Roosevelt Says United States Will Lick Japs

Japanese Are Called Gangsters And Are Accused Of Sudden Criminal Attacks

President Admits Serious Setback

Japan Claim Of Naval Supremacy Rejected As Enemy Rumor

By Associated Press
The Rome radio President Roosevelt's "speech" in such a manner that the functioning of the Tripartite Pact may be expected.

WASHINGTON, Dec. 10 (AP)—President Roosevelt last night assailed Japan's "sudden criminal attacks," as the climax of a decade of "international immorality," and declared confidently that America was going to win the war and the peace that follows.

He asserted in a radio address to the people of his country that "we must begin the great task that is before us by abandoning force and for all the illusion that we can ever again isolate our selves from the rest of humanity."

Mr. Roosevelt said that America was in the war "all the way." He admitted that, thus far, the news had all been bad and that a serious setback had been suffered in Hawaii.

Supporters from Guam, Wake and Midway Islands, said they were confused, "but we must be prepared for the announcement that all these three outposts have been seized."

Japan's claims that they had gained naval supremacy in the Pacific as a result of their Sunday attack on Hawaii.

"This is a new trick of propaganda which has been used innumerable times by the Nazis," the President said.

He promised that facts would not be hidden from the country if the facts are known and if the enemy would not be helped by their disclosures.

He warned the press and radio they had no right to "deal out unconfirmed reports" in such way as to make people believe they were the truth.

Deciding he was about to say (Continued on Page Two)

President Says Seven-day Work Week Necessary

WASHINGTON, Dec. 10 (AP)—President Roosevelt said Tuesday that a seven-day work week for the Nation possibly would be necessary under his projected \$150,000,000 "victory program."

He said at this press conference since start of the United States-Japan war that he is considering calling a conference of industry and labor leaders to work out an anti-strike arrangement.

This was interpreted as meaning the Administration had withdrawn or soon will withdraw support of anti-strike legislation.

Engineer Corps Is Important War Unit

CAMP BLANDING, Dec. 10 (Special)—The Army Corps of Engineers is something like a high-powered football line. Little is heard of them at times and just they make many touchdown plays possible.

They are frequently the first troops in an advance, when the last troops in a retirement. They are the pliers of action and play a major part in almost any major operation.

As part of an advance guard, the engineers establish means of communications by building bridges, roads and railways and assisting landing parties in establishing headquarters of occupying territory.

The President Makes History

Signing the act which puts us officially at war with Japan, President Roosevelt is shown at his desk soon after Congress passed the resolution with but one dissenting vote. Before that Mr. Roosevelt made one of the briefest speeches of his career, asking Congress to declare war on Japan. Standing behind the President are (left to right): Senators Charles McNary, Ore.; Alben W. Barkley, Ky., majority leader, and Carter Glass, Va.

Rotarians Have Joint Meeting At Valdez Hotel

"Service Above Self" Is Advice Of New Smyrna President

Declaring that this country faces a great crisis, Morris Ashton, president of the New Smyrna Rotary Club, urged Rotarians to keep level heads, work hard, and not to think too much about profits, in a short talk at the joint meeting of the Rotary Clubs held at the Valdez Hotel last night.

The New Smyrna Rotarians were welcomed to Sanford by President R. W. Ruprecht of the Sanford Club who pointed out that all but three members of the New Smyrna club had made the trip to Sanford.

Miss Dorothy Sanford, director of music for Seminole County schools, presented a program of music and readings by the High School pupils. W. A. Laffler proposed that New Smyrna inaugurate a movement to build a new highway from Sanford to New Smyrna because of the indirect and unsafe conditions of the present road.

The program as presented by Miss Sanford consisted of a quartet: "Sweet Song," by Miss Gladys Pippin, Edward White, David Gatchel, Miss Sanford, with Mrs. Doris Entenminger, at the piano.

Reading, "Name" of the Twain," by Miss Ann Blum.

Duet, "Medley," by Miss Alma Grantham and Miss Doris Entenminger.

Solo, "Time Was," by Miss Gladys Pippin, Miss Alma Grantham, piano.

Reading, "Oh, Oh, Not Me," by Miss Ann Blum.

Triplet, "Gotta Get In My Bed," by Miss Gladys Pippin, Miss Alma Grantham and Miss Sanford.

Visitors at the luncheon included Dr. W. E. Van Brunt, former president of the Tallahassee Rotary Club, "Ladies Night" will be held at the Marble Hotel on the evening of Dec. 29.

Congress Acts To Allow Army To Leave U. S. From Germans

War Department May Ask For Expansion Of Selective Service Limit On Age

WASHINGTON, Dec. 10 (AP)—A grimly war-conscious Congress yesterday took the initial step toward permitting the national-armed forces—selectees as well as regulars—to fight in any part of the world.

The Senate and House Military Committees approved legislation to eliminate the present territorial restrictions, and to permit retention in service of all fighting forces for the duration of the war. Both steps were requested by the War Department.

Meanwhile, the House completed and sent to President Roosevelt's desk a bill to freeze naval enlistments for six months beyond the duration of the war.

Brig. Gen. Lewis B. Hershey, national selective service director, said in Chicago that there is a "strong possibility" that Congress will lower the minimum draft age from 21 to 18 and that men deferred because they were 28 or over may be called up.

