(Continued from Page One) he had talked with Ruth. "I talked to him, but he didn't speak -- he just smiled. He smiled when I called him 'Herm'."

Berlin Forays

(Continued from Page One) and France conferred with Soviet Foreign Minister Molotov for almost three hours today. "We are still without any conclusions," U. S. Ambassador Walter Bedell Smith said after leaving the Kremlin.

Russian Ambassador Alexander S. Parpuhin is shown at a press interview in Washington after a conference with Undersecretary of State Robert Lovett.

No signs appeared that the talks are coming to an end in the near future. Such rigid secrecy has been imposed that there is almost no reliable information here on the trend.

Smith, suffering from a cold, appeared tired. He has been working intensely at the embassy on the diplomatic impasse.

U. S. Ambassador Walter B. Smith, French Ambassador Yves Chataigneau and the special British envoy, Frank Roberts, met together from the American Embassy to the Kremlin for the appointment with Molotov at 3 P. M. (9 A. M. Eastern Standard Time).

Tobin Appointment

(Continued from Page One) He told the executive committee of the Young Republican National Association in Albany that the Democrats were ready to discuss any reasonable and practical solution to the nation's problems.

Scott told the young Republican leaders that the GOP can do anything in less than a 45-minute campaign speech after World War I with only 500,000 votes.

Danube Meet

(Continued from Page One) Alex Belder, Yugoslav deputy foreign minister, asserted the American delegation is "not sincere" in claiming its only interest in the Danube lies in peace and economic progress.

Vel

(Continued from Page One) The Democratic committee is equivalent to election in both South Carolina and Arkansas. Rep. William Jennings Bryan took second to Maybank in the South Carolina Senate race.

## Reds Walk Out Of Four Power Berlin Building

Action Appeared To Complete Division Of City Between East, West Powers

By GEORGE BRIDGEMAN  
BERLIN, Aug. 13, (AP)—The Russians evacuated the allied four-power Kommandatura building in Berlin today and hauled down their flag.

This action appeared to complete the division of Berlin between the East and West—at least as far as the Russians are concerned.

The Russians withdrew July 1 from the Allied Kommandatura, which had provided four-power administration for this city for three years. They pulled out with the comment that "the Kommandatura no longer exists."

They then announced they would retain their gentry and flag at the building until their archives have been removed. The Kommandatura is situated in the American sector of the city.

An Army spokesman said today an American C-54 cargo plane engaged in the allied airlift over the Soviet land blockade crashed on landing at Tempelhof airfield this morning. The crew was rescued.

Although they walked out on the Allied Control Council for Germany on March 20, the Russians still fly their colors and maintain sentries at the Allied control authority building.

They also maintain a representative in the permanent allied secretariat there, which now has little to do but exchange inter-allied messages and handle protocol matters.

The Allied Control Building also is situated in the American sector. All four powers have flown their flags from the building since the Western Allies joined in the occupation of Berlin in 1945.

## Health Board H as Authority To Force Quarantine Action

Mrs. Edward Kitcher, secretary of the Seminole County Tuberculosis and Health Association, today pointed out an opinion by Attorney General Tom Watson that the State Board of Health has the authority to use force if necessary to isolate or quarantine persons with communicable diseases such as tuberculosis.

"It is an opinion which applies to persons who refuse hospitalization or who leave the hospital before their disease is under control. The ruling is to the effect that the State Board has the authority to use force if necessary to keep these persons from spreading their disease."

## Babe Ruth Shows No Improvement Today

NEW YORK, Aug. 13 (AP)—Babe Ruth, baseball's ailing home run king, showed "no improvement in his condition" today, memorial Hospital announced.

"Babe Ruth continues to run a moderately high fever and in general there is no improvement in his condition," the hospital bulletin read.

This contrasted with a bulletin yesterday that the sick, retired baseball star had rallied and was improved.

Even his wife said yesterday that "he's feeling better."

**FLOOR ENLARGEMENT**  
In further preparation for the Labor Day dance the Dpt. of Public Works is taking out a partition in its club house near Golden Lake in order to afford more room for the event. Decoration of the hall has been started and P. A. Moran, president, this morning. The building, a former Navy storehouse, measures 24 by 100 feet and has a concrete floor.

**MIAMI BEACH, Aug. 13, (AP)**  
A man was dead and a young woman critically wounded in a Friday the 13th shooting today which police reported to be "something of a mystery."

The dead man was Edward Samuel Robinson, 41, night club doorman. The girl is Miss Lorraine Deane, 24, waitress at the Crown Club. Robinson was shot by a man who identified the two, said he had been fired in the Bronx, New York.

## Negroes Flock To Carolina Polls

VOTING FOR THE FIRST TIME IN 70 YEARS, South Carolina Negroes flock to the polls in Columbia to cast their vote in the state's Democratic primary. The Negroes won their right to vote in the state under a recent Federal court decision by Judge J. Waring of Charleston. (International)

## Not All Colored Residents Are Against New City Assessments

Not all the taxpayers of Goldboro are opposed to the increased assessments. J. W. Knowles, a prominent resident of that community and chairman of the recreation committee of the Welfare League, revealed this morning. Coming to the Herald office with a petition signed by 76 names, he said that the better class of citizens of Goldboro realize that much needed improvements can come only from city taxes.

He said that many of the colored people who attended the meeting at the City Hall Tuesday night were not there to complain against higher taxes, but rather to find out just what was expected of them and to make an appeal for municipal improvements in Goldboro. He was supported in his contention by W. D. Powell, president and Timothy Wilson, secretary, of the Welfare League.

Their petition reads as follows: "To The Honorable City Commissioners of the City of Sanford:

"We tax payers, received a letter from the City of Sanford, showing the amount of increase valuation on our property, and we are sure this will increase our taxes, which we all hereby agree to pay. The letter ask that we have any complaints to come down the 10th of August. We don't have any complaints against increase valuation, we wish to register this as a complaint against the unsanitary conditions in our community in Goldboro.

We wish to point out the following:

1. South of 13th Street, the majority of the Negroes live in Goldboro, and the one sewage sewer of 13th St. runs up between Olando Ave. and Magentine Ave. The rest of the streets south of 13th St. has no sewage at all. The mass of Negro property owners were forced to have cess pools put down when they built their homes. As you gentlemen will agree that a section of community as low as this section, is not suitable for cess pools. Therefore, during this rainy season now, we find that all the cess pools are flooded out and overflowing and it is a deplorable condition."

**Commission Candidate**  
William H. Stemper today announced his candidacy for the City Commission for group two in the November election.

In making his announcement, Mr. Stemper stated that he was "primarily interested in at progressive city of Sanford, and a Sanford to which our children would be proud to practice their various professions, trades, and businesses."

"I am particularly interested in the continued development of the tourist trade in Sanford," he stated, and in doubling our efforts to attract tourists to our city. I feel that Sanford has many natural advantages to offer vacationists and industrialists, as well as those persons seeking permanent Florida homes."

Mr. Stemper was born in Sanford in 1916. Married and the father of two children, he is a graduate of John B. Stetson University, where he received the degree of Bachelor of Science in 1937. He is a member of national fraternities in both chemistry and mathematics.

Mr. Stemper was a member of the City Commission as a tax equalization board, but they will meet again at 8:00 o'clock to receive information to receive commission. It was announced today by City Commissioner H. M. Stemper, to date, 25 of the 100 written contracts have been reviewed.

**TAX MEETING**  
No meeting was held today by the City Commission as a tax equalization board, but they will meet again at 8:00 o'clock to receive information to receive commission. It was announced today by City Commissioner H. M. Stemper, to date, 25 of the 100 written contracts have been reviewed.

