

Wall Street's Faith Spurred By New Regime

NEW YORK (UPI) — The stock market absorbed reports of a Securities & Exchange Commission investigation, production of a possible recession in 1964, and the announcement of a President to run to his term in 1964, and the market rose to its highest point in the past year, and mostly on the heels of one reason — a tax cut.

When the late President John F. Kennedy signed the proposal of a \$11.5 billion across-the-board tax cut before the nation last January, unknowingly he was helping to chart an upward course for the stock market.

A great deal happened after that but little that threw the market off its course for long. One thing remained certain, the financial community was placing its hopes on a tax cut either in 1963 or early 1964.

One of the most unsettling things surrounding talks of the cut were predictions notably from President Kennedy and Secretary of the Treasury Douglas Dillon, that there might be a recession next year if tax cut legislation didn't go through.

This drew a chorus of rays from many quarters who pointed to the possibility of a recession year record announced in 1964, a sharp rebound in steel production, the rise in durable goods, new construction and machine tool orders, soaring corporate profits and the many favorable dividend actions.

In 1963 alone, many of the country's leading blue chips either increased their dividends or declared extras.

According to the Department of Commerce, figures on taxes for the second quarter of 1963 reached a record \$24.5 billion or \$1.4 billion over 1962. Another bullish factor was capital spending which was reported at \$39 billion for 1963 or \$1.8 billion over 1962.

All this, professional observers said, did not seem to indicate recession. One Wall Street bull noted that "while Washington frets about a possible recession, the real danger is inflation. For despite official misgivings, the consumer is feeling no pain."

A few more cautious Wall-streeters point out that the current business boom was in its 85th month in December. Since cycles of this type usually last an average of 80 months, the bears have their sights out for any signs of weakening.

However, a look at the popular market averages would indicate that there is little to worry about, at least for the present. As of May 28, 1963, the anniversary of the infamous "black Monday" of 1962, approximately \$75 billion of the \$80 billion lost at that time had been recovered.

The Dow-Jones industrial average, the market's most popular indicator, reached a new high of 737.96 on Sept. 5 of this year and has proceeded to top itself ever since.

In retrospect, there were a number of things which affected the stock market in one way or another during 1963 but two are dominant—the President's assassination and the aid extended by the New York Stock Exchange to the customers of bankrupt Ira Haupt & Co., one of the "the street's" major brokerage houses.

Red Bloc Faces Farm Trouble

NEW YORK (UPI) — A student of agriculture behind the Iron Curtain reported today that Communist leaders face severe internal discontent unless they make a wholehearted effort to bolster crop production.

Richard Judy, a member of the faculty of the Air Force Institute of Technology who studied at Moscow University, says in a report published by the Foreign Policy Association (FPA) that agriculture in Russia and most of her satellites and in Red China is in deep trouble.

"A hungry population is a discontented population, and such discontent may generate political opposition and even counter-revolution," Judy concludes.

Outlay For State Twice That Of '62

JACKSONVILLE (UPI) — The U. S. Army Corps of Engineers spent \$107.7 million in Florida during 1963, about twice the expenditure of 1961 and \$4.3 million more than in 1962.

Col. H. R. Parfitt, head of the Jacksonville Corps district, said the engineers reached a number of milestones on military and civilian projects in a year-end report Thursday.

Parfitt said construction on civilian projects during the year totalled \$32.3 million, while the engineers spent \$67.1 million on military work. He said land acquisition for the National Aeronautics and Space Administration manned lunar landing area on Merritt Island was almost completed at a cost of \$23.9 million.

A separate Army engineer district was created July 1 to handle the space construction program in the Cape Kennedy area, the colonel said.

Deepening and widening the Intracoastal Waterway from Jacksonville to Miami is nearing completion, he said, and the last segment of dredging is scheduled to go out for bids early next year.

LBJ Accused Of Holiday Politics

WASHINGTON (UPI) — Sen. Harry Goldwater loosed a political haymaker at President Johnson Thursday accusing him of playing "politics with Christmas" on the foreign aid bill.

The Arizona Republican, considered by many as the frontrunning GOP presidential candidate, accused Johnson of "arm-twisting" members of both the House and Senate during the bitter aid fight.

The White House backhanded Goldwater's criticism. Asked for comment, Press Secretary Pierre Salinger said, "I guess the senator is running again." He said he was sure the President, presently spending the holidays at his ranch in Johnson City, Tex., was unaware of Goldwater's statement.

Goldwater made his charges in a telegram to Mark Tice, Senate Republican secretary. The senator is at his home in Phoenix, Ariz., recuperating from surgery to remove a calcium deposit on his right heel. He said he hopes to be in Washington Monday to vote against the compromise \$3 billion aid bill when it comes before the Senate.

Cop Goes To Crash, Finds Father Dead

MIAMI (UPI) — Miami policeman Leon E. Williams was called to investigate a traffic accident Thursday night. When he arrived, he found his father lying dead on the pavement.

"My God, my God," he cried falling to his knees, "that's my father."

Leon E. Williams Sr., 64, was struck by a car as he walked across an unlighted intersection in the northwest section of the city. The driver of the car said he didn't see the victim, "I just heard a thump."

Young Williams was driven home by other officers who were called to the scene to control a crowd that gathered.

The shootings took place at the home of Mr. and Mrs. William Purvis, where the two had been visiting. Purvis and his wife were not home at the time.

Christmas Spending In Area At All-Time High

Santa Claus was far closer to Sanford and Seminole County residents this Christmas than of any other Yuletide season.

Merchants today were still counting receipts from what appears to be the best Christmas sales season.

John Krider, Chamber of Commerce manager, said that "undoubtedly our merchants had the best Christmas sales in the last 30 years, if not for all time."

Glenn McCall, Downtown Merchants Association chairman, stated that "our members are most happy with the reception given by our customers and friends to our proffered merchandise for Christmas."

Furniture dealers said that December "was one of our best months" and "we've had excellent business all the way... and it wasn't all just Christmas shopping."

Johnson Holds Tight Rein On Aid Program

JOHNSON CITY, Tex. (UPI) — President Johnson kept the economy pressure on the executive branch of government today. His latest target was the foreign aid program which he wants operated more efficiently and with fewer federal employees.

While preparing for a two-day visit with West German Chancellor Ludwig Erhard, starting Saturday, the President ordered a speedy review of foreign economic and military assistance programs.

Johnson set up a seven-member committee of top-level federal officials to undertake a fast, intensive review of foreign aid programs. He ordered the committee to report back to him by Jan. 15 with recommendations on how to eliminate waste, red tape, inefficiency and superfluous personnel.

"By action in appointing this committee, far from reflecting any lack of conviction in the necessity for foreign assistance, demonstrates my strong determination that those programs be so administered as to yield the greatest benefit to our country and the free world," Johnson said in a special statement issued from the Texas White House.

The study committee will be headed by Undersecretary of State George W. Ball. Members included Budget Director Kermit Gordon, Peace Corps Director R. Sargent Shriver and David E. Bell, head of the Agency for International Development (AID).

In other economy moves, Johnson sent a memorandum Wednesday to agency and department heads calling for a halt in the growth of federal employment. He urged more efficient use of workers and simplification of procedures. He also was re-evaluating defense spending.

Two-VP Idea Silly, Says Irked HST

NEW YORK (UPI) — Former President Harry S. Truman today turned thumbs down on a proposal by Ben Kenneth Keating, (R-N.Y.) that the Constitution be revised to provide for two vice presidents.

"It's a silly program, that's all it is," Truman said during his early morning walk near the Manhattan hotel where he has been staying for a holiday visit with his daughter and grandchildren.

"The present setup is good enough," Truman said.

Among the more famous rum and molasses smugglers of the Colonial period were such notable as John Hancock and Samuel Adams, according to the Licensed Beverage Industry, Inc.

Many customers were buying simply to make their homes more attractive for the holiday and for expected guests.

Department stores recorded "the largest Christmas season in our history." One said Monday, Dec. 23, "was the biggest day in the store's history."

Some stores reported gains this year over previous years, with largest increases in October, November and December.

Shoe stores said that this season "far surpassed those of Christmas past," with one merchant remarking, "Can't you hear the smile in my voice?"

Appliance shops, men's stores, variety stores... all reported expanded business this Christmas sales season. One merchant said he is "still doing Christmas business with persons who either forgot certain gifts or did not have the time to buy."

All stores reported "a healthy business and one of the most pleasant seasons since the people seemed happier."

Polley Sr., 701 East 26th Street, and Mrs. Donald T. Reagan, 3402 Key Avenue.

Winter Hits New Blow In North

United Press International Temperatures snapped below zero in sections of the North today and a freezing drizzle caused hazardous driving warnings to be posted in parts of Pennsylvania and Ohio.

New snow fell in the Northern Rockies and North Plains during the night, with accumulations up to 3 inches reported.

Old Town, Maine, reported 18 degrees below zero early today. Sub-freezing temperatures extended across most of the North with below zero readings reported in upstate New York, Northern New England and Northern Minnesota.

The weather bureau said freezing drizzle would continue to fall along the Upper Ohio Valley and Lower Lakes region with occasional snow flurries.

Temperatures in the Southwest continued mild. McAllen, Tex., reported a high of 82 degrees Thursday and Corpus Christi, Tex., had 81.

Russian Grain Deal Appears Toffering

WASHINGTON (UPI) — The long-stalled deal to sell surplus American wheat to the Soviet Union appeared today to be nearing the brink.

