# Circus On Sunday Will Benefit Home

Sanford is going to have a premier Sunday.

King Brothers Circus will give its first show after breaking winter quarters at Sanford Airport at 2 p.m. The Good Samaritan Home is sponsoring the show, and a goodly percentage of sales will aid the building fund.

There are few road shows that still play one nighters under the big top. King Brothers is one of the last and the best. Circuses always have been an engineering master-piece; playing in a different town each day, setting up, Saring down, feeding hundreds of people and animals.

A spokesman for Alabaman said Billy Joe Camp, a Wallace campaign advisor, went to Key West Wednesday and surveyed the situation. Camp decided Wallace should cancel, he said.

# Spectacular Acts Feature Sanford Airport Program

All-day festivities on April 1 will emphasize the Sanford Airport's important place in the assets of the city and the air traffic of Central Florida. The dedication of the facility and an air show that features the USAF Thunderbirds, precision flying team, will take place at the airfield southeast of the city and formerly identified as Sanford Naval Air Station. The jam-packed day will start with

the dedication ceremony at 10 a.m. and will be climaxed by the exhibition of

Sanford Policeman William Dube apprehended two suspects inside the Handy Food Store at Sanford Avenue and Onora Road early this morning. Dube, who spotted the two inside the store, captured one of the suspects as he attempted to escape by coming down through the ceiling of the adjoining laundromat.

**Medics** Nix Sale Of Hospital

### By BILL SCOTT

Seminole Memorial Hospital medical staff voted unanimously Tuesday evening against the proposed sale of the hospital, Dr. Robert Rosemond disclosed today.

The session was requested by Dr. C. F. Brooke Smith, medical staff chief, to discuss the reported efforts by a portion of the County Commission to sell the County-owned hospital to one of several private groups.

2 Caught In Store By Police

### By BILL SCOTT

Ronnie Reveis, 19, and Larry Warren, 21, both of Sanford, were arrested early today by Sanford police in what police disclosed was a breaking and entering of Handy Food Store, located at Sanford Avenue and Oncea Road

According to Patrolman William Dube's report, Raveis and Warren were caught inside the building while the policeman was making his routine check of the convenience store.

Dube was on his regular nightly patrol when he spotted chasing the facility is the the two inside the store. While Seventh-day Adventist Church, they were crawling on their operators of Florida Hospital in hands and knees and couldn't Orange County. see Dube, they were in plain sight through some big mirrors placed around the store to protect against shoplifters.

**Editorial Comment** 

### New Hampshire Primary Leads to Florida K. Taiwan Take-over

As the results of the New Hampshire presidential preference primary are being analyzed, sifted and crystal-balled, its impact on our own presidential primary to take place on March 14th becomes more important if not

In fact this "first" for the New England state may become more noted for its failure as a true barometer of the political climate than for anything else. Florida's test is next. Then there is one more in March, four in April, 11 in May and six in June.

To get down to cases, however, there are two generalities allowed. One is that the Democrats turned out in greater proportion than in '68 and the Republicans, lesser. The other is that in New Hampshire, as will be the case elsewhere, the rabid hostility of a newspaper (which enjoys about a monopoly) distorted normal voter choice.

Senator Edmund S. Muskie (D) a neighbor from Maine, came out with a numerical victory that may be Pyrrhic in nature so that his status as front-running candidate for the Democratic presidential nomination in Miami Beach in July will be marred.

There were two "phantom" percentages which now haunt the fates of Senator Muskie and that of Rep. Paul N. McCloskey, Jr. (R) California. Muskie had wanted better than 50 per cent and made 48 per cent in the balloting. McCloskey, battling President Nixon, had said he needed 20 per cent or better to stay in the race. His total appears to be 19 per cent.

Watch this numbers game. Is it an important aspect of the voters' wishes? Has it, actually, any substantial character except in the minds of the political managers and commentators?

Then there was the unexpected last-minute surge of Senator George S. McGovern (D) of South Dakota, a long-time foe of the Indochina war whose opposition has never wavered. He rolled up a percentage of 37 per cent of New Hampshire Democrat approval, instead of the 25 per cent he had set as a goal.

One of the spin-offs of the McGovern showing is the report that he is now enjoying the 37 per cent, but is having to get down to the actual cost of obtaining them and the necessity to enlarge his war chest for the Florida fray which is on in earnest with no time for re-grouping or redirecting the campaigns of any Democratic hopeful.

Senator Muskie, who still must be rated as front-runner, in a post-election night reaction, spoke soberly and confidently of his chances for the nomination.

His goal is delegate votes. In this he believes he has already started to get commitments which will continue to increase until, when convention time rolls around, his delegate strength will be decisive. This is the '68 Nixon tactic.

Thus his all-out drive in the various state primaries and his well-organized plans to nail down delegates wherever, whenever and however possible.

### Moving Into National Spotlight

### **Copley News Service**

TALLAHASSEE, Fla .- "Reubin Askew" is not exactly a

ousehold word in the United States. But like Vice President Spiro T. Agnew, who had similar dentity problems a few years back, Florida Gov. Askew is hoping to be projected into national prominence in a short

Askew has been tapped to make the keynote address to the National Democratic Convention in Miami. There is open speculation among the governor's young and enthusiastic aides that the occasion could be a springboard for their man to vice presidential candidacy.

