

300 Members Of "Greatest Show On Earth" Strike

Ringling Brothers' Circus Hampered In Giving Performance

NEW YORK, Apr. 12. (AP)—The Ringling Brothers and Barnum and Bailey Circus—"The Greatest Show On Earth"—was a shadow of its usual opulent self last night after more than 300 employees went on strike.

There were no elephants in the parade that opened the spectacle at the night performance in Madison Square Garden and the performers took only 10 minutes instead of the customary 25 to parade.

To top it off there were only two rings in operation instead of the famous five.

The greatest blow to the circus fans came when they tried to buy peanuts and pink lemonade. The hawkers also were on strike.

Outside, 18 pickets, six on each side of the building, paraded up and down. They represented 300 strikers, members of the American Federation of Actors-Circus Workers Branch, American Federation of Labor.

Higgers, property men, animal feeders, groomers, drivers, porters, canvas, baggage and wardrobe men are members of the union. They demand the same pay scale during the "indoor season" here and in Boston as they are paid when the show is under canvas on the road.

Inside, 15,000 spectators were in their seats at 8:15 P. M. when the parade was scheduled to start. Musicians, who were not involved in the strike, entertained them while harried officials prepared for a curtailed performance.

About 300 policemen and detectives were in the garden. In the balcony were several strikers who kept shouting:

"Do you call this thing a circus? We want our money back!"

Crowds helped to set up the rings and some of the rigging.

The strike was called at 8:00 P. M. After Ralph Whitehead, executive secretary of the A. F. A., rejected Mayor Fiorello LaGuardia's offer of mediation, Whitehead and John Hunkeler North, co-owner of the circus, conferred yesterday afternoon without reaching a settlement. Then the Mayor offered to appoint an arbitration committee or to mediate the dispute himself. Whitehead refused and the employees walked out.

Referring to the union, North said: "They have refused to arbitrate. We haven't."

When the show reached the halfway point, North was introduced to the audience by the ring master. He made a brief speech thanking the spectators for their "heartening attitude" and paying tribute to "our loyal performers." He said the show would go on this afternoon as usual.

FAWLEY ON AIR

NEW YORK, Apr. 12. (AP)—Postmaster General James A. Fawley's Jefferson day address is to be broadcast by WABC-CBS at 9:30 tonight. His topic is "Jefferson and Roosevelt" with the plan set in the talk on loudspeakers at Jefferson day banquets in various parts of the country.

The largest sawfish ever caught alive has been placed in Marine Studios' huge aquarium at Matineeland. It was captured in nets five miles south of St. Augustine. It is 14 feet 8 1/2 inches long and its saw is about 2 1/2 feet.

We specialize in Invisible Half-Soling No Seam Visible!

ORIENTAL GARDENS

Jacksonville's 18-acre beauty spot located on the high banks of the beautiful St. Johns River and less than ten minutes from the business center. As one drives slowly down the winding road between great trees, the air suddenly is filled with music which seems to emanate from the trees themselves as if they were mighty organ pipes. Then it dies away to a whispering echo, and one hears in a distance the delightful notes of musical chimes that sound better in a garden than anywhere else on earth.

World-Famous Is The Mallard Duck

By "DING" DARLING
The ancestors of our domestic duck—

The wild duck of countries around the world, from Japan to France, from Mexico to Siberia, from Panama to Holland, the mallard.

Of the marsh ducks, the dipper and dabblers that dive but seldom.

and feed in the shallows or ponds, lakes and marshes, the mallard and its cousin the black duck, are by far the most conspicuous.

The original breeding range of the mallard included practically every state in the Union. By stream and lake, in innumerable little pond holes—everywhere there was water and sedge, the "green head" drake and modest brown hen reared their broods.

The frenzy for cleaning the last square inch of wild land, for ditching, draining and cultivating, drove the mallard from much of its old roosting territory and yet the mallard remains the first known and most prolific species of our American waterfowl. Probably more mallard are hatched in this country than any other species of wild duck.

The one wild duck that quacks is the mallard, its voice being the same as that of the domestic variety. In fact, wild mallard so readily mingle with barnyard stock and adapt themselves to domestication that it has been difficult to keep pure-bred wild stock for experimental purposes and restocking experiments.

The hosts of mallard pouring up and down the Mississippi valley have, in former years, been too vast for any reasonable estimate to be made of their numbers. But civilization, with its twin menaces of drainage and death, pasturing cattle on the remaining grassy marshes and the heavy slaughter in years when there was no closed season or bag limit has taken its toll of even this most common species.

Now they're on the upgrade, and just so long as we allow ourselves to kill less than we hatch and rear each year, they may be expected to increase. The length of season and size of bag limits depend altogether on how rapidly we restore the population to adequate numbers by intelligent management.

Both pickers and pickers are striking at Cody's packing house at Frostproof claiming that Cody has violated a written agreement he had with the citrus union. The strikers also claim that he discriminates against Union men and discharged one of their number. Sniely's employees are said to be striking because of a one cent wage cut.

Citrus Packing Is Paralyzed By Strike

BARTOW, Apr. 12. (AP)—Efforts made by John Sniely, head of the pork packing Association, to replace striking fruit pickers with grove workers at his Star Lake grove, yesterday reported to have been frustrated by pickets who stopped trucks carrying ladders into the groves and threw them off by the side of the road.

