

SEMINOLE COUNTY COMMISSIONERS CUT MILLAGE EIGHT MILLS

COMING AT THIS TIME WHEN EXPENSES ARE STILL ABOVE THE AVERAGE, RECORD IS WORLD BREAKER

Our County Commissioners Deserve the Praise of the Tax Payers of Seminole County for Their Good Work in This Respect

(From Monday's Daily) The Herald remarked last week that the Commissioners of Seminole County could always be depended upon to do the right thing at the right time and at their special meeting today they lopped off enough expense in their annual budget to bring the county tax down eight mills. When one stops to consider that the cost of living is still high and everything the county does must be paid for at a big expense their work in this respect is nothing short of phenomenal and probably cannot be duplicated in any other county in the state. Eight mills reduction at this time shows remarkable executive and business ability on the part of the commissioners and they will be praised by the tax payers of Seminole county for their good work.

SCIENTIST GIVES REASONS FOR THE EXCESSIVE HEAT

UNUSUAL WARMTH OF 'OLD SOL' CAUSED BY UNUSUAL DOWN-POUR METEORS UPON SUN

(By The Associated Press) VALLEJO, Calif., July 12.—The extraordinary warm weather of the present summer is caused by an unusual downpour of meteors on the sun, increasing its radiation and effective surface temperature, is the belief of Prof. T. J. See, government astronomer at the Mare Island Navy Yard.

Citing the fact that unusually warm summers occurred every ten or eleven years, he said that "now, for the first time, by profound researches, astronomers are able to throw some light upon the great mystery.

"Since a mass of meteors greater than our moon is falling into the sun every century," he said, "it is very improbable that the downpour proceeds at a uniform rate. If it comes down in gusts under the action of the chief planets, Jupiter and Saturn, which are now near conjunction, and are seen together in the evening sky, then we should have sudden increases of the sun's radiation just as we now witness all over the world.

"This is a sufficient explanation of the unprecedentedly hot weather."

DO AWAY WITH THE DISFIGURING SIGNS

A county commissioner in Lake county has taken a stand against roadside signs and cleaned his district of the horrible conglomerations advertising pills, roach paste, and other things, equally as disfiguring to a beautiful country. We have heard much talk of public benefactions like this, but no action. Congratulations, Mr. Commissioner, and congratulations, Lake—on having such a man as this as one of your county officers. Would there were more like him. We heard talk of clearing away the detriment to our beautiful highways before, and lots of them have said "Everything but ornamental signs should be abolished." Listen, dear commissioners, there are no ornamental signs that will not be a jar and frightfully out of tune with our state's natural beauty. Every sign should go except neat road signs giving travelers directions. Why hide our state behind a lot of garish things that would give a sick person hysterics. There are no "ornamental signs"—if they were they wouldn't be worth a German mark for advertising purposes. Down with the tacked abortions that line our highways—down with those massive affairs that obstruct the beautiful vistas of our incomparable state! Those big affairs are usually at the turn of the road. They are placed there for "advertising purposes"—and they obstruct the view. Is this our state or does it belong to sign posting companies, with headquarters in Atlanta or New York? Lake county has scenery of the most superb sort and at least a portion of it will be visible now, thanks to a man who has the courage of his convictions. His district should reward him with at least a distinguished service medal.—Florida Grower.

WASHINGTON, July 11.—William Howard Taft was sworn in today as chief justice of the United States. A simple ceremony was performed in the office of Attorney General Daugherty by Justice Hoehling of the District of Columbia Supreme Court. Immediately after taking the oath Justice Taft went to the White House to pay his respects to President Harding.

CAR RAMMED ELECTRIC POLE ON PARK AVE.

TRYING TO AVOID COLLISION WITH TRUCK GIRL HITS POLE

(From Monday's Daily) A bad accident happened Saturday night at the corner of Sixth street and Park avenue when a gray Chandler car containing M. W. Eatman, of Macon, Georgia, and his niece, Miss Freda White, of Daytona, ran up on the curb and struck an electric pole. Miss White was driving and was trying to avoid hitting a truck which came around the corner at the same time and she said afterward it was a case of hitting the truck or hitting the pole and she chose the latter. It happened so suddenly that Mr. Eatman had no chance to catch himself and he was thrown against the windshield and had his face badly cut and one side of his nose broken. Miss White fainted at the sight of the blood that was streaming down the face of her uncle and was taken into the Holly home where she was revived through the kindly ministrations of several of the ladies who had rushed to the scene of the accident and Dr. Stevens took Eatman to the hospital. He is able to be out again today and is being congratulated upon his narrow escape from death. Miss White has gone to her home in Daytona and aside from a nervous shock suffered no ill effects from the accident. The car was badly wrecked, one front wheel being smashed and the front end badly battered. The impact was so heavy that the pole was almost broken in two. Mr. Eatman is well known in Florida, having travelled this state for many years in the interest of the Eatman Cigar Co., of Macon and his friends will be glad to learn that he is able to be out again and as soon as his car is repaired he will resume his trip.

Rub-My-Tism kills infection. Post cards—local views—1c each at the Herald office.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. The only medicine I have needed has been something to aid digestion and clean the liver. writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Theford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive. Get a package from your druggist today—ask for and insist upon Theford's—the only genuine. Get it today.

Report of Red Cross Chapter Seminole Co.

The women of Seminole county, who have been busy for the past two months, sewing for the babies of eastern and central Europe, would perhaps, like a report of the work accomplished, so in the name of the Red Cross of Seminole County, the following report is submitted:

When the call for one layette for every 25 members and one garment for every three members came to the chapter, they knew it must be heeded; knowing this meant 48 layettes and 400 garments, the question of how to finance, naturally arose. It is well known that this Red Cross chapter has little surplus money, barely enough to pay for the valuable services of the home secretary, Miss Virginia Smith, but the executive board voted the chairman of volunteer service the sum of \$50.00 to use to best advantage.

The merchants of Sanford made a very reasonable price on materials for the layettes, but the very best that could be done, was 12 layettes consisting of 15 garments, not including the flannels, for a little over \$50.

Mrs. W. E. Watson offered two rooms in the Welaka building for the use of the cutting committee, and 24 layettes were cut under Mrs. Watson's supervision, by the following women: Mrs. R. J. Holly, Mrs. D. L. Thrasher, Mrs. Harry Ward, Mrs. Fred Williams, Mrs. F. L. Woodruff, Mrs. A. R. Key, Miss Virginia Smith, Mrs. Fred Wight, Mrs. W. T. Langley, Mrs. John Leonardy, Mrs. B. J. Stirling.

The various auxiliaries, church societies, clubs and three individuals, undertook the making of these 24 layettes, furnishing flannels, at an expense of from \$3.00 to \$3.50 per layette.

The Geneva Branch of the Red Cross gave a chicken supper and raised money to buy materials for four layettes. Chuluota is also making three layettes, keeping one in their reserve closet for emergency home use, at their own expense.

