BAVARIAN GOVERNMENT FAILS IN MISSION

INVESTIGATION OF GOV. WALTON'S OFFICE

OKLAHOMA SENATE SITTING IN TRIAL OF GOV. WALTON COURT OF IMPEACHMENT

WALTON FAILS TO GAIN FEDERAL INTER- VENTION

FACES COURT

Many Counts In Impeachment Charges Are Brought To Court

(By The Associated Press)
OKLAHOMA CITY, Nov. 9.—Dr. A. E. Davenport, state health commissioner, testified before the Senate hearing of impeachment charges against Governor Walton, that the State Narcotic Hospital, at Darlington had maintained since July, a staff of doctors and nurses at monthly payroll of about \$1,500, although no patients were there and preparations for opening the institution have not been carried out. Aldrich Blake, former councillor to Walton testified that on one occasion of the governor's absence from the city he discharged 20 employes of high department when told that the department had one-third more employes than it needed.

OKLAHOMA CITY, Nov. 9.—The trial of Governor J. C. Walton on impeachment charges brought against him by the House of Representatives was started yesterday before the Senate, sitting as a court of impeachment.

The house board of managers prosecuting the case elected to try the governor on articles two of the bill of impeachment, which charges that the executive placed his personal chauffeur, T. P. T. Edwards on the payroll of the State Board of Health.

The testimony given yesterday by witnesses for the prosecution set out that after Paul Nesbitt, state highway commissioner, had refused to place Edwards on his payroll because he thought it would be illegal, Governor Walton obtained from Dr. A. E. Davenport, health commissioner, his agreement to a plan by which Edwards drew \$200 a month as an employe of the Health Department, J. C. Mahr, federal employe attached to the health department, said he did not know Edwards was an employe of the department.

Adjutant General B. H. Markham, the next witness, said Edwards and Homer D. Martin, a guard at the governor's residence during the recent state wide martial law regime, were commissioned officers in the National Guard, upon written orders of Governor Walton. He said they drew salaries as such although neither had passed the military examination or subscribed the required oath.

C. C. Childers, state auditor, identified warrants issued to Edwards and Martin in testimony each warrant bore an endorsement in the name of the man to whom it was issued.

Commissioner Nesbitt testified that the executive asked him if he "could take care of two or three of my friends" and named Edwards as one of the number. The witness said he refused, telling the governor such procedure would be unlawful.

Governor Walton then stepped to a telephone, the commissioner testified, and made arrangements with Dr. Davenport to place Edwards on the health department payroll.

Aldrich Blake, former executive councillor, and regarded as the governor's closest adviser during the martial law days, and the marks just preceding, then testified that he had seen Martin guarding the governor's home and that Edwards was known to him as the executive's chauffeur.

Dr. Davenport appeared as a witness after a writ of attachment had been issued by the court upon request

WHOLESALE RAID ON BREWERIES IN PENNSYLVANIA

To Shut Off Supply of Beer Flooding Part of the Coast.

(By The Associated Press)
WASHINGTON, Nov. 9.—Wholesale raid on breweries in eastern Pennsylvania to shut off the supply of beer admitted to be flooding a large part of the east was begun today by prohibition forces. Reports to Commissioner Haynes from Philadelphia, said 12 breweries were seized early today and that a score would be padlocked before night.

PHILADELPHIA, Nov. 9.—Twenty six breweries in and near Philadelphia were searched and seized by prohibition agents assembled here from different parts of the country.

FRANCE INSISTS ON THE LIMIT REPARATIONS

Looks Like France Has Blocked America In The Deal

(By The Associated Press)
PARIS, Nov. 9.—Official statement issued by the French foreign office shows that the French government insists upon limitations to expert reparations inquiry, which have been rejected by Secretary Hughes.

WASHINGTON, Nov. 9.—To what extent the attitude of France has blocked plans for American participation in reparations discussion is a question which the American government apparently is not yet ready to answer. Informed of the Paris semi-official announcement as he was leaving a long session of the cabinet Secretary Hughes expressed great surprise, but declined to make any comment. It had been understood here Secretary Hughes is still seeking information on French attitude.

Man in New York has 65 dogs. We had no idea anybody in New York could be so poor.

Florida drunk was sentenced to be sprayed with rum ten days, proving wishes do come true.

of the prosecution. He testified Edwards has been on the health department payroll five months at the request of Governor Walton. The witness admitted Edwards had made a report to him.

Homer Martin followed Dr. Davenport. He testified he had guarded the governor's residence and that he held a commission as lieutenant in the Oklahoma National Guard. Replying to questions, he said he had not taken the guard examination, been issued a uniform or had previous military experience.

CORNER STONE LAYING PROGRAM AT ENTERPRISE

New School And Community Building Started.

The school and community of Enterprise will participate in the laying of the corner stone of the new school and community building here on Monday November 12, at 3 p. m.

The school and community has been in dire need of such a building for years so last winter under the auspices of the Parent-Teacher Association a movement was launched to secure the much desired building. The movement was successful and the new building will be our reward.

The new building is to be located on the school grounds and will be made the community headquarters. The school grounds are the most beautiful in Volusia county and when equipped and further beautified will be an attractive spot which will be a credit to Enterprise and Volusia county school system.

This building will be one more unique feature about Enterprise. Enterprise has the most children of any town in the state in proportion to population. Benson Springs water contain 21 minerals and is used as a tonic. We are probably the only village school in the state that has a full time commercial teacher. We boast the nicest lake shore drive of any inland town in this part of the state which is visited by scores of cars every Sunday and will probably be hundreds when we get our new road. The Florida Methodist Orphanage is located here and attracts many visitors. This new building will probably be the only school building in the state built for a school auditorium and community house. This building will meet the approval of the leading educators as it will make it possible for the school to be the community center.

Music will be furnished by the Enterprise band and songs by the School and Girl's Glee Club. Dr. O. I. Woodley, Secretary F. E. A., Winter Park, will give the main address. The Volusia county school board and superintendent will be present and our county agent, Mr. T. A. Brown and others will have a part in the program.

The people of the nearby counties, cities, towns, villages and communities are especially invited.

THREE KILLED AS TRAIN HITS BUS ON OHIO CROSSING

IRONTON, Ohio, Nov. 9.—Two men and one woman were killed at Bellefonte, near Russell, Ky., just across the Ohio river from here late yesterday afternoon, when Chesapeake and Ohio passenger train number 3, running twenty minutes behind schedule, struck and demolished a large bus operated between Ironton, Russell and Ashland, Kentucky.

The dead: Mr. and Mrs. Paul Lansing, of Lexington, Ky.
W. H. Clay of near Huntington, W. Va.

The injured:
Phillip Pancake, Ironton, driver of the bus.

Mrs. Kate Fitzgerald, Ashland, Ky.
Fred Hardy, 11, Russell, Ky.

Mrs. Lansing and Clay were killed instantly. Their bodies were mangled and identification was possible only by means of cards and papers among their effects. Mr. Lansing died two minutes after he arrived at a hospital. The dead and injured were the only occupants of the bus.

The bus was en route from Ashland, Kentucky, to Russell. The road crosses the tracks at a sharp angle and both bus and train were running in virtually the same direction—west.

Washington see wants a kangaroo, but not for teaching politicians to hop from issue to issue.

New State Bank Policy Started By Federal Reserve

State Banks Cannot Become Member Unless Branches Are Given Up.

WASHINGTON, Nov. 9.—The federal reserve board decided to inaugurate a new policy with respect to admission of state banks into the Federal Reserve system. After February 1, 1924, the board will require as a condition of membership that a state bank agree to establish no branches without the board's permission and to relinquish any branches it may have outside of the city in which the parent bank is located.

These two general principles will govern the board's action on all applications for membership by state banks. The policy will be rigidly enforced if the recommendations of a committee of its members, who studied the question, are followed.

The committee report suggested in recommending adoption of the policy that its effect would be to place state and national bank members of the system on more the even terms of competition. Two United States attorneys general, it was pointed out, have held that Federal laws forbid national banks establishing branches doing a general banking business, many states permit banks under state charter to maintain branches and the committee hinted that continued spread of branch banking by state institutions would eventually destroy the strength of the reserve system.

The board's action followed a three months study of the question by the committee. The question also was forced to fore by a condition existing in several states, notably California, where some bankers felt that the continual spread of branch banking was sapping the resources which they, as the so-called independent bankers, had. Proponents of branch banking pressed the argument that its extension made available to all sections where branches were maintained by the full resources of the larger institutions and worked to the aid of business and commerce.

