AMAZING FACTS REVEALED BY RESEARCH

Average Vitamin C content of guavas is exceedingly high. Florida guavas could easily supply the entire world's needs of this vital vitamin.

Florida guavas could supply enough vitamin-rich baby food for all the babies in the United States.

Amazingly versatile as a food... delicious as a fresh fruit... guavas make fine jellies, canned fruit, beverages, frozen food, dried fruit, health food and flavoring.

Easily processed... guavas freeze without loss of flavor or vitamins... can be preserved, canned, frozen or dehydrated.

Good for man or beast, guavas are potential source of a commercial, feasible, vitamin-rich live-stock feed.

Guavas grow so easily in Florida that few actual groves exist. Most of the supply for Guava Jelly comes from wild trees. Yet under cultivation guavas will yield an amazing crop. Trees mature in 3 to 5 years, bear fruit year round, will grow in almost any kind of soil.

Research at the University of Miami indicates the possibility that a great guava industry can be developed in Florida. Facts are available for all who are interested.

FREE INFORMATION: An abstract summarizing commercial possibilities of Florida Guavas, based on University of Miami findings, will be sent on request. Write: "Economic Research."

McCarran To Reveal All On DP Question

Senator Says He Will Prove Who Is Lying About Reds Entering U. S. As D.P.'s

WASHINGTON, Jan. 11. — (AP) — Senator McCarran (D-Nev.) said today he will let the public judge whether he or Ugo Carusi, head of the Displaced Persons Commission, is lying about the operation of the DP program.

McCarran, chairman of the Senate Judiciary Committee and bitter foe of a House-passed bill to liberalize the DP act, told reporters that Carusi had publicly called him a liar.

He was referring to a statement issued by the Displaced Persons Commission last night. This denied testimony made public by McCarran that the commission ordered an army-labeled Communist and Communist suspects admitted to this country.

"When I set through releasing documents," said McCarran, "I'll let the public say who is a liar—Carusi or me."

McCarran talked with reporters in a subcommittee called to consider a closed meeting of a judicial house bill to broaden the present DP law and let a greater number of war refugees into this country.

At the same time, McCarran released a letter from an American consul official in Munich, Germany, to Secretary of State Acheson saying Dec. 29, 1948, and June 16, 1949, 10 visas were issued between displaced persons who were "apparently Communist."

Farm Bureau Head

Selection of a site for the Florida Farm Bureau's proposed \$40,000 building will be the No. 1 item on the agenda when state directors meet in Orlando Thursday and Friday. Loring Raoul, Sarasota, state president, says sites in Gainesville, Ocala, Sanford, Lake City, Deland, Orlando, and Winter Park will be investigated. The building will house the state offices of the big farm organization.

Senator Taft Raps Truman's Point-4 Plan

Ohio Republican Not In Accord With Truman's Program To Develop Far East

WASHINGTON, Jan. 11. — (AP) — Senator Taft (R-Ohio) said today the cost of President Truman's expanded "point four" program for developing the world's backward areas "seems almost beyond calculation."

Taft told a reporter he thinks Mr. Truman took in a lot of territory when he promised in his state of the union message to help make scientific and economic advances available to backward peoples, particularly in the Far East, "in their lives."

"It has taken us years and years to get where we are," Taft said. "If the President is going to make all of these scientific and economic advances available to them in this generation, it will take billions and billions of dollars to do it."

"Frankly, I don't know what he is talking about. Maybe it's all honey on his part. But if we are going to bring all of the underdeveloped areas of the world up to our standard of living, the cost seems beyond calculation."

Secretary of State Acheson's quoted statement to the Senate Foreign Relations Committee that economic aid may be the best way of stopping the spread of Communism in southeast Asia added a new note of urgency yesterday to the President's proposal.

However, Senator Ferguson (R-Mich.) said he doesn't think economic aid alone will do the job. He said this country must adopt an aggressive policy that will convince the people of Asia they ought to be on the Democratic side.

Taft said he has no objection to a "reasonable" program of aiding backward areas.

Lewis Orders Miners Back For Three Day Week

66,000 Striking Coal Miners To Return To Pits Monday

WASHINGTON, Jan. 11. — (AP) — John L. Lewis today ordered 66,000 striking coal miners to go back to a three-day work week Monday.

These miners had quit their jobs in seven states—refusing to work over the three days weekly permitted by Lewis in his "cold war" with mine operators.

Lewis sent the following message to president of the United Mine Workers "difficulties where miners had quit all work."

"Will you please advise me in our members who are idle this week my suggestion that they resume production next Monday."

Some 32,650 miners have been on full strike in Pennsylvania, 17,500 in West Virginia, 6,000 in Alabama, 5,000 in Kentucky, 4,000 in Ohio, 990 in Utah and 250 in Virginia.

There were 16,000 on strike in (Continued on Page 2)

C Of C Directors Hold Meeting At Tourist Center

Value Of Farm Market To City Is Told By Patrick

Members of the Chamber of Commerce were invited to attend a hearing at the City Hall next Monday night on the R-I-A zoning rule when directors met at the Tourist Center last night. A Sanford delegation will also attend a State Road Department hearing in Tallahassee on Jan. 21.

The value of the State Farmers Market to Sanford was stressed by President W. A. Patrick who pointed out that it is one of the biggest assets Sanford has, and will have, and with proper support can be made two or three times larger than it is today. Last year it had a payroll of over \$300,000, he added.

Manager Ed Higgins was instructed to write a letter to Market Manager Sandy Anderson expressing the appreciation of the Chamber of Commerce for the fine work which is being done at the market and offering to cooperate in any way possible toward its further development.

Mr. Higgins pointed out that the trade body's primary interest in the zoning regulations is in getting enough houses within reach of the average person's pocketbook built here to satisfy the demand. He urged as many as possible to attend the City Commission's hearing on the zoning committee's recommendation for an amendment to R-I-A on providing that there must be at least 720 square feet in house proper and not more than 280 feet in porch and carport under main roof.

Mr. Higgins said he is planning to attend the Road Department hearing in Tallahassee on Jan. 21 where the new seventh amendment will be explained. Others planning to attend from Sanford will be Senator E. F. Boyle, County Commissioner H. B. Pope, Rep. M. B. Smith, and Harold Gray, county road superintendent.

