## Insurance Giving Up To Inflation?

By JOHN CUNIFF  
AP Business Analyst

The entrance of insurance companies into the mutual fund sales industry is a partial admission that one of the keystones of life insurance—a guaranteed, fixed return—may be surrendering to inflation.

The decisions by John Hancock and New England Mutual have not been mutual funds were really made by their customers, potential and actual. The companies have had to accept the dictate of the buyer.

In the past, mutual fund investors have shown a growing interest in equity investments, in shares of stock that grow or shrink rather than remain fixed in the manner of life insurance payouts.

These people have been liberally rewarded, for stock prices have doubled on average in the past 10 years of economic expansion and millions of people have made their fortunes, large and small. The word has spread.

Since 1952 the shareowner population of America has grown from 10.5 million to 22 million, expanding at the rate of nine per cent a year or nine times the gain in adult population during that time.

In the same period the insurance companies have seen their relative share of the dollar decline steadily, although the industry has continued to grow and remain profitable. It simply hasn't grown as fast as the fund industry.

Mutual funds, which invest in scores of stocks for their customers, have come out of nowhere, possessing in 1965 assets of less than \$600 million but owning close to \$40 billion in securities 22 years later.

As the insurance companies explain their moves, they are hardly abandoning the concept of a guaranteed return, as from a life insurance policy. Neither are they abandoning the concept of mutual funds in various forms.

## Auto Racing Is Big Business

CHARLOTTE, N.C. (AP) — The cash payout for his league auto racing, estimated at close to \$5 million this year, is going up in 1968.

Daytona International Speedway, which hosts almost a solid month of speed events in February, has announced that the purse for its Feb. 25 Daytona 500 stock car race will total more than \$200,000.

The posted figure already stands at \$188,825 and doesn't include lap money. The winner will get \$35,500 plus \$100 for each sponsored lap he leads.

Second place will pay \$12,825. The 1967 purse, boosted by closed circuit TV money, totaled about \$100,000.

NASCAR President Bill France says payouts are expected to go up on all Grand National or superspeedway events this year that paid more than \$100,000 each. Some of these are expected to reach the \$200,000 bracket next year.

The U.S. Auto Club, which paid a record \$17 million in purse money this year, including about \$300,000 at Indianapolis, says its payout will be heavier in 1968 because of the addition of more races for the championship (Indy) cars.

USAC reported its 1967 payoff was \$302,686 more than in 1966. Of the total, \$1,536,945 was paid in the championship division, \$261,838 on the stock car circuit, \$161,771 in midget events, and \$212,824 in sprints.

NASCAR's exact figures aren't available yet, but its Grand National division alone paid more than \$2 million in purse money this season.

One source (Goodyear) has estimated the 1967 motor sports attendance at 53 million.

NASCAR President Bill France says payouts are expected to go up on all Grand National or superspeedway events this year that paid more than \$100,000 each. Some of these are expected to reach the \$200,000 bracket next year.

The U.S. Auto Club, which paid a record \$17 million in purse money this year, including about \$300,000 at Indianapolis, says its payout will be heavier in 1968 because of the addition of more races for the championship (Indy) cars.

## Amos Jones Chief Of 'Action'

Rev. Amos Jones was unanimously named executive director of Seminole Community Action by the executive committee of SCA at a meeting held last night at the Health Department on French Avenue.

Jones, who has served as acting director since the resignation of E. D. Kirchhoff in late October, was chosen by the committee over 18 other applicants for the position.

Also interviewed for the post were David W. Hamilton of Altamonte Springs and William Pines of Winter Park, a retired military man.

The committee stating it "saw a need for the position that Jones gave him the nod as has been expected for the past several months."

Jones has been with SCA since October, 1966. The director told The Herald today that action on naming an assistant director has been delayed until SCA conduct and administration program which should be later in January.

## 'No Alarm' Here In Flu Epidemic

Although influenza and an influenza-like virus is sweeping the United States from Oklahoma to Maryland (see related story on page 2A), there is no alarm at the present time for Seminole County and Central Florida.

This was the opinion expressed this morning by Dr. Frank Leone, county health director.

