

### Animal's Marrow Is Taste Thrill For Noted Painter

By HAL BOYLE  
NEW YORK. —(AP)— Tired of eating the same old things? Want a new flavor thrill?  
Then why not try some tasty marrow from a woolly mammoth aged for 10,000 years in nature's northern icebox? You'll never get it.  
Charles R. Knight has remembered the sensation for 25 years. He is an artist famous for his pioneering paintings of prehistoric life.

"About a quarter of a century ago the American Museum of Natural history got some bones and flesh from a woolly mammoth trapped in the Alaskan ice perhaps 10,000 years before," he recalled.  
"We were curious as to what it would taste like, so we tried some of the marrow. It tasted exactly like rancid grease."  
Nobody asked for a second helping. Knight feels he was luckier than some Russian scientists who dined on the flesh of another woolly mammoth caught long ago in the Siberian deep freeze.  
"They got awfully sick," he said.

All the world's a graveyard to this 74-year old artist who perhaps as much as any one man has helped the past come alive. Since 1894 he has specialized in painting prehistoric men and animals, and he was the first to do so scientifically—based on reconstructed fossils.  
His large-scale murals hang in a dozen well-known natural history museums across the country, and his work was collected by such nature lovers as the late J. P. Morgan, Governor Pinchot of Pennsylvania, and historian Charles A. Beard. His fifth book, "prehistoric man," soon will be published.

His 65-year study of the earth as it was in the days of the dinosaurs has convinced him modern man doesn't have too much to brag about.  
"Ancestral man has existed for perhaps a million years," said Knight, "but he didn't assume his present manlike shape until the cro-magnon man of Europe, some 30,000 years ago."  
"And the cro-magnon was just as good a man as we are, mentally and physically. The cro-magnons averaged 5 feet 9 inches tall, but some were 6 feet 3 or 4 inches. "You could bring a cro-magnon man to New York City today and after you had shown him a few wonders, he'd be able to get along all right."  
"He'd be able to appreciate television as well as the next cliff dweller."  
Knight is convinced that mankind's biggest defeat is his failure to develop spiritually.

"With all our advantages we haven't advanced spiritually, as we can and should and must," he said. "I don't think that spiritually we are better than cro-magnon."  
"Confucius, Christ, Mohammed—these and other messiahs have told us a thousand times what to do. We know what to do—but we don't do it."  
"I don't know what to make of modern man. He throws away his possibilities. He is a deliberate fool—the worst kind of a fool."  
But Knight thinks there is little use for man to trust that nature will bail him out of the trouble he is getting himself into.  
"He will destroy himself unless he returns to more spiritual ways. He's a goner."  
"Nature never helped any animal out of a hole. She won't help man out either. And he has problems just like any other animal."

### YOU'RE TELLING ME!

By WILLIAM RITT  
Central Press Writer  
**THE STREET** fighting in Shanghai failed to halt civilian traffic in that town. From what we've heard of Shanghai traffic it's a wonder it didn't halt the street fighting.  
In Shanghai the harassed motorists probably can't see any difference between an ordinary traffic jam and a war.  
We could name some American cities where the traffic is sometimes a reasonable facsimile of a tank battle.  
The Greeks, we read in Factographs, invented the custom of serving three meals a day. It seems the Greeks had not one but two words for it—"Soup's on!"  
That new sand counting machine should be given its first test with a plate of spinach.  
A new drug has 81 letters in its name. A prescription for it probably will have to be written on licker tape.  
Scientists now think that mankind got its start in Tibet, the land of supermountains. And ever since, pessimists will tell you, civilization has been going down hill.  
Iowa is the second largest cattle-producing state.

### Hints To Housewives

By Anna Mae Sikes  
**GOOD MILK DRINKS**  
Extension Nutritionist  
Milk is our most healthful drink and a food as well. Cocoa and other chocolate milk drinks are long-time favorites. There are many other good ones too, that use fruit, eggs, and other favorite foods. Let's try some of these other milk drinks. Here are some good recipes:  
**Egg-Nog**  
Ingredients: 3 eggs, pinch of salt, 1 quart milk, 3 tablespoons powdered sugar, 6 tablespoons fruit juice, and chopped nuts.  
Add salt to egg whites and beat to stiff froth. Add sugar, well-beaten yolk of egg, and fruit juice. Combine with ice cold milk. Sprinkle with chopped nuts.  
**Orange Nog**  
Mix 1 1/2 cups chilled orange juice, 1 tablespoon lemon juice, and 3 tablespoons sugar. Stir mixture slowly into 2 cups chilled milk.  
Mix thoroughly and serve at once. Makes 4 servings of about 1 cup each.  
For Orange Egg Nog: Add fruit juice mixture gradually to 2 well-beaten eggs, then stir into diluted milk and mix as directed for Orange Nog. Makes 4 servings of about 1 cup each.  
Spiced Milk  
Heat together 1/2 teaspoon allspice, 2 tablespoons sugar or strained honey, 1/2 teaspoon salt, and 4 cups milk. Remove from heat and stir in 1 teaspoon of vanilla.  
Serve hot or cold. Makes 4 servings of about 1 cup each.  
One-half teaspoon cinnamon and 1/4 teaspoon nutmeg can be used in place of the 1/2 teaspoon allspice.  
The gallstones sometimes found in cattle are prized by Orientals as good-luck and good-health charms, and sell for \$125 per pound.

## Coplon Cries "Frameup" At Prosecutor

### Ex-Justice Department Employee Denies She Ever Been A Communist

WASHINGTON, June 24 (AP)—Judith Coplon screamed "I've been framed" over and over today at the end of cross-examination in her espionage trial.

When Prosecutor John M. Kelley, Jr., finally said "that's all," Miss Coplon remained seated on the witness stand. Then for nearly ten minutes she shouted that she had been "entrapped" and "framed."

"This case is so smelly that it smells to high heaven," she cried in hysterical tones.

Earlier, in another emotional outburst, she had shouted that "I'm not a Communist and I've never been a Communist."

