Attempt To Censor British Left Falls

Daily Circulation Reaches New High

LONDON — Aneurin Bevan today defeated an attempt by Clement Attlee's moderates to censure him for bucking the Labor Party's views on rearmament. The censure motion was defeated, 172-82, at a party meeting in which Attlee at one time was booed.

PHILADELPHIA — The combined circulation of English-language newspapers in the United States last year totaled 53,593,000, the highest ever recorded.

PHILADELPHIA — The combined daily circulation of morning papers was 22,225,000, while the nation's three all-day dailies had a combined circulation of 9,100,000.

SUNDAY newspapers at the end of 1951 had a circulation of 45,907,000. Sunday papers since the end of World War II have added 19 per cent to their circulation while morning newspapers have upped their figure 15 per cent.

CONTEST — The national political arena. He is in Europe as military advisor of the North Atlantic Treaty Organization and has neither appeared nor participated in the maneuvers in New Hampshire.

NEW HAMPSHIRE may be the test of Taft's vote-getting abilities. He campaigned hard in New Hampshire, making 36 speeches in three days and firing most of his big guns at the Democratic administration and at its opponents who argued that if nominated, he could not be elected.

ON THE DEMOCRATIC side, the contest also marked the first foray by Sen. Kefauver to become his party's standard bearer against President Truman.

THE PRESIDENT, after having asked that his name be withdrawn from the election, consented to let it be placed on the ballot. But he did not come to New Hampshire, nor did he campaign actively.

CORRESPONDENTS who accompanied Mr. Truman to Florida, where he is on a holiday, reported he has shown no outward sign of interest in the primary.

THE TAIT-EISENHOWER and Truman-Kefauver contests dominated the election today.

HOWEVER, Gen. Douglas MacArthur is represented on the ballot by a slate of delegates who registered for him despite his request that he be withdrawn from the election. And former Gov. Stassen of Minnesota is on the Republican preferential section of the ballot but he has no delegates entered for him.

NEW HAMPSHIRE sends 14 representatives to the Republican convention and eight to the Democratic.

IN THE CASE of both parties, observers generally considered the election of delegates less important than the preferential ballot. In this latter section the people register a preference directly for the presidential candidate in what

TALLAHASSEE — One candidate for governor said Monday "mushrooming of 60 appointive boards, responsible to the governor has taken government away from the people."

BRITLY ODHAM, speaking just a block from the State Capitol to a crowd that included many appointive department heads and rank and file state workers, promised to work for a merit system of employment.

HE SAID if elected he would "weed out those who are inefficient" but that the weeding out "will not be on the basis of whether they supported me."

HE SAID there would be no "suitcase parade" of fired state workers if he becomes governor.

THE OTHER candidate, Alto Adams, in a series of campaign speeches in the Jacksonville area, said he advocated reorganization of the executive branch.

CITRUS REGULATION

LAKELAND — The Federal Citrus Marketing Committee tightened up a little on shipping regulations for Duncan seeded grapefruit today but left those for all other citrus unchanged.

ON RECOMMENDATION of Jules Bragin, Clearwater, the committee voted to require Duncans to grade No. 1 russet or better, knocking out No. 2 grade from the approved list. The fruit must size 80 to the box or larger.

THE NEW regulations, if approved by the secretary of agriculture, will be effective for the two weeks beginning March 17.

BRAGIN said even a very slight shipment of No. 2 grapefruit can hurt the market for the higher grade.

Toledo Rail Strikers Defy Court Order

Service Is Generally Resumed By N.Y. Central As Unions Yield To Injunction

CLEVELAND (AP)—Defiant railroad workers at Toledo, O., and Elkhart, Ind., refused to end their strike today, blocking New York Central main line traffic from Cleveland to Chicago.

At all other points, however, the strike appeared over.

In Toledo, 500 workers shouted out against union orders to return to their jobs and said they would form a new union of their own.

Pickets were still stationed at five places at the sprawling yards at Elkhart. The walkout there idled about 1,800 employees.

Workers at both points were to meet again today on the question of whether to end the strike.

Three brotherhoods—engineers, conductors and firemen—called off the strike Tuesday on orders from a Federal Court judge.

The strike was directed against New York Central lines west of Buffalo and the St. Louis Terminal Lines.

Many of those strikers who did climb back aboard the locomotives and cars did so grudgingly, knowing their strike had gained them nothing but a loss of pay, the road and unions conceded.

In Toledo, there was outright revolt. Five hundred die-hard strikers shouted down a brotherhood officer urging them to return, quit their brotherhoods in a body and decide to form a new union.

The new organization would be called the Model Railroad Club.

Picket lines were maintained for hours and angry meetings were conducted at such points as Cleveland, Niles, Mich., Buffalo and Chicago Tuesday night before it was decided to quit striking.

The return-to-work order was sent out by Federal Judge Emerich B. Freed granted a restraining order to the Army, which has controlled the railroads since August, 1942.

The strike, called by surprise Sunday morning by the workers' rules changes and higher pay, also was against the St. Louis Terminal Railroad. The 800 strikers there took up three hours of angry debate Tuesday night before returning.

Lake Mary Meet Held Last Night By C Of C Board

Evans Stresses Fact That CofC Is County Organization

A large crowd of Lake Mary residents turned out last night to welcome the directors of the Seminole County Chamber of Commerce who held their regular monthly meeting in the Lake Mary Community building.

The directors were welcomed to Lake Mary by Frank Evans who pointed out that the Chamber of Commerce is a county organization and as such is interested in benefiting every town in the county.

Jack Hall, president of the Chamber of Commerce, thanked Mr. Evans and the Lake Mary delegation for their cordial reception and expressed his appreciation especially for the large number of guests present at the meeting. He also thanked Mr. Evans and the Lake Mary committee for the fine work they had done on the recent Chamber of Commerce drive.

Manager Forrest Breckenridge reported that the drive has resulted in a total of 410 membership, 48 of whom are new members, with total funds collected to date of \$4,231.60.

Treasurer J. L. Ingley reported balance on hand at the beginning of February, \$7,184.25; receipts during the month, \$3,001.74; expenditures during the month, \$3,323.14; for a balance at the end of the month of \$7,427.73.

