

FIRST CAR DRIVEN OFF ATLANTIC COAST LINE'S piggyback facility in Sanford had W. E. (Red) Storie, manager of terminals for Motor Convoy Inc., the haul-away trucking agency, at the wheel. Among those on hand were City Commissioner Al Wilson, LeRoy Ander-

son, district superintendent for ACL; County Commission Chairman J. C. Hutchison, Mayor Joe Baker, W. I. Crabtree, ACL, and J. W. Plant, manager of ACL's train-trailer service.

TRIPLE-DECKED RAILROAD CARS brought the first shipment of automobiles to the ACL piggyback terminal here, with six cars such as the one shown being delivered the first two days. The ACL had the flat cars built espe-

cially for the piggyback operation. The trains delivered the 90 autos in Sanford after a three-day haul from Kenosha, Wis. They'll be trailered to other Florida points. (Herald Photos)

ACL Starts First Piggyback Units At Sanford Terminal

The Atlantic Coast Line Railroad delivered 90 automobiles to its Sanford piggyback terminal Friday and Saturday to begin a new operation in Central Florida. Six special triple-decked rail cars pulled into the new ACL ramp just off French Ave. and the cars were driven off via a big hydraulic unloading platform to be dispatched by trailer truck to other Florida points. The other piggyback terminal for such operations is at Jacksonville. J. W. Plant, manager of ACL's train-trailer service, said the railroad hopes to increase the auto delivery traffic at the Sanford terminal through use of the service by other automobile manufacturers.

Plans also are under discussion for originating piggyback shipments of citrus at Sanford by the start of the next full citrus season, Plant said. No plans for vegetable shipments are in sight at this time, although negotiations are underway for hauling tomatoes, Plant said. The auto transport facility here

The Police Department is planning construction of a clubhouse by Mill Creek and Seminole Blvd. The house will be used for barbecues and "get together place" for the force, according to Chief Roy Williams. The chief also said that preliminary plans include a pistol range in the area.

This will be a busy week for the County Commission. Besides the regular meeting Tuesday, commissioners will meet with the Insurance Committee at 1:30 p. m. Thursday and at 8:30 with the county school board.

The City late last week received a check from Civil Defense in the amount of \$1,600 for disaster relief from Hurricane Donna.

From January through March there were 67 accidents in the city limits and 31 injuries. Ninety percent of the accidents led to traffic charges on drivers involved.

It just doesn't pay to save Confederate money anymore. Mrs. Frank Jay Dees, who is employed in Mrs. Appleby's Restaurant, said she lost over \$1,000 in Confederate bills during a fire Wednesday afternoon at her home in North Lake Monroe.

Art Critique Slated Tonight

The works of members will be subject of a critique at the monthly meeting of the Sanford Art Assn. at 7:30 p. m. today at the Civic Center.

Members are asked to bring one or more pictures for the critique. Works may be finished or unfinished and framed or unframed.

includes a six-acre fenced lot for storage and can handle up to 1,500 autos. The triple decked flat cars have been purchased by the ACL, with Motor Convoy Inc. contracted to unload and truck the cars from Sanford to their destinations.

First shipment was 90 cars from American Motors at Kenosha, Wis., and arrived here after a three-day haul by rail.

W. E. (Red) Storie, manager of terminals for Motor Convoy Inc., drove the first car off the top deck of the first load Friday and had big trailer trucks standing by to begin hauling the new autos to their markets.

Storie agreed with Plant and local ACL officials that the Sanford terminal is ideal for the operation and predicted an increase in the use of the service.

AF Intensifies Missile Mishap

ALBUQUERQUE, N.M. (UPI)—The Air Force today intensified its investigation to determine what caused a Sidewinder air-to-air missile to be launched from a jet fighter plane into a B-52 bomber during a training mission. The accident killed three of the eight crewmen of the Strategic Air command bomber. The fourth and fifth survivors were found alive Sunday—nearly two days after they had bailed out of the doomed plane.

Haste became imperative in the investigation Sunday when the Defense Department issued an order halting all simulated attacks with missile carrying planes. The only exception to the order was in the use of unmanned target drones or towed targets.

Air Force officers emphasized that air-to-air missiles such as the Sidewinder are vital to the nation's defense and the only way for a pilot to learn to use them properly is in simulated attacks. The two survivors found Sunday were Staff Sgt. Manuel Mieras, 23, of Flagstaff, Ariz., the bomber's crew chief, and Capt. Ray C. Obel, 28, of Logan, Ohio, the copilot.

WASHINGTON (UPI)—President Kennedy is preparing to ask Congress to raise taxes on dividends received by some 3.5 million stockholders and to withhold taxes on dividends and interest.

