

GREAT PIANO AUCTION

SALE

SANFORD FLORIDA

Friday and Saturday - Feb. 14-15 - 2:30 P.M.

IMPORTANT INFORMATION --- I ASK YOU TO READ THIS

The selling of pianos at auction is an entirely new proposition. I have been led to this method by the experience I have had in selling them in the regular way.

In January, 1912, I was appointed distributor in the state of Georgia for one of the large piano manufacturers and since that time have sold their goods throughout the state. Soon after going into business I found from actual experience that the principal cost to the purchaser of any make of piano is made up of the selling expense and the larger margin that is tacked on for bad accounts. For instance, it costs any dealer doing business in Florida \$100 to sell a piano. If he sells for cash he wants \$100 profit, and if the payments are deferred for one, two or three years, as in nine cases out of ten they are, he wants in addition to his cash profits from \$50 to \$100 more.

So that a piano costing any dealer in the state the sum of \$150 would cost you, Mr. Purchaser, from \$350 to \$450 according to the terms upon which the purchase was made. Let us suppose that John Doe & Co. are maintaining a retail store in Jacksonville and are doing business through their salesman in various sections of the state.

This firm would pay \$10,000 a year rent, and their fixed charges would be as much or more making a total of \$20,000 a year to maintain their show rooms.

Their best salesman will not average over three pianos a month and will cost his firm from \$100 to \$150 per month salary and \$100 per month travelling expenses. Of course, all this vast expense must ultimately be paid by the consumer. This expense can be saved to the consumer by our Auction Plan.

I maintain no office, I have no office force, I have no salesmen, I sell for cash or its equivalent. I buy for spot cash, and with one salesman can sell fifty pianos per month. I am just as anxious to sell you a good piano as any dealer in the world for I expect to have a sale in your city once each year, and a reputation for selling good goods is just as valuable to me as any other dealer.

In my native state (Georgia) I have had splendid success with my proposition. In the last six months I have sold over 400 pianos there, and I expect to sell a thousand in that state this year.

I have found that the people have looked upon my method as being fair and that they have been willing to examine my pianos, and when they have done this they have generally bought.

Of course, my pianos may not please you, but they are worth your consideration, and in order that you may inform yourself as to their real value I have them open for your inspection in the First National Bank Block. A young lady of Sanford is in charge and I trust that the public will feel free to call and give them a most careful examination.

So come to my auction. You don't have to buy, but you can secure a piano from me at less than half the price you would have to pay any other dealer in the world. And remember, my pianos are just as good as his, and have the same guarantee.

GUARANTEED TO BE NEW These pianos are guaranteed to be absolutely new, from the factory to your city. All are 1913 styles. They are made by three of the largest manufacturers in the United States, and each piano carries the guarantee of the manufacturer. Thousands of the identical pianos that I offer you are in use throughout the South under different brands, and numbers of them have been sold in your city and county at prices ranging from \$300 to \$500.

REMEMBER THE SALE STARTS DAILY AT TWO-THIRTY O'CLOCK SHARP
Friday and Saturday - February 14th and 15th

I WILL HAVE NO BY-BIDDERS

UNCLE SAM GETTING READY

May Be Forced Into Mexican Revolution

SHIPS AND TROOPS PREPARED

United States Will Protect Citizens at All Hazards in War-Ridden Country

The first brigade of the first division of the army, 3,000 strong, is resting on their arms ready at once to proceed to Newport News to board transports for Mexico. It is composed of the Third Infantry, the Fifth Infantry and Twenty-ninth, all in New York state. Twenty-five hundred marines from Atlantic fleets and the Guantanamo station, are prepared to sail for Vera Cruz to go to the relief of the foreign legations should they become besieged at Mexico City. Four dreadnaughts of the battleship fleet steaming at top speed to Tampico and Vera Cruz and two others rushing on the Pacific side to afford American and other foreigners succor. The United States government is firm in its determination not to land a trooper in Mexico unless the conditions force it. These are the developments of the day in the preparations of this government to protect foreigners in Mexico.

Kirby Home Burned

At an early hour on Wednesday morning the inhabitants of the west side were awakened by pistol shots and the tooting of engine whistles, and after some time by the fire alarm, that eventually brought the fire department to the home of Kirby on Eleventh street. By the time the department arrived and pressure could be had, the fire had gained too much headway and the house and part of the contents totally consumed. It seems that the alarm was not turned into the fire station soon enough, those first discovering the fire waiting to attempt to extinguish the flames and save the furniture. The house was a new one, having recently been built by Mr. Kirby for his residence, and was partially insured. The loss of home and furniture is a serious one, but Mr. Kirby, with his customary energy expects to rebuild at once.

Band Concert Was Great

The concert given by the Sanford Military Band in the auditorium of the High School was both a brilliant and delightful success. The selections on the program were very pleasing, and each number was delightfully rendered both by the Band and also the ladies who assisted the Band in entertaining the audience so charmingly. The unexpected but pleasing interlude furnished by Mr. Karnatz of the Imperial, in sending the pair of Tyroliani singers to assist the Band in their entertainment was thoroughly enjoyed by the audience. Another very enjoyable feature of the splendid entertainment was the triple performance of Mr. W. L. Harvey, who played "Yankee Doodle" with his left hand, "Dixie" with his right hand on the piano, and whistled "Fisher's Hornpipe" at the same time.

The concert was superior in every respect to a large number of the concerts given by companies who yearly visit the city, and the Band is to be congratulated upon the brilliant success of their first concert.

Missionary Society

The Missionary Society of the Methodist church held their regular meeting Tuesday afternoon in the church. Mrs. M. M. Chappell, president of the society presided over the meeting. After the minutes were read by the secretary, Mrs. C. R. Smith the business of the society was transacted. Reports of the various officers of the society and committees were read.

Grace was elected second which she is peculiarly qualified to fill most satisfactorily. Mrs. L. R. Phillips invited the Reading Circle of the society to make her home their regular meeting place during the year. After a short discussion of several important matters the meeting adjourned.

WILL MEET AT LEESBURG

The Young People's Missionary Conference Programme

A splendid programme is ready for the Young People's Missionary Conference. It meets at the Winter Bible School Auditorium in Leesburg, commencing Friday afternoon and closing Sunday evening, Feb. 14th-16th.

Bishop Morrison of Leesburg leads the opening devotional service, Friday afternoon.

Rev. R. V. Bingham, Toronto, secretary of the Soudan Interior Mission, delivers an address on "The Church's Great Opportunity."

Mrs. Julia B. Greenwood from Tampa, has two addresses with the following themes, "Experiences of a Missionary's Daughter in India," and "The Great Christian Opportunity in West Tampa," meaning the Latin-American missions.

Mr. W. R. Newell, the well known teacher of the Bible will have several parts on the program and they alone will be worth coming to hear.

The International Sunshine Society is taken in charge by an organizer from New Haven, Conn., and the superintendent of Sunshine work for Florida Christian Endeavor.

There will be a conference, "Foreign Missionary Work," led by Mr. and Mrs. E. E. Strother, General Secretaries of Christian Endeavor in China. Mr. Strother gives another missionary address and a stereopticon lecture will be furnished by Mrs. Strother.

The Young People's Baptist Union led by their pastor, Dr. Golden, takes a devotional service.

The Epworth League of Leesburg, with help of their pastor, Rev. S. Grady, have a part on the programme.

Dr. Mary Newell, Shanghai, China, gives an address on "Medical Missions."

Mrs. G. R. Alden, or "Lucy," the loved wife, will tell of Missionaries I Have Known.

Rev. Geo. Marsh of Mt. Dora, an evangelist before he settled down to the work of a pastor in Florida, will lecture on "St. Paul, the Missionary."

Mr. Marcus C. Fagg, of Jacksonville tells of the Children's Home Society and the Conference of Christian Workers and Retirees held in Tampa, of which he is secretary.

Rev. I. R. Deat, pastor of the Tabernacle Church, Toronto, Canada, has an address Sunday evening, and he and Mr. Newell that afternoon tell of "Our Gospel Trip Around the World in 1901."

Sunday afternoon, Mr. H. R. Todd, a prominent church layman from Birmingham, Ala., lead the devotions, and on Saturday evening that portion of the program is taken up by Endeavorers of the Weirsdale Endeavor Society.

In all it will be a splendid time. Other good speakers besides those mentioned will be present and take part.

Reduced rates for entertainment are on the dollar a day plan at the first class Hotel Heights, close to the auditorium. Write its manager, Miss L. A. Orr, just when you are to arrive and how long to stay.

Remember that this is an interdenominational conference for young and young hearted people of all church denominations.

GRACE A. TOWNSEND

Interscholen, Feb. 10th, 1913.

The J. H. Eschman Shows

Among the feature attractions that will be seen at the J. H. Eschman Shows when they come to Sanford on February 24 and 25 are the Arabian trained ponies and the Spanish trick riders. These animals have been trained to such a degree of perfection, that it would seem as though they had human brains, the feature of the trained animal performance, however, will be "Little Nemo," the smallest trained elephant in the world. "Little Nemo" does nearly everything except talk and has created a vast amount of enthusiasm, wherever she has appeared. Last one gain the impression that the Eschman Shows had nothing except trained animals, we wish to state that the program consists of many other things.

Among those that promise to be good shows called upon are: Honner, bay gelding under one tent. Two performances will be given each day, one at 2:00 o'clock in the afternoon and one at 8:00 o'clock at night. Free attraction on the show ground before each performance.

Mrs. W. R. Wood of Dalton, Ga., is the guest of Mrs. T. J. Miller.

SPEEDY HORSES AT FAIR

Some Fine Stock Will Be Shown at Orlando

TROTGING AND PACING HORSES

The Racing Events Will Be the Best in the History of Orange Co. Fair

The best racing since the days of the old fair grounds south of town is now assured at the forthcoming Orange county fair, February 18th to 22nd, inclusive. For the past month horses have been dropping in from the north until every stall is filled. Not with green colts and harness and saddle horses, but with hardened trotters and pacers, and if reports are true some of them can "step some pretty fast quarters." No owner or driver ever tells you how fast his horse can step a mile, but leaves you to make a rough guess as to his chances of winning when the bell sounds on the first day of the coming meet.

Then, too, the thoroughbred has not been overlooked. Several good ones have arrived and are taking their daily workouts, and while their owners style them "plugs," there is every indication that they have faced the barriers before and will be there with the goods when the all important day arrives.

C. A. Forth of Jacksonville, dropped in one day last week with six. All of them look good and act better but he tells us they are all green. They may be, we don't doubt Mr. Forth's assertion, but it's dollars to doughnuts the horse that beats 'em will have to "go some."

His string consists of A-meer by Novelist, said to be very fast. He is a good looker and is the property of R. O. Moore of Jacksonville. Rex Riley, a bay gelding by Tennessee Riley, the property of George H. Sprague of Jacksonville, looks good. He is said to be a green pacer.

Frances Logan, by Nut Wilkes, a three-year old trotter, also the property of Mr. Sprague, is in this stable. Wade Linton, by Lord Linton, a four-year old bay gelding is learning fast. Billy Melson, a seven-year old bay gelding, the property of Jake Crossant of Jacksonville is another in this string, and while he is registered as "green," looks mighty good.

