## REDUCE FEDERAL TAXES CO-OPERATE WITH BANKS ECONOMY IN GOVERNMENT

### Will Solve Many of the Tangled Questions of Day

### HELP THE FARMERS

#### PRESIDENT AMERICAN BANKERS ASSOCIATION MAKES RECOMMENDATION

(By The Associated Press.)

WASHINGTON, Oct. 20.—Reduction of federal taxes, operation of the bankers in solving the problems of the railroads and economy in government urged in the annual report of Richard S. Hawes, President of the American Bankers' Association, which was presented today at the opening session of the association's 46th convention.

Other recommendations made by Mr. Hawes were that the Transportation Act be amended so that bankers and business men could become directors of railroads, that agriculture and foreign trade be encouraged and that steps be taken to relieve the present industrial unrest.

Taking up the tax question, Mr. Hawes said the need was not only for a reduction of federal taxes, but also for a most careful supervision of the expenditures of the proceeds of the taxes.

"A slogan recently coined," he said, "is appealing: 'More business in government; less government in business.'"

Mr. Hawes declared that "no tax itself should interfere with the accumulation of wealth, or the development of the industrial life of the nation."

"Any tax system which discourages savings, which discounts accumulation of capital, is to be deplored," he said, "for all capital is used and enjoyed primarily by society at large and not particularly by the one in whose legal title its ownership rests."

Mr. Hawes hailed the enactment of the Transportation Act as "a distinct financial victory." He declared that a vast sum of money was needed for the railroads and that this could be made available only through the cooperation of the financiers of the country, encouraging the investing public and guiding their judgment.

"The passage of the Transportation Act," he said, "has taken railroad securities out of the high speculative field and stabilized conditions so that just returns on investment may be received and proper service rendered the nation."

Bankers and business men, he continued, should be permitted to serve on the boards of directors of the roads, regardless of their dealings with the railroads, but they should be charged with full responsibility in their duties.

Mr. Hawes sounded an optimistic note regarding industrial unrest. He expressed the opinion that there was needless alarm that America would see changes in its industrial society similar to those undertaken in some other countries.

"With a prospective decrease in prices and increase in the disposition of industrial and labor leaders to recognize their mutual obligations and duties, both to each other and the public," Mr. Hawes continued, "we may reasonably look forward, without alarm, to a better adjustment of the forces of labor and capital."

"Labor by fomenting strikes, encouraging disagreement with employers, is in fact, striking at the heart of its own future progress, and impairing the prosperity of the country. Capital should recognize the results of the toilers and improve working conditions and wages in ratio to the production and investment. Every man should be free to work out his own salvation and not be bound by the shackles of organizations to his detriment."

Declaring that production in the country is now somewhat above the pre-war level and showing indicated the real difficulty has been in unbalanced production. The diversion of productive forces into certain restricted channels demanded by the war still is having its effect, he continued, and the nation has not yet been able to re-align these forces so that the supply and demand of goods "increased production," Mr. Hawes went on to say, "is not nearly so much a cause for concern as is more economical consumption. The orgy of foolish extravagance, the speculative consumption which has prevailed in the United States and is yet too largely evident, must cease if we are to obtain a permanently strong position in world trade."

In recommending the encouragement and development of agriculture, Mr. Hawes declared that all bankers and business men should know that less than 30 cents of every \$100 spent by the government last year was expended for the development of agriculture.

### Everything Dropped But Oranges

#### PRICES ON POTATOES, SUGAR, COFFEE DOWN BUT UP ON EGGS, PORK, ORANGES

(By The Associated Press.)

WASHINGTON, Oct. 20.—The Labor department estimated that the September food prices dropped two per cent retail, and five per cent wholesale. Potatoes, sugar, and coffee decreased while eggs, pork chops and oranges increased.

### Whipped Man For Interference

#### SOUTH CAROLINA MOB TOOK HIM OUT AND SENT HIM NORTH SO HE SAYS

(By The Associated Press.)

PHILADELPHIA, Oct. 20.—A man giving his name as Peter McMahon, of Yonkers, N. Y., left the train here and sought medical attention. His wrists were scarred by a rope and his back bearing marks of a whip. He said he was seized by a mob at Trenton, South Carolina, where he was assisting Miss Florence Powell, daughter of a banker of Aiken, S. C., to get more money in the settlement of an estate. He said they attempted to hang him but resorted to beating. The mob wore Ku Klux Klan hoods. They put him on a train and sent him north with a guard and orders not to return.

### May Mean War With Lithuanians

#### POLAND AND LITHS ARE GETTING READY FOR BIG BATTLE

(By The Associated Press.)

WARSAW, Oct. 20.—Relations between Poland and Lithuania is strained. The Lithuanians are reported mobilizing their army under German officers.

#### ANXIETY IS FELT FOR BIG AIRPLANE

#### Ten Passengers on Ship Which Has Not Been Heard From

MIAMI, Fla., Oct. 20.—In view of storm warnings issued last night, anxiety is felt here today for the safety of a big passenger airplane known as "The Big Fish" for Nassau, Bahamas islands, with a passenger list of 10 persons, including Mr. and Mrs. John K. Gaither, New Albany, Ind., and several prominent Miamians. According to wireless information from Nassau the plane had not arrived here up to noon today.