The War Department was understood to be ready to ask Congress for expansion of selective service age limits from 21 to 18, a move which would increase by almost 20,000,000 the reservoir of manpower available for the armed forces.

An authoritative source disclosed that enabling legislation is being drafted by the War Department.

Under present age limits, the selective Army is drawn from a pool of 100,000 men. Expansion of age limits to 18 and 24 would raise that number to 28,000,000.

Chairman May, of the house military committee, said he knows the Army will expand selective service age limits.

"The Army didn't ask for any change in those (21-28) year brackets," he said. "They now have a potential of 21, who will become 21 years old soon, of a million men each year."

He said the Army probably will recall very soon the 175,000 men of months, 21-28 years who have served as selectees and are now members of the organized reserves, thereby subject to wartime service.

Neither the Army nor the Navy are getting more men. Recruiting stations throughout the country were swamped with volunteers anxious for a "quick crack" at the Japanese.

Shriners To Have Annual Christmas Party Thursday

Local Shriners will hold their Christmas party at the Palma & Christmas dining room Thursday night, Dec. 18, at 7:00 o'clock. L. F. Boyle, secretary, and chairman of the entertainment, announced today.

T. Bradford Byrd, president of the club, urged all members to make immediate reservations with L. F. Boyle, secretary, and stated that the fee should be worn at the meeting as a number of outstanding persons have been invited including: Malcolm McCroly of Jacksonville, Illustrations of Jacksonville; Morris Temple; Miles H. Draper of Tampa; Illustrations of Jacksonville; and a delegation from the Orlando Shrine group.

Judge Miller is preparing a Christmas tree for the affair, and each Noble is expected to bring one or more presents. When the program is concluded the presents will be given to a local charity for distribution among indigent children at Christmas time.

All sejourning Shriners and all resident Nobles, who have not yet affiliated with the club, are invited to join the Sanford members, and to bring presents "to help gladden the hearts of poor children," President Byrd said.

Reds Retake Rail Center From Germans

British Forces Hit Enemy Lines West Of Tobruk Area As Germans Fall Back

(By Associated Press)
Red armies have blasted the Germans out of Tikhvin, important rail center 110 miles east of Leningrad, in a 10-day battle that cost the Nazis 3,000 killed, the Moscow radio announced today in a special communique.

The announcement said recapture of the town yesterday, smashed a Nazi effort to cut the last rail communication to Leningrad.

Tikhvin is on a spur railroad connecting with the line running to Archangel, far northern port of entry for United States Lend-Lease supplies.

The Soviet announcement said Red armies put to rout the German 12th Tank Division and the 18th and 61st Motorized Divisions, among others, inflicting enormous losses upon all of them.

Meanwhile, British troops were reported in Cairo to have captured a point west of Ed Duda, freeing the Tobruk garrison from attacks on the eastern side of the defense perimeter.

The exact location or name of the point was not given, but the British communique's general description would place it about 10 miles south of Tobruk.

British mobile columns struck at German communication lines leading westward from the Tobruk area, but found the Germans reluctant to engage them, it was stated.

Five Permits Issued At City Hall This Week

Five permits have been issued at the City Hall since Saturday. On Dec. 4 Kim Breckington secured permission to add one room to a house located at 1105 Wilson Avenue, while on the same day Will Brown was issued a permit to repair the porch of a house at 1105 Cedar Avenue, with W. P. Powell's contractor.

E. L. Jackson will install a tank at 1001 French Avenue and Mary E. Williams received permission to tear down and rebuild a one-story frame building at 1018 Pecan Avenue.

H. O. Green will employ Joseph Singleton to move a frame tenement house from the north side of a lot at 611 Sanford Avenue to the south portion of the same lot.

Overseas Highway Is Closely Guarded

KEY WEST, Dec. 10 (AP)—The nation's southernmost Naval base and other Federal reservations here were in complete darkness Tuesday night, and a 24-hour watch was ordered over part of the overseas highway which is the only road linking the island with the Florida mainland.

The City proper experienced a partial blackout, with all electric signs and street lights off. Automobile drivers were asked to use only dimmed lights until midnight, and traffic was to be restricted after that for the rest of the night.

B. M. Duncan, chief engineer for the overseas road and toll district, said a 24-hour guard was being maintained today as well as highways and bridges under his supervision. Sheriff Berlin Sawyer and his deputies were patrolling the area.

County Roll Call Totals \$1279.15

The annual Red Cross roll call is officially over and Seminole County raised a total of \$1279.15 during the drive, Mrs. Roy Mann, publicity chairman stated today as she explained that the war fund quota, which is \$5000 calls for an entirely new campaign in no way connected with the membership drive.

Completed plans to launch the war campaign will be a report will be made at the meeting of the county chapter tomorrow morning at 12:00 o'clock at the building First Street. The organization has more than 600 members, many of whom are women, volunteer workers, teachers and parents, Mrs. Mann said.

Kiwanis Honors U. S., Republics Past Presidents Of Organization

Fifteen Men Present Who Once Served As Group's Head

Fifteen past presidents of the Kiwanis Club were honored at the regular meeting of the club today at the Valdez Hotel.

Starting with A. P. Connelly, charter president of the Sanford club, the presidents were named in order by Edward Lane up to the current year.

