

## Suspended Clause Benefits Public

TALLAHASSEE, Fla. (AP)—The Florida Public Service Commission has suspended a clause that would have allowed Florida Power and Light Co. to raise rates by at least \$750,000 next month.

## Gramkow Wins Honor

Gramkow Funeral Home, 130 West Ones Road, has been officially notified of its acceptance into the Order of the Golden Rule — an international organization of funeral directors.

The affiliation was gained only after Gramkow Funeral Home received approval of many Sanford people who are in a position to speak with authority on the firm's qualifications.

Funeral directors-members of the order are selected for their ability to uphold the ideals of this world-wide organization, which has been in existence for four decades.

Notification of membership was made by letter from the order, which stressed the distinction Gramkow Funeral Home holds by being accepted for membership in this organization, which has been in existence for four decades.

Moreover, the requirements are such that only those firms of high ethical standing in the profession can attain the distinction of membership.

**Aid And Abet**  
NASHVILLE, Tenn. (AP)—Mrs. Richard Fulton, wife of U.S. Rep. Richard Fulton, D-Tenn., was a flower arrangement as a door prize at a garden club meeting here.

The arrangement was furnished by George Kelley Flowers, who is Fulton's Republican opponent in the Nov. 5 election.

MODEL of the heart was used in talk by Dr. Luis Perez of Sanford to Longwood Area Chamber of Commerce on reasons for heart disease. With him are Walter Krohne, C of C vice president (left), and Bill Baumholzer, president. (Herald Photo)

HOBBY SHOW sponsored by Florida Federation of Art will be held in DeBarry Hall from 10 a.m. until 5 p.m. Saturday and from 1 until 5 p.m. Sunday. Among exhibitors is Mrs. Joseph Cady of Orange City shown here with a collection of miscellaneous crafts. (Middleton Photo)

## Heart Attack Risks Outlined

By CAROL JAQUES  
A film entitled "Better Odds For A Longer Life," furnished by Seminoles-DeLary Division of the Canaveral Area Heart Association, was shown, after which a question and answer period was conducted.

Dr. Perez pointed out to the some 40 members present that studies show that those who had heart attacks had one or more of the following conditions or living habits: (1) high levels of cholesterol or other fatty substances in the blood, (2) overweight, (3) high blood pressure, (4) lack of exercise, (5) cigarette smoking, (6) diabetes, and (7) a family history of heart attacks in middle age.

"It appears, continued Dr. Perez, that any one of these habits or conditions, called risk factors, increases the chances of a heart attack."

"To reduce your risk of heart attack, you should have regular medical check-ups, regulate fat and cholesterol in the diet, reduce if overweight, control high blood pressure, don't smoke cigarettes, and exercise daily," he concluded.

## AROUND THE CLOCK

Since this is National Newspaper Week we'd like to recall the story of a newspaper that lived for three months in Italy during World War II. It was read only by the fighting GIs in the frontlines.

Unbeknownst to most people, the popular military newspaper Stars & Stripes was more than just one newspaper. There were three chains called Stars & Stripes during WW II... S & S—Mediterranean S & S—European and S & S-Pacific, each with a number of newspapers in its chain.

This is the story of the Combat Edition of Stars & Stripes. It was a newspaper that was printed in Algeria, Oran and Casablanca while the fighting was in progress in Tunisia and it was impossible to get the newspaper to the GIs in the frontlines.

Naples and Rome in Italy.

Since the Army couldn't get the paper to the fighting GIs, the Stars & Stripes—Cal. Egbert White—decided to take the newspaper to the combat troops as well as Italy.

And the Combat Edition was born: Six 6 x 6 trucks and two jeeps. One truck carried a power generator, a second carried a linotype and print shop, two carried flat-bed presses, one carried a kitchen and one was for cargo, principally newspapers.

All vehicles had machineguns mounted, 50 caliber on the trucks and .30 caliber on the jeeps.

John O. Kearney, before the war with Associated Press, was the CO; the writer was executive officer. John Bally was the editor.

28,420 Eligible To Vote

By DONNA ESTES

New record in numbers of eligible voters for Seminole County—28,420—went into the books with close of voter registration last Saturday. Mrs. Camilla Drees, supervisor of elections, reported to The Herald today.

Mrs. Bruce earlier had "hopefully" predicted the county would hit 30,000 by the deadline.

Some 538 persons were registered at both Mrs. Bruce's courthouse and South Seminole offices on Saturday afternoon and just under 2,000 last week.

The totals were up 22 per cent over the 23,258 registered to vote in the primaries.

Of the total now qualified, 20,761 are registered as Democrats, 7,041 as Republicans and 618 with other designations from non-partisan to American Independent.

In addition, 431 persons who are new residents of the county and not yet qualified to vote here, but registered in their home states, took advantage of the privilege of filing applications to vote in the presidential portion of the election in Seminole.

In the period between June 3, when the registration books re-opened following the primaries, to Aug. 30, some 1,100 previously unregistered voters got their names placed on the voter rolls in Seminole.

Between Aug. 30 and Sept. 27, 1,097 persons registered. Some estimates had placed 30,000 persons residing in the county who are below the voting age. Estimates of current population are between 75,000 and 80,000.

It is estimated there are 30,000 persons residing in the county who are below the voting age. Estimates of current population are between 75,000 and 80,000.

## Florida Tech U Opens Doors

Florida Technological University opened its doors to students on Monday. The ceremony was held at the university's new campus in Orlando.

President and Mrs. Charles M. Millican (left) greet State Senator Kenneth Plante (right) in the open house of Florida Technological University, attended by an estimated 12,000 persons Sunday afternoon.

Florida Tech occupies a 1,227-acre campus 12 miles east of Orlando. Buildings worth \$10 million have been constructed at the campus.

Ready for use are dormitories, library, science building, student center and utilities facilities. The present complement of buildings represents one-fifth of the projected total.

The university has colleges of natural science, engineering, business administration, education, humanities and natural science.

Enrollment this year is confined to freshmen and junior classes. Sophomore and senior classes will be added next year.

Sunday Millican hosted more than 12,000 persons at an open house reception on the campus.

At the ceremony, Mrs. Millican, wife of the president, together with a bouquet of yellow roses.

