Seminole fire fighters receive smallpox shots

The Seminole County Fire Department, in conjunction with the Florida Department of Health and the Seminole

of Health and the Seminole
County Health Department,
began offering smallpox
vaccinations to fire fighters
Tuesday as Stage 2 of
Operation Vaccinate Florida.
During the first phase,
the smallpox vaccine was
administered to public
health employees and hospital response teams. The
Stage 2 group will include
first responders such as firefighters, law enforcement
officers and emergency officers and emergency medical crews.

As the war on terrorism continues, the threat of chemical and biological attacks against the United States is a concern among fire departments across the country. While early concerns centered on anthrax, department discussions is smallpox. As a virus, smallpox is immune to antibiotics and is extremely contagious. To date, vaccination is the only protection against the smallpox virus.

In order to prepare for Stage 2 of vaccinations, Seminole County gathered a team of professionals to carry out the three compo-nents — education, administering the vaccination and monitoring of vaccination.
As part of this preparation, the Seminole County Fire Department provided firefighters with educational materials in order to assist them in making an informed decision as to whether they will participate in the voluntary smallpox vaccination program.

Trumped: County says no to gaming rooms

By Christopher Patton Managing Editor

Nearly a month since Sanford passed an emergency ordinance to suspend adult gaming rooms in the city, Seminole County chimed in with

its own Tuesday.
With a unanimous vote, county commissioners approved a moratori-um of 90 days for establishments operating video machines "appearing to be the same as those used in casinos Seminole joins three local cities in blocking adult arcade openings

in Las Vegas, (and) Atlantic City." In the past several months, adult gaming rooms, which boast video machines that pay out tickets redeemable for discount coupons and gift certificates as opposed to cash, have become a bot topic in Central have become a hot topic in Central Florida with new establishments looking to open in Volusia, Lake and

The cities of Sanford and Longwood received permit applica-tions last month for adult arcades and passed emergency ordinances that placed a moratorium on such busi-nesses until they could be fully investigated. Similar to the city of Casselberry, Seminole County passed

its moratorium before receiving any requests for adult arcades.

The closest existing adult gaming

room to Seminole County is located across the St. Johns River in Deltona, and that is where Don Fisher, Seminole County planning and devel-opment director, started the county's recent investigation.

Authorities find fake money at Flea World

From Staff Reports

Often known as a place to find less expensive, knock-off name brand merchandise, authorities Monday afternoon found a few fake photographs of President Alexander Hamilton at Flea World in Sanford that landed two sus-

pects in court. Seminole County County Sheriff's Office authorities responded to Flea World, located at 4311 Orlando Drive, to meet with security person-nel who had detained two

suspects that were alleged of passing counterfeit \$10 bills.
Wilson Alequin, 24, of 1349
Charlotte St. in Altamonte Springs and Danny A. Pastrana, 15, of 4703

the way home sure wasn't through Baghdad. We came here as part of the Third Division, now they are going home to Fort Stewart, except for all the subordinate units of the division, like ours that have been reattached to units that are stuck here. It's a shell game that

makes it look like they're pulling some of the troops out. I'm pulling off my 3rd Division patch and sewing on the 2nd Cavalry patch. At least I got attached to a regiment that has a history connection to Seminole County, that is really unusual, too.

I was invited up to regi-

More than 300 friends and relatives turned out for a very special birthday party earlier this month for a very special Sanford lady.

Georgia Chorpening turned a 100 years old Sept. 6 and a celebration was held at the Sanford Garden Club in her

"I never dreamed there would be so many people that would remember and come to a party for me," she said. "I was so humbled and thank-ful."

Actually 300 guests is not too many considering Chorpening was a Seminole County school bus driver for more than 20 years. Even

today, her former passengers recognize her in places and come over to talk to her.

Originally from Arkansas, she moved to Sanford when she was 22 years old at the urging of her aunt and grandmother Shortly after the move mother. Shortly after the move she met her husband Carl, who is now deceased.

He worked as a railroad engineer while she drove the school bus around Sanford picking up students of all ages. When she retired at the ten-

A GLANCE AROUND OUR COUNTY

In Brief

Hand turns himself in to sheriff's office

Authorities from the Seminole County Sheriff's Office were in search of Robert Hand, 27, for a week before he turned himself in Tuesday, Sept. 16.

