

VCs Hit 9 Outposts Near Saigon

SAIGON, South Viet Nam (AP) — Viet Cong guerrillas striking before dawn, attacked nine isolated outposts almost within earshot of the South Vietnamese capital early today.

The seven of the nine outposts were in the area of the city known as the Communist response to the large-scale ground and air operations elsewhere in the country by American, Korean and South Vietnamese troops.

In the far north just below the demilitarized zone, U.S. Marines continued to press into the rugged hills and deep jungles where 600 North Vietnamese regulars have been reported killed in an 11-day sweep.

The U.S. command in Saigon said the fighting had tapered off after rear-guard North Vietnamese troops inflicted heavy losses on a company of Marines. The enemy kept up harassing fire during the night but the bulk of the North Vietnamese 23rd Division appeared to have evaded the Marine sweep by fleeing toward Laos.

An American spokesman in Saigon said the division had been badly chewed up.

The harried North Vietnamese regulars caused a rain of bombs this afternoon from high altitude B52s. The Air Force said the bombs were aimed at small outposts held by lightly armed South Vietnamese militia forces. At least a few hours after midnight the Viet Cong launched harassing posts strung in a crescent about 16 to 20 miles south of the city.

Most of the attacks were limited to mortar fire or machine gun bursts from the darkness.

The Viet Cong attempted to overrun two posts held by 25 or fewer South Vietnamese. In both cases the Viet Cong were hurled back, and they melted into the night.

Although weather hampered air assaults in the North, a military spokesman said Air Force, Navy and Marine pilots flew 36 missions Sunday against fuel depots, supply lines, trucks, barges and bridges. American planes did not sight any MIG or surface-to-air missiles, he said.

A Navy A4 Skyhawk was brought down by conventional fire but the pilot parachuted into the Gulf of Tonkin and was picked up within 20 minutes.

It was the 30th U.S. plane announced lost over North Vietnam.

In Operation Hastings on the northern border a Marine helicopter crashed killing one crew member, in approaching a combat landing zone.

In South Viet Nam Sunday, Air Force, Navy, Marine and Vietnamese pilots flew 340 strike sorties, many of them in support of the Marines fighting in Operation Hastings.

The Navy destroyer John A. Boyle steamed in to support the Marines, firing a dozen five-inch shells into suspected Communist positions.

The Hanoi regulators kept up heavy fire against the two Marine companies until sunset Sunday, driving off helicopters trying to evacuate wounded and blocking a reinforcement attempt.

Know Your Fireman

BILL L. GILBERT, of Hickory, N. C., came to Sanford in 1957 and joined the Sanford fire department on Jan. 1, 1958. He was promoted to warrant officer last April 15. He attended Cleveland's Business College in Hickory and served two years in the Army. He and his wife, Mildred, and two daughters, Sharon and Carolyn, reside at 112 Anderson Circle.

State Health Board 50% Budget Hike Requested

JACKSONVILLE (AP) — The State Board of Health wants a 50 per cent increase in funds for the next two years.

The board adopted a budget Sunday calling for spending of \$22,956,137. This biennium the demand is \$20,677,185.

Dr. Wilson T. Sower, state health officer, said the increase is necessary to meet the growing requirements on the board for new and expanding health programs.

One of the biggest boosts is sought in funds for indigent hospitalization—from the current \$2 million up to \$6.3 million.

The board also seeks to add two county health units. The board wants to hire 23 more laboratory workers to meet the demand for research and testing.

In addition to the budget, the board voted to ask the legislature for 50 cents per capita to request a provision in the proposed state constitution specifically authorizing the State Board of Health.

Although such authorization is part of the current constitution, it was left out of the draft of the new constitution.

"In the proposed new constitution, the board wants to look after the Game and Fish Commission and the State Department of Health," said Sower.

"On the other hand, the 75 cents per capita for the State Department of Health is not included in the proposed new constitution," he said.