Sniely attempted to resume picking operations in a privately owned grove at Star Lake yesterday morning sending a picking crew but pickers, picketing the grove, very soon persuaded the coming picking crew to join the strikers lined up outside the grove.

He then attempted to put his grove workers to work picking fruit but this move was also frustrated when the strikers refused to allow ladders to be taken into the grove.

He then attempted to put his grove workers to work picking fruit but this move was also frustrated when the strikers refused to allow ladders to be taken into the grove.

Old City Ordinances Cover Lots Of Ground

FRESNO, Calif. (AP)—There are 2,363 city ordinances in this town and you're liable to get into trouble where you least expect it. For instance:

Don't eat a hamburger without giving the customer a list of ingredients.

If you ride a bicycle on the sidewalk, you must alight, but not bow, on approaching a pedestrian.

'Lasses' White To Appear Here With All-Star Minstrel

An unexpected incident that threatened the nation-wide tour of the famous Honey Boy Evans Minstrels of New York many years ago plummeted "Lasses" White, today's top one minstrel man, into the front ranks of minstrel performers.

This incident is frequently recalled by "Lasses," co-star of the blackface comedians.

"Lasses" and "Honey" team featured in the Lassie White All-Star Minstrels which will show here Saturday under the canvas of the nation's largest tent.

Mr. Evans, the star of his show, was suddenly stricken ill as the minstrel performance was scheduled to begin in one of the country's largest cities. Consternation reigned among the troupe, confronted with a problem that threatened the tour.

Up stepped one of the troupe's young members, Leroy White, with the announcement "I can take his place."

The show had to go on and the manager, whose confidence did not match that of young White, called for the performance to begin.

An immediate success. White (later the famed "Lasses") plunged to fame as a blackface comedian. His success mounted and soon he headed his own company, the famous "Lasses" White All-Star Minstrel. Later he formed a partnership with "Honey" Wilds to give the nation its greatest team of blackface comedians.

In the Spring and summer he and his partner headline the "Lasses" White All-Star Minstrels booked to appear here, in

the month that theatre, seating 3000 people on Saturday, Apr. 17, two performances at 8:00 and 9:45 o'clock.

SPENCER ACQUITTED
SAULT STE MARIE, Apr. 13. (AP)—A jury of North country farmers and tradesmen last night acquitted Vernon Spencer, former major league baseball player, on charges of murdering Helen Spicer in their hoteling halcyon last Oct.

IN Turkey... IT'S A "CUP O' KINDNESS"

In Turkey, friendly KONYAGES offer a cup of water with the toast: "Let us be friends." America's friendly toast is SCHENLEY'S "RED LABEL" or "BLACK LABEL". They're friendly to the taste.

IN America... It's Schenley's FRIENDLY-TASTING WHISKIES

Only Schenley goes to the extra care of "mellowing" its choicest stocks under simultaneous HEAT, PRESSURE and AGITATION. That's why you get extra enjoyment from super-smooth, friendly-tasting SCHENLEY'S "RED LABEL" and SCHENLEY'S "BLACK LABEL". Try these friendlier-tasting whiskies today.

For better spirits... say **Schenley** Whiskies

The ONLY Malted Whiskies

Only Schenley goes to the extra care of "mellowing" its choicest stocks under simultaneous HEAT, PRESSURE and AGITATION. That's why you get extra enjoyment from super-smooth, friendly-tasting SCHENLEY'S "RED LABEL" and SCHENLEY'S "BLACK LABEL". They're friendly to the taste.

Price: PINT \$1.25, QUART \$2.40. PINT \$1.50, QUART \$2.90.

Methuselah?

Sanford's Oldest is 3500

What were the oldsters of Bible times compared to a canardite who started life before the Indians discovered this area of abundance—before record of human life in the Southeast—3,500 years ago?

This oldest inhabitant is "at home" to visitors in a park just southwest of Sanford. A majestic cypress, the venerable tree is commonly called "The Sentinel." So large has the trunk grown that reaching around it takes eight men with arms outstretched, fingers just touching. The tree is 17 1/2 feet in diameter; towers 125 feet into the air.

"The Sentinel" has lived beyond human expectations—slightly, perhaps—but many in Sanford believe the same clear, sunny air which has nurtured this tree preserves human health; that the wealth of outdoor sports here promotes happiness, and that the combination does make for longer, better living.

Make Life Carefree
Much is added to life in Sanford by low-cost electrical comforts. Correct, plentiful light; hot water at all hours; quick and easy cooking—all at a low cost that has been repeatedly lowered.

FLORIDA POWER & LIGHT COMPANY

Roosevelt Proposes Billions For Attack On Business Slump

Seven Billion Dollar Program Is Outlined As Means Of Starting 'Upward Spiral'

Solons Are Urged To Co-Operate

WPA, PWA, CCC, RFC, Youth, Roads Farmers To Get Cash

WASHINGTON, Apr. 14. (AP)—President Roosevelt today proposed a \$7,000,000,000 recovery program...

Setting forth to Congress measures by which he said the government could "help to start an upward spiral" and summoning "untied national will" for a vigorous attack on the recession...

"Our capacity is limited only by our ability to work together. What is needed is the will. The time has come to bring that will into action with every driving force at our command..."