The Commerce Department Thursday issued export licenses for the sale of \$40.8 million worth of U. S. wheat to Russia in what may be the first break in the lengthy negotiations.

Jack M. Behrman, assistant secretary of commerce for domestic and international business, said, however, the export licenses were issued to private traders who thought they could arrange sales and wanted assurances the licenses would be available if needed. The licenses are, in effect, "blanketing licenses," Behrman said.

The licenses provide for cash sales. Behrman said that they would be subject to U. S.-Soviet agreement on terms. He said the exporters would have to comply with government requirements on shipping the wheat in U. S. flag ships.

Negotiations for the sale of U. S. wheat to Russia have been in the hands of private U. S. grain firms since shortly after the government laid down ground rules for the deals last October.

She Gives It A Run For The Money

DURBAN, South Africa (UPI) — Mrs. Vera Vincent was \$200 richer today because she can run like a racehorse.

Mrs. Vincent was sitting with a party of friends having refreshments in the clubhouse after the races at Clairwood Race Course Thursday when an argument ensued over the length of the track.

"It's not so long," she insisted.

A wealthy gentleman in the party offered her the money if she could run the entire course without stopping.

Mrs. Vincent promptly shed her stiletto-heeled shoes and galloped the whole course—a mile and five furlongs.

After collecting her prize, she refused to tell newsmen how old she was, although she admitted she had two sons in their twenties.

What About Next Year?

Many people are saying that our churches are "on the way out." We hear and read much about "the twilight of Christianity" and pastors are asked, very often, what they think about it all.

Upsala Circle Has Party

The Upsala Circle of the Episcopal Church met at the home of Mrs. Ed Dowell last week for their Christmas party. The Dowell home, opened shortly for the occasion, was gaily decorated with Christmas greenery and a large tree in the front room.

Various games were enjoyed by the ladies during the evening. The dining table was overlaid with a beautiful red linen cloth and was centered with the punch bowl. The punch was served along with fruit cake and other delicacies.

An exchange of gifts and spreading of pen pals were held later in the evening by the ladies. Those attending were Mrs. Jim Hardin, Mrs. Bob Woodson, Mrs. Ed Fitzgerald, Mrs. Ben Hodge, Mrs. H. L. Johnson, Mrs. Edna Rice, Mrs. Bob Carroll, Mrs. Ed Hundert, Mrs. Dowell and Mr. Carroll. Mr. Hardin and Mr. Dowell came in during the evening.

A Methodist District Student Recognition Banquet will be held at noon Saturday at the Polly Davis Cafeteria in Daytona Beach in honor of young people who are preparing for fulltime Christian vocations.

Watchnight Set

The annual Watchnight Service at the First Pentecostal Church of Longwood will be held from 7 p. m. through midnight next Tuesday. The service will include special singing and Communion will be observed. Special prayer will be offered.

Special Service

A special Holy Communion Service will be conducted on New Year's Day (Feast of the Circumcision) at 10 a. m. at Christ Episcopal Church in Longwood.

America, took for granted that all was well. After all, we were reminded of the great number of people who were affiliated with our churches throughout our great land; we looked at our cars with pride and read "In God We Trust"; we read our history books and discovered that our founding fathers were intensely religious; we saw the results of many kind and loving hearts in the establishment of benevolent institutions such as hospitals, orphanages and many other agencies of welfare. We rested securely in this knowledge. Now people are beginning to wonder. There are many signs of waning Christianity all about us. The crime rate is at an all time high. Alcoholism is "jumping by leaps and bounds" in a day when we are in such great need of ministers and missionaries, more people are becoming bartenders than full time servants of God. Our citizens are spending more on liquor than education. For every dollar we spend on churches we spend many more for crime. Some church members think they are doing well if they attend church one hour every other week which means that they give to the worship of God, in their church, one hour in three hundred and thirty-six. Ministers testify that they are having to be more and more diplomatic in mentioning the sins of the people whom they love in order that they lead them spiritually. If a doctor was negligent in treating a person for cancer the patient would be outraged, however, many people are hurt and attend church no more if the minister points out to them some cancerous sin. The Church finds itself in a strange predicament. Many of us feel that the only real force against the host of evils that face man, including communism, is the virile Christian faith. The Christian faith that can be a force is the kind taken from the Bible and believed by people who are ready to accept it even though it does not agree with their preconceived convictions. As we face a New Year, we should all be willing to honestly ask ourselves before God, if we have had a faith and obedience that is worthy of asking God for His precious gifts. If we have not, then there is only one thing to do which is to strive to become mature Christians who are worthy. Then we should pray and work that our faith may be so contagious that it will spread to all of the world until mankind ceases his rebellion and surrenders unconditionally through Jesus Christ. It is true that the Church of Jesus Christ will be victorious eventually, but it will be the true Church made of sincere and dedicated believers.

Grace Church To Recognize Students

Grace Methodist Church will observe Student Recognition Day at the 11 a. m. worship service this Sunday when Rev. John H. Hires Jr., pastor will be assisted by college students. Participating will be Miss Roberta Rankin, a University of Florida student and Miss Janet Ely, Ronald Fehd and Wayne Clemenst, students of Orlando Junior College.

Oviedo Church To Recognize Students

By Bernice Kealey The First Baptist Church of Oviedo will observe Student Night during the evening worship service this Sunday when college students home for the holidays will be special program guests. On Tuesday, New Year's Eve, the traditional Watchnight Service will be held under direction of the Training Union beginning with a covered dish supper at 6:30 p. m. All members of the congregation are invited to participate.

Council To Meet

The Church Council of the Ascension Lutheran Church in Casselberry will meet Jan. 7 at 7:30 p. m.

Baptists Set Services

By Donna Estes Watchnight Services are scheduled for New Year's Eve from 8 p. m. until midnight at the First Baptist Church of Longwood. The regular mid-week prayer service will be held on New Year's Day at 7:30 p. m.

YA's To Meet

Young Adults of Westminster Presbyterian Church will meet at 8 p. m. today at the home of Mr. and Mrs. Carl Sanker, 129 Dolores Drive, Del Ray Manor.

Nazarenes Give Annual Report

Sanford's First Church of the Nazarenes has closed a successful calendar year with membership standing at an all time high.

Rev. Paul Bickes, pastor, reports that per capita giving increased in 1958 over 1957 with a record \$128.30 and that giving for all purposes also was at a new high mark. Recently the church received the largest offering for world-evangelism in its history, a total of more than \$600. Rev. Bickes explained that twice during the year an offering is taken for the church's world missions, at Easter and at Thanksgiving. Now firmly launched into an Expansion Program, the church has realized large success in the first step of this new venture. The planned debt reduction phase of the program is finding firm support with the people. A new church sanctuary facing on French Avenue with additional Sunday School and recreational facilities, is planned for construction in 1960.

Church Reports Annual Gains

The annual statistical report of the Church of the Nazarenes, released locally by Rev. Bickes of the Sanford church, shows that the denomination exceeded the 400,000 mark in world membership during the past year with a net gain of 4,849 in the U. S., Canada and the British Isles. Of the total 401,832 members, domestic members totaled 342,032 in 1958 and membership in overseas churches in 44 countries hit the 59,800 mark. Giving for all purposes reached a total of \$52,525,076 in the year, a 4.1 per cent increase more than in 1957. Other areas showing good increases during the year included the foreign missionary and young people's societies and Christian Service Training. The next General Assembly of the Church of the Nazarenes has been set for Portland, Ore., June 19-26.

Student Day Scheduled

Student Recognition Day will be observed this Sunday at the First Methodist Church of Sanford. College students home for the holidays and their parents will attend a luncheon in McKinley Hall immediately following the 10:55 a. m. service. Special activities honoring the students also are planned for the evening worship hour.

There's a way of healing both mind and body. It's a way that penetrates right to the heart of things — a way of love and regeneration. Looking deeper, it's a way of glorifying God. Everyone can follow it. Everyone can learn about it. A lecture called "The Healing Way of the Christ" will be given by Florence C. Southwell, of The Christian Science Board of Lectureship. Everyone is welcome.

Christian Science lecture

DEC. 29th — 3 P. M. Civic Center, Sanford—Sanford Ave., and Seminole Blvd. Under the auspices of First Church of Christ, Scientist in Sanford.

Lecture Set On Spiritual Healing

Spiritual healing will be the subject of a one-hour public talk on Sunday by Florence C. Southwell, a member of The Christian Science Board of Lectureship. The talk will be sponsored by First Church of Christ Scientist, Sanford and will be presented at 8 p. m., in the Civic Center. "The Healing Way of the Christ" is the title of the lecture. Mrs. Southwell has been an authorized teacher and practitioner of Christian Science for the past several years. She was formerly assistant manager of a Florida business firm but left in order to devote full time to her religion.

Ordination Set This Sunday

The Session of the Presbyterian Church of the Covenant, 3775 South Orlando Drive, will ordain David H. Fauver as elder and David H. Berrien, W. Sterne Bolle, Leroy H. Back and Max Coberly as deacons in services to be held at 9 a. m. Sunday. Rev. Thomas H. Makin, pastor of the church, advises that these men will serve three years, being the Class of 1965. The new building is not complete but has very adequate heat. Two five-ton air to air heat pumps keep the sanctuary comfortable and will do a thorough cooling job during the warm weather months. Sunday School classes will meet in the new rooms on schedule at 10 a. m.