It is possible the boat may have put in at Bimini or some smaller island for safety, but as the Bimini wireless station will not be completed for several days, communication with that island is impossible. A vessel which arrived here Monday reported having seen the plane near Bimini. The passengers and crew include:

Dr. W. S. Gramling, Mr. and Mrs. W. M. Barrick, Charles V. Thompson, Joseph Gentile, Frank Gallat, Lawrence M. Godwin and Charles O. Connor, of Miami; Mr. and Mrs. J. W. Gaither, New Albany, Ind.; J. A. Page, pilot, and R. W. Baldwin, mechanic.

LONDON, Oct. 20.—Lord Mayor McSweeney on sixty-ninth day of his hunger strike, suffered extreme delirium. His family has been summoned.

#### GOVERNOR COX STANDS BY THE CONSTITUTION

(Special Associated Press.)

PROVIDENCE, Oct. 20.—Governor Cox in answering a questioner said he opposed any prohibition legislation in conflict with the United States supreme court. He said he was elected governor of Ohio three times and the liquor interests did not contribute a nickel to his campaign.

Among the prominent Longwood visitors to the city today were, Mr. and Mrs. J. A. Bhatline.

"It is the banker's duty as a citizen and financier to realize and encourage this source of our wealth; to lend counsel and assistance and to regard the farm in its true importance to our economic existence."

### All The Parties Must Make A Money Report

#### SENATE COMMITTEE DEMANDS STATEMENTS BE MADE PUBLIC

ST. LOUIS, Oct. 20.—Five days before the coming election, on Thursday, Oct. 28, complete records of the collections and disbursements of the Republican and Democratic parties will be submitted to the public.

The senate committee appointed to investigate campaign expenditures, meeting here yesterday, directed the chairmen of the national senatorial and congressional committees of the parties to file such reports at Chicago on that date.

The reports are to cover all activities since the chairman testified at the committee hearing in Chicago several weeks ago.

In a telegram addressed to the National Chairman Will H. Hyas, Republican; George White, head of the national Democratic committee, and the heads of the other party organizations the committee asked for complete lists of all subscriptions in excess of \$100; detailed figures on expenditures and also a list of all pledges, promises or underwriting. Senator Reed specifically asked for the latter in an effort to learn whether or not any arrangements had been made to meet the deficits which it had been reported parties will have to face after the election.

The senatorial committee recessed after yesterday's session and does not expect to meet again until after Nov. 2, provided the party chairmen agree to file the information asked for. In event they refuse or fail, the senators decided to meet in Chicago prior to the election and subpoena the chairmen of the committees.

Investigation of all senatorial campaigns was deferred by the committee until after the election. Brockbridge Long, Democratic senatorial nominee in Missouri, who had been subpoenaed, was dismissed without being heard.

A lengthy report on the activities of the league to enforce peace, of which Wm. Howard Taft is president, introduced into the record before the senators left here last night may be followed by further investigation of the league and examination of its officers, members of the committee inducted last night. Don M. Hunt, attorney for the committee who prepared the report following investigation of the letter files of the league, suggested in his findings that some members of the Logan act, passed in 1790 to prohibit private citizens negotiating with foreign governments or their agents in matters of controversy in which the United States is interested.

Mr. Hunt cited the supreme court decision in the treason cases during the Civil War, when American citizens were tried for proposing to English officials that Great Britain recognize the Confederate states. His report contains copies of scores of letters and papers taken from the files of the league, many of the letters being confidential communications from Wm. H. Taft, George W. Wickersham, Theodore Marbury, Elihu Root and others.

#### SIDE SWIPE KILLS NINE

PHILADELPHIA, Oct. 20.—Nine persons were killed and fifteen injured by a side-swipe between the Chicago-Boston Limited and Buffalo-Cleveland train today.

#### ROOSEVELT DENIES ASSERTION ABOUT TREATY

(By The Associated Press.)

CLEVELAND, Oct. 20.—Franklin D. Roosevelt denied the assertion made by Elihu Root that Cox objected to any change in the treaty and League covenant. He said they were willing to incorporate a statement that nothing therein lessens the rights of the constitution or right of congress to declare war.

#### STORM WARNINGS OUT FOR FLORIDA STRAITS

WASHINGTON, Oct. 19.—Advisory northeast storm warning displayed 5 p. m., extreme southern Florida. Northwest winds and rains. Disturbance apparently moving northwest toward Florida straits.

Advisory Gulf coast warnings 9:30 p. m. Steamship Alro, 6 p. m. latitude 23.30, longitude 80.58, reports barometer 29.56, falling. Northeast gale appears to be increasing in intensity. Caution advised for all vessels bound for Florida straits and east gulf.

#### NOTE!

This is just to remind you that tomorrow is the day you'll have an opportunity to hear one of the great men of the South, Dr. J. J. Threlkott will give two addresses at the Methodist church, the first at 3:30 and the second at 7:30 p. m. Your presence will show your appreciation of the things that rise above the every day trend of affairs.