ADVERTISING FUNDS FOR JACKSONVILLE

JACKSONVILLE, Nov. 9.—City council has gone on record as favoring a fund of \$50,000 to be used in advertising Jacksonville. It would be taken from unappropriated funds in the new budget. It was also voted to create an advertising board composed of the mayor, chairman of the city commission and president of the council in addition to the advertising committee of the council.

Mayor Proclaims Armistice Day As Legal Holiday

Mayor Lake proclaims Monday, November 12th as a legal holiday in the following proclamation:

"Whereas, it is most fitting that November 11, A. D., 1923, Armistice Day, be appropriately celebrated in our city and the memory of the noble lives given to the cause of liberty be perpetuated in the minds and hearts of our fellow men and women, and

"Whereas, this day should ever be kept in mind as the day which brought back to a sorely stricken world peace and relief from the dangerous menace which threatened the very existence of the world.

"Therefore, be it ordered by the mayor of the city of Sanford that Monday, the 12th day of November in the year of our Lord, 1923, be and herewith is declared to be a day of celebration and thoughtful contemplation in memory of the patriots who gave up their lives that democracy might continue upon this earth. Further, all places of business are requested to close for the entire day.

"In witness whereof, I have hereunto set my hand this 9th day of November, A. D., 1923.

FORREST LAKE, Mayor.

FOREIGN EXCHANGE TOPPLES TODAY OVER EUROPE

Result of Situation in Germany Makes New Low Record

NEW YORK, Nov. 9.—Foreign exchanges toppled at opening today's market as result of situation in Germany. Demand sterling dropped more than three cents to \$4.00, new low record for year. New low prices Norwegian and Danish kroner were established by Spanish pesetas, Norwegian and Danish kronen and Holland guilders while French and Belgian francs declined sharply.

Capt. Stearns Of The Huron Is Detailed

As Commandant Naval Base at Key West

WASHINGTON, Nov. 9.—Captain C. D. Stearns until recently in command of cruiser Huron of Asiatic fleet, was detailed as commandant naval base Key West.

FORT LAUDERDALE BIRD SANCTUARY

FORT LAUDERDALE, Nov. 9.—The Woman's Club, at its last meeting, voted to request city council to add the words "Bird Sanctuary" to the signs defining the city limits. An ordinance was passed sometime ago reserving the territory within the city limits as a bird sanctuary, the city thus joining a large number of other municipalities in providing homes for the birds. There is a large number of sanctuaries on the west coast.

FLORIDA ON NEXT SEASON'S GAMES

GAINESVILLE, Nov. 9.—The University of Florida already has arranged for three of its games next fall for the "Fighting Florida Alligator" football team. Contracts have been signed, it is said, to meet Mercer at Macon, and the Mississippi Aggies at Jackson, Miss. Coach Van Fleet states that a contract with the University of Texas was closed last year, calling for the 'Gators to journey to a Texas city for the game. Dates have not been fixed. It is understood that Rollins, Stetson and Southern contracts run for only one year, and these teams may not be on the schedule against Florida next season.

ATTENTION HIGH SCHOOL STUDENTS

The Salls Harrison Chapter of the Daughters of the American Revolution through the generosity of their regent, Mrs. Anna M. DeForrest, will award to the High School student writing the best essay on the following subject:

"The Constitution, How It Was Made and by Whom, and Its Effect on the World."

A prize of fifteen dollars.

These papers must be turned into the chairman, Mrs. John Leonard by January 1st, 1924.

Essays must be typewritten and on one side of the paper only.

Any high school pupil is eligible.

Prizes will be awarded at the George Washington party of the Daughters of the American Revolution, Feb. 22nd, 1924.

A prize of ten dollars will be given the Colored High school upon the same conditions. This prize will be awarded by the chairman on the day selected by their principal.

BAVARIA UNDER NEW RULE GENERAL LUDENDORF LEADS NOW COMMANDER IN CHIEF

AMBASSADOR WANTS DELAY OF DECLARATION

Of Secretary Hughes On Proposed Reparations Program.

(By The Associated Press)
PARIS, Nov. 9.—The fact that the French ambassador to the United States, M. Jusserand, has requested delay in publication of Secretary Hughes' declaration regarding the proposed expert reparations committee is taken as indicating the United States will decline to participate in the committee. Chances of committee being organized consequently are regarded as slightest.

Case of home brew blow up in Seattle. Headline on report should have been "Liquor Case Heard."

JOHN PERRY TAKES CONTROL JAX JOURNAL

Several Changes Made Editorial Management

(By The Associated Press)
JACKSONVILLE, Nov. 9.—John H. Perry, owner and publisher, assumed direct editorial control of the Jacksonville Journal today, according to announcement. Abe Hurwitz, former editor has been transferred to Reading, Pa. Sam Ellis, who has been with the Metropolis and Journal for several years has been made managing editor.

BRAXTON BEACHMAN URGED BY FRIENDS TO ENTER CONTEST

ORLANDO, Nov. 9.—"It was, of course, gratifying to note in the afternoon news reports that my name is being considered by South Florida friends for the governorship," said Braxton Beachman, Orlando capitalist, citrus grower and food administrator for Florida during the world war, when asked for an expression of his attitude toward entering the race.

"No man can deny realization of the high honor done him by the mention of his name for the important office of governor." Here Mr. Beachman meditated for a moment, and continued, "But I feel that a call from the people should come before a man decides on such an important question." Mr. Beachman said he realized that great things were expected of the man who makes a race for governor. Pausing a moment, he continued, "In any event, I must await further expressions of the people themselves concerning their wishes before giving you an expression of my attitude."

While the Zev-Papyrus horse race is all over the losers haven't finished walking home.

MARKET REPORT

(By The Associated Press)
CHICAGO, Nov. 9.—Opening grain prices: Wheat, December, 105 1-2 to 3-4; May, 110 5-8 to 7-8; corn, Dec., 77 to 8-4; oats, December, 62 1-8 to 1-4.

LOOKS LIKE OLD REGIME WILL COME BACK TO GERMANY

FASCISTI LEADER

Adolph Hitler Walked Into Meeting And Took Charge of Affairs

(By The Associated Press)
BERLIN, Nov. 9.—General Ludendorff and Adolph Hitler, leaders of Bavaria revolt have been captured by Federal troops.

MUNICH, Nov. 9.—The Bavarian government was overthrown by Adolph Hitler, the Fascist leader, and the administration placed in the hands of General Ludendorff as commander-in-chief.

Dr. Von Kahr, the military dictator in Bavaria, had just finished addressing a patriotic manifestation in the Burgerbrau yesterday, when Hitler entered at the head of 600 men. Hitler announced that the government had been overthrown and was replaced by a new government with General Ludendorff as supreme head, and Hitler as political adviser.

Former Chief of Police Von Pöschner has been named as administrator of the country and Von Lossow minister of war.

Those who gathered in the Burgerbrau, which is a famous Bavarian beer cellar, were members of nationalist patriotic organizations, to whom Dr. Von Kahr read a manifesto the German nation denouncing the principles of Marxism. The reading of the manifesto was greeted with applause and Hitler's sudden entry with strong forces was a dramatic surprise.

The troops of the Oberland organization, which occupied numerous strategic points in the city, carried the colors of the Reich. Meanwhile the Bavarian police occupied the telephone offices, while some of Hitler's men took possession of the offices of the Neueste Nachrichten.

General Von Lossow, who has been named as war minister, is commander in chief of the Bavarian Reichswehr. The Central government recently demanded his withdrawal from his post as commander, but Bavaria refused to oust him.

BERLIN, Nov. 9.—The outbreak in Munich has been suppressed. Former Police Chief Von Pöschner, one of the leaders of the movement has been arrested. General Ludendorff and Adolph Hitler have barricaded themselves in the ministry of war. All other buildings are held by the regular Bavarian government under Premier Von Knilling. The latest advices from Munich indicate that Bavarian dictator, Von Kahr and Reichswehr Commander Von Lossow are not identified with the movement and have ordered the arrest of Ludendorff and Hitler. Coup appears to be wholly confined to Munich. Brew House where it was staged. Berlin is quiet.

LONDON, Nov. 9.—Official advices received by the British foreign office from Berlin confirm reports that Adolph Hitler has declared himself Chancellor of Germany with General Ludendorff as minister of war and commander-in-chief of German army. Members of the cabinet are in continuous session in Berlin and are determined to protect the republic. It is believed in the capital that Reichswehr will remain loyal to the central government.

