, Fire Retardant**  
In addition to beauty **TEX-COTE** has the additional advantages of water-proofing and insulation. Through the use of silicones a modern day scientific advance a water-repellent "blanket" envelops the entire building so that no moisture can penetrate and damage the interior of the home. Through the use of fiberglass and perlite, highly efficient insulating material, the building becomes cooler in the summer and warmer in the winter.

**Factory Guarantee**  
Every **TEX-COTE** job is registered and factory guaranteed for 10 full years against chipping, flaking or peeling. **TEX-COTE** is the only coating with this unqualified guarantee.

**THREE KIWANIANS** (below), Dr. J. F. Darby, Ed Kirchhoff and G. Andrew Speer, Kiwanis Club president, made the challenge of the year at the Kiwanis luncheon. In a surprise move they challenged 70 Kiwanians (above) to ring the bell for the Salvation Army Christmas kettle and get shoppers to drop in more money in the kettle than the three challengers can come up with.

### Succession Hearings Favored

**WASHINGTON (UPI)**—Senate Democratic leaders today endorsed plans for January public hearings on the problem of presidential succession, but carefully reserved judgment on what form it should take.

The main point at issue now is how to deal with a vacancy in the vice presidency.

Senate Democratic Leader Mike Mansfield, Mont., said hearings on two constitutional amendments introduced Thursday will "get the subject out in the open" for a determination of whether changes are needed.

Democratic Whip Hubert H. Humphrey, Minn., said he is asking about 30 top members of the American POLITICAL Science Association to "give us their views as guidelines" for any action. He is a former officer of the association.

"By looking to the scholars we can get some very helpful guidance for the hearings," Humphrey said.

Humphrey told UPI he feels that the "appropriate form" for any change is the constitutional amendment, rather than legislation. But he added, "I'm not yet prepared to say which route by amendment is better."

Sen. Jacob K. Javits, (R-N.Y.), proposed an amendment to provide for the immediate congressional election of a vice president when that office becomes vacant for any reason in this "split-second nuclear age." This would be done in joint session, with each member of House and Senate having one vote.

Sen. Birch E. Bayh, (D-Ind.), who is chairman of the subcommittee which will consider the proposals, introduced another which would let the President nominate a new vice president. This would be done within 30 days and be subject to confirmation by a majority of both Houses. Bayh stressed that his approach would permit party continuity during any four-year term.

Humphrey told UPI he feels that the "appropriate form" for any change is the constitutional amendment, rather than legislation. But he added, "I'm not yet prepared to say which route by amendment is better."

Sen. Jacob K. Javits, (R-N.Y.), proposed an amendment to provide for the immediate congressional election of a vice president when that office becomes vacant for any reason in this "split-second nuclear age." This would be done in joint session, with each member of House and Senate having one vote.

Sen. Birch E. Bayh, (D-Ind.), who is chairman of the subcommittee which will consider the proposals, introduced another which would let the President nominate a new vice president. This would be done within 30 days and be subject to confirmation by a majority of both Houses. Bayh stressed that his approach would permit party continuity during any four-year term.

### School Aid Bills Ready

**WASHINGTON (UPI)**—House leaders had two big job training and school aid bills ready for action today. Both were expected to pass, but one may be due for some cost cutting.

The bills scheduled for consideration were:  
—A \$1.5 billion compromise measure to expand federal aid to vocational education five-fold, to increase federal college student loans 50 percent and extend the life of an aid program for schools crowded by the children of servicemen and federal workers.

—A \$100 million yearly expansion of the 1962 manpower training law, including new programs for jobless youths and unschooled adults. It also would give states extra time to start paying part of the retraining program cost. The bill would increase the previous federal commitment by about \$481 million in the next four years.

### Christmas Air Strike Averted

**WASHINGTON (UPI)**—In his first intervention to halt a strike, President Johnson has created an emergency board to head off a walkout that would have crippled six major airlines in the midst of the Christmas travel rush.

