

Bevan Resigns

(Continued From Page One) of Winston Churchill, delighted at the turn of events, predicted it would be back in power. Bevan, resigned as Minister of Labor in protest against the government's 1951-52 budget. He objected to cutting free medical services in favor of rearmament. Taking advantage of the traditional opportunity for a cabinet minister to explain his resignation, Bevan asserted that Britain's three year 1700,000,000 (\$13,160,000,000) arms program "is already dead."

Bevan declared the budget was "hailed with pleasure in the City (London's financial district); it united the city, satisfied the opposition and disunited the Labor Party. I say this because we have allowed ourselves to be dragged too far behind the wheels of American diplomacy. This great nation has a message for the world which is distinct from that of America or the Soviet Union."

In a direct appeal to the United States, Bevan said: "It may be that such an occasion as the very dramatic nature of the resignation might cause even some of our American friends to think before it is too late."

The former minister said that if the rearmament drive upset the economic and living standards of the Western world then Russian Communism has "established a whole series of Trojan horses in every nation of the west."

Bevan declared that living standards and social services must be maintained during the rearmament program. Chancellor of the Exchequer Hugh Gaitskell in the new budget has abandoned "any hope of restraining inflation," Bevan maintained.

Gaitskell's new budget would put an end to the new budget and substitute a 10 per cent charge for them. Bevan strongly objected.

"Some of my friends have been saying that I have been quarreling about trivialities—spectacles and dentures," Bevan went on. "You may call it a trivium. Then Bevan asked: "What will he do next?"

"What answer will you have when the vanquished Bevan waves across at the Conservative benches—come and sit here?"

"After all, the National Health Service was something of which we were all very proud and even the opposition is beginning to be proud of it. Why should we have thrown it away?"

Bevan said Gaitskell in his budget took account of 100,000,000 (\$20,000,000) contributions to the National Insurance Fund. "So the rearmament of Great Britain is financed out of the contributions that the workers have paid into the funds," said Bevan.

"There were some cries of 'Oh, and 'Shame.' "Do not let us change direction now," Bevan pleaded. "Let's make it quite clear in the rest of the world that we stand where we stand, and we are not going to allow ourselves to be diverted from our path by the exigencies of the immediate situation, to do what is necessary to defend ourselves by arms and not only with arms but with the spiritual resources of our people."

Some Labor members looked glum and worried. Their near-hostility to Bevan could almost be felt. As Bevan left the chamber, only one Labor M. P. shook his hand.

Sanford Officer Awarded Medal For Bravery In Korea

WITH THE FIRST CAVALRY DIVISION, U. S. ARMY, IN KOREA—For encouraging and leading men of his battalion in halting an enemy attack, a Sanford, Fla., officer has been awarded the Bronze Star Medal for valor in Korea.

Second Lieut. Jack J. Moye, husband of Dolores Moye, 1120 West First Street, Sanford earned the decoration on Sept. 19, 1950, near Waegwan, Korea, while fighting with the 8th Cavalry Regiment's First Battalion.

The decoration was bestowed upon him for heroism in action against the enemy when a numerically superior hostile force counter-attacked his battalion, inflicting numerous casualties among the defending American troops.

According to a citation accompanying Lt. Moye's award, the Sanford officer realized the need for immediate and courageous leadership to prevent a rout of his depleted battalion.

The citation states, in part: "Lt. Moye, disregarding his personal safety, moved fearlessly among the remaining men to encourage and direct them in defending their positions. Displaying coolness and skill under heavy enemy fire, he continued to check the entire defense perimeter and so greatly inspired his men to resist that they were successful in stopping and inflicting heavy casualties on the enemy force."

The citation concludes by saying: "Lt. Moye's heroism reflects great credit upon himself and the military service."

Lt. Moye attended the University of Florida for two years prior to entering the service and attended leadership school in Ft. Riley, Kansas. He also attended the Infantry Branch School and Airborne School at Ft. Benning, Ga. before going over-sea. Sept. 1, he entered the service March 7, 1949, at Ft. Riley, Kansas.

Moody Named Senator (Continued From Page One) of high ability, a friend of Senator Vandenberg, Frank Murphy and Franklin Delano Roosevelt. "No one can take the place of Arthur Vandenberg," William continued. "But I believe Senator Moody will carry on in the Vandenberg tradition of placing the nation's welfare above all other considerations."

Moody's interim appointment is until the end of the current term, ending in January, 1953. He is Michigan's first Democratic Senator since Franklin D. Brown lost out to Republican Homer Ferguson in 1942.

The News announced today that he had resigned from his staff. Moody's experience as a newspaperman has been world-wide. He started with the News in 1923, covering the mayoral administration of Frank Murphy, the late Supreme Court Justice.

He went to Washington for the News in the first year of the Franklin D. Roosevelt Administration. He became a White House intimate.

His wartime correspondent's work took him to Africa, Iran and Europe. He covered the Anzio beachhead and the Cassino battle. Moody is a native of New Haven, Conn. He was educated in public schools of Providence, R. I., and Brown University, class of 1922. Before joining the News he was a teacher for a short time at a naker Boys School in Providence.

Rotary Luncheon

(Continued From Page One) compared with 53,000,000 in 1950; only 1,743,000 crates of celery in 1951 as compared with 6,700,000 crates last year.

The increase in Florida's productivity has been largely due to the advances which have been made in scientific knowledge as pertains to farming, Dr. Wilson said.

Great strides have been made in the cattle industry in Florida, Dr. Wilson said, adding that it is freely predicted Florida will be the largest cattle producing state in the union within the next five years.

The work of Dr. R. W. Ruprecht to ward the development of a light resistant club by Dr. Wilson who said it should be ready in the next two years. The work of Dr. Phil Westgate on celery heart, son of Dr. George Swank on the control of damping off was also explained.

George Stine presided at the meeting in the absence of President Orville Touchton who with Dr. R. W. Ruprecht is attending the district conference in Orlando. Mr. Stine said he attended the following dinner at the Orlando Coliseum last night and that he especially enjoyed the address of Senator Holland as well as the singing of the Charlotte, N. C. Boys Choir.

Visitors introduced by H. L. Perkins, Jr. included Wilbur Shibley of Lakewood, N. J., Roland Contente of Waltham, Mass., Clayton Wilbur of Taunton, Mass., Fred Saywell of Hudson, Ohio, Charles Marston of Lakewood, N. J. and Leroy Lawson of Deland.

Joint Chiefs Of Staff (Continued From Page One) General J. Lawton Collins—"Lightning Joe" of the European war, the man with a reputation as a brilliant strategist, skilled by experience in testifying before congressional committees.

The silver-haired, quiet man who, like MacArthur, fought his war in the Pacific, Admiral Forrest Sherman, Chief of Naval Operations.

At General Hoyt Vandenberg, who fought the air war in Europe. He now commands the Air Force prohibited by White House and United Nations decision from bombing the enemy's air bases in Manchuria—unless the Reds launch mass air attacks.

In his congressional address, MacArthur didn't present in so many words the issue of whether airfields across the North Korean-Manchurian Yalu River boundary, from which enemy fighters rise to dart into the Korean war zone, should be bombed.

Nor did he speak directly of the concentration and staging bases through which Chinese Communist troops in Manchuria form to march into Korea. He spoke of the need "to neutralize sanctuary protection given the enemy north of the Yalu."

There has been no public, official declaration that Manchurian bases would be hit if the Reds throw mass air attacks against U. S. forces. But it has become common knowledge that interested parties in the international scene have been told such action would be taken under those conditions.

tipulates that Blair will carry forward his views and the policies of the Administration."

War In Korea

(Continued From Page One) Monday morning. Then action quieted.

On the extreme right the Reds drove wedges into the defense line north of Inje.

Attacking Reds took terrific punishment from U. N. air and artillery, both blasting away around the clock. Airmen estimated they killed 1,800 Reds Monday, their biggest toll in three and a half months.

In far northwest Korea 12 U. S. Sabre jets shot down four Russian-made MIG jets and damaged another four. It was the largest air battle in ten days. And it raised to 150 the number of MIG jets knocked out since early November.

