Howard And Blondell Star In "Stand-In"

Before you do another thing—because nothing can possibly be as important as a laugh test like this—gather up the family and head down to the Ritz Theatre where "Stand-In" Walter Wanger's hilarious comedy about Hollywood has 'em rolling in the aisles.

Leslie Howard and Joan Blondell head the roster of stars in this hysterical screen version of Clarence Budington Kelland's Saturday Evening Post story. The charming Leslie emerges as a simply swell comedian in the role of Attorney Dodd, the shy, bespectacled banker who goes to Hollywood to take over the \$10,000,000 Colossal Studios and run them by the science of mathematics, and Joan is grand as the stand-in of the title who helps him over the Hollywood hurdles, helps him foil the conspirators who are plotting to get the studio, teaches him to thumb and makes him realize (after much maidenly effort) that he's more than a human adding machine.

Hollywood comes in for one grand ribbing—from the temperamental glamour star, the fantastic foreign director (this one stops a picture and sends to the Swiss Alps for real scenery), the young producer who's a genius when he's sober, and the sharp-shooting press agent to the palatial "prop" furnished mansions, the liveried limousines and the studios with their madhouse confusion.

Humphrey Bogart plays the genius producer (and never once draws a cat). Alan Mowbray has his maddest (and best) role as Kosloff, the foreign director. Maria Shelton is splendid as the

Potatoes Need A Beating If They're In The Soup

MISS ALEXANDER GEORGE, AP Feature Service Writer, says the lowly Irish potato becomes aristocratic when it is skillfully made into soup. Potato soup can be as delicate in flavor as a bouillabaisse and as appetite-satisfying as a goulash.

Serving potato soup once each week will help meet many a hole in the food budget. It is hearty and digestible for young and old—and can be prepared quickly and easily.

Two-Part Recipe
Here's one recipe: Cook together for fifteen minutes, in a covered pan the following: Two cups of small raw potatoes, two tablespoons of chopped onions, two cups of water and a fourth of a teaspoon of paprika celery salt and salt. Press through a sieve and add to a cream sauce made of:

Three tablespoons of butter and two tablespoons of flour mixed together and added to two cups of milk, half a teaspoon of salt and a fourth teaspoon of paprika. Cook slowly and stir constantly until sauce thickens slightly. Then add the potato mixture and let it simmer for ten minutes.

Old-Fashioned Style
There's an old-fashioned potato soup made this way:

Brown one-fourth of a cup of chopped onions and two tablespoons each of celery and green peppers in a third of a cup of diced bacon. Add this mixture to two cups of diced potatoes which have been cooked for fifteen minutes in two cups of water. Add a fourth of a teaspoon each of salt and pepper and cook slowly, covered, over a

low fire or in a double boiler. If you like your potato soup thick and creamy, prepare it by putting the potatoes through a ricer. Then, when the soup is cooked, beat it thoroughly with a rotary egg-beater. You can add diced chunks of cooked potato if you want a lumpy effect.

GINGERBREAD TOPPING
Creamed cheese mixed with chopped dates and nuts makes a tasty topping for freshly baked gingerbread or it can be used as a filling for two layers of chocolate or spice cake.

NOTES ON POLISH
To give a dull effect to furniture rub each piece with olive oil before applying polish. For a brighter finish wash the furniture with cold water applied with a soft cloth. Then polish.

QUICK FROSTING
Sprinkle chopped dates, raisins, chocolate shot or grated sweet chocolate nuts, coconut or candied fruit over the top of cake batter just before putting it into the oven. It will give the cake a tasty coating. Use half a cup of coating for the average-size cake.

SHRIMP APPETIZER
Shrimp appetizers usually are popular on the buffet table. Set firm uniform shrimps, clean and chill. Arrange them "fan" on a small bowl in which is placed chili sauce, mayonnaise or any other relish. Serve with picks for spearing the shrimps.

