Two, Too-Skilled Evans Dooms Tribe Soccer Hopes

By SAM COOK Herald Sports Editor

Going into Tuesday's Region 4-A matchup, the consensus of opinion rated Orlando Evans as better skilled soccer players than Seminole.

After all, the Trojans had handled the Tribe earlier in the year by a 3-0 count on their way to a 21-7-2 season and a state 1A record of 106 goals.

Neither that consensus nor opinion had meant much to Coach Chuck Ruskakov's 14 over achievers last week, however, as they swept three previous opponents enroute to a district title.

Tuesday night at Lake Brantley, though, the achieving was over. Evans extinguished the soul of the "Fantastic 14" with a late goal enroute to a 2-0 victory.

The Trojans play the Tampa representative for the Sectional Title at a site to be determined.

"Yeah, that last goal blew a lot of our

spirit," said a disconsolate John Jane after the loss. "They're better skilled, but who knows why we didn't score?"

Tribe halfback Jim Vololine didn't have any answers either, but felt Sanford had the opportunities, but didn't

capitalize.

"We missed a lot of shots we should have made," said Vololine. "Evans was the same as everyone else. Maybe we just ran out of adrenalin."

Evans first big boost of adrenalin came at the 13:37 mark of the first half. Trojan

Kevin Haxox slapped shot at the goal which fullback Teddy Brewer fended off.

Evans high scorer Scott Russo, nevertheless, flagged down the rebound and drilled his 25th goal for a 1-0 Evans advantage.

"Teddy made a nice play to stop the first one," said Ruskakov. "And we had somebody there for the second one, but he just couldn't get it."

Along with having trouble getting to the ball, the Fighting Seminoles were also having trouble getting into Evans' net.

"We must have had 10-12 solid shots, but we couldn't hit. Several opportunities missed by this far," said "Rusk" holding up his hands two feet apart.

While Ruskakov was bemoaning missed scoring chances, Evans Coach Ernie Chandler was talking about his defense and his rover in particular.

"Our sweeper Tim Bartlett is the key," said Chandler. "We were fortunate. It wasn't one of our better games. Sanford outplayed us."

Ruskakov, though, wasn't buying the "outplayed us" cliché. Not until the final portion of the match anyway.

"We didn't outplay them until the final 15 minutes," belied the former Coral Gables' coach. "Which is our style anyway. We were well on our way to getting them.

"That is, until that penalty call. That shut us off cold. I don't know I couldn't see it."

"That penalty" came with just 3:06 remaining when sophomore Juan Falcon was detected pushing in the box.

Trojan Mark Mombarrén drilled the sphere past goalie Phil Reno for the clincher and the seventh loss against 13 victories for Seminole.

"I'm still happy with our kids. We didn't expect to do this well this year," conceded Ruskakov. "These guys (seniors) only won one game as sophomores.

"They met a skilled team that hustled as well as us," concluded Ruskakov.

Herald Photo by Tom Vincent

Seminole scoring ace John Jane (left) was held in check Tuesday night as Evans whipped the Tribe 2-0. The Trojans' Dana Ray defends.

Seminole's Marty Mann, (right), attempts to cut off Evans' Tim Bartlett. On this play, Mann did, but later Bartlett played havoc with the Seminoles defensively. The Trojans went on to trip the Tribe 2-0 for the Region 3 soccer championship.

Herald Photo by Tom Vincent

Yeah, that last goal (3:06 to play) blew a lot of our spirit. — Scoring Ace John Jane

"I'm still happy with our kids. We didn't expect to do this well this year. These guys (the seniors) only won one game as sophomores. Tonight we just met a skilled team (Evans) that hustled as well as us." — Chuck Ruskakov

ABCs Of CPR Reviewed For BSP's Theta Epsilon

FASHIONS FILL LUNCHEON BILL
Lisa Barber, left, and Lois Dycus are selecting colorful spring fashions that will be modeled during a salad luncheon and fashion show in Fellowship Hall of the First United Methodist Church, Sanford, Friday. Serving hours are from 12-12:30 p.m. Tickets are available at the door or in advance at the church. According to the chairman, Ruby King, proceeds will be used to refurbish the church parlor. The public is welcome.

What is CPR?
Members of Theta Epsilon Chapter of Beta Sigma Phi were enlightened on the subject by Tom Hickson, Sanford Fire Department lieutenant, who was guest speaker at a recent meeting.