**Skeletal Remains Of Indians Are Unearthed**  
MADISON, Wis., Aug. 12 (AP)—The unearthing of skeletal remains of four prehistoric Indians near here was described today by Dr. Andrew Whiteford, of Beloit College, as one of the most important archaeological finds ever made in southern Wisconsin.

Dr. Whiteford, professor of anthropology, said the remains had been identified as belonging to the Hopewell culture, an Indian civilization which flourished at least 15 centuries ago.

The remains were uncovered by a road-building crew. Dr. Whiteford said the skeletons were found in an excellent state of preservation "probably because of the mound-like grave where drainage has been good, and the clay in which they were imbedded."

## Currie, White Deny Red Aid In Spy Probe

Government Workers Testify As Events Continue To Involve Diplomatic Levels

By WILLIAM F. ARBOGAST  
WASHINGTON, Aug. 13, (AP)—Two top government aides of the Roosevelt Administration—Lauchlin Currie and Harry D. White—denied today and denied giving secret information or aid to Soviet agents.

Each declared, too, that he was no Communist and had never done anything disloyal to the American Government.

Their testimony came at the events stemming, directly or indirectly, from the hearings continued to involve the highest diplomatic levels.

1. Ambassador Walter Bedell Smith told Soviet Foreign Minister Molotov in Moscow that the United States government is not involved in any illegal action in the case of the Soviet school teachers in New York. Molotov had charged American authorities with "kidnaping" the teachers.

Smith also gave notice in effect that if Michael Ivanovitch Samarin, one of the teachers, and his wife do not want to return to Russia, the United States will let them stay here despite Soviet displeasure.

2. Mrs. Okana S. Kosenkina, the other teacher, who jumped from a high window of the Soviet Consulate in New York yesterday, presumably will also be allowed to stay here if she wishes.

3. In Detroit, Senator Ferguson (R-Mich.) hit back at President Truman's fresh description of the spy hearings as a "red herring." Ferguson, who leads a coalition of five House Republicans.

Raymond M. Ball, Jr., Communications director for the government of Iran, arrived here yesterday morning with Mrs. Ball and their year and a half old son Jimmie, for a visit with his parents. Mr. and Mrs. Raymond M. Ball of Lake Mary, and will remain in this country for several months during which time he will purchase radio equipment for Iran.

The travelers arrived yesterday morning on the Champion at the APL depot, after a trip of 7,000 miles, most of it by air. Mr. Ball helped to pilot an Iranian plane from Teheran to Paris. He then left his wife and son in Paris, flew to London and left the plane there, and returning to Paris on a commercial plane. The family after a few days of taking in the sights of Paris, then boarded a Constellation passenger plane which made the flight to New York in 22 hours, according to Ray Ball, Sr., local realtor.

Last evening the family had an interesting time viewing the many stereoscopic photographs that Ray Jr. had brought back from Iran and Europe.

Ray Ball, Jr. is a graduate of Seminole High School and attended the University of Florida for a year. During his early youth he became fascinated by radio and studied everything he could get in the subject, and made many experiments with radio apparatus.

**Republicans Indicate Acceptance Of Truman's Spy Probe Challenge**

WASHINGTON, Aug. 13 (AP)—Republicans gave every indication today of accepting President Truman's challenge to make a political issue of the Congressional hunt for Communists in the government.

Mr. Truman's second declaration that the Senate and House investigations are nothing but a red herring—with the added phrase: of the strongest type you can smell—brought a burst of answering fire from GOP ranks.

Gov. Thomas E. Dewey's campaign manager declared at Albany that the people are "shocked" at what he called the President's attitude "in seeming to cover up information bearing on Communist activities."

Herbert Brownell, Jr., the campaign chief for the Republican nominee, said in Wisconsin he had nothing else but has happened in Washington in the last three weeks could match the "intense"

interest shown in the spy investigations.

Rep. Mundt (R-Md.), who has been setting chairman of a subcommittee of the House Un-American Activities Committee, stepped his acceptance in the form of a counter-dare.

"I challenge the President," Mundt said, "to authorize the FBI and other government"

# U.S. To Provide Asylum For Two Soviet School Teachers; Mrs. Kosenkina Sees Red

Offer Of "Aid" From Russian Consulate Rejected By Woman Who Seeks Freedom

NEW YORK, Aug. 13, (AP)—Mrs. Okana Stepanovna Kosenkina today rejected the suggestion of a Soviet vice-consul that she be moved to another hospital, saying "You kept me a prisoner, you would not let me go."

The suggestion was made by Vice-Consul Zof I. Chepurnykh who visited the police-guarded hospital room of the Russian teacher, seriously injured yesterday when she jumped three stories from the Soviet consulate building.

Detective William Dyzko, a Russian-speaking officer who was in the hospital room during the vice-consul's visit, said Mrs. Kosenkina said, "No!" when Chepurnykh advanced his suggestion. The detective said that after the vice-consul and a secretary arrived at the hospital and asked for permission to arrange for a visit from the consul general, he and Inspector Michael E. J. Ladden went upstairs to the teacher's room.

They told Mrs. Kosenkina there were two persons from the Soviet consulate who wanted to speak to her, Dyzko said.

"We told her we are going to bring them in and see if you can identify them."

A few minutes later they escorted Chepurnykh and the secretary into the room.

The injured woman's eyes were open, Dyzko said. The vice-consul earlier had said her eyes were closed.

**Raymond Ball, Jr. Dixiecrats Expect Arrives From Iran To Raise \$1,000,000 To Buy Radio Goods For Campaign Fund**

WASHINGTON, Aug. 13 (AP)—W. Austin Seay, assistant national campaign director, said today the States' Rights Democrats expect to raise \$1,000,000 to help fight totalitarianism and promote local self-government.

Seay, who described himself as a "country editor" of Winston, Miss., opened Washington headquarters for the States' Rights Presidential ticket with a formal statement and interview at the Mayflower Hotel. He is editor of the weekly Winona Times, and a former Mississippi Press Association president.

He described the movement headed by Governor J. Strom Thurmond of South Carolina and Fielding L. Wright of Mississippi as one in which the basic principle involved is "totalitarianism versus democracy" rather than sectional or racial issues.

"The Communist Party today," he said, "is in thorough accord with the administration's so-called civil rights program."

In response to questions, Seay said his party is the "real anti-Communist party" in his formal statement he said there are millions of Americans opposed to increasing centralization of federal powers, to foreign ideologies, and the "shameless effort to buy votes through appeals to prejudice."

Seay said funds for the Southern Presidential ticket will be raised by public contributions.

**Greek Troops Fired On From Albania**

ATHENS, Aug. 13, (AP)—The government announced today that Greek troops on the northeastern Grammos front are being shelled from inside Albania.

Greek troops have clearly heard orders to fire being given in the Albanian language, a general staff spokesman said.

Newspapers here reported guerrilla columns have been seen retreating into Albania despite a resolution by the United Nations special committee on the Balkans calling for their internment by Albania, Bulgaria and Yugoslavia.

**B-29 CRASHES ROSEWELL, N. M., Aug. 13 (AP)**  
—Twelve crewmen were killed and eight others were injured dangerously last night in the crash of a B-29 superfortress, the Roswell Record said today.

The ship crashed three miles south of Walker Air Force base near here.

Soviet Consul Protects Teacher

STANDING AT THE DOOR of the Russian Consulate in New York City, Soviet Consul General Yakov Lomakin talks to reporters in connection with the story of the "kidnaping" of Russian teacher Mrs. Okana Kosenkina. Lomakin says the White Russians have the kidnapers and that he rescued her. The House Un-American Activities Committee would like to subpoena Mrs. Kosenkina to tell her story, if its agents can reach her, but the Consulate refuses to let her be served. (International)

## Caldwell Outlines Red Plan Barring Conditions For Big 3 On Danube Special Session Group Approved

Most Legislators Say They Favor Change In Election Laws

TALLAHASSEE, Aug. 13 (AP)—Gov. Caldwell today called a special session on changing state election laws, the Florida Senate may have a hard time finding a place in which to consider the issue. The new chamber it used during the 1947 regular session is being redecorated. It's at the stage just now where all the old furnishings and paneling have been torn out and none of the new ones have been put in.