However, he did suggest emphatically immunization for persons suffering with heart disease, bronchitis, diabetes, pregnant women and persons over 45 years, especially over 65 years.

He suggested "polyvalent vaccine" for the flu shot and said that flu shots are not guaranteed to prevent infection.

Dr. Leone did say the local situation is alleviated in the fact that schools are closed for the holiday season. This prevents close contact with persons who may be infected.

"We have been warned on the East Coast and in Florida of the increasing influenza activity being experienced in the United States are closed for the holiday season and we had a relatively light condition last year, which increases the level of susceptibility this year in this area."

The doctor said there is a heavy sweep of influenza in the south part of the state and "there is a vague virus outside of the flu virus that is complicating matters, increasing the number of complaints in cases not of the flu type."

## \$70,000 Cost Seen First Year

By DONNA BRYEN  
After many weeks study and investigation, the Board of County Commissioners Tuesday adopted the resolution declaring its intention to go into the state vehicle safety inspection business. The resolution is to be forwarded to Tallahassee.

The Board further authorized advertising for bids for equipment for the two stations proposed to be built—one in the north end and the other in the south end of the county.

Commissioner Chairman John Alexander reported estimated costs of setting up the inspection stations for the first year in \$70,000 and \$40,000 of the amount to be expended during the current fiscal year and the remainder during fiscal 1968-69.

Type of structures being considered for the stations are concrete block at cost of \$7,000 each or pre-fabricated steel at \$9,000 each. Sites being considered are property already owned by the county at 25th and Sanford Avenue and property to be purchased in the 17-92 SR 206 area.

In other business, the Board accepted the new price offer for air conditioning for the County Agricultural Building.

Authorized expenditure of \$120 to seal and refinish floor in the Agricultural Center.

Accepted for a new condition to be installed at the County Agricultural Building.

Denied request from the City of Orlando for the county to participate in the maintenance of Mission Road when it was reported the entire road lies within the corporate boundaries of the city.

Rescinded from agriculture to residential property lying north and south of Lake Oryme and east and west of Yalobama Springs city limits. It is planned to build 140 multi-unit apartments in clusters of four apartments each on the site. Construction cost of the facility is estimated at \$40,000.

Approved rezoning from agricultural to commercial to permit construction of duplexes. Eight houses currently occupy the site.

Revised 2.5 acre north of Country Club Road from E-1 to A-1 to allow pasturing of a horse.

## Burglars Steal Car Batteries

Auto service station on the SR 206 exit of I-4 was burglarized early this morning, according to the sheriff's office. Ken Evans, manager of the station, estimated that the thieves had made off with 12 new car batteries.

The thieves knocked a hole in the south wall of the station and then carried the batteries to a pickup truck they had parked on a nearby street.

Thieves attempted to break into a U-Turn store in South Seminole County by knocking a hole in the wall. Barking dogs supposedly scared the would-be burglars off.

## Mayor Wheatley Quits, Blow To Be Appointed

Curtis Blow, mayor-elect of Casselberry, is expected to be appointed interim mayor to complete the final eight days of the term of Mayor Arthur Wheatley, who has resigned effective Jan. 1. The action is expected by the City Council, with Richard Brown's resignation effective last Monday and the mayor's charter term of office ending on Jan. 8, second Monday of the month.

Wheatley's resignation is expected to be announced by the City Council in a meeting held last night at the Health Department on French Avenue.

Jones, who has served as acting director since the resignation of E. D. Kirchhoff in late October, was chosen by the committee over 18 other applicants for the position.

Also interviewed for the post were David W. Hamilton of Altamonte Springs and William Pines of Winter Park, a retired military man.

The committee stating it "saw a need for the position that Jones gave him the nod as has been expected for the past several months."

Jones has been with SCA since October, 1966. The director told The Herald today that action on naming an assistant director has been delayed until SCA conduct and administration program which should be later in January.

## Rec Program Second Phase OK'd

Second phase in the \$100,000 program to provide recreation facilities at the public schools in the county has been approved by the Board of County Commissioners Tuesday. Thirteen school sites were designated for various facilities to be constructed during the current fiscal year.

