 head of the committee despite his recent criticism of some of the President's actions.
 The 1938 elections will be the first under the 1937 law advancing the primary dates from June to May. The first one will be held the first Tuesday after the first Monday in May, and the run-off primary two weeks later. This is a so-called "off-year" for elections, but Floridians must elect a United States Senator, five Congressmen, a majority of the State Senate, 93 members of the House of Representatives, Florida Legislature, two railroad commissioners and many county officials, including commissioners.

Sophern and Boland Star in Ritz Comedy

One of the strongest comedy casts ever assembled in Hollywood is seen in "There Goes the Groom," RKO Radio's newest romantic laugh riot, at the Ritz Theatre Friday.

Headed the group are Ann Bohern, Burgess Meredith and Mary Boland whose individual work has won recent high critical praise and who are here brought together for the first time.

Prominent in main supporting roles are such well liked favorites as Louise Henry, Roger Imhof, William Brubaker, Onslow Stevens, Sumner Getchell and George Irving.

The story of "There Goes the Groom" is as exceptional as the stellar collection of talent that has been selected to enact it. It is primarily a tale of a somewhat mad family, close kin to other insane family groups who have delighted picture audiences recently, yet individually more eccentric than their screen predecessors.
 The plight of Meredith, a millionaire, to escape this scheming tribe after the eldest daughter has killed him and her younger sister has set her cap for him, forms the basis of the plot, Joseph Santley directed.

Revivals Continued By Dr. Harry Box

Dr. Harry Box, singer-organist, is continuing revival services nightly at the First Christian Church, church officials reported today.
 He spoke to a large audience last night and his sermon was on the subject, "If a Man Shall Die, Shall He Live Again." The evangelist has chosen as the subject of his sermon tonight "The Lost Coin."

 ing up steadily.
 Proponents of the measure were expected to oppose any attempt to sidetrack it. Senator Van Nuys, democrat, Indiana, a co-author of the bill said he would confer with Senator Wagner, democrat, New York, also an author, regarding strategy. He predicted that night sessions would be held next week in an effort to wear out the southern speechmakers and bring the bill to a vote.
 The bill's proponents said they were encouraged by a statement from Vice President Garner yesterday that henceforth senate debate rules will be strictly enforced.

Garner said the rules prohibit more than two speeches by one senator on one subject in any legislative day. Also, he said, the rules provide that any senator loses the floor when he yields for any purpose except to answer a question.

On the floor, Senator Ellender, democrat, Louisiana, continued his long denunciation of the bill. Only Senator Davis, republican, Pennsylvania, was at his desk while Ellender continued his five-day attack on the bill.

citizens have gathered to rehearse the Pine Ridge Silver Cornet Band. Some remarkable and surprising talent is discovered. (Of course you are not supposed to know, but many of the cast have toured for some time and all are professionals.)
 The Band start their rehearsal in preparation of coming to the Ritz Theatre (where they actually are), but are interrupted occasionally by some of the neatest looking mountaineer gals you ever saw. Of course Ezra gives them heck for leaving the chores and Ma up in the house, but they soon show all the male members that they are tops in their dance routines.

Amendments by Rep. Wm. A. Bacon changed the sit-down offense to a misdemeanor but made the bill apply to such occupation of "any other building but a dwelling."
 Rep. T. J. Reed amended the bill to provide that "peaceful picketing by labor unions in no way abides" by the act.

Armed Forces Of French Are Centralized

Jap Forces Maneuver For Complete Control Of Territory Taken From China

Aircraft Battle On Teruel Front

Insurgent Advances Reported In Wake Of Aerial Attack

Japan maneuvered today for a more complete control of her armed forces in an unusual peace-time move and Spain again was the proving ground for modern warplanes.

Lieut. Gen. Kenji Doihara, Whose Undercover Work Is Credited With Paving the Way for Japan's conquest of Manchuria and the invasion of China proper, was said to govern the Shanghai and Hankow areas.

The Chinese-Japanese war went on without any spectacular development but in Spain the insurgents again tested their power in the air after hundreds died or were injured in government coastal cities in two days of aerial warfare.

More than 100 planes fought all one time over the Teruel front. The insurgents reported their aerial operations had aided the infantry in fresh advances.

Revenue Collector Warns Deadline On Income Tax Nears

Although Mar. 15 the deadline may seem far removed at present, J. Edwin Larson, U. S. collector of Internal Revenue from Florida, yesterday issued a warning to individuals and business houses to begin work at once on their 1937 income tax returns.

This warning was prompted by the fact that the Commissioner of Internal Revenue states that extension requests may be granted this year only in exceptional and meritorious cases. In former years what appeared to be a reasonable excuse, such as illness, or pressure of business, or new employees, etc., was sufficient to gain an extension in time for filing income tax returns.

This year, however, a real legitimate reason caused by something beyond the taxpayer's control will be necessary to gain more time and in addition all applications for extensions of time for filing income tax returns must be submitted under oath on a prepared form, stating the reasons for the request, the collector pointed out.