The list below covers the societies taking the responsibility of completing the layettes:

- Westminster Circle, Presbyterian Church, Mrs. R. C. Bower, chm., 2.
- Presbyterian Circle, Mrs. Fred Waldman, chm., 1; Mrs. R. J. Holly, chm., 1; Mrs. Harry Ward, chm., 1; Mrs. Henry, chm., 1.
- St. Agnes Guild, Episcopal Church, Mrs. Fred Daiger, chm., 1.
- Guild, Episcopal Church, Mrs. A. Vaughn, chm., 1.
- Girls Friendly, Episcopal Church, Mrs. John Leonardy, chm., 1.
- D. A. R., Mrs. W. E. Watson, chm., 1.
- Christian Scientists, Mrs. R. R. Deas, chm., 1.
- Baptist Church, Mrs. Geiger, chm., 2; Mrs. A. J. Lossing, chm., 1; Mrs. A. C. Lossing, chm., 1; Mrs. DeCoursey, chm., 1.
- Pipe Organ Club, Baptist Church, Mrs. A. M. Phillips, chm., 1.
- Methodist Church, Mrs. Moffit, chm., 1; Mrs. P. M. Elder, chm., 1.
- Congregational Church, Mrs. Ed. Randall, chm., 1.
- Catholic Church, Mrs. Gene Roumillat, chm., 1.
- Flannels by Duplicate Card Club, Mrs. O. Schultz, 1.
- Mrs. Sam Houston and Miss V. Smith, 1.
- Ovidio Auxiliary Woman's Club, Mrs. W. P. Carter, 1.
- Chuluota, Red Cross Branch, 2.
- Geneva Red Cross Branch, 4.
- Total, 30.

The six layettes that have been returned completed, are neatly and beautifully made; four of these were forwarded to the chairman of the Volunteer service of the Southern Division, Mrs. Victor Cluis, Atlanta, for approval and the following is a portion of her reply: "After opening the box and seeing all the lovely little garments, I must write you another note to tell you how perfectly delighted I am with them. They are quite the prettiest and most complete layettes that I have had. Such dainty things like yours completely spoiled me, for I will be wishing that all might be like them. I am glad you sent the four layettes to me here, for it was such a pleasure to see them. I repacked them and they are on their way to Bush Docks and you may be sure they will gladden some poor mother's heart. Thanking the good women of your community who have helped so generously," etc.

The 24 layettes cost the chapter \$107.17. The other six, as stated, were financed by the branches.

Articles of appeal for clothing relief for Eastern and Central Europe, are read in the newspapers and magazines, almost daily, but perhaps the most touching one is in the Literary Digest of July second, entitled, "I Was Naked and Ye Clothed Me."

This article tells us that Europe is nearer nakedness than it has been

since the close of the Napoleonic wars; that tens of thousands of children will go barefooted and with but one garment next winter; that many stay in bed for lack of clothes; that mothers sell their one skirt for food for their little ones; that new born babies are wrapped in newspapers. Surely every mother, nay every woman, will feel that any sacrifice of time or money spent for these little children, has been a joy, and that more should be done. True, the days are warm to use a needle on woolly garments, but is it not better that we suffer a bit from too much heat than these little ones suffer from lack of it? Think what it means to these mothers to have what their hearts ache for, sufficient decent clothing for their new born babes.

In a letter recently received from a Red Cross worker, stationed in Budapest, she says: "I cannot really describe conditions as bad as they are, because you would not believe me. At the maternal hospitals women are lying on cots exposed to all kinds of weather, covered with filthy quilts, no mattresses, or where they are, torn to pieces, and their bodies lying on stiff horsehair, and without nightgowns. A woman came up to the Red Cross office carrying a little baby no longer than half your arm, wrapped in a man's filthy handkerchief. When asked how old her baby was she said: "It was born this morning at 4 o'clock." It was then eleven and she had dragged herself up to the office to beg for clothes for it."

It is a glorious thing to live in a country so able to help, so willing to help that never turns down a needy call. It is good to live in a town and county that always responds to any and all such calls. The Red Cross of Seminole county appreciates the splendid co-operation of the women of the county, and the men, too, who have stood behind the women.

Prior to the call for layettes and garments, the chapter was sent 36 pajamas to make for the Near East Relief; 12 of these were made by the Geneva and Chuluota branches and 18 by the Sanford chapter.

While the work above reported has to do with foreign relief, the home work has not been neglected. Few of our citizens realize the splendid work of our Red Cross Home Secretary, Miss Virginia Smith. Following the war and even now, her work has been for the soldier and civilian relief, but always a needy case if reported to her has immediate attention. Such cases in our county have come under her care, but as they are more or less of a private nature, the work is not for publication. For lack of funds, and lack of proper conveyance, the work is not carried out in as consistent and thorough a manner as Miss Smith would like; but she makes the best of what is at hand and her work is real service.

Two cases might be mentioned that have just been satisfactorily concluded. One, that of a boy, taken from surroundings and influences of the worst type and placed in the home of an uncle, with pleasant and uplifting atmosphere; the other, a boy taken from a home that was no home, where ill treatment and lack of proper food and clothes and lack of school advantages prevailed, and placed in the Children's Home Society, in Jacksonville. This kind of work is not accomplished in a week, or a month. It meant much corresponding, many trips and persuasion.

While there is a motor corps composed of young women who drive their cars and who respond when called upon, if the Home Secretary had a car of her own, to come and go at will, much for the advancement, cleanliness, uprightness and moral condition of our county could be accomplished. No work is effective that cannot be followed up. Going into a community once with a motor corps girl, advising a foreign housewife (and there are such in East Sanford and the county) how to conduct her home on the American plan, will avail little, if the work is not followed up the following week and the week after, and the week after, etc.

If the chairman who are responsible for the layettes still unfinished, will notify Miss Smith, Home Secretary of Red Cross, room second floor of the court house, or take to her when finished, it will be appreciated. The Red Cross would also like to make an appeal for knitters as there is some wool at the rooms that Miss Smith will give out for children's stockings, on application.

Garments for children from 5 to 14 years, in good condition, will be acceptable and appreciated and will be included in the shipment of layettes. The only restrictions are, that they be clean and in wearable condition.

CHAMBER OF COMMERCE ELECTS NEW OFFICERS FOR THE ENSUING YEAR

Col. George W. Knight Elected as President Today

PEARMAN IS SEC'Y

A. E. YOWELL AND B. F. WHITNER, VICE-PRESIDENTS, RESUME OF RESULTS

(From Friday's Daily)
Friday was the annual election of officers for the Sanford Chamber of Commerce, the by-laws stating that the board of governors shall elect the president, vice-presidents and the secretary. The newly organized board of governors met at the regular weekly luncheon at the Valdez Hotel and elected the following officers:

George W. Knight, president; A. E. Yowell, first vice-president; B. F. Whitner, second vice-president and R. W. Pearman, secretary.

