

Visiting Basketball Fives Take Week-End Games From Sanford Celery Fed Quints

Locals Lose To Both Daytona Beach And Leesburg Quintets

By HENRY SLAUGHTER

Seminole High School's Celery Fed did not fare so well in the week-end games in the local gym against Leesburg and Daytona Beach. The A squad lost to Leesburg on Friday night, 36 to 24, though the B squad checked the game when it won by the decisive 22 to 7 score. On Saturday, however, the locals lost three games. The Junior High School fives of Daytona Beach and Sanford played in the afternoon, and the visitors won, 42 to 12. In the evening in the gym Daytona Beach A squad defeated Sanford. A squad, 30 to 21, and in an extra period in the game between the B squads of the two schools the visitors won, 19 to 17.

Saturday evening's game between the A squads of Daytona Beach and Sanford started with the Celery Fed having the edge over the Bucs for the first half. The first quarter ended with the Celery Fed leading, 3-4. At the end of the first half, which was very slow, the Celery Fed were still in the lead by the score of 11-8.

The second half started with the Bucs breaking fast to score in the first few moments after play was resumed. From that time until the end of the game the Daytona lads played a reckless game which proved too good for the local boys to cope with. Late in the final quarter the Celery Fed came back to their own and played the same style of reckless game that the Bucs had employed the second half and took several long shots that netted the locals eight points.

The highlight of the game was the brilliant shooting of Heras, Daytona forward, who gathered a total of 19 points for the game. Jack Purdon, local center, was high point man for the Fed with 7 points.

The B teams of the two cities battled to a 15-point tie at the end of the regular game and were forced to play an extra period. This game was featured by the playing of Bennett, Daytona center, who made two field goals in the extra period to win the game, his total points for the game was nine. Author Williams was the star on the Fed's B squad, even though he scored four points.

Saturday afternoon the Junior Highs of Daytona and Sanford met at the Junior High court and the coast city proved to be the winner again. The local lads were out weighed and were too small for the youngsters from Daytona. The Sanford boys put up a good fight and did not give up until the final whistle had blown even though they were from 20 to 30 points behind in the fray that ended with Daytona winning by

the score of 42-12.

The Seminole High Celery Fed met the strong Leesburg Yellow Jacket basketball team on the local court Friday night and went down before the last quarter attack by "Frankenstein" Phillips and Searcy. Sanford held the big six feet five inch giant in check for three quarters, but he pulled away from the excellent defense of Jack Purdon to score ten points in the final quarter to beat the Celery Fed, 36 to 24.

Billy Searcy and little Elmo Miller were the outstanding men on the court for the Yellow Jacket and it was their play that prevented the Celery Fed from scoring in the second half.

Lester Phillips led the local team with three field goals. Lester played a good game at guard and will improve as the season goes on. The other guard, Darrell Ferguson, put up an exhibition of play that anyone would be proud of. Darrell is only a Freshman and should show that a Freshman can play good ball.

Earl Whitten, captain of the team, played his usual game which is always good. Charles Robinson was the sparkplug of the Celery Fed offense and played the game that he likes so well, and did it with style and speed. Jack Purdon played the hardest game that he will have to play until the Celery Fed and the Jackets meet again. Jack looked good out there on the court Friday night against Phillips, who is plenty of trouble to any center, but he was held in check for three quarters by Jack.

The Seminole High "B" team ran wild over the Jacket "B" squad with "Red" Williams the high scorer of this game where the Celery Fed won, 22-7. All these boys on the "B" squad were playing a good game and several of them should make a bid for the "A" squad before the season is over.

Black-Draught

Next Time You Need a Laxative

For constipation, take a dose of Black-Draught as soon as you realize the condition you are in. "If I am bilious, have headache or a cold, I take a dose of Black-Draught at night," writes Mrs. R. D. Thaxton, of Lexington, Ga. "If I have a bad feeling after meals, I take just a pinch of Black-Draught. It relieves me. I recommend it very highly—a good family medicine. I give my children Syrup of Black-Draught. I find both good."

Black-Draught paves the way for the relief of many such symptoms as those mentioned above, when constipation is at the bottom of the trouble. Just try it! Follow the directions carefully and you'll probably learn why Black-Draught is so popular.—adv.

DOUBLE YOUR MONEY BACK
if it isn't the finest cigarette you ever smoked

LAST OCTOBER we issued a daring challenge to the smokers of the nation. We said, in effect, if the new Double-Mellow Old Golds don't give you a thrill, we'll pay the bill and pay it double.

