## Clean-Up Is Promised By Sen. Russell

### Georgian Speaks At Jaycee Meet In Jax; Kefauver Willing To Debate Warren

By W. LAYTON DUNNING JACKSONVILLE (AP)—A thorough "housecleaning" in government was promised by Sen. Richard B. Russell today if he is elected President.

The 54-year-old Georgian, pausing here in his swing around Florida for support in his race for the Democratic nomination, proclaimed a Junior Chamber of Commerce members at a noon luncheon a cleanup of government corruption.

"Not in my time has the people's confidence in government been so shaken as in the one-time Georgia governor said, adding there must be a return to the belief that "every office is a public trust."

While Russell organized his Northeast Florida campaign, he made a series of speeches, his opponent for the voters' favor in next Tuesday's preferential primary — Sen. Estes Kefauver of Tennessee — returned to this area to resume his Florida stump tour.

The Tennesseean was head of a Senate Crime Investigating Committee which conducted hearings in tin teapots of big-time gamblers and racketeers with public officials, and efforts of these elements to work their way into places of government control.

In his speeches here, Russell chided Kefauver for his absence from the Senate to campaign for the presidential nomination and said that was one reason for his (Russell's) late entry in the race. Kefauver is a member of the Senate Armed Services Committee which Russell serves as chairman. "My opponent has twitted me about never entering a primary except the Florida primary," the Georgian said. "I have been called a definite legislative responsibility in Washington and I have been compelled to stay there and handle them."

Remarking that "my opponent was summoned to the Senate Committee," Russell said he had been caused more work because Kefauver had entered so many primaries in various states. "I have had to do my work and his too," he declared.

As in other Florida speeches, Russell drew laughter in referring to Kefauver's frequent references to Gov. Fuller Warren in his Florida campaign.

He termed it "one of the oldest political tricks — a smokescreen to get the people's minds on something else so they can't sit down and calmly analyze the issue. At several points, however, Russell said he shall not indulge in (Continued on Page Two)

## Negro Club Denies It Is Supporting Anyone For Office

Members of the Business, Professional and Civic Club, a local Negro organization headed by Enoch Lewis, today denied allegations that the group is endorsing certain candidates for office.

Among the signers are Jerry L. Givens, recording secretary; Herbert Cherry, chairman of the board of directors; Albert Lee Battle, treasurer; M. L. Williams, vice-president; Bernice Johnson, Charles Raywood, Calvin Hagan and Ezekiel R. Dixon, business manager.

In a letter to all candidates today it was stated:

"It has come to our attention that certain persons are alleging that we, as an organization, are endorsing the candidates of certain of our running for office. We completely dispel this rumor. We are taking this means of informing you that our organization opposes the cause of no individual candidate. We are a comparatively young organization. We are interested in the welfare, education, and prosperity of our people. However, we feel that we can advance those principles for which we stand by limiting our activity in the political field to urging our registered citizens to vote. For whom they vote is their own business. We are confident that whomever you are elected will be fair and impartial in your dealings with all citizens.

"We regret it is necessary to write this letter; however, we want you to know that the Business, Professional and Civic Club is not interested in the election of a state of candidates."

### COURT HOUSE

Assistant State Attorney Hubert Briggs today had high praise for the new look of the Seminole County Court House, with its new windows, alterations and interior and exterior paint.

However, it is responsible for those improvements should they be declared "a wonderful job which increased the value of the building which the County can be proud of."

Honoring General J. C. Hutchison for his outstanding achievements during two World Wars, the 200 members of civic organizations, and Senior and Junior Chamber of Commerce and veterans groups, attended a Kiwanis sponsored luncheon Wednesday noon at the Episcopal Parish House. Left to right at the speakers table are: Lieut. Col. Stewart Hatchel, who outlined the General's military record; Judge Douglas Stenstrom; General Hutchison, Mrs. Hutchison, Roland L. Dean, J. Martin Stimpelph, Mrs. Stimpelph, Miss Ellen Hutchison, T. E. Tucker, Mrs. Tucker and Andrew Caraway. At right, General and Mrs. Hutchison, admire the silver platter which was presented to them by Andrew Caraway in behalf of the local organizations attending. Mr. Dean, at right, smiles at the tribute to his two old friends and neighbors in Indian Mound Village.

## Jaycee Officers

Tim Crawford, left, outgoing president of the Junior Chamber of Commerce, congratulates Judge Douglas O. Stenstrom, center, being elected the new Jaycee president at yesterday's election in the Yacht Club. Left to right, Mr. Crawford, James H. Gut, who was re-elected treasurer for another year, Judge Stenstrom, Carl Pritson, newly selected first vice president, and Clarence Knight, new second vice president.

## Senator Pepper Injects Self Into Political Races

### Russell Is Described As A "Dixiecrat"; Smathers Is Hit

MIAMI (AP)—Former Sen. Claude Pepper reported today that Sen. Richard B. Russell sought his support in the Florida presidential preference primary.

"I told him I felt he would be supported by a lot of Dixiecrats in Florida and I didn't feel that our state would want to send a Dixiecrat delegation to the National Convention," said Pepper.

The ex-senator added: "Both Sen. Kefauver and Sen. Russell are fine men. I have served with both, and I feel that either would make a good President. I have encouraged some of my friends to run as Russell delegates, and others are running as delegates for Kefauver.

"We should have the best delegation we can elect to face all the problems we have to face. So far I have taken no part in the race between Kefauver and Russell, but I speak only up to this moment. If I feel that as issues develop I should express my views, I shall do so."

"This is not a petty political fight. I am sorry it has dropped to the level it has. This campaign is to choose a President of the United States, the democratic leader of the world."

Pepper also said it was "the simple truth" that a spokesman for Sen. George Smathers offered (Continued on Page Two)

### LESION MEETING

Plans for the observance of Armed Forces Day will be made at the meeting Monday night at 8:00 o'clock at the Sanford Post No. 8, the American Legion. Post officers of the Legion Post Association will be elected. Post Commander J. D. Orsick served all members.

### CIVIL AIR PATROL

Senior members and cadets of the Civil Air Patrol are requested to attend a meeting Monday afternoon at 8:00 o'clock at the home of Capt. W. E. Evans on the Orlando Highway.

## Luncheon Given In Honor Of General Hutchison

Honoring General J. C. Hutchison for his outstanding achievements during two World Wars, the 200 members of civic organizations, and Senior and Junior Chamber of Commerce and veterans groups, attended a Kiwanis sponsored luncheon Wednesday noon at the Episcopal Parish House. Left to right at the speakers table are: Lieut. Col. Stewart Hatchel, who outlined the General's military record; Judge Douglas Stenstrom; General Hutchison, Mrs. Hutchison, Roland L. Dean, J. Martin Stimpelph, Mrs. Stimpelph, Miss Ellen Hutchison, T. E. Tucker, Mrs. Tucker and Andrew Caraway. At right, General and Mrs. Hutchison, admire the silver platter which was presented to them by Andrew Caraway in behalf of the local organizations attending. Mr. Dean, at right, smiles at the tribute to his two old friends and neighbors in Indian Mound Village.

## Final Rally Of County Political Campaign Will Be Held Tonight

### Candidates For Governor Begin Last Big Roundup

Representatives of gubernatorial candidates will be the initial speakers at the final Democratic rally of the May 6 primary campaign tonight at 8:00 o'clock at the Seminole County Court House, Andrew Caraway, secretary-treasurer of the county Democratic committee, announced this morning.

James H. Lee, committee chairman, will again preside. Since an overflow crowd is expected, loud speakers will be placed outside the building for the benefit of those unable to obtain seats in the Court Room.

Following the plans to vote for J. Bradley Odham, Dan McCarty or Alto Adams, candidates L. F. Boyle, A. M. Brewer and A. T. Rossiter will speak for state senator of the 37th District. The campaigning of these candidates has been growing hotter and hotter during the current series of talks, and some fireworks is expected during the current series of state lawyers.

Candidates for the House of Representatives for Seminole County, Group No. 1, will be next on the oratorical lineup. This includes Mack N. Cleveland, Jr., local attorney, Mrs. Ruth M. Hamilton of Fern Park, and M. B. "T Bone" Smith. They have grown so friendly during the campaign that they actually enjoy each other's company.

T. W. Lawson, veteran superintendent of schools, will defend his policy of school administration against R. T. Milwee, principal of Logan School, Longwood.

Seeking to make Seminole County the cleanest in the state from the point of view of law enforcement will be the five candidates for sheriff. C. W. Beck, E. H. Hester, J. A. Moxo, J. Clay Williams and Roy G. Childs, Williams.

The going will then ring on the final round between O. P. Henning, county clerk, and Mayor W. H. Stenner, who is seeking his seat.

A battle of "sharp legal mind" will then follow with George A. Sneed, Jr., defending his record as county prosecuting attorney, and with his contender, Municipal Judge Karlgo Housholder, outlining his own merits for the job.

Four candidates for County Commissioner in District No. 1, will speak: Earl Higginbotham, oil dealer; W. G. Kilbee, a present commissioner; W. B. Miller, farmer and G. C. Priest.

