

U. S. Seen As Sole Democracy Capable Of Military Strength

By DEWITT MACKENZIE AP Foreign Affairs Analyst Britain's drastic decision to reduce its global military commitments, in a further effort to cripple the economic crisis gripping the country, is a reminder that the United States is the last of the great democratic countries still capable of fully manning a war machine and that this can be a mighty blessing to the world.

It is by way of saying that, after all, England has been America's staunch ally in two world wars, and remains the chief ally of Western Europe for the defense of democracy. It is tough to see her striking-power reduced even temporarily in these emergency days.

This reduction of military commitments was one of the concessions Prime Minister Attlee promised Labor members of Parliament in a meeting in secret earlier yesterday to listen with critical attention to an accounting of his stewardship. He has been under heavy fire, not only from his conservative opposition but from many of his own followers, because of dissatisfaction with the government's progress in dealing with the economic upheaval.

The Prime Minister defended his position with determination, as this column yesterday said he likely would do. The result was that he won a virtual vote of confidence from his caucus.

The Prime Minister is reported not only to have promised to cut down military commitments in Greece, Italy and Germany, but to reduce the number of men under arms and send them back into the ranks of labor to meet the demand for work. Thus he got over one of the high hurdles. But that wasn't his only promise. It is said that he will call on Britain's coal miners to work an extra hour daily in order to get the production which is so badly needed to stimulate badly lagging industry. Lack of coal is the crux of the economic crisis. It is suggested that the miners get time and a half pay for this overtime.

Advocates of this plan say it would increase the coal output some 300,000 tons a week, to equal the present production of about 2,700,000 tons. The government's target for the year is 22,000,000 tons.

The vote of confidence means that the question of Attlee's resignation is postponed. There has been a demand in some quarters that he step down to other leadership, and Foreign Minister Ernest Bevin was mentioned as a possible successor.

However, a high government source says that Attlee may make changes in his cabinet soon. In this connection the London Daily Mail said yesterday, prior to the vote, that the only concession the Prime Minister was prepared to make would be the formation of a sort of emergency battle group of five senior ministers to tackle the economic problems.

The big five would be Attlee himself, Foreign Minister Bevin, Deputy Prime Minister Morrison and President of the Board of Trade Sir Stafford Cripps. Mr. Attlee's government would seem to have weathered a nasty hurricane. The storm signs aren't yet down yet, though, and won't be until there is marked improvement in the economic situation, a matter of concern not only to the people of Britain but to the world at large, especially America.

Boats Destroyed By \$500,000 Florida Fire

Sentence Appealed By "Paul Revere"

BOSTON, July 31. (AP)— Counsel for Douglas Chandler today prepared an appeal for the 68-year-old Chicago-born writer sentenced to life imprisonment and fined \$10,000 for serving as a Nazi mouthpiece during the war. The gray-haired Chandler, branded a "snob" by the presiding judge, made an aggressive last-minute personal plea reasserting statements he made over Berlin radio when he was lauding Hitler and denouncing the Jews.

Red Suspects Freed From Greek Camp

ATHENS, July 31. (AP)— The Ministry of Public Order announced today it had directed the release of 279 concentration camp inmates who had voluntarily signed statements "condemning the Communist rebellion and disavowing KKE (the Greek Communist Party) methods." Those released had been arrested in a recent roundup of suspected Communist sympathizers and were scheduled for deportation. Press dispatches from Salonika reported that Greek guerrillas had attacked the town of Alexandropolis in western Thrace, but the garrison was standing them off.

Police Question 3 Bargemen In Slaying

BALTIMORE, July 31. (AP)— Police today questioned three young bargemen in the slaying of Doris O'Brien, 40, whose trussed body floated to the surface of the Baltimore harbor nine days ago. Henry J. Kris, captain of detectives, said his investigators had concluded the woman had been beaten and thrown overboard Sunday, July 13, from a barge which plies between Baltimore and Norfolk, Va.

One of the seamen was arrested aboard the barge. The other two were returned here last night after being arrested in Norfolk. Police said they had learned the woman left a tavern late Saturday night and went aboard the barge soon after it arrived here from Norfolk with a load of iron ingots.