The question of several factories was taken up by the board and support promised all these new enterprises. The report of the auditing committee showed the books of the secretary in fine shape and his method of keeping the office records was greatly commended. The work of the Chamber of Commerce is set forth in today's Herald in a page advertisement donated by D. C. Marlowe and should be read by every citizen of Sanford. The Chamber of Commerce has been busy right along and the good work of the Chamber will be felt in the community in the years to come. Under the new board of governors and the new officers the work will be continued right along as they are all familiar with the work and know the needs of the city.

Col. Knight, the new president, is no novice in this line of work and he will be found on the job early and late. J. G. Ball, the retiring president, has been one of the most efficient presidents and untiring workers that the trade body here has ever known but he felt that his constantly increasing business duties would preclude his taking such an active part in the Chamber of Commerce but he will still serve as one of the governors and with the two active vice-presidents will help the new president to put it over.

The work of Secretary Pearman speaks for itself. He has been on the job early and late and has kept the work moving when it might have lagged under a less active secretary. The Chamber of Commerce starts off the new year's work under most favorable auspices and with a very bright future.

Cooler in Sanford Than in Michigan So Robinson Comes Home

(From Tuesday's Daily)
M. F. Robinson and his niece have returned from a trip to many points in Michigan and Wisconsin where they went to look after some property interests. They took a long automobile trip through Wisconsin and enjoyed the country very much. They also visited many resorts in Michigan but found the weather so extremely hot that they left and came home to get cool. Mr. Robinson also contemplated visiting his daughter, Mrs. Harry Papworth in New York but on consulting the New York temperatures he decided to put off the trip until fall when there was some decrease from the extreme heat in all the northern states. Mr. Robinson says that the people in Michigan state that it has been hotter there than they can ever remember in the past fifty years or more and they do not know how to account for it and the same story holds true of all the northern states this summer. They also laugh at anyone saying that Florida is cooler, but the temperature reports show it and they are official.

WESTMINSTER CLUB

(From Tuesday's Daily)
The members of the Westminster Club met yesterday afternoon at the home of Mrs. R. C. Bowers, on Fourth street.

The regular monthly business meeting was held, and various things of importance, were discussed. Plans were made for the bazaar to be held this fall, and articles were made during the afternoon for the same. Following the business meeting a social hour was enjoyed. Mrs. Bowers served a most tempting salad course and punch.

There were fourteen members present at this meeting.

WILL PUBLISH THE LAWS,

The county commissioners designated the Sanford Weekly Herald as the official organ to publish the laws recently passed by the legislature and they will appear some time in August. Since the cost of printing the laws is more than the state pays for the publication, The Herald does not particularly want the job, but we want our readers, and especially our Weekly Herald readers, to have all the news all the time, and they will have the laws regardless.

SANFORD'S BUILDING RECORD FOR THE PAST THREE MONTHS OVER ONE HUNDRED THOUSAND

\$45,000 in June and a Permit a Day for Past Twenty Days

Everyone concedes that Sanford is growing but few know just how rapidly it is growing or the extent of the growth. Grown familiar with the place on account of a long residence we note new buildings from time to time and let it go at that and statements in the Herald to the effect that Sanford is growing faster than ever before seem to some to be drawing the long bow.

However, figures do not lie and figures are quoted on this instance the same being from the books of City Clerk L. R. Phillips.

Applications for building permits during the month of April, May and June were more than \$100,000. The month of June alone totalled over \$45,000 and for the last twenty days in June the clerk's office issued permits at the rate of one each day.

The Herald is compiling a list of all the houses that have been built here in the past six months for a big builder's edition that will be issued about the first of August and it will be most interesting reading for by that time we will be able to chronicle several sky scrapers along with the homes and residences.

IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

THE SAME APPLIES TO "THE CITY SUBSTANTIAL"

Progressive farming is the life of any section and the more stuff produced the greater the prosperity of that section. Now is the time for farmers and truck growers to begin planning for their fall and winter crops. Truck farming is no longer an experiment in this section. When intelligent cultivation is practiced the truck grower may know just what yield to expect. The greatest drawback in this immediate section is the small acreage that has been planted; but there is every evidence that this will be overcome to some extent the coming season as many farmers are planning to increase their acreage in potatoes as well as other crops. Every acre of cleared land around New Smyrna should be made to produce its best next season; not only for a source of profit to the owner, but to demonstrate to the people who will come here looking for a place to locate that we have a productive soil. This is one of the best ways to boost our section.—New Smyrna Breeze.

You Guard Against Burglars, But What About Rats?

Rats steal millions of dollars' worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats or dogs won't touch it. Comes in cakes. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

The treat-em-rough theory was all right in its way, but it has drawbacks when the dentist is treating your teeth.

ST. AGNES GUILD

(From Tuesday's Daily)
The members of the St. Agnes Guild were delightfully entertained yesterday afternoon by Mrs. John G. Leonard, at her home on Palmetto ave. The regular monthly business meeting was held, and several important subjects were discussed and business transacted. After the business was attended to a very delightful social hour was enjoyed, the hostess serving delicious refreshments consisting of fruit salad, sandwiches and iced tea. The members of the Guild present were Mrs. Archie Betts, Mrs. Sherman Lloyd, Mrs. Clifford Penbody, Mrs. Fred Daiger, Mrs. Howard Overlin and Mrs. W. Gwynne Fox.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air-passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Adv.

FLORIDA BECAME A PART OF U. S. 100 YEARS AGO JULY 10

SPANISH FLAG WAS HAULED DOWN AND STARS AND STRIPES UP.

(By The Associated Press)
ST. AUGUSTINE, July 11.—One hundred years ago, Sunday, in this city, the stars and stripes supplanted the flag of Spain and Florida became a part of the United States. Plans were for the transfer to take place on July 4, but unforeseen difficulties caused a postponement of the ceremony six days.

Don Jose Coppinger, the Spanish governor on the morning of July 10, marshalled a brilliant array of officers and men of the garrison in the court of Fort Marion to greet Colonel Butler, United States army, designated to receive the transfer of the properties of the Spanish government in Florida. As Colonel Butler emerged from the office of Governor Coppinger there was a fan fare of trumpets and the Spanish flag was slowly lowered as the stars and stripes were raised.

The sum paid Spain including the payments for damages was \$8,400,768 for a territory that included 59,268 square miles.

Woman Parachute Jumper Drops 15,200 Feet—Breaks Record

(By The Associated Press)
ST. PAUL, Minn., July 11.—Miss Phoebe Fairgrave, 18, of this city, established a new world's record for women parachute drops when she dropped 15,200 feet from an airplane at Curtis field near here yesterday. She said the experience was terrible and she never wants to try it again.

SMALL BLAZE TODAY.

(From Monday's Daily)
The fire department was called to the Howard home at Eleventh and Oak about 2:30 today by the alarm of fire and found the roof blazing upon their arrival. By good work they soon extinguished the blaze with slight loss.