Competing for the County Commissioner (Continued on Page Two)

## Bolivian Revolution Described By Daughter Of Fred R. Wilson

The excitement and suspense of a South American revolution are vividly described in a letter received by Fred R. Wilson from his daughter, Mrs. William D. Leahy, the former Francis Wilson, who wrote from the Buena Vista Hotel, La Paz, Bolivia, during the height of the recent revolution.

Mr. Leahy is engaged in road construction work on 365 miles of road from Cochabamba to La Paz. Mrs. Leahy wrote that they had come by plane from Cochabamba to La Paz the day before on a business trip and had secured a suite of rooms on the fourth floor of the hotel.

Describing the start of the fighting, she wrote, on Apr. 9: "We were awakened early this morning by explosions which rather frightened me (I'm always a little jittery in La Paz—all trouble starts here). The Bill reminded me that this is Holy Week and they were probably fire crackers. A little later I got up and looked out the window and saw a couple of men in front of the office of 'La Razón', the leading newspaper of the country.

"In a matter of seconds dozens of men had gathered, a car drove up and lots of men got in and they drove away shouting. Then the streets were suddenly full of truckloads of people, all with rifles—but no shooting then. A truckload of soldiers came into view and I breathed a sigh of relief, but the soldiers waved at the others, yelled 'Viva la revolución!' and drove on.

"Then a mob of people marched down the street. Now (10:15 a.m.) (Continued on Page Two)

## Steel Workers Are Ordered Back To Work

### CIO Steelworkers Respond To Request From President As Court Studies Issue

By ROWLAND EVANS JR. WASHINGTON (AP)—The CIO Steelworkers, responding to a request from President Truman, today called off their strike while the big legal battle over government seizure of the mills shifted to the Supreme Court.

Union President Philip Murray announced in Pittsburgh he had ordered his 650,000 men to go back to work "as soon as possible."

The first returning workers were back at their jobs within two hours at plants of the Allegheny Ludlum Steel Corp. Other steel companies expected to resume operations in the next few days.

Picket lines began disbanding as the Murray "go back to work" order filtered down to the local union level.

In Cleveland, a Republic Steel Corp. spokesman said "We're ready to resume operations in an orderly manner as soon as we hear from the union committees that the men are ready to go to work."

Murray also accepted an invitation from Mr. Truman to confer at the White House Saturday with industry leaders.

There had been no formal acceptance from the industry men but lawyers for the steel companies told reporters here the management representatives undoubtedly would accept.

On the local side, the steel industry went to the Supreme Court with a plea that it (1) uphold the (Continued on Page Two)

## Sgt. Ormon Ward, Gen. Collins Says Hero Of Pacific, Not One Division Dies By Drowning To Send To Korea

North Carolina Fishing Expedition Is Fatal To Veteran

WASHINGTON (AP)—Gen. J. Lawton Collins, Army chief of staff, declared today that the United States does not have a single regular Army division at home to replace or reinforce Korean forces.

Collins told the House armed services subcommittee there are in the United States only two airborne divisions, one armored and four National Guard infantry divisions.

Six American divisions are in Korea and two more in Japan. Collins divisions, including one armored, are in Europe, he said.

Collins offered this as a reason for President Truman's order last month putting many national Guard units will be called up to supply individual replacements in Korea.

But he said, the problem of maintaining the rotation program for Korean veterans is being hampered by lack of trained manpower.

The subcommittee is considering a bill to permit military authorities to keep National Guard divisions on active duty for five years.

## Fitts Calls Meeting Of Terminal Group

A meeting of the Sanford Terminal and Warehouse Committee will be held at 8:00 p.m., Friday, May 9, at the Yacht Club in order to discuss the recent agreements made with the City Commission for the leasing of the area needed for construction of the Port of Sanford, Albert Fitts, committee chairman, announced today.

"We are now in a position to make constructive plans for bringing the port into being," said Mr. Fitts, and he pointed out that it is urgent that new committees be set up at once to handle the various phases of the project.

CASTLE BREWERY DITCH City workmen have been busy lately digging a new ditch on West Seventh Street to drain the Castle Brewer area. City Manager Gillon announced this morning. Work has been completed on laying 18 and 24 inch pipe in the ditch from Mangustine Avenue on Eleventh Street. This ditch, which drains the new William Clark project, is now covered.

## Sanford Students Win Ratings At Band Festival

### TAMPA (AP)—Ratings in the Florida High School Band Festival today include:

- Marching Bands
- Class AA — Orlando, superior.
- Class A — Fort Lauderdale, superior.
- Class BB — Sarasota, excellent.
- Class B — Gainesville and DeLand, superior.
- Band Concert, Sight Reading
- Class AA — Orlando, excellent in concert and superior in sight reading.
- Class A — Fort Lauderdale, superior in concert and sight reading.
- Class BB — Sarasota, superior in both.
- Class B — DeLand, superior in both.
- Gainesville, excellent in concert and superior in sight reading.
- Student Conductors
- Ferry Green, Orlando, superior.
- Swirling
- Darlene Krueker and Frances Berry, Fort Lauderdale, Betty Turner, Orlando, superior; Mary Fowler, Melbourne; Stephen Varn of Fort Pierce, Janette Ratliff, Sanford, excellent; Ethelyn Merriman and Patsy Coffman, Sarasota, good.

Conrad Durt, Melbourne, excellent.

Brass Sextet

Two from DeLand, superior; Orland, excellent.

David Brinson, Melbourne, Orville Green, DeLand, superior.

Hutes

Bruce Baird, DeLand, Jane Hall, Gainesville, superior.

Others

Peggy Wilson, Orlando, superior.

Alto Clarinets

Nancy Hostetter, Orlando, superior.

B Flat Clarinets

Jane Sanders, DeLand, superior.

Bassoon

Rodney Emory, Melbourne, Dorothy Hahne, Fort Pierce, superior; Paul Phillips, Fort Lauderdale, excellent; Charles Moeckle, Fort Pierce, good.

Phil Harpling, DeLand, superior; Beatrice Hulse, Sanford, Ralph Kazarian, Orlando, excellent; Alvin Rotenberg, Fort Pierce, good.

Horn

Charles Gilberstein, Gainesville, superior; Phillip Tony, Sanford, good.

Baritone

Paul Platta, Fort Pierce, David Lassiter, Orlando, superior; Mary Poynter, Melbourne, Charles Barling, DeLand, Benny Burdette, Fort Pierce, excellent; Louise Benton, Sanford, good.

## Movie Time Table

**TODAY'S BIRTH VERSE**

For a nation is vaster than we  
think. The teacher of a class of  
young boys influenced the Chris-  
tianizing of Korea. I ordained  
this a prophet to the nations...  
Jer. 1:5.

Don't make any more engage-  
ments for next Tuesday. Remember  
that is the day to vote.

The Defense Department...  
Congress... over three billion dol-  
lars to expand military bases all  
over the world. Getting ready for  
peace.

General Eisenhower now has  
more delegates pledged to him in  
the Republican convention than  
Senator Taft. It now looks like  
" Ike" for the Republicans and  
Russell for the Democrats.

Flouridation is all right, says  
the American Diet Association, but  
you will still have to brush your  
teeth. And even from the small box  
point of view that just about wrecks  
the whole program, politically  
speaking.

There are about 234,000 regis-  
tered Democrats in Dade (Miami)  
county, with about 25,000 in  
neighboring Broward and 44,000  
in Palm Beach county. Whoever  
doesn't carry the lower east coast  
in this election is going to have a  
mighty tough time.

Obchubas county takes the  
prize for voting registrations for  
the coming election. When the  
books closed, the supervisor re-  
ported that all but three people  
in the entire county qualified to  
register had registered. Out of a  
potential voting population of 2,  
318, there were 99.9 percent who  
had registered. And that must be  
some kind of a national record.

The net effect of Judge Pine's  
ruling in the steel case, a ruling  
which must be upheld in the Su-  
preme Court, is that the President  
has no "inherent powers" except  
those derived from laws on the  
statute books. "Adhering to the  
Constitution is the safest course  
even if it means a strike," says  
David Lawrence, in commenting on  
the judge's action. What the Pres-  
ident's attorney evidently meant in  
speaking of his "inherent powers"  
is that the President rules by "di-  
vine right" like the kings of old.

"Ellis Arnall on the American  
Forum of the Air Sunday looked  
sounded as if the dictatorship of  
the proletariat had already hap-  
pened and he was head man," says  
John Temple Graves. "Upon what  
basis has our little Georgian been  
made a little dictator?"  
The late-springing Truman adminis-  
tration believes this so? It's certainly  
some sort of bluff with which  
you could turn him off when  
you yourself wanted to say some-  
thing. What this country needs  
today is more push button de-

Whether or not Senator Kefauver  
is a compulsory FEPC or only  
a voluntary FEPC, now that he is  
in the office, Senator Smith  
has voted in a letter to him  
to be voted to limit debate on  
the anti-Communist bill.  
The anti-Communist bill is  
the anti-Communist bill.