"No also said 'improvement in government and business practices must go hand in hand with recovery'."

The Chief Executive divided his program into three groups of measures. The first involved mainly additional appropriations for the fiscal year beginning July 1...

The second group called for \$1,450,000,000 for public works and loans and grants, \$300,000,000 for housing authority program...

The third group dealt with the devaluation of \$1,400,000,000 of gold and a reduction by the Federal Reserve board of member bank reserve requirements.

E. S. Rockey Dies Unexpectedly At Hospital In Jax

Heart Failure While Under Anaesthetic Is Believed Cause

E. S. Rockey, 43, for nearly 20 years owner and operator of the Rockey Tire Shop, died in the St. Vincent's Hospital in Jacksonville about noon today...

Mr. Rockey was born in Bowling Green, Ind. on Jan. 31, 1895, and has been actively engaged in business in Sanford since moving here nearly 20 years ago.

It was indicated that Mr. Rockey died from heart failure while under an anaesthetic for a minor operation for which he went to Jacksonville to have performed yesterday.

Definite arrangements for funeral services were not announced pending the arrival of Mrs. Rockey and her son.

Mr. Rockey is survived by his widow, one daughter, Doris, one son, Stanley, his father, William Rockey of Jacksonville, Ind., two sisters, Mrs. Neva Salmons of San Francisco, Calif., and Ora Stewart of Jacksonville, Ind., also a brother, Everett Rockey, of Indianapolis, Ind.

House Group Votes On Wage Legislation

WASHINGTON, Apr. 14. (AP)—The House Labor Committee today voted to eliminate all differentials from wage-hour legislation now being drafted.

Chief of Police Ray G. Williams credited the large increase in arrests to the radio facilities which have been installed at the Police Station 'greatly increasing the efficiency of the Department.'

The monthly report also showed that building permits issued during March were \$3,340 as compared with a total of \$4,950 for March of 1937 and a total of \$18,228 in building permits issued during the month of February.

Industrialists Here Are Against Wage-Hour Bill

E. T. Lay Tells Effect Of Legislation On Central Florida

Industrial leaders in Sanford and Brevard County expressed themselves as generally opposed to the passage of the wage and hour bill at a meeting under the auspices of The Associated Industries of Florida Inc. held in the Chamber of Commerce building yesterday morning.

Hendell Chase presided over the meeting in the absence of Chairman S. O. Shindler, who had been expected to preside.

Mr. Chase stated today that no recommendation or other action was taken on any of the numerous subjects of interest to industrial leaders in this area which were discussed at the meeting yesterday.

Mr. Lay, who is executive secretary of The Associated Industries, a member of the floor (Continued on Page Four)

Bachelor And Old Maid Bureau May Be Started Here

A bureau for the aid of bachelors, old maids, widows and widowers may be Sanford's latest innovation. A Herald reporter was advised by G. Mayer of Lake Mary this morning.

Mr. Mayer was at the City Hall seeking information on the cost of a city license for the establishment of his match-making business which he plans to conduct through correspondence.

A bachelor himself, Mr. Mayer declared that he would also seek a wife for himself while conducting what he plans to name a Matrimonial Correspondence Club.

The Lake Mary resident declared that he would follow this work as an avocation and that the idea for formulating a club of this nature was derived from his unusual interest in corresponding with other persons.

Declaring that he would not operate a marriage bureau, Mr. Mayer said, "I will not marry any of the couples, my job will be solely to get the couples together."

Britain Plans To Buy Planes From America

Tour Of Mediterranean Defenses Is Begun By British Minister Of War

By Associated Press. Britain (under) at the ministry of diplomacy and war preparedness, apparently in effort to use French, American and Italian cooperation as a brake on German developments in the last 24 hours, of unceasingly included:

(1) The announcement of the Italian Foreign Office that the Anglo-Italian accord to end more than two years of friction between the countries would be signed Saturday.

(2) Departure of the British war minister, Hoare-Bellush on an aerial tour in which he will inspect the British defenses at Malta and pay a courtesy call to Premier Mussolini.

(3) Reports in Paris that the Prime Minister Chamberlain would take steps to bring France into the framework of Anglo-Italian friendship, now that a stable French government gives Premier Laval three and a half months of virtual dictatorial powers has been set up.

An announcement in Parliament that the Chamberlain government is inquiring about the possibility of buying American planes to hasten the investigation of the Royal Air Force aroused interest.

Wars in Spain and China rolled on without the decisive stroke required to tip the scales.

The Spanish insurgents reported the capture of La Jana, bringing the advance guard of their southern wing within nine-mile miles of the Mediterranean coast. They reported the government's defense lines weakening.

The insurgent command at Iron said a "large force" of government militia is surrounded east of Granada, and retreat toward the coast is cut off.

In the Chinese war Japanese forces close to Yihai, the approach of their Shantung army, while Chinese artillery pounded the town, Chinese guerrillas continued to harass Japanese communication lines.

Thigpen Says Few Days Left To Register

Those who did not register while the registration books were in the precincts still have a few more days in which to register so as to be eligible to vote in the coming primary election, W. J. Thigpen, supervisor of registration announced today.