Polly, the property of V. Aragus, occupying another stall. Polly has a record of 2:21 1/4 and has been here before, so needs no introduction to the public. Altogether this is one of the best strings of horses seen in Orlando in many years.

In the same barn Dr. Price of Indiana, has Hal Pulsaki, 2:16 1/4, by Adna Hal, while in the next stall is Ravenwood, a black gelding by Allanwood 2:09 1/4, the property of Dr. Plummer of Jacksonville. Ravenwood has a record of 2:09 1/4.

F. McDermott of Jacksonville is training a number of good ones, and promises to show the boys before the meeting is over. In his barn are: A green 6-year old chestnut mare, the property of Mr. James H. Baughman of Stanford, Ky., a green three-year old pacer, the property of Mr. E. H. McNell of this city; J. D. McDermott, a yearling pacer by Searchlight, 2:03 1/4, dam Pearl Hal 2:09 1/4; Miss Heine Thompson, 2-year old pacer by Argot Wilkes, 2:11 1/4, dam Pearl Hal 2:09 1/4, dam Pearl Hal 2:09 1/4; Cassie L., a green pacer, handsomely bred, and a black gelding by Pahrain Toodles, 2:18 trotting.

Charlie Hand of Sanford has four and all of them are doing good. Elwood D., a bay gelding with a pacing record of 2:19; Ephraim Toodles, bay stallion with a trotting record of 2:18, but has been out to pacing and is going fast; Tiny Bird, a pacer with a record of 2:24 and Tom Riley, a bay gelding with a record of 2:19 1/4 as a side wheeler. Charlie isn't saying much, but from the way his string is working out, there will be something surprising when the gong sounds.

C. H. Sprague has been here some time and is fast sounding his string into the arena.

Among those that promise to be good shows called upon are: Honner, bay gelding under one tent. Two performances will be given each day, one at 2:00 o'clock in the afternoon and one at 8:00 o'clock at night. Free attraction on the show ground before each performance.

Mrs. W. R. Wood of Dalton, Ga., is the guest of Mrs. T. J. Miller.

Clay Cecil, 2:22 1/4, by Wilton Carrie Woodcut, roan mare with a record of 2:19 at the pace, by Holly Woodcut 2:18 1/4, by Nutwood, dam Birdie J., 2:13 1/4, by Jaybird. Joe Douglass, black stallion 2:29 1/4, pacing, by Joe Patchen 2:01 1/4, dam Maggie Wilkes, 2:13 1/4, by Gambetta Wilkes. Doris Patchen,

black filly, a green three-year old trotter by Joe Patchen 2:01 1/4, dam Maggie Wilkes, 2:13 1/4, by Gambetta Wilkes.

Ban Star, Dr. Weinanga's good chestnut gelding, is being given his daily workouts and promises to be good when called upon. This is a splendid thoroughbred and should be heard from later.

Miss Madeline Hill of Narcoossee is the charming house guest of Miss Mabel Hand.

Modern Italian Composers. Paper, Mascagni, Miss Martha Fox Violin Solo, "Cavalier Rusticanna," Mascagni, Mrs. O. W. Brady, accompanied by Miss Brady.

Paper, Puccini Vocal Solo, From "Madame Butterfly," Puccini, Miss Dameron.

Discussion, Modern Italian Opera. evening with Prince Patchen. The Prince hasn't had sufficient time to get

Dr. Plummer of Jacksonville has Hazel Thorpe, an 8-year old by mare, thoroughbred, in the upper barn. All of his horses are in charge of A. J. Battista, who has his own mare, Verino Queen, a 6-year old thoroughbred also with this stable.

BRICKS HAVE ARRIVED

Ninth Street Will Be Paved to New A. C. L. Depot at Once

Three car loads of brick for Sanford's new streets have arrived on the scene and the work of paving Ninth street will begin at once. The brick are coming from the Southern Clay & Tile Co. of Chattanooga and will continue to arrive all this week. As soon as the brick can be placed along the streets to be paved the street gang will get busy and the brick will be laid. Ninth street has been surveyed and all is in readiness for the brick to be placed in position. The A. C. L. will be ready to furnish the brick paving around the new station and Ninth street will be one of the principal thoroughfares of the city. The large steam roller is expected to arrive from Jacksonville today and the workmen will get busy on the paving some time next week.

Anti-Saloon League of Florida

The annual state convention of the Anti-Saloon League of Florida will be held in Jacksonville, Thursday, Feb. 27, in the Snyder Memorial M. E. Church, corner Laura and Monroe streets, beginning at 10 a. m. Sessions will be held in the afternoon and evening also.

Prominent temperance workers from all parts of the state will be present and deliver twenty-minute addresses. A resume of the state work will be given by the state superintendent, Rev. C. W. Crooke, Prof. Alvin M. Thatcher, the finest temperance soloist in the United States will sing several of his temperance songs.

Friends of temperance all over Florida are urged to attend this convention. The program will repay the effort and cost of attendance. The convention is held especially in the interest of the work of the Anti-Saloon League in doing down in wet and dry county fights, law enforcement, and several much needed measures which must be passed at the next session of the Legislature.

Remember the date and the place and arrange to attend.

Japanese Radishes

When talking about large radishes it becomes necessary to talk about Japanese radishes, because no other kind ever obtain the mammoth size that these from the Flowery Kingdom do. Mr. Toyama, who has a fine farm on Beardall avenue and grows a bit of everything, brought in two specimens of white radish yesterday that weighed 8 and 10 pounds respectively and are firm and of fine flavor. He also has some very fine cabbage and expects to compete for The Herald prize for the largest head. The white radishes are creating a mild excitement on Herald Square as few people ever saw such big ones.

Music Club

The Music Club will hold their regular meeting at the home of Mrs. F. L. Woodruff on the corner of Oak avenue and Sixth street, Saturday afternoon, Mrs. Deane Turner, leader.

The members are urged to come early, as the chorus will practice after the meeting.

Modern Italian Composers. Paper, Mascagni, Miss Martha Fox Violin Solo, "Cavalier Rusticanna," Mascagni, Mrs. O. W. Brady, accompanied by Miss Brady.

Paper, Puccini Vocal Solo, From "Madame Butterfly," Puccini, Miss Dameron.

Discussion, Modern Italian Opera.

Miss Madeline Hill of Narcoossee is the charming house guest of Miss Mabel Hand.

black filly, a green three-year old trotter by Joe Patchen 2:01 1/4, dam Maggie Wilkes, 2:13 1/4, by Gambetta Wilkes.

Dr. Plummer of Jacksonville has Hazel Thorpe, an 8-year old by mare, thoroughbred, in the upper barn. All of his horses are in charge of A. J. Battista, who has his own mare, Verino Queen, a 6-year old thoroughbred also with this stable.

FELL FROM MOVING TRAIN

Prominent Indiana Lady Killed Near Kissimmee

TRAGIC END OF DOCTOR'S WIFE

Other Items of State Happenings That May or May Not Interest You

The body of Mrs. Dr. Kime, who disappeared from No. 85 Wednesday night was found at 7:30 Thursday morning near Loughman, after an all night search.

From the best information obtainable, it appears that Dr. Kime and wife, and Mr. Bradley, were all passengers on 85 last Wednesday night, bound it is said for Tampa. When a point near Loughman had been reached, it was discovered that Mrs. Kime was missing from the train. A careful search of the train failed to reveal her whereabouts. Capt. Barton, of No. 82, northbound, made a search of the roadway from Haines City to Orlando, and on reaching this point, sent the following message to the husband and Mr. Bradley, who had returned to Kissimmee: "Advise Dr. Kime and Mr. Bradley we found nothing of Mrs. Kime.—Barton, 82." In the meantime a motor car had been sent out over the road from Kissimmee in search of Mrs. Kime, it having been surmised that she had probably fallen from the train en route. The searchers passed the body two or three times, but failed to find it till after daylight this morning as above stated. It is thought that Mrs. Kime attempted to pass from one coach to another and was hurled to her death. Trains were thrown very much out of their time last night in the fruitless search for the missing woman.

Plans are now under way for a large soap factory in Ocala, which, if carried out, will give employment to from forty to seventy men within six months after the plant is completed. A substantial part of the capital will be raised by citizens there, judging from the support pledged to the new enterprise. The plant in all probability will be in operation within the next six months, and the payroll which will come with the enterprise will prove another factor in the trade channels of Ocala.

Unless something is done at once to remove the silt from the river, and prevent the further shoaling of its mouth, Miami may lose its water transportation, as it has become exceedingly difficult for the Morgan to enter. On her last voyage the steamship ran hard aground, opposite the Royal Palm dock, and remained for several hours stuck fast in the mud, and could not make her way to the Van Steamship Company's wharf until high tide.

John E. Stillman, a well known attorney, Republican leader and former collector of customs of Pensacola, killed himself in that city Monday morning by firing a bullet into his brain. Bleakness and mental derangement is said to be the cause of his rash act.

After having worked quietly on the proposition for several months, it is now given out that the business men of Miami and Palm Beach have perfected plans for the building of a trolley line to connect the two cities.

The sale put on this week at the Sanford Shoe & Clothing Co. is a great success from every standpoint. At the hour scheduled for the opening of the doors on Wednesday morning an immense crowd had congregated in front of the store and when the doors were opened the small army of clerks were kept busy waiting on the crowds and the buyers were not disappointed any time during this week. J. H. Cole, the manager of the sale deserves a medal for the good work in getting the buyers.

Not only does he know how to manage a sale but he believes in plenty of printers' ink and advertising is his hobby. The success of all his sales lies in the fact that publicity in the newspaper pays and the sale at the Sanford Shoe & Clothing Co. is no exception to the rule. Get them today, before the big bargains disappear.

NEW RESIDENTS LIKE CITY

Sanford Looks Good To Our Many Northern Visitors

The following letter written to the Herald expresses the delight of our new residents and their first impressions that it is good for advertising value aside from the friendly spirit in which it is written: Editor Sanford Herald:

Dear Sir—Here are a few lines for your paper. I hope they will meet with your approval. They are appropriate to your bright, new, up to date paper. I have taken an interest in it ever since I received a paper (Tuesday, May 21, 1912, date) from my brother, W. S. Lows and wife, when we lived in Urbana, Va. (He has sent us several since.) They first made a visit to Sanford during the year of Halley's comet, and liking the climate they decided to make it their home later on, thus their praise of their new home and wishing to have us near them they sent us the papers to let us see for ourselves the worth of the state, the climate, etc. So we have from these papers decided to also live in Sanford. The first thing in your paper I notice was Curbetone Gleanings. I see a rising star in the newspaper field for that writer. I then read everything in that paper from Alpha to Omega, and as I love newspaper work I saw at a glance the clean, Christian tone of the paper—a "dry" town (thanks for your example and influence). A town, city, I mean, of fruit and flowers and song!

