# Program For Trade Number Is Adopted Governing Body

## Program As Adopted Will Care Needs Of City Next 10 Years

### Committees Are Being Perfected

Planning Pool, Sewerage Disposal Plant Included In Plans

A tentative program of which will extend over a period of 10 years adopted by the Board of Commerce Wednesday night. Committees, of which are still incomplete, are to carry out this program and also appointed committees.

It was appointed this year a committee composed of S. O. Shinn, R. J. Holly, John Meisch, H. Tunncliffe, It will be the duty of this body to see that the city is provided with a swimming pool in the near future and action will be taken in regard to park expansion and beautification.

At its meeting the governing body discussed the housing problem, a sewerage disposal plant, and the erection of a Chamber of Commerce building and other questions of vital importance.

R. W. Pearman, Jr., of the body was instructed to secure the services of some competent architect to make a survey of the housing problem in Sanford and to submit a full report to the board as soon as possible.

Shinholzer, Forrest Lake, Palmer, W. A. Efferler and Bishop were appointed to the committee. The other members will be expected to meet next week and present to the board a list of the committees.

Ball was appointed as chairman of the Housing and Chamber of Commerce Committee. Mr. Ball has his own committee and members will be named later.

Believed by the officials of the body that all of the committees will be completed at the end of the organization today.

The various committees are being organized by the Board of Commerce.

Central Committee: The committee will be held in this city.

Education Committee: The committee will be held in this city.

Public Health Committee: The committee will be held in this city.

Financial Committee: The committee will be held in this city.

Public Works Committee: The committee will be held in this city.

Sanitation Committee: The committee will be held in this city.

# MOTHER TELLS HOW SON LOST LIFE IN FIGHT

## Morgan Palmer Was Killed While Staging War-Like Demonstration to Frighten Bandits. Parent Asserts

### Robbers Still Hold American Physician

#### Body of Palmer Recovered and Buried on His Ranch; Mother Reaches Manchuria

HARBIN, Manchuria, Aug. 14.—Morgan Palmer, the American who was killed by Chinese bandits last month, met death while staging a war-like demonstration intended to frighten away the bandits.

This news was brought to Harbin Thursday by Palmer's mother and the son of Dr. J. Harvey Howard, of the Rockefeller hospital in Peking, who were at the ranch at the time. Dr. Howard, also was visiting Palmer, was captured by the bandits and still held for ransom.

Mrs. Palmer, relating the details of the fight, said that her son rising early on the morning of August 10, declared his intention to take guns and go by automobile to show the bandits he was prepared for them if they should attack his ranch. Dr. Howard had intended to take a river steamer for Harbin that day but joined Palmer's party with his son. The others were a Russian chauffeur, Palmer's Chinese servant and a Russian boy.

Arriving at the village adjacent to the bandits' stronghold, the party got out and sent the car back for reinforcements, but the Chinese guard in the village refused to accompany the party.

Harold Baldwin, Palmer's ranch manager, returned with the chauffeur and tried to prevent further advice, knowing the bandits were well armed and mounted.

Palmer, however, insisted on going on. He led his party to a ruined temple four miles from his ranch and midway between two villages. Baldwin climbed to the top of the temple to reconnoiter.

Palmer, Dr. Howard, and the Chinese and Russian boys entered a nearby cornfield, while young Howard remained alone in the car.

Baldwin saw the bandits mount and prepare to make a sortie. He descended and started the car in pursuit of Palmer and his group and at the same time the bandits made a move to cut off their retreat, whereupon Baldwin swerved to pick up others of the party.

From the running board of the automobile started on a running race, while making a dash for the ranch.

Meanwhile, Palmer and those with him were encircled by another group of bandit horsemen. Dr. Howard and the Russian boy threw down their rifles and made their surrender, but Palmer and his Chinese servant continued firing.

According to the Russian youth, the bandits dismounted and crept (Continued on Page Three)

Real Pre-War Beer  
Now Flows Freely  
In Eastern States

NEW YORK, Aug. 14.—A rising tide of real, pre-war beer is flowing through the East, challenging every effort of the prohibition department to check its circulation and is rapidly displacing hard liquor as the major commodity of syndicate bootleggers, according to Prohibition Director Merrick.

