SCANT HOPE INTERVENTION BY BRITISH IN DISPUTE FRANCE AND GERMANY

PREMIER LAW'S SPEECH IN THE HOUSE OF COMMONS SHOWS TREND CALL UPON LEAGUE

Of Nations By King George and Help from America Would Not Be Considered by France

(By The Associated Press) LONDON, Feb. 20.—Scant hope for British intervention at this time in the dispute between France and Germany is to be gleaned from Premier Bonar Law's speech in the house of commons last evening. The premier concluded debate on joint liberal amendment to the address in reply to the speech from the throne calling upon the league of nations, with the help of America to investigate Germany's ability to pay reparations. The amendment lost by a vote of 305 to 194. The premier informed the house that intervention by the league commission as proposed in the amendment would be considered by France a san act of hostility.

LONDON, Feb. 20.—The House of Commons last night, by a vote of 305 to 194, rejected the liberal amendment to the address in reply to the speech from the throne proposing an investigation by the League of Nations with American co-operation into Germany's capacity to pay reparations. The debate on the question was lifted above the ordinary by the brilliant speech of former Premier Lloyd George, who revealed undiminished parliamentary energy. Thus, because of an amendment to the address as a vote of censure against the government of the day, the House rejected a proposal which probably had the strong sympathy of the majority of its members because the contrary vote would have meant the fall of the government.

H. A. J. Fisher, liberal member who was president of the board of education in the Lloyd George cabinet in the opening debate, considered the co-operation of America so all-important that if American participation could not be obtained otherwise she should be permitted to send delegates independently of the League.

Lord Robert Cecil on the other hand while not minimizing the importance of the American help, thought that a formal invitation to Washington would entail grave danger of rebuffing America and might cause Washington to restate that government's opinion that Europe must compose her own quarrels. Lord Robert, like other speakers, emphasized the urgency of avoiding a breach with France, but regarded the idea of a world conference to revise the treaty of Versailles from top to bottom as an impossible policy.

Mr. Lloyd George, displaying all his old mastery of apt phrase, took the line that the momentum of the French action in the Ruhr had developed beyond anything the French government ever conceived and that it was the business of England and America to extricate France from an impossible and dangerous position. He repudiated any idea of censuring or criticizing the Bonar-Law government which had done its best as a faithful ally.

Every creditor had to cheer between cash and smash, he declared. France was trying both, but she must decide upon one or the other. The French action was ill-conceived, betraying lack of vision. He refused to believe that any military adviser of France had ever committed himself to the opinion that France ought to seize the Ruhr.

LONDON, Feb. 20.—The corner of the British in the Rhineland, four miles long and a mile and a half wide, passed into French control yesterday, says a Dusseldorf dispatch to the Daily Mail. The ceremony of handing over the strip took place in Harff, 20 miles northwest of Cologne, and was witnessed by General Payot, of the French general staff, and Sir Arthur Godley, commander of the British forces at Cologne. The only formality was an exchange of salutes by small detachments of British and French infantry and the chief feature was a snow balling contest between German children and Entente soldiers.

AIR MAIL SERVICE OVER UNITED STATES

BEFORE MANY YEARS THIS WILL BE MEANS OF QUICK TRANSPORTATION

(By The Associated Press) BIRMINGHAM, Feb. 20.—Before many years every important business center of the nation will be connected by air mail routes and transmission of mail between these centers will be by means of airplanes flying at night over lighted airways is the opinion of Paul Henderson, second assistant postmaster general expressed in an address before the Alabama postmasters in a conference here. Experiments study have demonstrated, Henderson said, that night flying is safe and practicable.

Truck Crops Damaged But Fruit Unhurt

Tampa experienced its first real winter weather of the season Sunday night when the temperature tumbled to 35 degrees, only three points above freezing. While there was a heavy frost, according to reports received by W. J. Bennett, in charge of the weather bureau, vegetables were damaged considerably in different sections, but citrus fruit escaped unhurt.

The Florida Citrus Exchange issued a statement Monday morning to the effect that citrus fruit has not been damaged south of DeLand. The exchange was advised that some early bloom has been damaged, but the groves below DeLand, as a whole, are not hurt.

Weatherman Bennett says that the redevelopment of the northwestern high pressure area and its movement southward during Saturday and Sunday night caused the colder weather over the southern part of the United States Sunday morning. Warnings were issued Sunday morning for temperatures of from 28 to 32 through central Florida and 31 in Tampa, with heavy frost killing frost.

