Stewart Says:

Has Real Trouble Controlling Boom

By CHARLES P. STEWART
Central Press Columnist
OUR LAST WAR and poet-war
boom and the following prolonged
period of depression were recent
enough to be remembered by a
great many individuals in high
governmental, financial, industrial,

then to the kind of thing that John Carmedy been s invariably lead into.

John Carmody booms invariably lead into.

The question is:

(Can a would be boom be prevented from booming? If not, can it be prevented from popping ultimately? Or, if a pop is inevitable, can such prearrangements be made as to render it harmless?

Mational Price Sixer Leon Henderson is working overtime to keep today's boom from attaining dangerous proportions. He admits that the infernal thing is gaining op him but he's doing his utmost to keep it from getting beyond control utterly. It never has been tried before. Elitherto booms have been considered very gratifying—as providing plenty of profits for capital and codies of employment for labor and the popular demand has been to "Let'em flicker." That last experience, though, was a leason, not far enough back to have been forgetten.

National Production Manager Filliam S. Knudsen doesn't question Leon's system in principle, but a does argue that Leon's operating it so urgently as to threaten maiderable unemployment right ow, regardless of the future. on's answer is that a modicum it today is better than a require catastrophs of it later.

How Leon's scheme will work at finally remains to be seen. It's representation of the catastrophs of

Nearly All Workers Kearny Shipyards

Navy Reports 97.3 Percent Of Men Back On Construction At Plant

Work Is Going On Enthusiastically

New Program Of Ship Building Started By Maritime Group

KEARNY, N. J., Aug. 26 today a 97.8 percent return to work at the vast plant of the Federal Shipbuilding and Dry Bock Company, stilled for 19 days by a GIO strike.

Rear Admiral Harold G.

Bowen, who took command of the strike-bound yard under presidential order, said "the men are working enthusiastically and will try to make up, the lost

time."

At Washington, meanwhile the Maritime Commission put a new \$1,246,650,000 shipbuilding bregram under way by negotiating for additional ways in onicting yards and contracts for 66 cargo ships.

The Federal Chipbuilding and ydock Company of Kearny, N. announced last night it was ming over immediately the control of the

bound plant, to simplify matters by transferring to the navy or other government agency the physical assets or the entire can-ital stock of the company on the understanding that just company on the understanding that just compen sation would be determined later by agreement or arbritration.

Since the navy took over the yard yesterday, Korndorff told Knox the company could assume no responsibility for its further management and operation.

He safe the company would

He said the company would He said the company would cooperate with the Navy to the hest of its ability by voluntarily assisting in carrying forward the national defense program.

Seventeen, thousand workers struck Aug. B after the company refused to meet a CIO demand of a modified union shop.

That issue between the union

That issue between the unior and the company was unsettle on the eve of resumption of full-time production on \$493.000,000 in maritime and naval contracts Admiral Bowen said the plant

would operate under conditions existing at the time the strike began and that the modified union shop question was in the union shop question was in the hands of the navy department. The navy will begin operating with the "whole-hearted supports with no atrings attached," of the union, Admiral Bowen

Iron Shot, recring his first victory in the feature of the first victory in the feature of first victory in the feature of the first victory in the feature of the first victory in the feature of the fea

The 23 year-old former Duke University star, present Southern champion and winner of the Forth-South Amsteur champion-Sorth-South Amsteur championship at Pinehurst, N. C., cut four strokes off par on the outgoing nine holes on the Omaha Field Club ceurse with a 32 and trianged one more coming back in 35.

**Toppy-behind was John P. Burke of Chicago with 34, 34—68. Burke, who gave Georgetown the intercellegista crown in 1938, lost to collegiate crown in 1938, lost to Champion Dick Chapman of Mammaroneck, N. Y., in last year's quarter-finals.

There was, however, a good stretch between the sub-par leaders and the next in line at par 72.
These include another inter-Towson, Md., 36-36 and Ells: worth Vines Jr., 37-35, San Gabriel, Cailf., who gave up his world professional tennis championship to concentrate on golf.

Two men to be reckoned with Goodman of Omaba and Marvin (Bud) Ward Spokane, Wash.—were bracketed with Glenn Oatman of Kansas City, Me., at 73. Playing on the course on which he grew up to win both the United States Open and Amateur championships, Goodman was considered by most as the man to be at. Goodman had 35—38 and Ward 36—37. Ward 36-37, Playing his last few holes

rain, Chapman, now an ntheletic instructor at Maxwell Field, Ala, posted an easy 35, 39—74. The champion got in a birdie two on the 150 yard eighth hole to turn eeming in dropped him away one under par, but four fives coming in dropped him away from the leaders.