Three car loads of beer were seized today by prohibition agents from Mr. Merrick's office, bringing the total seizures during the past thirty days to 6,000 barrels, valued at \$100,000.

# Central Florida To Have A Block Advertising Body; Pearman Heads Committee

## R. W. Pearman, Jr., secretary of the Sanford Chamber of Commerce was appointed chairman of what is declared the most important com- mittee among those named at a meeting of the commercial secre- taries of the Central Florida at a special meeting in Orlando Thurs- day afternoon, according to an announcement made here this morn- ing.

### Mr. Pearman heads the com- mittee having taken up most of the discussion at the meeting.

#### Ways and means of attracting a greater number of tourists toward this section of the state consumed a large part of the discussion and a number of talks were heard by the various secretaries in regard to this matter. It is believed by Sanford representatives that the most part of the body was doubt- ful of committing itself to any set method of advertising as a sec- tion, stating as a reason that such might create sectional feelings.

The committee on considering a state organization for advertising, returned an adverse report, as was against the block advertising plan. It is said, however, that several of the secretaries were so impressed with the idea of the value to be secured from block advertising that they brought to bear enough pressure to have the necessary committee to consider the matter appointed.

It was brought out that the organization should be similar to the East Coast Association of Chambers of Commerce. The committee selected will in the near future submit a report, a schedule and various details of the new advertising plan to the various communities of Central Florida. This section extends as far north as Palatka and west to Lake City and Ocala and as far south as Plant City.

A state road map was submitted at the meeting which will be used by the Florida Automobile Association during the ensuing year. A resolution was also passed requesting the State Road Department to expediate the construction of roads throughout the state and especially on State Road No. 3 between the St. Johns River and DeLand.

# GERMANS REGAIN FORMER POSITION IN TURKEY TRADE

## Senator King Says Russia Also Must Be Reckoned With In Turkey Business; Solin Returns From Visit

BERLIN, Aug. 14.—Germany appears to be regaining her former position in trade with Turkey faster than other powers, and the soviet government of Russia is a factor that must be reckoned with by any governments dealing with Turkey, Senator William H. King, of Utah, said today on his arrival here after a tour of the Balkan states, Turkey, Syria and Palestine.

Senator King said it is evident that all of the legations must move from Constantinople to Ankara and remain there, as Mustafa Kemal's government has abandoned Constantinople as definitely as the soviet government has abandoned Leningrad. Both Russia and Germany have their embassies and legations there.

The opinion is quite general in the Near East, according to Senator King, that Russia and Turkey have secret treaty relations which cause the Kemal government to feel quite secure in the safety of the Black Sea and the straits leading to the Mediterranean. Therefore the Turks have no hesitancy about allowing the city of Constantinople to fall into decay.

The Germans are taking the lead in the international bid for Turkish trade, Senator King said. German contractors are building most of the new structures in Ankara and most of the new railway extensions. The Americans are doing well in the tobacco trade, but the Russians are endeavoring to thwart the activities of American oil interests in Turkey.

Lake Worth—Dixie Highway, through here to be widened plans call for white way lighting system through length of city.

# Dead Body Of Orlando Negro Found In Auto Five Miles South Of Sanford

LeRoy Simpson, an Orlando negro taxi driver, was found dead by bullet wounds in a seven passenger Studebaker automobile about two miles south of Giverville on the Orlando road Thursday morning by parties whose names were not disclosed in an official report to Sheriff C. M. Hand, who immediately went to the spot and conducted an investigation.

The negro, who was known as "Highpocket," was apparently shot by someone from the side of the road, one bullet entering his left side and the killing reported to several others struck various parts of the automobile. Simpson was driving the car, it was said, and as he was wounded the automobile swerved to one side of the road and into a ditch. Buster Jenkins, who was riding with him,

# BELGIANS CALL PARLEY HALT IN WASHINGTON

## Conference Delayed Pending Instruction From Belgium By Visiting Commission; Two Bodies Are Far Apart

### Belgian Government Pondering Situation

#### Mellon and Smoot to Visit President Coolidge and Lay Subject Before Him

WASHINGTON, Aug. 14.—A temporary halt in the negotiations for the funding of Belgium's war debt to the United States was called Thursday while the visiting delegation awaited further instructions from the Belgian cabinet.

