

# No War Panic Here, Psychiatrist Says

WASHINGTON (UPI) — Are Americans really getting "hysterical" over the danger of nuclear war, as many Europeans think? A prominent psychiatrist said today he doesn't believe they are. "There's a difference between serious concern about the world situation and panic," said Dr. Jerome Frank, professor of psychiatry at Johns Hopkins University. "I think there's a good deal of the former, but I don't detect much of the latter." Although fallout shelters have become a topic of dinner-table and cocktail party conversation, he said in an interview, this doesn't necessarily mean that Americans have developed a collective anxiety neurosis. "We are a great people for fads," he said. "Remember how the hula hoop swept the country? And the Yo-Yo? Well, right now it's the thing to do to talk about building a fallout shelter. Among my personal acquaintances, however, I know very few who have gone beyond talking and have actually built shelters."

What effect will all this talk have on children? Will they conclude from their parents' conversation that there's not much point in working hard at schools, or otherwise preparing themselves for a highly uncertain future? "Children are far more likely to be affected by how adults behave than by what they say. Parents who are really frightened will communicate their jitter to their children even if they never mention war in their presence. But if children sense that their parents are taking the whole thing calmly, and going ahead with life in a normal way, they'll probably do the same, regardless of the scare-words that may be glibly tossed around in their presence."

Frank said the greatest psychological danger of too much talk about nuclear war is that it may weaken the determination of adults to avoid such a conflict. "If we go on talking blithely about 70 million casualties, and coolly estimating whether 10 or 220 per cent of the people in a certain area might survive, we may get hardened to prospects from which rational human beings should recoil in horror," he said. "Instead of regarding nuclear war as an unthinkable course which must be avoided, we may find ourselves growing used to the idea of wholesale destruction. 'I think that would be an extremely dangerous state of mind for people to get into.'"

First friction matches in America were manufactured at Thurmond, Md.

CAPT. Robert W. Slye, NAS commanding officer, presents C. E. Callan of the Public Works Department at the Naval Air Station with a \$70.00 check for his beneficial suggestion which reduced man-hours and material required to change filters in a 30-ton air conditioner. Looking on (right) is Lcdr. Thomas J. Padden Jr., public works officer. Callan's idea will save approximately \$1,312.00 each year in material and man-hours.

## Two Day Ceramic Workshop Slated For County Teachers

Teachers of Sanford Public School system will have an opportunity to participate in a ceramic workshop as part of the system's in-service program Wednesday and Thursday at Pinecrest School from 6 to 10 p. m. Presented by the American Art Clay Co., the purpose of the workshop is to provide practical ex-

perience related to the teaching of pottery craft and introduce new materials and methods. Teachers will participate in forming and decorating clay shapes following a demonstration of wheel throwing, hand methods of pottery making, glazing, decorating and other ceramic techniques. The workshop will be conducted by Mrs. Dorothy Harper and arrangements for the in-service ceramic workshop were made by Mrs. Mildred Babcock, art coordinator of Seminole County Schools.

## REV. BEN MARLIN Nazarenes Close Successful Revival

The closing service of a week-long revival at the First Church of the Nazarene in Sanford took place with the Sunday Worship Hour at 7 p. m. Rev. Ben F. Marlin, former district superintendent of the South Carolina District, Church of the Nazarene, was evangelist for the daily services. A native of Illinois, Marlin presently is pastor of the Orlando Church. Rev. Paul Bickes, of the local church, said that nightly attendance during the revival was well above expectations and that each service proved to be of great spiritual value. Bobby Carter served as director of music for the revival.

## Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF AND FOR SEMINOLE COUNTY, FLORIDA, IN CHANCERY NO. 11315. WASHINGTON SECURITY COMPANY, a Florida corporation, Plaintiff, vs. WILLIAM LANE, JR. and IMAJEAN W. LANE, his wife, Defendants. NOTICE IS HEREBY GIVEN that on the 11th day of October, 1961, at 11:00 A. M., at the main door of the Court House of Seminole County, at Sanford, Florida, the Honorable Arthur H. Beckwith, Jr., Clerk of the Circuit Court of Seminole County, Florida, will offer for sale to the highest and best bidder for cash, at public outcry, the following described property of the Defendants William Lane, Jr. and Ima Jean W. Lane, his wife. Lot 12, BEAR LAKE HILLS, according to the Plat thereof as recorded in Plat Book 12 at Page 21 of the Public Records of Seminole County, Florida, together with all structures and improvements, then or thereafter on said land. This is made pursuant to Final Decree of Foreclosure entered in the above cause, Chancery Docket No. 11315, now pending in the Circuit Court of and for Seminole County, Florida. IN WITNESS WHEREOF, I have hereunto set my hand and official seal this 19th day of October, 1961. (S.S.) Arthur H. Beckwith, Jr., Clerk of the Circuit Court in and for Seminole County, Florida. By: Martha T. Vihlen, Deputy Clerk. Dated: Oct. 22, 1961.

## Tiger Tales

By L. M. HIGGINSBOTHAM (LCDE-USN)

It's no wonder that very few of you will hear from your "Tigers" in Heavy Attack Squadron One today. Today is that big day of replenishment, that day each month or so when the mighty Sixth Fleet takes on provisions. From supply ship to the combatants, on cranes, high lines, and through hoses the life blood of the fleet flows. Fresh vegetables, frozen meats, (just like the Wimpies) and spuds are hauled across sixty feet of space to be received in the hangar deck of this mobile airfield. Through great hoses, which at times dangle in the water, black fuel oil for the carrier is pumped, not to mention the thousands of gallons of high octane gasoline and the jet fuel for our A3D's. This ability to replenish, to provision, and to re-arm underway without requiring shore bases and clearances in foreign countries keeps the Sixth Fleet powerful and independent of any government's whim. It increases the mobility of an otherwise captive Navy which must return to a certain port or place to replenish. It's been a long day for the "Tigers," reveille jolted us awake at the unholly hour of 0400 and of course as soon as replenishment was over, we commenced flight operations, and continued until 2300. We know that it is important as our Operational Readiness Inspection is only two days away. The Operational Readiness Inspection tests how capable the "Tigers" of Heavy One are in performing the various tasks of bombing, low level navigation, maintenance of our "Skywarriors," whether or not we look sharp around the ship, and a myriad of other aspects of operating procedures. More about that on Saturday.

## Floridians Given Advice On Nova

TALLAHASSEE (UPI) — Industrial Commission Chairman Worley Brown urges Floridians to keep their feet on the ground while looking at the moon. "One of the biggest problems for all of us will be to separate fact from fiction . . . when we are evaluating jobs and other economic needs," he said. Brown's remarks came in a recent speech to the Associated Industries of Florida. The commission chairman said the gold rush in California more than a century ago would be like a factory picnic compared to the Florida migration resulting from the "Moon Room."

## Lyman Club Joins Thespian Society

Lyman High's Dramatic Club this year will join groups from 2,164 other schools as members of the National Thespian Society. With Chapters in all 50 of the United States, the Canal Zone, District of Columbia, Canada, and Okinawa, this honorary dramatic organization now has a total membership of 378,560 persons.

## Named Team Boss

OLEAN, N. Y. (UPI) — Orrie Jirele, a senior mathematics major from Austin, Minn., has been chosen captain of the St. Bonaventure University basketball team for the 1961-62 season. Jirele, a 5-11 guard, also plays the violin in the school band.

# Weir Resigns As Head Of Hospital

Seminole Memorial Hospital Administrator Harry Weir this afternoon resigned his \$12,000 a year post to accept a similar position in Scottsdale, Ariz.

Weir has been administrator at the hospital since August of 1964. His resignation will become effective Jan. 1, A. B. Peterson Sr., chairman of the Hospital trustees said today.

Peterson said that the hospital board "deeply regrets" Weir's resignation and said he was an "excellent administrator."

Weir, who lives at 116 North Virginia Ave., said the Arizona job would pay almost double his present salary.

Under Weir's administration, the hospital initiated a new 50 bed expansion program. He has also taken a deep interest in community affairs and was first president of the Pinecrest PTA and helped start the Sanford Male Chorus.

The administrator said that relations with the board have been pleasant and there was no pressure involved in his decision.

Peterson said that the board has already taken steps in getting a new administrator and plans interviews in the immediate future.

By LARRY VESHEL

Nobody asked me but, why doesn't the County Commission get a surplus Navy boat, put it in Lake Monroe and use it for a floating disaster headquarters for the county "key" personnel. Better than spending \$150,000 for a new building . . . It won't cost a cent.

A top Navy official told me that the most feasible boat would be an LST which could hold 300-400 people and has its own power plant. It is self sustaining for 30 days. . . . It can be gotten from surplus if there is a need and REMEMBER . . . no cost! One more thing . . . The steel plate on the boat would withstand anything up to a direct hit.

Why doesn't the city do something about parking for city hall employees. The commission killed the item in the budget for a city hall parking lot. How about that spacious lawn adjacent to the city hall in front of the police station?

Speaking of parking, the County Commission won't have to worry about those troublesome parking tickets anymore. 15 parking stalls were painted in back of the courthouse over the weekend. Five will be for the commission and the remainder for county department heads.

County Commission Chairman J. C. Hutchison is really getting away from it all . . . He's spending the week hunting in Nova Scotia.

Tax Collector John L. Galloway said that \$50,000 tax bills were mailed today to all taxpayers covering 1961 taxes on real estate, personal property and intangible personal property. The tax books are now open for inspection.

By the way, the four percent discount will be allowed for payment in October and November. In December three percent will be allowed, January, two percent; February, one percent and net in March. Taxes will be delinquent in April.

Just a couple of more hints left as far as the mystery celebrity for Jaycee Radio Day goes. This ought to wrap it up. . . . He's just as instrumental in guiding the state as the county. Send entries to Paul Lewis, in care of the Jaycees, P. O. Box 339.

Just for the record, we think Guy Allen is doing a good job as Sanford Postmaster . . . But the next one will be named because of his political affiliations.

## X-Ray For Sam

DALLAS, Tex. (UPI)—Doctors planned to give House Speaker Sam Rayburn the first of a series of treatments today with a six-ton, two million volt X-ray machine to try and kill a tumor in his stomach.

