## AUTONOMOUS GOVERNMENT FOR IRELAND IN FACT LACKS CERTAIN FORMALITIES

### FORMAL ASSENT OF KING GEORGE TO IRISH CONSTITUTION

### TREATY EXPIRES

### Tomorrow for Anglo-Irish Pact When Provisional Government Ceases to Function

(By The Associated Press) LONDON, Dec. 5.—Autonomous government for Ireland today lacked only formal assent of King George to Irish constitution bill. Anglo-Irish treaty expires tomorrow when provisional government will cease to function and free state government will officially take charge. First meeting of Dail Eireann lower house been fixed for five o'clock Wednesday afternoon.

LONDON, Dec. 6.—The centuries old struggle between Ireland and England ended tonight when the legislation giving the sanction to the new settlement with Ireland passed its final stages in the House of Lords which for generations has been bitterly opposed to any accommodation with Ireland.

The constitution bill has gone through both houses of parliament, without any amendment, and even without division being challenged. Lord Carson, alone, whose influence was mainly responsible for failure to settle the Irish question in 1914, and who has throughout his political career been the bitterest opponent of home rule, persisted to the very end in his role of "last ditcher," even when such traditional anti-home rulers as the Marquis of Lansdowne and the Duke of Devonshire had gracefully yielded to the government view, and resolved to give Ireland a chance to prove her sincerity under new conditions.

There now only remains royal assent, which is a pure formality, and everything will be ready for the new Irish government to come into existence with excellent omens in the expressed desire of even many of the "die hard" statesmen in England to give it every opportunity to succeed in its work, not only unhampered, but aided by England.

Even the appointment of Timothy Healey as governor general of the Irish Free State, which is momentarily expected to be announced officially, is only reflection, recognized as an auspicious event.

When Mr. Healey's name was first mentioned it was received with astonishment and some incredulity. When a governor generalship is in question, the British mind turns naturally in the direction of some titled personage. Now it is admitted the appointment of Mr. Healey would be singularly appropriate.

Preparations for the formalities of appointing an Irish senate, were afoot in Dublin today, but it will probably be the end of the week before the senate is completely constituted.

### CIRCLE NO. 2 ENTERTAINS.

The members of Circle No. 2 were delightfully entertained at the home of Mrs. L. M. Telford Monday afternoon.

The plans for the bazaar were decided on and the committees appointed. The hostess, assisted by Mrs. Moyer, served delicious sandwiches, wafers, coffee and mints.

The members all offered a special prayer for the revival meeting now in progress at the Methodist church.

### Miami Endorses the Ship Subsidy Bill; Asks for Support

From Other Trade Bodies of Florida Cities

(By The Associated Press) MIAMI, Dec. 5.—The Chamber of Commerce directors unanimously passed resolution asking Senators Fletcher and Trammell, and Underwood of Alabama, to forget "partisan politics and support the ship subsidy bill. Directors also voted to ask Key West, Tampa, Pensacola and Jacksonville to join in the request. Directors expressed the belief that passage of the subsidy meant an increase in tonnage from Florida ports.

## CLARA PHILLIPS MAKES ESCAPE FROM PRISON

### WAS UNDER ARREST FOR THE ALLEGED MURDER OF MRS. MEADOWS

(By The Associated Press) LOS ANGELES, Dec. 5.—Clara Phillips, under sentence of ten years to life imprisonment for the conviction of the hammer murder of Alberta Meadows, climbed out of a window of the woman's section of the county jail and escaped early today. She was held in jail pending an appeal. With the aid of several steel saws the escape was effected at two o'clock. Belief was expressed she was aided by other inmates.

## ROTARY CLUB HAD VISITORS AT MEETING TODAY

The Sanford Rotary Club had a fine meeting today with a good feed at the Valdez hotel and several prominent visitors from Palatka and Orlando were present. Wayne Huston, Vic Vickery and George Hilly of Palatka, all made splendid talks on Rotary and the growth of the city of Sanford and the great spirit of progress that seems to be in the air at all times. Mayor Gene Duckworth, Dr. J. S. McEwan, George McCullough and Dave Rogers, of Orlando, were also present and all of them made good talks on the Rotary spirit that has done so much to bring Sanford and Orlando together.

## Two Are Injured, Run Down by an Auto Last Night

### Plant City Men Seriously Injured Near That City

(By The Associated Press) PLANT CITY, Dec. 5.—J. T. Bedgood suffered a broken back and J. D. Harrison was injured about the head, H. J. Avant knocked unconscious and injured on the leg when they were run down last night on the highway between Plant City and Tampa by an automobile. W. G. Gillespie, a young man of this city is held pending the injury. He denies knowledge of the crash.

### TWO HELD FOR GIRL'S DEATH GIVEN RELEASE

PERRY, Dec. 5.—Two of the four negroes held in connection with the murder Saturday afternoon of Miss Ruby Hendry, pretty young school teacher, were released from the county jail today. They proved to the satisfaction of the authorities that they had had no connection with the death of the young woman, whose body was found on the outskirts of town a few minutes after she had left her home to come into Perry, held on charges of suspicion, but the authorities would not discuss any definite grounds they may have for holding them. Neither, has been able to give a clear account of his whereabouts at the time the young woman's throat was slashed and her head beaten with a blunt instrument.

It was not known whether the official investigation had advanced to a stage where formal charges would be placed against the two prisoners, the general disposition among the authorities being to maintain a reticence about their work.

### JURY FOR POWELL CASE AT TALLAHASSEE FOR KILLING LEGGETTE

TALLAHASSEE, Dec. 5.—The special venire from which to select a jury to try J. L. Powell, Havana, Fla., charged with the murder of Jim Leggette, of Cairo, Ga., at Lake Iamonia, this county, on November nineteen, has been summoned to appear before the circuit court here tomorrow. An altercation during a hunting trip is said to have resulted in the shooting of Leggette.

## ATLANTIC COAST LINE SHOPS AT SANFORD MAKE CARS—GET READY FOR BIG SEASON

### Over Three Hundred Men Employed Here With Big Pay Roll

The Atlantic Coast Line railroad shops are the most valuable asset to the manufacturing interests of Sanford and the monthly pay roll of the railroad shops have been a feeder to the business interests of Sanford for many years. It is good news then to learn that the shops are not only running full time again but an increase in buildings and equipment and men will soon be made to keep up with the increasing business of the A. C. L. For instance, the monthly pay roll of the shops alone just now is \$34,000 per month and over 300 men are now employed at the shops in this city making a respectable showing along every line. But the best news of the shops is the fact that they are now building their own box cars and ventilated fruit cars and they are building them in the most approved manner and turning them out for the entire system. The big force of men employed in this work makes it possible to overhaul the passenger coaches, renovate them, repaint them and put them in service as good as new and this is one of the features of the shops and one in which Master Mechanic H. R. Stevens takes great pride. And the elegant coaches being made over are the best testimony of the efficiency of this department. The freight cars are being built on open tracks and under cover of the long car sheds and this part of the shops presents a busy appearance. The steel frames are shipped here knocked down and the steel frames are put together and all the wood work, air brakes, ventilators and other work is done here. The trucks are built here out and out and yesterday the Herald representative noted twenty box cars on the tracks being built from the ground up. In the coach sheds five old coaches were being overhauled and made anew and the coach force will be increased to take care of the increased demand. Box cars will also be repaired at Rand's Siding to save the shifting of cars and it is learned that the Atlantic Coast Line has also ordered 2,800 box cars from the Standard Steel Car Company to take care of the big winter's

business in prospect. The ventilator cars are up to date in every respect with the improved ventilator openings and the sides and roof having the tarpaper and made of good timbers throughout. The shops are now turning out ten new box cars every month and this will be increased later on and Mr. Stevens stated that the shops are busier and are doing more work than ever before in the history of the division. Another track will be put in at once for storage at the round house and this part of the shops present a busy appearance as usual the restlessness of the shops is ahead of them and they are getting ready for it. At the coal chutes a big new American type of coal loader was swiping huge mouthfuls of coal and dumping it into the tender of the locomotives anxious to be on their way and the whole scene in and about the Sanford shops is a busy one. It only demonstrates that the Atlantic Coast Line will in the near future make good their idea hatched before the war of building at this point one of the largest railroad shops and terminals in Central Florida. They have already purchased the land and the work will start some of these days and the new shops will help to make Sanford one of the greatest manufacturing sites in this part of the state.

## GEORGES CLEMENCEAU STARTS CAMPAIGN IN WASHINGTON, WILL PUT IN FOUR DAYS

### And Some Stiff Blows With Various Statesmen Who Oppose Him

(By The Associated Press) WASHINGTON, Dec. 5.—Georges Clemenceau paid his respects to President Harding today. Arriving at the White House three minutes before ten he was ushered immediately into the executive offices where the president greeted him. The Tiger looking hale and hearty and wearing a high hat for the second time since his arrival was presented by French Ambassador Jusserand. The Tiger is to visit former President Wilson tomorrow.

