'It Was The Will Of God,' Lake Mary Woman Says Of Rescue By Ministers

By LARRY VERSHEL
 "It was the will of God," a Lake Mary woman recalled today after her family's prized possession was saved from fire by a group of Baptist ministers.
 "I don't know what would have happened if those ministers hadn't come along when they did," said Mrs. George Elliott, who lives with her husband and 13-year-old son in Lake Mary.
 Here is Mrs. Elliott's story:

Last week the family packed up all their winter belongings for a trip to Casey, Ill.
 They were 50 miles from Sanford when the son, Howard, who was sleeping in the back of the family's pickup truck was awakened by a "light" in front of him.
 "Before we realized it, the back of the truck was on fire," Mrs. Elliott said. "All our clothes and mattresses were on fire."

The Elliotts stopped the truck and tried to fight the blaze that began to get out of control.
 "My husband and I were burned pretty badly and it looked like the truck would be lost," she said.
 "All of a sudden, two car loads of ministers on their way to a convention pulled alongside.
 "They were in their Sunday best," she added.
 Mrs. Elliott said the ministers, paying no attention

to personal safety, started a bucket brigade and extinguished the blaze in a matter of minutes.
 "Without their help we would have lost the truck. It is our most prized possession as my husband makes his living with that truck," Mrs. Elliott said.
 "We would have surely lost everything if it weren't for them," she said.
 "It was the will of God."

Both Sides In Steel Talk Accused Of Pact Holdup

PRESIDENT EISENHOWER gave the birthplace of the National Republican Committee at a pre-birthday party. Shown during the presentation on the White House lawn are Mrs. Clara B. Williams, left, assistant chairman, and Sen. Thurston B. Morton, chairman of the committee. The president is 69 today. (UPI Telephoto)

No Break Expected By Deadline

WASHINGTON (UPI) — The chairman of President Eisenhower's fact-finding board today accused both sides in the steel strike of taking "adamant" positions that brought on a breakdown in collective bargaining.
 The fact-finding board asked the president today for a three-day extension—until Monday—for filing its report.
 The report will determine whether the president will ask the Justice Department to seek an injunction to halt the steel strike for 90 days.
 Prof. George W. Taylor, after hearing opening testimony on behalf of the steel companies, drew from their chief negotiator a statement that management has been unwilling to negotiate on any wage demand that would raise steel production costs by more than 10 percent.
 Taylor, who heads the labor-management board, emphasized that the United Steelworkers Union has been equally "adamant" in demanding there should be no change in contract provisions regarding working conditions.
 R. Conrad Cooper, chief negotiator for the industry, contended in his testimony that the union has been equally adamant in demanding wage increases which would hike production costs two or three times the two percent figure.
 Taylor said "that is not my understanding." He asked USW President David J. McDonald to answer from the audience whether the union's wage demands were negotiable.
 "I don't want a speech, I just want an answer," Taylor said.
 "The answer is 'yes,'" McDonald replied.
 Cooper commented: "We have come all this way for Mr. McDonald to say his wage demands are negotiable. It has not been so in the meetings we have had."
 The spokesman for the 12 biggest steel firms told the three-man fact-finding panel that "unhappily" the companies and the steelworkers "are not even in agreement as to what the basic issues are." He blamed the union for the impasse.
 Taylor finally broke into union witnesses' testimony Tuesday in an attempt to define in plain terms why the steelworkers are resisting the proposals.
 They agreed that it was primarily an effort to prevent management from exercising unchecked power to cut the traditional size of work crews in the mills and throw men out of work.
 Taylor was far from satisfied with this "bit of progress," however, and blistered both sides for their failure to settle the strike. He accused them of endangering democratic procedures by scuttling the bargaining process.
 Even while the hearings droned on in the gold-and-green conference room of the interdepartmental auditorium, federal attorneys prepared legal papers for seeking an injunction to send the men back to work for 90 days.
 The union's plan to fight this move in the courts has spurred more than the usual amount of research into precedent-setting cases and legislative history of the Taft-Hartley Act.

News Briefs

Steel Import Checked
 TALLAHASSEE (UPI) — The state is holding up acceptance of 300 tons of steel from Holland pending tests to determine if the metal meets standards. The steel was ordered on an emergency basis for manufacture of Florida license plates.

World Unity Urged
 UNITED NATIONS, N. Y. (UPI) — President Adolfo Lopez Mateos of Mexico said today the world must unite against the horrors of war and work for a "dynamic, generous realistic peace." The Mexican president spoke before a plenary session of the 82-nation General Assembly.

Photo Rule Upheld
 TALLAHASSEE (UPI) — The Florida Supreme Court today struck by the judicial canon which bars the taking of news and television pictures in a courtroom. The court ruled in an opinion last November that the taking of such pictures tends to disturb the judicial processes and shall not be permitted.

Fruit Shipments
 WINTER HAVEN (UPI) — Daily carloadings in boxes from the Citrus Vegetable Inspection Division: By rail, 15,935 grapefruit, 567 oranges; by boat, 2,327 grapefruit, 125 oranges; by truck, 62,839 grapefruit, 26,303 oranges; total, 82,101 grapefruit, 26,995 oranges. Cannery receipts, 30,064 grapefruit, 21,998 oranges.

Negroes Delay Sale
 JACKSONVILLE (UPI) — The city commission has postponed sale of two municipal golf courses following a petition for an injunction filed by a group of Negroes. The commission decided Tuesday to study the situation another week before taking action. The injunction suit was filed Monday seeking to enjoin the city from selling the courses below par value.

Polio Shot Day Slated Oct. 24

Polio vaccine inoculations will be available Oct. 24 at Sanford-Seminole Jaycees' Tourist Information Building from 9 a. m. to 5 p. m.
 Registered nurses will administer the shots, at the 403 French Ave. building. The Jaycees are planning to sponsor a complete series of three shots to be given over a period of about seven months. Jaycee publicity chairman Dave Klingensmith said yesterday. Other speakers, recommended each year after the third inoculation, will also be available Oct. 24. Klingensmith said.
 Disposable sterile needles to be used only once will be used in the inoculations which are backed by the Seminole County Health Department. The \$1 charge is to cover the cost of the vaccine and inoculation materials, Klingensmith explained. Hours for inoculation of Negroes will be either 1-5 p. m. or 2-5 p. m.

U.S. In Dazzling Assault With Satellite, Missiles

CAPE CANAVERAL (UPI) — A complex earth satellite leaped into orbit and two big missiles soared hundreds of miles Tuesday in one of America's most dazzling assaults to date on space and its fringes.
 The 91.5-pound satellite launched by a 60-ton Juno II rocket, was sandwiched between successful edge-of-space shots by a Thor IRBM and an air-launched ballistic missile (ALBM).
 The ALBM was fired from a B-47 bomber toward the general direction of the Explorer VI "Padd-

New Squall Seen Over Caribbean

MIAMI (UPI) — A long line of squalls pushed into the central Caribbean today with top winds estimated at 45 miles per hour.
 The Miami Weather Bureau emphasized the so-called easterly wave has not shown signs of developing a circular tell-tale movement of a tropical storm.
 A hurricane hunter plane was dispatched from Puerto Rico to reconnoiter the squall area.
 Ship reports indicated the disturbance stretched across the width of the Caribbean from southern Cuba to northern Colombia, a distance of about 800 miles. It was moving to the west at 15 to 20 miles per hour.

Fund Solicitation Meeting Tomorrow

United Fund solicitation in Pinecrest will take place tomorrow night between 5 and 7 p. m. UF Pinecrest Subdivision One solicitors met yesterday at Mrs. Charles Winship's Pinecrest home to discuss plans for the canvass. Heading the solicitations will be Mrs. Michael Carlo, 2831 Park Ave. Workers are to bring donations to the Pinecrest Kiddies Korner where Mrs. A. L. White will receive and record the contributions.
 Mrs. Winship is addition one captain. Her helpers are Mrs. Phillip Keck, Mrs. Charles Bassman, Mrs. Richard Conn, Mrs. Howard Miller, Mrs. L. D. Stidig, Mrs. Herman Stanley and Mrs. James Knowles.
 Addition Two is headed by Mrs. Bernard Fitzgerald, assisted by Mrs. Nell Kader, Mrs. Frank Galton, Mrs. Harold Sherwood and Mrs. Joe Day. Mrs. G. G. Zimmerman is captain for Additions Three and Four. She will be assisted by Mrs. Tom Stewart, Mrs. Neil Johnson and Mrs. Russell Hurd.
 Workers in other Pinecrest areas include Mrs. Al Hunt, Mrs. Ralph Jarvis, Mrs. Wayne Rucker, Mrs. Milton Smith, Mrs. William Stemper, Mrs. E. C. Harper, Mrs. William P. Smith, Mrs. Robert Mahan, Mrs. Sonny Powell, Mrs. John Angel and Mrs. C. Redding.

Local Boosters' Club Set To Meet

The Seminole High Boosters' Club will finalize plans for running a Football Fans Special to Fort Myers Friday for the Sanford-Fort Myers football game.
 The 7:30 meeting tonight at Seminole High will wind up the Boosters' Club membership drive. All money and unsold membership cards must be turned in at this meeting. President Gordon L. Bradley announced. Films of the Seminole - Titusville football game will be shown by Coach Jim Pigott.

Post Office Set For New Look Soon

The Sanford Post Office will get a new look by Christmas. Postmaster Joel Fields said today. Fields said the interior of the post office will be painted and carriers moved out of the building "sometime next week."
 Fields said the department is just waiting confirmation from district headquarters in Atlanta on where to relocate the carriers until the paint job is finished.
 Indications are that the carriers will rent an empty store on Oak St. and Second until the painting job is completed.

Area Heart Council To Meet Tonight

The Seminole-DeBary Heart Council will meet at 8 p. m. today at Mrs. J. G. Kessenik's home, 221 Formosa Rd., DeBary.
 Development of a heart rehabilitation clinic and a heart benefit will be discussed.

A HAPPY LANDING was made by Mr. and Mrs. Sellers R. Beckner this morning as they landed by helicopter to become the first persons to move into the new Seminole County Mottler Homes development. Beckner and his wife are both employed at the Martin plant in Orlando. Congressman Syd Herlong and Seminole County officials were on hand to welcome the Beckners to their new home and to open the development by Miami builder Herbert Heffler.