Collector Larson also stated that tax returns may be filed at any time now and pointed to the availability of preparing and filing them immediately, if possible, rather than delay until the deadline nears.

A Real Bargain

If there were no news paper in Sanford and you wanted to inform your families in this area that you had something to sell, the cheapest method would be to send your message through the Post Office. The Post Office would charge you from twenty to forty dollars, but this wouldn't include the cost of paper and the cost of printing. The same service can be rendered as cheaply as 25 cents in The Sanford Herald. That is why the wise ones are taking advantage of this opportunity and economical advertising method.

A second performance of the play will be given Saturday night.

Sholtz Tosses Hat Into Ring For Senate Post

Administration May Not Express Preference In Battle

DAYTONA BEACH, Jan. 21.—(AP)—Dave Sholtz, former governor of Florida, announced tonight his candidacy for the United States Senate seat now held by Claude Pepper.

"Well, boys, I'm in it," he said soon after arrival from Washington. "And I'm here to tell you about it. I wanted the story to break from Daytona Beach, where I made my home for so long and where I started out in my campaign for governor."

Sholtz entered a field already including Pepper, J. Mark Wilcox, congressman from the Fourth Florida District, and Finlay Moore of Lake City.

The former governor said he had learned from a high source in Washington the National Administration would not express a choice in the primary battle.

"The administration will take no position in this campaign," Sholtz said he was informed, "or in any of the coming campaigns in any of the States."

Sholtz who has been practicing law at Jacksonville and Washington since he stepped out of office last year, said he was making the race "because I received so many requests."

"So frequent has been the query 'why don't you run for the Senate, Dave?'" Sholtz said, "that I had a check made of the entire State, as a result of which I am convinced that a large majority of the people of Florida really want me to be their senator."

"Florida never let me down, and I never let Florida down."

The former governor has maintained his legal residence at Daytona Beach. He served at Tallahassee from January, 1932, until January, 1937.

Control Group Begins Plans For Prorate

Regulation Of Shipments May Be Commenced During The Week Of Jan. 31

Declaring that shipments of Florida celery may be too heavy during the week beginning Jan. 31, J. C. Hutchinson, local shipper and chairman of the Control Committee of the Celery Marketing Agreement, stated today that the first prorate period may be declared during that time "in order to maintain a satisfactory market."

Shipments during the first weeks of this month have been short of the State's total for last year, particularly from Seminole County. However, from all appearances there will be a large increase of Seminole County celery ready for marketing during the week of Jan. 31, and it is feared unless a period of proration is declared a decline in the market price will result.

"If the Control Committee decides for a period of proration after it is approved by the Secretary of Agriculture," Mr. Hutchinson said, "every farmer who wishes to ship celery during the week of Jan. 31 must file an application for an allotment. Otherwise he will not be able to ship."

In his statement regarding the probabilities of a period of proration being declared by the Control Committee, Mr. Hutchinson is quoted as follows:

"It appears that shipments of celery may be too heavy during the week of Jan. 31 to maintain a satisfactory market, and it may be advisable during that week for the Control Committee to put into effect control measures. With this in mind a meeting of the Control Committee is being called for Tuesday afternoon, Jan. 25 at 2:00 P. M. for the purpose of deciding whether to recommend to the secretary of Agriculture the establishment of a series of prorate periods beginning Jan. 31. Seminole County members of the Control Committee will meet at Room 200 in the Melch building and members of the Sarasota-Manatee district will meet in their office in Sarasota."

Throughout the conference telephone communications will be maintained between the two groups.

"In order to determine the exact amount of celery available for shipment during that week and so that the figures may be available at a following meeting of the Control Committee on Jan. 28, when Committee members will decide whether to call for the proration period, applications for allotments will be sent to all farmers who are requested to fill out these covering every block of celery ready for shipment during the week beginning Jan. 31."

"It will be necessary to have these applications in the hands of J. C. Lattice, secretary, not later than 6:00 P. M. Wednesday, Jan. 26 in order that estimators employed by the Committee may estimate the probable yield before the meeting of the Committee. If additional forms are needed, they may be secured at the office of the Control Committee which opens Monday, Jan. 24."

The movement of celery from Seminole County since the beginning of the current shipping season has been unusually light. To date only 87 carloads have been shipped to northern markets from the County as compared with 120 cars for the same period last year. The Sarasota district, however, has increased its early shipments by approximately one-third, shipping 337 carloads to date this season as compared with 230 for the same period last year.

The light shipments from this County are no indication that the crop is smaller this year than last, however. According to a recent report from the Bureau of Agriculture, Economics at Washington, D. C. the total acreage for the entire country this year is over 500 acres greater than for last year.