TALLAHASSEE, Aug. 13, (AP)—Governor Caldwell has set up the conditions under which he might consider calling a special legislative session to provide for a vote for President in Florida but an organized move to meet them could not be found today.

Several prominent members of the Legislature said they hadn't heard of the plan since it was introduced at a state House of Representatives caucus in Tampa last month.

Most of them said they would favor doing something about the Presidential election muddle which appears to give Floridians no clear and simple way to vote for either Harry S. Truman or J. Strom Thurmond for President.

Senate President S. D. Clarke (Continued on Page Eight)

**U. N. Says World Not Ready For Arms Slash**

LAKE SUCCESS, Aug. 13 (AP)—World armaments can be slashed only when confidence and security are established, the United Nations Commission for Conventional Armaments decided today.

This was one of the two major principles accepted by the commission as it prepared an interim report to the Security Council on its efforts during the past year.

The other principle was that the commission must confine its efforts to weapons not within the jurisdiction of the atomic energy commission. The Russians have insisted that the arms commission must deal with all weapons, including a-bombs.

**CANADIAN MEAT OTTAWA, Aug. 13 (AP)**—Agriculture Minister J. G. Gardiner announced today the lifting of Canadian export control of beef cattle and calves, effective next Monday.

The relaxation applies to beef and veal, dressed and other edible beef and veal products, canned foods containing meats, and meat pastes, as well as to livestock on the hoof.

## Tension Increases As Russian Radio Declares U. S. Took Part In Kidnaping

WASHINGTON, Aug. 13, (AP)—The State Department today promised asylum for two Soviet school teachers who have figured in current congressional spy investigations if—as expected they want to remain in this country.

At the same time, the department disclosed that the Russian government's claim that official agencies of the United States were involved in "kidnaping" at least one of the teachers have been denied directly to Soviet Foreign Minister Molotov by American Ambassador Walter Bedell Smith.

Moreover, department spokesman Michael J. McDermott also vigorously denied a report broadcast by the Moscow radio that Undersecretary of State Robert A. Lovett had told the Russian ambassador in Washington last Monday night that one of the teachers, Michael Ivanovitch Samarin, "was subject to interrogation by the Federal Bureau of Investigation."

McDermott characterized that Moscow radio report, which was represented as the official version of what Molotov told Smith Wednesday night, as being "preposterous."

McDermott said that Lovett actually told the Soviet ambassador that all he knew was what he had read in the newspapers about the case and that the newspaper accounts showed Samarin had voluntarily requested an interview.

**Christian Church Reports Progress On Memorial Fund**

Five progress in raising funds to build a memorial parsonage in honor of the late Rev. W. P. Wesley of the First Christian Church was reported today by Lester Tharp, fund chairman, who revealed that contributions have passed the \$100,000 mark, an amount which is on deposit in Sanford bank.

The parsonage committee has definitely decided that the parsonage will be built on the lots adjoining the church on Sanford Avenue, he said. A fourth lot was recently purchased on order that the playground may be between the church and parsonage.

Serving with Mr. Tharp are the following committee members: O. D. Landress, Mrs. B. G. Fox, Alex R. Johnson, The Rev. J. E. McKinley of the First Methodist (Continued on Page Three)

## Hospital Benefit To Be Aided By Lions

Sanford Lions at their meeting today at the Tourist Center pledged co-operation with other civic organizations in promoting a Thanksgiving ball, proceeds of which are to be donated to Fernald-Laughton Memorial Hospital.

The Lions have always held their annual ball in order that they are relinquishing it for the hospital benefit, but plan to resume their annual Thanksgiving ball next year, it was announced.

Leroy Northrop, secretary of the De-Land Lions Club was a visitor.

King Lion Hamilton Bibbee read an editorial from the New York Daily Mirror entitled, "Love Those Lions." This contrasted the ideals of the Lions who recently convened in New York and who were described as "good people who love their country and their fellow men" with those of the Wallace, "so called intellectuals" who at Shibe Park, Philadelphia, "master-minded the show for the rabid mob, ridiculing their own land and its great men and paying slavish tribute to a bloody foreign dictator."

## STOVE EXPLOSION WINTER HAVEN, Aug. 13, (AP)

—Mrs. John L. Rawls, 50, was killed instantly today in a kitchen stove explosion which wrecked a large portion of her home.

Fire Chief George T. Bassett said it was "hard to say" what caused the explosion but believed an accumulation of natural gas used in cooking was ignited when she attempted to light her stove.

### Soviet Teachers

Continued From Page One  
Interview with the FBI.

The element of individual rights of the Russian school teachers was stressed by McDermott at his mid-day news conference at the State Department. It was in this connection that the question of asylum arose. It brought the first precise official statement of American policy in the Samarin case as well as that of Mrs. Oksana Stepanova Kosenkina.

McDermott was asked whether Soviet Consul General Yakob Lomakin or any other official had the right to demand the return of Mrs. Kosenkina to Russia.

McDermott said Secretary of State Marshall had made clear at a news conference Wednesday "that the right of choice resides in the individual." Broadening his answer to include the Samarin case as well as Mrs. Kosenkina, he added:

"If they want to stay here, they stay. You know people who are in the United States and are afraid to return home are given the right of asylum and go to work."

The escape of two obscure school teachers from Russian diplomats in New York threatened today to complicate the difficult Moscow talks on the Berlin crisis.

Both Russian teachers expressed fear of returning to Russia. Mrs. Oksana S. Kosenkina leaped three stories from the Russian consulate in New York and, injured, went to a hospital. Michael E. Samarin renounced his Russian citizenship and fled to asylum with his family.

Foreign Minister Molotov of Russia, in the midst of conversations with the U.S., British and French envoys on Berlin, took time to demand the teachers' surrender to Soviet authorities and the punishment of all involved in the cases. Molotov characterized the cases as "kidnappings."

It appeared Secretary of State Marshall would reject all the Russian protests. Both the teachers are expected to testify before the congressional spy hearings, which President Truman again asserted is a red herring.

**HOLDING HER SON**, Chad, 6-months old, Mrs. Florence Alber is pictured in Los Angeles awaiting the return of her husband, Harry F. Alber, Gen. MacArthur's chief of price and distribution in Japan. The occupation official has been suspended from his job and ordered to return to the U. S. "Pending an investigation for separation by removal warranted by the demands of national security." (International)

## My New York

By MEL HEIMER

Mel Heimer

**NEW YORK**—We were talking the other afternoon of Clara Lane, whose Friendship Center has in the last 10 years made life sweeter, as the radio salsals have it, for some 35,000 lonely men and women.

Mr. Chris, the lively, white-haired manager of her soul salon in the basement of the Hotel Wentworth, would like it stressed that this is no small, fly-by-night business. "We have spent," he says impressively, "a half-million dollars on advertising in the last decade."

Mr. Chris also would like to gloss over Miss Lane's past as Madame Cassandra, the astrologist, because he feels people classify astrologists as fortune-tellers, which, he says, she was not. Miss Lane says simply of this part of her life: "I'm Irish. All the Irish can read tea leaves."

Friendship Center was founded chiefly for lonely women, according to Mr. Chris, but Miss Lane says that just now there is a definite shortage of young girls between the ages of 25 and 30. "We have about four men to one girl in that age category," she declares.