324 Members of the Florida district of Kiwanis International met at the First Presbyterian Church, talk on "Peace by Spiritual Means" at the Sunday dinner that climaxed the two-day mid-winter conference Harold G. Hipple, past district governor of the Kiwanis, spoke as a major theme. "Kiwanis Clubs and the Church" (Photo by Fox)

400 Visitors Come To Sanford For Shuffleboard Tournament

Shuffleboard Took Spotlight In Sanford Today As More Than 400 Visitors Came From Cities Throughout Central Florida To See Teams From Eight Cities Compete At The Fort Mellon Park Courts of the Sanford Tourist Club in the State Elimination Tournament of the Northern District

Ninety-two players competed and each city was represented by two teams in each of three categories—men's doubles, ladies' doubles and mixed doubles. Two surviving teams in each category will be eligible to compete in the concluding state shuffleboard tournament at St. Petersburg.

Daytona Beach was represented by two clubs, Peabody Club on the peninsula and City Island on the mainland side. Other teams in the competition were Sanford, New Smyrna, Deland, Lake Helen, Orlando, Kissimmee and Ocala City.

At a meeting of district presidents of the clubs, J. M. Heber, shuffleboard director of Orlando, was elected president of the Northern District of Shuffleboard Clubs. Robert Hawthorne, secretary of the Sanford Shuffleboard Club, and last year's shuffleboard champion, arranged the tournament last year in cooperation with Edward Higgins, president of the Seminole County Chamber of Commerce.

L. H. Hughes, president of the Sanford Shuffleboard Club, and Dan F. Bender, president of the Fort Lauderdale club, welcomed the visitors, including Dr. C. W. Brewer, Hills, former president of the state Shuffleboard Association and former Lion District Governor.

NAM Director Talks To Lions On Free Enterprise

Better Co-operation Urged Between Employers, Employees

Better co-operation between employers and employees is a means of stimulating confidence in America's system of free enterprise was urged yesterday by Carroll E. French, director of the staff of the National Association of Manufacturers, in a talk to Lions yesterday.

He was introduced by King Lion Cliff Able.

"The job of selling free enterprise to our people for the U. S. Chamber of Commerce and the Association of Manufacturers, but it cannot be done unless we cooperate with the business community," he said.

French has in Sanford a cross-section of American free enterprise, he told the Lions. "In the last analysis, business enterprise is the acceptance and approval of the free enterprise system by the American people."

"Among employers there is not the degree of understanding of business enterprise that there should be," he stated, and declared that business men should "sell" the free enterprise system to the public.

"Is business honest? Has it a heart? Is it concerned about employees?" he asked. He answered his own questions by pointing out that according to a recent survey only one in three employees believe that employers are interested in their welfare.

"How is the gross take divided?" was his second question. "Only one-half of the people questioned think employers are getting their fair share," he stated.

"Is there any basis for co-operation between employer and employee?" was his third question. "Only one out of two questioned think there is mutual interest," he reported.

One of the significant results of the survey, he declared, was that informed people were far more interested in business than the uninformed, but even in the latter group there was suspicion and distrust.

"Only the employer can explain to employees how income is divided," he said, and urged that their common interest and that the American system works for and not against them.

Blizzard In Rocky Mountain District Ties Up Travel

Blizzard Blasted on to the West Coast of the Pacific Coast with Worst Blasts

Blizzards blasted up highways, wind snapping up to 55 miles an hour, tangled ice laden power and telephone lines. Some sections were isolated or darkened for hours.

Fall, rain and lightning added local variations. Two high-altitude storms pelted Fort Bragg, Calif.

The storm spread over Washington, Oregon, northern California and Nevada. Its heaviest blow was struck in southern Oregon and northern California. Four highway deaths in northern California, blamed to poor visibility, were attributed to the storm.

More snow in the mountains, rain on the coast and moderate winds were forecast for today, followed by clearing skies and sub-freezing temperatures tomorrow. The center of the storm had veered off into the northern Rockies, but its tail was expected to whip down over southern California with drizzling rain.

Snow plows were busy digging out highways. Power and telephone crews labored to re-establish communications and high-voltage Highway 98, the main motor link between California and Oregon, was closed by snow. One of the last motorists struck through the closed section, reported 38 trucks (Continued on Page 2)

Florida State Bank Votes To Increase Its Capital Stock

Stockholders of the Florida State Bank at their meeting yesterday voted to increase the capital stock of the bank from \$50,000 to \$100,000, and re-elected all officers and directors. About four-fifths of the stockholders were present.

Officers re-elected are C. H. McNulty, president; T. E. Tucker, Jr., vice president; E. G. Kilpatrick, Jr., cashier; Harry Lynn Ross, assistant cashier. Directors re-elected are C. R. Clontz, Ovidio Forvatt, G. H. McNulty, E. G. Kilpatrick, Jr., W. A. Patrick, T. E. Tucker.

Mr. McNulty predicted a bright outlook for business and banking in 1950, both from a Florida and a national standpoint. The building program in the state is far in advance, many new industries are coming into the state and population is showing a rapid increase, he pointed out.

At present the Florida State Bank has resources of \$1,346,294 with corresponding liabilities which include deposits of \$9,087,324.

The high peak of deposits of \$4,748,444 last June, said Mr. McNulty, came at a time when growth was degenerating receipts from savings and other deposits.

The completed closing of the bank took over control of the bank, cash dividends of \$200,000 have been paid to stockholders. During the same period undivided profits showed an increase of \$750,000 and the surplus account, \$250,000.

Smathers Seen As Ready To Enter Senatorial Race

ORLANDO, Jan. 11. — (AP) — Orange County friends of George Smathers expect the Miami congressman to admit he is a candidate for the Senate at a rally here Thursday night.

Nixon Butt Jr., spokesman for the rally sponsors, said the expected announcement is assuring a capacity attendance of 8,000 from many parts of the state.

The program will last an hour starting at 8:30 P.M., Butt said, and will be broadcast over 22 Florida radio stations.

Although Smathers has not announced his candidacy, he has covered the State in several talks. It has been generally assumed he will oppose Senator Pepper (D-Fla.).

F. B. I. Accused Of Tapping Phones Of U N Employees

NEW YORK, Jan. 11. — (AP) — The Federal Bureau of Investigation was accused in federal court today of tapping the telephone wires of United Nations employees and members of foreign embassies.