"The board is not asking for a new tax," he said. "It is asking for a provision in the constitution to guarantee the board's authority for the preservation and promotion of the people's health as a state function."

A request by Charles Stewart of Miami, president of the Florida Health Association, to substitute a certificate from the State Department of Health in place of fingerprinting, pest control operators was approved, providing the applicant has a clear police record.

GENEVA Citizens Association sponsored barbecue chicken dinner at the Community Hall with takeout orders a popular attraction.

Mrs. Don Kinnaird and C. F. Mizek are shown boxing individual dinners while Ed White, president, dips family order of baked beans. W. E. Dibble, F. E. Lusk, Roy Hilliard, and B. F. Roy were also on the food and hostess committee were Mrs. Hilliard, Mrs. White, Mrs. Kinnaird, Mrs. Marie Wilhelm, Mrs. Lusk, and Mrs. D. M. Ladd.

Sarasota Doctor Faces Charges In 3-Year-Old Death

SARASOTA (AP) — Dr. Cas Saratoga to confer with his attorney today on whether he will waive extradition to New Jersey where a charge of murder in the 1963 death of a retired Army colonel.

Copolino, a 34-year-old retired anesthetist, was named last Thursday by a Monmouth County, N. J., grand jury in a sealed murder indictment. The indictment stemmed from the death of William E. Farber, the retired colonel.

In Freehold, N. J., Monmouth County Prosecutor Vincent Kenner said he would ask that the indictment be made public if the doctor did not sign any plea or surface-to-air missiles, he said.

A Navy A4 Skyhawk was brought down by conventional fire but the pilot parachuted into the Gulf of Tonkin and was picked up within 20 minutes.

It was the 30th U.S. plane announced lost over North Vietnam.

In Operation Hastings on the northern border a Marine helicopter crashed killing one crew member, in approaching a combat landing zone.

In South Viet Nam Sunday, Air Force, Navy, Marine and Vietnamese pilots flew 340 strike sorties, many of them in support of the Marines fighting in Operation Hastings.

The Navy destroyer John A. Boyle steamed in to support the Marines, firing a dozen five-inch shells into suspected Communist positions.

The Hanoi regulators kept up heavy fire against the two Marine companies until sunset Sunday, driving off helicopters trying to evacuate wounded and blocking a reinforcement attempt.

'No Trial in View' For Captured Pilots

WASHINGTON (AP) — The State Department withholds comment today on a cable from North Vietnamese President Ho Chi Minh to the Columbia Broadcasting System declaring there is "no trial in view" for captured American airmen.

CBS had sent a message Thursday to the North Vietnamese leader asking whether he had decided to place the airmen on trial. He's four-week reply in English was received Sunday.

The Hanoi government had indicated earlier that the captured pilots would be tried as war criminals. The Pentagon says about 45 Americans are captured in North Viet Nam and contends they should be treated as prisoners of war.

U.S. Ambassador W. Averell Harriman again questioned Hanoi Sunday against going through with threats to try the Americans, but declined to press what sanctions the United States would invoke if the trial were held.

Harriman, appearing on a locally televised program, "Meeting of the Minds," on WRC, also indicated that Hanoi has shown no willingness to exchange the U.S. airmen in the North for several hundred North Vietnamese prisoners held in the South.

But the ambassador, who leads U.S. efforts in behalf of the American prisoners, said, "there has been some movement" in efforts to free some 10 airmen held by Viet Cong guerrillas in South Viet Nam.

Rep. Roman C. Pucinski, D-Ill., said Sunday in Chicago that Hanoi would violate its own pledge for safe treatment of prisoners if it does try the U.S. airmen.

Pucinski displayed a leaflet printed in both English and Vietnamese and signed "South Viet Nam Liberation Army."

"Obviously, you are a prisoner of war. You have no rights and no responsibilities to observe."

Agriculture Still Has Many Career Opportunities

By Cecil Tucker
County Agent

From stone age to space age, food always has been—and always will be—essential to human life!