John M. Kelley, Jr., prosecutor in her espionage trial, was seeking to show sketches she wrote about three acquaintances included just the information the Russians wanted to know about possible espionage recruits.

The biographical sketches were found in Miss Coplon's pocketbook when the 28-year-old government worker was arrested last March and accused of pilfering FBI secrets to pass to the Russians.

In one, Miss Coplon had written that Lawrence E. Miller, Hubert Grigori, who was recently named "Why did she remember you as" (Continued on Page Two)

## Barbecue Is Given By Elks Lodge For Hospital Benefit

About 850 persons enjoyed the barbecue given last night by the Elks Lodge at their grounds on East First Street as a means of raising funds for the Florida State Hospital.

James J. Elks, lodge president, announced today and thanked the program. "Big success," he said. "We had a fine time and the Elks Lodge is proud to have been able to help the hospital."

A short meeting followed the barbecue after which dancing was enjoyed at the lodge. A delegation from Cocoa was present, headed by District Deputy Grand Excelsior F. Hubert Grigori, who was recently named by Governor Warren as assistant state attorney in this district.

Bill Bunning, past vice-president of the Florida State Elks Association, was present with an Orlando delegation.

Several afternoon showers failed to halt the preparation of the barbecue which included 300 half chickens, 50 pounds of pork ribs and 35 pounds of spare ribs. Also on the menu were baked beans, slaw and potato salad.

A number of firms contributed food for the barbecue, said Mr. Lodge. These included the Bell Baking Co. of Daytona Beach which contributed the bread; Wright Bros. Grocery, which gave 12 pounds of coffee and Central Florida Foods, Inc. which provided material for the barbecue sauce.

## Summer School Term Registration Monday

Registration for the six weeks summer school term at Seminole High School will take place at 9:00 o'clock Monday morning, Herman E. Morris, principal, announced today.

By attending summer school pupils can make up one subject or two half subjects. To make up one semester will require two hours daily attendance, and two semesters, four hours daily. School hours will be 8:00 A. M. until noon.

Instruction will be by regular faculty members, said Mr. Morris. Subjects will include English, mathematics, social studies, history and general sciences (science laboratory instruction). No foreign languages will be taught.

## 'Five Percenter' Faces Probe

Members of the Seminole County Junior Chamber of Commerce voted unanimously yesterday at their luncheon at the Tourist Center favoring the City Hall auditorium for a suitable meeting place for civic clubs, providing necessary repairs are made.

Karlisle Housholder, local attorney, who was a Jaycee delegate to the joint meeting of the Seminole County Chamber of Commerce and local civic organizations at the Tourist Center Tuesday night, made a report on the meeting.

Mr. Housholder introduced President Gordon Bradley, who outlined the activities and accomplishments of the organization during his administration.

President Bradley's report told of work done by the club in a safety campaign for Sanford, get out the vote on "I Speak for Democracy Contest" conducted in the schools of the county, youth welfare work, the Christmas parade, participation in civic improvements for Sanford and Seminole County, and made donations contributed to fund drives and campaigns.

President Bradley recommended as an economy measure to the new officers of the organization a plan to name a publicity committee to write up reports on the activities and meetings of the organization and furnish copies to The Sanford Herald and the Orlando Sentinel. He also requested a permanent committee to attract new businesses to Sanford and Seminole County and that the investigation of improvements to the band shell be continued.

He also recommended that the governmental affairs committee be divided into a youth government committee, also that the organization continue with a board of directors form of government.

President Bradley was instructed by the organization to write a letter to the Orlando Junior Chamber of Commerce regarding the water main cutting to be held in Cocoa Sunday, May 22, said Mr. Lawrence. A number of teachers who are seeking degrees are attending classes at Sisseton University, the University of Florida and Florida State University.

MAAD of a Senate investigating committee, Sen. Clyde R. Hoey above, (D-N.C.) has ordered a "complete investigation of the facts" relating to "five percenters" who secure government contracts through "influence." Probe was touched off when a newspaper named James V. Hunt (right), ex-Army officer, as one who guaranteed contracts. (International)

MAAD of a Senate investigating committee, Sen. Clyde R. Hoey above, (D-N.C.) has ordered a "complete investigation of the facts" relating to "five percenters" who secure government contracts through "influence." Probe was touched off when a newspaper named James V. Hunt (right), ex-Army officer, as one who guaranteed contracts. (International)

## Jaycees Approve Proposed Sanford City Hall Move

Members of the Seminole County Junior Chamber of Commerce voted unanimously yesterday at their luncheon at the Tourist Center favoring the City Hall auditorium for a suitable meeting place for civic clubs, providing necessary repairs are made.

Karlisle Housholder, local attorney, who was a Jaycee delegate to the joint meeting of the Seminole County Chamber of Commerce and local civic organizations at the Tourist Center Tuesday night, made a report on the meeting.

Mr. Housholder introduced President Gordon Bradley, who outlined the activities and accomplishments of the organization during his administration.

## Truman Urges Senate Group Removing POs From Politics

WASHINGTON, June 24 (AP)—President Truman today recommended legislation aimed at removing postmaster appointments from politics.

In a special message to Congress he urged enactment of a law to authorize the postmaster general to appoint all postmasters subject only to provisions of the Civil Service and Classification Act.

This would mean that the time-honored custom of the President appointing first, second and third class postmasters—of whom there are some 21,000—would be abandoned. Senate confirmation of the presidential choices likewise would no longer be a part of the routine.

Postmasters theoretically have been under the civil service system for some time. But legislators frequently have had a hand in picking one of the first three passing the examination and, furthermore, the Senate for years has had the final say on confirming them. Fourth class postmasters are appointed by the postmaster general and do not have to be confirmed. These are the smaller offices.

The new legislation requested by Mr. Truman is in line with a recommendation of the Government Reorganization Commission headed by former President Hoover.

Under the plan, the Post Office Department on a more efficient and businesslike basis, the president urged anew that postal rates be brought in line with increased costs of operations. He predicted a deficit for the fiscal year 1950 starting July 1, on the basis of current rates, of more than \$400,000,000.