In the camp of Maine Sen. Edmund S. Muskie, who has been trying harder in Florida because he's only No. 2 (to George in the latest polls), there are several savvy lieutenants who see a Muskie-Askew ticket as the only way to temper President Nixon's southern clout.

concentrating on getting his favorite consumer and en-

evident that his address to Democrats at Miami is occupying much of his thought. Askew's keynote will break with tradition, he says. Instead of the slashing partisan tirade against the evils of the opposition party-a keynote pattern

"I hope to set a positive tone for the convention and for the campaign," Askew has said on several occasions. Askew faults campaign thinking that specializes in backbiting and puts partisanship in every issue. "Our most recent presidential elections have been unnecessarily divisive.

Only the first question deals directly with busing. It asks

Askew balked at the words "Forced busing" and agreed

to sign the bill only if the lawmakers would add a question

asking voters if they favored equal opportunities for all.

prohibiting "forced busing" for integration purposes.

The third question was added by the Florida House: "Do you want prayer restored to public schools?"The busing issue is political dynamite in this part of the country and depending on how the chips fall in the next few weeks, Askew could stand squarely in the national limelight even before the Democratic convention arrives. After Florida lawmen call it quits in April, Askew says he will spend more time on "the speech." But it is already

Askew is not looking too far ahead. Right now he is

vironmental bills through the state Legislature. Recently Askew signed a bill that will ask Floridians how

### Washington Word We Won't Permit » By RAY CROMLEY

WASHINGTON (NEA) However ambiguous the Nixon-Chou communique on the point, this reporter has been assured by Pentagon, State Department and White House sources the United States will use military force, if necessary, to prevent

invasion of Taiwan. Military aid to Chiang Kai-shek will continue, U.S. private investment in Taiwan will be encouraged and guarantees provided for those investment

The United States will reduce its forces only so far as Taiwan's safety permits. The decision was made and disclosed months ago-well before the Peking trip-as part of Nixon's low-profile foreign policy. There are 8,900 U.S. military men and women on the island. Two-thirds are involved in over-all West Pacific defense operations and can work as well in other locations

in the Far East. One-third are primarily concerned with Taiwan defense. As the Nationalist Chinese become proficient in certain military specialties, the need for the 2.700 will disappear. Chou En-lai's insistence on putting down Talwan is easily explained. It is a thorn in Peking's side. It offers

the Chinese people an alternative to Communism. And that alternative has been doing remarkably well. Investigators just back from the Far East tell this reporter that among the world's underdeveloped countries they've studied. Taiwan has accomplished the most in recent years to bring up the standard of living of the lower half of the population-and reduce the gap between the rich and the poor.

Real per capita income has been growing by 4.5 per cent a year and is now double what it was a decade ago. Now at about \$320 per capita, it is roughly three times that on the mainland, and growing much more rapidly. Taiwan's per capita is expected to reach \$1,000 by 1980. Land reform has been effective. Nearly 80 per cent of the farmers on the island own their own land. Unemployment is low. Inflation has been held in check. Nine vears of education are required and free.

Taiwan maintains one of the world's most effective aid programs. Dollarwise, the program is small, but it focuses on rice production, in which the Chinese and Taiwan have considerable expertise. Agricultural aid now goes to 30 nations in Africa, Latin America and Asia. As on the mainland, the government is dominated by

older men. But a 1971 study reported in the British scholarly journal, China Quarterly, says "a group of intelligent, well-educated and relatively young technical experts have moved into top leadership positions and are having a substantial impact on policy-making." The study goes on to say that while Chiang's mainlanders dominate the political system, explicit and not

insignificant steps are being taken to increase Taiwanese participation. A U.S. study reports that while Taiwanese do not play

an important role in the central government and hold only three cabinet portfolios, they do hold most of the elective and appointive positions at the provincial and local levels. "Taiwanese are mayors of all five cities, county magistrates of 15 of the 16 counties and occupants of most the seats in the Provincial Assembly." Taiwan's foreign trade this year is expected to be

greater than all of mainland China's. The near-future outlook is for a growth of 12.5 per cent a year. Taiwan's gross national product is 12 times what was in the early 1950s and in the past decade has averaged

an increase of 9.8 per cent a year. This year, the GNP is expected to grow 10 per cent-industrial production 20. Except for surplus commodity shipments, U.S. economic aid was terminated in July, 1965.

One Man's Opinion Sports Violence---Placing the Blame By RALPH NOVAK

It is easy enough to deplore the violence that seems to be a frequent extra added attraction at college and pro-

essional basketball games these days. It is easy to condemn the participants in the South Carolina-Marquette, Minnesota-Ohio State, Texas A&M-Baylor, Atlanta Hawks-Portland fights, or to congratulate the Big 10 for suspending the two Minnesota players principally responsible for the flagrantly vicious and cowardly attacks on their Ohio State opponents. It is easy to despair at the state of affairs which allows

fans to come out of their seats to participate in what began as player-to-player confrontations. Explaining what is taking on the appearance of becoming a fad is another problem altogether. Part of the blame must be placed on an overemphasis

on winning. Minnesota Coach Bill Musselman, for instance, posted this sign above the team's shower room door: "Defeat is worse than death because you have to live with defeat." Even genteel, unpadded basketball has become af-

fected. It has never been the sissified, non-contact sport many people imagined it to be. But strength and aggressiveness now play an unprecedentedly large part. Having created an atmosphere that is conducive to violence-that encourages it in some instances, accepts it in

many others-we should not be surprised when even in the make-believe world of spectator sports it sometimes happens that for a shocking moment we realize that the blood we see is real We should not be surprised. We should only wonder what effect it has on our children to see pro basketball's

biggest star, Kareem Abdul-Jabbar, in a nationally televised game, take a furious punch at the back of the head of a man who has fallen, helpless, and be punished only by a personal foul that allowed him to remain in the game. We should wonder what effect it has on our children to see Minnesota's Corky Taylor knee an Ohio State player in the groin, again in a televised game. And we should wonder what it is about us that develops an addiction to violence.