Porter Lansing, a former president of the Florida Wildlife Association, asked the support of the Chamber of Commerce in promoting game fishing in Florida and called attention to the value of this form of recreation in the arrangements for his departure into exile in Mexico, possibly this afternoon. The embassy has asked the Batista government for a safe conduct for Prio.

In his letter, Prio said he would raise a military defense against Batista, but found the regiments there already had gone over to the revolution.

"Without troops it was impossible for me to resist," he said. He charged that Batista was expelled only by ambition in breaking the constitutional rhythm of Cuba, "attained after years of struggle against military rule."

"There is on you, Batista, the immense responsibility of your treason," he wrote.

Batista's office announced he would go to the Presidential Palace today to preside over the first formal meeting of his hand-picked Cabinet.

A general strike, called against the government Monday, was cancelled today by labor leaders who blamed its failure on the "cowardice" of the Prio government.

Batista, who has proclaimed himself the custodian of all executive and legislative power, pledged in a press statement today that his revolutionary government would devote itself to "repression of Communist infiltration" and "pseudo-revolutionary gasconades."

The Prio government was under heavy fire for failing to end gangster killings, 30 of which have taken place since 1948.

Newbold Morris Attacks Diseased Minds In Senate

Truman Man Insists There Is No Faith In U.S. Government

WASHINGTON (AP)—Newbold Morris cried out at a Senate investigation today that he was being subjected to "character deconstruction" and blasted at "diseased minds in this chamber."

The government, clean up man told the Senate investigators yesterday that the committee looking into his ship deals and trade with Red China.

"Down here in Washington in the last five years you have created an atmosphere in which people have lost confidence in their government."

He aimed his remarks squarely at Sen. McCarthy (R-Wis.), Mundt (R-D.), and Nixon (R-Calif.), and told Nixon:

"Over a period of months I've resented anything you have cast at me. I'm glad of this opportunity to tell you to your face."

Morris had just completed his scheduled testimony with denials that he had done anything wrong in the ship deals or in connection with oil shipments to Red China by a shipping firm with which he has ties.

In fact, Morris had investigated the ship deals and in connection with oil shipments to Red China by a shipping firm with which he has ties.

Morris, New York lawyer picked by President Truman to clean up the government, was back for the second day before the senate investigative subcommittee, and again it was a rough and tumble session.

In one angry outburst, Morris told Sen. McCarthy (R-Wis.): "You've knocked off a lot of characters but you're not going to knock off me."

Morris flared up when McCarthy said that oil shipments to Red China had been given over to the revolution.

Ousted President Batista As Traitor

By BEN MEYER

HAVANA, Cuba (AP)—Ousted President Carlos Prío Socarras in a letter to newspapers today charged Cuba's Strong Man Fulgencio Batista with treason and said he would remain long with a military boot on his neck.

Square Dancing For Sanfordites Being Organized At Casselberry

By WILLARD CONNOLLY

Square dancing "in its most artistic form" is spreading like wildfire throughout Central Florida, and many Sanford people are invited to attend a meeting to organize the square dance school supervised by Jimmy Clossin, who is recognized as the foremost Texas cowboy square dance teacher in the nation.

A series of six lessons will be started next Wednesday night at the former parachute factory building at Casselberry, and will be continued on Wednesday or possibly Thursday night.

Among those who have been enjoying lessons in square dancing from Mr. Clossin are two Sanford couples, Mr. and Mrs. James Robinson, Jr., and Mr. and Mrs. Clyde Ramsey. They are due to finish up the beginners' course in one more lesson, but since the advanced class is not ready to start, have decided to take the beginners' course again as they have been getting so much fun out of it.

Upon "graduating" after a course of six lessons, each member receives a card and car sticker. This card, said Mr. Robinson, entitles one to attend club dances everywhere, and the sticker on the car promotes quick friendships in communities visited.

"I have talked quite a bit with Mrs. Clossin," said Mr. Robinson, "and he has taught and called square dances for 28 years. He has written numerous books on square dancing and his book has been selected by England as a guide. He has taught in many colleges and nearly all major cities, especially in the West."

"Among the highlights of his career," Mr. Robinson added, "have

Eisenhower And Kefauver Win Grand Slam Victories; Contest Altered By Upset

Sen. Taft, Truman Lose Every Delegate Race In New Hampshire's Primary

KEY WEST (AP)—President Truman's press secretary said today Sen. Estes Kefauver's victory in the New Hampshire primary will have absolutely no effect on Mr. Truman's ultimate decision whether to seek re-election.

The General Wins

General Dwight D. Eisenhower, who yesterday won a sweeping victory in New Hampshire's presidential preference primary over Senator Robert Taft and Harold Stassen, is shown at a recent dinner given in his honor at the Royal Palace at Athens, Greece, by King Paul.

Delegates Named To District Meet By Sanford Pilots

Mrs. Nancy Brock, president of the Sanford Pilots Club, yesterday named the Sanford District Club as delegates to the Spring District meeting at the Hotel Taft in Jacksonville on April 23-24.

The meeting of the group held at the home of Mrs. M. E. Robinson on Seminole Boulevard last night. Attendees will be Mrs. E. H. Lane, Mrs. R. D. Robinson, Mrs. W. E. Huggins, Mr. Evans, Mr. McGee and Mrs. Richard Ponce were initiated as new members into the club with appropriate ceremonies performed by Mrs. Brock.

Mrs. W. E. Huggins, chairman of the club, announced that a covered dish supper will be held at the beautiful new home, a total of \$25.00 was realized from the supper, the money to be put into the club's "Milk Fund" which finances milk to underprivileged families throughout the county.

Mrs. Huggins, executive chairman of the "Milk Fund," revealed that 27 1/2 quarts of fresh milk had been given newly funders during the month of February.

A resolution approving Socialism, its concepts and principles, which was adopted at the 1951 convention of the Kiwanis Club in Jacksonville, was unanimously endorsed by the executive board last night.

The endorsement of all local Kiwanis clubs is being sought by the International Convention at the Pilot International Convention at Mackinac Island, Michigan, July 2-5.

An invitation was accepted by the members to attend a joint meeting with the Sanford Pilots Club in the near future at which time it is planned to have a German youth on tour of the United States.

Mrs. Messenger announced that an award of \$200 had recently been made to the "Freedom Foundation" contest. The award, of \$15,000 to be made, was for second place in the General Category and the selection was made from thousands of nominations considered by the jury.

