

# Laura Jean Libbey's Talks on Heart Topics

ARE OUR DREAMS EVER REALIZED?

Known mischiefs have their cure, But doubts have none, And better despair than fruitless hope Mix'd with a killing fear.

When a girl is sweet sixteen or thereabouts she draws her first mental picture of the Prince Charming who is destined to woo and win her. He is seldom, if ever, much beyond her age. There never yet was a maid whose tender day dreams clustered about a man of middle age.

Her hero is lithe and handsome; a youth given to sentimentality and writing love notes to her. She is wont to believe every word he utters. She would as soon believe that the stars could fall from the skies as that they could change toward each other.

Another five years drift so swiftly by that a girl is scarcely conscious of the flight of time. Her eyes still look through the rosy glasses of that twelfth year. Youth and its pleasures seem clearer than ever to her.

At eight and twenty she begins to realize that men in their middle twenties are too young for her. She thinks the man in his early thirties too old to be congenial. She has formed her ideal in early youth. It does not occur to her to remodel it to the requirement of the years.

Abraham Lincoln had a notable love affair of this kind. The girl whose hand he sought in marriage was a famous belle and beauty; one of the most witty and fascinating young women of her day.

No woman is ever justified in marrying for such a cause. The oldest and wisest sages tell us that woman is sure to meet her ideal if she waits long enough. Some are destined to wed early in life, some late. But love, and love alone, should be the only reason for marrying.

Many a man hangs back, doubtful as to whether he has found the right girl. That is the one matter in life where the man must be careful in his selection and choose for himself.

## A DIFFERENT WORLD WITHOUT HER.

We starve each other for love's care. We take, but we do not give. It seems so easy some soul to bless, But we dole the love grudgingly, less and less.

If life's song could go on uninterrupted to the finish, there would be no hushed music on the lips, no unsatisfied longing to the heart.

There are those who can move on in the same beaten path of life, doing their best to live and in a measure forget. There are some griefs which take such hold on the heart and inflict such deep wounds that it seems they will not heal.

The man who has loved and lost does his best to hide from the world the blight that has fallen over him. He forces the tone of his voice to drop the note of sadness and his lips even to smile.

Where should such a man look for solace? The babes on the block seem to draw him by a sympathetic chord. They learn to watch for the kindly gentleman who always has a smile and a gentle word for them.

Brave is he who can realize that he cannot change the great eternal plan to give love to some, take love from others. If the heart's door is shut firmly against brooding memories they cannot enter, and lodge there.

## IF YOU HAVEN'T A SWEETHEART.

Love is just a morning-glory, doomed at noon to die; Love is only half a story, told in passing by;

If you haven't a sweetheart, try to review the situation, and see if it is not your own fault. Lovely woman is to be wooed, and therefore to be won.

There's no woman who detests a man because he loves her if he's come by in her sight. Even the plainest of men, plain to actual homeliness, have been known to appear to the hand of the loveliest women.

Abraham Lincoln had a notable love affair of this kind. The girl whose hand he sought in marriage was a famous belle and beauty; one of the most witty and fascinating young women of her day.

This was a postscript, written on a separate piece of paper, which the young lady did not find for many a day. History has it that they had had a slight quarrel, and were well-nigh parted.

Many a man hangs back, doubtful as to whether he has found the right girl. That is the one matter in life where the man must be careful in his selection and choose for himself.

Don't wait until you are so old that a woman would consider you a burden instead of a prize. Without a sweetheart the single man is never quite satisfied with himself.

## Homemade Silver Polish.

To make the best silver polish and cleaner known, take a bottle of ammonia as sold in most grocery stores, and to this add two ounces of whiting and just a few drops of oxalic acid.

## Revengeful Pigeon.

A pigeon flew into an optometrist's shop in New Bedford through an open window and tried to make a meal of some expensive lenses in the show window.

## Death of Mrs. Shelton

Mrs. May Shelton, beloved wife of L. A. Shelton passed into the great beyond at their home on Fifth street on Wednesday morning after an illness of several months.

Mr. and Mrs. Shelton came to Sanford about four years ago from Illinois thinking the change would benefit Mrs. Shelton, who had been a sufferer from kidney trouble.

After her marriage to Mr. Shelton they resided in Illinois and Kentucky, his native state and decided to come to Florida for her health some four years ago.

Jacksonville again assumed prominence as the proverbial "port of missing men", today, when Chief of Police Frederick C. Roach received two communications from anxious relatives asking that he secure information as to the whereabouts of a husband and a son.

My boy left home on June 5 for Jacksonville to work for the Electric Company," writes Mrs. J. F. Sloan, R. F. D. No. 3, Sanford, Fla.

The Ladies Aid Society of the Catholic church gave one of their delightful socials at the home of Mrs. Theodore Schaal on Wednesday evening that was a success socially and financially.

## Death of Mrs. McClintock

The many friends of Mrs. E. O. Hays will regret to learn of the death of her sister, Mrs. Mary Llewellyn MacClintock. The following is from the Times-Union of June 18th:

Mrs. Mary Llewellyn MacClintock, wife of R. A. MacClintock died at the family residence, 121 East First street yesterday afternoon after a brief illness.

As we will not have the opportunity of personally doing so, we take this method of thanking the many friends, and especially Mr. and Mrs. E. W. Rowland, and Mr. and Mrs. M. E. Moye and the members of the Eastern Star for their many thoughtful deeds of kindness during the illness of our wife and mother and the heartfelt sympathy shown us after her death.

## Note From Mr. Shelton

As we will not have the opportunity of personally doing so, we take this method of thanking the many friends, and especially Mr. and Mrs. E. W. Rowland, and Mr. and Mrs. M. E. Moye and the members of the Eastern Star for their many thoughtful deeds of kindness during the illness of our wife and mother and the heartfelt sympathy shown us after her death.

## New Kind of Corn

Capt. M. W. Lovell has a new kind of corn and it needs no shucking for the ears grow on the end of the tassel and have no shucks. The sample of this corn was brought to The Herald office this morning and can be seen by any one who is interested. It might be called the "lazy man's corn" for the ears are all ready to cook just as they come from the stalk.

## At the Baptist Church

Rev. Harry Bennett of Lake City will preach at the Baptist church next Sunday morning at 11 o'clock and Sunday evening at 7:30. Other services of the day, Sunday school at 9:30 a. m., B. Y. P. U. at 6:30 p. m. You are cordially invited to attend all of these services.

## Real Inventor of Fountain Pen.

While the fountain pen has been heard of as far back as the eighteenth century, it was not until well into the nineteenth that the inventors applied themselves seriously to their construction. Joseph Bramah patented several plans. A fountain pen usually holds ink enough for ten hours or more of continuous writing or from 15,000 words up.

## PEOPLE AND EVENTS

Continued from Page 5

the mysterious organization. Curious things happened in the course of the ceremony that gave one that deliciously creepy sensation, engendered by the presence of ghosts.

Mrs. R. J. Holly has returned from a motor trip to West Palm Beach and the East Coast. Mr. and Mrs. John Meisch and family and Mrs. Gussie Post motored over to Daytona Wednesday for the day.

Mr. H. P. Driver is expected tomorrow from Tampa for a week end visit to Mr. and Mrs. W. E. Waston. Miss Ruth Waldron has returned from Ormond and is the guest of Miss Margaret Strong.

C. H. Lefler has received a photograph of Midshipman Chas. Lefler, who is now stationed on the battleship Ohio and his grandfather is well pleased over the appearance of the young man.

## Cooked Food Sale

The Girl Guides of the Methodist Sunday school will hold a cooked food sale at Irwin & Giles Saturday afternoon and evening. All kinds of cakes, pies and other good "eats" on sale. A liberal patronage will be appreciated.

## Stay at Home Card Club

Mrs. Forrest Lake delightfully entertained the members of the Stay-at-Home Club Wednesday afternoon with two tables of bridge.

## Sock Social

The Ladies Aid Society of the Catholic church gave one of their delightful socials at the home of Mrs. Theodore Schaal on Wednesday evening that was a success socially and financially.

## Rehearsals for Operetta

Hereafter the rehearsals for the charming little operetta, "Over the Rainbow" will be held every morning at the Imperial. A full attendance of the cast is requested, for the time is near at hand when the play will be presented.

## Personal Mention

Mr. and Mrs. Geo. Fox are on a tour of various states, combining business and pleasure. Mrs. Geo. McGaghin has returned from a pleasant visit to friends at Miami.

Miss Mildred Huston is the guest of her cousins, the Misses Dickson on Elm avenue.

Mrs. William Ainsley of St. Petersburg, who has been visiting Mrs. S. C. Dickson left Monday afternoon for Skyland, N. C., to spend the summer.

Mrs. M. S. Browne of Palatka has returned to her home after a two weeks' visit to her sister, Mrs. M. Frank.

A charming party of girls, are the guests of Miss Martha Fox, including Misses Clare, Philo and Martha Matthews of Albany, Ga., and Miss Helen Lawton of Oviedo.

Mr. and Mrs. O. L. Taylor have returned from a months visit to Michigan and other states. Mrs. Harvey Renfro and children, accompanied by her mother, Mrs. Archibald left yesterday for a visit of several weeks to relatives in Tampa.

Mr. and Mrs. Wofford Tucker and children, who have been the guests of Dr. and Mrs. A. E. Phillips left last week for a visit to Palm Beach before returning to Jackson, Miss. The many friends of Mr.

Tucker were delighted to see him again in Sanford, where he spent his boyhood days.

Mrs. R. J. Holly has returned from a motor trip to West Palm Beach and the East Coast.

Mr. and Mrs. John Meisch and family and Mrs. Gussie Post motored over to Daytona Wednesday for the day.

Mr. H. P. Driver is expected tomorrow from Tampa for a week end visit to Mr. and Mrs. W. E. Waston.

Miss Ruth Waldron has returned from Ormond and is the guest of Miss Margaret Strong. She will visit Miss Edna Chittenden again before returning to her home in Tampa.

Mrs. F. L. Crosby and daughter are spending a few weeks in Chicago, Illinois, with relatives.

Mr. C. W. Hahn, representing the Burbank Products Co. of Tampa was a visitor to the city yesterday.

C. H. Lefler has received a photograph of Midshipman Chas. Lefler, who is now stationed on the battleship Ohio and his grandfather is well pleased over the appearance of the young man. That Charles III will make an excellent officer after he graduates goes without saying because he is a good lad and comes from fighting stock.

You Get It For Nothing Beautiful aluminum ware, complete set. Come and see HOW you get it. At Lefler's. 88-2tc

## SHOOTS BROTHER AS GHOST

Living in "Haunted House" in Georgia, Slayer Makes Tragic Mistake.

Waycross, Ga.—Mistaking his twenty-year-old brother, Harley McQuaig, for a ghost, Lee McQuaig shot and almost instantly killed him, riddling him with a shotgun.

The tragedy occurred at the home of their father, Anderson McQuaig, three miles northwest of Waycross. The younger McQuaig had been left at home, while his brother came to Waycross, Harley, who lives at Rustins, seven miles west, called at his father's home unexpectedly. The younger brother evidently did not hear his hail, for he shot Harley down before he reached the steps.

The McQuaig place has for years had the reputation of being haunted, and Lee has been heard to remark that if he ever saw a ghost he would surely fix him. The dead man leaves a wife and young child. No arrests have been made.

## GRAFTS AN ENGLISH WALNUT

Industry Is Revolutionized by the Discovery of an Arizona Naturalist.

Tucson, Ariz.—The walnut industry of Arizona is being revolutionized by the discovery of C. R. Biederman, a naturalist, that the English walnut can be grafted on the native Arizona tree and made to bear the new fruit the following year.

Not only is the fruit richer and of more commercial value, but the character of the grafted trees is changed so that they are preferable to other kinds for the purpose of beautification. The state commissioner of highways of Missouri, having learned of the possibilities of the tree, has planned to get Arizona plants to place along public highways of Missouri.

## Snake Had Motor Trip.

Fort Clark, N. D.—An auto riding bull snake, four feet long, is the latest. William McDonald and Clarence Rickel were motoring when they saw the snake in the road. They stopped the machine directly over it, but when they examined closer could not locate the serpent. On their return to town they found it under the hood curled around the frame of the machine, apparently enjoying the ride.