Medallions were presented to each member of the staff and faculty and an original printing of the seal will be presented to each of the 15,000 charter students enrolled.

Ferguson was introduced by Dr. Louis C. Murray, of the Board of Regents.

The investment was given by Dr. Howard Chadwick of First Presbyterian Church, Orlando, and the benediction by Monsignor Terence J. Farrelly, St. James Catholic Church, Orlando. Music was provided by the Winter Park High School band.

## Three Killed In 2-Car Crash

A 19-year-old Winter Park youth, the only survivor of an early Saturday two-car collision, is listed in "critical" condition today in the intensive care unit at Florida Sanitarium and Hospital.

William Rye, 827 Cartman Drive, was taken to the Orlando medical facility after his 18-year-old son, Paul Francis Reed, was killed in an accident at the intersection of Lake Howard Road and Howell Branch Road.

Authorities claim they still are unable to explain why Rye fled the scene and his son dying soon after being taken to hospital. The mishap occurred at approximately 12:30 a.m. Saturday.

Both cars were demolished at impact, with Rye's wife pronounced dead at the scene and her son dying soon after being taken to hospital. The mishap occurred at approximately 12:30 a.m. Saturday.

Both cars were demolished at impact, with Rye's wife pronounced dead at the scene and her son dying soon after being taken to hospital. The mishap occurred at approximately 12:30 a.m. Saturday.

## Ike Butler Succumbs

Ike Johnson Butler Sr., 73, father of Sanford Police Chief Ben Butler, died Saturday night at Seminole Memorial Hospital.

Funeral services will be at 2 p.m. Tuesday at Grace Methodist Church with Rev. Lowell Shaw officiating. Burial will be in Oaklawn Memorial Park.

Born Aug. 12, 1895, in Georgia, he moved to Sanford 29 years ago from Valdosta, Ga. He was a retired black washer and was a member of the Methodist Church. His home is at 611 Laurel Avenue.

Other survivors are his wife, Mrs. Nora Butler of Sanford; seven sons, John F., Ike Jr., Dick, and Jimmy, all of Sanford, and Brad, of Fort Myers, Fla.; and two daughters, Mrs. R. L. one daughter, Mrs. Betty Horn of Sanford; 31 grandchildren; three great grandchildren, and a brother, Roland Butler of Cherry Lake, Sanford, is in charge of funeral and burial arrangements.

## GI Saves Mail Truck

A U. S. Air Force sergeant in North Orlando, at home packing to leave today for Thailand, came to the rescue of the U.S. post department when a mail delivery truck caught on fire in the village at about 11 a.m.

T/Sgt. Charles L. Holman responded to the fire call and he and Police Chief Hilton Anderson are credited with bringing the blaze under control. Cause of the fire was "thought to be faulty wiring."

Postman William Eldridge, who ran to neighbors when he noticed the vehicle smoking, returned and had removed all mail from the truck by the time the fire engine arrived. Damages were estimated to be between \$50 and \$100.

## Goldenrod Home Burns

A fire destroyed a double garage and severely damaged part of a house early today on Bear Gulley Road just off Howell Branch Road at Goldenrod.

Deputy Tom Simmons reported a winter residence of Balas Checho, of Lima, N.Y., was heavily damaged by a fire thought to have originated from an electrical short.

The blaze was discovered by Dr. Donald L. Chubb, who lives nearby.

Dr. Chubb was awakened by barking of dogs and notified Goldenrod Fire Department, which arrived on the scene with Simmons to put out the blaze.

According to the deputy's report, a priest from a nearby Catholic Church, Father Michael F. Troy was living in the house while the Checos were away for the summer.

Simmons reported heavy smoke and water damage to interior of the house also resulted in the effort to stop the blaze.

## Court Sits

Ned Julian, of the firm of Stenstrom, Davis and McIntosh, was the only Sanford attorney scheduled to appear before the Fourth District Court of Appeals as it holds sessions in the Seminole County courthouse today.

The Appellate Court holding session in the County Commission meeting room of the courthouse is in Sanford for the first time in recent memory.

Sitting en banc for hearings are Judges Spencer Cross, David McCain and John Reed.

## Lyman High Permit Let

Building permit for the new Lyman High School to be constructed on SR 427 south of Longwood has been issued by the county zoning office.

Estimated cost of construction for the learning facility has been set at \$2,780,000. Contractor for the structure is Graham Construction Company Inc. of Orlando.

## Muskie, Agnew Fly Into State Tonight

Both candidates for the Democratic and Republican parties fly to Florida tonight for their first appearances here since the nominating conventions.

Sen. Edmund J. Muskie of Maine, the Democratic No. 2 man, comes into Tampa for a program that includes meetings with officials and television taping.

The Republican nominee, Maryland Gov. Spiro T. Agnew, was to fly to Jacksonville for a rally at Civic Auditorium at 8:30 p.m.

Both men overnight in the Sunshine State with Agnew scheduled to leave Jacksonville Tuesday morning for a television appearance in Nashville, Tenn.

Muskie moves to south Florida Tuesday for a sound of appearance in Broward and Dade counties. He will speak at the airport in Miami, then make what is billed as a major policy address to the Tiger Bay political club.

The Maine senator then goes to Hollywood for a speech to a union group followed by a rally at War Memorial Auditorium in Fort Lauderdale.

LeRoy Collins, Democratic nominee to the U. S. Senate from Florida, will introduce Muskie at the rally.

Muskie will spend Tuesday night in a Miami hotel, then fly from Fort Lauderdale-Hollywood International Airport to Philadelphia Wednesday morning.

## Flags Stolen, Youth Held

A Seminole Junior College student was apprehended early Sunday by Deputy Tom Simmons in connection with the theft of three flags from the Jai Alai Fronton at Fern Park. The 17-year-old youth was reported to have had the flags in the rear floor of his car when stopped by Simmons.

An Altamonte Springs native, the boy was released to his parents pending future disposition of a complaint from Fronton authorities. According to the deputy, the youth claimed the theft of the flags was part of a Delta Beta Pi college fraternity initiation.

## Reward Posted

Vandals are destroying hundreds of dollars worth of signs posted throughout the county by political candidates, both Democratic and Republican, today. In an effort to stop the vandalism, Republican candidate John A. Spolski posted a \$100 reward for the arrest and conviction of persons destroying signs of either political party.