McCarty Enters Race And Splits With Collins On Reapportionment

FORT PIERCE (UPI) — Circuit Judge John McCarty, who has announced he will become a gubernatorial candidate, split sharply over reapportionment with his old friend, Gov. LeRoy Collins.
 McCarty, brother of the late Gov. Dan McCarty, said Tuesday he will announce his candidacy "as soon as I resign from the bench." He also said he will fight against the proposed reapportionment amendment that goes before the voters Nov. 3.
 McCarty said his experience in directing the governor's office during his brother's seven-month illness in 1953 has helped him see the problems of the office.
 "The people know that Dan brought honor, integrity, and decency into the governorship," McCarty said. "I want now to finish the programs which he started."
 He said he did not believe the 41-nator, 103-representative reapportionment proposal will be a campaign issue.
 "The people will settle this reapportionment question on Nov. 3 and it will not be an issue," he said.
 Collins took a different attitude. Contacted by telephone in Asheville, N. C., where he is attending the Southern Governors' Conference, Collins said he was "disappointed" in McCarty's decision to fight against reapportionment.
 "It certainly will be an issue in 1960," Collins said.
 He said he would not comment on McCarty's proposed campaign announcement until after he talked with McCarty, who has indicated he wishes to discuss matters with the governor.
 "I want to emphasize that Roy Collins and I have been friends for years and that naturally political disagreement of this kind will arise," McCarty said.
 He said he did not want to be known as an "anti-Collins" candidate.
 "Yet if he (Collins) is going to

Canal Not Too Far Away, Herlong Tells Sanford

The Sanford-Titusville Canal will become a reality in the not too distant future, Congressman Syd Herlong reported yesterday on his annual tour through Sanford.
 "There is no doubt that the Corps of Engineers will okay this project as soon as legislation is passed on the cross-state barge project," Herlong said.
 Herlong pointed out that the Sanford-Titusville Canal is an integral part on the large project "and the engineers realize this."
 "Engineers are the first to point out now how feasible the Sanford-Titusville project is in this area," Herlong said, adding that there is no question that the barge canal project will be included in next year's budget.
 Discussing other topics of state importance, Herlong said he favors Sen. George Smathers as the most promising candidate for the "favorite son" role in the forthcoming presidential election.
 "He will put Florida in the line-

Dickinson Cites State's Road Need

Florida's road system is 20 years behind in time and \$300,000 behind in economic necessity, Sen. Fred O. Dickinson told the Sanford Lions last night.
 Dickinson stressed the necessity of building Florida's economic fibre to the Lions and their wives at a Civic Center dinner which marked the 34th anniversary of the local club's chartering.
 "If Florida doesn't start planning for a better road and conservation system we will regret it in the future," Dickinson said. He emphasized that we must use our fruit growth and natural resources to attract more people to the state.
 There aren't enough recreation parks in Florida according to the senator from West Palm Beach.
 Last year 845,000 people registered in Hugh Taylor Birch Park near Fort Lauderdale but the state has only 33 such parks for weekend picnic and entertainment, Dickinson said.
 Only three are as large as Taylor Park, he added.

CO-CHAIRMEN of Stetson University's Seminole County's enlargement campaign in Seminole County, Doug Stenstrom, left, and Bralley Odham were appointed by university officials at a meeting here yesterday. The purpose of the drive is to raise money to enlarge the Stetson facilities at DeLand. (Bergstrom Photo)

Donations Gain

The United Fund received \$271.50 from 29 contributors yesterday. This makes \$2,148.25 in total donations so far. The money came from 133 contributors.

Interstate Shipping Standards For Citrus Set Through Nov. 16

LAKELAND (UPI)—The federal marketing agreement committee set in force shipping standards for citrus in interstate commerce Tuesday to last through Nov. 16.

The Growers Administrative Committee and the Shippers Advisory Committee made no changes in orange standards and just a slight change in grapefruit regulations. But they set for the first time this season minimum standards for tangelos, tangelos and tangelos.

The new regulations, to go into effect Oct. 19, are:

- Tangelos: U. S. No. 1 bronze or better, 2 1/2 inches in diameter with a 10 per cent tolerance for undersized fruit.
- Oranges: Remain the same at U. S. No. 1 bronze and better, size 2 1/2 or larger.
- White and pink seeded grapefruit: Remain the same at U. S. No. 1 bronze and better, size 70 and larger.
- White and pink seedless grapefruit: Indian River fruit remains the same at U. S. No. 1 modified russet, size 90 and larger.
- White and pink seedless: Interior fruit U. S. No. 1 modified russet, size 90 and larger previously was U. S. No. 1 bronze and better.

Martial Law Clamped On Congo Port City

MATADI, Belgian Congo (UPI)—Martial law was clamped on this Belgian Congo port city today following the death of six Africans shot down by police in a riot Tuesday night.

Twenty more Africans were reported injured when police opened fire on about 300 demonstrators in the African quarter who had gathered there in defiance of a curfew. Twelve Europeans were hospitalized after being manhandled by demonstrators.

Ad Manager Attends Meet

Mrs. Evelyn J. Cushing, advertising manager of the Sanford Herald, attended the Fall convention of the Florida Newspaper Advertising Executives in Tallahassee this past weekend.

Police armed with submachine guns patrolled the tense streets today. Gatherings of more than five persons were banned and a curfew from 7 p. m. to 7 a. m. was enforced.

European paratroopers in Thysville, 100 miles up the railroad toward Leopoldville, were alerted to stand by in case of more violence. The outbreak was said to have a religious background. It occurred after 300 members of the Ngunzist religious sect ignored a curfew imposed last Saturday following a mob attack on a European.

William H. Meyer, a Quaker, is the first Democratic Congressman from Vermont since 1852. He registered as a conscientious objector during World War II and is believed to be the first conscientious objector ever elected to Congress.

Mrs. Mary Pezold Succumbs At 62

Mrs. Mary M. (Lena) Pezold, 62, of 800 Palmetto, died yesterday afternoon at Seminole Memorial Hospital after a short illness.

Mrs. Pezold was a native of St. Louis, Mo., and came to Sanford in 1920. She was a member of All-Souls Catholic Church and the American Legion Auxiliary. She is survived by her husband, Paul Pezold; two daughters, Mrs. C. W. Wainwright and Mrs. Norman Wainwright; one son, Paul Pezold, Jr.; one sister, Mrs. W. H. O'Leary; one brother, A. J. Webber. Rosary services will be held at 8 p. m. tonight at Gramkow Funeral Home, and a mass Thursday at 9:30 a. m. at All-Souls Church.

Art Importance Stressed At Meet

The importance of arts groups in community life was stressed at a meeting of the Sanford Art Association last night.

Joe Fasio, president of the New Smyrna Beach Art Association, told the group that the ideal of all art groups is to foster and advance art appreciation in the community and to encourage and advance artistic ideals. The local association was invited to attend an exhibit and reception of the New Smyrna Beach Club, Nov. 4. The tentative first exhibit of the Sanford Art group will be Nov. 29 at the civic center. Other guests at the meeting were Mary Pike Foster and Helen P. Hamill of the New Smyrna Beach Club.

STRIKE BALL TOSSED TO THE PRESIDENT—Guy Farmer (top, center), chairman of the three-man fact-finding board in the East Coast dock strike, confers in Washington with Alex Chopin (left) of the New York Shipping Association and Louis Waldman of the International Longshoremen's Association. Each side blamed the other in the walkout. The board then sent its report by jet plane to President Eisenhower in Palm Springs, Calif., for action in seeking an injunction under the Taft-Hartley law. At bottom, supporters of the United Steelworkers Union gathered in Los Angeles for a motorcade to Palm Springs to urge that no injunction steps be taken in ending the steel strike despite the breakdown of contract talks.

HAPPINESS THROUGH HEALTH BY DR. F. LEO KERWIN

Pain is a Warning: Pain is always a friend to begin with, because it is a warning of serious consequences to follow, unless certain conditions are complied with. Like other warnings this one is seldom heeded.

If people would heed this warning and live sanely, they would live much longer. In ignoring such warnings, we shorten the course that leads to the place where freedom ends and suffering begins. It was never intended that man should suffer in body. There is a way to prove a healthy mind and body possible. You do your part — consult a Chiropractor and let him do his part; the results will follow. He releases nerve interference by an adjustment. The vital force of nerve energy is returned to the organs or tissues which it normally supplied and health is the result. Pain is a warning of trouble. Have the cause of the pain located and corrected before it becomes chronic. One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 S. French Ave. and his telephone number is FAirfax 2-7442.

Enterprise Episcopal Women Open Season With Program

The first meeting of the year of the Enterprise Episcopal churchwomen was held at the parish house with Miss Elma Johnston, presiding. During the business session, plans were completed for a dessert card party at the DeBary Civic Center Oct. 25, beginning at 7 p. m. Mrs. Arthur L. Willgoose will serve as general chairman and table favors and door prizes will be provided.

Representing All Saints Church at the Dayton Deanery were Mrs. Michael McDermott, Mrs. Harry Johnquest, Mrs. Mills-paugh Van Brackle, Mrs. Edwin French, Mrs. Thomas Hodgett and Miss Johnson. It was announced that the new year and special memorial of the Bishop Gray Inn at Davenport is scheduled for Nov. 18. Bishop Henry Louitt will conduct the dedication service and All Saints Church is planning to send several representatives to the ceremony.

Mrs. Van Brackle, christian education chairman, conducted the worship service. Mrs. Willgoose gave an interesting talk on women missionaries of the Episcopal Church, their recruiting and training. Hostesses for the meeting were Mrs. Edwin Hoffmire, of DeBary; Miss Katherine Litch and Mrs. Robert Cox.

OFFICERS OF THE ENTERPRISE EPISCOPAL CHURCHWOMEN are, left, Mrs. Marion Waite, secretary; Mrs. Erma McDermott, treasurer; Miss Elma Johnston, president and Mrs. Harry Johnquest, vice president. (Photo by Cox)

Miss Nellie Beasley Honored

Miss Nellie Ruth Beasley, popular bride elect of Oviedo was honored at a miscellaneous shower Saturday evening which was attended by 75 guests. Miss Beasley seated at the bride's table, overlaid with a linen cloth, was centered with a special arrangement of the same flower.

Miss Beasley seated at the bride's table, overlaid with a linen cloth, was centered with a special arrangement of the same flower. The bride's table, overlaid with a linen cloth, was centered with a special arrangement of the same flower.

"First Baby," a cocker spaniel puppy, was presented Miss Beasley by Mrs. Jones as a humorous closing gift. Refreshments were served in the dining room. The serving table, overlaid with a lace cloth, was centered with a miniature bride and groom doll under a heart-shaped arch surrounded with pink coral vine interspersed with pink hibiscus. Crystal candelabra holding white tapers flanked the centerpiece. The crystal punch bowl and a lazy-Susan holding potato chips and dip were placed at opposite ends of the table. Crystal and silver holders contained chicken salad sandwiches, pimento cheese sandwiches and minis.

Circle Hears About Bonsai Dwarf Trees

The Camellia Circle of the Sanford Garden Club met for their first meeting of the season at the home of Mrs. Donald Flamm. Serving as co-hostesses were Mrs. John Keeling and Mrs. Stuart Stetson.

Shoemaker, Jr., gave various announcements and reports from the board meeting. Mrs. W. L. Gramkow, flower show chairman, gave a brief outline of the coming flower show and urged members to enter either artistic arrangements or specimens of horticulture. The show will be open to the public at 3 p. m. following the luncheon and general business meeting.

Five members of the Camellia Circle attended the all day workshop in Mt. Dora. They gave reports on the various ideas they had learned at the workshop. Guest speaker for the evening was Mrs. J. M. Fahy, who spoke on the art of Bonsai or dwarf trees. Mrs. Fahy told the story concerning the origin of the Bonsai trees in Japan. She displayed several trees in beautiful small ceramic containers which she had made.