Mrs. Messenger explained that the Freedom Foundation exists "to create and build an understanding of the spirit and philosophy of the Constitution of the United States and our 'rights' of individual political and economic freedom in them. To inspire love of freedom and to support the spiritual unity born of the belief that man is a dignified human being, created in the image of his Maker, and by that fact possessor of certain inalienable rights."

Mrs. Messenger said that the

Taft Loses Chance Of Quick Nomination; Truman's Hold On Party Seen Shaken

By REILMAN MORRIS
MANCHESTER, N. H. (AP)—Gen. Dwight D. Eisenhower and Sen. Estes Kefauver scored grand slam victories in the New Hampshire presidential primary today, crushing Sen. Robert A. Taft and President Truman, and capturing every delegate race.

The results of the election, stunning to both major parties, can cause a complete redefining of strategy for the presidential election in November.

This was the nation's first primary.

Eisenhower swamped Taft in the preferential vote, the "popularity contest," by some 48,000 votes to the senator's 35,000. He took 50 per cent of the total, and Taft by more than twice as many ballots as his most sanguine admirers had expected.

Kefauver took on the Democratic machine in New Hampshire, apparently wrestled away thousands of labor union votes and emerged with a score of roughly 20,000 against Mr. Truman's 18,000.

Complete unofficial returns from the state's 297 precincts gave Eisenhower 16,107 votes; Taft 35,820; Harold E. Stassen 5,519.

On the Democratic side, complete returns from the 297 precincts gave Kefauver 20,147 and Mr. Truman 16,238.

Eisenhower won all 14 Republican delegates.

Kefauver won all 12 Democratic delegates, who have eight convention votes.

In pre-election forecasts, Taft said the preferential vote would be close between him and Eisenhower. He called it a "horse race." As to delegates, the senator said he would be satisfied if four of his men won.

Kefauver modestly said only that he thought he had "made some friends." Many observers expected the state party organization to yield, at least, no more than 30 per cent of the total preference vote, and no delegates.

The total vote approximated 129,000 and exceeded the total in the 1948 primary by upwards of 40,000. Heavy rains, with snow at many points, apparently had little effect.

Sen. Russell Hits Truman For Upset In New Hampshire

By The Associated Press
Sen. Richard B. Russell of Georgia, himself a candidate for the Democratic nomination for President, said today President Truman's reference to the New Hampshire primary as a "yes-no" may be a "yes-no" in the vote battle with Sen. Estes Kefauver of Tennessee.

Kefauver upset Mr. Truman in the primary Tuesday while Gen. Dwight D. Eisenhower scored a shutout victory in Sen. Robert A. Taft of Ohio on the Republican side.

Eisenhower roared halted there, suit as a "magnificent victory" and a harbinger of a "sweep throughout the country."

One Taft man, Sen. Brewster (R-Me.), countered that Taft "still stands to win" the GOP nomination.

Russell said in a statement he expects "varying interpretations" of the Truman-Kefauver results.

He added:

"Violent anti-Trumanites will point to it as proof of a complete lack of confidence in the present administration. Sen. Kefauver's ardent adherents will say that it is due to his personal appeal and leadership abilities."

All of these may have played parts in his own personal opinion that President Truman's "yes-no" statement and the resulting conviction on the part of the New Hampshire voters that his name was entered for the benefit of the local organization, rather than as a bona fide candidate for the presidency, was a potent factor in shaping the results.

Frank E. McKinney, chairman of the Democratic National Committee, who has said he wants to see Mr. Truman renominated, is

House Committee Hears Complaints On Home Building

JACKSONVILLE (AP)—A congressional committee investigating housing complaints in the Cocoa area as well as those in South Florida at a hearing in Miami Thursday.

Rep. Albert Hains (D-Fla.) and his probing heard complaints of inferior sewage and drainage facilities and substandard construction of homes at the opening of the hearing in the House of Representatives.

Most of the complaints voiced were against drainage and sewage lines. Rep. William Beck (D-Fla.) said he had been told of a "stinking" odor coming from the sewage lines up into the bath tubs and other plumbing.

Most of the complaints voiced were against drainage and sewage lines. Rep. William Beck (D-Fla.) said he had been told of a "stinking" odor coming from the sewage lines up into the bath tubs and other plumbing.

Chairman Hains and other congressmen, however, said they found the veteran housing program that was nearly so bad as in other areas.

V. L. Black, a war veteran from San Gallo in Brevard County, brought up the problem of a "stinking" odor from the sewage lines. He said he had been told of a "stinking" odor coming from the sewage lines up into the bath tubs and other plumbing.

Rep. Hains said the Cocoa area was considered critical by his committee and it will make a thorough probe during the Miami hearing.

The group plans to go to Key West for a hearing Friday, before visiting the Midwest and Pacific Coast and making its report to Congress by May 1.

SEMINOLE III

The Latin Club presented a talent show entitled, "Parade of 62" in Chapel Tuesday morning. Dai Holloway was the Mistress of Ceremony and the program off with her rendition of "The Little Cloud That Cried", second on the program was Mr. Charles H. Brown, singing "Oh, Oh, Those Landlads" and "Dapper Dan".
He then introduced the next number, which he said he thought was definitely headed for success, after having Gene Arnold, from the Naval Air Base, we agree, too Gene played several numbers on his accordion, including "Under the Double Eagle", "Smile Gals in Your Eyes", "Pun In The Mind", "You Love", "Stand", and "Lady of Spain".
We think Gene is really going in the right direction for success and we want to wish him a lot of luck. Incidentally, he was able to be here through the courtesy of Dr. Hittinger.
Romie Robson presented a popular solo next, called "Tantalus". Stando J. Simley was fifth singing "I'm a Fool for You". Elizabeth Murphy presented a wonderful recitation entitled, "Patterns". We think Elizabeth is heading towards success, too, if she keeps this up. Elizabeth Nichols was in a tap dance, "On Moonlight Bay". Mickey Dasear gave a clajnet solo entitled "Ain't". Norma Payne Threvey next presented an acrobatic dance accompanied with the song, "Standast". Jerry Covington sang "Just a Little Bit of Heaven" and Phillip Tony rendered a French ball solo by Beethoven. Dawn Blyden gave a medley of songs on the piano. Ellen Duggins was really hysterical in her rendition of "Fanny Brice's 'My Man'". Ann Whitaker presented a tap dance entitled, "The Parisian Can-can". The Florida's, a group of girls in the Gay Nineties Costumes with their escorts, girls dressed like queens, presented "The Six Ladies". They won the skit contest at Stetson's Playday last Saturday, but Claudette Waits did an acrobatic dance and Marion Harman gave us a lot of the day's news, but Holloway ended the program with her rendition of "Blue Moon". Everybody really did enjoy the "Parade of 62".