HARRY WEIR

## Link Parolee To Disappearance Of Orlando Woman

CARTHAGE, Tenn. (UPI)—The Tennessee State Highway Patrol said Monday an investigation had connected a Wisconsin parolee with a missing Florida woman.

The highway patrol arrested David Wells, 19, of Stoughton, Wis., here last week.

When the car Wells was driving when arrested was investigated, it was found that the car was owned by an Orlando, Fla., used car lot. Clothing and a check book belonging to Mrs. Sally Waterbury, 31, Orlando, was found in the car. The patrol said Wells admitted the articles belonged to Mrs. Waterbury.

The patrol said its investigation showed Mrs. Waterbury left Orlando Oct. 18 with Wells.

Wells told conflicting stories about the missing woman, the patrol said. The latest story was that Mrs. Waterbury left him in a town in North Carolina and bought a bus ticket to Cleveland, Ohio. The patrol said Wells could not name the town.

The patrol said Mrs. Wells and her husband were separated.

Wells told officers they "probably will find her dead." He said Mrs. Waterbury "was very nervous" and had been in a mental institution.

A GAS EXPLOSION, occurring late Monday afternoon when Tom Parker, owner of a Fern Park Duplex, attempted to light a gas refrigerator in the unit of the building, resulted in an estimated \$2,000 damages. The blast blew out two walls of the apartment, scattered furniture, bedding and clothing out in the yard, set a small fire on the premises and hospitalized Parker who suffered flash burns. Occupants of the apartment, the Pat Schoeling family, were not at home at the time of the accident and the Casselberry Volunteer Fire Dept., called to the scene, quickly extinguished the fire. (Herald Photo)

## Two Seminole Plants To Double Size

### Others To Increase Capacity

Two Seminole County electronics plants plan to double their size in the near future and will employ over 600 persons, John Krider, executive vice-president of the Sanford-Seminole Development Company said today.

Krider said that Dynatronics, located on Hwy. 17-92, south of Sanford, is planning to add 30,000 square feet to its plant and increase its labor manpower to 400.

Dearborn, next door to Dynatronics, added an addition last year and now plans to double the size of the plant again, Krider added. This will increase its employment to approximately 250 persons.

Discussing other plants, Krider said that Sanford Manufacturing has more than doubled its capacity and within the next six months will increase its employment to 200 persons.

Alix of Miami plans immediate construction on its new facility on Hwy. 17-92 and will employ 150 persons.

Peninsula Paint and Plastic Manufacturers are now in the planning stage of a substantial addition to their building, Krider added.

Del-Mar Industries will start its new 50,000 square foot plant which will employ 100 persons within the year.

Har-Car Aluminum Products Company also doubled the size of its plant and included a new machine tool department.

### Missile Fuel Firm Leases Dade Tract

TALLAHASSEE (UPI)—Aerojet-General Corp. of California, one of the firms seeking a defense contract for a missile fuel plant, leased 25,313 acres of state-owned land in South Dade County today with an option to buy within 10 years.

The lease requires the company begin construction of a plant and associated facilities within 12 months or forfeit the land.

The state land lies within 50,000 other acres in the area west of Homestead on which the corporation has obtained options from private land owners.

Aerojet agreed to pay an annual rental of \$63,282 and its check for the first year's rent was turned over to the Cabinet today.

It agreed to pay the state \$1.2 million for the land if it decides to buy. The rental for the 10-year period would amount to \$632,820.

## Seminole County Agent Says:

# Fallout Would Hurt Crops

### Some Fallout Due In U. S. Friday, Expert Says

WASHINGTON (UPI)—A small portion of the radioactive fallout from Russia's 30 to 50-megaton monster bomb will reach North America about Thursday or Friday, a Weather Bureau expert said today.

Robert List, head of the bureau's atmospheric radioactivity research project, said much of the early fallout from the explosion would fall on Russia.

List said 5 per cent or less of the debris from the big bomb remained in the troposphere and will return to earth in a relatively short while, creating the early fallout from the explosion.

More of this early fallout will drop in Russia than in any other single country, List said. But some of it is likely to reach the United States by Thursday or Friday.

A greater threat is posed by the nuclear debris blown into the stratosphere, he said. This debris, about 95 per cent of that caused by the explosion, will wash down in next spring's rains and the United States probably will get more of it than any other country.

CONTRACTOR A. K. Shoemaker Jr., third from left, displays the new underground fallout shelter at the city parking lot behind the courthouse to (left to right) County Commission Chairman J. C. Hutchison, Mayor Joe Baker and Civil Defense Director A. B. Peterson Sr. (Herald Photo)

### Farmers Advised To Plan For Such Emergency

Radioactive fallout will have serious effect on Seminole County's \$121 million agricultural industry and in some instances virtually 50 percent of the crop could be damaged beyond use, Cecil Tucker, Seminole County Agricultural Agent said urging all farmers and cattlemen to start planning "now" for any nuclear emergency.

Tucker urged all farmers to make plans to keep all animals in shelters if it is feasible and to provide clear water and feed in case of any emergency.

Tucker explained that there were three types of radioactive fallout harmful to agriculture:

1—Caesium—which is not a long range problem as it acts as potassium and is not retained long in the body;

2—Iodine which has a relative short life and will not be much of a problem after 60 days;

3—Strontium 90 which is the most harmful and greatest concern to farmers because of its relative long life and is produced in more quantities than any other of these elements in a nuclear blast; it also behaves like calcium and collects in the bones from affected soil, animals and plant life.

Livestock and beef would be the hardest hit of any industry while citrus would not suffer too greatly and vegetables only in varying degrees depending on the amount and closeness to the blast.

Poultry would escape the brunt of the fallout because chickens can stand more radioactivity and most chickens are kept in shelters and can have a 50-50 chance of survival.

In case of any blast in an area near Seminole, Tucker said that liming the soils was one aid worked out by USDA research which would lessen the danger of radioactivity.

## news... BRIEFS

**Nurses Meet**  
JACKSONVILLE (UPI)—The Florida Nurses Association, with a membership of 4,800 professional registered nurses, opened its 52nd convention here today.

**No News Session**  
WASHINGTON (UPI)—President Kennedy does not plan to hold a news conference this week. The White House gave no reason for the decision.

**Won't Change Stand**  
WASHINGTON (UPI)—The State Department said Monday the United States had no reason to change its opinion that its copper cloud satellite does not endanger science.

**Tomatoes Squinched**  
TALLAHASSEE (UPI)—Ten thousand dollars worth of tomatoes were lost Monday when a vegetable truck turned over a mile north of here. Driver Troy Ashley, 33, of Anniston, Ala., suffered cuts and a back injury.

**Hearings Slated**  
WASHINGTON (UPI)—The House Committee on Un-American Activities has scheduled public hearings Thursday and Friday on a bill to bar licensing of radio operators who decline to say whether they have been Communists.

**112 Moslems Slain**  
ALGERS, Algeria (UPI)—The office of the commander of French forces in Algeria announced Monday that 112 Moslem rebels were slain during the week beginning Oct. 15. The announcement added that 21 rebels were captured.

**Honorary Degree**  
RUTHERFORD, N. J. (UPI)—William V. S. Tubman, president of Liberia, was awarded an honorary doctor of laws degree by Fairleigh Dickinson University on Monday for his role "as architect of a sensible political cooperation among African states."

## State To Need 900,000 New Jobs

FORT LAUDERDALE (UPI)—Florida will need 900,000 new jobs within the next decade to maintain the state's economic health and stability, Sen. George A.

Smathers, (D-Fla.), said today. The massive Nova Project at Cape Canaveral will be a tremendous help, Smathers said, creating thousands of new jobs as it gives Florida an \$853 million booster shot within the next few years.

Smathers told the Florida Association of County Commissioners the Nova Project alone would generate more economic activity than Florida's entire tourist, agricultural and industrial economy in the year 1938.

"The entire moon shot program is predicted to reach the ultimate figure of \$20 billion by 1967," the senator said.

Smathers, predicting a population of 7.5 million for Florida in

the next census, urged the commissioners to begin planning more recreational and industrial facilities.

### DeLand Man Still On Critical List

A DeLand man is still listed in critical condition today as a result of a two car collision early Monday morning which took the life of an Oviedo man.

Orange Memorial Hospital officials reported that John William McCormick is "still on the critical list" suffering from severe head injuries.

Harley Cox, 33, of Oviedo died Monday night from injuries suffered in the mishap.

Florida Highway Patrol officers are still investigating the cause of the two car smash-up. No charges have been filed as yet.

**Peru Curbs Rioters**  
LIMA, Peru (UPI)—The government early today decreed a 30-day suspension of most civil rights to put a stop to outbreaks of violence like one Monday night in which one person was killed.

## Herald Poll Asks CD Opinions

The Herald is conducting a straw poll to determine just what the people want in the way of Civil Defense.

### Sample Ballot

(All Ballots to Herald Editor)  
(Please answer yes or no)

- 1—Are you willing to pay for a half million dollar Civil Defense program? ( )
- 2—Do you favor a skeleton warning system proposed by Civil Defense Director A. B. Peterson Sr. at a cost of \$16,000? ( )
- 3—Do you favor a full warning system proposed by Peterson at a cost of \$32,000? ( )
- 4—Do you favor not spending one dime more for Civil Defense than the \$4,000 appropriated this year? ( )
- 5—Any other suggestions? ( )

### Mrs. Appleby To Host Coffee Club

Members of the Coffee Club sponsored by the Seminole County Chamber of Commerce will be the guests of Mrs. Harold Appleby at her restaurant in the Vallery Hotel Bldg., 10 a. m. Thursday morning.

In addition to a group of representative business and professional men and women, the leading chiefs of Sanford Naval Air Station and of the squadrons comprising Flotilla One will be introduced to the "Coffeeclubbers."

The half-hour informal get-together on the last Thursday of each month has been instrumental in fostering good will and pleasant public relations and has proven to be one of the most beneficial projects of the Chamber, said John Krider, C. of C. manager.

Mrs. Appleby, as hostess, will probably be greeted by one of the largest groups of coffee drinkers and doughnut dunkers yet assembled, Krider added.