WASHINGTON, Dec. 5.—Georges Clemenceau was up before day today eager for his first glimpse by daylight of the capitol where he expects to put in during the next four days some "stiff blows in behalf of an understanding between France and the United States. It was dusk when he arrived yesterday and he obtained only a glimpse of the city.

## CHINESE BANDITS CONTROL TSINGTOO, IN SHANTUNG, TAKING KIACHOW PORT

### Whose Stormy Career Brings Alien Rule to an End Today

(By The Associated Press) TIENTSIN, China, Dec. 5.—Reports here say Chinese bandits have taken control of Tsingtai in Shantung, the Kiachow port whose stormy career in war diplomacy was to culminate today in the return to China after twenty-four years of alien rule. Population reported fleeing. Bandits, according to telegram demanded \$100,000 ransom for delivery of government officials held.

## Contest Appeared Certain Between Senators Simmons and Robinson

### For Democratic Senate Leadership in New Congress

(By The Associated Press) WASHINGTON, Dec. 5.—A contest

## Chamber of Commerce Praise Daily Herald in a Set of Resolutions

The Chamber of Commerce in their regular weekly meeting at the Valdez hotel last Friday passed the following resolutions regarding the Daily Herald and the same is appreciated by the Herald:

Mr. R. J. Holly, Editor Sanford Herald, Sanford, Florida, Dear Sir:

I have been instructed to submit to you the following resolutions, authorized at the weekly meeting of the Sanford Chamber of Commerce:

WHEREAS, the Herald Publishing company, owners of the Sanford Weekly and Daily Herald have evidenced their faith in Sanford by increasing their plant equipment to the extent that the city can boast of one of the best equipped and efficient newspaper plants in the state, and

WHEREAS, the recent special Thanksgiving and Anniversary number was of such proportions as to do credit to a city many times larger than Sanford

BE IT RESOLVED, that the Sanford Chamber of Commerce, through its board of Governors, takes this means of expressing its congratulations to the Herald on acquiring its latest mechanical equipment, and also for the progressive policy which it has always followed since its inception, which policy has resulted in attracting a great deal of favorable publicity to Sanford.

BE IT FURTHER RESOLVED, that a copy of these resolutions be placed on the minutes of the organization, and a copy be sent to the Herald Publishing Company for their information.

SANFORD CHAMBER OF COMMERCE  
Attest:  
R. W. Pearson, Jr.  
Executive Secretary.

## Methodist Revival Grows in Interest

The revival which began at the Methodist church Sunday and which was characterized by such great services continues to grow in interest through Monday. The Monday morning service which was held at ten o'clock was attended by nearly 100 people, and the service last night was attended so well that not only was the main auditorium filled but many sat in the gallery. Dr. Walker spoke on the "Baptism of the Holy Spirit." He showed wherein the disciples were changed from weak, vacillating individuals before the day of Pentecost to disciples of power, irresistible for God and for righteousness, and he showed where the church of today needs this experience more than anything else if we ever expect to save the world—that our lives are sordid and earthy without this power. A great number came forward seeking this Baptism of power at the close of this service.

Mr. Boyd and the choir furnished good music as usual. Dr. Walker and Mr. Boyd are veterans of the Evangelistic work and are perfectly at home leading in this kind of a meeting.

The Epworth League prayer meeting was well attended and also the meeting led by the choir. Mr. Boyd announced last night that every member of the choir came from their knees to the choir loft. These prayer meetings will be held again tonight at 7:20.

The special feature Wednesday night will be the men occupying the center section as special guests, Dr. Walker's Scrap Iron class voted Sunday to attend in a body and a cordial invitation is extended to all men of the city to join them at the Sembole Bank corner at 7:15 and march up in a body.

## Industrial Bank To Be Organized In Orlando Soon

Robert Driver is in Orlando for the purpose of organizing the Orlando Industrial Loan Bank, capitalized at \$100,000. Mr. Driver comes armed with a bundle of endorsements from bank presidents and public officials and backed by an experience of ten years in this line of work, having been directly connected with the establishment of twelve such banks.

A charter will be sought from the secretary of state, and the bank will then be ready for business, and the officers of the bank will be elected. There are 485 such institutions in the United States.—Orlando Sentinel.

## TURKEY AND EUROPE SPLIT DRIFTING APART FARTHER EACH DAY OF CONFERENCE

## PRESIDENTS INAUGURATED IN JANUARY

### AND CONGRESS CONVENES AT SOME TIME UNDER NEW IDEA

(By The Associated Press) WASHINGTON, Dec. 5.—Adoption of a constitutional amendment to have presidents inaugurated and congress convene in January after election was advocated before the senate judiciary sub-committee by Senator Ashurst, author of such an amendment and William Lowell Putnam, Boston attorney on behalf of the American Bar Association which has endorsed the plan. Under the proposed amendment the present final session of congress would be abandoned.

## New Progressive Bloc Wins First Big Victory In Agriculture Com.

### Provide for Direct Election of President in Amendments

(By The Associated Press) WASHINGTON, Dec. 5.—Members of the new progressive bloc in congress won their first legislative victory by obtaining from the senate agricultural committee favorable report on resolution to amend the constitution to provide for the direct election of the president, vice-president. The amendment also would change the presidential inauguration from March 4 to the third Monday in January after the biennial elections. Congress would meet in regular session annually the first Monday in January.

## Reward Offered for Lake City Murderers

### (By The Associated Press) TALLAHASSEE, Fla., Dec. 5.—Governor Hardee has authorized in behalf of the state a reward of \$200 for the arrest and conviction of the party or parties who, Wednesday night of last week, assassinated Chief of Police H. A. Revals, of Lake City.

Rewards totalling more than \$5,500 have been raised through public subscription at Lake City, press advised state.

## MRS. OBENCHAIN FREE BUT BURCH WILL BE KEPT IN HOSPITAL

LOS ANGELES, Dec. 5.—Indictments against Arthur C. Burch and Madalynne Obenchain, charged with the murder of J. Belton Kennedy, a young sales broker, were dismissed today by Judge John W. Schenck on motion of Thomas Lee Wolvine, district attorney.

Mr. Wolvine moved dismissal of the indictments on the ground of insufficient evidence.

Paul W. Schenck, attorney for Burch, then swore-out an insanity complaint against his client, and Judge Schenck directed that he be committed to the psychopathic ward of the county hospital for observation.

The court's action left Mrs. Obenchain free to leave the county jail, which she announced she would do immediately.

She said that she had planned to leave Los Angeles, but did not intend to go very far away. She declared she would not return to Chicago, her home at the time of the Kennedy slaying.

## COUPLE NEGLECTED TO GIVE THEIR CHILD MEDICAL AID

JACKSONVILLE, Dec. 5.—Mr. and Mrs. J. C. Thomason, charged with having deprived their child of necessary medical attention went on trial in criminal court here today. The child, Elizabeth, three, was seriously injured last February when her clothing caught fire in an open grate. The parents, who, it is declared, believe only in healing by prayer, did not call a physician, it is charged. The child recovered when sent to a hospital after legal maneuvering by the authorities.

The finest kind of weather.

## PESSIMISTS PREDICT TODAY THE COMPLETE COLLAPSE OF THE CONFERENCE

### FACT APPARENT

### That Europe Needs Peace and Cannot Go to War Even With Turkey

(By The Associated Press) LAUSANNE, Dec. 5.—Turkey and Europe have apparently drifted so far apart on the great issues of the Near East conference that the pessimists have a fruitful field for unhappy prognostications of a complete collapse of the conference and the resumption of war in southeastern Europe. Such a culmination of the conference could easily be argued as a strong possibility but such an argument based on a reasonable hypothesis would leave out the fact that Europe needs peace.

LAUSANNE, Dec. 5.—Ismet Pasha is still being carried along behind Tchitcherine's chariot tonight so far as the members of the near Eastern Conference have been able to learn. Whether Ismet is willingly allowing Russia to speak for Mustapha Kemal's government, or dare not assert variance with Soviet Russia's views on control of the Bosphorus and the Dardanelles is not clear. Ismet is silent; perhaps he is awaiting instructions from Ankara.

Ismet says he wants to hear the views of England, France and Italy on the control of the Straits before he sets forth the definite Turkish plan but his admission that Russia's project for absolute control of the Straits and adjacent territory by Turkey alone, and the exclusion of all warships except Turkish from the Straits approaches nearer to the Turkish idea than any other suggested has created the general impression that Russia is dictating the Turkish policy.

M. Tchitcherine's plan was placed directly and concisely before the delegates at the morning session he insisting that Turkey should have control of the Straits, that foreign ships should be prescribed entrance and Turkey should be permitted to erect fortifications. He declared that troops and ships would not influence the settlement of the problem of the Straits and that their retention was not possible.

Lord Curzon retorted significantly that foreign ships and troops were there now, and were a very definite factor in the near Eastern situation though he hoped they would not be a permanent factor in the Straits.

Ismet Pasha had a long conference with Tchitcherine late this afternoon and so far has not indicated to the conference officials that he has a definite Turkish proposal to submit. Consideration of the Straits control consequently is at a deadlock, awaiting some communication from the quiet little oriental general, whose immobile face and extreme deafness has made him a difficult study for the conferees who sit opposite him.