Boys From 9-12 Are Eligible To Play On Four Teams In 28-Game Schedule

The Sanford Lions Club will again sponsor its boys Junior Baseball League for the 25th year. The Lions League will start on Mar. 17 and last through May 2 with 28 games being played by four teams.

Jack K. Morrison, director of the league, announced that all boys between the ages of 9-12 years are eligible to play. He said boys seeking to join a club should turnout at the Lake Front Diamond Ball Park on Mar. 17.

The four teams, Red Sox, Seminoles, Giants, and the Cubs, will be managed by three Lions' members for each club. Three umpires have been designated for the four playing days of the week, Monday, Tuesday, and Friday.

All Junior League tilts will be five innings long starting promptly at 4:30 p.m. Buddy Lake, ex-Sanford diamond star, will assist Clyde Ramsey and Roy Wright in piloting the Red Sox.

Malcolm MacNeill, Jack Stemper and E. S. McCall are teamed to manage the Cubs. Al Lyons, Harry Robson and Willie Phillip will guide the destinies of the Seminoles. Jack Morrison, Joe Bares and J. C. Boyce are slated to manage the Giants.

Umpire assignments have been given to M. Fallo, Ben Wade and Volle Williams, Jr. for Mondays with Carl Williams, John Meisch and J. D. McNeill officiating on Tuesdays. R. Robinson, A. L. Skinner and C. C. Welsh will arbitrate the Thursday tilts while C. Carlton, Ham Hibbee and Hugh Duncan umpiring on Fridays.

During the initial tryout ray, Monday, Mar. 17, players between the ages of 9-12-year-old will be assigned to the four teams. The first game will be played after the selections between the Cubs and the Red Sox.

Mission Training Program Is Upset By Morning Rains

By KENT CHETLAIN

Rain all but washed out the San Antonio Missions' workouts yesterday. After a two-hour shower this morning, manager Jo Jo White led his charges through a brief running and popper game drill.

No new players arrived in camp during the last 24 hours. During the morning rains, White reviewed some of the fundamentals with his players inside the locker room. Homer "Hot" Gibson suited up today after a one-day lay-off and injured rookie receiver, Richard Loomis, Jr., was up and on his feet, though he was limping.

Vice President Jim McLaughlin has not returned from Thomasville, Ga., where the St. Louis Browns farm club are training. White said he expected McLaughlin in today.

Players and fans were still talking about the auspicious debut of Russell Bush, rookie from Dayton, O., made last Monday with his distant clouting. Bush, labeled another "DINGBIRD" by scout Webb Jones, pulled out a tremendous drive over the center field barrier some 375 feet away from home plate which cleared the fence by 10 yards. In addition the native Seattle, Wash., gardener, slung a number of other balls over the field wall almost at random.

After hearing the Missions were picked to win the Texas League flag, manager White jokingly said, "I guess there is no reason for me to play any more season since they concede us the pennant."

Barr Denies Report He Will Move School

The reported shift of the George Barr's Umpire School from Longwood to Kissimmee was denied by Mr. Barr this morning in a telephone conversation with the Herald.

"The story that we have decided to move our school to Kissimmee next year is not true," he continued. "I don't know how that story got out because I didn't tell anyone I was going to move."

Mr. Barr said he had met with Sid Hudson and the Kissimmee Chamber of Commerce last Friday night there, but he refuted any report that a decision was reached.

The Negro American League will open its first half pennant race May 11. The half ends July 6.

Training Camp Notes By Associated Press

MIAMI—Chris Van Cuyk, towering lefthander, is the current Brooklyn Dodger favorite to take up the slack caused by Pitcher Don Newcombe's induction into the Army.

"I know Van Cuyk is ready," Manager Chuck Dressen said. "He has learned to use that change of pace that I gave him last season. That's all he needs. No one has more stuff."

ST. PETERSBURG—Mickey Mantle is running up quite a record in pinch-hitting roles for the New York Yankees.

Mantle has batted out three singles in his last three pinch-hit trips.

Blues In The News
By BOB ANTHONY

There was a very nice crowd at the Navy Center last night for the Easter's regularly scheduled Tuesday dance night. Coffee and cake were served and everyone there really seemed to enjoy themselves. Among those present were Arno Perkins, Jim Meyers, John Lourse, Jack Perry, Al Aldridge, Pat Cullen, Betty Cullen, and Margaret Von Herbulis, to mention only a few.

You certainly can tell spring is in the air around the corner and it won't be long until the call "play ball" will be starting many a baseball game. The team here on the station has been practicing every day and they should be ready to go out and win a few games at that "play ball" cry. The team is being managed by Chief "Robbie" Robinson, a former all-navy catcher. The baseball diamonds previously used by the Navy Center are being put to good use for practice and an excellent string of games have been scheduled.

It must be rather cold in North Carolina these days. Yesterday the Marine baseball team from Camp Lejeune, North Carolina, came aboard the station for a two week stay in which they plan to practice their baseball under the Florida sun. Welcome aboard men, I'm sure you'll find the weather conditions here in fine shape.

Kenneth Miller reported aboard yesterday from the Navy's Aviation Training School in Memphis, Tenn. Ken's home is Landsville, Pa. He

Herndon Discloses Plan To Run Again As County Clerk

O. P. Herndon, County Clerk of Seminole County since 1935, disclosed today that he will be a candidate for re-election in the May primary.

A native of Seminole County, Mr. Herndon attended local schools and the University of Florida. He has served as Justice of the Peace, State Representative from Seminole County and for 25 years in elective office.

Mr. Herndon owned and managed the old Star Theater in the silent movie days. He is a past president of Kiwanis Club, past exalted ruler of the Sanford Lodge of the Elks, and vice-president of the State Elks Association, past consul commander of the Woodmen of the World and president of the W.O.W. district, and a member of the Old Fellows.

Married and father of five children, he resides at 1800 Sanford Avenue. He is a member of the Presbyterian Church and currently a director of the Association of County Clerks.