Lt. James A. Van Fleet, commander of the U. S. 8th Army, had expressed confidence before the 22nd assault that his men could stop any Red counterblow. He added: "If the enemy knew what I know he would go back to China right now."

Despite withdrawals, the U. N. forces appeared to be holding out the General's words.

The longest pullback was in the far west. There Allied units which had been as much as 12 miles north of the Imjin River pulled back since early November.

AP Correspondent John Randolph reported that Allied elements which had driven back across the Imjin pulled up along new defense lines south of the river Monday.

The company was cut off by the onrushing Reds. It fought its way through searching Chinese with bayonets.

Another unit in a tough spot in rugged hills withdrew under cover of an armored section.

One Communist regiment was reported preparing to try to cross the Imjin again at Korangpo after a punishing U. N. air and artillery attack. A second regiment was moving up to join it.

Correspondent Randolph said the withdrawal across the Han River, which flows into the Imjin 30 miles north of Seoul, was almost leisurely.

Engineers blew one bridge in mid-afternoon. Others took time to disassemble pontoon bridges.

Legal Notice

IN THE CIRCUIT COURT OF THE 5th JUDICIAL CIRCUIT OF THE STATE OF FLORIDA, IN AND FOR SEMINOLE COUNTY, FLORIDA. IN CHANCERY NO. 702

STATE OF FLORIDA, GREETING: To John C. Cline whose residence and address is High Ridge Road, R. F. D. No. 2, Hamford, Fairfield County, Connecticut.

You are hereby notified that an action for divorce has been filed against you in the above entitled cause in the Circuit Court of Seminole County, Florida, in Chancery Cause number 702 by Helen T. Cline. You are hereby required to be and appear in the office of the Clerk of the Circuit Court in Sanford, Florida, on or before the 23rd day of May, A. D. 1951 and then and there file your written appearance and therewith plead as you may be advised. Failure to do so will be construed as a confession and judgment in favor of the plaintiff.

Intelligence officers elsewhere on the front said, "This is it," or "This is their major effort."

The Communist high command had been expected to take advantage of the spring rains which could bog down American armor. But the attack began in dry weather.

Dust swirled up from the battlefields. Sweating soldiers fought in clear, warm weather—not in the anticipated boggy rains.

The weather was perfect for air attacks. U. N. airmen took full advantage of it. In daylight Monday they flew 771 sorties ranging from the front lines to air fields in the rear to make them useless for the Reds.

Communists, who are reported to have 3,000 Russian-made planes available, made no attempt to supply air cover for their shock troops.

U. N. ground leaders said Allied planes were "really raising hell" with the Red infantry.

Censorship, normally imposed when the front becomes active, delayed news of the attack for 14 1/2 hours. Subsequent front line dispatches were cut short. Identification of troops was forbidden.

TOO LATE TO CLASSIFY LOST: Tan billfold in Piggy Wiggly Saturday with Fla. Fashion check. Finder keep money. Return billfold and check to Herald office.

IN THE COUNTY JUDGES COURT, SEMINOLE COUNTY, FLORIDA. ESTATE OF SUE KERRIE, DECEASED. NOTICE OF FINAL REPORT AND ACCOUNT OF DUCHALIER

All persons are hereby notified that the undersigned as Administrator of said estate has completed the administration thereof and has filed her report and account and application for discharge. Objections thereto, if any, should be filed with the court within 10 days of publication of this notice.

Two Red battalions striking at U. N. troops southwest of Hwachon were repulsed during the day. (These Allied troops apparently

withdrew earlier.) Hwachon is at the west end of the reservoir.

From the east central front Associated Press correspondent Stan Carter reported Monday evening that the Reds quit shoring at 11 A. M. (9 P. M. Sunday, EST) after failing to crack the U. N. line.

The Reds tried to shove several boat loads of troops across Hwachon reservoir. U. N. artillery sank them.

In sea-saw fighting farther east, U. N. troops reported heavy Red casualties on a hill they recaptured.

There were no details on the reported wedges driven in the Inje line on the eastern end of the fighting front.

One spokesman described the situation as very hazy. Carter quoted him as saying it was too early to decide whether the attack was the long predicted Communist spring offensive.

Intelligence officers elsewhere on the front said, "This is it," or "This is their major effort."

It makes your dollars talk great good sense!

When you look at the times we live in... and then take a look at this new Chrysler Windsor... you might almost think we'd had advance information and special-built this car just to fit these times!

Certainly it treats your hard-earned and tight-stretched dollars with a respect that's hard to find in a good many things you buy. To begin with, the Windsor line is the least-priced of the three lines of cars we build at Chrysler. To buy one gets you all the basic goodness Chrysler engineering means, at the very lowest cost. That's good sense in itself.

In powerplant, your Windsor brings you Chrysler Spitfire... one of the truly great engines in the whole bright history of America's motor cars. Time-proved and owner-beloved, it would be hard to put your money on a sounder friend than this to live and travel with you through the months ahead!

As to comfort, Windsor brings you the amazing travel bonus all Chrysler owners get this year... the revolutionary new Oriflow shock absorber. With more than twice the shock-absorbing power of any other in the world, this amazing new device keeps wheels steady on the road, and riders steady in their seats.

As you can see, it is no idle claim that this car makes very special sense in these unusual times. But why not get the whole good story at first hand? Why not go see your Chrysler Dealer, very soon?

Beautiful to look at... Beautiful to drive! CHRYSLER Great engineering in the world. BILL PARK MOTORS 1001 South Sanford Avenue, Sanford, Florida

## House Passes Bill Outlawing Wearing Of Masks In State

### Legislation Aimed At Ku Klux Klansmen Approved Quickly; Citrus Ad Tax Upped

TALLAHASSEE, Apr. 24 (AP)—The House passed unanimously and without debate today a bill outlawing wearing of masks or burning of crosses in public in Florida.

The bill doesn't mention the Ku Klux Klan but is plainly aimed at it.

The action came at the highlight of a day in which House and Senate passed a good many bills with little discussion and virtually no controversy.

It was as if a moratorium had been declared on more sensational developments until the House Haley committee resumed its hearings on charges of political corruption in the afternoon.

The House completed legislative action on a bill boosting the citrus advertising tax and revising maturity standards on tannepines and pink grapefruit.

The Klan unmasking bill now goes to the Senate, which passed a similar measure two years ago only to see it die on the House calendar when the Legislature adjourned.

Bill Hendrix of Tallahassee, grand dragon of the Southern Knights of the Ku Klux Klan, said he opposed only the provision of the bill which would prohibit wearing masks. He said his organization wanted to retain hood which left the wearer's face unmasked as a part of its regalia.

The Senate also passed another device besides a mask which covers the face enough to conceal.

### American Strength Will Gain Friends, Legion Head Says

NEW YORK, Apr. 24 (AP)—The "simple logic of overwhelming strength" the American Legion national commander says, will "crush Communist aggression and attract friendly nations to the United States in the Far East."

Earle Coker, Jr., the 29-year-old Legion head, says this logic must be part of our Far Eastern posture.

Speaking to the Harvard Business School Club here last night, Coker also called for a shakeup of the State Department "to rid it of men of questionable loyalties and timid and apologetic Americanism."

Urging a break between American Foreign Policy and "old world" intrigues, Coker said "America needs desperately a foreign policy that is not foreign to American interests and one that is genuinely American in origin and concept."

"We need to low to no one today," he added, that includes Moscow, London, Paris and Berlin. "Our friends need us more than we need them. Our strength is their only hope to escape existence on hended knees under a Communist dictator's whip."

Coker, who recently returned from a world tour, has included Korea, which urged removing the stupid handicaps imposed upon our fighting men.

He asked for the use of Chinese Nationalist troops against the China mainland, bombing of Manchuria and Red Chinese ports, and the rearming of Japan.

Coker also criticized British trading with China. He said Tommie in Korea "are ashamed and mad" about their government's attitude toward Poling.