Hand

The suspect reportedly ran away from deputies the morning of Sept. 12 during a drug bust at a home in the Bear Lake area. Hand reportedly arranged, through his lawyer, to turn himself in at the Seminole County Jail. On Sept. 12, a warrant

was served at 3182 Tabago Court at about

6:30 a.m. One suspect, 25-year-old Antalee Murch, was arrested at the scene on marijuana and cocaine charges. Hand allegedly ordered his pit bull to bite a

CCIB drug agent, and then fled the scene.

The dog was shot and killed.

The CCIB agent received an injury to the upper part of his leg. The agent was treated at the scene for his injury. A search of the area for Hand was done but with negative results.

Because of the police activity the search.

Because of the police activity, the search of the area, and the fact Hand ran toward Bear Lake Elementary School, the school went on lock down. Hand was never on campus, the students were never in danger, and the measure was taken strictly as a precaution for the safety of students, staff and visitors to campus

Hand faces the following charges: possession of cocaine and marijuana, possession of marijuana with intent to distribute, possession of MDMA, possession of Hydrocodone, possession of drug paraphernalia, and resisting an officer without violence.

His bond was set at \$3,000. He has since posted bond, and has been released from jail while he awaits trial.

City-County Auto Theft

Bureau nabs two The Seminole County Sheriff's Office made two arrests Monday night using one of the CCAT (City-County Auto Theft) Bureau's bait cars. The vehicle was placed at 2011 W. Airport Boulevard, in Sanford. It 's an area where there have been problems with vehicle

burglaries. Deputies arrested Gregory W. Tillman (10/19/69) and John Chester (10/04/51). They were charged with busglary and theft. According to the arrest report, Tillman broke into the vehicle and book a purse that was left to the first cent to be to the The course was ted. on the front seat as bait. The purse was tied to the car's seat belt.

When Tillman opened the car's door, video from a hidden camera began to roll. Tillman is seen on the video, inside the car. yanking on the purse in an attempt to get it free. The purse eventually came free and Tiliman left the car. An accomplice, identified

as Chester, is seen near the car. When the car's door was opened, deputies received a page from the monitoring company in California. They responded to the cene and reviewed the video. From the video, they were able to identify Tillman, who had been a suspect in previous break-

ins. He was questioned. His information led to Chester, who was waiting at a nearby convenience store. When confronted, Chester led deputies to a wooded area where he allegedly dumped the purse.

The panels of judges, com-prised of professionals in the television industry, based their scores on several elements, including content and creativity, technical and engineering production and over-

The "Gun Safety" project was a collaborative effort between the staff at SGTV and the Seminole County Sheriff's Office, Sgt. John Helms narrated sections of the video and provided gun expertise, while Community Service Officer Margaret Levins wrote the script, narrated sections of the film and handled field production. Steve Olson, public informa-tion officer, served as the primary videographer, assistant field producer, rough-cut editor and assisted in post-production work. Members of the SWAT team made cameo appearances in the film, as did the children of Lt. Barry Smith, Levins and Olson. The staff of SGTV -

Chesler, Andrew Cardona, Paul Louise, Terry Connelly, and Chris Camp - worked together to complete this

"Chris Camp's editing was the difference between making it an average-type thing from a law enforcement agency to really making it shine," said Olson. According to Levins, the

intent of the video is for parents to use it as a tool to teach their children the dangers of firearms. She hopes parents will watch the video with their children and take responsibility to make sure

weapons are secured properly in their home and the homes of their friends.

"This video is something we can be proud to present to the parents of Seminole County," said Levins, who conceived the idea for the video. "We're very proud of the video, it was truly a team effort, it is very rewarding to have those efforts recognized."

The video not only spawned interest with NATOA judges, but the National Rifle Association has requested a copy to review. According to Olson,

Mosquitoes are insects with long slender bodies, long, thin legs, narrowwings with a fringe of scales on the edge of the wing and along the veins.

The females have mouth parts well adapted for piercing skin and sucking blood. The males cannot suck blood but both sexes feed on nectar of various plants. Mosquitoes are not only annoying some of them are capable of transmitting diseases such as encephalitis to man and horses, and heartworm to dogs. Recent reports in Florida of West Nile and Saint Louis encephalitis are clear reminders that mosquitoes can transmit serious diseases to humans..