170 Attend Service

The Christmas Service conducted entirely in the German language by Rev. C. R. Zehnder of the Ascension Lutheran Church of Casselberry on Sunday evening was attended by 170 persons. Rev. Zehnder plans another such service during the Lenten season. Special New Year's Day services at the church have been announced for 10:30 a. m. Wednesday. The public is invited.

Holy Cross Rector Assigned To Headquarters

By Judy White Church Editor

Rev. John W. Thomas, rector of Holy Cross Episcopal Church in Sanford for the past eight years, has announced his resignation to accept the office of assistant secretary of the division of research and field study of the National Council of the Episcopal Church. His last official duty here will be to preside at the annual Parish meeting to be held at Holy Cross on Jan. 18. In New York, Father Thomas will be in charge of his own office and staff for work to be conducted out of the Episcopal Church Headquarters in downtown Manhattan. As one of the five officers in the department who will conduct actual surveys for the planning of new fields of work, the relocation of existing work and improvement of present programs, he will make field trips around the United States for three months of each year. Mrs. Thomas and the children will remain in Sanford for the balance of the school term and after the first of the year will be at home at 100 Pinecrest Drive. After school is out they will join Father Thomas to make their home but outside of New York City. During the eight year period at Holy Cross the church membership has grown from 450 communicants to 625 with approximately 1,000 baptized members. Acolytes, a Boy Scout troop and Senior and Junior Episcopals.

epal Young Churchmen were organized, becoming a active group and Church School enrollment has almost doubled. During this time the parish also has made an outstanding contribution towards cementing relations with Navy personnel and families and the policy was instituted for congregational prayer for crews of jets flying over the church at low altitudes during service.

Improvements to the church plant include the erection of a tower and cross on a 1,500 pound bell. The church was painted and air conditioned and an annex building was purchased for use by the Church School. Active in spiritual and civic life of Seminole County and Sanford, Father Thomas has served as secretary of the Ministerial Association and has been an active member of many committees in the diocese. He served for 10 years in the Department of Camps and of Christian Education and three times has been the delegate to the Provincial Synod. He has been the Diocesan

After Gold advised for 15 years and he and Mrs. Thomas have directed five camps of the diocese. Father Thomas advises that the vestry has contacted the bishop concerning election of a new rector for Holy Cross which will be done as soon as possible. In the meantime, all services will be continued on regular schedule.

Byrd Feels His Economy Drive Has Paid Off

For 3 years Harry Flood Byrd, the senior senator from Virginia, has been wielding the economy ax on Capitol Hill. This year, he feels, it finally paid off.

The 76-year-old conservative Democrat views as most significant the action of Congress this year in whittling down foreign aid spending from the \$4.5 billion originally sought by the late President Kennedy to \$3 billion.

"This is the first time in a long time I have seen Congress really cut spending," Byrd said. "The people back home really have been speaking this time, and they were heard up here, I believe."

Byrd, now in his sixth full term as senator, regards federal budget deficits as akin to sin. As chairman of the powerful tax-writing Senate Finance Committee, he occupies a key position in President Johnson's plans for early action next year on the priority \$11 billion tax cut bill.

The President has promised that Byrd and his committee will get an advance peek at the budget for the next fiscal year, and has urged the heads of government departments and agencies to cut time and time again to cut spending wherever possible.

Johnson, a former Senate Democratic leader, is well aware of Byrd's power, not only in the Senate but in the politics of Byrd's home state of Virginia.

\$5 To \$1 Return Reported By GAO

WASHINGTON (UPI)—The federal "watch dog" agency spent \$47.8 million last year to see that the government wasted as little money as possible. It reported today that its investment paid off with a saving to the taxpayers of \$247.5 million.

In other words, for every dollar spent by the General Accounting Office (GAO), there was a return in savings of more than \$5.

The five-to-one ratio was a considerable improvement over the previous year when the GAO paid out \$48.2 million to produce savings of \$182.8 million — a return of slightly more than three-to-one.

The latest figures were contained in GAO's annual report for the fiscal year that ended last June 30.

The 42-year-old agency is an arm of Congress and was created to keep a continual and wary eye on the spending practices of the many federal departments and offices.

Sanford Youth To Get Highest DeMolay Degree

The highest degree in the Order of DeMolay will be conferred on Bedford Aiken at 2 p.m. Sunday in a public ceremony to be held at the Sanford Masonic Temple.

Aiken, who is the son of Mr. and Mrs. Dick Aiken, of 444 Elliott Avenue, Sanford, will receive the Order of Chevalier, an honorary degree bestowed by the Supreme Council for outstanding service to the order.

Presently a freshman at Davidson College in Davidson, N. C., Aiken was active in re-activating 54 masonic chapters in 1958. He served as Master Councilor of the local chapter from October to April, 1962. During his time of active membership he received the Representative DeMolay Award.

The ceremony Sunday will be conducted by the advisory council of Semnole Chapter. The Grand Commander will be Harry Rosenthal of Daytona Beach. Ed Webber will serve in the East with Earl Unger in the West. Cleo Williams will serve as chaplain and Roy R. Wright Jr., uncle of Aiken's will serve as marshal. Escorts will be from Taylor Commandery.

PETER E. Mallory, graduate of Massachusetts Institute of Technology with BSEE and SMEE degrees, has been appointed staff engineer in the research department of the aerospace electronics firm of Dynatronics, Inc.

W. S. Thornton Dies At Hospital

William S. Thornton, 89, died early this morning at Seminole Memorial Hospital following a short illness.

Born Aug. 11, 1874 in Raleigh, Ga., he came to Sanford 38 years ago. His residence was at 1618 W. First Street. He had been retired for a number of years after serving for 21 years as a rural mail carrier. He was a member of the First Methodist Church of Sanford, of the Men's Bible Class of the church and had previously served for 18 years as a member of the Board of Stewards.

He is survived by his wife, Mrs. Alice Thornton of Sanford; nieces, Mrs. R. L. Rowe of Jacksonville, and Mrs. Joder Cameron and Mrs. Daisy Speer of Sanford; nephews, A. L. Betts and W. E. Betts of Sanford and several nieces and nephews living elsewhere.

Funeral services will be conducted at 3 p.m. Saturday at Brison Funeral Home with Rev. John Adams Jr. officiating. Burial will be in Evergreen Cemetery. The family requests that flowers be omitted. Contributions may be made to the new wing of Seminole Memorial Hospital in memory of Mr. Thornton.

House, Senate In Token Sessions

WASHINGTON (UPI) — The Senate and the House met for a no-business token session today in a mood of some ill will, despite the holiday season.

Both chambers planned strictly pro forma sessions—lasting only long enough to convene, satisfy the requirements of the rules, and be gavelled into adjournment until Monday.

Sen. William Proxmire, (D-Wis.), acting Senate Democratic leader at last Tuesday's brief but rebellious session, said the Senate meeting was "strictly token. No speeches. We'll be in and out." The same held true for the House, where only a few members showed up.

Still to come was an anticipated wrangle in the Senate Monday over a disputed provision in the \$3 billion compromise foreign aid appropriations bill concerning export-import bank guarantees for commercial sale of U. S. wheat to Russia.

Proxmire said the fight "could last all day" and further prolong a session that already is the longest since the 1941-42 World War II meeting.

Sen. Barry Goldwater, (R-Ariz.), accused President Johnson Thursday of trying to treat members of Congress as his "personal errand boys" and forcing them to stay during the holidays to pass the aid bill.

J. H. Werner Dies In Winter Park

A former Sanford resident, John Henry Werner, died Tuesday at his home, 1316 Lindenwood, Winter Park. He had lived in Winter Park since leaving Sanford about three years ago. He was a retired chemist for a Philadelphia steel firm.

Services were held at Cox-Parker Funeral Home in Winter Park today at 2 p.m. Interment was in Glenhaven Memorial Park. The deceased is survived by his wife, Mrs. Mary Werner, and a daughter, Mrs. Dorothy Tirrell, both of Winter Park. He was a member of the Episcopal Church.

If all school kids who snore in class were placed end to end they'd be more comfortable.

Four-Year University

From time to time the proposed East Central Florida University has been called a four-year university, a space institute or an engineering school to be operated as an extension of the University of Florida.

To clear the air once and for all The Herald looked into this situation and found that the proposed institution will be a four-year degree-granting university operated independently of the University of Florida or any other state school.

The Herald learned that during the first year of the school's operation plans call for only a freshman class. During the second year there will be freshman and sophomore classes, during the third year freshman, sophomore and junior classes, and finally during the fourth year the senior class will be added.

Also, it is understood that temporarily there will be a graduate school of engineering which will be operated as an extension of the University of Florida. But this will not be a permanent operation.

Eventually, the East Central Florida University will have its own graduate school not only in engineering but in other fields as well.

All of this means that the Board of Control, in selecting the site for the proposed institution, must primarily consider the needs of high school graduates in the East Central Florida area.

Because of this, no better site could be considered by the Board of Control than either the Lake Ada or the Econ site in Seminole County.

The Lake Ada site, for example, would be easily accessible by students from Daytona Beach and points northward, DeLand, Crescent City, Eustis, Leesburg, Wildwood, Mount Dora, Zellwood, Orlando, Cocoa, Titusville, Mims, New Smyrna Beach and dozens of other intermediate points.