An auto spotlight was stolen in Youngstown, O., probably by a man who lost his collar button.

POINSETTIAS.

The candles are lit in my garden—
The poinsettias flame,
Red as the skies of Judea,
Where in His Father's name
The Nazarene taught in the temple
And passed on the hills to pray—
The candles are lit in my garden,
Proclaiming the Lord's birthday.
—Vivian Yeiser Laramore.

Among those in Sanford yesterday attending to business from Jacksonville was J. J. Curtis.

Miss Eloise Smith, of Marianna, is the attractive guest of Miss Sarita Lake at her home on Park avenue.

Miss Zoe Munson was operated upon today at Fernald-Laughton hospital for appendicitis.

J. D. Jordan, of Tampa, spent the day here yesterday transacting business, registering at the Montezuma.

A. F. Clover and W. M. Weber were among the business visitors here yesterday from Tampa.

Valdosta, Ga., was represented here yesterday by H. E. Oxner, C. C. Colley, G. F. Connell and F. B. Watson.

Mrs. Robert Childs and son, Donald, of Warren, Ohio, are the guests of Mrs. Enaminger and Mr. and Mrs. Harry Kent.

Mrs. Stewart LeGott, who has been the attractive guest of Mrs. W. C. Hill has returned to her home in Albany, Ga.

J. H. Wraggs, of Fernandina, was among the out of town business visitors in the city yesterday and made his headquarters at the Montezuma.

Mr. and Mrs. N. C. Beckett and their attractive little daughter, Mildred, of Windemere, spent Sunday and Monday with their parents, Mr. and Mrs. J. L. Walker, Sr.

Miss Lucy Byrd Smythe, who has been visiting friends in New York and New Jersey, and who has been touring with Mr. and Mrs. Beerbower and Miss Helen Beerbower will arrive here today.

Mrs. Victor Check, Mrs. Howard Overlin, Mrs. John Gillon and Mrs. R. W. Pearman, Jr., were a congenial party motoring to Orlando this morning in the Check car, where they spent the day very pleasantly.

EVENING BRIDGE CLUB.

Mrs. W. C. Hill entertained delightfully last evening at her home on Fourth street at bridge, the guests including the members of the Evening Bridge Club.

The pretty color scheme of crimson and green prevailed in the decorations and details of the affair, a profusion of lovely crimson roses being effectively used in baskets throughout the various rooms.

Miniature baskets of crimson, filled with mints and salted nuts were placed on the tables and enjoyed during the game.

The prize awarded for top score, an amber luster candy jar, went to Mrs. Floyd Palmer. The men's prize, an ash tray was won by Floyd Palmer. At the conclusion of the game, the hostess served creamed chicken in timbals, a salad course and coffee.

The guests were Mr. and Mrs. D. L. Thrasher, Mr. and Mrs. Floyd Palmer, Mr. and Mrs. E. F. Housholder, Mr. and Mrs. F. E. Roumillat, Mr. and Mrs. R. A. Newman, George DeCotte and W. C. Hill.

GENEVA PARENT-TEACHERS ASSOCIATION ENTERTAINS WITH HALLOWEEN PARTY

Wednesday night the ghosts walked in Geneva. The crowd began to gather about 7:30 at the town hall, and by 8 o'clock about 175 people, old and young, masked and in costume, had crowded into the hall and the fun began. After the unmaking a number of games were played.

This part of the program was under the management of Mrs. Wm. Kilbee and Mrs. Endor Curlet. The following are a few of the games in which the merry crowd engaged: Blowing Candles, Chewing the String, Swinging for Apples, Drinking Contest, and Confessions. This game, Confessions, especially created much amusement for the younger set, as only the "grown-ups" could participate. Coffee, doughnuts, and popcorn were served.

The Geneva Parent-Teacher Association met at the schoolhouse with about thirty members present. Mrs. Dooley's room furnished the program, a "Health Play", also an instrumental trio two violins and a clarinet.

Our country superintendent, Mr. T. W. Lawton, was present and gave an interesting talk on the purposes and accomplishments of the organization. After adjournment of the meeting refreshments were served.

EAST SIDE PRIMARY PARENT-TEACHERS' ASSOCIATION.

Tuesday afternoon a large number of mothers, patrons and teachers met at the East Side primary school, for the purpose of organizing a Parent-Teachers' Association. This to be a branch of the Parent-Teachers' Association organized this past year.

Mrs. E. P. Moree, president of the P.-T. A. explained what the association was and the good that could be derived thereof. She called on Mrs. Arrington to tell what the P.-T. A. meant to the teachers and school.

After these two delightful talks, Mrs. Moree appointed Mrs. Lamb, Mrs. W. J. Morrison and Mrs. R. C. Bower as a nominating committee for the purpose of electing a chairman and a secretary. The result of the election was, chairman, Mrs. H. C. DuBois; secretary, Mrs. Fred Daiger.

It was decided to hold the regular meeting the second Thursday afternoon of each month at the school house, so as not to conflict with the general P.-T. A. meeting the third Thursday at the grammar school.

This East Side association will function as a branch of the Sanford P.-T. A., the chairman being a member of the executive board, and the work to be done for the school will be done separately, as each chairman knows what is needed most for the benefit for her school. Committees will be appointed later for publicity, program, school grounds and others.

The next meeting will be held

Thursday afternoon December thirteenth and it is earnestly desired that all mothers and interested friends of the children of the East Side school will attend.

An interesting contest is started, the room having the largest representation will be allowed to have the pennant for that month and at the end of the year, the room having held the pennant the most number of times will be awarded a prize.

TAKEN HOME

Sweet little Margaret, the four year old daughter of Mr. and Mrs. J. L. Hamrick was called by death at 1:30 last Saturday morning, caused by acid poisoning of the stomach. She passed away at the Fernald Memorial Hospital where a brave fight was made by able doctors and loving hands to save her life.

Little Margaret was a sweet child possessing a cheerful and loving disposition, with a smile for everyone at all times, even at the hour of death the smile was visible. The writer was one of the members present when the end came, and noticed just a few moments before the last breath. Her sweet little eyes opened, looking toward her father with a faint smile as though to say, good bye papa I must go. Then closing her eyes she passed quietly into the great beyond to meet the one who once said to a crowd about him, suffer little children to come unto me and forbid them not, for of such is the kingdom of God.

The funeral services were conducted by Dr. King of the Baptist church, and was largely attended by relatives and friends. The floral offerings were evidence of the many loving friends she had made during her brief life, also the deep sympathy of the many friends of Mr. and Mrs. Hamrick.

May the heart aches soon be healed by the hope and assurance that we will all some day see sweet Margaret's face again to no more be separated by sickness and death.

A FRIEND.

Sanford, Florida

LOCALS

R. H. Berg of Miami is in the city today looking after the circulation of the Daily and Weekly Herald.

J. aBrrata and R. L. Scott, of Macon, Ga., were business visitors to Sanford Wednesday, stopping at the Valdez.

Sid E. Liberman, of Cincinnati, O., is a well known visitor to Sanford, is a guest of the Valdez while in the city on business.

G. E. Miller, of Jacksonville, representative of the Drew Co., is a business visitor to Sanford, and is stopping at the Valdez.

A. Wiltman and sons, J. D. and E. J. Wiltman, arrived in Sanford Wednesday from Tampa and will be guests of the Valdez for several days.

W. E. Crane and P. W. Reid, of Atlanta, Ga., were arrivals at the Valdez Wednesday, coming down to look over business conditions in the City Substantially.

Mr. and Mrs. E. J. Johnston, of Scotch Plains, N. Y., were among the guests registering at the Valdez Wednesday, coming down from Jacksonville on the S. S. Osceola.

Mr. and Mrs. Chas. W. Maus, of Baltimore, Md., will be in Sanford for a brief sojourn, Mr. Maus showing a complete line of millinery in the Valdez sample rooms to the local merchants.

Churchwell's have a two day sale on now on Men's and Boys' Clothing and this is your opportunity to get what you want in fall and winter clothing at rock bottom prices. See their advertisement today.

According to an advertisement in this issue the Ball Hardware Company will have free demonstrations of the Florence oil stoves and ranges on Thursday, Friday and Saturday of this week. This is the time to see what the wonderful Florence stoves will do in many different ways. The ladies are especially invited to come to the Ball store and see these demonstrations.