We left Fredericksburg, Va., Saturday, Jan. 11th at 1:30 a. m., for Richmond, Va., and straight on through on A. C. L. to Jacksonville, Fla., then changed cars there for Sanford and arrived here the 12th, Sunday morning at 2:30, and after refreshments at my brother's home on corner Sixth and Elm avenue, we retired for a few hours' rest and sleep, and awoke at 6 to find it light (It is dark at 7:30 a. m. in Virginia) and birds singing and the fragrance of flowers wafted into the windows. It seemed a dream and our four little ones (Warren Edward, aged 11; the twins, Virgie May and Tommy Hugh, aged 8 and baby, named after his illustrious relative, Gen. A. P. Hill) were so delighted they had no snow to trudge through at play. We left ice and snow in Virginia and only a night and a day's journey took us to the land of flowers and summer weather! I hope our little ones may grow up here and be useful, Christian members

of society, by the help of your city boys and girls. I am well impressed with those I have already met.

I will be pleased to have the city's church members call on us. We have a room house and all make improvements and repairs and build a store on corner (we have been in the mercantile business for eleven years) Oak avenue and railroad and try it here in your beautiful city. Give us a welcome to Sanford in your paper please.

Yours respectfully,
MRS. THOS. POLLARD HILL.

Ladies Will Vote

The ladies of Florida expect to vote at a future date and have compiled the following amendment to the constitution:

Joint Resolution Proposing an Amendment to the Constitution of the State of Florida:

Be it resolved by the Legislature of the State of Florida:

That the following amendment to the Constitution of the State of Florida be and the same is hereby agreed to, and shall be submitted to the electors of the state at the general election in 1914 for ratification or rejection:

ARTICLE I

Section 1, of Article VI, of the Constitution of the State of Florida is hereby amended so as to read as follows:

Section 1. Every person of the age of twenty-one years and upwards that shall, at the time of registration, be a citizen of the United States, and that shall have resided and had a habitation, domicile, home and place of permanent abode in Florida for one year and in the county for six months, shall in such county be deemed a qualified elector at all elections under this Constitution. Male and female persons who in all respects be alike eligible to vote and hold office in the state of Florida. Naturalized citizen of the United States at the time of and before registration shall produce to the registration officer a certificate of naturalization or a duly certified copy thereof.

For Sale

Ten acre poultry and truck farm, four room house, barn, incubator house, chicken houses and runs to accommodate 1000 chickens. Two fine flowing wells.

Will sell the farm either with or without the stock of chickens, if taken before Feb. 20th. 49-51

R. H. MARKS.

CHILD WELFARE DAY

New Holiday Created For Benefit Of The Children

Child Welfare Day is the newest day in the calendar being designated by the National Congress of Mothers, and complying with the request Governor Trammell sends out the following proclamation:

"At the request of the National Congress of Mothers, I am pleased to designate February seventeenth, 1918, as "Child Welfare Day" throughout the state of Florida.

Every thoughtful citizen realizes that the nation's future finds its lodgment in the children of today.

We give more or less time to planning for the conservation of the material wealth of our state and nation, and it is well that we do; but how much more important it is that we study child life, and plan for the welfare of our children. The state is interested in having a proper influence of the home upon the life of the child. It is interested to see that they are encouraged to lead pure and spiritual lives, and it has an important duty to fulfill in supplying the best school advantages and fostering a high standard of civic righteousness.

The work of the National Congress of Mothers is truly a worthy one, and I am sure that the citizens of Florida will be greatly benefitted by giving, upon the day above designated, careful thought to the welfare of the children of this state."

PARK TRAMMELL, Governor.

The Children's Home Society of Florida with headquarters at Jacksonville is looking after the welfare of more homeless, neglected, orphan and abandoned children than all other children's homes together. It is the only statewide, undenominational charity in Florida. Its work is supported entirely by voluntary donations and is only limited by lack of funds. Six hundred and fifty-five little children were provided for by the society last year, over 100 have been referred to the society for aid already this year, funds are needed at once. Won't you help celebrate Child Welfare Day in Florida by sending some money at once for this great work, for the upbuilding of the future citizens of Florida? Every dollar will help a whole lot. Perhaps you could take a little boy or girl or baby into your own home. Dona-

tions of money should be sent to R. V. Covington, Treasurer, Jacksonville, Room 6, Board of Trade Building. Applications for children should be sent to Marcus C. Fagg, State Superintendent, same address. The work is conducted under the supervision of the leading business men of Florida. All donations are used directly for the care of little homeless children. Please send yours today.

That Automobile Tax

"Only about four hundred and fifty owners," said Collector W. E. Martin, have complied with the law and paid their automobile tax. This is probably not more than half the machines in the county. For several days they came in rather briskly, and it looked as though the collections would soon be made, but there has been quite a lull, and it now appears as though they are going to put

the matter off till the costs of collection will be added. I don't hardly think automobile owners hardly comprehend what the putting on means. Where the tax is unpaid and has to be collected by process, the costs of collection will be added to the tax. It can readily be seen that it is greatly to the advantage of the owner to come in and pay before the collector calls.

"The matter has been delayed a little, but Sheriff Kirkwood and his deputies will get busy within the next few days, and collect the remaining portion of the taxes by regular process of law."

As a matter of fact automobile owners can save themselves a considerable amount of trouble and expense by paying the tax before it passes into the hands of the sheriff. — Reporter-Star.

The finest resort hotel in the world is being built at Sunset Mountain Asheville, N. C.

Absolutely Fireproof Will open July 1st Wm. S. KENNEY, manager

MR. E. W. GROVE, of St. Louis, Mo., is building the finest resort hotel in the world, to be opened July 1st, 1918. It will be absolutely fireproof, and is being built on the foot of Sunset Mountain, at whose foot it sits.

The proposed new county has the best resources in the state of Florida. Not only good intelligent, cultured people, who know this, but fertile land, beautiful lakes and fine orange groves...

The Reily-Taylor Co. NEW ORLEANS THIS IS THE FIRM who ten years ago reasoned: "People come miles to get a taste of real 'New Orleans Coffee'—they've heard so much of its remarkable and peculiar goodness. Why not send it to them—place it within reach of everybody, no matter at what distance?" The result was— LUZIANNE COFFEE Now the most popular, the most called-for brand on the market. Many imitators have since come upon the scene, but after you once know Luzianne you will never be deceived by the "just as good" argument of its imitators. SOLD EVERYWHERE. The Reily-Taylor Co., New Orleans, U. S. A.

Don't Suffer! "I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardul, and soon I began to improve. Now I am in very good health, and able to do all my housework." TAKE CARDUI The Woman's Tonic You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness. If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists. Write to: Ladies' Advisory Dept., Chas. Huggins Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64 page book, "Home Treatment for Women," sent free. J 60

NEWS from the COUNTY

MOORE MOVEMENTS

W. W. Dressor, while on an errand at Joe Cameron's last Saturday was badly bit through the left hand by the big dog, Boss, who is said to be a valuable cow dog, as well as a dangerous one to have around, as it has bitten others before this. Dr. Neal dressed the wound and Mr. Dressor is getting on as well as can be expected.

The church is receiving the second coat of paint and will make a white spot in the landscape we will be proud of. A committee of men will meet soon and put the grounds in order. L. Maloney of Sanford is doing the painting.

The many friends of Miss Maude Cameron expect her to win out on the piano contest, as she is a general favorite.

Mr. and Mrs. L. J. Hancock were guests of Mrs. Chase and her son, O. L. Chase of the West Side and her daughter, Mrs. Morrison of Kansas City, Mo., on an auto trip and day at Altamonte Springs on a recent Sunday.

The Sunday school is preparing a 22nd of February entertainment to take place at Mrs. Ella Greenland's home on Cameron avenue, the evening of the 21st, the proceeds to pay for repairing and tuning the church organ.

The Farmers' Improvement Club had a very interesting meeting last Friday evening. Musical selections, both organ and vocal, and also violin, which was especially enjoyed, select readings and recitations and timely topics on farming, after which the Ladies' Aid served coffee and cake and cleared a neat sum to add to the church painting fund.

A recent arrival on Beardall avenue is a son at the home of Mr. and Mrs. Myers.

Joe Guerry is at home again after spending several months at Ft. Myers and other points in the south.

Miss Mae Provatt of Geneva was a visitor at the McClelland home the first of this week.

Mr. and Mrs. Geo. Drake of Mulvane, Kas., who were guests at the Smith home for some time are visiting Miami, Palm Beach and other points south.

The freight cars loaded with vegetables from the Cameron farms were off the track on the S. & F. Ry. at Beckton on Feb. 10 night. The wreckers and crew were all night getting them back on again.

EBENEZER MEMS

Miss Lillie Lord spent several days in Sanford last week visiting her sister, Mrs. L. Y. Bryan.

Mr. D. Barry of Winter Garden is spending a few days this week with his sister, Mrs. Will Nolan.

Mr. and Mrs. Dorner and Mrs. Merriweather of Celery Ave., drove out in Mr. Dorner's car Sunday and spent the day with Mr. Riley and family.

Rev. Mr. Saunders of Geneva, preached two good sermons in the Methodist church Sunday, which were much enjoyed by all.

Miss Edith Cortin spent the week end in Altamonte Springs visiting friends.

Mrs. J. H. Wyne has been quite sick but we are glad to see her up again now.

Mr. R. B. Lynch and W. T. Humphrey made a flying business trip to Orlando last Tuesday.

Mrs. L. Y. Bryan, Mrs. Mische and Mrs. Tolar of Sanford drove out in Mrs. Mische's car Thursday and spent the day with Mrs. J. M. Lord.

Mr. J. D. Evans purchased a new horse last week.

The first quarterly meeting will be held at Ebenezer church the 24th and 25th of this month. All are cordially invited.

CAMERON CITY CLIPPINGS

W. W. Dressor had the misfortune to have his hand quite severely bitten by a dog.

Howard Swartz has been spending his mid-term vacation here and has been hard at work on the Swartz farm.

Mrs. R. L. Grier had as her guests on Tuesday Mrs. Bigger and Mrs. Boyd of Sanford.

C. G. Van Arsdale and wife of Wichita, Okla., present callers at Minnick Place last week enroute to Tampa, where they will visit friends and relatives for several weeks.

The Marshalls, our enterprising grocery people, have purchased the horse belonging to the Swartz farm and will use it in their business.

W. A. Minnick is temporarily disabled with a very sore knee.

Mrs. R. Washburn of Sanford spent a part of Sunday with Mrs. Minnick. Many tourists have visited us this

past week. Among them were W. A. Busse and family, of Chicago, G. D. Johnson, of DeRuyter, N. Y., J. M. Haven, of Big Lake, Minn., J. D. Robinson and wife of Holidayburg, Pa., Geo. A. Ohl and wife of Newark, N. J., Mr. H. A. Pyle, of...
son, Adhesville, N. C., Mr. Alexander Forest City, Va., G. A. Burhmer, Lick Run, Va., and J. W. Glass, Dawson, Ga.

Episcopal Church

Services at the Church of the Holy Cross (Episcopal), until further notice will be as follows:

Sunday school at 9:45 a. m.

Morning Prayer with sermon at 11 o'clock, and

Evening Prayer with short sermon at 7:30 every Sunday in the month.

On the first Sunday in the month there will be a celebration on the Holy Communion at the 11 o'clock service; and on the third Sunday of the month there will be an early celebration at 7:30.

The mid-week services during Lent will be as follows:

Tuesday afternoon at 4.

Wednesday evening at 7:00.

Thursday afternoon at 4:30 o'clock.

Friday afternoon at 4:30 o'clock.