CPR means cardiopulmonary resuscitation.
L. Hickson explained: "Basic life support is an emergency first aid procedure that consists of recognizing respiratory and cardiac arrest and starting the proper application of cardiopulmonary resuscitation to maintain life until a victim recovers sufficiently to be transported or until advanced life support is available."

Members learned that the outstanding advantage of CPR is that it permits the earliest possible treatment of respiratory arrest and cardiac arrest by properly trained persons. Only seconds should intervene between recognizing the need and starting treatment.

Airway, breathing, circulation; the A-B-Cs of cardiopulmonary resuscitation were then discussed and L. Hickson demonstrated proper procedure of CPR.

Under his direction, members divided into two groups and then attempted to perform various CPR techniques they had learned on Resa-Annie and Resa-Baby.

According to a member, the program was such a success, that plans are being formulated for the entire chapter of Theta Epsilon to be certified in CPR.

Jane Akers presided over the business meeting which was held at the Melville Avenue home of Betty and Tom Hickson.

During the meeting Sue Schwegman, vice president and membership chairman, introduced three special guests: Jan McDonald, Gimmert Cook and Donna Hodges. These guests are prospective new recruits to Theta Epsilon chapter.

Social committee finalized plans for the chapter to attend the Valentine Ball on Feb. 21. All chapter members and their guests were invited to a cocktail party before the ball at the home of Jane Akers.

Members recently attended a Valentine luncheon honoring Karen Petersen at Ferrets. Attending were: Karen Petersen, Pat Van Winkle, Sue Schwegman, Pat Shaver, Jane Akers, Linda Currey, Pat Johnson, Nancy Hack, Anna May, Marilyn Perez and Tracey Wight.

The social committees decorated the tables at Ferrets with ice cream cones and gold coins to carry out Beta Sigma Phi's yearly theme, Share Golden Treasures.

The Service Committee received unanimous vote to sponsor two tickets for a production at Edith Bush Theatre. Portions of the proceeds will benefit the Autistic Children's Society. Sue Schwegman will represent the chapter at this production.

After Mrs. Akers adjourned the meeting, members prepared the closing ritual and were served refreshments. The theme used was a Valentine's day motif with Valentine cake, punch, cheese, crackers and dip. Sisters then exchanged Valentine gifts from their Secret Sisters.

Attendee were: Jane Akers, Nancy Hack, Joyce Harvey, Betty Hickson, Linda Hulson, Pat Johnson, Cathy Markowicz, Barb Mayo, Melmie Miller, Karen Petersen, Sue Schwegman, Pat Shaver, Pat Van Winkle, Tracey Wight and special guests.

Itsy, Bitsy Bikini Is Not For Figure Beyond Age 25

DEAR ABBY: I love your column in the Jacksonville Journal, but I'd love you even more if you would find out why the bathing-suit manufacturers don't make a suit for women over 25 years old. Nobody but a teen-ager could wear the things they put out now. I'm a 45-year-old married woman with a fairly good figure, but I need more help than I can get in a bathing suit these days. How about one with a built-in bra like they used to make? Or, some with elastic for those of us who need something to hold our stomachs in?

DEAR FAYE: Some manufacturers do make the kind of bathing suit you're looking for. Go to your favorite store and ask the swimsuit buyer to snap into it!

DEAR ABBY: Today I received an invitation to attend a 25th wedding anniversary party given by three children for their parents. When I opened the reply card to respond, I found a small piece of paper which stated "125.00 per person includes meal and gift." Needless to say, I was in a state of shock, and still am.

I wrote the enclosed letter and sent it with the response card. Should I have written it? Please give me your opinion.

"Dear Rosemary: We received the invitation to your parents' 25th wedding anniversary party, and we were stunned by the request of \$25 to cover cost of food and gift!"

"Never have we seen anything like this before, and I hope we never do again. If you and your brother and sister can't give your parents a party without asking your guests to pay for it, you should skip the party. Your grandmother would turn over in her grave if she knew about this."

"We'll send your parents a gift of our own choosing, but we will not attend the party. Have a good time without us. Sincerely, Alice"

Try Sauces For Browning In Microwave

More and more homemakers are purchasing microwave ovens these days because they offer considerable savings in time over conventional cooking methods.

Although meats and poultry did cook through quickly enough, they had an unattractive, raw appearance. A company has recently introduced three varieties of Microwave Browning Sauces—for chicken, beef, and pork—that most effectively solve this problem.

These specially formulated sauces, brushed on the meat before cooking, assure a lovely brown appearance. What's more, the sauces help prevent the natural meat juices from escaping, so the finished dish will be more tender and flavorful.