And just as surely as people must eat and clothe themselves, there must be producers to raise the food and fiber. There must also be others to furnish the producers with supplies and services.

It's true that modern technology has reduced the need for on the farm labor. But, same technology has created many new career fields.

Behind every space age farm, ranch, and grove operator, there's an army of harvesting, packing, processing, transporting, merchandising, and sales personnel—not to mention thousands of research scientists and teachers.

Actually career opportunities in modern agriculture are almost unlimited!

But rumors, today's agriculture is based on science, and today's agriculturists need a good education—preferably a college education.

For more information about careers in agriculture, contact me or write to the Dean of the College of Agriculture at the University of Florida in Gainesville.

Program Series Opens For Youth In Casselberry

By Jane Caselberry

A series of programs began Friday night at the Casselberry Community Methodist Church as part of the summer youth activity.

The study unit on social change will continue for the next three Friday nights and will focus on a night of recreation beginning at 7:30 p.m.

An interesting and factual film in color will be shown on the smoking of effects of alcohol, smoking and getting drunk.

In conjunction with the study, there will be film strips, discussions, and guest speakers at the Methodist Youth Fellowship meetings on Sundays at 6:30 p.m.

The church is open for recreation, Monday through Thursday, from 2 until 6 p.m., as well as on Friday evening. All young people, 11 to 23 years, are welcome.

Annual per capita consumption of beef in the Argentine is well over 200 pounds, according to the Encyclopedia Britannica.

Boyer said Mrs. Farber was "shocked" by the indictment. He said she described the Copolino as "mutual friends."

Modern radar devices can measure time accurately up to 1/20,000th of a second.

"LET'S TALK DRY CLEANING"
BY WOODROW CASH

The young women in business follow certain professional patterns for good grooming in holding a job. Dressing in good taste requires appropriateness, plus style, plus restraint. Simplicity is the keynote. Understanding of color, knowledge of design, and fashion know-how are helpful. The attractive woman, like the well-dressed man, adopts fashion to her own individuality and personality.

Career or business women take pride in personal cleanliness and good grooming. They rely heavily on the professional drycleaner to keep them impeccably well-groomed. They know that when their clothes are cleaned and pressed regularly, their minds are free to do their jobs well, without being self-conscious about their appearance.

TRUST THE CARE OF YOUR CLOTHES TO US. YOUR SATISFIED CERTIFIED MAINTENANCE DRYCLEANER.

Dog-Bite Warning Issued By County Health Director

Any person bitten by an animal should get medical attention immediately and every effort should be made to confine the animal until an examination can determine if the animal is rabid. Dr. Frank Leone, director of the Seminole County Health Department said today.

"Although rabies is an uncommon disease, people should be aware that it is always fatal unless promptly treated," Dr. Leone warned.

Each year approximately two million persons are bitten and about 30,000 of them have to undergo treatment for rabies.

Dr. Leone described rabies as a disease caused by a virus found mainly in the brain, salivary glands and saliva of dogs, cats, monkeys, skunks, rabbits, bats, foxes, racoons and other animals. It can be present in them for a short or a long period before signs of the disease appear.

Thus, an animal that has attacked or bitten someone may outwardly appear normal.

"The picture usually associated with rabid dogs, in which there is drooling from the mouth, snarling and unnatural stance or gait, does not appear until the disease is in its final stages. This is why it is important that an animal which has bitten someone be captured and confined for observation to determine if it does have rabies," Dr. Leone explained.

"In humans, the time between being bitten by a rabid animal and the onset of symptoms is also variable. They can occur within ten days or as long as seven months," he noted.

"Once the symptoms appear, however, the disease is always fatal," he warned.

Treatment for rabies is often painful and sometimes carries with it an element of danger.

Every effort should be made to locate the animal, because if it is not rabid, the victim may be spared much pain and days of worry.

"Your health department, in cooperation with the local veterinary society, is on constant guard against rabies outbreaks and stands ready to offer its full assistance in the event of an attack on any person by a rabid animal," Dr. Leone declared.