Emphasizing the fact that those who registered for the 1936 general election need not re-register this year, Mr. Thigpen pointed out that the registration books close on Apr. 30 but wished that all who did not register while the books were in the various precincts to register in his office immediately.

The books were removed from the precincts on Apr. 4, and placed in the registrar's office in the Bramley-Puleston building where they will remain until the deadline.

R. B. Chapman Attends Meeting Of Production Credit Associations

R. B. Chapman, prominent celery grower and president of the Sanford Production Credit Association, left yesterday afternoon for Columbia, S. C., where he will attend a meeting of representatives of Production Credit Associations from four southern states on Apr. 14-15, according to S. E. Andrews, manager of the local association.

At the meeting, Mr. Andrews stated, the 10 representatives from Florida, Georgia, South Carolina, and North Carolina will discuss problems of mutual interest in the 34 credit associations in the four states, including methods of improvement in the credit service which these farmers' cooperative credit organizations are giving members.

Mr. Chapman was chosen as a representative at a recent conference of directors of the organizations of this state in Miami Beach and, along with V. I. Bulfinch, a member of the board of directors of the Orange Citrus Production Credit Association, will represent Orlando, Miami, Sanford, Plant City, Bradenton, Jacksonville, and Gainesville at the regional meet in Columbia, Mr. Andrews said.

Regarding the operation of the organization of which he is president, Mr. Chapman before leaving for the South Carolina city declared that "this group is always glad to have any suggestions from any associations or from any members as to how the credit service which the associations are offering to farmers may be further improved. These associations which are strictly cooperative, in that every borrower is a member, are operated on the most economical basis possible in order to keep expenses at a minimum so that farmers may secure short-term credit at the lowest possible terms."

15 Lots Given To County In Deal With City

Land Between Park And Hood Avenues, North Of Commercial Transferred

City and County Commissioners met for a joint session in the Court House this morning to consummate a transfer of lots in the plat known as Lake View Park which has never been taken over by the City and County from the Lake Front Improvement Company in lieu of payment of delinquent liens.

Although arrangements for the transfer had been completed before the meeting today the deal was not finally closed until the passage of resolutions by the City and County Commissioners, which was the purpose of the meeting today.

In the transfer the County was given 15 lots in the block between Park and Hood Avenues and north of Commercial Street. The County now owns all lots in this block north of the Court House with the exception of one.

It was indicated that this block will be beautified by the County and will be held by them until such time as it is needed for construction of additional County buildings or other similar purposes.

The City received the entire block of lots between Hood and Palmola Avenues which last Fall was designated as the site for the construction of a temporary trailer camp. The City also acquired title to the lots on the east side of Sanford Avenue north of Water Street which are part of the block that has been dedicated as Fort Mellon Park and which, at the present time, is undergoing development as a WPA beautification project.

There was no indication as to what use the City would put the remainder of the property acquired in the transfer.

The Lake Front Improvement Company retained several lots for equity in the property, namely the two vacant lots behind the Seminole Tire Shop, two lots east of Howard C. Long plumbing establishment, lots on the west side of Sanford Avenue from Commercial Street north to Sealing Boulevard, and lots G and H which comprise 122 feet of the parkway bordering the seawall and includes all riparian rights.

Good Friday Services To Be Held At Church

Rev. Martin J. Hram, rector of the Holy Cross Episcopal Church, today said the three-hour Good Friday service will be conducted in the Church beginning at noon tomorrow.

The Rector will make an introductory address on the "Passion of Jesus Christ and Its Significance today" which will be followed by a series of short addresses taken from the last seven words of Christ from the Cross.

Rev. Hram stated that hymns will be sung between the short addresses so that any who wish to attend the services but who are unable to stay the entire three hours may leave conveniently.

JACKIE PRESSES \$4,000,000 SUIT

Jackie Coogan (seated), former child star of the movies, famous for his appearances with Charlie Chaplin in the old days, is shown conferring with his attorney, Frank P. Doherty in Los Angeles regarding the \$4,000,000 suit he has filed against his mother and stepfather for an accounting of his film earnings.

Preparations Made For 'Corky' Kellam's Swim

Norris "Corky" Kellam will begin his combination long distance and endurance swim in Lake Monroe at the foot of the Municipal Pier at 11th o'clock tomorrow afternoon instead of at 3:30 o'clock as was announced earlier.

The swim is scheduled as the feature of a water carnival to be given tomorrow and Saturday. "Corky" will begin his swim immediately after the first performance of the carnival is over. These performances are slated tomorrow. The first is at 3:45 o'clock in the afternoon and the second and third at 7:30 P. M. and 9:30 P. M. respectively.

One of the chief attractions of the carnival is said to be Ray "Stantom" Tombs, a champion swimmer, who will give a long distance swim beginning tomorrow at 3:45 o'clock.

Other acts on the program include family drama, trick swimming and various comedy acts.

As for "Corky" Kellam, he will have Capt. Joe Vick, expert formation swimmer and Red Cross swimmer, efforts are all being made to bring 7-year-old Junior Ann and her beautiful sister, Freda Ann, here for exhibitions during the swim.

Local merchants will furnish the 24-point aquatic performer with all the necessities during the long swim. A bathing company is preparing his food and will cook a three-pound steak supplied by a local market to be eaten by "Corky" in a downtown restaurant some night Saturday afternoon or evening with all the trimmings.