Never before had such an offer been made on a cigarette. But we made it with our eyes open. The prize crop tobaccos in Double-Mellow Old Golds fully justified this 2 to 1 wager.

For the benefit of those smokers who overlooked this offer, we repeat it again today. Smoke half a pack of Double-Mellow Old Golds. If it isn't the finest smoke you ever tasted... just mail us the remaining cigarettes and the wrapper, at any time before May 1st, 1936, and we'll send you double the price you paid for the full package... plus postage.

New Source Of City Revenue Is Considered

Commissioners Talk About License For Motor Drivers And Of Tax On Meters

Action Deferred Until Next Week

Method Of 'Painless' Extraction Of Tax Sought, Says Mayor

Methods of "painless" extraction of taxes to balance the budget, as expressed by Mayor T. L. Dumas, were discussed at an informal meeting of the Sanford City Commission last night.

It was an informal round table discussion, the mayor stated, and there was no vote on any of the various proposals. Details action is planned at the next regular session of the commission on Monday night. It will not be an executive session, the mayor said. "Everything will be done in open meeting," was his assertion.

Several proposals for the "painless extraction" of needed funds were talked at the meeting last night, among these being the suggestion that motorists be charged an operator's license and that taxes be assessed against electric, gas and water meters and on each telephone. The operator's permit seemed to meet with the most favorable response, though there was no indication as to how the commissioners will vote when the matter comes up in formal session.

Most of the suggested plans for increasing the city's revenues were proposed a couple of months ago, but they were held over until after election. The new proposals, (E. N. Whitehurst and W. J. Dumas) as well as the hold-over members and the city attorney and the City Clerk attended the conference.

"We have got to figure out some way whereby the City can pay its operating costs without borrowing money," Mayor Dumas said, "and as we must raise the necessary funds to meet budgeted expenses it looks as though we must find some new source of revenue. Additional taxes are never popular, so we are endeavoring to find some way of painless extraction of taxes to balance the budget."

"As there are some new members of the commission we thought it best to hold an informal discussion that they might be thoroughly acquainted with the financial condition of the City and then, after we have all mulled over the situation this week, it is hoped we will be able next Monday night to decide on the best course to pursue."

There was also some discussion of appointive positions, but the filling of these appointive offices was also left to the regular public meeting of the board. There was said to have been no suggestion of any change in these positions.

5 Are Reappointed Members Of R. F. C.

WASHINGTON, Jan. 21. (AP) — President Roosevelt yesterday reappointed five of the six members of the Board of the Reconstruction Corporation, including James Jones, of Texas, as chairman.

The other members receiving reappointments are: Charles B. Henderson, of Nevada; C. E. Harrison, of Kansas; Frederick H. Taber, of Massachusetts; and Charles T. Fisher, Jr., of Michigan.

German And French Vets Sing Duet Of 'Comrades' At Meeting Of American Legion

While the hall resounded with applause of more than a hundred American Legion men, Julius Dingfelder, veteran of the German army in the World War, and William F. Schmidt, veteran of the French forces, sang "Ich hat einen Kameraden" to the piano accompaniment played by an English veteran at last night's meeting of Campbell-Lessing Post of the Legion. It was an impromptu number, but won the most interesting part of the program.

It was a hilarious gathering of the Legion men, and they were so noisy that "Happy" Cone, the entertainer, had difficulty in getting some of his numbers across. But when he struck into the strains of "Kameraden" on his piano accompaniment and Mr. Dingfelder and Mr. Schmidt, standing side-by-side, started to sing, the assembly quieted down and the vocalists and their accompanist were given the closest attention.

Four Out Of Five Truck Operators Are Given Fines

Fines were assessed by Judge Jas. G. Sharon in County Court in four out of five cases wherein truck operators from other states failed to comply with rules and regulations as laid down by the Florida Railroad Commission.

In the fifth case, that against Donald Young, the court instructed the jury to bring in a verdict of not guilty.

B. C. Collins pleaded guilty to two charges of operating trucks without complying with State regulations, and was sentenced to pay \$200 of costs in both cases or to serve 60 days on each charge. He deposited bonds with the sheriff to guarantee payment of the costs.

H. B. Rumble pleaded guilty to the charge and was assessed a fine of \$10 and costs. He deposited bond with the sheriff.

D. V. Dorman failed to appear and his bond of \$50 was ordered estrayed.

Only one of the cases went to trial, that against J. A. Woods. A jury composed of Joe Mickler, Jr., C. J. Selby, D. C. Hickson, W. B. Young, Paul Lukas, Jr., and O. P. Sloan brought in a verdict of guilty. The defendant deposited a bond in the sum of \$100.