Life cycle: The life cycle of a mosquito consists of four stages: egg, larva, pupa, and adult. The eggs may be laid singly or in rafts, deposited in water, on the sides of containers where water will soon cover, or on damp soil where they can hatch when flooded by rainwa-

Around the home suitable places for egg laying are the sides of containers, such as old tin cans or old tires, or in tree holes to await flooding by rain. The eggs of some flood water and salt marsh mosquitoes may dry out for more than a year and still hatch when flooded.

Regardless of the mosquito species, water is essential for breeding. The larvae normally occur in quiet water. The elongated eggs, about 1/40 inch long, are laid in batches of 50 to 200 and one female may lay several batches. In warm water, the eggs of most species hatch in two or three days. Some eggs require a drying period remaining dormant for months they hatch soon after water contacts them.

The larvae or "wigglers" feed on tiny bits of organic matter in the water. Many species breathe air through an elongated air tube that they extend through the water surface. Larvae change into commashaped pupae often called tumblers, in about a week. adults in about two days. Male mosquitoes feed on nectar of flowers and do not bite. Female mosqui-toes also feed on nectar; however, a blood meal is usually necessary to mature the eggs. Feeding: Mosquitoes show considerable varia-

tion in their preferred hosts. Some species feed

Ferrer

· · · · · · cold-blooded animals and some live entirely on nectar or plant juices Some are active at night and others only during the daytime.

Control: Receptacles such as old tires, junk automobiles, tin cans, rain barrels, and various plants hold enough water to create mosquito breeding places. It is up to individuals to see that those breeding places be reduced or eliminated.

To keep mosquitoes from being a problem inside the house, screens should be kept tight fitting and in good repair. Chemical control of mosquitoes around the home may be accomplished with the use of repellents or space sprays. Several repellents are effective against mosquitoes. All insect repellents must have the active ingredient appear on the label. Check the label

before buying.

DEET is the most commonly used repellent. It is available in the form of a liquid, aerosol, lotion, and cream. When applied

properly to the exposed skin surfaces, most repellents will provide protection from mosquito bites for 2 hours up to 12 hours. Repeated applications to the skin may be haz-ardous. Care should be taken not to apply any repellent to eyes, lips, or other mucous membranes.

Oil of citronella is another type of mosquito repellent for space repelling. Oil of citronella is the active ingredient in many of the candles, torches, or coils that may be burned to produce a smoke to repel mosquitoes. These smokes are useful outdoors only under windless conditions.

Insecticide sprays may be used to kill mosquitoes present at the time of treatment. The major advantage of this treatment is the immediate knockdown, quick application, and relatively small amounts of materials required for treatment.

Pellets containing an insect growth regulator such as Methoprene or mosquito-killing bacteria such as BTI can be purchased to treat areas with stagnant or low flowing

Association will hold their annual reunion in Orlando this year in October and have been invited to visit our local museums and site of their regiment's first battle, the Battle of Camp Monroe J.

Yesterday I went back to my sector of Zone 23 over in New Baghdad. In that area they pretty much treat me like a head honcho of some kind. The people come out and talk with us and I always meet the Muktar. [mayor] who is a good friend of mine. No one shoots at us because that would bring down a wrath of retaliation from the locals. So we are in good hards, maybe because they are afraid to upset us.

An example is when I stopped my patrol (three humvees) to check out a fender-bender where a large crowd had gathered to watch a fight between the two drivers. As I got out of my vehicle, some of the locals in the crowd start backing away and pointing at me to warn the others, and saying loudly "Mister Carlson." That's what they call me in this sector, they know my name and "mister" but are not familiar with military titles. It indicates respect for law and order, which goes both ways in this situation.

We set up security at the scene using my lurret gunners and team leaders, and the crowd started saying in broken English "Okay, Okay," They dispersed and the two drivers left. We quelled a crowd of about 50 people with just our presence. That is an example of the rapport that we have developed here in Zone 23 and is one of our good stories. Nobody got hurt.

I was propositioned by three young ladies to marry them and take them to the U.S. My interpreter explained that I'm already married. I would be mute without my interpreter who stays at my side all the time. I'm glad he was with me this time.