EVELYN CARROLL of Osteen was charged with driving while intoxicated by Trooper P. C. (Phil) Wright after an accident on U.S. 17-92 on the lake front west of Sanford Tuesday. Lott Carter was the driver of the other vehicle, a 1970 Ford, shown at the left of the photo. (Gary Taylor Photo)

### **Stock Car Standings**

A.J. Foyt is not only doing a great job of driving the Woods Brothers Mercury this season but the little grimlin which plagued A.J. last year are tranferred over the Richard Petty who was running with the leaders in the Ontario 500 this past weekend when he had to make a pit stop because his crew left the gas cap off. This put Petty one lap down on the leaders and out of contention for the rest of the race. Richard had to settle for fourth place.

Looking at the points battle to this point we have Petty with two wins, a fourth place finish and a DNF. Bobby Allison, whose Chevy really looked strong at Ontario as he finished second by a mere four seconds, has three second, place finishes and a 10th place finish to his credit. The comes the invincible A.J. Foyt with back to back super speedway wins at Daytona and Ontario. Buddy Baker in the other Petty car has had his problems so far also but you can never count him out. Us racin' fans are real pleased so far with what's happening on the NASCAR circuit. By the way, next week's race, the Rockingham 500 from North Carolina, will be televised in part as was the Ontario race this past weekend.

### Just A Comment, Folks

Just have to comment on a recent edition of Sports Illustrated in which NASCAR and the racing fans who attend NASCAR events were vilified by a sports columnist for this publication. The writer made reference to A.J. Foyt being clearly superior to any NASCAR driver on the circuit. This fellow must be BONKERS! A.J. would tell him that there are at least seven to eight drivers on the circuit this year that given the right circumstance could beat him or anyone else. The competition in NASCAR is extremely close. As for this fellow's reference to the fans all I can say is if he finds us so distastful, then I hope I don't see him at any more NASCAR events.

Stock car racing's Bobby Allison will be at Sebring this weekend driving a Kirk F. White Ferrari Daytona in practice laps if he does well he will be teamed with David Hobb for the 12 hours of Sebring.

### Women's Lib

The women's lib movement is adding a new dimension at Daytona International Speedway this week. For the first time in the 31 year history of the motorcycle classics at the famed Florida racing layout a woman is riding in the com-

The week-long program is already underway and one of the highlights hit Wednesday afternoon when 21-year-old "Ginny" Durfee faced 148 male riders in the amateur road racing competition.

Miss Durfee is a graduate of the Rhode Island School of Design and is a team rider for Boston Cycles. The Providence, Rhode Island, rider moved into motorcycle racing in a big way late last year when a New York court ruling paved the way for female riders. In the final event at Danville, Virginia last season - shortly after the court ruling -Ginny jumped on her Yamaha and won the 125cc class.

### **Toughest Lineup**

The toughest lineup of motorcycle road racing equipment ever is set for Sunday's 31st annual Daytona 200 at Daytona International Speedway,

The 200-mile American Motorcycle Association event has attracted European, Canadian and British champions into a field that is heavy with the best riders in America. Norton, Triumph, Suzuki, Kawasaki, Yamaha, BSA and Harley will be fighting it out in the most important motorcycle race of the 1972 season.

The full week of competition hits high gear Saturday with the 100-mile Lightweight race in the morning and moto-cross racing in the afternoon. Sunday's 31st annual Daytona will start at 1 p.m.

### Easter Weekend

An Easter weekend of sports car racing that climaxes with a nighttime three-hour "GT" race has been added to the holiday schedule at Daytona International Speedway. The "Starlite Three Hour" road race is set for Saturday night, April 1. The International Motor Sports Association is

sanctioning the unique event ... and it's the first stop on the new Camel Trophy "GT" Series. The three-hour battle will hit Daytona's twisting road

course at 9 p.m. and wind up three hours later ... climaxing a busy program that includes a shorter road race for small sedans and also a "battle of the bands" in the infield. The "GT" race is open to Corvettes, Mustangs, Firebirds,

Porsches and other similar sports cars. Vagas, Pintos, Datsuns and smaller cars will race in the sedan event.

Harrison ?

Earl Williams

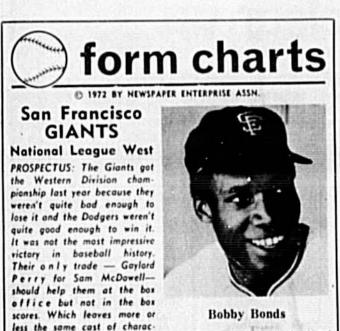

But whether he will be able to propel the Braves to another pennant while he is chasing Babe Ruth's records is a lot more doubtful. Even when Braves score a lot of runs, their pitchers frequently give up even more. And injuries still are a problem. Atlanta fans do have something to look forword to with two standout youngsters, 1971 rookie of the yea

Earl Williams and zippy outfielder Ralph Garr, but they are advised to look forward to it for some time past 1972, since the Brave out look is less than a happy one this season.