## Deed Is 187 Years Old.

El Dorado, Kan.—A deed one hundred and eighty-seven years old is a rare thing. Frank Allen, Butler county abstractor, discovered that he was in possession of just such an instrument. While cleaning house his mother, Mrs. Susan B. Allen, found a deed dated 1725, in the time of King George II. It conveyed about twenty acres of land in Massachusetts.

## The First Disciple.

The apostle Andrew, a brother of Peter, was the first disciple chosen by Christ. Both Peter and Andrew were fishermen and left their business to follow Christ. The fate of Andrew after the death of Christ is uncertain, but the common opinion is that he was crucified. He is the patron saint of Scotland, and Russia, has a Knighthood order of St. Andrew, the highest order in rank of that empire.

## Where the Trouble Was.

Husband—"You spend altogether too much money." Wife—"Not at all! The trouble is you don't make enough."—Boston Transcript.

### Stop at Gray Gables

The only Home Hotel on our coast. Private bath house. Fish dinners a specialty. Special rates to families and seasons. Mrs. H. A. Keffer, Prop. Phone 170 Green Seabreeze, Fla.

Talking and Conversation. How many of us fall into the error of imagining that to be able to talk well is the same as being able to converse well? A good talker is seldom a good listener. But a good conversationalist always is. Conversation should not consist in "listening to yourself in the presence of others."

Same Old Woman. Romance will never die. Anything that is called practical love making is nothing more than plain bargaining. Toledo Daily Blade.

# PERMANENT CAMP FOR THE COUNTY CHAIN GANG

### THE IDEA OF MAKING A CENTRAL CAMP WAS INVESTIGATED BY THE BOARD

With a small and compact county like Seminole and many good roads radiating in all directions the idea of a central road camp and permanent quarters for the county convicts and road employees is being agitated and is seriously considered by the county commissioners. The expenses of moving the road camps to all parts of the county are considerable and it is now thought that a permanent camp in a location easily accessible to all parts of the county and one that was located with the view of good drainage and healthy conditions would save the county a neat sum. County Road Superintendent Bell is also of the opinion that the central camp would save the county a large expense and that the gang could accomplish more work if the time that is now lost in transferring the camps could be saved by the central camp and permanent head quarters.

In case the permanent headquarters were established the county would purchase a large tract to be used in transporting the prisoners and employees to and from their work and all of them could be housed in comfortable quarters each night. The tract could also be used in many ways especially where there are brick roads in carrying supplies of all kinds. At the central camp crops could be raised and it might be found profitable to raise all the food for the live stock and vegetables for the prisoners.

In fact the central camp offers much in the way of curtailing expenses and saving time and labor and will be thoroughly investigated by the board of county commissioners.

### Daytona Beach Trips

The Sea Side Hotel, located on the beautiful location directly on Daytona Beach the coolest summer resort on the Southern Atlantic Coast is right in the midst of all recreation pastime so generously dealt out here. The ocean pier just across the way is furnishing no end of sport to the fisherman in way of surf casting guests making biggest catches the week were Messrs. W. G. ... of Daytona harbor ... 8 and 9 pounds, also A. C. Hamrick of Tampa makes a big haul during his early-dawn fishing. The inventive Champion, Floyd Stewart, with rod and reel helps to supply the table with his fine catches. Floyd is eight years old and seldom loses a bite.

The Inn is the popular objective point of motoring parties from all parts of the State for week end stays. Sunday always finds a big representative of Sanford Citizens and Roy Chittenden a Sanford boy who is in charge of the office is always to the front to greet and room the incoming guests.

Mr. C. H. Rumph is here for a week is a well known Sanford citizen. Miss Muriel Harold also of Sanford motored in with her aunt and uncle Mr. and Mrs. E. W. Young, of Lakeland, Misses Mildred Young and Mildred Hampton was also with the party.

Other Sanford Automobilists for brief stays were Messrs B. L. Perkins, F. L. Frank, W. A. Loeffler, Dr. C. G. Butt. Daytona Beach 5th of July Races 20 Mile (free for all) American Supply Co. Cup, Orlando Auto As 2 \$2.00 Entrance fee. 20 Mile (231 cu. in.) American Supply Co. Cup \$2.00 entrance fee 10 Mile (free for all) \$100.00 cash prize \$5.00 entrance fee. 10 Mile (231 cu. in.) \$100.00 cash prize \$5.00 entrance fee. 1 Mile (free for all) (standing start) \$100.00 cash prize \$5.00 entrance fee. All entrants to be handed in by night of July 3rd, either with W. D. Rogers, San Juan Garage Co. Orlando, Fla., or Daytona Beach Chamber of Commerce, Daytona Beach

### Florida Baptist Assembly

The Florida Baptist Assembly opened its fourth annual session in Lake City, Florida, June 23rd, on the beautiful campus of Columbia College. The Assembly is a gathering together of all of the different organizations of the Baptists of Florida. Representatives to the number of one hundred were in attendance the first day. They came from all sections of the state.

The speakers of the Assembly are men and women of note in Baptist ranks. They are as follows: Dr. H. C. Buckholtz of Atlanta, Ga., Mr. Arthur Flake of Baldwin, Miss., is a Sunday School expert employed by the Sunday School Board of Nashville, Tenn. Mr. Flake has charge of the B. Y. P. U. study classes and all work of that nature during the Assembly.

Dr. S. B. Rogers, State Secretary of Missions for Florida, has charge of Mission Study Classes and presents the cause of Missions in a most eloquent and forcible manner. Mr. Louis Entzinger of Fort Worth, Texas, is one of the highest if not the highest salaried Sunday School Superintendents in the United States. Mr. Entzinger accepted the Superintendency of the School of the first Baptist Church in Fort Worth, Texas when the attendance amounted to about 200, since then the membership has increased until now it numbers 1500.

Miss Kathleen Mallory of Baltimore, Md. Assistant Corresponding Secretary of the W. M. F. under the Southern Baptist Convention in a most eloquent manner lectures on the work and methods of the Missouri Union Royal Ambassador, Lewis A. Vixar, Young Woman's Auxiliary, and Sunbeam Bands.

Dr. H. C. Gardner, Professor of Homiletics in the Southern Baptist Seminary at Louisville, Ky., Dr. Gardner in a table hour is giving the Assembly a splendid study of the Bible, the work before the church and the problems of Christians.

A splendid spirit of good cheer dominates the convention. All in attendance seem anxious to secure and take back to their home some of all the wonderful things which are being given by masters in each department. The effects of this summer school upon the Baptist cause in Florida cannot be overestimated. The meeting promises to be a grand success from the social and Press Committee

### Elks Band and Orchestra

The Elks Band and Orchestra will be placed before the lodge at the meeting tomorrow night and there is no doubt but what the entire organization will be in favor of assisting the band and orchestra. The Elks have some good material in that regard many of the members of the Sanford band being members of the Elks. The Elks are also supplementing the music from Deland who are members of the Sanford lodge. Among them are the Bushnells who are well known far and wide as band men and orchestra leaders. Tampa too, expects to have an Elks Band and if the Grand Lodge meets in Atlanta next year Florida lodges will be well represented by bands.

The Tampa Tribune has the following:

"Organization was completed last night of the Tampa Elks Club Band at a meeting held in the building by a committee. The organization was signed up with twenty-five members and others are expected to join so that a band of thirty-six pieces is confidently expected to be the result. Instruments will be ordered at once and it is hoped by the Elks that the band will be come one of the greatest sources of pride of the Tampa lodge."

Morris Wolf was elected president, R. W. Masters secretary, C. O. Mendenhall treasurer and Prof. R. E. Cobb director. The band as it stands are present consists of three cornets, five clarinets, four saxophones, three bones, four altos, two drums, one baritone and three tubours. Its members are Harry Roberts, S. C. Paul Tobler, A. J. Loewy, C. den, Charles Peters, A. L. Bartholomew, F. M. Williams, Sol Maas, R. H. Goeke, E. L. Pilcher, Abe Maas, Tony Mihite, Mr. Brooks, Charles Heidt, R. W. Masters, T. Tollman, M. C. Collins, Ernest Maas, Morris Wolf, Jerome Waterman, Mr. Dyal, L. A. Burruss.

Great enthusiasm prevailed at the meeting and all expressed the belief that the Elks should have a crack musical organization for State and pleasure occasions.

# SANFORD AND ORLANDO ON NEW AUTO- MOBILE LINE

### THE BRICK ROADS BRING CHEAPER TRANSPORTATION BETWEEN THE TWO CITIES

The traction line between Sanford and Orlando may not be realized for some years to come but the next best thing is coming to a head and that is the cheap fare in the nature of an automobile line that will make a fare of 4 cents per mile and daily schedules between Sanford and Orlando. This line is bound to become popular for the reason that the railroad has taken off all the morning trains going south and if any one wishes to get to Orlando in the morning they are forced to hire an automobile at a greatly increased price. The four cent rate will cost one dollar approximately to go to Orlando and the passengers can wait and return by auto or come back on the afternoon train but the chances are that as the railroad does not care enough about this travel to put on a train south and the auto line does that the passengers will stay by the auto line when the railroad puts these trains back on the schedule.

The next schedule of the regular bus is C. C. Cobb and he has started his regular schedule.

As the brick roads are not finished between the two cities the auto line cannot make as good time as it will when the roads are finished. The new line demonstrates the possibilities of the brick roads and in a few months there will be other lines of transportation established and it will be no difficult matter to travel over the state in stress and auto cars at greatly reduced rates and on regular schedules.

The schedule of the new line

Sanford to Orlando, 12:30 P. M. Sanford to Orlando, 12:45 P. M. Sanford to Orlando, 1:00 P. M. Sanford to Orlando, 1:15 P. M. Sanford to Orlando, 1:30 P. M. Sanford to Orlando, 1:45 P. M. Sanford to Orlando, 2:00 P. M.

Leave Sanford

### Knights of Columbus Initiation

The exemplification of the First, Second and Third Degrees, conferred on a large class of candidates, was a part of nicely arranged programme that was carried out by the Sanford Council of the Knights of Columbus, last Sunday. Without a doubt the entire day was enjoyed by all the Knights, and especially by the candidates. The programme was carried from the beginning of doings in the morning until the last cigar was smoked at night without a hitch. At nine o'clock in the morning the visiting Knights from Councils all over the state, joined the local Knights, and attended Mass in a body, afterwards marching to their Council Chamber, and made the preliminary arrangements for the degree work. It began promptly at one o'clock and lasted through out the afternoon. Knights, who have been Knights for a long time and travelled much, state that never before have they ever seen the degrees conferred any better than they were in Sanford, Sunday. After supper a Smoker and experience meeting was enjoyed by all. Speeches were made by A. L. Rogero, State Deputy, D. H. Austin, District Deputy and many other prominent men of men of the order. The day on a whole was voted one large success.

# ITINERANT PEDDLERS MUST HAVE A LICENSE

### CANNOT SOLICIT ORDERS HERE AND MAKE DELIVERIES AS THEY FORMERLY DID

Sanford has suffered in the past from travelling solicitors who spend a few days in the city take orders for merchandise and then deliver and get the money without paying any license. The laws on this subject should be carefully perused by the merchants of Sanford and also the officers of the law and these itinerant peddlers be they outsiders or residents of the city should be arrested unless they have a license. This case has been brought up in Jacksonville and the judge rendered an opinion that can be followed in other parts of the state. The Metropolitan has the following:

Persons who solicit orders from residents for out of town houses and then make deliveries of the goods then come in a later date and peddle under the city license laws and must pay \$25 for such permit according to Judge Anderson, who the morning last had a case, a negro, \$25 for doing business without a license. The man was arrested by Police Detective Benjamin E. Hagan Saturday morning.

The defendant declared that he was soliciting orders for a Chicago house during his hotted preparations. He stated that he had been advised by his agent that he would need no license because he was only peddling the interstate commerce law.

Who is to be the deliverer to those in a hurry, what order is asked for?

Let me at a later date, when the goods arrive, replied the prisoner. "Then you are guilty of peddling without a license and I fine you \$25 for the offense," concluded the court.

According to Judge Anderson the police have had a great deal of trouble with these itinerant peddlers. When a man solicits orders for goods, he is liable for a license, declares Judge Anderson.

When a man solicits orders for goods, he is liable for a license, declares Judge Anderson. When a man solicits orders for goods, he is liable for a license, declares Judge Anderson. When a man solicits orders for goods, he is liable for a license, declares Judge Anderson.