Monday morning the lowest temperature in Tampa was 35, in Eustis 28, Bartow 32, Gainesville 26, and in Jacksonville 30. Indications for Monday night are for not quite so cold, with the lowest temperature in Tampa as 40. Forecasts for Tuesday are fair and warmer.—Tampa Times.

Fifteen-Year-Old Boy Champion Horse Shoe Player at Tournament

(By The Associated Press) ST. PETERSBURG, Feb. 20.—Harold Falor, 15 years old, Akron sensation, continued his winning streak this morning in the games of the mid-winter horseshoe pitching tournament, adding two more scalps to his belt. He has won eight straight games. Others winning were Frank Lundin, present champion, Frank Jackson and C. C. Davis.

Judge Williams Dies at Miami—Prominent Editor

(By The Associated Press) MIAMI, Feb. 20.—The body of Judge Robert Williams of the Court of Errors and Appeals of New Jersey whose home was at Patterson, who died at a local hospital last night after an illness of a few hours, will be sent to Patterson tonight, accompanied by Mrs. Williams. Judge Williams was the guest of Judge and Mrs. J. J. White of Atlantic City, aboard the yacht Stesta, in the harbor here, was publisher of the Paterson Morning Call.

LONDON, Feb. 20.—A dispatch to the Daily Mail from Dusseldorf says the first important break in the railway strike came yesterday when a thousand employees in the Dusseldorf freight yards asked the French for work and 700 of them were immediately reinstated.

SEMINOLE COUNTY EXHIBITS AT THE SUB-TROPICAL FAIR AWARDED MANY RIBBONS

County Not Represented as it Should Have Been But Exhibit Was Creditable

Seminole County had a very creditable exhibit at the Mid-Winter Sub-Tropical Fair at Orlando last week, being awarded some eighty or ninety ribbons and many cash prizes. It takes co-operation to assemble such an exhibit, both from the farmers and those who give their time, energy and thought, in collecting the exhibits, placing them, and caring for them. It is the desire of the Seminole County Fair Association to thank each and every one who, in any way, contributed to the success of Seminole's display this year, and especially the following:

Mrs. F. A. Johnson, who so ably assisted during the whole fair; A. V. French, who helped plan the display; F. V. McKenna, Huggins, Ed. Ward, John McKee, Martin of the Crown Paper Co., Jack King, A. King, J. R. Stewart, A. C. Foster and Mrs. Stewart, who gave liberally of their time and hard work arranging the exhibit Monday night or keeping it up during the week.

The trucks of Messrs. Loesing and Vaughn rendered service, which, the paid for, was such that showed great interest and a desire to help in any possible way.

Chase & Co., who kindly furnished trucks for two trips; Mr. Reed, who furnished a truck for a trip.

The exhibitors, who with great care prepared the best of everything so that tourists visiting the fair might know what we have, were:

COLD WEATHER OVER THE STATE FOR TWO DAYS

DOES SOME DAMAGE TO TRUCK CROPS—WARMER TODAY

There was a heavy white frost in this section this morning and the thermometer went down to 35 again but the wind was not blowing and it did not seem as cold as it was yesterday morning. It is said that the frost again clipped the tender vegetables but no material damage has been done here except in spots. Aside from a few acres of peppers, some tomatoes and beans, etc., and some of the home gardens there was little tender stuff in the fields here as it was too early in the season for the spring crops to be planted.

JACKSONVILLE, Feb. 20.—A minimum temperature of 30 degrees, the lowest of the winter, was registered at the local weather bureau at 8 a. m. yesterday. The low temperature was accompanied by a heavy killing frost, which caused damage to growing vegetables, but did not hurt fruit, it was said.

TAMPA, Feb. 20.—No damage to either citrus fruit or trees was caused in any of its localities by the cold weather of Sunday night, headquarters of the Florida Citrus Exchange reported today, after a survey of citrus crop conditions in all parts of the peninsula.

Citrus bloom was slightly affected in a few places, it was reported, but this is considered immaterial in view of the fact that bloom hurt is of the very earliest variety and that there will be plenty of late bloom to furnish a normal crop.

The lowest temperature in the peninsula part of the state Sunday night, the Exchange survey shows was at Eustis, where the thermometer reached the low mark of 28 degrees. DeLand's low temperature was 31 degrees, while the coldest temperature at Tampa was 35 degrees.

Mitchell is Off Hotel Commission, Says Jerry Carter

(By The Associated Press) TALLAHASSEE, Feb. 20.—The appointment of Noel A. Mitchell, former mayor of St. Petersburg as deputy hotel commissioner has expired and he no longer serves the hotel commission, according to a statement issued by the state hotel commissioner, Jerry Carter. Carter's statement is prompted by reports of alleged misconduct on the part of Mitchell and newspaper criticisms of Mitchell's connection with the hotel commission.