On Johnson's order, the board was set up Wednesday to investigate a dispute between the machinists' union and Braniff, Continental, Eastern, Northwest, Trans World Airlines and National Airlines.

The action will postpone a strike for at least 60 days while the board tries to solve the dispute over pay raises and cost cutting.

The presidential order came with only minutes to spare. A National Mediation Board spokesman said a quickie walkout had been feared in 20 minutes at National Airlines, despite a strike deadline of one minute after midnight Thursday.

Mechanics and ground crews on the other five airlines have voted for a strike, but set no deadline.

A boy is not considered a man among southwestern African bushmen until he has stalked and killed a large game animal.

### Closing Of Bases Sets Off Protests

**WASHINGTON (UPI)**—The Defense Department order closing 33 military bases from New York to California brought a barrage of protests today from Congress, including charges of false economy.

But Defense Secretary Robert S. McNamara indicated Thursday that the closing orders were part of a new economy campaign that would gear savings to spending.

Until now, that has not always been the case. In the past because of a steady buildup in Polaris submarines and other defense programs, the Defense Department had to explain with each cost reduction why spending was increasing.

Nothing pleased Congress, however. Sen. Kenneth B. Keating, R-N.Y., introduced a bill to block the base closings in economically depressed areas. Rep. Samuel S. Stratton, D-N.Y., promised to turn the Pentagon upside down before accepting the cutbacks. New York stands to lose seven installations.

Rep. Bob Wilson, R-Calif., said the decision to close the San Diego naval repair facility lacked logic in view of other "pump-priming" programs. Wilson said he has asked Assistant Navy Secretary Kenneth DeLoe to reconsider the closure on the basis of "economic horse sense."

### Cigarette Case Ruling Reversed

**NEW ORLEANS (UPI)**—The 5th U.S. Circuit Court of Appeals Wednesday reversed a Florida court decision which favored the American Tobacco Co. in a cancer-death lawsuit.

The court remanded the case to district court in Florida where the heirs of Edwin Green may again sue the tobacco company.

The suit said Green died in 1958 after smoking Lucky Strike cigarettes for more than 20 years. His death was blamed on lung cancer caused by smoking.

The appeals court quoted a Dr. Ernest Snyder, who testified in the original trial, that "smoking was a main factor in lung cancer" and that "the risk of a heavy smoker to develop lung cancer is at least 20 times greater than a non-smoker."

### Buchanan Quits Control Board In Protest

**MIAMI (UPI)**—Frank M. Buchanan resigned from the State Board of Control Tuesday with a blast at the "ridiculous" operation of Florida's university system.

Buchanan, in a resignation letter to Gov. Farris Bryant, criticized Cabinet and legislative hamstringing of the board and said the state needs a chancellor to direct its higher education program.

However, Buchanan said he was resigning to devote more time to his family and business, and to campaign for Fred O. Dickinson, an unannounced gubernatorial hopeful.

The restrictions under which the board must operate "are hampering our efforts to employ top quality personnel in the universities," Buchanan said.

## 2 Burn To Death In Flaming Car

TWO SANFORD NEGROES burned to death in this automobile following a collision at about 1:20 this morning on Highway 17-92 South. This car burst into flames on impact. Witnesses rescued the driver.

### Third Killed In Collision; Seven Injured

Three Negroes were killed, two by fire, as the result of two automobile collisions Sunday night and early today. Their deaths bring Seminole County's traffic toll to 24 for the year.

The dead: Alfred Hardt, of 1109 East Ninth Street, who would have been 25 years old on Christmas Day.

John Williams, 23, of 715 Hickory Street.

Lola Crane, 35, of Oviedo. Sheriff J. L. Hobby reported Hardt and Williams were passengers in a car driven by Robert Herring, Negro, 22, of 423 East Third Street, when it crashed into a car parked along the berm on Highway 17-92 at Sunland Estates at about 1:20 this morning.

Force of the impact set Herring's car afire and knocked the parked car across the highway to the median.

