

Air Force Survey

(Continued From Page One) investigation "will find out what lies behind these rumors and insinuations." He said he referred to Van Zandt's statements.

Rep. Short of Missouri, ranking Republican member of the committee, supported Vinson's resolution. He said "this is not a witch hunt. It is only fair to have these matters clarified."

In response to a question from Rep. Cole (R-NY), Vinson said the entire national air policy will be scrutinized, and the investigation "will cover procurement of all military aircraft." Vinson said the investigation "involves big issues" and deals with reputation of the entire national military establishment. We are going to find out what is going on."

Lewis Speech

(Continued From Page One) members.

Lewis spoke for a solid hour without a single interruption by any of the subcommittee members. At times he stared into space while he talked, then he would swing around in his chair and look squarely at the Senators across the table. Occasionally he pounded the table for emphasis.

Expecting a big crowd, the subcommittee had reserved the Senate's biggest hearing room. But there were several vacant chairs.

In declaring that some mine operators have no concern for human life, Lewis snarled:

"I have the most infinite contempt—as a man and as a citizen—for such polecats who infest this industry."

He said the bill before the subcommittee, sponsored by Senator Neely (D-W Va.), "is the last hope for abatement of the killing and the mangling of the bodies of the American coal miners."

Hunt For Negroes

(Continued From Page One) when he returned.

While he was gone, Hatcher continued, two white men entered the jail and took Hill away. The sheriff's wife and two young daughters were sleeping downstairs.

"When I returned home, I went straight to bed without looking in on Hill. The first thing I knew about him being killed was when I was called to identify a body [Hill's] yesterday morning," Hatcher added.

Mrs. Hatcher said she heard a car drive up during the night, but thought it was her husband.

Tom Carswell, a negro prisoner in the same cell with Hill, said the slain man made no protest when the two white men came in and told him: "Come on, let's go."

Carswell said the men were strangers to him and he could not identify them if he saw them again.

Other discounted reports that Hill might have been killed because of rumors he had shot the sheriff.

The sheriff said he went to the roadhouse to arrest Hill after a report he had stabbed another negro.

Ford Strike

In his report to the union's sixth annual convention, Holstein said "we have learned through last year's strike of the tremendous help or detriment the offices of mayor, sheriff or governor can be to our cause."

Delegates will map wage and contract demands. Agreements with the big packing concerns will expire Aug. 11.

Lengthy Dry Spell

(Continued From Page One) reported.

He said some cattlemen are now devoting their full time to moving cattle from grassless ranges to lower areas where some forage is still available and in getting water to their herds.

The office of Polk County Agricultural Agent W. F. Hayman said reports received show weather conditions in many areas are "extremely rough."

Major E. B. Auton of Lakeland, a prominent cattlemen, said he believed fire poses the biggest threat to the industry.

"Next year's calf crop will probably be seriously affected unless rains fall soon," he said. "Down will be going into the winter in too poor a condition to bear calves next spring."

City Manager J. L. Spinks said he has been in touch with the state weather bureau for information and the weather bureau set a record low. Household fires are asked to reduce the use of wood burning because of the limited supplies.

Legislature Action

(Continued From Page One) better plan to raise revenue for State services, the merchants said that wasn't in their line or inquired whether the State really needed extra money. Some committed members answered that the States did need more money. Others joined up with the merchants and called for cutting back State expenses.

The merchants claimed north Florida business would go to Georgia, which has no sales taxes.

Step. Morgan of Duval, a department store owner, argued that Florida merchants would lose business to mail order houses. Rep. Burnside of Baker said it was his impression that mail order houses would collect State taxes on shipments into Florida.

Other members objected to provisions of the overall tax plan raising the cigarette tax a penny a pack and giving the cities all money the state collects in their limits.

Two men stood up to talk for the bill. They ran into a hornet's nest from visiting merchants or merchant members of the House Committee.

A representative of the retail grocers urged adoption of the measure. Rep. Frank of Marion told him since groceries were exempt he shouldn't even be there talking. When someone asked him whether he would support a tax on groceries, the groceryman said he would have to check with his board of directors.

Warren T. Hunnicutt, St. Petersburg tax consultant representing the League of Municipalities, also urged adoption of the bill as a fair tax and an aid to cities.

Robert L. Newman, secretary of the Florida Taxpayers Association, shouted that the cities and counties wouldn't need State help if they assessed property at full value and taxed it properly.

He whipped out a picture of Hunnicutt's home, said it looked like a place that was worth \$20,000 to \$25,000 but was assessed at only \$6,290.

Hunnicutt replied he had publicly stated many things that his place ought to be assessed at \$16,000 to \$20,000.