One of my present tasks, is compiling a recruitment roster for the Iraqi Civil Defense Corps. I met a guy who is a Christian, not Muslim, and he said that he could get me some more names for my list and to meet with him at his house

this evening for tea. So I went to his house and he gave me some names for the list. I noticed that he was wearing women's maternity shorts, the front was clastic and stretchy. He must have got them from a box of donated clothes. I did not mention this to him but thought it was funny. They wear what they can here, even though this particular area is mid-

18 Aug. 2003 The postal system won't let you send pork products or even more than one Bible to us because it is contrary to Islamic law. That is odd since our MREs and T-rations still have pork in them. We used to give our interpreters an MRE as they would be on duty for 8 to 12 hours and needed something to eat. We made sure not to give them the pork. Most are Muslims but there are also Christians over here. The Iraqis eat chicken, beef, mutton and even fish. I wish I had a jar of pickle pig feet but don't send any cause customs would go nuts.

We are having to construct fighting positions on the roof because of increased threats and then work mid-shift on patrol. It really gets tiring. With this heat, it gets hard to concentrate when patrolling the high risk sectors. The other night Dusenberry got shot in the arm, he's headed home. Seems like the only way out of this place is to get shot. Maybe my day will come, I just don't want to be shot dead or be maimed for life, just enough to get out of this idiotic waste of time, lives, and money

We apprehended two Baath Party members that were having meetings in

their homes. We searched their houses about midnight last night and took them back to the police station. I sent two of my teams across the river [Tigris] to get the S-2 [intelligence] from Battalion. After interrogating them, we found our they had been members a long time ago just for protection and to reap the benefits of living in a good house.

We got a new Sgt in our platoon today named Gaston. He is from Maitland, he used to live in

22 August 2003 I'm really tired of eating MREs and T-Rations. We do get a few regular meals, but very few. We were back to MREs again so I went nearly two days without eating a morsel. Now we are back on those tasteless T-Rations that have been stored in the hot sun.

We cat this junk while U.S. government civilians and contractors are living in Saddam's old palace compounds, enjoying air conditioning, eating real food and washing it down with cold ice tea.

Our power is out again. I'm tired of doing crossword puzzles too. Sometimes I go over to the medic section and watch a DVD movie on Doc Sutton's laptop computer, until the power goes out. There's a lot of good soldiers talking about getting out as soon as they get back to the states. Some of them returned as soon as the stop-loss was

[Editor's note: A stop-loss was imposed on many soldiers who had served their initial enlistments, or were scheduled for retirement, which involun-tarily extended their enlistments and sent them to war).

Yesterday, I had to take my squad out to a house to arrest a guy that was beat-ing his wife. She was freaked out, ranting and carrying-on, as some Iraqi women tend to do in this culture. She put her daugh-

ter, just a toddler, on the ground, it was in the noon sun and the ground, mostly rocks, was not as blazes. I gave my M-4 to Sgt. Merwin and while my MPs covered me, I held the baby to keep her off the hot rocks. Finally the grandfather came and took the little one. We cuffed the abusing husband and hauled him to

These were Shiites. They do not like Saddam Husseln or the Sunni Muslims. It seems that the Sunni ones are the militants that are killing our soldiers. The Shiites treat us pretty good and usually are friendly to us, and it is safer in their areas than in the Sunni regions. Shiites would fight Sunnis in a minute. Although this is not a Civil War, I suppose it is more like tribal war in most respects.

Also, I was called to investigate two bodies which turned out to be two dead Iraqi women, both had been stabbed in the head. I rolled them over to look for livor mortis, which is the pooling of blood in the part of the body that is lowest after death, rigor mortis sets in about two hours later. I determined the time of death to be 1300 hours, which matched what witnesses later told me.

They had heard the women screaming about 1230 hours that same day. So far I've done pretty good at pin pointing the time of death on three bodies. I always wear gloves for obvious reasons. We were taught at the Armed Forces Institute of Pathology that a body is just evidence, but to me it is a lifeless person with a story to tell.

I forgot to tell you about the time we raided an apartment right after they killed Uday and Qusay. At the time it was a confidential mission, but it can be talked about now.

The apartment landlord was a Saddam loyalist and member of the Fedayeer.

When one of the tenants, a loyalist, heard that the Hussein brothers had been killed, he got drunk and shot up downstairs where the landlord lived. We went out there to the place and went upstairs and on the patio, and then checked his roof-top apartment, but he was not there.

We ransacked the room and confiscated two DVDs of Uday Hussein. Evidently, these DVDs were intended only for Fedayeen members. We also found a Fedayeen uniform and a Saddam pin. An old woman came up to us in the building and thanked us in Arabic for raiding the place.

