10,000 DIE AS CHINESE REDS MAKE ATTACK

Non-Combatants Are Used As Shields To Cover Advance Of Onrushing Hordes

NANKING, June 11.—(AP)—Wholesale slaughter of non-combatant farmers, used by Reds in Kiangsi province as a human shield to cover an advance against government troops, was told in dispatches yesterday from Nanchang. It was estimated 10,000 persons were slain.

Despite the reports of red and bandit incursions, the government insisted its campaign against them was meeting with success and that Generalissimo Chiang Kai-Shek soon would establish headquarters at Nanchang.

Hankow reports, however, said Nanchang itself might fall to advancing reds as government troops, with shattered morale, were offering only feeble resistance.

The slaughter near Kiangsi took place when the reds attacked 3000 government troops.

Fearing to charge against machine gun fire, the reds drove non-combatants before them. Government troops, knowing the reds attacked from behind the human shield, opened fire and mowed down thousands. Machine guns overhauled and jammed as the carnage progressed and the reds broke through to massacre the government troops.

Overflowing from Kiangsi province, 40,000 other reds were reported descending upon Yenching in northern Fukien. Provincial soldiers retreated before them and foreign missionaries fled to the support of Foochow. Ten American refugees said the country about Yenching was overrun by reds.

The ship of Changsha was reported to have been captured and the steamer "Hansheng" was reported to have been captured.

The British inspection in south China lost importance in the face of destruction by red armies. The famous "silver bullet" of Chinese conflict—liberty—was said to have been used by both the Canton insurgent government and the nationalist government at Nanchang.

General Chenming-shu, ousted governor of Kwangtung province, was reported to have returned from Japan and accepted money from both sides in return for his pledge of neutrality. Commanding two divisions of troops, he moved from the scene of revolt ostensibly against communists of Kiangsi.

BRUENING FINDS SELF IN PLIGHT UPON DEBT ISSUE

German Chancellor Is Faced By Difficult Economic Question

BERLIN, June 11.—(AP)—Chancellor Heinrich Bruening, returning from his visit to London yesterday with Foreign Minister Julius Curtius, found his troubles as responsible head of Germany's government only begun.

The problem confronting him was how to steer a course between the Seylla of a creditor world as yet not ready to reduce Germany's obligations, and the Charybdis of a nation sullen and discouraged and groaning under the weight of the emergency decrees.

On the steamship Europa Tuesday, and during a six-hour railway journey to a private reception yesterday, Bruening and Curtius had ample opportunity to learn the views of the United States government on the reparations problem through conversations with the American ambassador, Frederick M. Sackett.

Ambassador Sackett was returning on the Europa after a visit to the United States during which he conferred with officials at Washington.

Although the ambassador was non-committal regarding the reparations, Bruening's hand was not strengthened by the German statesmen, it was understood, he explained that an international conference for the revision of reparations and war debts would be unpopular with the people of the United States at present.

No positive step is likely to be taken immediately, unless the domestic situation in Germany fosters Chancellor Bruening's hand prematurely. Nothing is expected before the arrival of Secretary of State Stimson at Berlin, and probably not before Prime Minister MacDonald and Foreign Secretary Henderson return the visit of Bruening and Curtius by coming to Germany.

There was no attempt to disguise, however, that the domestic situation here is a precarious one for the Bruening cabinet. Not a single political party has approved the emergency decree.

Link Kennedy Gets Fine Reward Upon Fishing Excursion

Bringing the fish with him as evidence, Link Kennedy, well-known resident of the Lake Joseph district, visited the Hill Hardware Co. store this morning, brought 10 blue bass, and a jack, and said that he had caught them all early this morning while fishing in Lake Joseph.

Attracting considerable interest was a fine three-quarter pound blue bass, together with two weighing one and three-quarter pounds. They were longed for by the fishermen who were ranged about the store.