Herring's foot was wedged between the pedals and he could not extricate himself. Richard P. Cline, 127 Laurel Drive, a service station operator, ran to the scene but was unable to remove Herring. He was joined by Sidney Matthews, West Hollywood truck driver; Ernest Atkins, Negro, R.B. 2, and A. D. Diamond, Negro, 1505 West 12th Street.

They managed to pull Herring from the car but the flames and heat drove them off and Hardt and Williams perished.

State troopers charged Herring with two counts of manslaughter, driving while intoxicated and having no driver's license, with total bond of \$3,000. He is being treated at Orange Memorial Hospital.

The driver of the parked car, Virginia Smith Campbell, Negro and David Bell, Negro, both of Daytona Beach, are being treated at Seminole Memorial Hospital. Lola Crane, according to Constable George Kelsey, was killed instantly at 9 p. m. Sunday when the car in which she was riding went out of control, broke off a utility pole and crashed into a tree on SR 431 near Orlando. Three other Negroes were taken to Winter Park Memorial Hospital. The driver, Oscar Davis, 38, was reported in critical condition.

Constable Kelsey reported it was learned only this morning that another passenger, Percy Milton, Negro, 38, was taken from the scene immediately after the accident and is reported in critical condition at the Winter Park hospital.

### Vicki Has Last Look At A Christmas Tree

BOWLING GREEN, S. C. (UPI) — Two-year-old Vicki Wray, partially blinded by cancer, joined her eight brothers and sisters today for a last look at the family Christmas tree.

Vicki will enter Duke University Medical Center at Durham, N. C. Tuesday where doctors will remove her right eye. Her left eye had been removed last July in an attempt to save the child's life.

"There really won't be any Christmas in this house," said her father, Robert Wray.

Doctors discovered a malignant tumor in Vicki's eyes last March and now think another 30 ways a children, a month-old infant, may be similarly afflicted. Wray said his wife will bring the infant, Edward, to Durham for observation.

"Hope it all we've got left," said the child's mother.

### Three Jailed In Holdup Here

Three Cocoa Negroes, apprehended 40 minutes after a holdup here Saturday night, are being held as suspects in county jail.

Meantime, sheriff's deputies are continuing investigation of a holdup by two white men Sunday evening.

Sheriff J. L. Hobby said three Negroes held up Ruby Colston at Club Two Spot, Negro night club on SR 46 East at about 11:30 p.m. Saturday and took \$250 from the cash register.

Description of the getaway car was broadcast by radio. It was a dark sedan, with a license plate beginning with an 'O' and ending in '40' minutes later, arrested Titus Walker, 46; Bobby Joe Fluker, 27, and Tellie Jones, 37, all of Cocoa. The deputies reported finding \$190 in a silk stocking in their car.

Two white men, one wearing a silk stocking over his head and brandishing a .38 caliber revolver, held up Curtis Hanscomb at the 7-11 store at Sunland Estates Sunday evening and escaped with \$325.

City police meantime were investigating two burglaries: \$100 from Cook's Corner at 2617 Park Drive, and \$115 from the residence of Yvette Reitz, 2539 Park Drive, Saturday night.

### 22 Below Zero In Minnesota

United Press International. The eastern two thirds of the nation was kept inside a deep-freeze lockup of cold air masses today that promised to keep temperatures crisp to bitter cold.

Temperatures ranged from 22 degrees below zero at International Falls, Minn., to 47 degrees in Tampa, Nebraska and the Dakotas had readings that ranged from 10 to 20 below.

No relief appeared to be in sight from the cold fronts which might allow some snow flurries in North and Midwest in the midst of sub-zero weather. Ohio was expecting three or more additional inches in some areas.

Mostly fair skies prevailed across the nation with some cloudiness in the upper Ohio Valley, south central states and the Gulf Coast.

Precipitation has been generally light in the Great Lakes and Ohio Valley. Traverse City, Mich., however, reported an additional six inches of snow.