Interstate 4, U.S. 17-92, SR 46, SR 486, SR 484, Lake Mary Boule-

vard, and General J. C. Hutchison Parkway are among the numerous routes students could utilize in commuting to and from the university.

Another important fact to consider is that the day of a big university housing most of its students in dormitories is gone. In the first place, tax payers cannot afford to construct the accommodations necessary. Also, many students find it more economical to commute, rather than to live on campus.

Therefore, it appears that the Lake Ada site, particularly in view of the support it would have from the City of Sanford in the way of built-in facilities would be an excellent choice.

On the other hand, as The Herald has said before, the Econ site cannot be overlooked from a geographical viewpoint and from the standpoint of its natural beauty. On a long range basis it is quite conceivable that the Econ site would be the best. However, the Lake Ada location offers the facilities and the accessibility that is needed now in getting the university off the ground and into operation.

Regardless of which location is chosen — if either is selected — by the Board of Control, The Herald feels that from every practical point of view one of the two Seminole sites is undoubtedly the best choice the board could make at this time.

Thought For Today

They said to each other, Did not our hearts burn within us while he talked to us on the road, while he opened to us the scriptures. — Luke 24:32.

I have always believed in the inspiration of the Holy Scriptures, whereby they have become the expression to man of the Word and Will of God. — Warren G. Harding.

Political Notebook

WASHINGTON (NEA) — previously the Communist "Worker" in a front-page editorial had called for naming such a commission under Warren.

Dan Smoot, in an eight-page report on the killing of President Kennedy and his alleged assassin, Lee Oswald, asked, without answering: What apparatus was behind this making a martyr out of an American president just to hurt the right-wing movement?

The Rev. Billy James Hargis in his monthly "Christian Crusade" called the President's assassination the act of a "trained and dedicated Communist," without qualification.

So did the John Birch Society in full page newspaper ads headed "The Time Has Come." The impact was that the time has come to get interested in the John Birch Society and its campaign against communism. There was a direct appeal for contributions to a special advertising fund to finance wider publication of the ad. At the bottom was a coupon offering free information, or \$1 or \$5 worth of literature to acquaint respondents with the society.

Carl McIntyre blamed Oswald's murder on the "pro-Kennedy Rubenstein" and declared this killing had been costly to the conservative movement.

This line of argument is used by a number of the right-wing groups in making new appeals for funds to carry on their fight against communism. All the right-wing organizations are desperate for money, in fact.

"Our income has taken a nosedive," confesses the Rev. Mr. Hargis.

Publisher Frank C. Hargis put out a memo to the friends of "Human Events" early in December saying, "If we were to pay our current

This finally took the plunge and now looks to her progress report! Don't succumb to indecision and inertia, for they are really the icy fingers of death which try to strangle us long before our obituary appears in the paper. Happy marriage is also a superb beauty tonic, for wives usually look younger than spinsters!

Largely because of "spinster caution" she had been putting off this momentous step, although she admitted she loved her fiancé with all her heart.

So I really pushed her into a decision. And while she was still "sold," as a result of my solemnity, she also notified the local newspaper of the wedding.

For I knew that this would make an ideal type of marriage, so it was foolish for her to keep procrastinating.

After you have weighed the pros and cons and know that a certain course of action is right and proper, then act! Take the plunge!

Don't piddle along in futile indecision year after year, as many of you bachelors and spinsters are now doing.

Action is the symbol of life, while inaction is really a precursor of death!

"But suppose I should be making a mistake," Tina had protested at the outset.

"Your marriage is NOT a mistake," I firmly admonished her.

"And though you will doubtless make many minor mistakes thereafter, they should be logical errors."

"A logical mistake is one which occurs when you are following a desirable goal but

simply lack all the facts to be omniscient.

"Logical mistakes are inevitable but are also forgivable."

"For they take place when we are following a sound course of action."

"Errors that occur because we are sitting still, too cowardly to make a positive stand, are the unforgivable mistakes."

Tina went ahead and got married. Mrs. Crane and I attended the wedding, partly to give her psychological support.

And when Tina returned from the honeymoon, she told me:

"Dr. Crane, marriage is simply wonderful!"

"As I look back, I simply cannot understand why I ever delayed my wedding date."

"Now I regret not having married a year sooner. I just lost that extra year of happiness by my indecision and inaction."

Two years more passed and now Tina has a baby. She looks radiantly happy and though she may have occasional arguments with her husband, she is following a positive course of action.

Remember, action leads to creation while inaction produces stagnation.

Millions of Americans never come up even to the 50 per cent level of their capacity because of inaction.

When you are uplifted in soul and feel altruistic, then make a positive commitment. Agree to lead a Boy or Girl Scout troop. Or promise to sing in the choir or teach a Sunday School class or serve one of the committees of your service men's club or Women's Society.

For when you delay, that enthusiasm wanes. Soon you slide back into the "spinster caution" habit.

Inertia will then prevent your accepting your proper role in life, so you will actually be half moribund from inaction.

Thus, the coffin will partially engulf you long before your obituary, for inertia and withdrawal from life are two of the icy fingers of Death!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 50 cents to cover typing and printing costs when you send for one of his booklets.)

More than 41 million men and women in the U. S. use their automobiles to commute to and from work.

Private Education

The philanthropy of Americans is a major source of support for institutions and "Causes" entrenched in the national conscience, and education is one of these.

Each year the American people give away more than \$8 billion. Half of this amount goes to support religious activities. The next largest amount, or 18 per cent, goes to education, with some 12 per cent going to higher education alone.

Voluntary support for col-

leges and universities in the nation rose to 25 per cent between 1958 and 1960, according to the biennial report of the Council for Financial Aid to Education, Inc.

Contributions to Southern institutions increased 25 per cent during that time. The largest increase in support came from foundations, which increased their contributions 121 per cent in the nation and 80 per cent in the Southern region.

As a result of this increase, foundation support now accounts for about 18 per cent of the total voluntary contributions to higher education in this region.

The rubber industry should have another great year in 1961, says Harvey S. Firestone Jr., chairman of the board of the Firestone Tire and Rubber Co. The Firestone firm, says its head, has completed the best sales year in its history and profits are on the rise.

The rubber industry as a whole expects to ship 141 million passenger, truck and

farm tires during 1961. About 96 million of these will be replacement tires and if this estimate is a true one this will set a new record for the industry.

The Florida Beef Council says that roast beef, long a favorite in England, is fast taking a top spot for holiday entertaining in America, too. Guests welcome the change and the wise hostess who serves it will welcome the ease with which roast beef can be prepared. Earl Higginbotham, president of the Seminole County Cattlemen's Association, says "It has become a sort of tradition with us, and we always serve it to our guests at least once during the Christmas and New Year holiday season."

Unlike the trends for most other diseases, the mortality rate from peptic ulcers has been rising among women but decreasing among men, say statisticians of the Metropolitan Life Insurance Co. They observed that there was a 20 per cent reduction in mortality from stomach ulcers among white men aged 35 to 74 in the past decade. In contrast, however, the death rate among white women in the same age range rose by 20 per cent.

Itinerant Americans—some 8.4 million strong—spent nearly \$3 billion traveling abroad last year. This year the tourist figure should jump six per cent, and by 1973 U. S. travelers will spend \$7 billion abroad. U. S. spending on foreign travel has nearly doubled during the past eight years and is growing almost twice as fast as disposable income.

are people who look ahead
 looking forward to extra income
 December 31?

Because they save for what they want—
 where saving really pays off!

LOOK-AHEAD people know where they're going... know how they'll get there, too. They plan in advance, then count on regular savings to make those plans a reality. They count on us to make saving safe, profitable, convenient.

Right now they're looking forward to December 31st. That's the day they'll receive high-profit earnings on their hard-at-work funds.

Would extra income next year look good to you? It's yours to look forward to when you look ahead and start a savings program of your own right here. Come in soon.

Thinking Out Loud

BY JULIAN STENSTROM

Booster Roster "Drop In Bucket"
The Seminole High School football team's booster club now totals 303, according to Mrs. Charles Meeks and Mrs. Richard Elam, the two who head the organization's membership committee.

This, they feel, is a "mere drop in the bucket" to what might reasonably be expected of parents and fans of a conference championship school.

There are still far too many "moms and pops" of Seminole athletes who compete on one or more of Seminole High's athletic teams who have not been enrolled in the booster organization. Of course, it was pointed out also that there are many fans who do not have sons who participate in athletics who still could join the Boosters.

The turnout of fans at home games and at out-of-town contests indicates a great interest in sports at Seminole High. These same folks should join the Boosters, so feels the membership committee.

Now this is not to be construed as criticism, but let's use this example. This writer has been in Sanford since last August. Everyone knows that we are sports minded since we formerly wrote sports for The Herald and later for a number of years broadcast Sanford games in the Florida State League and also Seminole High's football and basketball games.

And yet, we have not been asked to join the Booster club. In fact, we don't know how to even go about it! We checked and found that many other fans also don't know.

During the last two years of the 13 we spent in California we served as executive secretary of a similar organization that raised funds through memberships for academic scholarships for athletes to attend Fresno State College, an institution with some 7,000 students.

During the time we served this organization the membership roster hit an all-time high. True, we received some memberships from "out of the blue" as a result of our general promotion.

But generally speaking, 99 per cent of the memberships we received were from going out after them, call in fans on the phone, sending them notices, re-enlisting old and current members, etc.