Helps For Housewives

For stuffed celery, use small stalks or cut large stalks into two-inch lengths. Any of the following make good stuffing: chopped pimiento-stuffed olives and minced ham; Roquefort cheese and minced parsley; snappy cream cheese and mayonnaise; finely-minced tuna, celery, pickles and salad dressing; cream cheese mixed with dates and pecans; sardines, chopped and added to celery, pickles and mayonnaise; chopped shrimps, tuna, salmon or crab added to cream cheese and salad dressing; liver paste mixed with chopped olives

and cream.
Work outdoors—if possible—when you're doing over old furniture. To remove old varnish or paint first apply a thick coat of turpentine. After half an hour wipe off this coat and cover the furniture with a coat of thick soap suds made in water and washing soda and applied with a brush—to save the hands. When this coat dries, remove it with a stiff brush and scrape off any left-over varnish with a dull knife. If a commercial varnish remover is used follow the instructions carefully.

Many furniture and floor polishes contain highly inflammable ingredients, therefore they should be applied in well-aired rooms. Cloths containing them should be

destroyed or stored in metal-covered boxes. Never store such polishes or cloths near a fire. Above all, never work with such polishes near lighted fires.

Add a teaspoon of vinegar to each cup of furniture polish to increase its brilliancy. Shoe polishes may also be treated in this manner.

Foods that build up the body include: milk, butter, eggs, green and leafy vegetables and fruits. Serve them once a day.

The letter A has stood at the head of the alphabet since the early Phœnician days.

U.S. Defense Bill Reaches New High For Peace Times

Collapse Of International Treaties Results In Big Race

By ALEXANDER R. GEORGE AP Features Service Writer WASHINGTON, Jan. 13.—Our defense is costing big money these days—almost a billion dollars a year. That is more than it has ever cost before in peace time.

Congress has decided to spend this huge sum annually because naval limitation treaties and other buffers against war have failed.

"Jane's Fighting Ships," authoritative yearbook on world navies, discloses in its 1937 edition, just out, a world-wide race for sea power limited only by the supply of men and materials.

The Japanese and Italians excel in submarines, and the French in heavy-shooting battleships and cruisers.

Germany excels in scientific efficiency of naval design, and Russia is supposed to have developed a fine fleet of submarines and torpedo boats.

America leads the fleets in heavy battleships and in its naval air force.

Industrial Mobilization With ships now being built, the United States will have a fleet that can throw steel lines of defense across the oceans a thousand miles beyond our coasts.

planes, and 130,000 men to shoot out from the central base to a danger spot. This force includes, however, about 200,000 tons of old vessels, incapable of delivering a swift, heavy blow at an enemy.

It is the purpose of the new

Ann Hope, Winner Of 1936 Derby, Is Victor Last Night

Ann Hope, the 1936 Central Florida Derby winner, had her box and her distance last night, so had little trouble conquering a classy field in the 5-16ths feature race at Longwood.

The veteran Speedy Event struggled thru the mob at the first turn, was running third on the back stretch and lengthened out to run second, Happy Buster ran one of his better races to finish third.

SUIR SING WINS Suir Sing, W. A. Mason's top dog now that War Lender seems to have shot his bolt, took the lead in the final event and was never in trouble after rounding the first turn well out in front.

King Tuddy, a 1935 greyhound who is beginning to show all kinds of class, broke fairly well out of the difficult five box but couldn't get past Molly Malone on the turn and had to be content with third money.

and King Mozal. The combination returned but \$13.40.

It was a good night for Ken Hodges, the morning line handicapper. He had four wins and several of his first choices ran second and third.

Valentine's Heart, one of the best young dogs at Longwood, won his third straight out by taking the eighth in the good time of 29.35. He looks about ready to move into top competition despite the fact he is just a puppy.

Gus Males apparently has a coming champion in this youngster.

RARE BISON MOVED EAST WASHINGTON—(AP)—If you know your Indian legends you may have heard of an albino bison but unless you have been to the Washington zoo, chances are you've never seen one.

W. B. Bell, chief of wild life research for the biological survey says so far as he knows there is no other specimen in existence. The zoo got it from the 18,000-acre government wild life reserve near Moiese, Mont.

A vigorous campaign in England has virtually wiped out muskrats, described as a menace to crops, fish and embankments.