Britons Found

(Continued from Page One) in Hebrew, telling of the arrest of the man, their trial, conviction and execution in the name of the Jewish struggle for a homeland. The inscriptions told how pleas for clemency were rejected at the "military trial." The killings, the inscription said, were carried out as "a military execution by the Jewish resistance to the enemies of our homeland."

The contorted features of the two sergeants indicated that their deaths had been caused by strangulation by crudely fashioned nooses. The ropes were looped around limbs close to the trunks of the trees. The men's hands had been tied behind their backs and their feet had been wired together. The sergeants' shirts had been used to blindfold them. Their underclothing and army trousers were stained with blood which poured from the gashes cut into their necks by the half-inch ropes.

The booby trap exploded as a grenadier guardman attempted to cut down Martin's body. The blast echoed throughout the historic forest of Sharon, scene of many battles of Biblical times. Natanya's mayor, Oved Ben Ami, who had received information from the moderate underground, Hagana, that the bodies were in the area, was on the scene when the blast occurred.

Tight-lipped and obviously fearing his report city once again would come under military rule, he declared: "This is the most brutal crime they have done yet. All we've built and prayed for now lies in the dual."

Flying Boat Program

(Continued from Page One) might have been trying to serve the war effort just as you were serving the board, might he not? "Unquestionably," Lovett said. The Florida Senator told a reporter he thinks one of the chief questions for the Senate group is whether young Roosevelt was justified in recommending that work on the photo ship be continued.

It added: "It is very evident that any large increase in cargo plane production can be accomplished only if the production of combat airplanes is reduced, and any such reduction is inadmissible in the existing situation." The Chairman Ferguson (R-Mich.) wanted to know whether the Army ever encountered any reports of labor pirating by the Kaiser-Hughes interests.

"Pirating" was a term applied during the war when one firm hired away another's employees. "Yes, sir," said Lovett. He said some months after award of the flying boat contract he had reports from a Boeing Aircraft subsidiary in Wichita, Kan., that "there had been hiving squads trying to pick up labor at the gates."

In reply to another question, he said they represented the Kaiser management. Before today's committee session began, Senator Pepper (D-Fla.) said an aircraft expert's appraisal of Hughes' P-11 photo-reconnaissance planes as a "hot war" indicated Elliott Roosevelt had grounds for purportedly pushing wartime construction of the ship.

Campaign Starts

(Continued from Page One) The West, which looms as the major 1948 battleground, also is beckoning to others. In Washington, Senator Claude A. Pepper, Florida Democrat, announced he plans a cross-country speaking tour in the fall in an effort to "keep our democratic party liberal."

Perhaps tipping off what he intends to tell the voters, Pepper said in an interview that the record of the G.O.P. Congress has buried "any hope or idea that the Republican Party might become the people's party, or liberal." Taft has said he intends to discuss Congress' record and all issues, domestic and foreign, on his trip. He has called on other G.O.P. leaders to speak out.

This has been widely interpreted as an indirect argument that Dewey, the 1944 nominee, is not speaking out. Friends of the New Yorker say they believe Dewey will have plenty to say in due time. He took only joshing recognition of Taft's call, telling reporters: "What am I supposed to say, 'Don't shoot until you see the whites of their eyes?'"

LONDON, July 31. (AP)— The British government officially condemned today what it called the "cold-blooded and dastardly murders" of two British Army sergeants by Irgun Zvai Leumi Palestine underground organization. Colonial Secretary Arthur Creech Jones, speaking in Parliament for the Labor government, announced the executions and commented: "I express the deep feeling of horror and revulsion shared by all of us here, at this barbarous act."

Jewish Refugees May Be Sent To Germany

LONDON, July 31. (AP)— An authoritative source said today Britain would send the 4,500 Jewish refugees of the S. S. Exodus of 1947 expedition to Germany, and perhaps later to Africa, if they persisted in refusing to disembark at Fort De-Bouc, France. The source said Prime Minister Attlee and his cabinet took that decision at a meeting in which the entire Palestine situation was considered.