Mr. Lane introduced Fount Kline, district governor elect, who presented the past presidents with red roses. Afterward, Mr. Kline addressed the members, stating "Kiwanians must meet the war situation squarely. It must be met by individual service, and the way you can aid is to help your local defense council."

Mr. Kline stressed three parts of individual service: strengthen democratic institutions, meet the present emergency and maintain the values we seek to defend.

Dr. O. L. Barke was a guest as were two members of the Key Club, Billy Hollyhead and Ed Marshall. Charles Morrison led the group in song.

The past presidents at the meeting, and the year in which they were head of the club follow: A. P. Connelly, 1922; James G. Sharon, 1923; E. D. Brownlee, 1925; Edward F. Lane, 1927; T. W. Lawton, 1927; John D. Jenkins, 1929; Fred R. Wilson, 1930; A. C. Fort, 1931; W. B. Zachary, 1932; Sanford Houdney, 1935; Walter Coleman, 1936; Howard Long, 1937; Sidney J. Nix, 1938; and Karl Nordgren, 1940.

Naval Requirements Have Been Modified

MACON, Dec. 10 (Special)—The Navy Department announces that the physical requirements for enlistment in the Naval Reserve have been modified and urges all men who have been rejected for enlistment to again apply at their local Navy recruiting station.

Senator Pepper Pays Compliment To W. Connelly

Willard Connelly has received a letter from Senator Claude Pepper expressing the Senator's appreciation of the copies of two songs on which Mr. Connelly collaborated with Mrs. Agnes C. Thomas and Lars Harry Wester. The copies were presented to Mr. Pepper when he visited Sanford on Armistice Day.

The letter reads, "I am immensely grateful to you for your kindness in sending me copies of your songs, 'Our Flag' and 'Stand By America,' photographed by you.

"I cannot too highly commend you upon the inspirational beauty of both of these compositions. It is a valuable contribution you have made to your country's morale and, therefore, to its defense.

"With very best wishes and many, many thanks, I remain, Sincerely yours, Claude Pepper."

Japanese Navy Sinks Prince Of Wales, New 35,000-Ton British Battleship

Loss Of Life On Ship Said Great

Direct Hits Are Made On Three Jap Ships By American Planes

MANILA, Dec. 10 (AP)—Four scores of Japanese bombers rained Manila and its suburbs this afternoon, hitting hard around military centers including the Nichols Air Field, Fort William McKinley and Nielson Airport districts.

SINGAPORE, Dec. 10 (AP)—The Netherlands East Indies threw strong reinforcements of warships and airplanes into the battle of southeastern Asia as the British land and air forces slowed down the Japanese assault on northern Malaya.

Dutch fleets have been fighting alongside the British Empire air force to contest Japan's admiralty vigorous efforts to win quick mastery of the air.

Alfred Duff Cooper, British Minister in the Far East, announced in a broadcast from Singapore that there had been considerable loss of life in the Prince of Wales and Repulse sinkings.

At Hongkong some Japanese penetration of Hongkong's defenses was acknowledged. But the British declared the attack had been halted even though fighting continues.

The defeat of the first hostile attack against the west coast of Luzon, the principal island of the Philippines, by Army and Navy forces was announced today in the War Department's first communique of war.

The attack occurred between San Fernando and Vigan, the announcement stated.

Four first bombing attacks on six transports at Vigan resulted in direct hits on three hostiles and damage to the remaining three, one ship capsizing and sinking immediately," the communique said.

A great sea battle between U. S. and Japanese Navies is reported raging off Manila today, according to a German broadcast, while British acknowledged the loss of the new 35,000-ton battleship, Prince of Wales, and 32,000-ton battle cruiser, Repulse, off the coast of Malaya.

Manila dispatches announced six Japanese troop transports attempting to land troops north of Manila in the Philippines. A Tokyo wire bulletin said two British ships—the Prince of Wales and the Repulse—were sunk within 21 minutes of each other by Japanese bombers.

No details were available immediately on the fate of the crews, normally exceeding 3,000. Meantime, sea-borne Japanese troops swarmed into the Philippine island of Luzon at Apariti, 100 miles north of Manila and possibly at other points. The headquarters of Gen. Douglas MacArthur said the Japanese made forced landings under a hail of bombs dropped by American airplanes.

One Jap transport was sunk, two others damaged and three more possibly hit, it was announced.

San Francisco was blacked out again early this morning after an air-raid alarm was sounded. It followed two "alerts" sounded within a half hour but no bombs were reported dropped on enemy planes sighted.

Two Japanese landings on the Philippine island of Luzon were reported today by the Filipino constabulary soon after authorities uncovered a Fifth-Columbian plot that set off two false air-raid alarms and pointed the way to military targets with lights on the ground while Japanese planes were attacking.

Earlier a U. S. Army spokesman had announced that "certain areas" were marked out by light signals—both flares and fireworks—during the raids on Nichols Field, outside Manila, early Tuesday.

Early today U. S. Army fighters were in the air, guarding the capital against direct assault. The Japanese claimed to have (Continued on Page Two)

YANKEE CLIPPER

We're making sail on the Yankee

Though the gale that's rising is a

We dare say not many Japanese
toys will appear in American

Germany may well be expected
to strike as unexpectedly and
as violently as America as Japan
did.

One thing about sending an
A. E. F. to China—the boys
won't have to worry about leaving
France.