In general the Turks do not consider the situation hopeless and believe further negotiations are possible, but some of them went so far as to say that if a break came, Turkey was ready to continue the war, suggesting that she could make the Straits uncomfortable for the allies, seize the Mosul Oil fields, Mesopotamia, and perhaps get some effective help from the Mision in India and Egypt through the general Islam uprising.

## Harding Broke Precedent Today For Second Day

### New Session Without Delivery Annual Message

(By The Associated Press) WASHINGTON, Dec. 5.—President Harding broke a precedent today by permitting the second day of the new session of congress to pass without delivering his annual message outlining the administration's recommendations for legislation. It was said at the White House that no date had been fixed for the president's appearance in congress but expected to deliver message before the end of the week.

### WOMAN'S CLUB MEMBERS, PLEASE TAKE NOTICE

Rough plans of the remodeling of the Woman's Club house, will be presented Wednesday afternoon at 3:00 o'clock at the business meeting. It is earnestly desired that all members be present so that the plans may be approved.

### EVERY WEEK BRIDGE CLUB

Mrs. A. M. DeForrest was the gracious hostess Saturday, when she entertained the members of the Every Week Bridge Club most delightfully at luncheon at her lovely country home near Crystal Lake.

The spacious rooms of this Colonial home were adorned with cut glass, baskets and vases filled with exquisite pink roses combined with ferns. The luncheon table was centered with Harvest Home Decorations. In the center was a large pumpkin, around which were all kinds of fruits, and autumn foliage. The place cards were tiny turkeys with the names suspended around their necks. At half after one, a six course luncheon was served.

Following the luncheon, an interesting game of bridge was played, the prize for high score a pair of silver candle sticks was won by Mrs. G. F. Smith.

Those enjoying the cordial hospitality were Mrs. T. L. Duman, Mrs. A. R. Key, Mrs. G. D. Hunt, Mrs. J. G. Sharon, Mrs. G. F. Smith, Mrs. Forrest Lake, Mrs. S. E. Barrett and Mrs. L. H. Buttolph.

### ENTERTAINS AT LUNCHEON

One of the loveliest social events of the past week was the luncheon given Saturday by Mrs. George A. DeCottet at her home on Edgemoor avenue, honoring Mrs. Anna Bishop of Los Angeles, Calif., who is the guest of her son and his wife, Mr. and Mrs. G. D. Bishop.

The artistic color motif of golden brown, old gold and blue was beautifully carried out in every detail. The luncheon table was laid with luncheon cloths of golden brown and yellow and had as its centerpiece an old blue pottery vase filled with yellow gladioli, at intervals were blue pottery candle sticks holding yellow lighted tapers. At each place were miniature yellow baskets filled with mints, fastened to the handles were the place cards. The exquisite taste of the hostess was reflected in every detail.

At 1:30 a delicious six course luncheon was served. Courses were laid for Mrs. Anna Bishop, however; Mrs. G. D. Bishop, Mrs. Collier of Fort Myers, the guest of her daughter Mrs. S. Fuleston, Mrs. S. Poleston, Mrs. R. E. Newman, Mrs. A. F. Hill, Mrs. D. L. Thrasher and Mrs. George A. DeCottet.

Mrs. Duetz McLeod and baby, of C. L. McLeod, are the guests of her mother, Mrs. Mary McLeod and sister, Mrs. R. B. Wright at their home in Boca Raton.

Mrs. B. J. Starling is expected to

## LOCALS

Great weather, but warm.

Lettuce market is getting better but not fast enough.

The Daily Herald is now on sale at all the newsstands in Sanford. If you are not a regular subscriber, get a copy at the news stands.

Mrs. James R. Wood and son, Roy, and grandson, Wallace, left yesterday for their home in Ellenton, after spending the week end with her daughter, Mrs. Reginald Stuart Holly. If you want extra copies of the

Daily Herald you will have to get them during the week as it is difficult to save them after they are a week old. Leave your orders for extra copies and you will get them.

Pop Wilson has one of the new models of the famous Reo car and it is a beauty in every respect. Pop is now the Sanford agent for the Reo and has headquarters in the building at the foot of First street intersection of Sanford avenue.

Mr. and Mrs. A. J. Lossing, accompanied by Miss Beth Lossing and Miss Omith Allen, motored to Gainesville Friday to spend the week-end with Fay Lossing, who is attending the State University there. They returned Saturday bringing Fay with them, he returning to Gainesville last night by train.

Tom McIne is in the city for a few days' stay much to the gratification of his many old friends. Tom is just recuperating from the dengue fever and says when he is all right again he will give us the history of ancient Sanford especially of the old newspaper men. Mr. McCrae was one of the leading druggists here for many years.

The Skating Rink out at Lake Mary is making a big hit and everyone who has been to it reports a big time. The manager, Mr. Williams, will always have some attractions for the benefit of the skaters as well as the skaters. Wednesday night there will be an apple eating contest, a big laugh for all, also Miss Eva Grace Wagner will do a special song and dance for the occasion and on top of this will be a dandy hit, "The Arabian Dance Wonder," Mr. Myers. Don't miss it as there are many more attractions for the same night. If you want to have a big time go out Wednesday night and see the fun, there will be plenty of good music by the "Jazzy Two" and everything to entertain you with and make an enjoyable evening for the whole family.

### ENTHUSIASM MARKED THE OPENING OF THE REVIVAL AT THE METHODIST CHURCH

The revival at the Methodist church opened Saturday at the 11 o'clock service. Dr. Walker preached a most powerful sermon to the church on "Conversion," which inspired and thrilled every heart to deeper and fuller consecration. At the conclusion of the sermon Dr. Walker asked for all those who unreservedly dedicated themselves to Jesus Christ, either for the first time or a new, to come forward, and there were scores who came with eyes streaming with tears, because of the past negligence. No time during the great revival had sprung was the spirit more manifestly present than at this service yesterday.

Last night Dr. Walker was greeted with an audience that packed the house, upstairs and down. He spoke of "What Things Ye of Christ" and again the message was powerful and brought forth a response even greater than the morning sermon. Those who are accustomed to hearing Dr. Walker, declare he was at his best yesterday.

Mr. Boyd and the choir furnished inspiring music at both services. Mr. Boyd played a violin solo at the evening service being accompanied on the piano by Mrs. Walker.

Services 10:00 a. m. and 7:30 p. m. for only this week. The public is cordially invited to all the services. The Epworth League will hold a prayer meeting tonight in the brotherhood room at 7:20 and a general prayer meeting led by the choir in the ladies parlor at the same time.

### Jury Selection And Arraignment to Try Seven Men

DADE CITY, Dec. 4.—Arraignment and selection of the jury scheduled to begin today to try the seven men for the murder October 4th of prohibition Agent Waters and Deputy Sheriff Orenshaw. The defendants are Tom Preston, Igo, Basson, Bird and Oost Overstreet and Wilson Connell.

## THE WEATHER

For Florida: Fair and warmer tonight, Tuesday partly cloudy.

### Elks' Lodge Held Memorial Services at Presbyterian Church

Large Attendance And Beautiful Ceremony Sunday Afternoon

The Elks' Memorial services yesterday afternoon at the Presbyterian church were well attended and the church was filled before the hour of the exercises. About one hundred Elks formed at the Masonic Hall and marched to the church and others joined them there and it was said that one of the largest attendances in the history of the lodge was the result.

The church had been beautifully decorated the autumn effect being followed and green and purple vines and foliage alternating on the chancel railing and over the pipe organ and all around the sides of the church with flowers and vines and palms gave the church one of the most restful and beautiful effects carrying the mind of the audience back to the days of the ancient churches of the old country. The musical program this year was above the average and the duets and quartette were exceptionally fine. The baritone solo "The Holy City" by P. C. McMahon deserves special mention and it is conceded that in this gentleman Sanford has one of the best baritone soloists in the state.

The ritualistic work of the lodge was carried out in a most impressive and able manner and gave the audience a clear conception of the duties of the officers and members of the lodge that realizes the importance of a Memorial day.

The oration by Dr. S. W. Walker was one of the best that the memorial services of the Sanford Elks' lodge has ever produced and Dr. Walker was never better giving the audience food for thought along the lines of christianity and fraternity as exemplified in church and lodge room.

Hon. Forest Lake in the eulogies of those who had died during the current year was most impressive. Knowing the deceased ones personally gave Mr. Lake the opportunity of eulogizing the absent brothers as no one else could have done and he gave a brief but beautiful eulogy on C. H. Campbell and J. C. Jacobs.