Meanwhile, the Belgian cabinet was called in urgent session at Brussels to consider the situation as it has developed in the discussions here, and Chairman Mellon and Senator Smoot, republican, returned to the American commission, arranged for a week-end visit to President Coolidge to acquaint him with all the facts. It was explained that the commission did not come to an agreement which would first have his sanction.

While admittedly the commissions are far apart on several of the details of a settlement it was stated officially today that the negotiations were proceeding in a "satisfactory" manner and that there was no reason to abandon hope of an ultimate agreement.

The Belgian and American commissions held a brief session today at which the Americans presented a second proposal with some modifications from the one offered and rejected yesterday. The Belgians took it under advisement and the sitting were adjourned until tomorrow.

Whether the Belgians will receive instructions from Brussels in time to enable them to go on with the discussions tomorrow remained a problematical tonight. That depended upon the Belgian cabinet, but the expectations were high that a new proposal will be forthcoming if the one submitted today by this country should be found unacceptable.

The understanding here is that approval by the Belgian government of any agreement arrived at would be necessary before the funding of the \$480,000,000 war debt could become an accomplished fact, but dispatches from Brussels that the government there was without the approval of parliament appeared to occasion some surprise in American government circles.

The precise status of the negotiations at this time has not been disclosed beyond the mere information that the Belgians have made one proffer and the Americans two.

It has been made known, however, that the Belgians have asked that the accrued interest on the principal of the debt to date be computed at a rate lower than the four quarter per cent at which interest on the British debt was computed for purposes of the Anglo-American agreement.

# Contract Awarded By Trade Body For Large Road Signs

Because of anticipation of the success of the membership campaign of the Chamber of Commerce, which closed last Friday night, the trade body recently awarded contracts amounting to \$3,500 for Sanford road signs to be placed at strategic points on all important highways in this city. This was announced this morning by the secretary.

Ten board signs, each 20 by 40 feet, will be placed at prominent places throughout the state. There will also be a large number of trail markers leading from the city to explorers as a likely site for a base, is 130 miles from Etnah, while Cape Thomas Hubbard, the northernmost known land, and the advance base, is about 330 miles.

Tampa—New daily paper, "The Tampa Telegraph," to be placed in circulation soon.

# Sanford Firm Will Build 11 Bungalows At Cost Of \$77,000

## SANFORD BLANKS ST. PETERSBURG BY SCORE 2 TO 0

### Expect to Have Homes Finished By Jan. 1; Dossy, Howard and Kelly Get Contract

#### To Face Palmetto, Sanford Avenues House Shortage Acute Here Says Douglass, Deploring Situation

Kidd was given perfect support in a pitching duel with Morris in the first of a three game series here Thursday afternoon and the Celery-Feds blanked the Saints, leaders of the first half of the season, by a score of 2 to 0. Sanford's two runs came in the fourth inning on a walk, a sacrifice, a two base hit and two errors. The errors were responsible for only one run.

Morris pitching for St. Petersburg allowed only three hits but for a run in the fourth when he hit a two bager to score Weatherly from second base. Weatherly had walked and had gone to second on Frisbie's sacrifice. McQue scored a moment later on Doyle's lead throw which left Bailey safe at first.

Only two St. Pete runners got as far as third base and only six as far as second, while only seven reached first. All seven were left on bases. Ten Sanford batters got on base while only five were left on bases. Three were safe at first on errors.

In the first it was three up and three down for the Saints while Dumas, first up for the Celery-Feds, was safe at first on Allen's error. He went to second on a sacrifice by Weatherly and to third when Frisbie grounded out, Messinger to Barnes. McQue was out on a pop up to the catcher and Sanford lost an early opportunity to score.

The Saints threatened in second when they scored in the second when, after Brown had flown out to center field, Doyle hit one to the same area for two bases. On the side, Doyle judged the ball and it landed just behind him. Barnes was out pitcher to first and Cox popped out. Weatherly at second, retiring St. Pete without a score.

In the second inning Brown walked and stole second but there was already one man down and he remained at the keystone sack as two others went in succession.