### To Entertain Secretaries And Editors

#### JACKSONVILLE ROTARY CLUB WILL LOOK AFTER THEM AT ALL FLORIDA DAY

JACKSONVILLE, Oct. 20.—The Jacksonville Rotary Club has planned a gala day for Florida newspaper men, Florida Rotarians and secretaries of Florida commercial bodies. The occasion will be the ALL FLORIDA DAY at the Florida State Fair and Exposition, Tuesday, Nov. 23rd.

There are one hundred and thirty-nine newspapers, large and small in the state and everyone of them is devoted to the service of the community, the county and the state in which it is published. The same thing may be said of the secretaries of the commercial organizations, and as for the Rotary, the foundation stone of this international club, is Service. Hence in this three cornered meeting the visitors will be at once on common ground.

A full program of entertainment is being prepared and includes, in addition to the attractions of the Fair, an oyster roast at the country club and a barbecue by bon-fire near the fair grounds. No effort will be spared to make the day a perfect success and a large attendance is expected. The attendance of the newspaper men is expected to rival, or perhaps excel the annual meetings of the State Press Association and Florida editors and publishers will meet friends and old time associates that they have not seen for years here on this occasion.

#### NEARLY 30,000 ARE REGISTERED IN DUVAL FOR COMING ELECTION

(By The Associated Press.)

JACKSONVILLE, Oct. 19.—Without having a complete count of the registration in this (Duval) county for the general election, the total will run close to 30,000. The registration for the primary election was 15,443. To this has been added the new registration of approximately 20,000. Of the new registration 8,702 are white women, 7,593 negro women, 847 white men, and 1,226 negro men.

#### BAD WRECK ON RAILROAD

(By The Associated Press.)

ROANOKE, Oct. 20.—Two engineers and one fireman were killed in a wreck of the Memphis Special and local passenger of the Norfolk and Western trains at Rural Retreat at eight o'clock today. No passengers were injured. The other fireman is reported fatally hurt.

#### ANOTHER ONE GETS STUFF ON FRENCH TREATY

(By The Associated Press.)

CHICAGO, Oct. 20.—Senator Francis of Maryland, said he received a letter very much similar to the one Senator Harding received from France with a suggestion for a change in the League of Nations. He said it was written by a woman writer and had no connection with the French government.

#### TEXAS OIL WAGON BURNS

The Texas oil wagon burned today on the Orlando-Sanford road about three miles out. The car caught fire from a backfire, it is thought, and before the driver could extinguish the flames the tanks caught fire and exploded and the car and contents was a total loss.

#### WIL ACCEPT STRENGTHENING RESERVATIONS

"We will accept," says Governor Cox, "any reservation that helps to clarify; any reservation that helps to reassure; any reservation that helps to strengthen. We will accept any reservation that helps to give our associated powers a full understanding in good faith of the limitations of our own constitution, beyond which we cannot go. After the League of Nations has been thus clarified and strengthened then we propose having it ratified by the upper branch of the Congress of the United States and then peace will be guaranteed to the world. We will no longer be wasting our resources."

CHICAGO, Oct. 20.—Democratic Chairman White said the Republicans claim three hundred and ninety-five electoral votes, just ten under their claim in 1916, but Harding won't have over two hundred and forty-four votes.

### Houston Says Public Satisfied

#### WITH THE PRESENT CONDITIONS IS THE REASON FOR SAME

(By The Associated Press.)

WASHINGTON, Oct. 20.—Secretary Houston addressing the Bankers on the farmers appeal for government help said the situation is due to the failure of this nation and other nations to provide for storage and marketing of farm products. He said every producer was willing for other products to decline except his own. He said some remedies offered are suicidal. The blame rests with the quiescent public.

### Stabilize The Dollar Is Plan

#### BUT PROFESSOR'S PLAN WAS NOT ONE THAT APPEALED TO BANKERS

Washington, Oct. 20.—Professor Irving Fisher's plan to stabilize the dollar by diminishing or increasing the gold behind the dollar as prices fall or rise was adversely reported upon today by the Currency Commission of the American Bankers' Association. After a year's study, the commission found that the plan contained "grave dangers" and it recommended against memorializing Congress in favor of changes in the monetary system suggested by the Yale economist.

"It is our conclusion," the commission reported, "that Dr. Fisher's plan, though interestingly and ably worked out, is wholly impractical and would involve grave dangers to the stability of our financial and monetary system. It would lead to foreign drafts on our gold in any period of crisis since the plan calls for lightening the gold behind the dollar when prices fall and foreigners, foreseeing this, would draw down their balance and sell 'dollars' short before the government could make the change."

The commission believed the plan would make "difficult, if not impossible" the maintenance of gold redemption in periods of rapidly rising prices. If adopted at this time, the commission asserted, it would work definite hardship and perpetuate the suffering of all those receiving fixed incomes who have suffered from the rapidly rising prices.