Yowell & Company will give the ladies the chance to purchase new coats and prett dresses at reduced prices on Friday and Saturday of this week—just at the time when you need them most. The cold weather is here and all signs point to a cold winter and this is your opportunity of getting your coat now and get the use of it for many months to come. New coats and sweaters for men and boys. See the Toyland Topics in this advertisement about the big sale of dolls and toys.

The Ball Hardware Company has some fine display windows just now setting forth that fact that fall and winter is here and especially the hunting season that is approaching. One big window is devoted to hunting equipment and the autumn leaves scattered around, the real pheasant, the pictures of other birds, the shot guns and rifles and pump guns and ammunition, the hunting coats and equipment are arranged in a very artistic manner. The window was decorated by C. A. Mathews who has gained distinction by winning several prizes from distributors at various times. And then he also had the advice and help of Hodgson Ball, that attenuated young man who looks after the fine arts at the Ball Store and who is known to many friends at Palm Beach as "Buddy Fat Boy."

The Hill Hardware Company has some interesting windows just now on the eve of the hunting season. The one in particular that attracts the eye of housepeople and visitors alike is the sporting goods window that contains everything for the sportsmen and the angler and the golf player. The windows is tasty and demonstrates the various lines that this well a real window decorator and one who knows how to catch the public eye with the various lines that this well known firm carries. The windows are good and are attracting much attention.

ATLANTIC COAST LINE ESTABLISHES FIRST TRAIN BETWEEN NEW ENGLAND AND FLORIDA

The first through train ever operated between Boston and Florida will be inaugurated November 11th by the Atlantic Coast Line Railroad Company in connection with the Pennsylvania and New York, New Haven & Hartford Systems. The "Everglades Limited," which in the past has been operated only to Washington, will be operated this season out of Boston and New England cities and will enable passengers from Boston, Providence, Springfield, Hartford and New Haven to travel to Jacksonville, St. Petersburg, Tampa and Miami and intermediate points, without changing cars. There will also be sleepers from New York and Washington to Jacksonville, Tampa and St. Petersburg, and from Cleveland and Akron to Tampa, and St. Petersburg via Washington.

The schedules provide for departure from Boston at 7:25 p. m., and Springfield at 8:35 p. m., and arrival in Jacksonville 7:40 a. m., on the second morning. The sleepers for St. Petersburg and Tampa will be handled south of Jacksonville on the Atlantic Coast Line trains The Pinellas and Tampa Special respectively, and for Miami on the Florida Limited of the Florida East Coast Railway.

Two passenger transportation records will be established. Not only will the "Everglades Limited" be the first through Pullman train ever operated between New England and Florida, but its route will be longer than that of any other through train East of the Mississippi River.

The Herald delivered six times a week for 15c.

South's Idle Lands Will Be Developed

Conference Will Be Held At New Orleans On Forestry and Reclamation—Vast Areas Lying Idle.

ATLANTA, Nov. 7.—Development of idle lands in the south will be the object of a conference on forestry reclamation which is scheduled to be held in New Orleans about the middle of the present month.

The purpose of this conference, as stated in detail, will be to devise ways and means for suitable utilization of the lands of the United States and especially in the south; to eliminate speculation and exploitation from land settlement; to safeguard settlers seeking homes on lands idle at present; to increase the number of self-supporting farm homes; to secure effective co-operation in constructive development of the country's idle lands and to secure expansion of the Federal reclamation policy into national scope instead of sectional as is the case at present, it is claimed.

As pointed out here, there are vast areas of cut-over, swamp and overflow lands in the south lying idle and serving no useful purpose. There are abandoned fields, woods and scrub growth timber which lands were formerly cultivated fields. It is essential to the progress and prosperity of the south, forestry men and agriculturists here both claim, that these lands be utilized in some suitable manner as producers of revenue or home-making.

The problems which will face the New Orleans conference, it is stated, will be varied and widespread. Some portions of the south's idle lands can best be utilized for reforestation. Others are best adapted for grazing and livestock production. Others are best suited for agriculture proper—for cotton, corn, wheat, truck and other products. Some of these lands, it is shown, should be planted in fruit trees and others in citrus or pecan groves.

Even more important, it is asserted, is the problem of securing settlers for idle lands, whether they are yet to be reclaimed or whether they have been abandoned. It is claimed that there are literally thousands of persons who would settle in the south if the advantages and opportunities of this section were brought to their attention.

DeLAND'S STREET PAVING PROGRAM

DeLAND, Nov. 9.—Paving work on the principal streets of DeLand is expected to begin about November 15, according to engineers in charge of construction work on the city's program of improvements. Progress is being made in laying water mains and sewer mains, the contractors having about 70 men on the work. East Michigan avenue will be the first to be paved after which East and West Rich avenue will be given attention. Curbing already has been placed on Rich, Deaware, Michigan, Indiana and Adelle avenues and will be laid on Howry by the end of this week, the contractors say.

MIAMI BEACH CONTINUES TO GROW

MIAMI BEACH, Nov. 9.—L. C. Davis city building inspector announces that 347 building permits were issued during the year ended October 31 against 192 in the preceding year the permits calling for construction work totaling \$4,116,980 against \$1,331,900 the year before. The record of each month surpassed the similar period last year, he stated. May reached the high mark with a record of \$1,236,300.

Broerlein Re-Elected President of West Coast Association

TALLAHASSEE, Fla., Nov. 7.—After adopting a resolution asking the Interstate Commerce Commission to allocate the Georgia, Florida and Alabama Railroad and the Tallahassee Southern Railway to the Atlantic Coast Line and the Louisville and Nashville System and election of officers, the West Coast route association today adjourned its two day convention here, to meet again subject to the call of the president.

It was decided to retain the original name of the organization specifically created to carry on the campaign for a West Coast Railroad and W. G. Broerlein of Tampa was re-elected as president, F. W. Perry of Fort Myers, named as vice-president, and Mrs. F. R. S. Phillips, temporary secretary. Allocation of the G. F. and A. and the Tallahassee Southeastern with the A. C. L. and L. and N. System was suggested, the resolution said, "for the reason that it would be in accord with the economic railway administration of each road."

Should such consolidation be made, the resolution asked that the Interstate Commerce Commission issue an order requiring the construction of the sport line of rail way from Covington to Perry, Fla., to complete the shortest and most direct and economic haul for freight and for the passenger service between west and peninsula Florida and the north and middle west of the United States.

SENATOR B. H. LINDSEY WILL MAKE DEFINITE ANNOUNCEMENT SOON

(By The Associated Press) TALLAHASSEE, Nov. 6.—Senator B. H. Lindsey of Holmes county probably will make known definitely within the next few days his decision regarding the race for the gubernatorial nomination in the primary next June.

He stated here today that he was expecting developments in his affairs by Wednesday that would enable him to determine whether or not to enter the race.

Much speculation has centered around the West Coast for several months, and the probability of his entering the race, and he said today that his inability to give his friends some definite assurance one way or the other, had been embarrassing to him. He was glad, however, now, he said, that his affairs were shaping themselves in such way as to permit him to commit himself definitely.

NEW BRIDGE ACROSS INDIAN RIVER

FORT PIERCE, Nov. 7.—Contract for building the bridge across Indian river at Jensen, to cost approximately \$100,000, probably will be awarded November 6. The bridge will be located about half a mile north of the business district of Jensen, and will be a little more than a mile long. It will provide for a quick and easy access to the ocean beach and make possible transportation of truck crops grown on the peninsula opposite the Jensen section.

Attorney General Would Disqualify Members Pardon Board

Says All But Mayo Would Come Under Same Head

TALLAHASSEE, Nov. 8.—Attorney general Buford, commenting on reports efforts would be made for Aubrey Nickels for him to retire from pardon board during hearing Nickels plea for clemency said if he were disqualified all members board except commissioner Mayo would be disqualified, all others had said hearing last June when board declined to commute Nickels' sentence.

LAKE COUNTY CENTRAL HIGH SCHOOL

TAVARES, Nov. 9.—Establishment of a central high school for Eustis, Tavares and Mount Dora has been approved by the trustees and citizens of these places. Steps will be taken to select a site of about 25 acres on the shore of one of the many beautiful lakes near or in a central location, after which another will be called to consider means of building the school. Citrus culture and poultry raising courses, to be given under competent teachers have been suggested as subjects to be taught in the school.

LOCALS

Pettus Lee of Baltimore, was an arrival Thursday at the Valdez.

O. J. Morris and wife of Atlanta, well known visitors to Sanford were guests of the Valdez Thursday night.

W. A. Crosby is a visitor to the City Substantial from Waycross, stopping at the Valdez.

An egg today is better than a hen tomorrow.—Bob Deane, Seminole County Bank.