PITCHING-Phil Niekro (15-14) could have expected a better rec ord, since he had a 2.98 ERA. Tom Kelley (9-5) also had a good year. And Cecil Upshaw (11.6) saved 17 games. Other than th the Atlanta staff floundered. Starters Jim Nash (9-7), Pat Jarr (6.14), Ron Reed (13-14) and George Stone (6-8) are all back, facing competition from youngsters Paul Click, Tom House, Rich Kester and Gary Niebauer. Veterans Steve Barber (3-1), Ron Herbel (0-1), Mike McQueen (4-1) will make another try, too.

INFIELD-Aaron (.327 with 47 homers, 118 RBIs) will see action at first, how much depending on how well Orlando Cepeda (.276) recovers from knee injury that limited him to 71 games in 1971. Smooth Felix Millan (.289) is set at second. Marty Perez (.227) is incumbent shortstop but he is completely unoffensive and Braves might profit if they could more Sonny Jackson (.258) back in from outfield. Third belongs to Darrell Evans (.242), for time being. OUTFIELD-Rico Carty, 1970 batting champ, missed all of las season with bad knee. His return could liberate Jackson for infield work, since Garr (.343 with 30 stolen bases) has speed to play center. Aaron should see some outfield work and Mike Lum (.26 with 13 homers, 55 RBIs) will pick up what's left. CATCHING-Williams (.260) whacked 33 homers, drove in 87 runs

Still has much to learn defensively but he'll do. Paul Casanova (.203 Bob Didier (219) in reserve. Predicted Finish: Fourth in West.

ters, headed by the gracefully aging Willie Mays, the injury burdened Willie McCovey, the reluctant Juan Marichal and a shaky infield. This does not look like a team that can hold up

PITCHING-Once Marichal gets going he is still as tough as they come, 18-11 with 2.94 ERA last year. McDowell (13-17 with Cleveland) can still throw hard but may find that his wildness will hurt more in the harder-hitting National League. Giants are really i trouble when it comes to filling out rotation. John Cumberland (9-6) hatn't been tested as regular starter and Ron Bryant (7-10) has been found wanting. Youngsters Don Carrithers (5-3) and Jim Willoughby (14.9 with Phoenix) will get long looks. Bullpen lender is Jerr Johnson (12-9, 18 saves).

INFIELD-McCovey (18 homers, 70 RBIs in 105 games) is still power ful but his knees will get worse before they get better. Mays (1) homers, 61 RBIs), promising young Dave Kingman (.278) should see plenty of action at first. Second baseman Tito Fuentes (.273, 52 RBIs) is adequate at best, while shortstop Chris Speier (.235) will have hard time living up to publicity he got as a rookie. Alan Gallagher (.277, 57 RBIs) returns at third.

OUTFIELD-Bobby Bonds (.288, 33 homers, 102 RBIs, 26 stolen bases is too often overlooked as one of game's best outfielders but after that Giants have troubles. Mays hasn't said his last "Hey" but he con't play every day, either, Ken Henderson (.264) slumped las year to only 65 RBIs and Kingman has defensive problems. CATCHING-Though Dick Dietz (.252) dropped to 19 homers, 72

RBIs, most teams would like to have him. Russ Gibson (.193) and Fron Healy (.280) are tehind him. Predicted Finish: Fifth in West.

### form charts SAN DIEGO PADRES National League West PROSPECTUS: The most posi-

tire thing one can say about the Padres' 1971 season is that they had fewer passed balls than cny team in boseball. After that it was all downhill, precipitously. San Diego linished last in the Wess, 28 games out of first and 1715 out of fifth. They scored fewer

runs (486) and get shutout more times (18) than any Na tional League team. And they

drew only 557,513 poid lans. They return this year with more or less the same cast of character. that did such a good job of not hurting attendance at the San Diego Zoo. In the only change, they traded away their best pitcher, Dave Roberts, to Houston for three untested young players. Let's see, how does New Orleans Padres sound? Toronto Podres? Miami Podres? PITCHING-The staff had the league's third test ERA last seaso but got little support. Roberts' departure leaves Clay Kirby (15-13) as the ace-in-residence, with Steve Arlin (9-19), Fred Norman (3-12) Tom Phoebus (3-11) and Ed Acosta (3-3) as rest of starting rotatio Relief staff of Al Severinsen (2-5 with eight saves), Dick Kelley (2-3), Mike Corkins needs help and Padres have coased former Cub Darcy Fast out of retirement. If that sounds like desperation, it is

INFIELD-Note Colbert at first. Dave Campbell at second. Enzy Hernandez at short. Ed Spiezio at third. Not exactly a lineup calculated to strike terror in the hearts of opposing pirchers. Coller with 27 homers and 84 RBIs on a 264 average, was the only one of the four to hit above 231. Padres hope switch-hitting second baseman Derret Thomas (286 at Oklahoma City), who came from Houston, and Garry Jestadt (.286) can improve matters.