The Guild of the Holy Cross will meet Friday afternoon of each week during Lent at 2:30 at the Rectory, adjourning in time to attend the evening service at 4:30.

Strangers in our city, as well as our resident friends will be cordially welcomed and shown to seats, which are all free.

REV. ARTHUR S. PECK,
50-11 Recteur.

Office Holders All the Same.

"Office holders are not different," says the Hillville Banner. "Once in a while, they never answer the knock of the man with a warrant to dislodge them. They consider the office a public trust, and they trust that they'll hold it forever. Sometimes there is a funeral, but every obituary notice begins 'Faithful to the last, he died at his post. No matter how small the salary, it would be easier to remove a mountain than to pry 'em loose'."

Cows Tried for Murder.

Old documents of the middle ages tell us of the trial of the cows. The animals were put on trial for serious offenses charged against them. For example, in 1370 three cows were tried for having killed a boy, the whole herd were arrested as accomplices. All were discharged but the guilty three, these being condemned to be executed. The sentence was pronounced by the duke of Burgundy—Our Dumb Animals.

Ancient Game is Chess.

It is impossible to state just when and where chess was born. Back we may go in the ages, but we still find it existing. We see it painted on Egyptian vases and we find it in the Chinese Books of Wisdom. It has been ascribed to all kinds of birthplaces, its creator having been at times a man, at times a god. Nothing positive is known about it, yet the greatest probabilities seem to point to its having come from the east.

Time When She Would Be Boss.

At a long row of seaside bathing rooms an important young man walked up to the door of one of the compartments and knocking at the same, testily inquired: "When in thunder are you going to get those trousers on?" There was a faint giggle, and a silvery voice replied: "When I get married, I suppose." The young man faintly: "He had mistaken the door.—Exchange.

Testimonial.

A grocer enjoys the unenviable notoriety of selling the worst goods in the district, but he has not recovered from the shock he got the other day when a little girl came into the shop and said: "My ma sent me for two pounds of your best tea to kill rats with, and a pound of finest ham, and mind and cut it in good thick slices, for it is to sole and heel my dad's boots."

Most Powerful Poison.

The most powerful poison known is reported to have been extracted by a German chemist from the seeds of the ricinus, the familiar castor oil plant, and has been attracting much attention on account of its remarkable properties. Its power is estimated to be so great that a gram—about a third of an ounce—of it will kill a lion and a bull guinea pig.

Dikes Felled a Conquest.

The University of Leyden in Holland was founded in 1575 as a monument to the gratitude for the nation's deliverance from a foreign enemy. The Spaniards invaded the Dutch country in 1574 and laid siege to the town of Leyden, but the people held out and refused to surrender. The tactful puncture of one of the dikes saved the nation, driving the Spaniards away.

Sound Sleep

is usually impossible to the bilious. But biliousness yields—and headaches, sour stomach, indigestion go down the bowels and regulated and the liver and kidneys stimulated by

BEECHAM'S PILLS

Fishermen Had Good Luck

The Ananias Club held an informal meeting last Tuesday and upon the information of M. W. Lovell that he knew just where the fish were located he was taken into full membership and he has certainly qualified as a life member. W. L. Milteer, N. H. Garner, Frank Milteer, M. W. Lovell, R. J. Holly and P. M. Elder were in the party and Gee Creek was the objective point. The creek is very narrow and shallow in spots but wherever enough water is found to make a pool the fish can be found and the party managed to get about sixty nice ones before dinner. Camp was made in the timber along the creek, and the way that lunch ate fish was scandalous. They could have caught more fish after dinner, but none of them were able to move around much. Three wild turkeys were flushed in the morning but none of them were killed and any one wanting a fine day's sport can be rewarded by going to Gee Creek and Gee Hammock.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Resall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements in the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Resall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

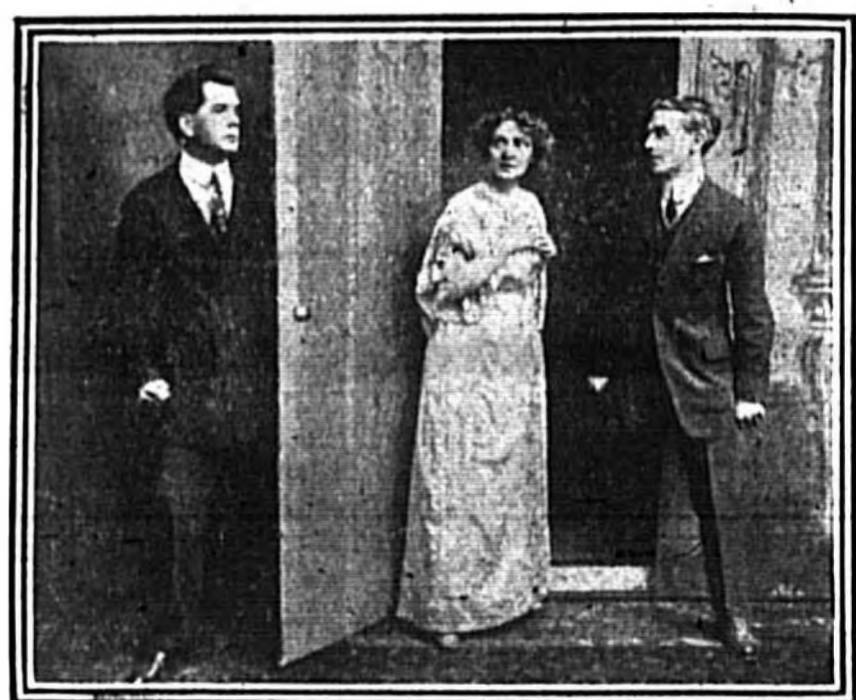

We know what Resall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Resall Dyspepsia Tablets will satisfy you? Three sizes: 25 cents, 50 cents, and \$1.00.

You can buy Resall Dyspepsia Tablets in this community only at our store:

PURELY PERSONAL

B. W. Bishop of Columbia, South Carolina, is the guest of his aunt, Mrs. H. H. Hill and family.

Miss Miriam and Loretta Baisden of Blackwell, South Carolina, are guests of Miss Mamie Hill.

Those who have been out to the fair grounds at Orlando say the exhibits are going to be the finest ever.

Joseph Horner, the well known traveling man who calls Orlando his home, was in the city on Wednesday.

A. J. D. Roberts says people have plenty of money in Sanford for he sold a coop of turkeys in half an hour on Wednesday.

Jas. A. McComb, the genial editor of the Growers News, has returned from a trip to Miami and other points on the East Coast.

J. R. Holland spent a few hours in Orlando Wednesday making plans for selling Overlands to the county officials of Harney county.

The aeroplane flights this year at the fair will be made by a seasoned aviator and not by the amateur who failed to get off the ground last season.

Mrs. C. H. Dingee has returned from a two week's visit to home folks at Dunedin and her many friends will be delighted to learn that her health is greatly improved.

Joe DeMont has returned from New Orleans where he attended the Mardi Gras and ate several pots de foi Gras and states that he enjoyed the Parleyrous Francis very much.

Mrs. J. E. Laing returned home Monday evening from a visit of several weeks with relatives in Valdosta, Ga., and also in Tallahassee, where she attended the inauguration of Governor Park Trammell.

A big force of men are at work for the Western Union Telegraph Co., stringing new wires and getting everything in shape for the new quarters in the Peoples Bank building, next door to the Herald office.

Mrs. L. Gantner of Savannah, Ga., is the guest of Mrs. T. J. Miller. Mrs. Gantner has a number of friends in Sanford who remember her as Miss Maud Rousseau, when she lived here with her parents some years ago.

Miss Ida Clay of Montgomery, Ala., arrived in the city Wednesday and is the charming house guest of Mrs. M. C. Doyle and daughter, Miss Mae. Miss Clay will also visit her brother, W. B. Clay, and family of Arcadia.

Ed. Rourke took in the Mardi Gras at New Orleans last week and states that all he saw of Joe DeMont was his name on the hotel register. Just what Ed would have done had he caught up with Joe is a matter of conjecture.

Mr. and Mrs. W. C. Palmer and family and Mrs. Vance Douglass left on Wednesday for Miami where they will make their future home. We hate to lose these good people from our midst and hope they will be happy and prosperous in their new home.

A. J. Piel, of the Piel Brewing Co., has his handsome yacht at the city dock and has just spent a most delightful time on the upper St. Johns. He expects to tell his northern friends about the delights of the Sanford section and there will be a great bunch of them down here next season, providing of course, that the new tourist hotel is completed in time.

John W. Rankin, business manager for Messrs. Baker and Castle's delightful romance, "The Goose Girl," was in the city Wednesday completing arrangements for the appearance of this satisfying drama at the Imperial Theatre on Saturday, Feb. 22. "The Goose Girl" was written for publication by Harold McGrath and dramatized for stage purposes by George D. Baker.

Some companies have furnished highly finished actors and actresses, others have shown the most lavish touch of the scenic artist's brush and the stage manager's art, still others have produced superb themes and appealing situations. None of them have assembled into on production such a satisfying combination of all as has the management of "The Goose Girl" which will be seen...

Among the many courtesans in the city this week was J. W. Glass of Dawson, Ga.; G. A. Burham of Lick Run, Va.; Dr. A. Alexander of Forest City, Va.; Dr. A. E. Johnson of Adairville, N. C.; Mrs. H. A. Fyke of Salem, Ill.; Mr. and Mrs. Geo. Ohl of Newark, N. J.; Mr. and Mrs. J. D. Robinson of Hollidaysburg, Pa.; J. M. Horen of Big Lake, Minn.; G. D. Johnson of DaRuyter, N. Y.; and Mr. and Mrs. W. A. Busse of Chicago.

Zeb Ratliff and Jack Slaton of The Herald force spent a day in Eustis this week looking over the Monotype at the Lake Region office.

Although the dramatization of a popular novel has seen the success of a play direct from the author's pen, the stage production of "The Goose Girl," taken from Harold McGrath's novel of the same title, is so replete with love scenes, heart interest, political intrigue, pathos and good clean comedy that it enjoys the same reputation for consuming interest as the book did on its appearance. This popular play, with a capable company and massive scenic investiture will be one of the early attractions here.

The Presbyterian Church Rev. Fred. D. Hunt will preach Sunday morning on "The Second Coming of Christ." It will be an exposition of what the Scriptures teach upon this great subject.

The night services will begin at 7 o'clock with a 30 minute singing service from our new Evangelistic song books. The subject of the sermon will be "Faith." The pastor will seek to make perfectly clear and simple what the Bible means by faith in Jesus Christ.

Paul Gilmore The engagement of Paul Gilmore and Associate Players at the Imperial Theatre for one night, Feb. 19th, will present the actor manager in a big dominant role of the type which playgoers have learned to associate with his name. "The Havoc" is a tense, gripping drama, built upon the story of a duel of wits between an injured husband and a treacherous guest in his house. The big role of the play, the husband, offers one of the most convincing characters seen on the stage in recent years and is played by Mr. Gilmore with quiet power and tense nervous force. By the sheer power of his acting he dominates the powerful dramatic situations of "The Havoc" with perfect ease, and during the scenes that are softened by brilliant ironic comedy he makes the author's satiric lines snap and sparkle and burn by his quick, nervous, crisp, decisive tones.