This is rather strange, since Manhattan always seems to be full of bright young things who have come to New York to seek a husband in addition to their fortunes, and everyone knows New York men are not the marrying kind.

The customers are the most interesting item about Friendship Center. Almost without exception, they are very embarrassed when they and their way down to the offices in the hotel basement.

"It's very humiliating," the short, blond Miss Lane admits. However, they overcome their inherent shyness and come to the Center, where, in private booths, they let their hair down and explain their souls' needs.

**ONLY SINGLE APPLICANTS ARE ACCEPTED** by Friendship Center. Even if you are separated, you can't get in the treasured files. Most people turn up right after Christmas; they figure logically that thus they won't have to buy a Christmas present for anyone they may meet. Miss Lane says. Around November, business drops off again.

Many of the current female applicants are girls whose husbands were killed in the war. Occasionally, there appears a woman or man with a physical deformity; if they qualify otherwise, they are accepted but the deformity is not kept secret. A widower with four young children, for example, recently met and married a girl whose arm was withered from infantile paralysis.

Among the more memorable applicants in Miss Lane's files was a divorced man who wrote and asked that his former wife be registered—unbeknownst to her. It seems he was paying her alimony and wanted her married off again so he could stop the payments. Still another gentleman registered his mother-in-law, and it is reported that a number of women write and ask to be placed on "Mr. Manville's list."

A young wife recently came in and asked that her mother be accepted as a registrant because there was just no room for her in their crowded apartment; the mother was accepted and came in the other day flashing an engagement ring and announcing plans for gathering up a trousseau. She is 64.

Then there was the man and woman who were divorced but who came in to Miss Lane's on separate occasions to register. Both remarried. "The man married a charming young girl," Miss Lane reports. "The woman married a saloon-keeper."

**A RECENT APPLICANT WAS A MISSIONARY** who had been riding on a Staten Island bus and saw a young couple seated in front of him glance up at a Clara Lane advertisement and reminisce fondly about how they had met at Miss Lane's. The missionary, incidentally, met and wed a Sunday School teacher.

Fathers who want their 60+ or daughters—especially daughters—married, are frequent visitors to Friendship Center. They register their girls without their knowledge, meet potential suitors at Miss Lane's and then bring them home to the house as young business friends or acquaintances.

Miss Lane sees nothing wrong with this. "They want their daughters to have the best of everything," she says, stoutly. "I think it's admirable."

Brown-haired girls are much more in demand in New York than blondes and among the older men the preference is for good housekeepers.

"Lots of men want to meet girls who are, well, not skinny," Miss Lane says, "but they don't want to say 'fat,' so they just say, 'Well, somebody built like you, Miss Lane.'" Miss Lane is not skinny.

**JUST ONE HOUR OLD**, the baby pachyderm born to Romeo and Giulietta at the Rome, Italy, Zoo, stands and takes his first bottle from the zoo's veterinarian. The parents are favorites with the Roman zoo visitors. They now lose star billing to the new addition, which is said to be the first elephant born in Europe in seventy years. (International)

**ANXIOUSLY AWAITING** the Chief Executive's approval, Max Zaritsky, president of the New York AFL Hatmakers' Union, looks on in Washington as President Truman tries on the hat just presented to him on behalf of the hat workers. The hat, size 7 1/2, is believed to have been made to withstand a rigorous presidential campaign. (International Soundphoto)

**ONE OF AMERICA'S** famous painters, Anna Mary Robertson Moses, better known as Grandma Moses, is shown relaxing with her great-granddaughter, Barbara, in her farmhouse near Manchester, Vt. Grandma Moses' popularity will be further enhanced by the reproduction of one of her paintings as a Christmas card. She will celebrate her eighty-eighth birthday on September 7. ### President's Challenge

(Continued from Page One)

agencies to make available the evidence substantiating or disproving the existence of these espionage activities."

Mr. Truman indicated by his second jab at the Congressional hearings he expects the Republicans to dwell on testimony that some government officials gave away secrets to Moscow agents.

His vigorous assertion that these inquiries are nothing but a red herring left little doubt he will contend in rebuttal that the hearings were stage-managed to take the public mind off his cost of living battle with Congress.

A week ago the President said nothing had been disclosed that was not already known to the FBI. He added that a grand jury also had looked into the charges.

The question came up at a White House news conference yesterday. One of a smaller-than-usual crowd of reporters noted that Rep. Mundt (R-SD) had said that before the inquiries are over Mr. Truman will have to eat his words.

General Dwight D. Eisenhower didn't seem to think so, the President said. Eisenhower said earlier in the week that the nation's secrets had been very well kept.

Another question led Mr. Truman into the declaration that the special session had proved a disappointing Congress.

He said he got only poor results from his call for price, wage, and rationing controls and other legislation. He said more action could have been taken in the 15-day session.

But the President brushed aside

with a no comment response a question as to whether he places responsibility for Congress' actions on the Republican nominee.

As for a prediction by Senator Taft of Ohio, chairman of the GOP policy committee, that prices will level off, Mr. Truman said he hopes Taft is a good prophet but he can't agree with him.

The president took occasion to deny what a reporter said were Republican changes that the federal payroll had been stacked with 15,000 additional persons a month recently in a pre-election rise.

There is nothing to that, Mr. Truman said. He added that most of the increase in jobs has come because of the European Recovery Program, adding that he hadn't filled any of these jobs. New employees were all selected by Marshall Plan Administrator Paul Hoffman, he said.

Republicans will settle on their plans at an Albany conference next week between Dewey, Gov. Earl Warren of California, his running mate, Brownell and other party officials. Brownell put out the word in advance that Dewey will wage a "vigorous, constructive campaign and will travel extensively."

Hugh D. Scott, Jr., Republican national chairman, flew westward for a conference with Warren tomorrow in Portland, Ore.

President Worst Beaten  
Candidate Since Landon?

**Special to Central Press**  
WASHINGTON—Despite President Truman's bold gesture in summoning back Congress (now adjourned again) and his fighting address to the Democratic national convention, indications are that he will be the worst-beaten candidate since Al Landon in 1936.

Political experts agree that the solid south is broken and that the Dixiecrats may carry Mississippi, Alabama, South Carolina and possibly Georgia and Florida. There are signs that Mr. Truman also will lose every border state.

Kentucky may be close because of the presence of Senator Alben Barkley on the Democratic ticket, but even there the odds are against Mr. Truman. Latest information is that the president will lose his home state of Missouri. He is expected to lose Oklahoma.

Mr. Truman is being given a chance to carry the state of Washington because of its strong labor vote. He may win Rhode Island, Texas and North Carolina. Virginia is in doubt. So it goes all down the line, in the parade of states.

Top sources concede that many voters are displeased with the 80th Congress but will support the Dewey-Warren ticket for a change in administration, hoping it means a change for the better.

**CIO SUPPORT**—President Truman, however, may take consolation from certain factors. For instance, signs are multiplying that the CIO, which has been playing hard to get, ultimately will endorse the president.

CIO President Phil Murray has called his chief aides to a meeting in Washington in late August. The decision to back Mr. Truman may be taken then.

Jack Knoll, head of the CIO Political Action Committee, who earlier was bitter against the administration, recently told a CIO union convention: "It may be that the plain people of the United States have found another champion. It may be that President Truman has found himself; at any rate, he has a new look now, and I must say that the new look becomes him."

This "new look" dates from the Democratic convention—Mr. Truman's speech to the conclude and the party platform picks calling for repeal of the Taft-Hartley law and support of civil rights legislation.

It is noted that some labor leaders believe by delaying endorsement of Mr. Truman they are throwing votes to Henry Wallace, third party, which the CIO strongly opposes.