Lake Mary

Personals

By IDA MAY SJOBLOM Mrs. J. G. Osburn and her father, R. H. Chambers, drove to Havana to visit Mrs. Osburn's son and his family. Mr. Chambers then went to Chipley, where his wife has been visiting with her mother and sisters. Mr. and Mrs. Chambers and Mrs. Osburn returned Sunday.

Mr. and Mrs. Howard Wells, of Winter Haven, were weekend guests in home of Mr. and Mrs. R. M. Lankford.

WMS Hears Program On China Schools The Women's Missionary Society of the Lake Mary Baptist Church met on Tuesday evening at 7:30 p. m. at the church. Mrs. C. N. North presided over the business session and Mrs. Willard Bowman was in charge of the program which was a study of the schools in China. Those attending were Mrs. J. A. Varn, Mrs. J. E. Green, Mrs. J. A. Post, Mrs. W. Bowman, Mrs. J. T. Beal, Mrs. L. M. Cosson, Mrs. J. East, Mrs. C. C. Holley, Mrs. G. Ricketson, Mrs. J. A. Chalkley, Mrs. T. W. Wansley and Mrs. C. N. North. Following the meeting refreshments of punch and cookies were served.

WMS Hears Program On China Schools

The Women's Missionary Society of the Lake Mary Baptist Church met on Tuesday evening at 7:30 p. m. at the church. Mrs. C. N. North presided over the business session and Mrs. Willard Bowman was in charge of the program which was a study of the schools in China. Those attending were Mrs. J. A. Varn, Mrs. J. E. Green, Mrs. J. A. Post, Mrs. W. Bowman, Mrs. J. T. Beal, Mrs. L. M. Cosson, Mrs. J. East, Mrs. C. C. Holley, Mrs. G. Ricketson, Mrs. J. A. Chalkley, Mrs. T. W. Wansley and Mrs. C. N. North. Following the meeting refreshments of punch and cookies were served.

Ladies Auxiliary Meets At Firehouse

The Ladies Auxiliary of the Lake Mary Volunteer fire department will meet at the fire house tomorrow evening, Oct. 15 at 8 p. m. All women of the community are urged to be present to help complete plans for the Halloween masquerade party to be held at the Fire House Oct. 31.

Parents Announce Wedding

Mr. and Mrs. R. H. Beckham, 2510 Magnolia Ave. announce the marriage of their daughter, Eva Faye to Larry Franklin Green of Sanford. They were married Sept. 29 at Fulkson, Ga. and are temporarily living at the home of Mrs. Green's parents.

Five Families Visited By W.W.

Newcomers welcomed to the Sanford area by the Welcome Wagon hostess last week include, Mr. and Mrs. William D. Dixon and sons, Dwight and Allen from Pensacola. Mr. and Mrs. Grifton Presnell from Ft. Wayne, Ind.; Mr. and Mrs. V. R. Jones and son, Gary David, Kim and Jim. They come from Arriba, Colo. Mr. and Mrs. L. J. Leprance from Cortland, N. Y. and Mrs. L. J. Housel from Akron, Ohio.

League Plans Rummage Sale

The Friendship League of the Congregational Christian Church met at the Fellowship Hall of the church Monday afternoon to complete plans for the rummage sale to be held at 320 East First Street Oct. 23 and 24. Those who wish to donate items to be sold are requested to call the chairman, Mrs. Alice Ivers, and she will make arrangements to receive the goods at the sales room. Proceeds of the sale will be donated to the work of the church.

Hibiscus Circle Tours Nursery

The Hibiscus Circle of the garden club met at the home of Mrs. Margaret Spencer, on Lake Marian, for a covered dish luncheon. After a tour of Mrs. Spencer's beautiful garden the group went to the Bamboo Nursery in Apopka. The owner of the nursery spoke to the group concerning house plants, stressing that they require more leaching than fertilizer and that the tougher and darker the leaf the more shade they should have.

County Council Meets Tomorrow

The Home Demonstration Council will meet tomorrow at the home demonstration center with the Sanford club as hostess. The program begins at 10:30 a.m. with a covered dish luncheon at noon. On the business agenda is election of county officers and reports from delegates to the short course.

Arrangement By Ixora Members Chosen For Club Calendar Book

The home of Mrs. T. W. Mero on Twin Lakes was the setting for the first fall meeting of the Ixora Circle of the garden club with Mrs. Howard McNulty and Mrs. Ralph Dean serving as co-hostesses. A covered dish luncheon was served at 12:30 followed by the business session conducted by Mrs. Wright Kirtley, chairman. Mrs. Kirtley announced that arrangements done by Mrs. Fred Gramax and Mrs. Andrew Bracklen of the Ixora Circle had been chosen to decorate the garden club calendar book, published by the state federation of garden clubs. Announcement was also made of a workshop to be held Nov. 19 at the Home Demonstration Center. It will be based on garden therapy and junior club work. Mrs. Harry Lee Jr. gave a report on the workshop held in Mt. Dora last week. Others present included Mmes. David Bach, Don Bales, Andrew Bracklen, John Burton, Fred Gramax, Spencer Hardin, B. B. Hallingsworth, W. E. Knowles, John Morgan, Vann E. Parker, W. V. Roberts, R. M. Rosemond, Robert Sheldon, J. E. Terwilliger and Volie Williams Jr.

HOLLY ARTHUR, enjoying a birthday party given by her parents, Capt. and Mrs. Gerard Arthur in honor of her fourth birthday, at the Arthur home, 229 Flamingo Dr. in Sunland Estates. Front row at left, Ginger Sullivan, Melissa Bergstrom, Cindy Cheefsky, Holly, and China Sullivan. Back row, Sandy Arthur, (the honoree's brother), G. H. Bergstrom and Candy Cheefsky. The young guests received favors of pinwheels, candies and toy jewelry and were served refreshments of ice cream cones, cake and soft drinks. Following the party and playtime they went swimming in the children's water pool. Some of the mothers assisted with the entertaining. (Bergstrom Photo)

Miss Flynt To Wed Edward Barbour Jr.

Final plans are announced for the wedding of Miss Mary Jane Flynt, daughter of Mrs. Hazel Flynt and S. Edward Barbour Jr., son of Mr. and Mrs. S. E. Barbour Sr. The ceremony will take place at the First Methodist Church Saturday at 2 p. m. with the Rev. T. C. O'Steen and Dr. W. P. Brooks Jr., officiating. No formal invitations are being sent and all friends of the couple are invited to attend. Following the ceremony a family buffet supper will be served at the home of the bride.

Smathers Hold Cook-out Party

Joe and Lib Smathers recently held a large informal cookout at their home on Lake Emma. The meal consisted of a roast pig with all the trimmings.

Dirt Garden Circle Makes Nursery Tour

Members of the Dirt Gardeners' Circle met at the home of Mrs. George Harlin and went in a group to Farrell's Shack in Winter Park for a luncheon and business meeting. A tour of the nursery was conducted in the afternoon. Members enjoyed the begonias, philodendron, bromeliad beds and the lovely fern shade house. The nursery is planted with many native plants.

Teachers party Tomorrow Night

The American Home Department of the Sanford Woman's Club will entertain about 200 school teachers and their guests at the annual teacher's party, tomorrow evening at 7 o'clock at the Pinecrest school. Mrs. A. W. Woodall is general chairman with Mrs. J. P. Wilson co-chairman.

Hemerocallis Circle Meets

The Hemerocallis Circle of the Sanford Garden Club met Thursday evening at the home of Mrs. C. F. Lind, Elder Springs with Mrs. Eric Vihlen presiding. Mrs. Lind, program chairman, introduced Charles Chelman, of Farm Forestry Service, who gave an interesting talk on shade trees. He spoke of the various insects and fungi that attack trees and the method of control through the use of fungicides. Mr. Chelman also told the correct method of pruning and the use of tree paint at the point of severing. A question and answer period followed when members received advice on individual tree problems. Refreshments were served by the hostesses, Mrs. Lind, Mrs. Vihlen and Mrs. J. C. Sikes.

Smathers Hold Cook-out Party

Joe and Lib Smathers recently held a large informal cookout at their home on Lake Emma. The meal consisted of a roast pig with all the trimmings.

OES Meets Tomorrow

Seminole Chapter 2, Order of the Eastern Star will observe friendship night tomorrow at 8 p. m. at the Masonic Hall. All Eastern Star members in the area are cordially invited to attend.

Beasley, Riggins Wedding Plans Announced

Miss Nellie Ruth Beasley, daughter of Mr. and Mrs. J. G. Beasley of Oviedo announces final wedding plans for her marriage to George A. Riggins, son of Mr. and Mrs. G. J. Riggins, Omega 614. The wedding will take place in the Oviedo First Baptist Church at 8 p. m. this Saturday with the Rev. Jack T. Bryant, pastor, officiating at the double-ring, candlelight ceremony.

Church Calendar

THURSDAY The Ladies Aid of the Lutheran Church of the Redeemer will meet at 7:30 p. m. Methodist Men meet at the home of Alvin Calhoun for the annual smoked mullet supper. Royal Ambassadors of First Baptist Church 7 p. m.

President Files Back To Capital For Birthday Fete

ABILENE, Kan. (UPI) President Eisenhower speeds by jet plane back to Washington today for a quiet 60th birthday dinner at the White House with his slightly ailing wife and other members of the family.

The Chief Executive flew Tuesday to Abilene, his boyhood home, for ground-breaking ceremonies on the site of the new three-million-dollar Eisenhower presidential library. He was accompanied by his brother, Dr. Milton S. Eisenhower, president of John Hopkins University.

Press Secretary James C. Hagerty told reporters that when Eisenhower returns to the White House shortly after 2 p. m., he was expected to spend part of the afternoon in his office before the strictly family observance of his birthday.

LONG WAY FROM HOME — Three teenaged girls, thought at first to be kidnap victims, were captured with the three men with whom they fled their Helena, Mont., home. Shown in the jail at Apalachicola, Fla., are (left to right): Claudia Fuller, Sharon McDowell, and Sharon Balazs. The girls were thought to have been kidnapped, but questioning after their capture revealed they had accompanied the men freely. (UPI Telephoto)

The President had no intention of holding a news conference in Washington today, but the White House did not close the door on a presidential meeting with reporters later in the week.

This was the fifth trip Eisenhower has made to Abilene since becoming President. He no longer has any close family ties in this town where he lived from early childhood until he went away to the U. S. Military Academy.

The sentimental ties, however, are strong, largely because in the family home, the adjoining Eisenhower museum and the soon-to-be started library, the President has an enduring repository for the notes and documents of his professional career, plus the physical evidence of the surroundings in which he spent his formative years.

Parents Set Pace On Smoke Habits

PORTLAND, Ore. (UPI) — Smoking habits of parents determine to a considerable extent whether or not their children smoke. So indicates a study by the American Cancer Society covering 21,000 high school students in this area. Some of the findings:

The ratio of smoking is highest among children in families in which both parents smoke; lowest in those in which neither parent smokes. Smoking habits of boys tend to conform to those of the father; girls follow mother.

There are slightly more than 12 million Jews in the world. About 6,200,000 live in North, Central and South America; about 3,500,000 in Europe; approximately 1,900,000 in Asia; some 500,000 in Africa and about 65,000 in Australia and New Zealand.