"I Wouldn't Go Camping Without Rat-Snap," Says Ray White

"Wife and I spent our vacation camping last summer, smell of cooking brought rats. We went to town, got some RAT-SNAP, broke up cakes, but it outside our tent. We got the rats alright—big fellows." Farmers, storekeepers, housewives, should use RAT-SNAP. Three sizes: 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

Isn't Advertising essential in Marketing Citrus Fruits?

Since advertising is used by almost all of the more successful manufacturers and merchants—
Isn't advertising essential in marketing citrus fruits?

For the reason that advertising helps to reduce the other costs of distributing and selling goods—
Isn't advertising essential in marketing citrus fruits?

Because it can be proven that the wholesale trade pays more for grapefruit and oranges that are extensively advertised—
Isn't advertising essential in marketing citrus fruits?

In consideration of the testimony of the retail trade that advertised goods move so much more quickly they can be sold on closer margins—
Isn't advertising essential in marketing citrus fruits?

In view of the fact that advertising is the most economical means of increasing consumer demand and of providing new avenues of distribution—
Isn't advertising essential in marketing citrus fruits?

Taking into account the rapidly increasing grapefruit and orange production of this state, which year after year forces a larger volume on the markets—
Isn't advertising essential in marketing citrus fruits?

Under the co-operative plan that gives each grower equal share in the benefits of nation-wide advertising campaigns which as an individual he could not afford—
Isn't advertising essential in marketing citrus fruits?

Isn't it wise to become a member of the Florida Citrus Exchange so that a few cents a box will advertise your fruit as widely as individually you could for thousands of dollars? For information as to membership contact the manager of nearest association or sub-exchange, or write to the business manager at Tampa.

In response to the inquiry of many telephone subscribers: "What can I do to help my service?" this advertisement is published.

The telephone equipment furnished to you is modern and adequate and cannot be improved by attachments that may be offered for sale.

Auxiliary telephone receivers, or other devices which are offered for sale to be attached to this company's telephones, are frequently the cause of serious service trouble.

We provide everything necessary for good service and such difficulties as arise cannot be helped or prevented by foreign attachments.

You can help your service by protecting it from all such devices, and by reporting trouble promptly to "Complaint."

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

DONNELLY DRAWS PLANS LAKEFRONT IMPROVEMENT THAT WOULD MEAN MUCH

To The City of Sanford
and to the Visiting
Yachtsmen

SEWAGE DISPOSAL

AND A CLEAR WATER BASIN
AMONG THE MANY GOOD
POINTS OF HIS PLAN

William T. Donnelly, one of the widest known naval architects in America and one who knows whereof he speaks, has outlined a plan for the improvement of the lake front and has just sent two large blue prints of the plans to Secretary Pearman. Mr. Donnelly is not looking for a job and is doing all of this work gratis because he is deeply interested in Sanford. He spent a month here last season with his electric driven yachts and was so well treated by the Chamber of Commerce that he has reciprocated by getting up these plans for the building of a boat basin and better facilities for yachtsmen as he recognizes the superior advantages of Sanford as a yachtman's paradise if we could only see the vision and get busy on some plan of lake front improvement. His letter follows:

New York, July 9th, 1921.
Mr. R. W. Pearman, Jr., Executive Secretary, Sanford Chamber of Commerce, Sanford, Florida.

My Dear Pearman:
Enclosed you will please find blue print showing your water-front with proposed basin in connection with hotel property outlined.
A brief argument for this improvement would be as follows:
First.—The pier at the foot of Park avenue would provide means of carrying discharge of your sewer which now empties in front of the property in question, to a point so far out through the lake as to provide against contamination.

Second.—It would later on become part of a larger pier on the outer end of which there would be erected a triangular building which would house sewage treating and disposal plant. It might also take care of other functions of your city. You will understand that a disposal plant so called; by modern engineering, can be made absolutely unobjectionable, in other words, offer no outside evidence as to the use for which it was being put.
Third.—My idea is that at first the pier would be built according to the full lines as shown on the plan, 41 feet in width and afterwards widened to 82 feet, which would be the same width as the street. The pier at the foot of your main street would then be a drive for automobiles, out one side and returning down the other side, and would be a location to which you can be positively sure every autoist coming to your city would go.

In all probability the building and control of this clear water basin would have to be under the Park Department and controlled by such restrictions as can properly be applied to public parks. This would secure for it all those qualities which would be most desirable as a water approach to the hotel and at the same time would not rise the serious objectionable features of turning over such an important water-front to private parties for their exclusive use. I am quite sure such a control of it from this point of view can be worked out as would give it the most value both to the city and the hotel, which as I have pointed out is broadly for the entertainment of the guests of your city.

There is, of course, many questions which will arise and much more detail to be worked out, but before going into this, I should like to have a more complete understanding as to the attitude of the hotel people and general attitude and prospective co-operation between them, the city and ourselves, meaning the Board of Trade and Transportation.

In case we can all work together, I am prepared to work out the plans in very considerable detail and also make a display drawing which will very clearly illustrate the whole project, entirely at my own expense and without obligation on the part of anybody.

Yours sincerely,
WILLIAM T. DONNELLY.

MR. LANE IMPROVING

Friends of Mr. F. E. Lane will be pleased to learn that he underwent a very successful operation yesterday in Cincinnati and his speedy recovery is looked for.—DeLand News.
Mr. Lane is the father of Ed. Lane, of this city, and has many friends and relatives here who will be glad to learn of his successful operation.

MEN CONFESSED TUGGLE KILLING NIGHT JULY 4TH

(By The Associated Press)
JACKSONVILLE, July 12.—Put-nall Ponsell, aged 30, of Chipley, Florida, and Jake Martin, of Bainbridge, Ga., arrested yesterday at Bainbridge in connection with the murder of John Toggie, of Chipley, on the night of July fourth, were brought to Jacksonville late last night for safe keeping. Bainbridge authorities said the men confessed to the killing of Toggie, who was beaten to death and robbed, and Ponsell and Martin repeated their story here today to newspaper men. The feeling against the slayers of Toggie has been intense at Chipley and the close proximity of Bainbridge to the Florida line resulted in the removal of the prisoners to Jacksonville. They are in the Duval county jail where extra precautions have been taken for their safety.

SANFORD LOSES IN TENTH.

(From Wednesday's Daily)
After going into extra innings with the score standing a one-one tie, Winter Garden at Winter Garden yesterday, pushed across the one run needed to win in the tenth inning. Sanford, badly crippled through the absence of several of her best players, put up a better game than was expected of them and the final score and the extra inning was a plenty to satisfy the large crowd of fans that assembled to watch the game. The Sanford club, as a rule, is one of the best home talent clubs around this part of the State, and no matter what town we play in, we draw large crowds. And the brand of base ball our boys have been putting up always assures the fans their full money's worth, as the last three games have all been extra inning games with a very close score.

Winter Garden has some ball club, too. They are composed of the best players from all over Orange county and many of them are players that have been in different leagues.

Winter Garden will play here Thursday afternoon and at that time Sanford will have Rive, Spence, and several other players that were not in the line-up yesterday and taking into consideration the fast club Winter Garden has this promises to be one of the best games played on the home diamond this season.