Frankly, we concur that hundreds of Seminole parents and fans would join the Booster organization if they knew what the cost of membership was and how to go about joining. This, we feel, is up to the Booster Club. We realize they do not have paid help. But The Herald stands ready to assist in anyway it can.

There used to be an old adage that went like this: "Tell the people and trust the Lord." We believe if the Boosters will do that they'll see Seminole fans come through with flying colors.

Miami's Barry Top Cage Scorer

NEW YORK (UPI) — The \$64 question in college basketball this season is whether or not Rick Barry of Miami, Fla., can jump from 6th place one year to national scoring champion the next.

NCAA Service Bureau's week-end rankings, show the 6-7 junior on top of the heap with an average of 35.9 for his first seven games that includes a single-game high for the season of 60 points against Rollins College. Barry, a native of Rosell Park, N. J., jumped from second place in last week's ranking, while the leader, Howard Hutz Komives of Bowling Green, Idle since last week's report, fell to second place with his 35.6 average.

7 Howey 'Hawks' On Honor Roll

HOWEY-IN-THE-HILLS — The Howey Academy "Hawks," currently trailing the Lakes and Hills Conference basketball race, boast one distinction which probably few teams in the state can claim.

Seven of Coach Don Gatewood's eight varsity courtmen were on the honor roll when six-weeks grade reports were issued recently.

Included in the seven honor roll athletes is starting guard Allen Whitt, whose academic average of better than 95 has kept him at the top of his class for several years. Whitt, a senior, is president of the Academy's student body, president of the National Honor Society and sits on the Honor Control Board, a group of students who enforce a student honor system.

A boarding student from Leesburg, Whitt has been on a full tuition academic scholarship for the past three years.

Vice president of the student body, sophomore Victor Vill, also of Leesburg is the other starting guard on the Howey team. He, too, was on the latest honor roll.

The other honor roll cagers are: senior forward Jeff Blaneveld, Leesburg; senior centers Worley Truett, Ormond Beach, and Mac Pate, Howey-in-the-Hills; junior guard Tony Lopez of Bahia de Manzanillo, Dominican Republic, and senior forward Buddy Dana, of Puerto Ordaz, Venezuela.

Defending champion Nick Werkmann of Seton Hall, slipped from 12th to 22nd with a 25.1 norm, while last year's runner-up Harry Kramer of New York University, fails to show in the top 24 with an average of 23 points a game.

Champs To Be Guests Of Booster Club

The Seminole High School football squad, managers and coaches will leave Sanford Saturday morning from the First Federal Parking lot at 9:30 a.m. to witness the North Carolina University Tar Heel vs U. S. Air Force Academy Falcons tussle in the festive Gator Bowl at Jacksonville. They are going as guests of the Seminole Boosters club that is furnishing the Greyhound transportation and the tickets.

Included in the party are 35 members of the Orange Belt Conference champion team, three managers and five coaches. Dr. O. L. Barks, Booster president, pointed out that the trip is not being given the footballers because they are conference champions, although that is a good reason for doing it. Rather, he said, it was because the boys had given up an invitation to play in a post-season bowl game because the school athletics department needed funds with which to buy new equipment. By playing the Kismimmee game here, they could help provide some of that money.

"This school spirit, this sacrifice for others is part of the fine sportsmanship that has characterized this team all year and is one of the things for which the Boosters club stands. While the football players or coaches expected no recognition nor reward for what they did — and perhaps because of that very thing — the executive committee of the Boosters decided to honor them by giving them the Gator Bowl trip," Dr. Barks said.

The 9:30 a.m. departure time should get the team to the Gator Bowl about an hour before the 1:30 p. m. starting time of the Tar Heel-Falcon classic, providing some time for the boys to look around, get a hot-dog (or two) and see the pre-game warm-ups.

Their chartered bus will leave the Gator Bowl immediately after the game for the return trip.

Aldaz, Agustin Win Feature

Aldaz and Agustin put their talents together in impressive fashion to win Thursday night's feature eighth game doubles at the Orlando Seminole Jai Alai Fronton.

Alternating with a series of dazzling shots, the winners ran up four straight markers in the first time out, being halted momentarily by Martin and Iriarte, they came back to take the win at the expense of Arellito and Echaniz.

Anacaba and Arellito won the daily double, paying \$122.00 on the 7-6 combination. The second game, won by Elu and Juanchu, produced a \$73.00 quiniela payoff and returned \$130.50 for the perfects.

Seminole Cage Teams Resting For Holidays

Seminole County's four high school basketball teams are taking it easy these days — getting plenty of rest for the resumption of cage activities scheduled after the arrival of the New Year.

Head Coach Ralph Stump's Sanford Seminoles will go back into action a week from tonight when they entertain the Boone High School Braves at the Fleming Memorial Gym here in Sanford. This will be a Metro Conference affair.

To date in official conference play the Seminoles have won one and lost one. They registered a victory over Orlando Edgewater and lost a decision to Orlando's Maynard Evans. So far this season the Tribe has won only one contest while losing four. In addition, the locals lost their one appearance in the Tangerine High School Basketball Tournament.

Meanwhile, at Oviedo the Lions will not return to action until Jan. 7 when they travel to Ocoee for a contest with the Cardinals.

At Longwood, the Lyman High School Greyhounds go back into action a week from tonight when they move down the east coast to Eau Gallie for a non-conference contest there.

Back in Sanford, the Crooms High Panthers are not slated to return to the hardwoods until Jan. 13, when they go north to meet Palatka High.

PAY PLAYS
B Play
By Dolph Schayes
Philadelphia 76ers Coach
What the Philadelphia 76ers call the B play is designed to provide daylight for a jump shooter to get a clear shot.

The play opens with Number 1 passing the ball to 2. Number 1 then moves to a spot near 5, where they set up a double screen. Number 2 dribbles to the left. Number 4, the jump shooter, uses the double screen set up by 1 and 5 for his pet shot. The roles of 3 and 5 are to serve as rebounders should the shot fail.

There are many options, the variations depending on how the defense plays the setup. Most clubs in the National Basketball Association use this particular play, which is known in some quarters as the California offense.

BILLY KUYKENDALL

A first-year varsityman, Billy Kuykendall is a junior at Seminole High School. Billy played defensive halfback for Head Coach Jim Pigotta Headhunter unit during the recent football season before a shoulder injury forced him out of action. Kuykendall weighed in at 150 pounds and wore jersey No. 30 while he was in action. He has specialized in open field tackling, say his coaches, along with pass defense work. He had good hands to go along with his sterness in intercepting or knocking down opponents' passes. The coaching staff has been well pleased with Billy's attitude and all out efforts. Billy operates on the old defensive adage—"Don't let one get behind you." Kuykendall also participates in baseball at S.H.S.

Rodriguez Vs. McClure Tonight

MIAMI BEACH (UPI) — Former welterweight champion Luis Rodriguez, fighting his way back up, takes on young Wilbert Skeeler McClure in a 10-round middleweight fight here, tonight.

The bout, which will go on national television from the Miami Beach Auditorium at 10 p.m. EST is important for the former champion, who is trying to break into the middleweight ranks, and for the young teacher-turned-puncher who is on his way up for the first time.

McClure has 14 wins in 13 pro fights. The only loss was to Rodriguez.

Record Entries

LOS ANGELES (UPI) — A record 412 golfers have entered the \$55,000 Los Angeles Open golf tournament which begins the PGA winter tour next Thursday at Rancho Park.

Nearly every top money-winning pro is in the field except Jack Nicklaus and Gary Player.

Scout Dies

CINCINNATI, Ohio (UPI) — Eddie Rice, long-time baseball scout for the Cincinnati Reds, St. Louis Cardinals and Chicago White Sox, will be buried Saturday. Rice died of a heart attack Tuesday while shopping for Christmas presents. He was 66.

Material Gets His Chance In 10th Race

Material, the ace sprinter of the Jack Herold Kennel, gets a chance to redeem himself for missing a berth in the inaugural handicap tonight in the featured 10th race at the Sanford-Orlando Kennel Club.

Material won the Puppy Stakes last summer at Sodrac Park in South Dakota and finished fifth in the \$50,000 Phoenix Futurity. He was in the money in 11 of 12 starts at Sodrac with five wins, four seconds and two third-place finishes.

The big 66-pound speedster came to SOKC with great credentials but missed the chance to run in the inaugural when he was beaten in a schooling race by kennelmate Ryandale.

Another greyhound who beat Material in a schooling race will be running against him again in the feature.

Tom Sweeney's Stue pulled the trick coming from behind for a big upset on Dec. 14.

The first mainline program of the season is scheduled for Saturday at 2 p.m. Fred Trevillion's Sail Ahead—winner of the Phoenix Futurity—will be making his first official start in the featured ninth race of the mainline program.

El Paso Lass nosed out Steek Ponda in a battle of favorites to win the featured 10th race Thursday night. Food Town, a 5 to 1 shot, ran third.

Steek Ponda grabbed the lead from pace-setting Food Town on the backstretch, but had to settle for second as El Paso Lass closed with a rush on the outside.

Clay Named 'Fighter Of Year'

NEW YORK (UPI) — Unbeaten Cassius Marcellus Clay, boxing's golden gasser, defeated heavyweight champion Sonny Liston in their first head-to-head contest—for the Ring Magazine's title "fighter of the year" that publication announced today.