Worry Clinic

Notice the thrilling change in Doris. But that is only part of the romance. Listen to her mother's report of how romance again returned to a stodgy married couple: Wives, it isn't the age of 40 that makes you lose your mates, but that roll of excess upholstery around your equator: So bend for the dieting booklet below and salvage your waning romance.

BY — GEORGE W. CRANE, PH. D., M. D.

CASE C — 408: Doris B., aged 38 is the "fatty" high school junior mentioned yesterday.

She launched on the 10-day dehydration diet, and after the 10th day her weight had dropped from 134 to 143, or 11 lbs.

That elated her, for dieters need quick assurance. Then she shifted to her family doctor's moderate diet and lost 2 lbs. per week thereon.

It was 8 weeks later when I saw Doris again. She had streamlined her figure remarkably, for now she weighed only 128 lbs.

She was as happy as a lark, for her mother had bought her some new clothes to fit her more slender figure and a couple of the boys had started asking her for dates.

"Dr. Crane, it took me less than 3 months, and it was well worth it," she added.

MOTHER'S STORY

Later I met her mother and found that she, too, had joined Doris in a mutual dieting contest.

"Dr. Crane," her mother began, "I am only 38 and my husband is 39, yet we had degenerated into a dull, stodgy type of couple."

"Our affection was largely platonic. My husband didn't show much of his former ardor or physical interest in me.

"So I also had a serious problem myself, in addition to my worry about Doris. As a result, when she asked me to join her on a diet, I decided to do so, for I weighed 158 and am just the same height as Doris."

"Now my weight is only 135, and I feel like a new woman. And my husband has certainly changed, too, for he comes out into the kitchen as soon as he reaches home at night, and kisses me as if I were a young girl again."

"That's something he hadn't done for 10 years or more. For he used to come home and just drop

Large 'Favorite Son' Crop Budding

WASHINGTON (UPI) — It may be too early for a head count, but 1960 looks like a big crop year for "favorite son" presidential candidates.

Some already are stirring — or being stirred by political friends. A few candidates may not reach full bloom until convention time next summer.

Florida officials think Sen. George A. Smathers may announce his formal acceptance of a draft as that state's "favorite son" at a lunch in Miami Friday.

U. S. Firms Prefer To Invest Money

NEW YORK (UPI) — U. S. corporations spent \$1,800,000,000 expanding their overseas branches and subsidiaries last year but invested \$2,300,000,000 in firms under foreign ownership and operation, according to the U. S. Commerce Department.

The overseas expansion figure was off 12 per cent from 1955 while the investment in foreign firms figure was up 290 per cent.

Democratic governors, who outnumber Republican state leaders 35 to 15, dominate the list of probable or potential favorite sons.

They include California's Edmund G. (Pat) Brown, Ohio's Michael V. Disalle, Michigan's G. Mennen (Soapy) Williams, and New Jersey's Robert B. Meyner. Other possibilities are Colorado's Stephen L. R. McNichols and Washington's Albert D. Rosellini.

Among Republican governors in this category are William U. Strickland of Georgia and Cecil H. Underwood of West Virginia. New York's Gov. Nelson A. Rockefeller, if he entered the GOP presidential race, would be far more than just a favorite son candidate.

Two Politicians' Wives Tell All To Their Diaries

WASHINGTON (UPI) — At least two women in the Eisenhower administration are keeping a record of the part they're playing in history. It all goes down in their daily diaries.

Pat Nixon jots down exciting notes in her journal, especially when she's globe-trotting with the vice president. Nina Khrushchev, wife of the Soviet premier, told her she ought to write a book.

Meet To Study Racial Bias On

WASHINGTON (UPI) — The Federal Civil Rights Commission met today to weigh the advisability of extending its investigations to racial bias in hiring, jury selection, transportation and hotel accommodations.

The controversial commission, originally scheduled to die this fall, began a series of meetings to map plans for the two additional years of life which Congress voted over southern objections.

The Senate's four ranking Democratic presidential possibilities are automatic favorite son candidates—if they never reach greater convention glory.

They are Sens. John F. Kennedy of Massachusetts, Hubert H. Humphrey of Minnesota, Stuart Symington of Missouri and Lyndon B. Johnson of Texas.

Traditionally, so-called favorite son candidates are put forward to hold a state's delegation in reserve for convenient trading purposes, or serve as possible presidential aspirant on the ballot where he could attract votes in case of a deadlock, or serve as a "lightning rod" for a vice-presidential nomination.

Major Win Noted In Hunger Fight

PASADENA, Calif. (UPI) — Another major gain in the fight against hunger has been reported. Researchers at the California Institute of Technology produced winter rye in two months by spraying with Gibberellin, a hormone. The speedup eliminated the 6 to 8 weeks of cold weather usually required in the growth cycle. It can also be done with winter wheat, they said.

Terror Outdated In Red Regime, Officials Say

WASHINGTON (UPI) — U. S. officials believe that any effort by Soviet Premier Nikita Khrushchev to bring back the late Josef Stalin's terrorist rule would mean the down fall of Khrushchev.

The keenest American observers of Soviet affairs believe the West is only beginning to see the consequences of Khrushchev's abolition of mass terror.

If Russia continues to become more normal internally, they feel, there is official hope that the West can eventually work out some of its problems with Soviet leaders.

More and more, they say, Khrushchev and Soviet leaders must answer to the will of the Soviet public. There will be no democracy in Russia, they believe, but each step of freedom necessarily leads to another.

These observers are convinced that Khrushchev cannot set back the clock to 1933 when Stalin held the Soviet Union in an iron grip. If he tries, they say, it will be the end of Khrushchev.

U. S. officials are looking to the future with some optimism because they believe the Soviet Union's internal changes mean that time is on the side of the West. It was pointed out that even though there is still a secret police, public opinion is playing an important role in Soviet officials' thinking. And that means, primarily, Khrushchev's thinking.

Seminole Star Fullback Out For Rest Of Season

By JERRY COVINGTON
The Sanford Seminoles are hard at work this week in an effort to patch up their defense after being battered by a strong St. Augustine team last week.

The defense had its troubles last week in stopping the running attack of the Yellow-Jackets and the Seminole coaches have done away with the two platoon system in an effort to strengthen this phase of the game.

In the contest last week hard running fullback Lin Risner received a fractured jaw in a pile-up and will be out for the balance of the season. This great loss has also brought about necessary changes in the offensive backfield. Risner, who was used mostly in a defensive role last year, finally got his start at fullback this season and has been running very effectively. His services will be greatly missed and it will also create a problem in the Seminole's attack.

Alex McKibbin, who played a great defensive game last week as linebacker, is being run at the quarterback spot while the Seminole coaches have switched Mike Roberts to the fullback spot. However, the coaches are trying several combinations. Right now Roberts looks like the lad to take over for Risner. He is big and runs hard.

He still will handle the punting and a great deal of the passing. McKibbin, who grabbed a fumble

and went 44 yards for one of the Seminole TD's last week, ran the quarterback spot on the JV team last year.

While the loss of Risner will be greatly felt, the Seminoles will get an offensive boost from the return of Johnny Lovelace to the halfback spot. Lovelace received an injury two weeks ago in the Apopka game but is well now and will be ready to resume full responsibility. Jimmy Gracey, who

filled in for Lovelace last week and was the big offensive gun in scoring two touchdowns, has been moved back to his offensive end position.

There will be several changes in the defensive lineup since the two platoon system has been sidelined. Co-captain Charlie Bogan will be used on both offense and defense in an effort to add experience in the play-stopping department. Also Poberts, Ray

DON MEREDITH, SOUTHERN METHODIST'S CANDIDATE FOR ALL-AMERICA QUARTERBACK, HOPES TO PITCH THE MUSTANGS TO THE SOUTHWEST CONFERENCE CROWN.

DON SET A RECORD WHEN HE COMPLETED 496 OF HIS PASSES IN 1957. THOUGH HAMPERED BY INJURIES LAST YEAR HE GOT AN AVERAGE OF 58% IN CLUDDING A PHENOMENAL 20 OUT OF 27 AGAINST OHIO STATE.

Navy Bowlers In Tight Race

After the third week of bowling, the Navy League has tightened up with five teams tied for first place with identical 8 won 4 lost records.

VAH-7 "A" leading by pinfall, took 3 from Wing Team with Utr leading the way and Boyer tops for the losers.

GCA-Tower gang also took 3 from VAH-3 Bravo as Grimes hit for a 320, while Rohrer kept the "B" Team going.

Rams Favored In NFL Grid Action This Week

United Press International
The Los Angeles Rams are three-point favorites to smash the National Football League's only remaining perfect record Sunday when they tackle the Green Bay Packers at Milwaukee.

Los Angeles is favored although it dropped two of its first three games while Green Bay, surprise team of the campaign, swept its first three starts.

In another key Western Division game, the champion Baltimore Colts (2-1) are 4½-point one-point choices for their game with the Bears (1-2) at Chicago. The Lions (0-3) are favored over the San Francisco Forty-Niners (2-1) by two points at Detroit in the other Western Division clash.

The New York Giants are Sunday's heaviest favorites. They are 6½-point choices to whip the Eagles at New York although they took a 49-21 wallop from the Eagles two weeks ago at Philadelphia.

New York, Philadelphia and the Washington Redskins are tied for the Eastern Division lead with 2-1 records. The Redskins and Pittsburgh Steelers (1-2) are rated even for their game at Washington. In the other Eastern Division pairing, the Browns (1-2) are 4½-point choices to beat the Chicago Cardinals (1-2) at Cleveland.

Green Bay has been winning with a good defense that has allowed only 28 points, an average of 12 a game, in defeating the Bears, Lions and Forty-Niners.

Top Strength

NEW YORK (UPI)—The New York Giants expect to be at almost top strength for Sunday's home opener against the Philadelphia Eagles.

Coach Jim Lee Howell said Tuesday the only possible exception would be Phil King, who plays halfback or fullback on offense. King injured a knee against the Cleveland Browns last Sunday.

Sanford JV's Tangle Deland On Road Tonight

By JERRY COVINGTON
The Seminole JV's travel to Deland tonight where they will face a tough Bulldog JV squad.

This will be the third game of the season for the baby Seminoles and they now sport a respective 1-1 record. They lost their opener 7-0 to Leesburg and roared back last week here with a very impressive 35-0 victory of the New Smyrna Barracudas.

The potent Seminole offense will be lacking the hard running of fullback Bill Phagan but there are several lads who are ready to step in and fill the role. Phagan has been so impressive in his action with the JV's that the varsity has called him up for a look. He will be starting linebacker on defense for the Seminoles when they face Fort Myers Friday night.

Although pitchers Lopez and Silva will miss the hard running of Phagan, they have several lads who looked very impressive last week. Butch Riser, who threw two TD passes to Donald Harvey against New Smyrna, will see plenty of action along with Jim Terwilliger at quarterback, and Bobby Bowen and Bubba Davis at the halfbacks. Davis was one of the big guns last week running all 5 of the extra points.

The JV defense will be centered around PeeWee Knight, Ward Waters, and Johnny Phillips who were all so impressive last week in holding the Barracudas to near nothing in the rushing department. Phillips in addition to running the linebacker spot, will handle all of the offensive center chores.