Abraham L. Pomerantz, attorney for Valentin A. Gubichev, Russian engineer who was indicted with charges, made the accusation. Judith Cnplon on spy conspiracy "I will prove," Pomerantz told the court, "that it is a systematic part of F. B. I. practice to tap the telephone wires of United Nations employees of the type of Gubichev, as well as members of foreign embassies and foreign missions to this country."

He made the statement in a move to quash the indictment on the ground that the prosecution was based solely on information obtained by tapping the telephones (Continued on Page 2)

Report Of Probe Into Institutions, Prepared

TALLAHASSEE, Jan. 11. — (AP) — The Florida House of Representatives committee to investigate state institutions today planned to hold a joint meeting with the Board of Control as soon as possible.

The committee was set up to inquire into the fiscal and moral activities of the state institutions. Rep. Bryant Patton of Apalachicola, chairman of the group, said he had no further report on his investigation of alleged immorality and financial irregularities at Florida A. and M. college for Negroes.

"It would be unwise to take any further action until the grand jury reports its findings," he said.

The Leon County grand jury recessed recently without acting on the A. and M. case.

"It is not our intention to start a smear campaign against any institution," Patton added. "We just want to help the Board of Control operate the institutions in an economical manner."

Pilot Club Urges Commission Accept Women As Jurists

The Pilot Club adopted a resolution requesting that the County Commission of Seminole County permit the women who have duly registered for jury duty to exercise this privilege as the law intended, at the meeting of the club held in the Yacht Club last night.

The resolution was drawn following the decision of the County Commission at its meeting last Thursday to omit the names of the women who have registered for jury duty due to the lack of certain facilities at the Court House.

Mrs. Ruth Scott, president, presided over the business session and urged the club to cooperate with the chairman of the Hospital Benefit Bridge to be held on Feb. 14 at the Women's Club. The Pilot Club's annual Banquet Night, scheduled for that night, was postponed until March 14.

A letter from the Jacksonville Pilot Club was read, requesting the assistance of the local club in publicizing and selling tickets for their Antique Show to be held in Jacksonville Jan. 22 through Jan. 24 for the benefit of the "Mothers' Milk Bank," a project of the Jacksonville club and also a district project of District Four, comprising the 25 clubs in Florida.

In response to a letter from the Kiwanis Club seeking the assistance of the Pilot Club in purchasing more suitable chairs for the Yacht Club, the club unanimously voted to cooperate. M. L. Raborn, chairman of the Elks Annual Community Christmas Tree, wrote (Continued on Page 2)

Boat "Shamrock" Is Sold By Papes To Jax Interests

The historic river houseboat, "Shamrock" upon which Mrs. H. B. Pope lived for four years prior to moving into her new residence at Indian Mound Village has been purchased by J. Harold Trammell, was told Saturday at a Jacksonville where Mr. Trammell operates a dredging business.

The "Shamrock" was first heard of in this section in 1910 when Heibert Wilson, son of the owner of the Wilson Cypress Co., was married on the front deck to an Irish girl who had served the family as a nurse. She named the boat, "The Shamrock."

The young couple lived on the boat for several years at Palatka where Mr. Wilson managed the interests of the Wilson Cypress Co.

In 1918 ownership of the boat was transferred to the Wilson Cypress Co., and moved to Ocala on the St. Johns River, where the Georgia Cypress Co., a subsidiary of the Wilson Co., used it for a mangrove home. These included Peter J. Patton and Martin Hoban, who lived there until the mill was closed. The Papes purchased it in 1946.

Palatka Suggested As U. S. Air Academy Site

WASHINGTON, Jan. 11. — (AP) — The Air Force has included Palatka, Fla., among suggested sites to be surveyed for the proposed Air Force Academy, Senator Pepper (D-Fla.) was informed today.

Pepper's office said Orlando, Fla., was listed recently and that other Florida sites to be inspected will be announced from time to time.

Dates for survey team visits have not been determined. The team will assemble factual data for the site selection board. Congress has yet to authorize the academy.

Pine Street Paving Nears Completion

City workers are now to complete today the 360-foot stretch of paving on Pine Street between First and Second Streets. City Manager Clifford E. Smith announced this morning.

The completed closing of the road will be marked with asphalt.

T. S. Cravley, inspector, has started work on the gutter construction and the paving of the street paving on McIntosh Avenue in preparing for the new lot.

John Pierson Heads Farm Bureau Drive

The Seminole County Farm Bureau has selected John Pierson, veteran on the farm agricultural teacher, to head its drive to increase membership to 800 during 1950, it was announced today by Oris Mathieux, president.

Among the Farm Bureau aims listed by Mr. Pierson is a letter to growers throughout the county in that of co-operation, and he pointed out what this principle has done for citrus growers of Florida in less than one year.

By joining the Farm Bureau, he pointed out growers through co-operation with the local club and American Farm Bureau can aid in more efficient production and marketing of farm products.

West Side Primary Students Visit Zoo

More than 110 happy children of the West Side Primary School, attended by teachers, trooped down to the Sanford Zoo this morning as part of their Field Day program.

Monkey Island first attracted their attention and the children enjoyed watching the antics of the monkeys on the trapeze and feeding them peanuts.

The following teachers accompanied the pupils: Mrs. Walter Steacie, fourth grade; Mrs. Catharine Park, third grade; Mrs. Harry Watt, second grade and Joyce Sawyer, substitute first grade teacher.

STALIN CALLED GOD

LONDON, Jan. 11. — (AP) — Albanian called Joseph Stalin a god today.

The official Albanian telegraph agency said the Albanian people's assembly voted to erect a statue of "the holy Joseph Vissarion" in his honor.

Said Albanian Premier Haver Kexhosi, as quoted by the agency: "The great Stalin is our people's glorious savior."

ERNEST POOLE DIES

NEW YORK, Jan. 11. — (AP) — Ernest Poole, 69, author and without trouble, died last night.

His novel, "His Family" won the Pulitzer prize for fiction in 1916. He was born in Chicago.

POBEE CAPTURES FAIR

JACKSON, Miss., Jan. 11. — (AP) — A heavily armed posse today captured without struggle two armed white men hunted since last Sunday night in the massacre of three Negro children.

Highway patrol headquarters reported it received the following radio report at 8:58 A.M. from the search area south of Saline, Miss.:

"Each suspect apprehended without trouble."

The two men are identified by authorities as Leon Turner, 33, a former convict, and Wendell Whitte, 34.