Not A Water Softener—A Complete Washing Agent. (3) Can't Possibly Harm Any Color or Fabric That's Safe in Plain Water—Yet Takes Out Lipstick and So-Called "Impossible" Smudges. (4) Rinses Out COMPLETELY and THOROUGHLY—No Soapy Deposit Left. DON'T DELAY... ACT AT ONCE... WHILE SUPPLY LASTS Simply Do This To Keep Your Loveliest Things Looking Colorful, Fresh and Gay! Go To Your Dealer and Buy A 25c Size Package of DREFT. Then, For Only 1c More—Receive A Full Size 15c Package To Try. Money Back If Not Satisfied. Procter and Gamble makes this remarkable offer—a regular fifteen-cent package of DREFT for 1c—for the sole purpose of inducing more women to try this amazing and utterly new washing creation. So that they can see for themselves that here at last is the way to wash fine things perfectly and with utter safety to any color or fabric that plain water won't harm. Just go to your dealer's and get a big, economy size twenty-five-cent package of DREFT. And you'll receive for ONLY ONE CENT, a regular 15c package of DREFT (a 15c package marked especially to sell at 1c during this sale). Banishes Troublesome, Dinky, Color-Dulling, Hard-Water Scum. If you enjoy keeping your dainty, delicate, expensive things looking fresh, colorful and gay—even after scores of washings—owe it to yourself to try DREFT—(Process and product patented U. S. letters patent, 1,968,793 to 7 inclusive) the most amazing washing discovery in over 2000 years! For DREFT brings an entirely new conception of how long you can wear lingerie, chiffon hose and fine stockings without seeing them grow dim, dull and lifeless. And the chief reason for this is because DREFT can't possibly form any hard-water "scum." This "scum" which you always see in your rinse water, is unnoticeable in your wash water—yet it is there, doing its vicious work, wash after wash, dulling the lustre of your sheer lingerie, spotting and streaking silk stockings. And this is true even though you have used what, before the discovery of DREFT, was recognized as the best, most expensive, soap known for washing fine fabrics. Amazing as this may seem, DREFT ends all this because it acts "from within." And even more amazing, DREFT actually removes the stubborn, clinging scum particles that failed to rinse away in previous soap washings—lets "scum-dulled" colors come up to their true brilliance. You'll be thrilled to see the delicate colors and feel the silky softness of your sheers' stockings "wash back" in DREFT suds. 5 Times Greater Suds. In addition, DREFT does these three remarkable things no single soap has ever done, or can do now! Makes 5 times greater suds than any soap in the hardest water. Cleanses thoroughly—even lipstick and so-called "impossible" smudges! Rinses out completely—no soapy deposit left. By comparison DREFT makes even the purest soap you have ever known seem harsh—because DREFT suds contain no alkali. Alkali in soapsuds is what fades colors. DREFT suds are the only suds you can get that do not contain alkali. You'll be astonished how, wash after wash, silk stockings actually seem like new when you use DREFT. It's economical, too. For instance, in hard water, you need only use half as much DREFT as you would the finest soap flakes. We don't ask you to take our word for these amazing claims. Prove them for yourself at our risk. Take Advantage of 1c Sale Today! Please take special notice that this unusual 1c bargain sale is limited. You can only get 1c DREFT while your dealer's stock lasts. Remember to get DREFT today. Your money back if you're not satisfied. Act quickly and avoid disappointment.

FAMOUS METROPOLITAN SINGER IS ONE OF COLUMBIA'S LEADING STARS

By Mrs. WALTER COOPER
A group of Sanford people gathered to St. Augustine last night to hear Helen Jepson, leading soprano of the Metropolitan Opera Co., render a concert.

Her appearance in a town the size of St. Augustine was made possible through the cooperation of the people of that city with the Columbia Broadcasting Co., who have inaugurated a plan whereby it is possible to bring the greatest talents in America to many towns the size of St. Augustine and Sanford. Not only the people who prefer this type of entertainment, but also many others who might have the opportunity of seeing and hearing in person some of these celebrities are given the privilege of attending these concerts.