**TIMEY MISS BENTLEY**—Some Republicans in Congress are offering secret thanks to Elizabeth Bentley, confessed ex-Communist spy ring leader—and not because of her exposure of alleged espionage agents in government, either.

The GOP can't help being grateful that Miss Bentley's startling revelations and allegations have diverted public thinking from the anti-inflation row they were asked to act on in President Truman's special session call.

This isn't to say that Republicans generally are not confident of election victory in November. They are. However, certain GOP congressmen have feared their own political futures were jeopardized by the president's emphasis on inflation and the GOP leadership's unwillingness to do anything about it.

These Republicans, from congressional districts Red Frank that swing from one political faith to another on a narrow margin of votes, have openly expressed fears that Mr. Truman's strong anti-inflation stand might tip the scales against them in November.

However, they feel a bit better about it now. Miss Bentley has the voting public thinking in terms of the Communist menace rather than anti-inflation.

They are beginning to hope that the Democratic anti-inflation issue might prove to be another Truman miscalculation.

## At THE CHURCHES

All Church Notices must be presented at The Herald office on the day before publication.

## Christian Church

(Continued from Page One)  
Church and the Rev. Paul Campbell, pastor of the First Christian Church of Orlando.

No decision as to the type and size of the passenger building has yet been made, but as soon as the funds are on deposit in Jacksonville this, said Mr. Campbell, he added that the structure will be something that the City of Jacksonville can be proud of.

Contributions, he revealed, have ranged from the three cents that a little child placed in to an individual donation of \$275. To date, 200 persons have contributed. Contributions have come from business houses, civic organizations, churches and professional men, all of whom have reached the untimely death of the Rev. Wesley to give and community projects. Mr. Campbell said that contributions have been received from many states.

In behalf of the committee and Christian church members number 125, he said that he wished to extend sincere thanks to the donors.

Active in the campaign is the present pastor, The Rev. J. Randolph Evans, who recently moved here from Waycross, Ga. to accept the pastorate vacancy caused by the death of Rev. Wesley.

In a recent letter to The Herald, Jack Williams, editor and publisher of the Waycross Journal-Herald paid high tribute to Rev. Evans as follows:

"The writer is a member of the Presbyterian Church, but his wife is a member of the Christian Church here where Dr. Evans served for about four and one-half years. During this time I have had splendid opportunity to observe his work and want to commend him most highly to you as a successful, hard-working, sweet-spirited person. He was active in the Lions Club, served on various committees, was a constant visitor at the local hospital and was an outstanding, constructive citizen generally."

## Stemper Announces

(Continued from Page One)  
The faculty at Seminole High School for two years prior to joining the Florida State Department of Agriculture as chemist. During World War two, he served in the U. S. Navy for four years, being separated from service as a lieutenant commander. He was again connected with the Department of Agriculture prior to returning to Sanford, where he is now connected with his brother in the grocery business.

He is a member of the Junior Chamber of Commerce, Kivania Club, American Legion and the War Office of the Naval Service.

Mr. Stemper stated that he was making his announcement at an early date so that the people of Sanford might review his record and discuss with him any views which any citizen might have for a prosperous and progressive Sanford.

## Fort Meyers Jaycees Guilty In Booth Move

FORT MYERS, Aug. 13, (AP)—All 182 members of the Fort Myers Jaycees Chamber of Commerce were found guilty at noon today in city court of conspiring to move an information booth into town without a permit and were sentenced to serve four hours at hard labor on Jaycees projects or pay \$2 in cash or materials towards them.

The sentence was handed down by city Councilman Jack Shearer, himself a Jaycee, who brushed aside Defense Attorney Parker Holt's motions for quash for lack of jurisdiction and failure to cite an offense under city ordinances. Holt alleged the city "is lifting the hand that feeds it" when it tried the members.

## Eggs and Poultry

JACKSONVILLE, Aug. 13, (AP)—Eggs and poultry prices, remained unchanged on the Jacksonville markets today.

TESTIFYING before the House Un-American Activities Committee in Washington Mrs. Edna M. Kitcher of Jacksonville, wife of the late President Truman's pastor, Rev. Paul Campbell.

## Health Board

(Continued from Page One)  
people from spreading disease to their families and communities.

The opinion, said Mrs. Kitcher, will be brought to the attention of county judges and law enforcement officers who may be called upon to carry out the mandate of the law.

A study of tuberculosis patients who have either refused hospitalization or have left the hospital without medical advice is now being made. Health officers have been asked to check all such patients to try to determine the reasons so that procedures may be set up to solve the problem.

The National Tuberculosis Association has published a new directory of tuberculosis hospitals in the United States. It lists 830 institutions with 130,000 beds. This is an increase of 1,434 beds since the last directory was published in 1947.

The directory is credited to the research provided by the Veterans Administration. Private and military hospitals have shown a total of 3,014 beds since 1942. There is also a decrease noted in state county and municipal institutions, but this is believed due to the lack of personnel and these beds may be opened again as soon as the operating problem has been solved.

One out of three employees of U. S. military and World War II veterans.

### First 1948 Grid Practice Called Monday For Celery Fed Gridders

Coach Carl Kettles of Seminole High School has called the first practice drill for the 1948 edition of the Seminole High School Celery Fed Grid machine for 10:00 o'clock Monday morning.

All boys, who were in high school last year, and are interested in playing football during the coming year, are urged to attend the first practice Monday morning.

Freshmen have been requested to report on Sept. 1, according to Coach Kettles.

The Sanford coaching staff will be composed of Coach Kettles, Assistant Coach Fred Gandy, and Tim Tyler, backfield coach for 1947.

Coach Kettles has resigned his position as coach of the local school, and will return to the Celery Fed this year.

"We are making preparations for a squad of 40 to 50 players Monday morning, and we do not think that we will be disappointed," Coach Kettles declared yesterday.

The Sanford Coach pointed out that no pads or heavy equipment will be issued until Sept. 1. The local school, and will return to the Celery Fed this year.

"We are making preparations for a squad of 40 to 50 players Monday morning, and we do not think that we will be disappointed," Coach Kettles declared yesterday.

The Sanford Coach pointed out that no pads or heavy equipment will be issued until Sept. 1. The local school, and will return to the Celery Fed this year.

"We are making preparations for a squad of 40 to 50 players Monday morning, and we do not think that we will be disappointed," Coach Kettles declared yesterday.

The Sanford Coach pointed out that no pads or heavy equipment will be issued until Sept. 1. The local school, and will return to the Celery Fed this year.

"We are making preparations for a squad of 40 to 50 players Monday morning, and we do not think that we will be disappointed," Coach Kettles declared yesterday.

### South Daytona To Be Honored Tonight At Veterans Trunk

This is South Daytona Night at the Volusia County Kennel Club in Daytona Beach and a large contingent of that town's citizens will be present.

The feature ninth race has been designated the South Daytona Handicap and at its termination the winning greyhound will receive a flower basket from the hand of Mayor Lambrecht.

The South Daytona will get a chance to see temperamental Speedy Hugh in action. He has lagged in his last six races. Tonight he ought to be a ball of fire. Fitted against him will be seven ace speedsters.

Well remembered, five times in the money in six starts, Monop and Little Super, both five-time winners, will be featured. Monop, who has won three times in six starts, is a real hot dog.

Thru Monday, Buddy Lake of Sanford had appeared in the most races, 29, and had at that time run a record of 2:23 after winning the first race.

Official averages released at the meeting of Daytona had listed the most wins, 27, while Stan Zedalis had allowed the most runs, 184 in 209 times thru 29 games.

Leahua's Beland Bringham, appearing in 26 games and 125 innings, had been named for the most hits, 348, while Vig! Alonzo of Deland had walked the most batters, 219 thru Monday, 86 runs champion of the year is 10 or more appearances.