Under the plan, the Exodus of 1947 refugees would remain temporarily in the British zone of Germany while the British cabinet picked a place for them in some other British-controlled area of the world, notably an African colony, the source said. The Jewish refugees arrived off France Monday. Three British ships brought them from Palestine waters, where their ship, the former President Warfield, renamed Exodus of 1947, had been intercepted and rammed by the British.

QUEEN MARY SAILS SOUTHAMPTON, Eng., July 31. (AP)— Cheering crowds and circling planes saw the 8,235-ton Queen Mary off today on her first postwar voyage to New York as a passenger liner. The reconverted Cunard liner, second biggest afloat, was due to reach New York Aug. 5.

U. S. Correspondents Kept From Red Zone

VIENNA, July 31. (AP)— American sources said today that for almost a month Russian authorities had refused to grant clearance papers for American newspaper correspondents seeking to cross the Soviet occupation zone en route to Budapest, Bucharest or Prague. The source said the liaison section at U. S. Army headquarters here said that only one such clearance had been granted during July, and that was "a very extraordinary case."

Newsman traveling from Vienna to the American-occupied zone have not been affected, however, he said. "In that connection, Senator Pepper asked Lovett if the latter believed there was anything corrupt, fraudulent or contrary to the public interest" in the late President Roosevelt's 1944 decision to continue the Hughes flying boat work after the WPB had ordered the contract cancelled.

Jesse Jones, former Secretary of Commerce, told the committee yesterday that Mr. Roosevelt had decided in favor of the completion of one plane at an additional cost of about \$5,000,000 after \$13,500,000 had been spent on the then cancelled contract. "On the facts as you state them," Senator Pepper said, "a decision of that kind would call for a very careful exercise of judgment."

Howard Hughes and his globe-trotting publicity man, John Meyer, will take the stand side by side tomorrow in the senatorial investigation of Hughes' wartime plane contracts. Senator Ferguson (R-Mich.) announced today that arrangements have been made for the joint appearance of the Hollywood millionaire and the man who said he spent lavish sums to entertain government officials in Hughes' behalf.

Repatriates

BERLIN, July 31. (AP)— Russian authorities announced today that 266,023 German war prisoners and civilian internees had been repatriated from the Soviet Union in the past 12 months. Soviet Foreign Minister Vyacheslav Molotov told the foreign ministers council at Moscow last spring that the Russians still held approximately 900,000 German war prisoners.

It takes a fraction of a second for human eyes to see an object. That was the subject of a lecture given by a physicist at the University of California at Berkeley last night. The physicist, Dr. Robert A. Millikan, said that the human eye is so sensitive that it can detect a change in light intensity of one part in a billion.

Celery Feds To Meet Islets Here In Twin Bill Tomorrow

St. Augustine Plays At Local Park On Sunday; Sanford Won Two Last Nite

By ARTHUR BECKWITH, JR., Herald Sports Editor

Big Bill Stanton is slated to haul tonight's tilt against the Daytona Beach Islets and Johnny Tomat and Carl Kettles will receive the call for hill assignments against the Islets here tomorrow night in the twin bill. Manager John Krider announced this morning. Krider has not yet decided who will handle the mound chores here Sunday when the locals meet the St. Augustine Saints.

The Sanford Celery Feds continued their bid for the first division by taking a twin bill from the sagging Leesburg Pirates, who were making a decided bid for league leadership a month ago, by 8 to 3 and 6 to 4, margins.

Tonight the locals invade City Island Park in Daytona Beach for a single tilt, and tomorrow evening the Islets return to the Municipal Park for a twin bill, which is slated to get under way at 6:45 o'clock. Sunday afternoon the Feds will entertain the St. Augustine Saints in a single contest, that is scheduled to start at 8:00 o'clock.

Tonight in Daytona Don Murray will be allowed a public hearing to determine if the \$100 fine tacked on him by the league president was justified. Murray is reported to have used obscene language heard by the Daytona Beach fans. Several league officials and fans are expected to attend the hearing.

Sanford drew first blood in the second inning on a two ply poke by Satterfield and a single by Bill Lewis. The final Fed tallies came in the sixth. Satterfield singled, and Dave Bride doubled to score Satterfield. Lewis jammed a two base blow into right field, scoring Bride.