### C Of C Luncheon Set For Capt. Slye

The Chamber of Commerce will sponsor a luncheon honoring Capt. Robert Slye Nov. 10 at noon at the Civic Center.

Capt. Slye is expected to receive a change of orders next month.

The dinner will also honor other Navy officials here for the Ninth annual Bombing Derby during the week.

### \$250,000 Fire

ST. PETERSBURG (UPI)—Damage estimates ranged from \$250,000 to \$300,000 today in a two-hour blaze which destroyed an automobile parts firm and two adjacent stores in the city's downtown section.

### CD Class To Open

Led. A. R. Smith will instruct the first class on proper uses and reading of radiological monitoring equipment for all interested persons in the Lake Mary area and for members of the Volunteer Fire Dept. at 8 p.m. today at the Lake Mary Elementary School.

# Voroshilov Feels Lash

MOSCOW (UPI)—The Kremlin publicly humiliated 80-year-old former Soviet President Kliment Voroshilov Monday for opposing Premier Nikita Khrushchev in the 1957 "anti-party" plot.

## Hospital Notes

OCTOBER 21  
Admissions

William Bailey, Lake Monroe; Emily Fisher, DeBarry; Betty Von Herbolts, Sanford.

Births

Mrs. Robert Von Herbolts of Sanford, a son; Mr. and Mrs. Jack Puckett of Sanford, a girl.

Deaths

James Odum, Arroyo; Carl Schen, Lake Monroe; Mrs. Jack Holden and baby, Lake Helen; Mabel West, DeBarry; Maud Butler, Jesse Atkinson, Francis Yeakey, Minnie Odum, Martin Martin, Mrs. Thomas Beach and baby, Kenneth Murphy and James Smith of Sanford.

OCTOBER 22  
Admissions

Carolyn Kirkman, N. Orlando; Joyce Harper, Longwood; Eva Smith Hicks, Canby Springs; Anna Knight, Ellen B. Vaughn; Marietta Goss, Sarah Cambridge, Barney Beck of Sanford.

Deaths

Mrs. Donald Leffis and baby, Ocala; Aggie Cooper, DeBarry; Willie Walker, Lakeville, Selma Kilgore, John Stokes, Mrs. John Carlton and baby, Brenda Padelard, Charles Babun, Connie Phillips, Charlie Davis, Debra Ann Davis, Lella Thompson, Denise Hilary of Sanford.

Voroshilov to his face Monday for opposing Premier Nikita Khrushchev in the 1957 "anti-party" plot. Time and again the red-faced former army hero tried to interrupt his denunciation by Russian Republic Premier Dmitri Polanski in front of the 5,000 delegates to the 22nd Soviet Communist party congress.

Each time the chairman banged down his gavel, drawing out Voroshilov's words.

Voroshilov, 80, in a pitiful, tearful plea said he was "a victim of the devil's work" and "the devil had misled me" into joining the anti-Khrushchev faction led by former Foreign Minister Georgi Malenkov.

Polanski demanded that the aged former defense minister and ex-president be held fully responsible along with the other members of the now deposed opposition group.

Khrushchev opened the congress last Tuesday by saying Voroshilov had apologized, but he linked Voroshilov with Malenkov, Lazar Kaganovich and Georgi Malenkov in his charge that they took part in the Stalin era's mass repression.

Polanski said Voroshilov apologized only to cover up his responsibility for the bloody purge, especially those in the army.

Voroshilov served as defense commissar in 1936-38 when hundreds of top-ranking officers were arrested and the officer corps was decimated. His own deputy, Marshal Mikhail Tukhachevsky, and other top generals were shot.

Slade Airport

Slade Airport on the Sanford Springs Road will re-open on Nov. 1st, F. E. Slade, owner and manager, announced today.

The airport has been closed since Sept. 1 for repairs of damage caused by alternate heavy rains and drought, which made pot holes appear in the runway strip.

Slade reports that the runway is now in excellent condition, having been filled and smoothed and will accommodate public and commercial air traffic.

## Meeting Brings Out Russian Weaknesses

By PHIL NEWSON  
UPI Foreign News Analyst

Events of the 22nd Communist congress in Moscow have disclosed important, although not necessarily fatal, weaknesses in the house Nikita Khrushchev is attempting to build.

The weaknesses are both economic and political.

On the political side was his attack on Albania for that little country's continued adherence to the "Stalinist cult" first denounced by Khrushchev at the party's 20th congress in 1956.

The depth of the split was emphasized by the fact that no Albanian representative is attending the current congress.

Khrushchev's attack in effect was an invitation for the removal of Gen. Enver Hoxha as Albania's strongman.

Accompanying it also have been rumors that Albania already has been read out of the Warsaw Pact nations, the Russian and satellite counterpart of NATO.

When Chou took the stand, he not only listed Albania among Red China's friends but also demonstrated with Khrushchev for washing the party's dirty linen in public.

In a harsh attack against the United States, he also in effect once more renounced the co-existence theme.

Also, despite rosy promises of a future still 20 years away for the Soviet people, Khrushchev admitted failure in certain areas of his program.

He admitted continuing meat shortages, a confession that agricultural results have been disappointing. His announcement that new investments would be delayed a year indicated severe strains on the Soviet economy.

## Tiger Tales

By LEON L. HIGGINBOTHAM

The Operational Readiness Inspection—a red letter day for Heavy Attack Squadron One. Preparations had been made throughout the night and as eight bells were rung this morning three of our sweep wing A-1H "Skywarriors" were launched from the flight deck to complete a Left Bombing mission on the target at El Adem in Libya.

The desert in Libya was literally turned into a dust bowl in the immediate vicinity of the target by the "Tigers" Heavy Attack Squadron One as the day wore on.

Our pinpoint bombing had been magnificent and the points and credits were mounting up. Then at 1700 on to Naples, Italy and the Radar Bombing Scoring Site. Here again the results were wonderful to behold, and the scores would be the envy of any Heavy Attack crew.

The efficiency score, how many missions were scheduled and how many were flown, has come up to the maximum. Every sortie completed the assigned mission and again our Maintenance crew has done an outstanding job.

It's 2300 and the last A-1H is aboard and being tied down for the night, an aircraft carrier is at its loneliest when it isn't conducting flight operations, a great silent, black-out shape in the night.

Only sixty-seven more days until we can be with our loved ones and tell heroic sea stories and lesser stories of strange ports and long and tedious operations. We're still not seen too much mail.

Shortly after the dogs went out "on the bat" Saturday night, some one tossed a brick into a jewelry store window and lifted 14 diamonds, worth \$5,000.

Officers spotted footprints on the courthouse lawn and found the missing rings buried there. The dogs and their handlers were staked out to see if the thief would come back for his loot.

Sunday night they saw a man creep across the lawn and start digging.

Out charged the dogs and off ran the man, leaving his shoes behind. The dogs whuffed the shoes and a few moments later tracked down Raymond Dossett, 21, who admitted the burglary, according to police.

U. S. Accused In Death Of Cuban

HAVANA (UPI)—The government press including the Communist daily Hoy has accused the United States of the "vile assassination" of a Cuban worker employed on the Guantanamo naval base.

Apparently inspired dispatches said the body of Ruben Lopez Sabariego, 48, had been turned over to U. S. Navy authorities by his widow with the explanation he had been found dead within the base.

Actually, according to the government newspapers, Lopez was "killed inside the base after suffering tortures, vexations and abuse."

Efforts to reach the base were not immediately successful.

## World Fallout Fears Multiplied By Blast

United Press International  
Soviet detonation of history's biggest nuclear explosion today touched off angry demonstrations in fallout-threatened Europe.

A Japanese newspaper called the blast a "crime against mankind." Youthful a Molotov-cocktail incendiary at a Soviet trade office in Rome. Police in Oslo and Copenhagen broke up "marches on the Soviet Embassy" by angry young men.

Editorial reaction was swift and savage. Newspapers around the world denounced Soviet tactics of terror and accused the Kremlin of poisoning the atmosphere with deadly radioactivity.

The UN General Assembly dabbled with efforts to lock the stable door despite general belief the blast had been stolen.

London Daily Herald described the Soviet test as "an act of terrorism which will arouse loathing throughout the earth."

Japanese newspapers accused Khrushchev of "megatomania" and assailed the "frivolity" of his announcement that Russia has a 100-megaton bomb which it will not set off "because it might blow in our windows."

"It is absolutely intolerable that these hellish blasts should be set off with such frivolous thoughts," said the Tokyo Asahi. "Even if the intention is to threaten his opponents, he seems to be completely unconscious of the crime that is being committed against mankind."

The Premier of Sweden and Denmark deplored the explosion, and the Norwegian Parliament adopted a strong protest resolution.

The London Daily Telegraph accused Khrushchev of using "plain, crude terror" against "the world at large."

Paris Jour demanded that Russia "stop this diabolical game that risks the destruction of the planet."

The Swedish newspaper Dagens Nyheter said the big blast may produce "fatalism and an indignation that will make the world immune to further nuclear blackmail."

He took particular exception to statements made Saturday at Hot Springs, Va., by Deputy Secretary of Defense Roswell L. Gilpatrick.

The Gilpatrick statement, cleared by President Kennedy and Secretary of State Dean Rusk, said "the total number of our nuclear delivery vehicles, tactical as well as strategic, is in the tens of thousands."

"The statement... is misleading," DeSeversky said in an interview. "It is obviously made either through ignorance or with the deliberate, though perhaps well-meaning intent of allaying the anxiety of the American people."

"In either case, such statements are extremely harmful, since they engender a false sense of security."

**SEMINOLE HIGH KIDS** celebrated the extra day off from school last week with a gay round of parties, with some of the most flexible guest lists ever heard of.

Louise Higginbotham was hostess at her Pinecrest home to a Turnabout party, featuring a delicious supper of "southern-fried, finger-lickin' good" chicken, served on the patio, to the accompaniment of Robert Murrie's record-player. The patio was enhanced by the lovely golden blooms of a cassia tree, with its shower of flowers.

After enjoying the supper of chicken, French bread, green beans, potato salad, assorted relishes, cake, brownies and iced tea, provided by the girls, the boys treated them to a movie, after which the group returned to the Higginbotham home for music, dancing and games.