# House Group Slashes LBJ's Welfare Program

WASHINGTON (AP) — The House Appropriations Committee today cut deeply from the administration's request for funds to launch its new low-income housing program, and to expand the food stamp program.

And sharply trimmed by the committee were requests for money to enable the administration to enforce the new open housing law, and for a juvenile delinquency control program.

The cuts were made in the final appropriations bill of the year, which the committee reduced from \$270 million requested by the administration to \$181 million.

To a report accompanying the bill, the committee said it "is not impressed with the urgency of the programs and has provided only for those that are most important."

The House scheduled to take the bill up Tuesday, is likely to go along with nearly all the recommended cuts.

Chief casualties were the food stamp program, which Congress more food for their families.

Congress recently authorized housing program designed to increase home ownership among low and moderate income families and make more rental housing available to them.

President Johnson asked for \$60 million in additional funds for the food stamp program, which helps poor families get more food for their families.

Congress recently authorized

that much of an increase, but the committee trimmed the appropriation level to \$28 million. The funds would be in addition to \$223 million already appropriated for this fiscal year.

Under the new housing program the federal government pays the interest costs on building low-income housing.

Johnson asked for \$113 million, sufficient to contract for \$130 million worth of such housing this year, but the committee recommended spending only \$5 million, which would limit contract authority to \$60 million.

The Justice Department also requested \$300,000 to carry out its role in enforcing open housing, but the entire sum was eliminated by the committee.

A \$19 million request for a new juvenile delinquency control and prevention program was trimmed to \$5 million by the committee. Grants under the program would help finance comprehensive planning by states and local agencies.

The bill, would appropriate funds mainly for new programs enacted by Congress since the original budget estimates were submitted.

The committee eliminated completely 12 requests for funds for other programs under the new housing legislation.

The programs for which no money was provided include grants to provide more services for public housing tenants and for avoidance planning for metropolitan development.

The committee also disallowed a \$13 million request for launching a new program of flood insurance.

Urban Development. But the committee cut the amount to \$1 million.

The Justice Department also requested \$300,000 to carry out its role in enforcing open housing, but the entire sum was eliminated by the committee.

## Hubert H. Humphrey Avows People Fed Up With Rivals

ERIE, Pa. (AP) — Hubert H. Humphrey said today that as the presidential campaign moves along "more and more people are getting fed up" with the tactics of his rivals.

He said he thinks he knows as much as the politicians about what is on people's minds and "the people—and not the pollsters nor anybody else" will pick a president.

Humphrey's remarks were prepared for delivery at a downtown rally before he heads east to Scranton and Wilkes-Barre in his third visit to one of the big states crucial to his presidential hopes.

One of the questions Americans are asking themselves, Humphrey contended, is "Which candidate and which party can they trust?"

"I say you can't trust a candidate like George Wallace whose only appeal is to people's fears," the vice president said, "and you can't trust a candidate like Richard Nixon who refuses to speak out on vital issues and

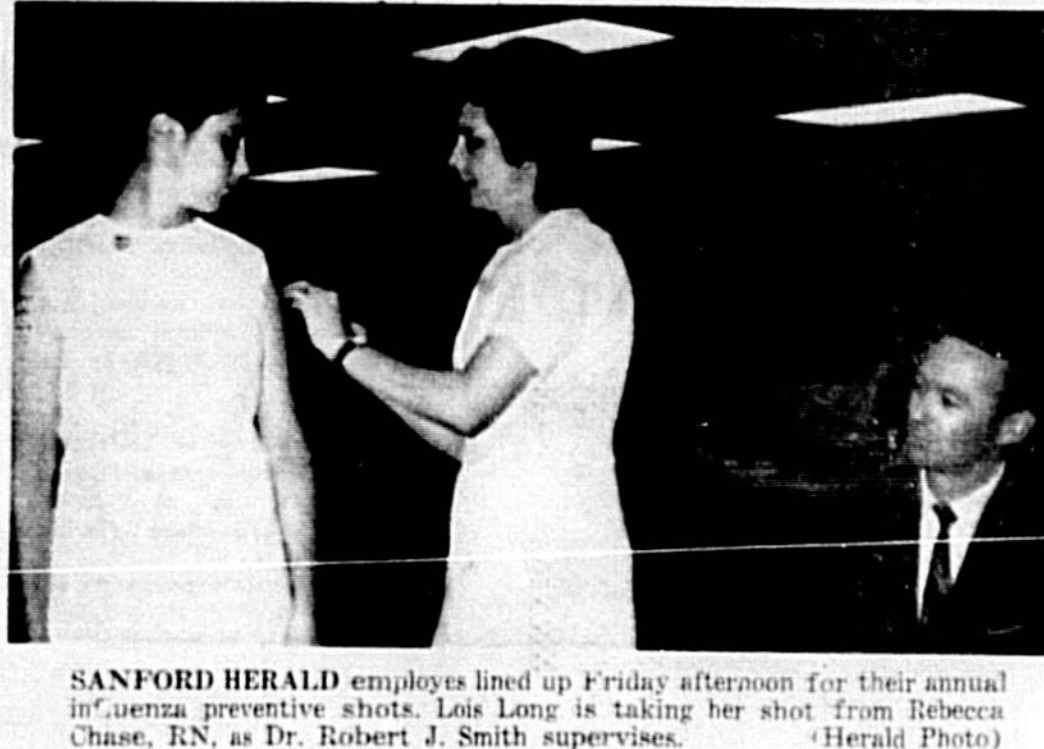

vice president three points ahead in New York. The other putting him just two behind Nixon in Ohio.

Humphrey admitted that "the Democrats are running behind" but said "we are moving up fast."

On Sunday while watching the St. Louis Cardinals rout the Detroit Tigers in the fourth major-league baseball game of the season, Humphrey gave a similar message to one of his key labor supporters, President Walter Reuther of the United Auto Workers union.

"They will get big pluralities in the midwestern farm states where there aren't many electoral votes," he told Reuther, adding that "we hope to square up in the big states like New York and Michigan by one or two percentage points."