BUILDING PERMIT ISSUED

James L. Fields secured a city permit this morning to erect a concrete block home at 408 Rosalia Drive at estimated cost of \$8,000. The Dawson Construction Co. has the contract.

U.S. Refusal Of 'Russian Deal' Is Reaffirmed

Taft Deplores Stand On Formosa Affair; Acheson Favors Recognition Of Spain

WASHINGTON, Jan. 11. — (AP) — Senator Taft (R-Ohio) today accused a "left wing group" in the State Department of defying the wishes of Congress with regard to China and Formosa. The Senate Republican policy leader, in a sharp speech, renewed his call for assistance to Formosa and ridiculed arguments that it would involve the United States in a war with Russia. Taft denied that he has ever suggested the occupation Army or Navy there. "Our Navy is there, with bases within a short distance, and its ships are between Formosa and China," Taft told the Senate. "Formosa is a hundred miles from the mainland and there can be no crossing if our Navy makes it clear that ships carrying troops will not be allowed to cross. In fact, probably there would be no such attempt at all if the State Department made it perfectly clear that we do not intend to permit Communist occupation of Formosa."

Blizzard In Rocky Mountain District Ties Up Travel

WASHINGTON, Jan. 11. — (AP) — The United States today reaffirmed its stand against any direct deal with Russia to settle the major problems of peace and war.

In a statement prompted by reports which have been printed in Germany, a State Department spokesman declared that his government is "ready and eager to discuss all these problems with the Russians" in any "appropriate forum."

Press officer Michael J. Mc Dermott, the spokesman, added that we are not going to sit down with (Continued on Page 2)

Blizzard In Rocky Mountain District Ties Up Travel

VINENESS, Ind., Jan. 11. — (AP) — Flood crests of the Wash and White Rivers, here down on Vincennes and nearby Hamilton in southeastern Indiana today. The White River, a Wash tributary, peaked past the 29-foot mark at Hamilton, 14 miles south of Vincennes on U. S. Highway 41, and was expected to crest in under 30 feet today. Residents of the lower west half of the town were being evacuated by National Guardsmen with trucks and boats.

Blizzard In Rocky Mountain District Ties Up Travel

SAN FRANCISCO, Jan. 11. — (AP) — A blizzard blasted on to the West Coast of the Pacific Coast with worst blasts.

Blizzards blasted up highways, wind snapping up to 55 miles an hour, tangled ice laden power and telephone lines. Some sections were isolated or darkened for hours.

Scotch 4-Some Golf Tourney Proves Success

E. R. Housholder, Mrs. J. Hayman Win 1st Place Playoff

E. R. Housholder and Mrs. Jessie Hayman were the final winners of Sunday's Scotch foursome golf tourney sponsored by the Sanford Men's Golf Association...

Low gross winners were Dr. T. F. McDaniels and Mr. Gladys O'linger, longest lady's drive was won by Mrs. Jessie Hayman...

Concealed prizes were taken by Mrs. Andrew Carraway, Mrs. E. J. Levy Whitner, Mrs. Hugh Wheeler Ed Stout, Bud Pender and Mrs. Price Heard.

Prizes included golf jackets, sports shirts, loving cups and golf balls. "There were many spectators who made the rounds with the players," remarked Col. Harrison Association publicity chairman...

John Ivey, president of the Association, made the awards in the club house after the meet and expressed appreciation of the many participants from the Mayfair Inn.

Miami Junior Is Top Scoring Ace Of State Cagers

CORAL GABLES, Jan. 11 (SPECIAL) — Mackay MacDonald, 6 foot 3 inch center at the University of Miami is well on his way to becoming the outstanding basketball player of all time in Florida...

Although no direct mention of the NCAA's sanity code was made in the question, many writers referred to it in their answers. Seventy-five of them said nothing could be done, sanity code or no. Ten thought the housecleaning would have some effect.

The NCAA is meeting here this week, and one of the main questions is how to enforce the sanity code. No action is expected before Saturday.

The seventy-five who thought the colleges would roll along merrily, playing the game the old way, advanced many different reasons and had many comments—anything but kind—about college officials.

These writers observed that no matter what the NCAA or alumni would do, the alumni would not tolerate losing teams and would find ways and means of getting winners.

Another large group saw the big business angle keeping the colleges from going Simon-pure. They asserted that as long as college football is big business, schools would be forced to put out winners.

Most of the 10 who thought there would be some change took it for granted that teeth would be put in the rules governing subsidization.

As for the writers who thought there would be no changes, here is a cross-section of their opinions: "Alumni can never be controlled and subsidization is in their hands."

"The sanity code is like prohibition—can't be enforced." "As long as universities can find banks to accept deposits of receipts from major games, there will be big time college football and high scale subsidization."

"The same question has been asked annually since 1888. The answer is the same. Those that want 'em will still get 'em."

"Colleges will set up purity rules, then rush home and figure out ways to get around them."

John Doty, business manager of the Greensboro, N. C. Patriot, who said he was coordinator of the information are not being completed.

John Piton, assistant to George Trautman, president of the National Association of Professional Baseball Coaches, will arrive in Lakeland this week to see the details.

Doty pointed out that the course has attracted widespread attention because of its unique features. He said that the course is a masterpiece of planning, and that it is a credit to the city of Lakeland.

PICKED FROM A GROUP of twenty beauties, Donna Lee Hickey, 21, is shown after being selected "Queen of the Press Photographers Ball," in New York. Donna will reign at the cameramen's annual shindig on Feb. 3. The two runners-up will be her ladies-in-waiting.

Grid Player Subsidization Will Remain Despite NCAA Sanity Code

NEW YORK, Jan. 11 (AP) — The nation's sports writers take a dim view of the recent housecleaning agreements among college athletic officials.

By a majority of more than seven to one, the writers who took part in the Associated Press annual year-end poll thought attempts to cut down subsidization would have no effect on college athletics.

Although no direct mention of the NCAA's sanity code was made in the question, many writers referred to it in their answers. Seventy-five of them said nothing could be done, sanity code or no. Ten thought the housecleaning would have some effect.

The NCAA is meeting here this week, and one of the main questions is how to enforce the sanity code. No action is expected before Saturday.

The seventy-five who thought the colleges would roll along merrily, playing the game the old way, advanced many different reasons and had many comments—anything but kind—about college officials.