Pope And Italian Government Approve Verge Of Settling Current Difficulties

ROME, June 11.—(AP)—The end of the current difficulties between the Pope and the Italian government appeared imminent yesterday as Monsignor Giuseppe Pizzardo, papal under-secretary of state, resigned as a director of the Catholic Action organization.

The government on its part, it is understood, is disposed to permit the reopening of the 1900 Catholic clubs by Premier Mussolini if the Vatican "purifies" them. "Purification" is explained as the elimination of what the government regards as the political aspects of the clubs and the substitution of officers who are acceptable to the government.

The resignation of Monsignor Pizzardo, which was presented at the Pope's request—almost at his order—is taken in government circles as an indication that the Vatican is disposed to accede to the demand for "purification."

The monsignor was mentioned in a recent account of a purported secret meeting of Catholic Action printed in the newspaper Lavoro Fascista, which charged that he uttered anti-Fascist sentiments.

In addition to its readiness to accede to the demand for "purification" (Continued on Page Four)

Sanford, Orlando Elks Planning To Hold Joint Affair

Members of the Sanford Elks Club will join with the Orlando Elks in holding a joint affair at Eola Park in Orlando, Sunday afternoon at 3:00 o'clock, with the Elks Band of Sanford furnishing music for the occasion.

That was the unanimous decision of one of the largest gatherings of Sanford Elks in recent months at a meeting at the Elks Club last night.

Headed by Exalted Ruler DeLaporte, a large delegation of Orlando Elks were guests at the meeting. They solicited, and received, the support of the local group in the elaborate program which they had arranged for Flag Day.

The lodge also entertained Past Exalted Ruler Curtis Lindstrom of the DeLand lodge, who extended an invitation for all present to attend "Sanford Night" which will be staged by the DeLand lodge the evening of June 22.

During the meeting, M. L. Tills was appointed as a committee of one to meet with representatives of other organizations to formulate plans for obtaining jobs for new ball players for the Sanford Baseball Club.

Estimated Leading Knight F. C. MacDonald and Esteemed Loyal Knight E. F. Householder were appointed as official representatives at the Orlando celebration. All members are urged to meet at the club 1:30 o'clock Sunday.

The following program will be carried out:
1. Opening services, Chairman H. F. Mohr.
2. Music, "The Star Spangled Banner," by the Sanford Elks Band.
3. Introductory exercises, exalted rulers and officers.
4. Prayer, J. VanBuskirk.
5. Music, "Columbia, The Gem Of The Ocean," by the band.
6. History of the Flag, Sol Wittenstein.
7. After Service, Esquire and other officers.
8. Introduction of the speaker of the day, by W. B. DeLaporte.
9. Address, Judge J. C. H. Kooser.
10. Song, "America," by the audience.

Southern Railroad Declares Dividend

NEW YORK, June 11.—(AP)—Southern Railway directors today declared a dividend of 25 cents a share on the common stock out of the earnings of unappropriated profits making a total of 75 cents a share payable on the 15th of July. The stock is now trading at 100 and the dividend is the largest in its history.

FACTS IN KILLING OF MEXICAN BOYS TOLD AT HEARING

2 Deputies Held For Slaying Give Their Versions Of Affair

ARDMORE, Okla., June 11.—(AP)—A district court jury will determine the criminal responsibility of Deputy Sheriffs W. E. Guess and Cecil Crosby in the slaying of two prominent Mexican college students.

At their own request, and on orders of the county judge, the officers were bound over for trial on murder charges yesterday after testifying at their preliminary hearing that Guess shot and killed the youths, Emilio Cortes Rubio, cousin of the president of Mexico, and Manuel Garcia Gomez, when the students drew guns.

District Judge A. W. Alden granted writs of habeas corpus and fixed bail at \$25,000 each, which the deputies expected to furnish pending trial.

The bodies of the slain youths, who met death when they stopped their automobile on a highway in the residential district here early last Monday while driving home from St. Benedict's college at Atchison, Kan., were placed aboard a train for the trip to Mexico shortly after the hearing ended.