He asked that persons with pets consider it their duty to protect both the animals and people against this disease by having their pets vaccinated for rabies at least once each year.

The Hope Pearl holds the record for size of a pearl. It weighs nearly three ounces and has a circumference of 4 1/2 inches.

Miss Barbara Ann Kanner, James Holt Exchange Vows In Double Ring Rites

Miss Barbara Ann Kanner, daughter of Mr. and Mrs. Jack Kanner, of Sanford, and James Kenneth Holt, son of Mr. and Mrs. William Finkles, of Hester City, La., were united in Holy Matrimony, July 21, 1966, at 4 p.m. at the Sanford Women's Club.

MRS. JAMES KENNETH HOLT

Rev. J. Randall Parris, former pastor of the First Christian Church of Sanford who is now retired in Orlando, was the officiating clergyman at the impressive double ring ceremony.

The couple exchanged their vows before the fireplace which was flanked by potted palms and pedestals of white lilies, tuberoses and mums. They knelt on a white prie-dieu.

Mrs. David Grimm, organist, presented a recital of traditional nuptial hymns.

Miss Patty Glenn Johnson, soloist, sang "Because" and "Wedding Prayer."

Given in marriage by her father, the bride chose for her vows a formal gown of silk organza over taffeta. The neckline was enhanced by re-embroidered lace and seed pearls, repeated in applique on the skirt and sweeping chapel train.

Her illusion veil was held by a formal headpiece of matching lace and pearls. She carried a bridal arrangement of entwined double rings covered in white satin with white roses forming the corsage center which was showered with floor-length white satin streamers.

Mrs. Shirley Mann attended the bride as matron of honor and Miss Patricia Finkles, sister of the groom, from Hester City, La., attended as maid of honor. Bridesmaids were Mrs. James Steele, Sanford, and Mrs. Fenton Kravner, cousin of the bride from Columbus, Ga.

The attendants were attired identically in floor-length gowns of white lace bonded in blue French voile over blue taffeta.

Mrs. Finkles, mother of the groom, chose a green street length dress detailed with embroidery and accented with matching accessories and an orchid corsage.

The Jewish Community Center was the reception site immediately following the wedding.

Mr. Blanton Owen arranged and decorated the reception room, which featured blue and white floral arrangements throughout.

The bride's table, covered in a floor length cloth of blue with scalloped edges, was overlaid with white net which was draped and interspersed with ribbons and flowers along the folds.

A five-tiered wedding cake centered the table, accented with beautiful crystal appointments. The cake, embossed with white and blue flowers, was supported with inverted champagne glasses containing blue flowers between the three top tiers and topped with large blue wedding bells.

Assisting at the reception with Mrs. Owen were Mrs. S. E. Barbour, Mrs. Lee Samuel, Herman Jacobson, Mrs. Ben Katz, Mrs. Charles Lansing and Mrs. Michael Kelly.

Miss Carol Samuel kept the bride's book and flitting hostesses were the Misses Sandy Katz, Carolee Buck, Nancy Hedrick, Sharon White, Linda King, Charal Lansing distributed rice packets.

For traveling the bride wore a two-piece linen ensemble with white accessories and the corsage from her bridal arrangement.

Following a wedding trip to Louisiana, including New Orleans and Arkansas, the newlyweds will reside in Sanford where the bride is attached to the Naval Air Station.

Among the other out-of-town guests was the bride's grandmother, Mrs. F. R. Neal, from Van Buren, Ark.

Linda Van Eepoel Honored At Party

ENJOYING A BIRTHDAY PARTY for eight-year-old Linda Van Eepoel (seated right) were left to right Debbie Hathbone, Cathy Casselberry, Cindy Miller, Peggy and Connie Howlett, and Linda; standing, Debbie Van Eepoel, Ronnie and Chris Ehster, Bill Van Eepoel, Mark Ehster, Scott Ream, Lisa Steuer, Donna Sablin and John Van Eepoel. Medical News

Accidents make up the foremost pediatric disease in the country, taking more children's lives each year than the next three chief child-killers combined—cancer, birth defects, and pneumonia.