Claude Ogilvie of Jacksonville, assistant counsel for the State Railroad Commission, grand County Attorney John G. Leonard in prosecuting the case, W. C. Lockhart of Haines City, inspector for the commission, was a witness in one of the actions.

Scottsboro Case Is Tried Fourth Time

DECATUR, Ala., Jan. 24. (AP) — For a fourth time, Heywood Patterson, one of the nine negro defendants in the Scottsboro case, was called to trial yesterday amidst a tangle of legal skirmishing on a charge of attacking a white woman.

The fourth trial of the defendant, who three times has heard the words of a death sentence pronounced upon him, began after Judge W. W. Collins, presiding in Morgan Circuit Court, had denied a motion for a change of venue.

Fair Exhibits In Place For Opening Today

Displays Contained In Two Tents And Arcade Building; Carnival Is Ready

Working against time to get the exhibits all in place before the scheduled hour for opening the Seminole County Fair this afternoon, scores of men and women and boys were bustling at top speed this morning, building booths and arranging exhibits. The fair was to open at 2 o'clock. The hour for opening the carnival attractions was indefinite, depending on the number of visitors on the grounds. If there was a good crowd the carnival was to open this afternoon, otherwise the opening will be at 7 o'clock this evening.

Visitors to the fair will find exhibits divided between two large tents facing Sanford Avenue, north of Commercial Street, and in the Arcade building. Agricultural exhibits are in one of the tents, and late model cars are shown in the other tent. Exhibits of women's handicrafts (including canned fruits) are in the Arcade building. One ticket admits visitors to both tents and the Arcade building, and the fair management hopes that visitors to one section of the fair will not think that all there is to the annual exposition. "See it all," Manager S. D. Higleyman said.

Large and beautifully decorated booths were being put up in the agricultural tent this morning by the Farmers' State Market, the Future Farmers of America and various business firms.

Friday and Saturday will be big days for the lovers of cats and dogs. The dog show is to be held at 2 o'clock Friday afternoon and the cat show at 10 o'clock Saturday morning. There is no entry fee for any of these pets and large cages will be furnished for the cats and the dogs must be entered with a leash.

As Friday is "School Children's Day" and there will be no admission fee, it is expected there will be many entries for the dog show. Dr. P. S. Roy will have charge of these exhibits. All entries of dogs must be made prior to 1 o'clock Friday and for cats prior to 1 o'clock Saturday.

The midway attractions at the fair are again furnished by the Krause Greater Shows under the personal management of Ben Krause. Many new rides and shows have been added to the long list of old time features.

As one enters the midway, from the exhibit tents, the massive twin ferns, which, with a number of other plants, were donated to the fair by the Krause Greater Shows, are the first thing to be seen.

Book Covers Put Out By Sanford Lions Urge Children To Obey Traffic Rules

Advising children to "Obey Your Schoolboy Traffic Director," 2,000 book covers made of strong Manila paper were to be distributed in schools of the City today by the Sanford Lions Club in the furtherance of safety. Not only is the advice given to cross crossings carefully because "one thought for safety is worth a million regrets," but there is also a note to parents who are asked to teach their children the dangers of the highway at so early an age as they teach them that five burns. The statement is made that nearly one-third of traffic fatalities are children, and most of them from four to nine years of age.

Long Spending Trail Started By Congress

Large Appropriations For Aged, Young, Blind Talked After Bonus Bill Passage

WASHINGTON, Jan. 21. (AP) — Congress embarked today on a long, long spending trail aimed to lead to social security. With the expensive bond bonus redemption bill expected to go to the White House tomorrow, the committee recommended to the House that \$12,464,000 be appropriated to finance a security plan through the first six months of 1936. It had been estimated that \$52,500,000 will be needed to help the aged alone, \$8,000,000 to aid the young and \$4,000,000 for the blind. As in the bonus measure, no taxes to pay costs were included.

The Senate is in recess and the House adjourned in tribute to the late King George of England.

The plan of Democratic leadership calls for the House to approve tomorrow the baby bond bonus bill that streaked through the Senate 74 to 16 yesterday. If the bill comes bounding back from the White House, leaders figure they can override the veto easily.

As for the farm relief plan, President Roosevelt called cabinet officers and legislators to a conference. High sources said now all of the President's advisors are completely agreed on and cooperation, the production control plan to succeed the AAA.

The nearly five to one majority called up for the Democratic-Republican two billion dollar bonus bill was easily more than enough to pass it over a veto. The House already has approved immediate payment of an even greater majority, 356 to 59, but without specifying the payment method. Some observers predicted a veto, but even Democratic leaders, said it would be overridden.