Tulsa Surprises Top Wichita 5, By 42-36 Score

Cincinnati Topped For First Time By Duquesne Five, 60-54

NEW YORK, Jan. 11 (AP) — Cincinnati and Auburn were topped by the unbeaten ranks, but it was Tulsa which provided last night's surprise in college basketball.

Tulsa turned in a 42-36 victory over Wichita, a team which figured to breeze. Wichita previously had beaten the Oklahoma Aggies but Ken Dohba held Wichita's eyes and Oklahoma City star, John Friedersdorf, to four points and that was that.

Tulsa thus registered its first Missouri Valley Conference triumph in two years and temporarily at least is tied with mighty Bradley for the conference lead.

Duquesne ended Cincinnati's 17-game winning streak, counting 11 from last season, 60-54, and Georgia Tech shattered Auburn's eight-game streak, 65-49, in a South-eastern Conference fray. Duquesne ranked eighth in the latest Associated Press poll, now has won 10 straight and is still undefeated.

Long Island and CCNY, ranked third and seventh in the A. P. poll, cemented their claim to high ranking. Long Island again came from behind in the second half to whip St. Louis, 68-42. In the feature half of a Madison Square Garden doubleheader after CCNY had swamped West Virginia, 80-55, Sherman White again sparked LIU with 29 points.

Nebraska upset Kansas, 67-50, in a Big Seven game with Nebraska successfully freezing the ball for the last 50 seconds. Big Bus Nebraska and held Clyde Lovellette, Whitehead tossed in 26 points for Kansas star, to 12 points.

Texas Christian upset Southern Methodist, 62-50, in the South-west Conference while San Francisco, back home after a post-Clare, 50-36, eastern tour, whipped Santa Virginia Tech upset George Washington, 71-59, in the Southern Conference as Tex Tilson rang up 28 points for the winners.

In other Southern Conference games Al Miami's free throw in an extra period gave South Carolina 49-48 victory over Furman; North Carolina State had to go on to beat Davidson, 44-35; Wake Forest beat Clemson, 66-58, and William Mary, playing without its injured star, Chet Glermak, beat Maryland, 60-52.

Of Penn State's first 17 basketball players, only four are under the six-foot mark. Tallest is six-seven.

Eddie Stanky Is Not Worried About Durocher Tie up

NATCHEZ, Miss., Jan. 11 (AP) — Eddie Stanky says he is not worried about his settling along with Leo Durocher.

Stanky reiterated that he was not happy about having been formerly traded by the Boston Braves, but he's a workman, he says, ready to do a good day's work.

Stanky, second baseman recently traded by the Braves to the New York Yankees, flew in here last night to address the Natchez Hot Stove League.

He recalled that when he went to Boston he had said heatedly that he had been stabbed in the back by Durocher and that Durocher apparently took umbrage at the remark.

But, said Stanky, "I still think my manager and I will be glad to get back working under him."

"Newspapers seem to wonder how I'll play for Durocher. They should know better. There is only one way I know how to play the game. When the day comes I can't put on a pair of shoes and give a manager a good day with all I've got, that's the day I'll quit."

2 PANCHOS LOS ANGELES, Jan. 11 (AP) — Panchito Gonzalez outlasted Jack Kramer, 4-4, 10-12, 6-4, last night to split their home series in their current world championship pretensions tour.

The younger Gonzalez had Kramer tied at the finish of the marathon, gaining his seventh victory Big Jake to 38 defeats. Monday night Kramer won here, 6-2, 4-6, 6-3.

In the curtain-raiser, Panchito Squerra whipped Bobby Riggs, 6-2, 6-2.

Tonight the pro tennis troupe is scheduled to match strokes in Reno.

Of Penn State's first 17 basketball players, only four are under the six-foot mark. Tallest is six-seven.

NCAA Battles Over 2 Platoon Gridiron System

Bob Neyland Of Tennessee Opposes Rule Most It To Remain

NEW YORK, Jan. 11 (AP) — The NCAA's sanity code fusa was allowed to slimmer today while football coaches let the feathery fly in a battle over the two-platoon system.

The coaches' rules committee went behind locked doors at 9:30 A.M. to frame recommendations for changes. The controversial free substitution rule was high on the agenda.

It looked like an all-day knock-down, drag-out affair with the two-platoon boys winning in the end.

"I sent questionnaires to some 1,000 coaches and received replies from around 600," said Columbia's Lou Little, chairman of the coaches' rules group. "They showed a majority favoring liberal substitution."

The coaches' recommendations are tantamount to adoption. The NCAA rules committee, composed of coaches and faculty heads, act on the proposals later.

The rules meeting took the time-out temporarily from the sanity code at the annual National Collegiate Athletic Association sessions. The code fight is not slated to come to a head until Saturday.

Harvey Harman of Rutgers, former president of the National Coaches Association but not a member of the rules committee, has waged a strong campaign against the free substitution rule. "It favors the haves over the have-nots and is ruining the game," Harman said.

General Bob Neyland of Tennessee said he would support "to the finish" any move to abolish the two-platoon system. "The game's character, building values have been greatly diminished," asserted the barrel-chested Volunteer coach.

Under the present rule, players may be substituted in 11-man units, making possible separate offensive and defensive specializations.

These are other rules changes up for consideration: 1. Rewriting more strongly the rule concerning illegal use of the forearm in blocking.

2. Means of stopping a team from starting a play before the ball is snapped.

3. Changing the rule that groups several misplays under the term "personal foul."

Also today the NCAA executive committee was in an all-day meeting to discuss the sanity code and its violations further.

Dr. Karl Leib, president of the NCAA, promised inquiry for those institutions still defying the sanity code, the organization's new set of amateur standards.

He said the NCAA is not on a "watch hunt" and would not try to hound rebellious members until those members have been given every chance to accept the code.

Ben Hogan's Tie In Los Angeles Open Called Top Golf Comeback

LOS ANGELES, Jan. 11 (AP) — Ben Hogan, game but tired in his amazing golf comeback, tees off today (9:30 P. M.) against Sam Snead, who admits he's sharp, in the playoff for the top prize of the \$15,000 Los Angeles Open.

Win or lose, Hogan will have engineered one of the great comebacks in golf history. The 18-hole event may be played in the rain. The weather bureau says it certainly will be gusty with showers.