OUTFIELD-Speedy John Jeter (.320 in 18 games) and Leron Le (264) came in trades last season and have good chance to start, along with Ollie Brown (273, 55 RBIs) or Clarence Gaston (228, 1 RBIs), Ivan Murrell (235) and Larry Stahl (253) are still around. CATCHING-Competent Bob Barton (remember how seldom he had a passed ball) hit .250 and has edge on job but Padres would b hoppy if 20-year-old Mike Ivie, .305 with 15 homers at Ladi in California League, caught on.

Predicted Finish: Sixth in West.

Dan Issel had 27 points and Artis Gilmore 23 for Kentucky, while Stew Johnson tallied 22 for Carolina.

The loss left the Cougars a game back of the Floridians, who were beaten by Virginia 127-117. In the only other ABA game, Utah nipped Pittsburgh 114-113.

The Floridians had the two high scorers but the Squires had the balance-and the balance won. Larry Jones scored 34 points and Willie Long added 28 for the Floridians.

The Goldsox threatened in the third when Milwee walked and after one out Tim Gillis singled. But the next two batters went down on a strikeout and ground out. In the fourth with two outs Owen Morehead reached first on an error by the Dolphin shortstop and Odom followed with a single but Milwee was retired on a long shot to center. A long out to center ended an

FTU threat in the seventh as with two outs Milwee beat out a roller to second and Ed Railsback was hit with a pitch. But Gillis' long fly to center was hauled in.

In the eighth Tuttle led off with a single but was erased when McCarty grounded to second. McCarty stole second and Wilson followed with a single to put men on first and third but Brown struck out and Morehead flied to left.

Milwee was the top sticker for the Goldsox, rapping two hits in three trips. For JU it was McMillan, Pikula and McLanahan with two hits apiece.

### By BETTY CANARY

I am a pushover for dogs and dog stories. I am still patiently waiting for someone to tell me a true story. One would think from the stories people do tell that all dogs constantly shake hands, roll over and sing Jingle . . when not engaged in a 3,000-mile trek across Bells country in search of the family after being left behind at vacation time.

Presently I am the keeper of two dogs, a miniature poodle and a husky. Our dogs all seem to follow a regular daily routine starting with a round of the watebaskets, a snack consisting of anything from a dozen paperbacks to a set of

matching ice tea spoons. Which brings to mind another myth about dogs. "They know" is the comment, "They can tell if you really like

Obviously this is not a statement of fact. Otherwise our two dogs would stop waiting for the lady across the street to come outside so they can cluster around her ankles,

drooling their admiration. If dogs knew, then the lady's English sheepdog would not tunnel under his fence, plant his forepaws on my dining room window and bark at me to come out and

I simply reject out of hand any stories beginning with the words, "I once owned a dog who . . ." People do not own dogs. They buy them, take good care of them, usually at a price just slightly under what you might spend on lubs he would have re- maintaining a fleet of Cadillacs, and are thereafter owned

### Charter Is 'Hot Issue'

The issue of section 5 of the new proposed Sanford city charter is waxing hot among politicians and other interested citizenry.

Three city commissioners have expressed opposition t adopting the controversia section of the new charter, which broadens the city manager's powers to appoint and suspend the police and fire chiefs, have affirmed their stands but indicated they favored the proposed charter. John Morris and Gordon Meyer told The Herald they could not approve section since this would be taking away the right of the people to complain to the elective commission concerning any possible grievance against either fire or police and place it

in the hands of an appointive city official. A. A. McClanahan stated, have yet to have one citizen tell me they wanted to change the present system." McClanahan said he felt the two city uniformed departments are perculiar to themselves. city manager-council form of

concluded. Mayor Lee P. Moore and Julian Stenstrom, at previous commission sessions, have

# 'Killearn Up In Revenue

TALLAHASSEE, Fla. (AP)- Killearn Properties Inc. reported Tuesday revenues of \$9.43 million for the nine months ended Jan. 31, an increase of 144 per cent over the same period a year ago.

In a joint announcement, State Sen. Mallory Horne, the firm's chairman, and President J. T. Williams Jr. said ne earnings after taxes increased 82 per cent to \$874,268. The north Florida development firm made several large acquisitions during the period. Earnings per common share were 82 cents, an increase of 71 per cent, said the firm.

### Pan-Am Cuts Back

- MIAMI (AP) About 120 management employes in Miami were affected by a systemwide personnel cutback announced
- Tuesday by Pan American World Airways. President William T. Seawell said 500 employes in management and directly related categories would be terminated from Pan Am's systemwide payroll of 36,200 while 120 would be affected in Miami's work force of 4,200.
- Seawell said the cutback was part of "an imperative stringent cost control program" and was "necessary in the interests of the company, the entire body of employes and our shareholders."
- Pan Am has cut its work force by nearly 13 per cent since September 1969.

### **Radcliff Elects Two**

Management of Radcliff Materials, Inc., announced the election of John F. Weston and Robert B. Callahan as vice presidents. Weston is head of the gravel division of Radcliff and Callahan heads the construction materials division. Radcliff materials is a subsidiary of Southern Industries Corporation and has facilities in Maryland, Texas,

Louisiana, Florida and Alabama.