In an effort to reduce the appalling accident toll, a team of physicians, psychologists, and social workers at the Children's Hospital Medical Center here made a detailed study of preschool children admitted for treatment of accidental injury.

They found that accidents don't "just happen." They are triggered by stress and by fatigue. Most accidents to children, they found, occur between three and six o'clock—when mothers are rushing to meet the demands of children home from school, preparing dinner, getting baby ready for his bath, tidying up.

Suggestions for avoiding accidents, as well as clear, simple instructions on what to do should accidents occur, are now available in an attractive, purse-sized booklet, "Accident Handbook." Compiled by the staff of the medical center and published by Dell, the booklet can be bought at Woolworth's.

Your youngsters will probably like a sandwich filling made from tuna fish, diced celery and mayonnaise plus diced apple. No need to peel the apple! Choose a red-skinned variety and cut it fine.

Colorful Background Revealed In 'First Family' Weddings

When Lucie Baltes Johnson married Patrick J. Nugent this Aug. 6, it will be the first marriage in a president's family since the administration of Franklin Delano Roosevelt; and the first such marriage to take place in Washington since the time of Woodrow Wilson.

FDR's children engaged in six weddings during his years in the White House, but none occurred in Washington and only two were of the scale contemplated for the Johnson-Nugent nuptials.

John Roosevelt married Anne Lindh Clark June 18, 1906, at Nahant, Mass. The bride's relatives were staunch Republicans, and researchers note that some friends of the family declined invitations to the reception.

Mrs. Clark had planned for 400 guests, but received White House requests for 350 invitations, most of which were accepted.

House requests for 350 invitations, most of which were accepted. At the reception at the Nahant Tennis Club, guests consumed 50 bottles of champagne and food which had been prepared under the close supervision of the Secret Service.

Franklin D. Jr.'s wedding to Ethel du Pont on June 30, 1937, was undoubtedly the wedding of the year. The du Pont family tended to be very anti-New Deal, and newspapers of the time compared the wedding to the romance between Romeo and Juliet.

But the wedding, at the Christ Church at Christianna Hundred, Del., was a big one. Another big wedding took place in the White House Nov. 1915, when Jessie Woodrow Wilson, the president's daughter, married Francis Bowes Sayre.

About 500 persons attended, including members of the diplomatic corps, many in brilliant uniforms; members of the Supreme Court; Congressional leaders; and cabinet members.

The Marine Band played the "tango" and other up-to-date music. The evening ceremony occurred in the home of Mrs. Gall's mother.

Perhaps the most famous First Family wedding took place in the East Room of the White House on Feb. 17, 1906, when Alice Roosevelt married Nicholas Longworth, a Republican congressman from Ohio.

There have been many other First Family weddings—President Grover Cleveland marrying his ward, Frances Folsom; President John Tyler making off to New York for a secret marriage to Julia Gardiner in 1845—some gay and opulent, some not revealed until after they had taken place.

According to all indications, the Lucie-Pat wedding will be one of the opulent ones. About 700 guests are invited, and that will make it rather Texas-style.

he married Edith Bolling Galt about 16 months after the death of his first wife, Ellen. The wedding party was limited to family and close friends, and there was no best man or maid of honor. The evening ceremony occurred in the home of Mrs. Gall's mother.

Wilson himself became the third president to marry while in office on Dec. 18, 1915, when he married Edith Bolling Galt.

Chuluota Personals

By Lisa Baker
I will start my first report for The Herald's Society Pages by telling my readers that we have five generations in my family. My grandmother, Mrs. Mary E. Yarnell, celebrated her 80th birthday July 18.

Mr. and Mrs. John Peck of Ohio spent several days in Chuluota and Tampa visiting friends and relatives.

Mrs. Mary Ann Elston and children, Lori, Tracy and Tammy, who have been making their home in Chuluota, have moved to Ohio.