The musical part of the program owes its success to Mrs. Seth Woodruff who presided at the organ and gave several selections during the program which was as follows:

- 1.—March (organ)—Mrs. Seth Woodruff.
- 2.—Ritualistic—Officers of Lodge, Prayer—Chaplain of Lodge.
- 3.—Quartet "A Hymn of the Home Land" (Sir Arthur S. Sullivan), Mrs. Julius Takach, Mrs. Ernest Housholder, P. M. Boyd, P. C. McMahon.
- 4.—Ritualistic—Officers of Lodge.
- 5.—Baritone Solo "The Holy City"—P. C. McMahon.
- 6.—Ritualistic—Officers of Lodge.
- 7.—Organ Solo (selected)—Mrs. Seth Woodruff.
- 8.—Oration—Dr. S. W. Walker.
- 9.—Duet "My Faith Looks Up to Thee" (Franz Lachner), Mrs. Julius Takach and Mrs. Ernest Housholder.
- 10.—Eulogy—Hon. Forest Lake.
- 11.—Quartet "The Day is Done" (Pauline Browning Dyke).
- 12.—Ritualistic—Officers of Lodge.
- 13.—Benediction—Chaplain of the Lodge.
- 14.—March (Organ), Mrs. Seth Woodruff.

### PICTURES LIFE AND TRIBUTES OF NEWS WRITER

City (The Associated Press) CHICAGO, Dec. 4.—The daring aviator-reporter, the beautiful "ambassador" and the "boss" of the Simon Legree type, are missing from the new book about newspaper life by a Chicago editor, Henry Justin Smith, new editor of the Chicago Daily News. It is a volume entitled "Deadlines," dealing with the "delights and sufferings" of newspaper men at work and an endeavor to picture the fascinating background of harrying human figures and gigantic machinery in those moments just before press time.

Mr. Smith has divided the material into separate sketches, each of which form a study of a scene, an incident or a personality, according to his publisher. "The result, for purposes of classification, may be called fiction, but the basis of fact is evident; the author has sought to give the layman a truthful picture of the world in printer's ink," say the publishers.

Robert Thrasher, Robert Holly, Billy First, Art Jones, all of this city and Claude Anderson of Orlando, left yesterday for Gainesville, where they will resume their studies at Florida University. James Sharon, Russell Custer, William Mallon, Faye Lossing and several other boys left on the train.

## Central America Holds Conference at Washington

WASHINGTON, Dec. 4.—With the United States not only acting as host and sponsor but taking part in full participant at conference of Central American republics opened Pan-American union building amid mutual expressions of confidence the discussions would inaugurate new era in Central American peace stability. Secretary Hughes as presiding officer, as the head of the American delegation welcomed delegates of five other nations in the name of President Harding.

Denby wants a navy second to none in the world. Right, old leather neck.

We are getting rather tired of this foolish disarmament thing anyhow. It only means that America disarms and then allows other nations to jump on her.

There will never be a successful third party in America and those who would like a change can remember this. And the third party would be as rotten as the two old parties, so make the best of it.

And while we are on this subject it would be well to call attention to those pussyfooters in the government that a big navy of warships and of merchant vessels is the thing to keep down any future wars.

The special session of congress has ended and the real session begins in the way the headlines in the newspapers announced the beginning of another vacation for congress yesterday. Special session and regular session is a joke.

If the government officials need any good advice on how to run the navy let them write to the editor of the Herald. We know something about the ways of several of the navies, our own included, and we would like to enlighten the weak hearts in America who are afraid of a big navy.

Despatch says that the house will begin impeachment of Attorney General Daugherty and now we are to go through another case of "stalling" by the house and nothing of a constructive nature accomplished. It would be a good thing to abolish congress for ten years and let the country run itself. They have done nothing but "stall" around for the past twelve months and before that they "stalled" for at least ten years. Our appropriations and work for Florida is a fair example.

Experts on the financial situation in this country say that the building in 1923 will outdistance any record yet made by America and that the thing to do is to keep down building costs. It is something worth the sober thought of the men who sell materials and the men who build the houses.

Turkey is quite cocky since Thanksgiving is over and there is no immediate danger of the Allies cutting off the Turk's head and Turkey is demanding the undisputed sway over the Dardanelles. It is just about time for the allies to tell Turkey where she can go and see that she goes there and "there" means the place where Turkey should have been sent long ago.

It is not too early to begin thinking about our exhibit at the Orlando fair and everyone in the county is expected to do their part toward making the Seminole county exhibit the best ever. We have no fair of our own in the county of Seminole and Orlando is our next best bet and we should be there with everything we have. Seminole county can show more diversified crops than any other county in the state—then let us make this assertion good by showing our wares to the public.

The Herald is grateful for the acknowledgments of the Kiwanis club and the Chamber of Commerce of our efforts to give the people of Seminole county a real daily newspaper. It is such encouragement that means more to the newspaper than mere money although we need the filthy lucre to pay our debts and keep the wolf from the door. But to have these various organizations and many of our friends give us credit for doing something is better than mere money and better than having these flowers after we are dead and gone. The Herald is grateful for the credit where

get due credit and we want to say that Sanford and Seminole county are the most appreciative people in the world and they have shown it. Others feel this way about it but have not expressed it. Reciprocity is a great thing.

THIS IS THE TIME TO ADVERTISE

There never was a better time to advertise than right now. With the letters market improving, with the celery coming on, with the railroad shop putting a big pay roll here every month, with the tourists coming and a bright prospect for the year 1923 the time to go after business is right now. And this is irrespective of the holiday season, which is the best season in the year to go after business. Advertise every day in the Daily Herald from now till Christmas and you will see a big difference in your business. We are not asking this because we need the money. It is a business proposition we are putting to you and business men will accept it at once. Place your advertisement now.

ELECTION TODAY

We are having another election today—local affair—for City Commissioner and the gentlemanly way in which it is being conducted is the talk of the state. No mudslinging, no big noise, no arguments, no time lost from business. Just a case of men and women going to the polls and casting their votes for the candidates of their choice without any argument, and this is really the proper way to elect the best man to office. The candidates in today's election are both well known to the people of Sanford and there is no need to get heated over the election that means the electing to office of a good man in any event. And after the election is over there will be no bad taste left in the mouth of the defeated candidate or of the voters. It has been a quiet, ladylike affair and will reflect credit on the city of Sanford for many years to come. It is our idea of an election. We are tired of all this big noise and loud mouthed stuff that means nothing in the end. The people will rule and the people should be allowed to make their decision without any help from the politicians or even from the newspapers when it comes to a city election—a family affair—as it were. Let us have more of these quiet elections and we will soon have clean politics.

AN EXPENSIVE GOVERNMENT

America started the spending idea during the war and it is difficult to get back to economy and sane ideas in either business or the government. War costs money as well as lives and we know that we have an enormous debt to pay. This is America's way of going to war when we won the Spanish war we took nothing but we turned around and paid Spain for allowing us to whip her. In the World war we paid out billions for the allies and thousands of lives and went through hell in many ways to help the suffering world and we footed the bill. We loaned millions and we still have the loan without the interest in many instances with no chance of collecting from some of the bankrupt nations. We are paying the bill even though "we won the war" and now comes the budget for the year to follow and President Harding yesterday said there would be no cutting of expense unless some of the appropriations were cut. This would be a good idea in some instances and the place to cut expenses is in the government printing office where all that useless literature is being published that goes into the editor's waste basket every day. The following despatch says: "Appropriations aggregating \$3,078,940,331 for the fiscal year beginning next July 1 were proposed today to congress by President Harding in the second annual federal budget. This is exclusive of the postal service and compares with actual appropriations for this fiscal year totalling \$3,274,238,690. Expenditures for the coming fiscal year, also exclusive of the postal service, were estimated at \$3,180,843,234, as compared with an estimate of \$3,703,801,671 for this fiscal year, an actual outlay of \$7,795,362,499 for the fiscal year ending last June 30. The total federal revenue for 1924 was reckoned at \$3,301,812,359, or an excess of \$180,009,125 over the projected expenditures. The estimated revenue for this fiscal year was \$3,429,862,959, or \$273,038,712 less than the expended outlay. Mr. Harding said, however, that it was proposed to eliminate the deficit of the year, adding that if this hope was not realized, the expected surplus for 1924 would give a margin to take care of a deficit."

EDUCATION HAS TO DO WITH MINDS AND SOULS

Dade county is not the only section of the state in which there have been difficulties in connection with

here is daylight ahead in the county and our troubles seem to be largely over. This has been accomplished because the people as a whole wanted the schools to continue, and the opinion of the public found ways to register itself effectively, says the Miami Herald, editorially.

In Palatka the school board has decided that it will be necessary to close the schools, because the people have not responded to an appeal for funds. There is some justification for the feeling that there should not be an appeal for voluntary contributions to support the schools. They should be supported by taxation. Only under the most serious circumstances should a drive for school funds be permitted.

While this is true, it is rather difficult to understand the attitude of some people regarding the schools. The Palatka News reports the case of two members of the common council, who are school patrons, who expressed a preference for having their children work in factories or on the farm to attending school.

This is carrying out the vocational idea in education with a vengeance. There is a movement today in education to take the farm and the factory and the office into the school, which may be a desirable thing. It is very doubtful whether it is desirable to turn the factory and the farm into schools, and make them the only schools.

Some people have won considerable material success without very much schooling. The present generation, however, will not be very well equipped for life without educational training such as the school absence can give. Life means something more than making a living. The community that simply produces capable factory workers or farm hands is hardly a civilized community. Education has to do with minds and souls as well as hands, and mere toil can never give a child the heritage to which he is entitled.—Palatka News.