Other recommendations made by the president also in line with the Hoover Commission report include placing the Postal Department under the government with a business type budget, audit and accounting procedures as prescribed by that act.

As a corollary, he added, the legislature should give the department "the same degree of financial and operating flexibility as is now possessed by most federal service enterprises."

"Such legislation," the president said, "is essential if the postal service is to be conducted on a businesslike basis."

The Hoover Commission report also called for an amendment to the Civil Service Act to give the postmaster general full authority to appoint postmasters and other postal employees, subject only to the provisions of the Civil Service Act.

## Senate Group Approves Hike In Low Wages

WASHINGTON, June 24 (AP)—The Senate Labor Committee today unanimously approved a bill to increase the present minimum wage of 40 cents an hour to 75 cents.

Senator Pepper (D-Fla.), a committee member, said the Labor Department figures that if the bill becomes law, it will mean pay raises for about 1,250,000 workers who in interstate commerce now make less than 75 cents an hour.

The committee did not go along with the idea that the law should be broadened to include many workers not covered by it now.

Pepper said the bill had been broadened so that it included only an additional 90,000 non-farm workers. These, he said, are engaged in processing agriculture products in so-called "plants of production."

"Farmers still will have the exemptions they now have," Pepper said. And he added, "I think we have a bill which can get through both the Senate and the House."

The House Labor Committee also approved a 75-cent minimum wage bill. But the House bill would cover more workers than does the Senate version.

The Senate bill provides that in case of violation, the government could step in and use the employees on its own.

Senator Pepper (D-Fla.) said that the bill would be introduced in the House next week.

## Man Is Arrested In Slaying Of Young Mother

MORRISON, La., June 24 (AP)—A young man who authorities admitted to his mother's slaying and he had murdered a 17-year-old woman, was held in the County Jail today.

Sherriff John A. Meyer said he would question the man, Edward J. (Buddy) Beckwith, 27, of Morrison, and probably would file a first degree murder charge against him today.

The nearly nude body of Mrs. Jean Stallhold, mother of a 14-month-old son, was found early yesterday morning by her husband, Harvey, in a large walk-in refrigerator of the tavern they operate here.

Beckwith was identified by those (Continued on Page Two)

## 124 Pupils Finish Course At Sanford Vocational School

A total of 124 pupils, including 47 young men and 77 young women, received instruction in commercial subjects during the year from the Sanford Vocational School which closed its term yesterday, Mrs. R. C. Maxwell, principal and Mrs. J. P. Hall, instructor, announced this morning.

During the year the school secured 38 permanent and 31 temporary jobs for students.

Participating in the accelerated course in high school subjects were 27 veterans. Three of these, LaFayette and William F. Jett and William Lane, received high school diplomas at Seminole High School commencement exercises.

A total of 31 certificates were recently awarded: 11 to men and 10 to women on commercial subjects and one to a man and nine to women on high school subjects.

## 34 Passengers Are Injured As Big Bus Runs Off Highway

BALTIMORE, June 24 (AP)—All but one of 35 passengers and the driver of a New York-Washington Greyhound bus were injured at dawn today when it pitched off U. S. 40 just northeast of Baltimore.

Only two or three of the injured were seriously hurt and none is listed as critical.

The bus swerved off the highway, hit the foot-thick concrete fenders of a culvert, pitched 15 feet across a creek 10 feet below the roadway, and nosed into an embankment.

Gerald Phillip Thibodeau, 28, of Philadelphia, was the driver.

Patrolman William Dreyer of the Baltimore county police reported that Thibodeau told of becoming drowsy and the next thing he remembered, awaking to avoid a car, also southbound. Thibodeau had ear and head lacerations.

Many of the passengers were knocked unconscious in the maelstrom of flying bodies and baggage. Ambulances, police cruisers and private cars brought them to city and Johns Hopkins Hospitals here.

Cpl. William A. Pomerleau, Jr., 20, of Kennesunk, Me., told of officers he could not estimate the speed of the bus at the time. "We were rolling," he said.

## Increase In Polio Throughout Nation Shown By Health Service

WASHINGTON, June 24 (AP)—The polio season, just starting, has turned up 36 per cent more cases across the country than last year. If the rate is maintained, 1949 could approach the peak of 30,000 cases reached in 1916. Better reporting and diagnosis of the disease account for part of the 1949 rise.

Except for a limited area in Texas, the Public Health Service reported today, there are no local concentrations or sudden outbreaks which suggest possible infantile paralysis epidemics.

But the number of cases reported, 2,900 up to this week, is high enough to warrant "every precaution" during the summer vacation season, a Health Service spokesman said.

This advice was offered for vacationers and weekend holiday travelers:

Don't get overtired.

Don't plunge into cold water when overheated; avoid sudden chill.

Wash the resort town's newspapers. If they report polio, take extra care about getting in crowds, washing hands, swimming in polluted water.

Inspect tourist cabins and camp sites for too-numerous flies.

Use care in traveling in polio areas in the vacation season; Sept. 15 is the peak month.

Keep your general health as good as possible.

Nationwide, 278 cases of poliomyelitis were reported last week, compared with 253 a year ago.

The week's biggest increases in Texas, 108 new cases as against 94 the previous week; California, 23 as against 12; and Oklahoma, 28 as against 22. One other state had more than 10—Arkansas, with 14 new cases.

Texas has reported 855 cases so far this year, 64 more than on this date a year ago. California has had 428 as against last year's 219, but about 800 were cases which started in last winter's epidemic and are carried over into this year's count.

Tom Green county in Texas reported 28 cases last week, the Health Service said.

This year's country-wide total of 2,900 cases to date compares with 1,967 in 1948—which would up being the highest year since (Continued on Page Two)

## Klan Probe Ordered By Attorney General

WASHINGTON, June 24 (AP)—Attorney General Tom Clark today ordered a full field investigation by the Justice Department into recent night rider violence in Alabama.

The announcement and that reported by the Klan were "unperturbed" to be involved.

At the same time a congressional committee ordered public hearings on Alabama hoaxing. Some southern representatives warned Congress to keep hands off.