When you see people like  
this, you know the country is  
in a bad way. You know the  
country is in a bad way.

### A Strike No One Wanted

A strike in steel means more than a chart of cold statistics indicating production losses. It means more than wrangling around a conference table, charges and recriminations, new expressions of old bitterness. The effects must finally be evaluated in human terms.

In the soot blackened steel towns housewives will put on their best "we can see it through smiles," but their hearts will be troubled. The price of food is high and children wear out as fast when their fathers are on strike as they do when paychecks are coming in regularly. The men will grow pensive in idleness, convinced that they are right, but sorry that the steel needed so badly isn't being made. The union leaders know this. The housewives and the workers and the union chiefs didn't want the strike.

In the offices of the steel executives there is dismay and regret at the outbreak of the strike. Steel officials want to fulfill commitments of steel to the defense efforts. They do not like the idea of reporting to stockholders that dividends will be lower this year because of production stoppage. They didn't want the strike either.

The President didn't want a strike either. He knows how vital is the flow of steel at this critical time. Those fighting in Korea are aware of how damaging a strike can be. They didn't want a strike.

But the country is in the throes of a strike that no one can win. It seems hard to believe that such a strike could last long or even begin. Yet here it is. How will it end? When will it end? Aske all the people who didn't want the strike but who let it happen anyhow. They won't be able to answer.

### Prison Reforms

The spectacular riots in the New Jersey and Michigan prisons should not be ascribed to temporary factors, but should be regarded as symptoms of major deficiencies in the American penal system. Leading penal authorities ascribe the disturbance to overcrowding, lack of individualized treatment and inadequate prison personnel.

While the average person is not inclined to devote much sympathy to the problems of prisoners, actually the treatment of criminals behind the bars is important to him. Very few men remain in prison for the rest of their lives. As a protection to society, active measures should be taken to rehabilitate them as far as possible while they are in custody.

Smaller institutions are needed, with larger psychological staffs, where men can be studied and treated as individuals. Uniform standards for sentencing criminals and more extensive use of probation systems, especially for first offenders, need to be adopted.

The inmates of a small institution can be watched more closely and handled more individually than in a gigantic prison. Since most states prohibit prison manufacture of items for sale, there is too much idle time. This could well be used by giving more attention to education and character building. Most criminals need more book learning and nearly all can be helped by manual trade training. This helps them to adjust to the world to which they will eventually return. It's the kind of preventive medicine which aids the individual criminal and society both.

### Getting Rid Of Bores

Former President Herbert Hoover started out his administration with valuable advice from his predecessor, Calvin Coolidge. According to the new instalment of Hoover's memoirs Coolidge told him, "You will stand every day three of four hours of visitors. Nine tenths of them want something they ought not to have. If you keep dead-still, they will run down in three or four minutes. If you even cough or smile, they will start all over again."

This is something for all executives troubled with bores to remember.

### Warning Is Issued By Rent Director

Anyone purchasing rental property in Seminole County should immediately contact the area rent office, W. H. Williams, Area Rent Director stated.

"We have been receiving numerous complaints from individuals who have purchased rental property that the seller had told them the legal registered maximum rent was much in excess of the actual figure," Mr. Williams said.

"In such cases, purchasers can suffer a real financial hardship because such a mistake is no justification for increasing the maximum rent."

"In other cases," he continued, "purchasers have been under the mistaken impression that they can obtain immediate occupancy of the rental unit after it is purchased although it is occupied by a tenant. The rent laws specifically say that a tenant cannot be evicted for the owner occupancy until owner obtains a certificate from the rent office, and it generally gives the tenant three months before eviction proceedings may be started."

The Area Rent Director emphasized that the rent office, located at 222 Melch Building, Sanford, would be glad to furnish all necessary information to purchasers or bona fide prospective purchasers of rental property, including such important items as the rent ceiling, services and facilities required to be furnished and the fields of a landlord under the federal rent laws.

### Sanford Forum

Sanford Herald,  
Dear Mr. Dean:  
The ugly feeling that hits most all men at the sound of Communism isn't relieved at all to know that while men are killed in far off lands by the Communists, here at home they are given the green light in most everything.

Most unreasonable of all is the so-called free world allowing Red Russia and her cohorts to be considered a part of the United Nations, while at the same time, and not unknown to all parties, supplying the greater portion of the weapons used to kill the ones supposedly fighting for world freedom, too serious to be funny. We coddle the Communies, protect them while they are undermining our own safety and freedom. We permit them to glorify enslavement of peoples everywhere. They can stand on our street corners and shout out the merits of Stalinism, teach Atheism and we have a number that give ear.

It is perfectly legal to run for any office in the Nation on the Communist or Socialist ticket; in fact, some states list them on the ballots. One thing that is equally hard for the average American to see is why that Russia is not allowed to take part in the drawing up of an armistice, since the United Nations is considered the most important body in the world, and Russia and Co. are the main factors in it, apparently in major and minor issues. Russia has set out to dictate to the world, and force of arms will not stop her. The only hope that free people can have is, Back to God. The Christians of today are lacking in faith, that because they fail to pray as they should. Most folks clammer about God being a con-man, and would rather forgive Him in this emergency.

Our Great President has asked for a day of prayer annually, that would give him 364 days in our country. God told us He would mock when our fear comes, and He will mock our annual prayer, that is no time for satisfied prayer. No time for folks to plan the big times in the future. We need every looking for the Lord, and the language and the use of the Lord's name in private ways, does not look like many church men here and there. The commu-

### Final Rally

(Continued on Page 3)  
mission in District 5 will be Bon-  
ney L. Carter, Victor M. Greene  
and John W. Meiseh, all experi-  
enced voters.

More exciting humor is ex-  
pected from the candidates for  
justice of the Peace in District  
No. 4. These include Charles L.  
Lynn, Navy veteran; W. Hugh  
Dennis, a business man; J. E.  
Lynn, retired AGL engineer; and  
Spanish War veteran and L. A.  
Tate, AGL employee.

Writing up the program will be  
the interesting for candidates in  
District No. 1, including Robert  
L. Brown, James G. Gentry, Dal-  
ton and John M. Gentry, all of  
whom are able speakers.

### 'SEIZER' CROSSES THE RUBICON

### Steel Strike

(Continued from Page One)  
ruling by U. S. District Judge  
David A. Pine that Mr. Truman  
lacked any legal authority to seize  
the steel mills, and (2) forbid the  
government to raise wages while  
the court is considering the mo-  
mentous issue.

Nevertheless, the government  
went ahead and filed its own pe-  
tition. This argued that the Presi-  
dent, as commander in chief, had  
power to take over the steel in-  
dustry but asked the government  
did not "urge that the President  
possesses unlimited powers."

The petition contended that the  
power claimed for the Presi-  
dent "in no sense can... be seen  
as dictatorial or without bound-  
aries."

The court was in recess today  
but the justices have a regularly  
scheduled conference set for Satur-  
day afternoon. They might decide  
then whether they will consider  
the case.

The court could grant a review  
to either the industry or the gov-  
ernment. Normally, court aides  
said, the court would either grant  
both requests for hearings or deny  
both. If the requests were denied,  
the case would go back to the  
U. S. Appeals here.

Mr. Truman's move for a White  
House conference with both sides  
seemed obviously aimed at trying  
to get them to agree on a working  
contract.

If this should develop, the Su-  
preme Court might refuse to con-  
sider the case. The justices cus-  
tomarily decline to consider any  
case where the issue is "moot,"  
as the legal phraseology goes.

That means one where there is  
no live issue remaining. And the  
central issue—government seizure  
—would be washed out if there  
was a contract agreement restor-  
ing the mills to their owners.

On the other hand, the issue  
raised by Pine's ruling is so grave  
that the court might decide to rule  
even though the case was "moot."

Mr. Truman, saying he has no  
desire to be a dictator, has as-  
serted that he certainly would com-  
ply with any Supreme Court de-  
cision.

The President appealed Thurs-  
day night for the Steelworkers to  
get back on the job as "loyal  
Americans."

By implication at least, his re-  
quest carried notice too that if  
they did not the government might  
use the Taft-Hartley Labor Act  
and seek a court order for their  
return.

The government is now in a  
position to continue the operation  
of the steel mills in the national  
interest," Mr. Truman said.

His request for a White House  
conference at 8 a. m. EST Sat-  
urday went to the presidents of six  
big steel companies as well as  
Murray.

Joseph Short, the President's  
press secretary, was asked today  
whether Mr. Truman has any spe-  
cific proposals to put before the  
meeting.

"I can't talk about that until  
I have a conference at 8 a. m. Sat-  
urday," he answered.

In Pittsburgh, Murray told re-  
porters he was hopeful the White  
House conference would result in  
a settlement. He said he had  
been told that the government  
would not raise wages until a  
settlement was reached. He said  
he would not raise wages until a  
settlement was reached.

### Sen. Russell

(Continued from Page One)  
personalities" or "bring in a whip-  
pling boy."