Now that there's no worry that the appearance of the food will turn away hungry eaters, here are simple rules for adapting conventional recipes for cooked meats and poultry to microwave cooking:

- 1. Timing. Your microwave oven will cook meat in one-fourth to one-third of the time specified in your conventional recipe. Always microwave for the shorter time (e.g., if a roast calls for an hour of baking, cook it for 15 minutes).

Finally, a browning sauce is applied to the chicken to give it a look as attractive and appealing as its taste.

MICROWAVE ARROZ CON POLLO

- 2 tablespoons butter or margarine
1 cup diced onion (1 large onion)
1 cup diced green pepper
1 clove garlic, minced
1 can (1 pound) tomatoes, drained, reserve liquid
Water
3 chicken bouillon cubes
2 cups quick cooking rice
4 tablespoons chopped parsley
1/4 teaspoon salt
1/4 teaspoon hot pepper sauce
1 3/4 pound chicken, cut in pieces
Microwave browning sauce for chicken

STRUSSSEL BANANA-BRAN BREAD

- 1/4 cup shortening
1/4 cup sugar (1/4 cup packed brown sugar if desired)
1 egg
1 cup all-bran cereal
1 1/4 cup mashed bananas (3-4 bananas)
1 teaspoon vanilla
1 cup whole wheat flour (white flour, if desired)
1/4 cup all purpose flour
1 1/4 teaspoon baking powder
1/2 teaspoon salt
1/4 cup chopped nuts (if desired)
STRUSSSEL TOPPING:
1/2 cup whole wheat flour
3 tablespoons brown sugar
3 tablespoons cinnamon
1/4 teaspoon nutmeg
Blend shortening and sugar thoroughly. Add egg, beat well. Stir in all-bran, bananas and vanilla. Separately mix together flours, baking powder, salt and nuts. Add to first mixture with nuts, stirring only until combined.

When conventional oven recipes like Arroz Con Pollo are converted to microwave oven use, meats and poultry can be beautifully browned with a new microwave browning sauce.

Boeuf a la Mode: French version of Pot Roast.

POT ROAST: A Universal Dish That Adapts To The Region Of Its Origin

Nearly every cuisine in the world is renowned for its own particular recipe that turns an inexpensive cut of beef into a favorite dish. What we know as pot roast in America becomes Sauerbraten (marinated roast) in Germany and Rindfleisch in Bier (boiled beef in beer) in Austria. Other countries have their own variety of pot roast. What's more, each of these marvellously savory dishes can be served supremely elegant company fare.

A truly spectacular version of pot roast from France is Boeuf a la Mode. The oven-braised beef becomes succulently tender as it cooks in a seasoned wine sauce. The French know and love their vegetables. Here they are cooked separately to retain their individual texture and flavor.

## High Hospital Costs Blamed On Medicare, Medicaid

By CINDY MOOY Herald Staff Writer  
Officials of two Seminole County hospitals estimate costs to all patients could be reduced by 20 percent if the hospitals were fully reimbursed by the federal government for Medicare and Medicaid patient care.  
A Florida House committee studying health care costs heard from witnesses who testified that the failure of the federal government to pay their share of Medicare and Medicaid is a cause of higher rates for all patients.  
Rep. Dick Batchelor, D-Orlando, said that the private paying patients are being hit twice because they subsidize the Medicare and Medicaid programs as well as pay higher hospital costs.  
The failure of the government to pay the full costs of the federal health care programs has a high impact on Florida

hospitals because of the high number of senior citizens and Cuban refugees and migrant workers funded by the programs, according to Leon Zucker.  
Zucker, vice president of finance for the Public Health Trust of Dade County told the House Select Health Care Committee the federal government should be made, through state pressure, to pay its fair share of the costs of Medicare and Medicaid patients.  
At Seminole Memorial Hospital in Sanford, about 57 percent of the patients pay through Medicare and six percent are Medicaid patients. Florida Hospital-Altamonte serves about 50 percent Medicare patients and three percent Medicaid patients.  
"Our charges could be reduced 20 percent if Medicare would reimburse the expenses of patients who pay with Medicare," said Robert Carlisle, director of Physical Services at SMH, Ed