Approved were Southside Elementary, West Side Grammar, Rosewood and Midway, basketball courts; Oryme, Pinecrest and Monroe, softball fields; Bear Lake, Lake Mary, Sanford Junior High, Altamonte and English Estates, ball fields, and Geneva, tennis court.

Bid on materials for the recreation areas were authorized.

## Altamonte Eyes Biggest Budget

Public hearing on largest budget in the history of the City of Altamonte Springs—\$201,308—is scheduled for 8 p. m. today at City Hall.

The budget which requires no increases in taxes allows 3.2 mills for general operation and 8 mills for capital improvement.

Budget of revenues for general operation totals \$188,668 and capital improvement is \$25,000 and water department, \$87,700.

## County Under Fire.. Yet

County Commission came under fire again yesterday for Jerome Novak, representative of a group of families served by Southern Gulf Utilities, and were asked point blank to act to regulate private utilities in Seminole.

Novak asked the immediate action "in view of the public statements issued by Southern Gulf" that it will raise its rates beginning in March despite the county's request that the rates be frozen pending an investigation. Novak further pointed to the public statement issued by the Office of Public Service, the Commission declaring the PSC has no authority to regulate in Seminole and, while willing to cooperate with the county, doesn't believe Seminole's problem is any of their business.

Commission Chairman John Alexander angrily replied, "I do not see how it is possible for me to read in the newspaper and be informed the matter is being pursued."

It was later agreed by the Board to try to arrange a meeting with PSC officials in Tallahassee on Dec. 28 or 29 to discuss the problem.

While the commissioners are in Tallahassee, a meeting will be held with Sam Draper, State Road Department project director, to discuss financing of construction of Rinehart Road as requested by General Dynamics.

The new plan to open in July 1968 will employ initially 1,000 workers and increase employment to 2,000 eventually, it was reported.

Rinehart Road, running north and south between 46A and Lake Mary Boulevard, is planned for four lane right of way with two lane construction. It is proposed the road be financed through the SRD out of second-ary trust funds to be repaid in the county's \$1.5 million bond program.

Resolution was adopted to authorize SRD to proceed with preliminary engineering on the road with costs borne out of Seminole's secondary road funds.

Title search on rights-of-way for the road was assigned to Chelsea Title and Abstract Company.

In other action, the Commission:

- Approved travel and per diem costs of \$164.50 for trip of the zoning director to a recent convention in Miami;
- Took under advisement inquiry of Woodrow Prescott of Longwood as to procedure to have his borrow pit in Myrtle Lake Hills be returned to Markham Road used for a dump. The borrow pit is in agricultural zoning;
- Heard read a copy of a letter from County Clerk Arthur Beckwith to the Attorney General requesting guidance on which of the bills submitted by Justice of the Peace Al Davis should be properly paid. Beckwith pointed out that while Davis served as district four peace justice, he continued to be a resident of district six;
- Authorized the chairman to confer with Sheriff Peter Miller on surplus facilities and supplies which may be approved for the department to purchase from the Sanford Naval Air Station.

## St. Johns Boat Traffic Aired

By STAFFORD DERRY  
KISMEE — Public hearing is being held here today by the U. S. Corps of Engineers on its plan for central and southern Florida small boat navigation which will provide 115 miles of pleasure boating from the southern tip of the St. Johns River to Lake Harney, Col. R. P. Tabb, district engineer, presides at the meeting and William Kozel, chief of the navigation branch, this morning presented a detailed report on plans which involve the upper St. Johns and the Kissimmee lake region.

John Krider, appearing for the St. Johns River Water Control District, and as manager of the Seminole County Chamber of Commerce, endorsed the project in general. However, he joined others in asking for higher bridge clearances than the six-foot now contemplated in the alignment of the Lake Monroe-Lake Harney channel, pointing out that the canal district now has an approved canal profile accepted by the wildlife groups.

## 4 Injured In Chain Car Accident

Four people were injured at a chain reaction four-car accident on I-17 opposite the Movie Land Drive in Theater in Sanford Tuesday afternoon.

