Ernest Nelson, Who Is Well Known Here. Will Be Manager | Bread

Through the advertising colmns of The Sanford Herald today Stir till brown. Add stock and stir a slice or two of onlen, and a faw it was announced that the new till boiling. Add 1 teaspoon salt, strips of green pepper. Season the Riley's store, located at 220 East 1-4 teaspoon pepper and mint tomatoes with salt, pepper and a First Street, will be opened to the public of Sanford and the surrounding territory tomorrow.

In making the opening an-

ouncement, E. C. Nelson, who has lived in this city during the greater part of his life, said that the new store is one of the most modern, interesting and attractive of its kind in the South and urged all to attend the opening tomor

Mr. Nelson said that the store had been completely remodeled, repainted and redecorated and that new electrical appliances had been installed. "All work was done by local labor, he said.

Probably the most interesting feature of the coming of Riley's to Sanford was the announcement that the operators will maintain a buying arrangement through its local store whereby in certain seasons of the year produce will be purchased in large quantities for distribution to other stores throughout the state.

Mr. Nelson will be assisted by R. W. Beasley who will be manager of the meat department and Albert Mears, head of the produce department.

## Cleveland Stresses Every DayNeedFor Prevention Of Fire

For the past few years, one week in each October has been set aside, and is known as Fire Prevention Week. During that week fire fighting and fire prevention workers in every community in the United States, and in some foreign counttries, redouble their efforts to warn citizens of the perils of fire, and the loss in property and lives for which it is responsible.

in recognition of 1934's Fire Prevention Week, Oct. 7 to 13, Fire Chief Mac Cleveland issued the following statement: "Uncontrolled fire is one of civilization's greatest menaces last year it took 10,000 lives and burned up homes and buildings worth three hundred million dollars in this country alone. More than 3,000 of the innocent victims of fire were children under ten years of age.

"The darkest side of this terrible record is that most fires can; be prevented-they start because comeone has been careless, has neglected some condition that was dangerous, or disregarded the obious danger of flames and sparks.

"Heginning now, let's start a cal Fire Prevention Week in our minunity and let's keep it going indefinitely. Your fire departmen! anxious to help you avoid fires in your homes and factories and hazards they may contain.