Taking sole responsibility for the shooting, Guess, who five months ago was cleared of the slaying of a suspected murderer in Texas, said: "I didn't have time to talk. I figured we had run up against a bunch of young hickers. When I

Complications Arise In Probe Of Drowning

NEW YORK, June 11.—(AP)—Investigation of the drowning of Miss Starr Faithfull, 25-year-old Greenwich Village beauty, was complicated today by the revelation she had been treated for acute alcoholism at Bellevue Hospital. Records show she was taken to the hospital Mar. 20th from a hotel where ambulance surgeons said they found her in company with a man who said he was her husband.

She was admitted to the hospital under the name of Marie Collins. District Attorney Elvis Edwards has not abandoned the theory that she was slain. He said descriptions of two men who were sent to the police with requests for their arrest. He said he believed the girl had been beaten into unconsciousness, then hoisted under the water until drowned.

RUTH NICHOLS IS ALL SET TO HOP FOR PARIS

Finishes Final Tests Of Plane She Will Use On Long Flight Over Wide Atlantic

By W. W. CHAPLIN. NEW YORK, June 11.—(AP)—Ruth Nichols completed the final tests of her plane yesterday, her scaled barograph arrived from Washington, and given proper weather conditions, she will take off before the end of the week on the first leg of her projected solo flight to France.

Miss Nichols will be the first aspirant for trans-Atlantic air honors to use a propeller with controllable pitch. This is expected to eliminate much of the danger of taking off with the heavy load of fuel necessary for the long flight.

The blades of the ordinary propeller are fixed at a pitch of 22 1/2 degrees, but with a lever at her side in the cockpit, Miss Nichols can lower the pitch of her propeller blades to 16 degrees. This in effect gives her a low and high gear.

For taking off the 16-degree pitch is used, allowing an increased acceleration of the engine and greatly facilitating rising into the air under a heavy load. Once safely above the ground Miss Nichols will change the pitch to normal which is easier on the engine and the best position for sustained flight.

Miss Nichols is taking a barograph because she hopes to better the woman's distance record, now held by a French woman, and may attempt en route to establish a new woman's altitude record. She plans to fly all the way at great heights, probably between 20,000 and 30,000 feet and will carry a oxygen tank to ease her breathing in the rarified atmosphere of the upper air.

The first hop will be to Harbor Grace, N. F., from which she will leave on the ocean flight as soon as the weather permits.

The flight from New Foundland to France should take her about 15 hours, less than half the time Lindbergh took from New York to Paris in his slower Spirit of St. Louis. She will leave in the afternoon so that she will have daylight for both the take-off and the landing, two of the most perilous parts of the flight.

Tag Day Drive Will Wind Up Campaign Of Salvation Army

With an additional \$300 pledged toward their \$4000 budget goal, bringing the total to \$3,307.95, local Salvation Army officials this morning announced the appointment of Mrs. Arthur Branan as chairman for a Tag Day drive, to be held Saturday, which is expected to bring the drive to a successful termination.

Mrs. Branan accepted the call to lead a group of local women this morning, and announced that she and her committee would appear on the downtown streets shortly after 8:00 o'clock Saturday morning to begin what she termed "a rare and intensely drive to raise funds for one of the most vital needs of our community."

City Commissioners H. J. Lehman and W. A. Zeffler, who acted as chairman and vice-chairman of the drive, report that they have several prospects yet to interview, and that their chances of securing a sizable sum from them was considered good.

Executive Session Of Senate Is Held Today

TALLAHASSEE, June 11.—(AP)—The Senate met in executive session today with Governor Carlton, Comptroller Amos, and Attorney General Landis presumably to discuss the deficit in the state treasury. The three officials entered the Senate at noon after an earlier executive meeting of the governor and his cabinet.

The House was in session 33 minutes before adjourning until Friday. It received a proposal to split the session of the Legislature as a feature of the brief meeting.