WE GET THE "HEAVENS"

Sanford and Palatka and other cities on the St. Johns river are friendly to Jacksonville and want the big town to get what is coming to her and like to have her get all she can but we do not like the spirit in which the appropriations to the St. Johns river are made every year by our representatives in congress. The appropriations for the Rivers and Harbors read like a fairy tale when it comes to giving anything to any part of the St. Johns river aside from Jacksonville to mouth of St. Johns river and one reading the list each year would think there is no place like Jacksonville in the state of Florida. It is just about time the people in lower Florida woke up to the fact that we are not being represented in congress at all. It has been going on for the past ten years without any voice being raised in protest against it, but the time is past for any more pussyfooting and we should get our rightful share or know the reason why we are not getting it. Read the figures below and find out where the appropriations are going in Florida:

Almost \$1,500,000 is asked for the improvement and maintenance of Florida's rivers and harbors for the fiscal year 1924 for which estimates were submitted to Congress Monday by the chief of engineers of the army having these works in charge.

The St. Johns river from Jacksonville to the ocean will receive the largest share of the funds asked. This project, calling for a channel 30 feet deep and 300 feet wide, has cost \$9,432,274 to date, of which \$552,096 is being spent during the current year. It is estimated that \$380,000 will be required to complete the project. The amount asked for 1924 is \$603,000 of which will be expended \$280,000 for maintenance including the operation of a hopper dredge between bar and Mile Point cuts for six months; \$100,000, repairs to dredge Mallory; \$50,000; other expenditures, \$70,000. For new work \$603,000 will be expended as follows: constructing training wall opposite Wards Bank, 62,000 cubic yards of oyster shell or stone at \$2 per cubic yard, \$124,000; 11,250 tons of granite capping at \$5 per ton, \$56,250; other expenses, \$42,750.

On Tampa harbor it is estimated \$795,000 will be required. On this project which provides a 27 foot depth from the Gulf of Mexico up to and in the several channels of Tampa harbor, with widths of 500 feet on the bar and 300 and 200 feet in other places, \$5,056,956 has been spent, including \$299,956, which is being utilized this year. It is estimated \$4,467,000 will be required to complete this project. Of the \$195,000 for 1924, \$50,000 would be required for maintenance and \$445,000 for new work. This new work would include continuation of dredging and rock excavation in an area in the Tampa northern channel which will be dredged to a depth of 27 feet. The work being done this year includes Tampa northern channel, Hendry Knight channel, the Ybor turning basin and about one half of the Ybor channel; also dredging on Egmont bar. For Key West \$70,000 is asked

for 1924. It is proposed to use this to complete the middle ground by contract and do maintenance dredging on the northwest bar with a United States dredge. On this project \$1,685,200 have been spent, of which \$83,487 is being used this year. It is estimated \$1,033,000 will be required to complete the work.

For the Caloosahatchie river \$35,000 is asked for dredging in the section between Bonhau and Fort Thompson, which shoals during the rainy seasons, due to caving in of the banks. Maintenance dredging also will be required in the channel between Fort Myers and Punta Rassa, on which work \$20,000 will be spent.

Fort Miami harbor and Biscayne bay, \$32,500 will be required during 1924. The existing project provides for an entrance channel 300 feet wide and 20 feet deep from the ocean to the bay. During 1924 work will be done completing the stone revetment in front of the wooden bulkhead, in rebuilding parts of the north and south side jetties, and in providing a boat slip, with small warehouse for engineer purposes.

For Sarasota Bay \$15,000 is asked which will be used in continuing the dredging in Long Key cut.

For St. Petersburg harbor \$17,000 will be required during 1924. The funds will be used in extending the south jetty shoreward about 250 feet, rebuilding the jetty and extending it to the 10-foot contour.

For Pensacola harbor \$20,000 is asked for 1924. It is proposed to remove 47,000 cubic yards of material from the entrance channel and make minor repairs to the dredge caucuses and the launch Arrow.

Other appropriations asked for Florida include: Fernandina harbor and Cumberland Sound \$3,000; St. Johns river, Palatka to Lake Harney, \$10,000; Oklawaha river, \$3,000; Indian river, \$5,000; Kissimmee river, \$5,000; Charlotte harbor, \$5,000; Aucutt river \$14,000, removing water hyacinth \$10,000; Apalachicola bay, \$12,000; Apalachicola river \$25,000; channel Apalachicola river to St. Andrews bay, \$21,500; St. Andrews bay, \$2,000; Choctawhatchee river, \$7,000; Holmes river \$1,000; Blackwater river, \$25,000; Escambia and Coacuch rivers, \$3,200 and LaGrange Bayou, \$28,500.

TELLING THE TRUTH

Telling the truth seems to be a double-edged sword in this day and time and it cuts both ways. One telling the truth by word of mouth or by the newspapers is apt to lose all of each friend and those you would help are usually the first ones to turn against you. It is a nation of dissemblers that we have and not only in America but in every nation of the world. A diplomat in any nation is the man that can camouflage the truth and get by with it and the fellow that can tell the biggest lies is the best diplomat. There is little truth in the individual or in the nation and in speaking of national life the St. Petersburg Times says:

"Even Plato, weak, filled with pride, with the love of power, and full of the fear of displeasing the masses, had within him the priceless blessing of wanting to know the truth. The question: 'What is Truth?' has come down through nearly two thousand years, and is still being asked by every God-fearing man and woman who have in their hearts the disposition to align their lives with the highest concepts of righteousness and fair dealing one with another.

"It happens that just now M. Clemenceau, a distinguished leader of the people of France, is a visitor in this country. He is here in a campaign for France, and one which has already brought attacks by a few Democrats as well as Republicans on the senate floor, and criticism from the British government. In addition to these protestations he has received dozens of eulogiums from his own people, urging him to soften be tone of his speeches in this country.

"In reply, the great Frenchman says: 'I did not come here to be expedient. I came here to tell the truth. I did not come to say pleasing things but to say things that would be of value, in my judgment, to help preserve the peace of the world.'

"In other words to tell the truth, the whole truth, and nothing but the truth as to conditions as he sees them in Europe. What a fine world it would be if everybody told the truth. What a blessed world it would be if every man dealt with his neighbor along the lines of fairness and honesty as set forth in the Golden Rule.

But, alas! It is for the lack of truth in the world that M. Clemenceau is in this country spurring the nation to awake to the menace which he points out as threatening the peace of mankind. He says that Germany is not telling the truth when it says it is not preparing for a renewal of its attempt of world conquest. And this statement may be taken as an example of the trend of some of the nations in their relations with other nations.

"If the truth, and nothing but the truth, were told at the Lausanne conference, and every man disposed to deal fairly and unselfishly in the settlement of world problems before

that body for consideration, the adjustment of every difference would come about automatically.

"The world needs more men like Clemenceau—men who stand for the truth and who will tell the truth. It would hasten the coming of that blessed time among men and nations—the time when 'Ye shall know the Truth, and the Truth shall make you free.'"

IRISH CONSTITUTION BILL WAS PASSED IN HOUSE OF LORDS

LONDON, Dec. 4.—The House of Lords passed the third and final reading of the Irish Constitution bill. Only royal sanction is now required to make it a law.

Don't be Fooled. "Fool me once," says the proverb, "and it's shame on you. Fool me twice and it's shame on me." Don't be fooled when it comes to spending your money. Patronize the merchants who have a reputation for fair dealing and honesty. Such motives must actuate the consistent advertiser. The man who invests real money in building a reputation for himself and his merchandise cannot afford to risk any of it by taking unfair advantage of his patrons. The consistent advertiser pays money to tell you about his goods. He KNOWS they are good—he backs them with his money because he believes they will satisfy. Only merchandise which is consistently good can be consistently advertised. So advertising PROTECTS you against fraud and inferiority. It tells you what is new and good, making you a wise buyer. It saves you money by pointing out for your consideration ONLY THE BEST products and the best places to buy them. Thifty men and women read the advertisements. To them it is a plain every-day business proposition—a DUTY they owe to themselves and to their pocketbooks. Don't be fooled! Don't Spend Your Money Blindly Read the Advertisements

"THE BAT" WILL AT THE PRINCESS, MONDAY, DEC. 11

"It certainly is one grand show." That is the way the famous critic on "Life" summed up his impressions after witnessing a performance of "The Bat," the tremendously successful dramatic play by Mary Roberts Rinehart and Avery Hopwood, which Waggoners and Kemper present at the Princess Theatre on Monday, December 11th. And after all has been said and done about "The Bat," Life's critic surely has offered one of the best descriptions that could possibly be given of the play.

"The Bat" is primarily a mystery story. As such, it is unquestionably in a class all by itself, in fact, scores of critics have unhesitatingly called it the greatest mystery play ever produced. But there is real drama and there is comedy in "The Bat." In fact, there is quite as many laughs as thrills during the play and as entertainment, pure and simple, it is 100 per cent plus.

The story of "The Bat" never has been told and it never will be if the wishes of authors and managers are respected. The first announcements of the presentation of "The Bat" as well as the first words which catch the eye when the audience opens its program are a request that the story not be told. And thus far, although the play has been seen by more than one million persons, it is doubtful if one has ever broken the confidence imposed.