Some of that steel dropped on
Hindenburg the other morning
probably came from American

Hitler's declaration of war
against Finland the other day
is one we should be proud to
stand up here by the news
from the Far East.

"The does CID stand for?"
asked a subscriber the other
day. "Well," he answered, "it
stands for 'I don't know'."

Sanford County should be
proud to have built its own
road to the sea. As a matter
of fact, it has been building
it for years.

Another Congressional Investigation

Someone must have been asleep at the Pearl Harbor
Naval Base to let Japanese aircraft carriers and no telling
how much of their fleet cross thousands of miles of ocean
and come within bombing range of Honolulu where their
warplanes took the American fleet completely by surprise
and did untold damage on a weekday when there were
scarcely enough men on duty to man the anti-aircraft guns.

But there we go, giving the "brass hats" hell with
the very first reverses in a war in which the initiative was
left by the people, and by the people's representatives in
Congress to the enemy and for which we have refused to
prepare adequately for years though these same "brass
hats," as well as the members of the American Legion
who had had previous experience in warfare, had warned
us again and again to be ready and be prepared to take
the initiative away from the enemy.

Isolationist Senator Tobey complains that he "hears"
that a large part of our Pacific fleet has been wiped out
as a result of this surprise attack and Senator Stewart says
it is possible that even now that this Gibraltar of the Pacific
is in Japanese hands while another insists that most of
the men were on weekend vacations when the Japanese
struck. Demands for the removal of the officers in com-
mand are heard.

And yet nobody knows yet what happened in Honolulu
Sunday morning. It is quite possible that every known
precaution had been taken against surprise attack. It is quite
possible that the guns were manned and that only a small
number of men were having the day off. It may be that
nobody was asleep at all and that the enemy was met with
all possible resistance. Furthermore, we know very little,
or nothing, yet of the actual damage done, or how the
battle is progressing to date.

One thing is certain that it is very difficult to be ade-
quately prepared at all points when you leave it to the
enemy to strike the first blow. We were not at war with
Japan. We were not at war with anyone. The Navy had
no way of knowing that the Japanese would strike at Pearl
Harbor. They might just as well have struck at San Fran-
cisco, San Diego, the Panama Canal, or a hundred other
places. The first blow might have fallen in the Atlantic
from German sources.

The Army and Navy departments have warned us of
these dangers for years. If we had followed their advice
we would have our two-ocean navy in the water now in-
stead of on paper. We would have an airforce superior to
all the Axis powers. We would have an Army much larger,
better trained and better equipped. We would have
these things if Congress had not slept for so many years
while Japan and Germany were getting ready.

But now Congress accuses the Navy of being asleep
and in the very midst of battle proposes an investigation.

Utters Warning

Albert W. Hawkes, president of the United States
Chamber of Commerce, speaking before the United States
Club in Chicago recently, said:

"I make the prediction to labor that if it persists in its
closed shop demands, and has the power to enforce them
upon the American people, the accomplishment of that act
will be the destruction of management—the final taking
over of private enterprise by the state or government—
and the withdrawal from labor unions of all the gains and
rights and privileges they have accumulated for themselves
in the battle that has lasted for more than seventy-five
years."

These are solemn words of warning, and give labor
and labor leaders something to ponder over.—St. Augustine
Record.

Business Details

Any executive cannot gradually dismiss details. Busi-
ness is made up of details and I notice that the chief execu-
tive who dismisses this is not quite likely to dismiss his
business.

Success is the sum of detail. It might, perhaps, be
pleasing to imagine oneself beyond detail and engaged only
in great things, but as I have often observed, if one at-
tends only to great things and lets the little things pass
the great things become little; that is, the business shrinks.

It is not possible for an executive to hold himself
aloof from anything. No business, no matter what its
size, can be called safe until it has been forced to learn
economy and rigidity to measure values of men and mater-
ials.—Harvey S. Swanson.

Mrs. Pearl Hansell returned yesterday from Gainesville where she was called by the death of Mrs. H. O. McArthur, which occurred at her home in Gainesville on Sunday afternoon. Mrs. McArthur was a former resident of Sanford.

The Azarian Class of the First Baptist Church which was held last night in the annex of the church with officers serving as hostesses.

The long tables from which a covered dish supper was served upon the arrival of the members, was covered with a white cloth and centered with a novel arrangement consisting of Brazil pepper, red and white gladiolus and chrysanthemums, from which trailed streamers of red and white paper. Wreaths of Brazilian pepper interspersed with tall red tapers in white pottery holders were placed at intervals along the length of the table. Large Christmas bells were suspended from the chandeliers. Boats of red and white gladiolus and poinsettias were placed about the room which had a lighted Christmas tree at one side under which the gifts were placed.

The Christmas story was told by Mrs. W. P. Brooks, Jr., as the devotional, and a solo in keeping with the theme was sung by Peggy Pippin, accompanied at the piano by her mother, Mrs. R. R. Pippin.

The business session was presided over by Mrs. W. A. Cagle at which time plans were made to fill a Christmas basket for a needy family. Mrs. R. L. Beard was appointed as secretary to fill the vacancy caused by the resignation of Mrs. C. A. Anderson. Reports from the various officers and group captains were heard and the meeting closed with a prayer by Mrs. M. N. Cleveland.