Weiss, administrator of Florida Hospital in Altamonte Springs, said costs per patient could be reduced by 20 percent at that hospital also if the federal government paid fully for Medicare and Medicaid.  
Room rates at Seminole Hospital currently range from \$95 for a ward bed to \$135 for a private room. The rates went up on Jan. 1, an 11.33 percent increase. Kay Bartholomew, public relations director at SMH, said the increase was in compliance with the Blue Cross voluntary rate program.  
"Our rates are always lower than most others," Bartholomew said.  
Weiss said that room rates at Florida Hospital are currently \$135 for a semi-private and \$142 for a private room. The last increase was in October and Weiss said there are no plans for another until next October.  
"The big problem is the freebies, the ones who don't pay at

all. We have a policy of not refusing any person who needs medical care. That's where the real cost is. We don't get any reimbursement at all," Weiss explained.  
The House committee also heard testimony that hospitals have too many beds which cause costs to go up, but officials at both Seminole County hospitals said that is not a problem at their facilities. Bartholomew said Seminole Memorial Hospital has operated at patient capacity this year and Weiss said that Florida Hospital needs more beds, rather than fewer.  
Zucker also told the committee if Medicare and Medicaid paid actual costs of a hospital stay, the average cost per patient per day would be \$208 instead of the \$222 to \$243 now paid by Blue Cross and other payors. The committee did not indicate what it plans to do about the problem.  
Representative Bobby Brantley of Longwood said he would be looking into reports of the newly-formed committee.

### Good Samaritan Gets A Surprise

FORT PIERRE, S.D. (UPI) — A Good Samaritan who jumped out of his car and rushed to rescue a boy who had fallen through the ice into a river got a shock — it was his 6-year-old son.  
Rockey O'Daniel was driving home Sunday morning when he saw frightened children running along the banks of the Bad River near a bridge.  
"I hollered, 'What's the matter?' and the kids said someone fell through the ice," O'Daniel said.  
He rushed over to help. As he came closer to the child, he recognized his son, Allan. "All I could think was, 'Oh boy,'" O'Daniel said.  
The other children ran to a nearby motel for help, but by the time they returned with a 100-foot garden hose, O'Daniel had pulled his son from the freezing river.  
The boy was back in school Wednesday after a brief stay in the hospital.

### Iran Air Chief Held In Rescue

United Press International  
Iran has arrested the former commander of its air force on charges he laid the groundwork for the U.S. rescue raid last April, Iran's official Pars News agency reported today.  
Hojatoleslam Mohammedi Reyshahr, head of the religious courts of the army, told a press conference in Tehran Wednesday former air force chief Gen. Baqeri was under arrest and was being interrogated.  
"The reasons for his arrest have been that he is believed to have prepared the ground for the U.S. military attack," Reyshahr said in the press conference reported by Iran's Pars news agency and monitored in London.  
The April 24 rescue attempt left eight American servicemen dead in an Iranian desert after the crash of a helicopter and a transport plane on the ground.  
"The interrogations have not been completed," Reyshahr said, giving no indication when Baqeri might be put on trial. He identified the military man only as Gen. Baqeri.  
He said Baqeri arranged the removal of anti-aircraft artillery in Tehran, Babelsar, Shiraz and Mashad on April 23 — "that is one day before the U.S. invasion in Tabas."  
"His pretext for this act was that he wanted to send the artillery to Kurdistan, in the west of Iran, but of course they were never sent to that area," he said.  
Reyshahr said another former top military man, Adm. Alavi, was arrested, tried and sentenced to eight years for collaboration with American advisers in getting access to Iranian navy files, Reyshahr said.  
Reyshahr's report appeared to indicate Alavi, a former deputy commander of Iran's navy, was not accused of being involved in plotting for the rescue raid.  
The report said Alavi "was acquitted of charges of espionage for the United States," but sentenced on three other charges — collaboration with American advisers in getting access to navy files, "consciously cooperating with with certain opposition elements in the navy" and possessing narcotics, namely opium.  
The reports of the arrest and trials of the Iranians were the first that specifically cited collusion with Americans in Iran.

### Reagan Greet Mrs. Thatcher

WASHINGTON (UPI) — Welcoming British Prime Minister Margaret Thatcher to the White House today with a 19-gun salute, President Reagan warned that the free world "must do whatever is necessary" to guard its security.  
At colorful ceremonies on the South Lawn, attended by an array of dignitaries, Reagan also signaled the Soviet Union that intervention in Poland "would affect profoundly and in the long term the entire range of East-West ties."  
"Our challenge today is to ensure that belligerence is not attempted today by the false perceptions of weakness," he said.  
"So long as our adversaries continue to arm themselves far beyond the needs of defense, so the free world must do whatever is necessary to safeguard its own security," Reagan said. "A stronger, more vigilant NATO must be the background of that security and our effort for a more equitable arms control."