TO WHOM IT MAY CONCERN

Whereas, Thomas Jefferson, the Father and Patron Saint of Modern Democracy, has said:

"We are in favor of a tariff that is levied for revenue only, which definitely excludes the idea of protecting the manufacturer's profits. This doesn't signify that we are in favor of rushing into free trade conditions or of being so radical in our legislation as to injure legitimate business, but we do mean that exclusion and class benefits are past, and that the period of honest competition is here. Where you make your tariff rates balance the difference in cost at home and abroad, including an allowance for the difference in freight rates, and stop there, the tariff will be competitive; it will permit the growth of free competition."

And, whereas, the Democratic party has, in its platform, on which platform we have voted, worked for and elected the incoming Congress and administration of the United States, stated that the present tariff was especially obnoxious in that:

"Under its operation, the American farmer and laboring man are the chief sufferers; it raises the cost of the necessities of life to them, but does not protect their product or wages. . . . We recognize that our system of tariff taxes is intimately connected with the business of the country, and we favor the ultimate attainment of the principles we advocate by legislation that will not injure or deny legitimate industry."

And, whereas, the Honorable Oscar W. Underwood, of Alabama, the high priest of modern Democracy, whom the people of Florida did the honor to prefer by their votes as their candidate for the presidency of the United States on this Democratic platform, and who is the accepted leader of the Democratic party in the House of Representatives, and the Chairman of the powerful Ways and Means Committee of the House of Representatives, has stated that he is in favor of a "competitive tariff"—and has stated at sundry and divers times, in public print and private utterances, in speaking for his party:

"We are in favor of a tariff that is levied for revenue only, which definitely excludes the idea of protecting the manufacturer's profits. This doesn't signify that we are in favor of rushing into free trade conditions or of being so radical in our legislation as to injure legitimate business, but we do mean that exclusion and class benefits are past, and that the period of honest competition is here. Where you make your tariff rates balance the difference in cost at home and abroad, including an allowance for the difference in freight rates, and stop there, the tariff will be competitive; it will permit the growth of free competition."

And, whereas, the cost of labor to produce and transportation to deliver to the city of New York, Florida citrus fruits, is greater than the cost of labor to produce and the transportation to deliver citrus fruits in New York City, which are grown in various foreign countries—notably Spain and Italy—than the existing tariff on such citrus fruits, and that therefore the present tariff on citrus fruits falls entirely within the declared principles of the Democratic party in the matter of the tariff, as heretofore quoted, be it therefore:

Resolved That we the Florida Citrus Exchange, a non-profit, co-operative brotherhood of the citrus growers of Florida, representing an industry upon which are dependent an army of one hundred thousand people, and an investment of one hundred million dollars, demand that the present tariff on citrus fruits be unshaken, and we hereby pledge ourselves and promise that those interested in, and dependent upon, the citrus industry of the state of Florida will work with heart, body, soul and mind for the resolution of a Senator or member of Congress of the United States from the State of Florida who votes for any tariff bill which will reduce the present tariff on citrus fruits, and that though we have long and faithfully supported the Democratic party, if the Democratic party through its representatives in Congress passes a bill reducing the tariff on citrus fruits to a point that is not "competitive," in that it does not "balance the difference in costs at home and abroad, including an allowance for the difference in freight rates", that we will repudiate the action of such party and will pledge ourselves to the support of a party that will so protect our homes, our industries and our lives from the disastrous influence of imported products, which products are largely dependent in their production on the pauper labor of foreign lands; and be it further:

Resolved, That copies of this resolution be sent to the Senators and Members of Congress from the State of Florida, in order that they may be advised of this action and intention on our part, and be it further:

Resolved That a mass meeting of those interested in the citrus industry of Florida be called to convene at Tampa, Fla. on the 17th day of April, 1913, for the purpose of discussing these matters and arranging and perfecting an efficient organization which shall be statewide and permanent, for the purpose of protecting our industry along the lines herein disclosed.

AN EXPLOSION
wouldn't cause as much talk as the announcement of Sanford's Most Terrific Price Slashing Sale

Commencing
Wed. Feb. 19, 9 a. m.
Don't Miss It!

THE CAUSE OF THIS MIGHTY SLAUGHTER

The critical moment has arrived—that is the situation here now. The stringency of the money market has created a condition which has never occurred before and circumstances have so shaped themselves that we are forced to slaughter our magnificent stock. We must raise the money at all hazards. With a gigantic stock on hand we have struggled against a backward season which now stares us in the face, but all in vain. Unable to bear the strain any longer, we are forced to sacrifice our stock in order to save our good name, which is more than money to us; our entire capital is tied up in merchandise; we therefore need relief. Heroic sacrifices are sometimes necessary. This is one of the times we meet the situation promptly and emphatically. The urgent demand for money brought this gigantic money-saving sale on us, which we pass up to you. The enormity of our stock; the vital danger and burden it applies at this critical financial stagnation, forces us to reduce stock by offering for cash at any cost. Notwithstanding our reputation as givers of the best values, we now give an extra twist to the wheels of trade by offering such astonishing values that competition is not attempted. It is not necessary to go into details relative to high-class merchandise we carry, for every man, woman and child is well aware of the fact that anything bought from us is the best money could buy. Come, see for yourself and be convinced.

Nothing reserved, nothing held back. Exactly like a public auction for just what somebody will give. Every item must fall under the hammer. One man's loss is always somebody's gain. So turn this loss to your own pocket. The owners are here personally to supervise and prepare this entire stock to go on sale. Attend this opening whatever you do.

Exactly as the Clock Strikes the hour Nine **Wed. Morning, Feb. 19** Rain or Shine Snow or Blow

RIGHT NOW, behind closed doors, a transformation is taking place. Business is entirely suspended and the store under lock and key until the clock strikes the hour of nine, WEDNESDAY, FEBRUARY 19th, when this big sale opens, and the most amazing sight your eye ever beheld will be before you. And remember, This is the real article—a GENUINE SELLING OUT SALE.

1c. 3c. 5c. 7c. 9c. THE GREATEST CLIMAX OF VALUE GIVING! Five great counters, which are loaded with things needed in every household, but which we can't list for want of room. Every woman within a radius of a hundred miles will surely buy a load from these counters. Bring a big basket and a little change and carry away a big load. No matter if you don't see it in this "ad" you will see it in the store.

THE SANFORD HERALD

Published Every Tuesday and Friday Morning By THE HERALD PRINTING COMPANY

W. M. HAYNES, Business Manager

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by carrier \$2.00 per year in advance or 20c per month.

Payments in advance must be made at office. Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

Take a brace.

Look cheerful anyhow.

Be an optimist, no matter how painful.

Weather report says rain for Orlando barbecue.

Weather report says rain every time Orlando tries to get gay.

Report from Chattahoochee says that several Orlando citizens have applied for admission in April.

Certainly it is a shame that so many tourists that have no vote took in the free excursion to Oviedo today.

Orlando Sentinel states that Sanford business enterprises are bad. Better keep your own failures out of the papers.

Two daily papers for Orlando means that two daily papers will hit the grit when Orange county is divided and the county pap is divided. Hot air never paid the printer yet.

This nice cloudy weather will put a wet blanket on the spirits of the office seekers and hullyhoo carnival fakirs who follow the free excursion to Oviedo today to get free lunch.

An auto ran into an Orlando policeman the other night and bruised him up considerably. We would advise all autos to stop and wake up the policeman before running over them.

Whenever a cause is waning and no sensible arguments can be brought forth the losers always fall back on mud slinging and making faces. Orlando papers are resorting to all kinds of slurs at Sanford, thereby proving their weakness.

Orlando has a new daily paper, the Morning Sentinel, J. F. Schuman, editor and Joseph Ferris, proprietor. The new daily will be published during the fair rush as an experiment and if it pays will be continued. The daily Sentinel is a six column, eight page paper and is well edited and well printed and full of the anti-division spirit.

The Orlando Sentinel makes a weeping appeal to the Orlando merchants to fight county division. What have the Orlando merchants, Orlando papers or any other people living outside the new county to do with the question? If it comes to a vote they have nothing to say regarding division. The time to wake up is past and the business men of Orlando are not assisting the scared politicians of the county seat to retain the north end. We are already separated.

THE ORANGE COUNTY FAIR

This is the year for Sanford to have one of the finest exhibits that has ever graced the Orange county fair and The Herald calls upon every public spirited citizen of the Celery Delta to join in and assist the committee in making a good exhibit. It is natural for all of us to hang back and let the other fellow hustle in an affair of this kind, but one man should not be allowed to do all of the work, and every individual who has the best interests of Sanford at heart should help get up the exhibit. You will feel mighty small when visiting the fair to see a small exhibit there from Sanford, and yet your help is certainly required in the hard work of making a creditable exhibit. Get busy every one and lend your assistance.

THE PARCEL POST

Postmaster General Hitchcock, according to his own statement, did not estimate that the parcel post, established but a month ago, would have handled in that short time more than 1,000,000 parcels, but he was obliged to admit the other day that in but four short weeks of its existence the system has carried over 2,000,000. The order of the postal department to print 5,000,000 parcel post stamps a day has been found so inadequate that the number has been raised to 10,000,000.

That the burden of the grasping express companies lay heavily on the American people cannot now be doubted from the way in which the masses have taken advantage of this long delayed and long

needed improvement and, if the administration of President Taft had accomplished nothing more than the establishment of the parcel post, that alone would be enough to render it immortal.

In addition the benefit to the people themselves in freeing them from the grip of the express companies the newly established system promises to be one of the greatest money making agencies of the government and it undoubtedly will soon free the postoffice department from its annual deficit. Aside from this aspect, it will do more to bring about penny postage on letters than any other known thing and that the people at large will welcome such a consummation goes without saying. Truly, the parcel post so far has proven a most phenomenal infant.

THE BABY IS BORN

One of the most comical occurrences of the whole campaign for county division is the eleventh hour activity of the Orlando office seekers who are spending their good money on barbecues and free excursions in the vain endeavor to bolster up their waning cause. The tax payers have already made up their minds on the subject and the majority of them in the new county have signed a petition calling for a division. The Orlando office seekers and peanut politicians have no voice in the matter and if it ever comes to a vote of the people they will not even have a vote, and yet they are ballyhooing like a second edition of Johnny Jones carnival and calling upon the dear people to "c-r-u-s-h the r-e-b-e-l-l-i-o-n and hang the r-e-b-e-l-s."

With an enormous expenditure of money they are giving a free excursion and barbecue at Oviedo today, and a whole bunch of hot air will be expended by the Orlando wind jammers in an attempt to induce the dear people to reject the proposition that has already received the sanction and endorsement of the majority. The Orlando bunch have been asleep just a trifle too long and all that useless expenditure of time and money will avail them nothing. The baby has been born and the new county is already an assured fact. The least that could happen would be an election, and in an election the new county would carry by an overwhelming majority and the biggest joke about the division is the fact that in an election Orlando would have no more voice in the matter than would an inhabitant of some other state.