Gifts were distributed from the tree in a novel manner. A large drawing of a tree was placed upon the wall holding Christmas seals under which the numbers of the gifts were placed. As each person selected her number from the tree she was presented with the gift with the corresponding number under the live decorated tree. As a gift from the class the teacher, Mrs. J. H. Colclough, was presented with a pair of madras pillow cases by Mrs. Cleveland.

Those enjoying the party were: Mrs. Brooks, Mrs. Colclough, Mrs. Cagle, Mrs. C. L. Hewson, Mrs. W. C. Rumbley, Mrs. R. T. Thomas, Mrs. S. C. Gardner, Mrs. Cleveland, Mrs. R. T. Hunt, Mrs. W. L. Mrs. Williams Has Party For Daughter

City entertained with a birthday party at the home of her mother.

Mrs. R. W. Williams of Orange City entertained with a birthday party at the home of her mother, Mrs. W. H. Stewart, on Oak Avenue yesterday in honor of daughter, Dorothy Jean, who celebrated her first birthday anniversary.

A color theme of red and green was carried out in the decorations which consisted of Christmas greens and lights. The mirror over the mantle reflected a miniature house and trees with Santa and his reindeer approaching. In the dining room the lace covered table was centered with a white birthday cake topped with a blue candle and blue flowers.

The honoree was dressed in a flesh pink crepe dress adorned in blue. After she had opened her gifts, refreshments of ice cream and cake were served.

Those invited to celebrate Dorothy Jean's birthday with her were: Norma Sherrell, Mary Ann Ludwig, Mary Jean King, Jante Brown, Jo Ann Wilkins, Betty St. John, Matt Earl, Charles Pappin, Sonny Poplin, Wally Pappin, Henry Schumacher, Jr., Bobby Stewart of Orlando, Sidney Vihlen, Jr., Duke Scott, and Alan Buie, Jr.

Also, Mrs. Alan Buie, Mrs. Preston Sherrell, Mrs. Sidney Vihlen, Mrs. John Ludwig, Mrs. I. B. St. John, David Earl, Mrs. Earl King, Mrs. Robert Brown, Mrs. Joe Wilkins, Mrs. Fred Pope, Mrs. Henry Schumacher, Mrs. R. W. Stewart, of Orlando, Mrs. G. D. Scott, Mrs. T. J. Williams, Mrs. J. T. Williams and Miss Jean Williams of Orange City.

Ned Smith Addresses Little Theater Club

Ned Smith, who was recently appointed Seminole County Chairman for the celebration of the President's birthday, was present at the meeting of the Little Theater Club last evening when it met in the Women's Club to formulate plans for a play to be presented on Jan. 23.

The play will be sponsored by the committee to raise funds for the nationwide fight against infantile paralysis and will be under the direction of Mrs. J. M. Higgins.

The local campaign for the infantile paralysis fund will include charity sports events, card parties, a play by the Little Theater Club and other forms of entertainment to be climaxed on the evening of Jan. 30 with a county-wide President's Ball.

Mrs. Malcolm MacNeill presided over the business meeting in the absence of the chairman, Father J. J. Kellighan. The production board, composed of Mrs. MacNeill, Mrs. C. E. McLaughlin and Mrs. Higgins, gave a brief synopsis of several plays which would be suitable for the production on Jan. 23.

At the conclusion of the business session, Mrs. John Lee entertained the group with a reading relating to the struggles of a young actress. Several piano selections were rendered by Gene Lawrence.

In the past 18 months the Seminole County Chapter of the Red Cross has completed a total of 3600 garments. The sewing room for the project have been sponsored and maintained by the Women's Club with work being done by the women in Sanford and the surrounding county towns.

Mr. Dawson urged all persons who have anklets and wristlets at home to bring them to the Red Cross room on 210 East First Street as soon as possible so that they may be sewn in the snow suits. Since this is the last quota for the British War Relief, those in charge are anxious to have all garments turned in.

A Christmas world program, the theme of which was "Power of Christian Women around the World" was then presented with Mrs. M. R. Strickland leading. Others taken part were: Mrs. W. F. Bryan, Mrs. R. W. Turner, Mrs. R. E. Hutchison, Mrs. J. C. Davis, Mrs. J. F. Clark, Mrs. J. L. Morgan, Miss Sally Gray and Mrs. W. J. David.

During the business session which was presided over by Mrs. J. I. Clark, names for the circles for the new year were drawn, and routine business disposed of.

Program Presented By Circle Three

Circle Three of the Women's Society of Christian Service of the Methodist Church presented the program at the regular program and business meeting on Monday afternoon with Mrs. W. L. Clark in charge.

The devotional, "One Great Fellowship of Love" was given by Mrs. Clark, Mrs. W. J. David, Mrs. J. F. Clark, Mrs. J. L. Morgan, Miss Sally Gray and Mrs. W. J. David.

Report Is Issued On Citrus Canning

JACKSONVILLE, Dec. 10 (Special)—A report recently issued by the Jacksonville District Office of the Bureau of Foreign and Domestic Commerce in cooperation with the Florida Canners' Association, shows the important place the canners have attained in the Florida Citrus Industry. During the 1940-41 season 66.5 percent of the total Florida production of grapefruit and 12.4 percent of the total crop of Florida oranges went into cans in the form of juice, segments, and etc.