The total acreage in the State is estimated at 1,400, the highest on record. The Seminole County acreage has been estimated as follows:

1937 1,400
1938 1,400

Shriners To Sponsor Drive For Paralysis Foundation

At their regular meeting in the Valdez Hotel last night members of the Sanford Shrine Club voted to sponsor the drive in Sanford for collection of funds to be sent to the National Foundation for Infantile Paralysis, Frank L. Miller, secretary of the club, reported today.

Lloyd P. Boyle, who has been appointed chairman of the fund drive in this area, appeared before the club and pointed out that funds will be sent to the National Foundation from all over the country to create a financial reserve as ammunition to combat the dreaded disease.

The funds, Mr. Boyle said, will be used to carry on a national educational campaign, prepared under expert medical supervision, and the results of all scientific research conducted at the institution will be placed at the disposal of local doctors and health officers should the epidemic strike this community. In addition the foundation will rush supplies and equipment as well as funds in order to provide facilities for caring for those who have been attacked by the disease.

At the meeting last night, it was reported that the Shriners unanimously agreed that every dollar contributed will be sent to the foundation rather than promoting a banquet or dance, incurring a large expense which will lower the actual amount of the funds sent to the institution.

Mr. Boyle in commenting upon the drive said: "The public will be asked to contribute voluntarily to this cause and it should be impressed upon our citizens that every dollar contributed is the same as an insurance policy for our country against the possibility of the dreaded epidemic. If you—or your son or daughter—were suddenly stricken by this malady, what could you do? Where could you go for help? How long could you finance the necessary, specialized care?"

"The funds raised will be centralized, as in life insurance, but the benefits are local and individual. Seminole County, single handed, could not do much against this disease, but the United States, as a nation, can go far."

"I hope and trust that our people will do their individual part by cheerfully donating when contacted," Mr. Boyle concluded.

January Checks For Pensions To Reach New Mark

State Commissioner Says 25,474 Will Receive Payments

JACKSONVILLE, Jan. 21.—Florida's Old Age Assistance payroll is nearing the \$400,000 monthly mark, January checks will total \$381,107, a new high record according to an announcement here today from State Welfare Board headquarters by Clayton C. Codrington, commissioner.

Codrington also announced that January checks would go to 25,474 individuals. These will include 2,880 who were added to the rolls last month by district boards and 22,594 who received December checks. Although 2,894 had been certified last month, 200 of these cases were closed by death or other cause and the monthly remittance was returned.

The average grant for January was \$15.33, it was announced, as compared with \$15.92 the previous month.

Grants for the past seven months or since the Welfare Board was instituted into office, have progressively increased as follows: July \$125,210.74, August \$171,453, September \$226,551, October \$278,392, November \$325,048, December \$364,489, January \$381,107.

The number receiving grants has likewise increased each 30-day period, as follows: July 10,326, August 11,859, September 14,360, October 17,551, November 20,214, December 22,894, January 25,474.

Average monthly grants were: July \$11.56, August \$14.47, September \$15.10, October \$15.91, November \$18.98, December \$18.92, January \$18.43.

Hospital Meet Elects Board For New Year

621 Persons Treated In Institution During Year Of 1937; 557 Patients In '38

All officers of the Fernald-Lawton Memorial Hospital were re-elected at the annual meeting of the Hospital Board in the office of County Superintendent T. W. Lawton who was re-elected president for another year, yesterday afternoon at 3:00 o'clock.

According to reports presented at the meeting, \$19,682 was charged patients for services this year as compared with \$19,761 for 1936. Collections this year were 88 percent against 94 percent for last year.

A balance of \$2,229.18 was brought forward from 1936 and the final figure showed a balance at the end of this year of \$1,332.72. The difference in these amounts, President T. W. Lawton credited to the "unusual expenditure" for equipment and general repairs during the year.

Officers re-elected were: T. W. Lawton, president; Mrs. Endor Gurley, vice president; H. C. Dubose, auditor; and Mrs. Cassandra Schuller, secretary.

Members elected to the executive committee were: Mrs. Endor Gurley of Geneva, Mrs. Hubert E. Tule of Lake Mary, Mrs. L. W. Coates of Chuluota, A. C. Connelly and H. C. Dubose.

Information presented on the annual report showed that 621 had been admitted to the institution during the year as compared with 557 patients in 1936.

Barkley Insists On End To Senate Lyach Filibuster

Investigation Is Made Of Million Dollar Shortages In CCC

WASHINGTON, Jan. 21.—(AP)—Democratic leader Barkley urged today in the Senate he would call for a night session beginning Monday in an effort to break the filibuster against the anti-labor bill.

Barkley took the floor at the opening of today's session, the fourth day which the Senate has devoted to the measure. He warned that other bills were coming along rapidly and disposition must be made of the pending measure.

He did not urge the senate to pass or reject the anti-labor bill but declared he wanted it out of the way.

Despite his statements the filibuster went on Senator William Brewster's floor speech began the debate with the assertion he was willing to speak 70 days or longer, to defeat "this unthinkable, un-American and un-British piece of legislation."