This is just a little friendly matter between the people residing in the new territory, and the Orlando bunch of disgruntled office seekers are merely lookers on or camp followers or some other sweet scented lumps of mud. We are tickled to death that they have loosened up sufficiently to give our country friends a feed and free excursion. It is a cinch that the majority of those attending the barbecue today are tourists and non-taxpayers and non-residents that have no interest in the matter further than to enjoy a free ride and free lunch at the expense of the office holders. Orlando has certainly taken a motherly interest in the north end since Sanford put one over on the dear old girl and if the new county never went through, our friends in the north end can thank us for making the court house ring loosen up and spend some money on the people. Certainly they have never spent any money on improvements and if we have forced them to loosen in this one particular Sanford has certainly accomplished wonders.

It is all over but the shouting and Sanford will do the shouting when the legislature meets in April to ratify the county division bill.

Will Be Fine Musical

Anna Louise David, harpist and Marcus Kellerman, bass-baritone, will be at Orlando at the Lucerne Theatre February 18th under the auspices of the Mendelssohn Club of that city and the music lovers of Sanford are promised a rare treat if they all attend. Miss David and Mr. Kellerman are artists of rare ability and the musical will be one of the best events of the season.

DeLand Ladies Here.

Miss Laura Fish, who had charge of the program at the Woman's Club in Sanford yesterday, invited the officers of the Woman's Club here and a few of her friends to attend the club on this occasion. Mrs. Carson and Mrs. W. R. Stephens each read interesting papers. The Woman's Club of Sanford gave the visiting ladies a luncheon at 12:30. Among ladies attending from DeLand were Mrs. W. H. Stewart, president; Mrs. J. J. Lutz, Mrs. Korte, Mrs. Carson, and Mrs. W. A. Allen, vice-president; Mrs. Webster, treasurer; Mrs. Landis, Mrs. Stephens, Mrs. Johnston, Mrs. Jordan, Mrs. Debevoise and Miss Nell Lutz. The entire party motored through to Sanford and return.—DeLand News.

Business Men Will Meet

This evening over fifty business and professional men are expected to meet in the Parlor of the Sanford House to discuss business conditions in the city. An effort will be made to improve local trade conditions at this gathering and all interested in trade conditions are expected to be present. The Sanford Business Men's Association will be formed. The meeting was originally called for Thursday night but postponed on account of the weather.

The following announcement has been mailed to the business men of the city: Sanford, Florida, Feb. 12th, 1918.

Dear Sir: You are cordially invited to attend a meeting of the business and professional men of Sanford to be held in the Parlor of the Sanford House, Friday evening, Feb. 14th, at 8 p. m. The object of this meeting is to better the local trade conditions. Forty-five of the leading business and professional men are cooperating in this movement. Be sure and come, we are depending upon you to show your interest by your presence.

Lend A Hand Sale

The Lend A Hand Club will hold one of their cooked food sales at the store of J. D. Roberts Saturday afternoon. Delicious salads, bread, cake, doughnuts and candy will be among the tempting things prepared for Sunday dinners.

Fancy Work Circle

Mrs. J. J. Purdon was hostess of the Fancy Work Circle Thursday afternoon. The ladies spent a very pleasant social afternoon together in the enjoyment of their pretty fancy work. The hostess was assisted by Misses Linda Connelly and Eadie Purdon in serving a delicious fruit salad, pimento cheese sandwiches, olives and coffee. Mrs. Purdon's guests were Mrs. T. S. Davis, Mrs. R. W. Hines, Mrs. D. A. Caldwell, Mrs. W. T. Johns, Mrs. H. B. Connelly, Mrs. R. L. Peck and Miss Linda Connelly were pleasant visitors.

Associated Charity Meeting

The Board of Directors of the Associated Charities held an important meeting at the residence of Mrs. Henry Wight Tuesday evening, with ten members present. The work of the organization was discussed at length and facts were brought out showing that it had accomplished that for which it was organized; establishing a central place for disbursing charity and working plans for those who really need help. An effort is being made to put the Associated Charities on a firmer financial basis, furnishing means whereby more effective work may be done that will result in a lasting benefit to the community. The president appointed new committees as follows:

- Finance—S. O. Chase, chairman; L. R. Phillips, W. W. Abernathy, B. F. Whitner Jr., Geo. H. Fernald.
- Membership—Mrs. W. W. Abernathy, chairman; Mrs. R. L. Peck.
- New members of the Board of Directors elected were Mrs. M. Frank and John D. Jenkins.

The next meeting of the Board will be held at the residence of Mrs. Henry Wight, Tuesday evening, Feb. 18th, 7:30 o'clock. A full attendance is requested.

Band Concert Sunday

The Sanford Military Band will present the following program in the park Sunday afternoon at 3:00 o'clock: From Tropic to Tropic Alexander Overture, Superba Dalbey Voluntary (second) Pettie Descriptive piece Southern Blossom From Tuna Poem Apple Blossoms Kathleen Roberts Annals From Surprise Symphony Hadyn Waltz, Crescent Hough Lella Serenata Mexicana Chambers Descriptive Piece Hunting Scene Bucholzen March, Patriotic.

Wednesday Club

The Wednesday Club held their regular meeting at the home of Mrs. Henry Wight Wednesday afternoon. The club was called to order by the president, Mrs. G. L. Maris, after which the minutes were read by the secretary, Mrs. S. O. Chase.

A report from the committee appointed by the president last week to call on the managers of the moving picture shows and discuss with them the views of the Wednesday Club concerning the characters of some of the pictures shown, and to ascertain their attitude toward some changes, which the club would like to suggest in the way of improvement, was received. The report was very satisfactory as showing the willingness of the gentlemen interviewed, to endorse the views expressed by the club through their committee and to cooperate with them as far as they could in securing pictures that will be instructive and

helpful, as well as educational to the many children, young people and pupils of the school, who are regular patrons of the moving picture shows, as well as the citizens of the town, whose recreation is mainly the moving pictures.

The secretary called the roll, and a list of the members present was read, with quotations of Lincoln.

The club as a whole joined in a discussion on the topic which at the present time is occupying a great deal of thought and interest, following which the meeting adjourned.

Program for Feb. 19th, Mrs. C. R. Walker, leader:

- Music.
- The Revolution—Mrs. C. R. Walker
- Hidalgo—Miss Alice Whitner.
- Morelas—Mrs. Lyman Phelps.
- Iturbide—Mrs. S. O. Chase.
- Santa Anna—Mrs. H. H. Chappell.
- Roll Call, Current Topics.

A PROTECTIVE ASSOCIATION

(From the Florida Grower.)

Confronted as are the growers of Florida at the present time with the threatened destruction of the citrus fruit and other growing industries of Florida on account of the proposed reduction of the tariff, the call that the Florida Citrus Exchange is sending out to all growers of Florida is especially timely, and should receive the earnest consideration of every man in Florida who earns his living from the products of the soil.

The Exchange is taking this initiative because it is the one big recognized body of co-operative growers of Florida, and is thus perhaps better prepared to command attention, and add weight to the move that is under way to bring together all growers of Florida products, regardless of their marketing affiliations, but who are a unit in demanding a uniform protection for the products of the soil from whatever source danger may threaten.

Such a body of growers, properly officered, will be in a position not only to carry on a propaganda against any proposed reduction of the tariff, but to use its big influence to reduce railroad rates; to bring about concessions that are now allowed California shippers, but denied to our Florida shippers, such as routing, and a flat or so-called "postage-stamp" rate to all parts of the United States; to better look into our horticultural laws, that they may be framed to protect our growing industry against the admission of infected nursery stock, or fruit that might bring with it some new pest to endanger our orchards, and to take up plans for checking the pests now with us.

Such good can come from such an organization. It is time for conflicting interests to get together and work for the good of the State as a whole. Will the growers of Florida heed this call and come to the meeting at Tampa on the 17th day of April? It is to be hoped that they will. Plan to be there.

Piano Contest Creates More Interest Daily

Contestants Are Working Faithfully and Showing Good Results

Big Bonus Offer Will Be Pulled Down by the Hustling Ladies

(By C. H. Loop.)
Harney county is an absolute certainty at a very near date. The Sanford Herald will be the official organ of this county, therefore, each and every resident of this section of Orange county will naturally want their home or county paper.

The lady candidates in the contest will appreciate your subscription to this paper, in order to secure the votes which are being given at the present time. The ones receiving the highest number of votes will be awarded prizes at the close of the contest.

When they approach you, Mr. Non-Subscriber, it is not on a charitable mission in any sense of the word. They are offering you a paper that is published twice a week, which records the current events of the happenings, not only of your own immediate vicinity, but of the whole world. They are asking you to subscribe for a paper that would be appreciated each and every time it came into your home, and these ladies are working for the Herald the same as the cashier is working for any bank, therefore, we respectfully request that you treat these lady solicitors with every business courtesy, and give them a subscription to the paper if you have to borrow the money to do so.

Voting changes each week, the leaders today may be thousands of votes behind next week, and now is the opportunity to give them your subscription if you intend doing so.

Voting Power of Subscriptions.
Payments on all subscriptions will earn votes according to the following schedule. Renewals and back subscrip-

tions count the same as new subscriptions:	
1 year \$ 2.00	2,000 votes
2 years' 4.00	7,000 votes
3 years' 6.00	12,000 votes
4 years' 8.00	18,000 votes
5 years' 10.00	25,000 votes
10 years' 20.00	75,000 votes

The list of candidates and their vote exhibit as counted up to noon Thursday

FLORIDA'S GREAT NEED

System of Highways Would Make State a Tourists' Paradise

The American Motorist has the following to say about the proposition for a state bond issue to build public highways:

"A bill is to be introduced in the legislature of Florida to authorize the issuance of \$50,000,000 of bonds for the construction of a system of vitrified brick roads.

The tentative plan calls for the construction of a number of trunk lines over the main traveled routes, and from each county seat a highway connecting with one of the trunks.

"Florida's developed and potential wealth amply warrants the prompt construction of a comprehensive system of first class highways, in addition to those many good roads which it already has. It is said that 100,000 northerners are pouring into Florida every year to make their homes, and more are on the verge of going, for this belief that the south, especially this state, is a young man's country, a country of opportunity, is abroad in the land.

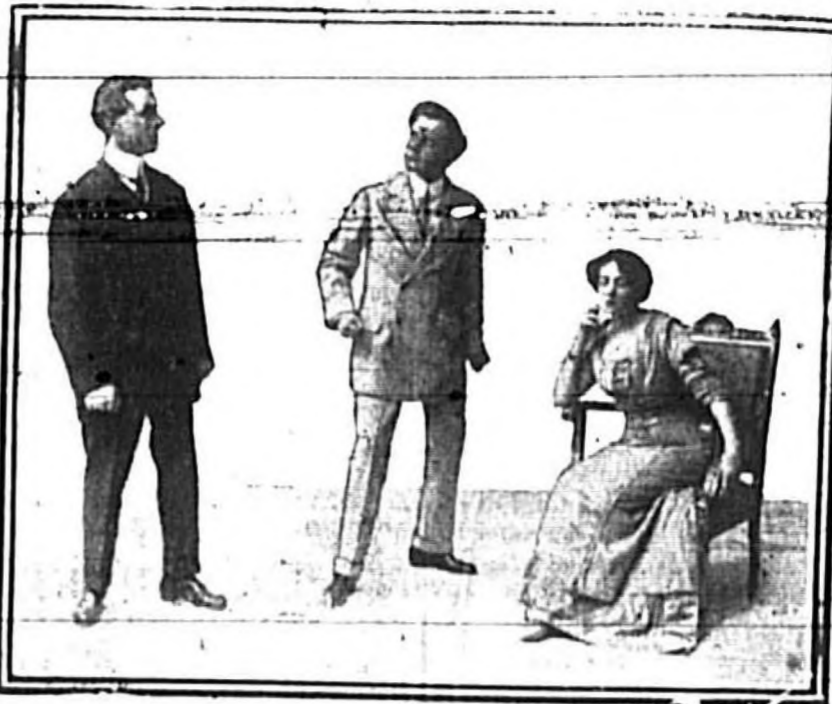

"The lure of its climate is strong. The region still exerts some of its ancient Fountain of Youth magnetism. The number of northerners who regularly travel southward to escape the rigors of winter is steadily increasing. Bringing as it does millions of dollars to be spent and invested, thousands of men with capital and energy to create new wealth, this line of prestige is of inestimable value to Florida.