RHODES IS FOUND GUILTY OF FIRST DEGREE MURDER

Negro, Who Cut Alex Ferguson To Death, Must Pay With Life

A verdict of "guilty of murder in the first degree" was returned by a jury of 12 Seminole County residents who had been sitting in the case of Lee Rhodes, colored man, charged with having cut a negro named Alex Ferguson to death with a razor.

The jury received the case from Judge Wallace W. Wright, presiding over Circuit Court activities, yesterday afternoon at about 5:00 o'clock. At about 6:30 o'clock, they announced they had reached a verdict, and within a few minutes Rhodes learned that it was a verdict which carried with it death by electrocution at the state penitentiary at Raiford. His attorney is expected to appeal the case.

Rhodes was charged with having engaged in an altercation with Ferguson on the night of May 2, which resulted in his using a razor with fatal effect on Ferguson. The killing occurred at Woodbridge, colored settlement on the Sanford-Orlando highway near the Seminole County line.

Millard B. Smith, Titusville, state's attorney, handled the prosecution for the state, while R. W. Ware, local attorney, represented Rhodes.

The jury was composed of the following: D. L. Thrasher, J. D. Warren, Gus Schmah, E. C. Woodcock, H. F. King, T. H. Vaughan, Glenn Metcalf, Seth L. Woodruff, J. C. Roberts, Ed. Ogleby, J. Fred Holly, and Edward Toffley.

The third of four murder cases on the Spring docket before Judge Wright was entered into this morning when, after an hour's questioning, Mr. Smith, and S. A. B. Wilkinson, who is representing Rufus Merchant, colored man charged with murdering Kendrick, agreed upon a jury.

The jury is composed of the following: G. H. Hiers, D. C. Moran, E. D. Hart, W. F. Garner, J. C. Roberts, D. C. Hickson, W. W. VanNess, J. D. Warren, E. C. Woodcock, T. H. Vaughan, and Edward Toffley.

At 2:00 o'clock this afternoon the jury had heard three witnesses, Dr. G. H. Starke, Dr. C. L. Park, and Ruth Prince, tell, on behalf of the state, some of the incidents relating to the fatal stabbing of Kendrick by Merchant on the night of Nov. 29, 1930. Kendrick lived until Dec. 9, and then died from the effects of knife wounds he had received.

Before the Merchant case was started, Judge Wright passed on the case of Clark Pearson, while man charged with desertion and withholding support from his children. Judge Wright allowed him his liberty under bond with instructions to make a report on Nov. 1, 1931, of his earnings and contributions to his family.

SALES TAX OF TWO PERCENT IS AIM OF BILL

Estimated Revenue Of \$20,000,000 Would Be Nearly Sufficient To Carry All Burdens

TALLAHASSEE, June 11.—(AP)—A general gross retail sales tax of two percent was proposed in a bill introduced in the Senate today by Senator Young of Vero Beach. Young estimated the revenue at \$20,000,000 annually.

The bill provided that this revenue should replace all state ad valorem taxes except a one mill constitutional levy for schools. Young said the bill was introduced at the request of the Independent Retail Grocers Association of Florida which, he said, claimed a membership of 4,000.

Collected by coupon the system of sales tax would cover every sale of merchandise made in Florida including foodstuffs, real estate and automobiles. Coupons would be furnished to county tax collectors by state comptroller and would be sold at 20 cents for \$10.00 worth.

Coupons would be printed in the same denominations as national currency except they would extend down to one-fifth of one cent. Tax collectors could appoint deputies at various places in the county to assist in selling coupons.

The governor today signed three bills passed by the regular legislature. One provided for housing of aircraft and pilot and 1000 regulations the same as used by the federal department of commerce. Another provided for emergency landing fields throughout the state giving counties the right to acquire sites and the road department the authority to construct fields.

The act provided all sites must be obtained by donation. A third measure granted a monthly pension of 40 dollars to all school teachers after 25 years of service who have no other means of support.

Political Enemies Of Cuba Rule Find Shelter In Miami

MIAMI, June 11.—(AP)—A group of Cuban political leaders and business men opposed to the administration of President Gerardo Machado has taken up temporary residence in Miami to watch developments in the government of the island republic.