### Gen. Huerta Arrested

El Paso, Texas, June 29.—The arrest of Generals Victoriano Huerta and Pascual Orozco here last night charged with violating the United States neutrality laws by attempting to start an armed expedition has forced the abandonment of government officials believe of any movement to launch a new Mexican revolution.

With Huerta and Orozco liberated on bonds, Mexican and United States officials are watching developments among their adherents. No action is expected on the legal phases of Huerta's arrest until July 1, the first date set for the hearing.

### Band Concert at Monroe

There will be a band concert at Monroe July 9th, at 8 P. M. Given by the Temple Band of little folks from the First Baptist Church of Sanford for the benefit of the Baptist Church at Monroe, also refreshments served. Come everybody and have a good time. Don't fail to come, you will be made welcome in Christ.

### Sanford Library

The following list is made up from volumes recently presented to the library by Mrs. N. B. Delamater and Mrs. J. N. Welker.

History and Biography  
Charles Sumner; Hannah D. A. The Memoirs of U. S. Grant; The Battle of Gettysburg; Young, The North Pole; Peary Robert Historic Illinois; Parrish Randall Life of Bret Harter; Merwin H. C. Lincoln in a Telegraphic Office; Bates David.

An Admiral's Log; Evans Robley D. Thomas Bailey Aldrich; Greenleaf, The Truth About The Congo; Starr Fred K. The Hawaiian People; Alexander Three Decades of Federal Legislation; Cox Samuel S.

Behind the Scenes in Washington Martin, Edward. Indian Horrors; Northrup, Henry Antiquities of the Orient Unveiled; Redding, Wolcott.

The Winning of the West; 5 volumes  
1 The spread of the English Speaking People  
2 In the Current of the Revolution.  
3 The Indian Wars  
4 St. Claire and Wayne  
5 Louisiana and Aaron Burr

Sociology  
The Workers of the West; Wyckoff. The Uncivilized Races of the World; Wood.

History of the Red Cross; Barton, Clara  
Outline of Practical Sociology; Wright Carrol D.

Five Years Among the Mail Bags; Harrison.  
Theology  
Science and the Bible; Morris H. Teachings of the Sacrament; H. C. Swadlow.

From Mrs. Delamater the library received The Encyclopedia Americana; 10 volumes. It is a set of volumes which have proved to be of great value to the library and feel grateful to the donor.

Other friends have sent recently books to the library. Mrs. H. C. ... contributed several volumes of fiction, and Mrs. Alex. Vaughn a Dictionary and a number of other books of value.

We also thank those who are contributing to the magazine table. There are so many things in our American periodicals that are helpful, sometimes it is a story that gives amusement and cheer, then to the busy man or woman it brings a condensed well written article.

The program for the Fourth of July celebration to be held here on Monday, July 5, is as follows:

9:30 Arrival of train from Sanford and intermediate points with excursionists.  
10:00 Baseball game, St. Cloud vs. Kalamazoo.

10:30 Grand parade, starting on Broadway and ending at the Kalamazoo Hotel. Prizes offered by local merchants.

11:00 Speechmaking in the courthouse square. Several speakers of state prominence have been invited to attend and address the people.

11:30 Big free barbecue to 5,000 in the courthouse square. 1:00 State clay pigeon shoot on the lake front. Best club squad of 10 to open to all amateur clubs Florida twenty-five targets, prize \$25 each, value \$10 entrance fee, to be divided 60 and 40 per cent between the first and second squad. Four individual contests open to all amateurs, twenty-five targets, prize \$25 each, value \$10 entrance fee to be divided 50, 10 and 20 per cent between the first, second and third. Five dollar cash prize to 'high gun' in any twenty-five shots.

2:00 Tug of war.  
2:00 First game of double header ball games between Winter Park and Kissimmee will be played.

2:30 Tug of war between teams from Florida cities, place to be announced. Cash prize will be offered.  
2:30 Pony Races.  
2:30 Golf and tennis tournament continued at golf club.

4:00 Pony races open to all Florida citizens, 100 yard dash for \$10 prize, 100 yard dash for \$10 prize, 100 yard dash for \$10 prize, to be divided between first, second, third on a percentage of 50, 30 and 20 per cent.

4:00 Foot races and bicycle races for cash prizes to take place in Broadway.

4:00 Grand automobile parade on Broadway; Judge G. F. Parko marshal.

# GLORIOUS FOURTH CELEBRATION IN KISSIMMEE

### A GREAT DAY TO BE FILLED WITH AMUSEMENTS OF ALL KINDS AND A BIG BARBECUE

The success of the big free barbecue and Fourth of July celebration to be held in Kissimmee on Monday, July 5, is assured.

Throughout the whole central portion of Florida the newspapers have given freely of their space to mention Kissimmee's big day and everyone of them declare that numbers will come here from their sections to celebrate. All over Osceola county people have made plans to come to Kissimmee.

Five thousand posters advertising the big event have been sent to between thirty and forty towns telling of the big day. The Atlantic Coast Line railroad, which will allow excursion rates to Kissimmee on that date has sent out thousands of bills on its own account, advertising the event. A special excursion train will come from Sanford and intermediate points on the morning of July 5. This train will leave Sanford at 8 o'clock and stop at all way points arriving in Kissimmee at 12:30. Hundreds of visitors are sure to come on this train. There will also be big crowds from Kissimmee, Lake Wales and Midland.

The local committees in charge of the several events of the day's program are very busy this week and complete their part of the work. There is a great deal of them to do and it follows each to get down to business this week. The program as tentatively arranged is given below. Changes may be made as other committees announce their plans, and other events are added. This program will tell in a way, however some of the amusements to be furnished the guests of the city on the day of the celebration.

PATRIOTISM AND POWDER

BEING A TREATISE ON FOURTH OF JULY FATALITIES

BY STATE BOARD OF HEALTH

Safety is first aid to the injured! Forewarned is not always forearmed, because advance advice without common sense is like a gun without ammunition, good to have but of little real use.

The near approach of another Fourth of July is bringing out the usual warnings in newspaper articles and editorials. They are copies of what was printed last year and the year before that, and they will have probably just about as much effect as all the publications on the subject that have preceded them.

And in as much as it is reasonably safe to predict the usual crop of mishaps this year, it is well to be prepared for the inevitable.

The innocent bystander is a frequent partner with the boy in these mishaps and we have a kind of sympathy for him, even though his trouble comes from being too near to bad company. With the boy himself it is different, for he knows, and if he does not his father and mother ought to, that he is tempting fate for his own disfigurement and mutilation, in the use of even the simplest forms of fireworks.

And so it comes that first aid to the injured is an important proposition in this connection. The burns and deeper wounds by exploding powder are likely to produce tetanus, resulting in its final development in lockjaw. The horrors of death from this cause are similar to those produced by rabies, wherein the patient conscious to the end, suffers excruciating agonies.

Tetanus develops usually in six to eight days after injury and following this disease speeds to a quick conclusion. Therefore, the time for effective treatment is before tetanus develops. A larger part of the danger in the situation comes from the delay in getting treatment, preventive treatment.

The only reasonably certain preventive, so far as has been discovered is the anti-tetanic serum, the prompt use of which has so largely reduced the development of tetanus that its failure is the exception. Its administration requires the service of the physician, but every doctor in these days is prepared to give this treatment.

Therefore if Johnny or Willie has a disastrous encounter with a giant firecracker exploding prematurely or happens to be too near or at the wrong end of a pistol that explodes blank cartridges the only thing left to do is to send for the doctor, or get him as fast as the speed laws permit, and on the way, multiply in a few earnest prayers that you will be fortunate to give the doctor at least a fair chance.

Danger from such burns is too serious to take chances with. The injury at first may not seem serious, it may not be excessively painful, but the possibilities for infection are too great to be risked. No sensible man, who is not prepared to die, who does not really want to commit suicide, will gamble with his life as the stakes with the chances ten to one against him, by neglecting to secure prompt medical attendance, especially when such attendance will turn those chances in his favor by at least a hundred to one for his recovery.

Therefore, if your patriotism or that of your small boy, leads to disastrous events go to the doctor, and go quick. It's the only safe way.

But have about decided that four years from now would be the time to have a newspaper man for governor. Meantime we will let the press gang decide on their candidate for the position.

Flesh of Various Animals.

Tiger flesh is eaten in many parts of India, though it is somewhat tough and sinowy. Lion flesh is very good to eat, and much in favor among the Hottentots and other South African tribes, who are also fond of rhinoceros as any good Englishman is of a rump-steak. Rhinoceros flesh tastes rather like something between beef and pork.

Chinese and Japanese.

Chinese and Japanese do not speak the same language, nor can they be said to have the same religion. Confucianism is the prevailing faith of China, while Buddhism is the chief religion of Japan. Geometry probably had its rise in Egypt, though it was perfected by the Greeks.

Fat on the Wing.

Homing pigeons in calm weather can travel at a speed of 1,300 yards a minute. With a brisk wind prevailing and blowing in the direction of its flight, a pigeon has been known to make 1,300 yards a minute.

FLORIDA'S LOSS FROM TICKS

THE ONLY STATE IN WHICH NO SYSTEMATIC CAMPAIGN OF ERADICATION IS WAGED

Washington, D. C. June 29, 1915. Florida is the one state in the tick infested area in which no systematic effort has yet been made to eradicate the pest. The entire State, covering an area of 52,240 square miles is afflicted with it and suffers an annual loss which it is impossible to estimate in dollars and cents.

Educational and demonstration work has, however, been undertaken under the direction of the Federal inspector in charge at Atlanta, Georgia, and it is believed that a certain amount of interest has been aroused among the farmers in this subject. It has been estimated that the tick could be eradicated in Florida in from six to eight years if the state and the various counties would provide adequate appropriations and cooperation on the part of the local authorities with the Federal authorities could be secured.

As a purely financial proposition it has been shown that the increased value of the hides of tick-free cattle more than pays for the expense of freeing territory. From the last figures available, it appears that the cost of the work has been about 50 cents per animal freed from quarantine. As the hide of the ticky cow is worth on an average \$1.26 less than that of the tick-free animal there is a profit here of 76 cents. Moreover, much of the money that has been spent on educational campaigns has not as yet borne fruit in the release of territory and it is only natural that future releases should come as the result of money that has already been expended.

The greater value of the hide, however, is only a minor feature of the situation. Tick-free cattle yield more milk, produce more meat, keep in better general condition, bring a higher price in the open market and are handled with less inconvenience than ticky cattle. Moreover they can be bred with less trouble and profit to pure bred bulls. The total of these various items amounts to a saving which it is almost impossible to express in terms of money. It may be said, however, that ticks make all the difference between profitable stock raising and unprofitable stock raising.

Some time ago the Department of Agriculture sent to a number of representative tick-infested farmers a series of questions on the effect of tick eradication in their neighborhood. These replies show that, in the opinion of the most vitally interested cattle raisers, the average gain in weight from 11 to 25 per cent, the average increase in the average milk production increased about 23 per cent, or nearly one-fourth.

Finally, the loss from Texas fever which at one time amounted to over one-third of the total number of cattle, but has since been practically eliminated, is another important point for the tick-free territory.

One Louisiana farmer wrote that his herd of cattle was worth double what it was had been before the ticks were eradicated.

What systematic work can do in the eradication of ticks is shown by the experience of Mississippi. This State took up the work in 1908. Two years later in 1910, 1,407 square miles of territory were released from quarantine, and subsequent releases increased this area until at the end of 1914 it was 20,844 square miles, or almost half of the State. At the end of 1914, there were 2,352 dipping vats in operation. If the people of the State continue to show the same interest in the matter that they have done in the past, it is predicted that in two or three years cattle ticks in Mississippi should be unknown.

A Fine Remedy For Biliousness and Constipation

People all through this section are buying LIV-VER-LAX because it is a preparation of real merit. It is a vegetable remedy that acts naturally and effectively, thoroughly cleansing the liver and bowels. It is easy to take and has none of the dangers and bad after effects of calomel. LIV-VER-LAX will get you right, keep you right and save you doctor's bills. Sold in 50c and \$1 bottles under an absolute guarantee. Every bottle bears the likeness of L. K. Grigsby. For sale by Wm. G. Aldridge.

Extremists Who Become Cranks.

Writing of the fact that some eye specialists have of attributing almost all physical and mental troubles to the eyes, Dr. S. Johnson Taylor of Norwich, England, says in the Lancet that the principal trouble with these men is that they are extremists and have become cranks on their own specialty.