Ships Collide
NEW YORK (UPI)—A small vessel and a freighter collided in the Atlantic off the New Jersey coast today. The small ship was abandoned, but its three or four crewmen were rescued, the Coast Guard reported.

Ex-Monarch Dies
PARIS (UPI)—The "King of the Sons of the Eagle," former King Zog of Albania, a refugee from communism and fascism, died Sunday in a hospital in suburban Suresnes. The 65-year-old ex-monarch was rushed to the hospital from his home here last week, suffering from stomach ulcers and a liver ailment.

Loneliest Man In World Goes On Trial Tuesday

JERUSALEM, Israel (UPI)—If Adolf Eichmann is guilty of organizing the murder of 6 million Jews, part of his punishment will come in the endless hours he sits in the courtroom.

He will be the most lonesome man in the world when he enters at 9 a. m. Tuesday to stand trial for his life. Nobody will speak to him unless he asks a question and he never can be sure he will get an answer. Eichmann will be alone with his memories—whatever they are.

The courthouse—a community center converted into a hall of justice—was opened to the press Sunday. There are reporters here from the ends of the earth but no one could recall a legal proceeding—not even the Nuremberg war crimes trials—where security measures were so tight. Israel is determined to keep Eichmann alive until justice has run its course.

Urban Renewal Act Opposed

Proposed urban renewal legislation for Sanford appeared to be stopped cold in its track before it even got to first base Sunday when State Reps. Mack Cleveland Jr. and Gordon Frederick said they are opposed to the plan. The proposal, sponsored by the Downtown Improvement Committee of the Chamber of Commerce was expected to be considered by the City Commission tonight. If the commission favored the plan it was to be sent to the legislative delegation now in Tallahassee for introduction into the House of Representatives. Both Cleveland and Frederick said they opposed the project on the grounds that the city has not the right

to take over private property and lease or transfer it. Under the plan, which is designed to clean up blighted areas, the city may sell, lease or transfer real property for residential, recreation, commercial, industrial or for public use. The main purpose of the bill is to prevent the spread of blight in the city and to create rehabilitation or conservation of slum areas by replanning, removing congestion, providing parks, playgrounds and other public improvements. The bill is based on the Tampa urban renewal project.

Cabin Cruiser Found; Missing Since Sunday

A 26-foot cabin cruiser with seven persons aboard and missing since Sunday morning was spotted late this morning by Civil Air Patrol planes.

All seven aboard were safe but "hungry and cold." CAP authorities said.

The boat left Sanford Friday morning on the annual Silver Dollar Cruise and was supposed to return Sunday morning. CAP planes and a helicopter from the Sanford Naval Air Station spotted the craft near Astor.

The motor on the craft had conked out and the boat drifted for many hours, Maj. Richard Lockman of the Orlando CAP said.

An extensive search by CAP aircraft started early this morning in the St. John's, Lake George and Silver Springs areas.

At 10 a. m. the vessel was sighted and boats from the Astor fishing camps moved to the scene and the cruiser was towed into Astor.

The names of the persons aboard were not known at press time. All were believed from the Orlando and Winter Garden areas.

Jaycee Polio Shot Day Set

The second in a series of polio shots will be given at the Jaycee Information Building on French Ave., from 9 a. m. to 5 p. m. Saturday. Jaycee Polio Shot Chairman Bud Stewart announced today.

The procedures will be the same as the first shots, which were held one month ago. All shots will be given by registered nurses, under a doctor's supervision and there will be a charge of \$1 for each shot.

3 Local Bills House Bound

Three Seminole County local bills will be introduced into the House the first of this week, State Reps. Mack Cleveland Jr. and Gordon Frederick said Sunday. The first of 20 local bills to be introduced will be the staggering of terms for Oviedo councilmen. At the present time, five Oviedo councilmen are elected at the same time to two year terms. The legislators also reported that two school board bills—an in-

Stage Set In House For Pay Raise Row

crease in Supt. of Schools R. T. Milwee's salary and a group insurance plan for all teaching personnel will be introduced the first of the week. Cleveland said that the proposed drainage levy bill has not even been drafted yet by the two legislators but they plan to start work on it this week. He also said that a special act for a combined Sanford-County tax roll may be introduced later in the week or early next week.

Jaycee Officers Qualifications Close

Candidates who have qualified for the 1961-62 officers and directors of the Sanford Seminole Jaycees are as follows:

For president: Glenn McCall, Garnett White and Jack Wilber. First vice president, Bob Drabik and Tom Lergen, Second vice president, Leo Kerwin and Stuart Steison, Secretary, Hammond Polk, Directors, Lloyd Birge, Bob Jernstedt, Ed Taft, and Charles Teichenbaum. The first big rally will be the Thursday luncheon meeting at the Civic Center, and each candidate will be allowed a brief opportunity to speak on their candidacy. The candidates are going all out in a full-fledged political campaign, complete with signs, cards and gimmicks, handshaking and back-slapping.