Official averages of all hurlers in this league are as follows:

**Goldsboro Negroes**

Continued from Page One  
out here. The whole atmosphere is pregnant with odors, because of this condition. Dr. Sibley was called out here to one of our tax payers and he made this statement, that it is deplorable and if there is not something done, an epidemic is inevitable. We pray that you gentlemen will see that sufficient amount of sewage is installed so that the service of these cess pools can be divorced from this community for they are a menace to health.

"(2) If the ditch was cleaned out, her lining at the head of 17th Street, through down to the Atlantic Coast Line crossing 13th Street between Lake's Ave. and William Ave. this would change some of this water that's going through Goldsboro and flooding these cess pools. We ask you gentlemen in the name of Christ for humanity sake, please see that this large ditch is opened up.

"(3) On Olive Ave. beginning at the railroad crossing 14th Street and 13th Street on out to 9th St there is a man hole at the filling station 13th St and Olive Ave. This man hole is full of bottles. Instead of the water going in the man hole, and going on out to 10th St, the water runs down the streets because of the man hole being stopped up. Therefore, the effects of these cess pools can be felt because of this situation. We pray you gentlemen to see that something is done here.

"(4) If you gentlemen will have some sort of drainage from 17th St, north of Oleander Ave. cross to 10th St, that would catch the overflowing cess pools from covering Goldsboro as it does. We pray you gentlemen will see to this because the majority of our rainy season is in front of us.

"(5) There is a large ditch north of Mulberry Ave. crossing 13th Street just west of Mulberry. It just needs cleaning out so the water can flow. We the tax payers, who constitute the members of the Welfare League, pray you gentlemen will see that some thing is done in regard to the above. We can hardly live here because of these unsanitary conditions.

"There is a pile of cans on Williams Avenue, back of Jones building facing 13th St. This pile of cans has been there for the last four or five years. It is an incubator for mosquitoes, and you know they are spreading malaria.

"(6) There are a number of vacant lots in Goldsboro which have grown up like wilderness. We think that the city should find some way to have the property owners to clean up these lots, so the city do so and charge same to the property owner taxes.

"If we will clean up some of these conditions that we above spoke of, our community will be

**THE OLD HOME TOWN** By STANLEY

**Special Session**

Continued from Page One  
of Monticello said all he knew about the special session move came from a resolution of the Orange County Democratic Executive Committee asking Governor Caldwell to call the Legislature back.

It was not accompanied by any request that he pledge himself to vote on only one bill and adjourn in three days. Those are among Caldwell's conditions for calling the session.

Clarke said a special session "suits me all right." He said it is possible for the Republican Presidential candidates to carry Florida if the election laws aren't changed. "I'm inclined to think

inviting to outside investors. "We the Welfare League, Inc. W. P. POWELL, PRN N N W. D. POWELL, President Timothy Wilson, Secretary. J. W. Knowles, ch. of Rec. Com.

they ought to be changed." At Crestview, Newman C. Brackin, who will be president of the 1949 Senate, said he hadn't heard of the special session plan at all but "it would be all right if it would solve our problems." He said he favored some means of direct voting for President.

Richard H. Simpson of Monticello, former House speaker, said he would be willing to serve without pay in a short session to change the election laws. "The people ought to know what they're going to vote on and if they don't know, things should be arranged so they can," he said.

Present law does not permit the name of any Presidential candidate to appear on the general election ballot. Voters will have a vote, instead, for the eight Presidential electors on the Republican side, the eight on the Democratic side or write in eight names.

A vote for the eight Republican electors will mean a vote for Thomas E. Dewey because all of them will cast their votes for

him in the electoral college next January. But it isn't clear what votes for the eight Democratic electors will mean. Three of them have said they will not vote for Truman, one has said he will. The other four haven't said whether they will vote for Truman or Thurmond.

The special session movement apparently was revived by Democrats in Orange County, one of the state's Republican strongholds. Orange County has the only Republican member of the legislature, Alex Akerman, Jr. He is opposed by Charles O. Andrews, Jr., the Democratic nominee.

Andrews is one of the special session movement leaders, although it would be Akerman, not Andrews -- who would sit in the Orange County seat.

There are more than 18,000 motion picture theaters in the United States.

There are more pictures in almost 10,000 U. S. towns and cities.

**Mrs. Kaserkina**

Continued From Page One  
were closed. "Do you know this man?" the detective said he asked Mrs. Kosenkina in Russian.

"Yes," he quoted her as answering. "Who is he?" the detective said he asked. The woman identified the vice consul.

The vice-consul, the detective added, then told her in Russian that Soviet Consul General Yakov Lomakin wanted to see her. Mrs. Kosenkina replied, "I do not want to talk to anyone. I do not want to see anyone."

Then, the detective said, came the vice-consul's suggestion that Mrs. Kosenkina consent to be moved from Roosevelt Hospital to another hospital, and he refused with the accusation that "you kept me a prisoner, you would not let me go."

The interview was terminated then by Inspector Ladden.

Meanwhile in Moscow Izvestia, the Russian government newspaper, commented bitterly on what it called the "kidnaping" of Soviet citizens in the United States. It said "the whole land of the Soviets will not permit any harm to come to her people, wherever they may be."

The article, quoted by the Soviet Agency Tass, made no mention, however, that a central figure in the case, 52-year-old Oksana Stepanovna Kosenkina, plucked from a window of the Soviet consulate in New York yesterday afternoon.

Izvestia's article, entitled "Democracy of Dollar Democracy," followed the lines of yesterday's diatribe of Pravda, the Communist Party newspaper, which also charged American officials with "kidnaping."

And in Detroit Senator Homer Ferguson (R-Mich) said the "tragedy" at the Russian consulate in New York yesterday "ought finally to shock even Mr. Truman into a realization of the Communist activities within the Administration."

The head of a Senate subcommittee investigating the government employee loyalty order deplored the Russian teacher escape incident a statement to the press.

"It is profoundly disturbing," he said, "that the President should have twice sought to describe as a 'red herring' the efforts of the committees of the Congress to uncover a situation which has now ended so tragically."

"I trust," Ferguson added, "that there will be no further

obstruction from Mr. Truman, the State Department or any other department of government."

**Spy Probe**

Continued From Page One  
Senate investigating committee, said the "tragedy" of the New York happenings "ought finally to shock even Mr. Truman into a realization of the Communist activities within the Administration."

The appearance of Currie and White before the House Un-American Activities Committee drew a big crowd to its hearings. They are the biggest names which were mentioned when Elizabeth

T. Bentley and Whitaker Chambers, who say they are former spy ring couriers, testified earlier about people they said were in or helpful to the ring. Both Currie and White were listed in the helpful class.

Currie, 46 was in the government 11 years and from 1939 through the war years was an administrative assistant to President Roosevelt. He is now in the export business in New York.

White, 55, is a former Harvard Professor. He worked for the government from New Deal days and was assistant secretary of the treasury when he left the government last year. He is now an economic and financial consultant in New York.

**Reds Leave Building**

Continued From Page One

July, 1943. After the Russian withdrawal from the Kommandatura -- an act which the U.S., Britain and France refused to recognize legally -- the elected German city government alone remained to hold Berlin together.

Since then, however, the anti-Communist administration has been under constant Communist attack and several of its branches have been split between the East and West. This includes the police force and food administration.

The only Soviet property left in the building were photographs of Stalin and Lenin, hanging in the chief of staff's office.

A British spokesman said the Russians had not notified them they planned evacuation today. A Russian captain drove up to the building early this morning and shortly afterward sentries withdrew with the flag.

Asked if the Western Powers planned to set up a three-power regime, the spokesman said that ever since the Russians left the Kommandatura the Western Allies have been holding meetings. A U.S. official told Germans in the U.S. sector last night that polls taken back in the states show the Americans want a strong stand against Russia.