Maine, New Hampshire, Vermont and Rhode Island were caught under a freeze-up of zero temperatures and slightly below.

### New CO Taxes Over VAH-3

Cdr. George W. Kimmons today relieved Cdr. Roy E. Farmer as commanding officer of Sanford's Heavy Attack Squadron Three. The Change of Command ceremonies were held without the usual pomp and color due to the 30 day mourning period for the late President Kennedy. Gue's a's were limited to the families of VAH-3 personnel.

In taking over command of Heavy Attack Squadron Three, Cdr. Kimmons assumes the responsibility for supervising and directing the training of all replacement flight crews and maintenance support personnel for the Atlantic Fleet heavy attack program.

Cdr. Kimmons comes to the helm of VAH-3 well qualified for command. Prior to his short tour as Chief Staff Officer of Heavy Attack Wing One, he commanded Heavy Attack Squadron Nine. He is a fleet experienced A3B pilot and has recently completed additional training of the Mach II Vigilante.

Cdr. Farmer brings to a close six years of Sanford heavy attack duty; dating back to August 1957 when, as a Lt. Jr. 1, he reported to Heavy Attack Squadron Five as supply officer. Four years later he took command of Five, which he held until ordered to Command VAH-3 in November 1962.

Cdr. Farmer reports after January 1 to the US Constellation as Operations Officer, and will be home ported near his native home of Coronado, California.

### Judge Devane Funeral Held

TALLAHASSEE (UPI) — Funeral services for senior U. S. District Judge Dozier A. Devane were scheduled here this morning.

Devane died here Sunday at the age of 80 after a short illness.

## School Aid Bill Signed Into Law

WASHINGTON (UPI) — President Johnson today signed into law legislation providing \$1.2 billion in federal grants and loans to help colleges build classrooms, laboratories and libraries.

The President affixed his signature to the measure at a White House ceremony. He had termed its passage last week as a "major step forward" in efforts to aid education.

The three-year program is designed to meet an expected "tidal wave" of college students in the 1960-70 decade. A major part of the late President Kennedy's education request, the bill would authorize the first broad assistance program for the nation's colleges since the land grant act of a century ago.

If used to the limit, the \$835 million in direct federal grants and \$360 million in low-interest loans could generate up to \$3 billion in new construction on the campuses of 2,100 public and private colleges, universities and technical institutes.

Colleges will have to match federal grants two to one, and supply at least one-quarter of total project costs when

seeking the 40-year loans. The program will be open to privately endowed and church-connected institutions as well as publicly owned and financed schools. No funds will be spent on chapels or divinity schools, nor on sports arenas or other buildings to which admission would be charged.

There also are limitations on use of the \$600 million earmarked for grants to help build undergraduate academic facilities.

Classroom buildings under that part of the program will have to be designed for instruction in the sciences, mathematics, engineering and modern foreign languages.

### Sentencing Of Two In Theft Awaits Report

Pre-sentence investigation was opened today by James Lee, parole and probation officer, for two of four defendants in the \$200,000 citrus scandal.

Circuit Judge Volle A. Williams said sentence would follow Lee's report.

C. R. Lowdermilk, Altamonte Springs citrus dealer, was found guilty Saturday of five counts of grand larceny, bribery and conspiracy (3), in bilking III-Aces Concentrate, Forest City, in misrepresenting the solids content of citrus acid.

Lowdermilk was found guilty after a week's trial.

Judge Williams said today he has not been requested by the state attorney to set trial dates for the other two defendants, Billy Lamar Hammond and Ralph Alderman.

### Miners' Release Of Four Awaited

LA PAZ, Bolivia (UPI) — Rebellious tin miners, surrounded by government troops, prepared today to release four Americans and 17 other hostages they have held for nearly 10 days.

Juan Lechin, Bolivia's left-wing vice president, who is also head of the National Miners' Union, flew to the mine area from La Paz Sunday to handle the release.