ABOLITION CONVICT LEASE SYSTEM TO BE SOUGHT IN NEXT LEGISLATURE

EXTERMINATION OF BOLL WEEVIL IS TAKEN UP

AT NATIONAL COTTON CONFERENCE AT ATLANTA, GA. MEETING

(By The Associated Press) ATLANTA, Feb. 20.—As the first step bringing to focus fight for the extermination of the boll weevil, the National Cotton Conference at its opening session decided to form a committee composed of representatives of all states to work out inter-state committee as suggested in a letter from President Harding to the conference. Governor Hardwick named chairman of committee. Full membership will be announced later.

Rotary Club Held Meeting At Valdez Hotel

MANY VISITORS WERE PRESENT AND ENJOYED THE HOUR

The Sanford Rotary Club had another good meeting today with many visitors present and a general good time had by all present. Among the visitors were: Hubert Anderson of Atlanta, Harry Ferran and Dr. Kennedy of Rustis, Dr. John Quirk of Watkins, New York, H. M. McCauley of Philadelphia, Wynnan Huston of Palatka and Adam Moss of Orangeburg, S. C.

All of them were introduced by President D. L. Thrasher and all of them responded with a few words of appreciation for the fact that they had been allowed to live long enough to see Sanford.

Dr. Carpenter was the speaker of the day and gave a fine talk on Service as he saw it and while Dr. Carpenter is numbered among the new members in Rotary he has always been a real Rotarian in point of service and knows something about service as he has lived it. He said that service is the basis of all worldly enterprises and that it consisted of several important points such as inspiration, advice, example, admonition, lending the helping hand, personal influence and several other important adjuncts. Dr. Carpenter said that co-operation in the upbuilding of the city is part of your service to your city and that good cheer, helping a man to help himself and other ideas of service all went to make up the real program of service.

Col. Knight brought up the question of highway beautification and asked for the cooperation of the Rotary Club in becoming members and putting their shoulders to the wheel to make it a success. The Rotary club was also invited to attend the entertainment given to Sanford people by Col. C. D. Haines at the Jessamine theatre at Tallahassee next Monday night and many of them will attend.

Electrician at Shops Dies From Burns

P. C. Peterson, an electrician employed at the A. C. L. shops here, died at the hospital today from burns sustained when his clothing caught fire in an engine cab early Monday morning at the shops. Peterson was working in the cab of the engine and threw a lighted piece of waste on the floor of the cab thinking it had been extinguished. It caught the bottom of his overalls and before he knew it he was a sheet of flames. He ran from the engine down the tracks and had to be knocked down by a fireman before he could be stopped. He was taken to a fire plug and the flames extinguished but not before he was badly burned. He was taken to the hospital at once and everything done for him but the case was hopeless and he died yesterday evening. He had one brother in California and the railway authorities are trying to reach him today.

COMMISSIONER McRAE IS ACTIVE IN THIS FIGHT AND HAS BEEN FOR YEARS

CAMPAIGN IS ON For All Civic Organizations Throughout the State to Take Up This Question

(By The Associated Press) TALLAHASSEE, Feb. 20.—Commissioner of Agriculture McRae again took up the cudgel against the county convict leasing system. Abolition of the system has been sought by McRae in every legislature since he took office. Letters were mailed from his office to civic and women's organizations throughout the state calling attention to what the commissioner described as "abominable" practice of leasing county convicts and asking the legislature in April be urged to halt the practice. The governor is known to be favorable to the abolition of the system.

Waterways Development Will Mean Greater Values for Land, Says Overstreet

An increase of at least a quarter of a million dollars in the deposits in the banks of Orlando and a greater increase in land values in this section are two results which may be expected if the waterways of the state are developed, beginning with the deepening of the channel of the St. Johns river from Jacksonville to Sanford, according to a statement made by Senator M. O. Overstreet to officials of the Florida Waterways Traffic league, with headquarters in Orlando.

Senator Overstreet Has Become Very Greatly Interested in the League's Plans from the Standpoint of a Business Man and Patriotic Floridian. He Was a Speaker at the Recent Meeting of the League in the Orlando Chamber of Commerce Headquarters and Urged Immediate Launching of a Membership Campaign and the Raising of Funds with which to carry on the work of the league in behalf of the waterways.