Amann pitched the entire game yesterday, and as always he worked hard and should have won his game. In addition to the splendid brand of ball he was pitching he was responsible for the one run made by Sanford with a long two base hit with a man on.

The score by inning for yesterday's game follows:

	R	H	E
W. Garden	001	000	000-1 2 4 2
Sanford	000	001	000-0 1 5 3

Batteries, Winter Garden, Mink and Overstreet. Sanford, Amann and Smith.

A HOME COURSE IN DOMESTIC SCIENCE

"Twenty Lessons in Domestic Science," by Marion Cole Fisher has recently been received by us for review.

This is a complete advanced course in domestic science and home economics boiled down to meet the requirements of the housewife and the student.

The entire course consists of twenty practical lessons—one hundred pages filled with the most valuable information the housewife can possess—heretofore taught only in domestic science schools.

Do you know the relative value of food, which fruits to use for cooking, what purpose salads serve, the correct use of condiments, about proper kitchen equipments, about U. S. government's bulletins, how to reduce the high cost of living, how to promote and protect your own and your families health, how to make housekeeping simpler and more economical and pleasant by utilizing modern science in the home.

This book, we note, is priced at \$2.00 per copy and from what we understand it contains a complete \$100.00 college course, condensed, and it is practically FREE to every interested housewife.

Write the Home Economics Department of the Calumet Baking Powder Co., 4100-28 Fillmore street, Chicago, Illinois, for full particulars regarding the book and how to secure it.

HERALD ADS get results.

PERSONAL NOTES

(From Monday's Daily)
Mrs. Lulu Clay left this morning to spend several days at Palm Springs with Mrs. Frank Miller.

Fred Pope and W. A. Adams motored to Winter Haven yesterday. Mrs. E. R. Bliss and Miss Helen Gonzales of Orlando are spending the day here with friends.

Mr. and Mrs. Ed. Lane and Mr. and Mrs. Archie Betts have returned from a week's camp at the Müller bungalow at Palm Springs.

Mr. and Mrs. Emmett Hunt and little Joyce left this morning in their car for Forsyth, Ga., where they will visit the former's mother.

Born to Mr. and Mrs. M. Stoinoff, on Elm avenue, Thursday, July 7th, a daughter, weighing 8 pounds. Mother doing well and father proud as a peacock.

Misses LeClaire Jones, Kitty DuBose and Maude Lake and Mr. and Mrs. Forest Lake motored to Daytona Beach yesterday. They were accompanied home by Miss Serita Lake, who has been visiting Miss Fern Ward for several days.

Secretary Pearman, J. G. Ball and C. E. Henry were among those spending Sunday at Daytona Beach, where they enjoyed the society of their wives and families.

E. C. Smith and W. M. Jordan, furniture dealers, of Ocala, are spending several days here on business.

C. H. Gillespie, National Insurance Co., of Anniston, Ala., is here on business. Mr. Gillespie is contemplating making Sanford his home.

C. E. Smith, of Ocala, was a business visitor here Saturday, stopping at the Montezuma.

Mr. and Mrs. A. E. Mendall, of New Smyrna, are spending some time here at the Montezuma.

Mr. and Mrs. A. W. Smith and little daughter, Juanita, and their guest Miss Ida Woods, of Brunswick, Ga., motored over to Daytona Beach yesterday where they spent the day very delightfully.

Mr. and Mrs. F. E. Rounillat and Francis spent yesterday very pleasantly at Daytona Beach.

Mrs. A. W. Smith and her guest, Miss Ida Woods, of Brunswick, Ga., are spending the day today at Orlando.

Mr. and Mrs. L. Urban May, and children and Miss Corey spent the day very pleasantly yesterday at Daytona Beach.

Mr. and Mrs. Charles L. Britt and Mr. and Mrs. Henry Purdon made up a congenial party motoring to Daytona Beach yesterday.

Mrs. W. E. Watson and Mrs. Hal Wight returned home Friday from Jacksonville, where they spent several days last week.

Mr. and Mrs. J. B. Coleman returned Saturday afternoon from Palatka where they went to see the latter's mother, who has been quite ill for some time.

Mrs. Harry Wilson and son, John, leave today for Jacksonville where they will spend a week as the guests of Mr. and Mrs. J. K. Mettinger.

George Wilson left today with Mr. W. L. Morgan in his car, for St. Augustine and other points of interest in the state.

Major Odum, of Raiford, of the Volunteers of America, has been in the city for several days calling on his many friends.

Mrs. C. L. Duffin and son, Clarence, left Friday night for Savannah where they will visit her mother.

Mrs. R. E. Newman and baby, Mrs. Norma McLaughlin, and Mrs. A. E. Hill, were a congenial party motoring to Daytona Beach yesterday. Mrs. Newman will be at the Seaside Inn for a month and Mrs. McLaughlin will be her guest for a week or more.

Dr. and Mrs. E. D. Mobley and their guest, Mrs. Pittman, of Tampa, and Miss Martha Fox, motored over to Daytona Beach yesterday, where Mrs. Pittman has taken a cottage for the summer.

Dr. and Mrs. E. D. Mobley and their guests, Mrs. Sam Pittman and children of Tampa, and Miss Martha Fox motored over to Daytona Beach yesterday where Mrs. Pittman has taken a cottage for the summer. Dr. and Mrs. Mobley and Miss Fox returned home last night.

Messrs. Randall Chase, Alfred Forster, Robert Deane, Ed. Rumph and Joseph Hutchinson were a congenial party motoring to Daytona Beach yesterday.

Mrs. Henry Ball and baby of Gainesville, are the guests of Mrs. J. G. Ball at her home on Park avenue.

Miss Serita Lake has returned from Daytona Beach where she has been the guest of Miss Fern Ward, for the past week.

Mr. and Mrs. Forest Lake and Miss Maude Lake motored to Daytona Beach yesterday where they spent the day very pleasantly.

Mr. and Mrs. Howard Overlin and Mr. and Mrs. J. C. Smith were a congenial party motoring to Titusville yesterday afternoon.

Mr. and Mrs. Wideman Caldwell, Mrs. William Deane and Miss Lettye Caldwell and Joe Caldwell formed a congenial party motoring to Orlando yesterday afternoon.

What Henry Ford Says About Machine Power Farming

"In the tractor the farmer now has a machine in which is harnessed one of the most adaptable, efficient, economical sources of power in the world—the internal combustion engine.

"The tractor will multiply the productive capacity of each individual farm worker from three to four times over.

"It will put the farmer on a par with the city manufacturer. It will put his produce-producing factory—for that is what a farm is—on to an efficient production basis.

"It will enable each worker to earn so much more that he can be paid more and still leave a greater profit for the man who hires him. It will enable the farmer to work fewer hours in the day, giving him more time to enjoy life.