### Applications Due For Castle Brewer Court

Mrs. John W. Wilson has been employed by the Sanford Housing Authority to serve as supervisor in the selection of tenants for Castle Brewer Court which about Sept. 1 will have rental accommodations for 125 Negro families.

Mrs. Wilson will interview all applicants for rentals, and beginning May 1, will accept applications at Room 254 Meach Building over Cowan's Store on East First Street.

### County Spelling Champions

Photos by Tom Swain  
Nadine Bostick, Geneva, spelling champion among Seminole County school children, and Robert Estes, runner up in the recent county contest will leave Thursday morning for Miami to compete in the Miami Herald south Florida contest in which 25 counties will be represented by 50 pupils. They will be accompanied by R. C. Steele, county contest chairman, and Mrs. Herman Fore, mother of Nadine, and Mrs. Robert Estes, mother of Robert.

### Ex-Vice President Dawes Dies At 85 Of Heart Attack

WORLD WAR I GENERAL WAS AMBASSADOR TO ENGLAND, RFC HEAD  
CHICAGO, Apr. 24 (AP)—General Charles Gales (Hell N Maria) Dawes, banker and statesman who won fame in many fields during his cyclonic career, died suddenly last night.

The 85-year-old former vice president, who served under President Coolidge from 1925-29, died of coronary thrombosis in his suburban Evanston home. He was stricken while talking in his wife, Caro.

Dawes, who was in public life for more than 20 years and often was the center of fierce controversies and momentous events, had not been ailing, a family spokesman said. However, he said, Dawes, who was chairman of the board of the City National Bank and Trust Company, did not go to his office yesterday.

Dawes had been named as honorary chairman of the committee to greet General MacArthur on his Chicago visit Thursday and presumably planned to attend the celebration.

Success came to Dawes in banking and utilities. And he was prominent in public life, as vice president of the United States, as ambassador to Great Britain, as creator of the "Dawes Plan," and as the director of the government's \$2,000,000,000 Reconstruction Finance Corporation. He also won fame as an author and composer.

In the last decade Dawes kept pretty much out of the public spotlight. He usually went to his office in La Salle street daily. He adhered to a policy of no interviews and declined to give his views on events, past or present.

But it wasn't always so. After World War I he won the nickname "Hell N Maria" because of his criticism of the Versailles peace treaty.

### Militant Woman Crusader Runs For Mayor In Tough Steel Town Of Gary

GARY, Ind., Apr. 24 (AP)—A 41-year-old mother who two years ago helped chase gamblers out of Gary now has politicians in a tizzy. She is running for mayor.

Mrs. Hylda Mae Burton, a school teacher, is out to beat seven men in the May 8 primary race for the Democratic nomination.

Politicians in this politically tough city, third largest in Indiana, regard her as a "long shot." But they admit she has them "beating."

One reason is that she was a leader in a successful petition crusade against organized crime long before most housewives in other cities heard about the crime problem from Senator Kefauver via television.

Mrs. Burton is the wife of a fuel dealer and mother of a 10-year-old daughter.

### Probe Of Firing Of MacArthur Set For May 3

### Senate Leaders Urge Investigation Of Far Eastern Policy Be Held In Public

WASHINGTON, Apr. 24 (AP)—The Senate inquiry into the firing of General Douglas MacArthur and related foreign policies will begin a week from Thursday, May 3.

Chairman Russell (D-Ga.) of the Senate Armed Services Committee announced the date today and said it is his plan to hear MacArthur at a closed-door session. But there will be an open or public hearing "if the General expresses a desire," Russell added.

Senate leaders—both Democratic and Republican—urged public hearings "as far as possible." Senator McFarland of Arizona, the Democratic leader, said he hopes he will be making public all except vital security information.

"We will gain more toward achieving national unity than we will lose by having the enemy find out some confidential information," McFarland said.

Senator Ladd of Ohio, chairman of the Senate Republican Policy Committee, agreed.

Taft said he hopes the "fall story" will be told, but that there may be some military secrets which can be confided only in closed sessions.

In other developments: 1. The White House said a statement of President Truman's reasons for firing MacArthur was sent to MacArthur's command in Tokyo. Presidential Press Secretary Joseph Short made that comment when asked about a statement by a MacArthur aide that the general does not know why President Truman stripped him of his commands.

Larry Jones, Washington correspondent, told reporters in New York yesterday: "In this day General MacArthur is a hero."

### High Court Says Pretty Women Can Also Get Alimony

TALLAHASSEE, Apr. 24 (AP)—A divorced wife cannot be barred from alimony just because she is young, attractive and able to support herself, the Florida Supreme Court ruled today.

"An innocent woman's rights are not to be ignored because of her good looks," the court said in reversing a lower court decision that barred a young woman from alimony because she was attractive and able to support herself.

The court ruled that the plaintiff (Dr. Montgomery) is required to support her infant child, but denied her alimony.

Larry Jones, Washington correspondent, told reporters in New York yesterday: "In this day General MacArthur is a hero."

### Farmers Auction Is Promised Supplies

Ample supplies of vegetables have been promised for the initial wholesale auctions at the Sanford Farmers Auction, Inc., tomorrow night, said C. L. Dawson, president, this morning.

Vegetables on sale will include celery, cabbage, squash, cucumbers, tomatoes, broccoli, onions, eggplant and other vegetables.

The Auction is a farm owned corporation. Mr. Dawson pointed out plans are pending to issue more stock. New additions will include pens for poultry, hogs and cattle. Last night the contract was let for the construction of rest rooms outside of the market building. A filling station will be under construction soon, he said.

### CIVIL AIR PATROL

The Civil Air Patrol unit will meet Wednesday night at the Armory. Cadets will assemble at 7:30 o'clock and senior members at 8:00 P. M. Among the projects considered is the purchase of a small plane for training purposes, said Lieut. David Remley.

Work is progressing, he stated, on Kirschfeld Field, located west of Sanford and east of the Atlantic Coast Line Railroad.

## Reds Open Savage Offensive Against Center Of UN Line; Allies Withdraw Fighting

### Chaplain Asks For Help In Securing Low Rent Housing

### Over 200 Families To Need Rental Units Lions Club Is Told

Chaplain M. J. Bourgeois of the Sanford Naval Air Station today asked the cooperation of members of the Lions Club in securing housing and rental units for incoming naval personnel.

More than 200 families will require rental housing here in the next two weeks he quoted the commander of the air group as stating in a recent letter.

The total of the landlord who asked a recently arrived sailor what his rental allowance was and charged him accordingly, and warned against imposing too high rents on service men.

Pointing out that he is a Florida striker, he told of the friendly atmosphere of this state and especially of Sanford. "I sense that the Navy is welcome here," he declared, "and I hope that we can keep our relationship on a high level."

He revealed that he had been on leave with men at ports throughout the world and had stood at battle stations, and had administered the last rites to dying men.

"There is no finer group of men in all the world," he said, "and I look upon all of them as my sons."

### Disabled Veterans Elect Rotundo As 1951 Commander

Louis Rotundo was elected commander of Sanford Post No. 20, Disabled American War Veterans at a meeting Thursday night at the Legion. A past recipient of the Legion's award of honor, Rotundo served for four years, and two months in the European theater, including the African campaign and the invasion of France. Ten days after the French landing, he was wounded in the shoulder, and later rejoined his unit going to Germany. His wound, however, proved troublesome and he was sent home from the front.

Rotundo was elected senior vice commander, and Gaylord Muffley, junior vice commander. Other officers are Joe Tart of Ocala, sergeant-at-arms; Tom Kader, chaplain; Lin Tey man, post commander, was appointed adjutant by the incoming commander. Installation of officers will take place at the Legion on May 3.

Plans were made by the D. A. W. for forget-me-not day on May 8 when funds will be raised to help local disabled veterans.

### Boyle Opposes Bill For Orlando Court

TALLAHASSEE, Apr. 24 (AP)—A bill introduced in the House yesterday to create a fourth judicial circuit in the ninth judicial circuit has bumped into stiff opposition from the circuit.