Brash Newcomer Fights Tonight

HOUSTON, Tex. (UPI)—Curley Lee, the brash newcomer from Los Angeles, puts his fast-moving drive for a shot at the world heavyweight crown on the line tonight in a nationally televised match with dangerous Cleveland Williams.

The 210-pound Williams was a slight favorite going into tonight's 10-round ABC-TV battle starting at 10 p. m. e.d.t., but some observers said this was only because the "big cat" was better known here than Lee.

Heads Committee

PHILADELPHIA (UPI)—The Liberty Bowl Association has named former Columbia University football coach Lou Little to head the selection committee which will name the teams for the Dec. 19 post-season classic.

Little's committee hopes to pit the top Eastern independent team against the best squad from another section of the country in the newest bowl game.

Pennant Winning Dodgers Place One On All-Star Team

NEW YORK (UPI)—Wally Moon, who staged a fine comeback after a 1958 flop, was the only member of the world champion Los Angeles Dodgers named today to the United Press International's 1959 National League All-star team.

The 24-man committee, made up of three baseball experts from each city in the league, selected four members of the second-place Milwaukee Braves, two stars each from the San Francisco Giants and Cincinnati Reds and one Chicago Cub to round out a 10-man squad. The team boasts two 21-game winners and a .300 team batting average.

Selected from the Braves were catcher Del Crandall, slugging third-baseman Ed Mathews, batting champ Hank Aaron and pitcher Lew Burdette. Outfielder Willie Mays and 21-game winner Sam Jones were picked from the Giants; first-baseman Frank Robinson and second-baseman Johnny Temple were the Reds selected; and shortstop Ernie Banks was the Cub honored.

Robinson and Orlando Cepeda of the Giants finished with 10 votes each in the balloting for first base but the tie was resolved in favor of Robinson because he also received five votes as an outfielder.

Jones and Burdette compiled identical 21-15 records and each pitched four shutouts. Each of the eight regulars played in at least 145 games, only one batted less than .300 and they totaled 218 homers — or an average of 31 apiece for the season.

The complete voting position by position:

Catcher: Del Crandall, Braves (21), Smokey Burgess, Pirates (2), Ed Bailey, Reds (1).

First-Baseman: Frank Robinson, Reds (10), Orlando Cepeda, Giants (10), Joe Lunningham, Cardinals (2), Joe Alcock, Braves and Gil Hodges, Dodgers (1 each).

Second-Baseman: Johnny Temple, Reds (15), Charlie Neal, Dodgers (8), Don Blasingame, Cardinals (1).

Shortstop: Ernie Banks, Cubs (23), Johnny Logan, Braves (1).

Third-Baseman: Ed Mathews, Braves (18), Ken Boyer, Cardinals (6).

Outfielders: Hank Aaron, Braves and Willie Mays, Giants (23 each), Wally Moon, Dodgers (10), Robinson, Reds and Vada Pinson, (5 each), Joe Cunningham, Cardinals (4), Gus Bell, Reds and Duke Snider, Dodgers (1 each).

Pitchers: Sam Jones, Giants (21), Lew Burdette, Braves (12), Warren Spahn, Braves (9), Elroy Face, Pirates and Johnny Antonelli, Giants (3 each).

Sebo Named Coach Of The Week

PHILADELPHIA (UPI)—Quiet, soft spoken and mild mannered was his trademark, even when the slings and arrows of disappointment dug deepest.

Quiet, soft spoken, mild mannered, with modesty added, is his trademark now, with his most successful season in six years rapidly growing.

He is Steve Sebo, who was named today the United Press International football Coach of the Week—the same accolade little guy who devoted out the difficult situation at the University of Pennsylvania in the dreary days when Penn stripped its football of any vestige of power bending backward to Ivy League demands.

He is the Coach of the Week because his road-back team, unbeaten, untied, unscored on, upset Princeton Saturday, 18-0, one short week after it topped defending Ivy champion Dartmouth.

The two victories over the co-favorites for the Ivy title followed a shutout triumph over Lafayette, the first season since 1945 that

Picks Of The Week

NEW YORK (UPI)—We pick the weekend college football winners as follows:

Cornell over Yale — Elis suffer first loss.

Syracuse over Holy Cross—About 21-0, although both unbeaten.

Penn State over Boston U.—Richie Lucas and cohorts red hot.

Also Pennsylvania over Brown, Boston College over Dartmouth, Harvard over Columbia, Princeton over Colgate, Rutgers over Bucknell, Massachusetts over Rhode Island, Delaware over New Hampshire, Connecticut over Maine.

Northwestern over Michigan—But by close score.

Iowa over Wisconsin—Hawks have edge in power.

Notre Dame over Michigan State — Irish were good against California.

Purdue over Ohio State — Ask Notre Dame and Wisconsin.

Also Indiana over Nebraska, Illinois over Minnesota, Oklahoma over Missouri, Kansas over Kansas State, Miami (Ohio) over Villanova, Colorado over Iowa State, Detroit over Xavier, Wichita over Cincinnati.

Georgia Tech over Auburn — On the Jackets' showing against Tenn.

Army over Duke — Cadets bounce back.

Navy over Miami (Fla.)—In a close one.

Also Louisiana State over Kentucky, Mississippi State over Georgia, Tennessee over Alabama, North Carolina over Maryland, Mississippi over Tulane, Florida over Vanderbilt, Pittsburgh over West Virginia, George Washington over Furman, Bingham over Citadel, Virginia Tech over Virginia, Florida State over Memphis State, Wake Forest over North Carolina State, VMI over William and Mary.

Texas over Arkansas — In a thriller between unbeaten.

Texas Christian over Texas A&M—Better defense.

Southern Methodist over Rice—Superior passing.

Also Baylor over Texas Tech, Tulsa over Hardin-Simmons, Oklahoma over Houston, New Mexico over Arizona, Mississippi Southern over West Texas State.

Southern California over Washington—USC line gives Huskies loss.

UCLA over California — Bears haven't jelled.

Stanford over Washington State—But too close for comfort.

Also Air Force over Oregon, Marquette over College of Pacific, Oregon State over Idaho, Wyoming over Brigham Young, Utah over Denver, Utah State over Montana, Arizona State over Colorado State.

Crooms Academy In Action Friday

The Crooms Academy Panthers will try for their second football win of the season Friday night in an 8 p. m. contest with Leesburg at Leesburg.

The Panthers have a 1-1 record so far this season. They won their first conference game in two years last week, chalking up a 12-6 score over Gainesville's Lincoln High.

Both touchdowns were made by Collins after being set up by Burke and Green.

Head coach Holt is not satisfied with the team's overall performance but expects his boys to be at their best around mid-season.

Crooms has four home games and two away games to play after the Lincoln contest.

IN 1873

THE HILL LUMBER and SUPPLY YARD Started In Business

W. J. HILL

Tremendous changes have taken place — in business and living — since 1873, when W. J. Hill opened the Hill Lumber and Supply Yard at 213 W. Third Street in Sanford.

The automobile was as yet only a fantastic dream; most of the west still a wilderness; baseball, football, the movies, electric lights, the telephone, water-mix paint, Nikita Khrushchev and thousands of names commonplace to this generation were as yet unknown.

Yes, 86 years is a long time. Four generations have grown up and the fifth is on the way. But the Hill Lumber and Supply Yard is still as youthful and vigorous today under the management of its Vice President J. H. Crapps as when the Founder W. J. Hill sold his first order of Lumber.

The old landmark that housed the business for so long, has been torn down and will soon be replaced by Sanford's newest, most modern salesroom. Watch for further announcements in this paper. And — in the meantime—Remember:

WE'RE OPEN FOR BUSINESS AS USUAL DURING ALTERATIONS.

Hill Lumber & Supply Yard

213 W. 3rd St. FA 2-5581

Nixon To Leave For Two-Week Florida Vacation

WASHINGTON (UPI) — Vice President Richard M. Nixon leaves Thursday for a two-week Florida vacation, probably his last before formally opening his campaign for the GOP presidential nomination.

Nixon's friends feel he now has such a running start for the 1960 nomination that New York Gov. Nelson A. Rockefeller may have to advance the timing of his own campaign on entering the race.

Rockefeller has been expected to delay any announcement of his 1960 plans until early January, when he will have had a full year as governor behind him.

Nixon's camp also has indicated he will wait several months before formalizing his bid.

Some Republicans who incline toward Rockefeller feel that he may have more energy.

They believe he should be getting prominent supporters openly positioned around the country now, even if he defers a formal decision on his candidacy.

Failure to stake out some top-notch claims in key states could leave Rockefeller with second string political representation.

Few GOP politicians doubt that Rockefeller will go after the Republican nomination. But Nixon's recent pickup in the opinion polls, following his trip to Russia, has them reexamining the timing.

The vice president and Mrs. Nixon plan to spend their current vacation at Miami Beach. Over the past fortnight he has made speaking swings to New Hampshire, Illinois, Texas and Oregon.

Former Local Dies

A former Sanford resident, I. B. Lynn died yesterday at his home near Palatka.

Funeral services will be held at the First Baptist Church in Reynolds Heights at 2 p. m. Thursday.

Bowling Bids

MILWAUKEE (UPI) — The American Bowling Congress meets here Saturday to study bids from five cities for the 1969 tournament. Milwaukee, Pittsburgh, Buffalo, St. Paul and Philadelphia are seeking to host the tourney.

Government Set To Flood Mails With Securities

WASHINGTON (UPI)—The government starts mailing out Thursday some 330,000 pieces of paper that are practically as good as money.

They are the Treasury's new 5 per cent securities, sold last week to raise \$2,300,000,000. The issue drew an unprecedented number of bidders. The bid was the 5 per cent interest rate, the highest in 20 years.

Some 110,000 "little" investors swamped the Treasury with orders for the notes. Another 20,000 subscriptions were entered by the professionals—banks, insurance companies and big pension funds.

Officials believed that thousands of the "little guys" sank their money into marketable government securities for the first time. These investors scraped together the funds by cashing in savings bonds, withdrawing money from savings accounts and digging into "old sock" hoards.

The Treasury offered some information to these small, first-time lenders.

The new 5 per cent notes, it pointed out, are as anonymous as currency. If the note is lost or stolen, anyone could sell it or hold it until maturity and cash it in.

Changes of ownership need not be reported to the Treasury. The name of the original buyer is kept on file but does not appear on the security.

The Treasury emphasized that it could not cash the new notes until they mature on Aug. 15, 1964. Officials feared this might not be understood by many savers accustomed to redeeming savings bonds at any time.

Japan's Birthrate Down in 1957

TOKYO (UPI)—The average number of children per family in Japan in 1957 was 2.8, which is half the pre-war figure. The population White Paper recently released after six months of research cites high control measures and the legalization of abortions under the Eugenic Protection Law as contributing factors in limiting the number of births.

Legal Notice

In the Court of the County Judge, Seminole County, State of Florida, in Probate, in re the Estate of VOLNEY E. TAYLOR, - Deceased.

FINAL NOTICE

Churches Continue To Need Expansion

Seminole County has many outstanding churches with long histories and one of them observes its 65th anniversary this week.

The Lake Mary Presbyterian Church is celebrating its 65th year with special services. That is a long time for any organization to remain active in a small community and is a good example of the kind of faith this whole country grew on.