Bob Feller Applies For Naval Enlistment

CHICAGO, Dec. 10.—(AP)—Bob Feller, star pitcher for the Cleveland Indians, applied for enlistment in the Naval reserve Tuesday at the Great Lakes Naval Training Station.

Commander Gene Tunney, former heavyweight boxing champion, received Feller's papers. He said Feller was seeking the rank of chief boatswain's mate in the reserves and would probably be placed in the physical department if he passes the routine mental and physical tests.

Lefty Grove Asks For And Gets His Release

CHICAGO, Dec. 10.—(AP)—Robert (Lefty) Grove, 41-year-old pitching star of the Boston Red Sox, was given his outright release Tuesday night at his own request.

No reason for Grove's retirement was given by the club in making the announcement. Grove won seven games and lost seven last season, bringing his total victories to 200, his major career total.

White Sox Get Wally Moses From Athletics

CHICAGO, Dec. 10.—(AP)—The war-conscious major league baseball executives settled down to business Tuesday, completing one important American league player swap involving outfielders Mike Kreevich and Wally Moses, and setting next year's All-Star game for July 7, at Brooklyn.

The first important trade of the winter sessions saw the Chicago White Sox give Kreevich and relief pitcher Jack Hallett to the Philadelphia Athletics for Moses, a hitter who never averaged less than .300 in seven years in the big time.

Plans for the Pan American Exposition in Mexico have been abandoned because of world conditions.

same time reported an extension of the Pacific offensive. Britain and Japan have hurled reinforcements into the jungle battle of northeastern Malaya where heavy fighting raged for control of the important airbase of Kota Bharu, only 400 miles from Singapore.

British bombers and fighter planes roared out over the Gulf of Siam to meet a Japanese convoy of 25 troop transports speeding south along conquered Thailand's coast in an attempt to land additional Japanese troops at Kota Bharu and farther north in the Singora and Patani areas of southern Thailand.

Japanese warships, dive-bombers, and pursuit planes escorted the imposing army, British aerial scouts reported. A communique said the situation at Kota Bharu "still is confused." British imperial forces by noon yesterday had almost gained control of the area when the Japanese succeeded in landing additional troops.

Japanese land forces attempting to invade Hongkong were brought to a sudden halt tonight by searing artillery fire from the strong-armed island defenses. It was announced officially. "All defenses of the mainland are being successfully maintained," a communique stated.

The Japanese land assault, beginning at Monday dawn, encountered almost immediately heavy road and railway demolitions—completed within two hours—and then felt the blast from the perimeter of heavily-manned mainland defenses which have been under preparation since 1938.

At the Pacific Coast, radio stations ended nearly 12 hours of silence today during which Army and Navy planes and naval surface craft were reported to have searched off the coast for possible Japanese airplane carriers and submarines.

The exact extent of the search was a military secret. Enemy airplane carriers have been variously reported off the Alaskan, North Pacific and California coast. In disclosing that patrols from the Second Interceptor Command had taken off from Portland, Ore., to criss-cross the ocean for 600 miles from the shore, Brig.-Gen. Carlyle H. Wash warned that the "possibility of an air attack is still present."

The San Francisco Bay area underwent three blackouts last night after the Army reported a fleet of 30 enemy planes had circled over the industrial area.

Sale Of Florida Citrus Fruit Is Fast Increasing

LAKELAND, Dec. 10.—(Special)—The markets of the nation were rocked within the last few days by the most competitive advertising program ever devised for Florida citrus, and early reports from the trade indicate that consumer demand has reacted favorably and that the demand for the state's oranges, grapefruit and tangerines is on the upgrade.

Reports to the Florida Citrus Commission from its staff of trained dealer service men in the principal marketing areas said that wholesalers, jobbers, retailers and the consumer had all responded to the sales and merchandising efforts which were backed by a strong newspaper advertising barrage graphically picturing the difference between a competitive "peeling" orange and the thin-skinned "more juice for your money" Florida orange.

The response to the grapefruit advertising and promotional efforts, stressing the health value of the Florida variety, has been "sensational and gratifying" according to official reports from the field men.

From all over the market areas there were reports of increased sales, strengthening prices and a brighter outlook for the consumer demand, especially during the holiday season. In some centers records for sales have been broken on successive days, reports indicated.

Eight Japs Detained In State By Agents

TALLAHASSEE, Dec. 10.—(AP)—Florida's backing "without limitation or reservation to defeat and destroy Japanese imperialism" was assured to President Roosevelt Monday by Governor Holland.

Soon after congress declared war Governor Holland sent this message to the President: "In this grave national hour, I want you to know that the people of Florida are united in backing you and the federal government to the uttermost limit in defending our nation and our people and all that we hold dear against the treacherous and ruthless attack of Japan."

U.S. Bombers Sink 29,000-Ton Jap Battleship Near Manila

In invading Nipponese Reported To Have Won Footholds On Philippine Coast Japanese Landing Made Near Aparri 100 Bombs Dropped On Manila Military Objectives

WASHINGTON, Dec. 11.—(AP)—Secretary of War Blum announced today the sinking of the 29,000-ton Japanese battleship, Haruna, by Army bombers off the northern coast of Luzon, largest of the Philippine Islands. Earlier the ship was reported sunk and not after.

MANILA—Japanese paratroopers were reported today to have seized an airport six miles from Iligan in eastern Luzon today while United States and Philippine troops landed to drive Japanese forces into the sea along the Philippine coast. An Army spokesman said a short time before the paratroopers landed that they were being mopped up.