Members of the Osceola County Bar Assn. and Senator Clay E. Boyle of Sanford said they do not want to see a bill passed requiring residence in Orange county as a requirement of appointment. That is the way the bill now stands.

Senator Boyle said he does not want any bill passed "that will put a fence around Seminole since it could prevent that we have a better man for the job in Seminole than any other county."

Senator Boyle said he "would not open my mouth about selection of any one for the job."

He said he believed that Orlando is entitled to have an additional judge but does not believe that residence there at this time should be a prerequisite for appointment to the position.

### METHODIST SPEAKER

Major Paul Crank, Orlando, has been invited to return as a guest speaker at the Men's Club supper to which ladies have been invited, Thursday night at 7:00 o'clock at the First Methodist Church.

### Comdr. Pearson

Comdr. Gerald R. Pearson acting commander of the Sanford Naval Air Station, will become executive officer upon the arrival of Capt. John L. Chittenden who will assume command on May 1.

### Comdr. Pearson Outlines Problems Of Navy Personnel

Comdr. G. R. Pearson, acting commander of the Sanford Naval Air Station until the arrival of Capt. John L. Chittenden on May 1, has begun conferences with local officials concerning shore patrol facilities, civilian employment, off base recreation and housing.

Comdr. Pearson, who is in charge of reconditioning the air station, will become executive officer upon the arrival of Capt. Chittenden.

He emphasized the necessity of low cost housing for naval personnel with families in an interview with the Herald.

"Many of our men will be naval reservists recalled to active duty from business involuntarily," he stated.

"They are taking a cut in pay and uprooting families to serve at this time in the Navy. I hope to do something about it," he said.

### Mrs. H. N. Lumley Succumbs To Illness

Mrs. H. N. Lumley died at 8:30 A. M. today following an illness of more than two years. Born in Cincinnati, O., Mrs. Lumley resided at 902 French Avenue.

A member of the First Baptist Church, Mrs. Lumley had lived in Sanford since 1910. She is survived by one daughter, Mrs. Ed Ray of Orlando; two grandsons, Donald and Ronald Ray of Orlando; four sisters, Mrs. Anna Homberger and Mrs. Henry Witt of Cincinnati; Mrs. L. P. Moore of Newwood, O.; and Mrs. George DeAtley of North Middletown, Ky.; two brothers, Walter Beckman and Ed Beckman of Cincinnati.

Funeral services will be held at 2:30 P. M. Thursday at Irisson Funeral Home with Rev. W. P. Brooks, Jr. officiating. Interment will take place in Evergreen Cemetery.

### Plans Completed For Building Of Large Apartment

### Ozier-Weller To Con- struct Project On Sotfball Diamond

Lowell Ozier of Ozier-Weller, Inc., reported to the City Commission last night that plans had been completed for a large apartment house project on the lakefront property now occupied by the softball park.

He told the commissioners that the Federal Housing Authority, in substantial agreement with the plans of the builders and that it is anticipated that a commitment will be received in the near future, said City Manager Clifford McElhin this morning.

Further consideration of the rezoning of property in the Bell Air Station to R-1X rating in order to permit house construction of 600 square feet ground area was requested by Mr. Ozier, who had previously announced plans to build homes for the use of naval personnel.

The Commission authorized a public hearing, the date of which will be announced later, relative to the rezoning of the east half of block 5 and all of block 6 of the subdivision. This would include about 40 lots.

Mr. Ozier stated that Cecil Ozier is planning the construction of a five home factor Lake Monroe between Scott and Virginia Avenues. This property, said Mr. McElhin, was purchased from the City.

Mr. and Mrs. W. W. Fere and Robert Strickland, members of the Parent Teachers Association, expressed objections to plans of Fere.

### MacArthur Agrees To Review Parade; Son Goes To Circus

NEW YORK, Apr. 24 (AP)—General Douglas MacArthur has agreed to review New York's Victory Parade next Saturday afternoon.

About 200,000 persons are expected to march down 5th Avenue past the reviewing stand at 67th Street.

The march, sponsored by the Veterans of Foreign Wars, was organized in 1948 to offset the annual May Day Communist Parade in New York.

Word that MacArthur would participate was handed down by one of the general's aids.

While MacArthur remained sequestered in his 37th Street Waldorf Astoria hotel suite yesterday, his son, Arthur, 11, went to the circus at Madison Square Garden.

Arthur dined on cotton candy, pop corn, ice cream and soda pop as he saw the Ringling Brothers and Barnum and Bailey show for the first time.

He was accompanied by Henry Ringling North, vice president of the circus, and a personal party of three colonels, four policemen and his Chinese nurse. Four newsmen also went along.

Lowell Ozier was introduced to some of the general's aids.

### South Korean Troops Break And Run Before Determined Chinese Onslaught

By OLEN CLEMENTS  
TOKYO, Wednesday, Apr. 25 (AP)—The great Communist offensive today powered approximately 10 miles into South Korea and smashed a hole in the center of the Allied line in what may be the decisive battle for Korea. As nearly one-half million battle-weary Reds rolled up total gains of about 20 miles in three days, the Allied supreme commander declared: "The battle is joined. It may well prove decisive."

TOKYO, Apr. 24 (AP)—Nearly one-half million battle-weary Reds smashed a hole in the center of the United Nations line today in their third invasion of South Korea.

Communist troops streamed through the gap and bent back the right flank of the Allied line.

They were striking savagely with the aim of breaking up the international Eighth Army into piecemeal units.

South Korean units manning the center of the 100-mile line crumbled before the fury of the Red spring offensive. Then retreat exposed other Allied divisions.

Frontline officers considered the situation serious—but headquarters commanders were confident the repositioned Allied forces could turn the offensive.

Lt. General Matthew B. Ridgway (Continued on Page Two)

### Hungarians Delay Promised Return Of Robert Vogeler

By ENDRE MARDON  
BUDAPEST, Hungary, Apr. 24 (AP)—The U. S. Minister to Hungary pushed aside questions today on the release of Robert A. Vogeler, but he indicated clearly that he still expects the Hungarian government to free the American businessman it has imprisoned for 17 months on spy charges.

"The question that interests me now is: When?" the minister, Nathaniel P. Davis, told a news conference.

The next move, Davis said, is up to Hungary's Communist government. He did not elaborate on this. Possibly the "next move" means the actual release of Vogeler from his prison cell, to which he had been sentenced for 15 years on charges of spying.

Davis was extremely reluctant to discuss details of his negotiations with the Hungarian authorities. His cautious answers added nothing to the statement of the Hungarian government Saturday that talks on the case "had to result," but Davis' high spirits appeared to confirm his previous remark that he was "very pleased" with the results of the talks.

Nothing has been announced on the Vogeler case there, even a question whether he is still in prison—since Saturday when it was stated that he was to be released in return for American recognition of certain areas declared "just claims" of Hungary.

"The contents of the Hungarian communiqué (of Saturday) are quite correct," Davis told a cluster of correspondents who flooded him with questions. But this was all he would say.

"Any further details have to come from the Hungarian government," he added.

### Publisher Declares Newspapers Are Caught In Crossfire Of Rising Costs

NEW YORK, Apr. 24 (AP)—Rising costs are a major problem for the nation's newspapers, the president of the American Newspaper Publishers Association said today.

"The difficulty of publishing a newspaper has never been greater—we are confronted constantly with the puzzle of how to make our income equal our expense," said Edwin S. Friendly, a vice president of the New York World-Telegram and Sun.

Friendly's remarks were in a speech prepared for executives of newspapers in the 10,000 to 50,000 circulation group who are members of the ANPA's 65th annual convention.

Executives of newspapers with circulations under 10,000 met in separate session.

Inflation poses special problems for newspapers, Friendly said, explaining that the price of newsprint is rising so fast that it is difficult to procure at any price.

"Television has become another medium competing for the advertising dollar—and we must apply ourselves more than ever to continuing to get an ever-

TODAY'S BIBLE VERSE

The laborer is worthy of his hire. Producers of goods should share the goods fairly.