In making his announcement Mr. Herndon said, "With a highly efficient and specialized office force, and catering to the best people in the world, we have, and will continue to render the best of public service."

PHOENIX BILL

PHOENIX (AP)—It cost Mrs. Daniel J. Freese \$9,000 to make a nickel telephone call Tuesday. Calling from a public phone booth, Mrs. Freese forgot her purse which contained \$9,000 in large bills.

She missed her purse 15 minutes later and returned to the booth. It was gone.

When U. S. Marines were first recruited in 1775, they were required to furnish their own weapons.

was on leave after he finished the school in Memphis and during this time was married to a young lady from Hohenstein, Pa. Ken's wife is still in Pennsylvania but she'll be coming down to Florida soon to be with her husband. It's nice to have you with us Ken and congratulations on your recent marriage.

Five NAAS men reported back aboard after being away on leave recently and four of the five spent their leaves right in the good ol' state of Florida. John Hess chose Melbourne for his vacation spot. Jim Pressley just took it easy in Lake Mary while Bob Sallins stayed at home with his wife in Orlando. Jim Moody was with his family in Tampa.

Lee Vingling went up to Norfolk, Va., and says he had a wonderful time although it was a wee bit "chilly."

Yesterday found Frank Adams departing from NAAS for a trip to Hassett, Va., where he will spend a leave with his family and friends.

Friday night will be dance night again at the Navy Center. Let's see if we can't make it even a bigger crowd than last night. Bring your wife, your girl or come stag but be at the Navy Center Friday night. I'll see you there.

Sen. Russell

(Continued From Page One)
sued a statement about the primary but he didn't say anything about the results.

Instead, he lauded the heavy vote turnout as indicative "of the basic strength of the Democratic Party" and congratulated Kefauver and Mr. Truman's supporters for putting on a "clean campaign."

In contrast to the personal exchanges which marked the Republican contest.

Sen. Duff (R. Pa.), one of the most ardent Eisenhower supporters, cried jubilantly:

"Only the Old Guard and professional political manipulation now stand between Eisenhower and a complete victory for the party in November."

"The sweep in New Hampshire yesterday will begin a sweep throughout the country. I am confident Eisenhower will be nominated and overwhelmingly elected."

House Republican Leader Martin of Massachusetts wouldn't comment on the Republican results but said Kefauver's victory was "the most striking" outcome. He said it was "almost unthinkable" that President Truman would lose to Kefauver.

Ike's Election

(Continued From Page One)
if any effect on the turnout.

In Frankfurt, Germany, Eisenhower said, when told the returns any American who is honored by so many other Americans considering him fit for the presidency should be proud, or, by golly, he is no American.

Kefauver said, "I am entirely elated over the results. I don't think this is a protest vote against President Truman, because in general I agree with Mr. Truman." The senator added that he intends to enter as many primaries as possible.

In Key West, Fla., where he is vacationing, Mr. Truman declined to discuss with newsmen the outcome of the New Hampshire voting. Close associates, who could not be identified by name, said the result would not affect his decision on whether to seek re-election.

Sen. Taft said today he was "a little disappointed" about his showing. "We thought we would do better than that," he told newsmen covering his campaign tour through Texas. The Ohioan added: "Of course, I wasn't too confident. I was expecting a horse race."

Taft's campaign leaders conceded defeat shortly after 3 a. m.

Kiwanis Club

(Continued From Page One)
er, pitchers and Dick Loomis, catcher.

Harry Cortelli, Key Club guest, invited the Kiwanians to be guests of the Key group next Wednesday at the High School.

Ed Lane introduced a visitor from South Dakota, Chief George A. Funk of the Naval Air Station.

Visitors introduced by Howard Monteith were H. L. Combs, Zanesville, Ohio; Bill Winder, Mt. Hira and John Zerrenner, Sanford.

Martin Stronach, president, accepted the Key Club invitation.

Pilot Club

(Continued From Page One)
local Pilot Club had had a part in winning the award since a number of newspaper articles and pictures portraying the club's participation in community programs and services had been sent to headquarters to be entered in the contest, and the award had been made on the basis of such material from all clubs.

Mrs. Al Hunt, chairman in charge of arrangements for the club's annual bridge party, announced that the party will be held on Mar. 21 at 8:00 p.m., the place to be announced at a later date. Tentative plans are to hold it in the Woman's Club, she said.

Mrs. Joel Field reported on the tea held on Feb. 28 at Azalea Lodge which had a large representation of the Federation of Women's Clubs present. The tea, an annual event, is given by the Federation each year for its "Scholarship Fund."

Mrs. McCoy said the cooperation of the Pilot Club in selling tickets for the recently organized Music Association which plans to sponsor five concerts in Sanford beginning in November. Miss Ramsey, secretary of the Seminole County Baseball Association, solicited the cooperation of the members in ticket sales this year. The 27 members present at the meeting.

N. H. Contest

(Continued From Page One)
Mahon (D-Conn.) has requested formally.

Despite the general's victory, there will remain some in his camp who will continue to pray for his return. Some think he could have won by an even wider margin if he had been here to campaign.

To Taft the loss of all of New Hampshire's delegates and his defeat in the popularity contest was a teeth-rattling blow at a time when he believed his vigorous campaigning was going to pan voting gold.

He had predicted the election of four of his delegate candidates and said he would make a horse race out of the preference test.

An Ohio senator has a chance to show his vote-getting prowess in the April 1 Wisconsin primary, but there he is matched with only minor candidates.

They are former Gov. Harold E. Stassen of Minnesota, whose poor showing in New Hampshire will hurt him elsewhere, and Gov. Earl Warren of California, whose popularity outside his home state is untested in 1952.

The real test for Taft will be his primary meeting with Eisenhower in New Jersey. In the meantime, he must continue to carry what he has plainly shown is the irksome burden of his opponents' assertions that he can't win an election outside of Ohio.

Eisenhower's New Hampshire victory may make it easier for some Republican leaders to abandon their fence positions and make up their minds. It will make it more difficult for Taft's forces to recruit them.

The results here will be seized upon by Taft's opponents as an indication they should press their fight on his foreign policy views. Gov. Sherman Adams, who led the Eisenhower delegate ticket, called Taft an "isolationist."

The Democratic developments from Kefauver's victory over Mr.

Truman could shake the President's hold on the party machinery.