Speaker Byrnes said the "baby bond" bill will be taken up in the House Wednesday, allowing members a day's notice. Bonus leaders predicted House acceptance of the Senate substitute by an overwhelming ballot.

A double defeat in the Senate for payment of the World War adjusted service certificate in new currency was expected to influence House supporters of the inflationary Patman bill, vetoed last session, to refrain from pressing this issue.

Only nine Democrats and seven Republicans voted against Senate passage. Fifty-six Democrats, 15 Republicans, 2 Farmer-Laborists and one Independent were present.

Four Scouts Receive Merit Badge Awards

Merit badges were awarded to four Boy Scouts at a session of the Court of Honor conducted in the Junior High School building and one Scout was promoted to the Star rank. The Mason was the Scout receiving the promotion.

Edward VIII Ascends Throne Of England On Death Of George V

THE LATE KING GEORGE V

King George V of Great Britain (above), who died last night at Sandringham Palace after several days' illness which began as a bronchial affection and so weakened the aged monarch's heart that he was unable to rally from the effects.

Former Prince Flies To London To Take Up The Scepter Of His Dead Father

British Empire Is In Mourning

Aged Ruler Who Died Last Night Was Beloved By Subjects

LONDON, Jan. 21. (AP) — A new king, Edward VIII, took up the rule of the British empire of nearly one-half billion persons today. The first act of the man whom the world has known as the Prince of Wales was to discard royal precedent by flying in his private airplane from Sandringham House to London to take up the scepter dropped by his aged father.

King George V died five minutes before midnight last night at Sandringham with his family at his bedside. The 70-year-old monarch had been ill four days with a throat ailment, which brought on heart weakness. The new king is 41 and unmarried.

Today bells tolled and guns boomed in London and throughout the empire signalling "the king is dead, long live the king." Every British ship throughout the world lowered colors to half mast to remain thus until George V is laid to rest. The body transferred from Sandringham House today and Thursday will be placed on a gun carriage and taken to the royal special train for London where the late ruler will lie in state at Westminster Hall.

The first notice by the new king said: "The king commands that the court shall wear mourning for nine months from this day for his late most gracious majesty, King George V, of blessed memory. The court is to change to half mourning Tuesday, July 21, next."

From Washington, President Roosevelt cabled Queen Mary sympathy from himself and Mrs. Roosevelt over "the loss of one whose high qualities of kindness and wisdom have been so powerful an influence for universal peace and justice." Kings and rulers throughout the world sent messages of sympathy.

George V ascended the British throne as "the sailor king"; he left it as "the democratic king." Unassuming to the point of shyness, devout and faithful in religion, hard-working, devoted to his children and home life, and with a dignity relieved by the wrinkles in his eyes, he typified the qualities which won him the affection of his subjects.

Present Act May Be Extended For Year For Further Study

WASHINGTON, Jan. 21. (AP) — Talk of extending the present neutrality law another year to permit more deliberate consideration of permanent legislation was given credence today by a leading administration leader conferring to discuss early action, but others said a diversity of opinion might cause delay. The present law, expiring Feb. 29, forces the President to lay down an embargo on arms munitions to belligerents, but does not empower him to curb the flow of other trade.

Penalties and in debt, the embattled Senate Munitions Committee disclosed plans, last night for an investigation of prominent preparedness organizations of the Senate will vote additional funds.

Impeachment Of Judge Ritter Is Again Demanded

WASHINGTON, Jan. 21. (AP) — The House judiciary committee today decided to consider Saturday the latest demand before it for the impeachment of Federal Judge Hjalmar Ritter of Miami.

Last week within an hour after the committee approved a sub-committee report recommending against impeachment on charges in connection with handling receivership cases, Representative Green of Florida demanded on the House floor that he be impeached. The Green motion automatically went to judiciary committee which now must decide again.

It is reported that the sheriff will offer a number of his vacant positions.

Style Hats

Speaking of straw hats and questionnaires, a poll was conducted recently by a committee of representative New York stylists in which 1,000 of America's best dressed women were interviewed as to their style preferences for the coming spring.

The American woman wants her shirt a little shorter or for daytime (about thirteen and one-half inches from the ground), but she does not want them any shorter for evening.

She likes wide shoulders and does not want to give them up.

She wants her skirts full enough to allow perfect freedom in walking (no bubble skirts or congested skirts will be acceptable).

She wants some, workmanlike clothes for business. She likes mesh hats and wants them collapsible for packing in suitcases.

