BRITISH FINANCE Cattle Governor IS LOOKING UP AS TAXATION DROPS

Favorable View Of Financial Situation Taken By Debt Commission; Annual Provision For DebtMayBe Boosted

I.ONDON, Apr. 26—(INS)— A very favorable view of the British financial positions taken by the Committee set up in 1924, under the presidency of Lord Colwyn, to Inquire into British National Debt

The Committee-which was set up by the Labor Government and number several of the greatest financial and economic authorities in Britain-consider that the yearly provision for debt redom-tion should be increased from \$250 millions to \$375 millions. Keep Eliminative System Active

Good Health Requires Good Elimi-nation.

ONE can't feel well when there is a retention of poisonous waste in the blood. This is called a toxic condition, and is apt to make one tired, dull and languid. Other symptoms are sometimes toxic backaches and headaches. That the kid-neys are not functioning properly is often shown by scanty or burning passage of secretions. Many people have learned the value of Doan's Pills, a stimulant diuretic, when the kidneys seem functionally inactive. Everywhere one finds enthusiastic Donn's users. Ask your nei4hbor!

WEIGH IN

OUR thoughts wisely directed and then translated into ACTION will bring success and happiness. Thought under like conditions has changed the destiny of Nations. Weigh In.

Until you forget failure—until you are reasonably sure that you are going to win---until all doubts have been erased from your mental blackboard---you are quite sure to get a glimpse of the Canyon of Gloom---the Valley of Defeated Purposes---the Road of Failure.

You have the power of fulfillment---your highest aim can be attained---if you have trained yourself to think right and put to right use the fruits of your best thoughts. Sanford needs you---you need Sanford.

Weigh in! Let not the scales say, "Weighed, and found lacking." Measure up to the times and demands of the community. Keep faith with Florida the best state in the entire South, the United States—the entire World for that matter.

Let this thought "sink in"---let it enter your consciousness---1927 WILL BE MY BEST YEAR IN SANFORD. Let it "stick to your ribs"---take this thought to breakfast, luncheon and dinner

with you. Arise in the morning with it uppermost in your mind--- and take it to bed with you when you retire at night. You will be surprised how much better you will feel---how much easier every task becomes---and you will prosper---with SANFORD