Over the weekend, the Democratic National Committee released two more polls it had commissioned, one showing the

SANFORD HERALD employees lined up Friday afternoon for their annual influenza preventive shots. Lois Long is taking her shot from Rebecca Chase, RN, as Dr. Robert J. Smith supervises. (Herald Photo)

## Nixon Leading In 2 Polls

By THE ASSOCIATED PRESS

Republican candidate Richard M. Nixon—showing a commanding lead in the three-way presidential race in two new surveys—says people and not just new government programs are the answer to city and poverty ills.

Massive new programs, Nixon said in a Sunday night telecast in New York, would only "drain the federal treasury to finance the public conscience" and would fail.

Nixon said the reliance should be on private enterprise, and on millions of Americans he said stand ready to help if they knew what to do.

"As government has strained to do more," he said, "our people have felt constrained to do less."

Nixon spoke on the heels of a New York Times survey showing him leading in states with more than enough electoral votes for election and showing Democratic candidate Hubert H. Humphrey trailing in third place behind that party candidate George C. Wallace.

A Washington Post survey also showed a commanding lead for Nixon, and a tie up between Humphrey and Wallace at this point for third place.

But Wallace, in Washington to address United Press International editors, and the National Press Club, disputed the Times survey and said he is going to finish strong.

And Humphrey said "it's the people—and not the pollsters or anyone else" who will elect the next president.

"I think I know as much as the pollsters know about what's on the people's minds in this critical election year," Humphrey said in remarks prepared for an Erie, Pa., rally.

The Times survey published Sunday showed Nixon leading in 34 states with 366 electoral votes—276 are needed for election—Wallace ahead in 7 states with 62 electoral votes and Humphrey leading in four states and

the District of Columbia with 3 electoral votes.

The Washington Post survey showed Nixon strong or holding an edge in 32 states with 346 electoral votes, Humphrey in 6 states with 46 electoral votes and Wallace 6 states with 57 electoral votes.

But the Post rated six other states with 21 electoral votes as toss ups which could place either Humphrey or Wallace in third place at this point.

A former campaigner for Sen. Eugene J. McCarthy, meanwhile, said the Minnesota has set four conditions to be met before he will personally endorse Humphrey.

Gerald N. Hill, a San Francisco lawyer who headed McCarthy's campaign in California, told newsman at a New Democratic Coalition conference in Minneapolis Sunday he had been authorized by McCarthy to release the conditions and said one of them has been met.

Hill said they are that Humphrey agree to:

1. A halt to the bombing of North Vietnam.
2. A national election in Vietnam including "all elements" of the political structure.
3. Reform of the U.S. military draft system.
4. Reform of the Democratic party structure.

Humphrey aides had said last week they were building an endorsement from McCarthy, who strongly opposed Vietnam policy during his campaign for the Democratic presidential nomination, would rally antiwar Democrats' support in the vice presidential race.

In other political developments:

### Cattle Test is Urged

TALLAHASSEE, Fla. (AP) — A dairymen's group has urged the state to take emergency steps to test cattle for contagious fever, saying they fear they won't be able to sell their milk outside Florida if the testing is conducted.

The Dairy Industry Technical Committee, representing dairy owners, urged State Department of Agriculture officials Thursday to meet as soon as possible to figure out if anything can be done to continue testing cattle, even at the owners' expense.

### Councilman To Be Seated

Councilman-elect J. E. Poston of Oklawaha will receive the oath of office at the meeting of the City Council scheduled for 7:30 p.m. today at City Hall.

Poston was elected in the municipal elections in September and will take the oath of office at the meeting of the City Council on Thursday.

Other items of business on the agenda include adoption of the budget for fiscal 1968-69 and setting of millage.

## U. S. Continues Berlin Protection

WASHINGTON (AP) — Secretary of Defense Clark M. Clifford intends his West Berlin visit this week to be a pointed reminder to the Soviet Union of U.S. determination to protect Western rights in that encircled city.

Clifford is scheduled to attend the Oct. 10-11 meeting of the NATO nuclear planning group in Bonn. This gives him the chance to go to Berlin, where he will inspect U.S. armed forces and tour the city, which stands 100 miles inside Communist East Germany.

The Clifford visit fits in with a general pattern of a tough U.S. government attitude toward the Soviets in the wake of a rough U.S. visit to Brussels as they consider steps to stiffen the alliance and its military forces. Plans to send a U.S. reconnaissance squadron to Germany this week have been interpreted as suggesting a strengthening of U.S. military power in Germany.

Ever since U.S. military forces were invited out of France, U.S. reconnaissance squadrons once based there have been rotating between the United States and West Germany on a regular basis.

There has been persistent speculation that the United States might return some of the 33,000 men withdrawn from Germany recently.

These forces, including fighter squadrons and infantry units, were pulled back in order to relieve the balance of payments deficit. The plan was to return some of these troops periodically for maneuvers.

Both Clifford and Gen. Karl G. Wheeler, chairman of the Joint Chiefs of Staff who will accompany the Pentagon chief to Germany, have made it plain they regard it as important to maintain a substantial American troop presence in West Europe.

## Telephone Standards To Be Judged By State

TALLAHASSEE, Fla. (AP) — The State Public Service Commission now is authorized to judge standards for Florida's 22 telephone companies and the commission chairman says a service has just got to be improved.

Chairman William Mayo began the recently granted right to establish minimum standards for service is needed so that the commission can provide a yardstick to measure quality.

Mayo, in an interview, said Florida's telephone companies "can do a better job than they are doing and that's all I'm trying to get them to do."

He said "service has just got to be improved and I don't believe the cost has got to go up in proportion."

Mayo said the standards are an attempt to upgrade the telephone service so the public will feel it is getting its money's worth.

He said he has found that the most dissatisfaction with utility rates is in cases where the public is paying for an inferior product.

If service is good, Mayo reasons, at least the customer's reaction will be to pay more in the future will not be: "My gosh, it's not worth what I'm paying now."

"I don't really think you can explain to a man why his telephone service quality is inferior and his rates higher than a man he knows in the next country who is served by another company," he said.

Florida's 22 telephone companies range in size from 200 customers to two million subscribers. The rates and the quality of services varies and Mayo said the differences are not necessarily according to size.

The standards provide for every phase of telephone company operations. Included are provisions that 95 per cent of new phones be installed within three days and that 90 per cent of the calls for information or assistance be answered by the operator within 10 or 20 seconds.

