CHRISTIAN SCIENCE CHURCH "Gentleness" is the subject of the lesson-lesson in all churches of Christ Sunday, Sept. 15. The Golden Text is from Hebrews 12: 16. "Ye had compassions of me in my bonds, and ye fully felt the spoiling of your goods, knowing in yourselves that ye have in heaven a better and enduring substance."

Among the citations which comprise the lesson-lesson is the following from the Bible: "Not faith is the substance of things hoped for, the evidence of things not seen" (Heb. 11:1).

The lesson-lesson also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When we come to have more faith in the truth of being than we have in error, more faith in spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material suppositions can prevent us from healing the sick and destroying stress" (p. 358).

OLD PEOPLE find way to keep breath wholesome

Rhalosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbances, food indigestion, or the wearing of false teeth, old people frequently have halitosis (bad breath). The wonder often extends to their spouses.

But why become so embarrassed? The regular use of Listerine will often overcome offensive mouth odors due to the fermentation of the bits of food on teeth, tongue, or dental plate surfaces.

This safe antiseptic and quick deodorant works gently. It dissolves mucus, kills and soothes, kills fermentation and prevents a major cause of odors, and thus insures the most agreeable breath.

Try using Listerine every day. You will soon have a pleasant breath. Listerine Pleasant Taste, 5c. Listerine, 15c.