It is hard to express in words the value one receives from hearing a concert by a truly great artist. There is something in such a program as Miss Jepson gave last night that lifts

The head of the Association of American Railroads estimated yesterday that this country's railroads could put 150,000 men to work if railroad revenues climbed back to normal.

The railroad executive, J. J. Felley, president of the association, added a freight rate increase would bring an immediate increase in employment.

If the Interstate Commerce Commission grants requested rate increases the railroads can resume "tugging at once the sticky, Florida-factored executive testified before the Senate employment committee.

"It would put us in a position to open our purchasing agency doors again," Felley said. "No railroad is buying anything now." He predicted an increase in railroad employment would bring a comparable gain in other industries.

Would Restore Level.
Felley asserted that the rate increase asked by the railroads would restore their charges to about the 1930 level. He said other carriers, including the trucking and shipping industries, also wanted to increase their rates.

The committee he looked for no improvement in railroad employment in January, that it "may be a little worse."

The witness said the total number of railroad employees had declined from 1,600,000 in 1929 to about 900,000 in January 1 of this year.

Prospects of inducing new capital to invest in the railroad field are "not bright," Felley testified. He said, however, that some roads will be able to obtain needed financing.

"It's earnings that we need, however," Felley said. "The roads don't want more capital unless they can increase their earnings."

Felley said that an "emergency" increase in freight rates, approved by the Interstate Commerce Com-

Turkey Will Drink Home-Grown Tea

ISTANBUL, Jan. 13.—Turkey is taking steps to grow her own tea so as to keep at home the \$1,000,000 a year she now spends importing it from India, China and Ceylon.

Successful experiments in the Black sea area preceded the present scheme of giving free land and tea seeds to planters who will grow it.

If all goes well, it is thought self sufficiency will be attained in three years when importation will be prohibited.

Civil Service Grows Into Big Business

WASHINGTON—(AP)—Uncle Sam is an increasingly popular employer, civil service commission records show. The commission's business has tripled in some lines since 1932.

Applications for jobs have increased from 225,494 in 1932 to 934,068 in 1937. Examinations have more than tripled and the number of appointments in the classified service has grown from 21,490 to 52,783.

"Twelfth Night" To Be Presented On Jan. 17

JACKSONVILLE, Jan. 13.—"Drama students and all theatre lovers agree that there are more well-known stage characters and more famous quotable lines in Shakespeare's comedy Twelfth Night or What You Will, than in almost any other play by the Bard of Avon," according to Mrs. Doris Thomas Lynch, state director of the Federal Theatre project which will present this play under the sponsorship of the Seminole High School faculty at the High School Auditorium on Jan. 17, at 8:15 o'clock.

Two productions in the FTP's "Animated History of the Drama" have already been presented; Plautus' "Miles Gloriosus", representing the early Greco-Roman theatre, and a double-entertainment bill including the Chester Mystery Cycle and "Everyman", to represent the medieval period of the drama.

Advancing from a period 2,000 years ago in the first production to the 14th century in the second "Twelfth Night" will typify the 16th century drama and following that will be "She Stoops to Conquer", representing the 18th century. The final two plays will represent the 19th and 20th century American scene.

with a total of 8,577 sold throughout 1937.

In order to care for the last minute buyers, Mr. Jinkins announced that his office will be open Friday and Saturday evenings until 9:00 o'clock.

In order to save time for truck and trailer owners, Mr. Jinkins said that all trucks and trailers must be re-weighed before a license could be purchased and asked that weight certificates be presented when applying for the license tags.

Auto owners were also reminded that registration cards and title certificates must be presented when the tags are purchased or if these are not available, the number of the 1937 license tag, if it was purchased in Seminole County.

tion of an athletic field in the rear of the high school.

This work has been completed and the local school has what is termed by officials as "one of the finest prep school buildings in the State."

Superintendent T. W. Lawton, asserted that the materials to be furnished by the school Board will be available immediately so there will be nothing to hinder the early completion of the work on the project.