Russell made his first public  
speech in Duval County at a rally  
in downtown Hemming Park  
Thursday night. Besides his lunch-  
time appearance today, he also had  
a talk before an afternoon session  
of Florida's Associated Industries.

He will take part in a Jaycee TV  
forum tonight.

Kefauver, who spoke over the  
radio here previously and also ap-  
peared on a TV program, flew in  
from Ohio where he has been seek-  
ing support in next Tuesday's pri-  
mary in that state.

JACKSONVILLE — Sen. Estes  
Kefauver today said Gov. Fuller  
Warren could have all the time he  
wants to debate Kefauver's fitness  
to be President — but that he re-  
serves the right to limit his own.

"He can start debating right now  
if he wants to," the Tennesseean  
told a news conference.

Gov. Warren had agreed to dis-  
cuss the matter in Miami Monday  
night but insisted the time not be  
limited to 30 minutes to each side  
as Kefauver had suggested.

Kefauver said radio station WTUN  
headquarters as supreme U. N.  
commander in the Far East. Ridg-  
way told a reception at the Im-  
perial Hotel "Such incidents...  
happen anywhere, anytime...  
groups of people in the mass are  
provoked and incited by fanatical  
false leaders."

Both Ridgway and Murphy said  
the anti-American atmosphere of  
the riots would not alter rela-  
tions between Japan and the U. S.

Foreign Minister Katsumi Okazaki  
told the ambassador Japan was  
property very involved in the  
riots. "And the Cabinet moved  
quickly to strengthen the nation's  
anti-subversive laws."

The worst riot was between the  
Imperial Palace and Ridgway's  
office. "I detected a certain classic pattern and the  
same type of formations" as he  
saw in Communist-led European  
demonstrations.

from Brownsville and Memphis,  
marched through Panama City  
streets wearing con sun caps and  
shaking hands.

When the new signs have been  
attached, the bus will take off  
Tuesday for Memphis. They  
return to Memphis Sunday night.  
Rutherford, Tenn., a member of  
the party, said the tour was strictly  
their own idea.

Kefauver is opposing Sen.  
Richard Russell of Georgia in  
Florida's Democratic presidential  
primary next Tuesday.

### Jap Riots Blamed On Communists By General Ridgway

TOKYO — American spokes-  
man said Japan's bloody anti-  
American May Day riots bore the  
"well known trademark of ruthless  
Communism."

Gen. Matthew B. Ridgway said  
the riots, in which at least 1,800  
were injured and possibly seven  
killed, were "clearly of alien in-  
spiration."

U. S. Ambassador Robert D.  
Murphy called the riots "more of  
the same" Russian policy of spark-  
ing violence which he had seen in  
European cities.

The newly arrived ambassador  
narrowly missed injury from flying  
rockets. He told his first news con-  
ference he was surprised by the  
ugly anti-foreign outbreak.

"But he said, 'I felt a little bit  
at home as I watched. I detected  
a certain classic pattern and the  
same type of formations' as he  
saw in Communist-led European  
demonstrations."

The worst riot was between the

PANAMA CITY — Vandalism  
ripped Kefauver for President's  
sign off a bus and cut wires of  
loud speaker equipment belonging  
to a group of Tennesseans coming  
into Florida Thursday night to  
whop it up for Sen. Kefauver.

Alvin Gray, Brownsville attorney,  
said the incident occurred while  
his bus was parked outside a  
tourist court on the beach. Authori-  
ties were notified.

The Tennesseans aren't going to  
let the incident stop their cam-  
paigning efforts. They immediately  
ordered new signs painted and had  
the loud speaking equipment re-  
placed.

To take every action possible to  
get ahead.  
"Including an injunction" a re-  
porter asked.  
He replied that he was going  
to take every action possible.

The strike started immediately after  
Kefauver's speech last Tuesday. Only  
a ribbon of the anti-Communist  
signs were left on the bus. The  
Tennesseeans were gone a day,  
leaving 116 million in a year.

The continued production of  
steel is of critical importance to  
the safety of the country. It is  
essential that the steel industry  
continue to operate. The President  
has asked the steel industry to  
return to work. We urge you to  
return to work as soon as possible.

### New Organ Installed In Naval Chapel

By RALPH GASSMAN  
Lt. J. M. Danekon, Chaplain,  
Sanford Naval Auxiliary Air Sta-  
tion, announced today that a new  
organ has been installed in the  
Navy Chapel and will be used for  
the first time Sunday.

The organ is an Worlitzer. Air-  
man Walter Keller is the organist.  
Chaplain Danielson stated that  
he is certainly pleased to receive  
the Worlitzer Organ because of  
the spirit and atmosphere that it  
will add to the worship services.

Roma, Catholic Mass will be  
held Sunday morning at 7:00. The  
Rev. Anthony McGowan of the  
Sanford All Soul's Catholic Church  
will conduct the mass.

Divine Worship for all the men  
with Chaplain Dan'lson in charge  
will be held Sunday at 10:00 a.m.  
The Chaplain's sermon topic is  
"Standing On Unsafe Ground"  
with his scripture reference being  
Psalm 73.

A Chapel Choir was organized  
recently. The choir will sing "The  
Heavens Are Declaring" Sunday  
morning at their special music.

Mrs. Wendell Whetstone will  
enter "Were You There When  
They Crucified My Lord" as a  
solo.

Beginning Sunday morning a  
Chapel Nursery will be open for  
pre-school children. The nursery  
is located in the Chapel Building  
near the Library.

A nursery committee composed  
of Mrs. C. A. Bixler, Mrs. W. H.  
Hopkins and Mrs. W. Whetstone  
has been formed. The nursery  
Mrs. Blouin, announced that there  
will be a program for the chil-  
dren with a lesson taught from the  
Bible. The nursery program will  
include a pre-school children's  
Sunday School class.

In addition to one of the com-  
mittee members, the mothers will  
take turns in caring for the  
children in the nursery.

All navy personnel, their de-

pendents and friends are invited  
to attend the worship services  
Sunday in the Navy Chapel.

Men breathe about 425 cubic  
feet of air in 24 hours.

## Bobbie Jean Galloway Weds Robert Reaves

In a lovely double ring, candle-light ceremony performed by the Rev. W. P. Brooks, Jr., at the First Baptist Church last evening at 8:00 p.m. Miss Bobbie Jean Galloway, daughter of Mr. and Mrs. J. Q. Galloway, became the bride of Robert L. Reaves, son of Mr. and Mrs. John R. Reaves of Lake Mary.

The vows were spoken against a background of palms with baskets of white gladioli flanked by burning tapers in cathedral candleabra. On either side of the altar arrangements of white gladioli and white hydrangeas completed the decorations.  
Pre-nuptial music was rendered by Mrs. Evans McCoy, organist, and Evans McCoy, soloist who offered "At Dawning" and "Because."  
The bride was given in marriage by her father and was lovely in a lace suit of pure imported silk pongee with matching accessories. Her corsage was a purple throated white orchid on a satin covered Bible from which fell white satin streamers.  
Miss Ethel Williams, maid of honor wore a suit of blue silk shantung with white accessories. She carried a nosegay of yellow and blue delphinium.  
Mrs. Galloway chose for her daughter's wedding a dress of pink linen trimmed in lace with which she wore white accessories. Her corsage was of lavender orchids.  
The groom's mother, Mrs. Reaves, wore a suit of white and accessories of white and a corsage of orchids.  
John Kridler, Jr., served Mr. Reaves as best man and ushers were Roger Crocker and Ray Ireland.  
After a short wedding trip the couple will be at home to their friends at 306 West Third Street.

## SEMINOLE HI

Several members of the S.H.S. have gone to Tampa this week to enter in the contests there. We know they're going to really do wonderful and have a grand time, too! Those in the group included: Dot Johnson, Ronnie Anderson, LeBe Bibebe, Jeanne Lane Miller, Louise Renton, Philip Toney, Dawn Fishon, Janette Ruff, Marvin Goebel, Gene Wilkinson, Lee Parmeter, and Stewart Mathews. Mrs. J. H. Bice is chaperoning.

## GENEVA NEWS

A political meeting was held Monday night at the school auditorium.  
A number of children have returned to school after being confined to their homes because of chicken pox.

# Blues Score 5th Straight Win By Massacring Cocoa, 14-1

## Seminoles To Play Indians' Protest And Regular Game Here Tonight At 7:00

By KENT CHETLAIN  
The Seminole Blues' baseball machine continued to roll on today as they literally flattened the Cocoa Indians, 14-1, in Provost Park amid the woods of Brevard county last night. The Seminoles' triumph was its fifth consecutive and the ninth straight loss for the hapless Indians.

Veteran newcomer Jose Fernandez went the entire route in his second start for the Blues in chalking up his first win against one defeat. Fernandez had complete control of the game from the start as he outpitched the Indians on one run, eight hits, only two walks and fanned six.

"Julien Joe" Parise slammed out his fifth home run of the year over the 324-foot mark in right, centerfield with George Smith aboard in the top half of the eighth. Parise has nearly half as many homers to his credit now than the 11 he banged out last year.