Objections to some of the regulations have been filed by telephone companies and are being processed by the commission staff.

Mayo said telephone companies contend the improved service would cost more and they should be allowed to put higher

## WW Clubs Schedule 'Gala'

By MARYANN MILES

Welcome Wagon Clubs in the Central Florida area will have a Fiesta Gala Oct. 16 in the Granada Room of the Park Plaza Hotel in Orlando.

Announcement of the event was made to members of the Seminole WW Club at their recent meeting in the Bon Appetit in Sanford, where they will return for the Oct. 22 meeting.

At the Gala, the Seminole club will have the white tablecloth booths, with Mrs. L. H. Welch as chairman. Reservations to attend must be in by Wednesday of this week.

Funds realized by the various booths will go toward helping build a cottage at Camp Challenge for crippled children this year.

Hostesses for the Gala will be the Orlando clubs.

Guests present for the Seminole meeting were Mrs. Betty Peden, Mrs. Lillian Clark, Mrs. Evelyn Sabares and Mrs. Barbara McGinness. Also present were Mrs. Virginia Peabody, Sanford WW hostess, Mrs. Helen DeVries, Seminole hostess.

Club members on the "get well" list included Mrs. Clara Schneider, Mrs. Rose Hull and Mrs. Irene Blackadar.

NO HAPPY HELLO... it's ever quite equal to the warm welcome extended to newcomers by the Welcome Wagon Hostess.

Her smile may be no brighter, her greeting no more cheerful, but she's made the welcome more a work of art than a mere greeting. It's a work of art with a gift of information to schools, churches, shops and community facilities.

So when a new neighbor moves in, follow up your happy hello with a Welcome Wagon greeting. A Hostess awaits your call.

Editorial Comment

National Newspaper Week At The Local Level

Today is the start of "National Newspaper Week." The observance is taking place at a time when all mass media are under the greatest pressure to perform their basic responsibility of reporting events and commenting on them to inform.

Public-spirited men and women everywhere depend on their newspapers for a chance to participate more fully in fashioning the world around them. "And everywhere is heard the hope that our papers will reflect the trust of their readers and match it with the dependability and precision it deserves."

We would accept the requirements that statement puts forth especially in terms of providing information on our local scene which allows the opportunity "to participate more fully in fashioning the world around them" to our readers and through them to their friends and associates.

It is also a source of satisfaction to see our community leaders, some seasoned in the furnace of past years and others ready for the flame of decision and eager for the test, becoming more and more aware of local responsibilities.

Up Goes Income

Statistics are a means of communication that leaves most of us on the cool side. There are some vital statistics, perhaps, which have such a personal meaning that pictures which please, provoke or arouse can be conjured up by figures (no pun intended).

Personal income includes wages, salaries, income from rents, royalties, dividends and interest, business proprietors' income and payments to retirees. The per capita figures are derived by dividing total personal income by the number of residents.

Humphrey's Vietnam Puzzles

WASHINGTON, D.C. — A little inquiry into the full meaning of Vice President Humphrey's proposal for ending the Vietnam war leaves a sense of bafflement on why the doves would be pleased.

Crane's Worry Clinic:

By GEORGE W. CRANE, PH.D. CASE H-501: Helen West is the daughter of Rev. Alfred C. Crouch.

Quotes

We all share the corporate guilt of a church that is running away into the thicket of sentimental platitudes or a mass of theological and sociological jargon. We are lacking in will... It is hard enough for a black Christian to remain faithful to a church that is predominantly white in its leadership and power.

Interpretive Report

Humphrey's Vietnam Puzzles

WASHINGTON, D.C. — A little inquiry into the full meaning of Vice President Humphrey's proposal for ending the Vietnam war leaves a sense of bafflement on why the doves would be pleased.

H. L. Hunt Says:

Personal "War On Poverty"

Government bureaucrats tell us that only they can "help the poor." But a young doctor from Los Gatos, California, is proving that the best help for the poor is freely given on an individual, person-to-person basis.

Personal "War On Poverty"

Government bureaucrats tell us that only they can "help the poor." But a young doctor from Los Gatos, California, is proving that the best help for the poor is freely given on an individual, person-to-person basis.

Dr. Hugh Schade, his wife and two sons saw the need for medical help for the poor people living in the East San Jose area. He bought a small house in the neighborhood, and the Schade family cleaned it, painted it, and turned it into a medical clinic.

Dr. Schade has accomplished this without any government aid. His work is wholly on an individual basis.

The news spread throughout the community that the clinic was available to all those in need of care, regardless of race, color, or creed.

Detroit Outlook Gloomy...

Cardinals Take 3-1 Edge, Now Up To Lolic

By MURRAY CHASS
Associated Press Sports Writer
DETROIT (AP)—Now that Bob Gibson has made another game of his celebrated World Series confrontation with Denny McLain, the pitchers may call a truce and join the same team.

performance in the Series opener, three another five-hitter as St. Louis battered McLain and five other pitchers 10-1 Sunday.

