

U. S. INTERESTS ARE INDICTED BY SAN MARTIN

Cuban President Says Financial Groups Are Conspiring To Oust Him From Post

HAVANA, Oct. 9.—(A.P.)—President Ramon Grau San Martin of Cuba last night charged that "certain financial interests in the United States" are conspiring the destruction of his government.

He made the accusation in an address direct to the American people. The executive spoke in English.

After defending his administration, declaring it "truly representative" since it emerged from the very vitals of the Cuban people. The executive spoke in Spanish.

"Certain financial interests in the United States are unfriendly—they are the sworn enemies of our people—and they are still conspiring our destruction, issuing false propaganda and fighting us step by step. They have been at the back of our every misfortune, just as they were at the back of our every triumph."

"You know these American interests. They have also brought down to their own fellow-citizens and your depression has been their masterpiece."

Requesting American cooperation and understanding, Grau said, "We must raise the Cuban standard of living far above the economic slavery and give them the elementary advantages of civilized human beings."

"We can no longer tolerate puppet governments, born of monopoly and concessions and covering Cuba into a wasteland for a privileged few."

Meanwhile, Oriente Province and its capital Santiago continued to suffer today because of labor troubles and a serious food shortage.

Adherents of former President Mario G. Menocal were reported as preparing for a revolution in several Oriente towns. Labor unions met to formulate demands and to plan a general strike. Food stocks are dwindling and a thousand hungry beggars walked the streets. The political situation is tense.

Consumers of electricity in at least five towns struck for lower rates.

In Havana soldiers and radical members of the ABC secret society were shot at from house tops while troops searched for arms in the homes of leading oppositionists.

INFLATION WILL NOT BE TRIED SAYS DALADIER

Asking Sacrifices So That Budget May Be Evened, He Upholds Present Policies

VICHY, France, Oct. 9.—(A.P.)—Premier Daladier, sounding the government's policy yesterday at the congress of the radical socialist party, declared it was determined to defend the franc against inflation as well as French soil from invasion.

Revealing that the heaviest pressure had been brought to bear to devalue the currency, Daladier urged that sacrifices be made to assure a balanced budget at the opening of parliament announced for Oct. 17.

"In the work which follows the opening restoration of our finances must be assured or the country will have another government," the premier told the members of his party.