Invasion Japanese troops and paratroopers were reported Wednesday night to have won uncertain footholds along 160 miles of the North and northwest Luzon coast of the Philippines, despite a smashing assault by the U. S. Army and Navy fliers on one transport convoy of six ships. The Army announced officially that the Japanese, in heavy forces, swept against northern Luzon from Vigan to Aparri and that landings were effected at Aparri. The Philippine constabulary said main Japanese forces also had succeeded in landing near Vigan and there was no report that the landings had been taken by Japanese paratroopers. The Japanese used both naval and aerial bombardment to cover the landings which, a communique from the headquarters of Gen. Douglas MacArthur, the U. S. Commander in Chief, said were "in progress."

Declaration Of War On Japan

Joint Resolution of the United States of America. Approved by the Senate and House of Representatives of the United States of America in Congress assembled, That the state of war between the United States and the Imperial Government of Japan which has thus been thrust upon the United States is hereby formally declared, and the President is hereby authorized and directed to employ the entire naval and military forces of the United States and the resources of the Government to carry on war against the Imperial Government of Japan; and, to bring the conflict to a successful termination, all of the resources of the country are hereby pledged by the Congress of the United States.

This is a copy of the original declaration of war against the Japanese Empire, which was voted by Congress after listening to President Roosevelt. The resolution was first signed by Speaker of the House Sam Rayburn of Texas and Vice President Henry A. Wallace, as president of the Senate, and then by the President.

School Board Issues Checks For Salaries

Checks amounting to \$9,874.50 were issued by the County School Board at its regular meeting yesterday to pay the salaries of teachers, janitors and to cover incidental expenses. Superintendent T. W. Lawton announced this morning that the checks were issued.

T. B. Organization Will Gear Program To Aid War Needs

The Seminole County Tuberculosis and Health Association is gearing its program to meet the war time needs, according to Mrs. J. L. Taylor, chairman of the association. She said today, "All those who have not sent in their money to the organization for sale are urged to do so at once to enable the association to more accurately plan and more adequately serve in Seminole County. The money raised now must finance the war time program as well as carry on routine work. The military and civilian populations' needs will have to be met from the proceeds of the annual Christmas sale."

Red Cross War Campaign Begins

Following a complete report from workers in the county, the Red Cross will call money totals \$1,808.15 and with this report, the new war fund campaign officially commences. Mrs. Roy Mann stated immediately after the meeting this morning. County canvassers secured \$248.25 and city workers solicited \$1,559.90. Total \$1,808.15.

Russians Kill 14,000 Germans On Moscow Front

At least 14,000 more German troops have fallen on the snowy Moscow front and the advancing Red army has recaptured ten or more villages, the Soviet radio announced last night. Russian troops in the South also were advancing, and the radio quoted Maj. Gen. Petrov as saying the Germans had lost 15,000 men, 150 tanks, 131 planes and more than 70 guns in 30 days of assault on the Red naval base of Sevastopol in the Crimea. The radio cited these gains: Seven towns retaken in the Kalinin area, 95 miles northwest of the capital; 1,400 Nazis killed; several settlements retaken in the Tul'sk sector, 100 miles south of Moscow; 600 Germans killed; recapture of Oleta in the Orsk sector, 200 miles to the south, the routing of two German Infantry divisions, and 12,000 German casualties. German troops, Berlin admitted, are withdrawing from many of the offensive wedges they have driven into the Russian front, but they declared the withdrawal was to winter positions for tactical reasons. The German push is through until Spring, spokesmen indicated, declaring "Germany has no strategic ambitions this winter." In Africa British troops were reported officially to have lifted the siege of Tobruk with a new junction at El Adem in the Libyan Desert, and last night another heavy tank battle, believed imminent west of there. South African, Indian and Allied troops made the junction and also captured Gambut, a coastal point about 40 miles east of Tobruk. German and Italian units fled westward after suffering heavy losses, the British announced. Officers said their troops had established a 30-mile-deep wedge from Tobruk southward into the desert, and mobile units now were hitting out on either flank in mopping up efforts against the axis forces. A sandstorm raged throughout the area.

Salvation Army Gets Notes From Needy Families

Poverty and need are revealed in two letters that have just come to the attention of the Salvation Army. After investigation, the organization discovered that the money secured by each family is barely enough for food. The first letter reads, "Do you have anything my boys could wear yet? I started them to school today and they haven't anything to wear. I will see you, Mrs. Langus, just as soon as my feet get well." Another stricken woman writes for assistance, "The instant officer was here this noon about the absence of my children from school. As I told her, they have no clothes. I hate very much to ask your aid but I cannot help it. They want the children in school by Wednesday, especially the girls and all my children are small for their age. "We are destitute for clothing. You are perfectly welcome to come and see for yourself. I thank you for whatever help you can give." The Salvation Army is asking citizens to give their utmost in order that these little things, two or three, may be helped at Christmas time. Mrs. Gilligan is in charge of the local group, said in an appeal for assistance toward the filling of the Empty Stocking Fund.