"This condition alone should prompt Florida to meet the requirements of business within its limits by constructing a complete system of good roads.

There is, however, another consideration which may not appeal as strongly to the average elector in Florida as it does to an observer in New York state. That is the competition of other southern states. With the rise of the motor car and the increase in touring, good roads are becoming a power which can be offset by nothing but other good roads.

"To record its progress, Florida can not rest on what she has. California and Texas are building new highways and are waking up.

"If Florida is to preserve her prestige and popularity, her business goodwill and her tourists she must keep pace with these neighboring states, and build roads to good and so numerous

SCENE FROM "THE HAVOC"

that they will give it new fame to the state, as well as meet an ordinary business requirement.

"As long as other states are awaking and building, Florida need never fear of overdoing her work. The nation expects much from her.

"When it is said of Florida that every road is a good road, she will develop at a rate which will give very large dividends on all that is invested in the construction of highways, for probably in no state in the Union will the values be increased in a higher ratio by good roads."

WEATHER MAN HERE

Head of the Weather Bureau Establishes Branch in Sanford

A. J. Mitchell, head of the Weather Bureau of Florida with headquarters in Jacksonville has been here yesterday and today in conference with H. E. Duffow with a view to establishing a branch here, or what is known as a meteorological station for the reporting of weather conditions and the temperature. An enclosure will be built on the C. R. Walker place on Union avenue, where the semigraph, the instrument for taking temperature will be placed and hereafter Sanford will be in the daily weather reports that will be flashed over the United States. Mr. Duffow will be in charge of the Sanford station and will

be able to give out all information regarding the weather and climatic conditions. Mr. Mitchell states that providing a flag staff is erected the signals can be displayed here, although under the present plan all information regarding the weather can be had from Observer Duffow, who can be found at the office of N. H. Garner in the Garner-Woodruff building.

Weather man Mitchell stated to a representative of The Herald that up to the present time the bureau had no reports as to a cold snap and that the one predicted for this section yesterday had been sidetracked north of here and would not find us on this trip. Mr. Mitchell is taking a great interest in Sanford while on this trip and thinks we have a great trusting center here, and that more attention should be paid to the scientific details of farming in relation to soils, temperature, etc.

When all the apparatus for our observatory is installed Sanford will be able not only to keep close watch of the shifting weather conditions coming our way, but we will also be able to send out full reports of Sanford temperature and this will be a good advertisement of our climate and weather conditions.

---------------------------------	---	---------------------------

BOARD SLAPS NEWSPAPERS

Osceola Hardshells Take Away Financial Support of Papers

Because the newspapers of Kissimmee saw fit to criticize the slow methods of the board of county commissioners in road building some of the hardshell members sought to get back at the journalists by cutting off the revenue recently given for complimentary copies of the Journal and Gazette and passed the following resolution:

"Whereas for some time passed the Board of County Commissioners of Osceola County have subscribed for a certain number of papers both of the Kissimmee Valley Gazette and the Osceola Journal for distribution to prospective settlers outside of the state of Florida; with a view of encouraging immigration; and whereas these papers at one time exploited the advantages of this part of the state, showing the possibilities derived from agriculture, cattle raising, also the advantage in an educational way, so as to attract settlers from other states, thereby enhancing the value of all property by reason on the new comers to our community; and,

Whereas, for some time past these newspapers have not shown the zeal formerly displayed in advertising Osceola county; and

Whereas, the Osceola Journal has seen fit to devote a considerable portion of its columns to unfair criticism of the conditions in the county, and the official acts of its officers, thereby rendering the paper rather a detriment than an advantage to the county, discouraging rather than encouraging, immigration; and

Whereas, both papers are now edited by non-residents, or at least by persons who have but recently moved into the community and who are not familiar with the conditions and wants of the community; therefore be it

Resolved by the board of county commissioners of Osceola county that they do not deem it wise to continue the subscription to these newspapers under existing circumstances."

Genuine Seed Potatoes, Spaulding Rose No. 4, per 150 lb bag \$2.65; Red Bliss Triumph, per 150 lb bag \$2.65. Can furnish seed grown either in Maine or New York state. We guarantee our seed to be the best and true to name. Ten years in the seed business; not a dissatisfied customer. American Produce Company, Jacksonville, Florida. 45-24c

Study Circle Organized.

Last Monday night a number of ladies and gentlemen interested in the better things of literature met at the home of Mr. Langley and organized the club which in the future will be known by the name given above.

It is a circle having for its object the formation of an acquaintance with the best of present day literary figures. The organization and purpose of the Circle are somewhat different from those of the ordinary book circle, as will be seen from the following program. And the reason these people have thus banded themselves together and set to work in this way is because of the need they feel of in some way keeping abreast of the times at least as far as literature goes.

Not only will the best authors of fiction be examined, but prominent authors of works on political science, natural science, philosophy, art and poetry will also be considered.

To facilitate the work and to cover the immense amount of ground that is ahead of the Circle, the books to be studied have been placed in four groups, an American, an English, a French and a German group. Some good representative work of each author will be selected and represented to the Circle at the regular bi-monthly meetings. Each member will purchase the particular volume assigned to that member and after reading it will pass it on to the other members of the Circle.

All the members express themselves as feeling much indebted to Mr. Langley for the plan of organization and for the many valuable suggestions he has made as to the proper literary figures that should be studied.

The following program will give one an idea as to the work that will be done by the Circle:

- I. The American Group
 - A. Political Science. Woodrow Wilson. "Congressional Government."—Dr. Brownlee.
 - B. Physical Science. Jacques Loeb. "The Mechanistic Theory of Life."—Mr. J. R. Wildman.
 - C. Philosophy. William James. "Pragmatic Philosophy."—Prof. Perkins.
 - D. Music. McDowell.—Mrs. Polk.
 - E. Fiction. (1) Edith Wharton. Miss Walker. (2) William Dean Howells. Miss

Tetherly.

(3) Henry James.—Miss Ensminger.

(4) Basil King. "The Wild Olive"—Mrs. Langley.

(6) Mary Johnston. "Cease Fire."—Mrs. Langley.

II. The English Group.

A. Political Science. James Bryce. "The South American Commonwealth."—Mr. J. R. Wildman.

B. Physical Science. Lord Kelvin.—Prof. Perkins.

C. Philosophy. Frederick Harrison. "Philosophy of Positivism."—Mr. Langley.

D. Poetry. John Massmond.—Mrs. Cox.

E. Fiction. (1) Gilbert K. Chesterton. "Man Alive."—Mr. Polk.

(2) Arnold Bennett. "Your United States."—Mrs. Dickins.

(4) John Galsworthy. "Inner Tranquility."—Miss Gibson.

(5) Mrs. Humphrey Ward. "Case of Richard Minhel."—Mrs. J. N. Whitner.

(6) H. C. Wells. "Marriage."—Mr. Polk.

The representatives of French and German literature have not as yet been selected.

Big Show Coming
 Sanford is to have a big show this year and one that is well worthy of patronage, as the J. H. Eschman European Shows, which will give four performances here on Feb. 24th and 25th, come highly recommended from the different towns in which they have appeared. This attraction travels in its own special cars and carries a number of high class feature acts, among them being several sensational features from the larger circuses and, in addition, a trained animal exhibition, that is second to none in the country will be given. The comedy feature has not been neglected as several up to date vaudeville acts are carried as well as a number of funny clowns. One member of the "Troupe," worthy of special mention is "Little Nemo," the smallest trained elephant in the world, who does a great many tricks that seem marvelous for a dumb animal.
 There will be two performances given each day, one at 2:00 o'clock in the afternoon and one at 8:00 o'clock at night. Several free attractions will be given on the show grounds before each performance, and there will be no gambling or skin games of any kind allowed to operate on the show grounds at any time. The management will promptly prosecute any offenders.

Like the Most of Us.
 "Are you looking for work?" "No, sir. I'm looking for money, but I'm willing to work because that's the only way I can get it."—Boston Transcript.

One Sort of Philosophy.
 "Mother, did you learn to cook before you got married?" "I did not. I married first. There's no use learning a trade until you know you're going to need it."—Detroit Free Press.

Nothing Special Bought for

THIS SALE

REMOVAL SALE

Owing to conditions over which we have no control, we are forced to quickly remove this stock of shoes, which means a great sacrifice---But necessity knows no law, so accordingly have marked every pair down to the limit for quick removal. Not a single pair of shoes in this new high grade stock reserved, but every pair even including all shipments of Spring styles marked at a great sacrifice.

The Red Tag Sale Prices Tell The Story

THIS GREAT SHOE SALE will surpass any Shoe Selling Event ever attempted in Sanford before---Its quite contrary to our usual policy, of no Special Sales---but its our only recourse, for we are forced to vacate at once. This not a question of profit now. Entire stock must be moved quickly.

NOTICE TO THE PUBLIC

Contrary to our former policy of no Special Sale we must submit to conditions now and throw this entire stock on Public Sale. This stock is all new and of the best well known makes, but of all must be sacrificed to meet conditions---every pair marked in plain figures, showing the radical reduction.

REASONS FOR THIS SALE

Unexpectedly we are forced to vacate this building immediately. No other location definite. Our only recourse is to throw the entire stock on Public Sale. Two weeks time our limit, so accordingly we're preparing to offer the public the Greatest Money Saving opportunity on High-Grade Shoes ever known here. Everything must go.

SANFORD'S NEW BUILDINGS

All Previous Records Broken in Building Operations

SANFORD IS GROWING RAPIDLY

Residence Section and Business Section Keeping Pace With Increased Population

There is no city in the south that is growing as rapidly as Sanford and as proof of this statement the many new buildings going up at every point in the city is cited. Many fine residences have recently been built here by residents and those who come here and recognize the possibilities of profit in building houses for rent or sale. Sanford during the past two years has claimed the attention of the investors more than ever before for here he recognizes the sure sign of rapid growth and the chance to make good from the increase in real estate of all kinds.

Properties that a few years ago could have been purchased at a very small margin of profits have increased rapidly and those who have been away from the city for the past year are marveling at the rapid rise of real estate.

This building has not been confined to any one locality but is noticed in the residential and business sections of the city and for long distances out from the city proper the people are building fine homes. Sanford Heights in the past few weeks has again come into notice on account of the proposed brick roads that will girdle this fine residential property and the tourists are looking at this property with an eye for the future.