A second big rally will be held April 18 at the American Legion Bldg. with more speeches, get the vote drives and refreshments.

Demo Women Schedule Meet

The Democratic Women's Club will hold their regular monthly meeting at the Court House, Wednesday at 7:30 p. m. with an executive board meeting preceding at 7 p. m. Mrs. Ruth Hamilton, vice president will preside in the absence of President Ruth Gallagher, who is out of town.

The Sanford Lions Club will meet Tuesday noon at the Sea Shell Restaurant. Jim Rubson has charge of the program.

187 Feared Lost As Ship Sinks

BAHREIN, Persian Gulf (UPI)—A British cargo-passenger ship ravaged by explosions and fire sank in the Persian Gulf today while being towed into port. Officials feared 187 persons were lost. No one was aboard the twisted, blackened hulk of the 5,030 ton liner Dara when it slipped beneath the water.

But of the more than 700 passengers and crewmen who had fled the flaming ship in a Friday night of terror, 187 still were missing today. A British official here said there appeared to be little hope for them.

The ship sank in shallow waters off Ras Al-Ahalmah. Most of the passengers were Indians and Pakistanis but there also had been an undetermined number of Americans aboard. The British resident official here said there appeared to have been 752 persons aboard the ship when the fire broke out—550 regular passengers, 130 officers and crewmen and the rest tally clerks, merchants and laborers from the port of Dubai.

Rescue officials counted 565 persons known to have been saved.

Five Killed

SOUTH BOSTON, Va. (UPI)—A speeding automobile rushing a sick child to a hospital collided with a tractor-trailer truck Sunday night on a rain-slick highway, killing five persons, including the sick boy.

Circusland Offers To Take Landmark

The City Manager's office has been barraged by offers from organizations and citizens willing to take the downtown clock off the city's hands if the commission tonight should decide to remove the 30-year-old landmark.

The most concrete offer according to City Manager W. E. Knowles, came from Circusland offering to remove the clock and put it on a permanent site on the Circusland property outside Sanford.

One resident of Orlando also called the City Manager's office

saying he wanted it for his wife's garden.

Last Thursday night the City Planning and Zoning Commission agreed to recommend to the City Commission that the clock be removed.

The board called the clock "a nuisance and traffic hazard." The landmark was donated to the city by Abe Moses in 1931. It was in the Sanford Atlantic Bank building at the time and Moses agreed to give the clock to the city after a request by local merchants.

The son of Moses, Morris Moses, said this morning that he doesn't think it should be removed.

"I'm asking all my friends to appear before the commission tonight urging them not to remove the clock.

The commission meeting is scheduled for 8 p. m. Four years ago a similar request to remove the clock was made but the City Commission denied the request on the heels of a swarm of protests.

Cancer Society Ready To Kick Off Drive Here

The sound of ringing doorbells will signal the start of the 1961 Crusade of the American Cancer Society here today.

Volunteers of the Seminole County Unit of the American Cancer Society will call on homes and friends and neighbors to distribute educational leaflets which could save their lives, according to Mrs. Pat Largen,

chairwoman of the Seminole Cancer Crusade.

"I hope every door in the community will be open to welcome our Crusaders in April," Mrs. Largen said. "If everyone followed the advice contained in the leaflet to be left in each home, more than 85,000 lives could be saved. This is the number of men, women and children who die of cancer in the United States

each year but who could have been saved by heeding the simple advice stressed in the American Cancer Society's educational program."

Mrs. Largen said the best protection against cancer was to have annual health checkups and to get speedy medical attention at the earliest sign or suspicion of any of cancer's seven danger signals.

Pointing out that at least one half of all those who get cancer could be cured through early detection and proper treatment, Mrs. Largen said that the American Cancer Society could make this goal a reality if it had enough funds to do the job. "The Society was mainly responsible," she said, "for the dramatic rise in the cancer cure rate. Twenty years ago only one out of seven who developed cancer was saved; today it is one out of three. With adequate public support and personal action it could be one out of two."

Money raised in the Crusade will not be used to step up educational programs, but to provide service for cancer patients

and to support research of scientists who are working unceasingly for a cancer cure or prevention. Progress in cancer research can only go as fast as funds are available.

Mrs. Largen announced on the eve of the Crusade that more than 1,000 volunteers were ready to go into action in Seminole County. They have been assigned to work on one of several committees, under the following chairmen:

- John Spolski—Publicity.
- Mrs. W. H. Kinnard—Film Showings.
- Mr. Gene Tucker—Trades and Industry.
- Mrs. W. H. Kinnard—Navy Wives Organized Groups.