The Presbyterians at Lake Mary are not the only church group which is becoming increasingly active in communities in the county.

The Seminole Baptist Association is holding its 46th annual session at Longwood with two days of special programs and there is great activity among our other churches and their allied organizations.

Most of the Sanford churches are in the process of enlarging their buildings or have plans for expansion and some already have outgrown fairly recent additions to their facilities. These include educational buildings as well as new church space required by growing congregations.

It is good to know that our churches are having trouble finding room for people and better to know that most of them are making progress in their efforts to do something about it.

As the world's tensions—and those here at home—continue, more and more people are bound to find their way into the churches. Their plea, "Attend the church of your choice Sunday," is not only a plea, it's good advice.

Southerners Suffering From Giant Sweet Tooth

WASHINGTON (UPI) — A king-size sweet tooth plus a hankering for fried chicken and grits set Southern taste buds apart from those of other sections.

This difference in palate pleases makes a difference in the work for the Institute of Home Economics in the Agriculture Department, which keeps busy trying to find out what people like to eat.

This difference is true only of low-income appetites. As the individual Southerner gets wealthier, his tastes change and, coupled with the fact that he can spend more money on food, he pretty much eats the same things as his counterparts in New York or Butte.

The Deep South states, where the sweet tooth-chicken-grits combination is most prevalent, include the Carolinas, Virginia, Georgia, Mississippi, Alabama, Louisiana, Florida and Arkansas.

The South's reputation for Southern fried chicken is not a myth devised by an enterprising restaurant owner.

Surveys have shown that Southerners not only eat more chicken than people in other parts of the country but eat more chicken than red meat, including the American staple of steak.

Southerners also eat more grains. Where someone living in the North might take potatoes, the southerner prefers rice and also grits.

And for sweet stuff, the South is far ahead of the rest of the country. Much of it is the form of puzzling soft drinks. The habit of the heat also boosts the percentages.

Southerners drink less milk and eat less cheese, fruits, vegetables and eggs. They eat more dry beans, peas and nuts, and use more fats and oils.

The institute's latest effort is a low-cost food plan applicable to the South.

An overall plan, good enough for the rest of the nation, has been out for some time. But there had to be a special one for Dixie, taking into account the Southern preferences.

'AND WHAT'S YOUR ANSWER TO THIS ONE?'

Assignment Washington

By ED KOTERGA

WASHINGTON (UPI) — Khrushchev's campaign for communism in this country may well go down as the greatest 13-day one-man selling job in American history.

The Premier's political jamboree from coast to coast utilized every known medium of advertising. So the question comes up: What was the cost of all this publicity?

In other words, what would all the newspaper and magazine space and TV and radio time have cost if a U. S. politician went barnstorming around the country that way, promoting himself and his philosophy?

After days of scanning the sources, studying rates and applying rules of thumb, I've come up with a sum that would knock the copy pencil right out of a promotion man's writing hand.

Newspapers generally were far more generous to Khrushchev than they've been to both political parties in a national campaign for any 13-day period. One large Eastern daily, for instance, devoted 50 pages to the Russian. At \$1,500 a page, the value of that space amounted to \$75,000. And that doesn't include premium front-page location.

A spot check of the 1,750 dailies over the country indicates that the average space given the Soviet leader during his visit was 10 full pages. A slide rule estimate would give this an advertising space value of \$2.2 million.

As for television: The three major networks gave Khrushchev 32

Don't Be Fooled By Dispute On Growth Of Real National Product Of Nation

By LYLE C. WILSON
WASHINGTON (UPI) — This essay is to invite the attention of the taxpayers to a political dispute which they do not understand but which is important to them.

This political dispute is important to the taxpayers because it is about the spending of some of their money. The dispute is about what economists call the growth of the real national product of the United States.

More specifically, it relates to a comparison of the growth of the United States and Soviet Union real national product. Nikita S. Khrushchev wrapped it up very well when he visited the United States. Khrushchev bragged his way from coast to coast and back again with the promise that the Communists would surpass the United States in production and wage to us as they went by.

A great political issue is building in the United States about that. It is argued that the Russians will, indeed, out-produce the United States unless something is done about it right now. Proposed, among other things to be done, is that the government spark a faster rate of real national production by some free-wheeling spending.

It also is argued, however, that the Russians are not, in fact, about to out-produce the United States now or soon and that no government spending need be undertaken to prevent such an embarrassing development.

All of this will be a big issue in the 1960 presidential election campaign and the voter-taxpayers will be asked to judge the issue and take a position on it come election day. That is the point at which the sand gets into the gears and the issue into the gas tank.

The foggiest notion of what is meant by the rate of growth of the real national product. Any voter-taxpayer of a mind to challenge that statement should pause now and explain in simple words to himself just what the phrase means.

The pause being over, it means this:

"The rate of growth of the real national product is compounded of three factors: (1) the rate of growth of the labor force; (2) the rate of increase or decrease of hours worked; (3) the rate of growth of real product per man hour."

This definition is that of Dr. Colin Clark of England's Oxford University faculty, who also is director of research of the Econ-

Expenses \$10 Week

MIAMI (UPI) — Three miles from beach hotels that charge \$100-a-day lies a wooded islet where five men live on \$10 a week.

They retreated to Lummus Island many years ago to escape the hurly-burly and high cost of modern living. Four of the men eke out their living by fishing. They take what they need for their own tables and sell the rest to buy a few groceries and some gasoline for their small boats.

Only one of the island dwellers, Joe Dravet, has a regular job. He works as a tractor operator for the City of Miami Beach but returns to the lonely island every night.

When not working, the five spend their time dozing or watching the rolling surf. They have little communication with the rest of the world.

Their only friends are the officers of the harbor patrol who call on the men occasionally while cruising through Biscayne Bay.

Living expenses run about \$10 a week for each and sometimes less, they say. Their crude shacks, made mostly of driftwood, require little upkeep. Wilbur Pender, 60, who has lived on the islet 20 years, says his dwelling cost \$7 to build.

They pay no rent, no property taxes and have no utilities. The only modern convenience on Lummus is one portable radio.

The newest arrival is 75-year-old Joe Albury, a retired fisherman who came to Lummus eight years ago. "My doctor told me to take it easy," he explained.

Governor Protests Highway Cuts

ASHEVILLE, N. C. (UPI) — Gov. Buford Ellington of Tennessee led a campaign in the Southern Governors Conference today to halt further federal "retrenchments" on the interstate highway program.

Ellington told fellow governors that his state alone would lose approximately \$21 million from the program under latest cuts, announced last week.

A strong resolution using not only a halt to the reductions but restoration of funds already stripped from the multi-billion dollar road program is expected to be adopted Wednesday.

Conference Chairman J. P. Coleman, governor of Mississippi which stands to lose one-third of its interstate highway money, said any expression from the South would be sent immediately to Congress and to the White House.

Lunik Puts Soviets Ahead, Red Claims

MOSCOW (UPI) — A Soviet scientist declared today that Soviet space science has taken "a big leap ahead of U. S. astronautics" as a result of the movement of Lunik III along its orbit.

Doctor of Technology Prof. Pokrovsky told the Soviet news agency Tass that "the movement of the rocket looping the moon along a pre-set orbit shows that we have mastered to perfection the proper control system."

U. S. Scientists Are Planning Six More Space Stabs

CAPE CANAVERAL (UPI) — America will make at least six more stabs into space, including one and perhaps two moonshots and a deep-space probe, before 1959 closes, it was reported Friday.

A minimum of four earth satellite launches will fill in the U. S. space research agenda between now and the end of December.

Plans for taking another crack at the moon before 1960 arrives and Congress gets back to work sprung from the stunning accomplishments of Russia's Lunik II and III. The satellite shots were on the docket before the Soviet successes of the past month.

Sources told United Press International that U. S. scientists are still hoping for a date early in November for their next moon-rocket firing, but that late next month is more likely. Tentative plans call for a second moonshot in late December or January.

NASA set a December date for launching a space probe into an orbit around the sun. The probe will carry a long-distance radio transmitter.

Of the four earth satellites, two will be in the Project Transit test series aimed at developing a highly-accurate, all-weather system of navigation. One will be launched in November, the second in December.

A third will be in the Discoverer series, set for firing sometime this month or in early November. It is the only one of the six slated for launch at the Pacific missile range. The others will go up from Cape Canaveral.

Police Still Trying To Collect Reward Of \$10,000 In Dr. Sheppard Case

CLEVELAND, Ohio (UPI) — More than four years have passed since Dr. Samuel Sheppard began serving a life sentence for the murder of his pregnant wife, but the last legal skirmish is yet to be fought in his sensational case.

For one thing, the Cleveland Police Department is still trying to collect a \$10,000 reward offered by the Sheppard family "for the arrest and conviction of the murderers of Marilyn Sheppard" on July 4, 1954.

For another, a habeas corpus petition is pending before the Ohio Supreme Court seeking Sam Sheppard's release on the grounds that he was denied a fair chance to establish his innocence before, during and after his 43-day trial, one of the longest in U. S. judicial history.

Sheppard has insisted he did not kill his wife, who was murdered in their rambling \$1,500 Bay Village home when she was four months pregnant. Marilyn had been beaten over the head 27 times with a dull instrument. He has maintained that the slayer was a "bushy haired intruder." Dr. Sam claims the intruder knocked him unconscious when the young osteopath tried to capture him as he fled the house.

Sheppard's family — including his brothers Stephen and Richard, who are also doctors — has spent more than \$100,000 fighting his case. But they are determined not to give Cleveland police a penny of the reward money.

So far, they have been unsuccessful. A suit for the reward filed Jan. 16, 1955, on behalf of the Police Pension Fund was dismissed by Judge Charles P. Carr, who ruled that the money was meant to be paid to an individual, not an organization.

The state is now trying to collect the reward on behalf of the fund. A challenge was promptly raised by the trustees of the fund, Cuyahoga County commissioners Henry Speth and Joseph Gorman.

Speth and Gorman, who signed a contract as private citizens with the Sheppard family to serve as trustees, claimed that they alone were to decide who gets the reward, not a court. Besides, they said, the police can't collect the money since they were only doing their duty.

Meanwhile, Sam Sheppard, now 33 years old, goes about the drab business of being an inmate at the Ohio State Penitentiary in Columbus. He will not be eligible for parole until he has spent 10 years behind bars. That will be July 28, 1963.

But Dr. Sam's talents are not being wasted. He serves with the medical-surgical crew of the prison hospital, administering anesthetics for operations and doing routine hospital chores.

Outwardly, he has changed little. His dark hair is thinning and turning gray, but he remains trim with weight-lifting and body-building exercises three days a week.

Among his fellow inmates, he has acquired a reputation as a "good guy." He trains and coaches

as the prison baseball and basketball teams. Occasionally, his brothers and their wives come to visit.

Sheppard seeks to avoid publicity, but word of his activities sometimes leaks out.

In September, 1954, he was credited with saving the life of a fellow prisoner who choked after an operation. The prison surgeon had left. Dr. Sam, on duty as a nurse, removed the obstruction from the prisoner's throat and massaged his chest until his heart started beating again.