The fourth was Sanford's big stanza. Weatherly walked and Frisbie sacrificed him to second. McQue smashed a long, hard hit one to right field for two bases and Weatherly scored. Bailey hit a grounder to Doyle at third who threw wild to first, leaving Bailey safe at first while McQue scored on the play. The second error of the inning came a moment later when Morris tried to throw Bailey out at second. Messner covered what should have been Allen's play at the second sack and muffed the ball as he reached for it. The ball had been hit to the pitcher by Armstrong who was safe at first on the choice. Bailey was out third on a ground ball hit to Doyle at that position by Culbreth, and Armstrong advanced to second. Alford grounded out, third to first.

In the fifth inning Cox for the Saints hit safely and reached second on a sacrifice but the runner was retired with the runner remaining at that place. In the sixth Brown hit safely with two out and went to third on a passed ball. Frisbie flew out to first base and the Saints did not score. Hits in the seventh and eighth innings also gave St. Pete momentary confidence but the steady pitching of the Sanford hurler and the perfect support accorded him soon biased all hopes of a Saint tally. In the (Continued on Page Three)

# Washington News

WASHINGTON, Aug. 14.—The Belgian debt negotiations were temporarily suspended. Decreased production per acre was shown for American land last year.

A favorable trade balance for the United States was shown in commerce department figures. Dan B. Casement of Manhattan, Kansas, was named to review the forest service appraisal of forest ranges.

The mixed claims commission reported progress in settling German and American war claims. A profit was shown for the government in operations of the Mississippi-Warrior transportation service.

# Gas Prices Are Cut In 3 Southern States

NEW YORK, Aug. 14.—The Standard Oil Company of Louisiana today reduced price 3 cents a gallon on gasoline in Louisiana, Arkansas, and Tennessee. New prices in Louisiana at filling stations are 19.1-2 cents and at tank wagons 16.1-2 cents. Prices in the other states vary as to the state tax.

Cupid Wins Another!

No matter how great a champion a fellow may be, there's always one who can make him take the count, that's Daniel Cupid. Dan's a consistent winner. His latest victim is Fidel La Bara, aspirant to the flyweight boxing title. La Bara is down to meet Frankie Genaro of New York this month and immediately after the match he'll marry Miss La Verna Stark, a classmate of his in high school. Photo shows Fidel and his bride-to-be.

FIDEL LA BARA AND MISS LA VERNA STARK.

No ring champion carries a tougher wallop than one Daniel Cupid, erstwhile ruler of the Romance sector. Dan's been knocking 'em out for many years, quite consistently, too. His latest victim is Fidel La Bara, aspirant to world flyweight boxing laurels. La Bara took the count the other day when he signed up for life with Miss La Verna Stark, a classmate of his in high school. He'll be married immediately after La Bara's bout with Frankie Genaro, flyweight champ, which will be staged this month.

United States Being Urged As Model Form For German Government By Dr. Arendt

BERLIN, Aug. 14.—Dr. Otto Arendt, the noted biennialist, would have Germany copy the United States government, rather than wait European democracies, in her parliamentary aims. In an analytical summary of the present status of the German Republic, published in the ultra-conservative Tageliche Rundschau, Dr. Arendt points out Germany's greatest need of a non-partisan cabinet, having the support of the large majority of the populace. Such a desirable state of affairs he has secured by the American form of government. That Hindenburg, a monarchist, took the oath as president under a republican constitution is characterized by Dr. Arendt as an historical episode and a guarantee for a lasting republican form of government in Germany. "A return to monarchism in an impossibility in Germany today," he says, "and any attempt at a monarchical restoration could only culminate in civil war and a consequent decay of the Reich." He states emphatically that the constitutional foundation of the present government must not be tampered with, but on the contrary, should be continually strengthened. Therefore, any attempt, be it from the right or left, to alter the constitution Dr. Arendt calls a crime against the German people, which is to be nipped in the bud.