First Coin Club Meet Scheduled For Tonight

A Coin Club is being organized in Seminole County, under the direction of Arthur Rhodes.

The first meeting will be held today from 7 to 10 p. m. in the First Federal Bank Lounge and is open to young and old alike, who are interested in the hobby of coin-collecting.

Rhodes reports that a great deal of interest has been shown around the county in this organization and invites everyone especially Navy people to come and get acquainted at this initial meet.

Ambergis is obtained from the sperm whale.

Controversial Tobacco-Growing Chemical Report Congress Bound

WASHINGTON (UPI)—An Agricultural Department research report on the use of a controversial tobacco-growing chemical may be sent to Congress late this week, or next week.

The chemical, called MHSO, is used to control the growth of suckers on the tobacco plant. Some tobacco industry officials have complained that the use of the chemical lowers the quality of tobacco. There have been demands that the government take steps to discourage its use.

A House subcommittee asked the department to settle the question by making a scientific study of the effect of the chemical on tobacco quality.

Informed sources on Capitol Hill say the report now is expected to be ready for the subcommittee about April 15. Any government action dealing with the use of the chemical would depend largely on what the report says.

Francis Hopkinson's "seven songs" is said to be the first book of music to be published by an American composer.

Kennedy's Presence Credited With Ending Restaurant Segregation In Virginia Town

MIDDLEBURG, Va. (UPI)—President Kennedy's presence as a weekend resident here was credited today with speeding desegregation of restaurants in this small Virginia town.

Middleburg restaurant owners said they now would serve any Negro who patronized their establishments.

Kennedy was spending the weekend here with his family when the integration was achieved—though not through any personal intervention. The President planned to return to Washington this morning.

The peaceful transition from segregated to non-segregated restaurants in Middleburg was accomplished by Kennedy's parish priest who acted as a mediator.

The Rev. Albert F. Pereira of Leesburg, Va., began negotiating for integrated eating places in Middleburg after Negroes threatened sit-in demonstrations timed to coincide with the President's visit to Glen Ora, the nearby estate he has leased.

Father Pereira was asked to arbitrate the racial dispute by William McKay Jackson, head of the local chapter of the National Association for the Advancement of Colored People.

There also were unconfirmed reports that a Negro servant from Kennedy's estate had been refused lunch counter service in town, and the President had heard of it.

The President's first tacking of the priest's successful efforts was when he went to Mass Sunday. He heard Father Pereira thank the ministers, officials, drug store owners and Negro leads of Middleburg for "amicably working out the first phase of broadening the association and communication between the races."

The new integration policy passed its first test Saturday when two young Negro men sat at the lunch counters of the Tally Ho Inn and the Middleburg Pharmacy, and were served.

Mr. J. C. Stapler Buried Here Today

Mr. James Clark Stapler, 71, died Friday in a Belle Glade hospital as the result of a tractor accident which took place there on Thursday.

Leesburg Golfer Captures Spencer Tourney

Kelley Second

Leesburg's Jack Bumgarner after a slow start, picked up steam Sunday and shot an amazing 72 to capture the seventh annual Spencer Golf Tournament here.

In second place was Al Kelley, one stroke behind with a 284 total compared to Bumgarner's 287.

"I guess I couldn't do anything wrong today," Bumgarner said Sunday as he headed the final round of play.

The biggest surprise was Leon Kazanas who set a torrid pace the first two days of the tournament but ended up with an 85 Sunday to put himself out of the running.

In third place was Gene Witzel with a total 291 followed by Ed Kirkland, 293; Jack Shubert, 295 and Dr. Harold Ring, 298.

Ring had been favored to take the play.

Other class A finishers were Tom Amidon, 297; Kazanas, 301; Jim Spencer, 303; George Herndon, 304; Mac Eris, 308; Chester Thomas, 308; Jack Byrd, 308; Key Seales, 305 and Lary Blake, 321.

In a first flight playoff, Ed Levy defeated Harry Cushing, one up.

In first flight consolation, R. D. Thomas defeated Bill Malczowski, one up.

Second flight playoff saw Dick Mercier defeat Art Wesker and consolation, Dr. John Epps defeated O. P. Herndon.

In the B division, Gene Kasinger had a 314; Sam Porter, 314 with Kasinger taking the playoff; Jack Allen, 315; Bill Foulk, 317; Walter Leach, 318; Joe Patrick, 319; Jim Hamilton, 320; Doc Trautner, 320; Carroll Hirst, 322; Harry Tooke, 325; Arthur Dickinson, 328; Abe Fennell 328.

ROY HENDRICKS AND 8 1/2 POUND BASS he landed Saturday morning at Camp Seminole on the Wekiva River.