Emmett J. Kelley, the state's Democratic national committeeman, stated his own political future and that of his organization on the President and lost.

BUICK
Sure is true for '52

NICHOLSON BUICK CO.

You're off in a Swirl of Power!

We're willing to wager that not one person in a hundred knows what really goes on inside an automobile engine—so let's take this by easy stages.

The instant you nudge Buick's Fireball 8 Engine into action—a whole string of things starts to happen.

Right sparks begin to crackle in well-timed sequence. Right pistons start gliding up and down with rhythmic precision. Right pairs of valves dance open and closed—to let fuel charges in, exhaust gases out of cylinder after cylinder.

All right, you say, what's so complex about that? Can't anyone build an engine that does this to perfection? Well, we can't add, these things happen at the rate of more than 10,000 times per minute and that's 100 times per minute as they go on!

So—it's important to know that Buick uses a deep-breathing valve-in-head design that shoots a fuel charge in—cleans exhaust gases out—in a hurry.

It's important to know that all the power released by the fuel concentrates its driving force right on the head of each Buick piston. (Everyone who has recently built "new" high-compression engines copied this "Buick first.")

But most important of all—Buick adds one more twist which others still haven't copied.

Every charge of fuel rushing into a Buick engine becomes a twisting, swirling, high-compressed ball that flashes with sudden, consuming completeness the instant the spark sets it afire.

And to add this all up: clean, complete combustion—10,000 times per mile—is the heart of getting more power—more miles—from each gallon of gasoline.

So we're not simply using picture words when we tell you that Buick—and only Buick—has a FIREBALL ENGINE—or that you're off in a swirl of power with one of these high-powered performers under the hood.

1952 has brought a lot of sparkling new improvements which you'll want to see and admire when you come to our showrooms.

But the thrill of thrills is still what you and a Buick—and a Fireball 8 Engine—can do out on the road. When do you want to try a sample?

Equipment, accessories, tires and models are listed in dealer window.

sued a statement about the primary but he didn't say anything about the results.

Instead, he lauded the heavy vote turnout as indicative "of the basic strength of the Democratic Party" and congratulated Kefauver and Mr. Truman's supporters for putting on a "clean campaign."

In contrast to the personal exchanges which marked the Republican contest.

Sen. Duff (R. Pa.), one of the most ardent Eisenhower supporters, cried jubilantly:

"Only the Old Guard and professional political manipulation now stand between Eisenhower and a complete victory for the party in November."

"The sweep in New Hampshire yesterday will begin a sweep throughout the country. I am confident Eisenhower will be nominated and overwhelmingly elected."

House Republican Leader Martin of Massachusetts wouldn't comment on the Republican results but said Kefauver's victory was "the most striking" outcome. He said it was "almost unthinkable" that President Truman would lose to Kefauver.

if any effect on the turnout.

In Frankfurt, Germany, Eisenhower said, when told the returns any American who is honored by so many other Americans considering him fit for the presidency should be proud, or, by golly, he is no American.

Kefauver said, "I am entirely elated over the results. I don't think this is a protest vote against President Truman, because in general I agree with Mr. Truman." The senator added that he intends to enter as many primaries as possible.

In Key West, Fla., where he is vacationing, Mr. Truman declined to discuss with newsmen the outcome of the New Hampshire voting. Close associates, who could not be identified by name, said the result would not affect his decision on whether to seek re-election.

Sen. Taft said today he was "a little disappointed" about his showing. "We thought we would do better than that," he told newsmen covering his campaign tour through Texas. The Ohioan added: "Of course, I wasn't too confident. I was expecting a horse race."

Taft's campaign leaders conceded defeat shortly after 3 a. m.

local Pilot Club had had a part in winning the award since a number of newspaper articles and pictures portraying the club's participation in community programs and services had been sent to headquarters to be entered in the contest, and the award had been made on the basis of such material from all clubs.

Mrs. Al Hunt, chairman in charge of arrangements for the club's annual bridge party, announced that the party will be held on Mar. 21 at 8:00 p.m., the place to be announced at a later date. Tentative plans are to hold it in the Woman's Club, she said.

Mrs. Joel Field reported on the tea held on Feb. 28 at Azalea Lodge which had a large representation of the Federation of Women's Clubs present. The tea, an annual event, is given by the Federation each year for its "Scholarship Fund."

Mrs. McCoy said the cooperation of the Pilot Club in selling tickets for the recently organized Music Association which plans to sponsor five concerts in Sanford beginning in November. N. H. Contest

(Continued From Page One)
Mahon (D-Conn.) has requested formally.

Despite the general's victory, there will remain some in his camp who will continue to pray for his return. Some think he could have won by an even wider margin if he had been here to campaign.

To Taft the loss of all of New Hampshire's delegates and his defeat in the popularity contest was a teeth-rattling blow at a time when he believed his vigorous campaigning was going to pan voting gold.

He had predicted the election of four of his delegate candidates and said he would make a horse race out of the preference test.

An Ohio senator has a chance to show his vote-getting prowess in the April 1 Wisconsin primary, but there he is matched with only minor candidates.

They are former Gov. Harold E. Stassen of Minnesota, whose poor showing in New Hampshire will hurt him elsewhere, and Gov. Earl Warren of California, whose popularity outside his home state is untested in 1952.

The real test for Taft will be his primary meeting with Eisenhower in New Jersey. In the meantime, he must continue to carry what he has plainly shown is the irksome burden of his opponents' assertions that he can't win an election outside of Ohio.

Eisenhower's New Hampshire victory may make it easier for some Republican leaders to abandon their fence positions and make up their minds. It will make it more difficult for Taft's forces to recruit them.

The results here will be seized upon by Taft's opponents as an indication they should press their fight on his foreign policy views. Gov. Sherman Adams, who led the Eisenhower delegate ticket, called Taft an "isolationist."

The Democratic developments from Kefauver's victory over Mr.

Truman could shake the President's hold on the party machinery.

Emmett J. Kelley, the state's Democratic national committeeman, stated his own political future and that of his organization on the President and lost.

Vote On IRB Plan Expected Later Today

Tax Agent Tells He Was So Scared He Forgot All About \$12,000.00 In Box

WASHINGTON (AP)—A veteran revenue agent told House tax investigators today he was so scared by their questioning he forgot until after that he had \$12,000 cash in a box at home.