Mr. and Mrs. C. D. Brumley of Chuluota were among the visitors to the city today.

J. C. Downes, circulation manager of the Tampa Tribune is a guest of the Valdez while in the city looking after business interests.

Rigney & Monroe have the Saturday and Monday specials in this issue that will save you big money on everything in the grocery line.

The Gonzalez Grocery Company have Peoria butter and all the other good things in the grocery line at living prices.

Mrs. W. C. Ash and daughter, of Atlanta, has registered at the Valdez and will be in Sanford for a brief visit during their tour of the state.

Chas. R. Luterbach of Baltimore, a frequent visitor to Sanford, is stopping at the Valdez while in the city calling on the local clothing merchants.

Reese Coombs and R. H. Berg, of Miami, arrived in Sanford Thursday and will be here for some time transacting business with the Herald Publishing Co. They are guests of the Valdez.

Mr. and Mrs. G. B. Merrian and Clarence White formed a congenial party stopping at the Valdez Thursday night. They drove up in their car from Palm Beach.

Mr. and Mrs. Sam Baumel are sporting a snappy new Reo model brought that is one of the finest cars seen in this city. It was purchased from the Dixie Garage of this city—the local agents for the Reo.

Piggly Wiggly is here again today with a great array of good things in the grocery line all at special prices. Dollar Day—See It.

Prices shot to pieces is what the Atlantic & Pacific Co., say in their advertisement today and prove it by quoting you the real prices on all groceries and canned goods.

Mrs. Mary Hommel of Oklahoma City has arrived in the city and will be the guest of her daughter, Mrs. W. S. Coleman for the winter.

Reese Combs and R. H. Berg left for their home in Miami today after spending several days here on business connected with the circulation department of the Daily Herald.

Churchwell's have a special on shoes, ladies, gents and children's. New line and most complete at very low prices. Regular Saturday and Saturday night bargains.

Stemper & Company have the finest selection of meats in this section and they sell at prices that beat the world. They are not afraid to publish their prices for they know they have the world beat on quality and price. See their advertisement today.

Baumel's Special Shop is making a specialty of hats in the advertisement today giving you some of the very latest things in millinery at prices that will make them go. See the new fur, the new coats and suits and all the new things at Baumel's—just from the markets.

The three Presbyteries of the state and Synod of Florida of the Presbyterian church, U. S. A., met this week at Winter Haven. Revs. A. L. Metcalf, of Osceola and M. E. Gabard and J. A. Logan of Geneva returned home late Thursday evening. They report very helpful and encouraging services.

On another page today the Diamond Palace is calling your attention to a wonderful showing of new jewelry for early Christmas shoppers. It will pay you to read this advertisement and call to see this fine stock of Christmas Gifts as soon as you possibly can. You can always rest assured that you will get good values and courteous treatment when you trade with this firm.

ATHLETIC STADIUM FOR JACKSONVILLE

JACKSONVILLE, Nov. 9.—Milton E. Bacon, chairman of the city playground commission, has in hand the matter of finding a location for an athletic stadium to be erected by the city, and a committee from the city commission has been appointed to investigate a site in Springfield, near the state board of health building. It had been suggested that a bond issue of \$300,000 be voted for the purpose but City Attorney Odum ruled that this could not be done next year.

WEEKLY WEATHER AND CROP BULLETIN

For the week ending November 5: The temperature for the week averaged somewhat below the seasonal, the last day being 10 degrees or more cooler than usual. There were, however, several moderately warm days, when midday temperatures were in the 80's, especially in the central and southern divisions. As a whole, however, thermal conditions were favorable. The percentage of sunshine was less than usual, although generally ample in view of the dry weather. Rain is needed over all divisions, especially on uplands—more generally in the central and northern divisions. Light scattered showers occurred on one or two days in the northern and central counties, and heavier and more widely distributed showers occurred in the western division. In every instance, however, the rainfall was insufficient.

Northern Division. The week was dry, and moderately cool with deficient sunshine. Soil moisture is low on uplands, and rain is needed throughout the division for truck, strawberries and pastures. The absence of rain was favorable for the harvesting of sweet potatoes, beggar weed hay, and cane grinding. Fall tomatoes are about ready for shipment in northern counties where the experiment is an innovation. Early oats are in fair to good condition, although growth is backward; planting continues. Irish potatoes are doing well, and shipping will begin at an early date; being a fall planting the crop put will be small. The setting of cabbage plants continued over a wide area. Citrus trees and fruit are in good condition; the fruit is coloring and shipments increased during the week.

Blackmailers are after a Chicago hotel man. They may know where he gets his hotel steaks.

THE AMERICAN PRESS ASSOCIATION

The woman bandit of Chicago has been taken—Chicago is safe again.

The Herald predicted some time ago that the monarchists would rule Germany again. It looks like it today.

There may be a "lack of interest" in state politics now but after the first of January there will be plenty of excitement. We want to get the holidays off our system first.

A naval aviator will try for the north pole in an airplane. According to the weather right now we would be perfectly satisfied to try for the Bay of Biscayne instead.

The Railway Associations in joint sessions announce a big expansion program based on the prediction that 1924 will equal if not surpass the big business of 1923.

The drug ring in this country crops out at regular intervals demonstrating that this awful menace is with us right along and should receive our attention.

Don't let that lake front boulevard idea escape you in the midst of the hurry and bustle of business.

MONEY-MAKING AND CHURCH-GOING.

I once heard a successful business man say, "I can't afford to stay away from church."

He told me that for many years he worked hard for a living and had barely made ends meet.

A white crow was captured in Denver. Our theory is the bird had been smoking too many cigars.

A Chicago man named Nelson had two wives. It was discovered when one objected to a half Nelson.

SENTIMENT—Old and New

Things Worth While Picked Up Along the Way; Some From Pens Long Ago Laid Down; Some From Pens of Later Days

IN OLD JAPAN

No lanes of cherry blossoms, dainty, fair, Are conjured up when now men speak that name.

No smiles of welcome friendly faces wear, No sunrise or no sunset is the same.

The busy hands that deftly wrought with skill, While minds to labor brought unerring taste,

Those hands were black and charred—forever still— Where what pride's raised lies low, in direful waste.

The work of centuries undone; at naught? Calamity now trailing her dark robes

Where once Joy's spirit-humblest souls had caught An insight which each flower-heart secret probes!

O stricken land! Who can, indifferent, wait In this dread hour, Earth crushing puny man!

Take of our stores, our best, O bowed of Fate! Our thought, our pity, is with Old Japan!

—Ella A. Fanning in the New York Times.

grind from morning till night, day after day, week after week, year by year, barely kept the wolf from the door.

When Sunday came this man was tired. He did not feel like going to church.

He felt depressed and listless. He either wanted to lie around the house and rest or get out into the country away from it all.

While contemplating his dismal future, he looked about him. He observed that the majority of the successful people were identified with the churches.

In fact, it seemed to him that the church-goers as a class got along pretty well.

He wondered if there was not something back of it all that he did not understand.

He determined to find out. He began going to church regularly.

Within six months things commenced to change for him. First of all, his own outlook on life improved.

This brought a sense of confidence and security that he had not known before.

He felt a sustaining power back of him upon which he could lean and rely.

The feeling grew. His shoulders went back; his chin went up; he began to look his fellowman squarely in the eye.

Mentally he took hold of his own situation. He began to go after things and he began to get them.

At the time he related this story to me he stood well in his church and in his city.

He had money and he had influence, and, most of all, he had contentment.—DeLand News.

ATLANTIC COAST LINE BOOSTS FLORIDA FRUIT

In a special little folder on the title page of which is given colors a Florida orange the Atlantic Coast Line railway has done some good publicity work through the north and west.

The folder, while containing a few words relative to the mileage the road has in Florida, is devoted to Florida oranges, how to buy them; how to keep them; how to eat them.

Under the first caption it compares the Florida orange with those from California, to the advantage of the former, in this way:

"A sometimes rough, uninviting, looking globe, but filled almost to bursting with the concentrated essence of the spicy dews, jeweled rain-drops, balmy airs and glowing golden sunshine of the 'Land of Flowers.'

"Disregarding the mere appearance; 'drink the juice'; you will find it ambrosia indeed—a food truly fit for the gods." Delicious refreshing, healthful, invigorating, and a tonic for the jaded nerves.