The Working Man's Bank Account

Men who are employed by the day or week rarely have very much notice before they are laid off. This means that the working man of all men should have a little money saved up and have it deposited safely in the bank. The Peoples Bank invites the accounts of working men and families. Interest is paid on savings accounts, compounded twice a year. Your money will help you earn money, if deposited with this Bank.

"Crucible" Coming

Marguerite Clark, the fascinating, irresistible little actress who is spoken of by some of the best known critics as being the prettiest and best little actress now appearing before the camera, will be at the Star Friday, in a Paramount five part production the "Crucible".

The story is a domestic tragedy a struggle against adverse circumstances—the strong love of a mother for one daughter and her nearly unaccountable neglect and seeming hate for the second. There are many good character drawings of the inhabitants of a small community from the stern magistrate who dispenses what he considers justice, to the wayward young woman who serves a term in a reformatory and on her release seeks wider fields for exploitations.

Miss Clark has the role of Jenn, the unfavored daughter. We see her under widely varying environments as the petted child of a father who brings her up as a boy, and whose death robs her of her only protector.

Scene from the "Crucible"

Worse Than Work. "After a man has loved a white girl of the city fighting an unpopular losing battle for existence and as the woman who is loved by a man

of whom she fears herself unworthy. There are a good sprinkling of lighter moments, as when she shifts the baskets at the picnic, to the dismay of her sister and her sister's sweetheart and also to the eminent satisfaction of the elderly beau and the spinster. There are, too, many side-lights on the darker side of life—of despair, of happiness short-lived, and of final triumph.

Helen Hall as the village character the woman who takes her sentence to the reformatory with the same abandon as that with which she witnesses the departure from her of the weak young man whom she had lured from his wife, makes one of the hits of the piece. If the part be one which makes sympathy out of the question, we are bound to admire the art with which she interprets the part.

Harold Lockwood is Craig, the young man whose sketching and camping trip to the country is enlivened by the short visit of the escaped reformatory prisoner, and whose wise advice as to returning is so unexpectedly accepted.

The story will interest steadily by the continuity and variety of its action. There are moments that stir, most unexpectedly, for instance, hardhearted reformatory matron says goodbye to the girl who has saved as well as given her trouble. There is a depth of pathos in the scene where Helen says after her long appearance from the reformatory on a bench and weeps. It is the scene spot to which in a few happy days she and her lover had come. In the distribution she had not taken any of the old people. The scene is most important as it shows the way made at the Boston reformatory. News of the day.

Worse Than Work.

"After a man has loved a white girl of the city fighting an unpopular losing battle for existence and as the woman who is loved by a man

The sinking of the Great Steamship Lusitania by a Torpedo. The fastest selling book of the century. 350 pages beautifully illustrated. Post paid \$1.00. James F. Harris, 80-2 tp

Mr. and Mrs. B. W. Herndon and daughter, Mrs. Norma, and Mr. Herndon motored from Sanford yesterday and spent the afternoon in the city, having supper at the Empire.

WOODLAND PARK NOTES

Woodland Park Notes. At eight A. M. Thursday, those two early birds, Marion Vorce and Teddy Iaerman were waiting at the gate. Shortly after a picnic party came for an all day outing. These were Mrs. Gonzales and children, Mrs. Frank Miller and children, Mrs. Geo. Watson, Mrs. Ratliff, Mrs. Lane, Misses Jones, May Thrasher, Abernathy and others. Mr. and Mrs. Paul and Mrs. Eaton were another party that came in the forenoon. In the afternoon people fairly poured in. Among the nearly two hundred visitors were: Mrs. Wight, son Ralph and several smaller Wights, Mr. and Mrs. D. L. Thrasher, Mr. and Mrs. Abernathy and children, Mrs. Berner and children, Mr. Newton and family, Miss Fern Ward, G. W. Spencer and family, John Meisch and family, C. E. Henry and family, Mr. and Mrs. Peter R. J. Holly and children, Mrs. Betty and child, Mrs. D. I. Miller and Theodore L. P. and Tracy McCuller, Mr. Thuygen and party, Mr. Galloway and friends, Mr. Hutz, E. Walker, Mrs. Harriet and Mrs. Wesley Bart Herndon, Mrs. Dora M. and Mrs. W. F. Watson, Mrs. Alice Jones and Misses Helen and Grace Iserman. Sunday was another crowded day. Marion Vorce took her last Woodland swim for a long time. The day was the first in the history of the park. He carried the same number of people as ever, and intends to start out soon as an instructor in the art. Messrs. Fowler, Powell and Robinson of the Red Cross came for a swim. In the afternoon the Mannie and Netta came with a lot of passengers and the play was regular with full loads. A lot of Monroe people showed their disapproval of the pleasure interfering by coming this morning and the little lunch here made them make very objectionable.

Mr. and Mrs. B. W. Herndon and daughter, Mrs. Norma, and Mr. Herndon motored from Sanford yesterday and spent the afternoon in the city, having supper at the Empire.

Mr. and Mrs. B. W. Herndon and daughter, Mrs. Norma, and Mr. Herndon motored from Sanford yesterday and spent the afternoon in the city, having supper at the Empire.

ABOUT PEOPLE AND EVENTS...

A RESUME OF SANFORD HAPPENINGS UP TO DATE. Address all Communications to the Column to: Sanford Editor, or Phone Mrs. R. A. Tolson, Phone No. 201.

Book Lovers Club. Mrs. J. T. Brady was the gracious hostess Thursday afternoon to the members of the Book Lovers and a few other friends. The ladies were entertained on the porch which was lovely with great bowls of orange myrtle and potted plants. In the dining room where the dainty refreshment course was served the table was beautiful with quantities of yellow olamanders and asparagus fern. Mrs. Braddy's guests were Mrs. Fannie Munson, Mrs. Geo. DeCottas, Mrs. Roumillat, Mrs. McLaughlin, Mrs. Fred Williams, Mrs. J. C. Bennett, Mrs. Harry Ward, and Mrs. Starling.

Charming Card Party. One of the prettiest parties of the summer was given by Mrs. Saidee Williams Friday afternoon in honor of her guest, Mrs. Eugene Larramore, of Jacksonville.

Miss Williams entertained with five tables of bridge. The top score was made by Miss Florence Frank to whom was presented a lovely cut glass sandwich plate. One of these pretty plates was also given Mrs. Larramore, the guest of honor. The consolation prize, a crooked vase in hand-painted design was won by Mrs. Watson. A color scheme of yellow prevailed in the decorations of the house that was effectively carried out with bowls and vases of yellow daisies placed about the rooms in artistic profusion. Candies were yellow shaded through which the light filtered like sunshine. The refreshments were in the soft yellow tones of the prevailing color, daintily served, consisting of cut peaches and vanilla ice-cream and gold cake.

Mrs. Archie Belts presided at the punch bowl. Misses Charlotte Hand and Helen Rowland assisted in serving. To give the charming occasion were Mesdames Eugene Larramore, D. I. Thrasher, Norman Toole, Geo. DeCottas, R. A. Newman, S. Puleston, H. P. Driver of Tampa, W. E. Watson, R. R. Deas, R. C. Bowers, Geo. Bishop, B. W. Herndon, J. E. Miller, E. L. Gonzalez, Geo. Ruff, Misses Fannie Loeffler, Florence Frank, Helen Rowland, Charlotte Hand, Martha Fox, Clara Matthews, Phoebe Matthews, Martha Matthews, at Albany, Geo. M. Ayres, at Daytona, and Mrs. Tom Williams, and Mrs. Ayres Bell.

St. Agnes Guild. Two delightful meetings of St. Agnes Guild have been recently held that was most enjoyed by the present. The members of this society are progressive young people and are enthusiastic in their zeal and earnest endeavor. But at this time the attendance is not so large as usual. The members are at town last Monday the girls met with Mrs. Clara Phillips at the table and spent a delightful social hour together after which Mrs. Phillips prepared a very good dinner. The girls prepared a very good dinner.

Delightful Motor Trip. Mr. and Mrs. E. H. Youngs of Lakeland and their nieces including Miss Muriel Harrold of this city are enjoying a more extended motor trip than at first planned. While in Jacksonville the entire party were the recipients of many social courtesies. From there they have motored down the east coast to Palm Beach and Miami.

Porch Party. Mrs. W. E. Householder was hostess at a charming little porch party Wednesday afternoon to which the ladies were invited to bring their needlework. Delicious cake and was served and the happy occasion was much enjoyed. Those invited were Mesdames Harry Ward, R. R. Deas, Fred Williams, S. O. Shinholer, Clifford Shinholer, Albert Phillips, J. C. Bennett, and W. W. Abernathy.

Telegram From Rainbow Queen. To the junior Civic League and friends: I will be at the Imperial Theatre every morning at nine o'clock and expect to meet the maids of honor, earth children, Snow sprites, fireflies, sunbeams, moonbeams, flower artists and dewdrops. Our songs are so pretty and the costumes just lovely. Don't forget the date of our Operette July 8th. Every thing will be ready by that time for a charming production of "Over the Rainbow". Queen Rainbow Land.

pies for your Sunday dinner will be on sale. Patronize the Guild Girls.

Personal Mention. Miss Jimmie Laing returned Sunday afternoon from Washington, D. C. where she has been visiting since the Confederate Reunion at Richmond.

Mr. and Mrs. John M. Woodruff will leave this week for a visit to their former home in New Jersey and Northern points.

Charles Woodruff Ladd. The Jacksonville paper on Sunday carried the picture of Charles H. Woodruff with the statement that he had taken charge of the advertising of the Herald National Bank. This will be good news to the many friends of Mr. Woodruff here who he spent the winter with his parents, Mr. and Mrs. E. T. Woodruff.

But that Charles would land is not startling to his newspaper friends here and elsewhere for he is an advertising man not alone in theory but in practice having graduated from best school in the world—a country printing office. For many years he worked in the printing office of his father in Lapeer, Michigan and other cities and when he decided to make the advertising game he had the real practical groundwork for his plan of campaign and he achieved remarkable success in his chosen field. Suffering with a general breakdown in health and wishing to spend a few months with his parents in Sanford Mr. Woodruff came to Florida and like everyone that comes here he became enamored with the beauties and possibilities of the state and decided to stay around while. The following from Metropolis shows that Charles "arrived" in Jacksonville:

Charles H. Woodruff, of Detroit, has been named advertising manager and buyer for the Heard National Bank of Jacksonville. Woodruff has already taken charge.

The change is one which is made necessary by increased business and a resultant desire on the part of the management to relieve Assistant Cashier John M. Bell of all responsibilities not strictly pertaining to matters of banking.

For the past several years Woodruff has been identified with Packard Motor Car and Buick Motor Company advertising in Detroit and Flint, Mich. and he is highly spoken of in the general field. While with the Packard he was Eastern representative with headquarters in New York and Philadelphia.

First Cattle in North America. In 1492 on his second voyage to the country Columbus brought a bull and several cows for the use of the colony that had been established by Haiti. This was undoubtedly the first importation of cattle to America and it is certain that no kind of cattle were introduced here later. Spanish explorers brought over other cattle and they soon began to multiply throughout the island with very few exceptions.

Cause of Ocean Tides. The chief cause of ocean tides is the attraction of the moon which, acting most strongly the side of the earth nearest to the moon draws or keeps up the waters in the parts of the earth successively turned toward the moon. The attraction of the earth on the water on its surface is strong, but it responds to the attraction of the moon in its probable movement.

Age of the Ostrich. The average age of an ostrich is thirty years and the annual yield of a bird in captivity is from two to four pounds of plumes.

GENEVA SOCIAL NOTES

Geneva June 28th Mrs. C. W. Culppepper entertained the Senior class of the Baptist and Methodist Sunday School Friday evening June 25th. Quite a number of games were played after which Mrs. Culppepper served cake and punch. Those present were Misses Addie Gresham, Thusa Tarbell, Marie Daniels, Kate Flynt, Corinne Raulerson, Helen Moran, Barbara McLain, Ethel Rose, Mrs. Daniels, Mrs. W. L. Seig, and Messrs G. C. Little, Fred Ballard, Tom McLain, Cyril Raulerson, Bill Kilbee, Bert Pattishall, Horace Raulerson, W. L. Seig, Bishop Rause and Eda Raulerson.