**Dixiecrat Campaign**

Continued From Page One  
County chairman will be named in each state to direct the drive. He said no goal had been set, but "my own idea is that we will collect \$1,000,000."

"This is a people's movement," he said. He predicted Thurmond and Wright would carry eight Dixiecrat states and said they hope to win Tennessee, Virginia and North Carolina.

## Soviet Consul Denies Charge Of Red Teacher

Mrs. Kosenkina's Story Of Activity In Consulate Said Untrue By Russian

WASHINGTON, Aug. 16.—(AP)—Ager Hiss, former State Department official, has accepted an invitation to testify to the House Un-American Activities committee in closed session late today. Chairman Thomas (D-S.C.), when announcing this, told reporters it is improbable that Whitaker Chambers will be present.

NEW YORK, Aug. 16. (AP)—A Soviet vice-consul today described as "not true" a police statement that Mrs. Oksana Stepanovna Kosenkina pointed to him from her bed in Roosevelt Hospital last week and accused him of holding her a prisoner in the Soviet Consulate.

"The story is not true," the vice-consul, Zot I. Cherpunyk, told newsmen. "She did not say what the police say she said. She didn't say, 'you didn't let me go' and she didn't point at me either."

A Russian-speaking detective said Friday that the 52-year-old Soviet school teacher rejected Cherpunyk's suggestion that she be moved to another hospital, declaring, "you kept me a prisoner, you would not let me go."

Cherpunyk, after repeated demands to see Mrs. Kosenkina, had been escorted to the hospital room where the teacher is recovering from serious injuries received in a three-story leap from the consulate building. Police quoted her as:

"(Continued on Page 5)

## Florida Markets Report Increase In Stock Sales

JACKSONVILLE, Fla., Aug. 16.—(Special)—Florida livestock producers received \$236,923 for cattle and hogs sold on eleven reporting markets during the current week, according to figures compiled in Jacksonville offices of Florida State Markets. Four markets omitted gross cash payments for animals handled. The fifteen cooperating markets sold a total of 6,656 cattle and 3,763 hogs, as compared with 4,483 cattle and 2,478 hogs handled during the preceding weekly report period.

Receipts of eggs on the Dade City State Farmer's Market during the last weekly report period totaled 1,752 dozen, according to figures handled by T. Johnson. Prices paid were quoted as follows: Extra large, 60 cents per dozen; large, 64 cents; medium, 59 cents; and small, 49 cents per dozen. Light offerings of poultry handled brought the following prices: Fryers, 36 cents per pound; heavy hens, 28 cents; leg-hens, 22 cents.

The Lake City State Farmer's Market reported the receipt of 163 round barrels of pine gum during the week with almost all of the resin content being placed in loan.

Managers M. E. Williams of the Fort Pierce State Farmer's Market reports that "some planting operations are well underway in the Fort Pierce area" with all indications that crop acreage will set a new record.

## Orlon Vernon Horace Joins Rotary Club

Orlon Vernon Horace, local superintendent of the Atlantic Coast Line Railroad, was welcomed to the Rotary Club today by Andrew Stine, who said that Mr. Horace, who came here about two months ago from Jacksonville, is a native of Little Rock, Ark., and came to Florida from Alabama. He has been with the Atlantic Coast Line for 35 years.

Visitors introduced by Mr. Stine included E. G. Stephens of Winter Garden and R. B. Gramling of Orlando. George Touhy led the club in singing a number of selections. President George Stine presided.

## SOME QUAKE

TOKYO, Aug. 16.—(AP)—General MacArthur's headquarters announced today that a June earthquake at Fukui killed 3,238 persons and injured 10,187.

The official figures were incorporated in the Allied Commanders' regular report on Japan covering the period.

## SWIMMER DROWNS

ORLANDO, Aug. 16.—(AP)—Mrs. Ethel Louise Byrd, 42, drowned in Lake Lanier while on a midnight swim, police reported today.

## Visit Teacher Despite Protest

SURROUNDED BY NEWSMEN, Soviet Vice-Consul Zot I. Cherpunyk (right, facing camera) arrives at the Roosevelt Hospital, New York, to visit Mrs. Oksana Kosenkina despite protests from the injured woman that she did not wish to see him. While a Russian-speaking detective stood guard at the bedside, the Soviet school teacher told Cherpunyk: "You kept me a prisoner; you wouldn't let me go." (AP-Courtesy)

## 4 Negroes Held Jewish Traffic For Murder At Ormond Saturday

Officer Says Men Were Caught In Car Seen Near Killing

ORMOND, Aug. 16. (AP)—Sheriff deputies announced today the apprehension of four negroes for questioning in the slaying of a pretty Georgia stenographer and her escort on a desolate moonlit beach here.

Sheriff Alex Littlefield said the young vacationing couple—24-year-old Mary Hooks of Easy Point, Ga., and Gregory Blount, 23, of Lexington, Ky.—were shot and killed Saturday night on a lonely beach about a half-mile from habitation.

The girl had been taped. Deputy Sheriff T. J. Wright said the negroes were being questioned closely at an undisclosed location. They were apprehended in an auto which fitted the description of one observed near the murder scene, he said.

Meanwhile in Sarasota Police Chief Ed A. Garner said four young men were being held for questioning in connection with the murder of the couple at Ormond Saturday night.

Garner said the men had in their possession an automatic .22-caliber pistol which he said he understood was the type weapon used in killing the young couple. He said he had contacted Daytona Beach officers who asked that they be held. Garner said he knows no other details about the case.

## Negro Is Threatened By Mob Of Own Race

RYLACAUGA, Ala., Aug. 16.—(AP)—A negro, threatened by a mob of his own race for the shooting of a crippled negro cab driver, has been transferred to jail here for safe keeping. Police Chief Willis Dean said today.

Dean identified the negro as Harrel Hamilton, 21, of Birmingham, and said he had admitted the shooting of Willie Cole in Talladega Saturday night.

**SANFORD PROGRAM**  
Charles Morrison, song leader, and Harry Kudell, pianist, teamed up to give Winted Park Rotarians a lively musical quiz at the meeting today in that city. The program was well received, they reported upon their return.

**BIKE RIDER KILLED**  
CLEARWATER, Aug. 16.—(AP)—Jack White, 40, of Bay Pines was killed instantly early today when the motor bike he was riding was struck by an automobile.

## Army Expects To Start Draft In November

Manpower Requisition Needed From Army To Determine Induction Number

WASHINGTON, Aug. 16. (AP)—The Army expects to start taking its first batch of about 15,000 inductees under the new draft law early in November.

Major General John L. Dahlquist estimated the draftees will start coming into training camps between Nov. 1 and 15.

This estimate is based on a calculation that Selective Service will need about 60 days to make the inductions after it gets a manpower requisition order from the Army.

"We might put in the requisition in the next week or 10 days," Dahlquist told a reporter. "Our people are working directly and informally with Selective Service and we are trying to coordinate things so that they can deliver men when we ask them."

Dahlquist explained that the Army has to complete plans for accommodation and training of the draftees, and that the number of men enlisted in the Army has a bearing on how many men will be sought through the draft.

The requirements for drafted men will gradually increase to about 60,000 monthly, Dahlquist said, but added that it could be a gradual increase rather than an immediate doubling of the draft call.

The increase in enlistments has made some difference in Army draft plans, Dahlquist said. Last month, the Army and Air Force signed up 51,461 men. Dahlquist said this was more than 10,000 above what he had expected.

The registration of the nation's young men begins August 30. All aged 18 through 25 must register, although only those 19 and older are subject to draft.