The membership campaign is making satisfactory headway, it was said yesterday by S. J. Sligh, president of the organization. The membership fee has been so small, though, that the support of every body interested in Florida's future must be obtained if the campaign is to be a wholehearted success, he declared.

Mr. Sligh said the work of the league has been carried on by a small group of men heretofore with all the expense being borne by less than a half dozen men. Now that success seems imminent the league has turned to the people and asked their support.—Orlando Sentinel.

New Immigration Laws Will Not Be Passed at This Session Congress

(By The Associated Press) WASHINGTON, Feb. 20.—New immigration legislation is apparently dead so far as this session of congress is concerned. While the proposed substitute for the existing statute is ready for house action, the senate leaders are adverse to bring up so important a measure at the falling end of the session with the calendars already crowded.

SKATING, DANCING AND SPECIALTIES.—LAKE MARY SKATING ACADEMY, WEDNESDAY NIGHT.

CARD OF THANKS

We wish to take this opportunity to thank and give assurance of our appreciation to our Lake Monroe and Sanford friends, and the friends of our lost one, William J. Henderson, who were so thoughtful and kind to us, during our recent sad loss. We shall surely not forget them.

Very sincerely yours,
Mary Lee Henderson, Mrs. Bob Kennedy, Sam Henderson, Cal Henderson.

SKATING, DANCING AND SPECIALTIES.—LAKE MARY SKATING ACADEMY, WEDNESDAY NIGHT.

LOCALS

Yes, it is right frosty today. But nothing to be alarmed about or even mention darkly.

Hon. Seth Woodruff, of Orlando, was among the visitors to the city today.

This is glorious weather for the celery grower. He is not keeping awake at nights worrying about the cold weather. He wants cold weather.

Arthur G. Knapp, of Lancaster, Wis., is visiting in the city as the guest of J. T. McLane and family on Oak Avenue.

Mr. and Mrs. Roy Collier have returned to their home in Atlanta, after a very pleasant visit here as the guests of Mr. and Mrs. George A. DeCottea.

John Sauls of Volusia County was in the city today bringing in some of the finest native beef that has been seen here in some time. One of the steers at Stokes market looks as good as any western beef.

Mrs. B. W. Herndon left yesterday for Kelly Field, Texas, where she will visit her daughter, Mrs. H. A. Diggins. She was accompanied as far as Jacksonville by Mr. Herndon and Mrs. Frank Miller. They will be accompanied home by Mrs. Lulu Clay.

Benjamin Whitner, county agent, is home again after spending a week at the Sub-Tropical Fair at Orlando with the Seminole county exhibit. The Seminole county exhibit carried off many prizes, the list of which will be published in tomorrow's Herald.

The big sale at the Sanford Shoe & Clothing Co., started Saturday and has been a great success. Manager Conner says that the sale is way beyond his expectations and his store has been crowded with customers ever since the sale opened and there are some wonderful bargains left.

The prices of the Robin Hood opera have been changed to \$1.10 to any part of the house tomorrow night. No seats reserved. Doors open at 7:30 and performance starts at 8:30. This is one of the best shows on the road and has an exceptionally fine company of singers and players. At the Princess Theatre.

J. G. White and party of New York are in the city today the guests of the Valdez hotel. General Manager Huston of Palatka is with the party and they are making a tour of investigation over the state. Mr. White was here many years ago when the Southern Utilities Co., was organized and his friends here are glad to see him again.

Mr. and Mrs. R. B. Day and daughter, Prudence, of Dunkirk, N. Y., are in the city the guests of Mr. Day's brother, Edmund Day and wife. Mr. and Mrs. Edmund Day are regular winter visitors to Sanford and have been taking several trips with their yacht. They will all go for a trip tomorrow in the upper reaches of the St. Johns river.

Mrs. Henry Carleton and Mrs. Blitch of Charleston, S. C., are in the city for a few days' visit. Mrs. Carleton usually spends a few days each winter in Sanford and her friends are always glad to see her. Henry Carleton is one of the largest vegetable growers and shippers in Charleston and he is also interested heavily in Florida products.

W. J. Barnes is in the city again to the delight of his many friends. He is on a visit to his sister, Mrs. W. E. Scoggans and is also interested in the celery deal being the representative of the well known firm of Smith, Holden & Co. Jim Barnes has been coming to Sanford for many years but for the past two seasons has been operating in California and Washington, and has been missed here.