"Had the plan been in operation at the outbreak of the war in 1914," the report continued, "it would have broken down as Dr. Fisher now admits. It could not therefore have prevented the rise in prices of warlike and consequently most of the claims which Dr. Fisher had made must now be abandoned."

"The great economic evils of the war have grown out of wasteful consumption and destruction, demoralization and interruptions of transportation and the withdrawal of many millions of men from production, the whole combining to create a scarcity of goods. No change in the monetary system could have prevented this evil. The plan therefore could have been a remedy for social discontent and distress."

#### COMMISSION GOVERNMENT WINS OUT

TAMPA, Fla., Oct. 20.—By a decisive victory of 770 votes majority, the people of Tampa yesterday decided to discard the old aldermanic form of government and substitute in its place the more modern and efficient commission-manager form, which has been tried and found a success in practically 200 cities of the country. Only seven precincts out of the city's nineteen voted against the charter.

#### First That T. F. Miller Had insufficient Names

### CHASE IS NOMINEE

The City Commission met in Special Session Monday October 19th 1920 at 7:30 p. m.

Present: H. R. Stevens, Mayor, C. E. Henry and S. O. Chase Commissioners, G. G. Herring City Attorney and C. J. Ryan City Manager.

Meeting was called by the Mayor for the purpose of determining whether or not it shall be necessary to hold a Primary Election and to determine what candidates if any have qualified according to the provisions of the City Charter for nomination for the office of City Commissioner.

After careful examination of the petitions filed with the City Auditor and Clerk by Mr. S. O. Chase and Mr. Frank L. Miller and having checked the names of the signers on both petitions against the roll of qualified voters as born on the City Registration books up to and including the 15th day of October, A. D. and having ascertained the whole number of qualified voters to be six hundred seventy-four (674) and that 25 per cent of this number to be one hundred sixty-nine the required number to sign a petition for nomination, and that the number of qualified registered voters signing the petition of Mr. S. O. Chase being two hundred thirty-three (233) and that number of qualified registered voters signing the petition of Mr. Frank L. Miller being one hundred thirty-two (132) the following resolution was offered by Commissioner C. E. Henry and seconded by Commissioner H. R. Stevens:

Resolution declaring it not necessary to hold a primary election to nominate candidates for the office of City Commissioner of the City of Sanford, Florida; declaring S. O. Chase, whose petition was the only one filed that conformed to the requirements of law, the nominee for the office of city commissioner of the city of Sanford, Florida; and authorizing and directing the city auditor and clerk to cause the name of S. O. Chase to be printed upon the official ballot to be used in the municipal election to be held on the first Tuesday after the first Monday in December, A. D. 1920.

Whereas, it will be necessary to hold a municipal election on the first Tuesday after the first Monday in December, A. D. 1920, to elect a City Commissioner to fill the vacancy made by the expiration of the term of office of one of the present Commissioners; and

Whereas, under the provisions of Section 217 of the Charter of the City of Sanford, Florida, the date for filing petitions by candidates for the office of City Commissioner of the City of Sanford, Florida, has passed; and

Whereas, the petition of S. O. Chase is the only petition that has been filed with the City Auditor and Clerk that complies with the requirements of Section 217 of the Charter of the City of Sanford, Florida, and

Whereas, under the provisions of Section 219 of the Charter of the City of Sanford, Florida, where less than three candidates file their petition it is not necessary to hold a primary election, and it is made the duty of the City Commission to declare the person or persons who have filed petitions that conform to the requirements of law in such cases made and provided as the nominee or nominees for the office of City Commissioner at the regular municipal election;

Now, therefore, be it resolved by the City Commission of Sanford, Florida, that it is not necessary to hold a primary election; and be it further resolved that S. O. Chase, be and is hereby, declared to be the nominee for the office of City Commissioner of the City of Sanford, Florida, to be voted for at the regular annual municipal election to be held on the first Tuesday after the first Monday in December, A. D. 1920; and the City Auditor and Clerk are hereby authorized and directed to cause the name of S. O. Chase to be printed on the first Tuesday after the first Monday in December, A. D. 1920.

The foregoing resolution was unanimously adopted by the City Commission of the City of Sanford, Florida, this 18th day of October, A. D. 1920.

There being no further business the meeting adjourned.

### TENT CITY TO BE BUILT TO HOUSE WINTER TOURISTS

That the housing situation in Daytona this winter will be relieved insofar as a tent city will relieve it, became known Saturday when B. F. Hough made it known that he would purchase, set up, floor and furnish 100 or more tents for rent to winter visitors. Mr. Hough will go to Jacksonville Tuesday to select the first contingent of tents and within a short time will have his tent city started on West Live Oak avenue, near the auto camp ground. While the bulk of the tents will be set up on Live Oak avenue, parties desiring them may have tents placed anywhere they like and it may prove practicable for a number of the hotels to secure tents to add to their rooming capacity. Each tent will be 16x16 feet, will be completely furnished ready for occupancy and running water and electric lights installed. Each will be in itself a miniature home, where the entire family may cook, eat and sleep. The tents will rent for a moderate sum by the season and at a slightly higher rate for short terms. The tenting accommodation of winter visitors was tried last winter at Miami and proved practicable in every way. That living in a tent is the most healthful of abodes is well known and that the social elict are not barred was proven at Miami last season when a number of millionaires expressed a preference for them over more commodious homes. While the initial order of Mr. Hough will be for 100 tents, this number by no means is the limit, for he declares there is no limit to the number so long as tenants are provided.—Daytona Journal.