Bait Box

That weekend cold weather encouraged a lot of fishermen and boaters to stay home, but many who did go fishing were well rewarded.

Especially interesting was the sudden increase in bass catches in the Wekiva River—and the sizes were worth noting too.

Roy Hendricks pulled in an eight and a quarter pounder near Camp Seminole and several five pounders were listed at Wekiva River Haven.

The one caught by Hendricks Saturday morning brought on a

weekend of good-natured ribbing for Wilbur Brewer, operator of the camp.

For some time Brewer had caught larger fish than the customers, most of them longtime friends, and he got to kidding them about the sizes of their strings.

"Just let everybody know that ole Wilbur has been put in the shade real good," was their request.

So it's back to the old spinning rod for Brewer.

One of the anglers on the Wekiva has just financed himself a new kicker and some of the old hands were teasing him about his lack of familiarity with it.

"He doesn't even know how much it weighs," one said.

"Well, I know one thing," was the reply. "The payment book weighs at least a pound."

Durzo Takes Flag Tourney

The results of the Flag Tournament held by the Sanford Women's Golf Assn., finds Hazel Durzo winner in the Class A field, Harriett Williams in Class B, Jane McKibbin in Class C and Syd Schirard in Class D.

The April 5 medal play-off handicap tournament was also won by Hazel Durzo with a net 76 in the Class A, Jackie Crawford took the Class B with a net 74.

Lila Wolf in Class C, came in with a net 78 and in Class D the winner, was Syd Schirard with a net 83.

Members of the Mayfair Country Club are looking forward to the annual Singles and Doubles Tournament to be held on Sunday April 16. After the play there will be a steak cookout, with prizes to be awarded. Everyone is to meet on the first tee that day and make up their own foursomes.

CPO Cops Four For Hi-Nooners

In the Hi-Nooners League the CPO Wives won four points from the Monroe Harbor team and are now tied for first place with Al's Barber Shop, as they dropped four points to Big Dip.

Smith's Amoco won four points from Dawn's Beauty Salon. Helen Kaella put together five strikes to bowl a 215 and help North Orlando Homes win four points from Shoemaker Construction.

Kathy Gray also bowled a 201 to aid Sienstrom Realty win three points from the Capri.

Appleby's Leads Mixed Loop Play

The lead in The Thursday Nite Mixed League is just reversed after last week's play, with Appleby's Restaurant now leading B. Edwards Builders Supplies by two games.

Appleby's now have 81 to Edwards' 79, but one more chance remains for the Suppliers, as they meet the same opponents this coming Thursday, which is position night, and the last night of league play.

Harry Pentecost was the big spark for Appleby's as he posted three big ones, 213, 232, and 211 to give him high scratch series for the season.

DeBary Pharmacy and Steinmeyer Roofing are tied for third place, with DeBary having the advantage of total pinfall. Powell's Office Supply has fourth, followed by Town & Country TV Service, Sanford Mfg. Co., Food Fair, Pryor's State Farm Ins., and Dynatronics, Inc.

Individual high scores were Margie Woods, 170 average, Ann Conklin, scratch, 370; Ruth Phillips, scratch 253; Betty Thomas, high series 619, and Vicki Carter, high handicap game, 232.

Senators Take Grapefruit Loop Title

United Press International
 The new Washington Senators won the Grapefruit League championship and the Chicago Cubs wound up with the best percentage in the Cactus League, which proves just one thing: Don't put too much stock in spring exhibition games.

And if you need any more proof, the New York Yankees, favored to win the American League pennant, had the next-to-worst win-loss record of the 18 major league clubs as the exhibition barnstorming ended. The Yankees won 9 and lost 19. Only the Los Angeles Angels 4-9 had a poorer mark.

Pittsburgh's world champion Pirates actually finished with the best record for a club that played a full slate of games against major league competition. The Pirates won 18 and lost 11 for a .621 percentage. The Senators, who played only 12 major league opponents, won 8 and lost 4 for .667.

Coach Mickey Vernon's Senators, who meet the Chicago White Sox in the presidential opening game at Washington today, lost their final exhibition

game Sunday when they were shut out by the Boston Red Sox, 6-0, at Winston-Salem, N. C.

Right-hander Billy Stuffer, who had not pitched for three weeks because of a sore arm, held the Senators to three hits in a game curtailed by rain at the end of six innings.

In other games played Sunday, the Kansas City Athletics edged the Detroit Tigers, 3-2, in a game called after five innings because of rain; the Minnesota Twins defeated the Baltimore Orioles, 7-2; the

San Francisco Giants beat the Cleveland Indians, 4-1; the Philadelphia Phils knocked off the Pirates, 4-2, and the Los Angeles Dodgers rallied to beat the San Diego Padres of the Pacific Coast League, 2-1.