### **Relocation Service Meeting**

Relocation specialists from Florida, Georgia, Alabama and Mississippi will gather in Orlando March 16 to discuss improved methods of bridging the uncertainty gap, for

- families moving from one city to another. The specialists are members of Inter-City Relocation Service, the nation's leading real estate referral organization.
- Jack Gale, Maitland, Inter-City regional chairman, explained that the "uncertainty gap" is the worry that faces people transferred or otherwise about to movve to a strange new city. He continued: "The gap includes such questions as: Are the . nools
- good? What about taxes? Are homes comparably priced (with what they're leaving)? Which is the best neighborhood? Is there an active resale market for houses? What about financing-and interest rates? What about the new city, its problems, transportation, cultural activities location of schools, churches and shopping?"

### Allstate Tops \$2 Billion In Sales

- Allstate Insurance Companies in 1971 entered the exlusive circle of American companies which have annual sales in excess of \$2 billion, Chairman Judson B. Branch
- announced. Sales or premium volume for all property and liability lines, including auto, imcreased to \$2,049,774,000, up 19.2 percent over 1970. This was a gain of \$330,391,000 from the previous year and the greatest amount of annual increase in the Companies' history,

### Medicenter Revenue Down

- Medicenters of America, Inc., announced results for the first nine months ended Dec. 31, 1971. Revenues for the period were \$27,498,707, and increase of 19 per cent over the \$23,097,567 reported last year. Net income, however, fell to a loss of \$477,723, or \$.34 per share based on 1,395,895 average share equivalents outstanding, from a profit last year of \$443,612, or \$.31 per share based on 1,424,391 average share equivalents outstanding last year. The Company attributes its loss for the nine months
- primarily to start-up expenses in the operation of nine new company-operated Medicenters, continued low occupancy levels, a loss in the construction division due to defaults by two subcontractors, and an allowance for Medicare reim-
- bursement adjustments. Company has elected to establish at this time a reserve against all receivables due from Medicare.

### **Deltona Names Balint**

Appointment of Ernest D. Balint as senior vice presidenta marketing for the Deltona Corporation was announced

Balint, who joined Deltona in 1962 as assistant general sales manager, had served since 1969 as vice president and general sales manager of the company's overseas division. In his new post, Balint will how top responsibility for all the world-wide sales, advertising and public relations programs for homesites, homes and apartments at the Deltona Corporation's planned communities in Florida.

### 25-Year Club Elects

Ashland Oil's Rexford S. Blazer has been elected president of the 25 Year Club of the Petroleum Industry. A prominent figure in the oil industry for several decades, Blazer was the unanimous choice of the club's nominating and executive committees and its board of governors, according to the announcement by Charles J. Wood, executive secretary of the 25 Year Club.

United States was 11.1 mil-

lion, some 4.1 million or 57

per cent more than in 1960.

The World Almanac notes.

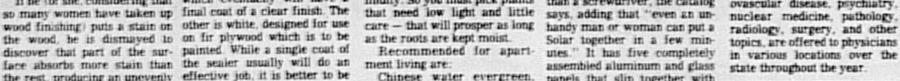

Senate hearings held last week in Washington, D.C. have had testimony presented that indicates that a number of cemeteries throughout the United States have fraudulently presented Veterans programs.

It's regretful that this small number of cemeteries has clouded the many services rendered by thousands of memorial parks and cemeteries to their respective communities. Many of these cemeteries have given recognition and have paid tribute to the ex-servicemen and veterans by providing a free space for the veteran or ex-serviceman. It would be a shame to categorize these cemeteries who have honestly provided this service with those cemeteries who have not.

We are proud of those in the cemetery industry who gave followed the example of Glen Haven's Veterans Program. We are equally proud of the recognition Glen Haven's Veterans Program has received nationally state wide - and locally for our efforts on behalf of those who have honorably served our country.

> "When you play these composers on the organs they played you understand how the music was supposed to sound you hear the identical sounds. Many of those organs haven't been changed at all. They don't deteriorate if they're kept up." The high point of his playing old organs Biggs says was in 1970 when East Germany invited Columbia Records to send him to record on Bach's organ in a Leipzig church. From that came the LP, "E. Power Biggs Plays Bach at the Thomaskirche.

Biggs says, "For an organist to go to Bach's own church and record is simply fantastic. It's the high point in your life, the very highest point.

"He worked there for 27 years. It was his longest and greatest period and is the place he is identified with. For an organist, Bach is unfathomable. Then you go there and it is a very simple church and the courtyard is just the same as when Bach was there. Suddenly you feel he was very human. He walked from this door to that door to conduct practice. You

feel both small and great from the feeling of the man and the

### Paid Advertisem Seminole County andowners and Voters: You May Be Entitled to Part of \$6,000,000 We are Suing For ! Please Read . . .

Mobile home owner arrested for using land to live on! It is now a crime to live in a mobile home on a parcel of land.

Charles S. Beasley, Sr. moved from North Carolina to your Sunshine State of Florida, found myself a parcel of land with all facilities, including water, septic tank and electricity; but after several months Harvey Smith from the Seminole County Zoning Board did in fact have Mr. Beasley arrested and told him if he did not move, he would put him in jail.

Mr. Beasley was put under arrest. It is now time for the people to speak out and resist tyrannical county officials.