The following February Sheppard was transferred to the prison printing shop. Later he returned to the hospital. He also has worked as an instructor in

Bottle Resigns
WASHINGTON (UPI) — President Eisenhower was expected today to launch a quick search for a southerner to replace former Virginia Gov. John S. Battle on the controversial Civil Rights Commission.

auto mechanics and as a personal clerk.

In March, 1957, he volunteered as a "guinea pig" in a cancer inoculation test at the penitentiary. Time has changed the lives of others involved in the case.

Samuel Reese "Chip" Sheppard, now 12 and the only child of Sam and Marilyn Sheppard, was finally turned over to his uncle Stephen after the boy's aunt, Mrs. Henrietta Jann, dropped her fight to become his guardian.

The lad attends public school in suburban Rocky River and appears to have a tendency toward science. Last year he won a citation in a science contest.

Chip's paternal grandparents are dead. His father's father — the founder of the family hospital — died of cancer shortly after Dr. Sam's conviction. The condemned man's mother committed suicide soon after that.

"The other woman" in the case, Susan Hayes, sees a nurse in Sheppard's Bayview Hospital, is married. She lives in California with her husband, a television producer, and their son. She was called at the climax of the trial to testify about her romance with Sheppard and the week they once spent in California.

Bay Village's mayor at the time of the murder, J. Spencer Hows, the first person to be told by Sheppard that his wife was dead, has sold his butcher shop. He is a salesman for a Cleveland auto agency. His health broke down during the case.

Death has taken Common Pleas Judge Edward Blythin, who conducted the trial; Henry Balke, county prosecutor; Frank T. Callahan, who was to attend the trial.

But Bayview Hospital has prospered. In July, the trustees announced plans for a million-dollar addition. The hospital, with 33 beds, has 600 inpatient beds.

Johnson Strong With Governors

ASHEVILLE, N. C. (UPI) — "Texas fever" hit the Southern Governors Conference yesterday.

If the Democratic National Convention were in session now, Sen. Lyndon Johnson would get the majority of the Democratic South's support.

Based on interviews with the South's chief executives it appeared that the Texas Democrat has strongest support in Arkansas, South Carolina, Mississippi, Georgia, Tennessee and Oklahoma and is probably a draw with Sen. John Kennedy (D-Mass.) in Maryland.

The governors, after a full day of informal political talk that brought Kentucky Gov. A. B. (Happy) Chandler front and center into the presidential running, settled down to a morning of serious discussion of the South's education problems and a report on industrial progress.

Steve Allen Appears Off Pace

By FRED DANZIG
NEW YORK (UPI) — Steve Allen has gone through three shows so far in the new season and he appears to be in trouble.

His Sunday night hours on NBC-TV are remembered as wild, fresh, unpredictable affairs that usually offered comic inventiveness blended with artistic, fairly original production numbers. Of course, some of Allen's Sunday hours missed fire, but the quality average was high. Allen himself used to break up at the antics of his sidekicks, Louis Nye, Don Knotts, Tom Poston, Gabe Dell, Pat Harrington Jr., and Dayton Allen. The shows also spoofed so-called "sacred cows." It was a swinging sort of thing.

And now he's on Monday night. The hour is considerably toned down. The boys aren't doing new things; only routines that served them last season. The comedy sketches are a few beats too long and the crispness is missing. Steve himself doesn't seem relaxed. He's not laughing very often as he tries to serve up too many laughs. Monday night there were five separate comedy segments, and none could be called extraordinary. That's not Allen's usual average.

The major comedy effort Monday night was a sketch showing how TV producers try to come up with new gimmicks to make Westerns seem different. Guest star Lee Marvin played a frontier marshal straight, then as a hipster, an Englishman, and finally as Ed Murrow. Louis Nye and Gabe Dell also varied their roles as badmen accordingly; it was a

skit that needed some new gimmicks itself.

For example, when Dell was dressed as Bela Lugosi, we knew that he would be going after someone jugular before long. He did it on Sundays and it was good for laughs. On Mondays, it's not as funny any more. What's the answer? I don't think it has much to do with the night of the week, the time of night, the sponsor or Allen's switch from New York to Hollywood. I think it's just a question of getting stale. Fresh comedy ideas are needed. If this hour is to be the superior comedy program it once was.

A former member of Steve Allen's gang, Tom Poston, remains in New York to conduct a weekday game show, Split Personality, on NBC-TV. Despite the clinical title, this Goodson-Todman package finds two contestants competing for mink coats, boat rides, etc., by trying to identify famous people through word-and-picture clues. The origins of this game are about as numerous as its shortcomings. Among the shortcomings are a lack of suspense, humor, or clever tactical possibilities. Poston, normally a man of many talents, is confined to the usual daytime dialogue and seems to go through the evening monotonously with an air of chagrin. Monday, he reminded viewers to watch the Steve Allen show later on and added, "I wish I could be with them." So do I.

The Channel Swim: Joan Crawford goes Western in an upcoming Zane Grey Theater episode on CBS-TV. Filming begins this

week. Lisa Kirk is the latest addition to the "Music From Shubert Alley" special that will be seen on NBC-TV Friday, Nov. 13. She joins host Andy Williams, Alfred Drake, Doretta Morrow, Betty Comden and Adolph Green.

AVA DUCKS CAMERAMEN — Photographers had pulled open the door of Ava Gardner's car at London Airport to snap pictures of her arrival from the U. S. but the temperamental actress slammed it shut in their faces and left.

1959 May Prove Top Vintage Year

NEW YORK (UPI) — Preliminary reports from the world's wine growing areas indicate that 1959 may prove one of the great vintage years.

Meanwhile, brisk business is reported in elegant glass wine decanters, 2 to 3 feet high, and priced up to \$5. Temperance advocates need not be alarmed, however, because most shoppers are buying the decanters for decorative purposes.

ALL-NEW...SEE IT TOMORROW EDSEL FOR 1960

Excitingly re-styled, the all-new Edsel brings a new standard of value to the low-price field. In looks, luxury, room and ride—Edsel's the new-value car for 1960.

See it at your Edsel dealer's now.

THRIFTY!

You start saving the instant you buy. Edsel's priced right down with many models of Chevrolet, Plymouth and Ford. You save by the mile... choice of engines that run on regular gas. Edsel's a miser on maintenance. And you get, as standard equipment, important features that cost many dollars extra in other cars. Save at your Edsel dealer's.

NEW 60 WITH NEW ENGINE LINE-UP
Three new advance-design engines. Choose from V-8's or Six—engineered for power and economy. And you pick from three transmissions. You're sure to get the one that just fits your driving.

NEW COMFORT WITH ROAD-POKE RIDE
An exclusive with Edsel. New longer rear springs for a softer ride. Improved ball-joint front suspension for greater handling ease. New wide-open tread for road-gripping stability. And you have the extra safety of big, self-adjusting brakes.

NEW LUXURIOUS, ROOMY INTERIORS
Front door openings are almost a foot wider. Easy to get in and out. Touch the fabric—stayed to go with Edsel's new look. Sit down and stretch out—enjoy room for others. High back—greater visibility—26% more glass area.

NOBODY GIVES YOU STYLE AND SAVINGS THE WAY EDSEL DOES

County Officials Seeking Solution To Highway, Residential Flooding

Seminole County officials are trying to find a solution to flood conditions in the several areas of the county caused by the prolonged rainy spell.

It was indicated this morning that canals may be dug in the flooded areas to aid drainage.

Tuesday's heavy rains covered the south end of the county, making State Road 436 impassable near Lake Harriet Estates and spilling water in some places as deep as 12 inches.

The Loch Arbor area also was troubled by the recent rains.

B. F. Whitner Jr. at the Central Florida Experimental Station reported that thus far in October five inches of rain have been recorded in the Sanford area and 14 inches since Sept. 1.

The excess water also is causing citrus men to sing the blues as rains are hampering shipments of citrus to markets and in many cases causing damage to crops.

County commissioners have been surveying flood damage areas this week.

At this week's commission meeting, Commissioner Vernon Dunn reported that 30 per cent of his district was under water and he had been barraged with complaints on drainage.

Dunn said he had surveyed many front yards and found them 12 inches deep in water this week.

CHECKS FOR \$500 were presented yesterday in the United Fund by Pres. T. E. Tucker of the Florida State Bank and Pres. Robert J. Bauman of the Sanford-Atlantic Bank. Receiving the contributions by the banks is Clifford McKibbin Jr., president of the United Fund. To give the fund campaign a boost in its effort to raise \$41,621, the banks increased their donations this year.

The Sanford Herald

WEATHER: Mostly cloudy and cool with occasional rain tonight and tomorrow. High today, 75-82. Low tonight, 66-70.

FTC Warns Networks To Keep Shows Honest

WASHINGTON (UPI) — Earl W. Kintner, chairman of the Federal Trade Commission, told the broadcasting industry today that if it cannot keep quiz shows honest, government "policing" will be necessary.

Kintner said that "as a believer in our capitalistic, competitive free enterprise system," he hoped the industry, "can keep radio and TV programs free of deceit and fraud" without tougher government regulation than now exists.

The FTC is responsible for seeing that advertising is not fraudulent and that products are not misrepresented to the public.

Kintner told the fall conference of the National Assn. of Broadcasters that its reputation "faces a serious threat" brought on by too much lip service to high principles and not enough diligence in enforcing compliance with them.

He said "only a trustful public brings value to an advertiser's dollar. Let any abuse of public confidence undermine this trust, and the broadcasting industry is hurt and hurt badly."

The FTC chairman restated his belief that his agency lacks authority to regulate any aspect of broadcasting other than advertising. He took this position in testifying before the House subcommittee which has been investigating charges that TV quiz programs were rigged.

The counsel for the congressional subcommittee investigating quiz shows indicated today the inquiry would spread to other network questions and answer programs.

The disclosure was made shortly after Charles Van Doren, one-time champion of the now-defunct "21" program, came out of his New England hideaway to be served with a subpoena.

Van Doren, who claimed he was not aware that U. S. marshals had been searching for him since last Friday, accepted service of the summons just before he held a 10-minute news conference in the Roosevelt Hotel.

Van Doren flunked his first quiz by newsmen when he refused to answer questions concerning his appearance on the "21" program.

He said he would have nothing to say about alleged "fixes" on the show until he testifies before the subcommittee Nov. 2.

The 33-year-old Columbia University instructor came to the news conference with an attorney, two bodyguards and a brief prepared statement.

J. H. CRAPPS

Steel Settlement Not Without Hope, Chairman Reports

WASHINGTON (UPI) — The chairman of President Eisenhower's fact-finding board said today "we are not without hope" of settling the 83-day-old steel strike.

Prof. George W. Taylor made the statement when asked to assess the prospects for settlement.

But David J. McDonald, president of the United Steel Workers, said he has "seen no progress in reaching a strike settlement."

The board was told today that even if the strike is settled, one shortage incurred during the dispute will hamper production for months.

The testimony came from William K. Montague, a Duluth, Minn. attorney representing the iron ore companies, as formal hearings by the board drew to a close.

The three-member fact-finding panel has until midnight Monday to achieve a "miracle" settlement of the strike or report to the President, thereby opening the way for the government to obtain a court injunction. The order would send the 500,000 striking workers back to the mills for an 80-day cooling off period.