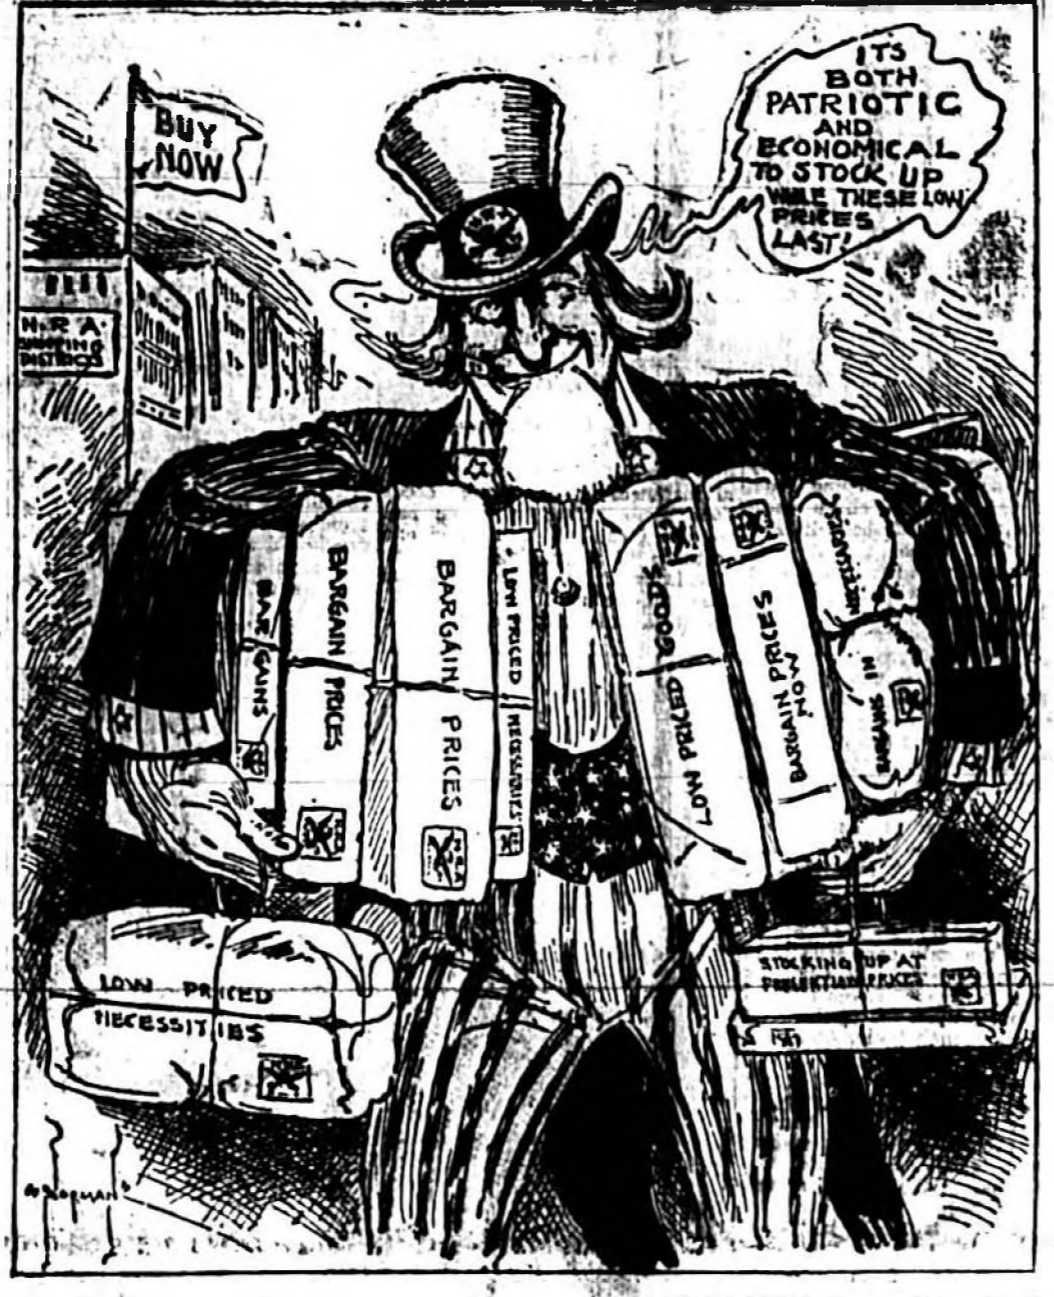

He expressed faith in the parliamentary form of government, however, thus silencing talk that he would seek dictatorial powers. He flatly repudiated inflation, saying:

"It is necessary to destroy the hopes of those who, in their desire for profitable speculation, wish to lead France to alter her money, a step which after several months of false prosperity would increase the difficulties and lead the regions and the country to ruin."

"Devaluation? Our franc already has lost four-fifths of its value."

"Inflation? Who wishes to revive the days of 1926? And since we have neither the time nor the means to make huge experiments and wait for results it is necessary resolutely to end the disaster of our finances."

ALL EUROPE IN CRITICAL STATE SAYS STOCKTON

Ex-Minister Sees Race For Armaments As Hinging Upon Meet

JACKSONVILLE, Oct. 9.—(A.P.)—Gilbert B. Stockton, returning American minister to Austria, yesterday described conditions in Europe as "critical" with the prospects of an armament race looming if the disarmament conference fails.

"The conference," he said, "faces an impasse, and only a super-human effort by European statesmen can save it." However, Stockton, who described himself as an optimist, said he believed a solution to the difficulties could be found.

Stockton arrived in his native city yesterday after serving as minister to Austria since May, 1930.

All Europe is watching with intense interest President Roosevelt's administration, he said, and all hope the next deal will succeed because America is the key to world rehabilitation.

He added the collapse of the London economic conference left now ranking in Europe against the United States.

He said Chancellor Dollfus has surrounded himself almost insuperable difficulties during his 18 months in office and has gained the respect of all patriotic Austrians. Commenting on Dollfus' future, Stockton said "we can best judge a man by his achievements and the chancellor already has demonstrated his leadership and ability on numerous occasions."

Kelly's Wife Slaps Face Of Policeman Who Broke Up Kiss

OKLAHOMA CITY, Oct. 9.—(A.P.)—As George "Machine Gun" Kelly and his wife started to enter an elevator in the federal building here today just before the start of their kidnaping trial, they engaged in a fight with a guard.