The milk and ice cream company will see that "Corky" has the proper nourishment from their products. A barber will do his clothes while he is swimming, and a dry cleaner who specializes in "big jobs" will clean and press his suits as he swims. After the swim "Corky" will be brought to the Hotel Furniture store window where he will sleep.

The entire exhibition is free but a free will offering be taken up after the special show.

Address Given By Roosevelt On Peace Plan

Principles Of Monroe Doctrine Are Reasserted By President At Conference

Praises Attitude In Western World

U. S. Will Not Permit Aggression Coming From Beyond Seas

WASHINGTON, Apr. 14. (AP)—President Roosevelt today declared American nations would not permit peace in the western hemisphere "to be endangered from aggression coming from outside."

Speaking on Pan-American Day to the governing board of the Pan-American Union, the President reasserted in a few words the historic Monroe Doctrine—without naming it—and placed it on an inter-American basis. The speech was broadcast to all American Republics.

Asserting the 300,000,000 citizens of this hemisphere have the same material for controversy which exists elsewhere, he said: "Yet we have undertaken contractual obligations to solve these normal human differences by maintaining peace; and that peace we are firmly resolved to maintain. It shall not be endangered by controversies within our hemisphere; and we will not permit it to be endangered from aggression coming from outside our hemisphere."

Many times during the past few months since grass fires have been numerous, the Fire Chief reported that both apparatus and most of the firemen had been away from the station putting out grass fires and that in the event of a major fire started at some point in the City considerable damage might be done before the apparatus could be summoned to the scene.

The Fire Chief also reported that many of the grass fires within the City were purposely started by unthinking residents and pointed out that there was a City ordinance which prevents the setting of fires without permission carrying a fine or jail sentence or both.

He also cautioned residents in the burning of leaves or trash on premises during the dry windy weather and declared that these fires should be carefully guarded to prevent spreading of the fire to nearby buildings.

Fire Chief Asks Co-Operation To Stop Grass Fires

Fire Chief Mark Cleveland today requested the co-operation of all residents in reducing the number of "unnecessary" grass fires, which members of the Fire Department are called upon daily to extinguish.

Many times during the past few months since grass fires have been numerous, the Fire Chief reported that both apparatus and most of the firemen had been away from the station putting out grass fires and that in the event of a major fire started at some point in the City considerable damage might be done before the apparatus could be summoned to the scene.

The Woman's Club Building Fund Benefit Country Dance and Bridge will be held at the Club House at 8:30 o'clock. For bridge reservations call Mrs. G. I. Louck, phone 141.

PHILATHEA PARTY HAS INTERESTING FEATURE
John Kader and William Bennett, disguised as Miss Annie Dulosh and Miss Emiline Jones "Straight from Paris," crashed the girls' Sunday School party of the Philathea Class of the First Baptist Church which was held on Tuesday evening at the home of Miss Eva Cunningham on Myrtle Avenue.

The uninvited guests arrived beautifully dressed in ladies' attire and in the most exclusive spring fashions, it has been reported, affording the guests much laughter. "Miss Dulosh was wearing a red evening dress with blue accessories, while Miss Jones wore the latest style in black and white tulle, with red and gray accessories."

Preceding the social hour a meeting of the class was held at which time the devotional was read from a chapter in Matthew. Mrs. S. J. Nix offered a prayer, after which the business of the class was transacted.

Assisting Miss Cunningham as hostesses were Mrs. Nix, and Miss Helen Garner, who served refreshments to the following: the Misses Naomi Hutchins, Pauline Bellamy, Sara Ed Pittman, Nellie Cunningham, Annie Dulosh, and Emiline Jones.

STUART-WALKER

Pan-American Club Has Special Program

The Pan-American Club of the Seminole High School presented a special program in the High School auditorium this morning at 10:00 o'clock, offering Spanish songs and other selections in costume.

The program consisted of the following: an Introduction to Pan-American Day, by Miss Margaret Tenhet; Introduction of officers, by Miss Mildred Ratliff; Flag Salute and presentation of flags of 21 Pan-American countries; a song, "Tarde de Abril," by Miss Jacqueline Campbell, James Colbert, and chorus; Spanish Dance, by Miss Marjorie Cogburn, "Ti pi Tin," saxophone solo, by Miss Martha Wright and chorus; "La Golondrina," violin duet, by Miss Nancy Rosseter and Miss Daphne Takach; and also many choruses and songs.

Church Circle Meets With Mrs. Gatchel

Circle Number Three of the First Baptist Church met at the home of Mrs. Forrest Gatchel on Monday afternoon.

Mrs. Fred Myers gave the scripture lesson on the subject, "Christ Arose," and Mrs. William C. Aader led the Bible study from the book of Mark. The mission study was given by Mrs. C. H. Morrison.

At the conclusion of the business meeting a social hour was enjoyed at which time refreshments were served to the following: Mrs. J. D. Cochran, Mrs. J. H. Colclough, Mrs. H. L. Leonard, Mrs. M. M. Smith, Mrs. Allen Gordonier, Mrs. Eckerson, Mrs. W. A. Hopkins, Mrs. Sarah Stewart, Mrs. Gatchel, Mrs. E. C. Harper, Mrs. C. A. Hazen, Mrs. Myers, Mrs. Kader, Mrs. Myron Smith, Mrs. Lula A. Miller, Mrs. V. G. Hasty, Mrs. C. M. Hand, Mrs. H. A. Haynes, Miss Helen Ward, Miss Hester Roller, and Miss Mary Stewart.