On completion, the new building will afford two class rooms for use by the Future Farmers, also a forge and blacksmith shop, a woodworkshop, shop, locker room and showers and an office, according to the blueprints as drawn by Architect Elton J. Moughlin.

Wheat Section Of Nation Is Menaced By Clouds Of Dust

Terror Is Struck In Hearts Of Farmers Recovering From 5 Years Of Drought

Loose Top Soil Is Stirred By Winds

Darkened Clouds Blot Out Sun, Cut Visibility To Short Range

FORGAN, Okla., Jan. 14. —(AP)—Ominous clouds of dust, spring's greatest menace to growing crops, settled over the Southwest today, striking terror in the hearts of farmers just recovering from five years of drought. Still in the nation's dust bowl, dormant many months, was stirred up in the teeth of a gale.

The loose top soil, the only protection for tender wheat stalks just protruding above ground, was shipped skyward.

Grazed wheat growers in the Oklahoma panhandle and on the dry plains of Western Kansas looked on with growing anxiety. Black clouds blotted out the sun and cut visibility here to 300 yards.

The atmosphere thinned during the morning but a blanket of dirt was deposited over parts of five states.

The first dust storm of the year came much earlier than usual. Normally the first one comes in late February.

Trials Will Begin Monday In County Tribunal Of Ware

Trials for those listed on the Criminal Docket for the first term of the Seminole County Court will begin before County Judge R. W. Ware Monday morning, records at the Court House revealed today.

The cases were set for trial at the opening of the first quarterly County Court session held last Tuesday.

The criminal cases docketed for trial are: Bertha Adams charged with possession of a pistol without a license; H. O. Mann, charged with intoxication; Martha Simmons, charged with intoxication; Wilbur Spivey and Sam Cave, charged with reckless driving; "Boss Man" Bellamy, charged with petit larceny; Margaret J. Ferguson, charged with passing a worthless check; Hubert Bissell, Nathaniel McMillan and Henry Jeff, charged with aggravated assault and battery; Arnie Lee Henderson, charged with petit larceny; and G. P. Poterfield, operating a motor vehicle while intoxicated.

The case of B. E. Purcell, operating as the Purcell Company, versus H. N. Seyer is the only civil suit pending in this term of the Court.

Tallahassee Group Plans Junior Minstrel

TALLAHASSEE, Jan. 14. —The annual junior minstrel which is regarded as tops in the student entertainment at Florida State College for Women will be presented Feb. 25 at the state college. Miss Nancy Rogers, chairman of Miami announced today. The event, along with musical comedy lines, draws talent from all four classes and is staged under the direction of the junior class.

Auto Tag Deadline Advanced To Feb. 1

TALLAHASSEE, Jan. 14. —(AP)—W. Branch Cone, secretary to Governor Cone, said the Governor had telegraphed him ordering a 15-day extension on the time for buying 1938 automobile tags in Florida. Motorists now will have until Feb. 1. Secretary Cone said the Governor informed him in a telegram that as was making the extension "on account of the high prices and truck growers."

Eckerson Reveals Why He Agreed To Labor Board Pact

Firm Follows Lines Of Least Resistance To End Dispute

Declaring that employees of his Company have felt for some time that the labor difficulties which existed at the Cannery had been ironed out, C. H. Eckerson, president of the Company, asserted today that he had followed the lines of least resistance when he signed an agreement yesterday amicably settling the allegations filed with the National Labor Relations Board by officials of the C. I. O. Union, the United Cannery, Agricultural and Allied Workers Union of America.

Following an investigation by Thomas F. Nebett, representative of the National Labor Relations Board in New Orleans, Mr. Eckerson signed the agreement, drawn up by the Labor Board which provided that the plant would be settled with "no ill will or malice" and that the company would re-employ 14 persons who, CIO officials charged, were refused reinstatement because of Union activities. The agreement was also signed by W. L. Boscclair, who was in charge of local CIO activities.

Illustrated Lecture To Be Shown Sunday

An illustrated lecture of "A Pilgrimage to the Sea of Galilee," sponsored by the young people of the Presbyterian Church, will be shown at the local church Sunday night beginning at 7:30 o'clock by the Rev. John Everington of Orlando.