Associate Justice Edward T. Sanford Takes Oath of Office

Taken Vacancy That Will Allow the Grounds to Watch the Game

(By The Associated Press) WASHINGTON, Feb. 19.—Associate Justice Edward T. Sanford of Tennessee took the judicial oath upon the reconvening of the Supreme court today after a three weeks' recess. Chief Justice Taft administered the oath immediately after the court met. Then he was conducted to the seat at the extreme left of the Chief Justice filling the bench for the first time since the present term of the supreme court began in October, thus making likely early consideration of a number of cases which have been put off, due to vacancies.

Pre-Election Sunday Observed in Churches—Women Want It

Special Service Would Encourage A Better Attitude

(By The Associated Press) LAKE WORTH, Feb. 19.—What does Florida think of observing "pre-election" Sunday in the churches throughout the country? The Florida League of Women Voters wants to know so it can take part in the discussions on the subject, at the convention of the national league to be held in Des Moines, April 9-11.

The Florida league in sending out its pulse-feeler quotes a bulletin from the headquarters of the national league at Washington. "There is an insistent demand," the bulletin declares "that the National League of Women Voters make more than a suggestion towards having pre-election Sunday specially observed in the churches and many league women desire to have the matter discussed at the annual convention. The idea that the performance of political duties ought to be connected with religion seems to have sprung into many minds at the same time."

The bulletin recalls that a Florida league sent the national headquarters a prayer used by its members before elections and asserts that it received wide-spread comment. Subsequently, George Horton, American consul-general at Smyrna, home on leave, who during the Smyrna massacre was in more than one situation in which a man "had to pray" called at league headquarters and read the Florida prayer and gave the league one written by himself.

The League, however, the bulletin continues, has adopted neither prayer as official. Pointing out that the league is non-partisan and non-sectarian, the bulletin says that it is felt that children should be taught early to consider intelligent voting their patriotic duty when they come to a voting age, since children impressions are strongest and ineradicable, and though no official action has been taken, officers of the league would like to know what voters think of a possible movement to make special observance of "pre-election Sunday."

The league is heartily in favor of encouraging all practices," the bulletin continues, "which will help towards good government and many of its members feel that special services in all churches on the same day would contribute toward forming the right attitude in the minds of men and women, especially in the minds of the children growing up."

INCREASES IN VALUE

DELAND, Feb. 19.—The value of citrus fruits in Volusia county increased more than 100 per cent during the period 1921-1922, according to a recent agricultural survey made by Otto Kirchoff, county census enumerator. The value for 1922 totalled more than \$2,000,000 as compared with \$896,579 in 1919. Dairy products in 1922 were valued at \$510,320.

The total value of farm products was placed at \$4,572,950, an increase over 1919 of \$1,356,270. Industrial establishments represented an aggregate investment of \$4,692,615, while their products were valued at \$6,008,834.

The cold wave is receding.

And very little damage was done in Florida considering the thermometer.

Sanford had some of the tender vegetation nipped but in this section very little stuff is planted before the middle of February.

And the celery crop needs cold weather and therefore there is no calamity howlers able to get an audience in the great Sanford sector this season.

And if the growers will hold their celery crop as long as possible and let it "drizzle" through the market instead of filling the market at all times the price will be satisfactory to all parties concerned.

What a wonderful sight it is to watch these big steel structures going up at one of the principal corners in our city. Just think of the buildings on those corners a year ago and the buildings going up now, and then think of what this city will be ten years from now.

If you have not taken a membership in the Waterways Traffic League take one out now. It means much to you and your city and the entire central Florida. It means much to you whether you are in business or not, and if you are in business it means everything to you. Twenty feet of water in the river from Sanford to Jacksonville means that Sanford will be a city of twenty thousand in five years from the time the deeper water is available. If this means anything get busy and take out a membership. Your neighbors are fighting for you. How about your taking a little interest in the battle.

WELCOME BACK TO THE FOLD

Sir Edward Lambright has gone to work again after loafing for the past five years. He formerly edited the Tampa Tribune but for five years or more has been taking a vacation at government expense as postmaster of Tampa. Ed. will again assist Wallace Stovall in making the Tampa Tribune the greatest morning newspaper in South Florida. John McWhorter has a new position on the Tribune as "Development Editor" whatever that is and will continue on the Trib staff much to the delight of his many friends.

HOLD YOUR CELERY

The Herald would advise the growers of the Sanford section and of all the celery sections of Seminole county to hold their celery in the fields as long as possible. At least it will be good business to hold it as long as the cold weather prevails and give the market a chance to recover. There is no big amount of good celery anywhere else at the present time except in Florida and there is no reason for the shippers glutting the markets when they can hold the celery

and let it be shipped gradually. It is bringing a fair price now but not enough and if the markets are glutted the price will soon go to nothing and never recover during the season. Get it to a reasonable price and keep it there. This can be done if the growers will get together on the idea of keeping the celery in the fields as long as possible. The weather is just right for this idea just now and the Herald would like to see it tried out.