She wants suits for every purpose, but she does not want mannish suits. She is not likely to accept the mannish vogue now peddled by Paris.

She wants her evening dresses less sophisticated and more fluffy than formerly.

She will insist on materials that clean without scrubbing or shining.

She likes washable accessories, more thick, lower cut-ups on dresses. If zippers are used, they must be concealed.

She wants a new influence besides the Greek for evening clothes, and would accept Chinese or Spanish, but wants to skip on wearing Turkish costumes in the daytime.

"SIP" like rubber one-piece bathing suits, but wants voluminous coverage when she sits on the beach.

Wildlife Conservation

Federation of all groups and individuals interested in wildlife restoration and conservation into a nationwide organization for concerted action is now under way.

Such a federation is one of the major objectives of the North American Wildlife Conference, which President Roosevelt has called to meet in Washington, Feb. 2 to 7, inclusive, and the Junior Chamber has volunteered its services toward setting the wheels in motion.

The country has been divided into two sections, each in charge of a sub-chairman, who in turn has state chairmen under him. The plan calls for organization by county, state and nation of the country's sportsmen's clubs, nature leagues, conservation associations, farm groups and all others interested in restoration, either from a recreational or economic standpoint.

The various units of the federation will be entirely autonomous and continue to carry on the varied programs upon which they are now engaged, but they would unite in a large, financial program entailing the broadest program of conservation and restoration. Each local group would be represented on a state council, which in turn would have representation on the general national council.

Mr. Clark announced that the Junior Chamber is now engaged in interesting the groups involved, and assisting in setting up the mechanics of federation. At the North American Wildlife Conference in Washington the first week in February, a general federation will be formed and officers elected. Then a definite program will be drawn up for action.

It has long been recognized that lack of co-ordination among existing organizations is largely to blame for the lack of the country's wildlife resources and their consequent serious depletion, and the federation is designed to meet and correct this situation through united action.

Scattered Frosts Failed To Damage Florida's Fruits

LAKELAND, Jan. 21 (AP)—Temperatures fell below freezing and brought light scattered frost in parts of Florida during the night and early today, but there was no crop damage reported. Meteorologist E. S. Ellison of the government's special frost warning bureau said the temperature will not reach 32 tonight and there is no frost danger the remainder of the week.

Worst Storm Moderates

CHICAGO, Jan. 21 (AP)—The year's worst winter storm moderated today after causing 177 deaths. Thermometers rose over most of the country while snow deepened in the Missouri and Mississippi valleys and in the lake states. A drop back to zero was predicted for the Midwest tonight. Devils Lake, N. D., the coldest spot of the United States, felt a rise in temperature, mercury there easing from a low of 22 below zero to 12 below.

The approved measure, introduced by Senator Harrison (D. Miss.) on behalf of Senators Steiwer (R. Ore.) and Clark (D. Mo.) would authorize appropriation of \$2,250,000,000 and also make available \$254,000,000 in the adjusted service certificate fund to defray the estimated ultimate cost of the bonus of \$2,491,000,000.

Beginning June 15 next, the \$50 bonds and as much cash as would be needed to take care of odd amounts, would be made available for around 3,500,000 bonus holders of local postoffices.

They could cash the bonds immediately or hold them as an investment. If held they would pay 3 percent simple annual interest for the year. If redeemed the first year no interest would be paid.

Here's one cigarette that writes its own advertising..

It's like this—

You see I'm reading a Chesterfield advertisement and I'm smoking a Chesterfield cigarette, and all of you are smoking Chesterfields.

Now listen—Chesterfields are mild (not strong, not harsh). That's true isn't it?

Then you read "and yet they satisfy, please your taste, give you what you want in a cigarette." That says it, doesn't it?

Wait a minute—

It says now that Chesterfields have plenty of aroma and flavor. One of you go out of the room and come back. That will tell you how pleasing the aroma is.

At Meet WPA Educators

Various Subjects Are
Taught By Bureau
Explained To Group

A conference was held recently at Jacksonville, at which subjects pertaining to the WPA adult education program were discussed. Mrs. Clara Wilson, district supervisor of education, acted as chairman, and Mrs. Herbert Leonard, of Jacksonville, assistant director, division of services, and director of education department, WPA, addressed the conference on the functioning of the adult education program and its progress to date.

A varied curriculum is offered these adults who feel the need of additional education, and the subjects include: English, Spanish, French, music, home-making, personal appearance, citizenship for foreign-born, citizenship classes, commercial bookkeeping, salesmanship, domestic training, sewing, canning, parent education, literary current events, research, braille for the blind, and special classes for those hard-of-hearing.