Invited guests included John Boniface, Ceni Wheatland, Mike Champion, Linda Williams, Bobbie Johnson, Linda Mills, Chuck Meeks, Gwen Champion, Chip Crawford, Diane Beasley, Butch Riser, Judy Buntin, Wayne Epps, Pam Jones, Jim Westlund, Brenda Brown, Robert Murrie, Bobby June Berry, Sonny Barley, Susan McCall and Jack Ivey.

**MYSTERY** of the week? Who fuled a well-known football player's blue car full of crumpled up newspapers Thursday night?

**SLUMBER PARTIES** were the thing and Ceni Wheatland had a combination slumber - surprise - birthday party at her Lake Monroe home, honoring Judy Ogden on her 15th birthday.

Judy received lots of gay gag gifts, and the girls and numerous "other guests" enjoyed refreshments of donuts, cake, cookies, sandwiches, soft drinks, hot chocolate and coffee.

A pleasant feature of the party was the vocal and instrumental harmonizing by the group, most of whom are members of the Glee Club, to the accompaniment of Stan Vihlen's piano, Jack Ivey's guitar and Ricky Gleason's bongos.

Invited guests included Myra Meeks, Robbie Blake, Bonnie Caolo, Donna Beard, Jill West, Ann Mahan, Shirley Vihlen, Susie Halback, Linda Kriz, Gwen Champion, Brenda Brown, Norma Whitte, Marilyn Hunt, Nancy Sikes, Peggy Greer, Louise Higginbotham, Judy Ogden, Ceni and Jeri Wheatland.

**OVER ON MELLONVILLE**, Anne Crapps was hostess at her home to a large group of girls, who "did the hully-gully all night," according to reports, and they replenished their energy periodically with an assortment of delicious snacks. These included donuts and milk, potato chips, sandwiches, cakes, peanuts, fritos, olives and pickles and later on, breakfast.

Dancing, singing and doing everything BUT slumbering were Debbie Scott, Bonnie Gielow, Sharon Riser, Carol Sue Higginbotham, Jean Robson, Merritt Phillips, Alison Blake, Pat White, Vida Sue Smith, Jo Ann Zeigler, Rose Kratzert, Mary Helen Washburn, Debra Horner, Loretta Fore, Mary Lilaeki, Regina Clark, Ann Schumacher, Linda Echols, Frankie Ballard, Linda Williams, Diane Beasley, Susan McCall, Judy Buntin and Cheryl Chandler.

Adding to the fun were periodic visits by other callers during the evening who livened things up with their presence, some of whom made it a "progressive party" by "dropping in" at all the parties all around town.

A DISPATCH FROM OVERSEAS Field Director of the American Red Cross told Mrs. Merle Tredway of 2645 Elm Ave. in Sanford of the birth of twin grandsons Tracy T. and Jeffrey G., identical twins, born Oct. 7 at 3 a.m. and 3:38 a.m. at the Seoul Military Hospital in Korea.

The healthy little boys weighed 4 pounds 10 1/2 ounces and 4 pounds nine ounces, and are reported to be "doing fine."

Their mother, the former Barbara Lee Tredway, is the daughter of Mrs. Merle Tredway and the sister of Mrs. Rita Smith and Mrs. Loretta Campbell of Sanford and of Mrs. Galen Tredway of Osteen.

The Hunday twins were the second set of twins ever born in the Seoul Military Hospital, and the first set, twin girls, born to an American service man with a Korean wife, were born just the day before the Hunday babies put in their appearance.

## Luncheon Meeting Enjoyed By Club Department

Members of the American Home Department of the Sanford Woman's Club held the first luncheon meeting of the season at the "House of Tiki." Hostesses were Mrs. Douglas Stenstrom and Mrs. W. H. Stemper. They were dressed in Polynesian attire and greeted members and guests at the door. Everyone was given a Hawaiian lei to wear during the luncheon.

Mrs. John K. White, department chairman, introduced Mrs. Donald Haynes as a guest. Mrs. J. P. Wilson, program chairman, presented Mrs. Gordon Sweeney, guest speaker, who gave an informative talk on "Do's and Don'ts of Entertaining."

Mrs. Sweeney stated that we are being too informal in our entertaining. She said, "When we invite guests, we should make the evening something special." She suggested trying different recipes from all parts of the country and carrying out a special theme for the evening.

According to the speaker, "the most important part of entertaining is adding to the pleasure of other people and doing something special just for them." She also spoke to the group about the different types of glassware and their uses.

During the business meeting it was decided to enter a float in the Christmas parade and to enter Mrs. Pete Bukur's eight month old baby in the baby contest being sponsored by the Zeta Xi Chapter of Beta Sigma Phi, sorority.

## Enterprise

### Personals

Mr. and Mrs. Leonard Hartwell and children accompanied his sister and family of Deland to their home in Matoaka, W. Va. They were called there due to the illness of Mr. Hartwell's father.

Mrs. Fred Foster left Saturday for Gresham, La., to be with her daughter who will undergo surgery this week.

Mrs. Ralph Coulette was guest of honor Saturday at a surprise shower given by her neighbors in the north end of town. The group met at the home of Mrs. Cecil Sellers.

## Eight New Members Welcomed At Hospital Auxiliary Luncheon

Sixty-three members of the Women's Auxiliary of the Seminole Memorial Hospital met at the Tiki House, in Winter Park, for the general business meeting and luncheon.

Eight new members were welcomed to the group. They were Mrs. Richard Hort, of DeBary and Mrs. N. E. Reed, Mrs. William Foster, Mrs. W. C. Bergstedt, Mrs. J. N. Tully, Mrs. A. N. Richard, Mrs. A. Fitts and Mrs. D. C. Harper, all of Sanford.

It was reported that 274 "Pinkies" (puppets) had been given to children patients at the hospital this year. A short period of silence was observed, in memory of Mrs. J. E. Nichols, a member who died recently.

Mrs. C. E. Butler and Mrs. W. I. Crabtree were elected to represent the auxiliary at the state convention in Jacksonville, Nov. 18 and 19. The treasurer reported that \$1,080.76 was netted from the recent auxiliary benefit show.

The nominating committee presented the following slate of officers: Mrs. C. E. Butler, president; Mrs. W. I. Crabtree, first vice president; Mrs. Reuel Robinson, second vice president; Mrs. Mildred Gramkow, recording secretary; Mrs. L. A. Anderson, corresponding secretary; Mrs. Chester Bearick, treasurer, and directors at large, Mrs. J. C. Buntin, Mrs. T. B. Broome and Mrs. Al Hunt.

Election of new officers will be held at the next general business luncheon meeting, scheduled for January.

### BONE UP

If you want to give a favorite bulky sweater a special look, remove the present buttons and replace them with bone buttons. Expensive, it's true, but you can use them on fashion after fashion.

## Golden Key Installation Ceremony Held For Homemakers Class Officers

**NEW OFFICERS** of the Homemakers Sunday School Class of First Baptist Church, who were installed at the first meeting of the season are left to right, (seated) Mrs. H. E. Long, vice president; Mrs. Charles L. Park Sr., teacher; Mrs. W. W. Horne, president; and Mrs. A. L. Thomas, prayer chairman. Standing, Mrs. W. M. Tripp, treasurer; Mrs. Joe Routh, secretary; Mrs. J. L. Hobby, sunshine chairman and Mrs. R. A. Cohen, courtesy chairman. (Herald Photo)

Newly elected officers of the Homemakers Sunday School Class of the First Baptist Church were installed in an elaborate "Golden Key" ceremony, at the first meeting of the church year.

The group met at the home of Mrs. W. W. Horne on Valencia Ave., with Mrs. A. L. Thomas serving as co-hostess.

Installing officer was Mrs. W. P. Brooks Jr. Each officer and the teacher were presented a golden key and charged with their respective duties and responsibilities.

Mrs. Charles Park Sr. received the key of spiritualization; Mrs. W. W. Horne, president, the administration key; Mrs. H. E. Long, vice president, the standardization key; Mrs. A. L. Thomas, secretary, the key of information and obligation, and Mrs. W. M. Tripp, treasurer, the key of accounting. Committee chairmen are Mrs. R. A. Cohen, courtesy; Mrs. J. L. Hobby, sunshine; Mrs. A. L. Thomas, prayer; Mrs. J. A. Fuller, publicity; Mrs. Evelyn Crabtree, group chairman; and Mrs. Sherwood Harbour, devotional chairman.

All other class members present were appointed "Followers" and presented golden keys of opportunity for faithfulness and service. These included Mrs. H. E. McSwain, Mrs. Fred Yeakle, Mrs. H. H. Fortner, Mrs. Jim Spencer, Mrs. Joseph Mathieux, Mrs. N. C. Booth, Mrs. Frances Harrington, Mrs. Elizabeth Allred and Mrs. Clyde Humphrey.

Following the installation, the group enjoyed a reading from the Royal Service magazine entitled, "You are a part of a great worldwide organization for women."

During the social hour, refreshments of pumpkin pie with whipped cream, coffee, nuts and assorted candies were served by the hostesses.

Don't act insulted if a business firm refuses to take your personal check. They have their reasons.

## Pilots To Observe Founder's Day

The Pilots of Sanford will attend the First Baptist Church in a body Oct. 29, in observance of "Founder's Day." The Pilot Club is an organization of business and professional women and since Oct. 18, 1921 when the first club was organized in Macon Ga., it has grown to over 438 clubs located in the United States, Canada, England, Bermuda, France, Hawaii, and Japan with a membership of over 13,000 members. Students from other countries are being educated on Pilot Club International Funds. The name Pilot means "Leader and Guide."

The local club was organized in 1940. The members participate in

all civic projects. A few of their service projects are: furnishing and maintaining a room in the Seminole Memorial Hospital, sending a girl to Girl's State each year, serving as senior hostesses at the local USO each month, and the Easter Seal drive for crippled children.

The main project is the milk bank which supplies either fresh, canned or dried milk to cases both white and colored that have been investigated and approved by a committee.

Each new member is presented with a copy of the "Code of Ethics," when she joins the club. It is used impressively at Pilot meetings and is given only by Pilots. This is one of the many worthwhile things written in it. "To live in the presence of the Great Eternal laws, which will keep us patient when the task seems irksome and calm and unspoiled when we seem to succeed." Because of the atmosphere created by its depth and sincerity, Pilots do not applaud when it is given.