A bill has been introduced in the Legislature requiring state and county officials to file annual income reports while in office.

Apparently there is a big split in British government circles too with Minister of Labor Bevan tendering his resignation.

Earle Cocke told the Legionnaires in Tampa the other day that the war in Korea should be fought by soldiers and not by "swivel chair politicians and striped pants diplomats."

The "Little Kefauver Committee" of the Florida Legislature headed by Rep. James A. Haley of Sarasota has begun its investigations into Florida political corruption.

We saw a name in the headlines the other day that brought up memories of 25 years ago. Tom Meffin of Lafayette, Ala. died at the age of 82.

Despite his enormous popularity it is not General MacArthur but General Eisenhower that the Republicans want for their presidential candidate.

Every house and apartment in Sanford is rented, we are told, and the Navy personnel just beginning to arrive.

Pneumonia, once one of the most deadly of all diseases, is gradually yielding to the advances of modern science.

Agreement With Schuman

Slightly less than a year after French Foreign Minister Robert Schuman proposed a plan by which the European nations could pool their coal and steel resources to mutual advantage under international control.

It is a sign that the old prejudices are falling away in those dealings among nations where co-operation is almost essential for economic survival.

The parliaments of the nations involved, France, West Germany, Luxembourg, Belgium, Italy and the Netherlands, may be expected to debate the plan bitterly before they decide to ratify or reject it.

Approval of the Schuman Plan could unlock the door for further economic co-operation. The formation of a unified agricultural market which would include sixteen nations is discussed as the next logical step.

Strain Of Office

"He really was sick." Many persons, especially in Great Britain, must be saying this about the death of Ernest Bevin, the Labor Party's Foreign Minister from 1945 till recently.

Illness has been a cover for enforced resignation ever since office holding began. So frequently has this excuse been given that most people have lapsed to it with tongue in cheek.

In the United States continued service in a wearing office often is really too much for the official, as was shown by the collapse of Woodrow Wilson and death of Franklin D. Roosevelt.

These proven cases give new life to the old explanation. Office holding is much more a task now than in the last generation.

Reducing Noise

The National Noise Abatement Council has a program in progress in many of the leading cities throughout the country.

The council awards plaques to cities which have achieved meritorious records in abating noise. It also sponsors demonstration of the latest scientific methods of eliminating clamor.

Apartment Project

Maynard to erect a silver coach diner at French Avenue and Eighth Street immediately south of the High School.

A building permit was issued for this construction on Apr. 3, Mr. McKibbin declared today.

The objections, however, stated that the Commission had verbally agreed to limit commercial enterprises on the site to those not objectionable.

Commissioner Sam Hartnett and Mr. McKibbin were directed to arrange a meeting with Mr. Maynard and school officials to try to settle the matter.

Every house and apartment in Sanford is rented, we are told, and the Navy personnel just beginning to arrive.

The Commission authorized that letters be sent to the Seminole County legislative delegation objecting to provisions of the State insurance code which limit the tax placed on insurance companies.

The Commission agreed to a request by Lieut. David Remley of the Civil Air Patrol that a State inspection fee be paid so that the proposed landing field west of Sanford can be used by private and commercial airplane.

Naval Housing

King Lion Harry Reban assured him that the Lions would cooperate in helping the Navy secure living accommodations for married personnel.

Heavy White announced plans for the new building and that the Lions would cooperate in helping the Navy secure living accommodations for married personnel.

MacArthur Probe

Senator Taft (R-Ohio) told a reporter he expects Republican members of the Senate Armed Services Committee to take the lead in organizing a case for broader prosecution of the Korean war.

Senators Bridges (R-NH) and Knowland (R-Calif) are likely leaders in this move.

Korean War

The grenade-throwing paratrooper who shored up the morale of Allied forces before he succeeded General MacArthur as supreme commander, visited the front.

Ridgway said the great battle "well may prove decisive." He called it the greatest Red offensive yet launched, but warned that the Allies probably have not yet met its full strength.

On the eastern flank Red Korean overran Inje. They struck with surprising strength. Defense of the town, four miles north of the border, collapsed.

South Koreans gave way before the Chinese assault in the center. The Korean retreat exposed the flanks of our U. N. units.

Reds rammed through, deepening their wedge south of the 38th Parallel. Commensurate with the great distance earlier in the day the Chinese had pushed four miles into South Korea.

State Legislature

Before passing the bill, the House adopted an amendment by Rep. Johnson of Hillsborough to change the exemption for Mardi Gras celebrations to make it an exemption for Gasparilla merry-makers.

He said he thought Tampa, which stages an annual make-believe capture of the city by the pirate Gasparilla, ought to have any publicity attached to having a celebration mentioned in the bill.

The House vote was 72-7 for the bill to increase the tax on oranges from two to three cents per box and on grapefruit from three to four cents.

The Senate, with the proposed constitutional amendment to grant the voting franchise to 18-year olds at the top of its calendar, temporarily delayed bringing the measure to the vote.

Before adopting the citrus bill, the House rejected, 52-25, an effort by Rep. Dowda of Putnam county to kill out the tax boost provisions.

Dowda said the increased tax would produce from \$900,000 to \$1,200,000 annually to be spent on additional advertising. He argued that the Legislature should "build the present levy."

Reps. Courtney and Mathis of Duval county joined in introducing in the House a bill calling for an across-the-board two percent sales tax. Courtney estimated the straight two percent tax would bring in \$50,000,000 a year as compared with the \$45,000,000 now realized from the three percent sales levy, with its numerous exemptions.

A similar measure was killed in a square committee. The Senate and passed and sent to the House a measure to broaden the present sales tax by eliminating many of its exemptions.

The Senate received a bill which would provide for central assessment of telephone, power company and pipeline properties for tax purposes.

The Senate also received a bill to set up an advisory commission on constitutional revision. The measure, provided for a 100-man committee appointed by the Governor, House speaker and Senate president.

The Senate passed, without discussion, a bill providing for the practice of medicine in Florida. Among other things the bill tightens regulations for being admitted to medical practice in the state, authorizes the state board of medical examiners to check medical school and hospital facilities to determine whether they are adequate to train internes and provide for recertification of a physician's license for medical conduct.

A Senate Judiciary Committee approved a bill to ban printing of tip and scratch sheets used for illegal gambling purposes. The committee appointed by the Governor, House speaker and Senate president.

### Brooklyn Dodgers Burn Up League Winning Five Of First Six Games

By JOE REICHLER  
Associated Press Sports Writer  
Meet King, Palica, Branca and Newcombe. Not a Brooklyn law firm but the Dodgers' answer to Jim Konstanty.

As brilliant as Konstanty was last year when he helped Philadelphia win the pennant as the league's most valuable player, his rescue work never matched the sensational relief pitching of his quartet.

The season is only a week old, but the four already have been credited with three relief victories. Better yet, they have pitched 13 innings all told (excepting the one in which they were used as a pinch hitter).

Erv Palica and Clyde King hurled 4 2/3 innings of excellent relief ball yesterday as the Dodgers outlasted Boston's Braves, 2-1, in a tiring marathon on a clutch run-scoring single by Carl Furillo.

The triumph maintained the Dodgers' half-game lead over the Chicago Cubs, who nipped Pittsburgh, 2-1, on a ninth inning double by Andy Pafko that scored Hal Jenco.

The Phils handed the Giants their fifth successive defeat with an 8-4 victory under the Philadelphia leadership of the Phil's nine-time Rookie Jack Thompson held the Giants to six hits.

Vic Raschi pitched the New York Yankees to a 5-4 victory over his Philadelphia opponent for his second success of the season—his 17th lifetime win in 19 decisions with the Athletics.

Vic Raschi pitched the New York Yankees to a 5-4 victory over his Philadelphia opponent for his second success of the season—his 17th lifetime win in 19 decisions with the Athletics.

Palica and King for Brooklyn followed on the heels of a hitless and runless three-inning stint by Don Newcombe and a short rest of an inning and a third by Palica on Sunday.