Manager Chuck Aleno went hitless in three official trips and struck out for the second time of the year, but still managed to lead the Blues to victory.

—Jameson Photo  
Chuck Aleno...swats in his 28th run.

aged to pound in three more runs to raise his total to 28 in only 17 games. If he continues his present pace he will easily break the Florida State League record of 140 set by Sanford's Buddy Lake in 1944.

Pitcher-outfielder George Smith was the hitting star with three hits, safe on an error, a walk and a strike out in his second start. The Blues drilled out 15 hits and walked 16 times with the help of six Cocoa errors.

The one big inning for the Seminoles came in the third when they scored five times as a parade of three Indian flingers fought desperately to stymie the 12 Blues batters who came up.

It all started on John Imbra's sinistral. The aggressive little second baseman stole second and then wiped third when Dusty Rhodes was passed. A few pitches later Imbra was off like the wind for third with his second stolen base of the inning and fourth of the year.

Bill Campo drew a base on balls to fill the sacks. Jose Fernandez demonstrated his hitting skill with his second home of the game through the two scoring Imbra easily from third. George Smith reached first safely on another error by the pitcher, Jimmie Brown, who was home when Fernandez was out on a single to Campo after Smith had fanned. Aleno walked to force in Fernandez through third and Imbra cleaned up the bases with a two-bagger to the fence. He scored when Rhodes was safe on an overthrown first base by Moss.

This made the score 12-0 in favor of the Blues. The Indians dug up their third run in the bottom of the third when Pop Ramirez, who was the fourth Cocoa error of the game, singled and subsequently scored on a bing.

Coach George Buesco, a victim of infantile paralysis and walks with a pronounced limp but Thursday he fished his third win - his name of the season in pitching Sarasota High to a 4-0 victory over Arcadia of the South Florida Conference.

Buesco used just six pitches and allowed only one hit over the 14 batters who batted. He walked three and struck out 14, tying his own record.

Young Buesco, whose brother, George Jr., pitched for Albany, Ga., has compiled this record this season. One no-hitter, three one-hitters, two shutouts and two 4-hitters. He has fanned 11 batters and walked 10. His record was 7-0 with a 1.00 ERA for all career run averages.

One no-hitter, three one-hitters, two shutouts and two 4-hitters. He has fanned 11 batters and walked 10. His record was 7-0 with a 1.00 ERA for all career run averages.

# Outfielder Ted Brooklyn Is Scheduled To Report To Blues Monday

THE SANFORD HERALD  
Fri. May 3, 1953  
Page 4

—Jameson Photo  
Chuck Aleno...swats in his 28th run.

Brooklyn came to the Blues along with veteran outfielder Chris Hermodes two months ago on a straight cash deal from the Indians. Hermodes stayed with the Blues for only a week before drawing his release.

Hermodes hit .306 in the Florida State League last year, but since he was a veteran the Seminoles sent him back to Cocoa. The Blues have then quota of four vets and had them at the time Hermodes was released. The four vets on the present roster are Chuck Aleno, Joe Parise, John Imbra and Jose Fernandez.

Brooklyn on the other hand is a limited service player and the Blues have room for him in the outfield. Each team is permitted four vets, four rookies and eight limited service men.

General manager John Krier said that Brooklyn, a Lake Mary outfielder, had decided to play again this year after previously declining to leave his job with the Sanford Electric Company. Rumors of a deal involving Brooklyn with the DeLand Red Hats were quashed when Krier stated, "We need another dependable outfielder and we're going to keep Brooklyn for ourselves."

Manager Chuck Aleno hinted that he may insert the chunky firstbaser in center moving Callavallero into left and either using George Kenis in right or Bill Campo. Brooklyn should be in the starting line up against the league leader Jacksonville Beach Sea Birds here Monday night.

Brooklyn is a spray hitter who hitted FSL pitching last season for Cocoa to a tune of .277. Included in his batting achievements were 31 doubles and 81 runs batted in.

The Lake Mary (Fla) hawk stands over 5-foot-8 inches tall and pushes 190 pounds. The 24-year-old outfielder has a strong throwing arm and is considered a good field man. His addition should insure better defense in the garden for the improved Blues.

Meantime, President Joe Field announced that he has called a meeting of the Seminole County Baseball Association's board of directors for tonight in the Blues' office at the Memorial Stadium for 7:00 o'clock.

"We will probably watch the following by Gulfstream with \$1,750,035, Tropical with \$2,887,041 and Sunshine Park with \$254,865. Of this state revenue, 62 per cent goes for old age assistance and 38 per cent is divided equally among the 67 counties.

The commission reported: Attendance 325,292 \$ 20,327,539  
Tropical 678,476 40,837,048  
Gulfstream 465,042 29,070,019  
Sunshine 85,268 5,289,918  
TOTAL 1,552,147 \$10,133,513

Last year, each of the 67 counties received \$92,500, and this time the amount will be close to \$110,000. Final figures will not be available until the close of the ground-breaking season May 31.

The four horse tracks—Hialeah, Gulfstream and Tropical in the Miami area, and Sunshine near Tampa—reported a record paid attendance of 1,652,447 (and mutual handle of \$140,135,519, the largest in history for the season opening Nov. 31 and continuing through April 19. The gain was 16 per cent in attendance and 23 1/2 per cent in play.

As usual, Hialeah was the leading tax producer with \$4,035,668, by grounding to first.

Vic Tiger was the big run in the Tiger attack. Despite his slinky 191 he bashed successive 3-run homers off Johnny Hoop in the fourth and fifth innings to set up the Tiger triumph.

Tyrod strode in with Bob Corv and Al and Finckler. Arnie Wilson on first. Down went the Yankees, one-two-three. When Phil Sposito grounded to Shortstop Johnny Ligon, Corv was cut down at the plate. Johnny Hoop fanned and Mickey Mastie ended the game.

## Seining Stopped In Lake Harris, Eustis By Court

### Judge Futch Orders Temporary Injunction Against Nets

TAVARES (AP)—A temporary injunction Thursday stopped seining in Lake Harris and Eustis, at least until a hearing Monday. The Lake County Fish and Game Association and Sid Wilson, Howey, the plaintiffs, asked for the hearing to determine if they are able to post bond in their suit against holders of special State Game and Fresh Water Fish Commission seining permits for the two lakes. Circuit Judge Truman G. Futch ordered the temporary injunction. Action came after last Monday's hearing in which attorneys from Lake and Seminole Counties argued against the wholesale stripping of the lake's fish by commercial fishermen. The seining measure was adopted two months ago by the State's Fresh Water Fish and Game Commission.

State biologists have maintained that through the net "control" seining bill, a proper balance of desirable species may be fostered. Sportsmen have opposed the bill on the grounds that the commercial fishermen cannot be controlled and they will deplete the lakes of all the game fish.

## FSU Cindermen To Face Mississippi College Tomorrow

TALLAHASSEE (Special)—The Florida State University track team will face the Mississippi College Choccolats at Clinton, Miss. tomorrow afternoon in the next to last meet of the season for the Seminoles. Florida State will close its regular season schedule with a meet against University of Miami here on Saturday afternoon, May 10.

The Florida State team will be heavily favored over the Choccolats at Clinton Saturday. Although the two teams have not faced a common opponent this season, the Seminoles have a much more impressive record.

In meets to date Florida State has defeated Davidson, Mercer, Georgia and Georgia Tech. The Seminoles' only loss came at the hands of Loyola University of New Orleans early in the season when several of Coach Ken Miller's top performers were sidelined by injuries or sickness.

Much of the interest in the Florida State-Mississippi College track meet will center on the 440-yard dash when FSU Coach Miller will run his three top quarter milers against each other for the first time. Woody Parker is undefeated in the quarter this year for the Seminoles with Dick Mine usually on his heels. Team Captain John Poston has been running in the 100-yard dash event in every meet and therefore not able to compete in the quarter mile, which many followers think is his best event. Parker, Poston and Mine will all go in the quarter mile race at Clinton and Poston will not compete in the 100 there.

TRIO OF UNIVERSITY OF KENTUCKY basketball stars who pleaded guilty to shoving points in a 1949 National Invitation Tourney shake hands with their attorney, Harold Frankel (left), in New York after winning suspended sentences on six charges. The players (l. to r.) are: Dale Brantable, Ralph Beard and Alex Groza. (International)

## Oldtimers Trout, Hudson, Dobson Score Victories

By ORLO ROBERTSON  
LOUISVILLE, Ky. (AP)—Seventeen 3-year-old colts today were named for the 1949 National Invitation Tourney shake hands with their attorney, Harold Frankel (left), in New York after winning suspended sentences on six charges. The players (l. to r.) are: Dale Brantable, Ralph Beard and Alex Groza. (International)

## ExSanford Flinger Stops Cleveland After 13 Innings

By JACK HAND  
Associated Press Sports Writer  
Dizzy Trout, Joe Dobson and Sid Johnson, like old wine, seem to improve with age. The old gaffers are teaching the new dogs some old tricks.