The Pilot motto is: "True Course Ever," and its colors are green and gold. The green represents life and vigor, the gold sincerity and purpose.

### WASH AWAY GERMS

It's wise to shampoo your hair if you've been trying on hats that others have tried on before you.

## Osteen

### Personals

Dan Juras of Jacksonville spent last weekend with his brother, John Juras and family.

Mrs. Nick Pfeiffert entertained a group of friends at a demonstration party, Tuesday afternoon. Those attending were Mrs. Frank George, Mrs. Joe Masters, Mrs. Robert Williams, Mrs. Otto McDaniels and Mrs. Clarence Snyder.

## Enterprise Women To Sew For Indian Mission

A group of the Enterprise Episcopal Churchwomen met at the Parish House, for an all day sewing bee. This was the first session of this kind and the women have decided to meet once a month and sew for the Indian Mission in North Dakota.

Each person will bring a sandwich and they will take turns in furnishing tea or coffee for the day.

## Catholic Club

### Executive Board

### To Meet Thursday

Officers and standing committee chairman of the All Souls Catholic Women's Club will hold an executive board meeting, this Thursday, in the Parish Annex, immediately after Novena Services.

All officers and chairmen are urged to attend, as plans will be completed for the "League of Nations" night, scheduled for Monday, Nov. 6, which is the next general meeting of the club.

## Church Calendar

### WEDNESDAY

First Baptist Church Training Union supper and council meeting, 6 p.m. Prayer meeting at 7:30. First Presbyterian Senior High Choir supper and midweek service, 6 to 7:30 p.m.

## '62 CORVAIR MONZA

### NEW FACE, SAME SPORTING HEART

We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not.

Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The air-cooled rear engine sees to that. You swing around curves flat as you please. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes.

Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and out. Nice. And safety-belt installation is easier, too, and cheaper.

So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

A New World of Worth

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?

See the '62 Corvair and Corvette at your local authorized Chevrolet dealer's

## Education Bill

Well-advised is the forecast that this country's college enrollment will nearly double, to reach a total of six million, by 1970. Handling this immense growth poses down, like so many present problems, to the question of where we get the money.

The U. S. Office of Education estimates that to keep with this expansion and maintain adequate schooling standards we will need to spend \$19 billion by 1970 for new academic facilities alone.

This leaves out of account the cost of necessary new college housing, as well as scholarships and other aids to students.

The \$19 billion estimated for physical plant would be two and a half times the sum spent for such purposes in the 1950s. "Getting it up" obviously will be a huge order.

Office of Education studies of present and past money sources suggest that \$12.5 billion of the total could be run up from state and local appropriations, direct taxes, non-federal bonds, gifts and grants. The other \$6.5 billion would have to be dug up elsewhere.

On the U. S. Senate calendar and due for early 1962 action is a college facility loan bill which would authorize \$300 million of federal money for construction loans the first year, with the total that could be thus obligated rising each year by another \$300 million, until after five years a maximum of \$1.5 billion was fixed.

Senate Labor Committee specialists think chances of Senate passage are strong, since the committee approval was overwhelming. But final congressional adoption is rated doubtful.

The House, which barred the way to approval of a general federal aid bill for public elementary and high schools, is evidently prepared to maintain a similar roadblock at college levels. A bill much like the Senate proposal won basic committee endorsement in the House, but has since been bottled up by the Rules Committee.

Advocates of federal aid for schools at any and all levels hardly will be taking much heart from the 1961 history of aid legislation.

Whether other new sources of money can be found in the next decade is an open question. Some surveys indicate that the total new construction bill might be held within limits a good deal short of \$19 billion if existing and projected college facilities were put to more complete and efficient use than is commonly the case.

It should be clear, however, that we cannot—without some peril to our future—shave costs to the extent that we either deprive some eligible young people of their chance for college learning or put them on a skimpy, inadequate educational diet.

There is a price for the excellence we want and need in our citizens and leaders, and we must be willing to pay it.

### Dr. Crane's

## Worry Clinic

CASE K-22: Roger B., aged 31, has been married only one year. "Dr. Crane, he has only one real fault," his new bride informed me, "but it is driving me crazy."

"Roger married me and that was me. I nudge him gently with my elbow and he rolls over on his side. Then he stops the snoring."

"But I barely get to sleep again before he is lying on his back once more and snoring the night with those awful noises."

"He sounds just like those saws they use at a lumber yard. And I lose so much sleep that I am irritable and jittery next morning."

"He says I have 'coffee nerves' but I have quit coffee and still I am upset. So I know it is all due to his snoring. How can I break him of this habit?"

Dr. Morris Fishbein has estimated that there are 19,000,000 snorers in this country. Unfortunately, this affliction doesn't bother its victims.

No street it's the other occupant

of the bedroom who suffers. So there must be close to 19,000,000 innocent victims like Roger's wife.

Our great psychologist, Dr. Donald A. Ladd, once measured the noise that snoring produces and found that it went as high as 40 decibels, which equals the racket in a busy street or noisy office.

Snoring usually occurs when a person sleeps on his back with his mouth partly open. It is produced primarily by the flutter of the soft palate.

Since the lower jaw tends to sag and then pull the lips apart, you can often check the snoring by wearing an elastic mask. Even a rubber strip, as from an old inner tube, may serve as a makeshift device to solve the problem.

Department stores now sell special masks which will help hold the snorer's chin in place.

And to prevent the patient's sleeping on his back, they sell a rubber ball which has a whistle inside. This is fastened to the back of his pajamas.

### Evolution of a Mushroom Cloud

Ray Cromley

## Political Notebook

WASHINGTON —(NEA) — It is little known, but the Communist party U.S.A. is making every effort to have its leaders speak before college groups throughout the United States. That effort is making some headway.

On Feb. 3, 1961, Carl Winter, midwest director of the Communist party, spoke before nearly 200 students at the University of Iowa, Iowa City. His lecture on Communist aims was sponsored by the Socialist Discussion Club.

On Feb. 18, 1961, Herbert Aptheker, editor of "Political Affairs," monthly theoretical organ of the Communist party U.S.A., gave a talk in the North Hall common room at Antioch College, Yellow Springs, Ohio. His talk on "The Roots of Negro Oppression—A Marxist Analysis" was sponsored by the Socialist Discussion Club.

Aptheker told his audience that the struggle against Negro oppression is a struggle against the basic nature of monopolistic capitalism.

On March 8, 1961, Anthony Krumboltz, Ohio Communist party marcher, spoke at a meeting at Antioch College. He distributed a quantity of Communist literature.

On March 28, 1961, Elizabeth Gurley Flynn, national chairman of the Communist party U.S.A., spoke to about 30 students at the Reed College Focus Club in Portland, Ore. Her subject: "The Communist Party and the Cold War."

On April 17, 1961, Daniel Rubin, editor of the Communist-sponsored magazine "New Horizons for Youth" spoke before the Social Discussion Club at the Iowa Memorial Union of the University of Iowa.

On April 25, 1961, James E. Jackson, editor of "The Worker," addressed the Marxist Discussion Club at Queens College, Queens, N. Y.

On April 27, 1961, James E. Jackson appeared before the Marxist Discussion Club of the College of New York.

On May 4, 1961, Ben Davis, national secretary of the Communist party U.S.A., spoke before 100 students of the City College of New York. At the invitation of the Marxist Study Group he spoke on "The Negro Liberation Movement in the United States." After the formal meeting, Davis remained for 30 minutes answering questions.

On May 18, 1961, one-fourth of the 900 students of North Central College, Naperville, Ill., met at the college theater to hear Sam Kushner, midwest editor of the "Worker," speak on communism. Kushner was invited by the student council. He spoke for 12 minutes, answered questions for 40 minutes. The crowd was so large that it was necessary to shift the meeting from a 75-student-capacity hall to the theater.

On May 17, 1961, Herbert Aptheker appeared before a meeting of the Political Science Club of

Monmouth College, West Long Branch, N. J. Aptheker spoke for about 45 minutes. The meeting was held in a private home in Monmouth Beach, N. J.

On July 22, 1961 a group of 125 students and young people attended a meeting in Berkeley, Calif., sponsored by SLATE, a student group at the University of California. The speaker was Herbert Aptheker, who was titled a "Communist historian."

The SLATE student group had shortly before been ordered off the university campus.

### Patient May Have Started Blaze

HONAKER, Va. (UPI)—A medical examiner said that a former mental patient may have started a house fire last week in which she and her four children perished.

Dr. Harry P. Browning said there are indications the three daughters and son of Mrs. Colleen Cline had fractured skulls.

Browning said Mrs. Cline "had been quite disturbed recently from what I have learned." He said she had been treated at a mental hospital in Radford, Va.

"I am assuming it was arson until shown otherwise," he said. The bodies of Mrs. Cline and her children, Sherry, 14, Susie and Jack, 11-year-old twins, and Diane, 8, were discovered early Thursday in the burned-out bedrooms of the house. The father, Jack Cline, 36, was at work at the time in a coal mine.

Browning said he had learned that Cline, who moved here with his family in July, had been seeking a woman to stay with the children at night while he worked.

Fire Chief J. B. Harris said the bodies were badly burned and the children could be identified only according to their sizes.

## Dear Abby:

By Abigail Van Buren

DEAR ABBY: I was faithfully married to a man for 13 years. I did not look at another man because I was satisfied with him. The feeling was mutual. Then a pretty young redhead started to work in his office. She threw herself at him, and he fell for her. Now he says he can't give her up, but he still loves me, too. In other words, he wants both of us. My world has fallen apart. I can't give him up, either. This has gone on for almost twelve months. What is the solution?

OLD FAITHFUL

DEAR OLD FAITHFUL: I am sure you have heard the fable about the donkey that starved to death, while standing between two haystacks, because he couldn't make up his mind which one to eat. Move your haystack, Lady, and the donkey won't have such a tough time making a decision.