We are starting— A big city here. Many big improvements in paving and sewerage. A new tourist hotel costing a million.

Boat basin and pier costing over \$60,000. Other lake front improvements.

City zoning that will make Sanford one of the best laid out cities in the state of Florida.

Several big office buildings, four and five and six story buildings with one in sight that will go as far as eleven stories.

Cold storage propositions that eventually will give the growers storage for many cars of celery and enable them to hold the celery at times when the markets are low.

Municipal ownership that will enable Sanford to own their own utility plants, thus reducing the taxes and giving the city soft water and cheaper rates on water, electricity and gas.

But all that is being started cannot be enumerated here. Suffice it to say that with twenty feet of water in the St. Johns river and all the improvements that are to be made here this summer Sanford is not only starting but Sanford is almost there.

It will take the concerted efforts of the people here to put over the big things contemplated for Sanford. There is only one place where your efforts will count and that is the Chamber of Commerce. If you are not an active member of the Sanford Chamber of Commerce you are not doing your part toward building your home town.

Rotary Observes 18th Anniversary Of Its First Club

Now 90,000 Members in Nearly All Countries—Prominent Persons Deliver Messages

CHICAGO, Feb. 20.—With presidents, prime ministers, chief justices, and heads of national legislative bodies throughout the world contributing brief statements of their ideas of the responsibilities of the individual citizen for the kind of government he gets, ninety thousand members of Rotary International began a world wide campaign Sunday for thorough understanding of these responsibilities as part of the celebration of the eighteenth anniversary of the founding of the first Rotary club.

President Harding, Speaker Gillett of the House of Representatives and Attorney General Daugherty are the authors of the texts of the citizenship messages Rotarians in the United States are carrying to the people of their communities. President Harding, in his statement of the responsibilities of the individual citizen for the execution of the laws and declares no citizen can consider himself a good citizen who does not do all in his power to make careful selection from among the candidates for office and then vote for the person he has deliberately selected—which, the president remarks parenthetically several millions of citizens of the United States regularly fail to do by failing to vote at all.

Speaker Gillett also pleads for careful selection of the candidates for legislative office and states that the quack and the demagogue belong in the same category, in that they arouse sympathy by telling the victim of his real troubles and then offer their own remedy as the only panacea for the trouble.

Attorney General Daugherty declares that constitutional government is not possible unless the individual citizen first acquaints himself with and obeys the law himself.

The three basic statements of the principles of citizenship being used in the United States are duplicated in similar messages from the heads of the main branches of government in most of the twenty-two countries in which Rotary Clubs have been established. The educational work the Rotarians are doing has nothing to do with partisan politics nor are these statements from the three distinguished government officials partisan. They are devoted entirely to the broad principle of the responsibilities of citizenship.

The text messages are being used in addresses to schools, industrial plants, civic organizations, etc., whenever the Rotarians think they can find a good audience. They are being broadcasted from thousands of radio stations and will form the subject of talks at every Rotary meeting during the week.

The first Rotary club was organized in Chicago, February 23, 1906. There are now 1,325 Rotary clubs with

a membership of approximately 90,000 in twenty-seven countries. The clubs are organized for the purpose of practicing an upspreading the principles of service through the adoption of codes of ethical practices in all lines of business and professions, through work among boys to prepare them for citizenship and through utilizing the service idea in aiding and abetting all worthy causes for the general good of the communities in which the clubs are established.

KISSIMMEE TO OPEN CURB MARKET TUESDAY

KISSIMMEE, Feb. 20.—A curb market where it will be possible to purchase fresh grown vegetables, opened this morning on Darlington Avenue, near Broadway.

It is believed that the new market will be welcomed by the women folk and that it will be a success both to the growers and to the housewives. Provision to build booths if the market proves a success has been made by the city.

WOMAN'S KISS BREAKS UP HIGH SCHOOL TEAM

DETROIT, Mich., Feb. 20.—A woman's kiss, such as in olden days, started wars and inspired armies, has broken up the Hamtramck High School basketball team.
Three players were recently dismissed by the principal because they had kissed a High School beauty who fell for their prowess.
The rest of the team at once went on a strike and turned in their uniforms.
Fred Jacks, director of athletics, was forced to cancel a game scheduled for Saturday night.