According to Trooper Bob Lovinger, of the Florida Highway Patrol, a car driven by Kenneth G. Reeves, 20, of SNAS, swerved to avoid hitting a dog and went out of control and overturned. The overturned car was on the median strip partially sticking out in the north bound lane.

Reeves and his two passengers, Butler and Danny McAvy, of SNAS, were looking at the damage when an unidentified vehicle struck the car spinning it around, knocking Butler to the ground and striking a glance-blow to a car driven by Woodrow Pope of Sanford. Pope and his wife were uninjured.

Wade Hancock, off-duty ambulance attendant for Grandview Funeral Home, observed the wreck and stopped to aid Butler.

A car driven by Elmer Jarrett, of Sanford, struck the overturned car, striking the rear of the overturned car, which was taken to Seminole Memorial Hospital, where they were treated and released.

The "old" and "new" news items in the new edition of the Sanford Herald are a welcome addition to the newspaper's long and distinguished history. The new edition will be a valuable asset to the community, and we are sure that every citizen of North Florida will appreciate the new edition of the Sanford Herald.

## Goodwill in Traffic

As we head into this last week of shopping days before Christmas, let us remember that in the season of goodwill, it is the season of goodwill that counts. Let us strive to be good neighbors and good citizens, and let us remember that in the season of goodwill, it is the season of goodwill that counts.

James Marlow Says:

## Americans Shunning Party Labels

WASHINGTON (AP) — More and more Americans are shunning party labels and are voting for candidates on a non-party basis, according to a new survey. The survey shows that 31 percent of voters are shunning party labels, up from 27 percent in 1960. This trend is particularly evident in the South, where 42 percent of voters are shunning party labels.

# Strikes And Spares

For those who want all of the preceding excitement in one place, we have the following schedule for the week of Dec. 23-29.

It is worth noting that we don't run out of space before we start to run out of time at the end of the week. From everyone here at Jet Lines, happy holidays to you and all.

Talking about Christmas-time, the title of our two Saturday Evening Double Lessons will have a bit of this week. It's pretty hard to find.

Lessons of peace, justice, and love... the whole lot of it. And for an anniversary you can't "remember" who have contributed their time and efforts unselfishly. First of all, to the many adults who make us worthy in reading the lessons and especially to the children of the Southern and Central Clubs for the Junior League.

Special thanks to the members who have donated the time and money to our Christmas fund. It is a wonderful day for a real live lesson of love, which is particularly good.

AL BERGMAN STUCK BOLLEY

The Memphis Minnie band held its annual "birthday" party for 75 years young Jack Bolley, Mr. B and another young chap by the name of Hank Kraker of the Wednesday evening City League are two of the youngest and most popular members visiting us here at the time. Good health to you all.

Even though you must have read or heard of it by now, congratulations to our two champions of the "Buddha of the Desert" contest. Harry Dyer of the A Division and Al Bergman of the B Group.

So, since it was opened up to include all those bowlers who are so plus or minus over normal average, the entries have climbed for the Saturday night Star of the Lakes Tournament.

This past Saturday we had all of these people visiting for the two weekly classes: Phil Mitchell, Dottie Bryant, Norma Lovell, Sue Bane, Pat Blakey, Maria Smallwood, Sandra Kelly, Jim Ann, Walter Lamb, Fran Thomson, Bill Halbach, Doug Owen, Janet Lane, Barbara Smith, Geneva Anderson, Nancy Hunt, Harry Mathewson, Jo Kahlis.

The two winners were Ned Schneider and Gil Pleguez. Schneider, it's run over Saturday at 7:30 a.m.

A great deal of pleasure hosting our two Seminoles Junior College bowling classes. One is on Monday and the other on Thursday at 1 p.m.

The season concluded this past week with the high average trophies for the Thursday class going to Don Anderson 179 and Linda Bergman 126. Congratulations to both of you.

Next week, we'll feature the stars from the Monday class. Coach Joe Stirling indicated that the same type of a schedule will prevail next year with the same group of bowlers who are looking for a college credit and have a real good time at the same time, then by all means make certain that you register for this class.