There are now 120 teachers employed on the general adult program. The underlying principle behind adult education is to offer an opportunity to those who have been deprived by a lack of special training, to become self-reliant and to put themselves in a position whereby a steady income will be open to them. To those who find it impossible to leave their homes and go to school, adult education aids in many ways—for instance, the classes in sewing, canning and domestic training. During the past week a class in salesmanship for women was started at the chamber of commerce building. Sixty-five girls who are now employed are enrolled in this class, and many of these girls already have expressed their appreciation of the classes. One girl actually obtained a position within 30 minutes of enrolling, and the entire class will be much more competent as a result of the training, many of the girls thus finding it much more easy to secure a profitable position.

The classes in personal appearance are also held at the chamber of commerce building and practically all of the girls who are taking the course in salesmanship are enrolled in these classes.

The domestic training classes are held at the Jacksonville Gas Co. building, and a thorough grounding in the required duties of maid, cook or house-keeper is taught. Classes are held on 3 days each week for white women and on 3 days each week for colored women.

Mrs. Martelle Wilson, state supervisor of the vocational training program, of the WPA educational division, addressed the conference and outlined in detail the plans for a state-wide vocational training project, which is already well under way.

Teachers have been selected, who, in addition to being capable, also possess a kind, sympathetic and understanding nature, as it is realized that upon their efforts a great deal of the responsibility rests for the success of the WPA adult education program.

JUNIOR HIGH SCHOOL

GIRLS' SPORTS

Play for the girls has not been commenced as was planned. Miss Takach has spent the past week in giving the girls individual nature examinations.

Examinations were given the girls some time ago in the many ways one may develop correct posture, as now the examination was given as a check up. Miss Takach checked each girl, noting her physical defects, weaknesses in carriage, and the like. It is hoped that by constant coaching and correcting, many of these defects and habits of carelessness can be corrected.

GIRLS' ATHLETIC CLUB

This club of girls who meet in the afternoon has commenced an activity quite new to Junior High; that of group dancing. The girls have been organized under the direction of Miss Takach, and have begun work on the first of a series of dances.

The girls have shown considerable interest in this activity, and will no doubt be able to entertain us with a fine program soon.

BASKETBALL GAMES

Several games in girls' basketball will be played at home and away within the next week or so. Tuesday afternoon of this coming week, the girls' team of Paola will play the Junior High girls here. The date for the return game has not been set as yet. The girls will play in Emma some afternoon of the following week, with the return game here an afternoon early in February.

BOYS' SPORTS

Play for the boys is still being carried on as scheduled for the groups organized by Mr. King and Mr. Roberts some time ago. The regular gym period is given over to play within the groups composed of all the boys of both seventh and eighth grades.

Mr. Schirard is practicing with a group of boys of both grades every afternoon in developing a school team in basketball. Although results of the games played have not been quite pleasing, the boys are not giving up, and still hope to win games yet to be played.

The boys will play the Paola and Emma Junior High teams the coming week.

JUNIOR HIGH ANNUAL MINSTREL

At least we have begun work on the big show of the year. Mrs. Hickson, our indispensable director in this work, has begun organization of groups of dancers, dancers, singers, and individual entertainers, an individual entertainers. A bigger and better entertainment, and according to a preview of the plans, such will be the result.

Watch this column for news of development of our big show. You will have many pleasant surprises.

SPORT BRIEFS

ENGLISH ROYAL FAMILY IN PICTURES

THE NEW KING OF ENGLAND

Here is the latest picture of King Edward VIII of England, the former Prince of Wales. It is one of the most recent camera studies of the new ruler of the British empire.

WHERE KING GEORGE V DIED

Edward VIII New King Of England Ascends Throne

(Continued from page 1)
his subjects held highest.
He sought a position close to the hearts of his people in a kindly and easy way, unlike most men, he found proof of his achievement in his own lifetime.
Under many British kings, George V did not begin training in preparation for occupancy of the throne. He was the second son of King Edward VII and was 24 years old when he became heir to the throne on the death of his elder brother, Albert Victor, Duke of Clarence.
When his father's accession in 1901, Prince George was only 17 years old. He spent an extensive tour of the British Empire, South Africa, Australia, South Africa, and Canada. It was following these years by a tour of the United States in 1902 that he was crowned King of the United Kingdom and the British Empire in 1902.
In 1911 he accepted German titles and became Duke of York, Duke of Albany, and Earl of Athlone. He was the only son of the king to survive the war. He was crowned King of the United Kingdom and the British Empire in 1936.