Ralph Branca duplicated Newcombe's performance, also at the expense of the Giants, on Saturday. In last Tuesday's opener against the Phils he was King who came through with a two-inning effort in which he allowed no runs and only one hit in a losing cause.

Furillo's winning hit came with two out, scoring Billy Cox, who had singled, reached second on a sacrifice and third on Gene Mauch's bubble of Eddie Niekro's grounder. The run was unearned.

Frank Hiller of the Cubs belted Mel Queen in a pitchers' battle between the pair of ex-Yankees right in a 4-run, 11-hit, 10-inning game.

### Straight from the Horse's Mouth

By ED HARPER  
The Giants went into a fourth place tie with the Gainesville G-Men over the weekend in spite of some of the most inept pitching in the league—which shows that the team is essentially a strong one.

The hitters have averaged 7.4 runs per game in the first nine contests—an average which would be considered to be behind even the most inept pitching.

Getting used to a crowd yammering in their ears won't take long—not if they have the guts we think they have and will power to ignore the crowd and concentrate on the batter.

So far the Sanford pitchers as a whole have given up 8.5 runs per game—some of this average can be sliced down because of fielding errors but not much for with the exception of the two games with Palatka the Giants have had remarkably few fielding lapses for such a young team.

With the exception of two games—one with Daytona and one with Deland—the scores in the first nine ball games have not shown any team with a wide edge over the Giants.

Deland has beaten them twice and the Red Hats look, to this writer at any rate, like the class of the league so far... being beaten by them is certainly no disgrace.

The club's hitters, led by re-laxed Joe Palica on first base, have been holding up their end although the team's batting average is about 25 points below the .300 mark.

Deland were the Giants obviously handuffed. John Theobald's unorthodox, pitching delivery apparently was more baffling than it seemed from the press box.

One of the brightest spots in the Sanford picture is Manager Richie Klaus who drew a laugh when he came in to pitch in the 4th inning against Daytona Beach—but nobody laughed when he had finished for Richie had done about as effective a job as any Sanford hurler so far.

Most puzzling thing about the

### Giants Sell Lupo, Acquire Pfifer

Pitchers Joe Krubs and Bob Herman have been sent to Jonkina, Ky. Manager Richie Klaus announced today. Klaus added that outfielder Sal Lupo has been sold to Bristol and that Max Pfifer, first baseman with the Giants last year, has been signed.

Young Giant pitchers, to this writer at any rate, in their inability to pitch more than three innings. For an old man, Lupo pitched 10 1/3 innings, such as Hugh Casey or Satchel Page to give out after throwing forty or fifty balls in understandable

And it isn't as if the pitchers weren't in shape. Aside the daily conditioning Richie is putting them through, they had very neatly a month of pre-season workouts at the Naval Air Station.

But, as the writer emphasized last week, the biggest difficulty will be wisdom for the first two or three weeks of the season. Until the habit of playing looses up the young ball players, there may be a few more games like Saturday, when Richie again was forced to come in from short to get the game over before midnight.

Already several of the Giants' pitchers show signs of settling down. Bob Callahan has pitched a five-hitter and Ray Schmidt went the route to beat Gainesville Sunday. Two more starters and Richie should be set for the long mid-season grind when the Giants youth will begin to tell as the veterans on other clubs with under relentless summer heat and pressure.

Although a notoriously slow starting team the Giants have shown signs of coming alive sooner than usual this year—and nobody can say the games so far haven't been exciting with six of the nine showing only a one or two run spread.

Recommendation from Lupo's coach, Harold baseball expert, pitch Richie regularly.

Recommendation from Lupo's coach, Harold baseball expert, pitch Richie regularly.

Recommendation from Lupo's coach, Harold baseball expert, pitch Richie regularly.

### Uncle Miltie Is Scratched From Kentucky Derby

Repertoire And Sonic Take Over Favorite Spot In Big Race  
By WILL GRIMSLEY  
NEW YORK, Apr. 24—(AP)—The vanguard of Kentucky Derby hopefuls winged southward today, but not Uncle Miltie, the unpredictable colt whose name was on everybody's lips two weeks ago.

Joseph J. Colando, the owner, said so definitely late last night, ending 12 of confusion over the status of the favorite.

"We've got to rest him and freshen him up a bit," said Colando in announcing Uncle Miltie wouldn't answer the bugle call at Louisville's Churchill Downs May 2.

At first yesterday Colando's son and the horse's trainer, Dr. Andrew C. Colando, said Miltie wouldn't run. Then Papa rushed over from Lodi, N. J., where he's a banker and fuel oil man, and said that wasn't so—Miltie might. They'd wait a few days.

Then, with everybody thoroughly confused, the elder Colando finally made it unanimous—no Derby for Uncle Miltie.

"We've run and worked him too much," he said "He's lost weight. But he'll be ready for the Preakness May 19. We won't run him until then."

Miltie was made a supplemental entry for the Preakness at a cost of \$2,250. He also is eligible for the \$100,000 Belmont Stakes June 8. He'll run in the Belmont assuredly," Colando added.

The trim-franked colt named for comedian Milton Berle had the misfortune of reaching his peak too quickly.

He looked so good in running off and leaving Battleground and Big Stretch in his eastern three-year-old debut at Jamaica Apr. 9 that he was listed ten days ago as a 5-2 Derby favorite.

But, backed down to short odds, he finished eighth in the Experimental Handicap No. 2 Apr. 14 and wound up in the same position in the Wood Memorial at Jamaica Saturday.

### Concensus Of Southeastern Coaches Sees Few Freshmen Playing In 1951

ATLANTA, Apr. 24—(AP)—Freshmen will be on Southeastern Conference varsity squads this fall, but you won't see much of them during games until November.

Even that late in the season coaches don't expect to let you look at them for long.

The general idea, gathered in a check with head coaches, is that the Southeastern is far too fast a football league for all except a few sophomores, much less freshmen.

The Southeastern opened varsity ranks to freshmen for the first time since World War II during a conference meeting in Birmingham last month.

Red Drees of Alabama wrapped up the coaches' idea when he said, "I don't think we can expect freshmen in the Southeastern to fall. Here in Alabama, we have a few who might get in some games."

Two backs at Mississippi may break through by September at the earliest—Lea Pasley and Allen Muirhead.

At Vanderbilt the issue is thoroughly cloudy. Unlike some SEC schools, Vandy's expected 1951 men footballers won't even be in school until September.

Even if some of them show great promise it will take until mid-season or later to learn the Commodore system. Coach Bill Edwards ventured to guess only three or four would play on the varsity.

No word on freshmen came down from the hills of East Tennessee where site General Bob Neyland with potentially one of the greatest teams in the South-eastern history. With the team Tennessee has lined up for the fall, no freshmen are needed.

Partin, deceased, do hereby give notice that she has filed her petition for final discharge, and that she will apply to the Honorable Douglas Stenstrom, County Judge of Seminole County, Florida, on the 3rd day of May, 1951, for approval of same and for final discharge as administratrix of the estate of C. A. Partin, deceased, on this 2nd day of April, 1951.

### Islanders Batter Gainesville 17-4 On 22-Hit Attack

DAYTONA BEACH, Apr. 24—(AP)—The Daytona Beach Islanders led off on three Gainesville pitchers for 22 hits, including a three-run homer by outfielder Maley Truss, to defeat G-Men, 17 to 4 here last night.

Tel Cronce started and lasted two and two thirds innings, yielding eight hits and seven runs for the loss. He was followed in turn by Narvin Urquhart and Ed Benton, but nothing could stop the islander barrage.

The Isles called away the game in a five run second frame after spotting the G-Men 3-0 lead, and from then on were never in trouble.

## House To Consider Bill Limiting Dog Track Ownership

### Law Proposed To Let Legislature Meet For Unrestricted Period Each Year

TALLAHASSEE, Apr. 25.—(AP)—The Senate today passed SB 156 by Senator Boyle relating to the salary of the County Judge of Seminole County.

TALLAHASSEE, Apr. 25.—(AP)—The Florida House today defeated 28-9 the proposed constitutional amendment to let 18-year-olds to vote.