Later I led another mis-

sion back to the Fedayeen suspect's apartment, this time with the Iraqi police. We went upstairs and on the way up the stairs, we saw through the door to the roof patio, that a light was on in his apartment. My two Iraqi police had AK-47s, and there was me and my two MPs, the rest of my entourage and gunners were down on the street providing security. We backed up against the wall of the stairs with weapons ready. The door had been chained by the landlord, I stood in front of the door and gave it a hard kick with my boot, It flew open and we moved in with force. We only found the room empty and still like we had left it.

We played the DVDs that we confiscated and they show Saddam on the dance floor shaking his butt. It looks like a birthday party. They actually are singing happy birthday in English. I'm sending the DVDs home since they have no intelligence value, unless we need to study Saddam's dance techniques.

I'm convinced that not only did Saddam not have any weapons of mass destruction, he can't even dance!

Next issue: Mission accomplished!

with, there has been these gaming institutions, gaming businesses, opening up," he told commissioners. "And they are distinguishing the difference between that and

Along with Fisher a county staff member accompanied to the adult gaming room in Delton.

"I'm certainly not an expert at gambling, but it was not, from my opinion, a game of skill it was definitely a

game of chance," he added. With this 90-day moratorisheriff's office are expected to fully investigate the legality of such facilities and, if legal, what regulations are needed to protect the public health, safety and welfare.

At the forefront of the arreade

pending legality of the arcade rooms is a Seminole County 1996 Charter amendment that prohibits the location of any gambling establishment unless approved by referen-dum. Then county attorney and now Sanford attorney, Lonnie Groot, drafted the

amendment.

"As we develop the city's ordinances to address the uses of the moratorium we'll see how the county's charter applies and we'll see how the provisions of state law applies and try to draft a comprehensive ordinance,"

According to Groot, the Seminole charter amendment dealt with the issue of casino gambling when that was being threatened throughout

"In the charter, the definition of that term is rather broad and it might encompass a lot of activities besides what you might think as classical casino gambling because it deals with virtually every

type of gambling," he added.

The issue of dispute for Seminole County and the other three cities in the county will be if there is skill involved in these video machines

"I don't think that's a legit-imate issue — figures revolving at 32 frames per second represents chance as opposed to skill," Groot said.

Individual exploits highlight victories

Team may not have an I in it, but individual performances definitely have a bearing on the outcome of a

game. Such was the case this past Friday night as amazing plays and statistics by certain individuals made for a big opening night in district play for several Seminole County football teams.

Host Lyman became the first three-game winner in

first three-game winner in the county and got a big leg up on the competition in Class 5A-District 5 with a rousing, 17-14, win over at the Carlton D. Henley

Sports Complex.
Runnning backs C.J.
Walker and J.J. Bass combined for 272 yards as the Greyhounds took down the Pioneers, who made the playoffs in Class 6A a year ago and were favored to dominate the lower class.

Walker carried the pigskin 17 times for 161 yards, while Bass galloped for 111 yards on 19 carries.

But it was the director of coach Bill Caughell's offense, quarterback. Kyle Harris, that put the points on the board for Lyman, scoring twice in the second quarter on runs of three- and 13-yards.

The Greyhounds defense also came up with several big plays and set up two

The opening night of district play saw several individual standouts including Lyman's J.J. Bass (No. 3, above), who 111 yards on 19 carries in a 17-14 victory over Oak Ridge, and Winter Springs' Daryl Ely (No. 28, right), who scored three touchdowns, on a on a fumble return and two on punt returns, as the Bears won their first game of the season, 47-0, over Freedom. Most of this week's games will be on Thursday, including Winter Springs hosting Oviedo at The A.W. Epps Sports Complex, Lake Brantley facing Lyman at the Carlton D. Henley Sports Complex and Seminole traveling to Casselberry to tackle Lake Howell at Richard L. Evans Field. On Friday, Lake Mary will be in Gainesville to face Buchholz and Trinity Prep and The Master's Academy will be playing at home, the Saints hosting the Vero Beach-St. Edward's and the Eagles welcoming Jupiter Christian School. All of the games will begin at 7:30 p.m.

Reyes carries Syracuse past UCF

Special to the Herald

Syracuse junior tailback Walter Reyes rushed for 241 yards and four touchdowns to lead the Orangemen past UCF 38-14 Saturday afternoon at the Carrier Dome in Syracuse, N.Y. The win raised Syracuse's record to 2-1 while the Golden Knights fell to 1-2. UCF is 0-6 all-time vs. teams from the BIG EAST.