Despite Liston's remarkable repeat first-round knockout over ex-champion Floyd Patterson, Liston finished second to young Clay in the ring-staff's voting because of the lively lift that Cassius gave the fight game as he lapped and laughed his way to the challenger's role.

The DeBary volunteer firemen and auxiliary members held their annual covered dish supper and Christmas party in the Recreation Hall with about 100 guests present. The buffet tables were laden with ham and a variety of cooked dishes. The ham, dessert and beverage was supplied by the auxiliary. The tables were decorated with greens and looked festive in their holiday theme. Mrs. C. Schneider was chairman and was assisted by auxiliary members.

Man in Red Suit With Whiskers Visits Civitans

That old gentleman with the red suit and white whiskers put in a guest appearance at the annual Christmas Party held by the Sanford Civitan Club Thursday, Dec. 19, at the Capri Restaurant bringing gifts for all.

Forty-four Civitans, their wives and guests enjoyed the successful event and were treated to a delicious steak dinner.

The Christmas Party Committee consisting of Bill Clause, Bud Loyer and Ernie Whittaker, made all the arrangements.

Charles Kampf, club president, called the meeting to order and the pledge to the Flag was led by Bill Kinnefelter. John Brunley gave the invocation.

Bill Clause presented a different version of "The Night Before Christmas" and Hammond Polk played the jovial Santa.

Enterprise Personals

Mrs. Mary McBride, former resident of Enterprise for many years, is back home again and now occupying the Wilson apartment. Jack, her son, came up Saturday to pick up his mother and Aunt Lois of Orlando to spend the holidays with his family in West Palm Beach.

Mr. and Mrs. L. M. Wright are spending the holidays with daughter Bertha and her husband in Jacksonville. They will be joined by Mrs. Alberta Sauls of Atlanta, Ga.

TABLE HOPPING

BY JUDY TURNER

Time for resolutions, housecleaning and egg-nog. Best of all, it's time for parties and a wish to you for a Happy New Year.

An honest-to-goodness old time southern New Year's

will be celebrated at Jim Spencer's. As in the past the main item on the menu for 12:01 a.m. January 1964 will be hog jowls and black eyed peas. If you think you need some luck for 1964, better get your share of it at Spencer's party. There will be plenty of food and fun for all.

There's no better time to take advantage of the What-a-burger than these days the kids are home. Order lunch on the phone and drive down to pick it up. No fuss, no muss and no trouble. Best of all, the kids will enjoy the treat.

The younger set will have their New Year's eve fun at the Skate City Roller Rink. The party there begins at 7:30 and will last until 1 a.m. There will be favors and fun during the five hours of skating.

Latest news at the Caribe is that our good friend Flo has retired from the lounge to a career in the gentle art of housewifery. We'll miss her cheerful smile and ready wit. Just the same, the Caribe has an able bartender in the name of Homer Daffron who is filling in until the first of January when Mrs. Jack Morganstein will take over permanently. Homer reports that they're expecting quite a crowd for New Year's Eve and are all ready with the favors, hats and noise makers. Hours are indefinite on this ... it starts "anytime" and lasts "until."

There will be favors for customers who ring in the New Year at Freddie's Steak House also. Entertainment will be provided by Bruce West at the organ and the usual fine menu will offer a wide choice to party-goers.

It will be a "hot" party at the Capri Dec. 31. Starting the fire will be a band from Cocoa Beach brought here especially for the event. The group goes by the name "Inferno." They play regularly at Cocoa Beach, so it should be something for Sanfordites to look forward to. Reservations are already streaming in for the Capri party, so if you want to go, give them a call right away. The band will begin shortly after 8 p.m.

Another party the teenagers (and young and old "teenagers") will enjoy attending is the shindig at Melodee Skating Rink. There will be skating from 7:30 till 10:30 and a Sock Hop from then till 12:30. Hats and favors will be provided.

Australia is the only nation to occupy an entire continent.

"Gidget" At Movieland

JAMES DARREN and newcomer Cindy Carol have a lovers' quarrel in the new Jerry Brueker production, "Gidget Goes To Rome," the Columbia Pictures release in Eastman Color, at the Movieland Drive-In Theatre Tuesday and Wednesday.

DORIS DAY and James Garner are the stars of "Move Over, Darling," currently featured at the Ritz Theatre.

A new "Gidget," the third, will be featured Tuesday and Wednesday at Movieland Drive-In Theatre. This is the Jerry Brueker production, "Gidget Goes To Rome," in color and starring Cindy Carol as "Gidget."

Sunday and Monday fare at Movieland featured "Twilight of Honor," starring Richard Chamberlain (Dr. Kildare in the TV series), and "Blue Denim," starring Carol Lynley.

Also on tap for Tuesday and Wednesday will be Jerry Lewis in "The Sad Sack." On Thursday the billing is "5 Weeks in a Balloon," in color and starring Fabian, and "Rome Adventure," in color and starring Troy Donahue.

The triple feature for Friday and Saturday, Jan. 3-4, is an Elvis Presley marathon—"Kid Galahad," "Girls, Girls, Girls" and "Follow That Dream."

Previously played by Sandra Dee and Deborah Walley in "Gidget" and "Gidget Goes Hawaiian," respectively, the exuberant teenager now is played by lovely Cindy Carol, winner of a nationwide talent search which enlisted support from newspapers, radio and television stations, school dramatic groups and theaters.

According to Hollywood report, Miss Carol is a superb "Gidget." Hollywood also reports that "Gidget Goes to Rome" is superb motion picture entertainment.

Dear Abby: By Abigail Van Buren

DEAR ABBY: A few months ago I wrote to you about my husband seeing another woman. I talked it over with him like you said I should. He denied it at first, but it all came out in the open a few weeks later. He says he loves this other woman too much to break off with her. (She is also married and has children.) He doesn't want a divorce or separation from me because he says he still loves me and he adores our children. I love him too much to kick him out. What do I do now?

DEAR ABBY: A school dance is coming up and it's girl-ask-boy. The boy I would really like to ask has never asked me to anything, so my mother is making me invite a real croaky kid who has taken me to a couple of school things. Isn't there some way I could get this real cool guy to ask me to something right away so I could take him to the dance instead of the other one? The croop doesn't know how to dance and I got so tired walking backwards all night.

EIGHTH GRADER: DEAR ABBY: Ask the boy who has asked you out. And if you have any spare time, invite him over first for a few dancing lessons.

DEAR ABBY: My daughter, 23, is being married soon. She is a college graduate and has always been the most wonderful daughter a father could wish for. Her mother and I were divorced when she was 16.)

(Her mother was unfaithful to me, but I acted the "gentleman" and let HER sue me for divorce.) Our daughter has since divided her time between her mother and me. (Mostly with her mother.) I never remarried. My daughter wants me to give her away at her wedding, and I want to. But I cannot bring myself to stand beside my former wife at the wedding, sit with her, dine with her, and share congratulations in the receiving line with her. Only God knows how I hate that woman! I cannot shake that hatred. What should I do?

PROUD FATHER: DEAR ABBY: You CAN shake that hatred if you try. I say try hard, and replace your bitterness with compassion. And go to your daughter's wedding.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge By Oswald Jacoby

The classic nine spot false-card was made by Harry Fishbein of New York some 20 years ago. Or maybe it was 30 years ago. Harry has been playing for a long time.

In any event, it was before the days of scientific bidding and South arrived at six diamonds in two shakes of a bridge player's tale.

Harry won the opening heart with the ace and returned the jack of spades. South won with the ace and laid down the king of diamonds. West played the five.

South continued with the queen and is still complaining about his tough luck. He is justified even though at least

trumps, but rather for the bad break in opponents. Had Harry simply dropped the six or seven of spades South would have reasoned: "If West started with four trumps to the jack-nine I won't be able to make the hand. If East started with that annoying holding I can simply lead to dummy's ace. West will show out and I will have a proven finesse."

When Harry dropped the nine all this changed. Now South could play his queen and if Harry showed out there would be a proven finesse against West. It looked as if East was more likely to be short in trumps than West and South fell into the trap.

When you meet a man you want to see again, handle your first date this way: Don't try too hard to impress him with how popular you are, how smart you are, or how sophisticated you are. From the youngest to the oldest, men like to do the impressing.

Don't tell him everything about yourself, so that there is nothing left for him to wonder about.

Chatter along when it is necessary to fill an awkward silence or put him at ease if he is the shy type, but don't talk so much he doesn't get a chance to do anything but listen.

You may be dying to know who he has been dating, but don't ask. That sounds too much as though you have de-

signed on him. Don't drag a girl friend and her date in on the party, unless he suggests it. Let him make the plans for the evening.

Don't stay out late on your first date. Bring it to an end while you're both having fun and wishing the evening didn't have to end so soon.

Don't give him any false impressions about yourself or your family. Let him accept you for exactly what you are. No parking—even if he tries

it. After all, if you park with him on your first date, he'll certainly assume that you are always that quick to get acquainted.

Don't ask him to call you, or try to rope him in on some doing your crowd is cooking up. Let him wonder if he is going to see you again.

Be sure that when you say good night you make it clear that the most pleasant thing about the evening was being with him.

Barge Canal Bid Opening Set

JACKSONVILLE (UPI) — Bids for the beginning of construction of the \$125 million cross-Florida barge canal are tentatively scheduled to be opened Jan. 29, the Army Corps of Engineers announced today.