Beautifully colored pictures will show scenes of a voyage across the Mediterranean Sea to the seaport of Beirut, Syria, over mountains of Lebanon, and up the slopes of Mt. Hermon where Jesus was transfigured. Pictures will also be shown of a visit to Haalbeck to the massive ruins of Ancient Tennes which were pagan worship places for centuries before Christ lived on earth. A tour to the bazaars and mosques of Damascus across the river Jordan to the hillsides to the Sea of Galilee, will also be colorfully shown.

Citizenship Play Is Presented At School

The class taught by Miss Kathryn Lawton presented the first of a series of "Citizenship" plays at the regular assembly Wednesday at the Sanford Grammar School.

The first play "Where the Road Divides" was presented by the boys of the class. Characters were as follows: Daniel—Emmit Hogan; Frank—Gerald Lossing; Father Time—Charles Johnson; First Traveler—Brantly Owens; Second Traveler—Charlie Sparkman; Third Traveler—Louis Temple.

The second play "Judge Not" was presented by the girls of the class. Characters were as follows: Mary—Mary Godwin; Rebel—Ouida Davis; Frances—Rosemary Cullum; Alice—Betty Moore; Mrs. Jennings—Mary Joyce Stevens; Florence—Helen Hickson.

OFFENSIVE ART

"Lamentation must be wiped out," shouted Puerto Rico's senate president, Dr. Rafael Martinez Nadal, when he learned of Rockwell Kent's mural in Washington's new postoffice department building. The painting and artist are shown above. In it he has depicted delivery of a letter to Puerto Ricans. Inscribed on the sheet held by the woman is a cryptic message in an obscure Eskimo dialect, exhorting the islanders to "change chiefs." To this part the senator did not greatly object, but protested loudly over his people's being represented as "a bunch of African bushmen."

Vagrants Seized By Local Police In War On Crime

Three Men Arrested Upon Complaint Of Begging On Streets

Following the policy of the Sanford Police Department to arrest all vagrants and undesirable transients coming into the city, Chief of Police Roy G. Williams yesterday arrested three men who gave their names as John W. Miller of Toledo, Ohio, Harry Walker of Baymenette, Ala., and Fred L. Windhow of Orlando, near the intersection of Park Avenue and First Street yesterday and lodged them in the City jail on vagrancy charges.

The arrest followed a complaint that the men were creating a nuisance by begging on the streets. They were finger printed by Sgt. J. A. Howard and a copy of the prints will be sent to the Federal Bureau of Investigation in Washington in an effort to learn whether or not they are wanted elsewhere.

Sending a copy of fingerprints of all persons arrested in Sanford to the Federal Bureau at the nation's capital is another of the local Department's modernizing steps initiated to increase "efficiency of operation" of the Department and which earlier in the week resulted in the apprehension of a man wanted by Federal authorities for violation of a parole from a federal prison.

The wanted ex-convict, Tommy Thomas, was arrested by the Police Department last week and after his fingerprints had been sent to Washington, the local Chief of Police promptly received information that Thomas had been paroled from the federal penitentiary in Leavenworth, Kan., to which he was sentenced for passing counterfeit coins.

Singer-Evangelist Continues Services

The Rev. Harry Box, singer-evangelist, who is conducting revival services at the First Christian Church, sang "The Holy City" at the services last night and preached on "Who is the Holy Spirit," emphasizing the spirit-filled life of the "true Christian."

Friday night Mr. Box will speak on "A Letter from Christ to the Church at Sanford, Florida," and his regular solo will be illustrated with a pageant. Friday night is also "penny" night, the collection being taken for the expense of the meetings. All members and friends of the church as well as the general public are urged to attend as there will be no further services until Sunday morning.

Secretary Ickes Called "Renegade Republican"

WASHINGTON, Jan. 11. —(AP)—Senator Bailey, North Carolina Democrat, called Secretary Ickes a "renegade Republican" in the southern filibuster against the anti-lynching bill.