DEAR ABBY: I certainly do agree with that person who wrote in to say she was disgusted with the way the merchants are rushing the seasons. In July I couldn't find a decent summer dress to save my neck. Once, when I tried to buy overalls in March, the clerks looked at me like I was crazy. There was snow three feet deep outside and they were showing "summer sandals." They start in with the

Christmas decorations so early that they have pushed Thanksgiving right off the calendar. Where is everyone rushing to? MAD IN MINNEAPOLIS

DEAR ABBY: We have a problem with our mother. She smokes all the time. She tells us how bad cigarettes are for our health, but she lights one after the other, and coughs and smokes and smokes and coughs. She is not very careful, either. Almost every chair and table has little burns in it where she put down her cigarettes and forgot it. We love our mother very much and don't want her to hurt her health. It says in the Bible that you should honor your mother. So how can we tell her?

THE TWINS (age 10)

DEAR TWINS: Tell your mother that you love her very much, and want to keep her a long, long time. So would she please try hard to quit smoking. This is one way truly to "honor" her.

Everyone has a problem. What's yours? For a personal reply, write to Abby in care of this paper. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3845, Beverly Hills, Calif.

## We The Women:

By Ruth Millet

If any of us housewives are brave enough to set aside a little time each week for "loafing"—the way a sociologist says we should in order to gain a "fuller realization and more intense savoring of life"—we'll have to do it on the q.

We certainly wouldn't dare to come right out and admit that we couldn't bake cookies for a bake sale, or attend a P-TA meeting, or fail to meet any other demand on our time because it would interfere with our "loafing" time.

Can't you just hear yourself explaining to a clubwoman that you can't serve as chairman of a committee because you've decided that you have to have some time to "savor life"?

The good woman would tell ev-

eryone she was afraid you were cracking up.

No, we American housewives can't do any loafing as such. It would definitely mark us as odd to prefer loafing to busy-work.

In fact, we can't do much of anything alone. It is so much more acceptable for a woman to belong to

—A book review club than to read; —a garden club than work in her yard; —a sewing club than to sew; —a discussion group than to study what she wants to know.

And can you imagine any modern housewife saying, "I have plenty of time for myself; plenty of time to loaf and enjoy life?" Of course not.

Any woman who can't mean that she is being run ragged, that she will never catch up with all the things she has to do, that she

never has a free minute to call her own, would immediately be suspect.

The whole idea today is to keep busy, to keep eternally on the go, to belong to as many groups as possible.

If we want a little time for loafing we'll have to form a new club. Maybe if we called it the D.N., nobody outside the charmed circle would realize we weren't noble busybodies, but just a bunch dedicated to doing nothing—and that on meeting day we all stayed home to loaf.

If you have a teenage daughter, you'll want to read Ruth Millet's new booklet, "Tips on Teenagers." Mail 25 cents to Ruth Millet Reader Service, c/o Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

## Paris Jails Scores Of Algerian Women

PARIS (UPI)—Police in bullet-proof jackets have arrested hundreds of slogan-screaming Algerian women trying to demonstrate in the heart of downtown Paris.

The arrests came in the wake of a police communique warning that the Algerian National Liberation Front (FLN) was preparing to use Muslim women and children as "living shields" for new demonstrations.

Five persons have been killed and more than 150 injured in wild rioting in Paris last week by Algerians who have been protesting the government's demand that they stay off the streets after 8 p. m.

More than 13,000 Algerians have been arrested since the violence started last week. Most have been freed, but at least 1,300 are being deported to Algeria.

The Sahli Indians of northwestern United States are more popularly known as the Flatheads.

the side that is death speeds.

When the strength is evenly divided the side with speed can either play the contract at some convenient level or force the competition even higher.

In particular, in third seat you should open the bidding quite light if you have that lovely spade suit, and South's opening bid is in this class. He does not know where he is going, but if worst comes to worst he will have indicated the correct lead.

When South opened he was not looking for game and planned to pass, whatever the response. North realized that this might be the case so he jumped right to four spades. South was stuck with a game contract, but he had no trouble making it. Two leads pulled trump once he got in and all he lost were two clubs and a diamond.

East and West held as many high card points as North and South and could have defended at heart, but they would have had to go five and if North and South led diamonds early they would beat the hand three tricks.

## Thinking about investing?

Many people on the "threshold" of investing hesitate... because they are not sure where or how to begin, or they feel they need a lot of money. There's no mystery. An Allyn Registered Representative will be happy to help you begin an investment program geared to your needs and pocket book. Send for a copy of "Does It Make Sense For Me to Buy Stocks?"—a basic guide to investing. No obligation... part of the complete Allyn service to investors and prospective investors. Send coupon.

## Moore Floors Boxer Eight Times In Fight

BALTIMORE (UPI) — Archie Moore, the ancient but explosive light heavyweight champion who floored big Pete Rademacher eight times for a sixth-round technical knockout, looked toward Montreal today for another title bout.

Pump Archie, who admits to 24 years, extended his all-time knockout record to 132 Monday night before 3,881 wildly cheering fans at the Coliseum and says he now craves a fight with Montreal's Robert Cleroux, Canadian heavy-weight champion.

Moore of San Diego, Calif., plans to fly to Montreal Wednesday to complete negotiations for the Cleroux fight.

## Contractors Still In 1st In Loop

LeRoy Benton's Contractors took three points from the Park Ave. Pharmacy crew last week to retain their lead in the Tuesday Night Businessmen's loop.

They now have a 17-7 won and lost record. All alone in second place this week is Owen's Gulf, just two games back of the pace-setters with a record of 15-9. Third place is less secure as Davis Builders, Town Pump and Wally's Phillips "08" all show a total of 14 wins and 10 losses, with the Builders ahead on the basis of total pla fall.

Automobile No. One who have held down the bottom rung of the ladder throughout the campaign thus far showed signs of changing their status as they topped Seminole Sporting Goods in the first game of their set-to, but the Sportsmen from the corner of 23th and Sanford redoubled their efforts and topped the North American crew the rest of the way to leave them firmly entrenched in the cellar.

In the individual effort department, only two bowlers were able to solve the new pins for games of 200 or better. Richard Barnes managed a 300-340 and Richard Luckerman a 303-238. Those topping 300 without a 200 game included: Wallis, Schob, Davis, Carsley, Betts, Anderson, Von Herbulis, Proctor, Gerald Behrens and Spelaki.

Young Sammy Lindstrom led the split shakers as he mastered the 3-10 three times. Others making spares the hard way were Ed Michalek, the 4-9 and 3-10, which was also topped by Robinson, Schob and Martin. Don Dorman made the 3-7-9, Jim Shipman the 5-7, Bob Latta the 4-5-7 and Al Lyon the 8-10.

## Maris Voted Top Baseball Story

NEW YORK (UPI) — The United Press International's board of baseball experts voted unanimously today that New York Yankee slugger Roger Maris' home run feats constituted the No. 1 story of the 1961 major league season.

Maris' assault on Babe Ruth's 31-year-old mark of 60 and his ultimate feat of setting a new record of 61 homers for a 162-game season were chosen as No. 1 by all 36 experts who participated in the voting.

The Cincinnati Reds' National League pennant victory ranked second in the voting with 44 points and Warren Spahn's attainment of 300 victories for his career was third with 37 points.

The firing of Frank Lane as Kansas City General Manager was fourth in the voting with 12 points and the unexpected showings of the new Los Angeles Angels and Washington Senators in the expanded American League was fifth with 11 points.

## Liston Bout Okay

CHICAGO (UPI) — The Illinois Boxing Commission has approved a four-round exhibition bout between Sonny Liston and Illinois heavyweight champion Ernest Terrell at the amphitheatre Nov. 6. The fight will mark Liston's first ring appearance since his suspension was lifted by the Pennsylvania commission.

## Coach Recalled

WASHINGTON (UPI) — Bobby Collins, backfield coach at George Washington University, has been recalled to active duty by the Army. Collins is a former Mississippi State quarterback who has also coached at his alma mater and Colorado State.

## HEADED FOR STARDOM - - By Alan Meyer

ROMAN GABRIEL, SEATTLE'S STAR PITCHER, IS HAVING HIS FINAL COLLEGIATE FLING THIS SEASON. WITH ANOTHER ALL-AMERICA BERTH AS ONE OF HIS TARGETS.

By United Press International

Seattle's star pitcher, Roman Gabriel, is having his final collegiate fling this season. With another All-American berth as one of his targets.

Gabriel, 19, is a right-handed pitcher who has been named All-American pitcher in 1960 and 1961. He is currently a member of the University of Washington's baseball team.

## Injuries Still Plague SEC; Hoover Still Out

By United Press International

Southwestern Conference football teams totted up their injuries and got back to work Monday after the weekend's bruising round of games.

The Georgia Bulldogs learned they will be without the services of center linebacker Allen Hausa for at least three weeks and possibly for the rest of the season. Hausa suffered a twisted knee in the Bulldog victory over Mississippi State.

Alabama Coach Paul Bryant said halfback Ray Abruzzese may miss the Houston game because of a foot injury suffered in the win over Tennessee.

Kentucky quarterback Elmer Jackson, who suffered a sprained ankle in the Wildcat loss to Louisiana State, probably will miss the Georgia game.

Florida halfback Bob Hoover, injured last week in a motorcycle accident, was counted out of the LSU game. Coach Ray Graves said Bruce Sterling, who played in Hoover's place Saturday, also will be sidelined. Sterling suffered a leg injury in the Gator win over Vanderbilt.

Mississippi State quarterback Charlie Furlow will miss the Memphis State game. Furlow, who will be replaced by John Corriere, suffered a shoulder injury.

Most conference teams held light drills but Tennessee ran through a full-speed defensive scrimmage. Coach Bowden Wyatt, obviously displeased with the Vol's defensive performance against Alabama, worked his team long and hard.

**Fishing Club Set**

A DeBary Fishing Club will be organized at a meeting in the DeBary Fire House at 7:30 p. m. Wednesday. All persons interested in joining such a club are urged to attend the open meeting and bring another fisherman.

**Hawks Call Hillman**

CHICAGO (UPI) — Defenseman Wayne Hillman has been called up by the Chicago Black Hawks from their Buffalo farm team in the American Hockey League to replace the injured Pierre Pilote.

The Hawks said that Pilote, who suffered a shoulder separation in Sunday night's National Hockey League game with Montreal, would be out four to five weeks.