DON ANDERSON AND LINDA BERGMAN

The weekly No Tap Tourney is getting more of its popularity back again. This past week we had a whole host of entries with the first place falling to Jack Kramer's 721 and the second through third places went to Alex Serres 727 (\$12.50) and Dan Brunson 706 (\$6.50).

It's open to men and women with the girls getting the extra break of a free strike in the first frame of each game. Remember, each nine-pin count is scored as a strike without you even having to roll at the remaining pin.

A couple of quills "in action" to some guests from the Mr. and Mrs. League after having rolled real well, and one mentioning same to you. Referring to Don Smith who has a 300-plus series two weeks ago and at the same time, Ed Felcht shooting a 327 game. Congrats to both of you.

You wanna hear a sad tale. Here's one or rather two from the Monday evening session. First of all, from the Singles Class B League.

Ed Johnson rolled a respectable 221 game, the high for the tour in this league, and would you believe it who hit the opponent selected that same night of how to shoot beyond his average, too. That was Bob Brunson who blasted a 221 game.

Now if you think that's bad, then shed a tear for Rick Murphy.

Murphy came in and rolled a make-up match early in the afternoon and bowled extremely well. As a matter of fact, one of his games was a 245 along with his 220 four-game series.

Just as he concluded, Dan Brunson walked into the lanes and found out that Murphy was to be his opponent that night.

Murphy was happy, thinking that he finally broke the ice and would win one of those jackpot hits with 245 game. Get ready cause here it comes.

That night Brunson about a 228 earning Murphy's fondest dream.

# Hoppin' Hinson Dunks 24 Surprising Seminoles Squeak By Leesburg

By THE ASSOCIATED PRESS

The surprising Seminoles high jumper dunks 24 points to give the Seminoles a 24-19 victory over Leesburg in the final game of the season.

In the first quarter, the Seminoles led 10-0. In the second quarter, they led 19-10. In the third quarter, they led 24-19. In the fourth quarter, they led 24-19.

Wiley Lins Lock Doors For Practice

DAYTONA BEACH (AP)—Pete Stone's football team locked the doors to the practice field at 10:30 p.m. on Monday night.

The team was practicing for the game against Leesburg on Tuesday night.

SEEMED LIKE NOBODY could stop Seminoles' Kenney Hinson last night as he made numerous other shots like this one while scoring 24 points for the Seminoles in their 24-19 victory over Leesburg.

### Miss McCord Bride Of Lt. R.D. Farley

She received his initial training with the Navy at the U. S. NAS, Sanford, as legal officer Naval Base, Newport, R. I., in July 1948.

The bride's mother was an active hostess with her own accessories, though not her bride, she was with her bride and a carriage of love and sentiment—right boys!

The couple was married Dec. 15 at the home of the bride's parents, 28 E. Main St., Longwood. The bride was born in California and studied in California and Stanford and was graduated from Stanford High School with the class of 1948.

The groom, a native of New York, attended schools in New York and New York. He is a graduate of Fordham University, where he was a member of the Phi Kappa Phi Honor Society and a member of the Phi Kappa Phi Honor Society.

### Geneva Garden Club Meets In Colorful Yule Setting

The Geneva Garden Club held its annual Christmas meeting on Dec. 14 at the Community Center. The meeting was held in a festive atmosphere with a variety of refreshments and a program of entertainment.

Refreshments of all sorts of Christmas goodies were served from a beautifully appointed table, overlaid with an imported red and white checkered cloth.

After a short business meeting presided over by the president, Mrs. Helen Cole, a discussion was held with regard to the annual Christmas gift baskets given by the members of the club to the less fortunate of the community.

The festive Christmas tree, decorated with lights and ornaments, was the centerpiece of the room. The tree was lit up and the members of the club gathered around it to admire the decorations.

The Joy Circle, led by Mrs. Alveta Kelly, chairman, held a short meeting. Mrs. John Martin led the group in the "Prayer for Peace." The members exchanged gifts and Mrs. Robert Temple gave the program, including an inspirational recording of Fred Waring's "Christmas Story."