Suffice to say, the story of "The Bat" is well worth while. It must be. No play in years has had quite the success of this play. Its run in New York exceeded two years in length. In Chicago, "The Bat" set a new record for theatrical success when it played for over one entire year. Everywhere it has been seen, the result has been the same—absolute capacity audiences at each and every performance, for example, London, where it is nearing its first full year.

"The Bat" comes here, staged exactly as it was presented in New York and Chicago and with an excellent cast. Seats on sale at Roanmillat & Anderson's Wednesday.

OPERATING COSTS AND INCOME INCREASE FROM OFFICE BUILDINGS

CHICAGO, Dec. 5.—Cost of operation as well as the income derived from office and mercantile buildings was on the up-grade during 1921 as compared with 1920, according to a survey just completed by the National Association of Building Owners and Managers. Taxes, depreciation and insurance accounted for the increased operating costs.

Comparison of 75 buildings which contributed to the survey of the 1920 and 1921 shows an increase in operating expenses of 2.2 per cent buildings located in 47 different cities including New York, Chicago, Cleveland, San Francisco and Seattle.

The report shows that rents range from 80 cents per square foot for loft buildings to \$4.00 per square foot for the highest type of office building, with a mean average of \$1.90 per square foot, according to the report. The average relationship between the total tax valuation and rent shows the latter to be approximately 19.00 per cent of the total tax valuation. The average net return is 7.39 per cent of the tax valuation and in reality, 5.9 per cent earnings for office buildings. The highest net income reported was from Oklahoma, due to apparent low land valuation, says the report.

Among the factors increasing operating costs were increased repairs and alterations, insurance, taxes, depreciation and fixed costs. Little Rock, Arkansas, has the lowest tax rate, 1.57 per cent, with Cleveland the highest, 3.55 per cent and Chicago a close second with 3.27 per cent, the report shows.

Heating is an important factor in building costs, the report showing an average of 83 pounds of steam per square foot must be furnished during the year, costing on an average 7.0 cents and consuming 17.8 pounds of coal.

The highest operating expense was recorded in Duluth, with the lowest reported in San Francisco. While Duluth has the highest insurance rate, New York and Seattle registered the lowest rates. Duluth also showed the highest depreciation charges, with Omaha reporting the lowest.

Labor conditions treated in the report showed that while the per diem in Chicago is the highest, the cost per square foot in maintenance is much less than in many other cities. The matter of keeping a building clean varies according to the city, showing that in Pittsburgh it requires 210 days of labor for each thousand feet, while in Indianapolis only 57 days are needed, with Chicago 118. The report also discloses that power

BRINGS HEALTH AS IF BY MAGIC

No Longer Necessary to Fret and Worry About Your Thin and Scrawny Appearance

Very often headaches, backaches, nervousness, irritability, loss of weight, sleeplessness, malaria, chills and fever, are the beginning of a severe sickness. These "warnings" are Nature's way of telling you that something is wrong in your delicate system. You must heed them and correct the trouble. People who suffer from those constantly nagging and distressing ailments can get surprisingly quick relief from them through the faithful use of RE-CU-MA, the new medicine which thousands of people are now praising. There is no more need to fret and worry about how bad you feel, and how thin and weak you are. RE-CU-MA will put your stomach in the condition it must be to get nourishment in the form of iron and vitamins from the food you eat. That is what you need to strengthen your nerves and build healthy tissue which puts sound flesh on your thin and weakened body to resist the fatal effect that overwork, strain and worry otherwise has on your system. RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Adv.

At Five Strategic Points

AN UNUSUAL EDUCATIONAL INVESTMENT

THE SOUTHERN SCHOOL-BOOK DEPOSITORY is probably the largest distributor of School Books in the world. It serves as a depository for more than seventy-five educational publishers, executing their state and other contracts. It has distributed more than \$10,000,000 of School Books to Southern Schools and Colleges in the twenty-five years of its successful business life. It now serves 32,941,207 people, in 14 southern states.

THE BUSINESS of the Southern School-Book Depository has shown a consistent growth since its organization in 1897. Its present volume is about \$3,000,000 annually, with wonderful prospects for an immediate increase. A complete stock of Stationery and School Supplies, added April 1st, 1922, showed for the first six months of its operation a profit of approximately \$50,000.00.

THE UNUSUAL NATURE of this business is such that its 5 and 6 year governmental contracts gives practical assurance of a continuation of the substantial profits of its school book business in both fat and lean years.

THE PROFITS from School Stationery and School Supplies should be proportionately greater than the profit has been from School Books. The combined profits indicate an EARNING POWER decidedly above that of previous years.

On Tuesday morning, December 5th, 1500 shares of Common Treasury Stock now participating in the surplus profits of the company will be offered for sale at par, \$100.00 per share. It will be sold for cash, at this exceptionally favorable price, or at ten per cent cash and balance in four, six or ten months. Books Open December Fifth.

SUBSCRIPTIONS ALLOTTED IN ORDER RECEIVED

THIS SAFEGUARDED SEASONED SECURITY has paid since organization an average dividend of eight per cent and has earned as high as ten, in addition to ACCUMULATING A SURPLUS of \$311,172.47. We are making an intensive direct selling campaign without brokers on this small block of stock in this old established institution. It is suggested that as soon as you reach a decision you write or wire your reservation (at our expense) to the office of the President at Atlanta, Ga., reserving the number of shares you desire, as they will only be available for subscription at the

## THE FARMER

The farmers are the outposts of industry. They are the "shock troops" who break into the resources of nature; they are the men in the front line trenches.

It should be the duty of all the rest of us to co-operate to the fullest possible extent with these men who are "up at the front."

This bank has steadily and consistently worked with the farmers of our community; and in the future, as well as in the past, will always do all within its power to uphold their hands.

The Economy BAKING POWDER

is the biggest selling brand in America. You save when you buy it—you save when you use it.

Use the same Baking Powder that guards the purity of bakings in millions of homes—that retains its unflinching leavening strength to the very last spoonful. The sale of Calumet is over 150% greater than that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some bakers come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

THE WORLD'S GREATEST BAKING POWDER

## YELLOW JACKETS TO FACE THREE NEW OPPONENTS

(By The Associated Press) ATLANTA, Dec. 5.—Georgia Tech's Yellow Jackets will face three new opponents in their schedule for 1922, according to the schedule announced last night by Dr. J. B. Crenshaw, athletic director. Virginia Military Institute, Florida University and Kentucky University will journey to Grant Field, while the Tech team again will meet Pennsylvania state at State College, Pa., or at Atlanta. Notre Dame will return to Atlanta for another engagement although it was thought the two year contract with Tech calls for next year's contest at South Bend. The schedule follows: Sept. 29—Oglethorpe at Atlanta. Oct. 6.—V. M. I., at Atlanta. Oct. 13.—Florida at Atlanta. Oct. 20.—Georgetown (Washington) at Atlanta. Oct. 26.—Notre Dame at Atlanta or South Bend. Nov. 3.—Alabama at Atlanta. Nov. 10.—Penn. State at State College, Pa., or Atlanta. Nov. 17.—U. of Kentucky at Atlanta. Thanksgiving Day—Auburn at Atlanta.

## Many Issues Will Come Before Meet of Minor Leagues

(By The Associated Press) CHICAGO, Dec. 5.—Louisville, Ky., will be the mecca of baseball men December 5, 6, and 7, when club owners of the minor leagues from all parts of the country gather to attend the annual meeting of the National Association of Professional Baseball Leagues. Numerous ball players and major league owners also are expected to be in attendance and a number of trades probably will be made. The draft, the "play off series" between clubs where the split season is in vogue; acceptance of players on option and the question of whether a club is entitled to a player's services before his contract has been recorded, are among some of the important subjects to come up for discussion. M. H. Sexton, president of the National Association, in a letter to the minor league club owners, asked that all members come to the meeting prepared to discuss problems for the betterment of baseball. The draft, which is not recognized by all the leagues, undoubtedly will bear the brunt of the discussion. The outcome of this question is dubious. Mr. Sexton in his letter asked "if it would not be better to go back to the old plan of permitting all clubs of higher classification, now entitled to the privilege, to draft, without restriction, from any club in class C or D, the draft in class B clubs only to be limited?" The split season and its effects also was set forth in the letter. "In leagues where a split season schedule is played, is the championship season completed until after the playoff series is decided?" he inquired. Continuing he inquired "is there any good reason why the players in such a play off series should take any portion of the receipts?" The playing of inter-league series, questioning the advisability of such a series between clubs of unequal classification, another point which the national association president mentioned. A remedy is sought by Mr. Sexton to check the activity of clubs in indiscriminately signing young players who have little or no chance to make good in those leagues.

## Duval Will Meet Gainesville Soon For Gridiron Battle

(By The Associated Press) GAINESVILLE, Dec. 5.—Gainesville and Duval high school football elevens will meet here Saturday in a game to determine their respective claims to the scholastic football championship for the state. Announcement that an agreement had been signed by officials of the two schools for the game was made here last night.