The miners of Catay and nearby Sigo Veintio, both about 150 miles south of La Paz, called a general meeting today to consider a reported government offer to withdraw federal troops in exchange for the safe release of the hostages. President Victor Paz Estenssoro refused to grant the miners' prime demand the release of two arrested Communist union leaders, according to government sources.

### Yule Warning

OXFORD, England (UPI) — Instead of tickets, Oxford police today left Christmas cards with the warning, "If you drink, don't drive" beneath the windshield wipers of illegally parked cars.

### Society Editor Appointed By Herald

Walter A. Gieson, publisher and editor of The Sanford Herald, today announced the appointment of Mrs. Helen Gleeson as society editor.

Mrs. Gleeson, a native of Jacksonville, has worked in radio and newspapers, and came here from the Coronado (Calif.) Journal.

She is married to Cdr. Richard Gleeson, U. S. Navy, now assigned to Argentina, Nfld., but home for the Christmas holidays. They plan to make their home here permanently after Commander Gleeson's retirement.

Commander and Mrs. Gleeson, residing at 319 Elliott Avenue, have three children, Bob, a golf pro at Bryn Mawr, Pa., who will be married there Dec. 23; Ricky, student at Orlando Junior College, and Penny, Seminole High School senior.

### 8,900 Motorists Visit The Cape

CAPE KENNEDY (UPI) — The Air Force lowered security barriers at America's No. 1 spaceport for a three-hour trial run Sunday and the open house went off without a hitch.

About 8,900 persons in 2,230 automobiles visited the missile test center in the first of non-stop 65-minute motorizing tours during a three-hour period every Sunday afternoon. Maj. Gen. Leighton I. Davis said opening day would be a trial effort to see if the public "drive-thoughts" could be managed without serious difficulties.

Air police and security men said there were no problems despite the heavy first-day traffic.

Automobiles in a double line were backed up for nearly a mile before the installation was opened at 1 p. m. About an hour later, a long line remained at the south gate but traffic was moving slowly toward the Cape.

Cars carrying the curious public were kept at an average 25 miles per hour as signs and security men at intersections directed the motorists along a special route past the launching complexes for some of America's mightiest rockets.

### Contract Let

WASHINGTON (UPI) — The Navy informed Sen. George A. Smathers, D-Fla., today that it had awarded a \$1,565,000 contract to the Milgo Electronics Corp., Miami, for work on electronic data processing equipment.

### Child Beaten Fatally; Mother Held

AMARILLO, Tex. (UPI) — Airman I.C. Henry A. Binning, 28, was deeply worried about the way his wife neglected or beat the couple's five children but he dared not seek help.

His pregnant wife, Mrs. Ella Mae Binning, 23, threatened to kill herself and all the children if he did.

She was particularly resentful of Marcus DeWayne and Elizabeth Roxanne, both 3. Mrs. Binning thought her husband ran around with other women while she was pregnant with them.

The two children were born 11 months apart.

Saturday, Marcus got in an argument with the other children and Mrs. Binning beat him with a hammer. She also beat Roxanne.

Mrs. Binning called an ambulance but by the time the boy got to the hospital he was dead. Attendants said he had two broken legs, a fractured arm, bruises, and rope burns on his neck. He had teeth marks all over his body.

Roxanne, suffering from malnutrition, was reported in fair condition with a possible skull fracture, bruises and mutilated fingers and toes.

The couple's other children aged 7, 2, and 1, were placed in the Randall County Welfare Home. They apparently had not been beaten, but all were suffering from malnutrition.

Justice of the Peace Bill Wilson ordered Mrs. Binning held without bond at the county jail at Canyon, Tex., south of Amarillo. She admitted the beatings and was charged with murder.

Det. Lt. Charles Hollis said Binning told him he had known about the beatings for a long time. He told Hollis "she threatened to kill herself and all the children if I told anyone."

### Six Children Die In Fire

PORTLAND, Maine (UPI) — Six children, three of them state wards, were killed Sunday night when a space heater erupted in flames which swept a two-family house.