"Florida oranges are best, because 'They are juicier—containing from 40 to 60 percent more juice than California navelis;

"They are far more highly flavored 'The pure natural fruits juice is not thinned out to a shadow by waters of artificial irrigation—nature's irrigation and the results of sunshine, dew and balmy air cannot be successfully imitated by mere man's substitutes therefore;

"They are grown nearer the average point of consumption, hence fresher;

"They are thinner skinned;

"The Florida standard package is 15 percent larger than the California;

"Florida is the natural home of the orange, as thousands of acres of wild natural grove testify—it is a forced product in California, a creature of commercialism and artificiality."

Quick Six Touring 1919, runs good, tires good, \$95.00 first payment; \$25 monthly. Phone 3, Sanford Motor Co., Dodge dealers.

CONDITION FLORIDA ROADS ALL OVER STATE TODAY OF INTEREST TO MOTORISTS

Who Are Contemplating Taking A Trip By Auto

(By The Associated Press)

TALLAHASSEE, Fla., Nov. 8.—The following is the report of the condition of Florida's cross-state roads on November 6.

The information was compiled by state road department: Road No. 1.—Nunez Ferry to Jacksonville:

Nunex Ferry to Escambia Bay, good county road. Escambia Bay (Florida town) to Crestview, fine sand-clay and brick road.

Crestview to Ponce de Leon, fine sand-clay road. Ponce de Leon-Marianna-Quincy-Tallahassee-Monticello-Aucilla river, very good county road.

Aucilla river to Greenville, fine; Greenville to Madison and to Suwannee river, rough but passable.

Suwannee river to detour Live Oak, fine; Live Oak to one mile east of Houston, fine. Detour from there to old road into Wellborn which is rough but passable.

Wellborn towards Lake City good for mile and half, then rough so take detour from mile and half from there on to Lake City, rough but passable.

Lake City to Jacksonville asphalt, concrete, brick road.

Road No. 2.—Georgia line to Fort Myers:

Georgia line to White Springs via Jennings, Jasper and Gena, very good. White Springs to Lake City rough but passable.

Lake City to High Springs under construction, detour via Fort White, very good. High Springs to Gainesville, 26 miles of asphalt, excellent.

Gainesville to Ocala, rough with exception of 16 miles of excellent line rock and asphalt road. Detour near Reddick. Ocala to Bellevue under construction, detour near Bellevue to Leesburg to Easton and Mount Dora, very good.

Mount Dora through Orange, Osceola and Polk counties to Bowling Green, good. Bowling Green to Gardner, fair. Gardner through Arcadia to Carlston Field, good. Carlston Field to the Belmont road, rough and sandy in spots, but fair road. Belmont road to Fort Myers, good.

Road No. 3.—Georgia line to Orlando:

Georgia line to Yulee and Jacksonville, sandy-clay, good. Jacksonville to Green Cove Springs, rough. Green Cove Springs to Palatka rough to end of brick at Rice's Creek. Brick road from Rice's Creek through Palatka to San Mateo, good. San Mateo to Cisco, rough. Cisco to Crescent City

new asphalt road just completed. Road under construction near Longs. Road under construction near Longs. Road under construction near Longs.

Georgia line 13 miles south, sand-clay, good condition. Ten miles asphalt and rock base with half mile detour around construction work, detour good.

Fifteen miles to Jacksonville, good road. Duval county line to St. Augustine to Hastings and 12 miles south, very good. Constructing shoulder eight miles north of Espanola and between Bunell and Espanola.

Bunell to Volusia county line, very rough. Volusia county line to Daytona and New Smyrna fair. New Smyrna to Titusville, nine miles of shell, rough; fourteen miles of shell, good. Three miles paved.

Titusville to Cocon, six miles of good road, five miles of new state road; 12 miles paved. Cocon to Melbourne, 15 miles of good road.

Melbourne to Sebastian, 20 miles of fair road. Sebastian to Wabasso, 3 miles paved, 3 miles bad rock road. Wabasso to Vero, detour three miles paved. Vero to Miami paved through-out.

Road No. 5.—High Springs to Fort Myers:

High Springs through Archer and Wiltonia to Romeo, fair. Romeo to Dunnellon newly graded but heavy sand entirely passable after rains.

Dunnellon to Inverness and Brooksville, fair. Brooksville through Hernando and Pasco counties to Hillsborough county line, rough but passable.

Hillsborough county line through Tampa via six mile creek through Bradentown, Sarasota, Englewood to the Myakka river, very good. Myakka river to Punta Gorda rough and sandy in spots but easily passable. Punta Gorda directly to Fort Myers impassable, but traffic can go by way of Tucker's Corner.

Road No. 8.—Haines City to Fort Pierce:

Haines City to Frost Proof, good—shoulders poor. Detour through Frost Proof. From Frost Proof to Sebring, fair. Sebring to DeSoto City, good. Traffic for Okeechobee City should go by way of Fort Bassenger.

The primary purpose of the Tallahassee meeting, however, is to consider ways and means of bringing about the construction of a connecting link that will give to the West Coast of Florida a through line of railroad.

Just what course may be pursued in this connection has not been indicated since the announcement last week by Attorney-General Rivers Buford that it would be useless to attempt to force the so-called Tallahassee-Southeastern railroad to build the stretch of road from Covington to Perry, for which a franchise has been in existence for many years, and which, it is contended, would provide the much desired connecting link.

Special legislative attention was given this particular phase of the proposed West Coast road when an act was passed authorizing the attorney-general to bring suit against the Tallahassee-Southeastern to force construction of the Covington-Perry link or forfeit the franchise. Mr. Bu-

ford stated, however, that after a thorough investigation into the various angles of the case, he was "confronted with a state of facts which will not support an action to forfeit the charter of the corporation now operating that part of the railroad constructed by the Tallahassee Southeastern Railway Company and by a state of facts under which a judge could make no order such as is directed in Chapter 9306, Acts of the Legislature of 1923 (the act requiring the attorney-general to institute proceedings to compel building of the Covington-Perry section.)"

After acquainting myself with the provisions of this Act," said the attorney-general, "I went to the record to ascertain upon what grounds, if any, such a suit could be directed by the Act to be brought could be brought and maintained."

"The record discloses such a state of facts," he continued, "as to lead to the conclusion that Chapter 7941, Acts of 1919, and Chapter 9306, Acts of 1923, were enacted by the legislature without that body having advised itself of the true status of the Tallahassee Southeastern Railway Company. The record clearly discloses such a state of facts as to show that no suit could be maintained, which would have any valuable result to the state of Florida, or which would in any way affect the present status of the ownership or operation of the line of railroad now existing between a point south of Tallahassee and Covington, Florida, which has been often referred to as 'Tallahassee Southeastern Railway.'"

Thus, in the first three days of the great disaster, 68 direct dispatches came around the world westward via London, giving extended details direct from the cities in touch with the area of devastation. The Pacific route, even in its crippled condition, was at the same time bringing a large number of direct dispatches from Japan and China points, these rising rapidly to 23 direct dispatches on the 3d. Thus from both directions, from the west and from the east, these messages from the stricken area flowed around the world and into America, giving a steadily increasing picture of the great disaster through its first crucial days.

The route across Asia was in the main the eastern, via Suez, at the outset. But it soon developed that the northern route, via Siberia, and European Russia, was exceptionally fast. This route was freely used, making about six hours in linking Japan and China with London and New York.

In the first week of the disaster more than one hundred—exactly 101—direct dispatches from the Orient had come by these Asiatic routes to London and New York, over and above the large and constantly increasing number of dispatches coming across the Pacific to San Francisco. This is what you get for a few cents.

A correspondent went 141 miles through hell to get a part of this and altogether it was the combined effort of an entire world of correspondents—all for you. To serve you with the story that perhaps you turn aside for the mere exclamation, "Hello, there's another earthquake in Japan."

Palatka News.

ASSESSED VALUE OF PINELLAS COUNTY ST. PETERSBURG, Nov. 6.—Total assessed value of Pinellas county property this year is \$17,780,882, compared to \$15,237,102 in 1922, according to the tax figures of A. T. Blocker, tax assessor, which have

been accepted by the county commissioners. Estimating the assessment figures conservatively at 20 percent of the real value, Assessor Blocker reported that the real estate of the county should be worth \$88,904,410.

Quick Six Touring 1919, runs good, tires good, \$95.00 first payment; \$25 monthly. Phone 3, Sanford Motor Co., Dodge dealers.