Senator after senator lit into the proposal, constantly keeping supporters on the defensive. The debate to have Florida's 18-year-olds vote as they do in Georgia, was before galleries crowded with youths from high schools.

Senator Ayres of Trenton, floor leader for the proposal, maintained "if an 18-year-old is old enough to shed blood for us he should be given the right to vote."

But Senator King of Winter Haven countered with: "If the ability to engage in a fight is requisite to vote?"

Rep. Dowd of Putnam introduced a bill to "prevent unjust discrimination against candidates for public office by prohibiting excessive charges for political advertising in newspapers."

It would make it unlawful for newspapers to charge for any political advertisement a rate in excess of that customarily charged for display advertisements of retail merchandising establishments.

He said it would help to reduce excessive campaign expenditures. "Political advertisements are carried by some newspapers in this state at a rate far in excess of that charged for producing and printing display advertisements of retail merchandising establishments," Downs declared in a preamble to his bill.

He said the rates have made it impossible for some candidates to run without accepting large campaign contributions and there appeared to be "reasonable limits for the excessive charges."

The Senate received a proposed constitutional amendment which would let the Legislature meet annually for unlimited periods instead of 60 days every two years as under present law. It also would permit the Legislature to call itself into session at any time by a three-fifths vote of the membership.

Another measure offered in the House, which would amend the Florida Constitution to let a person control as many as two dog tracks.

MacWilliam of Indian River, chairman of the committee which defeated the bill, opposed Murray's motion. He said his committee had studied and analyzed the measure and decided against it.

"If we're going to regulate race tracks as to ownership, let's amend the law to let a person control as many as two dog tracks."

MacWilliam of Indian River, chairman of the committee which defeated the bill, opposed Murray's motion. He said his committee had studied and analyzed the measure and decided against it.

Quits 18-Year-Old Post

Anselm Bevan

BEVAN left-winger Anselm Bevan (above) has resigned as Britain's Labor Minister in a fight over the Socialist program. In his letter of resignation to Prime Minister Clement Attlee, he said Great Britain could not carry out this year's phase of its \$12,000,000,000 three-year arms plan without "grave sacrifices."

Johnston's name was just barely mentioned in the debate on withdrawing from committee the bill which would prohibit any man or group from controlling more than one licensed Florida race track.

Opponents of the bill objected that it was an improper regulation of a person's right to buy and hold property.

Murray replied "There is a vast distinction between owning race tracks and ordinary property. It's a matter of privilege not of right. And racing with its legalized gambling is much more subject to restrictions than other business."

"It's not in the best interest of the people for one man to control nearly all racing. The people engaged in racing are much more inclined to try to influence legislation. We've seen evidence of their power in the annals of the Legislature."

Murray said the bill could be amended on the floor to let a person control as many as two dog tracks.

MacWilliam of Indian River, chairman of the committee which defeated the bill, opposed Murray's motion. He said his committee had studied and analyzed the measure and decided against it.

## Bill Allowing 18-Year-Olds To Vote Beaten

### Law Aimed At Friend Of Warren Forced From Committee By Overwhelming Vote

TALLAHASSEE, Apr. 25.—(AP)—The Florida Senate today defeated 28-9 the proposed constitutional amendment to let 18-year-olds to vote.

Senator after senator lit into the proposal, constantly keeping supporters on the defensive. The debate to have Florida's 18-year-olds vote as they do in Georgia, was before galleries crowded with youths from high schools.

## MacArthur Is Not Candidate, Aide Declares

### Huge Celebration Is Prepared In Chicago For General's Visit; Press Is Excluded

NEW YORK, Apr. 25.—(AP)—General Douglas MacArthur's personal adviser said today he had "an intention" of changing his statement Monday that the five-star General still did not know the reason for his being relieved of his Far East command.

Whitney was commenting on a statement yesterday by Joseph Short, President Truman's press secretary, that the President's reasons for removing MacArthur were sent to Tokyo and acknowledged by MacArthur's command. After declining comment, Whitney told reporters at a press conference that the apparent conflict between the two statements was a matter of "interpretation."

"I have no intention to vary that statement," Whitney said. He added that to understand the reasons underlying the President's action would "depend on interpretation."

NEW YORK, Apr. 25.—(AP)—An aid says those who insist on naming General Douglas MacArthur for the presidency had better "go home."

Maj. General Courtney Whitney made the statement yesterday when asked by newsmen about a MacArthur-for-President club opened here Monday.

Whitney met with newsmen assigned to cover the General at his hotel the Waldorf-Astoria while the General himself remained in his 20th-floor suite in the fourth street city.

During the day, MacArthur had visits from Senator Robert A. Taft (R-Ohio), publisher Henry F. Luce, and the Right Rev. Horace E. Downer, Protestant Episcopal Bishop of New York.

MacArthur was expected to remain in his hotel again today, but his wife and son, Arthur, 12, planned to see the New York Yankees play the Philadelphia Athletics at Yankee Stadium.

At the news conference yesterday, Whitney answered questions about the MacArthur-for-President movement.

MacArthur himself said in San Francisco last week that he did not intend to run for any political office, but that he "hoped his name" would be used in any political way.

Whitney said that if any one raises the question, MacArthur would tell the questioner to "go home and read the Constitution."

Whitney refused to give further explanation, saying "I'm not going to try to interpret the Bible to you. The general said it. To me, it's very clear."

Earlier in the interview, Whitney said that all top Army, Navy and Air Commanders in Korea had shared MacArthur's desire to use Chinese Nationalist troops. He said these included MacArthur's successor, Lt. General Matthew Ridgway.

Whitney also said he "assumed" that MacArthur included General Omar Bradley in his reference before Congress last week about the Joint Chiefs of Staff, of which Bradley is chairman.

Bradley, without mentioning MacArthur's name, expressed his opposition in the MacArthur view-point in Chicago last week.

Whitney also told reporters yesterday that "approval by the Joint Chiefs of Staff" came "some time after Red China entered the war."

Other points made by Whitney were: "MacArthur did not consider the atom-bomb essential as far as Red China's Manchurian bases (Continued on Page 8)

## Communist Advance Plows Forward On Western Front; Allies Stop Attack In East

### Navy Plane And Commercial Liner Collide And Crash Off Key West

KEY WEST, Apr. 25.—(AP)—A small Navy plane exploded along with a commercial airliner over the Key West South Beach today and both plunged into the ocean in full view of hundreds of sunbathers. It was believed the two aircraft collided.

Nine bodies had been recovered by 2 P. M. A short time later, a four-engine commercial ship with 41 passengers and five crewmen aboard was reported missing on a run from Miami to Havana and Panama Airways said "it looks more and more like" it was the airliner that crashed.

The big, silver-colored commercial craft took long overcast at Havana was operated by Compañia Cubana de Aviacion, an affiliate of Pan American. It left Miami at 11:05 P. M., due in Havana at 2:15. The crash occurred at 11:45 A. M.

Pan American said the 31 passengers were mostly Americans. Navy boats that reached the scene a few minutes after the crash recovered the bodies of two Navy men and a woman. Bits of wreckage were floating slowly to the surface. The Navy plane, a P-51, normally carries a crew of four, but the Navy could not say immediately whether it was fully manned.

Witnesses said they saw the liner and the small Navy plane flying alongside each other directly over the beach. They said the Navy plane flew into the wing of the liner and the ship plunged into the water, 30 feet of water from a ship to a mile and a half offshore.

The airliner remained on a level course for about 50 seconds, then went over into a nosedive, hit the water and disappeared beneath the surface. The spot was just offshore from the "Little White House" where President Truman spends his vacations.

A Navy plane took off quickly and reported it saw no signs of wreckage or survivors. A few minutes later, a Navy patrol boat reached the area, pieces of the airliner began to come to the surface.

In a short time, six Navy boats, including a diving crew, were engaged in the search for bodies. Coast Guard, Navy and other aircraft flew overhead looking for possible survivors.