The Orangemen capitalized on five UCF turnovers and three interceptions by Ryan Schneider to secure the win. The Syracuse offense also rolled up 318 rushing yards while limiting UCF to 92

rushing yards. After the UCF defense recorded its first three-out-out series to start a game this season, UCF wide receiver Tavaris Capers fumbled a punt to set up the Orangemen at the UCF 42. From there, the Orangemen converted one third down via penalty before Walter Reyes

scored on a 25-yard touchdown run to give SU a 7-0 advantage.

The Orangemen extended their lead on the next series to 14-0 after Reyes scored his second touchdown of the game from a yard out.

Capers gave UCF with excellent field position after a 35-yard punt return in the second quarter to set up the Golden Knights at Syracuse's 31. UCF could not capitalize on the short field as Schneider threw his second interception of the game inside the Orangemen

The Golden Knights went to their bag of tricks to score their first touchdown. With just eight seconds left in the half, Schneider found Dee Brown on a oneyard touchdown pass to slice the Syracuse lead to 14-7. The touchdown pass marked the 24th straight game Schneider has thrown at least one touchdown pass.

The scoring play was set up by a fake

scampered 11 yards to give UCF a first and goal-to-goal situation at the Syracuse four. field goal when holder Al Peterson

UCF took the opening kickoff in the third quarter and marched 83 yards in 10 plays to tie the game at 14. Alex Haynes scored on a 13-yard run up the middle to mark the fifth consecutive game that he has scored a rushing touchdown.

The Orangemen regained the lead after Reyes scored his third touchdown of the game from three yards. Syracuse drove the ball the length of the field, covering 94 yards in nine plays to take a 21-14 lead. The 94-yard drive was the longest scoring drive for Syracuse in

UCF looked to be driving again before the offense stalled on a fourth down play on the Syracuse 33.

Classic attracts monster turnout

By Dean Smith Sports Editor

With all or parts of 27 teams entered in the 23rd Annual Lake Mary Cross Country Classic a large gathering of runners was expected.

But 560? That was probably even more than event coordinator Mike Gibson could have hoped for.

The boys varsity race drew 165 entries and it ended up being a good one for the locals with Lyman edging locals with Lyman edging Oviedo by two points for the team title with Winter Springs finishing fourth and thost Lake Mary, Lake Howell and Lake Brantley, also finishing in the Top 10. Individually, Lyman sen-ior Bryan Christian won by 30-seconds (16:37.50-to-17:07.77) over Bishop

17:07.77) over Bishop Moore's Richard Pereira and four other Seminole, Athletic Conference athletes.)

finished in the top eight.

The girls varsity race drew just six less runners, 159, but; the locals struggled a little, with only Oviedo (fourth), Trinity Prep (fifth) and Lake the Top 10 in the team?

standings.
Individually only two runners were in the Top 10, but one of them was the winner. The Lions' remarkable jun-1 ior, Jenny Barringer, agains paced the field, recording a 18:13.35 to ease past Lavera Morris of Oak Ridge, who, came home in Oviedo, 19:10.25.

Freshman Alicia Ivanhoe of Trinity Prep finished:

This week will find Lake Mary, Lyman and a few others heading up to Cary;)
North Carolina to compete in the Great American Race; on Friday and Saturday, 1 while the others will head to Central Winds Park for the Winter Springs Invitational starting at 8 a.m.

Continued from Page 8 plays later Harris avoided a hit in the backfield to go 13

yards for the second score. Early in the fourth quarter, the Pioneers were driving for an apparant tying touchdown when defensive back Comart Franklin nailed

an Oak Ridge runner for a one-yard loss on a fourthand-one at the Greyhounds

That set up what proved to be a game-winning 23-yard field goal by Mike Benzer that gave Lyman a 17-7 lead at the time.

But it was an unbelievable individual effort in another 5A-District 5 contest that stole the show.

Winter Springs' Daryl Ely scored three touchdowns as the Bears won not only their home and district openers. but also their first game of the season, with a 47-0 rout of first-year school, Freedom, at the A.W. Epps

Sports Complex. Winter Springs, which lost two close contests to 6A powers Winter Park and Lake Brantley on the the road, already led 13-0 when Ely, a junior defensive back,

took over the game.