strengthen the crown as an unifying influence, divorced from domestic party strife, in the country and empire. His stress on the principle of imperial sovereignty came to the fore in 1911 when, with Queen Mary, he made a notable visit to India.
When the war cast its shadow over Europe, King George made every effort to prevent the outbreak, addressing personal appeals to the emperors of Russia and Germany. When these failed and his own country was plunged into the conflict, he issued a proclamation mobilizing the British army and announced an unwavering determination to fight until victorious.
The ruler and his family set themselves to lending the royal influence and encouragement to every form of national activity in aid of the fighting forces. Strict economy measures were put in force in the royal household.
The king paid repeated visits to his troops in Belgium and France. In 1917 he accepted German titles and became Duke of York, Duke of Albany, and Earl of Athlone. He was the only son of the king to survive the war. He was crowned King of the United Kingdom and the British Empire in 1936.

LATEST PICTURES OF LATE RULER OF BRITISH EMPIRE

The above pictures are among the latest made of King George V of England. At the extreme left, he is shown as he attended the Royal Tourney. He and Queen Mary are seen (top center) as they rode together during the Silver Jubilee. The center picture at the lower left is probably the latest one made of the King. It shows him motoring after a rest period at Sandringham House. He is seen (lower right) as he spoke during the Silver Jubilee, and at extreme right he is seen reviewing the British police in Hyde Park last July 20. (Associated Press Photos)

CHARACTERISTIC PICTURES OF GREAT BRITAIN'S NEW KING

These characteristic pictures show the former Prince of Wales, now King Edward VIII of England, who succeeds to the British throne upon the death last night of his beloved father, the late King George V. At the left he is seen in the uniform of an English naval officer. At the right he is dressed as a soldier of His Majesty's army and in the center is one of his latest portraits. Were it to become the sad necessity to crown him King immediately, England would be without a ruling queen. For despite the many fair hearts that have fluttered for him, he remains a bachelor. Another Action To Stop Pay To Solons Holding State Jobs

TALLAHASSEE, Jan. 21. — (AP) — New injunction proceedings were filed in Circuit Court here yesterday in an attempt to stop payment of state funds in salaries to legislators who hold other governmental employment.
The case was filed by Joe C. Jenkins, Gainesville attorney, representing M. A. Collins of Jacksonville. Hearing on it was set for Feb. 7, before Circuit Judge E. C. Love of Quincy.
Nineteen legislators who are employed in other state departments, were named in the case, along with Governor Sholtz, Comptroller Lee, Treasurer Knott and the heads of departments in which the lawmakers are employed.
Although Texas has repeated dry amendments, several courts find they still are dry under the unreported "local option" law, in effect since 1898.

Second Annual Seminole Fair In Full Swing

Exhibits In Arcade
All In Place And
Displays In Tent
Are Nearly Ready

Fair Continues
To End Of Week

Exposition Grounds
Open Both After-
noon And Evening

The Seminole County Fair is in full swing. It opened last evening to a crowd that thronged the grounds, but there were not so many visitors to the Arcade building where women's handwork is being displayed, though the displays in the Arcade building are complete and exhibits are still being placed in the tent. It is expected that all exhibits in the big tent where agricultural products are being displayed will be in place before this evening.

The fair is to continue the remainder of the week, open every afternoon and evening. One ticket admits visitors to the agricultural and automobile exhibition tents, the Arcade building and the carnival grounds.

The largest exhibit in the agricultural tent is that of the Farmers State Market, arranged by Market Manager J. G. Mitchell. A model of the big market building is in the foreground and around it is arranged a most varied display of the fruits and vegetables handled through the market.

Other exhibits in the State Market booth include egg plant, beets, carrots, cabbage, lettuce, apples, bananas, squash, tomatoes, radishes and potatoes. The booth also displays the names of the 27 operators at the State Market—The Sanford-Orlando Trust Co., H. C. Woodhill, E. E. Allen, A. D. Reynolds, W. J. Williams, Joe L. Corley, E. J. Smith & Co., Cohen & Kalish, A. DiNapoli, J. E. Stiemper, Norman E. DeForest, Roy Taylor, Chad & Co., John A. Barrett, Burgess & Rainier, Garner Bros., H. J. Cameron, Otto Bridges, N. W. Marketing And Florida Canal To Be Talked

Discussion Arranged
For Special Meet
Of Association Of
Seminole Growers

The celery marketing agreement and the cross-state canal will be discussed Thursday evening at a special meeting of the Seminole County Agricultural Association. This will be the first meeting of the association in two months, but "very important matters have come up and must be attended to at once," Secretary Alex R. Johnson states in notices to the members.