Bailey gained the floor to discuss Ferdinand Landberg's book "America's Co-Familes" which he asserted had been the "inspiration" for Ickes' recent attacks on "big business."

Bailey criticized Ickes' speech. A subcommittee submitted to the House ways and means committee a tax revision program which it contended would provide a "very substantial stimulation to business." The major recommendations were for a broad revision of the undistributed profits and capital gains taxes, targets of many complaints from business interests.

Senator Norris, Independent, Nebraska, expressed concern yesterday less bitterness produced by the anti-lynching bill fight dim chances of enacting President Roosevelt's legislative program.

The veteran Nebraska independent said both sides in the fight feel very deeply about the issue, and that a continuance of the debate may open wounds difficult to heal.

Norris said proponents and opponents of the pending bill would be equally responsible if the fight endangers the administration program.

He said "psychological differences" which may result from the battle would have a more serious effect on Mr. Roosevelt's program than the loss of the time consumed in the filibuster itself.

Drum And Bugle Boys Will Meet Tonight

The regular weekly meeting and practice session for the Sons of the Legion Drum and Bugle Corps will be held in the American Legion Hut tonight at 7:30 o'clock. Percy Mayo, advisor of the group, announced today.

With only two drills remaining before their appearance during the Seminole County Fair, Mr. Mayo urged a full attendance at the meeting tonight so that all members may participate in the drills.

The Junior Legionnaires are also preparing for competition at the State American Legion Convention to be held in Jacksonville sometime in the Spring.

Healing Services Are Continued By Sproul

Divine healing services, conducted at the Sanford Gospel Tabernacle by the Rev. John W. Sproul, are continuing nightly. Many testify each night that they have, through faith, been healed of lingering ailments.

Mr. A. B. Roberts testified that "I was paralyzed two years ago in my left side, left arm and left leg, but after Dr. Sproul prayed for me I am much better. I can walk, and lift the arm that was paralyzed to the back of my head."

Those who are sick and suffering are cordially invited to attend the service regardless of church affiliations as these services are undenominational.

Chautemps Quits Franc Toboggans In French Crisis

Exchange Operations Suspended As President Seeks Cabinet

PARIS, Jan. 11. —(AP)—The Bank of France ordered all exchange transactions suspended "until further notice" as President Albert Lebrun began a conference seeking a new government to replace the shattered people's front cabinet of Camille Chautemps who resigned early today.

Chautemps received the president's invitation to form a new cabinet but declined it.

The crisis was precipitated by growing labor unrest and the fall of the franc.

Tourists were prohibited from changing money.

The stock exchange opened, however.

Unmanned wireless demonstration planes were last night clashing with police and slugging the communist "Internationale," as Chautemps staked the life of his tottering government on the vote of confidence.

Before appearing before a stormy session of the chamber the premier appealed to the nation for calm heads to bridge a financial and labor crisis that drove the franc down to its lowest level in 11 years, caused an alarming flight of capital and threatened to deplete the national treasury.

National Survey Reveals Upward Revision Of Subscription Rates

NEW YORK, Jan. 14. —(AP)—Advancing their prices 90, The every section of the country advancing production costs have pushed up the prices which millions of readers pay for their daily newspapers.

This was disclosed today in a national survey which showed that the beginning of the year was in no sense universal, it had been manifested in every area—south, west, midwest, east, south and far west.

In some cases, price increases were announced toward the close of 1937, while in others they were not put into effect until well after the beginning of the new year.

More than 180 newspapers—from California to Rhode Island, from Maine to Florida—were shown to have put up their prices, some in all categories such as home delivery, mail delivery and street sales.

The far west led all regions in the total number of newspapers.

The Herald (Mo.) Courier-Past said it was a case of "increasing costs of everything" that goes into the publication of a paper.

The costs of materials, said the Boston American, "have soared."

Amazed Senators Hear Graft Story Involving Clerk

Setting Up Of Dummy CCC Camp Defrauds U. S. Of Large Sum

WASHINGTON, Jan. 14. —(AP)—Amazed senators yesterday heard that a clever interior department clerk who set up a "dummy" CCC camp defrauded the government out of about \$34,000 through voucher forgeries and escaped detection almost four years.