He said he spoke for six months and was ready to do it again. The Senate Public Lands Committee had the General Accounting Office, it was investigating shortages of \$1,000,000 in CCC funds in the southwest including \$250,000 in Texas.

The National Association of Manufacturers, through H. Boardman Spaulding of New York gave "qualified" approval of the Hour Ways and Means Committee's tax revision program.

The organization, he said, still opposes the principle of the undistributed profits tax. Reduction of the "penalty levy" to a spread of four percent, he added, "is real improvement."

Safety Campaign Is Given Impetus

"Ticket-Fixing Is Condemned As Main Cause Of Accidents"

Declaring that the dictatorships in Russia, Italy and Germany are but a result of the failure of the people of these countries to recognize the responsibility of citizenship, Charles Spencer Hart, Grand Exalted Ruler for the National Order of Elks, told a large gathering of Elks from over the State that the "Elks must do their part to stop Nazi and Fascist propaganda in this country."

As the guest speaker at the dinner held in his honor in the Mayfair Hotel last night, the National Elks head also discussed the Safety program of the Lodge and declared that "the most flagrant abuse in the field of traffic enforcement and one of the greatest threats to our ability to save lives on our roads is 'ticket-fixing' or favoritism."

Bomb For Jap Liner Is Found In Bay

Customs Agents Investigating the Suspected Plot to Blow Up the Japanese liner Hiye Maru

SEATTLE, Wash., Jan. 21.—(AP)—Customs agents investigating the suspected plot to blow up the Japanese liner Hiye Maru announced a bomb had been found from Elliott Bay near the spot where the ship had been moored.

The recovered article was brought for examination to the Great Northern dock under which one man lost his life and another fell into an alleged attempt to plant explosives aboard the vessel.

Police Captain Marshall Stratford said George Partridge, a 22-year old Canadian, reported "Oriental" had employed him and Joseph M. Forsyth, Vancouver, British Columbia, school teacher, to dynamite all ships with scrap iron and war materials for Japan.

Forsyth drowned in an attempt to swim with a suitcase of dynamite, Partridge said.

Ex-Sanford Bateman Wins Sports Renown

Many Sanford baseball fans read with interest in the Sporting News of St. Louis last week the story of Earl "Red" Martin who clinched the Mountain State League batting title during the 1937 season.

Martin was with the Sanford Celery Feds in the old Central Florida League in 1931 and also in 1932 and in both years was one of the leading batsmen of the league. Martin returned to Florida in 1936 with the Deland Reds but failed to make the grade and his recent upward movement in the national sport brought him much attention from higher class ball leaders and he will probably be listed with some major league during the coming season.

BIBLE VERSE FOR TODAY

Rejoice in your exile, for they will see your exile, for they bear. —Psalm 126:6

BY NIGHT

The lamps in the great God's hall burn ageless, beautiful and white; But only with the fall of dusk, Disclose to earth their faithful light.

Earth keeps her lamps of beauty, Fairer than stars in fields above, Dark hours of grief and pain reveal.

The undrained constancy of love. —Philip Jerome Cleveland

We didn't really think this season amounted to much until J. P. Morgan's associates started calling on the President. Then we were reminded of the Spirit of 1930.

The United States used 4,000,000 pounds of asphalt last year and the first quarter outlook is also pretty good. —Fort Myers News, The All-American head.

Emperor Hirohito is one of the last of the emperors who rules by divine right, and our guess is that by the time he gets through chewing what he has bitten off in China he will be the last.

One million men, women and children have been killed in the wars which have raged throughout the world during the past two years, most of them in Ethiopia, China and Spain. That's something to think about when you are asking yourself when the next world war will begin.

In Portland, Ore., four newspapers have been temporarily suspended on account of a strike in one of their departments. After four days without the most popular and effective means of advertising, merchants reported their sales were slumping drastically, urged the strikers to return to work. It pays to advertise.

Warning all foreign enemies, Russia says, "Let all enemies of socialism and the fatherland remember the worst defeat history has ever known is awaiting them!"

Red strikers are confident; they will make short work of the Japanese once the show is on, but the Japanese are equally confident they will have the support of Germany which may prove embarrassing to the Soviets.

Newest comer to our exchange table is the Brotherhood of Locomotive Firemen and Engineers' Magazine, edited by Robert L. Glenn, formerly of this city, who for a number of years past has been chairman of the General Grievance Committee of the Brotherhood of Locomotive Firemen and Engineers of the Atlantic Coastline Railway. Mr. Glenn is another of Sanford's citizens who have gained national recognition in their chosen fields for the excellence of their work.

Our only regret is that in Mr. Glenn's case his recognition has necessitated his leaving Sanford to make his home in Cleveland where the magazine is published.

One admires the complete candor with which James H. R. Cronwell tells a House Ways and Means Committee it should take the money off the rich, place them on the poor. Cronwell himself the son of Mrs. Edward B. St. Aubert, whose present husband is Morgan partner, is rich in his own right, and besides he is married to the former Doris Duke, heiress to the Duke tobacco million.