Set New Record
For Double Plays

WINTER HAVEN, Aug. 26.—

(P)—A new record for double plays in a single season in Class D baseball was claimed today for DeLand of the Florida State Leagu which ran its total to 151.

Peter Schaal, league secretary, said the previous Class D record was 150 double plays credited to Martinsville, Va., of the Bi-State league in 113 games in 1837.

Wenty-one years, Therefore, you. LESTER P. DolANFIX, are responded to the said appear heforw the Ninth Judica. Circuit Court, Seminole County, Florida, and there make answer to the bill of complaint exhibited against you otherwise a decise programment to the bill of exhibited an adverse programment to the bill of complaint exhibited against you.

It is further nodered that the roler be published in The Sanford Herald a newspaper published in Seminole County, Florida, once a week for four consecutive weeks.

Dense and Ordered that the roler be published in The Sanford Herald a newspaper published in Seminole County, Florida, once a week for four consecutive weeks.

Dense and Ordered that the roler be published in The Sanford Herald a newspaper published in The Sanford Herald and Description of August A. D. 1911.

Clerk, Ninth Judical. Circuit Court, Seminole County, Florida, once a week for four consecutive weeks.

Dense and Ordered that the roler be published in The Sanford Herald and Description of August A. D. 1911.

Clerk, Ninth Judical Circuit Court, Seminole County, Florida, at Sanford Herald and Provided August A. D. 1911. Martinsville, Va., of the Bi-State league in 113 games in 1937.

DeLand achieved its total in 119 games and has until Laborday, when the league season closes, to add to its record. The team is in second place. Wes Frammell is manager.

Florida's Gasonno Consumption Gains

TABEAHASSER, Aug. 26 (A) - Florida's gasoline consump tion for July made a substantial increase over June, Comptroller Lee said Monday in announcing 33,453,459 gallons were sold dur

The total sales reported to Lee compared with 32,141,020 gallons in June and 28,022,379 gallons in July of 1940.

They did not include 3,297,739 gallons delivered to U. S. government agencies in the state and 570,477 gallons used in aviation.

Stewart Asks:

Could Russia Possibly Go Democratic?

By CHARLES P. STEWART Central Press Columnist COULD Russia conceivably be transformed into a democracy? Is it imaginable that it believes

Churchill some sort of a lurking notion that maybe they actually can conyert Commade:
Stalin into a genuine demo-

things they want to confer with him about, in addition to conferring with him relative to wartime poli-Constantine

crat? Is that

cles? These questions are being asked in Washing-ton and maybe in London, too.

Even those who ask them don't answer themselves very believing-ly in the affirmative. Nevertheless, it sounds odd to hear such queries

put.

It's understandable, why the world democracies leaders deem it wise to aid the Muscovites all they can in the latters' fight with the Axis. Their opinion is that their imperative first consideration is the latter of the consideration is the consideration is the consideration. to see Herr Hitler's and Signor Mussolini's types of totalitarianism

Muscolini's types of totalitarianism destroyed, leaving Bolshevism to be worried about later on.

All the same, numerous suggestions have been made that Joe Stalin's system is due to be an exceedingly difficult institution to be democratically dealt with after the war, assuming the Nazis' and Fascists' extinction as a result of the pending conflict. Joe, on that supposition, having been very helpful to 'em, it'il be hard for the democracies to resume being dead against him, as heretofore, and yet they certainly won't like Bolshevismeany better than ever they did. But suppose that Joe Stalin himself and the rest of the Bolsheviki have, in the meantime, become democratized.

Perhaps it's only wishful think-ing, but it's a fact that hints have been coming from Moscow lately that are democratically favorably interpreted. The Soviet folk manifestly are lighly appreciative of their alli-

se with Britain and of our readise to send 'em all possible sup-les from the United States—on edit, if necessary, and it's made

nether or not we ever collect. The referred already to the flood of news releases that Russian ambassador Cumansky has been putting out from his Washington headquarters ever since the Nasie sunched their attack on his home country and it became apparent to him that our sympathies generally were on his side of the campaign. But women must disprove persented the hadn't peeped for publicity. Now I (and every correspondent in the capital) get inimeographed pages and pages from him daily, bidding for American support.

down.

That could mean the women melt women release stories but they get a round it by more persistent use of the phone and feet. I've never heard a trained women reporter complain that any government of ficial "held out" just because also was a woman.

But women must disprove persenally the adage. "Tell a woman, tell the world." Once they do, they get a special loyalty from their news contacts.

There are many ways of doing it, but here's an example from Mallward to the Palledelphia departs.

There are many ways of doing to the palledelphia do the pa

THIS CURIOUS WORLD

T. M. RECE U. B. PAT, OFF. MOVIE STARS HAVE THE LETTER 'R" IN THEIR NAME: MOUNTAIN CANARIES HAVE FOUR LEGS AND WEIGH SEVERAL HUNDRED POLINOS.