Teethina Will Save Mothers Much Trouble

"If mothers would give Teethina to their babies I am sure it will save them much trouble as well as suffering," writes Mrs. J. E. McKinney, Route 3, Seymour, Texas.

"I have two little ones and they had colic, cramps and bowel trouble. I gave them Teethina with fine results and they are both lively and healthy as you please."

Mrs. McKinney is but one among thousands of grateful mothers all over the land who gladly testify to the sterling qualities of Teethina in relieving pain and distress incident to babyhood. Teethina is especially valuable for use during teething to reduce inflammation of the gums and feverish conditions.

Teethina is sold by all druggists, or send 30c to the Moffet Laboratories, Columbus, Ga., for a package and a free booklet about babies.

Sunday, the 2d, no less than 25 of these direct dispatches from Osaka and other Japanese and nearby cities came westward via London. On Monday, the 3d, there were 21 such dispatches via London.

Thus, in the first three days of the great disaster, 68 direct dispatches came around the world westward via London, giving extended details direct from the cities in touch with the area of devastation. The Pacific route, even in its crippled condition, was at the same time bringing a large number of direct dispatches from Japan and China points, these rising rapidly to 23 direct dispatches on the 3d. Thus from both directions, from the west and from the east, these messages from the stricken area flowed around the world and into America, giving a steadily increasing picture of the great disaster through its first crucial days.

FLORIDA AND STETSON CLASH TOMORROW

DELAND, Fla., Nov. 9.—Another of Florida's football classics of the year takes place here on Saturday, the tenth, when the Florida Gators clash with the Stetson Hatters.

Stetson has one of the strongest elevens to represent it on the gridiron than for four years past and is confident that they have a big surprise in store for the visitors. By decisively defeating Southern College of Lakeland here last Saturday to the tune of 26 to 7 Stetson's hopes have risen many points. Southern's only score came in the first quarter as the result of a fumble on the part of Stetson and the visitors were clearly outpointed in every department of the game.

One of the biggest crowds ever assembled at this city is expected to be on hand to see this big game and preparations are being made to entertain visitors from the four corners of the state.

A clipping from the Asheville, North Carolina Citizen says that in the game between Carolina Academy and Canton, Carolina won by the score of 48 to 0 and among the bright stars in the game for Carolina was Bob Holly, Jr., who is playing half back on the Carolina team. Bob is a former Sanford High player and organized the team here several years ago playing quarter and also managing the team at the same time and he played a consistent and steady and clean game. His many Sanford friends will be glad to learn that he is making a fine record in Carolina Academy both in his studies and in athletics.

BASKETBALL GAME TONIGHT

Don't forget the basketball game tonight between the Winter Park High school girls and Sanford High girls. Game starts promptly at 8 o'clock, in Parish House. Admission 25 and 35 cents.

WILL STOCK COUNTY WITH DEER

TAMPA, Nov. 9.—It has been determined by the Hillsborough County Game and Fish Protective Association to re-stock the county with deer and turkey. R. E. L. Chaney, president of the organization, has been authorized to appoint committees to obtain funds for the work. Two doe and one buck will be released in the county after January 1, it is stated, and the association is arranging to obtain fifty or more wild turkeys to be released about the same time.

Dr. Cliff Robinson thinks people spend a third of their lives asleep. Those with kids don't.

The 1924 Model Studebaker Light-Six Touring Car \$995

The unprecedented popularity of the Studebaker Light-Six can be traced to the fact that it represents a degree of automobile value that the public has sought for years.

It is built complete in the great Studebaker factories.

By manufacturing complete motors, transmissions, axles, frames, bodies, tops, castings, forgings, and stampings, parts-makers' profits are eliminated from costs, and one profit only is included in Studebaker prices.

Phone or call for demonstration.

POWER COMFORT

Boarding Department Of Womens College Is Most Important

(By The Associated Press) FLORIDA STATE COLLEGE FOR WOMEN, Nov. 8.—To the young woman attending Florida State College, the boarding department is one of the most important, for it is to this department that she looks for her daily meals.

Miss Anna May Tracy, dietitian, is in charge of the department, and it is her aim, as well as that of the thirty employees connected with the department, to give wholesome, well-cooked food to the students.

Ninety-two tables are arranged in the spacious dining room for the 820 persons taking their meals at the college, among whom are about twenty faculty members, and the matrons of the college, besides the students. Ten persons are seated at each table.

All supplies are bought in wholesale lots. The plant boasts its own bakery, and ammonia system of refrigerating plant. The latter has three separate rooms, a meat and vegetable room, a milk room, and a freezing room. Canned goods are bought direct from the packers, fresh meats from local packing houses, and vegetables from various parts of the state.

Local vegetable products are used whenever obtainable, but the demand is far in excess of the supply. Sixty to eighty gallons of milk are supplied each day from the college dairy, and grapefruit and oranges come direct from the groves.

To gain an idea of the amount of food consumed at a single meal, one has but to note to approximate quantities of food used in preparing a menu. Eighty pounds of butter and 200 loaves of bread constitute one day's supply. For one meal, two sacks of potatoes are required, 31 gallon cans of fruit, 115 pies, 300 pounds of meat, 35 gallons of ice cream, 15 pounds of coffee, seven boxes of either apples or oranges, and six bunches of bananas.

Many institutions are said to use egg substitutes and other substitutes, but substitutes are out of order here. Only the real fresh eggs are used at Florida State. All desserts except ice cream, which is served three times a week, are made in the college pantry.

Thirty employees are kept busy preparing the food. The list includes the chef, who has been with the college for six years, two assistant male cooks, the baker, and assistant, the put washers, two vegetable men, a storekeeper who is also a butcher, and a number of pantry workers and dish women. All employees in the kitchen are required to undergo physical examinations.

The kitchen is well equipped, and boasts all modern electrical appliances, including dishwashers, potato peelers, meat slicers and choppers, and steam cooking vessels. The cooks wear regulation white uniforms. Meals are balanced and most of the young women gain in weight.

The dining room is built to accommodate 1,100 persons, and if the increased enrollment this year is duplicated next year, the hall will be filled to capacity, and an extension will be needed. The architecture is a replica of Christ College, Oxford College.

Forty-nine young women serve in the dining room and receive a scholarship as their compensation.

The boarding department is operated on a paying basis. The department is also used as a laboratory for the young women taking Institutional Management. This class is conducted by Miss Tracy. There are eleven students in it this year. It was conducted last year, when two graduate members, Misses Mary Tiller and Muriel Prentiss, were turned out. They are now in New York taking post-graduate student dietitian work preliminary to taking work as hospital dietitians.

Miss Tracy is a young woman and is very popular among the students. This is her second year at Florida State. Before coming to Florida she taught home economics for three years in Washington, D. C., and was dietitian for a year at the government hotel in the capital city. She received her training at Battle Creek Sanitarium.

ENGLAND AWAITS FRENCH REPLY AS TO GERMAN PRINCE

LONDON, Nov. 7.—The British government still is waiting a reply from France with regard to its suggestion of the formulation of a common policy claimed at preventing the return of former Crown Prince Frederick William from Holland to Germany.

It is assumed, however, that France even more than England, will decide to adopt every safeguard to prevent Frederick William from going to his upper Silesian estate where he would be in a position to indulge in activities subservient of the peace and extermination.

If France agrees with the British instance of the present Republican viewpoint, it is probable that collective representation will be made to Holland, with a view to keeping the former crown prince within the Dutch borders.

DECLARES SOUTH FLORIDA LOSING BY RATE SYSTEM

West Coast Railroad Convention Hears Talk By Fort Myers Man Advocating New Basing Point

TALLAHASSEE, Fla., Nov. 7.—South Florida is losing millions of dollars through the system of basing points whereby the railroads use Jacksonville as the basing point, declared F. W. Perry, of Fort Myers, speaking here tonight before the West Coast railroad convention in advocacy of an outlet along the west coast.

Opening of such a line, he declared, would give the South Florida section the benefit of a basing point at Lakeland, Plant City, or some other point in that section where units of transportation could be assembled instead of at Jacksonville, and consequently result in lower rates, he believed.

He assured the delegates that his section would support any movement to bring about construction of connecting links that may be needed to open a west coast route, but suggested that the way to get a line of this sort is not by fighting the railroads.

"That is a losing game," he said, "because the railroads employ the best lawyers they can get, and the people cannot afford to spend the money necessary to conduct such expensive litigation."