Much Attention Is Centered On Tampa Entry In Boat Race

TAMPA, Aug. 14.—Sportman and especially motor boat enthusiasts will have their attention centered on "Miss Tampa" the entry of D. P. Davis in the Gold Cup regatta at Manassas Bay, Long Island during August 27 to 30. This is the opinion of motor boat authorities who have given expression to such in letters received by Mr. Davis. They base their opinion mainly on two points. One that this is the first time that a Southerner, through southern entry, has made a challenge for the cup. Another is that "Miss Tampa" has an excellent chance to win. If "Miss Tampa" wins, the next annual Gold Cup regatta of the American Power Boat Association will be held in the South. This another reason why interest will be greater than usual this year. John Haecker, American naval architect, who built the \$17,000 "Miss Tampa" for Mr. Davis, asserts that it is his opinion that the boat will put up a hard race and has an excellent chance to win. He states that he took an especial interest in its construction as it is the first boat that he has constructed to be entered in the annual Gold Cup regatta. Colonel J. G. Vincent, Packard engineer, race boat owner, and pilot, has written Mr. Davis that the motor which he constructed for "Miss Tampa" had proved to be "a wonderful machine and had developed 27 horse power in excess of the expectations." This

Fullers Earth And Kaolin Production Show An Increase

TALLAHASSEE, Aug. 14.—Reports on the production of fullers earth and kaolin during the past five years show an increase of 34 per cent in production and a value increase of 15.5 per cent, a comparative survey by Heran Hunter, State Geologist, shows. Gadsden county is the principal producer of fullers earth, while kaolin comes from Putnam and Lake counties. The kaolin coming from these two counties is regarded by Mr. Hunter as the highest grade to be found in the United States, and is generally accepted as such, he says. Fullers Earth is used principally in the refining of crude oils, both vegetable and animal. Kaolin is used in fine clay mixtures from which high grade porcelain is made. These two industries are worth hundreds of thousands of dollars annually to the state, Mr. Hunter states. The biennial report of the State department of agriculture shows that the total receipts from all of its divisions amounted to \$620,521.28 for the period 1923 and 1924 and that its expenses for the same time were \$217,500, making a net revenue of \$403,021.28. Arcadia—200 acre Spanish subdivision opened here.

STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART

WASHINGTON, Aug. 14.—The automobile trade came in for some rather severe criticism at the recent national convention of credit men here. Auto concerns are extending too much credit, to the injury of other business and of great numbers of those it's extended to, according to many of the convention delegates. The Jones family lives on the average American wage earner's income (Bureau of Labor Statistics figures) of \$1513 a year. Jones can't save much—certainly not enough to pay cash for an automobile. But he needn't pay cash. He can buy on the installment plan. It looks easy. Jones is sold.

Jones had made due allowance for his installments but not for fuel and oil and extras and repairs. All put together, these items pinch him. He needs a new suit. His wife needs a new dress. The baby needs new shoes. Well, they can't have 'em—not until the car's paid for. By this time the Jones are distinctly hard up. They have to cut down on food—perhaps cut some of it out entirely—cheaper butter, less milk, no meat some of the time. Their living standard's been lowered—except that they have a car. The result, the critical credit men say, is that business isn't as good as it ought to be—except the auto business. It isn't actually bad in other lines. Building activity and other nice things more or less offset the Jones' financial stringency. Nevertheless, according to credit men, always excepting the automobile, always excepting the automobile, always excepting the automobile, it would be if an ever-extension of credit hadn't induced Jones to buy a car he couldn't afford.

# Evans Must Better Present Form In Order To Make Showing In Tourney

DNT, Pa., Aug. 14.—him back in the first round by the overwhelming margin of 9 and 7.

Evans was born in Indianapolis in 1890 and learned golf as a caddy after moving to Chicago when a small boy. He came into prominence in 1910 when he won the Western open championship at the Beverly Golf Club, Chicago. He captured the Western amateur title eight times within the period of 1909 and 1923.

Illness and injury have had much to do with Evans' career. In 1914 he made his second invasion of Europe—the first time he went on a "cattle boat"—and in France seeking honors he fell down stairs before his second round match. Then he returned to America to suffer a sprained ankle on the eve of the national open, but hobbling around he missed a putt by two inches to lose the title. Walter Hagen first came to notice when in the 1923 amateur Evans tied Jones for the medal with 149 but was defeated by Willie Hunter in the first round.