ANSWER: True. "Mountain canaries" are those faithful old turros used by mining prospectors. The name probably came from their singing bray, so different from that of a canary.

Reporter Tells How Women Writers In Nation's Capital Get Articles

By SIGRID ARNE,
WASHINGTON, Aug. 26—(A)
—"Members and Press Only" is
a foreidding sign which appears
in places in the capitol. One is
beside a private elevator to the
Senate floor and gallery. The
other flanks an elevator to the
House floor and gallery.
Newspaper men take that privilige absent-mindedly. But it's
uisually with a gulp that a woman reporter takes her first ride.
It was way back in 1850 that
the first woman writer sat in the
Senate gallery. Now 91 years
later, women are still much in
the minority. Of 542 persons admitted to the press galleries only
38 are women.

Si are women.

The women have every privilege the men enjoy, except the
old "back room" gathering at the
day's end when men cronies of
press and Congress collect for a
few "gwick case", and the day.

down.

That could mean the women would miss stories but they get around it by more persistent use of the phone and feet. I've never heard a trained women reporter complain that any government official "held out" just because she

timerman vi av average to Communicate to the American Hamisphere.

It is a special message to Congress Reporting on his sea meeting with Prime Minister Churchill, the Prevident denounced domestic opposition to the Angle-American agreement as an invitation to Hitle to extend Nazi conquest "to the American Hamisphere."

There are many ways of doing it, but here's an example from Ned Brunson Harris, one of the few women to have headed a metropolitan paper's Washington bureau.

A quotation from the Moscow newspaper, Investia, was illustrative, it directly followed conclusion of the Russo-British pact.

This agreement, said Investia, as me at a guoted, "puts both great countries in the same camp of democratic nations of the most persistions for or numanity, cutture of civilization."

Then the representative told the sensor hit the ceiling with "Soi She talked!"

He emphasised again that the contracts were held over from previous negotiations and that they had to be fulfilled under terms of the agreements between Britain and the Argentine.

Using Idle Tank .

Over 100 Take Part In Summer Swimming Program At Sanlando

WASHINGTON, Aug. 17
(P)— Secretary of State Hall made it plain today that the United States atood on its free-jam of the seas policy in consection with shipments of war supplies to Russia through the Pacific.

As to whether Japan had

shipments to Vladivostok, Huli paid he would leave any state-ment of this to Tokyo.

Precisiont Roosevelt said yea-terday there could be no doubt that an organization campaign of rumors, distortions, half truthe and falsehoods had been launched to sabutage the United States orogram of siding opponents of

the Axis.

Charges that lend-lease funda are being misused fall within this category and may be characters; ised as distorted half-truths or alsohoods aprend to subotage the effort to defeat Hitlerism, he

taxmple of the sabotage afforts he talked about. But he added that he was not denying the story because such stories are not worthy of denial.

WASHINGTON, Aug. 27—(P)
—Senator Maloney of Connectiutt proposed today that all unused railroad tank cars be set to
elling in an effort to relieve the
hortages of gasoline, fuel oil and
ther products. other products.

Maloney suggested the railroads might "more whole trains of tank cars at one time" thus reducing cost substantially.

Of his is visit in Toronto, Mr. Swaim writes:

"You can walk all day and hover get out of town. You ought to see the cops here. They wear a helmet like a London bobby or a Keystone cop and some of them are mounted. It's surprising how many horses you see in so large a city; saide from the cops all the bread wagons are pulled by horses and even the railway express.

"Tonight I went to a show and when the picture was over they showed a picture of King George and played 'God Save the King.' Everyone stood up and I did, too.

"The money up here makes me think I have a bunch of washers in my pocket. It doesn't seem like money and it's not worth as much as our money. I went in and bought a cup of coffee and gave the man a dollar. I got a dollar and a nickle in change. But they make up for it since cigarettes cost a quarter and coffee is six cents."

Office Following **Educational Meet**

R. E. Kipp is back h his of-fice at the Sanford Grammar School after returning from an educational conference held at school after returning from at Black Mountai,n N. C., and from the DeMolay Conclave at Orlando, he said this morning.

Urging parents of both beginners and students of last year to have a talk about the school work before school opens Sept. 8, Prof. Kipp said he would be in his office every morning from 9:00 to 12:00 o'clock.

Four Sanford boys are attending the DeMolay Conclave at Orlando and will remain there until it is over tonight. They are John Dunn, Kirby Fite, Leroy Lang and Mack Cleveland, Jr. In competition with the 17 chapters of the atate the local chapter ranked fourth in the state in membership and sixth in the state in efficiency, Mz. Kipp said.