Jack Gillon, Ralph King And Olaf Nordgren Stationed In Pacific Area

LT. Jack Gillon and Ralph King are among the men from Seminole County who are stationed in the troubled Pacific area at the present time. LT. Gillon is the son of J. M. Gillon of this city and is in the 17th Bomber Squadron of the 7th Bombardment Group which is stationed at Manila. The lieutenant left the United States during November and his family received a letter from him yesterday written Dec. 1 and post-marked Manila. Ralph King, son of Mr. and Mrs. Ralph King of Oviedo, has been serving in the Navy for the past three years somewhere in the vicinity of Hawaii, but his exact whereabouts is unknown. Another soldier, Olaf Nordgren is on a boat "somewhere" near Hawaii, but no word has been received from him for quite some time.

Parents Receive Booklet From Son At Hickam Field, Hawaii

Mr. and Mrs. J. L. Hurt are among parents in the United States who received from their sons a copy of the "Christmas in Hawaii" booklet which was compiled by members of the Headquarters Squadron, 18th Bombardment Wing, Air Corps at Hickam Field, Hawaii, a booklet including scenic views of Hawaii, greetings from Maj. Gen. Martin and Brig. Gen. Rudolph, in command of Hickam Field, as well as photographs of the commanders and personnel of this particular squadron. The names of ten young men in that particular photograph are published in the Army casualty list since the Hurt family received the booklet. Among them is the squadron adjutant, Lt. John S. Greene from Iowa. The front cover bears a photograph of a native girl dressed in brilliant colors and the back cover of the booklet is a cartoon of the Island of Oahu. Since the booklet is for parents, most mothers and fathers are probably interested in the Christmas dinner menu, which consists in addition to tropical appetizers, a main meal of baked Virginia ham with champagne sauce, roast turkey with oyster dressing and giblet gravy, whipped potatoes, candied yams, vegetables, salads, mince pie, fruit cake, fruits and cheeses. The general plan for a Christmas celebration has been changed somewhat, Mrs. Hurt added. Included in the scenic view section are pictures and illustrations of industry on the island, yachting, civic centers, shorelines, photographs, Waikiki and besides modern photographs, a group called "Hawaii of yesterday."

Student Teachers For Air School Arrive Yesterday

Two pilots, Miss Ruth Franckling and Henry Altomeyer, of the Doremus-Haasbroek Flying Service, arrived here yesterday after experiencing considerable difficulty, in being allowed to fly here, because of the emergency situation. Mrs. Matthew Haasbroek, secretary and treasurer of the organization, declared yesterday. The pilots, who will act as student instructors at the school, which will be located at the old Sanford air port, left Kingston, N. Y. and arrived in Savannah, Ga., Sunday afternoon. As they were preparing to leave the Savannah airport, an Army captain stopped them, and explained that an order from the War Department had just come through grounding all civilian planes unless birth certificates proving birth in the United States could be produced. Miss Franckling did not have her certificate and the two pilots were forced to wait in Savannah until Tuesday. Mrs. Haasbroek drove to Savannah in an attempt to let her pilots come through and Miss Franckling and Mr. Altomeyer were allowed to fly to Jacksonville where a wire there confirmed Miss Franckling's birth in the United States. They arrived here at noon yesterday in a Piper Cruiser and a Piper Cub trainer.

Objectives In The Philippines

This map shows the principal objectives of Japanese raiders in the Philippines. Manila has already been subjected to heavy air attacks, particularly on the Fort McKinley and Nichols airfields. Fort Stotsenburg, Clark Field, Camp John Hay and Baguio have also been hit by the raiders. Davao, on the Island of Mindanao, has been bombed, with a U. S. aircraft carrier reported attacked in Davao Gulf. Japanese troops were reported to have landed on Lubang Island, off the north-western tip of Mindanao.

Nazi Declaration Follows Similar Italian Act

The United States swiftly replied to Axis declarations of war against this country today, with Congress acting within minutes after President Roosevelt's urgent warning that "delay invites great danger." By a vote of 88 to 0, the Senate declared war on Germany and Italy, and the House quickly followed suit. The House vote was 393, with Rep. Jeanette Rankin (R-Mont.) recorded as "present." Miss Rankin cast the lone vote against the war with Japan, and voted against war with Germany in 1917.

Chief Cleveland Issues Warning On Oil Stoves

Owners of large stationary oil stoves with outside tanks were warned today by Fire Chief Mack Cleveland of the fire hazard of these stoves when the tanks do not have non-combustible stands, such as metal or concrete. "It is against the State and City laws to have wooden stands for these tanks," Chief Cleveland stated. "It will benefit the owners of such tanks to comply with the law. Also the tank limit is 55 gallons." He also told of the danger of having small oil heaters in homes near any combustible material such as curtains, walls or woodwork. The fire department answered a call yesterday at a dwelling at 2205 South Sanford Avenue as a result of a defective oil heater. There was no damage. The house is owned by H. C. Washburn and occupied by I. Feinberg.

Inquiries About City Received In Response To Ad

Over 400 inquiries have been received by the Chamber of Commerce as the result of a Sanford and Seminole County advertisement, which appeared in the tourist editions of 10 of the nation's leading newspapers on Nov. 23, and additional inquiries are being received now from the second advertisement which appeared in last Sunday's issue of the same papers, Secretary Ed Higgins said this morning. A reproduction of the advertisement is shown on an inside page. Placed by the Griffith Advertising Agency, the advertisements are in papers with a combined circulation of 5,193,000.