Jack McCammon opened on the hill for the Feds in the second game, and gave plenty of evidence that he is going to make the Feds a mighty potent hillman.

McCammon worked 5 2/3 innings and allowed the visitors but one safety during his tour of duty. However, the big right-hander weakened slightly in the sixth, and gave away to Charlie Blasen who was relieved by Johnny Tomat in the sixth in an attempt to stop an uprising by the Blues.

The Feds tallied three runs in the third frame on two hits and a pair of Buc boots. In the fourth inning a hit, an error and a miscue netted the Feds two more runs and the margin of victory.

The sixth inning uprising by the Pirates was the result of four free tickets, two hits and an error.

Red Hats And Sens Divide Twin Bill

The DeLand Red Hats and the Orlando Senators continued to battle for the third slot in the Florida State League standings last night as they tangled in a twin attraction at Conrad Park.

The Red Hats tripped the Senators in the opener by a 4 to 3 margin, but the Senators bounced back in the night cap to chalk up a 5 to 3 victory. Chuck Aleno reappeared in the Hat lineup and went hitless in eight trips to the plate in the two tilts.

The lowly Daytona Beach Islets trimmed the sixth place Palatka Azaleas in a pair of contests at Daytona Beach. Wally Gaddis tossed a three hit shut out, 3 to 0 in the opener and Stubby Stabelfeld won a 5 to 3 decision in the after piece.

The St. Augustine Saints chopped another game off the Gainesville G-Men's league lead by drubbing the pace setters in a 10 to 3 tilt.

The line scores:

DeLand 001 021 X - 4 - 10 - 3

Jack McCammon opened on the hill for the Feds in the second game, and gave plenty of evidence that he is going to make the Feds a mighty potent ballman.

McCammon worked 5 2/3 innings and allowed the visitors but one safety during his tour of duty. However, the big righthander weakened slightly in the sixth and gave away to Charlie Bissen who was relieved by Johnny Tomat in the sixth in an attempt to stop an uprising by the Bucs.

The Feds tallied three runs in the third frame on two hits and a pair of Buc boots. In the fourth inning a hit, an error and a mis-

cue netted the Feds two more runs and the margin of victory.

Red Hats And Sens Divide Twin Bill

The Deland Red Hats and the Orlando Senators continued to battle for the third slot in the Florida State League standings last night as they tangled in a twin attraction at Conrad Park.

The Red Hats tripped the Senators in the opener by a 4 to 3 margin, but the Senators bounced back in the night cap to chalk up a 6 to 3 victory. Chuck Aleno reappeared in the Hat lineup and went hitless in eight trips to the plate in the two tilts.

The lowly Daytona Beach Islets trimmed the sixth place Palatka Azaleas in a pair of contests at Daytona Beach. Wally Gaddis tossed a three hit shut out, 3 to 0 in the opener and Stubby Stabfeld won a 5 to 3 decision in the after piece.

The St. Augustine Saints chopped another game off the Gainesville G-Men's league lead by drubbing the pace setters in a 10 to 3 tilt.

The line scores:
Orlando 030 000 0 - 3 - 4 - 1
Deland 001 021 X - 4 - 10 - 3
Major and Batts; J. Perez, Bardin, Alonzo and Madjeski.

NLRB Appeals To Labor Management

WASHINGTON, Aug. 1—(AP)—The new five-man National Labor Relations Board today pledged "deep determination" to make every provision of the Taft-Hartley labor act "work as effectively as possible."

The board issued that statement as its first act after two new members, Abe Murdock and J. Copeland Gray, and a general counsel took their oaths of office this morning.

WORN OUT FROM GETTING UP NIGHTS?

If you get up nights—have frequent desire to pass your water—yes, and have backache, due to excess acidity in the urine, by day you're reading this.

Three generations ago Dr. Kline, a famous doctor, found hundreds of his patients with this trouble. So he made a medicine of 15 herbs, which he called "Kline's Kidney Pills." He called it "Kline's Kidney Pills" because it was a "kidney pill" and it was "Kline's."

For free trial supply, send to: Dr. H. Kline & Co., Inc., Box 1114, Stamford, Conn. Complete details of Kline's Kidney Pills.