# DEATH SENTENCE FOR BOY SLAYER SOUGHT BY STATE

Confessed Killer of School Teacher Will Be Tried in Criminal Court; Preliminary Hearing Has Been Waived

SEDALIA, Mo., Aug. 14.—The death penalty will be asked for Everett Adams, 17-year-old confessed slayer of A. R. Clawson, Lodi, N. Y., school teacher, Roy Rucker, Pettis county prosecutor said yesterday, declaring he would recommend that the boy be sent to the penitentiary if he pleads guilty.

The youth with his father, Henry Adams, of Wilmore, Ohio, Policeman A. B. South, chief of police of Wilmore, arrived here and last night was lodged in the Pettis county jail.

Immediately upon their arrival here the elder Adams and South went into conference with Prosecutor Rucker. The youth may either be sentenced to hang or to life imprisonment upon a plea of guilty; he must be tried in criminal court despite his age.

Asked following the conference if the youth pleaded guilty, South said: "Not to first degree murder."

At the inquest today at Lamont near where Clawson's body was found yesterday in a ditch at the side of a lonely road, the coroner's jury returned a verdict of death by a gunshot wound at the hands of person or persons unknown.

Young Adams was arrested at Garden City, Kas., with Clawson's automobile. Clawson, the boy's confession said, had given him a lift as he was walking along the highway near Jefferson City, Mo., and about an hour later he shot Clawson and placed the body in a ditch on a little side road.

Suddenly, without thinking, the youth said today, as he sat in the jail, "I found the gun in my hand. Everything seems like a dream. I was standing there in the road and before I knew what was happening I had shot him. I had not thought of it before. Then suddenly I realized what I had done. He was a nice fellow and I liked him. I don't know why I did it."

"When it dawned on me what I had done there was one thing left for me to do—to get away from that highway and to get rid of him. I didn't drive far along the highway, about a half mile, I guess, when I turned down that little side road and threw him there in the ditch in the weeds."

Everett said he had been working over a girl at his home in Wilmore, Ohio.

# SANFORD BLANKS ST. PETERSBURG BY SCORE OF 2 TO 0

(Continued From Page One.)

seventh frame Culbath was safe at first on an error and went to second on a sacrifice by Alford. He went to third when Kidd was out, second to first, but was left there when Dumas flew out to right field.

Barnes, St. Pete first baseman, was relieved by Right Fielder Mitchell in the seventh inning with none out, while Stage took Mitchell's place in right field.

The box score follows:

SANFORD		ST. PETERSBURG	
AB	R	AB	R
Allen, ss.	4	0	1
Messenger, 2b.	4	0	0
Mitchell, rf.	4	0	1
Brown, cf.	3	0	1
Boyle, 3b.	1	0	1
Barnes, 1b.	5	0	0
Cox, lf.	1	0	0
Cox, lf.	4	0	1
Besse, c.	2	0	1
Alford, c.	2	0	2
Kidd, p.	3	0	1
Totals	31	0	5

Score by innings:  
St. Pete 000 000 000—0  
Sanford 000 200 000—2

Summary: Two base hits, Doyle, McQue. Three base hits, Mitchell, Besse, Weatherby, Frisbie, Alford, Besse. Stolen bases, Brown, 2. First base on balls, off Morris, 1; Kidd 2. Struck out, by Morris, 1; Kidd 5. Double plays, Messenger to Allen to Barnes, off on base, St. Petersburg; 7 Sanford, 5. First base on errors, Sanford 3. Passed balls, Alford, 2. Umpire, Pich. Time, 1:30.

# Eight Human Skeletons Of Japanese Sacrifice Victims Found Under Bridge

TOKYO, Aug. 14.—Considerable interest is attached to the recent discovery beneath the corner stone of the Double-Bridge (main entrance to the Imperial Palace) of eight human skeletons. Most of the twelve feet below the bed of the Palace moat, which is undergoing repair work necessitated by the earthquake of 1923.

The theory of some Japanese scientists is that the skeletons are the remains of persons who, several centuries past, offered themselves as "Human Pillars" for the immortalization of the corner stones used in constructing Edo Castle. The tradition of the "Human Pillars" is an old one in Japan. In the past age it was believed that if human beings were buried alive beneath the corner stones of great structures, strength and accord permanent strength and solidity to the foundations and, in addition, those who thus sacrificed themselves, would become immortal. It was considered that those chosen as "Human Pillars" were greatly honored. They were buried alive in a standing position.