JACKSONVILLE, Dec. 5.—Confirmation of the report from Gainesville that the high school eleven of that city and Duval high would meet on the Gainesville field next Saturday in what is generally regarded as the state championship battle, was given by Duval officials last night. All details of the game between the traditional rivals have been agreed upon, with the exception of some of the details stated. Ted Arnold,

of this city, has been accepted by both sides as referee.

The winner of the Duval-Gainesville scrap, though the battle will be generally heralded as a titular one, will probably have to reckon formally with the Florida High School Athletic Association for the state championship by virtue of the claims advanced by Miami high school. The fact that the school is a newcomer in the field caused it to be lost sight of by many statisticians, but it remains that the South Florida eleven has an undefeated record for the season.

Miami defeated West Palm Beach, Orlando, Sanford and St. Augustine. It is understood that the school has issued a challenge to both Gainesville and Duval. It is not considered likely, however, owing to the lateness of the season, that either of these two teams will attempt to play Miami, and it is understood that following the Duval-Gainesville game the matter will be left to the High School Association.

MIAMI, Dec. 5.—Miami has been in communication with Duval regarding a game to be played here December 16 should Duval defeat Gainesville Saturday.

Miami plays Plant City here Saturday, and all local plans for a game with either Duval or Gainesville, depends on Miami defeating Plant City. Miami has been scored on but once, Sanford crossing the Blue and Gold line twice in a game won by Miami, 40 to 13. No team met this year has been able to halt the local boys' hurricane offensive.

## SUBJECTS SELECTED FOR ESSAY CONTEST

Irving Bacheller Outlines Topics Which High School Students May Choose

ROLLINS COLLEGE, Winter Park Fla., Dec. 5.—As was stated some time ago in press reports, the Irving Bacheller Prize Essay Contest will be held this year on February 23, 1923, during Founders' week at Rollins college. In a communication received by the contest committee from Mr. Bacheller late Friday night the following subjects for the contest essays were enclosed: 1. Florida's Future Among the States. 2. Historical Landmarks of Florida. 3. The Settlement of St. Augustine and Its Early History. 4. The Evil of Intolerance in America.

The contest is open to students in the eleventh and twelfth grades of Florida accredited high schools. The rules of the contest call for not longer than 1,500 word essays, same to be in the hands of the contest committee, Rollins College, Winter Park, Fla., not later than January 20, 1923, than the students desiring to compete for the beautiful gold medals offered as the prizes in the contest will have practically two months in which to prepare their essays.

The subjects advanced by Irving Bacheller are of such a nature that they should be of especial interest to Florida High School students, and it is expected that a larger number than usual will compete in the contest. Three of the four subjects deal with Florida topics, subjects that Florida High School students should be especially vitally interested in, while the fourth subject is one of interest to thinkers that are concerned with present day subjects, and because of these facts the last subject offered can be properly classed as the "thought" subject of the four.—Orlando Sentinel.

## UP-TO-DATE JEWELRY STORE

We are showing in our temporary location in Benjamin's store, Palmetto Avenue and First street, our entire stock of diamonds, watches, jewelry, silverware, cut glass, etc. All high grade merchandise which will enable us to give the public the best merchandise at lowest prices that Sanford has ever seen. Before buying, compare our prices with others. See our window display.—The Diamond Palace, P. Weinberg, Prop., temporarily located at Benjamin's Store, First St. and Palmetto Avenue. 216-171

## SOME FINE BANANAS

Charlie Stokley, of Mt. Dora, brought in several fine bunches of bananas today and left them at the Seminole Bank for inspection of the farmers and growers and home owners of this section. Charlie says these bananas which are the Improved Cavendish will grow on any of the lowlands of this part of the state and are especially adapted to some of the lands in Seminole county. Look at them, try one and be convinced.

## FOR THE MOVIE FAN

Tonight, Foot-Ball, Sanford-Orlando in pictures.

Another Oliver Curwood story will be shown Friday and Saturday this week. "I am the Law" is rated as one of his best.

The movie fans will have an opportunity of seeing a real stage play next Monday night.

Only one other play ever had a longer run in New York than "The Bat."

Seat sale opens Wednesday of this week and you can get your tickets at Roumillat and Anderson's drug store.

## Yacht to Take Swedish Salesmen to South America

(By The Associated Press) STOCKHOLM, Dec. 5.—A new, Viking vessel from Sweden, manned with expert salesmen armed with literature on up-to-date railroad engines, will sail shortly for South America.

This unique way of finding new markets for their products has been devised by Swedish locomotive builders, who have just delivered the two hundredth locomotive on an order from the Russian soviet. A fine steam yacht of 50 tons has been purchased in Spain and will be fitted out for the expedition. A commodore of the Swedish navy has been secured to serve as skipper, and his crew will include several of the men who have just completed a round the world cruise on a sailing yacht.

The president of the company, together with several of his technical experts, will direct the work of the expedition. It is expected that most of the South American republics will be visited.

Swedish locomotives have formed a big item in Sweden's exports to Russia, and shipments are continuing, though the number originally ordered by the Soviet has been reduced.

## THE SCHOOL BOOK DEPOSITORY.

Despite the fact that each September most of us think that school books cost entirely too much there is hardly a commodity in general use that is handled more economically or where fewer people have the opportunity to add an extra profit. This is true because of the fact that most of the publishers have contracted with one company to handle their books in a certain section. This enables them to ship in car lots instead of by local freight or express, with a very large saving in freight alone. It also enables the manufacturers to do away with expensive sales organizations, an assures the public of an adequate supply of books within easy reach.

The Southern School Book Depository, a Southern company, with general offices at Atlanta, and branches at strategic points throughout the South is probably the largest distributor of school books in the United States. They have contracts with more than 75 publishers for the sale of their books, and contracts with many states to supply the books used in the public schools of these states. These contracts are for a term of years, and at fixed prices; an arrangement that works equally well for the company, publishers and public.

## SUBSCRIPTION BRIDGE PARTY

The Woman's Auxiliary of the American Legion will give a subscription bridge party at the Parish House next Monday afternoon at 3:00 o'clock for the benefit of the building fund of the American Legion. Admission 50c. Don't make any other date on that occasion.

## Grave Robbers of Vienna Are Hunted With Dogs Now

(By The Associated Press) VIENNA, Dec. 5.—Ghouls have become so active in the great cemeteries of Vienna, according to the press, that police guards now patrol these resting places of the dead every night, accompanied by dogs.

The grave robbers are disinterring newly buried bodies and robbing them of clothing, the little jewelry souvenirs that loving families have sent with dear ones to the grave, of gold filled teeth, and even shearing the tresses of women.

## HEARING OF CHARGES AGAINST DAUGHTERY WILL START DEC. 12

WASHINGTON, Dec. 5.—The house has directed the judiciary committee to send for all the persons and papers it needs in its investigation of impeachment charges against Attorney General Daugherty, as filed by Representative Keller, Republican, Minnesota.

There was no discussion of division when Chairman Volstead asked and obtained consent for such authorization. He explained that the committee earlier in the day had agreed unanimously to take this course. The committee under the house resolution also will have authority to swear witnesses and sit regardless of the sessions of the house.

Appearing before the committee with Jackson H. Ralston, as his counsel, Mr. Keller declared he was not prepared to proceed at once, that it would be necessary for the house to order the attendance of some witnesses, who would not come voluntarily. It was also necessary, he said, to get possession of certain papers from the files of the department of justice, which he could not obtain through his own efforts. In the event that witnesses were subpoenaed Mr. Keller said that he would be ready to go ahead within a week, and Dec. 12 finally was fixed as the time for taking up the investigation.

The bill of particulars in which Mr. Keller set forth fourteen charges against the attorney general and the latter's answer, made public last night, were formally filed with the committee. Later in the day, Representative Woodruff, Republican, Michigan, asked that the two documents be printed in the Congressional record in parallel columns but Representative Johnson, Republican, Washington, objected.

## OSBORNE PULLE DA-BIG ONE WITH HIS MOVIE MACHINE AT ORLANDO-SANFORD GAME

Manager Osborne Herndon, of the Princess Theatre pulled a good one when he purchased a moving picture machine and decided to take pictures in and around Sanford. He took his first one on a cloudy day on the lake front when Sanford and Orlando played football but despite the clouds the pictures were excellent and the football players and the girl fans and the crowd generally were great and you can see all your friends if you will go to the Princess tonight and see the football picture. It was just as good as the game between Princeton and Yale shown at the same time by the Fox people. The Sanford picture also shows First street and other parts of the city and the titles are snappy and the picture is a great success and shows that Osborne has a bright idea in this moving picture outfit and he will fill the Princess Theatre any time he advertises local pictures from the new camera. Mr. Herndon says that he will take a lot of local pictures during the winter months and will have something new and novel every week. See the football picture at the Princess again tonight. It is a good one and is very interesting to Sanford people.

## NOTICE

Hereafter all regular meetings of the City Commission will be held at 2:30 p. m. on the Second and Fourth Mondays of each month instead of 8 p. m. as formerly.

By order of the City Commissioners. L. R. PHILIPS, City Auditor and Clerk.