We all thank Mr. and Mrs. Culppepper for the pleasant time. On Thursday evening July 15, the Sovereigns of Geneva Camp will hold a social and business meeting. The Circle is fraternally invited to attend. The ladies are requested to bring a cake. We are having lots of rain. Mr. Harrison is out with a gang repairing our roads. Mr. Sutton has harvested his potatoes and Mr. F. B. Bradley is having his dug. The School Trustees have adver-

congenial party who left Sanford this morning taking with them a few picnic lunch. Revelling in the beautiful gardens with music and a delightful refreshment. The ladies were very much enjoyed by the present. The members of this society are progressive young people and are enthusiastic in their zeal and earnest endeavor. But at this time the attendance is not so large as usual. The members are at town last Monday the girls met with Mrs. Clara Phillips at the table and spent a delightful social hour together after which Mrs. Phillips prepared a very good dinner. The girls prepared a very good dinner.

Auction Bridge. Mrs. C. O. McLaughlin delightfully entertained the Auction Bridge Club and a guest table in honor of Mrs. H. P. Driver Saturday afternoon at her home on Park Avenue. Mrs. Geo. Bishop won the guest prize a

tised for bids for repairing the school and next term we will hardly know it with the new coat of paint and trimmings.

Mr. Gresham's mule, Tom, died of old age and eble last Saturday. The chicken thief has things going his way. About an fiver was lost by several of our people last week and sooner or later Mr. Thuygen, the good starting good man.

Miss Ethel Rose is waiting for aunt Mrs. Aubrey Moran. The canning factory is running full blast they are putting up corn, beans, tomatoes, peaches, berries etc. Our people are beginning to grow what they eat and soon the Calamity Howler will have to go west.

Price Makes Reply

Sanford Fla. June 29

Editor Herald:

In response to several requests I will give a brief summary of the present discussion. The controversy was provoked by the appearance in the Herald of an ad. urging the people of Sanford to employ union in preference to non-union, labor, seeking to create the impression that the organized brand was superior in many ways to the unorganized. As the ad tended largely as a personal attack upon myself and associate in business and as it contained insinuations which the authors did not dare to make as specific charges in public, but which they did make in secret, I felt impelled to take up the matter in self defense and in behalf of the principle of industrial freedom to all unorganized as well as organized labor.

A lifelong and conscientious conviction that the closed shop system advocated by organized labor is radically wrong, morally and industrially, and entirely at variance with the spirit of American institutions and freedom, as set forth by the Declaration of Independence, is, and always has been, the chief point of contention between myself and organized labor in general. It was this conviction which made it impossible for me to unite with the local union upon arrival in Sanford six years ago. I have always conceded the right of labor to organize, but never that such organization be used as a weapon against a fellow laborer who holds other views. My refusal to join the union here aroused the enmity of their so-called leaders and narrow-minded members and they have missed no opportunity to annoy me or injure my business.

I have made the claim that the local union has been largely in control of this element and that in addition thereto many of them are mechanically inefficient instead of being the best, as advertised, and have been challenged to name two of this class and agreed to do so upon the certain condition, which has been met. My reasons for selecting these two and for quoting said contractor were given in my last article. The parties referred to are (These names were furnished to the publishers but for certain reasons the Herald cannot publish them. The original copy may be seen by calling at the Herald Office.) Now does the union wish its membership judged by the standard they have so endorsed?

The people are urged to employ union carpenters and thereby 'help support your own town.' Are they sincere and consistent? While thus advertising they are maintaining a rigid boycott against the only institution in Sanford which manufactures a product in their line, and and cheerfully and unquestioningly using the same line of goods from out of town, notoriously anti-union shops! Why?

I have challenged them to give their reasons publicly, but a very eloquent silence on this point is their only answer. They knock over with their mouths than they ever did with their hammers, and will drive industries and business away from Sanford faster than a dozen commercial clubs can bring them in. I hold that if there is an superiority as a class, it certainly rests with the men who are able to attain their rights by their own ability and efforts, rather than with those who are compelled to use organized strength to get what they claim is justly theirs, and feeling to get enough from their employers to satisfy them proceed to use their organization to take their fellow craftsmen's employment away from him, that they may have it all.

My opponents are making the claim, that because I am now an employer of labor, I advocate free labor because I can buy it cheaper and thus make a large profit. As to whether my views on this question have changed since entering business for myself, the public is respectfully referred to any contractor, or any respectable member of the carpenter's union with whom I have discussed this matter privately during the past few years, while working as a journeyman. As to whether we, (Mr. Collier and myself are actually in favor of low wages, I beg to inform the public, that we are voluntarily paying our employees a higher average wage than any contractor in Sanford, also that when we personally do journeyman work we demand and receive higher wages per hour than any other carpenter in town, and that the only person who has thus far refused to pay the same is a member of a labor union, who refused to pay, not because the services were not worth the price but because it was MORE THAN THE MINIMUM UNION WAGE! The bill is still unpaid.

One of our active union antagonists who never misses a chance to misrepresent us is at present engaged in the construction of a residence in Sanford, largely with non-resident labor at less than union wages! He also induced one of our employees to quit us, promising him several weeks employment if he would leave us and

join the union—and then discharged him at the end of the first week. This same unionist is also one of those who are telling people that there is not a Novelty Works in Sanford. Our union 'brothers' also tried to deprive us of another of our employees by promising to make up a purse to pay his travelling expenses out of town if he would quit us. This variety of reptile with the union label on, classifies itself as 'fair', and an honest man who knows enough to have a business of his own and sense enough to attend to it and grant others the same privilege is heralded as 'unfair' and the public is warned to have nothing to do with him.

I regret that my opponents have not enough manhood to come out plainly and make specific charge against me. Please note a few samples of how they don't say what they want to. They charge me with being 'dishonorable in debate, and PERCHANCE, otherwise.' 'It is stated on excellent authority that he boasts that whenever he goes he breaks up organized labor.' 'We have looked him up elsewhere, and we sincerely BELIEVE him to be a chronically disturbing factor in society. Now let us see just what they are made of.

First—I have deposited with the People's Savings Bank the sum of twenty-five dollars which I will forfeit to any Sanford charity, or public improvement fund, if any member of the carpenter's union will file with the Herald Publishing Co. within twenty-four hours of the time of publication of this challenge, a sworn affidavit making specific charges, together with proof of same, of any dishonorable act of mine, here or elsewhere, either to employees or employer, or competitor; maker of affidavit to deposit similar amount for same purpose, if he fails to prove his case, same to be tried within one week before a committee of five chosen in the usual way. This committee also to name recipient of fund.

Second—I have deposited another twenty-five dollars with the same bank for a sworn affidavit with proof that I have ever sought to break up organized labor or that I ever made the statement that I had tried or would try to do so. Same conditions as above.

Third—And still another twenty-five dollars for a sworn affidavit with proof that I have ever acquired a reputation among the respectable elements of society as a chronically disturbing factor of society. Same conditions.

Now let them 'put up,' or eat their crow' and 'shut up.' And let the PEOPLE judge.

Very truly yours, W. S. Price.

MISS GRACE MURPHY

Miss Murphy recently attracted attention because of her striking beauty when she took part in a society play in Washington. Miss Murphy's home is in Greensboro, Ala.

BRIDE WAS BORN AT SEA

Blank Space Left in Marriage Records Because She Is Real Daughter of Neptune.

Redwood City.—A true daughter of Neptune was married in Redwood City recently and there is a blank space on the San Mateo county records to prove it. Warren Tilden Quirk, a clerk and a native of Illinois, obtained a license to wed Miss Mabel Marie Fontaine. In the marriage affidavit each of the contracting parties must give his or her native state.

"That's impossible," said Miss Fontaine when the question was asked her. "It's somewhere on the briny deep. I was born on a ship between France and America. However, the ship flew an American flag and I am one of her proud citizens."

The license was issued with a blank opposite Miss Fontaine's native state.

Imagination and the Eye. Science does not depreciate the power of the eye. People have been rendered sad or bad or mad, exquisitely happy or strongly fortified by a single glance, though no doubt the instinctive divination or knowledge of the man or girl behind the eyes aids the effect on the imagination.

PLAN REBUILDING OF RUINED CITIES

Belgian Students of Town Planning Urge Use of Modern Methods.

AGENTS ARE GATHERING DATA

Refugees in London Map Out Task to Begin When Invaders Are Driven Out—30,000 Structures Are Destroyed.

London.—So confident are Belgians that the German invaders will shortly be driven from their country that plans are now being discussed and drawn up in London for the scientific rebuilding of the devastated towns and cities of Belgium.

The idea of rebuilding ruined Belgium upon modern scientific lines was originated by the International Garden Cities and Town Planning association and was enthusiastically accepted by King Albert and the Belgian government, while the British government has bestowed its official blessings on the scheme.

A committee called the Belgian town planning committee has been formed, made up of representatives of the various Belgian ministries, the Royal Institute of British Architects, the Institute of Municipal and County Engineers, the Town Planning Association of Great Britain, Belgium, France, Holland, Poland, Russia and Spain.

At the first meeting of the committee it was decided that the actual work of rebuilding Belgium should be done entirely by the Belgians themselves, from plans prepared by Belgian architects and engineers, and that the work of the English and other non-Belgian members should be advisory.

Obligated to Work Secretly.

Each member of the committee pledged himself not to accept any contract or payment for any of the work in connection with the rebuilding.

The committee is now devoting its attention primarily to securing a complete civic survey of the devastated towns and cities of Belgium. This work is proceeding slowly but successfully, slowly because it has to be done secretly—right under the eyes of the Germans—and smuggled out of the country piece by piece. The means by which this is accomplished, and who is doing it, cannot be revealed, as it is believed the Germans, if they discovered it would put an effective stop to it at once. It is hoped, however, that within five or six weeks the complete civic survey will have been obtained.

Although definite plans are yet to be formed, it is probable that the committee will do much more than provide merely for the rehabilitation of the stricken towns so as to provide homes for the war sufferers. Particularly in England many men who have made a careful study of town-planning methods see in the present an opportunity for the application of modern, scientific ideas. They urge that "cities beautiful" such as have been outlined in miniature world's fairs and on a small scale in English garden settlements should be erected on the ruins of the devastated Belgian towns.

Must Consult Owners First.

It is questionable, of course, to what extent these methods can be employed, for there are the owners of the property to be consulted. One-fifth of the adult population owned their own homes, and the residents of Flanders are distinctly conservative. But it is inevitable that the new Belgium will be an improvement on the old.

Ewart G. Culpin, who is the secretary of the committee and who is well known in the United States through his lectures on town planning, was asked if the committee has decided on any radical architectural or physical changes in any of the ruined towns. He said:

"No, but undoubtedly there will be remarkable changes. Belgian cities and towns have grown up in a haphazard sort of way. In the rebuilding Belgian genius will find an outlet in combining the architectural beauties of the Flemish with the physical requirements which are demanded in modern scientific town planning."

Viscount Bryce, who opened the Re-making of Belgium exhibition, held in University college, spoke of the general project as follows:

Viscount Bryce's Ideas.

"Town planning is a comparatively new science in this country. In the middle ages beauty came naturally, men's minds were full of conception of beauty, and the very irregularity with which cities were built was an element of picturesqueness which the straight lines which came into fashion in later times could not attain. The task of those who are going to lay out the Belgian cities afresh is to try to combat the beauty which belonged to the ancient cities with the conditions now recognized as being requisite to the health and well-being of large modern communities."

The other work that the committee is doing at present is principally educational. Various groups have been formed to study the numerous problems connected with modern town planning. One group is dealing with arterial communications, others with types of roads, railroads, street-car lines, subways, canalization, water, gas, electricity, sewers, communal service, police, fire prevention and other state and civic problems.

Men who have devoted years to scientific town planning are delivering lectures on each subject as particularly applied to Belgium. At the conclusion of the lecture courses studies and plans will be drawn up, and it is expected that in two months' time fairly complete plans will have been drawn.

At the exhibition at University college the present condition and needs of Belgium were illustrated and examples of the best work in town planning carried out in other countries were shown.

A remarkable collection of old maps showing the development of the old cities and towns of Belgium has been placed at the disposal of the committee, as well as large numbers of photographs showing Belgium before the war and now.

30,000 Structures Destroyed.

Particularly tragic are maps of ruined cities and towns, like Louvain and Termonde, where by different colors those parts destroyed and those remaining are shown.

From figures received, 30,000 houses and buildings have been destroyed by the Germans since they invaded Belgium.