Some others opposed to the present Cuban administration are making their headquarters in Key West and Tampa, members of the group here reported.

Spokesmen for the group here now reported to number upwards of a dozen including Dr. Eulogio Garcia, Col. Rosendo Collares, Aurelio Alvarez and Jerry de Zaldo, leader of the oppositionists—said they came here from time to time during the last three months to seek refuge in the United States.

Most of the group, they asserted, came to this country because it was too hot for them in Cuba.

Zaldo explained that the newcomers to the Miami Cuban colony, as well as others in the state, are keeping in touch with the political situation as best they can through newspapers and correspondence. The leaders here, he said, realize that they are under constant surveillance of secret agents sent to Miami from Havana to report on their activities.

"They think we might be doing something over here that they are not fooling themselves," he added. Leaders of the oppositionists here in Cuba, he said, hope that constitutional reforms may be introduced without bloodshed. Zaldo added that some have said they may happen.

Refugees who have taken residence in the Miami colony have been entertaining themselves at beaches most of the time, he said. All do not stay at the place, some making their quarters in Miami and others in Miami Beach.

BEATEN BY GROCERYMEN FOURTEEN TO TEN

Kinlaw Establishes Record For Number Of Men He Ranched

By FRED SCHALL
Once again the Y. M. C. A. diamond ball team led the punch when his men ran, and went five to before last night to the Piggly-Wiggly team, 14 to 10.

Robert Knight started the game for the Y. M. C. A. and readily disposed of Bach, first man up, by the strikeout route. However, he was never able to locate the plate again and walked five in a row. With nine out, two runs walked in, and the home clock, Stinson Kinlaw relieved Knight in the box. Kinlaw, first man up after Kinlaw took up the hurling duties, left left short, who promptly relayed the ball to the catcher, forcing Kinlaw to the plate. Thurston walked, forcing in another run; Fesold struck out to end the inning.

Johnny Hodge was on the mound for the Piggly-Wiggly team, and retired the Y. M. C. A. boys in the first inning in one, two, three, order—Kennedy striking out, Tillis out at first and J. Phillips out on three strikes.

Although Kinlaw established a new record for strikeouts, for a local pitcher, causing 18 of the opposing batters to whiff the air, he was very wild, walking twelve, which coupled with the five given base on balls by Knight, made 17 free passes to first. Bender of the Piggly-Wiggly was the only player that Kinlaw did not strike out one or more times. Bender was also the heavy hitter for the grocery boys, followed closely by Piery. Kinlaw and Knight did the principal stick work for the Y. M. C. A.

first half will be at stake.

All teams were required to turn in their player list last night. Since it was 30 days before the first half ends. No team may hire a player to play during this first half. Each team must finish it with the team they now have. As the directors handed in list after list, examination revealed that only a few changes have been made.

The Saints stood pat on their lineup, saying they were unable to make any beneficial changes. DeLand handed in a list which contained the names of McGowan, Martin, K. and S. Carter, Richardson Gibson, and Diaks, players they have not as yet used. Winter Park's new players, or players who have not been used so far are Burrie Taylor, Cruise, Yocum, Lilly and Dismen. Cocoa has eight new names: Brown, Sharp, Muddock, Bryant, Maxwell, Grieg, Copeland, and Halston. Daytona's list finds eight new names on it, new in the sense that they have not played a game. Patterson, Young, W. Hutto, Garner, Cusack, Chapman, and Pickle.

Here's the player list which the Feds expect to see for the rest of the first half: Peters, Schirmer, Higgins, Deitch, Harrison, Britt, Martin, Miller, Barnes, Bennett, Chapman, Lake, Toffaletti, Wright, Lopez, Dennis, Babinoff, Bolly, McLamban, and Ammon. The management is still hopeful of getting Fred Bolly in come out and patrol one of the minor grounds in his usual street style, although Fred is said to have declared that his work had him from playing ball this year. He had no equal as a fielder last year, and he would be a valuable asset this year, with all these heavy hitters on other clubs going out bats which would be strong.