high speed came up behind him, crashing into the bicycle whose rider was hurled several feet. The automobile sped on without stopping while the injured man was picked up and rushed to a hospital where he died shortly afterwards. The Titusville Civic League has subscribed \$3,1000 in cash, this being the balance due on the purchase of a half interest in the works of the Superior Motor Company of Jackson, Mich. The plant is to be removed to Titusville. Post Cards at the Herald office, 1c. Buy your post cards at the Herald office. Beautiful views, 1c each.

LAST MONTH, on a bet WITH THE boys up home, I SPENT a night ALONE IN the old HAUNTED HOUSE. AND WHEN I heard MOANS AND groans, I SAID "The wind." AND TRIED to sleep, I HEARD rappings, AND SAID "Rats." AND ROLLED over. THEN I heard steps, AND IN the light OF A dying moon, A WHITE spook rose. I WASN'T scared—much, BUT DIDN'T feel like STARTING ANYTHING, BUT THEN I caught JUST A faint whiff OF A familiar, AND DELICIOUS smell, WHICH TIPPED me off, SO I gave the ghost THE HORSE laugh, AND SAID "Ed, YOU FAT guys, MAKE BUM ghosts, BUT BEFORE you fade, LEAVE WITH me one OF YOUR cigarettes, THEY SATISFY."

THAT spicy, delicious aroma of fine tobaccos, both Turkish and Domestic, makes you almost hungry for the "satisfy-smoke." And there isn't a ghost of a chance you'll ever find its equal anywhere—for the Chesterfield blend is an exclusive blend. It can't be copied.

The prices are falling.

And everybody is getting into line

Advertise in the Herald and sell the goods now.

We hope Bro. Cox will bring down the price of paper when he gets in.

The prices on paper were the last to go up and we suppose they will be the last to go down.

There is no reason in this world why Sanford should not be the trading center for all of central and south Florida.

If you want to save money watch the columns of the Daily and Weekly Herald. Prices are coming down on all goods and the merchants who want to get the trade are advertising.

In a few weeks the elections will all be over and then let all the bitterness of the campaign be forgotten and let every man and every woman climb in the band wagon and boost for a greater and better Sanford. There is much work to do here.

According to a resolution in today's Herald there will not be any contest for the position of Commissioner. F. L. Miller did not have sufficient number of names on his petition according to the number of voters in the city and therefore will not be a candidate which leaves a clear field to S. O. Chase, the present member whose term would have expired the first of January. It is just as well to have it thus. We really have no time for any city elections with all the work and all the getting together we have to do here now.

**GOOD-BYE HIGH PRICES**

The vicious circle of high prices high wages and still higher prices and still higher wages is beginning to break and re-adjust. It has been slow to come—too slow, so far, but it is here at last, and Oh! how it was ushered in, leaving the high-price advocates blinking and palsied. We are returning to pre-war prices. It is to the interest of everybody to reduce prices to pre-war levels. Such a policy should be widely pursued and will prevent curtailment of production and consequent unemployment. The fall of prices is now well under way. For example, sugar, coffee, wools, hides, leather, silks, potatoes, cabbage, onions, apples, butter, etc., have all declined. The periods of acute scarcity both for foods, goods and labor seem to be over and a competitive situation is developing. The upward movement has run its course.

Food prices have declined. Butter has deflated. Too rapid a decline in eggs would not be a good thing. Gradual deflation is desirable, but even stabilization around present figures would be preferable to perpendicular collapse. However, the fact that grains are low priced, means that we may look for low-priced eggs next Spring sure.

The downward tendency of prices, though somewhat depressing to certain industries, is an encouraging indication for with intelligent co-operation and management, business can again assume normal proportions. Speculative hoarding of commodities in the hope of higher prices has been checked by the banks and other available agencies. The much talked-of low prices are on the threshold.—Product News.

who pinch every nickel, never attend a public meeting and never take part in any public work are the sly boys who lay back and rake in the shekels. Sad but true. But that time is passing and the sly boys are getting theirs yet but the time is fast approaching when either a man in this community will have to be a man or a mouse. His fellow men will demand that he put his shoulder to the wheel and help to roll the chariot of progress forward. The Sanford Board of Trade and every other kindred organization in Sanford will soon be in a position where it will be necessary to ask for admission instead of begging them to join.