The hearings will start before a House Judiciary Subcommittee next Wednesday, with Clarke Stallhold, Birmingham Post reporter, as the first witness and Clarence Lake of the Birmingham News likely to follow him.

Rep. Battle (D-Ala.), in whose Birmingham district the hoaxing by white-robed mobs occurred, told the House today federal expropriation would "interfere rather than expedite justice."

Rep. Battle said, "I have no objection to the investigation. We're going to get the facts straight. We're going to get the Klan out of the country."

Rep. Battle said he has instructed the FBI specifically to investigate alleged violence by white-robed mobs at Brookdale, Ala., on the night of June 10 when a mob of about 100 men were reported to have been killed.

"It is reported," the announcement said, "that a handful of men, some of whom are members of the Ku Klux Klan, entered the residence of Mrs. Marshall, a local woman and daughter of Marshall and a local newspaper editor, and forced them to witness the burning of a cross."

It is reported that a policeman investigated the alleged mob activity and that a confession was obtained from the mob leader.

## Man Replenishes Garden Soil By Raising Worms As Hobby

Among Sanford bookkeepers who indulge in creative hobbies in spare time is R. F. Moule, bookkeeper for the Chase Investment Co., whose hobby is raising earthworms which replenish garden soil and which are prized by anglers.

The 2,000 odd varieties of worms are one of mankind's greatest assets, for without worms, soil would be much less fertile, Mr. Moule pointed out.

Becoming interested in the subject of worm raising several years ago, he secured 500 worms of a "large" and "medium-sized" variety which do not leave their holes and migrate. This was in August, 1947. On the first of the following year he got 400 more specimens.

Since that time he has raised thousands of worms in compost beds and in boxes at his home at 2444 Myrtle Avenue, has disposed of numbers of worms to gardeners and fishermen, and still has on hand an estimated worm population of about 50,000.

Large numbers of the worms live and breed in a compost bed made of a large bottomless box placed inside a shed. Smaller units are in soil and compost fill of feet high. More worms are propagated in a large compost pile in which rotting leaves and vegetable provide the worms with plenty to eat and incentives to multiply. The pile is contained within a box that has holes at the bottom to keep out moths, rodents and moles.

In several instances, each worm is potential "money of paper," and every five to eight days lays a small lemon-colored capsule containing three to 17 eggs, which hatch within three weeks time.

So fast do the worms multiply that they have the contents of a (Continued on Page Two)

## More People Are On Relief Rolls Now Than In '37

FLORIDA, June 24 (AP)—The number of people on relief rolls in Florida today is more than in 1937, according to a report by the state welfare department.

The number of people on relief rolls in Florida today is more than in 1937, according to a report by the state welfare department.

The number of people on relief rolls in Florida today is more than in 1937, according to a report by the state welfare department.

## Another Cross Is Burned As Federal FBI Probes Klan

BIRMINGHAM, June 24 (AP)—The Ku Klux Klan has accused police of burning another cross in a street near where night riders forced a woman and two men.

Another investigation, the FBI completed a preliminary inquiry into activities of hoaxed and white-robed mobs in Alabama. The inquiry was to find out if any federal civil rights laws have been violated.

Justice Department officials at Washington, who received a report on the inquiry dated to discuss its contents. They said it is being completed.

A Birmingham night school committee already has announced it plans to investigate the night rider.

The newest of the cross burnings was at Parrish, in Walker county. It was burned in the front yard of the home of Mr. and Mrs. Robert Hicketon early yesterday.

Mrs. Hicketon said the cross was burned by the work of the (Continued on Page Two)

## Clyde Hill Buys Two Story Building

Clyde S. Hill of Pennsylvania recently purchased from M. G. Hodges, plumber, the two story brick building containing two stores and five apartments located at 401 West First Street, W. R. Williams, realtor, announced today. Helen McClung, associate of Mr. Williams, handled the details of the transaction.

Mr. and Mrs. Herbert Prevatt have purchased from Mr. Williams a five room house in the 2800 block on South Sanford Avenue. It was announced.

Sale of the Greyhound Bus terminal several months ago was handled by the Williams agency, Mr. Williams pointed out.

## Factory Robbed

TAMPA, June 24 (AP)—A Tampa cigar factory here today by a \$24,000 payroll here today by a men wearing dark glasses but a mask, Detective Inspector D. D. Stephens said.

Frank Carrer, office manager of the company, said the bandit brought his own step ladder, apparently sawed it fit, to enter the manager's office where the money had been placed 10 minutes before by a delivery service.

## Highest Budget

PARIS, June 24 (AP)—The French national assembly approved today this country's largest military budget since the war.

On a show of hands the deputies passed a budget of 383 billion francs (about \$1,100,000,000). Only the Communists voted against the Army, Navy and Air Force funds.

## Boys State

TALLAHASSEE, June 24 (AP)—Tommy Ives of Lake City, a seven-letter high school athlete, today was elected 1949 governor of the annual American Legion sponsored boys' state.

Other state officials named are Jimmy Powell, Quincy, state treasurer; Stanley Gillson, Quincy, commissioner of agriculture; Larry Ogles, Miami, attorney general; Jack Smith, Hallandale, secretary of state; Neil MacFarland, Ft. Petersburg, superintendent of public instruction; and Ralph Greenawald, Miami, comptroller.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. Cecil J. Nixon announce the birth of a daughter, Wanda Lynnette on June 21. Mrs. Nixon will be remembered as the former Harriet Childs of Lake Mary.

## Three Entertain For Popular Bride-elect

Mrs. C. L. Powell, Mrs. W. Hawkins Connelly and Mrs. H. G. Lingle entertained with a garden party at the home of Mrs. Powell on Sanford Avenue Wednesday afternoon honoring Miss Mary Ann Wheelchel whose wedding will take place next Tuesday.

Guests were met at the door of the Powell home by Mrs. Hamilton Blisbee who presented wedding gifts by Miss Daphne Connelly before being ushered into the garden.