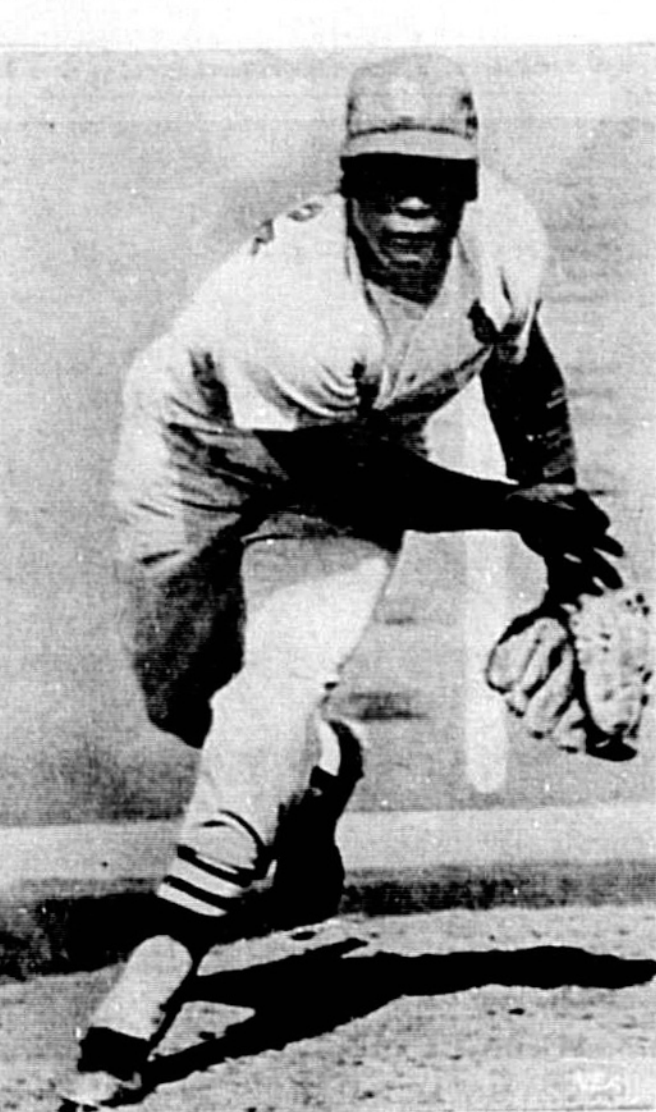

That gave the Cardinals a 3-1 edge in the series and left it up to Mickey Lolich, the only successful Tiger hurler, to keep the season alive in his duel with Nelson Briles today. Lolich beat Briles in the second game last Thursday.

Before gaining his seventh straight complete game Series victory, Gibson had to work and win through four hours and 25 minutes of rain, mist and cold. That was a lot longer than McLain was around—the 31 game winner removed himself from the game during the 74th minute, third-inning rain delay—but when the game finally had ended, the pitchers found themselves making similar post-Series plans.

### LBJ Restive, Misses Active Political Life

WASHINGTON (AP) — President Johnson, on the inside looking out at the 1968 presidential race, insists he has not the slightest regret about his withdrawal from the campaign. Underneath, however, he's a bit restive. After 36-plus years in public life, much of it on a high level, it isn't easy to retire to relative obscurity. As Johnson sees it, his historic decision of March 31 not to seek re-election may have been his only means of keeping the nation whole.

Johnson definitely misses active campaigning this year but has no plans to become a stump speaker for vice president Hubert H. Humphrey, who has his endorsement.

The President is reserving the option, however, to do some limited campaigning.

The President, looking back on nearly five years in the White House, expressed his greatest pride in his foreign policy record—precisely the area that has brought him the greatest measure of criticism both at home and abroad.

He likes to point out that, during his tenure, Communist countries did not succeed in altering a single boundary or engulfing any new territory. As he stated the case at one recent private meeting:

"The Communists have not made a gain—and they've got lots of trouble."

By Johnson's standards, the United States already has achieved a military victory in Vietnam. He bases this on the fact that the enemy there seems to have no hope of winning militarily—a sharp change from the situation of 3½ years ago.

The chief executive also expresses pride in the 1963 decision to send the Marines and Army paratroopers into the revolt-racked Dominican Republic—another controversial move. In his own words, and expressed repeatedly to small groups:

"My judgment is that when history is written, you'll see that we prevented another Cuba."

### Auxiliary Selects Officers

By CAROL JACQUES

Mrs. Thelma Voska was elected to the office of president at the September meeting of the Longwood Firm's Auxiliary at the home of Mrs. Arva Barnes.

Others elected were Mrs. Eugene Jaques, vice president; Mrs. Eloise Swart, secretary and treasurer; Mrs. Elaine Lommier, devotional chairman, and Mrs. Bernice, historian.

The auxiliary voted to sponsor a rummage sale to be held on Nov. 8. Anyone having articles to donate is asked to contact Mrs. Mary Nobley, chairman of the sale.

It was decided the annual Halloween party for the firm and the policemen and their families would be held at Shady Side Park Oct. 21. Plans will be finalized at the Oct. 14 meeting at the home of Mrs. Jeff Elliott.

Games and refreshments were enjoyed by the guests who included Mrs. Lula Cummins, mother of the hostess from Ohio; Mrs. Betty Widda; Mrs. Lou Elliott; Mrs. Carol Jaques; Mrs. Thelma Voska; Mrs. Mary Nobley; Mrs. Eloise Swart; Mrs. Elaine Lommier; and Mrs. Jeanne Esclavon.

**"I said-if you need a hearing aid, get one!"**

It's a lot less noticeable than making people about at you. Faulty hearing is no disgrace. Like faulty vision it can generally be helped.

Your local Sonotone Hearing Aid Consultant (see address below) can tell you whether you have an actual hearing loss. And whether one of Sonotone's latest hearing aids is the answer. And he'll show you how truly inconspicuous a modern hearing aid can be. Like the SDNET®; the hearing aid worn entirely in the ear. For a free hearing test in the privacy of your home just call, write or visit.

**No. 939**

BUFFALO, N.Y. (AP) — Someone removed a fire alarm box with chains and cutting pliers and carted it off. The box—No. 939—was a favorite with false alarm pranksters. Firemen said 9 of 10 alarms sounded from the box proved to be false.

If you'd like to fix up for fall...

## ASK GAC

for a cash advance

Getting the cash you need for fall fix-up projects, back-to-school expenses or the new fall fashions is a simple matter at your GAC office. You get prompt, personal attention—ready cash to help you take advantage of fall sales, and convenient monthly payments to fit your budget. Stop in or call. Get a cash advance from GAC to help you meet fall expenses... or for any good reason.

# Allied Troops Hunt 'Foe'

THREE PERSONS were fatally injured early Saturday in a collision of two automobiles at Lake Howell and Howell Ranch Roads. Jane Rye was killed and her husband, William Rye, seriously injured in the car pictured above. Bernard C. Reed and his son, Paul F. Reed, 17, were fatally injured in the automobile pictured below. (Related story on page 1.) (Herald Photos)

SAIGON (AP) — Thousands of allied troops scoured the bat-infested mountain valleys near Khe Sanh and the jungled foothills southwest of Da Nang today in new offensives aimed at spotting enemy attacks.

Tank forces of U.S. Marines and American and South Vietnamese infantrymen met little resistance, but continued to turn valuable enemy munitions stockpiles.