The first contract will be for excavation of one mile of the canal, some 6 1/2 miles south of Palatka.

Col. H. R. Parke, district engineer, said the construction will start at that point to provide a water access to the first of five locks. There is a waterway between Jacksonville and Palatka 15 feet deep and 100 feet wide.

The first contract will extend the 15-foot deep channel to a point within three-quarters of a mile of the St. Johns lock in Putnam County.

A second contract scheduled to be advertised about Jan. 19 and opened in mid-February, will call for excavation of a land cut westward from the St. Johns lock for a distance of several miles, the engineers said.

IN 1926 the family moved to Sanford after tours at NAS Lakeland, N. J., NAS Memphis and NAS Glycra, Ga.

Activities at NAS Sanford began when Joy became the publicity chairman for VAH-9 when she was a member of that wives group. Other tasks included work on the NOW central committee and teaching Sunday School at the NAS chapel to fourth, fifth and sixth graders.

Joy recently received her 100 hour pin for her Navy Relief work.

Since joining the staff wives club Mrs. Markley has been a representative to the NOW club executive board and was the recording secretary of the 1953 board.

In addition to her club activities and taking care of the two Markley sons, Chicker, five, and Michael, three, Joy also enjoys bowling, flower arranging and gardening. Another hobby is oil painting, about which she said, "I'm not good, I just enjoy it."

Shipyard

Miss Linda Stefkovich, daughter of CWO and Mrs. August Stefkovich, arrived home Saturday from West Virginia University.

Linda, a freshman at the university, is a graduate of Seminole High School.

The film was accompanied by her maternal grandparents, Mr. and Mrs. E. D. Shrader of Morgantown, W. Va., who will spend the holidays with the Stefkovich family.

Plans to view a film on the crippling effects of polio on the expectant mother were made by the CPO wives at their recent meeting.

The film, illustrating the detrimental effects of polio on the unborn child, will be shown Jan. 7, at 10 a. m. at the USO center. Mrs. J. R. Hoolihan will narrate the film.

The public is invited to attend the showing, which is sponsored by the CPO wives. In other business, the wives discussed the election of officers which will be held at the January meeting.

Texas 'Country' Lawyer's Ability Startles Belli

DALLAS (UPI) — A defense lawyer in the Jack Ruby case Wednesday praised the district attorney's handling of a bond hearing Monday and said it was "quite a shock" to Melvin Belli, chief defense counsel.

"I think the big city lawyer from out-of-state found out that Texas district attorneys can hold their own in a courtroom," Tom Howard said in an interview with Larry Dum of the Dallas Morning News.

"And I think it came as quite a shock to him," Howard said. "It hasn't quite soaked into him yet. But I think it's about time it did."

Howard was retained by Ruby a short time after Lee Harvey Oswald, accused Presidential assassin, was gunned down in the basement of city hall.

MRS. WADE MARKLEY

were Mrs. Ralph Simas, Mrs. J. F. Uhr and Mrs. R. E. Pope.

Others attending were Mrs. W. R. Armstrong, Mrs. C. G. Dietze, Mrs. V. W. Ganderlin, Mrs. Grace Keck, Mrs. Alvera Kelly, Mrs. C. E. Morton, Mrs. F. J. Murray, Mrs. H. B. Quinn, Mrs. P. W. Simpson, Mrs. J. S. Staniewicz, Mrs. A. A. Vallier, Mrs. S. L. Wiggins, Mrs. P. J. Weber and Mrs. L. E. Morgan.

Mrs. Elsie Reh and Mrs. Helen Tyre were hostesses for the VAH-5 enlisted wives of the Christmas meeting at the BOQ wardroom.

Gifts were exchanged and Christmas decorations and refreshments carried out the holiday mood.

During the business meeting Mrs. Reh was chosen to be in charge of giving baby gifts to expectant mothers in VAH-5.

Election of officers will be held at the Jan. 16 meeting of the club, and all VAH-5 enlisted wives are urged to attend.

Others at the meeting were Mrs. Peggy Gregg, Mrs. Marie Bunting, Mrs. Ann Blevin, Mrs. Judy Boyce, Mrs. Wendy Baker, Mrs. Janie Burke, Mrs. Laura Graves, Mrs. Lynn Wilson, Mrs. Shirley Dillow, Mrs. Sharon Hutto, Mrs. Pat Manning.

Mrs. Linda Pitman, Mrs. Barbara Rohrer, Mrs. Ruth O'Neill, Mrs. Etta Farrell, Mrs. Carol Stout, Mrs. Barbara Rameau, Mrs. Lois Lindsey and Mrs. Betty Tipton.

A guest of Chief and Mrs. W. R. Armstrong from Staunton, Va., is her brother, Wayne Armstrong. He is spending a few days during the holidays with them.

Mrs. P. N. Becton of Greenville, S. C., arrived Sunday to spend Christmas with her son and family, Lt. (jg) and Mrs. Phillip Becton and Neal. She will be at the Becton's Banana Lake home through the weekend.

The parents of Mrs. R. R. Pope, Mr. and Mrs. Van Martin of Hobart, Ind., are visiting their daughter for several days during the season.

Officers wives of VAH-1 met at the home of Mrs. Jesse Taft for a Christmas dinner Saturday.

Mrs. Taft served beef Stroganoff, gelatin salad, and French bread to the guests.

Wives at the dinner included Mrs. L. J. Reinhardt, Mrs. E. R. Brewer, Mrs. James Durbin, Mrs. Russell Gestman, Mrs. Robert Guert, Mrs. Paul Haney, Mrs. J. F. Moore, Mrs. Pat O'Garra, Mrs. John Spartz, Mrs. Keith Tournay, Mrs. Gunnar Welter, Mrs. Paul Wireman and Mrs. Lewis Musgrove.

After the dinner Mrs. Reinhardt urged the squadron to attend the Jan. 16 change of board coffee to vote for Mrs. Alan Weeks, a member of the club, who is running for first vice president.

Mrs. Kermit Jamison was the hostess for officers wives of VAH-11 and Det. 8 at their Christmas bridge.

The Jamison home was decorated for Christmas and the main table featured a European wooden handpainted tree with carved wooden decorations. Real candles lit the tree.

The hostess served Christmas cookies and salad with the coffee.

High honors went to Mrs. Jamison. Others present were her mother, Mrs. Houston of Canton, Ohio, a guest, Mrs. Harris of Sanford, and squadron wives Mrs. J. F. Barlow, Mrs. Bart Bartholomew, Mrs. J. M. Rannels, Mrs. William Donahue and Mrs. W. A. Yelick.

TOUR of HOMES in the Sanford - Seminole Area

Seminole Growth Picture Bright

Christmas is over and we face the New Year with hopes for much progress in our county and State. Early in 1964 we hope to be the location for the new University. Later, more progress in the Canal, and many other things that will make our County and its communities grow and prosper.

People who have faith in this continuing growth are Shoemaker

Construction Company, developers of Ravenna Park and Idyllwilde, and Builders, developers of Greenbriar of Loch Arbor. They have built, and are building, quality homes in varying price ranges, in well-selected locations. Careful planning makes any of these communities a wonderful place for Florida living.

Drive through Ravenna Park. There are several lovely homes now

ready for inspection in the new third section. And, to answer your first question, they all feature central duct heating. See their many other features.

In neighboring Idyllwilde, which has been "sold out" for many weeks, there is a distinctive 3 bedroom 2 bath home nearly complete at 110 Idyllwilde Drive. Give it a look! Then drive on out and see Green-

briar, nestled against the beautiful Mayfair Golf Course. Homes are ready to see at 100, 107, 108, and 109 Highland Court. They include a fascinating Contemporary design, and a handsome 4 bedroom 2 bath Colonial. See them all.

And having seen these homes, you'll get a small glimpse of the future — of how our area can grow, beautifully.

While you are out driving this week-end, take this page with you. The map above will assist you in locating some of Sanford and Seminole County's outstanding real estate. Take a circle tour and see them all, you may find just what you are looking for in the way of a home.

THE PHANTOM BEN CASEY CAPTAIN EASY MORRY MEKLE ALLEY OOP FRECKLES AND FRIENDS STANLEY MERCK

By Julian Stenstrom
There will be some 13 million cars on the move during the New Year holiday. That alone ought to be enough to impress upon you the necessity of taking it easy and watching the other fellow.

We wrote a sports column in Friday's edition of The Herald about membership in the Boosters Club. We had word from the organization that its present membership of 500 was a drop in the bucket. We reported that we had been back in Seminole since last August and despite all the marauding. The Herald had run about the Boosters Club nobody had informed us how to join, how much a membership cost, or how to go about it. We found out! First thing this morning in comes George Touhy with one question, "Where's your buck?" Add one new member to the Boosters Club.

Back to holiday driving again, the Florida Turnpike Authority recommends a "Turnpike Driver's Drink"—guaranteed to improve mileage, longevity and vision. Use six ounces of high grade scotch, six ounces of orange juice and six ounces of water. Pour the scotch in the gas tank, drink the orange juice, and apply the water to the windshield. All turnpike motorists using the Sunshine State Parkway between Orlando and Miami between 10 p. m., Dec. 31, and 6 a. m., Jan. 1, will receive free of charge one serving of orange juice or hot coffee. How about that?

Authorities at the Seminole County jail say they have received numerous compliments on the holiday lights which have decorated the premises during the year-end season. And they deserve it. The jail—if we can put it this way—does look nice, especially from the outside.

