# Seminole Tire Shop Will Open Tuesday In Its New Building

### A. J. Peterson, W. A. Patrick Head Local Concern Which Will Be In New Station

A continual movement forward has marked the progress of the Seminole Tire Shop since its founding here in 1927 and tomorrow will prove to be an important date in the history of this concern for it will then occupy what is considered one of the most up-to-date and finest driving service stations in Central Florida.

The new home of the Seminole Tire Shop is located at Park Avenue and Commercial Street and the building was erected by the Seaboard Oil Company, distributors for Pure Oil products in this section.

Toddy's statement issued at the Jacksonville office of the Seaboard Oil Company said: "No expense has been spared in the construction of this new and modern service station. In designing the building we have attempted to anticipate the increasing public demand for complete one-stop service, and we cordially invite you to visit this new plant."

The Seminole Tire Shop has gained considerable reputation in Sanford, Florida, as one of the foremost tire dealers in the section. A complete line of Firestone tires and other products is carried in the store at all times and according to the latest release some time ago the store was the local agency for the more tires being sold than any of its competitors.

It has been the policy of the Tire Shop to add various other lines of accessories to its stock of Firestone tires and other products. The store is now carrying a complete line of Firestone tires and other products. The store is now carrying a complete line of Firestone tires and other products.

Lindbergh Hall, seven-year-old youth who was named after the nation's ace flier, Friday night was adjudged as the winner of the \$15 wrist watch offered by Wert the Jeweler in the Seminole Boys' Athletic Club member who made the greatest advancement in sportsmanship, citizenship and physical development during January.

The judges gave second place to Bobby Richard, aged eight, and third place to Duane Tills, age 11. The awards were announced at the end of a series of 11 bouts which were for the most part fiercely fought by some of the Club's outstanding boxers. New faces also were in evidence.

Results: Billy Howiehan and Edward Walsh, Duane Tills and Leroy McTigue, Joe Crenshaw and Clifford Williams, Ralph Pyle and Jerry Tippin all fought to draw. Bobby Richard won from Gerald Walthall, Kenneth Gustafson won over Henry C. Lovell, J. H. W. defeated Joe Morrison. Sidney Richard spotted J. R. Pyle 16 pounds and won, Marcella Burns defeated Ray Filer. Lindbergh Hall won from Billy Basso, and Marvin Smith stopped Milton Edge.

# Life Insurance On Ship's Passengers Will Be Demanded

### W. A. Patrick

(Continued From Page One) of New York, a friend, made the identification.

With the removal of the bodies of the Telfers, only bodies of two of the crew, Javier Bando, and Joseph Kubic, a watchman, of Behr, Del., remained unclaimed last night.

The woman who is the only passenger not yet accounted for is Miss E. B. Gentle of Houlton, Maine.

On Mar. 10, 1927, W. A. Patrick, president of the Seminole Tire Shop on West First, came to Sanford and established a tire repair business that was destined to grow so rapidly that by 1932 had become recognized as one of the leading and most progressive of its kind in the city's history.

Some coming to Sanford, Mr. Patrick has assumed the county-wide agency for all Firestone products and there recently has taken over the distribution for Crealey products.

Mr. Patrick was born in Keokuk, Ill., and received both his grade and high school education in that city but at the age of 17 moved to Florida and has since lived in this state. Before coming to this city he managed an orange grove near Winter Garden for five years.

He resides at 1513 Palmetto Avenue with his wife, who before her marriage was Miss Agnes Hartnett. His father, W. A. Patrick and mother, Mrs. Lena Ann Patrick, were long time residents of the birthplace.

Mr. Patrick is a Mason and a member of the F. & M. Lodge and also of the city's business community. His present recreation is flying airplanes.

You may not be able to alter the deficiencies of the matured generation, but you certainly can help the younger generation by providing the proper preparation.

More than 100,000 copies are printed in the English and Spanish languages and are sold in all parts of the world.

# Ann Harding Said Unfit For Motherhood

### Disease Is Bringing Illiteracy To Georgia

ATLANTA, Ga., Jan. 26. (AP)—Disease affecting more than a majority of the population of Georgia has brought about a condition of physical and mental deficiency in the state.

Dr. Craig Harrow of Savannah said recently at a round table session of the institute of public health.

The epidemic of disease has brought a high rate of illiteracy, lack of progress, a tremendous labor turnover and waste and a lack of preparation for our industrial and agricultural needs.

Dr. Harrow said in his plea for an active public health program, Dr. Harrow continued.

"You may not be able to alter the deficiencies of the matured generation, but you certainly can help the younger generation by providing the proper preparation."

Today's Meet To Be Difficult Task

LAHASSEE, Fla., Jan. 28.—When county delegation before the State Department in its annual meeting here today they will have a report from the personnel division showing 3,191 persons are on its payroll, and 1,333 convicts are engaged in maintenance and construction work.

As the department begins consideration of its annual budget, it will have a report from the personnel division showing 3,191 persons are on its payroll, and 1,333 convicts are engaged in maintenance and construction work.

Today's meeting was called for preliminary consideration of the budget. The budget probably will not be finally adopted until late February or March.

BELGIUM USES HAND LABOR

BRUSSELS, Jan. 28.—(AP)—Because of the unemployment situation, the Belgian government has forbidden use of steam shovels or similar labor saving machinery on Public Works except in emergencies. The edict made 6,000 new jobs on the Albert Canal.

STORY MADE VISIBLE

ANTANANARIVO, Madagascar, Jan. 28.—(AP)—New museums here show the island's history from skeletons of dinosaurs and other prehistoric denizens down through jewelry, arms, palanquins and other relics of vanished royal dynasties, to the present French colonial status.

Veritable Armed Camp Protects Young Lindbergh

No Chance Is Taken That Jon May Suffer Brother's Fate NEW YORK CITY, Jan. 28.—Three armed camp protect two-year-old Jon Lindbergh from the fate of his brother Charles Augustus Lindbergh, Jr. It is revealed in "Famous" Detective Stories Magazine, the first issue of which makes its appearance today. While Bruno Richard Hauptmann, accused of the kidnapping and murder of the first Lindbergh child, faces a new federal jury, the elaborate precautions that have been taken to protect Jon Lindbergh and his mother, Mrs. Anne, are being revealed. Jon Lindbergh, who is now two years old, is being protected by a team of men who are armed with machine guns and shotguns. The first Lindbergh home, which was destroyed by fire, is being replaced by a new one, which is being built on a hillside overlooking the city. The new home is being built with the same precautions as the first one, and is being guarded by a team of men who are armed with machine guns and shotguns. The first Lindbergh home was destroyed by fire on the night of June 17, 1934. The fire was caused by a gas leak, and the house was completely destroyed. The Lindberghs were living in the house at the time, and the fire was a great tragedy for them. "HERE'S HOW WE GROW RUBBER" FIRESTONE TELLS DAWES

WASHINGTON, Jan. 28.—With an effort to figure out the reasons why the rubber industry is so profitable, the House Committee on Agriculture today heard testimony from Firestone Tire & Rubber Co. President James H. Dawes. Dawes testified that the rubber industry is so profitable because of the high cost of labor in the United States. He said that the rubber industry in the United States is a labor-intensive industry, and that the high cost of labor in the United States makes it difficult to compete with the rubber industry in other countries. Dawes also testified that the rubber industry in the United States is a capital-intensive industry, and that the high cost of capital in the United States makes it difficult to compete with the rubber industry in other countries.