One stockpile found two miles below the center portion of the demilitarized zone yielded 200 rounds of 152mm artillery ammunition plus 100 fuses. This indicated that the enemy may be planning to move big Russian-made guns into the South. The 152s can fire a 80-pound missile 10.5 miles.

Military spokesmen in Da Nang announced the loss of four more American aircraft to enemy ground fire over the past three days.

They included an observation plane and a reconnaissance helicopter, both helping the allied ground search for the enemy, a B-57 bomber, a B-52 bomber, and an assault helicopter hit near the Cambodian border southwest of Saigon.

One of the observation planes was shot down Sunday 50 yards south of the abandoned Marine base at Khe Sanh. The pilot and artillery observer were uninjured. The Marines returned to Khe Sanh over the weekend in a new offensive sweep through the one-time fortress, three months after giving it up for what the U.S. Command said was more flexibility and mobility.

The Marines apparently acted on intelligence reports that North Vietnamese troops had moved into Khe Sanh, but the Lockheed went in unopposed. A U.S. spokesman said they did not plan to stay.

Khe Sanh underwent a 7-day enemy siege earlier this year, but Marines held out until it was lifted early in April by a relief force.

The AT Corsair from the carrier Constellation was downed Sunday just before the 18th paratrooper landing zone for American pilots. The pilot, George M. Barry II, of Fremont, Calif., parachuted and was picked up five miles offshore by a rescue helicopter. He suffered minor injuries.

It was the 900th American warplane announced as downed in more than 3½ years of bombing North Vietnam.

In raids over North Vietnam's southern panhandle Sunday, American pilots logged 12 missions. They reported destroying or damaging 39 supply boats and 19 trucks ferrying war material into the country. They also reported destroying or damaging 30 military aircraft. The U.S. Navy announced that two South Vietnamese women led Navy commandos and government troops to a Viet Cong prison camp in the Mekong Delta where 100 prisoners and 20 other Vietnamese prisoners were held by civilians and soldiers, were held.

A spokesman said the allied forces overran the camp Sunday and freed the prisoners. The camp was on Con Co Island at the mouth of the Ban River, 7 miles southwest of Saigon.

Commenting on the new allied offensive sweeps in the north, a top U.S. officer said that's where the biggest threat now appears to exist. Up to five North Vietnamese divisions, perhaps as many as 30,000 troops, threaten South Vietnam's five northernmost provinces along the 17th parallel demilitarized zone.

The officer said two to three North Vietnamese regiments are around Da Nang. South Vietnam's second largest city and major military base north of Saigon, and Thuan Duc, the embattled Special Forces camp 10 miles southwest of Da Nang.

An enemy regiment numbers anywhere from 2,500 to 3,000.

The operation at Khe Sanh was launched Saturday by the U.S. Command and did not announce it until today for security reasons.

More than 100 miles to the south of Khe Sanh, U.S. Marines and American and South Vietnamese army units searched with little success for elements of three North Vietnamese regiments that threaten South Vietnam's populous coastal lowland.

Sweeping through the jungled foothills about 30 miles southwest of Da Nang, allied troops reported 25 North Vietnamese soldiers killed.

U.S. losses were put at one dead and 12 wounded. Three have been lost to South Vietnamese casualties reported.

# Woman Forces Mexican Airliner Into Cuba

MERIDA, Mex. (AP) — A 35-year-old woman from Argentina, who said she found life in Mexico intolerable, blacked a twin-engine turboprop airliner with 17 persons aboard Sunday and ordered the pilot to fly to Cuba.

Mexican authorities said the woman, identified as Judith Vasquez, entered the cockpit and pulled a gun from beneath a white shawl. The pilot, Captain Ricardo Erosa Tropa, said that after ordering him to fly to Cuba the woman said hysterically, "I'd rather be killed in jail in Cuba than return to Mexico."

She was believed to be the first woman to seize a plane and take it to Cuba. The incident took place as the Aeromaya plane flew over Mexico's Isla Mujeres, the "Isle of Women."

After seven hours in Havana, the plane, which carried 14 passengers including three Americans and a crew of three, returned to Merida Sunday night.

In addition to Mrs. Vasquez and her daughter, Silvia, 12, and a two-month-old son Ernesto, two unidentified women passengers remained in Havana. It could not be learned if the hijack would be made until he requested release of the hijacker, the 19th since Jan. 30.

In Havana, Mexican Ambassador Miguel Covian, who arranged for the release of the passengers and plane, said he found the hijack difficult to explain "when there are regular commercial flights between Mexico and Cuba."

Because Mexico has diplomatic relations with the Fidel Castro government Covian said "we have the right to ask for extradition." But he said no such request would be made until he had consulted with his government.

Capt. Erosa said the black-haired woman came into the cockpit about 10 minutes after he left the tourist resort island of Cozumel on a flight to Merida, some 435 miles east of Mexico City. Merida is on the Yucatan Peninsula more than 200 miles from Havana.

Airline officials said the woman had boarded the plane earlier in Mexico City with a round trip ticket and was on her way back.

Capt. Erosa said the woman told him she had lived in Mexico for six years. He said the woman gave no information about her husband or any of her activities.

When the plane flew over Cuban soil, Erosa said, the woman collapsed and threw away the pistol in the cabin "but it was already too late to turn back because the fuel was low."

## 'Citizens For Humphrey' Organize

By JUDY WELLS

Seminole County's branch of "Responsible Citizens of Central Florida for Humphrey and Muskie Campaign" was organized in Sanford last night at a meeting attended by some 25 local and area Democratic dignitaries.

Dr. W. Vincent Roberts, Sanford mayor and head of the "Florida Doctors for Humphrey," presided and will serve as coordinator for the local organization.

City of Oviedo now has the second highest ad valorem tax levy in the county at six mills. City of Sanford is first with 16.5 mills, including 4.5 mills for debt service. City of Altamonte Springs is third with five mills and Longwood is fourth at 3.97 mills. Neither Casselberry nor North Orlando have ad valorem taxation.

Headquarters are to be opened in the immediate future, hopefully by the weekend. In the former Penney's and Hollywood Shop buildings in downtown Sanford.