William F. Harrigan, 35, and his wife Leona managed to save four of their seven children but were forced back by heat and flames before they could reach the other three and the three wards.

Killed in the three-alarm fire at 1 Gilman Place were the three Harrigan children, Heidi, 3; Mary, 4, and Holly, 6, and the wards, Ramona Maley, 7, her brother Tommy, 6, and her sister Tamme, 4.

Ralph A. Davis, 61, who lived in the other side of the two-story duplex house, was unhurt. Davis' wife was in a hospital when the fire occurred.

Mr. and Mrs. Harrigan were taken to Maine Medical Center along with their surviving children, Beverly, 9, Genevieve, 7, Edward, 3, and eight-month-old John.

The fire broke out shortly after 11:30 p. m. when Harrigan tried to light an oil heater on the first floor. Some of the fuel spilled onto the floor and ignited.

The Nativity Scene at City Hall will make its annual appearance tonight for display during the holiday season, City Manager Pete Knowles said this morning.

Vandals with no Christmas spirit did a considerable amount of damage Sunday night at the Fourth Street Park. Broke more than half of the light bulbs in the decorations. Vandals also broke windows in the Sanford Public Library and did considerable damage at Grace M. E. Church on Opera Road.

Members of Seminole High School class of '43 planning to attend the reunion Dec. 27 at Mayfair Inn are requested to contact Billy Brumley at P. O. Box 1569.

Opening of a new Trade Winds Cafeteria at Seminole Plaza is slated for the first week of January, according to J. C. Robinson, president of the locally-owned Central Florida chain.

Sanford Girls Scouts will conduct Christmas caroling at 7 p. m. Friday at Fort Mellon Park.

FROM THE LIONS PAUSE: An angler at the fishermen's club, describing his toughest catch, said, "After three hours I landed this terrific monster of the sea." Said a listener: "I saw the pictures and he was only six inches long. Admitted the angler: "Sure — but in three hours of fighting, a fish can lose a lot of weight."

Results of the Dec. 2 municipal election at Casselberry were certified Friday evening by a 3-1 vote of the Board of Aldermen. Voting for the certification were Cliff Overman, George Howard and L. E. Woodhams; against was Art Legu. No vote of the chairman, Ed Lunn, was necessary.

It will be a sad Christmas for the John Wurtz family at 2013 Jefferson unless "Chico" comes home. The family has had "Chico" for 14 years, never let him run loose... but he slipped his chain and disappeared last Friday evening. "Chico" is "just dog", light tan, a male and wearing a red harness.

William F. Warden Jr., of DeLand, has been named press assistant to Sen. George A. Smathers. He formerly served with Rep. Winfield D. Linton (D-Ind.) and Sen. Spessard Holland.

Fleet Reserve Association will hold its annual Christmas party for the children of members from 2 to 4 p. m. Saturday at the FRA home. Santa will be there, according to chairman Donald Pierce. Some gift coupons as previous years will prevail.

Chairman Jimmy Jones reports the annual shopping tour for the children of the Lutheran Home will be Thursday afternoon. The Christmas shopping tour is financed from funds received in the balloon sale during the Christmas parade.

City crews that have been working on the street resurfacing job have been taking full advantage of the fine weather, up to this weekend. Many a block of streets have been covered with the cement-laden sludge that soon hardens into a fine driving surface. City Manager Pete Knowles says that they know that the jobs are inconveniencing some of our fine citizens, but he points to the good cooperation that the crews are getting. Every effort will be made, he says, to minimize the trouble caused.

Have you noticed that striking lightning job done on the First Federal Savings building? If not, drive by there after dark and have a look-see.

### Tattoos Tell Of Christmas

ROMFORD, England (UPI) — Tattoo artist Victor Shipton, 41, said today teen-agers are lining up outside his shop to get special Christmas tattoos. "There is a rush for religious subjects just now," Shipton said. "The crucifixion is the most popular."

One of his customers, Brian Hargreaves, 16, said he got his Christmas tattoo "to help me think about religion more often."