"I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

FORDNEY TARIFF BILL NOT THE KIND THE PEOPLE WANT

WASHINGTON, July 12.—The Fordney tariff bill was alternately condemned and praised in a six-hour session of the house today. In a speech which drew repeated rejoinders from republicans, Representative Collier, of Mississippi, a democratic member of the ways and means committee, charged that Chairman Fordney had permitted the committee to hear only one side of the case in framing the measure.

Mr. Collier declared the American people had asked for duty free meat and they got lava and skeletons; that they asked for free sugar and got Chinese joss sticks.

"This Fordney bill has put rates so high," he said, "that the people will suffer deprivation. The bill lets leeches in without duty, American leeches have been hanging around the ways and means committee for months asking for rates so high that they would draw the very life blood of the people and I fail to see the logic of letting the other leeches in without being taxed upon the American valuation."

The republican speakers included Representatives Wurzback of Texas, who challenged the democratic members of his state delegation to vote for a bill which, he said, would help their people as much as those of any other section. Support for the measure was also voiced by Representative Martin of Louisiana, a democratic member of the ways and means committee, who announced that he felt it would be beneficial to the south.

The day's debate was marked by an attack on half a dozen sections of the bill by Representative Frear of Wisconsin, the only republican member of the committee which drafted the bill who has not lined up with the majority.

The Wisconsin member centered his fire on the dye embargo provisions and in so doing assailed Francis P. Garvan, former alien property custodian, for the methods he is alleged to have used in disposing of German dye patents. Mr. Garvan, Mr. Frear charged, had not obeyed the laws of his country in the sale of the patents and had violated international law as well.

Alabama Law Enforcement League Rooms are Raided

(By The Associated Press)
MOBILE, Ala., July 12.—Members of the Mobile police force, armed with a search warrant issued by the circuit court, last night raided the rooms of the Alabama Law Enforcement League here, and occupied by William H. Know, and took out eleven cases of liquor and a large quantity of poker chips and other gambling paraphernalia.

Georgia Boys Killed, Mysterious Circumstances Surround it

(By The Associated Press)
ALBANY, Ga., July 12.—Robert and Isaias Temple, aged ten and four respectively, were found dead today with bullet wounds in their body by their step-father, C. M. Hudson, while their mother was in town shopping. The step-father said he found the boys dead on the veranda of the Hudson home, three miles south of Albany. He said he found his own pistol beside the bodies. The boys were evidently shot while eating watermelon. Gary Temple, the father of the boys, was killed in France during the war.

ROTARIANS HAD CRAWFISH.

(From Tuesday's Daily)
The Sanford Rotary club had their regular weekly luncheon at the Valdez Hotel at noon today and while in the midst of their songs and committee reports were served with the biggest and best Key West crawfish that Mine Host Campbell could find. The crawfish were in conjunction with the regular dinner and the Rotarians looked like stuffed toads when they appeared on the streets.

BARTOW, July 12.—Bartow's "mob violence" of several days ago was wery man's predilection for choice pork, an investigation has revealed.

A rope hanging from the limb of a tree with blood stains on the ground below it on the outskirts of this place, caused widespread rumors that there had been a lynching. Crowds went to the scene while municipal authorities furrowed their brows.

Then the perpetrators came forth and explained it was nothing more than a rustic hog-killing.

For office supplies, stationery, etc., come to the Herald office.

PERSONAL NOTES

(From Tuesday's Daily)
Mr. and Mrs. W. F. Blackburn are spending the day here today on business.

Mrs. Robert Jenkins of French avenue, has gone to Charlotte, N. C., where she will spend the summer with her mother.

Mrs. Yeiser, of Jacksonville, is spending some time very delightfully with her sister, Mrs. Mary Phelps, at her home on Palmetto avenue.

Robert Jenkins, Jr., is spending the summer with his sister, Mrs. Lionel Monroe at her home on the West Side.

Mr. and Mrs. Fred Walsman left Saturday in their new car for Benton Harbor, Mich., where they will spend the summer.

Mrs. T. A. Neal, of Orlando, spent Sunday afternoon with her mother, Mrs. Fitts, at her home on the Heights.

Lillie Belle Haynes, who has been associated with the Quality Shop for some time, is now with Mrs. Dressner.

Mr. and Mrs. Ben Monroe and their guest, J. T. Brown, of Hamlet, N. C., and Mr. and Mrs. Allison motored to Deep Creek, Volusia county, yesterday where they enjoyed the day fishing.

Mr. and Mrs. W. J. McBride, Mr. and Mrs. Ben Monroe and Mr. J. T. Brown are spending the afternoon in Orlando.

M. F. Robinson and niece, Mrs. Hammond, returned Sunday from Chicago, and New York, where they have spent several weeks. Mr. Robinson said he came home where it was cool.

Mrs. Deane Turner and Deane, Jr., and Mrs. Savage, left today for Maryland, where they will spend several weeks visiting relatives at Baltimore and Centerville and other places.

Mrs. Paul Biggers and little son, Paul, and her aunt, Mrs. C. A. Justice, of Fort Pierce, leave today for Lewistown, Montana; Omaha, Nebr., Salt Lake City and Yellow Stone National Park.

Mr. and Mrs. J. H. Henley and their guest, Miss Helen Camp, of Atlanta, and Miss Letty Caldwell motored to Coronado Beach yesterday afternoon.

Mrs. McCoullough, of Orlando, is the guest of her sister, Mrs. B. F. Whitner at her home on Oak avenue.

Theo. J. Miller returned home yesterday from Jacksonville where he visited his son, Dr. Oliver Miller.

Miss Sallie Howard, of Barnesville, Ga., is the attractive guest of Miss Gladys Bryan.

Miss Clarice Johnson, who has been the house guest of Mrs. S. W. Walker for some time, left Saturday for her home in Key West.

Mr. and Mrs. M. H. Bowler, Miss Pattysye Aycock and Mr. and Mrs. F. E. Roumillat were a congenial party motoring over to Daytona Beach Sunday where they enjoyed the day very delightfully.

Bill Bossidy, of Tampa, spent the week end with Mr. and Mrs. Andrew Mahoney.

Mrs. Alice Peters and children are spending the summer in Massachusetts with relatives.

Miss Helen Camp, who has been the attractive guest of Mr. and Mrs. J. H. Henley, at their home on Celery avenue, leaves today for her home in Atlanta, Ga.

A. K. Brokaw, of Miami, spent Sunday with his son, Kermit Brokaw, who is manager of the McCrory store here.

Mrs. Orin Strenstrom, Miss Ida Wood, of Brunswood, Mrs. A. W. Smith and Misses Juanita Smith and Cora Rutherford made up a congenial party motoring to Orlando yesterday.

Mr. and Mrs. C. L. Millitzer and children leave this afternoon for Orlando, where they will spend several days with Mrs. Millitzer's parents, Mr. and Mrs. Sorrell, before leaving the last of the week for Cincinnati where they will make their future home.

Mr. and Mrs. Millitzer made many friends here who deeply regret their departure, and hope they will again return to Sanford to make their home.