King Albert is taking the most personal and constant interest in the work, and M. Hellegatte, the Belgian minister of agriculture and public works, is in constant attendance at the committee meetings.

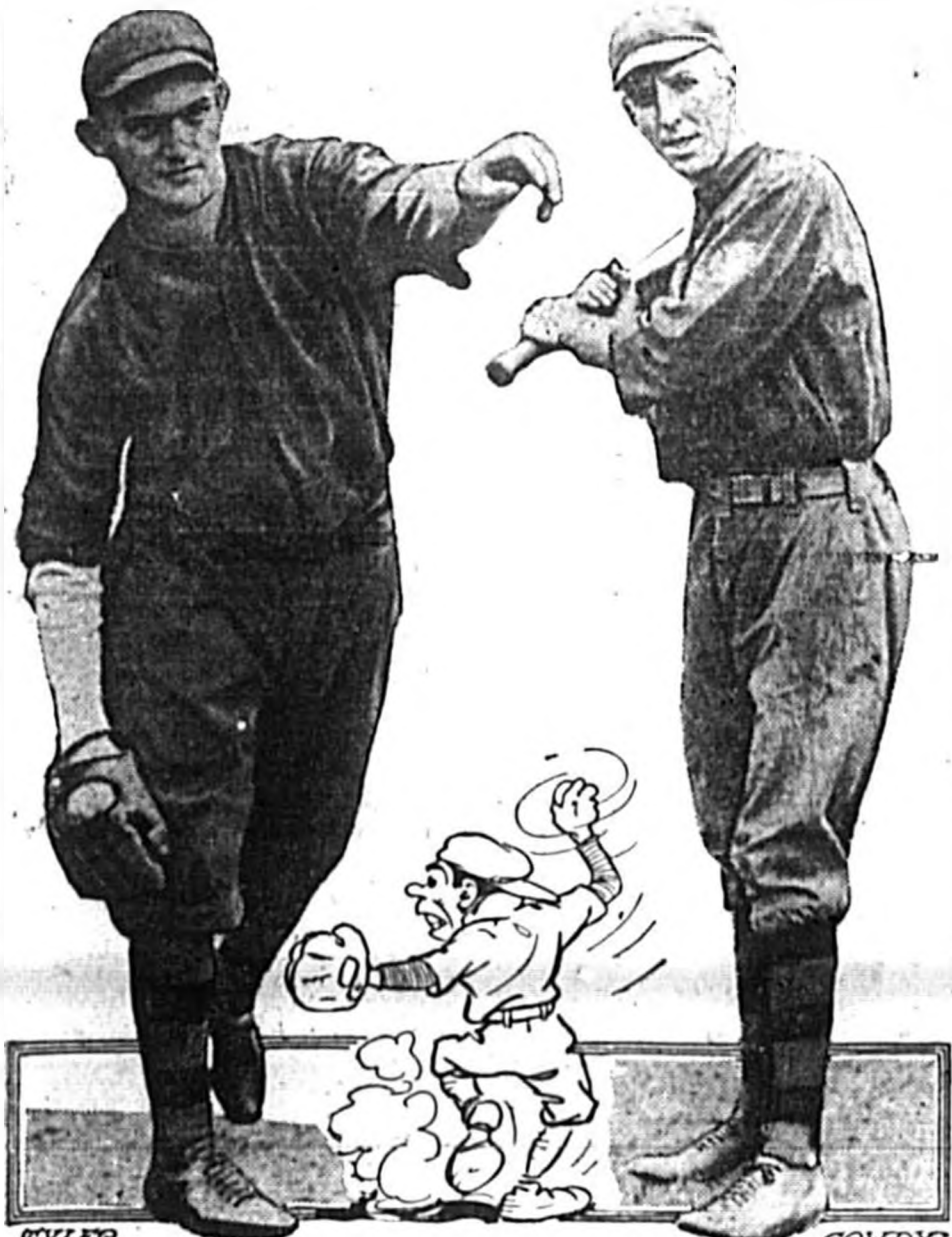

COW PEAS advertisement with decorative border and text: Car load Iron and Brabham Cow Peas just delivered. These varieties Peas guaranteed not to infect soil with "Root Knot." Write for prices, mentioning quantity desired. DUTTON CRATE CO. SANFORD, FLORIDA

ATLANTIC COAST LINE advertisement with train schedule table and contact information: The Standard Railroad of the South SCHEDULE EFFECTIVE APRIL 5th, 1915 THROUGH TRAINS TO NEW YORK DAILY

BUY A FEW LOTS IN RIVERVIEW JACKSONVILLE, FLA. \$10 DOWN—\$5 PER MONTH THIS is a chance of a life time. Never in the history of Jacksonville has there been such an opportunity offered to the public to make as secure an investment on as solid a base with such wonderful and rapid developments as Riverview lots today. The first work on the \$20,000 water system is now well under way, the first well having been sunk nearly 1000 feet and giving a pressure of about 30 lbs., sufficient to force it up to the top of a 6-story building. 7000 feet of ditches are now open and large mains are being laid on the main streets. \$10,000 has just been spent on the large Casino, bathing pavillion and other public and civic improvements at Riverview Recreation Park, where thousands of Jacksonville's citizens are spending their most happy days, pleasure bent in fishing, boating, bathing, dancing and all out-door games and sports, open to the public free. This is strictly the white man's home; no lots sold to colored people. I say every man, woman or child who can spend only 17c per day, should buy one or two lots at Riverview, the most grand, beautiful, successful suburb, where we have beautiful homes, churches, schools, mercantile houses, public building, Board of Trade everything to guarantee a great advance in further values, which up to the present time far exceeded any property about the city of Jacksonville, the City that is going to make many a man rich. I would be glad to meet any one who would like to invest a few dollars in this property. I believe I can convince you it is one of the best investments you can make. I am selling beautiful lots in splendid locations ranging in price from \$650 to \$450 only for inside lots; corners \$850. Remember no lots sold to colored people. I sell on easy terms. If you are sick, I carry you 3 months without making any payments, carry you for 3 years without any taxes or interest and do everything I can to help you on your feet. I am now taking a cruise in Southern waters on my private yacht, and would be pleased to have a talk with you, Mr. Investor. For any further information correspond with my Home Office, 111 Heard Building, Jacksonville, Florida DR. E. H. ARMSTRONG

BRAVES FORCED TO SETTLE OWN FINES

When President James F. Gaffney of the Braves refused to allow his club to pay fines of \$50 and \$25 imposed by President Tener on Gowdy and Tyler for abusing an umpire he set a new record in professional baseball that fans all over the country will heartily applaud.

to stick by the new president of the National League in his endeavor to make baseball as clean as possible. And it is next to impossible to have decent sport when club presidents wink at their players' capers on the field by paying all fines imposed on them.

DIAMOND NOTES

Bill Hinchman is Pittsburgh's leading batter.
Hans Wagner is still playing remarkable ball for the Pirates.
Ray Fisher, the Vermont schoolmaster, is winning regularly for the Yankees.
Connie Mack is seeking to sign Third Baseman Carroll of Fordham college.

FASTING IS PLAYER'S HOBBY

How Al Bridwell of St. Louis Federals Keeps in Condition—Takes Good Care of His Health.

Al Bridwell, with the St. Louis Federal league team, is one of the best reserved men in baseball. At his past thirty-one years of age and is still spry enough to feel he has long to play by a younger man. In his days he has led all his steps as a fielder and he retains still a large part of the wonderful ability which made him famous when with the New York Giants. Not only is he covering ground for Manager Jones this year, but in all probability he will be seen in the same position for the next two years to come.

has gone this length of time on two separate occasions, and during this time he was putting in ten hours a day for six days a week, working over a machine in a shoe factory.
'When I have played my last game of baseball, I am going to continue with athletics just as industriously and regularly as I have for years past,' says Bridwell. 'I will take up hand ball, boxing and bag punching and by this means I hope to keep in good physical condition as long as I am alive and kicking.'

BASEBALL STORIES

Pete Standridge is attracting a lot of attention with his fork ball delivery.
Walter Fadden, former Sox pitcher, has been a main attraction in the St. Paul Minn.
Dave Slavin, former Philadelpher, has made a good start as manager of the Providence Internationals.

Frank Chance must be sitting in the shade of an orange tree these days wondering how Bill Donovan does it.
The throat of Home Groh from his new station at third is likely to be a chronic to the start Standridge used to throw.
Ed Schorr, the Cub who was released to Terre Haute, has been discharged by that club for failure to get into condition.

Larry McLean has developed into a noisy coacher. Whether it be such hackneyed stuff as 'old boy' or the very latest slogans, he is out there with tones stentorian and continuous.
Pitching experts say emery paper isn't necessary to throw the 'emery' ball. The same effect can be had from a finger nail or anything that roughens the surface of the ball as it makes it winky.
Tommy Leach has a son who is playing third base for a school team. As Tommy promises to go on indefinitely, they may be on the same team some day, with such utterances as this: 'That's a boy, pop!'

WALK COST THIS MAN \$1.000

St. Paul Restaurateur Attempted to Do 98 Miles in an Hour and Fifteen Minutes.

St. Paul Minn. Walter Fadden, restaurateur, took a walk recently that cost him \$1,000. With a stream of 100 people on his back, he arrived at the Minnesota courthouse at 9:28 in the morning, exactly eight minutes too late to win a bet of \$1,000 that he could walk from St. Paul to Minneapolis in an hour and fifteen minutes.

Chris Andrews and H. K. Harrison are the winners of the wager.
At 8:30 he started from the city hall with a vision of the \$1,000 urging him on. Paddy Sullivan, trainer of the Gibbons boys, acted as pacer. Paddy himself can make the distance in ten minutes, it is said, so the two started at 8:30. Mr. Fadden, who was wearing a watch, was very much surprised when he found that he had covered the distance in 98 miles.
The two men, who had made up a cheering party, and the walk was kept well supplied with oranges and lemons to suck. When the Washington avenue bridge across the Mississippi river was reached, the \$1,000 began to look unobtainable, but Mr. Fadden never faltered and reached the Minnesota courthouse at very nearly his fatal pace.
He found that had he walked eight miles more he would have won the \$1,000. He had diminished considerably when he started the return trip in a motor car. The 98 miles of the accompanying cars showed a distance of 98 miles.

TOSS COIN FOR A CONTRACT

Plumber, Asking Same Amount for City Job, Leave Choice to Chance.

New York. The toss of a coin decided who should get a contract in the municipal building and a plumber won. However, it was a plumbing contract, and so it was a plumber who lost.
The contract was for work to be done in the Metropolitan hospital, Blackwell's island. Only two bids were submitted. When Deputy Commissioner of Charles Wright opened the bids he found that Joseph B. Brady

WAKE UP

CHANCE OF A LIFE TIME

Greatest Opportunity Ever Offered Here

High-class developed Orange Grove Property, well known as the Dr. J. N. Bishop Estate. Located at Paola, right at Rail Road Station. Will sell at great bargain the whole or any part, with or without residences. The property consists of

and John F. Koop had each asked \$500 for the job. He asked the two men, who were present, what should be done.

'Let's toss a coin for it,' suggested Brady.
'Español took a quarter from his pocket and asked:
'Heads or tails?'
'Heads,' said Brady.
'It was heads.

LAY IN MORGUE SEVEN YEARS

Body of Texas Ranchman at Last Identified by Little Nephew

Muskogee, Okla. After lying for seven years in a local morgue, the body of Charles Williams, a ranchman of San Antonio, Tex., has just been identified by his sister, Mrs. Henry Mills of Caddo, Okla.
Mrs. Mills, who had been trying to find the body for seven years, went to the morgue to identify the body. She carried on a search, hoping to find the body of her nephew.
Marion, that Uncle Charlie.
A careful examination of the body proved that the boy was right.
The body was found in the Katy stockyards at Muskogee on the night of March 22, 1908. There was a discharging revolver lying in his belt and a bullet had pierced his groin.
Williams' wife and daughter live in an Antonio.

Long Walk for Sick Girl.

Los Angeles. Cal. Miss Phyllis Krohet, thirteen year old, whom the doctors gave up last February as a hopeless victim of tuberculosis, arrived here from Denver on foot. She had walked all the way, accompanied only by a small burro and a large revolver. The girl said she weighed only 50 pounds last January before starting on her journey, but now she weighed 125 pounds and enjoyed perfect health.

Materials for Pens.