### Christmas Program Highlights Ovidio Club Meeting

The Ovidio Women's Club met at the club house recently for the December luncheon meeting. Luncheon chairman was Mrs. A. Fourney Jennings. Assisting Mrs. Jennings were Mrs. E. W. Egan, Mrs. John Duda, Miss James Wilson, Mrs. Don Shaffer, Mrs. Robert McAllister, Mrs. James Lee and Mrs. John Evans.

An announcement was made that an art class will begin in January. A Yuletide Luncheon will be held on Feb. 15, 1949. The chairman, Mrs. John Hildner, requested that each member turn in a favorite recipe before the January meeting.

Following the business meeting a delightful song program of Christmas carols and light classical music was presented by Floyd Eady. He was accompanied by Jess Bookhardt of the First Presbyterian Church of Orlando.

Miss Rose Kratzert and her bridal attendants were honored at the bridesmaids luncheon, Dec. 15, at Melrose-Seminole in Altamonte Springs. Photo shown, seated from left, Miss Merritt Phillips, bridesmaid; Miss Kratzert, bride-elect, and Mrs. Henry Schumacher, bridesmaid. Standing, Mrs. David Hilkey King, hostess; Mrs. W. A. Kratzert, mother of the bride; and Mrs. Thomas P. McDonald, hostess.

After-Christmas Supper With Turkey Sauce  
 By CHEELY BROWNSTONE  
 AP Food Editor

Hardy way to use that turkey left from the holiday.  
 Larded with Turkey Sauce  
 Baked  
 Fried  
 Larded with Turkey Sauce  
 3/4 tablespoon butter  
 1/4 cup instant flour  
 2 cans (19 1/2 ounces) condensed chicken broth, undiluted  
 1/4 cup heavy cream  
 2 cups cubed cooked turkey  
 1 can (4 ounces) plantains, drained and cut in large pieces

3 ounces lingui, cooked according to package directions in a medium saucepan over low heat until the butter; stir in the flour. Off heat, gradually stir in the broth keeping smooth. Over moderately low heat cook and stir until thickened and boiling. Stir in the cream, turkey and plantains; remove from heat. Turn the drained lingui into a glass baking dish (about 8 by 8 by 2 inches) or similar vessel. Pour turkey sauce over lingui. Cover lightly with foil. Bake in a 400-degree oven until hot and bubbling—about 20 minutes. Makes 4 servings. You may prepare this dish ahead and let it stand, covered, at room temperature for 1 hour before baking as directed. The pale gold-to-brown sauce is on the pleasant side.

Christmas Week Lunch  
 Use the bones from that roast turkey in a broth-type soup.  
 Vegetable Turkey Broth  
 Egg Salad  
 Bread  
 Turkey  
 Carrots (raw and up) skin, bones and giblets except liver  
 1 1/2 quarts water  
 1 can (1 1/2 ounces) condensed tomato soup, undiluted  
 1 medium onion, peeled and halved  
 3 medium carrots, pared and halved  
 1 bay leaf and 2 whole cloves  
 1 can (7 ounces) whole-kernel corn, drained  
 Salt and pepper

Into a large soup-pan turn all the ingredients except the corn. Add 1 teaspoon salt. Simmer about 1 hour. Strain. Pick off meat remnants from bones and dice; dice giblets and carrots; return meat and carrots to broth; add corn and salt and pepper to taste. Stir off any excess fat or refrigerate and remove any hardened fat. Reheat. Makes 6 servings.

THE BRIDE COOKS SUPPER  
 Treat yourself to fresh peas! Lohr and Crut Newburg Steamed Rice Special Peas Fruit Cobbler Beverage

SPECIAL PEAS  
 1 1/2 pounds fresh green peas, shelled  
 1/2 cup boiling water  
 1/2 teaspoon salt  
 1 teaspoon sugar, if desired  
 2 tablespoons butter

8 small canned water chestnuts, sliced from a 4 1/2-ounce can  
 In a 1- or 1 1/2-quart saucepan bring the peas, water, salt and sugar (if used) in a boil; cover and boil gently until peas are tender—usually 5 to 8 minutes. Drain. Add the butter and chestnuts and reheat. Makes 3 servings.