**A MODERN PREDICAMENT.**

Many young married folks who have thought themselves provided with rented homes have been sadly disappointed, for they have returned from honeymoon trips only to find themselves without the promised roof-tree, the house being sold meantime. The predicament of many a modern couple is expressed feelingly in an advertisement which appeared recently in a copy of the South Bend Tribune, and surely the distressed writer of this appeal which is as follows deserved to find some relief:

"I have the best wife in the world, but no place to keep her. I rented a house with the understanding that it might be sold, and on our return from our honeymoon, we find it has been sold. Our furniture is in the stores waiting to be delivered, 'at home' cards were mailed, my mother-in-law is coming next week, and what sort of a dub do you suppose she'll think her only daughter is tied to—and she has a good opinion of me now. Have a heart, and if you know of a five or seven-room house at \$35 to \$50 a month write Box 64 and we shall call you blessed."

**HERLONG DID IT—OTHERS WILL DO IT NOW**

No longer is our Florida a state of minor importance in the swine world. A few weeks ago one of our most prominent breeders sold a Poland China boar for the handsome sum of \$15,000. That gives evidence to the fact that our state is no longer of minor importance in the swine world. Z. C. Herlong has established a record for this part of the country, and we do not believe that this record will be broken for many years yet to come. Of course it is true that hogs have sold for much more than the sum paid for Herlong's Big Model but we do not believe those boars were superior to this one. There are two reasons for saying this. First, there is no doubt but that the market price of meat hogs has something to do with the selling price of breeding stock. The market is unquestionably lower than when the record was established. Second, Herlong has been in the breeding business only a few years and his herd is not as well known as those of older breeders. What this great breeder has done once, he can do again. We are satisfied he will do even better. What one breeder in Florida has done, others can do. We believe that this is only blazing away. As Daniel Boone pierced his way into the great unknown West, subduing adversities of all kinds, and there established homes for himself and followers, so has Herlong burst the great hoodoo that "it can't be done in Florida" and produced hogs the great West would be proud of.

It can be done here. We predict a great future for this state in the livestock industry.

**SHERIFFS' DUTY TO TAKE INTO CUSTODY ANY SEIZED FRUITS**

Tallahassee, Oct. 18.—The attorney general has advised the governor that it is the duty of the sheriffs of the several counties to receive into their custody such fruits as may be

seized and attached by the inspectors, and without the prepayment of costs, if any are allowed under the statute for such service. The matter which was brought to the attention of the governor through a situation arising in Manatee county, brought the following letter from the attorney general to the governor on the subject:

October 14, 1920

Hon. Sidney J. Catts, Governor, Tallahassee, Fla.

Dear Sir: I am in receipt of your communication of ven date transmitting a letter from the commissioner of agriculture accompanied by certain exhibits showing correspondence by letter and telegraph between the commissioner of agriculture and the sheriff of Manatee county in regard to the refusal of the latter to seize certain fruits found by the pure food and drug inspectors to be subject to seizure under the immature citrus fruit laws.

I note that you request a prompt reply giving my opinion as to the duty of said sheriff on the premises. In reply beg to state that in my opinion under the provisions of the law quoted in the letter from the commissioner of agriculture, it is the plain duty of the sheriffs of the several counties to receive into their custody such fruits as may be seized and attached by the inspectors, and with out prepayment of costs, if any are allowable under the statute for such service. I find no statute providing that for the particular service the sheriff is entitled to any fees, the seizure and attachment of the property being accomplished by other officers viz: The inspectors.

I return file herewith.

Yours very truly,  
VAN C. SWEARINGEN,  
Attorney General.

Contributions Still Continue To Come In

LOYAL DEMOCRATS ARE HELPING TO WIN GREATEST VICTORY OF MODERN TIMES

The loyal Democrats are contributing to the campaign fund very generously indeed, and every day sees new ones coming across and many of them have sent their contributions direct to headquarters having been solicited by the headquarters before the fund was started and by the way the fund has been swelled chiefly through the untiring efforts of C. H. Leffler, who is making a canvass of the business houses and homes of Sanford and is meeting with great success. It is thought now that Seminole county will be at the head of all the counties in the state in the matter of contributions when our small population is taken into consideration. In a letter to the editor of the Herald this morning Wilbur W. Marsh treasurer of the National Committee in New York urges us to keep up the good work all this week and that he must have the remainder of the money before the 25th in order to place it where it will do the most good. We are doing the work and all the good people here need to do is to contribute the dollar or as much more as they feel they can contribute to the campaign of the Democratic party and help put James

M. Cox over for president. The following contributions were received today:

- W. F. Shelley ..... 1.00
- S. M. Abercrombie ..... .50
- Chas. Kammer ..... 1.00

CAR GOES INTO CREEK THEN BURNS TO CRISP

M. K. Parrish, of Parrish, had a close call Saturday night last. While on his way home he ran into the railing of the small steel bridge across the creek in the hollow, about a mile north of Rocky Bluff, and his car, a Hupmobile, went headlong into the creek. He was uninjured, however, so went to the home of Rev. J. F. Reeder, a short distance away, to get help to get his car out. When he returned with the necessary help, he found the car a mass of flames and practically burned up. The tank evidently sprung a leak, letting the gas run down onto the hot engine, starting the blaze.—Palmetto News.