Fiesta colored tables and chairs placed against a natural background of blooming hibiscus, crepe myrtle and colorful sinnias formed a lovely setting for the party. Refreshments were served from a light yellow and bronze and fiesta ware held dainty green and white pin wheel and ribbon sandwiches, nuts, mints, banana bread, cinnamon pin wheels and other home made cookies and cakes.

Coca Cola was served by Wheelchel, Shirley Smith and Miss Dillon Baker. A half dozen wooden salad bowls were presented to Miss Wheelchel as a gift from the hostesses.

The guest list included: The Misses Wheelchel, Daphne Connelly, Audrey Bach, Virginia Cullom of Chattanooga, Tenn., Judy Hubbard of Atlanta, Ga., Bebe Blisbee, Mary Ann Galloway, Lillian Boyle, Jean Sawyer, Margaret Dingfelder, Nancy Jo Gonzalez, Shirley Eick, Nancy Williams, Tom Livingston, Dion Baker, Shirley Smith and Betty Jo Brock.

Also, Mrs. Nancy Brock, Mrs. C. V. Moore of Daytona Beach, Mrs. J. E. Pierce of Daytona Beach, Mrs. Bruce Bolt, Mrs. M. L. Raborn, Jr., Mrs. H. A. Moreland, Jr., Mrs. Mason Wharton of Orlando, Mrs. B. A. Howard, Mrs. Hamilton Blisbee, Mrs. John L. Galloway, Mrs. W. R. Williams, Mrs. H. Roby Laing, Mrs. David Thrasher, Mrs. James Alford, and Mrs. Lynn Wheelchel of Coral Gables.

Mr. and Mrs. Howard Fisher of Bergenfield, N. J. whose marriage was an event of June 6 at the home of the bride's parents, Mr. and Mrs. Harry Clayton Hotel, 1610 Park Avenue, Mrs. Fisher is the former Janet Morrow Hetzel.

## Miss Elizabeth Fite Becomes Bride Of Walter Steele At Presbyterian Church

In a setting of beauty and dignity the wedding of Miss Elizabeth Fite, daughter of Mr. and Mrs. Kirby W. Fite Sr. to Walter Steele, son of Mr. and Mrs. L. Burke Steele, was solemnized last evening at 7:30 o'clock in the First Presbyterian Church.

The Rev. A. J. McInnis officiated at the double ring ceremony. A program of pre-nuptial music was rendered by Mrs. George Tonby which included "Pome" by Fitch; "Kamehmel Outrow" by Robinson and "Chire delone" by Delaney. Stanley Brunley sang, "Because" and during the exchange of vows the strains of "Liebestraum" were softly heard. Proceeding the benediction and while the couple knelt before the altar Mr. Brunley sang "The Lord's Prayer". The traditional wedding marches were used.

The bride wore a beautifully decorated for the wedding with white gladioluses, pom pom chrysanthemum, tuberoses, palms and fern. White tapers burning in branched candelabra furnished the only illumination for the ceremony. Tall baskets of white gladioluses were placed at each side of the altar and at the ends were marked with white satin ribbon and white blossoms.

The bride's gown of ivory satin was fashioned with a bodice which buttoned down the back with soft covered buttons, a sweetheart neckline and long flowing train with satin curls. Her bouquet was a crown of orange blossoms. She carried a bride's bouquet of white roses and tuberoses centered with a purple throned orchid and her only jewelry was a strand of pearls. The wedding gown worn by Mrs. Steele was a double breasted, long-sleeved, white gown with a full skirt and a full train. The bride's bouquet was a crown of orange blossoms. ## Senator Says Poverty Of Soul Worse Than Economic Insecurity

BY ROBERT A. KERR  
U. S. Senator from Oklahoma

What doth it profit a parent if he accumulate vast wealth—without power and exercise much influence, yet lives to see a son or daughter become an economic failure or a prodigal in character?

A dear friend once said to me: "I have guaranteed the security of every child I have fostered. None of them can ever suffer want or poverty." He was sincere. He thought he had achieved unbounded success. He thought no storm could ever damage—no danger threaten any child of his.

How foolish he was! He does not have a child able to manage what has been given to him. Not a single one could earn his or her own living. Each of the four drinks to excess—one is a definite alcoholic—another is on the verge of becoming one.

Today in his old age the parent, humiliated and shamed, knows that he is not a success—but a failure. Today he would do differently.

Now he would teach them to know and honor God instead of creating trust funds. If he had another chance, he would show them the truths of the Bible and encourage them to worship their Savior rather than depend alone on material wealth.

He now knows the anguish the wretched old Isaac's heart and caused him to cry out his misery. "When a man is bereaved of his children, he is bereaved."

There is a sure way to avoid this tragedy. There is a certain way to success in the happy rearing of youth while young. Teach them to know and honor God. Show them the way to salvation through a resurrected Christ.

This can be done in the home and the Sunday school. Every child is bound to go to Sunday school if the parent takes him. Every child is eager to learn of the power and glory and grace of his parents' God.

If properly taught, our children will learn to breathe with reverence the name of their "Father's God."

There is nothing more dear to any of us than our children. There is no finer thing that we can do for them than to teach them to Sunday school and teach them God's Word. Therein is our finest opportunity. Thereby is their greatest happiness and blessing.

## George Alford Is Honored On Birthday

George Alford was honored last Sunday with a combination birthday and Father's Day dinner by Mrs. Alford.

The dining room table was covered with a blue lace cloth and centered with a large birthday cake. A color theme of pink and white was emphasized in other decorations. After the guests sang, "Happy Birthday" to the guest of honor the cake was cut and served.

Those enjoying the party with George were Mr. and Mrs. W. H. Benton, Mr. and Mrs. E. O. Keith, Mr. and Mrs. E. D. Hayes, Mr. and Mrs. G. W. Benton, Mr. and Mrs. J. L. Louse, Mrs. Della Hardy, Miss Myrtle Lee Hardy, Miss Eloise Benton, Miss Lucille Benton, Junior Hardy, Jack Benton, Jr., George Benton, Brenda Kay Benton, Paul Keith, Patsy Benton, Elizabeth Eliza Hayes, Dottie Marie Benton, Dencie Hayes, Mrs. Alford and their daughter, Boudie.