Don't buy a mobile home because you can't use your parcel of land to put it on. Don't get stung. It is now time and the privilege of every land

owning American, to protect our Federal Constitution. What are county officials planning for? Russia! Signed

CHARLES R. BEASLEY, SR.

### CITIZENS!

If you have been denied a permit to live in a mobile home on agriculture zoned lands or parcels, under the Federal Constitution, Amendment XIV, you can and should sue your county officials and zoning directors. Please contact Stanley Gecosky, Phone CY5-1745,

Orlando. Now is the time for action. It's your country! This permit business by tyrannical officials is in direct violation of Amendment XIV under our Federal Constitution of the United States. If you are concerned about your rights and wish to be part of our class action, which is filed in Federal Court, please contact or

call me at 2505 Annandale Ave., Orlando, Florida. The citizens under Federal Law have the right to use their land to live on. This is now being denied by Seminole County.

Incidentally, a trailer park has three to 500 trailers on one parcel of land. An individual deeded parcel of land has one or two mobile homes on it like those on Dike Road, Seminole County.

Now under the XIV Amendment before the county can condemn your parcel of land and deny you the right to live on it, it must use and proceed under due process of law. If they arrest you, they have indeed condemned your land and must buy it. If the court rules against you and condemns your land again, the county must buy it. That puts the County in the Real Estate Business.

In and under the Florida State Constitution, a mobile home is Homestead Exempt. You voters should check and find out who and what

you are voting for. In order to be a County Commissioner one should be a qualified lawyer. Zoning directors definitely should be lawyers. Also condemning land is taxation without representation. In placing Mr. Beasley under arrest they have condemned mobile homes and this chosen way of living. Ironical situation: taxpayers and voters - money is destroying your constitutional privileges.

> STANLEY GECOSKY 2505 Annandale Ave. Orlando, Florida 32810 PH. CY-5-1745

We, Stanley Gecosky, Marion Cadrette, Anthony Gecosky and Donald Gecosky have filed a Federal Court Class action for you against Seminole County Commissioners No. 72-34 ORL-CIV who have denied property owners their rights to place mobile homes on their property even though they are intended for permanent residences and entitled to Homestead Exemptions. Our property is being condemned in violation of the 14th Amendment of the U.S. Constitution without due process of law and without a hearing being allowed as to obtaining "so called trailer permits".

We must identify who belongs in this class action along with us. Please list below your name, address, phone number, where your property is located and if you know the legal description. Thank you.

Smith.

On Fighting Fires an engine speeding to answer a REPORT FROM ENGINE CO. 82. By Dennis Smith. McCall Books. \$5.95.

For those whose blood stirs and heart beat quickens at the

Smith is a New York City place in Brooklyn called Ebbets fireman. Has been for eight Field, and it was the home of years. And in his often breath- the Dodgers (Dem Burns, as Next to your fake fur coat (of is. To the heat, and choking World Series. unlucky.

"We can smell the smoke as derfully colorful team, a narthe pumper turns down In- rative jammed with anecdotes your perfume in fact may be matically start pulling boot- call) about the players, the wearing. tops to thighs, clipping coal- staff, the fans, the "croocial" rings closed, and putting on games, the horseplay off the gloves. The pumper stops in field, the general ambience of front of a building just before America in the '50s. we reach Kelly Street. We're This section also has a subabout to stretch the hose when theme about Kahn's growing up there is an anguished scream in Brooklyn and his initiation from inside the building. A boy is running out of the doorway, his shirt and hair aflame."

That's just one paragraph of a 215 page book that grabs, and grabs again and again at the reader with sharply etched, often frightening, incidents drawn against a background of smoke and flame.

But the book is not all speeding to burning buildings. Smith has his axes to grind. Among them: the amount of money firemen are paid, the lack of proper equipment, and, perhaps most of all, false alarms.

To Smith "anyone found guilty of pulling a malicious false alarm should be sent to jail for a year, or, if under 16, to a refor school." Why? Because a comp of answering a false larm . not readily available for a real fire, and in the min- athletes have short careers, a pregnancy by abortion, or thought it couldn't happen, utes it oses getting there and are destined to die a little trying to rear a child when the "having sex just once;" some

That elusive idea that could mean more efficiency, bigger profits for your company will come to you anywhere, anytime. The new Versatile Mark VIII holds on to your idea—makes sure it isn't forgotten—because the cordless Mark VIII goes with you anywhere. It doesn't sit on a desk waiting for you to return.

The Versatile Mark VIII records 45 minutes of "hot" ideas when you have them -wherever you are! It flies with you; drives with you; sits with you; paces with you. You can whisper to it at banquets or speak to it as you wait for a late plane. It's there to record decisions made at a business luncheon. It's on your bedside table if you're a middle-of-the-night decision maker.

The Mark VIII, at \$89.50, together with its compatible partner, the Versatile V office transcriber, at \$175.00 (with accessories), for a total of \$264.50, offers one of the lowest priced dictating-transcribing systems on the market today.

# Confidence Vote Given Demo Chief

By Donna Estes

Vote of confidence was given to the new chairman, Mrs. Helen Fitts, by the membership of the Seminole County Democratic executive committee Thursday night. A new vice chairman of the organization was elected unanimously by the group.

sunshine State."

Not a dissenting vote was cast to a motion sponsored by Harvey Coulter to reject a recommendation of the rules committee that the office of chairman be declared vacant since the resignation of the former chairman, John Kader. Using precedent and by-laws as foundation, Mrs.