## Jayvees Shoot For Record

By PETE LEVEQUE

Herald Sports Editor

The undefeated Seminole High Junior Varsity Seminoles will attempt to break the existing Seminole High Junior Varsity scoring record this week when the Seminole "B" Squad plays their fifth and final game of the season against the Lakeview Red Devils here in Sanford.

In a total of four games this season, the Junior Varsity Seminoles have amassed an impressive total of 114 points against a total of 19 for their opponents. The "B" Squad's scoring average per game to date is 28.4 points compared to an average of the points opponents have scored against them per game of 4.75.

The present Seminole Junior Varsity total point scoring record for a season of 148 points is held by last year's "B" Squad. To better the scoring record of last year, the Junior Varsity will have to score a minimum of 35 points in the Seminoles "B" Squad gridiron clash with the Lakeview Junior Varsity on Wednesday.

The largest number of points scored in one game this season by the Junior Varsity was 37. The game was the "B" Squad's opener of the season as the Seminoles clobbered the Junior Varsity Sandhogs 37-4 to start the Sanford Junior Varsity on their undefeated trek to victory.

In the last two football contests of the last few weeks, the Junior Varsity Seminoles have made clean sweeps leaving their opponents scoreless. The Titusville 26-0 trample of the Seminoles "B" Squad was their first opponent scoreless win. Last week's Seminole 33-0 smash of the Deland Bulldogs gave the Junior Varsity its largest point margin for any game of the season.

The Seminole Junior Varsity did not play the Lakeview Junior Varsity in last year's gridiron schedule. However, the Red Devils this year are expected to give the Seminoles "B" Squad quite a battle in the undefeated Seminoles' last game of the season. Junior Varsity teams as a rule receive no attention from rating organizations and Junior Varsity Coaches rarely scout "B" Squad teams. The only standard judgment drawn on a Junior Varsity team

is how the team fares in the actual games.

One of the factors which will determine whether the Seminole Junior Varsity team of the 1961 football season ends its schedule undefeated and with a great record as it has piled up to date, lies with the outstanding Seminole Junior Varsity backfield.

The superlative "B" Squad backfield players of the season are fullback Jack Caolo; right halfback Lloyd Freeman; left halfback Jim Westlund; and star quarterback Billy Lovelace. These Junior Varsity players have set quite a number of records for themselves and their team in

yardage gained, points scored, and general all-around playing performance.

Fullback Jack Caolo in the devastating 26-0 Seminole defeat of Titusville's Junior Varsity team showed excellent running ability and change-of-pace tactics as he sped over the goal line three times for the Seminoles.

Left halfback Jim Westlund and right halfback Lloyd Freeman have led the Seminoles in point-scoring and have made a tremendous mark of yardage for the "B" Squad.

Star quarterback Billy Lovelace has added a valuable asset to the offensive strength of the

Seminole Junior Varsity team—his passing ability. Two spectacular touchdowns passes were thrown by Lovelace in last week's 33-0 Seminole crush of the Deland Bulldogs.

An outstanding Junior Varsity scorer and touchdown standard of last week's gridiron contest is right end Dave McGuire, the receiver of two passes thrown by Lovelace and scorer of two touchdowns.

## Spartans Reach Top Rung Of UPI Poll

NEW YORK (UPI) — Michigan State, using successive victories over Michigan and Notre Dame as a step ladder, today

reached the top rung in the United Press International major college football ratings.

The powerful Spartans garnered 20 first place votes and 315 points in the weekly balloting of the 25 coaches who make up the UPI rating board.

Mississippi, ranked No. 1 in the nation for the last two weeks, barely edged Texas for second place 280 points to 279. Ole Miss picked up only eight first place votes this week compared to 17 last week. Texas was the top choice of four coaches.

The remaining three first-place votes went to Alabama which retained its hold on fourth place with 246 points.

Iowa replaced Notre Dame as the fifth-ranked team and was followed by Ohio State Georgia Tech and Louisiana State. Notre Dame slipped to ninth place after its 17-7 loss to Michigan State while Colorado dropped one notch to 10th place.

Michigan which dropped out of the top 10 after bowing to the Spartans, 28-0, two weeks ago, headed the second 10 group. The Wolverines were followed in order by Missouri, Minnesota, Utah State, Maryland and Rice. There was a three-way tie among UCLA, Wyoming and Clemson for the No. 17 spot, with Purdue 20th.

Louise Owens picked up the 2-7-8, Shirley Simas the 2-7-10, Betty Cox the 5-7-9, and Evelyn Fitzpatrick the 7-4-3. The 2-7 was converted by Inez Knox and Shirley Conkey picked it up twice.

The 3-10 fell for Betty Callan, Marjorie Kipp, and Judy Clark converted it twice. Rosemary Laubert fell the 4-5 and the 5-10 and Vess McMillan got the 5-9. Kathy Gray was the only one to roll a turkey and Dot Button was high with 193-491 series.

## Monroe Harbor Holds Loop Lead

Monroe Harbor won four points from Team Eight to retain the lead in the 11-nooners League.

One game behind is Stenstrom Realty as they also made a clean sweep from W.S.F.R.

Team One won four points from The Lovely Lady Beauty Salon, and the CPO Wives barely took three points from Shoemaker Construction.

Louise Owens picked up the 2-7-8, Shirley Simas the 2-7-10, Betty Cox the 5-7-9, and Evelyn Fitzpatrick the 7-4-3. The 2-7 was converted by Inez Knox and Shirley Conkey picked it up twice.

The 3-10 fell for Betty Callan, Marjorie Kipp, and Judy Clark converted it twice. Rosemary Laubert fell the 4-5 and the 5-10 and Vess McMillan got the 5-9. Kathy Gray was the only one to roll a turkey and Dot Button was high with 193-491 series.

## EXTRA Daily Falcon

Compliments of your LOCAL FORD DEALER

## Charlie Brown's exclusive scoop on the '62 Falcon!

New Falcon Squire Wagon with jazzy woodgrain side paneling

**DETROIT**  
an on-the-spot report by ace correspondent CHARLIE BROWN

Stop the press! That's what they always say in the movies when there's big news—so I guess I ought to say it, too—even though I don't want the press stopped.

### NEW! Improved!

The BIG news is that Falcon fooled most everybody for '62—even me. I thought the '61 Falcon was as good as a car can get. After all, a '61 Falcon broke all gas mileage records for 6- or 8-cylinder cars in the 25-year history of the Mobilgas Economy Run. So now they've got an IMPROVED version of the Falcon. Six engine—making the '62 even more thrifty! But that's only the beginning...

**NEW MODELS!**  
13 Count 'em—13!

The public must have been satisfied with the '61 Falcon models—they bought more Falcons than any other compact. But Falcon's designers are never satisfied. They've come up with new models that are real daddies. Take that handsome Falcon Squire Wagon shown above, with its beautiful woodgrain side paneling. Nifty, eh? It's even available with bucket seats. There's also a new version of the sporty Falcon Futura... What's more, there are also new Falcon Club Wagons with DOUBLE the cargo room of the biggest regular-size wagons. What variety! What choice! Falcons for everybody!

**They Forgot to Change One Important Thing...**  
So YOU SAVE \$\$\$

Falcon engineers put even more value than ever into the '62 Falcon, but somebody forgot all about putting more \$ onto the Falcon price tags. (You should worry—you can always find something to do with the money you save on a Falcon.) Want a 6-passenger, 6-cylinder car? The '62 Falcon is America's lowest priced! Want a luxury car? '62 Falcon Futura is America's lowest priced! Want a luxury wagon? '62 Falcon Squire is America's lowest priced! Want an 8-passenger Station Bus? Falcon's got three, and the people-space converts to cargo space. Falcon's got you surrounded—with savings.

**ETC., ETC., ETC.**

I could go on for hours about all the new value that Falcon engineers have put into these '62 models. But I'm just going to mention one typical example of how untypical the '62 Falcon is. In ANY other '62 compact, you have to stop (and pay) for all changes every 2,000 or 4,000 miles. What a Bother! Falcon owners will be able to go a full 4,000 miles between oil changes! It's etc., etc., etc. throughout the car—you can't beat Falcon value.

Based on a comparison of manufacturers' suggested retail prices

JOHN A. KROMAS YN2(SS), was selected for the "Professional of the Month" for the month of September. Kromas was cited in a letter from the quarters when Cdr. Elias R. Johnson, commanding officer of VAH-8 read the citation and presented him with a plaque.

## Seminole On The 'Moon' Beam; Ask More Wampum For Lost Land

GAINESVILLE (UPI) — Florida's Seminole Indians are trying to get in on the "Moon Boom" by demanding more wampum for Florida lands they signed over to the United States after it took possession of the area from Spain in 1821.

The Seminoles maintain that the U. S. cheated them out of about 20 million acres, almost all of Florida, in treaties they say their chiefs were cowed and tricked into signing.

And the Seminoles have some backing from the wampum-giving ancestors.

University of Florida professors John K. Mahon and John M. Goggins recently testified as expert witnesses for the Indians in the tribe's \$40 million law suit now before the Indian Land Claims Commission in Washington.

The professors were called to explain the circumstances surrounding the treaties and to show that the Seminoles were a distinct people with undisputed possession or ownership of the state.

Mahon, a history teacher and a treaty expert, said "The Seminoles were dealing from a position of no power. It would be the same as if the United States were signing a treaty with Paraguay today."

Goggins, an anthropology professor, pictured the Seminoles as a rich, powerful people some 3,000 to 5,000 strong who were "as happy and as prosperous as any Indians."

He said they used all of South Florida as their hunting preserve until two "plagues," drought and the white man, smashed their world.

When the government tried to move the Seminoles to the Oklahoma Indian Territory in 1833 they started a seven-year war. When it was over, only 300 Semi-

noles were left hiding in the Everglades. "But at one time or another," Mahon said, "they fought every regiment in the United States Army, plus thousands of volunteers from the Southeastern states. And they never signed a peace treaty with the United States until this last decade."

# County CD Straw Poll Ruled Illegal

## 6500 U.S. Troops On Alert In Berlin Incident

Reds Interfere  
With Traffic  
Across Border

BERLIN (UPI)—Communist forces interfered with American traffic across the border of this divided city today, and all American military forces in Berlin were placed on an official state of alert for more than five hours.