An Kathryn paused to kiss a male relative, an officer tried to prevent the kissing by giving her a slight shove. She stumbled and nearly fell. Angered she turned and slapped the officer in the face.

He returned the blow and Kelly, using his handcuffed hands, attempted to attack the officer. Another officer drew a pistol and struck the outlaw over the head several times. As soon as the outlaw had fainted the Kellys were taken into a courtroom under a heavy guard.

Coal Miners Returning To Work After Strike

PITTSBURGH, Pa., Oct. 9.—(A.P.)—Thousands of Western Pennsylvania coal miners began a "back to work" movement today, and at noon the United Mine Workers of America estimated that half of the 75,000 strikers had returned to the pits.

Confusion in the fields followed President Roosevelt's plea that miners end their strike pending an adjustment of their differences with operators, but as the day wore on reports of resumptions showed in from several counties in the coal belt. The march started slowly but gained momentum.

WILSON IS VISITOR

Lorenzo A. Wilson, of Jacksonville, chairman of the "Friends of Florida" organization which is endeavoring to raise \$10,000 by popular subscription so that Florida's exhibit at the World's Fair may be maintained until the fair closes, was in Sanford today. He spent a short time with Karl Lehmann, secretary of the organization, discussing the progress of the campaign, and he left for South Florida late this afternoon.

WETS, DRYS LOOK FOR VICTORY IN STATE TUESDAY

Signs Point To Repeal Although Apathy Of Voters Is Deterrent

JACKSONVILLE, Oct. 9.—(A.P.)—Florida voters express themselves Tuesday as believing the Eighteenth Amendment should be repealed and the repeal leaders are confident that they will do so, the state will be the thirty-third to repeal itself.

The polls will open Tuesday at 8 A. M. and throughout the day will see a goodly portion of the approximately 700,000 registered Floridians make the trek to the voting booths. The official hour for the closing of the polls is 6:03 P. M. or sun-down.

Repeal leaders with their only apprehension centered around a low confidence attitude on the part of their followers, expect that about 250,000 voters will be cast during the day. Persons qualified to vote in last November's general election or who have since become qualified electors may vote Tuesday.

The voter will have the choice of 17 names to select from. On the ballot the names will be listed in three groups as follows: (1) Those favoring repeal; (2) Those favoring retention of the present Twenty-First Amendment. (Continued On Page Two)

Qualified Cooks Urged To Register For Work

Qualified male cooks who wish to register for service in Civilian Conservation Corps Recreation Camps this winter should register their names at the Seminole County Welfare Board office as quickly as possible. It was announced today by Mrs. Helen T. Morse.

There is no promise given that they will be employed within the next few days, but since replacements are often made and several camps are to be opened in the South within the next few weeks, men cooks would do well to register if they wish employment.

If they are finally selected for duty, they will be given an advance in pay, according to advice on file here. Prospective cooks may be married and older than 25 years of age under a special ruling made to their favor.

City Commission Meet Promises Much Action

Tonight's meeting of the City Commission promises to be a lengthy one if all of the items scheduled for discussion are disposed of, said City Clerk P. S. Lammitt today.

The Commissioners must consider the 1933-34 budget and tax assessment roll; they have the matter of removing city prisoners from the County Jail as needing immediate attention; it is necessary that they continue their revision of the occupational license ordinance, and finally, there are a number of matters relating to the city's financial condition which need quick action.

CLIMBER SETS MARK

LAKE PLACID, N. Y., Oct. 9.—(A.P.)—Word came from Hart Lake last night that H. L. Malcolm, of Pompano, Fla., a mountain climber, finished a record-breaking hike over 10 Adirondack peaks at midnight last night. Pudding for 23 hours, 51 minutes, much of the time in a fog so dense he had to use a flash light, Malcolm climbed a total of 20,000 feet and covered 225 miles of mountainous terrain.

MURDER WITNESS BLAIN

ROANOKE RAPIDS, N. C., Oct. 9.—(A.P.)—Marvel Colburn, 22-year-old Roanoke Rapids man who was a witness in the quadruple Cannon murder case at Boynton, Va., was found dead early yesterday in a clump of woods near his home at the edge of town. Colburn's throat had been cut, and his head showed signs of battering.