Fitts, former vice chairman, several weeks ago assumed the chairmanship after Kader's resignation.

The rules committee, headed by Eli Subin, according to a report by D.M. Luke, decided that the chairmanship was vacant. The executive committee, however, after rejecting the report, declared the office filled by Mrs. Fitts and agreed to an immediate election to fill the office of vice chairman. Elected vice chairman by voice vote was Kenneth

Krause, of Altamonte Springs. Mrs. Fitts, at conclusion of the voting, declined to accept a motion to remove Subin as chairman of the rules committee in favor of a more active member.

### From the mallbag: Here is a rhymed "tick-tock, for Around \$1 Million Realty Lindsay - so should I?" (Angel Transfer Aired

Two property sales along SR 436, north of Lake Howell Lane, in South Seminole County, have resulted in just over a \$1 million transaction with transfer of title to 26.9 acres.

-Fletcher Properties, of Jacksonville, an apartment house builder, bought 19.6 acres for \$750,000 from J.K. Galloway, of Winter Park, and ourchased the adjacent 7.2 acres for \$290,000 from Albert and Nancy Beazley, Winter Park. Although no announcement has been made to the use of the acreage, it is expected the

property will be the basis for a new apartment complex, an informed source reported. Fletcher also has other apartments near Maitland.

In a second financial deal involving apartment construction in South Seminole, it has been reported that Lewfield Apartments, Inc., a Birmingham(Ala.) firm, has obtained a \$2 million mortgage from Prudential Insurance Company to build 204 apartment units in the same Lake Howell area just off SR 436. Construction is expected to start within 30 days

Gov. Askew Reports:

School Busing Declining

TALLAHASSEE, Flg. (AP)-Citing a state Department of Education study, Gov. Reubin Askew said today many Florida school districts "have substantially less busing now than in Speaking at a Capitol news conference, Askew said the

the days of segregation."

study shows that the average number of pupils bused in the past 20 years was 32 of every

"This study shows that we achieved more than 90 per cent desegregation in Florida last

year while transporting 35 students out of 100, only three more than the average," he said. "And indications are that the percentage of students being bused is going down again this

year," he added. Askew said the study shows "a decline, not an increase, in the average number of miles children are being bused in Florida "

Dr. Dick Kirk, a Department of Education researcher, said the study was prepared because of widespread concern about busing-not because of Askew's campaign against the antibusing straw vote on Tuesday's presidential primary hallot.

He said seven large counties with court ordered busing plans-Dade, Duval, Hillsborough, Palm Beach, Pinellas, Orange and Broward-were transporting only 31 per cent of their pupils.

"Apparently the number of children being transported is on the decline slithtly." Kirk said He sail; 245,304 children were being bused this year in the seven large counties, but said he didn't have comparative figures

for past years. Askew said the study "has exposed several fables about the extent and hazards of busing in Florida.

"It goes a good way toward putting this issue into perspective, and I want to commend the department for initiating it," he added

# Nixon Foe Covers All The Facts

### By JOHN A. SPOLSKI

A leading national Republican candidate came to Sanford yesterday, and while visiting and expressing his views in an interview here at The Herald, he did not once say, Now let me make it perfectly clear.

His charming manner overed a reservoir of detailed facts on every subject included n the interview, and when Congressman John Ashbrook responded to an inquiry, his

answers were crystal clear. The 16-year veteran of state and national politics, vying for the Republican presidential nomination, believes that despite the early polls which credit him with a possible five per cent of the national Republican vote, he can still make it by "whittling away" in each of the upcoming state primaries.

"I was only supposed to get raise that to, say 20 per cent in Florida, by the time we get to the really important Republican national primary in California, I think Mr. Nixon will realize that he has a valid contender on his hands.

(The other Republican candidate, Rep. Paul for McCloskey, campaigned seven weeks in the N.H.

\* \* Uphil For GOP

WASHINGTON (AP) - Republican strategists say President Nixon must win 10 to 15 per cent of the Democratic vote and about 70 per cent of the independent vote to gain re-election in November.

On paper, registration figures show nothing but an uphill battle for the GOP in putting Nixon back in the White House, according to Republican campaign veterans F. Clifton White, Fred Currier and Robert

Reagan to step in and make a try for it, but when that didn't materialize, I felt that someone had to, so ... here I am." Ashbrook called the present

economic slump the "greatest in post-war history." He added that back in the campaign of '68, the promise was made that there would be a change away from the \$10 billion deficit.

"Today, we have experts estimate that it'll reach \$50 billion and Mr. Nixon treats it as a matter-of-fact routine." Other areas where he

challenged the present administration were in military national defense - "where we are now behind the Soviets." This, according to Ashbrook, is the second greatest failure of the Nixon administration, and is again a broken promise of his five per cent in New Hampshire election campaign pledge to . and got 10. Now if we can "keep America militarily great.

elected, one of his first actions would be to dismiss Dr. Henry Kissinger, whom he described as "a one-man State Department.'

Ashbrook's views on other topics included busing as the top issue in Florida, but the sagging economy would be No. 1 on the national scene; weifare should be separated into three categories of the able bodied, indigent, and welfare mothers; Vietnam War - agree on absolutes ... stop the fighting only after the release of the POWs.