## Hollywood

**HOLLYWOOD, June 24—(P)—**When David Niven and Sam Goldwin called off their contract this week, it marked the end of a profitable deal for the veteran producer.

The actor has been under contract to Goldwyn for the past 15 years, excluding a six-year service period. His deal still had a year to go when it was ended in a friendly agreement. So friendly was the parting that both shed tears in Goldwyn's office.

It would seem that Goldwyn had every cause for emotion. From a source close to both parties, I learned the money details of their association.

Since Niven returned from the war, Goldwyn has profited \$1,300,000 for the actor's services on loanouts to other film makers. Niven was loaned at \$150,000 for 10 weeks, the normal time for making a picture. One or two of the deals went over the 10-week period, calling for extra payment. Goldwyn's British deals were fabulous. Niven's services in a Korda film ran overtime, calling for a payment of over \$400,000. Another deal gives Goldwyn releasing rights in this part of the world of a scarlet impersonal sequel.

Meanwhile, Niven was paid his usual weekly salary of \$2,000. Which is no small potatoes, but a minor part of what his talents were earning.

Without confirming or denying these details, Niven assures the parting was friendly.

"I'll be happy to work for Sam anytime he wants me," he said on the set of "A Kiss For Corliss," his last loanout. "I love Sam. He's a great man to work for. Fred MacMur-ray says he's playing his last screen role in "Boreline." His first was "The Gilded Lily." Producer Harry Sherman has a great idea to put Spike Jones in a western. Spike has the gunfire for it."

Nice to see Polly Moran acting again in "Adam's Rib." She has been retired in Laguna Beach. Remember her fine comedies with Marie Dressler? Friends are wondering if the Lucille Ball-Desi Arnaz remarriage is the first step toward adopting a child. . . .

Barry Granger vacationing in Mexico before starting "Beloved Over All," described as his first really grown-up role. . . . Paulette Goddard and Evelyn Keyes, both recently devalued by husbands, plan to take a fast plane instead of a slow boat to Europe. . . . Erich von Stroheim finishes "Sunset Blvd" and returns to France July 23. He'll film "Pique of Jean" in the French Alps at all times. . . . Gloria Swanson will drive to Mexico City with daughter, Michele, who is shooting an acting bent. . . . The Hill Bottoms to a fishing party. . . . Me? I'm staying right here.

## At THE CHURCHES

## U.S. Rebuttal's Open In Coplon Espionage Case

### Government Begins Cross Examination Of Alger Hiss In His Perjury Trial

WASHINGTON, June 27 (AP)—Testimony ended today in the Coplon espionage trial. Federal Judge Albert L. Rosen promptly denied a defense motion for a directed verdict of acquittal.

Judge Rosen also denied a series of other defense motions, all designed to knock out the government's case against the former Justice Department worker.

WASHINGTON, June 27 (AP)—The defense in the Judith Coplon espionage trial completed its case today and the government began calling rebuttal witnesses.

Two defense witnesses appeared briefly. Then Defense Attorney Archibald Palmer said "we rest" at 9:30 A. M.

John M. Kelley, Jr., a government prosecutor, immediately called William E. Foley as the first of three rebuttal witnesses he plans to put on the stand.

Foley, Miss Coplon's boss when she worked in the Justice Department as a political analyst, was called to contradict her version of an FBI "decoy" memorandum which figures prominently in the trial.

The last defense witnesses were John L. Chamberlain of the Geological Research Corp., Arlington, Va., and Arthur Shinkins of East Orange, N. J., who is with the New York publishing firm of Simon and Schuster.

Chamberlain said his company had never sold geophones to Amtorg, the Soviet trading agency.

Notes from the FBI "decoy" were found in Miss Coplon's purse when she was arrested with Valentin, it was stated on page six.

## William Thomas Has Appendicitis Attack On Cruise

CHARLESTON, S. C., June 27 (Special)—William Thomas, 37, Sanford, was saved by joint Navy and Coast Guard action after he was stricken with appendicitis late last Tuesday aboard the USS PC 776 off the North Carolina Coast.

The commanding officer of the vessel radioed the Fifth Coast Guard District headquarters requesting a seaplane to transfer Thomas to the hospital, as soon as his condition had been determined. A Coast Guard Mariner seaplane dispatched from Elizabeth City, N. C., rendezvoused.

Patrolman, the covered wagon used to publicize the bond sales, arrived at 10:15 o'clock Saturday morning in front of the Bitts Theater where it remained until 1:00 P. M., when it was taken to Daytona Beach. W. W. Jones of the U. S. Treasury Department here, bond sales division accompanied it here in 1938, and owned by Mayor G. R. Parry of Cedar City, Utah. It was mounted on a large trailer drawn by a truck.

Mayor Andrew Christway visited the covered wagon and over a loud speaker and radio facilities of Bitts Theater extended a welcome to the wagon. Jones, who thanked Parry for making it possible to see the historic symbol of early Americanism.

The Treasury Department, Mayor Christway, and other officials were present at the bond sale.

The bond sales have reached 90 percent of the quota of \$91,000. T. E. Taylor, chairman of U. S. Treasury, said the success of the bond sale is a credit to the community.

The bond sale is a credit to the community. The bond sale is a credit to the community.

## Governor Warren And Pretty Bride Honeyymoon In Southern California

LOS ANGELES, June 27 (AP)—Governor Fuller Warren of Florida and his pretty sun-tanned California bride are honeymooning today.

Barbara Jeanne Manning, 23, softly spoke the words "I do" for the Governor in a late afternoon candle lit ceremony at Westwood Community Church yesterday.

A Lutheran minister, the Rev. A. J. Soldan, officiated, omitting the word "one" from the ceremony.

The church, lavishly decorated with flowers, formed a colorful setting for the uniting of a Florida Governor and a California beauty. But outside the sky was leaden gray with not even a trace of sunshine.