SEMINOLE OPENS UP NEW THIRD FLOOR

The Seminole Hotel is now one of the finest hotels in the state having completed the third floor and having the rooms all furnished and ready for business and last night the rooms were all filled with guests. The third floor has shower baths which are proving so popular everywhere, especially with the travelling men. The Seminole has also installed a large electric sign that will light the way on the dark nights and has a string of lights all around the front entrance making this part of the city a real thoroughfare. Under the management of Mr. Olson the Seminole is catering to the wants of the public as never before and their Sunday dinners are attracting people from out of town and the home people who want real eats served in proper style. Watch the Herald for announcements on special dinners for Sunday.

MUSIC FOR THE WINTER

The Committee in charge of the Music to be rendered at the Baptist Temple this winter, will meet tonight at 7:30 and agree on plans for the same, as well as decide upon the performers. The Hemple is erecting a very large and fine organ to be used in the new audience room. The report of this music committee will be printed later in the Herald.

THE MOST SACRED SPOT ON EARTH

The above is the subject of a discussion at the Baptist Temple this evening. On account of meetings in the Presbyterian church, the Wednesday service have not been held for three weeks. The service tonight will be interesting and a large audience is expected. Those desiring will be given the opportunity to say what "The Most Sacred Spot on Earth" is to them.

The music will be congregational, but as heretofore enthusiastic. Services begin at 7:30 p. m. Post Cards at the Herald office, 1c.

Mr. Mobley is anxious to carry this line and supply the wants of the Sanford people and keep the trade at home and his efforts in this line should appeal to the people. See his advertisement in the Daily Herald.

"DAD" BADER KNOWS COX

H. L. Bader, who is familiarly known as "Dad" to his many friends formerly resided at Camden, Ohio, where the father of Jimmie Cox, nominee of the Democratic party and the next president, resides. Mr. Bader knows him well and knows the family and he says that Cox is the greatest man at the head of affairs that Ohio has had in many years and that Cox is big enough and broad enough to be president and when he is elected he will be a real president. "Dad" came in this morning and gave us his dollar for the election of Cox and says there is more where that came from if it is needed.

T. D. Hux has a 15 acre field of cane on the east edge of Lake Okechobee, from which he has already shipped this season, over 6,000 gallons of syrup, making a total of 15,000 gallons from the field. ### MACHINISTS WOULD STOP MAKING WAR MUNITIONS

WASHINGTON, Oct. 20.—American workmen in arsenals, munition plants and navy yards, are preparing to make what is declared to be the first practical move to end war.

The International Machinists' Union, the third largest, and regarded as the second in power in the American Federation of Labor, with control over all organized machinists making munitions and vessels, will within a month call a conference of the metal workers of the world for concerted action on a program to bring about a world disarmament.

William Johnston, the head of the machinists' organization, declared that the question of future wars rests in the hands of the skilled mechanics and the other metal workers of the world. They are the men who make the death-dealing devices of war, and if they should cease making these devices, war would cease.

To stop the transportation of munitions in opposition to war is futile as long as munitions continue to be made.

The Orlando High School will open the football season here Saturday, October 23rd, with a game with DeLand High on the local gridiron at the fair grounds.

The locals' first game was played with Summerlin first at Bartow, Saturday, which resulted in a tie with a score of 0 to 0. Jack Branham, coach for Orlando High will bring home the bacon at the end of the season. Coach Branham says he has some excellent material in his lineup and only needs a few games to bring out some promising stars.—Reporter-Star.

If he can pick up a job that will keep him fit he will stay and will probably get one on the railroad. Chap is now with the Boston American team in the "big show" and has a fine future before him. His many friends here hope he will be with us as long as possible for everybody likes the Chapman boys—good ones, both of them—one a catch-

### POLLYANNA HALLOWE'EN MEETING

The last two meetings of the Pollyanna Club were held respectively with Elizabeth Knight and Ruth Henry. At both meetings a very delightful time was enjoyed by the girls. Elizabeth was assisted by her mother in serving ice cream and cookies.

Being the month of Halloween, the spirit of the season found expression in the decorations and refreshments at the Henry home. The curtains were drawn and the rooms dimly lighted by candles. Pumpkin-faces, witches and black cats, with the Halloween colors featured the attractive decorations.

Apples and peanuts, grapejuice and doughnuts, at the refreshment hour completed the happiness of the little club. "Tom and Jerry," the twin Maltese pets of the household, joined in the frolic, unwinding balls of yarn and otherwise disporting themselves with feline gaiety, proving that real

STARKE, Oct. 19.—J. M. Tatum, Seaboard engineer on the Wannee branch, met a tragic death last week. He is survived by his wife and daughter, Lucile Tatum, Clifford Tatum, of Fort Pierce, and Rufus Tatum, of Washington, D. C.

### DR. EDITH RABE WILL LECTURE IN FLORIDA SOON

JACKSONVILLE, Oct. 20.—Of decided import to the educational health measure in Florida is the announcement of the coming of Dr. Edith Meek Rabe, just received at the state health headquarters. Dr. Rabe is a well known speaker of the United States public health service and her mission in Florida is to co-operate with the state board of health by addressing organizations of women on the subject of venereal disease control measures. She is expected to spend the month of November in the state.