A happy event of yesterday was the picnic and swimming party given last night at Crystal Lake. The evening was pleasantly spent with swimming and other sports and a bounteous supper consisting of fried chicken, baked chicken, and chicken pilau, salads, sandwiches, cake and iced tea was served. Those attending this event were: Mr. and Mrs. Joe Cameron, Henry and Jodie Cameron, Mr. and Mrs. Bob Merriweather, Mrs. Pope and children, Mrs. Shumaker, Mr. and Mrs. Irving Estridge, Mr. and Mrs. Ossie Estridge, Mr. and Mrs. W. J. McBride, Mr. and Mrs. Kuntz, Mr. and Mrs. R. Z. Johnson, Mrs. B. J. Methvin and others.

CLEARWATER, July 12.—Heavy rains last week caused much damage to the brick highway system in Pinellas county. Between Clearwater and Safety Harbor there were five wash-outs and the road was impassable for automobiles. Low places throughout the county were inundated at times and the tracks of the Seaboard Air Line near Safety Harbor, between here and Tampa, were under 18 inches of water.

SWIFT BRANCH PACKING FIRM GOES UP IN FIRE

JACKSONVILLE BRANCH HAS \$100,000 FIRE THIS MORNING

(By The Associated Press)
JACKSONVILLE, July 12.—Swift & Company's local branch on West Bay street, was destroyed by fire of an undetermined origin at 5 o'clock this morning. The loss was \$100,000, covered by insurance. It will be rebuilt immediately.

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.—Adv.

A lot of people annoy God with their spiritual burdens when all they need is a little something for their livers.

Firestone

CORD TIRES Now Selling at the Lowest Price Level in Tire History

30x3 1/2 - - \$24.50
32x4 - - 46.30
34x4 1/2 - - 54.90
(And Other Sizes in Proportion)

The repair men, who judge values best, class these tires as having the sturdiest carcass made. Forty-seven high-grade car manufacturers use them as standard equipment. They are the quality choice of cord users.

\$13.95 for 30x3 1/2 Regular Non-Skid Fabric

This new low price is made possible by strictest economies and specialized production.

Plant No. 2 was erected for the sole purpose of making 3 1/2-inch Non-Skid fabric tires. With a daily capacity of 16,000 tires and 20,000 tubes, this plant permits refined production on a quantity basis.

All materials used are the best obtainable. The quality is uniform. It is the best fabric tire ever offered to the car owner at any price.

Buying as well as selling at wholesale through the Exchange Supply Company

A merchant who bought at retail and sold at wholesale would soon fail. The manufacturer who neglected to provide raw materials at quantity prices would have little success.

Citrus growers, as individuals, for a long time were forced to sell their product at wholesale while compelled to buy materials and supplies at retail.

This was a losing procedure, because fundamentally unsound. Even though many crops of grapefruit and oranges were profitable, the growers failed to net as much as they should.

The cooperative system of marketing has made it practicable for citrus growers to buy as well as to sell at wholesale. Working together, growers can obtain the lowest prices on materials and supplies by quantity purchases.

The Exchange Supply Company, serving only members of the Florida Citrus Exchange, has proved that cooperative buying is no less a success than cooperative marketing. It has become the largest buying organization in Florida and one of the greatest in the South.

Through the medium of the Exchange Supply Company, citrus growers who necessarily sell their products at wholesale are made purchasers at wholesale of things which enter into the operation of their business. Groves and packing house costs thus are materially reduced.

The Exchange Supply Company does not disturb commercial conditions. It is not a cut-rate, price-breaking institution. So far as these are fair and just, ruling prices are maintained. The savings to growers are paid to them at intervals in refunds and dividends. They get all the net earnings—there are no other stockholders than the Sub-Exchanges and local Associations of the Florida Citrus Exchange.

The business of the Exchange Supply Company has grown from nothing four years ago to an annual turnover of more than three million dollars. Beginning with a capital of less than \$25,000, the enterprise now has gross assets of over two millions—net worth, at greatly depreciated values, more than \$250,000. No cooperative movement anywhere at any time has attained a record of success so outstanding as that of the Exchange Supply Company.

See the nearest Sub-Exchange or Association manager in reference to membership in the Florida Citrus Exchange, which will entitle you to participate in the benefits derived through the Exchange Supply Company from the purchase of grove materials and packing house supplies at wholesale.

PRINCIPAL IN NEW SMYRNA ATTACK IS UNDER ARREST

GUY JORDAN, BROTHER OF GIRL, IS CHARGED WITH TRESPASS BY MRS. SMITH.

Guy Jordan, one of the party involved in the ku klux klan affair at New Smyrna Wednesday night, was arrested Friday on a city warrant charging trespass and will be up for trial this morning before the mayor of New Smyrna. There are rumors that a much more serious charge will be made against Jordan in a few days. W. L. Gause, the man who is said to have struck Mrs. Smith when the band of masked men went to the Smith home to get the Jordan girl, had not been arrested last night, but it is expected charges will be filed against him in a few days. The blow which he is said to have struck Mrs. Smith broke out two of her upper front teeth and badly cut her mouth.

The trespass charge rather than an assault charge was made, it is said, because Mrs. Smith admits slapping Gause before he struck her, and legally a man has a right to defend himself, though the striking of a woman even when legally entitled to do so has never been considered just the proper thing. But of course one of the proposed objects of the ku klux klan is to protect womanhood and the cowardly body of men may feel that the best way to protect them is to knock their teeth down their throats.—Daytona Journal.

And Frank Miller Ate a Rabbit

(From Tuesday's Daily)
 Frank Miller never liked rabbit meat. Says he has no rabbit in him and does not want any. Never could even stand the sight of rabbit meat and out at Palm Springs where he and several other families are camping the idea of the people eating rabbit was actually repulsive to him. So the other night at the camp when Frank had enjoyed a good feed of what he thought was particularly good spring chicken the conversation drifted back to the rabbit stuff and Frank again vehemently stated his position on the rabbit question only to be greeted with roars of laughter for he had just eaten a half of a rabbit and enjoyed it as long as he did not know it. The rest of the camping party are now in hopes that in the next hundred years or more Frank will overcome his distaste to rabbit sufficiently to take a small portion on his plate without making any remarks about what he thinks of rabbit meat. Frank says that what you don't know won't hurt you and this applies to rabbit meat.

COULD BEAT HANDS SHUCKING HIS CORN

AT LEAST J. A. WHITE WOULD BET SO AFTER BEING RELIEVED OF DYSPEPSIA BY TANLAC

"My wife and myself have had stomach trouble," says Mr. J. A. White, residing on the Leestown Pike, R. F. D. No. 6, near Lexington, Ky., "and have both been nervous and run down."
 "We could not eat anything without suffering afterwards and could not sleep at night. We were regular nervous dyspeptics. We tried many remedies without permanent benefit until we heard of Tanlac. I got this medicine and began using it. We noticed immediate results. We are both greatly improved by Tanlac. We give all credit for the change of health to Tanlac. It is a remarkable medicine. "I personally feel so good that I told my hands a day or two ago that I could beat any of them shucking corn. I meant it and believe I could have beat 'em all."