Big Four Meet

(Continued From Page One) to come here now," the official said.

Before today's meeting the three Western ministers held an unscheduled meeting to consider how to meet Russia's rejection of their plans for a political union of east and west Germany. Preliminarily they wanted to decide well in advance what to do if the Four-Power talks collapse.

Secretary of State Averell Harriman was reported by sources close to his delegation to have consulted Moscow by telephone last night on the terms of the speech he delivered for today.

Earlier, authoritative sources said the West would seek to salvage some form of economic unity for Germany from the conference. The Western ministers remained in session until shortly after noon. Later an American source said the three delegations devoted much of the talk to the Berlin currency issue. He said they agreed they should avoid technical aspects of the currency problem and should concentrate instead on broad principles.

Senator Hickenlooper (R-Iowa) has charged AEC Chairman David E. Lilienthal with "incredible mismanagement" of the atomic energy program and demanded that he be fired.

Lilienthal, who throughout recent criticism has contended the AEC has done and is doing a good job, yesterday tore into Hickenlooper's charges as "calculated to arouse fear, uneasiness, fright and ultimately panic."

He told three newsmen called to his office that Hickenlooper's charges are "grave they might undermine the confidence of this country and the people of Western Europe in the principal security enterprise of this country."

Not only that, Lilienthal charged, but Hickenlooper's charges that numerous persons of strong Communist leanings have been recruited to work on atomic weapons, based on all of his information, were "utterly false."

Lilienthal said he has "no basis for any conclusion that there is any espionage in this field."

He said that in his opinion,

"the board is not doing its duty in failing to take action against Hickenlooper."

Amendment Barrage Hits Sales Tax Bill; House Okays Fag Tax

General Appropriations Measure Is Approved In House After Hot Debate

TALLAHASSEE, June 1 (UPI)—The limited sales tax ran into a barrage of amendments in the Florida Senate today as the House passed a reduced general appropriations bill.

Voting was close on the first ballot on the sales tax measure. The Senators adopted by a 19-18 vote an amendment making the tax apply to all rentals above \$100 a month. As drawn it would have applied only to commercial lodging rentals.

Opponents of the bill said the vote indicated eventual defeat, but finance committee Chairman W. A. Shands said he didn't consider it a tie.

After more than two days of tedious debate, the House adopted its \$230,000,000 general appropriations bill with 10 percent of the amount clipped out and put in a contingent fund. More than \$5,000,000 in special appropriations previously have been voted by the House, though.

The House spending bill is about \$17,000,000 below the one approved by the Senate earlier in the week. Differences will have to be ironed out by a compromise committee.

The head of Florida's school system declared the final cut "jeopardizes the school program."

Thomas D. Ballay, State school superintendent, said although the

413 Americans Are Killed In Memorial Holiday Accidents

By ASSOCIATED PRESS

The summer season's first big weekend was the last for 413 Americans.

That number lost their lives in accidents on the highways, at the beaches and resort cottages and in miscellaneous observances of the three-day Memorial Day holiday. The period covered by the survey extended from 6:00 P. M. on all time zones Friday until midnight Monday.

As usual traffic was the big killer—253 persons dying on the highways. The toll surpassed the advance estimate of 215 by the National Safety Council.

Eighty-seven persons drowned and 73 lost their lives in fires, falls, airplane crashes and other holiday tragedies.

The toll by states from traffic, drowning and other causes:

Bolivian Cabinet Mobilizes Army To Combat Riots

State Of Civil War Exists In Andes Tin Mines

By ASSOCIATED PRESS

The Bolivian cabinet has mobilized army reserves from 19 to 50 to cope with tin mine riots which it says brought "about a state of civil war."

Reports from the strike-torn mine area said the army was "in control of the situation."

Two thousand dynamite-hunting miners yesterday battled 200 troops for control of the tin mine sanatorium.

Tapper told the House bills to appropriate money for tuberculosis sanatoria had been passed by several former legislators but since no funds were voted they were nothing but mere checks written and disappearing ink."

The bill to regulate private gas and electric companies in Florida popped up in the House again—like the cat with nine lives—but was promptly clapped down.

The House killed the measure it was a continuation of old, which the government described as a politically inspired "state of civil war," set off at the weekend in the tin mining region of the Andes southeast of La Paz. A state of siege, or modified martial law, was imposed last night.

U. S. citizens and other foreigners being evacuated from the mining area. Sympathy strikes crippled railway service.

The government announced a 14 percent had been killed and 25 wounded, but its figures were incomplete.

