Two professional appraisers will be in town Wednesday to discuss cost estimates with the city on reviewing all vacant property. It's a must . . We figure the city lost \$10,000 last year because it was not up to the market value. . . .

Heres some more figures on those big drops in value by the Oviedo area: in 1959 the Midway area

near Oviedo was assessed at \$62,550, in 1960 the same area dropped to \$46,710 and on the last roll was set at \$27,820.

married and happy. We are moderately well off and can take it easy and enjoy life now. My wife has taken up with a small, radical, religious group who thinks the "end" is near. She can't bake a cake without reading the Bible. She spends hours copying verses from it. She'll go no place except to religious meetings. She tries to convert all our friends who are already non-drinking, church-going people. She is out on cloud nine and she's an entirely different person. I think she needs to see a doctor. She says she feels fine. Can you help me? DEEPLY CONCERNED

DEAR CONCERNED: You are concerned with good reason. Your wife most certainly needs to see a doctor. Get her there, and don't delay.

DEAR ABBY: My husband has trouble with his back. He has to sleep on a special mattress which is as hard as a rock. Ever since childhood I have slept on a soft mattress and I can't get any sleep on a hard mattress. He says a hard mattress is good for everybody. What do I do NO SLEEP

## By Abigail Van Buren

DEAR ABBY: I am in a mess. I thought I was in love and went too far. We thought we had to get married so we sent out the announcements and started with the plans. Then I found out I didn't have to marry him. I told him I didn't love him enough to marry him but he said that I "belong" to him now and I have to go through with it. Besides, he bought the rings and still owes on them. Should I go ahead and marry him and pay for my mistake? SORRY NOW

DEAR SORRY: You would be better off to pay for the rings. Don't marry him. And I hope you learned your lesson.

DEAR ABBY: Apropos old maids who give gifts all their lives and never have the occasion to get any: I am an old maid school teacher and over the years I have had literally hundreds of my students marry and have babies. Naturally I receive invitations and announcements for everything, and that means a gift. Oh, well, I can't take it with me and I haven't anybody to leave it to! MISS MARTHA

ow to pay for a Cudillac- and not get one!

There are several ways that a man can pay the price of a new Cadillac car-and find himself in postersion of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes many important things that are extra on other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anzious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling-so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort-so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance-so great that it is without rival on the world's highways, So we suggest that you play it safe-and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think,

IN FLORIDA, citizens were evading the blockade of the Union Navy, by using small boats to bring in essential weapons and supplies for the Confederate ermiss. After each successful blockede run, many men calabrated with well-earned glasses of beer.

For then, as now, beer was the traditional beverage of moderation. But beer means more than enjoyment in our state. The Brewing Industry contributes more than 25 million tax dollars to Florids each year - money that helps support our hospitals, schools, and highways,

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriaty wherever beer and ale are served,