HUMPHREY TO CARRY FIGHT INTO COURTS

Girds For Battle With Roosevelt As G.O.P. Stands Ready To Use Case In Campaigns

WASHINGTON, Oct. 9.—(A.P.)—A reported plan to make a Republican political issue of President Roosevelt's removal of William E. Humphrey from the federal trade commission yesterday promised Humphrey a legal resource to defend his job.

Humphrey, holding that the President had no power to remove officials of an independent commission, was expected by some of his intimates to take definite steps within a few days to provide the legal weapons necessary to carry on his fight. Some Republican leaders were said to be ready to help him along politically.

Mr. Humphrey "removed" by President Roosevelt on Saturday as a Federal Trade Commissioner, set at last official desk today in defiance of the order. He also attended a regular meeting of the commission. Neither he nor the commissioners would say what action was planned. Humphrey is treated however that he has not the slightest intention of giving up his office unless forced to do so by the courts. While the daily calendar came to Humphrey's desk no other official business apparently was being sent to him.

President Roosevelt was credited as preparing to go ahead with his plans for remodeling and strengthening the commission as the primary federal agency for protection and promotion of interstate and foreign commerce.

Moving to that end were his appointments of James M. Lane, Harvard professor, and a Democrat, and George C. Matthews, Republican, Wisconsin securities expert.

Lane, credited with a large share in writing the securities act, was expected to be the commission's entrusted with overseeing the act, while Matthews probably would be charged with commission responsibility for any stock exchange regulatory legislation that may be passed eventually. Other members of the commission have had much experience in dealing with problems brought up by the industrial codes.

How far Republican leaders will be able to go in making an important political issue of the Humphrey case remains to be seen. Some leaders hold that it was unfair to charge with commission responsibility for any stock exchange regulatory legislation that may be passed eventually. Other members of the commission have had much experience in dealing with problems brought up by the industrial codes.

"Buy Now" Drive Is Begun In Hopes Of Waking Up Buyers

GENEVA CONFAB TAKES NEW TURN UPON CONVENING

GENEVA, Oct. 9.—(A.P.)—As a result of American initiative an era of five power disarmament conversations, with Germany included on the basis of equality began here today.

Foreign minister Joseph Paul-Boncour of France and Count Rudolf Nading of Germany were scheduled to confer before nightfall, American Ambassador Norman H. Davis having been successful in bringing the two together in an effort to iron out their differences.

Indications were that the stock on which the conference may be opened is the question to what extent Germany's neighbors will record in a treaty their intention to scrap heavy armaments.

Delegates to the disarmament conference, gathering here for the meeting of the steering committee today, were frankly pessimistic.

The steering committee met this morning amid the blakest pessimism since the beginning of the disarmament movement two years ago. Even prospects of temporary stabilization of armaments at present levels until Europe's uneasiness has quieted appear to be fading, delegates admitted.

The chief immediate reason is the diametrically opposed French and German positions on armaments. Delegates also admitted that some know what the conference could do to avoid a complete breakdown, which none of them knows how to prevent.

The United States, Great Britain and Italy wish to avert any substantial disarmament of Germany but have indicated a willingness to compromise. Their delegates, however, are considerably annoyed at the extent of the German demands.

Buying Now Is Investment, Says Johnson In Opening Mighty National Campaign

WASHINGTON, Oct. 9.—(A.P.)—Brightly dressed show windows inviting advertisements and well-displayed products greeted America's consumers today in the beginning of a mighty effort by government and business to stimulate buying to support the recovery program.

Hugh S. Johnson, the industrial administrator, and his aides who formally opened the "now is the time to buy" campaign today, spent yesterday going over last-minute plans for the drive, delayed for weeks by the task of bringing industry under NRA codes. Pledges of cooperation in the buying campaign and promises to maintain fair prices poured in upon Johnson yesterday from thousands of manufacturers and merchants as their contribution to the effort to put the consumer dollar to work against the depression.

In a statement last night Johnson said:

"Industry and trade, cooperating with the government, under codes of fair competition or agreements with the President, have done and are doing their part. Hundreds of thousands of men, long idle, have gone back to work and millions of dollars have been added to payrolls."

"These payrolls cannot be maintained and new jobs for other hundreds of thousands of workers cannot be made unless every consumer in the land does his or her part now."