Two miners were killed and six wounded yesterday in an attack on the federal police station at Huamani. Several policemen were

Reuther Shootings Prompt Sweeping Detroit Mop-Up

DETROIT, June 1 (UPI)—Striking class in the Victor Reuther shooting, authorities today began in one of the most sweeping manups of the criminal element in Detroit's history.

Policemen headquarters reported that virtually every bluecoat and detective in Detroit's 4,000-man law enforcement force was ordered into action.

The sudden order was issued in midmorning yesterday. Last night police were in jail after quick raids on gambling and hoodlum hangouts.

One theory in the investigation is that gambling interests conspired against the lives of both Victor Reuther his brother Walter.

Nation's Businessmen Say There Will Be No 'Bang' In Deflation

By SAM DAWHON

NEW YORK, June 1 (UPI)—There are four ways & fire—or the nation's economy—can be deflated, as we were reminded sharply by what happened in the market places Tuesday. They are:

By a slow leak, so small that it is scarcely noticed until the results are visible. That's the way the recession started.

By a small puncture, with the rush of the escaping air audible and the tire changing shape before your eyes.

By a blow-out, when the gaping hole lets the air out all at once. That's what no one as yet has predicted in the current business situation, which by any normal standards has been over-inflated.

By manual manipulation of the price level. This has made a few attempts to lessen credit pressures during the inflationary stage; has failed to close the holes in the economy in the deflationary stage by easing credit restrictions. Critics have said the government didn't do the one thing that would have worked best—cut its own expenses. Instead, it has increased them, paying by inflating the money supply.

It's well to remember that it's not good for either a tire or an economy to be blown up too high. The rush of air you hear Tuesday from falling prices, bonds and stocks, was concentrated expression of the recession trend.

It has both a prediction of long-term conditions and a reaction to recent events. Over the long haul, however, there were a num-

Berlin Control Is Studied By Big 4 Leaders

Ministers' Council Clash Over Veto; Currency Situation Featured In Fight

PARIS, June 1 (UPI)—The European Ministers' Council today took up the question of restoring four-power control of Berlin and clashed at once on the veto issue.

American sources said the three Western ministers urged that the rule of unanimity be abolished in a revised Kommandatura.

Soviet Foreign Minister Andrei Gromyko strongly objected, saying that unanimous decisions were the only way to govern.

Tucker, Mrs. Donald Jones, Mrs. Rudy Sloan and Mrs. Ralph Wight.

Robert Morris Given Graduation Party

Friends will be interested to learn that Lewis Wright, Jr. has been granted membership into the Phi Sigma Bidwell Society.

All eight grade classmates, teachers, their wives and husbands, gathered on Monday evening at the Morris home for the party.

During the evening a full length popular movie was shown on the outdoor play ground by the Bunk House in the rear of the Morris home. News shorts and sports reviews were also shown. The honoree was presented with a graduation gift, a Pfleeger Supreme rod and reel by his parents and Ernie.

The students were invited to the concession stand following the movie where candies, cold drinks and doughnuts were served. The "Bunk House" log book was presented over by Grace Marie McElroy.

Dodgers, Giants Play Here Tonight

**Time For Contest Is
Changed To 8:15;
Rain Washes Out
Last Night's Tilt**

The contest between the Sanford Giants and the Deland Red Hats at the Municipal Park last night was rained out by a steady downpour after the contest had entered the bottom half of the first inning. Fred Weber was at bat for the Giants, and no score had been made.

Tonight the Giants play hosts to the Leesburg Dodgers, and it is likely that Manager Hal Gruber will send Charlie Rose back to the hill tonight to face the invaders. Rose pitched the first inning for the Giants last night.

Tomorrow evening the Giants move to Leesburg for a return engagement.

Manager Hal Gruber announced last night that all games, starting with tonight's tilt with the Dodgers, in the Municipal Park will get under way at 8:15 o'clock for the remainder of the season.

Gruber further stated that he has optioned outright George Janell to the Tifton, Ga., entry in the Georgia State League. He will report immediately.

Meanwhile the St. Augustine Saints moved into the Florida State League's first division last night, displacing Deland's Red Hats.

The Ancient City crew slammed out 10 hits for a 10-4 victory over the Leesburg Dodgers last night. Karpinski pitched a shutout for his tenth win of the season. He has suffered one defeat.

In addition to the Deland-Sanford tilt, the Daytona Beach-Orlando contest was also postponed because of rain.

Palatka's Azaleas led off on Gainesville's Myrril Hoag for 12 hits and a 6-4 triumph over the G-Men. The victory sent the Azaleas ahead of the idle Orlando Senators into sixth place.