STRENGTH AND ENDURANCE FOR OLD AGE HERE

New Product Makes Usual Infirmities of Old Age Things of the Past

Every man and woman would like to avoid the usual infirmities as they pass into old age. But until now it has been hardly possible, without the help of the wonderful new treatment known as RE-CU-MA.

You have a right to be just as healthy, full of vitality and energy at seventy as you were at forty. And you can be now with the aid of RE-CU-MA.

The weakened condition in which dissipation of earlier life leaves you makes it almost impossible for the stomach to properly digest the food you eat, and eliminate the waste matter quickly. That's what really causes the "infirmities" of old age. RE-CU-MA will completely revitalize your worn out stomach, make it like new and the result is you will be able to assimilate the iron and vitamins in your food to the blood. And the rich, red, healthy blood thus produced will build sound, healthy tissue, nourish weakened nerves and give your muscles strength.

The fact that hundreds of "old folks" are praising RE-CU-MA for the health, strength and endurance it gives them proves its value. RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading dealers in every city.—Adv.

"LEFTY" O'DOUL NOT STRONG FOR OUTFIELD —WANTS TO PITCH

SAN FRANCISCO, Feb. 20.—"Lefty" O'Doul, recently traded by the New York Americans to the Boston Red Sox, doesn't take kindly to the reports that he is to play the outfield.

O'Doul is a southpaw of no mean ability. In his last year on the coast he won something like 25 games. When he returned to the Yankees he was counted on as a regular. Failing to show well in his first few starts, he was relegated to the bench, and seldom got a chance to do anything other than pinch hit.

Shortly after the O'Doul deal was made, Frank Chance, new manager of the Red Sox, announced that he intended to make an outfielder out of "Lefty" and use him regularly because of his speed and hitting.

"I want a chance to pitch for Boston. I feel that I can deliver in the majors if given a real opportunity. I never got it in New York. The first thing I am going to tell Chance when I see him is that I want to pitch for Boston, not play the outfield."

"If after being given a chance on the rubber and failing to make good I will be more than willing to take a whirl at the outfield."

"ROBIN HOOD"

May Valentine's revival of DeKoven's "Robin Hood," after winning distinctive laurels in two trans-continental tours, comes to the Princess tonight. After a surfeit of musical comedy, the adequate presentation of a comic opera of such supreme worth will receive a warm welcome in this city.

The principals include Beas Curry, Emma Jean Arnt, Mrs. Clarence Bennett, Charlotte Ingham, Bertram Goltz, George Troupe, Harry Pfeil, Arthur Wallace, Fred Zint and Phillip Conyers.

The production, cast and chorus all have received unusual praise from Philadelphia, Washington, Baltimore and many other cities and the company has brought honor and profit to the producer.

A special orchestra is carried with the company, directed by May Valentine.

LYE TO KEEP YOUR FORD FROM STEAMING

When the radiator of your car steams it means that your water is low or your radiator is dirty. Hard water deposits lime in the radiator tubes. That reduces their area and cuts down radiation so the water circulates without getting cool. The result is an overheated engine and reduced efficiency, greater gas consumption and rapid depreciation. The remedy is simple and cheap. Use lye and your problem is solved.

Directions: Dissolve 2 to 4 tablespoonfuls of lye in enough water to fill the radiator. Leave this in the car during a day's run. Drain and refill with clean water. Repeat once a month.

Not a Bowler Rolls Over 400 and Very Few Roll the "Dead" Man's Average

In a slow game, one of the slowest of the entire season, the Rotes won over the Orange Packers, last night, the finals showing the Chase outfit underneath a 332 pin defeat.

FOR THE MOVIE FAN

The day has arrived. And Robin Hood is here. A record breaking crowd is expected tonight, and Osborne assures his patrons that he will have the place nice and warm, should the weather be cold.

CELERY SEED

Chase made their 10th try last night and lost again.

But the season is yet young—there is many a chance ahead of them yet.

Tommy Jones was handicapped with the roof of his mouth being sunburned. Got it from watching the work on the new skyscrapers.

And the Rotes will stay in first place for another week at least.

Don't forget that the Daytona-Sanford game in Sanford Friday is the last game at home this season.

"Lefty" O'Doul, recently purchased by the Red Sox doesn't like the idea of being dubbed an outfielder.

Lake City will have baseball again this year and work has already started on their ball park.

Florida State College Girls Are Active—What Girls Are Doing

Weekly Letter From Our Girls at Our College

(By The Associated Press) FLORIDA STATE COLLEGE FOR WOMEN, TALLAHASSEE, Fla., Feb. 19.—S. C. students were urged last Thursday night by W. J. Bryan to assist their brothers at the state university in their efforts to obtain funds for the erection of a student activities building.