It is Mr. Cronwell's belief that the 1932 Tax Act presents to every 1932 business which complies with the provisions of the act a 50 per cent of its 1931 profits.

Continued from Page One. The chief executive, according to early instructions his aides to select at random from stacks of White House mail a group of representative leaders of little business. Many of them have asked to be listed personally, but the number to be invited will be determined later by Mr. Roosevelt, it was stated.

Early said the chief complaint of the grass-roots business men owning small enterprises is directed against the undivided profits tax and the capital gains and losses levy, both of which are being revised now by Congress. The plaint of the little man is that the 7 to 21 per cent levy on undivided profits prevents him from accumulating a surplus necessary to the expansion of his business whereas big business accumulated surpluses in past years and suffered little under the law. The capital gains levy is blamed for preventing the flow of capital into small enterprises.

'Twas Ever Thus

Current events throughout the world today are apt to give one the cold chills as we contemplate what is actually taking place in China, Spain, France, Russia, and almost every other country in the world, and as we view the future with the realization of the almost inevitability of world wide conflict to say nothing of declining business and hard times.

And yet we are reminded by the St. Augustine Record that even if worst comes to worst it will be no worse than the annals of history record countless times. Ever since the world began there have been depressions, wars, revolutions, and yet the world survived. "People were born, grew up, married, raised families, played, danced, sang, ate, slept, grew old and died, throughout it all."

"It's a gloomy moment in history," The Record quotes from Harper's Magazine. "Not for many years, not in the lifetime of most men who read this paper, has there been so much grave and deep apprehension. In our own country there is universal commercial prostration and panic and thousands of our poorest fellow citizens are turned out against the approaching winter without employment."

That, gentle reader, is no comment on present conditions. But was written eighty years ago. Nor was it any pessimist talking, who had nothing better to do than to spread fear and gloom throughout the land. It was the God's honest truth. For in 1858 the outlook was dark indeed. This country was on the threshold of a disastrous civil war which left business prostrate for over a quarter of a century.

Viewing the situation abroad, Harpers then went on to say that the energies and resources of the British Empire were being sorely tried, that conditions in China were "disturbing," that France was in a wester of political uncertainty. Russia was described as "a cloud, dark and silent upon the horizon of Europe."

Twenty-five years ago, as well as eighty years ago, the same thing might well have been written. For surely in 1918, conditions abroad were ominous. The Balkans were having a little private war of their own. France, Germany, and Russia were armed to the hilt and were engaged in a mad scramble for further armaments. And Europe as a whole was divided into two almost equal parts, the Triple Alliance and the Triple Entente. The very next year the World War was to begin.

And yet the world survived. There were hardships and suffering aplenty. Lives were lost on the field of battle and in the destitute home. But for the vast majority of people, life went on much the same as ever. People were born, grew up, married, raised families, played, danced, sang, ate, slept, grew old and died. 'Twas ever thus. And so will it be.

In Fewer Words

"Why do we peralst in so much monkey-business in writing letters? Why so many pompous words and round-about phrases instead of directness and simplicity? Why don't we aim in all activities, including letter-writing, so important in business, to do things better, more quickly, more easily, and more cheaply?" asks Fred C. Kelly in the Coronet.

He continues: "From letters received within a few days I made a little list of what people wrote and what they could have said or meant to say:

- the sum of \$10-\$10 the city of Philadelphia-Philadelphia the purchase of-buying put in an appearance-appeared a large number of-many a majority of the people-most people in regard to the matter of-about true in the case of men-true of men extend an invitation-invite take into consideration-consider per annum-yearly

"I had asked a business man to go to lunch with me. He writes: 'Your esteemed favor of the tenth inst. to hand and in reply beg to state it will give me great pleasure to accept your kind invitation.' Surely he might have said simply: 'Thanks for your invitation. I'll be glad to come.' Or even, 'Thanks I'll come.' —Coronet.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK, Jan. 19.—The ice hockey matches in Madison Square Garden are among the town's major diversions. Perhaps no amusement outside of football inspires such rabid partisanship as do these amazing exhibitions of puck tossing and skull cracking. No game is without brawls, on the ice and in the stands. The great arena is jammed. Hoots, jeers, catcalls mingled with lusty and loyal shouts of bravo greet each turn of the game. And always the audience is stuffed with celebrities like a punch bowl with cherries. William Powell, Clark Gable, Spencer Tracy, many of the eastern governors, the mayors of the metropolitan centers, actors, actresses, and sports heroes of 50 different fields.

The garden is really a great place on these nights, thousands of excited spectators, crowding the foyers, threading their way to their seats. Through this throng quietly prowls squads of detectives, looking for fugitives. The stars of the game are mostly Canadians. But the audience is in no sense one tongue. Here is a clique of dark, excited, immaculately dressed Japanese. Softly speaking Spaniards and liquid-voiced Italians, gurgling Germans, mump-mouthed Russians, gibbering Asiatics. East

Side Jews, drawing Southerners, all are here, welded into a great oval of excited faces and cheering throats.