Gold Country Locale For Outdoor Picture

California as it was in the 1870's is the locale for the new life-like Technicolor production, "Gold is Where You Find It," which is the next feature attraction scheduled for the Strand.

Trinity County, in faraway northern California, still untouched by twentieth century civilization, was chosen as the "location," in order to make the film story of the great feud between the wheat ranchers and the gold miners as authentic as possible. Much of the story is actual history and much of that history actually took place in Trinity County—making the choice of location a perfect one. The entire production unit, including the stars, George Brent, Olivia de Havilland, Claude Rains, Margaret Lindsay and many others who are featured in the film, spent weeks in the wilds of Trinity—and enjoyed it hugely. So hugely in fact that they have decided to do their part toward making it a resort for tired movie folks who really and truly want to get away from it all.

The beauty of the north California country receives full justice on the screen, for it photographed in full color, said to be even more natural than "God's Country and the Woman," one of the most successful pictures of last year. In the film, the story of the struggle between the ranchers and miners is told in stirring terms. The ranchers fighting to preserve their fertile lands from the depredations of the miners; the miners maintaining their right to reap their harvest of gold from the earth. A beautiful love story is woven into the epic tale with handsome Irish George Brent and lovely Olivia de Havilland as its principals.

Outboard Hurtles Cypress Gardens Bridge In Movie At Ritz Theatre

The thrills and spills of outboard racing and fast aquaplaning are portrayed sensationally in the one reel sport picture "Aquaplaning" shown Thursday and Friday at the Ritz Theatre. This picture is one of the many made in the Florida Cypress Gardens near Winter Haven and the tropical scenery all over the picture is beautiful.

Poppies To Be Sold On Streets April 23

Poppies which will be distributed on the streets here Saturday, April 23, to be worn in honor of World War dead, have been received by the Sanford Unit of the American Legion Auxiliary from the Lake City Hospital where they were made by disabled World War veterans, it has been announced by Jeanette Laing, Poppy Day Chairman.

The Auxiliary's preparations for the annual Poppy Day are going forward under the leadership of Miss Laing, and the Poppy Day Committee.

Poppy-making work is restricted to disabled veterans receiving no government compensation, with preference being given to those having families in need of their support. Materials are supplied by the auxiliary and the men are paid one cent for each completed poppy. The number each veteran is allowed to make per day is restricted so that the work may be spread among as many needy men as possible, and to prevent overtaxing the worker's strength.

Mrs. E. A. Wright, State Poppy Chairman writes of one particularly interesting case. "A patient barely able to see light made 100 poppies this year. His delight at his accomplishment and dollar's earning was inspiring."

Mrs. Wright considers poppy making valuable occupational therapy in the government hospital. The work gives the men an interesting, profitable occupation, relieves them of long hours of idleness, and is a positive aid to recovery.

USE MAGNIFYING GLASS

Keep several small magnifying glasses handy. Fasten one on a cord to the telephone book. Stick another into your purse for reading programs, notes or shopping lists.

FROSTY APPETIZERS

When serving fruit cocktails, dip the rims of the glasses into fruit juice, then into confectioner's sugar. That will put an attractive, frosty looking ring around the top.

Mary Louise Robinson Honored On Birthday

Mary Louise Robinson was honored on her 12th birthday with a party given by her sister, Miss Hattie Robinson, and friends at the home of the honoree on Geneva Avenue yesterday afternoon. An Easter egg hunt and other games were enjoyed, after which refreshments were served the guests, with Mrs. J. R. Robinson and Mrs. Perkins assisting in serving.

Those attending the party were: Mary Louise Robinson, honoree, Cynthia Perkins, Peggy Stevens, Edith Robinson, Betty Cullum, Rose Mary Cullum, Ruby Collins, Edna Collins, Ida Diehl, Odessa Taylor, Lorine Betha, Miss Hattie Robinson, and Miss Martha Stevens. Also, John Robinson, Kenneth Robinson, Clyde Muse, Frank Muse, Walter Cook, and Walter Betha.

Hillsborough Solicitor Asks Disqualification

TAMPA, Apr. 14.—(AP)—County Solicitor Joseph E. Williams, indicted last week with eight other city and county officials on charges of permitting gambling in Hillsborough County, yesterday asked the Criminal Court of which he is prosecutor, to disqualify him in the prosecution of the indictments.

With the officials seven other persons were indicted on charges of operating gambling houses and a lottery.

CLEAN UP MARRIAGE

ALBANY, Apr. 14.—(AP)—New York State banned yesterday the marriage after July 1 of persons with communicable syphilis.

Governor Lehman signed a bill requiring all prospective newweds to submit to a physician's examination and serological blood test before applying for a marriage license, which may be issued only if a physician certifies the persons are not infected with syphilis or, if so, not in a communicable stage.

TASTE PICKER-UPPER

Add diced celery to your next dish of macaroni and cheese. A third of a cup of celery will be enough for three cups of macaroni and cheese.