When Syracuse's distance medley relay team won the Penn Relays title this year, it was the first Orange triumph at the Quakertown games since 1927.

Holland Win \$52,100 In 500-Mile Race

INDIANAPOLIS, June 1—(UPI)—Bill Holland, who shook off the bad breaks of his first two 500-mile speedway auto races to set a new record in winning his third try, raced down the second highest prize money total in speedway history for his victory.

The Reading, Pa., roller rink practitioner won \$51,975 for himself and Lou Moles, co-pilot of the same Crown Special Holland drove. Only Arnold ever got more for a speedway victory. He led all but three laps of the 1930 race and won \$52,100.

Johnny Parsons won \$18,850 for placing second. The Van Nuyts, Cal., pilot set a new speedway record for rear-drive cars.

Glen Stewart Will Manage Hot Springs

HOT SPRINGS, Ark., June 1—(UPI)—Glen (Gabby) Stewart is to arrive here today to succeed Pete Fox as manager of the Hot Springs Bathers of the Cotton States League.

Fox will be retained as a scout in the Chicago White Sox farm system. The Hot Springs club is an affiliate of the Sox.

Stewart, 34, former National League infielder, has been managing the Wisconsin Rapids club of the Class D Wisconsin State League.

The Bathers currently are in seventh place in the Cotton States

league.

Jackie Robinson of Brooklyn, hitting .556 in the past week, is considered the fifth best lefthander. Jackie is tied for fifth with Cincinnati's Ted Kluszewski at .352. The Reds' first baseman also had a sizzling week with 15 hits in 33 at bats.

Emil Verban of Chicago boasted his mark to .349, good for seventh place and Bobby Thompson of New York recaptured a spot in the top 10. He is hitting eighth at .333.

Sid Gordon of New York, .329,

and his teammate, Whitey Lockman, .314, round out the top 10 hitters.

Robinson leads in runs batted in with 39 and is tied with Pee Wee Reese of the Dodgers for most stolen bases. Eddie Kiner's total of 11 homers is one better than New York's Johnny Mize.

And the surprising Chicago

White Sox today had the one-two

leaders in the American League

in two important specialized de-

partments—homers with 13 and

runs-batted-in with 41. Another

double leader was Mitchell, on

the run-up, 12 points behind

stolen bases with five apiece.

Giant's Marshall Is Pace-Setter In National League Batting Race

NEW YORK, June 1—(AP)—The pack is closing in on Willard Marshall of New York, current pace-setter in the National League batting race.

Marshall, who led by 15 points a week ago, is hitting .368, only after a one-week surge of .35 points.

Zernial's broken right collar bone probably cost the freshman outfielder a shot at the league batting championship. Now on the disabled list, Zernial is ineligible for 60 days.

The American League uses a minimum of 300 at bats for title consideration. Thus, even if Zernial returned to action late in July and resumed his brilliant hitting, it would be touch-and-go getting to the plate 400 times. He now has 188 apes.

Third in the standings through Monday's games was Boston's Dom DiMaggio with .386. Other leaders were George Kell, Detroit, .376; Ted Williams, Boston, .373; Eric Mitchell, Cleveland, .373; Sam Chapman, Philadelphia, .375; Eddie Robinson, Washington, .372; Roy Sievers, St. Louis, who dropped from first to ninth after a week and tied with Bob Dillinger of St. Louis in 188 apes.

Sluggers Williams set the pace in two important specialized departments—homers with 13 and runs-batted-in with 41. Another double leader was Mitchell, on the

run-up, 12 points behind Zernial, was Pale Hose Second Sacker Cas Michaels with .343 stolen bases with five apes.

Warren's Tax Bills Collapse In Legislature

Chairman Of Finance Committee Asserts A Special Session Will Be Necessary

TALLAHASSEE, June 2—(P)—Efforts to raise funds to finance the State of Florida appeared to have collapsed in the Legislature today.

Chairman of finance committee of both the House and Senate said they considered a special session inevitable, because there isn't time to clean up the confusion and resolve the difference before adjournment tomorrow.

Governor Warren could not be reached for a new comment, but late yesterday he said had not given up hope and "I have refused to consider a decision to call a special session."

The House Finance Committee went through another "No" voting session this morning and wound up by asking for recall of yesterday's favorable vote on a 3 percent tax on transient hotel rooms.