The referee's blast is a knife's edge, and the players are dashing like figures of quicksilver, agile, graceful, sturdy, quick-tempered, ready to duel at the drop of an eyelid. They skim the ice like swallows, collide and go down like bull moose shot from ambush in the Canadian woods. Sometimes they rise and continue the game. Often they rise and attempt to decapitate their antagonists, slashing at their heads with wild thrusts of their hockey sticks. The crowd is in an uproar. It is a clamor approximated only by that which acclaims a home run, a touchdown, a knockdown in the prizefight ring.

All through the tiers moves a vast army of hotdog and peanut vendors "with mustard air," just as at the big ball parks. Cold drinks, including chocolate and beer, plus cigars, cigars, pipe tobacco are hawked by the noisy attendants. Broccoli and cornucopia, Delancey street borrows a path from Park Avenue. It's a great pastime, this ice hockey, one of the exciting experiences offered by this high, wide, but not always so handsome, town. And does New York love it!

German Sailors' Wives Get Near The Sea

BERLIN.—(AP)—The Nazis are bringing lonesome wives of German seamen closer to their absent husbands.

A home has been built at Kiel-Holtenau along the canal connecting the North and Baltic seas where the women may await passage of the ships and greet their buddies after perhaps months of separation. Accommodations are offered free of charge. A bell notifies the women promptly, day and night, of the arrival of ships.

The American Antiquarian Society was organized in 1812, having headquarters at Woster, Mass.

Mrs. A. M. Phillips Explains Concert Plan

"We want people to understand that the Woman's Club Co-operative Concert Association is composed strictly of local workers and we do not want to confuse this campaign with any concert by any out-of-town individual," Mrs. A. M. Phillips, President of the Woman's Club, stated today. "This association is not selling single tickets but is securing a membership for a series of three concerts. If you are approached by any stranger verify the fact that this is the Woman's Club Co-operative Association. Any person joining this association is given a receipt."

"The artists committee is again listing other possibilities for Sanford," Mrs. Phillips continued. "Leo Brisell, young violinist, discovered several years ago by Leopold Stokowski, conductor of Philadelphia Symphony Orchestra. This artist is making his third American tour. Mr. Brisell is in possession of a Strad Violin valued at \$25,000.

"Toscha Seidel, celebrated violinist. This great artist is one of the foremost violinists of the day. He has been before the American audiences for the last ten years and just recently completed a European tour.

"Dallas Frantz, the celebrated American pianist. Due to the fact that Mr. Frantz is appearing in St. Augustine on an expensive series it is quite possible that he might be selected by the artists committee on account of his tremendous popularity. Frantz has already appeared in this state and is well known to many music lovers. His concerts are sensational everywhere and at the present time he is preparing a motion picture in Hollywood. He is tall, handsome, and a blond of the Nelson Eddy type.

Mrs. S. R. Dighton Entertains For Sister

Mrs. S. R. Dighton entertained with an informal tea yesterday afternoon from 4:00 o'clock until 6:00 o'clock in honor of her sister, Mrs. Parke P. Thornton, of Richmond, Va. The rooms of the Dighton home were decorated with a profusion of Spring flowers. Mrs. Henry Wright and Mrs. D. L. Thrasher presided over the tea table which was overlaid with a lace cloth and centered with a bowl of mixed flowers.

The Muses Susan Kirtley, Martha Wright, Winifred Lovell, Nancy Dighton, Jane Tilgpen and Marjorie Juno Burdick assisted in serving. Approximately 100 guests called during the afternoon.

British Guiana's trade for the first 11 months of 1932 was the greatest in nine years.

Personals

Parke P. Thornton arrived yesterday from Richmond, Va. to join his wife who is the guest of her sister, Mrs. S. R. Dighton.

Mr. and Mrs. Charles J. Harris of Waverly Terrace, Columbus, Ga. have been spending several days with Mr. and Mrs. M. Clark.

Friends of J. M. Telford will regret to learn that he continues to be seriously ill at the home of his daughter, Mrs. H. M. Goodwin, East Third Street.

Friends of Mrs. Homer Little will regret to learn that she underwent an operation for appendicitis at the Fernhill Lagoon Memorial Hospital last night.

Friends of Miss Helen Harkey will be glad to learn that she has returned home after having undergone an operation for appendicitis at the A. C. L. Hospital in Waycross, Ga.

Mrs. Byron Stephens is spending this week in Winter Haven where she is attending the Orange Festival. Mr. Stephens will join her there this afternoon and they will attend the press breakfast tonight.

Meeting Is Held By Eastern Stars

Mrs. Pearl Tyre, worthy matron, presided over the meeting of Semnole Chapter Number Two Order of Eastern Star which met in regular session last night.