Albert Cohen, 52, who said he had been grilling taxpayers about their finances for 32 years as an agent, confessed:

"It's one thing to answer questions and another to ask them. I've been accustomed to asking the questions."

Cohen, 37,000-a-year internal revenue agent in the Second New York City Division, was questioned about spending approximately \$25,000 more than his sworn income in the 3-year period from 1948 to 1950.

The House ways and means subcommittee investigating tax irregularities heard Cohen today as the final witness in what may be the final, and possibly most spectacular, phase of their long ordeal of internal revenue scandals.

Involved in the current inquiry are top tax administration officials in the New York area.

Cohen said under questioning by committee members that he had been "inaccurate" in telling investigators in July, 1951, no cash in excess of \$300 at home or in a safe deposit box since 1945.

But two months later, he said he listed \$12,000 cash in a safe deposit box at the start of the period. The latter assertion was in a sworn statement.

During his oral interrogation, Cohen said, he was "highly nervous" and his mind "went blank" at times.

"I'd never gone through anything like that before," he said, and grinned faintly.

Summoned before the subcommittee which is headed by Rep. Kinz (D-Calif.), were the first of half a dozen bureau employees whose answers to committee questionnaires King referred to as "unusual."

Indications were the roll call from the IRB reorganization plan would come about 4 p. m. EST.

Sen. Humphrey (D-Minn.), floor manager of the bill, said the committee is opposed to it but will be able to muster the 40 votes necessary to defeat it. But he said the issue would be "nip and tuck."

John C. Kluge (D-Ill.), leading the opposition, would make any forecast. Those opposing the plan were counting on a combination of Republicans and Southern Democrats to defeat it.

George W. Brown (D-Va.), 74-year-old veteran who carries great weight with Southern senators, made the major speech against the plan Wednesday. He had some acidity (Continued on Page Four)

Edward Higgins Terrace Will Be Dedicated Sunday

Project Includes 8 Buildings, 40 Units Costing \$311,000

Named in honor of the late Edward Higgins, Sanford's first public housing project for war veterans, Edward Higgins Terrace, comprising 40 units and costing more than \$311,000 will be dedicated Sunday afternoon at 2:00 o'clock.

Officiating at the laying of the cornerstone of the Administration Building will be Mayor W. H. Stepper and the Rev. J. E. McKinley, member of the Sanford Housing Authority.

George Williams, executive secretary of the RHA, today pointed out that it was largely due to the efforts of Mr. Higgins in 1949, that the Housing Authority, chartered in 1941, had been revived.

The project was started in 1941 while Mr. Higgins was mayor. Three projects resulted, the recently completed 125 unit Castle Brewer project for Negroes in Goldenrod, William Clark Court, an 86 unit Negro project due for completion in May, and Edward Higgins Terrace.

The latter project of which Elton J. Moughtin is architect, comprises 12 buildings for living quarters and an administration building located in two city blocks bounded by Third Street, Pecan Avenue, Fifth Street and Avocado Avenue. Midway between Third and Fifth Streets a concrete paved street bisects the area. A large playground is located on the Third Street side.

Due to occupancy on or about Apr. 1, Edward Higgins Terrace includes eight buildings containing four apartments each and four duplex type. There will be available four apartments with one bed of 10 of two beds; 14 of three beds and six of four bed type.

The administration building will contain the office, repair shop and storage space. Lawn and landscaping work is now being completed by Foy's Landscaping Nursery of Lakeland.

Well Engineering and Contracting Co., Lakeland, are general contractors for the project. The building is being constructed by the Higgins Electric Co., Tampa. High bid masonry and concrete work, Bernard Edwards of Sanford had the plastering contract. Underground utilities were installed by George H. Coleman, Cleveland.

Including outside utilities, paving, landscaping and sidewalks, the project cost an average of \$7,500 a unit.

Rentals will be based on the ability of the tenant to pay and will be an inspection. All members are ordered to be present.

Funeral services were held yesterday afternoon at 4:00 at the Lake View Cemetery with Dr. W. P. Brooks, Jr. officiating.

Admiral Smith Denies Truman In Ship Deal

Former Maritime Head Admits Lawyer Was Throwing Weight Around In Capital

WASHINGTON (AP)—Adm. William Smith, former head of the old U. S. Maritime Commission, testified today he recalls no White House assistance to Newbold Morris in ship deals now under Senate investigation.

But Smith told Senate investigators he did remember Washington Lawyer Joseph E. Casey as "throwing his weight around" in some of the negotiations.

Smith was before the Senate investigations subcommittee which is looking into how ex-Rep. Casey, Massachusetts Democrat, and a group of businessmen made \$4 million dollars from ship deals into which they put only \$101,000 of their own money.

Morris, now government corruption investigator, was drawn into the inquiry by disclosure that three oil tankers handled by Casey's group wound up (1) in the hands of a client of Morris' law firm, and (2) hauling oil to Communist China.

Morris, in two days in the witness chair, denied any wrongdoing and said he had received nothing from ship deals. However, he acknowledged his share of his firm's legal fees from the ships transaction might be \$30,000 to \$35,000.

At the close of his testimony of eleven days of content, Wednesday, Morris blasted what he termed the "diseased minds" of the senators investigating him.

As a result, there was some talk of citing him for contempt.

Also he faced a call to a new and possibly wider investigation. Sen. McCarthy (R-Wis.), the main target of Morris' denunciation of what he called "charlatan destruction" in congressional probes, said he would press for a full-scale Senate inquiry into accusations voiced in the House by Rep. Potter (R-Mich.) last month that Morris has a "sordid background" of activities in Communist front organizations.

Morris has denied the charges publicly and vigorously. Chiefman Morris (D-N.Y.) of Senate Internal Security subcommittee told a reporter he believes Potter's statement should be explored further.

McCarran announced a Senate Judiciary subcommittee which he also heads would delay action on a White House request for subpoena powers for Morris on his cleanup job "until it is determined whether this man will be cited for contempt."

There was a different story on the other side of the Capitol. Rep. Collier (D-N.Y.) declared he was convinced of Morris' honesty and integrity and said his House Judiciary Committee would act "promptly" on a bill to give him full subpoena powers.

The Senate committee's own national records show no wrong doing on his part," Collier said. But back in the Senate, Sen. Nixon (R-Calif.) publicly called on President Truman to fire Morris from the cleanup job as a "smart aleck" who showed a lack of maturity and emotional stability.