Of all the maladies that afflict humanity chronic dyspepsia, such as Mr. and Mrs. White suffered from, is probably the most prevalent and hours might be consumed in describing the sufferings, mental and bodily, of the victims of chronic dyspepsia. A morbid, unreal, whimsical and melancholy condition of the mind, aside from the nervous physical suffering, is the usual state of the average dyspeptic and life seems scarcely worth the living.

Tanlac, the celebrated medicine, was designed especially for overcoming this distressing condition and millions of people have taken it with the most astonishing and gratifying results. It seems to go straight to the spot, toning up and invigorating every organ of the body.

Tanlac is sold in Sanford by the Union Drug Co.—Adv.

MONDAY BRIDGE CLUB ENTER-TAINED

(From Tuesday's Daily)
 Mrs. A. B. Wallace was the charming hostess yesterday afternoon when she entertained the members of the Monday Bridge Club very delightfully at her home on Third street. Quantities of bright colored flowers were used in decorating the rooms where the card tables were placed. Of unusual interest was the game of bridge played during the afternoon and high score was made by Mrs. B. L. Perkins, who was awarded a lovely corsage of organdie flowers. A tempting salad course, with cake and feed tea was served at the conclusion of the game. Substitutes for absent members were Mrs. M. S. Wiggins, Mrs. Junie Roumillat and Miss Patsye Aycock.

SANFORD TRUCK GROWERS, INC., HAVE MEETING

ANNUAL MEETING AND ELECTION OF OFFICERS FOR THE ENSUING YEAR

(From Monday's Daily)
 The Sanford Truck Growers, Inc., had their annual meeting last Thursday night at the court house and the following officers were elected for the ensuing year:
 T. F. Adams, President.
 J. J. Bolley, Vice-President.
 J. C. Hutchinson, General Manager.
 Board of Directors: A. Company, J. C. Ellsworth, W. S. Hand, A. Van Ness, Geo. E. Bolmes, and J. B. Jones, Oviedo.
 All of the new officers are well known and prominent truckers of this section who have been ardent advocates of the co-operative growing and marketing of fruits and vegetables and have been members of the organization since it started here in Sanford. The past year was a very successful one and the coming season should be even better and the members of the Sanford Truck Growers, Inc., are well satisfied with results.

GENEVA

Roland Reed, of Lake Harney, was in Sanford on business Wednesday. Miss Edna Gieger, who has been sick, is able to go to work again. She is taking care of the postoffice while Mrs. M. E. Wicks is on her vacation. Mrs. Joe Stephens, of Osceola, called on Mrs. Fred McFarland Thursday.
 Mr. Franklin, the depot agent, left Saturday for Daytona.
 Mrs. W. Adams, Mrs. Endor Curlett and E. H. Kilbe were shopping in Sanford Tuesday.
 Mr. and Mrs. William Kilbe, Rufus Brown left Sunday for Ormond to spend the Fourth with his sister.
 Those spending the Fourth at Coronado were: Mr. and Mrs. Moran and family, Mrs. Taylor, Mazell Taylor, Mr. and Mrs. William Daniels, Mr. and Mrs. Harrison, Mr. and Mrs. T. W. Prevatt, Mr. and Mrs. Tom McClain and family and Merle Douglas. They all reported having a fine time with the sand flies.
 Mr. and Mrs. T. W. Prevatt and Mrs. J. M. Prevatt spent Wednesday in Kissimmee.
 Miss Lula Leffles is taking care of the telephone exchange while Mrs. Culppeper is on her vacation.
 Mr. and Mrs. Walter Flynt have moved into the hotel where Mrs. Flynt will have charge.
 Mr. and Mrs. McQueen and children, of Glenn St. Mary are visiting Mrs. Grover Leffles.
 Mrs. Nickolson leaves today for Daytona to visit her son, Oscar.
 Dan Hart is very ill.
 C. W. Culppeper, Jr., got severely burned Wednesday.
 Mrs. Vick Peters was shopping in Sanford Thursday.
 The Community club met at the hotel Tuesday afternoon.
 Roland Dan, of Chuluota bought Mr. Harrison's fine milk cow last Monday.
 Mr. and Mrs. Grover Leffles, Mr. and Mrs. McQueen and family, Mr. and Mrs. Vick Peters and Mrs. Whetthis spent the Fourth along the creek fishing.
 Mrs. Ballard and daughter, Elizabeth and Eva May Brown left yesterday for DeLand where they will attend the assembly of the Baptist church. They will be gone two weeks.
 Mrs. McFarland and Mr. Stover were shopping in Sanford Saturday.
 Mr. and Mrs. David Speer of Sanford, Mr. and Mrs. Willie Griggs of Chuluota and Mr. and Mrs. C. W. Culppeper, Mr. and Mrs. Claude Raulerson, Mrs. Wicks and about 25 friends from Georgia and Jacksonville are camping at Lake Harney. They will camp there about a month.
 Mr. and Mrs. H. H. Pattishall left Sunday for their home in the north.

SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
 Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.
 Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.

NOTICE TO CREDITORS

I hereby give notice to all parties owing me an account over ninety days old, unless satisfactory settlement is made within sixty days from this date your account will be advertised for sale.
 Yours truly

Drowned at St. Pete, Almost Reached Bank Boy Goes to Bottom

(By The Associated Press)
 TAMPA, July 12.—Charles Willis, aged 14, was drowned at St. Petersburg within a few feet of shallow water in Big Bayou. The boy started to swim the 30-foot channel but became exhausted and sank.
 Once in a while you see a long skirt. And you wonder what's the matter with her legs.

DR. MILES' NERVINE

Heal Cuts
 Apply lots of antiseptic
Mentholatum
 Soothes and heals gently and quickly.

Buy a pipe—
 and some P.A.

Get the joy that's due you!

We print it right here that if you don't know the "feel" and the friendship of a joy's jimmy pipe—**GO GET ONE!** And—get some Prince Albert and bang a howdy-do on the big smoke-gong!

For, Prince Albert's quality—flavor—coolness—fragrance—is in a class of its own! You never tasted such tobacco! Why—figure out what it alone means to your tongue and temper when we tell you that Prince Albert can't bite, can't parch! Our exclusive patented process fixes that!

Prince Albert is a revelation in a makin's cigarette! My, but how that delightful flavor makes a dent! And, how it does answer that hankering! Prince Albert rolls easy and stays put because it is crimped cut. And, say—oh, go on and get the papers or a pipel! Do it right now!

PRINCE ALBERT
 the national joy smoke

Pays for Fertilizer
 Summer fertilizer on citrus trees pays for itself in two ways—gives larger fruit, therefore more boxes, and a greater bearing surface for next year's crop. We recommend
SEMINOLE TREE GROWER IDEAL HIGH GRADE FRUITER