Florida farmers produced the equivalent of 162,000 cars of fruits and vegetables with a gross value of \$108,000,000

Of this amount 102,527 cars were citrus fruits having a value of \$68,828,000. L. M. Rhodes, state marketing commissioner, told the Kiwanians at Fernandina last week.

Lookouts Win From Gondoliers By 9-8 Score

Charlie Atwater Hurls Sanford To Initial Win Over Leesburg; Buck Rodgers Gets Three Hits

Locals Blast Out 13 Hits Off Hurling Of Three Leesburg Pitchers; Bring Exhibition Total To 48 Blows

The Sanford Lookouts won a second exhibition game of the season last night at the Municipal Athletic Field when they defeated the Leesburg Gondoliers in a thriller by a score of 9 to 8.

The Lookouts, aided by the seven hit hurling contributed by Charlie Atwater in the eighth frame, he saw action on the hill, combined 13 hits and 4 runs and their initial win in three games played with the Lake County combination.

Joe Pinder started on the mound for the local force but was driven to the showers early in the second when he gave way to Atwater. The Gondoliers punched out 10 hits, seven off Atwater and three off Pinder. Atwater hurled five innings of hillside ball before Leesburg could start the ball rolling again after scoring three times in the initial chapter off two hits and an error.

Jake Travis, southpaw sent to the mound by Jacksonville of the Sally League, started for the Leesburg powerhouse nine and lasted only four and two-thirds innings as the Lookouts blasted out eight blows off his hurling for a total of seven runs. Orcutt came to the rescue but was nicked for five hits which were good for two runs.

Hitting honors for the encounter were taken by Buck Rodgers, local second baseman, Rodgers connected three times, for solid hits in four trips to the plate. Johnny Drews of the Gons recorded three hits in five trips while McDaniel duplicated the feat.

A number of feats were pulled during the game. Punch McDaniel hit a double to the center field way for a 400 foot drive. He fell down twice when rounding first, but he possibly would have tallied a home run hit inside the park. Manager Guy Lacy of the Lookouts displayed three fielding gems when he caught three exceptionally hard foul flies, Dick Gobel and Paz of the Gons each doubled twice during the latter portion of the game and Win Brown of the Lookouts made seven put-outs and one assist for eight chances while playing in right field.

The Lookouts scored three times in the second inning when they made use of two Gon errors and one base hit to score. In the fourth they bunched three hits, including a triple by Hays Young to tally once more. Two singles and a double in the fifth with a walk and a hit batsman produced three more runs and two singles and a double again in the sixth pushed across two tallies.

The Leesburg delegation scored first when they recorded two hits, on error, a hit batsman and a walk for three runs. They were held scoreless, and hitless until the sixth when a double by Gobel and a single by Drews sent a runner across. In the seventh they scored once more when Honner singled and Paz doubled. A late rally coming in the ninth brought three runs when a triple by Great, a double by Paz and

EDITOR APPLAUDED
Baton Rouge, La., Apr. 14.—(AP)—Applause from his audience of Louisiana state university journalism students followed Walter H. Harrison's explanation of his denunciation of fascism in the presence of Italian Ambassa-

dor Savich at a luncheon here last Friday.
"The ambassador, Signor Savich, left his gates wide open, in my opinion," the former president of the American society of newspaper editors told the students in answer to a question from one of them.

The Florida Federation of Labor, unanimously re-elected Wendell C. Heaton president of the Federation at its 35th annual convention at Pensacola last week. Charles E. Silva of Tampa was also unanimously re-elected first vice president.

Circus Party Is Unique Idea In Pleasure Field

Time For Affair Suggested As Spring Or Summer Season

By MRS. ALEXANDER GEORGE
NEW YORK, Apr. 14.—(AP)—Everybody likes a circus—almost everybody. Why not capitalize on this universal delight when you want to give a party? Make it a circus party.

You may want to wait until the landscape around your town blossoms with circus posters. But any time in the spring or summer would be good.

Make circus tickets for invitations. Collect the tickets for the door and exchange them for circus "money" for the guests to spend.

Let harkers—Dad or Older Brother George—exploit the wonders of the Big Top and Side Show. (Movies or lantern-slide pictures of family and friends, make an ideal side show.)

Let Little Sister Ann sell popcorn, chewing gum and peanuts and let her classmate preside over the pink lemonade.

Fill the Big Top—rumpus room, attic, porch, or garage—with games.

Have someone hand out rubber hoppers for the midway ring games. Give candy dolls as prizes for table tennis. Let Uncle Hob be the wright guesser—and make him forfeit a lollipop if he's five pounds off.

Establish a lunch counter—stacked with hot-dogs, ice cream in cups and lemonade. (Beer may be better for the old folks.)

Let the "teen-age group" fill lunch boxes—and then saunter around the grounds to eat. They may start out with sandwiches, salad served in paper cups, drop cakes and cookies and come back for cocoa and ice cream.

Set up a special table for the very young fans. Decorate it with balloons and toys and give white ties as favors.