Mrs. B. C. Moore, junior past matron, was introduced and escorted to the East. Past grand patron of the Grand Chapter of Florida, O. E. S., Hugh Combs of Miami, was present and responded with a few words to the welcome given by the chapter after which reports were heard from the various committees.

The chapter voted to make the worthy matron, Mrs. Tyre, a representative on the Salvation Advisory Board and Prof. G. E. McKay suggested that a DeMolay Mothers Club be organized and urged chapter members to patronize the DeMolay Boy's stand at the Fair which will be held next week.

At the close of the business session Mr. Combs gave a talk on "Efficacy of Prayer." About 40 members were present and two visitors, Mrs. Myrtle Bowman, associate matron of the Plant City Chapter, and Mrs. Lela Howell of Freeport, Ill.

Sound vibrations, used to age whiskey are said to produce in seven hours the equivalent of four years aging in wood.

Miss Mildred Wheeler Is Guest Of Auxiliary

Miss Mildred Wheeler, state president, was a guest at the meeting of Gladiola Grove Number 267. Woodmen of the World Auxiliary, which was held Wednesday evening with Mrs. Alice Andes, guardian presiding, assisted by her corp of officers who were recently installed.

Miss Wheeler, who is also district manager, was introduced and given grove honors. Mrs. Andes in behalf of the grove presented her with a corsage.

After the regular business meeting the secretary, Miss Mary Ruth Redd presented the grove with a picture of the National Institute Campaign.

A membership campaign was launched for the next few weeks honoring the newly appointed State manager, Miss Abbie Holden of Omaha, Neb. The campaign will be climaxed by a special meeting with Miss Holden as guest.

An invitation was read from the Woodmen of the World and circle members of Pleron inviting both local organizations to attend a social meeting the latter part of the month.

Plans were made to have a covered dish dinner once each month for the members and husbands after which it was announced that Mrs. Myrtle Floyd will be hostess to the grove Wednesday evening at her home on First Street at 7:30 o'clock. The next business meeting will be held the third Wednesday in January.

Program Is Planned For Founder's Day

A Founder's Day program will be presented in the Seminole High School Auditorium on Tuesday evening, Feb. 1, at 7:45 o'clock. The Sanford Parent Teachers Association will be hosts to all of the county Parent Teachers Associations.

The complete program as arranged by Mrs. Fred Dyson, chairman of the program, is as follows:

- Innocent
- Welcome—Prof. G. E. McKay
- Pageant—"The Spirit of the Presentation of Founder's Day Gifts"
- Song—Congregation
- Address—Mrs. C. F. Parvin, president of the Florida Congress of Parents and Teachers
- Song—Lyman P. T. A. singers
- Reception—Sanford P. T. A.'s
- The presidents of the Parent Teachers Organizations are to be present guests during the address of Mrs. Parvin. The committee announced that it is anxious to have all of them on the platform.

SothornAnd Meredith Star In Ritz Picture

Hollywood, always on the lookout for new couples to play the boy who meets girl in film stories, has hit upon the happy combination of Ann Sothorn and Burgess Meredith. They make their screen debut as a starting team in RKO Radio's "Three Guys on the Ground."

Miss Sothorn, veteran of many leading roles and acknowledged master of light comedy, was an

ideal choice to play opposite Meredith, whose only other screen appearance was in "Winchester," in which he portrayed a young man with a snarling problem, a role vastly different than the one he plays in his current picture.

While Meredith is experienced enough and sufficiently versatile to establish himself in any characterization he chooses to undertake the selection of Miss Sothorn as his leading lady offered definite assurance of somewhat light drama.

VOLUNTEER "SPEED COPS"

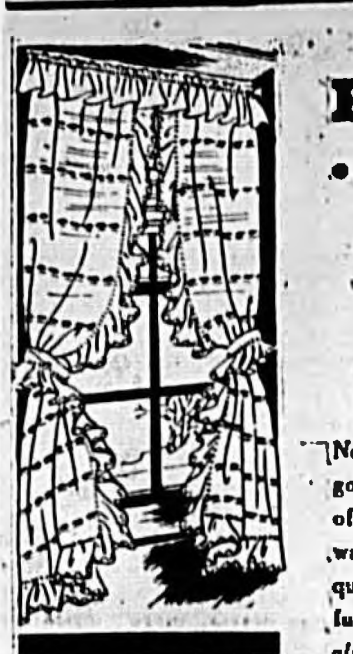

WINCHESTER, England—(AP)—Some of the local citizens are picking up a few extra shillings in their spare time by acting as

"speed cops." They don't actually run the speeder down. They simply ride along with the arresting officer and give corroborative evidence on the speed of the offender. The practice has raised a rum-

pus but local authorities say it's cheaper than putting on extra cops. The United States refused an offer of a naval base from Haiti in 1882.

Ported today the Japanese drive on strategic Buchow had been stated in the bitter cold of the Central China front.