Materials used in the making of pens besides steel, gold and silver are German silver, aluminum and aluminum bronze. Dr. W. H. Wallaston II recorded had a gold pen composed of two thin strips of gold tipped with rhodium, apparently made on the principle patented by Dorn in 1808, and Lord Byron used one in 1810.

Packing House Equipment, Such As Growers Must Have, Can Be Made Only In Complete, Efficient Factories
For years we have been making and assembling packing house machinery, building plants for the purpose along the lines which experience has demonstrated to be most efficient and economical. Our factories at Dunedin have recently been enlarged, as indicated in the illustration above, to take care of rapidly increasing business. We believe and hope this means that all the citrus fruit growers of Florida can have their wants supplied with Skinner's "Satisfaction Guaranteed" packing house machinery, no matter how great the demand.
Special prices for June installations—write now for these. Send for illustrated booklets, and ask for specifications and price lists.

## BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

### EVEN THE GATE POST NOT IN IT

#### A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HE'LL PRENT 'EM"---SO SAYS SAUNTERER.

The boxing exhibitions that have been held in the Imperial will be discontinued by orders from the mayor and I really believe he is right about it. While there is no harm in boxing with big gloves such an exhibition should be given in a barn outside of the city limits for Sanford is not the place for it. The boxing exhibitions were really ridiculous and furnished amusement for many of the men who enjoy something of this sort, but asking to hold it in one of the principal theatres in the city was just a little too strong and the mayor was bound to stop it.

My old friend, Dad Rhoades, who has recently opened up a new machine shop here has an interesting history and it is good to get him away from his lathe once in awhile and get an earful of news of old times. In talking to Dad a few days ago I mentioned the fact that Secretary Bryan had resigned and asked what he thought about it. To my surprise Dad spoke right up and said:

"Why that is no more than we thought Bryan would do. Why that fellow is just a grand stand player and has always been one. I knew him out in Illinois before he became great and he was known as a man who played to the galleries all the time. No one from my town ever thought he would stick at anything very long and he hasn't made any success at sticking at anything as yet."

"But, I remarked he seems to be making money, all right and is a big man in the nation."

"Sure he is, replied Dad. But what I remarked was that he did not stick at anything and he is just a theory man and not a practical one and that goes."

And in thinking it over I believe that Dad is more than half right.

Our senator, The Right Honorable Arthur E. Donegan of good Irish stock and full of wit can tell many good stories if he will, although he is usually very quiet. John L. McWhorter, the Tallahassee correspondent of the Times-Union has the following anecdotes as related by our senator during some of the idle moments at the state capital during the session of the late lamented legislature:

If you ever saw Senator Arthur E. Donegan drop his head to one side, cast his eye at you and send out just the faintest suspicion of a smile, look out, for a good story was coming, and it would probably be at the expense of some one in the party.

Some of the best he told in Tallahassee this spring were about some nameless old lady down in his district, who seemed to have had more native shrewdness and aptness at repartee of the kind that stops the other fellow than most of the wits of the world.

One especially good one was that this old woman had a son who was rather more worthless than he deemed himself to be, and sorely tried his mother's patience and temper by his foolishness in every conceivable line. One day he was being upbraided by her for being a trifling, worthless creature, and he thought to allude her with the question, put in sarcasm: "What have you ever done that is worth notice?" And her reply satisfied him: "If nothing else, I gave birth to the damndest fool in Osceola county."

This same Senator Donegan is one of the shrewdest and most business-like men who represented a district. He talked little on the floor, seldom had anything to say for or against any bill, but he worked in committees, explained his measures simply, concisely and clearly, and introduced fact that the other senators did not assat him in getting passed.

They say that his ability to pull off a joke and get away with it helped to the extent of at least several votes when he was a candidate for the senate. At that time he was clerk of the court, and on good joking terms with the judge and everybody who knew him. When some witnesses were being sworn in one day he administered the oath as follows: "You solemnly swear the evidence you shall give in this case will be the truth, the whole truth, and nothing but the truth, and that you will vote for Arthur E. Donegan for the state senate so help you God!"

The old fellows from the prairies thought a minute and then said "I do," and they did.

I note with pleasure that Sanford is coming to the front with many musical organizations. The Boys of the Baptist Band under the able leadership of Mr. A. B. Brock is making good and their music that is furnished various occasions being free is to be commended. These youngsters with but very little preparation were moulded into a good musical organization and their playing is exceptionally good. There is also some talk of the Sanford Elks having a band and organization and orchestra within their own lodge being greatly strengthened by the addition of several good musicians from DeLand who are also members of Sanford lodge. These with the many musicians from the Sanford band and other members of the Elks lodge should make a fine band and orchestra and I hope that they can pull this over. The more musical organizations that we can have the better for it takes music to keep up our spirits. Now in case the Elks do form this organization I hope we can have the pleasure of hearing the band from time to time. The Elks have a balcony at their lodge room and if the band or orchestra could be induced to come out on the balcony every lodge night and give the people some good music it would not only be a treat to those who do not belong to the lodge but it would also be a good advertisement for the Elks.

I see that there is some talk of closing the Woodland Park on Sunday. This may be all right from the point of those who never go out there to enjoy an afternoon and do not care to take the children out but for those who have to stay indoors during the hot Sunday afternoons and wish to take a few hours in the shade of the park and enjoy the pool I think that it is all right and those who go out quietly and enjoy themselves as Christians are doing their duty just as much as those who stay at home and read their bibles.

There are many good children who enjoy an afternoon at Woodland and they are doing their duty to God and the church just as much as those who are trying to stop an innocent amusement. There is such a thing as getting too religious and making the church an obsession in the home. You can't force people into church and the best way to get the younger generation by gentle persuasion and not by force. I attend church every Sunday both morning and evening and yet if I choose to go out to Woodland park or any other place in the afternoon I'm not so fanatical as to believe that I am committing a crime against God and humanity by this act. You can't get the children to sit down on Sunday afternoons and read the bible or study a sundry school lesson, not in these days of jitney busses and automobiles and if the kids can be taken in the afternoons to some quiet spot where they can cool off and enjoy themselves and also give their parents a surcease from sorrow and tribulations I am quite sure that the parents have done nothing wrong in taking the family out for an airing. It is all a matter of conscience and the people who make such a hue and cry about the Sunday afternoons off are usually the ones who have a greater burden upon their own souls. Certainly I do not stand for the Sunday excursions where big parties go prepared for a big time and fish and hunt and do the other stunts just as though it was a week day. I am talking of the parents taking the children to a place where the entire family can quietly enjoy an afternoon and cool off making them feel like going to the evening church service and enjoying the same.

Painting and Music. Whereas, while polish, refinement, culture, and breeding are in no way arguments for artistic result, it is also no reproach to the most finished scholar or greatest gentleman in the land that he be absolutely without eye for painting or ear for music—that in his heart he prefer the popular print to the scratch of Rembrandt's needle, or the songs of the hall to Beethoven's "C Minor Symphony."—James McNeill Whistler.

Must Live Up to Them. After the literary guy has made a hit he must keep right on turning out stuff, to live up to his picture in the tobacco advertisements.

## PEOPLE AND EVENTS

Continued from Page 3

**Personal Mention**  
Mrs. Ray Buttz is visiting in Jacksonville. Upon her return she will leave immediately for Winter Park where she will be the guest of her mother until September.

Miss Edna Plant of Madison is the guest of Miss Annie Lee Caldwell.

S. M. Lloyd left Saturday for Michigan where he will spend the remainder of the summer.

Miss Louise Watts of DeLand arrived Saturday to visit Mrs. L. P. Hagan at her home on the Heights.

Miss Lottie Dutton and Miss Gardner who have been the attractive guests of their aunt Mrs. L. P. Hagan have returned to their home in DeLand.

Mrs. B. F. Guthrie has returned to Washington D. C. Richmond, Va. and other points of interest.

Mr. Allen Stone who was recently called to Michigan by the illness of his mother, has returned to Sanford.

Mrs. Roper and little daughter Elizabeth of Havana, Cuba who have been visiting Miss Bessie Long, left Saturday for Asheville, N. C. where they will spend the summer.

Dr. J. N. Tolar has received an appointment at St. Timothy's Hospital and left for Philadelphia yesterday to take up his duties. He is one of the younger medics to graduate in May.

Mrs. Braxton Perkins returned Sunday from a delightful visit to Plant City.

Mr. and Mrs. Harry Driver returned Sunday to their home in Tampa. Mrs. Driver was the recipient of many charming attentions while the guest of Mrs. Watson.

Dr. and Mrs. I. R. Phillips and family have returned from an auto tour of South Florida, reporting a fine time.

**Some Fine Grapefruit**  
The Herald acknowledges with thanks the receipt of a fine cluster of grapefruit brought in by Mr. A. V. Hicks of the Lake Mary section. The fruit is a cluster of three big grapefruit and each one will weigh at least four pounds. Grapefruit just now is certainly fine and if it could hang on the trees late each year would bring a much better price and would certainly taste more like the real grapefruit.

### SANFORD LODGES

**Sanford Lodge No. 62, F. and A. M.**  
Communication every first and third Thursdays at 7:30. Visiting brethren welcome.  
O. L. Taylor Secretary

**Notice of Intention to Apply for Letters Patent**  
Notice is hereby given that we, the undersigned, have this day incorporated and associated ourselves into a corporation under the name of Lockhatchee Cattle Company, for the purpose set forth and under the provisions of the laws of the State of Florida, and that we, the undersigned, have filed with the Secretary of State of Florida, and that we will apply to the proper officer of the State of Florida, at his office in the city of Tallahassee, Florida, on the 16th day of July, A. D. 1915, for letters patent upon the said charter and articles of incorporation.

**Articles of Incorporation**  
We, the undersigned, hereby associate ourselves together for the purpose of incorporating and forming a body corporate under the laws of the State of Florida by and under the provisions of the laws of the State of Florida, providing for the formation of a corporation as follows:  
The name of this corporation shall be Lockhatchee Cattle Company. Its principal place of business shall be in the city of Sanford, Florida, in Seminole County, and State of Florida, with branch offices at such other points in the State of Florida and in the United States or foreign countries as its board of directors may from time to time determine.  
Article II.  
The general nature of the business or business to be conducted by this corporation shall be as follows: To acquire by deed, gift, will, grant, lease or otherwise, lands, tenements, hereditaments and estates of every kind whatsoever, either within the boundaries of the State of Florida or elsewhere; to use the same for the purpose of breeding and raising cattle, grazing or a rural business, or for a timber land and general lumber business, or for such other purpose as may be determined by the board of directors; to purchase, maintain, purchase or otherwise acquire, own, exchange, sell or otherwise dispose of any and every kind of real estate, and other facilities, necessary to the manufacture or disposition of the lumber, lumber products, logs and timber of all kinds and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; to lease lands controlled by it, and to have exclusive right to and control over the same; to acquire, own, control and operate any and every kind of stock, and to have the entire control, management and ownership of the said lands, and to have the right to own, control and operate any and every kind of any scrip, lease, lease, or other right of way, purchase, lease, management or sell railroad lines or other methods of transportation, but not in any manner as common carriers of freight or passengers for hire; 12 SCHOOL LAWS WERE PASSED AT LAST TERM

LEGISLATURE MADE LAWS ON A GREAT MANY IMPORTANT SCHOOL MATTERS

Twelve acts were passed by the last legislature relating to the public schools and county school board. These new laws, which have been approved and are effective, have been sent to county superintendents throughout the state in the form of proof sheets, prior to their publication in the book form in which all the acts will be issued within thirty days.

Compulsory education, at the will of the voters of special tax districts or counties, medical examination of all school children at least once a year, instruction concerning the evils of alcoholic beverages and narcotics, the establishment of home economics and home demonstration departments, the issue of teacher's certificates to persons completing courses in state or private normal schools, authorization of deposits, paying interest on deposits of special tax district funds, are among the more important measures.

Compulsory Education Optional

These laws, the majority of which were approved by a large majority, and the important matters of the state generally, will be put into effect somewhat gradually. Superintendent Marshall Moody of Hillsborough county said that the new laws will be put into effect in a very gradual manner. He said that the compulsory education law, which has been in effect in the district throughout the year, will be put into effect in the district in a very gradual manner.

The compulsory education law

is not operative in a district in which the voters have not voted for the requirement, even though it carries in the county. The law will be put into effect in a very gradual manner. The election may be by special tax district alone, in which case it is either lost or carried or it may be by county board districts or by the voters at large. In the two last cases the districts voting by ballot will vote for compulsory education, and into force, when the majority vote against it, are not affected.