The housewives of the country, the purchasing agents who spend 85 per cent of the family income, will realize that now is the time to buy, not only to save money but also because every dollar spent now is helping to keep the wage earner in her family on a payroll."

"For four years the American consumer has been shipping—putting off buying more than he needs until 'better times'—better times are here. There is a new confidence abroad in the land. Men are going back to work. Industry is bringing into the market improved products sold back for these better times. Merchants are re-stocking their shelves and warehouses."

Dr. Hulley To Speak At Baptist Session Here

Officials and members of the Southern Baptist Association are looking forward to a conference which will be held here next week with Dr. Lincoln H. Hulley, president of Stetson University as a principal speaker.

The program only partly completed, already includes the following features:

Alabama, Notre Dame,
N.Y.U. Among
Former Great Who Failed

NEW YORK, Oct. 9.—(AP)—Football fans called loudly for shock-absorbers yesterday, willing to take no further chances with season that in three Saturdays ready has taken heavy toll among the nation's gridiron giants.

The first two weeks of the campaign were laid enough but Saturday saw Texas Christian and New York university go down to defeat and Notre Dame and Alabama held to scoreless draws. Of these, Notre Dame's poor showing against the Kansas rugged defense and brilliant offense was by far the most stunning development of the day. The Ramblers gained slightly more ground but the fact remains that they were outplayed most of the way and barely avoided defeat. Kansas pushed its way deep into Notre Dame territory on five occasions but never could quite make the scoring grade. Two attempted field goals failed.

New York university, one of the nation's football powers during the regime of John F. Chick, finished put the heaviest team in its history on the field against the West Virginia Wesleyan but the Bobcats sloped every drive, worked a clever passing game and finally won out, 3-0, on Leonard Barnum's drop-kick in the last quarter.

Texas Christian, Southwest conference champion a year ago, could not stop LaForge, Arkansas' speedy half-back, and went down to a surprising defeat, 13-0. LaForge took the opening kickoff and dashed 90 yards to a touchdown, then broke away later for 35 yards and another score.

Alabama, playing its initial Southeastern conference game, gained plenty of ground against Mississippi in a midfield but could not break through and then led to fight of two vigorous challenges in the fourth quarter to gain as much as a tie. Mississippi missed two field goal attempts in this period.

These were the principal form reversals although California's 14-13 triumph over the St. Mary's Gaiels was hardly expected. It could be credited directly to Floyd Blower, sub back, who smashed through for a touchdown in the last quarter, then looted the all-important extra point.

Kentucky won its second loop game by defeating Georgia Tech, 7-5, the margin of victory being an excellent kick for the point guard, touched down by Ralph Scott. Tech, who on Kentucky's two-yard line with three downs ahead in the last period, but could not tally.

Georgia brought an end to Tulane's four-year triumphant march over the Bulldogs by whipping the Greenies, 20-13 in a free scoring jamboree, which saw Georgia run up a 20-point lead only to have Tulane score two quick touchdowns and lose other great chances through fumbling.

The size of Florida's 31-0 win over Sewanee caused some surprise in view of Sewanee's gallant stand against Kentucky a week ago. The Gators showed great power and several nice punning backs. Mississippi led, offering unexpected strength, forced Tennessee to employ the regulars to run up a 20-0 victory.

Vanderbilt won from N. C., 20-13, to give the southeastern circuit its fourth successive victory of the year over Southern conference rivals. It was a game of passes with Vanderbilt scoring early and then withstanding a late Irish aerial barrage. The triumph was costly for Vanderbilt, for Rand Dixon, its chief punter and passer, suffered a fractured arm that will keep him on the sidelines for several weeks.

Louisiana State, still enjoying warm-up series, was easily defeated by Mississippi, 40-0. Oglethorpe beat Manhattan, 6-0, and Centenary whitewashed Baylor, 19-0, in intercollegiate combat but Mercer lost to Navy, 25-0, and Loyola to New Orleans, 23-0. In the Southern Intercollegiate Athletic Association, Murray beat Union university, 20-0, West Kentucky won from Tennessee, 7-0, and North Carolina beat Mississippi Teachers, 13-7.

Other games saw Chattanooga whip Middle Tennessee, 40-0; Wake Forest to Davidson, 30-0; Louisiana College to Sam Houston, 7-0; Washington state to the Ohio State, 30-0; and Louisville to Lehigh, 14-0.