Three department investigators told the committee how Reno Stitley, 29, former \$2,000 a year voucher room chief in the National Park service, executed a three-year series of forgeries and used the money he obtained to pay off a \$6,000 note on his residence, purchase an expensive automobile, gamble on sports events, speculate in the stock market and spend lavishly to entertain friends.

One of the investigators said Stitley, who pleaded guilty recently in district court here to nine counts of a forgery indictment, "might still be getting away with it" if he hadn't shifted the scene of his operations from one department to another.

Details of the case were unfolded to the committee while it was considering the president's nomination of E. K. Dure to succeed the late W. W. Walters as first assistant interior department secretary.

Chairman Adams, democrat, Colorado, called D. H. Rorer, Jr., Robert G. McCarty and Cecil G. Miles, the investigators to testify after Senator Pittman, democrat, Nevada, interrupted his questioning of Dure with a demand that the department's files on the Stitley case be submitted to the committee.

Dure previously had told the committee he had no connection with the disbursement of funds and in reply to Pittman's questions, had explained he did not know full details of the Stitley case.

Rorer, McCarty and Miles said Stitley began in August 1933, to forge vouchers for a "dummy" CCC camp he established in the Shenandoah national park in Virginia, collecting them through the war department.

Peace Advocate Gives Many Lectures Here

The Rev. Ashton B. Jones, operator of the "World Peace Car," has been actively engaged in lecturing before students and civic clubs in this City during the past week in a fight against war.

The Rev. Jones stated that since he started his "Peace Car" he has traveled over 7,000 miles in 17 different states, and has delivered over 500 addresses.

He will make his last address in Sanford in the First Methodist Church Sunday night at 8:00 o'clock.

Reveals Unalterable Opposition To Modification Of "Death Sentence" Provision

Makes Statement At Press Parley

View Given As Leaders Of Finance Are Asked To Lend Hand

WASHINGTON, Jan. 14. —President Roosevelt declared today that he favored the elimination of all holding companies.

He made the statement at a press conference at which he expressed unalterable opposition to modification of the "death sentence" in the utility holding company act.

The President delivered his pronouncement while six leaders in industry, finance and labor were called to the White House for a conference on co-operation between business and government in a joint effort to halt the present slump.

They were Owen D. Young, chairman of the General Electric Company; Thomas W. Lamont, partner of J. P. Morgan; John L. Lewis, head of the Committee for Industrial Organization; Charles W. Tamm, president and vice-president respectively of the American Magazine Company; and A. A. Rood, formerly of the Reconstruction Finance Corporation.

Political, financial and business leaders called upon the South today to make good use of the opportunity to insure its economic future through industrial development.

They spoke at "Florida Industries Day" exercises honoring Dr. Charles H. Herby, Savannah, Ga., research chemist and dedicating the first unit of the \$1,000,000 pulp mill here.

Secretary of Commerce Daniel C. Roper urged co-operation "through the conference table method" and declared the "success of the future depends upon the sincere co-operation and constructive criticism between business, industry, labor and government."

Publisher James G. Stahlman of Nashville, Tenn., president of the American Newspaper Publishers Association, pictured the "industrial, economic, social rehabilitation" of the South.

United States Senator Pepper of Florida and Governor Cone joined other speakers in paying tribute to Herby whose experiments resulted in the establishment of pulp and paper mills in the South.

Japs, Chinese Engage In See-Saw Struggle

SHANGHAI, Jan. 14. —(AP)—A half million Chinese and Japanese troops fought along the ancient Grand Canal tonight in a see-saw battle to determine the fate of Central China. Spurred by the presence of Generalissimo Chiang Kai Shek and a shake-up in parts of the army's command, Chinese troops counter attacked across the frozen canal in an attempt to recapture the town of Taining which changed hands a half-dozen times in costly engagements.

LOCAL WEATHER

Florida—partly cloudy in south and fair in north tonight. Night, probably light frost in the extreme northwest section. Wind today generally fair, no change in temperature.