After junior quarterback Brett Hodges dove in from the one with just 1:35 remaining before halftime, Ely scooped up a fumble and raced 18 yards to paydirt, giving the Bears a 19-0 lead with 1:11 left before inter-

mission. Ely, who missed most of last season with a broken collarbone, got show off his outstanding speed in the second half, returning punts for touchdowns of 74 yards in the trhird period and 70 yards in the fourth period. Running back Kevin

Harris, yet another junior, scored the game's first touchdown on a seven-yard run and wound up with 83 yards on nine carries.

Terrance Morring (five yards) and Darius Hall (six yards) also scored touchdowns for the hosts.

Winter Springs' defense also did its part, allowing just six total yards of offense, in cluding a minus-15 rushing, and did not allow the Patriots to cross mid-field.

The only time the visitors got the ball into Bears territory was after a fumble.

Also turning in a strong perofemance in a win was Lake Brantley quarterback firett Smith, who carried the ball 19 times for 57 yards and two touchdowns and completed one pass, in only three

attempts, for 36 yards. Things did not go as well for other county leams as Lake Howell remained winless unbeaten Timber Creek

blanked the Silver Hawks, 38-0, in a 5A-5 game; host Trinity Prep ran out of gas against powerful Lake Highland, 33-19, in a Class 2B-District 4 contest; and The Master's Academy was thrashed, 43-6, by Tampa Temple Heights.

Teams take a break from district play this week and most of the games will be tomorrow (Thursday, Sept. 25) because of the Rosh Hashanah holiday.

While the games won't mean anything as far as the postseason goes, the matchups are important as all of the Thursday games will be Seminole Athletic

Conference contests.
Winter Springs will host Oviedo at The A.W. Epps Sports Complex, Lake Brantley will face Lyman at the Carlton D. Henley Sports Complex and Seminole will travel to Casselberry to tack-le Lake Howell at Richard L.

Friday has Lake Mary making the trek to Gainesville to face Buchholz and Trinity and Master's playing at home, the Saints hosting Vero Beach-St. Edward's School and the Eagles welcoming Jupiter Christian School their Oviedo field, All of the games are set to begin at 7:30 p.m.

missed opportunity as they added a 26-yard field goal by Collin Barber to extend the lead to 24-14 with 12:30 left in the game. Syracuse drove 59 yards for the field goal following the missed fourth down chance for the Knights.

On the next UCF drive, the Syracuse defense forced the fourth UCF turnover of the game when Troy Swittenburg intercepted Schnelder and returned it 32 yard to the UCF one. Two plays later R.J. Anderson scored from one-yard out to five the Orangemen a comfortable 31-14 lead with

just 10:44 remaining. Reyes capped his career day with a 58-yard run to ice the game with 6:01 left. The junior tailback scored his fourth touchdown of the game on the long run, as he upped his totals on the day to 241 yards on 31 carries.

UCF (1-2, 0-0) opens it second season as a member of the Mid-American Conference

this Saturday with a critical MAC contest at Kent State (2-2, 1-0). The Golden Flashes dropped a 32-10 decision last weekend at Penn State.

The Golden Knights are in the midst of playing five of their first seven games of the year on the road. Kent State is playing just its second game of the year on its home field

after road contests at Akron, No. 10 Pittsburgh and Penn State to start the year. The Golden Flashes also defeated in-state rival Youngstown State 16-13 at Kent two

Saturday's game is the third meeting all-time between the two schools with UCF holding a 2-0 advantage. Last season, UCF won 32-6 over the Golden Flashes in Orlando at the Florida Citrus Bowl. Alex Haynes rushed for a then-career-high 149 yards on 23 carries including a touchdown in

the 26-point victory.

The last time UCF played at Kent State, the two teams combined for an offensive shootout, as Daunte Culpepper led the Knights to a 59-43 victory. Culpepper threw for 326 yards in the win. Kent State wide receiver Eugene Baker had the best day of any receiver ever vs. UCP, finishing with 15

receptions for 238 yards in a losing effort.
Live coverage on the UCF ISP Sports
Network begins at noon with the pregame
show. In Orlando, the game can be heard on 740 - The Team (WQTM), with Marc Daniels, Garry Parris and Jerry O'Neill calling the

Sunshine Network will also carry the game live at 2 p.m. (repeats Oct. 1, at 10 a.m.). Rick Peckham will handle the play-by-play alongside analyst Brady Ackerman.