Four games were cancelled because of poor weather. These were the Yankees vs. the St. Louis Cardinals; Cubs vs. the White Sox at Chicago; the Cincinnati Reds vs. the Milwaukee Braves, and the Los Angeles Angels vs. the Dodgers' minor league stars.

Aaron, Law Rated Tops In NL

NEW YORK (UPI) — Hank Aaron of the Milwaukee Braves and Vern Law of the Pittsburgh Pirates were picked Sunday to be the individual batting and pitching stars of the 1961 National League season.

The selections were made in a survey of 37 baseball experts, all of whom viewed the big league teams in action this spring. The UPI's board of experts was made up of three writers or broadcasters covering each of the 18 teams in addition to UPI sports editor Leo H. Peterson and UPI sports-

writers Milton Richman and Norman Miller.

The consensus of the experts was that 1960 was just an "off year" for Aaron but the culmination of Law's rise to stardom.

Aaron, a two-time NL batting champion, hit only .292 last season but the experts see him rebounding to enjoy a campaign more like the ones he had in 1956 and 1959 when he won titles. Hammerin' Hank hit .328 to win his first title in 1956 and .355 to win his second in '59.

Rain May Kill Palmer's Chance In Masters Play

AUGUSTA, Ga. (UPI) — The rain may have helped the farmers — and Gary Player — but defending champion Arnold Palmer felt today it may have cost him his third Masters championship.

"I thought I had it," said Palmer when rain washed out what was scheduled to be the final round of the tournament Sunday after he had cut Player's lead to two strokes.

"I was very happy to quit," said Player.

So today they go it again with Player, the little South African with the Midas touch, four strokes ahead of Palmer, who is seeking to become the first golfer in history to win the Masters

two years in a row. Player had just bogeyed the 11th hole when the rain became too heavy that play was halted. About a half-hour later the round was postponed with all of the scraps of Sunday's play washed out.

TWO SONS who bring a gleam of pride to their parents eyes are Howard and Johnny Allred of Sanford.

Both graduated from Seminole High with honors and have gone on to college to continue their outstanding records of achievement.

Howard graduated from Clemson last year with honors, having attended on a Merit Scholarship.

As Howard was graduating, Johnny entered Clemson for his freshman year and already has gotten off to a flying start with a straight "A" score for the first two quarters of the year.

While attending Seminole High Johnny was well known for his athletic prowess and was a valuable member of the football, basketball and track teams, as well as a member of the Key Club and the National Honor Society and VP of the Science Club.

Howard was also a Key Club and Honor Society member and a delegate to Boy's State. He also attended Science Camp at Gainesville one year. While at Clemson, where he studied civil engineering, as does brother John, he spent two summers working in Greenland with the J. A. Jones Construction Co. of Charlotte, N. C.

Howard is now attending the University of Florida on a teaching assistantship and working on his Masters Degree in civil engineering.

The boys' father, S. D. Allred, is a long distance driver with the Blythe Motor Lines and Mrs. Allred works at the Westside School. "We don't want folks to think that we are bragging," said Mrs. Allred, "but we are just so proud of Howard and Johnny."

She was assured, that though parents may encourage and advise their children, such honors as these boys have merited have been the results of their own hard work and initiative.

WORD HAS BEEN RECEIVED from former Sanfordite, Ann Sleszkowski, who moved to Memphis when the Navy transferred her husband there.

Ann writes that she and husband Joe have joined a Little Theatre group there and are starting rehearsals for a presentation of "South Pacific." She does not say what parts they will play, but goes on to tell about the coming-up Cotton Carnival, an annual event of May in that city. Ann has been asked to sing at one of the social events and will also do a fashion show with the Maid of Cotton.

She writes that they miss Sanford very much, but keep up with activities here through their subscription to the Sanford Herald.

RECENT WEEKEND VISITORS to town who were received with open arms were Jeanne and Jerry Warnke and daughters, who were here over the Palm Sunday weekend and stayed with Doris and Doc Faulkner.

It was quite a homecoming at the Methodist Church Sunday morning when they arrived and were warmly welcomed by the Castle Memorial Sunday School Class and all their friends there. Both looked well and happy and were feted with dinner parties while here.

Ann and Ben Howland had them for dinner one night, along with a number of other friends and all had a gay time reminiscing and catching up on the news and recent happenings of the past two months since the Warnkes moved to Jacksonville.

Doris and Doc had friends in for an evening, too, and enjoyed "fellowshipping together."

Jeanne dropped in at the Herald office to see all the old gang here where she used to work and promises to return to Sanford again soon.

engineering. Mrs. Ruth Hamilton and Mrs. Hodeen took him to Gainesville, last week.