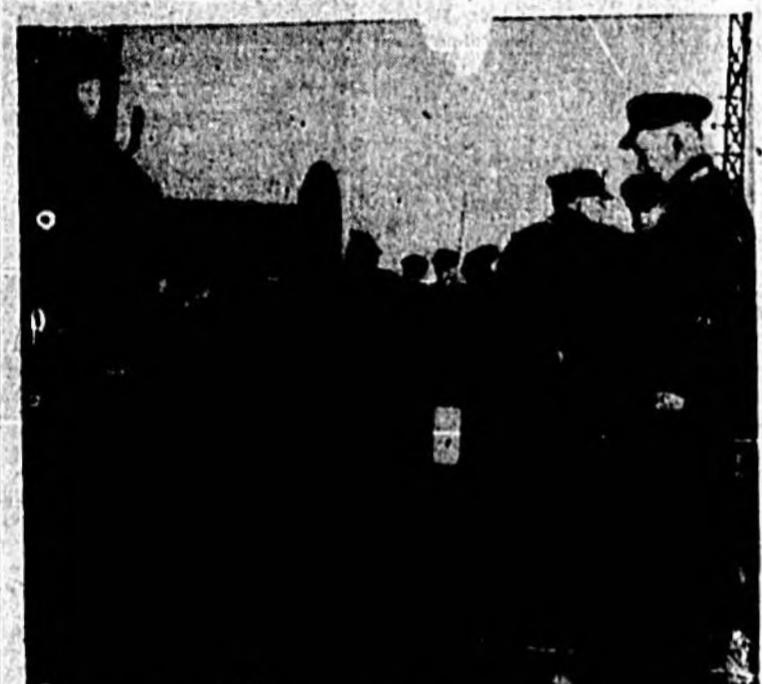

It also rejected one more by a 17-17 tie the 3 percent limited sales tax. It voted against considering an eight cent of tax on each gallon of gasoline and several taxes on minerals and forest products.

At the meeting broke up committee Chairman Richard Simpson said "It looks like a special session is inevitable."

Truman Raps Life Loss On U.S. Highways

Frightful Slaughter On Nation's Roads Must Be Stopped, President Asserts

WASHINGTON, June 2—(P)—President Truman said today the systems for examining auto drivers in many parts of the country are "scandalous."

Deploring the "frightful slaughter" on the nation's streets and highways, he said that driver licensing laws in "too many cases are pitifully weak."

"States and local governments," he declared, "have a duty to deny the privilege of using public highways to the irresponsible, the untruthful and the chronic law breakers."

Mr. Truman spoke to the President's conference on highway safety which he set up three years ago to make highways safer.

Earlier, the conference received a report that the President had ordered drivers of government vehicles to take the lead in accident prevention.

Mr. Truman said safety programs in the last year saved "almost 11,000 lives and prevented injury to nearly 400,000 persons."

But, he added, the "frightful slaughter" continued with 35,600 killed and more than 1,000,000 injured in traffic accidents.

"To put it another way," he said, "more than twice as many Americans were killed last year on the streets and highways of this country as were killed in all the American forces during six years of the Normandy campaign in 1944. No nation can afford this needless peacetime waste of the lives of its citizens in traffic accidents."

He asked that the highway safety program be expanded and intensified.

He told the conference that he was "particularly disappointed" to find that many States in the South had not yet adopted driver licensing systems.

Meanwhile Maximilian Shepard is congratulating himself on his decision to keep the Longwood Hotel, with its noted smorgasbord and dinner舞会 for the summer, for he has been literally swamped with applications for school and college parties and dances.

Among interesting recent functions at the hotel were parties of Winter Park High School, Seminole High School, Pep Club, and parties by pupils of Apopka High School and Lynn Haven High School.

From Rollins College has come the X-Club, Delta Chi Gamma and Beta Sigma Nu Delta Kappa Gamma. Beta Sigma Phi from Orlando came the A-Z Club.

Fraternity, the B.H.G. sorority and the Quest Club, "alumni" from the University of Florida met at the hotel several weeks ago.

During the spring, the Latin Club of Seminole High School held a party there.

On June 2-3 a party of 24 students and three adult supervisors from Wewahitchka High School of south Florida will spend a vacation at the hotel, said Mr. Shepard.

Many social luncheons are held at the hotel. An event of Tuesday night the 2nd is the annual meeting of the Chinese Association in honor of Mrs. Morris Bork and Mrs. M. E. Vanish of Orlando. More than 37 women enjoyed the smorgasbord luncheon and tables were elegantly decorated.

Longwood people are pleased with the efficiency of its volunteer fire department and the fact that its new \$7,000 fire truck has proved its worth, according to Mayor Law Arnold.

Destructive fires occurred two days in succession on Saturday and Sunday in the Longwood area.

On Saturday, the Shantung peninsula post office was set afire by juveniles.

On Sunday, the Wewahitchka High School of south Florida will spend a vacation at the hotel, said Mr. Shepard.