Hogan, who's won a lot of them, had his finest triumph in his grasp for 44 minutes yesterday. He posted 290, four under par, and went in to shower confident that his first tournament bid since his auto accident was a success.

Hogan was drying off when the first hint came. By then Snead had two holes to play and had to have two birdies. But Hogan did, with a 10-foot putt.

Eighteen is one of the toughest holes on Riviera's trapped and hilly course. It's a slight dogleg of 465 yards, but par four. Snead wound up 15 feet from the pin on his second shot. A gallery of 10,000 was hushed as he carefully aimed up the shot, then played the roll perfectly and hit the cup dead amidships for a birdie three to tie Hogan's 280.

The crowd, pro-Hogan all the way, roared as the ball dropped in. It was a windup as sensational as any in the history of the game.

up for consideration: 1. Rewriting more strongly the rule concerning illegal use of the forearm in blocking.

2. Means of stopping a team from starting a play before the ball is snapped.

Announcing the New Plymouth

packed with value and ready to prove it!

See this new American Beauty tomorrow at your Plymouth Dealer's

It's ready to prove itself the greatest value in motordom. But the new Plymouth does not rest its case upon any so. That's why this car wants to make you the judge!

Look at it... look out of it... open and that the doors... get in, get out... lounge on the seats... start it, drive it, park it... put it up hill, through traffic, and in the toughest tests you know.

What Plymouth has built into this car backs up what Plymouth says about it. Plymouth proves its worth with the convenience of Ignition Key starting... the comfort of improved Air Filter Rides... the quick, true steps of Safety-Guard Hydraulic Brakes... the positive protection of Safety-Rim Wheels... the lively power of 7-8 to 1 compression ratio.

Plymouth rides and handles like cars costing hundreds of dollars more. Dollar for dollar, here's more style, safety, comfort, economy and performance than you can buy at anywhere near its price.

NOW—more than ever—the car that likes to be compared

Russia Accused Of Engulfing North Chinese Provinces

Acheson Raps Republican Criticism Of Formosan Policy In Luncheon Talk

WASHINGTON, Jan. 12. — Secretary Acheson challenged today a statement by Senator Taft (R-Ohio) that a small amount of aid now could save Formosa from Chinese Communists. The Secretary of State took a jab at the Senate Republican policy leader — but not by name — as he began a talk to the national press club on relationships of the people of the United States and Asia. He referred to Taft only as a "distinguished statesman."

WASHINGTON, Jan. 12. — Secretary of State Acheson said today that Russia now is busy detaching the Northern provinces of China and "attaching them to the Soviet Union."

Speaking on Asiatic policy and relations at a national press club luncheon, the secretary said that this process is complete in Manchuria and nearly so in outer Mongolia.

And, he said, the Communist regime in China itself has developed new methods and techniques to help the Russian menace and provide "insidious weapons of penetration."

Information reaching Hong Kong said the Communists could land on the island at will. Some 17,000 Red guerrillas already on the island control the heart of the iron ore rich island and 100 miles of the west coast.

Unconfirmed rumors flew that the Reds already had landed on the west coast. But Nationalist sources here said they had no knowledge of any landings or Red "beachheads" on Hainan.

Nationalist naval units were sent to Hainan Strait, a narrow strip of water that is barely five miles wide at one point, separating Hainan from the Chinese mainland. All but a mile of the strait at this point.

Volie Williams Jr. Is Named Chairman Of Red Cross Drive

Volie Williams, Jr., has accepted the chairmanship of the American Red Cross drive in this county. J. Tilden Jacobs, chairman of the committee for selection of a fund chairman, announced at a meeting of the chapter at the Tourist Center Tuesday. The quota was set at \$7,000. Volunteers, typists and clerical workers are asked to get in touch with Mr. Williams by telephoning 1446 or Mrs. Ethel Giesler, telephone 80, to aid in the drive.

Mrs. Giesler, executive secretary, announced that a regional fund meeting will be held in Jacksonville on Jan. 23 with General George C. Marshall as the guest speaker. It was reported that during the past year 468 cases had been handled by the Seminole County chapter and that in the past month one disaster case was taken care of with \$66.50 being given for clothing, shoes and mattresses.

Miss H. Wayne Rucker, production chairman, stated that during January two wool bathrobes and two bedjackets of heavy flannel were given to the County Infirmary. One layette was completed and delivered. Two other layettes are more than half finished. Mrs. Rucker added, and pointed out that there were 40 hours spent in this work with 11 workers taking part.

The stated that the County Health Unit has asked for one layette and added that anyone interested in outfitting layettes should get in touch with her immediately by telephoning 701-J. E. A. Moultrie presided over the meeting in the absence of Judge Douglas Manstrom.

URANIUM FUND
TORONTO, Jan. 12. — (AP) — Two recent uranium finds on the east shore of Lake Superior appear to have excellent possibilities for commercial production, a geological report released by mines minister Wollast Gonssett said today.

The report said the discoveries were made by a party of four men who were on a geological survey of the area.

"HELLO GIRL" DIES
NEW YORK, Jan. 12. — (AP) — Miss Katherine Schmidt, 25, reportedly the first "hello girl" employed by the New York Telephone Company, died yesterday in a Brooklyn hospital.

Miss Schmidt became a telephone operator in 1922, and when she retired in 1933 headed the telephone company's training school for operators.

When she started, she was employed as an operator, and for some years after that she was a telephone operator.

Italian Cabinet Quits In Move For One Party

Premier Gasperi Expected To Re-Form Cabinet Composed Of Pro-Catholics

ROME, Jan. 12. — (AP) — The Italian interior ministry has told the United States embassy in Rome that some American Protestants, through their activities in Italy, unwittingly aid the cause of Communism. A ministry official said this view also has been expressed to U.S. officials in Washington. The spokesman was commenting on the current temper over the activities in Italy on young Church of Christ Evangelists from Texas. Their experiences here have touched off a hot argument between the Vatican newspaper, L'Osservatore Romano, and the Communist press. Thus, the ministry pointed out, the activities of the Evangelists have become entangled in the Roman Catholic Church's battle with the 2,000,000-strong Communist party in Catholic Italy.

The ministry spokesman said Communists in Italy became affiliated with Protestant sects frequently in order to exploit these sects for political ends by "masking Communism with religion." The U. S. embassy declined to comment.

ROME, Jan. 12. — (AP) — Premier Alcide De Gasperi and his anti-Communist coalition cabinet resigned today in a move that may give its first one-party government since the war.