The bride wore a gown of white imported organza over ice blue satin with a sweetheart neckline, buttoned down the front, and a full gathered skirt. Her bridal bouquet was of white orchids with feathered carnations.

Governor Warren wore a dark blue double-breasted business suit.

The newlyweds, after a reception, left for an unannounced destination in southern California. They planned to leave late today.

Attending the bride were the matron of honor, Mrs. Beverly Wesson of Los Angeles, Miss Alma Warren, the Governor's sister, and Mrs. Ward Plunkett of Los Angeles, the bride's mother.

Barbara was given away by her great-aunt, Harold Pierce of Los Angeles. Lou Wolfson, Jacksonville businessman, was best man.

In keeping with the old-blue borrowed tradition, the bride wore an old bracelet, a blue sash and a borrowed handkerchief.

The ceremony was presided by the singing of "Ah, Sweet Mystery of Life," by Robert Beckendorf. Other numbers included "Oh, Father, God of the Universe."

The bride and groom were accompanied by a large party of relatives and friends.

## Catholics Say Reds Seize All Church Offices

### Many Priests Are Arrested By Communists In Raids In Czechoslovakia

PRAGUE, Czechoslovakia, June 17 (AP)—Roman Catholic sources charged today Communists have seized virtually all church administrative offices in Czechoslovakia and arrested priests who resisted.

The informants said reports from various parts of the country showed regressive measures against the church are increasing. Some priests charged they had "missing uncles" after they had read from the pulpit yesterday the Catholic hierarchy's accusations of deceit, fraud, kidnapping and robbery against the Communist government.

The denunciation, in the form of a pastoral letter, was a virtual white book catalogue of alleged anti-church actions by the government, which it accused of aiming at the "extermination of the church of Christ." The letter told Catholic communicants their "hour of trial" may be at hand.

Priests said they believed the pastoral letter, signed by Archbishop Josef Beran of Prague, Archbishop Josef Mateschka of Olomouc and the country's other Catholic bishops, had received wide circulation despite police attempts to prevent the letter from being read in pulpits.

Priests have reported they were warned in night police visits against reading pastoral letters, the only means for the hierarchy to tell its flock of the church-state fight since the Catholic press was shut down by the government.

The pastoral letter supported reports of the seizure of the Archbishop's administrative offices at his bishop's and his virtual captivity in his palace.

Churchmen said the government also took over nearly all administrative offices in the country and installed, instead, officials of the Communist Party.

## Sanford Farm Market Sales Show Big Hike

### \$1.5 Million Boost Reported For Year; Citrus, Celery, Cabbage Top Activity

A million and a half dollar increase in sales over 1948 at the Sanford State Farmers Market was reported today by Sandy Anderson, manager.

Sales for this season totaled \$4,675,640, an increase of \$1,555,698 over 1948. A total of 271,147 more units were sold than last season, he said.

Citrus led in sales value with 440,164 boxes selling for \$1,099,045. Celery was next with 215,872 crates selling for \$803,146. Cabbage was third with 514,005 bags and crates selling for \$570,746. Beans of all varieties totaled 257,576 bushels and brought \$712,400.

In addition to these commodities, 81 other different kinds of vegetables and fruit were distributed into 39 states and 423 cities.

It was impossible for me to personally contact all of the buyers the Sanford market, but I did succeed in getting the names and addresses of approximately 300 of them.

We had buyers from 12 states and 30 cities. Most of the buyers were patronized by the market. This was due to the Texas and California freeze. It was very gratifying to talk with these buyers.

West of the Mississippi who visited our market for the first time. They were well pleased to find such a large variety of produce, fruit and convenient dealers. One thing in particular that appealed to these buyers was that they could load out and start back to their markets on a day's notice. So, with courteous business transactions and a wide variety of produce and fruit to choose from, I believe the Sanford market has a bright future.

(Continued on Page 6)

## Officials Of State Marts To Meet In Jacksonville July 7

JACKSONVILLE, June 27 (Special)—The Annual Meeting of the Florida State Farmers' Markets will convene in Jacksonville at the George Washington Hotel on July 7, 8, 9, according to an announcement today from the office of William L. Wilson, director of State Markets.

While this year marks the 15th year of service rendered by the State Marketing system, it is actually our 14th Annual Conference. Early in the history of the system, the annual conference was held in Jacksonville.

The rebuilding project, which would have involved a \$5,000,000 Midway-type carrier, making it a modernized fleet of "economically sound," Durgin said, when estimates indicated it would cost more than \$70,000,000.

(Continued on Page Six)

## Half Year Tags Go On Sale In County

Vehicle license tags were today placed on sale at half year rates at the office of County Tax Collector John L. Galloway.

The new tags do not apply to automobiles or trucks which have been operated prior to today in the state, as these are subject to the regular yearly license tax. No tag, said Mr. Galloway, will be offered for less than \$5.00 except the 2-year tags for those weighing 500 pounds or less.

Members of the Knott Hole Gang will be admitted to the Municipal Park tomorrow night when the Sanford Giants meet the Palatka Azaleas in a double bill. Bleachers are being constructed for the children, and will be ready for use tomorrow evening, City Commissioner John Kleider declared this afternoon.

Hecomer Commissioner JACKSONVILLE, June 27 (AP)—J. Dillon Kennedy finally became city commissioner in charge of public utilities today.

Kennedy, suffering from a nervous ailment, disappeared Friday several hours before he was scheduled to take the oath of office. A wide search was launched for him, and he was found Saturday morning asleep on the front seat of his auto on a dirt road in Nassau county.

Two Stockton, Calif., families, crowded into a 1941 sedan, were all but wiped out in a collision with a heavily laden vegetable truck. Seven of the nine were killed.

## Rayburn Says House Will Pass Housing Bill By Tomorrow

### FBI Captures Counterfeiters In Capital Raid

#### Agents Seize Almost \$100,000 In Bills, 4 Men And Woman

WASHINGTON, June 27 (AP)—Secret Service agents today seized almost \$100,000 in counterfeit bills in a raid only a half dozen blocks from the White House and Secret Service headquarters.