CIRCUS CAKE

3 squares unsweetened chocolate
2 1/2 cup water
4 tablespoons granulated sugar
1 teaspoon vanilla
2 cups sifted cake flour
2 teaspoons double acting baking powder
1 1/2 teaspoon soda
1 1/2 teaspoon salt
2-3 cup butter or other shortening
1-4 cups granulated sugar
3 eggs, well beaten
1-8 cup sour milk or buttermilk
Combine chocolate, water, and 4 tablespoons sugar in saucepan. Cook over slow fire until thick and smooth, stirring constantly. Let stand until cool, stirring occasionally. Add vanilla.

Sift flour once. Measure. Add baking powder, soda, and salt. And mix together three times. Cream butter thoroughly. Add rest of sugar gradually, and cream together until light and fluffy. Add eggs and beat well. Then add cold chocolate mixture and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Turn into two greased bunch layer pans. Bake in moderate oven (350 degrees F.) 35 minutes, or until done. Place pans on round wooden serving board. Spread frosting between layers and on top and sides of cake. Arrange candy animals on top and around base of cake. Sprinkle toasted coconut and arrange small peanuts on serving board around cake.

SEVEN MINUTE FROSTING

2 egg whites, unbeaten

McAdoo Requests Pardon Of Dr. Townsend

WASHINGTON, Apr. 14.—(AP)—Senator McAdoo (D., Calif.), yesterday asked President Roosevelt to grant a pardon to Dr. Francis E. Townsend, head of an old-age pension plan, who was sentenced to 30 days in jail for contempt of the House of Representatives.

"Doctor Townsend is a respected citizen of California, and in his zealous advocacy of his old-age pension plan, he was summoned before a committee of the House of Representatives, where he refused to answer certain questions propounded to him. It is for that that he was convicted," McAdoo wrote to the President.

"I am sure that the doctor was ill-advised in defying the authority of the House and that he acted in good faith in the course he pursued believing that he was acting within his rights.

"He is an elderly man, and it would seem to me that the ends of justice have been fully satisfied in this particular instance by the vindication of the authority of the House by the Supreme Court and that clemency might be extended to Dr. Townsend so that he will not be compelled to remain in jail for 30 days.

"Neither Dr. Townsend nor any of his friends have sought my intervention in this matter. I am acting solely and alone upon my own impulses.

An appeal to the President to give the matter earnest consideration," was made by McAdoo.

Rally Against Huge Relief Program Urged

MIAMI BEACH, Apr. 14.—(AP)—Frank E. Gamett, New York publisher, yesterday urged citizens to rally against the proposal for a \$4,000,000,000 relief program, declaring it would give the national administration tremendous power.

"When the money is spent," he said, "we'll be just where we are now. We have to take care of those in need, it's true, but this sum should not be placed in the hands of politicians."

Pepper To Speak In Kola Park Tonight

ORLANDO, Apr. 14.—Senator Claude Pepper will deliver an address at Kola Park at 8 P. M. tonight under the auspices of the Orange County Pepper-for-Senator Club.

B. M. Robinson will introduce Senator Pepper. Capt. Robinson is honorary president of the local Pepper club.

After an attack of flu, Senator Pepper was able to take the stump last week and spoke at a score of places in South Florida. Newspaper reports indicate that he had a record audience at Tampa Thursday night and at Fort Myers last Saturday.

FIGHTS TAX LEVY

LITTLE ROCK, Apr. 14.—(AP)—The Standard Oil Company of Louisiana today will seek a temporary injunction in Circuit Court here to prevent collection of taxes in those Louisiana counties under an assessment made by the State Corporation Commission. The oil company will charge that assessment placed against it is approximately \$500,000 too high.

'LIFE' CASE BRINGS WARRANT

NEW YORK, Apr. 14.—(AP)—A warrant for the arrest of Roy H. Larsen, publisher of "Life" magazine, on charges of selling obscene literature, was issued in Bronx court yesterday in connection with the magazine's display of still pictures from the movie "Birth of a Baby." Larsen invited his own arrest by selling a copy of "Life" to a Bronx detective to avert arrest of Bronx newspapermen.

Pensacola high school took top honors in the glee club contest in the West Florida Music Festival held at DeFuniak Springs last week, and Tallahassee won the silver loving cup for the best band. Panama City shared honors with Tallahassee, winning first place in Class B for bands, and Chipley won first honors in both the girls' division and the boys' division in vocal competition.

Wilcox Campaigns In State's Citrus Belt

WACHULA, Apr. 14.—(AP)—Campaigning yesterday in the citrus belt of Highlands, Hardee and Sarasota counties, Mark Wilcox, candidate for the United States Senate, told crowds in Avon Park, Sebring, Sarasota, and Wauchula that the problem of the citrus industry largely was one of distribution.

Wilcox, who will speak in Sanford Monday night at 8 o'clock, pledged his wholehearted cooperation in "putting over" any definite program which might be drafted by the growers.

He told of his work in Congress during the past five years in an effort to correct the evils besetting the industry.

Mrs. Eugenie Correll, 65 years old of Phoenix, Ariz., is known as "the mother of the accordion." She is believed to have been the first woman to play the instrument on the American stage, introducing it at Tony Pastor's theater in New York in 1900. She still plays in Arizona community festivals.

Last week Harvard Lodge, No. 113 F. & A. M. at Cocoa was presented with a rare gavel, the hammer of which was made from stone quarried from King Solomon's mine, being the white stone as was used by Solomon's Temple in Jerusalem. The handle was made from olive wood grown on the Mount of Olives.