T. J. Shackelford, of the Tampa board of trade, suggested that building of a hard-surfaced highway along the west coast would mean much toward forcing the railroads to build lines to take care of business that would be created. In the meantime, he said, bus lines such as are used in South Florida would do much to relieve the inconveniences from lack of adequate rail lines, in that they would provide for short hauls on freight and take care of passenger traffic.

The people should keep behind the railroads, however, he said.

O. J. Stephens, secretary of the Peery Chamber of Commerce, pledged the support of his county.

The convention was called to order today by T. J. Appleyard, Sr., for a two-day session. He was made temporary chairman and Mrs. F. R. S. Phillips, secretary of the Tallahassee Chamber of Commerce, was named temporary secretary. A committee was appointed to determine whether to revive the original West Coast Association nor to create a new organization to carry on the fight for

the west coast route. This committee will report tomorrow.

Severe resolutions, letters and telegrams from chambers of commerce and other commercial bodies and individuals endorsing the proposition were read at today's meeting.

Motor Car Output Shows Big Gains

ATLANTA, Ga., Nov. 7.—It is estimated by automobile manufacturers, according to reports received by dealers in Atlanta, that the output of motor cars this year will be 4,600,000. This is said to be a 50 percent increase over 1922.

Where will it end? The "point of saturation" anticipated by the industry, it is claimed, has been reached, and passed over and over, again, and there is no sign of a let-up.

It is to be remembered, say Atlanta auto dealers, that the production of any year is far from being a clear gain. In fact, it is less than half gain, they say. More than half of the cars produced and sold, even with the present tremendous production, are said to be replacements. And as the total number of cars in use mounts, the necessary replacements mount likewise.

Thus, it is pointed out here, suppose the average life of a car is six years. Then, if 4,000,000 more cars are made next year, it may take 2,500,000 of them to replace the cars withdrawn from use, leaving only a gain of 1,500,000.

It will not be long, the reports received here show, until 4,000,000 or 5,000,000 cars a year are required for replacement alone. That is to say, the industry could continue indefinitely on its present scale, or a greater one, if the saturation point were reached in a few years.

It is to be remembered, too, as shown in Atlanta, that there is a vast and growing demand for automobile parts. Something or other is always being needed in the life of a car.

"Clearly, then, there is no reason to be pessimistic about the automobile industry," said a prominent Atlanta dealer. "There is no other industry established on a more secure foundation—provided the fuel supply holds out; and nature and science together will probably see to that."

THREE THOUSAND IN ORLANDO SCHOOLS

ORLANDO, Nov. 7.—Enrollment in the city schools here has reached 3,295 so far this year, according to figures given by the school authorities. Of this number, 1,802 are whites enrolled in the grammar schools, 898 whites in the junior and senior high schools, and 875 are negroes. Fifty-three men, women and children are enrolled in the Opportunity School conducted in the high school building, bringing the total to 3,348.

A Paris despatch last night said Premier Poincare had approved the British suggestion for joint representations to Holland with regard to Frederick William's movements.

Word From Mellon Concerning Vessel Captured Expected

Official Action of Liquor Ship Taken Off Pablo Beach Awaited

JACKSONVILLE, Fla., Nov. 8.—Maynard Ramsey, assistant U. S. district attorney, said tonight he expected to receive word tomorrow or Friday from Secretary of the Treasury Mellon regarding libeling the British auxiliary schooner Louise F, which was seized Monday off South Pablo Beach.

Mr. Mellon was communicated with in order to avoid international complications. Meanwhile, the schooner remains under custom guard.

Three negro members of the crew were released from jail today on \$500 bonds each. The crew of eight and the master, H. A. Johnson of Harbour Island, British West Indies, are to be arraigned Friday afternoon before Carl Noble, United States commissioner on charges of smuggling.

Johnson contends the schooner was taken from his command by three armed men—the second engineer and two stowaways—who forced him into

the forecabin, with the rest of the crew, and brought the Louise F. into American waters against his orders. When the trio went ashore at Pablo Beach, he said he regained command and put to sea. He contended the schooner was seized five miles or more from shore, while prohibition officers said the seizure was made within the three mile limit.

Unique Trading Plan Adopted In Atlanta

ATLANTA, Ga., Nov. 7.—In one of the most unique buildings in Atlanta—the Peachtree Arcade, with its several hundred shops and stores, the merchants forming themselves into the Arcade Co-Operative Association, with G. C. Green as president, have adopted what is regarded as one of the most unique plans of trading probably ever originated by a mercantile organization.

The Arcade Co-Operative Association, according to the plan, stands back of every purchase made by the public from a member of the association. Customers dealing with members of the association are assured of a 'square deal,' and every effort is made to satisfy a customer who has any complaint regarding a purchase made of a member of the association.

A customer, dissatisfied for any reason with a purchase, applies first to the merchant from whom the goods were purchased, in an effort to reach a satisfactory adjustment. If an adjustment is not satisfactory to the customer, he has the right, and is urged to present his claim to a special committee of five members of the Arcade Co-Operative Association, who make a personal investigation and render a decision, the terms of which are binding upon the member of the association affected. The slogan suggested by the association to cover this proposition is "Every Arcade Customer Must Be Satisfied."

The management of the Arcade building co-operates with the Arcade Co-Operative Association in the practical application of this idea, by exercising reasonable care and diligence to admit as tenants of the building, only such as can reasonably be expected to live up to this policy.

Many state and southern business

organizations have considered the adoption of the Arcade plan.

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotab"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotab." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take—one Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine with a clean liver, a purified system and a big appetite. Eat what you please. No danger!

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotab. (ADV.) 3-29-wed-fri-4wkly

Standing Back of Your Mousetraps

A shoe manufacturer whose though he build his house in store in New York City is in a rather out-of-the-way locality recently called the attention of the reading public to these familiar lines

"If a man can write a better book, preach a better sermon, or make a better mousetrap than his neighbor, the woods, the world will make a beaten path to his door."

For many years people have beaten a path to this shoe manufacturer's door. He has proved the truth of this famous aphorism.

And where did he publish this quotation which he applies with such pride to his business?

Why, in an advertisement, to be sure—for this manufac-

turer is a consistent and regular advertiser, and when he has anything to say, he says it through his advertising. It may fairly be assumed that he would not look for a thriving business in the best of mousetraps, or shoes, if people were not told about them as people expect to be told—through advertising.

Of course, people do find out which are the best mousetraps, the best shoes, the best tires; best breakfast foods, and buy them in preference to others.

And people today are pretty well aware that when a manufacturer puts Advertising back of the things he makes, he is telling the world that the path to his door is a broad highway.

DUTIES OF FLORIDA CLUB WOMEN.

TAMPA, Nov. 7.—Ten specific duties have been outlined for the club women of Florida for November. Plant a tree, plant your flower garden, and if possible elect your president for next year are named to start the month with. The other seven are: Send to the chairman of hospitality in West Palm Beach the

name of your delegate—send to Mrs. Joe Farmer, Bay, your dues; to Mrs. W. T. Garry, Ocala, treasurer; discuss your budget for next year, and instruct your delegate what pledges you wish made for 1923-24; fill out your credential card and send it to headquarters; report to your section vice president and to chairman the good things you have done this year; send several representatives to convention Nov. 19-23; start a junior club among the younger women or girls.

EIGHTIETH ANNUAL METHODIST CONFERENCE

BRADENTOWN, Nov. 7. — The eightieth annual Florida conference Methodist Episcopal Church, South, will be held here beginning December 8. The conference is expected to last about a week. The sessions

will be held in the new Bradentown office, although the people of Manatee and Palmetto will open their homes for the entertainment of the visiting preachers. Thursday morning will witness the first session, following the opening sermon on Wednesday night. Bishop W. N. Ainsworth will be the presiding officer, and although the conference will start a day later than usual, he is expecting to finish business and read the appointments by Monday night.

Vegetables Wanted

Approximately 1000 cars of vegetables were sold in our New York Auctions during the past year. If you growers and shippers who are now selling through other channels would investigate the advantages of selling at auction, nearer 100% of the vegetables would be sold at public sale—just as is being done with bananas, oranges, etc. For you would then be convinced that by selling through us you would

- Get higher prices and wider distribution.
- Receive every cent your vegetables sell for, less our small selling charge.
- Receive your money within twenty-four hours after sale.
- Have no cars rejected on questionable technicalities.
- Have no cars shifted from place to place, while goods spoiled.
- Pay less for selling charges.

"MORE DOLLARS FOR FRUIT GROWERS" is the title of an interesting booklet that gives full information about our methods of selling. Shall we send you a copy? Merely drop us a postal with your name and address.