The first traditional instance of the "Human Pillars" recorded in Japan dates back to the reign of Emperor Kintoku, more than 1,000 years ago. The Yodo river at Osaka, where the emperor had his palace, used to overflow each year, drawing many people and causing much damage. Every dike built by the best engineers was unable to withstand the floods. One night the emperor dreamed that the gods had advised him if he would use human bodies as pillars for the construction of the embankment, there would be no more flood troubles. The story has it that the emperor immediately caused human beings to be buried alive beneath the foundation stones of the dike and, since then, the embankment has withstood all floods.

# Chaplin Is Suffering From Heart Trouble

NEW YORK, Aug. 14.—Charlie Chaplin is suffering from heart trouble super-induced by overwork and his tedious trip from the coast to supervise the presentation of his latest film. This is the diagnosis by his personal friend and physician, Dr. James B. McKenzie of the illness which is keeping the famous comedian to his suite at the Ritz Carleton Hotel. Dr. McKenzie believes Chaplin's condition is improving and that he will be up in a day or two.

# Plan For Trade Chamber Adopted Governing Body

(Continued from Page One.)

operation referenda from the Chamber of Commerce, committee in the past has been designated to draw up local legislation to the legislature.

Membership Committee

The Chamber boasts membership per capita organization of its kind. An active committee appointed, the members will pledge themselves in at least one new member a week. The suggestion that this committee be a permanent one, composing not less than 25 members.

Industries Committee

Members of this committee are working unceasingly for new members. Those attracted by advertisement of the publicity committee should be assisted by this committee in securing locations.

Special Committees

It is recommended that Special Committees be appointed to handle the following projects:

- Municipal Housing Corporation, to alleviate the present housing shortage.
- Municipal Swimming pool.
- A sewerage disposal plant to handle the sewage which is now being dumped in the Lake.
- An attempt to secure Seaboard Railroad for Sanford.
- Purchase of site for a Chamber of Commerce Building.
- Endorsement of move to have City donate present property upon which fire house and jail are located, for commercial hotel.

# MOTHER TELLS HOW SON LOST LIFE IN FIGHT

(Continued From Page One.)

up behind Palmer. Indian fashion, shooting him through the head at close range and then killing the Chinese boy in a similar way.

Later the outlaws sent messengers to the Palmer ranch demanding money and ammunition. The servants, there, who had gathered around Palmer's mother, collected all the available funds and cartridges and went to make terms with the bandits, but found the bandits had decamped.

The Russian boy was found in the village where he had been carried, suffering from gunshot wounds in both thighs. The captors had permitted Dr. Howard to apply first aid.

# 2 Factions Ready To Fight For Possession Of Strip Of Property

FT. MYERS, Aug. 14.—Marco Island today is divided into two island camps which are reoriented to do battle over the ownership of a strip of land more a mile wide across the middle of the island, which has not been included in a government survey.

One faction consists of the Barron Collier interests, supported by Sheriff W. B. Maynard and a crew of armed deputies; the other is made up of old settlers and some new homestead claimants, headed by W. G. Williams, the chief of a syndicate which recently purchased the townsite of Marco. The fight is scheduled to go into court at Everglades today.

Mr. Speer is in New York buying ready-to-wear. Mrs. Lannier, who is now in charge of the ready-to-wear department is going to sell every dress in the store regardless of cost.

Hunter of West Palm Beach of this city, is few days here as the end.

Mrs. Troy Roy returned from their car from their trip which included points in Florida.

Smith of Madison after visit with his niece, Sharon leaves today for Florida.

Alfred of Atlanta, Ga., the Carroll Corporation, the afternoon and evening and Mrs. E. M. Carr.

Smart and attractive returned from a five day trip to the home of her father, J. D. Farris of Jacksonville.

Henderson returned from Cincinnati, Covington, Lexington, Nashville and Atlanta.

1, 1924 there was in Florida of which there were 28,043 horses with a value of \$2,439,017. There were valued at \$59,810 and numbered 2,148 and valued at \$182,525 while assessed with a value of \$110 with a value of \$117,331. These figures were furnished by the State of Agriculture.