One little fellow we know dashed in the house the other day with a nerve-shattering "Hey, Mom!" The youngster added, "I've just found out there is no Santa Claus." "Who told you that?" the mother inquired. The little one replied: "The tooth fairy."

R. E. Kipp, former Seminole High teacher who is now Orange County's superintendent of Public Instruction, reports there will be a groundbreaking exercise soon for the construction of the new Channel 4 educational television station. The station will serve ten county school systems in this area—including Seminole. For those of you who are interested, and many are in Seminole, the Florida Educational Television Commission will meet in Orlando, 1:30 p. m., Friday.

G. Lee Anderson has come up with some sound advice for 1964. He says, "Ring out the old, ring in the new. Ring out hate, ring in love. Ring out war, ring in peace. Ring out strangers, ring in friends. Ring out despair, ring in hope. Ring out sin, ring in God." It's a pretty big order, but let's try.

Trooper Hill of the Highway Patrol says, "If you're getting into traffic trouble up to your ears it's because you're sticking your neck out too much."

A rose is a rose is a rose—wrote Gertrude Stein. If her statement was intended to show us man's inability to describe this beautiful flower, it is just as true today as when written. For years it has been almost as difficult to successfully grow roses in Florida.

The Florida Extension Service, advises Seminole Agricultural Agent Cecil Tucker, has just issued a booklet entitled "Roses in Florida." It is the first such publication issued by this agency since 1932. If you would like a copy contact Tucker.

Leibling Dies
NEW YORK (UPI)—A. J. Leibling, 59, sharp critic of the nation's press, died Saturday. Leibling was a staff writer with the New Yorker magazine when he died.

3 Deaths Raise County Traffic Toll To 27

Seminole County's traffic toll in 1963 rose to 27 over this last weekend, with three persons killed. The dead: Herman Lee Rader, 18, of 119 Lake Dot Drive. Eugene Capley, 20, of Seminola Boulevard, Casselberry. Anderson Williams, Negro, 33, Tampa.

Rader was killed at 10:35 p. m. Saturday when the automobile he was driving collided with a power pole while he was speeding on Old Orlando Highway in an effort to evade police pursuit, according to City Patrolman John Dodson. Trapped and injured in the overturned car were Charlotte Henderson, 16, of 1303 Elliott Avenue, abrasions; Deborah Maples, 15, of 2111 Summerlin Avenue, fractured arm; David Smith, 11, Beth Drive, Havana Park, cuts and bruises, and his brother Terry Smith, 17, head injury.

Born Feb. 23, 1945, at Front Royal, Va., Rader and his family had made their home here for the last three years. He was a pointer by trade, had attended Seminole High School and was a member of Jehovah's Witnesses Church of Sanford.

Surviving are his parents, Mr. and Mrs. John H. Rader, and four brothers and sisters, James, Robert and Vera Rader, Sanford, and Mrs. Eather Corbin, Front Royal.

Funeral services will be conducted at 2 p. m. Tuesday at the Harrison Funeral Home. Burial will be in Oaklawn Memorial Park Cemetery.

Capley was killed Friday night north of Altamonte Springs when his car skidded into one driven by Aaron Sumter, 18, and then crashed head-on into a tree.

Capley, an employee of Super Concrete Company, Altamonte Springs, was a member of the Baptist Church.

Capley is survived by his parents, Mr. and Mrs. S. Capley, Davenport; his brothers, Thomas and Austin, Fort Lauderdale; Ellis, of Miami; Jack of Casselberry, and Carl Capley of Immokalee, and his sisters, Mrs. Mary Jo Marshall of Casselberry and Mrs. Jeannette Falkner and Mrs. Nancy Adams, of Washington, D. C.

Funeral services will be conducted at 2 p. m. Tuesday by Rev. Jack Thomas at Dave Lane Funeral Home in Haines City. Niblack Funeral Home was in charge of local arrangements. Burial will be in Haines City Cemetery.

LBJ Aides See 'Best' Year With Tax Cut

WASHINGTON (UPI)—President Johnson's top economic advisers believe that 1964 could be one of the most prosperous periods in U. S. history if Congress approves a tax cut.

Commerce Secretary Luther H. Hodges and Walter W. Heller, chairman of the President's Council of Economic Advisers, made the forecast in separate statements Sunday.

Hodges predicted a 1964 increase of nearly five per cent in the rate of the nation's economic growth, even after allowing for a slight rise in the price level.

In 1963, the rate increased by 3.3 per cent, but about 1.5 per cent of this represented higher prices, Hodges said.

Heller said that, given a tax cut, "we can continue to grow in this great economy of ours and to grow even faster than we have before."

He forecast "A better era, both in the state of the economy and in the state of the American spirit" in attacking poverty, disease and discrimination.

Hodges' bullish sentiments were contained in a year-end report on the economy and future growth closely to the fate of the administration-backed \$1 billion tax cut measure, approved by the House and awaiting action by the Senate Finance Committee.

Some of the coldest December weather in history continued from Minnesota to the Appalachians.

Midwesterners turned up furnaces and heaters against the record cold, touching off a rash of death-dealing fires. At Clawson, Mich., a mother and two of her children died in flames which destroyed their home Sunday. Two children were killed in a fire in Chicago Sunday night. A rash of fires in Pittsburgh claimed the lives of three men. A mother and two children burned to death in a fire at Tom's River, N. J.

East Seminole Development On Proposed Canal Route Announced

Group Holds Option On 7,300 Acres

By Fred Van Pelt
Plans for the development of 7,300 acres of open land within the St. Johns-Indian River Canal complex, east and north of the Osceola air-strip, in Seminole County, were announced this morning by Norman Lund Jr., of Melbourne.

Lund's announcement followed the release of a map showing the canal right-of-way from Lake Monroe to Indian River by Harold Scott, of the engineering firm of Reynolds, Smith and Hills, Jacksonville who was in Sanford this morning conferring with John Kriker, Canal District chairman, and others.

Lund told The Herald by telephone he and his associates hold an option on the 7,300 acres from the Cameron Brothers and plan future development. But, he added, whether the land is developed into industrial sites or into home sites depends on the final location of the St. Johns-Indian River Canal.

Scott's map, released today, shows the canal alignment to roughly follow the St. Johns River from Lake Monroe in its meandering courseway to a point just north of Lake Harney, where it would cut across due east to a point on the Indian River just south of Oak Hill.

The 30-mile, \$11 million waterway will include a number of highway bridges and two locks, the latter to place the canal above the land level and to prevent intrusion of salt water into the fresh river water.

The State Board of Conservation lent the St. Johns-Indian River Canal District \$10,000 to pay for the engineers' plans for the waterway alignment. Three property owners have proffered grants—the necessary canal right-of-way to Highway 1. The district will be required to purchase a few hundred yards between Highway 1 and Indian River.

West Berlin Agrees To Wall Talks

BERLIN (UPI)—West Berlin today accepted informal Communist proposals to negotiate a new agreement for West Berliners to pass through the Communist wall in the future to visit East Berlin.

West Berlin Deputy Mayor Heinrich Albertz said the city government is ready to meet with the East Germans in an effort to reach a new official agreement. The current holiday visiting pass agreement, reached in unprecedented negotiations this month, expires Jan. 3.

There was uneasiness in the West Berlin press over the prospect of negotiations with the Communists, whose regime the West does not recognize. But Albertz said there was no reason for such fears. He said the city acted only in agreement with the West German government and the Western Allies.

He said the "technical, practical contacts" with the Communists did not constitute recognition. Western Allied sources disagreed and said West Berliners would not have accepted the visiting passes if they realized the political cost.

West Berliners took advantage of their passes Sunday in record numbers, with 151,621 crossing into the Soviet sector for the day. The previous day's high was 70,000 on Saturday.

Jacksonville Hotel Combed For Fire Clues

JACKSONVILLE (UPI)—Fire marshals, building inspectors and insurance investigators combed the 14 story Roosevelt Hotel today for clues to the cause of a fire that killed 21 persons and injured 60.

Most of the victims were choked by the deadly black smoke that rose from a fire on the first floor and filled the hotel, blocking escape routes.

The hotel was filled to capacity with Gator Bowl football fans, including Miss America. (See Miss America Story on Page 5).

City Fire Marshal E. C. McDermon said "I have a pretty good idea what the cause was." But he indicated it would be some time before it was determined with certainty. He refused to estimate how long the investigation would take.

The investigators included representatives of the National Board of Fire Underwriters, the National Fire Protective Association, the Mutual Investigation Bureau and the City Building Department.

A terrified woman leaped or fell to her death from the seventh floor while scores of the hotel's 490 guests were crawling to safety on makeshift ropes of sheets and blankets.

Others were rescued from the roof by helicopters and firemen raised ladders to the lower floors of the 50-year-old building to bring others to safety.

Authorities said that apparently all of the victims except the woman who plummeted from the seventh floor were killed by the choking smoke that curled up elevators shafts, stairwells, air ducts and even loose pipe fittings, making some exits impassable.

The fire, which broke out at 7:45 a. m. EST, collapsed the first floor but the flames could not spread because the brick structure was fireproofed.

Of the 60 persons taken to hospitals, 19 were admitted. Screams pierced the air and a policeman with a megaphone stood in the street urging guests not to jump from the windows.

Guests crawled through the halls and hid in bathrooms, but many of them suffocated in the murky smoke.