Trout turned in a spectacular relief chore Thursday night at Yankee Stadium to stifle a New York Yankee rally. Rescuing Art Houtteman in the ninth with men on first and third and nobody out, the 36-year-old Trout preserved a 5-4 Detroit victory.

Dobson, well past his 35th birthday, silenced the Philadelphia A's without a hit for 7 1/3 innings while pitching the Chicago White Sox to a 2-0 triumph.

Hudson, Washington's 34-year-old veteran, edged Cleveland's Bob Lemon, 2-1, in an exciting 13-inning battle at Griffith Stadium.

The kids had their fun, too. Those following St. Louis Browns, after breaking even with the world champs in New York, bowled over the Boston Red Sox rookies, 6-1. Thus did Rogers Hornsby's upstart, collar tenants in '51, move within one game of the first-place Red Sox.

The Chicago Cubs, somewhat more mature than the Browns, continued to play like the spring chickens of the National as they bumped Brooklyn, 7-2. It took a trick of mathematics to keep the Cubs out of first place. Chicago, last in 1951, actually had a half-game dig in the won-and-lost standings but Brooklyn held a 13-point percentage edge, .727 to .714.

Jim Hearn found the revamped Pittsburgh Pirates just as accommodating as his "cousins" of old as he pitched the New York Giants to a 13-5 romp. That made his lifetime count 143 over the Bucs.

Robin Roberts, the Phillies' youthful ace, racked up win No. 3 with home run help from Nippy Jones and Connie Ryan as he downed St. Louis, 4-3, with an 8-hitter.

Cincinnati's Herm Wehmeier needed relief help from Frank Smith to put down a ninth-inning Boston uprising saving a 7-6 edge for the Reds.

Getting back to Yankee Stadium where 2,127 turned out for the first night game of the season, Sotgiu, a one-hit winner in his last out, suddenly lost his stuff in the sixth when three straight singles narrowed the gap to 5-6 with nobody out.

Tyrod strode in with Bob Corv and Al and Finckler. Arnie Wilson on first. Down went the Yankees, one-two-three. When Phil Sposito grounded to Shortstop Johnny Ligon, Corv was cut down at the plate. Johnny Hoop fanned and Mickey Mastie ended the game.

## Sea Birds Defeat Red Hats To Take Lead By 1 Game

By NEIL GILBRIDE  
Associated Press Staff Writer  
Third Baseman Herman Young slapped a 2-run homer in the eighth inning Thursday to give the Jacksonville Beach Sea Birds a 6-4 victory over DeLand and first place in the Florida State League. The teams had been tied in first place with a 13 win and four losses. They have shaved the lead back and fourth over since they pushed Gainesville out of a 3-way tie recently.

In other Thursday night games, Palatka rimmed Daytona Beach, 8-8, Sanford overran Cocoa, 14-1. St. Augustine beat Leesburg, 4-1, and Orlando took a 4-3 edge over Gainesville.

Sanford coasted to the win over Cocoa after scoring eight runs on four hits, four bases on balls and three errors in the third inning. Orlando Manager Ed Levy knocked out a double that was good for two runs and the game in the last inning against the Gainesville G-Men. The G-Men had led, 3-2.

At Palatka, Gerry Sondermeyer drove in the winning run with a single for the Palatka Azaleas. Sondermeyer had struck out four previous times at bat.

St. Augustine, the last-place team, got a little life from a new pitcher, Milton Rial, who held Leesburg to six hits.

## Celery Feds To Play Titusville Monday

The Seminole High baseball team will close out its regularly scheduled baseball schedule before the conference and state tournaments on Monday when they travel to Titusville to play the Terraces at 3:30 p.m.

Mel Fleischer, winner of two of the Feds four victories, will start on the mound for the Flamingo. In the previous tilt between the two clubs, the Celery Feds dropped the Terraces, 9-5.

All are welcome to attend our  
services and to use our Reading  
Room.

The certainty that evil of all  
sorts will receive full punish-  
ment until it is abandoned is the  
central theme of services to be  
read in Christian Science churches  
next Sunday. Subject of the Les-  
son-Sermon is "Everlasting Pun-  
ishment."

A verse from Paul's epistle to  
the Romans provides the Golden  
Text: (Romans 6: 10): "Know ye  
not, that to whom ye yield your-  
selves servants to obey, his ser-  
vants ye are to whom ye obey  
whether of sin unto death, or of  
obedience unto righteousness?"

Bible passages include the fol-  
lowing from Ezekiel (18: 20):  
"Repent, and turn yourselves from  
all your transgressions; as in-  
iquity shall not be your ruin."  
Citations from "Science and  
Health with Key to the Scrip-  
tures" by Mary Baker Eddy in-  
clude: "Science removes the pen-  
alty only by first removing the  
sin which incurs the penalty. This  
is my sense of divine pardon,  
which I understand to mean God's  
method of destroying sin" (p. 46).

DO YOU KNOW  
THIS LAD?

He could be your boy or the boy next door—this solemn-faced youngster trembling before a judge in the court of justice. His offense may have been small—or extremely serious. But he has been in the wrong and he must answer for his misdeed.

Yet the blame might be placed on neglect—neglect of his parents to provide healthy outlets for his exuberant energies, neglect in occupying his free time with constructive interests, and neglect in providing a spiritual background.

Many parents fail to realize that proper spiritual guidance as well as physical and mental training can prevent just such predicaments as this. A child of religious background, well-educated in the basic ideals of Christianity, will not wilfully commit a crime against society.

Where does your child stand—alone? Or are you, his parents, with him all the way, your hands joined with his and with your unseen Father above?

**THE CHURCH FOR ALL  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Sparks Begin To Fly As Politics On National Scene Becomes Warmer

By The Associated Press  
Democrats and Republicans had fresh sparks flying from each of their hottest rivalries today and President Truman tossed in a little tinder of his own.

The Taft-Eisenhower duel for GOP presidential-nominating delegates switched leads, with a boost from Mr. Truman's home state of Missouri. In Deep South Florida, the Kefauver-Russell race was taking on a tuddler glow.

Here were the developments, tempered by Connecticut Sen. Brian McMahon's bid for the Democratic nomination and Mr. Truman's talk about politics at his Thursday news conference.

## Reds Refuse To Agree To Allied Package Proposal

MUNSAN, Korea (AP)—Communist negotiators today refused to agree to a United Nations Command package proposal for settling the Korean armistice deadlock.

The Red reply was given in a secret full-dress session of armistice delegations.

The chief negotiators scheduled another meeting for Saturday. This gave rise to speculation the Communists may have offered a compromise plan.

But Vice Adm. C. Turner Joy, chief United Nations delegate, and Brig. Gen. William P. Nichols, UNC spokesman, refused to say what happened in the 78-minute session at Panmunjom.

"I regret I have no comment to make," Joy said.

Nichols told newsmen it was "obvious that no agreement was reached."

Chief problems blocking an armistice are how to exchange prisoners of war, Russian participation in truce supervision and rehabilitation of military airfields during a truce.

Nichols said North Korean Gen. Nam Il, the Reds' No. 1 negotiator, did most of the talking. It was the first meeting of the main armistice delegations since they recessed Monday to permit the Communists time to study the Allied plan.

The delegate strength—compiled from concessions, pledges, instructions and avowed leanings—gives Eisenhower 278 to 274 for Taft.

The Ohioan's headquarters claims 344 for Taft, 208 for Eisenhower, not counting Missouri.

Florida Gov. Fuller Warren has agreed to meet Sen. Estes Kefauver of Tennessee in debate Monday night at Miami. Kefauver, who has swapped words with the governor ever since his Senate Crime Committee tried in vain to call Warren as a witness, wants the debate limited to a half-hour each. He says time is precious in his race against Sen. Richard Russell of Georgia for votes in Florida's May 6 popularity poll and May 27 delegate election. Warren insists on no time limit.

At Jacksonville, Kefauver told friends he could not fill Ohio engagements made for him and was returning to Florida to campaign.

Taft told a reporter in Akron he "would not turn down an invitation" to debate with Eisenhower, returning about June 1 from his Allied defense command in Europe. Taft added, however, he feels debates are more appropriate to general elections than to primaries.

In Salem, Ore., Gov. Douglas McKay, an Eisenhower man, said Taft backers are trying to pull a "political trick." He said they put up eight candidates for the state's 18 GOP delegate posts without naming the nominee—candidate they support. Oregon delegates traditionally are bound by results of the primary. McKay said the state-of-rights was filed under a little-known 1905 law in an attempt to disregard the choice of the people.

Indiana Republicans formally approved advancing the state nominating convention from July 3 to June 7, just six days after Eisenhower is expected back. The move was interpreted as a victory for Taft backers.

Taft and Eisenhower will share

SKULL, Korea (AP)—Twenty-two U. S. Sabre jets jumped four Communist MIG-15s today and the Air Force said one Red jet probably was destroyed.

Slower F-84 Thunderjets engaged four MIG-15s but made no claims. Both fights were in Northwest Korea.

Allied warplanes attacked rail lines in the western sector of North Korea while fighter bombers teamed with the First Marine Air Wing in hitting Red rearmaments along the battle front.