## NOTICE OF PUBLIC IMPROVEMENT

Notice is hereby given that on the 27th day of November, A. D. 1923, the City Commission of Sanford, Florida, accepted a certain resolution requiring the improving, grading and paving with vitrified brick or other hard surface material, the following streets in the City of Sanford, Florida, to-wit:

Oak Avenue from Tenth Street South to Thirteenth Street, Tenth Street from Park Avenue west to Oak Avenue.

Laurel Avenue from Sixth Street South to Thirteenth Street, Thirteenth Street from Sanford Avenue West to French Avenue.

All of said grading and paving to be done in compliance with complete plans, specifications, profiles and estimates of said proposed improvements now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore submitted to and approved by the City Commission of the City of Sanford, Florida.

Said resolution provides that one-third of the cost of the improving, grading and paving of said streets shall be borne by the City of Sanford, Florida, and shall be paid from the General Improvement Fund out of any moneys available therefor. Said resolution further provides that two-thirds of the expense of the improvements aforesaid shall be paid by special assessments made and levied upon all lots and land bounding and abutting on such improvements between and including the termini of the improvements upon the streets aforesaid.

WITNESS my hand as City Clerk and the seal of the City of Sanford, Florida, on this 27th day of November, A. D. 1923.

(SEAL) L. R. PHILIPS, City Clerk of Sanford, Fla. Dec. 5-12

# RIVERS AND HARBORS WILL REQUIRE \$71,515,410 FOR YEAR BEGINNING JULY

## Palatka to Lake Harney on the Beautiful St. Johns River Gets \$10,000

WASHINGTON, Dec. 5.—Work on the country's rivers, harbors and other waterways will require \$71,515,410 during the year beginning July 1, 1923. Recommendations of the chief of engineers of the army, under whose direction these works are carried on, were submitted to congress today. River and harbor improvement alone will require \$57,110,410, compared with an allotment of \$41,000,750 for the fiscal year of 1923.

The Mississippi River would receive the largest share, its total, including the work of the Mississippi River Commission, aggregating more than \$9,500,000.

New York harbor and the waters in its vicinity will require more than \$8,000,000.

Ohio river locks and dams and improvements call for \$7,520,000.

Wilson Dam at Muscle Shoals nitrate plant would be given \$7,500,000 for use in continuing work there at a slightly increased rate.

Philadelphia and the Delaware river from Trenton to the sea will require \$3,025,000 and the inland waterway from the Delaware river to Chesapeake Bay \$2,500,000.

The larger recommendations include: Muscogee River \$2,600,000; Columbia and lower Willamette rivers, \$1,700,000; Missouri river, \$1,510,000; Coos Bay, Ore., \$2,

210,000; Galveston channel and harbor and channel to Texas City, \$1,100,000; Houston ship canal, \$1,100,000; Savannah, Ga., harbor, \$1,060,000; Cumberland river in Kentucky, and Tennessee, \$995,000; channel Arkansas Pass to Corpus Christi, Tex., \$760,000; Humboldt, Cal., bay and harbor, \$827,450; Wilmington, Del., harbor, \$750,000; Baltimore harbor and channels, \$650,000; Norfolk harbor, \$750,000; Baltimore harbor and channels, \$650,000; Norfolk harbor, \$750,000; Milwaukee harbor, \$318,000; St. Johns river, Fla., \$613,000; Tampa harbor, \$495,000; Cape Fear river N. C., \$512,000; intracoastal waterway, Mississippi river to Bayou Teche \$475,000; intracoastal waterway, Calcasieu river to Sabine river Tex., \$500,000; and inland waterway, Norfolk, Va., to Beaufort Inlet, N. C., \$500,000.

Jacksonville, Fla., District: St. Johns river, Jacksonville to sea, \$603,000; Palatka to Lake Harney, \$10,000; Oklawaha river \$3,000; Indian river, \$5,000; Miami harbor \$32,500; Key West harbor, \$70,000; Kissimmee river, \$5,000; Catoosahatchie river, \$35,000; Charlotte harbor \$5,000; Sarasota Bay, \$15,000; Anclote river, \$14,000; Tampa harbor, \$195,000; St. Petersburg harbor, \$17,000; removing water hyacinth, \$10,000.

## Government-Owned Postoffices Save Big Rental, Says Work

WASHINGTON, Dec. 4.—The campaign for government ownership of postoffice buildings throughout the country was renewed by Postmaster General Work in his annual report to congress today.

Not only would a policy of public ownership relieve the government of much of its present housing congestion, the postmaster-general said, but it also would make for financial economy since rentals of more than \$12,000,000 now being paid over annually without tangible return could be invested instead in property of a permanent value.

# PRESIDENT HARDING TRANSMITS THE ANNUAL FEDERAL BUDGET FOR THE NEXT FISCAL YEAR

## Reduction in Expense Will Mean Curtailment of the Federal Aid

(By The Associated Press)  
WASHINGTON, Dec. 5.—President Harding, in transmitting the annual federal budget for the next fiscal year, frankly told congress yesterday that whether there was to be any material reduction in government expenditures and in taxes in future years would depend largely on whether there was to be a curtailment or extension of federal aid in lines of research, improvement and development.

Placing the estimated government outlay in 1924 at \$3,150,844,234, a decrease of about \$500,000,000 as compared with estimates for this fiscal year, Mr. Harding called attention that two-thirds of this total was on account of practically fixed charges, such as the public debt, national defense, pensions, world war allowances and federal aid. There was left, he said, only about one billion dollars in charges subject to administrative control and against which, he added, the retrenchment policy of the government had been directed.

Estimated expenditures of \$3,150,844,234 for 1924, which are exclusive of the postal service, compare with estimated appropriations of \$3,078,910,331 for the same period. Mr. Harding explained that the expenditures would represent actual cash withdrawals from the treasury, including some on account of appropriations in previous years.

Another deficit in postal operations was forecast for this year, but Mr. Harding said it was estimated that through proper readjustments there would be a surplus of postal revenues over expenditures in 1924, amounting to \$952,433. For this year postal costs were placed at \$59,296,871 or an estimated deficiency of \$31,922,500 compared with an actual deficit in the last fiscal year of \$61,346,234. The 1924 costs are given at \$59,663,151.

The president told congress that an appropriation of \$250,562,887 recommended for the army would provide for a regular force of 12,000 officers and 125,000 enlisted men, exclusive of the Philippine Scouts, which in the strength now authorized by congress, and would enable the militia bureau to increase the strength of the national guard from 160,000 officers and men to 215,000 officers and men. For the army air service \$12,871,500 is proposed or \$23,500 less than appropriated this year. Mr. Harding said this sum would permit the service to operate efficiently in accordance with existing policy.

For the navy \$289,889,993 is asked. This amount, the president asserted, would provide for the present enlistment personnel of 86,000 men; maintain all present ships in commission, and make provision for continuing all new ship construction in privately-owned yards, except for reduction in speed of construction on three light cruisers.

Provision is made in budget for \$253,000,000 in pensions, \$434,534,050 in world war allowances, and \$20,349,289 in retirement pay. Other items include \$41,764,550 for rivers and harbors; \$31,480,000 for good roads; \$5,723,050 for hospital construction and facilities for war patients; \$2,200,000 for railroads in Alaska; \$6,889,103 for the Panama Canal; \$18,553,686 for general law enforcement including administration and enforcement of the national prohibition and narcotic acts, and the prosecution of war frauds, and \$750,000 for the replacement of worn out portions of the Alaska cable.

## Gainesville Boy is Selected Florida's 1922 Rhodes Scholar

JACKSONVILLE, Dec. 4.—Thomas C. McEachin, Jr., of Gainesville, Fla., was named as Florida's 1922 Rhodes scholar by the committee of selection which met here Saturday. Announcement of the selection was withheld until last night. He will go to Oxford in October, 1923.

While expressing the opinion that some further reduction undoubtedly would result from a reorganization of government establishments on a more scientific basis, the president said this alone would not affect such a material cut in operating costs as would justify the expression of hope for a considerable lessening of expenditures in the years to come.

Taking up the question of federal aid, the executive declared, that this was a rapidly broadening field of expenditure and that there was a question as to how far the government should participate in it. He added that he did not pertain to the normal functions or operations of the business of the government.

"These extraneous activities," he continued, "have flowed from laws enacted pursuant to popular demand and I take this occasion to refer to them for the purpose of showing that the taxation which necessarily results in providing funds to meet them is a necessary incident to the fulfillment of the popular demand.

"In the efforts which have been directed to reducing public expenditures, I have been much concerned in apparent increasing state, county and municipal indebtedness, and I am fearful that this condition may be in part attributable to the expenditures made by the government pursuant to its federal-aid laws, as many of these state laws require state contributions as a prerequisite to the extension of federal aid."

The summary of the budget for 1924 as given to congress shows an estimated excess of receipt a over expenditures next year of \$180,069,125 as compared with an estimated deficit of \$273,938,712 for this fiscal year. The president said, however, that he was hopeful that the estimated deficit for 1923 could be reduced in the remaining seven months and that the close of the year next June 30 would show a balanced account.