No Future WHITETABLE, England (AP)  
 Madame Dubarry, a local clairvoyant, asked police to help her trace a thief who stole her crystal ball from her consulting room recently.

# Roast Peppers Are Tasty On Saturday Eve

AP Food Editor  
 By CHEELY BROWNSTONE  
 Home-roasted Peppers  
 Spaghetti with Meatballs  
 Salad Bowl  
 Rum Cake  
 Beverage  
 HOME-ROASTED PEPPERS  
 1 pound (4 large) green peppers  
 1/2 cup olive oil  
 1 tablespoon lemon juice  
 1/2 teaspoon salt  
 1 garlic clove, peeled  
 Sliced cucumbers

Place peppers on a small cookie sheet and broil on rack directly below high heat. With tongs turn often until blistered and charred—about 10 minutes; turn pepper skins side up on top of blister. At once place peppers in a brown paper bag; remove seeds and white membranes; slice lengthwise into about 1 inch wide strips. In a wide shallow container with a fork, beat together the oil, lemon juice and salt. Have garlic, smash halves slightly and add. Mix in peppers. Cover lightly and refrigerate 3 to 4 hours or overnight. Before serving, remove garlic and allow peppers to stand at room temperature (so condensed oil will melt). Place peppers in serving dish; add cucumbers; drizzle marinade from peppers over cucumbers. Makes 4 to 6 servings.

SUNDAY BRUNCH BUFFET  
 Sliced Bananas in Orange Juice  
 Panfried Ham Scrambled Eggs  
 Raised Cornsticks Beverage  
 RAISED CORNSTICKS  
 1 1/2 cup milk, scalded  
 1/2 cup yellow cornmeal  
 3 tablespoons light brown sugar  
 2 teaspoons salt  
 1/2 cup butter or margarine  
 1/2 cup warm water  
 1 package active dry yeast  
 1 egg, slightly beaten  
 3/4 cups unbleached regular flour

Off heat, into the scalded milk stir the cornmeal, sugar, salt and butter; cool till mixture is lukewarm. In a large warm bowl dissolve the yeast in the water; stir in lukewarm cornmeal mixture, eggs and half the flour; beat until smooth. Stir in remaining flour to make a stiff dough. Turn into well-greased cornstick pans, allowing about 1/2 cup batter for each cornstick. Let rise in a warm place until doubled in bulk—about 45 minutes. Bake at 375 degrees for about 30 minutes. Serve hot. Makes 21 large cornsticks—3 pans with places for 7 cornsticks in each. These cornsticks are chock-full of cornmeal and do not taste sweet.

It's called Johnny Macaroni, Johnnie Macaroni, Johnnie Macaroni or Jo Macaroni.  
 It's popular everywhere—from Massachusetts to Kentucky—and is always showing up in regional cookbooks. By any name it's a great ground beef dish that satisfies both a budget and hearty appetites.  
 Recipes for this Johnny Macaroni vary. Our version uses ground beef, that convenient product that's becoming as popular as the Johnny Macaroni.  
 JOHNNY MACARONI  
 1 pound ground chuck or round beef (1 1/2 ounces)  
 1 package sloppy joe seasoning mix  
 1 can (8 ounces) tomato paste  
 1/2 cup water  
 2 cups elbow or shell macaroni  
 1 can (1 pound) whole kernel corn, drained  
 1 cup grated sharp cheddar cheese

In a medium saucepan over moderate heat, cook the ground beef, stirring constantly with a fork to crumble, until meat loses its red color. Stir in seasoning mix, then tomato paste and water. Bring to a boil; reduce heat and simmer 10 minutes, stirring occasionally. Meanwhile cook macaroni in boiling salted water, according to package directions, until just tender (al dente); drain. Stir in meat mixture, corn and 1 cup of the cheese. Turn into a buttered 8-quart casserole; sprinkle with remaining 1 cup cheese. Bake uncovered in a 350 degree oven until thoroughly hot—about 45 minutes. Makes 4 to 6 servings, though 4 to 6 people have been known to do away with this casserole at one sitting!