### Pint-Sized Perpetrator Escapes In Bank Robbery

NEW YORK (UPI) — Police are checking ice cream parlors and candy stores for a 10-year-old bandit who trotted into a midtown Manhattan bank, peeped over the teller's window, and announced a holdup.  
Police guessed the boy, who made off with \$118 Wednesday, could not have been older than 10. He was wearing a dark blue parka with a red stain on the sleeve.  
The boy, under 5 feet tall and carrying a silver automatic pistol, walked into the New York Bank for Savings shortly before noon. Police believe he was accompanied by an elderly man.  
He pointed his pistol at a teller and said, "Don't ring the alarm. Give me all the money."  
Once the teller realized the child was serious, she handed him a stack of marked money. As he left, the gun-toting juvenile turned at the door and waved goodbye to the stunned teller.

### Fatter Paychecks Set For City Staff

Sanford city employees will have fatter paychecks on Friday. But their big windfall will come, if at all possible, next Wednesday.  
The Sanford City Commission, in a third workshop session on the issue Tuesday approved the new job classification and pay plan for city employees and granted pay raises totaling \$146,000.  
The pay raises are retroactive to Jan. 1.  
City Manager W. E. "Pete" Knowles said today employees' paychecks Friday will include their new salary rates.  
Hopefully, he added, individual paychecks reflecting the pay increases from Jan. 1 through last week will be given to employees by next Wednesday.  
The commission Tuesday decided to give the six city department heads \$1,000 annual pay raises across the board. The department heads' new salaries are:  
Finance Director and City Clerk Henry Tamm, \$29,035.90; Police Chief Ben Butler, \$28,759.31; Fire Chief William C. Galley, \$23,653.98; Recreation and Park Director Jim Jennings, \$26,317.36; Utility Director and City Engineer Mack

### Community Center 'Modeled'

A scale model of a concept for a new community center for Lake Mary will be presented to the city council at its 7:30 p.m. meeting today.  
The Lake Mary Community Improvement Association, which has been raising funds for such a facility for years, has asked city permission to erect a structure on city park land.  
The three-acre city park, purchased a year ago, is located on the north side of Granddend Avenue, west of Country Club Road.  
The council approved the idea, telling the group, represented by Councilman Dick Pess, it could move forward with its plans.  
Also on the agenda are:  
— An ordinance clarifying property owners' rights whose buildings extend into the 104 foot setback on Lake Mary Boulevard. The ordinance was considered by the council at its Feb. 12 meeting, but died when no one seconded

### Laid Groundwork? Iran Air Chief Held In Rescue

United Press International  
Iran has arrested the former commander of its air force on charges he laid the groundwork for the U.S. rescue raid last April, Iran's official Pars News agency reported today.  
Hojatoleslam Mohammedi Reyshahr, head of the religious courts of the army, told a press conference in Tehran Wednesday former air force chief Gen. Baqeri was under arrest and was being interrogated.  
"The reasons for his arrest have been that he is believed to have prepared the ground for the U.S. military attack," Reyshahr said in the press conference reported by Iran's Pars news agency and monitored in London.  
The April 24 rescue attempt left eight American servicemen dead in an Iranian desert after the crash of a helicopter and a transport plane on the ground.  
"The interrogations have not been completed," Reyshahr said, giving no indication when Baqeri might be put on trial. He identified the military man only as Gen. Baqeri.

### State Wants In On Track Suit

By DONNA ESTES Herald Staff Writer  
The State of Florida is asking the Seminole Circuit Court to permit it to intervene in the lawsuit filed by the Sanford-Orlando Kennel Club of Longwood and Daytona Beach Kennel Club against the new Seminole Greyhound Park of Casselberry.  
The suit was filed by the owners of the Longwood and Daytona tracks in mid-September, challenging the constitutionality of the law passed in 1980 to permit the conversion of the former Casselberry horse track to a dog racing facility.  
Attorney General Jim Smith has asked to intervene in the lawsuit, saying that a determination by the court of unconstitutionality would result in the loss of revenue to the state of Florida and would disrupt public policy governing pari-mutuel wagering as determined by the Legislature.  
Meanwhile, two hearings on the lawsuit have been set before Circuit Judge Kenneth Lefler. At 11:30 a.m., March 10, the Longwood

This lighted sign off U. S. 17-92 and Seminola Boulevard in Casselberry announces the May 4 grand opening of the Seminole Greyhound Park.

Renovations costing \$2.7 million continue at the Seminole Greyhound Park despite legal efforts to stop the grand opening.