Secretary Pickard of the Celery Control Committee and C. D. Dalrymple, a Manatee grower, will discuss the marketing agreement, while Gus Schmah, George Witmer and Frank K. Anderson will present the canal information. In his notices of the meeting Mr. Johnson states: "As growers, the destiny of the agricultural interests of Seminole County lies in your hands. Something must be done! Whatever is the prevailing opinion should be expressed, and this meeting of growers and association members is called for the purpose of placing all the facts of these two important projects before you that proper action might be taken."

"We will endeavor to have a short meeting and we assure you that you will know the facts, as they exist, if you attend, and you will not have to depend on ordinary rumors for your information. We want you to participate and have a voice for or against these projects."

The meeting of the agricultural association will be held in the Seminole High School at 7:30 o'clock Thursday evening. F. F. Dornier, celery grower and member of the Central and South Florida Conservation Committee, today urged that every member and alternate of the Celery Control Board of the water committee attend the meeting. He said that an attendance of about 400 persons is expected.

New classes in shorthand, typewriting and bookkeeping will be started by the vocational school next Monday. Persons desiring to take the courses are advised to register this week with Miss Rebecca Stevens in the office over the H. H. Hardware store.

\$17,678 From State Granted Local Schools

Total Over Million

Seminole County public schools will receive \$17,679.95 as their share of the allocation of state funds made yesterday according to Associated Press dispatches to The Herald. The state yesterday credited \$1,287,257 to the public school fund, swelling the total for the year to more than twice that of the same date in 1935.

It brought the year's total so far to \$3,313,547 allocated to the payment of school teachers' salaries and the expense of transporting rural pupils.

The sale of automobile tags accounted for a million and a quarter dollars of the new allotment, and the one-million constitutional levy for schools produced \$34,560. The rest came from minor sources.

Allocations to schools so far from the state have been raised chiefly through tag sales and by transfers from the state's general treasury, which was authorized by the 1935 Legislature in its effort to provide sources of revenue for the appropriated \$10,500,000 annually for schools.

There has been no revenue so far from the disputed chain store tax law, which sponsors told the Legislature would produce \$4,000,000 to \$4,500,000. When the Supreme Court invalidated part of its levy, estimates dropped to \$2,750,000 and on that basis Governor Sholtz told education leaders they could expect at least \$9,000,000 from state sources.

Sholtz Forecasts Lowest State Tax During His Term

All Time Low To Be
Reached This Year,
Governor Predicts

TALLAHASSEE, Jan. 21.—(AP)—Reduction of the state tax millage this summer to the lowest figure in the history of the state was forecast last night by Governor Sholtz in a report on his three years in office. His term of four years will expire next January.

The present state tax levy is 5 1/2 mills, a reduction from the 6 1/2 mills in 1931, but improvements in the financial condition are such, the Governor said, that "I may say to you that the indications are you can reasonably expect the lowest state millage in the history of the state when the millage is set this summer."

Governor Sholtz spoke (by radio) from the executive mansion here in what he called an "account of stewardship in my third annual report on the state's condition."

On Jan. 1, 1936, the Governor said, the state treasury had a balance of \$4,280,638, against \$1,613,144 on Jan. 1, 1933 when he assumed office.

Orlando Fair Offers 2,000 Women's Prizes

ORLANDO, Jan. 22.—More than 2,000 cash prizes ranging from 50 cents to \$10 will be awarded to women exhibiting their handwork at the Central Florida Exposition during the five days from Feb. 18-22. Prizes women have been named to complement the departments which house women exhibitors.

WASHINGTON, Jan. 22.—(AP)—Immediate payment of the soldiers' bonus was voted today by Congress. Overwhelming House acceptance of the Senate's baby-bond payment with its estimate \$2,491,000,000 cost, completed Congressional action.

The measure will go to the White House and a possible veto as soon as Speaker Byrnes and Vice President Garner sign it. Administration leaders have predicted flatly that the bill will become a law whether or not the President signs it.

The bonus bill provides payment of adjusted service certificates of 3,500,000 World War veterans in \$50 bonds starting June 15. Veterans preferring to hold their certificates would draw 3 percent interest annually from June 15, 1937 to June 15, 1945.

The House vote was a mere formality, coming on motion by Chairman Doughton, North Carolina, of the Ways and Means Committee, to concur in its Senate amendment embracing the bond payment method, to "amend" the House plan which cleared the House by a six to one margin in the opening days of the session.

Hours debate preceded the final vote. The vote was 346 to 58.