Capt. William R. Caruthers, acting head of the Naval Air Station at Key West, said he believed the planes collided after the explosion of the Navy craft.

The Navy's diving crew, commanded by Lt. Charles D. DeLoach, ordered an immediate investigation of the accident.

Members of the local club wrapped up a day of talks which will be distributed to the convention delegates and guests as favors. The Pilot colors of green and gold were carried out in the wrap-ups and the cards attached. Delegates from the local club will include Mrs. J. L. Clark, Mrs. A. E. Hunt and Miss Maude Ramsey.

Headley Burcham, Orlando attorney and former municipal judge, will be the banquet speaker on Saturday evening and Miss Martin will address the luncheon meeting. The recognition of achievements will be made at Saturday's luncheon by Mrs. Manuel Tavares of Panama City in one of the 20 Florida Clubs outstanding projects from the local club will include Mrs. J. L. Clark, Mrs. A. E. Hunt and Miss Maude Ramsey.

The convention proper will get underway at 9:00 A. M. Saturday, according to Mrs. Sara Griffin Hughes, president of the Orlando Pilot Club, the hostess group. Mrs. J. Ray Dold of St. Augustine, district governor, will preside.

Highlight of the opening session will be a talk "A Pilot Speaks to Pilots" by Mrs. Louise Hanes, retiring president of the Tampa Pilot Club. This will be followed by instructive talks by Mrs. Alice Chambers of Tallahassee and Miss Malv Almon, St. Augustine, on qualifications and duties of officers and chairmen.

Mrs. May Pynchon of Jacksonville, chairman of International Relations will describe the progress of the International five year project of rehabilitation of Viscontieri, a French village. Using as its theme, "Truth and Vision for Peace and Freedom," workshops for Saturdays will begin at 2:00 P. M. Saturday. The hostess club is planning a motorcade and a procession of (Continued on Page 8)

BUCHANAN'S HOLIDAY GREAT BARRINGTON, Mass., Apr. 25.—(AP)—The local fire company invited members of the county Forest Fire Wardens Association for a social affair last night—and for an hour the guests had to entertain themselves.

The fire company had to go out to fight a \$1,500 fire. The entertainment program was suspended when the firemen dashed out without even an "excuse" (Continued on Page 8)

### \$6 Billion Arms Bill Is Approved By House Group

WASHINGTON, Apr. 25.—(AP)—The House Appropriations Committee approved today a \$6,000,000,000 emergency defense budget and reached still to consider another military request which will exceed \$3,000,000,000.

The amount recommended today for House consideration (including tomorrow's for emergency purposes) amounting out of the stepped-up tempo of war in Korea. Most of it will be spent during May and June.

It is in addition to \$40,000,000,000 already voted for the fiscal year ending June 30.

In the immediate offering to the regular military budget for the year ending June 30, the military program, however, has a deficit it may reach about \$80,000,000,000, but the Appropriations Committee looks for it to be closer to \$70,000,000,000. Even the lower figure would be \$10,000,000,000 more than the President had estimated in his January budget.

Included in the emergency measure which the committee sent to the House today is a \$2,500,000,000 "project X" for a quick build-up in the production of the Army, the Navy, the Marine Corps and the Air Force, and for a special use of procurement of "hardware" for war tanks, guns, guided missiles, and airplanes.

The Army, however, during the hearings which preceded the measure, that it plans to cut its June draft call to 200,000 men and to bring home upwards of 20,000 battle-weary Korean soldiers monthly starting in May.

It also expects to cut its active service to the next two months 15,000 reserve officers to help train an Army estimated to have a strength of 1,500,000 on June 30.

A large chunk of the new defense money is needed to meet and increase of equipment and supplies since the war started in Korea. Army officials said for instance, that an estimated \$1,000,000,000 in equipment and supplies had to be ordered before Korea now cost \$20,000,000.

The largest allotment in the bill is for the Army, which was \$2,500,000,000. It is \$1,500,000,000 in the finance service, and Army, which was \$1,500,000,000. The committee gave the Army everything it asked for, \$1,925,000,000, which includes a large chunk of money to build up and expand the aviation industry.

The Atomic Energy Commission got \$1,500,000,000 of the \$3,000,000,000 (Continued on Page 8)

### What's In A Name

JACKSONVILLE, Apr. 25.—(AP)—Tiger Hole Road is a heck of a name for a street, complained 14 petitioners who live thereabouts.

No county commissioners but week thought it to Hillside Road. They thought it was rather a pretty name for a suburban thoroughfare.

The pure "gripe" was lodged in Washington, D. C. last week, and who told of an congressman who for 12 years had been holding down a job in which the hardest work was doing crossword puzzles, and who is paid \$12,000 a year for doing nothing.

The Rev. A. G. McInnis protested the growing activities of a hot rod club, with youths racing on streets, and told of two heavily loaded hot rod cars racing at Ninth Street and Palmetto Avenue and being forced onto the Rev. H. L. Zimmerman's lawn with a narrow escape from disaster.

"Something ought to be done about these hot rods before an accident occurs that will make me wish the cops were on my eyes," he declared.

A. L. Collins entered a vigorous protest also against speeding "hot rods" loaded with youths, and stated that West Eighteenth Street on which he lives, is being made a speedway by high school (Continued on Page 8)

### THE WEATHER

Generally fair and mild through Thursday, except possibly a few brief light showers near the lower east coast.

### Reds Disregard Air Assaults To Move Up Reinforcements Into Battle Zones

TOKYO, Apr. 25.—(AP)— Allied tanks and troops in savage counter attacks today slaughtered Chinese Communists on the critical central front, but a United Nations withdrawal was made north of Seoul. A field dispatch said two columns of tanks, supported by troops riding in armored half-tracks, killed an estimated 750 Reds in the central front contribution north of Kapyong. Kapyong is 33 miles northeast of Seoul on one of the main roads to the old capital.

TOKYO, Apr. 25.—(AP)— Communist troops in a counter-attack along the entire western half of a 100-mile battle front today in their third invasion of South Korea.

But to the east, counter-attacking Allied tank columns stopped the Reds in their tracks and evaded them back at some points. On the west central front, United Nations forces pulled back sharply and broke contact with the Reds. The withdrawal was a rapid one, rear elements were trapped.

One was ambushed by Communists wearing white civilian garb or the blue denim uniforms of South Korean army leaders.

In the extreme west, Allies fell back in orderly fashion before swarms of Chinese, exploiting their Jimu River crossing. They were less than 25 miles north of Seoul, South Korean capital out of which refugees poured in dust clouded (Continued on Page 8)

### Retail Stores To Get 30-Day Delay To File Ceilings

WASHINGTON, Apr. 25.—(AP)—The Office of Price Stabilization yesterday extended for another 30 days until May 30 the time for 275,000 retail stores to file price ceilings with OCS and put new maximum-type ceiling prices into effect.

This marks the second extension. The original deadline was set for May 15, but was delayed by putting most stores into effect at retail last month. The OCS gave the extension until May 30 to file price charts and begin using new prices. Now they have until May 30.

In a far-reaching order which officials said would bring many price rollbacks for consumers, the government also directed 75,000 manufacturers to revise a vast range of products.

Price Director Michael DeSalle acknowledged there would be some price increases too, although he said the "net" effect would be a reduction in the general level of manufacturers' prices.

Estimating that the 75,000 manufacturers do about 500,000,000,000 worth of business yearly, he called the new regulation a major step toward restoring "equitable industrial prices" to consumers through a program of price control and television sets to work faster and more smoothly.

DeSalle told a news conference the regulation will: 1. Roll back the price of consumer goods which manufacturers raised their prices and profit margins after the outbreak of the Korean war.

2. Provide relief to manufacturers who were caught by the general freeze Jan. 26 with ceiling prices in many cases below actual production costs.

SPORTSMEN MEET  
The Seminole County Sportsmen's Association will hold a meeting at the City Hall Apr. 26 at 8 P. M. to discuss game and fish bills now pending in the Legislature.

Every citizen interested in conserving Seminole County wildlife is invited to attend.