Mrs. Fred Bittline is looking forward to a visit by her mother, Mrs. L. E. Stansell of Miami. She plans to arrive in Longwood April 15 when she returns from attending the Grand Chapter of the Order of Eastern Star in Jacksonville. Mrs. Stansell, who is a Past Matron, will serve at the Grand Chapter.

Butch Eldridge, son of Mr. and Mrs. Hixon Eldridge, was honored on his eighth birthday with a party. Rickey Pyne, Craig Young and Robert Eldridge helped him celebrate and eat the birthday cake and ice cream. His sister, Pamela, supervised the game period.

The Lyman High School Chorus, under the direction of Mrs. Willis Benson, entertained the members, recently, with numerous selections by individuals and groups. The program was thoroughly enjoyed by all.

Mrs. Russell Kitner was hostess to the monthly meeting of the Woman's Society of Christian Church at her home 1806 Holly Ave.

Members assembled for a covered dish luncheon, followed by the program. Mrs. Scotty Hamesley presented the program, using as her subject "Woman's changing role."

Mrs. Robert Bennett read the Bible story of Mary and Martha. Members engaged in an active discussion on the various phases of the problems of women who take on active parts in world affairs.

There is the problem of the young mothers, the family life that has changed through the years, more children with less help, families moving more often, the fears of teenagers for the future, and the matter of conformity.

The program concluded with the discussion of the danger of mental and spiritual stagnation.

Mrs. John Dominey presided at the business session. Main item of business for the day was the election of officers for the coming year.

The following slate of officers were presented by the nominating committee and elected: Mrs. C. E. Williams, president; Mrs. J. R. Dominey, vice president; Mrs. D. G. Sweeney, secretary and Mrs. R. A. Bennett, treasurer.

Promotion secretaries of the various departments are Mrs. R. H. Kitner, promotion; Mrs. W. G. Thompson, missionary and education; Mrs. R. E. Ashlin and Mrs. B. L. Adams, Christian social relations.

Mrs. W. T. Parsons, student and youth work; Mrs. Hammenley, children's work; Mrs. J. M. Leonard, spiritual life and Mrs. Stanley Wiseman, literature and publications.

Mrs. Roy Wall, chairman of local church activities; Mrs. M. E. Clark, publicity chairman and Mrs. R. M. Jones, courtesy chairman. Mrs. H.D. Klay and Mrs. Charles Clemmer were named chairmen of the two evening circles and Mrs. Dominey chairman of the morning circle.

The Gold Bond project was presented and cards signed by those willing to help add up points for merchandise for the kitchen.

Mrs. Bennett announced that a plastic party is scheduled for May 2, at 8 p.m. at the church. Mrs. Dominey reminded the members of the officer's training school to be held in DeLand, May 4 from 9:30 a.m. to 1 p.m.

The morning circle will meet tomorrow with Mrs. Dominey at 10 a.m. and the evening circles will meet April 24 with Mrs. I. J. Butler Jr. at her home in Pinecrest.

Due to the increase in membership of the evening circle, it will be divided into two circles at the beginning of the new year.

Cuban Exiles Prepare For Castro Overthrow

EDITOR'S NOTE: The writer of the following dispatch was UPI bureau manager in Cuba from the end of 1960 to the end of 1961, shortly before the United States broke diplomatic relations with the Castro regime. He previously covered Caribbean affairs from San Juan and has reported from many other Latin American capitals.

By MATTHEW T. KENNY
NEW YORK (UPI)—The dramatic "call to arms" by Cuban exile leaders over the weekend signals the beginning of a do-or-die assault on Fidel Castro's Communist-backed regime from within and without.

In New York, Washington, Miami, Key West, Fla., New Orleans and Central American capitals the secret liaison which links anti-Castro forces has set in motion the preparatory machinery for attack.

There now is no turning back for thousands of armed Castro foes. They have pledged themselves to overthrow the bearded 36th of July revolutionary leader whom they followed to victory over dictator Fulgencio Batista 28 months ago.

If they fail, Castro will reign supreme in Cuba and be in a better position to spur his anti-U. S. movement throughout the hemisphere.

From secret bases the flow of arms and men into the island has been under way. But it now has rolled into high gear, informants said.

"D-Day against Castro is not far off," one source said.

This was interpreted to mean any time between now and early June.

"By summer, we hope to be able to go swimming again in Cuba," this informant said.

Most Cubans, despite the trop-

ical climate of their island nation, only use their famous beaches during June, July and August.

Some quarters believe the big attack on Castro could come before May Day. He has made that day into a time for islandwide anti-American "celebrations" of

his government's new friendship with the Soviet Union, Communist China, and their satellites.