Only a few minor squawks were heard at the meeting, all of them settled. The Saints, who were unable to make a trip to Cocoa some weeks ago, had a deal whereby they will play a double-header at home with Cocoa in a few days, and then go to Cocoa for a game.

Daytona and St. Augustine, who were rained out last Thursday, will play their game at Daytona next Saturday afternoon.

Hot Springs Worried Over Its Divorce Act

LITTLE ROCK, June 10—(AP)—The small divorce colony at Hot Springs today regarded with pessimism the filing of petitions referring to the people the 90-day divorce act of the recent legislature.

The law, which would become operative at midnight tonight, was automatically suspended until the general election of next year unless friends of the act obtain an injunction against a referendum. A protective association, organized to defeat the act, said petitions were signatures of more than 12,500 voters. Only 5004 are required.

TOFFALETTI WILL TAKE MOUND FOR FEDS TOMORROW

Gator Star, With Fine Record, Declared To Be Ready For Action

By FRED SCHALL
"Ladies and gentlemen, the batteries for today's game, for St. Augustine, starting with Coach for St. Augustine, Toffaletti and Schirmer." ... With these brief words Toffaletti, of Deala, Florida, under their new manager, Coach Chapman, taking their place to turn in their second win of the year.

Local fans and players are elated over the prospect of seeing one of the University of Florida's best hurlers, Louis Toffaletti in action tomorrow. The youth, who stands six feet, five inches in his stocking feet, will go to the hill ready to show the fans here just what sort of pitching man he is. He has a number three man on the Gator squad this year with four wins and one defeat. Louis has an easy delivery, a baffling and sudden fast ball, and a slow-breaking curve that tosses beyond belief. His best pitching performance this year was in the Gator-Oglethorpe contest and the Gator-Mercer contest.

In the former he led the Gators to their only contest win of the year, an 8 to 9 triumph. He allowed the Oglethorpe Pirates only seven hits. In the second game, he allowed the Mercer Bears eight hits, while his mates hit behind him and batted out a 10 to 2 victory. Louis comes to Sanford highly recommended, and expects to make a name for himself in central Florida baseball circles. We urge the support of all fans who are interested in semi-pro baseball at tomorrow's game.

Manager Chapman has not announced his starting line-up as yet, but, due to the failure of the management to secure the services of Spurgeon Cherry, probably the only addition to the club will be that of Toffaletti and Martin, the new outfielder. The probable line-up and batting order will be as follows: Schirmer, c; Peters, 1b; Bennett, 2b; Martin, cf; Lopez, rf; Miller, lf; Harrison, 3b; Higgins, 2b; Toffaletti, pitching.

In a practice game at the park yesterday, Field Captain George Babinoff sent the Feds through a 2 to 2 or 3 win over the Lake

Mary town team. John Higgins pitched all the way and was never in trouble, while the Feds batted out more than 25 hits against two Lake Mary pitchers. Next week the Feds expect to play practice games with Longwood, Paola, and Geneva, with the possibility that a game with Palmetto or Cross City may be played before the first half ends.

Every effort is being made to have two new players in the game by next Sunday. One of them is a powerfully built, man named Bennett, now living here, who certainly looks as though he has played baseball in fast company. He is said to be a fancy fielding third baseman, and, provided we succeed in signing him, you'll see some action. He is now employed by the A. C. L. railroad here and expects to be here all summer. The other player is Joe Barnes, the lucky first baseman who once played for the Feds in the old Florida State League. Joe has been out of town for the past 10 days, but has intimated that he will be glad to get back into the game. He can seek the old apple in the Babe Ruth manner, and his addition to the club will certainly be welcomed.

Manager Chapman expects to spend the rest of the week "polishing off some of the rough spots in his infield, and teaching the boys the proper batting stance. He has already done yards of good, and, by next Sunday, when Joe Tinker comes to town with his Winter Park outfit, you won't know the Feds.