Mrs. Frank Ford of Inverness spent a week at the home of her friend, Mrs. Maurine Walker. Mrs. Walker worked in a grocery store for many years and was 20 years ago in Monroe, La. Her wages included room and board and \$250 per week.

Mr. and Mrs. James Steward and son, Bradley, of Sistersville, W. Va., were guests in the home of the daughter and family, Mr. and Mrs. William Jacobs, Fifth Street. The Jacobs' daughter, Gina, returned home with her grandparents for a few weeks vacation.

It is a sad state of circumstances when you move to a new state to start a new life and misfortune befalls you at the very start. So is the story of Mr. and Mrs. James Baker and their 15-month-old daughter, Trael. On July 15 the family was notified that Trael had died.

Fluid lustrous hair of today's young romantics gets a grip on their strands, chin-length and the knock-like and darling-like flow of tress in current coiffure needs. Now clips, barrettes, bows, hair bands and the like, have been caught up in a whirl of apropos hair accessories.

Earrings for fall and winter go to the extreme—in length and often in size. Some of them in rhinestone, other jewels, or of vinyl drop to the shoulders and below. One designer, Robert of Robert Originals, New York, makes six-inch-long "manholes" of rhinestones or crystal. Others in vinyl consist of lightweight, skinky drop to which clusters of petals and discs are attached.

Miss Sharon Williams, a stewardess with TWA, is currently at home with her parents, Mr. and Mrs. Cleo Williams, in Loch Arbor, until the airlines strike is settled.

Mrs. Molly Huskin of New Smyrna Beach is a patient at Halifax District Hospital, Daytona Beach, where she underwent surgery last week. Mrs. Huskin is the mother of Mrs. Roy Adair of Sanford.

Former 4-H Members Eligible For Awards

Adults from among the some 24 million former 4-H Club members in the United States whose lives today are notable in service to community, state and nation are being sought by the Cooperative Extension Service as nominees for honors and awards set up through the national 4-H Alumni Recognition program, sponsored since its inception 14 years ago by the Old Matheson Chemical Corporation.

Persons with 4-H backgrounds, even though living in another state, who have attained success in their chosen careers and who have adhered to 4-H traditions, are eligible candidates. Miss Marie Wilson, Seminole Extension Home Economics Agent, reports.

4-H alumni pins will be presented to as many as four in a county and four individuals will be cited by the Extension Service for statewide recognition and a handsome recognition plaque.

Most coveted award is the national 4-H alumni key, eight of which are presented annually. The recipients will be guests of Old Matheson during a week in Chicago during the National 4-H Club Congress and will be introduced at the annual alumni banquet.

County and state award winners for 1966 will be announced this fall. However, the eight national winners are selected a year in advance with announcements scheduled early in 1967.

Former Seminole County 4-H members interested in the awards program are asked to contact County Agent Cecil Tucker or Miss Wilson.

Chopper Flyer Plays Fireman

MIAMI (AP) — A Coast Guard helicopter pilot used the blast from his aircraft's rotating blades to keep a flaming 28-foot cabin cruiser away from other vessels.

The boat later exploded and sank in Biscayne Bay. The pilot, Lt. Col. William K. Cooper, 47, of Miami, hovered over the burning boat for more than an hour Sunday. It sank 100 feet from shore.

Please don't get into the air when the boat's 70-gallon tanks exploded.

The vessel's owner, 35-year-old Charles Ray, and a passenger were picked up by a passing boat.

Cause of the blaze was not known.

HEADQUARTERS for Claude Kirk, Republican gubernatorial candidate, are open at 212 East First Street. But (left) Kirkette Keoth and Mrs. Guy Allen, county chairman of the "Dollars Work for Kirk" committee, greet one of the first visitors, Mrs. Maycie Lossing (right). Headquarters will be manned by volunteers Mondays through Fridays 9:30 a.m. to 5 p.m. (Herald Photo)

Osteen Church Groups Schedule Rummage Sale

By Mrs. Clarence Snyder
Commissions of Osteen Methodist Church will sponsor a rummage sale Aug. 5-6 in the old Sears Building on First Street in downtown Sanford.