The shake-up, agreed upon at a cabinet session last night, was promised two months ago. De Gasperi, whose Christian Democrat party controls parliament, was expected again to be President Luigi Einaudi's choice to form a new government.

The outgoing cabinet meanwhile (Continued On Page Two)

Anti-Trust Suit Filed By McGrath Against Sun Oil

WASHINGTON, Jan. 12. — (AP) — The Justice Department today charged the Sun Oil Company of Philadelphia with anti-trust law violations in the sale and distribution of gasoline and automobile accessories.

Attorney General McGrath announced that a civil anti-trust action was filed against Sun, the maker of "Sunoco" products, in the federal district court in Philadelphia.

He said the complaint accuses Sun of compelling some 10,000 independent service station operators in 18 states and the District of Columbia to enter into exclusive purchasing contracts with Sunoco.

These contracts, the suit alleges, require these service stations to purchase their gasoline, motor oils and other petroleum products, and automobile accessories, from Sun and to refrain from making any similar purchases from any Sun competitor.

A. Rand Meriwether Services Held Today
Funeral services were held this afternoon at 4:00 o'clock at Erickson Funeral Home for A. Rand Meriwether, 58, who died late Tuesday evening following a short illness.

Born Oct. 15, 1891 in Lynchburg, Va., Mr. Meriwether came to Sanford from Richmond in 1912. He was engaged in farming until his recent retirement. He was a member of the Episcopal Church in Richmond, and was a World War I veteran.

Survivors include the widow and two sons, Addison R. Jr., of Greenboro, N. C. and Uppham H. Meriwether of Tulane University in New Orleans; one daughter, Mrs. James Hinson of Concord, N. C.; four brothers, Charles J. and Francis T. Meriwether of Sanford; Dr. L. B. Meriwether of New Orleans and H. O. Meriwether of Lynchburg; also his mother, Mrs. Lela M. Meriwether of New Orleans.

The Rev. Lytleton Hammersman officiated at the services and interment was made in Evergreen Cemetery. Pallbearers were: E. C. Hutcheson, E. W. Anderson, E. A. Cobb, Stanley Versey, Charles G. Wilke and Bernard W. Wilke.

LAKE WALKER CARLSON
LAKE WALKER, Jan. 12. — Six residents are scheduled for the week of January 18 by the Florida Game and Fish Commission.

The Railroad and Public Utilities Commission authorized the use of service last summer with the experimental period expiring Jan. 15.

Malik Walks Out On U. N. Council

With a grand standing at attention, Soviet Delegate Jacob Malik (left) walks out on a session of the United Nations Security Council at Lake Success, N. Y. He is followed by the other members of the council for the matter of Chinese Nationalist Delegate, (Right) T. T. Tson.

Red Attempt To Expel Chinese From UN Council May Succeed

LAKE SUCCESS, Jan. 12. — (AP) — Diplomatic observers were agreed today that Russia has not rendered enough support to Chinese Nationalist China out of the United Nations Security Council now.

How long the Nationalists can hold on here was another question. Five of the 11 council nations already recognize Red China.

The council is scheduled to meet at 4 P. M. to take up a Soviet resolution demanding the ouster of the Chinese Nationalist delegation headed by T. T. Tson, who is serving as president of the council through January.

Soviet deputy foreign minister Yakov A. Malik walked out of the council two days ago in a well-timed move to force the council to take up the Nationalist issue immediately. He said he could not take part in any council meeting such a meeting would be nothing more than a parody.

Whether Malik's group would be on hand to argue for his resolution this afternoon was not known before today.

Kiwanis Club Is Entertained By Seminole Singers

Kiwanians were entertained yesterday noon by top talent from Seminole High School in a program sponsored by the Key Club of which John Fite was master of ceremonies.

Raymond Kuder, Kiwanis club chairman with J. B. Root of Key Club activities, pointed out that during the past 12 years the club had done outstanding work in school projects, and told of the recent district meeting of Key Club members.

Kiwanis Key Club committee, he stated. President Ralph A. Smith announced that a meeting of Kiwanis officers and directors will be held at his home next Tuesday night. He thanked those who had served on the reception committee at the district conference here.

The girls' Triple Trio of the Seminole High School Glee Club opened the program with two numbers, "When Day Is Done" and "My Hacienda." Shirley Middleton accompanied.

Norma Harvey sang "Over the Rainbow," John Fite accompanied, also performed a solo dance. Ellen Briggs, wearing cap and gown sang, "Home Little Bug Is Going to Get You," with a London accent, Hobe Hines accompanied.

Top number of the program was sung by applause was the rendering of a popular number from "South Pacific," "In Gonna Wash That Man Right Outa My Hair" by pajama-clad girls of the Triple Trio. Miss Middleton accompanied.

In the group were Joyce Betts, Carolyn Patrick, Nell Houle, Dixie Boyle, Mary Ann Bohlander, Peggy Wilson, Robie Jean Galloway, Donna Lou Harper, Betty Lou Parlin.

A C L TEST CONTINUED
TALLAHASSEE, Jan. 12. — (AP) — The State today gave the Atlantic Coast Line railroad permission to continue trial service between Ocala and Gainesville for six months.

The Railroad and Public Utilities Commission authorized the use of service last summer with the experimental period expiring Jan. 15.

Patient Admits Setting Fire That Killed 41

Tragic Hospital Fire That Cost 41 Lives Is Blamed On Young Woman Patient

DAVENPORT, Ia., Jan. 12. — (AP) — A murder charge was filed today against a woman patient who reportedly admitted setting a hospital fire which took the lives of 41 women here last Saturday.

Scott County attorney Clark O. Fisher said he filed a charge of "murder committed in the perpetration of arson" against Miss Elinor Eppley, 23, of Rock Island, Ill.

(Rock Island is across the Mississippi River from Davenport.)

This development followed the announcement by state's attorney Harold Moran of Rock Island County that Miss Eppley had admitted she started the fire in her room at St. Elizabeth's mental ward of metropolitan hospital.

The three-story building was destroyed by a fire which mushroomed through it while the patient slept. Five patients, including two nurses, were injured. The women's arrival at Moran's office today led to the charge.

They said they would be asked to return voluntarily to Iowa. Moran cautioned that a question exists whether full facts can be placed in the woman's story. He and D. Werner M. Hollander, Davenport psychiatrist who attended her, described the woman as a "schizophrenic."