Methodists and Presbyterians at the college met in the Thalian room Tuesday night for a "trip" to Korea under the guidance of Robert Thornhill Colt, of the Southern Presbyterian Mission of Soochun, Korea.

Mr. Colt drew a wide contrast between the American and Korean girls, the latter of whom he said had no choice in marriage. Of the 100,000 people with whom he worked, about half of them are women, and only 100 of them have names.

Christian influence in that country is gradually relieving the suppression of the women, he continued. In the Christian schools they are being instructed in hygiene and collateral subjects, in addition to their studies relating to their religious training.

way through school. The making of lace is a popular method in accomplishing this. Mr. Colt said.

Members of the Scientific society heard Dr. Gage of the Faculty, Saturday night on "The Evolution of Language." The study of the Evolution of language goes hand in hand with that of the evolution of man, Dr. Gage told them.

The work of the Y. W. C. A. at the college has grown to the need of a student commission. The commission is to be comprised of 10 members of the freshman class, whose purpose, it is set forth will be to "foster the Y. W. C. A. spirit of service, reverence, friendship and courage; to train the Freshmen for Christian leadership; to bring the Freshman class through the responsibility into closer relationship with the whole student body.

Miss Bertha Conde, national secretary of the Y. W. C. A. will lecture at the college for four or five days, probably February 21 to 26.

"Current Events and Problems" a study conducted by Dr. Knauss is an instructive Bible study recently inaugurated by the Y. W. C. A.

COMMENTS HERE AND THERE

"Clever—very clever." What are you fixing to pull off now—going to do some one? That's like putting money in a basket and saying help yourself. I'll be at the front gate. "My, I sure want to be there." "Fine, you sure use good grammar." That's a great stunt. "Am I going to be there mother?" "That's fine if you can get the crowd out and get things going." "When they get to drawing a one dollar bill, a ten dollar gold coin and a twenty dollar bill all at one time there'll be some life." "That's all right. It looks like you will pull off a big one." "Very conservative—it's a safe proposition." "You're not risking anything." Say, Mr. Spurling—have you seen the Sanford Herald yet? I believe you will sell all those lots the first day. "U-hu-u-hu-u-hu-hu!" "Mr. Spurling, you couldn't make people believe you wrote those letters and advertisements if you would stand on a stack of bibles. They simply would not believe you did it." It's a sin to tease people with that money. "It's a fine arrangement, Mr. Spurling—I'm figuring on a couple of lots myself." "I'll be there." "I can catch all the money in a parcel that will be given away." "Anything in that window will buy grits." "Your lots are too large, their should only be one hundred fifty feet long." "That's all right. You have a good scheme, I shouldn't wonder if you sell them all on the first day. Sure I'll be there." "Your lots are too small—they should be seventy-five feet wide." "Looks like you furnish the money to purchase the lots." "That's sure fine. It will get them." "Oh H—I wouldn't give a dollar an acre for it." "Oh yes, that land is worth ten or twelve dollars an acre." "I'll tell you what to do, Mr. Spurling—just bury this money on the lots and you'll get it grubbed for nothing." "I'd grub one lot." What's this? Oh yes! It's the Flora Heights lot sale.

How'd you get the money, Spurling—borrow it? Just leave that fifty in the window, Mr. Spurling. I'll have the janitor clean it up.

And very much more is said, but this represents the way various ones look at it and so I pass it on.

J. E. SPURLING, Owner. P. S.—It is my purpose to have all the lots marked with the price and all information by Saturday noon if possible, so all can inform themselves and these tags are to be removed leaving the lower tag still on the stake. Just bring in this tag to the office on the ground Monday morning.

KISSIMMEE KLANSMEN DENY THREAT CHARGE

Men said to be members of the Ku Klux Klan in Kissimmee have denied the charges contained in an affidavit filed in Kissimmee by R. O. Darling, charging that members of the clan attacked him and threatened to take his life if he revealed their identity, according to reports received by the Orlando Morning Sentinel last night.

Darling's affidavit is said to have contained the statement that he heard the clan had a grievance against him and that he went to one of its meetings to learn why he had been black-listed. The affidavit recites, it is said, that he was attacked and told that his life would be the penalty if he revealed the identity of the members of the order.

Darling names his captors as Marshal Driggers and Mayor May of Kissimmee, according to the information received.

The Sentinel's information declared that a member of the clan made the statement he was at the meeting when Darling gaped and that he was not attacked nor was his life threatened. —Orlando Sentinel.