PICK THE WINNER

With most of the season's football favorites rather well established at this time, and Herald sport fans having demonstrated their ability at picking winners, this week's Pick-The-Winner contest takes a difficult turn as a means of testing all fans.

Get busy at once and try to select the winners, and be sure that your list, properly signed, is at The Herald office as soon as possible. The first lists turned in have the better chance to win in case of a tie.

The prize? Well, the first three persons sending in the nearest number of winning names will be awarded two tickets each to the Milnes Theater, a courtesy offered by Joe L. Marceniotta, manager of the theater.

Clip this list, place a "W" in the column opposite the name of the team you think will win, and send it to the Sports Editor of The Herald before noon Saturday, Oct. 14. If you think the teams will tie, write the words "Tie" opposite the teams listed.

Theater, a courtesy made possible by theater manager Joe L. Marceniotta.

Mr. Warner and Mr. Monsalvato selections were identical, but where they selected Georgia Tech as a winner over Kentucky, Mr. Jackson selected Kentucky over Tech. However, Mr. Jackson picked Ohio over Purdue, an incorrect choice.

Not one of the 60 contestants guessed that Alabama and Mississippi, and Kansas and Notre Dame would battle to scoreless ties.

Florida was the choice of 54 of the 60 as a winner over Sewanee, and Kentucky was picked by 11 of the 60 as a winner over Georgia Tech. Many guessed that Georgia and Tulane, and Ohio and Purdue would play a tie.

Eight persons selected 12 winners, but the selections of Mr. Warner, Mr. Monsalvato, and Mr. Jackson were the first received at The Herald office. As all contestants know, the first three persons picking the nearest to the actual number of winners, are the winners of the tickets.

Other persons selecting 12 winners were: Miss Ella Spencer, William Viblen, J. M. Stinchfield, Mrs. R. W. Ware, and Hawkins Connelly.

For the benefit of contestants who retained copies of their selections, here are the scores of the games named on the entry blank: Alabama 0, Mississippi 0; Princeton 40, Amherst 0; Army 32, V. M. Upsala—Grapeville

Enji. Magnuson and wife are again at Winderes for the winter season, only coming home to the week-ends. Mr. and Mrs. N. A. Fry were their dinner guest on Sunday.

Mr. and Mrs. Edd Peterson and two grandchildren, of Holly Hill, spent a few hours at the home of brother I. C. Lundquist and wife, Sunday week.

The past month Paul Casper, of the Dixon Garage, killed a big rattler with 15 rattles near the station. Some colored boys spied it first.

School is open again. Here's hoping the children will put their minds to work and help their teachers. Gail DeForest of the 5th grade and Ruby May Tolson of the 7th grade are new pupils.

Camilla and Gretchen Lundquist and Joyce Rootins enter the first term.

N. A. Fry is recovering from a bad wrench given his thigh at Winderes causing a joint to slip out of place. He has been home a couple of weeks. It happened when he was under a building at the Chase grove.

All are rejoiced to know that Garder Lundquist arrived safely at Pensacola where he had a job offered him. The high school job of the way. Lots of girls but in his condition it health. His wife is some better and will stay here with the little ones for a while.

Mr. and Mrs. Henry Jamieson and his mother, Mrs. Jennings, have moved back to Grapeville. Mrs. and Mrs. Hanson are in town in their new home, purchased from Mrs. Babura.

Mrs. W. C. Collier spent Thursday with Mrs. Barney Herz, including also to see Mrs. Ballinger.

Mrs. Max Vengha, who was picked by a call from her son, spent Arthur Xarrell.

Some improvement on our way this summer. Mr. and Mrs. Walter Bierman are still working on the new house. Fred Egan has added on a new building for storage purposes to his lot.

Cardul a Gopi Tonic
"After the birth of my little girl, I was weak and run-down and felt that I needed a tonic to give me strength to do my work," writes Mrs. C. A. Rouse, of Plain Deal, La. "My mother had used Cardul with good results. I, too, was helped. A few years after this I again needed a tonic. Cardul, being so reliable, I took it again and haven't regretted it. I have also given Cardul to my daughter. I am very much pleased with Cardul and expect to use it in my family as a tonic, when needed." Buy Cardul at the drug store.
