is named-a hair beautifier. It is not a hair dye or hair oil-it is just a dainty, roseperfumed liquid dressing to give the hair its natural gloss and brightness, its natural wavy softness, its natural rich beauty. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains pool, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandred-free and clean, use Harmony Shampoo. This pureliquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or sticki-

ness - just a sweet-smelling cleanliness. Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops, Harmony Hair Beautifier, \$1 00. Harmony Shampoo, 50c. HERALD SPECIAL EDITION

Will be Issued in December and Will be a Comprehensive Description of New County and Sanford.

The Herald will issue a special edition about the first week in December that will eclipse anything before attemoted in this line. There will be nothing elaborate in cover or auts but the reading matter will state in concise terms what we have in Sanford and Seminole County for the attraction of tourists and home seekers, .

Being issued just before the holidays the edition will be one of the best advertising mediums for the merchants of Sanford that has ever been afforded them specially at this time when they a e striving for a larger trade from the surrounding country

The special will contain about sixty pages of good descriptive matter and fine half tong cuts and will be good advertising matter for the next twelve months to send out to inquising prosof this nature printed here for several years and the need of a large paper of this kind to have on hand is recognized by the business men of this city

You can count them on the fingers of one hand and yet in this respect the new county of Seminole heads the list. Not only have we one of the finest locations for a court house and one of the best equipped in office furniture but the elevator service is of the best.

This week the work on the new elevator was finished and all that remains to make it complete is for the carpenters to put on the fire proof doors required by law and the hum of the elevator will then resound with the sonorous voice of the sheriff calling the court to order. The elevator was installed by H. D. Bernard and H. J. Minton. The elevators are made by the Otis Elevator Co., with headquarters at Atlanta where Mr. Minton was formerly connected with them before becoming a citizen of Sanford.

Both of these gentlemen expect to install the new elevator in the Yowell-Duckworth building in Orlando in a Yew weeks and also in other parts of the state where the company has sold elevators.

The new elevator in the Court house here is said to be one of the best that is made and will give perfect satisfaction in operation. This service will make the Welborne Block one of the nest and most convenient office buildings in this section and during court week will prove a great boon to the people, who will have to be transported to the third floor where the court room

MAKING PERMANENT HIGHWAY FROM TAMPA TO JACKSONVILLE

SANFORD COMMERCIAL CLUB WILL FOSTER THE IDEA

BIG MEETING WILL BE HELD

ALL THE COUNTIES INTERESTED IN THE GREAT HIGHWAY WILL BE INVITED TO ATTEND

*At a special meeting of the Commercial club held this afternoon the question of securing a permanent state highway north and south through Seminole county crowing the St. Johns river ar Monroe ferry was taken up and given a most thorough discussion. There is a direct route already laid out leading from Tamps on through Plant City Lakeland Kissimmee Orlando Sanford DeLand Cresent City Palatka Green Cove Springs into Jacksonville. This is a very direct route north and south and much of the road is in first class condition but there are stretches that are badly in need of hard surfacing and it is the intention of the move made here today to work up an interest in the unfinished strotches and use the influence with the countles through! which they pass to have them placed in good traveling condition. With the erection of the bridge across the St. Johns river at Monroe this will become one of the most popular routes in the entire state as it traverses a aplendid and well developed territory from beginning to end and passes through many handsome and interesting cities. President Lake of the Commercial club will appoint such committees as will be needed to handle the matter and no let-up will be made until this is made, entire South.

THE HERALD SPECIAL

BIG EDITION OF SEMINOLE COUN-TY WILL BE A HUMMER

Special Corps of Trained Writers are Hard at Work Preparing Copy

We desire to call the especial attention of our readers to the value and mportance of our Special Illustrated Edition to appear about December lst. We aim to make it a more com prehensive history of Sanford and Seminole County than has ever been at-

tempted in the past. Seminole being a new county, which has never appeared on the map before, it is all the more important that it should be started right, and given at this critical period of its history the proper kind and degree of publicity. Cities and towns, as well as individuals will profit by advertising. In fact, without it, growth is impossible in this twentieth century. No city ever attracted capitalists, tourists or homeseekers' to any marked degree without making and the men of action and affairs in Seminole County realize this fact thor-

A liberal application of printer's ink, well distributed, will accomplish greater results toward putting a community on the map, and will exert more practical influence in drawing the attention of home seekers and capitalists, than any other known accessory of the advertisers art

It is our design in this edition to cover one of the best stretches of 40ad in the County. The outlying towns and trading not only Sanford but all of Seminole communities of which Sanford is the natural center will all have their chance to be represented. If they have any continue advantages or opportunities The Indanapolis Traction and Ter- for which they desire publicity, now is the tune to make them known.