PARIS, Jan. 21. (AP)—France freed the centralization of all her army, naval and air forces under the defense ministry today, a measure usually adopted only in wartime.

LONDON, Jan. 21. (AP)—An exchange of views between the United States and Great Britain regarding the naval strength of the two democracies in relation to other navies, notably Japan's, appeared imminent today because of the world's race for sea power.

Japan, not a member of the League of Nations or a signer of the London naval treaty, is free to engage in warship construction without furnishing other powers with specifications of her warships.

pared with 557 last year. Births in the institution dropped from 94 in 1933 to 71 for this year, deaths increased from 47 to 50, major operations increased from 137 to 177, and accident patients dropped from 98 to 71.

The per diem costs of operating the institution were \$49.50 or 20 cents less than the per diem costs for 1933.

Improvements to the institution this year consist of the addition of a nurses cottage, painting and repainting the building, construction of a chimney, refurnishing and room, retreating gutters, installation of a neon light fireproofing the furnace room, equipping the building with automatic fire extinguishers, installation of heat radiators in the operating room and a night orderly added to the personnel.

The meeting yesterday were: the Rev. J. J. Kelleghan, Mrs. F. E. Roumillat, Mr. A. Jacobson, Mrs. Julius Dingfelder, Mrs. J. E. Spurling, Rev. Fred Forward, of Forest City; Mrs. H. R. Gray, Longwood; Mrs. James Wilson, Chuluota; Mrs. A. M. Phillips, Dr. E. D. Brownlee, and Dr. T. F. McDaniel.

An Appeal To Pride.....

Sanford's future lies in the willingness of the public and the business and professional men to work in harmony towards establishing a civic pride which will not permit large-scale purchasing in neighboring towns by Sanford residents.

There can be no denying that this too prevalent tendency among our citizens to go elsewhere to buy standard commodities when these commodities are right here on our own shelves, and at the same price, is a factor operating against the financial welfare of us all.

There are probably some things that can be bought in Orlando that can't be bought here, but, by and large, Sanford offers just as good shopping opportunities as our neighbor on the south, and the oft-heard excuse that "I can't buy so-and-so in Sanford," is no valid reason for a house-wife stocking up on a month's supply of staples in Orlando, when the expressed intent of her shopping expedition was to buy an unusual type of hat or a jar of caviar.

There is a condition of human frailty existing among a portion of our people who, somehow, believe that the label "bought in Orlando" is a mark of distinction and one of which to be proud. But the label, if anything, means that the person bearing it was in most cases either forgetful or contemptuous of the obligation he owes the city from which he gets his living.

We, the merchants of Sanford, earnestly appeal to the home-town pride of our people and urge them to BUY locally whenever possible, to the end that each individual in Sanford will benefit thereby.

Japan Plans For Long War With Chinese

Premier Konoye Discloses Necessity For More Men And Money To Win Fight

Reveals Conflict Will Be Long One

Meanwhile, Insurgent Armies In Spain Renew Teruel Attack

Japan made plans today for a protracted war in China as her armies converged on the vital Lunghai railroad in the center of China's "bread basket."

In Tokyo, Premier Prince Fumimaro Konoye and his chief ministers admitted to parliament:

One, Japan needs more men and money to fight China; two, the conflict will be a long one; three, Japan's basic aim is economically linked to China, Japan and Manchoukuo.

In China, the approach of the Japanese to Suchow, strategic Kiang Province rail junction, indicated an impending major battle.

Spanish insurgent artillery and bombing planes, meanwhile, blasted the government positions in a renewed drive to capture Teruel, the government held Aragon provincial capital.

Simpson Endorses Efforts To Bring Concerts To City

T. E. Simpson, President of the Seminole County Chamber of Commerce, today joined other civic leaders who have enthusiastically endorsed the cooperative efforts of the Columbia Broadcasting Company being sponsored by the Sanford Woman's Club.

The woman's club is deserving of considerable credit and praise for having taken the initiative in bringing to Sanford a series of such a high caliber concert that will bring a decided gain in the cultural life of Sanford, Mr. Simpson said.

The opportunity of attending programs by internationally known artists right here in Sanford does not seem inconceivable to quite a few residents of Seminole County who have been hearing great promises to see and hear the most group of famous artists that will become available to the local Association. Others who enjoy concerts have found the expense of such trips and the rate of individual tickets prohibitive.

Business Men Look Forward Confidently To New Growth And Prosperity

Celery Acreage Reported At 1600

Other Interests Combine With Agriculture To Boost Town

Having just completed what many of its leading citizens characterize as the best year in its history, the town of Oviedo is looking forward confidently to the new year believing that it has built well on a substantial foundation and satisfied that a prosperous future is ahead.

Boasting a celery acreage of 1,600, a citrus section of 2,000 acres, and many fine fields of cereals, beans, cabbage and lettuce, Oviedo has a population of 1,600, a five mill tax rate, and an almost negligible bonded debt. More than 2,500 cars of citrus and celery alone are shipped annually from this center.