Space will not permit a recapitulation of the various properties that have been erected lately but the report of the City Clerk will convey some idea of the building operations although it does not give the many homes being built beyond the city limits.

Business Men's Association

An enthusiastic meeting was held in the Parlor of the Sanford House, Friday night, Feb. 14th, 1913, and a new organization was formed for the betterment of local trade and credit conditions. S. Runge was appointed temporary chairman and called the meeting to order. The business interests of the city were well represented, as 25 or 30 prominent business men were present. Officers were duly elected, as follows: S. Runge, President; Geo. A. Speer, Vice-Pres.; and A. K. Powers, attorney at law, Sec.-Treas. The merchants were fortunate in selecting Mr. Powers as Secy-Treas., as he is well up in his profession, and while he has only resided in Sanford a short while, is well known, and comes highly recommended from his former home in North Carolina, where he is well connected. An executive board was next elected, comprising ten. President Runge appointed J. D. Roberts, J. D. Davison, and Geo. A. Speer to submit ten names for approval of the meeting, and the following were elected: Geo. Fernald, Chairman; W. J. Hill, J. D. Davison, W. H. Underwood, J. D. Roberts, W. M. Haynes, S. Runge, A. K. Powers, Geo. A. Speer, and J. H. Overman. W. P. Henry, representing the Merchants Mercantile Agency, publishers of the Credit Experience Guide, next explained the system fully, and it was decided to appoint a committee to go with Mr. Henry and see such merchants who had not given their support, as it is important that every merchant co-operate in the movement, and great results will be accomplished. This association will co-operate with like associations formed all over the State as well as the United States. A meeting will soon be called for the Executive Board, when the constitution and by-laws will be adopted.

Adjourned with every merchant agreeing to work hand in hand with the other and do all in his power to help the general business of the city. The meeting adjourned, with every merchant agreeing to work hand in hand with the other, and do all in his power to help the general trade conditions. It is expected the association will have as members every merchant practically in Sanford and this vicinity, and already about 40 are co-operating.

There Will Be Ten New Counties Formed in Florida

Hon. Frank Mayes, editor of the Pensacola Journal, usually knows whereof he speaks, and in a late issue of the Journal voices the following words of wisdom regarding the question of county division:

"It is said there will be no less than ten propositions for new counties before the next legislature. Probably all of them have merit, and the trend of modern political economy is towards smaller political divisions of territory."

Sanford Schools Greatest in Orange County's List

During the recent visit of the state authorities to Sanford and a thorough inspection of the schools the remark was made that Sanford made the best showing of any city in the state according to population. Our system, rightly called the Sanford system, because it was instituted and fostered by Sanford alone is the best educational plan that has ever been given to the public. The city schools comprise three separate buildings, Primary, Grammar and High School and the system is perfect. Aside from the regular city schools that bring to total number up to eight school buildings in all making Sanford the educational center of this section.

Sanford City Has the Most Brick Paved Streets

The brick are now being laid on Ninth street to the new depot, a depot by the way that has just been erected at a cost of over \$70,000, and this additional paving will bring up Sanford's total to five miles of brick paved streets. These are not narrow alleys but in most instances broad thoroughfares and Sanford has the reputation of having more brick paving than any other city of similar size in the United States. The country roads to be paved next month contiguous to Sanford will amount to twenty-five miles of brick roads, and with the city paving will be Thirty Miles of Brick Paving. This would indicate that the city is going some and as place of residence is par excellence.

Sanford is the Trading Center for South Florida

The many visitors to the city this week are struck with the many sales in vogue at the big stores. Sanford merchants believe in selling goods and do not carry over any old stock to foist them upon the unsuspecting public at various times and in carrying out this policy give the buyers the opportunity of buying good materials cheap at this season of the year. There are at least four big sales going on this week and the buyers are coming into Sanford from all points of the compass, for they recognize the fact and are wise to the fact that in this city they can buy goods cheaper than in the larger cities of the north. Sanford merchants always treat their customers fairly and these customers always come again. Sanford is the trading center for all of South Florida.

Sanford is the Most Progressive Part of County

Sanford district has voted bonds for the construction of brick roads in the sum of \$200,000. The work will start on or about March 1st. No other city, no other district in the county had sufficient faith in the county or sufficient nerve to form a special road district and bond for brick roads. No other county in Florida or the entire south has done this much, although they have expended much hot air in talking about good roads and the state is very much exercised now about a separate appropriation for building good roads.

Sanford Gets Appropriation for \$70,000 Government Building

Sanford will have a fine government building to cost \$70,000. This most gratifying news was received here today in a telegram from Congressman Clark as follows:

Washington, D. C., February 18.

R. J. Holly, Editor Herald: Bill carrying appropriation of \$70,000 for a site and government building carried in the House yesterday.

This means that our city will be graced by a fine building that will be commensurate with the remarkable growth of Sanford.

Sanford's Tourist Hotel Will Be Finest in the South

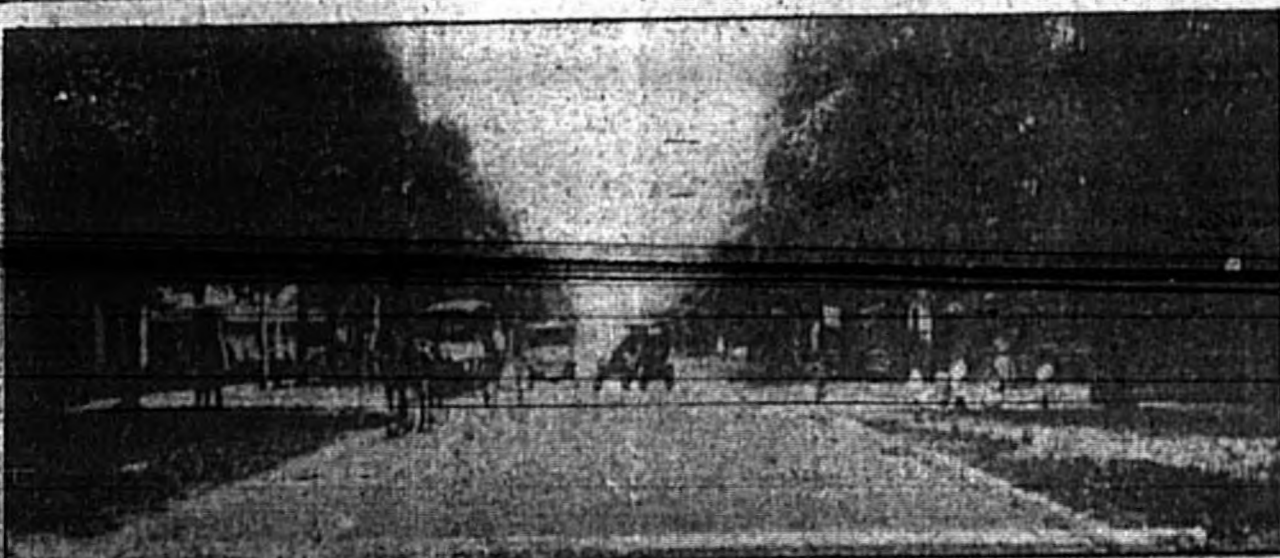

The unprecedented offer of the Sanford Hotel Co. and the Sanford Commercial Club to donate a \$20,000 tract of land free, to bulkhead the same and give the company free taxes for a term of years is bearing fruit and several well known capitalists are in the city this week with a view of taking up the offer, and also purchasing the entire holdings of the Hotel Co., which comprise some of the most valuable real estate in the city. They expect to erect a beautiful tourist hotel on the banks of Lake Monroe and Sanford being the finest resort for the sportsman in the entire south will take front rank as the most suitable place to spend the winter. A Country Club will be erected on Sanford Heights simultaneously with the erection of the new hotel.

Sanford Building Faster Than Any City in the State

Building permits for the past six months, according to the records in the City Clerk's office brings the sum up to the grand total of \$108,600. This does not include the new business block to be erected by J. L. Miller in the next few weeks or the new residences in contemplation.

Sanford Celery Brings Good Prices This Season

Sanford has long been known as the celery section of the United States, although the people here have other good crops now that are sure money makers and are not as elusive as the celery crop. This season the growers expect to realize good prices on the late crops and many of them have made comfortable profits on the first celery. One Celery avenue grower cleared \$4,500 on less than five acres and another made \$9,600 on less than ten acres, which is a very good profit considering that spring crops will be planted on the same land.

SANFORD IS BOOMING

Improvements Being Made Here Enhance Land Values

CAPITAL BEING ATTRACTED HERE

The Many Advantages Offered Are Magnets That Pull People Our Way

One of our West Side growers has refused ten thousand dollars for a patch of ten acres of celery. He claims that the stuff is in such good shape that he will get about twice this much for it.

M. E. E. Brady, who has a contract to get out 7,500,000 cross ties is getting his camp in shape and now has 75 men in the woods. This force will be increased until 200 men are employed steady. This project will turn one million and a quarter dollars loose here for labor alone. This will be a great benefit to Harney County as it will furnish work for our farm labor during the summer season.

It may not be generally known but it is a fact that this city will have 68 blocks of brick streets when the eleven blocks are completed for which the brick are now arriving. This is a very great distinction for Sanford.

The bridge across the Wekiwa river at Rutland ferry will be ready for traffic within six weeks. It is now more than half completed. This bridge will connect Harney and Lake counties and will be the cause of a great amount of traffic coming this way. There has been a great need of a direct connection with the central part of the state, and this bridge will be a great means of getting to and from the East coast resorts. This improvement supplies this demand.

With twenty-two miles of brick roads outside of the city limits of Sanford and in various directions there is no reason to doubt but what this will become one of the most favored and best advertised portions of the State.

Mr. Rogers has been successful in securing acre truck farms during 1912. The land was new and brought \$150 an acre. This shows the value of Sanford celery land.

The East Sanford Land League which is preparing to market 4,000 acres of citrus and vegetable lands on the Geneva Peninsula has just received its advertising matter from the printers and is now preparing to launch the sale in good shape. The lands of this concern are among the best in the county and will afford an opportunity for the man of small means to secure land in Harney county on very reasonable terms. It is expected that this movement will bring a large number of settlers to the Geneva Peninsula.

The new passenger station which has just been placed in commission here is pronounced by railway men to be the finest in inland Florida. The great traffic which is handled here is keeping it working to its fullest capacity.

It is not generally known, but Sanford has one of the greatest wholesale and retail hardware concerns in Florida. It is that of the Geo. H. Fernald Company. The trade of this concern extends all over South Florida and has the reputation of carrying one of the most complete stocks in the State.

The grower who has a good quality of celery is in clover this year. There is no stock on cold storage in the north and the freeze in California virtually put that competitor out of business. This leaves a clear field to Sanford and it is claimed by conservative ones that three-fifths of the stock in the United States is in our fields at this time.

Music Club

The Music Club held their regular meeting at the home of Mrs. F. L. Woodruff Saturday afternoon. The very inclement weather prevented the attendance of several of the members who were on the program. The meeting therefore was shortened.

There will be a special meeting next Saturday afternoon at Mrs. Woodruff's at 3 o'clock sharp. Every member is requested to be present, as an important matter must be considered by the entire club.

After the business of the club is attended to the chorus will have a practice. It is desired that the full chorus be on hand.