OTTAWA, Ont., Aug. 16. (AP)—James Forrester, United States secretary of defense, met for two hours today with the Canadian defense committee.

He said the talks were "most satisfactory" and that it was gratifying to note that Canada and the United States both are looking along the same general lines regarding defense problems.

Brooks Claxton, Canada's minister of defense, said "all aspects of joint defense were reviewed."

He added the talks were "most satisfactory" and that it was gratifying to note that Canada and the United States both are looking along the same general lines regarding defense problems.

## Versatile Swedes Almost Stole Show In Olympic Games

LONDON, Aug. 16.—(AP)—American athletes were far and away the biggest point winners in the Olympic Games which ended last Saturday, but it was Sweden which almost stole the show.

The Swedes finished second in the American all-around point totals as well as in the chief sports, track and field.

The United States triumph was expected, as befitting one of the world's biggest, richest, best nations. But the spectacular showing of the Swedes was amazing for a country with less than 2,000,000 population.

In scoring 353 points to America's 522, the Swedes surpassed athletic nations as France, which was third with 230.5 points, Hungary which was fourth with 201.5.

Italy, fifth with 183, Great Britain, sixth with 170.

The unofficial team standings—only individual feats go in official records—count the first six finishers in each medal event, with first place getting 10 points, second five points, third four, fourth three, fifth two and sixth one.

It was versatility which lifted the Swedes so high. They won team titles only in modern pentathlon, soccer and Greco Roman wrestling, with a first place tie in shooting. But they scored in nearly every type of competition, the varied 14-day Olympic program offered.

## New Labor Secretary And Kin Call On Truman

AFTER BEING SWORN IN as the nation's sixth Secretary of Labor, Thomas E. Dewey (center) and his family called on President Truman at the White House. The Chief Executive is shown shaking hands with the new cabinet member's children. Seated at the table are: Carol Ann Dewey, 14; Mrs. John Dewey, 19; Secretary Tolson, President Truman, and Helen Louise, 15. (AP-Courtesy of Social Service)

## President Truman Is Scheduled To Make Labor Day Speech In Detroit

WASHINGTON, Aug. 16. (AP)—The White House announced today that President Truman will speak at a Labor Day rally in Detroit.

The continued reports which have been current for some time. The speech is expected to be one of his major addresses of the Presidential campaign period.

Edward McLaughlin, Democratic national chairman, long has urged the President to open his 1948 campaign in Detroit with an appeal for labor support.

Mr. Truman will speak in Michigan on his private weekend in the new field and in public platform and other appearances, a number of Michigan labor leaders and President Secretary Charles Ross said he could not give details at this time.

It seems likely that the President will make talks in Grand Rapids, Lansing and possibly other cities.

The Detroit address, under labor organization sponsorship, will be made in the afternoon, the exact time to be announced later.

Mr. Truman's change that Republican has built up inflation this year, according to Dewey, is a major issue. It is likely to prompt a campaign demand by Gov. Thomas E. Dewey for a drastic cut in government spending.

Memorial touting high prices and "peace with honor" as the top campaign issues, Gov. Earl Warren of California put together with Republican Presidential candidate, Thomas E. Dewey for a strategy session today.

Warren, the GOP Vice Presidential candidate, singled out these issues in advance of the round of conferences with Dewey scheduled through tomorrow.

The members will talk about issues as well as places and dates for Dewey and Warren speeches. The sessions will be attended by Herbert Brownell, D., Dewey's campaign manager; U. S. Senator William F. Knowland (R-Calif.) and other key GOP advisers.

Warren named the main issues as he sees them, during a stopover at the Legion Hall in New York City on his way to Albany yesterday.

## Rotc Students Will Get Draft Deferment

WASHINGTON, Aug. 16.—(AP)—Approximately 118,000 college students in reserve officer training courses will be deferred from the draft while they are in training.

The Army and Air Force announced this jointly, said eligible students must:

(1) Have enrolled in ROTC before June 24, 1948; (2) remain in good standing in both military and school studies; (3) agree to take an officer's commission, otherwise they will be deferred for active duty.

The Army has a quota of 77,800 ROTC students and the Air Force 40,800. They are in 231 colleges and universities.

## LEGION MEET

The Campbell-Leasing Post No. 53 will meet tonight at 8:00 P.M. at the Legion Hall for an important business session. Commander James A. Wright will officiate, according to John Sauls, publicity director for the post. All members are urged to attend. Plans will be discussed for help to the national organization for the convention to be held in Miami in October.

## BABY DROWNS

NEBOCK, Pa., Aug. 16.—"Come on home," Lawrence Dawson called yesterday to his two-year-old daughter, Ella, who had taken her doll to a small creek 50 yards from their home. "I'm bathing my baby," Ella called back.

Five minutes later, Dawson walked to the creek. Ella had drowned.

## Western Allies To Stand Firm In Berlin Row

General Clay Says Four Power Meet Will Not Change Occupation Plans

MOSCOW, Aug. 16.—(AP)—Western diplomats held their longest conference of the current negotiations today with Foreign Minister Molotov, talking in the Kremlin for nearly four hours. The ambassadors of the United States and France and a special envoy from the British Foreign office ended their sixth conference with Molotov since July 11 at 9:41 P.M. (11 P.M. Eastern Standard Time).

FRANKFURT, GERMANY, Aug. 16. (AP)—General Lucius D. Clay said tonight he expected the Western Allies to stand firm on their present German policy in the four-power discussions underway in Moscow.

"I know of no intention by anybody to deviate from the present program," the U. S. occupation chief said.

He made the statement in reply to a news conference question whether Moscow decisions might alter the plans of the United States, Britain and France for the formation of a Western German government.

He indicated the West would continue with that objective until such time as there could be a unified Germany, reflecting the political and economic views of the whole German people.

Meanwhile in Moscow envoys:

## "Tokyo Rose" Is Ordered To Face Treason Charges

WASHINGTON, Aug. 16.—(AP)—Attorney General Clark today directed the arrest in Tokyo of American-born Iva Toguri D'Aquino in connection with wartime broadcasts over radio Tokyo.

The attorney general said Mrs. D'Aquino, native of Los Angeles and the wife of a Portuguese citizen, will be brought back to the United States to answer a treason charge.

The Justice Department said Mrs. D'Aquino was one of at least six English-speaking Japanese women to whom American fighting men applied the name "Tokyo Rose" as a result of broadcasts beamed to U. S. forces in the Pacific between 1943 and 1945.

The broadcasts played heavily on the homesickness theme and have been described by authorities as intended to promote war-weariness among the Americans.

However, the department said that Mrs. D'Aquino was never known to have used the name "Tokyo Rose" in any of her alleged broadcasts. It said she broadcast under the name "Ann" or "Orphan Ann."

Mrs. D'Aquino was described by justice officials as the only American-born woman among the wartime Tokyo broadcasters.

## Vivian Speer Denies He Seeks City Post

Vivian A. Speer today denied a rumor that he is again seeking a post on the City Commission. He pointed out that this rumor had sprung up after he appeared Tuesday evening to protest to the Commission against any higher taxes for Sanford.

"My disagreement with the policy of the Commission does not mean that I have any desire to be a candidate for City Commission," he declared. "I feel that I have contributed my share of time and effort to City matters."

In the matter of taxes, he said that he realizes that wages of City employees are up and hours shorter, and that the Commission is conscientiously trying to solve its problems. However, he said that he felt that the increase in assessments made during the past two years is as much as citizens and property owners can afford to carry.

This, he declared, is substantiated by the fact that tax collections dropped last year, and "this should be a clear indication to the Commission that we have reached a peak."

## CITY MEETING

The City Commission met Saturday afternoon at an equalization board, and will meet tonight at 7:30 o'clock to review complaints of taxpayers in regard to recent assessments.