Others see a definite all-out eruption of massive sabotage, guerrilla landings, and a "sun-burst" of hard assaults at avareous key points on the island by May 20, which Cuba marks as the anniversary of its birth as a republic in 1902.

Terrorism continued at its steady pace in Cuba as the exile leaders' manifesto was released. In Miami, a group of some 35 anti-Castro airplane pilots departed Sunday night for a flight training camp believed to be located in Central America.

At Tavernier, Florida, two anti-Castro Cubans were arrested by U. S. authorities and charged with operating a radio station without a federal license. The Federal Communications Commission said agents traced radio signals to the 60-foot Florida yacht "Calypso" anchored 90 miles south of Miami in the Florida Keys.

In New York, some 350 volunteers—all Cubans—planned to leave today aboard special buses for training maneuvers at an undisclosed site. In New Orleans, unusual activity was reported among the exile underground.

The Revolutionary Council is in effect an unofficial government in exile and represents nearly all of the many anti-Castro political factions.

Miro Cardona and his council "cabinet" plan to set up a "government in arms" in Cuba as soon as they can land after the attack on Castro has begun. This would enable them to be recognized by friendly governments, particularly the United States.

"To arms, Cubans!" Miro Cardona said in his manifesto Saturday. "We must conquer or we shall die choked by slavery."

DR. BROTHERS
Health Director
To Speak To Group

The annual meeting of the Seminole Tuberculosis and Health Assn. will be held Tuesday at 8 p. m. at the Seminole County Health Department, 900 French Ave.

Dr. Clyde L. Brothers, director of the health department, will be the guest speaker.

The public is invited to attend. Following the meeting a tour of the new building will be conducted.

Realtors Prepare For Week Of Observance

The Seminole County Board of Realtors is preparing for observance of Realtors Week, already officially proclaimed by Gov. Bryant for April 23-29.

Parts of the realtor's operation is the Realtor's Code of Ethics, which will be explained in a series of articles in the public interest by the local board. Here is the first.

This code was officially adopted by the National Assn. of Real Estate Boards at its national convention in Winnipeg in 1913.

It has been changed by amendment at seven subsequent national conventions, the last in 1956. Essentially, however, the code of today is but a modernized and more detailed rephrasing of early provisions.

Through the years the code has become increasingly important, not only as a guide to the realtor's business and professional conduct, but as a basis for disciplinary action, as local boards insist that its precepts should be adhered to strictly by members in their relations with fellow realtors, with clients and with the public.

It was realized that violations by one realtor could reflect on all; that public acceptance and confidence could be obtained only as individuals and boards demonstrate their acceptance and, if necessary, their enforcement of its precepts.

ARTICLE 1. The realtor should keep himself informed as to movements affecting real estate in his community, state and the nation, so that he may be able to contribute to public thinking

on matters of taxation, legislation, land use, city planning, and other questions affecting property interests.

ARTICLE 2. It is the duty of realtors to be well informed on current market conditions in order to be in a position to advise his clients as to the fair market price.

Both of these Articles appear to be directory insofar as they apply to the realtor's relation to the public. However, should the realtor's failure to keep himself informed result in the mishandling of a transaction he would then be subject to discipline under the terms of Article 12 for having thus failed to protect the interests of his client, as Article 12 states "in justice to those who place their interests in his hands, the realtor should endeavor al-

ways to be informed regarding the law, proposed legislation, legal orders, issues, and other essential facts and the public policies which affect those interests."

It is obvious that a realtor who is active in business soon will be in trouble with his clients if he fails to keep himself informed as he is admonished to do by these articles.

The obligation here is in the interest of the public, and if his lack of information should so warp his judgment as to bring him into conflict with the interests of his client under Article 12, his standing as a realtor would become in jeopardy. So the admonition is that members be informed and it is the duty of the Board to help its members meet these requirements.

Glee Club Sets Show

"The Golden Trail," a three-act comedy operetta is being presented by the Seminole High School Glee Club, Friday at 8 p. m. in the auditorium. The setting is in the old West and the plot centers around a

stolen shipment of gold. The arrival of an emigrant wagon train plays a big part in the story also and the cast will be colorful with characters in the roles of miners, emigrants and bandits.

There will be dancing as well as singing, with choreography by Deanna Nichols and Barbara Wimberly.

The main cast of characters will include, Charles Raburn, Suzanne Jones, Deanna Nichols, Bill Johnson, Bill Phagap, Alison Blake, Tony Sulpezio, Ronnie Getman, Ralph Donley, Phyllis McDaniel, John Lake, Alan Al-

bers, George Cameron, Larry Morrison and Gary Rowell.

Correction

The Jewish Passover service program at the Civic Center Sunday was not sponsored by the Congregational Beth Israel Church as was reported in Friday's Herald.