Reports on progress of the project were given at a recent meeting of the church's Commission on Social Concerns with Mrs. C. C. Murray, chairman, presiding.

Mrs. Murray, who read the scripture and offered the opening prayer, also reported on meetings of Commissions of other churches she has attended.

Mrs. W. E. Mosker, who is visiting her parents, Mr. and Mrs. Raymond Lawson, told of visits she had made to Wesley House and Bethlehem Center, settlement houses in Memphis, Tenn., where Mrs. Mosker lives.

Mrs. C. Beatty reported on an article in the publication, "Methodist Story."

Next meeting of the commission will be Aug. 16.

Anton Dvornak's most famous single composition is "Humoresque, No. 7," one of a cycle of eight, all composed within 17 days.

Farm Safety Week Observed Nationally

National Farm Safety Week (July 24-30) will focus attention on all farm hazards and put particular emphasis on the prevention of highway accidents involving slow-moving farm vehicles, said Cecil Tucker, Seminole County Agricultural Agent.

Rural communities throughout Florida and the United States are expected to participate in making the 1966 safety campaign the most effective ever, according to Ray Pettis, agricultural engineer and safety leader, Florida Agricultural Extension Service.

"Farm families and everyone working with agriculture are urged to unite for safety and in the reduction of accidents during National Farm Safety Week," Tucker said.

Statistics show that accidents kill more than 8,000 farm residents each year. An additional 700,000 or more are victims of disabling injuries. The word "safety" has become a part of everyone's vocabulary, but it is now imperative that more be done than just use it in conversation. We must put safety into everyday practice before results can be expected.

Club To Meet
The South Seminole Welcome Wagon Club will meet for lunch and cards at Mt. Vernon Inn at 11:30 a.m. Thursday. All newcomers to the area are invited to attend.

Reservations, which should be made no later than Tuesday, may be made in the Sanford area with Mrs. Virginia Petroski, Sanford Welcome Wagon hostess, and in South Seminole with Mrs. Lawrence Pettinati.

STUDY of political party organization was conducted by the Seminole County League of Women Voters, with three speakers presenting the facts. From left are William Medcalf, chairman of the Seminole County Republican Executive Committee; (seated); Mrs. Camilla Bruce, Supervisor of Registration; Mrs. Arlene Tetenbaum, chairman of Know Your Government committee and Mrs. Jane Adriatico, vice chairman of the Seminole County Democratic Executive Committee. Mrs. Adriatico was speaking at the time photo was taken. (Herald Photo)

Voter Apathy Hit

By Dottie Austin

Appalling apathy of registered voters who do not vote and that of persons eligible to vote who do not even register was scored at a meeting of the Seminole County League of Women Voters.

Speaking on the various phases of political party organization were Mrs. Camilla Bruce, supervisor of registration; Mrs. Jane Adriatico, vice-chairman of the Democratic Executive Committee and William Medcalf, chairman of the Republican Executive Committee.

Mrs. Bruce noted that only 50.3 per cent of persons in Seminole County who are eligible to vote are registered and only about 46 per cent of those vote, on the average. This makes only about 23 per cent of persons eligible to vote, exercising that privilege.

She explained how precincts are set up and said that she tries to keep the voters in each precinct to about 800-850. When the population reaches about 1,200 it is necessary to divide the precinct again.

She noted that it is often difficult to find polling places where a precinct is divided and that she hopes to be able to use portable polling booths and later to get them air-conditioned. The smallest precinct presently has 272 persons and the largest 946.

Mrs. Adriatico presented two charts showing the line-up of political organization, both on the volunteer level and on the official level.

Medcalf said the Republican party organization is arranged along the same lines as the Democratic party organization. He noted that six years ago less than 2,000 persons in Seminole County but that number