The jury charged her with first degree murder in the death of Arthur Gilbert, 40, who at one time operated an automobile agency at Lakeland.

Gilbert was shot several times. She told officers she shot him when he threatened her.

Taxpayers Warned Not To Include Cigarettes As Medical Expenses

By ED CRAIG
WASHINGTON (AP)—Once upon a time, as March 15 crept up on him, a certain taxpayer felt to brooding about the high cost-to-him-of running the government.

And so he looked through the fine print of the tax laws, and there he discovered a loophole. "Medical expenses," it said, there, included "amounts paid for the diagnosis, cure, mitigation, treatment, or prevention of disease, or for the purpose of affecting the structure or function of the body."

So, happily, the taxpayer listed such "medical expenses" as:

Food	\$1,000
Cigarettes	150
Liquor	200
Wax	1,000
Television set	200

The Internal Revenue Bureau, of course, turned him down on all these deductions. But he carried the matter to court—and won out on almost every item!

This reduced his net income, for tax purposes, to zero.

And the only flaw in an otherwise delightful story is that the taxpayer is purely imaginary and so is the court decision in his favor.

Both were made up by John P. Hodgkin, a certified accountant for Price, Waterhouse & Co., Philadelphia, who wrote an inquiry-check piece on the subject in the current issue of "Taxes," a magazine published by Commerce Clearing House Inc., Chicago.

Officials at the Internal Revenue Bureau here were much amused by the article and said they felt sure nobody would take it seriously enough to claim any of the "recommended" deductions—all of which actually are permitted expenses and can be deducted. The imaginary court in the article, however, takes a more liberal view.

Truman Aides Ask Congress For Full Foreign Aid Funds

Campaign Fund Law Held Legal By Tampa Judge

Candidates Are Told To Obey Law Pending Higher Appeal

TAMPA (AP)—Circuit Judge Henry C. Tillman today held legal the parts of the campaign spending law requiring gifts and expenditures to be made through a campaign treasurer.

This is exactly the opposite stand taken Saturday by Circuit Judge Ira A. Hutcheson, Bloomington, Ind., who ruled the sections which require gifts and expenditures to be made through a campaign treasurer unconstitutional and violated freedom of the press.

Attorney General Richard Binns today gave his opinion on the law Wednesday. The whole judicial issue now will have to be decided by the State Supreme Court.

Attorneys on both sides promptly issued statements advising their clients and candidates to continue following the law until the Supreme Court rules on the conflicting lower court decisions.

Ervin, who defends the law, and J. Kenneth Hallinger, attorney for press and radio opponents, said they will cooperate to get the issue before the Supreme Court as soon as possible.

The general procedure for appeal, argument and consideration by the Supreme Court probably will take many of the 33 days remaining between now and the first primary election May 6.

The Tampa judge's ruling came in a test suit of the law brought by W. A. Smith, operator of radio station WFLA at Plant City.

The suit in this suit and the one which Judge Hutcheson ruled were identical, except the West Florida suit involved a newspaper.

The Tampa judge said "I can not see where the issue of free speech is involved at all. If it is, the Legislature was justified in invoking the police power of the state to curb this ever-growing evil."

He added the sections dealing with contributions to candidates, expenditures of campaign funds and the filing of reports are "valid exercises of the police power of the state." He said freedom of speech was not involved in the Constitution has not been contravened.

Judge Tillman criticized at length heavy campaign spending.

He said that the Legislature was not to be faulted for its action in passing this statute because of the ever-increasing influence of money and power which were seeking through the use of money to rule in a way not granted that there may be some curtailment in the right of free speech and in the right of free press or expression, the Legislature was not to be faulted.

Judge Tillman said the act of the election law would be worth the money to the Legislature if it would be supported and put up with the money for the candidate.

Acheson Says Slash Would Undermine Whole Economy Of Atlantic Nations

WASHINGTON (AP)—The administration's top foreign strategists called on Congress today to vote every dollar of President Truman's \$7,000,000,000 foreign aid program.

Four top-level global planners went before a joint Senate House today to urge their uphill fight for foreign aid funds in the face of congressional economy drives in the current year.

Before an overflow crowd who jammed into the Senate's biggest committee room, those points were stressed.

Secretary of State Acheson and a cut in foreign funds now would have "the immediate and destructive effect of undermining the whole economy" of NATO—the North Atlantic Treaty Organization.

W. Averell Harriman, director of national security, declared that a reduction in funds would represent "a decision to reduce the strength which is being built in the free world for our common defense against the threat of the Red menace."

Secretary of Defense Lovell, emphasizing the Communist-led pact to the French in Indochina, called for "substantial increases in military assistance" to that country's Far Eastern front.

All the addresses stressed the necessity of the multi-billion dollar program to bolster this nation's defense against Communism.

Acheson developed the Western European countries against Communist aggression, that they are not doing their full part in the defense buildup.

He gave his "considered judgment" that the present effort by Europe and NATO members, plus certain new commitments, "approach the limit of their capabilities."

"To go beyond these limits," he said, "would produce a strain on their political, economic and social structures that would endanger both their security and ours—and would not be worth the cost."

When the program is completed, he said, "it will be a triumph of the spirit of the hearing which has been held before the Senate Foreign Relations and Armed Services committees and the House Foreign Affairs Committee."

There was no action today on the resolution by Sen. Malcolm Wilson of California, which would require that Gen. Dwight D. Eisenhower be recalled from Paris to testify before the group.

McMahon indicated he would develop a formal motion that Eisenhower be brought back until the Senate Foreign Relations Committee meets separately, which would be today.

Wilson told the group it is essential that the U. S. top up in Indochina be such that it is "the security interests of the free world."

If the situation in Indochina can be brought back until the Senate Foreign Relations Committee meets separately, which would be today.

The French have been fighting Communist-led insurgents in Indochina for years. Recently the French have been forced to surrender their positions. Additionally, they are faced with a double crisis over taxes.

Goodwill aid foreign aid funds would enable all 20 divisions committed at the Lisbon conference of the North Atlantic Treaty Organization (NATO) to have the best in equipment and training.

"The NATO military position has improved appreciably during the past year," he said, "and it is essential that a considerable acceleration be required for the next 15 months."

Other ranking administration officials are expected to testify in the days ahead.