Dr. Rabe's services were secured through the efforts of Dr. Ralph N. Greene, state health officer, now in Washington on official business, and the health officials here feel that they are decidedly fortunate in being able to present so able a speaker to the women of Florida. Her message to them is one of vital importance to present and future generations and is the desire of health authorities that it be heard by every woman in the state.

In arranging for Dr. Rabe's speaking tour the state board of health will call on heads of Women's Clubs, Young Women's Christian Associations, Mothers Clubs and other women's organizations to aid them in making her visit in Florida a success, for, as it is pointed out, the co-operation of these organizations in arranging engagements in the various sections of the state is a very necessary feature of the program. Early communication from any clubs interested will be appreciated by the State Board of Health.

### SWINE SHOW AT STATE FAIR A REVELATION.

Depicts Development of One of Florida's Most Important Industries.

Jacksonville. — The possibilities of hog raising in Florida will be very clearly demonstrated in the swine buildings at the Florida State Fair, Jacksonville, November 18-27, inclusive.

The swine industry is becoming more and more a factor in Florida's prosperity and development. The State Fair has done much to illustrate its possibilities and the showing this year

Orlon Cherry King, Jr., 8th, Owned by Highland Oaks Farm, Burdett Loomis, Jr., General Manager, Pierce, Florida.

will be even more remarkable than heretofore, judging by the number of entries already received from all parts of the State.

The animals gathered at the State Fair, grown in Florida, and fed on Florida-grown feeds present a force-

If you are getting your daily by city carrier boy and do not get it promptly phone F. P. Rines, No. 481 and he will see that you are served. Mr. Rines has charge of the circulation.

The Geneva bridge has been put in shape for travel but has not been finished. The bridge has been closed for the past week and all those who have business over there are glad to know that the bridge is again open for traffic.

Speer's big sale starts tomorrow. Keep your eye on their daily announcements. It will pay you. The prices quoted at this sale will demonstrate that Speer's Sale is no ordinary sale.

Bert Krogstadt, professional golf instructor of the Edgewater Golf Club, of Chicago, and Dow George, who has been in charge of the Winter Park Golf Club for the past eight years were in the city today looking out for prospects for a Golf course. The gentlemen went over some of the prospective courses near here and were enthusiastic over the chances of Sanford for a good golf course.

There will be a big Democratic rally at Geneva tonight in the town hall at which many of the prominent speakers will be present. Mrs. John Leonard will also speak and a big crowd is expected as Geneva is alive on the question of politics.

Mr. and Mrs. C. D. Brumley, of Chuluota, were among the prominent visitors from Chuluota today. Mr. Brumley has been ill for the past few days but expects to be all right again and says he is too busy to be sick. Mr. and Mrs. Brumley have charge of that fine hotel, the Chuluota Inn, and are getting ready for a big winter season. Chuluota is among the beauty spots of Fair Seminole

county and when they get that good road running from Oveido and from Geneva to Chuluota there will be many Sanford people going out to the Chuluota Inn for dinner and to visit the fine people of that enterprising section.

H. M. Rumley, of Brewton, Ala., is back in the city for the winter. He says he has been merely spending the summer in Alabama as Sanford is really his home and he expects to come here for all time as soon as he gets through raising cotton. He will be with his brother, John Rumley in the growing of lettuce and celery.

A. W. Huston, manager of the Southern Utilities Co. plants in the South, is a visitor to the city being on an inspection tour. He is a guest of the Seminole Hotel.

Wade Hampton, of Gainesville, was among the visitors to the city yesterday stopping at the Seminole. He is the son of W. W. Hampton, one of the most prominent attorneys in the state.

Lee Graham, of Gainesville, is in the city a guest of the Seminole Hotel. Lee is one of the officials of the First National Bank of Gainesville and one of the prominent bankers of the state.

Mayor Henry Titus, of Daytona, announces that he is going to "clamp the lid down tight" on that town; that he is going to enforce every ordinance in the city code. He states that he is going to close soda fountains, cigar stores, and everything else except drug stores, on Sunday. He does not state whether movies will be included, but it is presumed that it will. (He operates the movies in Daytona). Henry as a reformer will be worth watching.

Hamilton county board of commissioners has refused to print the names of Republican candidates on the official ballot, on the ground that the supreme court of the state has ruled that there is no legal Republican party in the state of Florida. The contention may be correct, but if a few more counties will follow the lead of Hamilton, a Republican Congress would be justified in holding that there was no legal election in Florida and declaring that Republican candidates had as much right to office as Democrats. Hamilton has set a dangerous precedent. It pays to be decent, even in politics, we suppose.

**BUTTER-NUT BREAD MANUFACTURED HERE**

The famous Butter-Nut bread will now be manufactured in Sanford, J. L. Miller having placed all the required machinery in position and purchased the formula for making this famous bread. Mr. Miller is always abreast of the times and wants to give his patrons what they want and having so many calls for this bread induced him to make arrangements to supply his customers with it. He starts today to distribute the Butter-Nut bread and will carry a daily advertisement in the Herald setting forth the many good points about the Butter-Nut brand.