The bill's requirements where compulsory education is put into force are attendance at least eighty days in each year by every child between the ages of eight and fourteen. Parents or guardian are held responsible, and the penalty fixed by law for conviction is a fine of not less than \$1 nor more than \$3 for each offense. The fine, which may be suspended in the case of first offense and collected upon a second offense, is light, but by provision of the act, failure of parent or guardian to cause a child to attend school after notice has been served by an attendance officer constitutes a separate offense for each day the child is allowed to remain out of school and the penalty upon conviction is the fine of from \$1 to \$3 per day.

Private School Attendance Allowable

The attendance officer, or officers, appointed and paid at the discretion of the county school board, are required to make reports and to keep records of delinquencies and violations of the act. Teachers of public schools are required to report absences to the county superintendent, and the attendance of a child upon a private, or church school, is allowable provided the records are kept and rendered as required of teachers of public schools.

Attendance officers are also required to make a census of every child between the ages of six and twenty-one years in his district or districts in June of each year, and to file these reports, containing name, sex, date of birth, name of parents or guardian, with postoffice, before the first of July each year with the county superintendent. The attendance

officer must also furnish the principal of each school within his jurisdiction with a list of the children who should attend the principal's school.

Billion Dollar Balance

Washington, July 1.—A billion dollar trade balance—the greatest in American history in a year which has seen commerce depressed by eleven months of world war, is the commercial record of the United States. Official announcement was made today at the Department of Commerce that with the closing of the fiscal year at midnight it was certain that the billion dollar mark had been passed.

"The figures for eleven months ending May 31," it was announced, show a favorable balance of \$983,117,479. As thirteen ports which ordinarily handle ninety per cent of the country's foreign trade show for June an export balance of approximately \$60,000,000, now it is known that the excess of exports over imports has at this date exceeded \$1,000,000,000, surpassing by nearly \$400,000,000 the highest record heretofore made.

Figures indicating that the new high record would be made have been placed before President Wilson and the Cabinet from time to time by Secretary Redfield.

Generally the showing was considered all the more gratifying because it was made despite the paralysis of American shipping and stagnation in the cotton market, which depressed American exports and imports.

Department of Commerce export statistics show that the percentage of exports to the United States is generally other than of food stuffs.

The bill's requirements where compulsory education is put into force are attendance at least eighty days in each year by every child between the ages of eight and fourteen. Parents or guardian are held responsible, and the penalty fixed by law for conviction is a fine of not less than \$1 nor more than \$3 for each offense. The fine, which may be suspended in the case of first offense and collected upon a second offense, is light, but by provision of the act, failure of parent or guardian to cause a child to attend school after notice has been served by an attendance officer constitutes a separate offense for each day the child is allowed to remain out of school and the penalty upon conviction is the fine of from \$1 to \$3 per day.

Rejuvenating Sanford House

The work of the House of Representatives in the city of Sanford, Fla., is being carried on in a very efficient manner. The House of Representatives is being rejuvenated by the work of the House of Representatives in the city of Sanford, Fla.

The grass and weeds have all been cut and the trees and shrubbery trimmed and he expects to make a park on the back of the house. The work of the House of Representatives in the city of Sanford, Fla.

The bill's requirements where compulsory education is put into force are attendance at least eighty days in each year by every child between the ages of eight and fourteen. Parents or guardian are held responsible, and the penalty fixed by law for conviction is a fine of not less than \$1 nor more than \$3 for each offense. The fine, which may be suspended in the case of first offense and collected upon a second offense, is light, but by provision of the act, failure of parent or guardian to cause a child to attend school after notice has been served by an attendance officer constitutes a separate offense for each day the child is allowed to remain out of school and the penalty upon conviction is the fine of from \$1 to \$3 per day.

George Mason President

At a well attended public meeting in the Chamber of Commerce auditorium last night, George Mason was elected permanent president of the State Fair Association and P. Q. Cassiday was elected secretary, with the following well-known businessmen of the city comprising the board of directors: John D. Baker, Harry B. Hoyt, F. P. Conroy, John Futch, R. V. Covington, H. H. Simmons, Telfair Stockton, W. M. Bostwick, Jr., Leon Cheek, W. E. Cummer, Robert Gamble, Edward Cohen, J. M. Barr, Charles H. Mann, George Harder, Times-Lion.

B. Y. P. U.

Sunday evening at the Baptist Temple the B. Y. P. U. will install its new officers for the coming term of six months. Talks will be given by the outgoing president, the incoming president, the delegate to the Assemble at Lake City, and the Pastor. Special Music will be furnished by the orchestra.

SUBMARINE HAS SUNK ANOTHER ENGLISH SHIP

LOADED WITH MULES AND AMERICAN TEAMSTERS—CARGO CONTRABAND OF WAR

Washington, July 1.—The Dominican freight liner, Armenian, flying the British flag and carrying mules from Newport News, Va., to England, was torpedoed and sunk Monday night by German submarine U-38, off Cornwall, England, and nearly a score of American muleteers are reported lost, according to messages to the State Department today from John S. Armstrong, Jr., Consul at Bristol. Twenty nine men in all were lost and ten injured.

The news created a sensation in official quarters, as it was the first case of American lives lost since the sinking of the Lusitania.

The action of the United States Government, however, depends almost entirely whether the Armenian was carrying contraband of war, and what American would sail on a ship carrying contraband of war.

The bill's requirements where compulsory education is put into force are attendance at least eighty days in each year by every child between the ages of eight and fourteen. Parents or guardian are held responsible, and the penalty fixed by law for conviction is a fine of not less than \$1 nor more than \$3 for each offense. The fine, which may be suspended in the case of first offense and collected upon a second offense, is light, but by provision of the act, failure of parent or guardian to cause a child to attend school after notice has been served by an attendance officer constitutes a separate offense for each day the child is allowed to remain out of school and the penalty upon conviction is the fine of from \$1 to \$3 per day.

Day at Palm Springs

Mr. and Mrs. R. G. ... Mr. and Mrs. ... Mrs. Phelps, H. C. Dulose, Anna Mason, Esther Woodburn and Reginald Holly spent Thursday at Palm Springs where they enjoyed the bathing and a picnic in the woods.

The bill's requirements where compulsory education is put into force are attendance at least eighty days in each year by every child between the ages of eight and fourteen. Parents or guardian are held responsible, and the penalty fixed by law for conviction is a fine of not less than \$1 nor more than \$3 for each offense. ALL AROUND THE STATE

ITEMS OF INTEREST ABOUT FLORIDA CUDLED FOR BUSY READERS

The census bulletin shows that it costs \$25.16 per capita to operate the city of Tampa; \$41.82 to operate Jacksonville and \$68.51 to operate St. Petersburg. But then think of the joy of living in St. Pete.—Clearwater Sun.

Morris Whidden of LaBelle was shot and instantly killed Sunday at 2 o'clock by J. D. Benton at the home near LaBelle. According to Benton's story the trouble arose over a dog. Benton walked from his home to Arcadia, reaching there yesterday morning about 9 o'clock after being on the road all night. He gave him self up at once to the sheriff at 10 o'clock spending his first hour in town at a barber shop getting his hair cut and talking to a number of persons. Whidden was son of Tillet Whidden, who was prominently identified with the old Ashley-Whidden feud.

Judge A. G. Campbell, of the Circuit Court, ordered a special term of

HERALD ADVERTISING BROUGHT RESULTS

ONE HUNDRED THOUSAND DOLLAR DEAL IN REAL ESTATE IS MADE POSSIBLE

That property in the vicinity of Sanford is too good to hold long demonstrated by the recent sales of a large tract of land near Paola and comprises Paola proper. The real property comprised 100 acres of land of which 70 acres was in fine orange groves and there was city lots and houses, etc. The land belonged to Dr. Bishop who for many years lived there and had a magnificent grove but moving to New York several years ago and later suffering the loss of Mrs. Bishop caused him to lose interest in his Paola possessions and he decided to sell all his holdings to the Orlando Holding Co., of New York.

As a result of a meeting at Bartow

on Tuesday of Good Roads enthusiasts from all parts of Polk county; a bond issue in the sum of \$2,000,000 will be asked for, the proceeds of which will be used in building permanent highways in this county. A petition will be presented to the county commissioners within the next ninety days asking that an election on the proposition be called.

John M. Lee of Southport has proved that broom corn can be successfully in Ocala county, for he has on exhibition in Kissimmee several stalks which are as fine as can be grown anywhere, says the Valley Gazette.

The city council of Clearwater has granted a franchise for the construction of a toll bridge across Clearwater Bay, connecting with Island Park and the mainland. The franchise also granted them permission to construct a street railway system throughout that city.

On The Raging St. Johns

H. L. Beeman, D. J. Beidler and Edwin Beeman left yesterday for Sanford where they embarked for a fishing trip on Mr. Beeman's yacht, Lucile, and will visit the famous places on the St. Johns river. Some marvelous stories are now being told by many fishermen, who have been down on the coast, river and lake, and some of their fish tales would make old Isak Walton turn green. These men generally fish in pairs and claim that it is nothing unusual to catch forty or fifty speckled trout in a morning and more broom in an afternoon. From a dozen people can be seen on two meals and that it is playing it mildly and within the bounds of truth. Fish are biting freely on the coast river and fresh water streams, this being one of the best seasons of the year and the fishermen are busy at the time of the season.

"Maintenance of Rates for Advertising and Printing"—Discussion led by Geo. M. Goolsby, Wakefield Advocate.

Value of Co-operation

Address by Mason W. Pressly, of Seffner Mr. Pressly, who has had wide experience in association with one of the great industrial corporations of the country, is a profound thinker and elegant speaker, and his address will undoubtedly be instructive and entertaining to his auditors.

Calivating Good Will Among Employees

Discussion led by E. L. G. Lenore, Bartok.

Fare and Accident Prevention

Discussion led by Wayne Thomas, Plant City.

The Supply Man and the Printer

Arthur Greene, Antietam Paper Co.

Equalization of Freight Rates

Paper by Otto Renner, of Jacksonville.—Lakeland Telegram.

GREAT IMPROVEMENT IS SHOWN IN SOUTHEAST

FACTORIES ARE STARTING, NEW BUILDINGS BEING ERECTED, WHEELS ARE TURNING

Columbus, Ga., June 30.—The Industrial Index says in its issue for this week:

"The Southeast enters upon the second half of the year with business conditions and prospects so much better than they were when the year began that there can hardly be a comparison. With the beginning of the year, conditions were very far from good and the outlook was uncertain, to say the least of it. There was that uncertainty which demoralizes effort to a large degree and makes capital wait a while. Many manufacturing plants were idle with the necessary attendant lessening of the general volume of business.

But in the six months the conditions have changed very materially. It has been hoped that the very worst conditions were those which never happened. The volume of trade has increased, though slowly. In hundreds of manufacturing plants wheels are turning, and the slogan in the song of plenty, 'if not yet of full prosperity.' Good is being done, and the business is being put on a new basis. More employment is being created, and the business is being put on a new basis. More employment is being created, and the business is being put on a new basis.

South Florida Press Meet

An association of newspaper editors from the South Florida Press met at Jacksonville, Fla., last night. The meeting was held at the Hotel ... The bill's requirements where compulsory education is put into force are attendance at least eighty days in each year by every child between the ages of eight and fourteen. Parents or guardian are held responsible, and the penalty fixed by law for conviction is a fine of not less than \$1 nor more than \$3 for each offense. The fine, which may be suspended in the case of first offense and collected upon a second offense, is light, but by provision of the act, failure of parent or guardian to cause a child to attend school after notice has been served by an attendance officer constitutes a separate offense for each day the child is allowed to remain out of school and the penalty upon conviction is the fine of from \$1 to \$3 per day.

As a result of a meeting at Bartow

Circuit Court Adjourns

The spring term of Circuit Court for Sumner County adjourned Tuesday night after a strenuous session of several days in the case of D. A. Caldwell as defendant and the Peoples Bank as plaintiffs.

Auto Line Starts

The Seffner Auto Line started yesterday. C. C. Cobb as engineer and conductor and for the first time the line was well patronized and Mr. Cobb is sanguine of success. This line is bound to prove popular and will improve as the public recognizes the fact that they can now get to Orlando and intermediate points in the morning.