The Air Force said the vital Red rail line between Chongju and Sinanju was cut in 60 places. Sabre jets flying protective cover attacked a supply train near Chongju. Pilots said they destroyed the locomotive. Twenty-five rail cars were damaged.

On the ground, action was light but the weather was hot. The temperature hit 90 degrees Thursday.

Nevada's 12 vote GOP delegation about as the way leaders figure it—but the Democrats' 10-vote slate seems likely to be unopposed. State conventions will name both on May 10.

President Truman said he definitely is not interested in renomination. Of McMahon's candidacy, he said the senator is "qualified for the presidency." Mr. Truman also had a word for Eisenhower, labeling untrue any reports that the general is sick and saying he is as fine a man as ever walked.

Five nominee candidates, plus Paul Hoffman as Eisenhower's stand-in, appeared on the League of Women Voters' nation-wide television show from Cincinnati. Questions and answers were prepared in advance and shed little new light on campaign issues. The five present were Democrats Kefauver, W. Averell Harriman of New York and Sen. Robert Kerr of Oklahoma and Republicans Harold Stassen of Minnesota and Gov. Earl Warren of California.

NEW BAYVIEW BEACH (AP)—Two persons swam ashore and two others were brought in by the Coast Guard when the 46-foot sloop Viking sank after running aground on the south side of Ponce de Leon Inlet late Thursday.

Coast Guard Comdr. B. B. Odum said the sloop, coming from West Palm Beach and four days overdue in Jacksonville, was trying to come in when it ran aground.

Odum said Jeffrey DeSa, Daytona Beach, owner and skipper of the Viking, and John Rogers, Jacksonville, were brought in by coast guardsmen when the sloop sank.

DeSa's wife and Robert Bowen, Jacksonville, swam to shore earlier.

Odum said three Coast Guard boats tried for about four hours to bring the sloop off the sand bar before incoming tides apparently filled the hatch and sank it.

SHORTAGE OF OIL  
Is Threatened By  
Workers' Strike

DENVER (AP)—The continuing strike of 22 AFL, independent and CIO oil workers' unions today threatened further shortages of gasoline for the nation's motorists, truckers and air transport.

So far, the 3-day-old strike of refinery and pipeline workers for a wage increase has brought voluntary rationing of gasoline to motorists in Houston, filling station pumps are running dry in the Chicago-Gary area, pickets halted gasoline deliveries in stations in Toledo, O. Government officials said a prolonged strike would bring on a major shortage of gasoline if the 45-day supply on hand is cut in half. More than 44 per cent of the nation's refining capacity is shut down.

The Petroleum Administration for Defense (PAD) ordered dealers prohibited to dealers or big consumers with more than 10 days supply available in 17 Eastern states.

Export of some major petroleum products was banned. Shipments from Pacific Coast states, shipments to Canada and aviation gasoline were exempted.

The president of the American Truck Associations, Walter F. Mullady, said if highway freight transport is immobilized by a lack of fuel, "the supports could be knocked under from our whole standard of living."

He said the milk supply for 70 million people in the nation's 75 largest cities would be shut off. Secretary of the Interior Chap-

man said the already short supply of aviation gasoline production could be cut by about 30 per cent. An order limiting use of aviation gasoline can be expected, he said.

Negotiations to settle the strike, which began at midnight Tuesday, were breaking down where they had appeared most promising.

California may be caught up in the strike after negotiations in San Francisco between representatives of the Oil Workers International Union (CIO) of Denver and Shell Oil reached a stalemate.

The unions are seeking a pay hike of 25 cents hourly and increased night shift differentials.

The average pay ranges from \$2 to \$2.10 hourly. Differentials now are four cents extra hourly from 4 p. m. to midnight and six cents from midnight to 6 a. m. Union goals are six and 12 cents.

NET PROFITS DROP  
With Increase Of  
Costs, High Taxes

NEW YORK (AP)—Higher taxes and the increasing cost of doing business have stripped about one-fifth of net profits of 271 corporations in the first three months of this year over 1951. Profits for the year run 0.4 per cent lower than the total profits of the same companies in the first quarter of 1951. These firms, representing almost every industry except the railroad, report a combined profit after taxes of \$1,068,923,034 this year against \$1,301,613,934 a year ago.

Oil companies are below the average. The first 26 to report show first quarter net profits of \$1.1 billion dollars, trailing last year by 23 per cent.

Oil companies as a group are up 19 per cent. The first 18 to report show total net profits of \$2.5 billion dollars, against \$2.1 billion a year ago.

If you take the total for any industry, the picture is different.

All other groups are down. Textiles take a spanking 43 per cent drop, although two of the nine firms increased their profits this year.

Pharmaceuticals and brewers, as a group, are off by 32.9 per cent. Retail profits also suffer. Tax on the big retail chains to report so far made gains, but as a group retail profits ran 8.3 per cent below a year ago.

Makers of home appliances show a 30.1 per cent drop. These firms in the consumer and packaging field are down 10.6 per cent.

With only three of 21 building materials companies in the goods category, group profits are off 24.1 per cent.

But many companies feel that these first quarter losses will be the worst for the year. Since April 1, tax rates have been the same as the comparable period last year. Also many of them had their best earnings in 1951's first quarter.

There are about 10,000 different kinds of fishes now known.

The Queen of the May Festival to be held at Huntington College Saturday, May 3, will be Mary Lou Bell, senior from Decatur, who is shown here (center) surrounded by the members of her court. The maids of honor in the court are (seated left to right) Betty Jo Stewart, of Montgomery; Barbara Ellisor, of Eufaula; Phyllis Gunter, of Anniston; and Joan Burdick, of Macon, Ga. Students who have been elected to represent their classes in the court are (standing left to right) Fannie Lee Howard, of Montgomery, senior; Patricia Costa, of

Bessemer, sophomore; Legene Brown, of Brainbridge, Ga., senior; Chae Lou of Camilla, Ga., sophomore; Joanne Williams, of Sanford, Fla., junior; Sarah Lee of Robertsville, freshman; Sara Jo Terry, of Northport, freshman; and Joanne Register, of Huntville, junior. May Day is Homecoming Day at Huntington and thousands of friends, alumni and parents of students gather each year at this time to attend the Festival, the Class Reunions and other celebrations of the day.

man said the already short supply of aviation gasoline production could be cut by about 30 per cent. An order limiting use of aviation gasoline can be expected, he said.

Negotiations to settle the strike, which began at midnight Tuesday, were breaking down where they had appeared most promising.

NEW BAYVIEW BEACH (AP)—Two persons swam ashore and two others were brought in by the Coast Guard when the 46-foot sloop Viking sank after running aground on the south side of Ponce de Leon Inlet late Thursday.

Coast Guard Comdr. B. B. Odum said the sloop, coming from West Palm Beach and four days overdue in Jacksonville, was trying to come in when it ran aground.

Odum said Jeffrey DeSa, Daytona Beach, owner and skipper of the Viking, and John Rogers, Jacksonville, were brought in by coast guardsmen when the sloop sank.

DeSa's wife and Robert Bowen, Jacksonville, swam to shore earlier.

Odum said three Coast Guard boats tried for about four hours to bring the sloop off the sand bar before incoming tides apparently filled the hatch and sank it.

# Grannie Is Making Trip On Horseback To U. S. Capital

(Editor's note: Mrs. Pauline Buffalari, blonde grandmother, is making a horseback trip from Norfolk, Va., to Washington, D. C., to deliver anti-Communist messages to be beamed on Voice of America broadcasts to the Iron Curtain countries. Her mount gives a 100-foot view of the city.)

By RING, a Photo Horse  
As Told to The Associated Press

GARRISONVILLE, Va. (AP)—Grandma Buffalari and I left here bright and early this morning, still trying to make a little distance on that darned trip to Washington.

Pauline is asked by somebody how far we still have to go. She laughs and says "Oh, I don't see how far you think it is and who is hot and tired when you finish."

These trucks are bad. When they go by and almost blow me off my feet, Grandma says she thinks the traffic will get worse today if that is so.

My feet are killing me, and here I am when all this time I could be getting ready for the Derby on Saturday where they let horses walk and run on nice, soft dirt.

Thursday I got a pimple on my forehead and I had had until Grandma finally caught on and took me to a blacksmith.

If those letters Grandma is carrying ever get to Washington and if they ever read them over the Voice of America, do you reckon they will mention old Ring over the radio? I could tell Uncle for a thing or two.

Nobody has even asked me to talk over the telephone.

Pauline, she does all the talking, and you know who does all the walking.

Do you know any good stable in Washington?

My feet are killing me!

PLANE ACCIDENTS  
TAMPA (AP)—Three Air Force plane accidents in this area Thursday left one man known dead and seven missing and probably dead.

Major Al Force Base here held out little hope for the safety of any of the seven men missing since a B-29 Superfortress had crashed 10 miles out in the Gulf during low level target practice.

Seven others in the number 84 were reported missing in a B-29 crash in the Gulf of Mexico.

A B-29 plane from the 47th Bombardment Group crashed in deep woods about three-quarters of a mile from the base.