The state's attorney and Dr. Hollander said she was the type of person who "believed herself responsible for all the troubles of the world."

He said that the woman told him in a telephone conversation last night that she set the fire by lighting the curtains in her room.

He said the first information he received was in the form of a telephone call from the woman's husband, John, who made the disclosure.

A half hour later, Moran said, Miss Eppley called him in person at his office and repeated the story to him.

5 Persons Killed, Bodies Burned By Divorced Spouse

HAMMOND, Ind., Jan. 12. — (AP) — A Hammond machinist facing divorce killed five persons and built himself with a pistol and then set fire to his home, police said today. Deputy coroner B. W. Tidwell said the machinist, Felix Samas, 33, had apparently killed his wife, Katherine, 26; their two children, Felix, Jr., 4, and 18-month-old Phyllis Elaine; and two roomers, Richard Norman, 23, and Norman's bride.

HAMMOND, Ind., Jan. 12. — (AP) — The bodies of four adults and two children were found in a fire-swept home here today and there was evidence of murder and suicide.

Four of the victims were identified as Felix Samas, 33, a machinist; his wife, Katherine, 26, and their two children, Felix, Jr., 4, and Phyllis Elaine, 18 months.

The two other adults were identified as Richard Norman, 23, and his Christmas bride, Shirley, 18. They were staying in the Samas home.

The deputy coroner said bullet wounds were found in the bodies of Mrs. Samas and her son. An autopsy was to be performed on the body of Samas to determine the cause of his death.

Officers said they were informed Samas and his wife had separated before Christmas and had the Norman had taken a room in the Samas home on the southeast side of Hammond.

Mrs. Glenda Norman, mother of Norman, said her son and his bride went to live in the Samas home as the younger Mrs. Norman could not take care of the Samas children. She said Mrs. Samas at that time went to work in a restaurant owned by her husband here.

Norman was a railroad fireman.

WILD TURKEY KILLED
Ernest Lee, hunting near the Wekiva River this morning shot a tom turkey weighing about 15 pounds and brought it to town on his automobile to show to friends.

V A REPRESENTATIVE
Tom Deady, Veterans' Administration representative, will be in Sanford Monday at 8:30 P. M. at the office of Senator Lloyd F. Boyle to discuss any veterans' problems.

South's Lawmakers Fight Civil Rights FEP Bill In House

Judith Coplon's Boy Friend To Testify At Trial

Doctor Who Declared Chambers Is Unbalanced Is Admitted

WASHINGTON, Jan. 12. — (AP) — The Senate Armed Services committee reversed itself today and decided to question the defense policy now before passing an Admiral Forrest P. Sherman report on Naval Operations. The final action, without a formal ballot, reversed a formal 5 to 3 vote on a previous line that denied a Republican request for testimony by the secretary of the Naval Operations Committee, Chairman Fred D. M. (D-Md.), who had won the earlier victory over Senator Knowland (R-Calif.) in a tense argument. He had hoped the action today would approve Sherman's nomination without getting into the presidential ouster of Admiral Louis Denfeld as Chief of Naval Operations.

WASHINGTON, Jan. 12. — (AP) — A drive started today to get the House to pass the administration's law employment practice bill.

Chairman Nichols (D-Ill.) of the House Rules Committee talked with President Truman, then announced he would press his committee tomorrow to pass the bill to the House floor for a vote.

The measure aimed at preventing racial and other discrimination in industry, is one of the most controversial of Mr. Truman's "civil rights" proposals. A big group of southern lawmakers opposes it bitterly. In the Senate, the southerners have used delaying tactics repeatedly to block its consideration.

Sabath said he thinks the House will approve the bill. He noted that both parties are pledged to pass such legislation.

Atlantic's Small Loan Department To Open Jan. 16

Officers and directors of the Atlantic National Bank were elected at the annual meeting of stockholders and directors yesterday afternoon. J. L. Ingley, president announced today, adding that more than 1,200 new loans were made by the bank last year involving over \$1,750,000. This he said was a smaller number than during the previous year but involved a larger amount.

Mr. Ingley stated that with the election of J. L. Ingley as assistant cashier, a former manager of the Universal City Corporation office in Jacksonville, the bank is extending its facilities to meet the increased demands of business in Sanford and Seminole County by opening a new installment loan department in rooms 318, 317 and 316 of the Atlantic Bank Building.

This department, he said, will open for business Jan. 16 and applications for both large and small loans for repairs to homes (FHA Title I), new automobiles, appliances, furnaces and plumbing and to consolidate personal bills, from customers and non-customers will be welcomed.

Mr. Ingley reported that the year 1949 produced very satisfactory results, and that substantial additions were made to the undivided profits and reserve accounts. The bank also declared semi-annual dividends and paid its officers and employees a ten percent bonus of their base pay.

The following officers were re-elected by the directors: J. L. Ingley, president; J. L. Frazier, vice-president; R. F. Mann, cashier; D. C. McBride, assistant cashier; H. W. Deans, assistant cashier, and J. B. Stock, assistant cashier.

Directors re-elected by the stockholders are as follows: George D. Bishop, L. I. Frazier, J. C. Hutchison, J. L. Ingley, R. A. Newman, H. B. Pope, and J. W. Shands.

Pioneer Sanford Motorists Buy Tags

Two pioneer Sanford motorists, Dr. J. N. Robson and W. B. Williams visited the Court House at about the same time this morning to obtain 1950 license plates for their automobiles.

"I remember right they did not even furnish tags when I got my first car, a little red Buick back in 1908," declared Dr. Robson.

"They pointed the number on the back of the car," he added. Mrs. Robson was the first woman in Sanford to drive her own automobile, and revealed that next June they will celebrate their 50th wedding anniversary.

Mr. Williams, the father of Police Chief Roy O. Williams and W. B. Williams, and former mayor of Sanford, revealed that the first auto tag he ever bought was in Illinois for a 1918 Cadillac.

Truman To Press For Passage Of Anti-Discrimination Bill In U. S. Legislature

WASHINGTON, Jan. 12. — (AP) — A drive started today to get the House to pass the administration's law employment practice bill.

Chairman Nichols (D-Ill.) of the House Rules Committee talked with President Truman, then announced he would press his committee tomorrow to pass the bill to the House floor for a vote.