## Link Her In Mystery Blast

Adams of Oakland, Calif., filed a \$75,000 breach of contract suit against Charles H. Schwartz, inventor, shortly before he was killed in a laboratory near Martinez and left another man's body in a hurry that resulted in his being held responsible for his own death.

## Bride-Elect Honored With Lovely Courtesies By Mrs. John Leonardi

Mrs. John Leonardi charmingly entertained Thursday evening with a shower complimenting Miss Florence Mero, whose marriage is a social event of tomorrow.

The rooms of Mrs. Leonardi's home were artistically decorated with cut flowers and ferns, the dainty color scheme of pastel shades being carried out. When the scores were counted, Mrs. P. A. Mero was awarded a jar of Houbigant's bath salts for high score, and Miss Sara Evelyn Williams received a box of powder for holding second highest score. These two presented their prizes to Miss Mero. Miss Anna Kanner received a bridge set for holding low score.

Following an interesting evening of bridge the shower was presented in a basket, which was filled with many useful and lovely gifts. A delicious salad and ice course was served.

Those present were: Miss Florence Mero, Mrs. R. C. Maxwell, Miss Jean Maxwell, Mrs. Chris Mathews, Mrs. C. R. Kirtley, Mrs. P. A. Mero, Mrs. J. W. Mero, Miss Charlotte Smith, Miss Tillie Benjamin, Miss Anna Kanner, Miss Jean Kanner, of Jacksonville, Miss Dorothy Mero, Miss Sara Evelyn Williams, Miss Gladys Wilson, Miss Carol Stone, Miss Georgia Mobley, Miss Velma Shipp.

Mrs. Leonardi was assisted in entertaining her guests by Mrs. Clarke Leonardi.

## Miss Esther Powell Weds Porter Lansing On Thursday Evening

A wedding of much interest to the friends of the young couple is that of Miss Esther Powell and Porter Lansing, Jr., both of this city. The ceremony was performed Thursday evening at 8 o'clock at the residence of Mr. and Mrs. T. L. Dumas, in the presence of a few intimate friends. Dr. J. T. Nixon, pastor of the First Methodist Church officiating.

The bride was lovely in her wedding dress of white satin, made on straight lines and trimmed with bands of lace. Mr. and Mrs. Lansing left immediately after the ceremony for a trip to points in South Florida.

Mrs. Lansing, since making Sanford her home, has through her charming personality made a number of friends.

Mr. Lansing is a well known business man here, being connected with the Hutton Engineering and Contracting Company. The many friends of the young couple wish them every happiness.

Upon their return, Mr. and Mrs. Lansing will be at home to their friends at the Philips Apartment.

## American Children Help School Chinese

NEW YORK, Aug. 14.—A campaign of eradicating internationalism has been inaugurated by the World Association of Daily Vacation Bible Schools which is being carried on by correspondence between boys and girls in 3,000 daily vacation Bible schools in China and children enrolled in similar schools in the United States and Canada. The latter are raising in pennies and nickels a \$10,000 offering to help Chinese children, 60,000,000 of whom have no schools whatever.

The Florida Citrus Exchange, the leading co-operative marketing organization of the state, was established in 1909 with only a small percentage of the fruit of the state to handle. It has now grown to where it handles between 35 to 50 per cent of the citrus fruit shipped from the state.

## Girl Chased Out of Town

Mrs. Mae Nave, 28 (above), was chased out of the town of Eros, La., by women who charged she was vamping all the men. But when she fled the town she took with her John Ward, according to Mrs. Ward (below), who thereupon organized a reception committee to wait her return. Accordingly, when she reappeared a group of men and women gave her a coat of paint and feathers. Now she has sworn out warrants for their arrest.

## Minister of Christian Church Locates With Family In This City

A recent arrival in Sanford is Rev. H. F. Bolton, a minister of the Christian Church, who comes from Ohio, with the intention of locating here.

Rev. Bolton served the Christian Church in Iowa for 12 years and he is said to be a man of intellectual ability, and a successful minister. Rev. Bolton has come to Florida to escape the extreme Northern Winters and has chosen Sanford because of its famous all-year 'round climate and splendid schools. He is accompanied by his young daughter, Miss Martha Bolton, who will enter High School in September. Mrs. Bolton will join her husband and daughter later in the season.