This plane was without pending notification of most of its crew were the names of those missing in the B-29 mishap.

No one was hurt when a C-54 cargo plane made a belly landing at MacDill.

## Mother Of Child Slain In Tampa Is Expecting Another

TAMPA (AP)—Mrs. Alice Cliffe, charged with the tortuous slaying of her 4-year-old son Wayne, won't be able to go to his funeral Saturday.

She is expecting another child any time, perhaps Saturday, and the county physician said it would be too dangerous in her condition for her to attend the funeral.

Both the weeping mother and the unemotional stepfather, John Cliffe, charged with her, asked to be allowed to go to the services. Funeral expenses are being paid for by some of the hundreds of persons stirred up by the killing.

Deputy Sheriff Ernest Culbreath said if both could have gone they would have been allowed to attend, but since the mother can't he saw no reason to let the stepfather attend.

Culbreath said Cliffe, 27, a painter and farmhand, and Mrs. Cliffe, 28, a former barmaid, admitted they beat the boy with a belt and kept him without food for three days, then strung him up by his wrists with his feet barely touching the floor for three nights because he was disobedient.

During the third night she awoke to find the child dead, she told officers.

Dr. Frank Adamo, the county physician, said a preliminary examination indicated that the beating and shock from mistreatment had as much to do with death as strangulation.

The body of the little boy was black and blue and there were cuts and welts on his face, Culbreath said.

Dr. Adamo said the blows were almost enough to kill him, and he probably was already dying when he was hung up the last time.

There were two big hemorrhages in the head and one in the intestinal area, Dr. Adamo said.

## Limit Is Asked By Aviation Industry On TV Towers

WASHINGTON (AP)—The aviation industry is lining up strongly against the prospective mushrooming of television towers across the nation.

The Air Transport Association, an organization of the major airlines, has asked the Federal Communications Commission to place a limit on the height of the towers now that it has lifted the freeze on new television stations.

Ultra-high frequency transmitters would require towers of 1,200 to 2,000 feet above the surface, within or immediately adjacent to airport control zones and airways, will seriously affect the safe and efficient operation of present and future air transportation.

Clarence N. Sayen, Chicago, president of the Pilots Association, said it would be much better to regulate tower construction now "than have them moved or razed after it is proven, through air crashes, that they are unsafe."

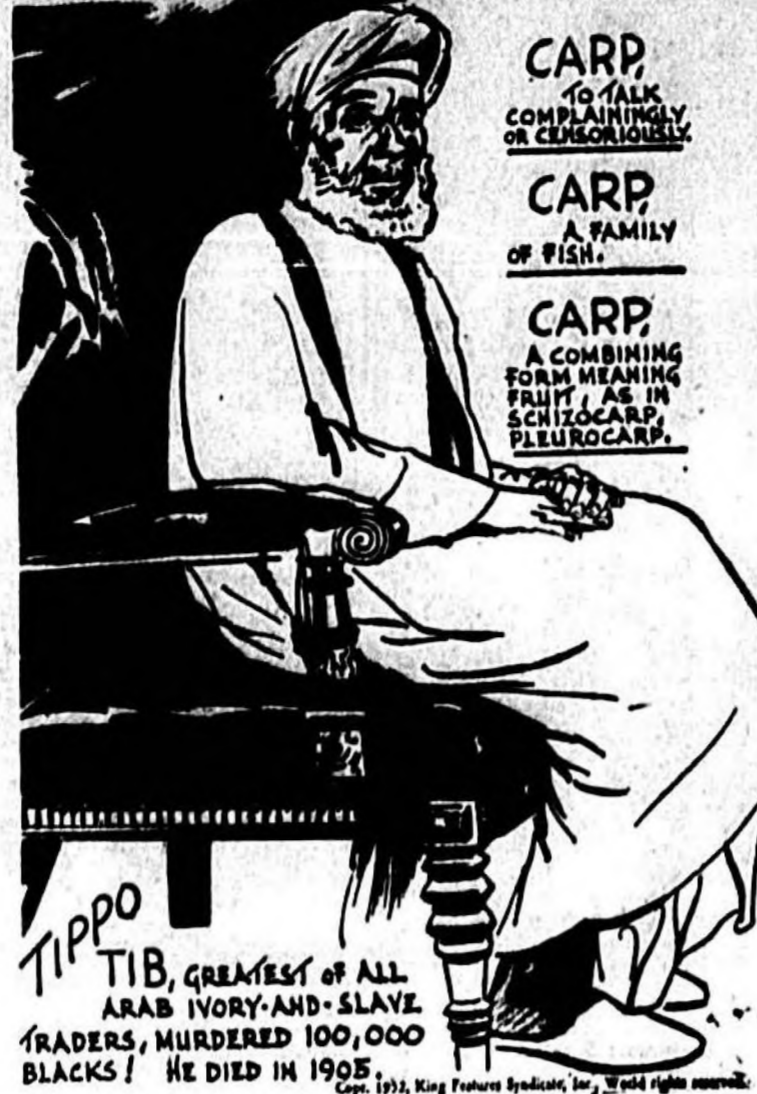

Larry Cates, Pilots Association Washington representative, said in a statement that the lifting of the freeze and the resulting rush of TV station applications, is "one of the most serious hazards to air line operations this country has faced."

"No clear-cut policy on the location or height of the towers which will be required was worked out by the two industries—aviation and tele-broadcasting—before the lifting of the freeze," Cates said.

"Some research is needed to do away with the necessity for these high towers not only from an air safety standpoint but to insure national coverage as well."

Sayen, in a statement, urged that the differences be settled without lengthy legal battles "which would hinder both industries."

Potatoes, Fla. Red Hills 2.00-2.50	
Strong at ceiling prices, put together.	

## CAMPAIGN RULING

TALLAHASSEE (AP)—Every party nominee for public office who has

## Rural Common Sense

By SPUDS JOHNSON

The home is the major stabilizing influence in the nation. It is unusually important in times of stress and strain as a bulwark against personal fears and anxieties. No one realizes this better than the women of the land and especially the nation's one and a half million home demonstration club women.

Because the government realizes the importance of the work home demonstration club members and agents are doing in spreading better homemaking practices, the week of April 27 to May 3 has been designated National Home Demonstration Week.

Since the home is the most logical place to develop healthy, happy citizens—citizens prepared to take over and improve world conditions in the future—home demonstration clubs have adopted the motto, "Today's home builds tomorrow's world."

The home demonstration program is designed to improve family health and increase family comfort and happiness. Home demonstration agents, cooperatively supported by federal, state and county governments and directed by the Agricultural Extension Service, help homemakers take the drudgery out of every day tasks by modernizing their homes and simplifying their work.

Although the home is the basic unit in our civilization, home demonstration workers know the home is influenced, to a large extent, by the community. Their interests, therefore, have advanced beyond the four walls of their homes and have taken the logical step from better homes to better communities.

On a community basis, home demonstration clubs sponsor such things as health clinics, libraries, community beautification programs and hot lunches in schools. They sponsor other projects which affect the well being of families, such as problems of government, international understanding and good will.

The 3,000 home demonstration agents and assistant agents working through 60,400 home demonstration clubs with one and a half million members in the United States were directly responsible for homemaking improvements in three and one-third million American homes in 1951. Thus, nearly one-tenth of the nation's families were given help, encouragement

and hope through home demonstration work last year.

Through their home demonstration work this large group of women is improving living conditions, strengthening family ties and creating good will and international understanding between families.

opposition in the general election must file financial statements of his campaign until the November balloting, Attorney General Richard Ervin ruled yesterday.

The attorney general told W. A. Wayne, clerk of the Sarasota County Circuit Court, that the filing of these reports with the secretary of state must start when the party nominee and his opponent have received their certificates of nomination.

## BAN ON WINE

BRISTOL, England (AP)—Bristol educators have refused to ban drinking of wine by British students going to France for the summer. French wine, the educators agreed, is safer than French water.

The ban was demanded by the National British Women's Total Abstinence Union. But the local Education Committee said Thursday nobody in France takes his water straight—it needs a little wine to purify it.

"British children will be in for more danger," a councillor, Mrs. E. R. L. Cave, insisted, "if they

## MEASLE INSURANCE

LONDON (AP)—Lloyds of London paid off Thursday on an outbreak of measles.

An insurance settlement was made to the owners of the Gold Hill Hotel, in Malvern, an area with some 20 big boarding schools full of growing boys.

The hotel caters mainly to visiting parents, but all such visits are banned by school authorities every time a student erupts in red spots. The hotel had been insured against such loss of business.

A measles outbreak left the hotel practically empty. The manager said Lloyds sent along "a substantial sum" for the resulting loss of income.

drink the local (French) water instead of the local wines."

**T. W. LAWTON**  
County Superintendent of Schools  
Will Speak Over WTRR  
Tonight — 7:45  
(Pd. Pol. Adv.)

**HEAR P. A. MERO**  
Candidate For Re-election As Sheriff Of Seminole County

Saturday -- 7:05 - 7:10  
Monday -- 8:25 - 8:30