The money was being made, the Treasury said, in an office suite at 1807 H Street, Northwest, in the same block with World Bank headquarters. Four men and a woman were arrested.

A formal statement by the Treasury said charges of manufacturing and passing counterfeit currency were placed against Eugene (Slim) Conroy, 35, Walter Kubell, 40, William F. Hughes, 28, and his wife Josephine, 28, and Arthur M. Behar, 35. All gave Washington addresses.

The Treasury and Crighton and Kidwell "submitted manufacturing the counterfeits" in their business office suite.

They created the suits May 30, and had imported in the trace a clamp permitting in a copy of a duplicating machine, "the Treasury" said.

The notes were manufactured in early April and immediately afterward there was an "air ton" of the country to pass them. But the Treasury said, it was "only meagerly successful."

Approximately 2,000 counterfeit bills were passed on a ton that included, it said, Kansas City, Omaha, Memphis, Dallas, San Antonio, Atlanta, Richmond, Baltimore, and back to Washington.

Only a "comparatively small number" were known to have been passed in each of these places, the service said.

## Berlin Airlift Has Its First Birthday

BERLIN, June 27 (AP)—The airlift had its first birthday yesterday, but no party.

The 25,000th flight, a C-54 flying boxcar, landed two tons of steel wool and textiles at Tempelhof Airport at exactly noon.

It was unloaded without ceremony and took off for its home base. The airlift lands an average 8,200 tons in Berlin every day.

## Argentina And Britain Sign 5 Year Trade Pact

### U. S. South American Market Believed To Be Cut By Alliance

BUENOS AIRES, June 27 (AP)—Britain and Argentina signed a five-year trade agreement today, thus ignoring United States objections to the pact.

The signing was done in the presence of President Juan D. Peron, his wife and a group of high officials in the state department of government here.

Sir John Hulton, British ambassador to Argentina, and four ministers who form the Argentine National Economic Council signed the Spanish and English copies. The ceremony, held at the Argentine network, required two minutes.

Argentine business men believe the two-year pact will cut off one of their important South American markets. The United States claims the pact violates the spirit of free competitive international trade.

Argentine officials say it might keep United States and Latin machinery off the Argentine market.

Under the agreement, Britain will supply the bulk of Argentina's imports. These will range from such necessities as coal to automobiles and trucks. In return, Britain would get from Argentina an estimated 300,000 tons of wool, hides, and other items.

There was a "free trade" pact between Argentina and Britain in 1947 when the British blocked pound convertibility. Blocking the pound meant Argentina could not exchange pounds for dollars by selling to Argentina.

Britain has maintained that the pact with Argentina is vital to her recovery. Washington officials have described the pact as "the most serious yet in American relations with any European country under the Marshall Plan."

There was a "free trade" pact between Argentina and Britain in 1947 when the British blocked pound convertibility. Blocking the pound meant Argentina could not exchange pounds for dollars by selling to Argentina.

## Senate Vote On New Labor Measure Is Said To Be Critical By Sen. Lucas

WASHINGTON, June 27 (AP)—Backers of the Administration's housing bill won an initial test in the House today. They beat 137 to 99 a proposed substitute containing no provision for public housing. Offered by Rep. Davis (D-Ga.), the beaten bill would have authorized \$350,000,000 for slum clearance and farm housing aids, but nothing for housing construction by the government. The vote was a teller count with the members not recorded by name. 300 other proposed substitutes are to be considered.

WASHINGTON, June 27 (AP)—House Speaker Rayburn (D-Tex.) said today that the House will pass a "pretty good" housing bill not later than tomorrow.

New low cost public housing and slum clearance form a major phase of Mr. Truman's "fair deal" program.

Senate Minority Leader Lucas (D-Mo.) attended the weekly conference of congressional leaders with Mr. Truman afterward today.

Lucas is expected to vote on a new labor law for the nation will be rather critical.

The proposed South Atlantic treaty will be brought up in the Senate immediately after it acts on the labor law.

## Jimmie Fox's Dog Judged Largest Pet In Ft. Mellon Show

Many pets, large and small and of many varieties, were entered by children in the fun-packed pet show held in Ft. Mellon Park Friday afternoon under a canopy of the Sanford-Berlin and Professional Women's Club and directed by Mrs. P. M. Gingles, city recreation director for the youth program.

Colorful money bags filled with nickels and dimes were presented to each winner, and bags of premiums were given to everyone at the show. More than 100 persons were present.

Pets entered in the contest included dogs of many types and sizes, cats, ducks, turtles, goats and a bear.

Jimmie Fox's dog was judged the largest in the contest, and the prize for the smallest pet went to Peggy Thornley for "Cubie," her painted turtle. A goat named Eva, owned by Sarah Patten, was judged as the cutest.

(Continued on Page Six)

## Pilot Club Will Sponsor Hobby Show

Mrs. P. M. Gingles announced today that a Hobby Show will be held at the Fort Mellon Park Friday afternoon at 2:00 o'clock. The show will be sponsored by the Pilot Club in cooperation with the City Recreation Department under the direction of Mrs. Gingles. This is the second in a series of programs planned for the summer months.

Cash prizes will be awarded to the winners in four classifications including the most unusual hobby, the best scrapbook, the best stamp collection and the best model plane.

The show will be held under the shelter at each end of the Fort Mellon. Shuttleboard Courts' show tables and benches will be provided, said Mrs. Gingles.

All children are invited to participate in the show and an entry blank for entering hobbies will be found in another part of today's Herald.

## Recreation Schedule

Tuesday Morning  
No baseball schedule today.  
10:00 A. M. Grammar School — Boys only — Basketball, relay, volley ball, boxing, one leg jump, tag, dog tying, kangaroo fight, bucking contest and chinling.  
10:00 A. M. Southside School — Paper cutting and coloring, canoe, butterfly, soap bubbles blowing.  
Tuesday Afternoon  
2:00 P. M. Grammar School — swimming at Crystal Lake. Buddy race, water polo, lighted candle race. Life Guards' show.  
Buddy System  
(Swim instructions — volunteer instructor.)