American and British tank and troop reinforcements were moved up to the Friedrichstrasse crossing point and the Brandenburg Gate border sector.

All Berlin Command troops have been on a status of alert since 10 minutes past 10 this morning, a U. S. Army spokesman said.

The spokesman added that the alert was lifted at 3:35 p.m.

The 6500 American troops were alerted as the Communists challenged the U. S. right of free access to East Berlin.

The alert came at about the time U. S. soldiers drove three jeeps 400 yards into East Berlin to escort an American civilian automobile across the border.

The move apparently was a dramatic reiteration of American determination to maintain the right of free access to all parts of the divided city.

Later, two U. S. Army tourist buses were stopped at the border by Communist police. The vehicles with 37 Americans including women and children aboard, returned to the American checkpoint at the Friedrichstrasse crossing after more than an hour. A U. S. spokesman said they were pulled back to prevent harassment of the women aboard.

Meanwhile, two Soviet-licensed vehicles containing seven uniformed Russian officers rolled through the same checkpoint from east to west without slowing down.

DR. JOHN E. JOHNS will be the guest speaker at the United Fund kick-off luncheon scheduled for Tuesday noon at the Civic Center. Johns, professor of history and political science at Stetson University, has just been elected district governor of Rotary International, after serving in many capacities for the DeLand club. At Stetson, he is director of the Summer History Institute.

### Herald Poll Asks CD Opinions

The Herald is conducting a straw poll to determine just what the people want in the way of Civil Defense.

The sample ballot will be run each day for a two week period with the results made public Nov. 3.

#### Sample Ballot

(All Ballots to Herald Editor)  
(Please answer yes or no)

- 1—Are you willing to pay for a half million dollar Civil Defense program?
- 2—Do you favor a skeleton warning system proposed by Civil Defense Director A. B. Peterson Sr. at a cost of \$16,000?
- 3—Do you favor a full warning system proposed by Peterson at a cost of \$32,000?
- 4—Do you favor not spending one dime more for Civil Defense than the \$4,000 appropriated this year?
- 5—Any other suggestions?

## Navy Investigates Mid-Air Jet Crash

# Late - Night Flights Halted

## 6 Men At Base Give Testimony At Hearing Here

The Sanford Naval Air Station has temporarily curtailed late-night flight operations during an investigation of the Oct. 18 plane collision which killed six men, it was announced today.

The curtailment, which began Monday, was made when six air control men were called to testify before an accident investigating board.

Flights were restricted from the station between midnight and 6 a. m. During these hours the ground control approach unit was manned by skeleton crews.

The Naval Air Station at Jacksonville said the restriction does not affect emergency landing situations.

The six air control men, who were not identified, apparently were on duty when the two Sky Warriors collided in the air near here killing all six crewmen.

Capt. L. C. French, assistant chief of staff to Rear Adm. Joseph M. Carson who commands the naval air bases in the sixth district, is head of the accident board.

The Navy said French was expected to complete the investigation today.

It said air station operations would return to normal operations status either late today or Thursday.

## Drought Endangers Florida Forests

TALLAHASSEE (UPI)—Drought has turned thousands of acres of Florida woodland into "potential areas of destruction," the Florida Forest Service said today.

"It's been several years since Florida entered the fire season with the outlook so bad," said State Forester C. H. Coulter.

The most critical area is in Northwest Florida, especially Leon County, where a 40-day drought has been parching the area.

Weathermen said there is no relief in sight.

"Conditions are extremely threatening for fire outbreak with the smallest spark," the service said.

THE NEW police building on Seminole Blvd. will be completed much sooner than anticipated with all the volunteer help the local department has been getting. Sunday, Art Harris and members of his Kingswood Builders crew worked from dawn to dusk putting a roof on the new facility. (Herald Photo)

## Maybe It Was Caused By Slow Burn Of Courthouse Politics

Nobody asked me, but what was that burning in the courthouse Tuesday afternoon?

No, no anxious courthouse department head in favor of a new facility set the place on fire but according to the fire department the county judge's office could

have had a fire during the night.

At 3:09, County Judge Vernon Mize called the fire department and said "there's no emergency but could you send someone down here to check the light transformer."

In a matter of seconds, the fire department sent two trucks to the scene and a check revealed that there was a short in the light transformer.

Fire Chief Mack Cleveland Sr. said this morning that two trucks are always dispatched "just in case."

A crowd gathered in front of the courthouse and queries were heard, "Is the building burning down?"

The fire trucks were only on the scene for a matter of minutes.

No one called the committee studying courthouse needs.

The building was unoccupied when the blast wrecked the 40-by-70 foot structure shortly before midnight.

"From the smoke and smell I would say that a very large charge of dynamite was set off," said Police Sgt. Floyd Moon.

Police said they knew of no reason why the union hall may have been dynamited.

The committee voted down a Bulgarian motion to adjourn discussion of a proposal that the "appeal" be given immediate priority in the committee.

The storm was stirred by an Iranian proposal that general debate on nuclear tests be interrupted so that action could be taken on a resolution calling on Russia to cancel its announced test.

The committee then rejected a Soviet challenge to the chairman's ruling on procedure.

The storm was stirred by an Iranian proposal that general debate on nuclear tests be interrupted so that action could be taken on a resolution calling on Russia to cancel its announced test.

The committee then rejected a Soviet challenge to the chairman's ruling on procedure.

## Reds Fail In Move To Delay Protest

UNITED NATIONS, N. Y. (UPI)—The main political committee today rejected a Communist attempt to postpone a move for a "solemn appeal" against Russia's planned 50-megaton nuclear explosion.

The committee voted down a Bulgarian motion to adjourn discussion of a proposal that the "appeal" be given immediate priority in the committee.

The storm was stirred by an Iranian proposal that general debate on nuclear tests be interrupted so that action could be taken on a resolution calling on Russia to cancel its announced test.

The committee then rejected a Soviet challenge to the chairman's ruling on procedure.

## Blast Wrecks Miami Teamsters' Offices

NORTH MIAMI, Fla. (UPI)—An explosion police said was caused by dynamite tore apart a concrete block building housing Teamsters Union Local 290 Tuesday night.

The building was unoccupied when the blast wrecked the 40-by-70 foot structure shortly before midnight.

"From the smoke and smell I would say that a very large charge of dynamite was set off," said Police Sgt. Floyd Moon.

Police said they knew of no reason why the union hall may have been dynamited.

The committee voted down a Bulgarian motion to adjourn discussion of a proposal that the "appeal" be given immediate priority in the committee.

The storm was stirred by an Iranian proposal that general debate on nuclear tests be interrupted so that action could be taken on a resolution calling on Russia to cancel its announced test.

By LARRY VERSHEL

Nobody asked me but, since the Attorney General ruled against a straw vote . . . the County Commission can use the results of our poll. We will be more than happy to turn the results over to them Nov. 3.

Instead of all this political bickering over a new postmaster . . . why not make the applicants take an examination?

By the way, we weren't kidding about that Navy boat being used for a floating fallout center. I'll bet the Navy would even maintain it.

There is absolutely no truth to the report that Novelist Erskine Caldwell is in town at the Palms Hotel writing a sequel to "To Have and Have Not."

Circusland has set up headquarters in Tampa.

Face lifting on First Street. The Chelsea Title and Guaranty Co. will have a new look soon.

Have you ever really noticed how many vacant stores there are on First Street?

There is absolutely no truth to the report that David Brinkley is in town at the Palms Hotel preparing a "Night Life in Sanford" report.

Speaking of the Navy, there will be a change of command next Monday at VAFB when Cdr. Augustine W. Smith is relieved by Cdr. Ray E. Farmer.

What's this about sealed bids for the county attorney's job?

Honest, Conrad Hilton isn't in town at the Palms Hotel shaking his head.

A very short one-act play. Cast — Mother and Son. Son: Mom, what's the matter? Why are you lying on the floor?

Mother: I'm okay now. I just got a look at my personal property tax bill for 1961. Curtain.

## Christmas Contest Extended

Jaycee Christmas Parade

CHRONICLE STAFFERS, Inc., today announced that the Christmas Parade Theme Contest, open to all children from the first through the sixth grades, has been extended to midnight, Nov. 1.

Theme of the Christmas Parade last year was "Christmas Fantasy" and the year before it was "Christmas Dreams."

Boys and girls are urged to put their thinking caps on and get their entries in right away.

Send them to Christmas Parade Theme Contest, Jaycee Office, French Ave. or just address them to "Jaycees, Sanford, Florida."

There's a \$25 savings bond waiting for the winner!

## Juvenile Council To Hear Judge Hall

Judge W. Troy Hall Jr., of the Fifth Circuit, will be the speaker Thursday at 8 p.m. at the annual Juvenile Council meeting, the Council announced today.

Judge Hall, former county and juvenile judge of Lake County, is one of the outstanding leaders in the state in combatting juvenile delinquency.

All persons who are interested in the welfare and future of the children of Seminole County are invited to attend this meeting of the Seminole County Juvenile Council, Inc., which will be held in the courtroom at the Courthouse.

The purposes of the Council are directed to promoting the general welfare of needy juveniles and in developing better understanding of juvenile problems by the public.

## Florida Attorney General Holds Against Proposal

The attorney general of Florida today ruled that the County Commission has no authority to conduct a straw poll with county funds.

"In absence of statutory authority the expenditure of county funds in connection with a straw poll would not be authorized," Rienecke, Florida Attorney General Mack Cleveland Jr., in a letter today.

Last week the Herald called the attorney general's office and asked that a copy of the legal opinion when it is made, be forwarded to the paper.

On Oct. 18, the County Commission asked Cleveland to get an opinion from the attorney general regarding the use of double postcard "vote of the people" poll on whether they would be willing to pay an additional three mill levy next year to finance a half million dollar Civil Defense program.

At that time, Cleveland questioned the authority on whether the expenditures of county funds was legal and he suggested to the board a legal opinion from Erwin to clarify the matter.

Erwin in his opinion, also stated that "it is my belief that the determination of whether to expend funds in connection with civil defense purposes would be the responsibility of the county Civil Defense Council."

In his lengthy opinion, he also quoted from the County Commission manual and former opinions on the matter.