Speakers at last night's meeting included Joe Brechner, owner of a group of WFTV Channel 9 television; Martin Segal and James Collier, Orlando attorneys; Dr. Luis Pezer, local campaign manager for the "Cassell for Congress" campaign; John Kader, chairman of the Sanford Democratic headquarters; Walter A. Gidlow, publisher of the Sanford Herald; E. L. Blackbeare, principal of Crossroads High School in Sanford; and Rev. H. B. Whitehurst, representative of the "Responsible Citizens" for Lake and Sumter Counties.

Mrs. Roberts, who has been appointed head of the "Citizens for Humphrey" campaign in the Fourth Congressional District, brought a message from industrialist Jeno Pauerucci, bringing the group up to date on what has taken place in the campaign and what is to be expected in the near future.

In a resolution approved unanimously by the organization, it is stated, in part: "We feel strongly that in these days of strong feelings that as reasonable and responsible citizens of Central Florida, we must recognize the realities of our local, state, national and international problems, and not seek simplistic solutions, scapegoats, or so-called 'miracle' workers to meet the challenges of our times; "We feel that in the heat and emotion of this political campaign, we speak for a vast

group of silent electorate who prefer to solve problems with intelligence and realism; "We challenge those who offer chaos, dictatorship, racialism, platitude, and meaningless campaign promises to achieve the presidency of our nation; "We stand ready to dedicate ourselves to elect Hubert Humphrey as President of the United States and will support him wholeheartedly with our energy, our combined efforts, and funds to achieve this objective in the interest of all citizens and in the best interest of our nation; "We invite all citizens in Central Florida to assert their own support to Mr. Humphrey for President individually and collectively with this volunteer group of responsible citizens; "We are confident that with full information, with clarification of stands by all candidates, with intelligent and judicious consideration by citizens, and voters of all ages, creeds, beliefs and national origin, that our cause will succeed for the good of our nation and for the good of all peace-loving peoples of the world."

Sanford Junior High School double sessions as quickly as furniture and other paraphernalia can be moved into the building — perhaps by next Monday.

More details will be known after Thursday's 3 p.m. School Board meeting.

According to Supt. William Phillips, no lunchroom facilities have been incorporated into the building and it is thought either a satellite or "brown bag" program will be instituted.

By BILL SCOTT

Architect John A. Burton IV today informed The Herald that new Lakeview Junior High School for seventh graders will be ready to present to Seminole County School Board Thursday at the board's regularly scheduled meeting.

Burton said the school would be completed and ready at this time and reported his office and the contractor, Spear Construction Company of Eustis, would be making an inspection of the new structure.

With a cost of \$43,304, the new facility, built on property situated adjacent to Seminole High School, was originally scheduled for delivery by opening of school in September but because of strikes in the east, bad weather and certain materials arriving in battered condition, the school board granted an extension of time.

The school has 10 general classrooms, four science laboratories and homemaking suite, two business education rooms, two industrial art shops and exceptional room. Also included are two multi-purpose rooms, library, rest room, mechanical and storage areas.

The junior high school will initially have 711 pupil stations in the 41,938 square-foot facility with maximum for 1,402 pupil stations.

School officials have indicated their desire to begin operations at the school and ceasing the

Marilyn Messick, daughter of Mr. and Mrs. G. F. Messick, 451 Hibiscus, Casselberry, has enrolled with the sophomore class at Albany College, Williamsport, Ky. She is a graduate of Lynn High School.

Inquiring Reporter is asking this week: Do you believe the county seat should be retained in Sanford? Mary Williamson, of North Orlando, writes: "No! Everything is there - hospital, courthouse, Civic Center (that's City of Sanford property), marina (that's City of Sanford property, too), zoo (that, also, is City of Sanford property). Yet we all pay and South Seminole should have something. We have the most people. It should be voted upon by the people."

Katherine Beaton and her daughter, Renee, returned today from Honolulu where she shared a seven-day R&R with her husband, Sgt. Donald Benton, stationed at Binn Han, South Vietnam. Mrs. Beaton makes her home with her parents, Mr. and Mrs. Jack Wood, 605 East 25th Street, while her husband is in South Vietnam.

Trustee John Mercer reminded those present that another trustee recommendation was denied by the School Board because of the teacher walkout.

He referred to George E. Molnar, former principal of Mount Dora High School, who was refused appointment by School Board because he had joined the striking teachers.

Under more questioning, McCoy said he would sign a loyalty oath here since this was required of all administrative personnel. He also said he would accept a teaching position here, if offered.

Phillips indicated McCoy's name probably would be presented to school board at Thursday meeting.

In another action, the trustees approved a change in previous board minutes which authorized the transfer of teacher Robert Hughes to acting assistant principal at Oviedo.

## Open House Set At Oviedo Hi

New Oviedo High School will have its Open House Saturday evening. At the same time, the Oviedo Athletic Association will hold its annual fish fry at the school.

The public is invited to both events. Open House hours are 7 p.m. and the fish fry 5-8 p.m.

A special program will be offered by the Oviedo High School Marching Lions.

Visitors will be given a tour of the school which houses 899

junior and senior high school students. The modern facility has such features as air conditioning, flexible walls and carpeting throughout.

Income from the fish fry will be used to improve football equipment. The Oviedo Athletic Association was organized by a group of interested citizens.

The Association sponsored construction of the John Currier Field is responsible for bringing football to Oviedo High School.

## Law Suits Hold Construction In Abeyance

Plans for new Seminole County Courthouse have been completed and ready for County Commission approval.

This was announced today by Carl O. Gutmann Jr., architect with the John A. Burton IV firm, who said the 80,000 square foot building would have an exterior structure of concrete and glass and would incorporate a basic contemporary design, which Gutmann described as being "very functional."

Fronting primarily on Park Avenue, the new building will have other entrances on Hood Avenue and Seminole Boulevard, and will be located on the present site — only further north toward lake.

Consisting of two wings with four floors in north and two floors in south, the center will be a lobby entrance with a bridge spanning a pool of water surrounded by several spouting fountains.

Gutmann said the north wing will house the office functions of the courthouse, with accommodations for clerk of court, assessor and other court officers.

Work of the courts will be situated in the southern wing with related court rooms, hearing rooms and chambers for lawyers and judges.

The lower portions of the building would be protected with one-way glass to allow those inside to see out but keep