However, Montague said that ore shortages created during the strike would result in steel production "dislocations" until possibly next spring.

J. H. Crapps Enters Commission Race

J. H. "Jimmy" Crapps has qualified to run for city commissioner against incumbent Commissioner Merle Warner.

Crapps became the only candidate to run against the present officeholders on the final day for qualifying for the Nov. 3 election.

Crapps said he is running "in the interests of good government and for progress if we have the money to pay for it." His efforts will be to run the city on a sound business basis, he explained.

Born in Cairo, Ga., Crapps has been a Sanford resident since 1942. He joined Hill Lumber Co. after being discharged from the Navy in 1945. Mr. and Mrs. Crapps have a 15-year-old daughter and a nine-year-old son. They live at 2412 Melonville Ave.

Only a write-in ballot can oppose Commissioner Earl Higginbotham in his race for a third term on the commission.

2 Americans Win Medicine Award

STOCKHOLM (UPI) — Two American biochemists were jointly awarded the Nobel Prize for medicine today for discoveries that shed light on the chemistry of life and cancer.

They are Spanish-born Dr. Severo Ochoa, 54, of the New York University medical school, and Prof. Arthur Kornberg, 41, of Stanford University.

The decision to award the prize which carries a cash award of \$42,810 was made this afternoon by the professional staff of Sweden's Caroline Medico-Chirurgical Institute.

The award was based on the biochemists' discovery of nucleic acid. Reporting on their discovery in 1957, the American Cancer Society said:

"This achievement will shed increased light on the basic chemistry of life, normal and abnormal, and is already considered a major step in the study of such abnormal growth as is involved in the cancer process."

News Briefs

Actor "Critical"

DUBLIN (UPI) — Barry Fitzgerald, 71-year-old Irish-born actor, underwent an operation here today and his condition was described as "critical." He has been ill for several weeks.

Piaf Released

PARIS (UPI) — French singer Edith Piaf was released Wednesday from the American Hospital of Paris where she underwent an operation for inflammation of the pancreas three weeks ago. Miss Piaf said she hoped to resume her singing career in February.

Road Addition

TALLAHASSEE (UPI) — U. S. Highway 1, the major arterial route between the Georgia line and the lower east coast of Florida, has been four-laned a distance of 330.39 miles. Another 19.9 miles is under construction and 31.33 miles are budgeted to be built during the coming year.

New Market

LAKELAND (UPI) — Florida citrusmen looked hopefully today for a possible free market in England for American citrus.

General Manager Robert W. Rutledge of Florida Citrus Mutual reported Wednesday night his European representative cabled that the British treasury "was on the point of removing quotas on practically every dollar commodity now restricted by import barriers."

New Boundary Okay

WASHINGTON (UPI) — Sen. Spessard L. Holland told the Supreme Court today that Congress thrice has approved a seaward boundary for Florida 10 1/2 miles out in the Gulf of Mexico.

The Florida Democrat concluded arguments by five Gulf states which claim ownership of the rich offshore oil resources. Florida, Mississippi, Alabama, Louisiana and Texas contended the area was ceded to them by Congress in the 1853 submerged lands law.

Squall Warnings Out In Caribbean

MIAMI (UPI) — A suspicious squally area in the Caribbean gained intensity during the night and the Weather Bureau advised all small craft in Jamaica and southern Cuba to remain in port.

In a special bulletin, the Miami Weather Bureau said winds of 45 miles an hour were raging in some of the fiercer squalls.

Forecaster Arnold Sugg said the disturbance apparently has slowed in forward movement and was drifting to a more northerly direction. It had been moving on a westerly course for the past three days.

The advisory said the main part of the squall line stretched from Latitude 15 north and Longitude 78.5 west, or near the South American coast, all the way to Cuba and Haiti. Jamaica was in the middle of the squall line.

A hurricane hunter plane was dispatched to look over the area this morning.

Forecasters could not be sure whether the squalls had taken on a circular motion characteristic of a true tropical storm. If it does become a tropical storm it will be named Judith.

Citrus Group To Hold Hearing On Shipment Date

LAKELAND (UPI) — The Florida Citrus Commission will hold a public hearing on a proposal that it seek the authority to set an opening date for fresh fruit shipments to Northern markets.

The proposal was presented to the commission at its meeting here Wednesday by its fresh fruit committee.

Commissioner Hershel Sorrells, recently returned from New York, said he was "ashamed" of the grapefruit he saw offered for sale there.

Students Develop Atom Tool Design

GAINESVILLE (UPI) — A University of Florida student team has developed a new design in a basic atomic research tool which may have broad significance in the field, the university said Wednesday.

The device is a cheaper and simpler linear atomic accelerator. An accelerator is used to produce nuclear energy for research purposes.

William F. Fagen, professor of nuclear engineering and leader of the project, said the new design promises to make the tool available to many more research units through a reduction in cost.

Fagen said the great value of the new design is as an educational tool.

About 20 undergraduates and 11 graduate students had a part in the project under Fagen.

The purpose of the accelerator project was to develop a 10-million electron volt, a rating several times more powerful than anything in Florida at present.

Fagen said preliminary testing indicated development of a potential perhaps twice that, or more.

ALL SET FOR SURVIVAL as Parachute Rigger Second Class Donald Williams showed DeBary residents just how an aviator is equipped to parachute from his plane into water. Gathered around Williams at the DeBary Community Center are, from left, Lawrence Tinsley, Major R. C. Wood of the Marine Corps, Capt. J. D. Ramage, commander of Heavy Artillery Wing One at the Sanford Naval Air Station, and Chester Reurick of the DeBary Civic Assn., for the program. The raft and "Mao West" life preserver were compact and deflated parts of the gear strapped on Williams until he quickly pulled a few cords.

Official Says Policing Action May Be Needed

WASHINGTON (UPI) — Earl W. Kintner, chairman of the Federal Trade Commission, told the broadcasting industry today that if it cannot keep quiz shows honest, government "policing" will be necessary.

Kintner said that "as a believer in our capitalistic, competitive free enterprise system," he hoped the industry, "can keep radio and TV programs free of deceit and fraud" without tougher government regulation than now exists.

Stensrom Reveals He Will Not Run For Senate Again

State Sen. Douglas Stensrom announced today that he will not be a candidate for re-election in 1960.

Stensrom, former county judge and senator for the 27th District since 1954, said he wants to devote more time to his family and his personal business.

"I decided some months ago not to run again. I just want to rest some and spend a little more time with my family and personal affairs, he said.

"I have felt a special pride in the district I represent, and I hope that in some small way I have contributed to its material needs and, more importantly, to the cause of clean and sound government."

"I want each of the 140,000 people in my district to know that I have enjoyed serving in the Senate. While I am certain there are many in the district more suitably talented than I, and while I must have been wrong many times on the scores of issues, I have hoped that my public and personal conduct has reflected favorably upon the people of the 27th District."

"May I thank sincerely each one who helped to make possible for me this privilege of public service."

Stensrom first went to the Senate in 1954 to fill the unexpired term of the late Sen. Lloyd P. Boyle. He was re-elected in 1956.

He gained several honors, including election in 1955 by senators as the outstanding first term senator and being named by the Capitol press corps as one of the four most valuable members of the Senate in 1957. The U. S. Junior Chamber of Commerce named him one of the five outstanding young men of Florida in 1953.

Shopping Center Bid Denied

The County Zoning Board last night denied a request by Hettler Homes to establish a commercial zone for a shopping center on Redbug Rd. east of the present Hettler construction area on Highway 436.

The request was denied on the basis that the proposed strip of land is too narrow, would not provide sufficient buffer zones and possibly would depreciate values of other individually owned property in the Lake Howell area.

C. C. Crump, representing the Hettler organization, asked approval of the commercial center which he said "we feel we are obligated to the residents of this growing community to provide."

The proposed location of the commercial area had been opposed at an earlier meeting by residents of the Redbug Rd. area, but Hettler had not been heard before on the application.

Crump said he figured the center would be a convenience to homeowners in the general area outside the Hettler property as well as to the new residents there. He said the company is selling 300 homes a month and predicted that the commercial area would be a necessity within six months.

Attorney Gordon Frederick presented the appeal of the opposing home owners and cited two court decisions at Miami Beach in which changes in zoning were denied because "the immediate need did not exist."

Frederick told the board "you cannot project yourselves into future planning, but must decide on this permit on present need."

Crump stressed that the Hettler organization "is here to stay and will continue to develop property as part of the growth of the area."

He took issue with the letter sent to the board earlier by Lake Howell residents which speculated on whether the area of homes might become a "blum."

"Everybody doesn't live in a \$40,000 waterfront home. It's no disgrace to be a working man who lives in a \$13,000 home with a mortgage on it," he said in criticizing the letter of protest.

Swashbuckler Flynn Dies On Canada Holiday

VANCOUVER, B. C. (UPI) — Errol Flynn, who cut a larger swath in real life than he did in his swashbuckling movies, died here Wednesday night during a holiday with his 17-year-old girl friend, Beverly Aadland.

Flynn, 50, died in the penthouse apartment of Dr. Grant Gould, a friend with whom he had been staying for the past week while negotiating sale of his \$100,000 yacht, Zaca.

A Fire Department inhalator squad was unable to revive the actor. It was believed Flynn died of a heart attack.

The city coroner said an autopsy would be performed later today at Vancouver Hospital where the actor's body was taken.

Friends said Flynn had complained of not feeling well since his arrival, and sought to return Wednesday to Hollywood. His death came seven days after the sudden death of tenor Mario Lanza, 38, in Rome and only several weeks after the fatal heart attack of Paul Douglas, 52, in Hollywood.

His daughters, who strongly resemble their father but rarely saw him, collapsed in tears in Hollywood on hearing news of his death.

Deirdre, 14, sobbed, "I knew dad was ill, but I didn't think he was sick enough to die." Rory, 13, overcome with grief, was unable to speak.

The girls were staying at the home of their maternal grandparents, Mr. and Mrs. John Edgington, in Beverly Hills. Their mother, Nora Edgington Flynn Haymes—Flynn's second wife—was out on a dinner date. When she returned Miss Edgington said, "Oh, I didn't know." Then broke down crying, and closeted herself from family and newsmen.

Flynn's first wife, Lill Damita, lives in Paris. She bore him a son, Errol Sean Flynn, in 1941.

The actor's latest wife, Patrice Wymore, with whom he was involved in a divorce battle, was performing in a Washington, D. C. night club when the news came.

First told that her husband was seriously ill, she exclaimed, "It is his heart? Is it worse than that?"

Told that Flynn was dead she burst into tears and went into shock, according to friends. She and Flynn were the parents of a daughter, Arrella, 6.

Miss Aadland, deeply shocked, was under sedation and staying with friends in a West Vancouver suburb.

NEW MAYFAIR INN MANAGER George C. Palmer said this morning that he was impressed by the progressiveness of Sanford and is looking forward to a great season here. Assisted by his secretary, Mrs. Roy Williams, Palmer will manage the Mayfair Inn and Country Club. He arrived a week ago after appointment as manager by Horace Stoneman, San Francisco Giant president. Palmer was previously manager of New York's Hotel Wrentham.
