## Mihailovic Admits Meeting With Nazis

### Chetnik Leader Says Parley Followed German Offensive Against His Troops

BELGRADE, June 11. (AP)—The treason trial of General Draza Mihailovic moved into its second day with an admission from the Chetnik leader that he had met with the Germans in 1941. The meeting, he said, occurred in the second half of November, and followed a German attack against him with five divisions.

When asked by the court whether he pleaded guilty or not guilty, Mihailovic refused to answer, instead repeating over and over: "I do not feel guilty."

In contrast to yesterday's session, which was taken up almost entirely by the lengthy reading of the indictment, today's session was marked by numerous clashes between the court and the defense attorneys. Mihailovic acknowledged that he had received a message from the British asking him to fight for Yugoslavia and not for the Communists. He also confirmed that his forces had attacked partisan groups because, he said, the partisans were plundering villages.

While the Belgrade trial proceeded, the international war crime tribunal in Nuremberg heard former Nazi High Commissioner for the Netherlands, Arthur Seyss-Inquart, attempt to defend his actions in the low countries. Seyss-Inquart declared that if he had not refused to carry out orders for the annihilation of Jews, the whole country would have been submerged.

In Japan, meanwhile, defense lawyers for former Premier Hideki Tojo and his associates are preparing their case for the opening of the Tokyo trials on Thursday. Tojo's attorney says the wartime premier will accept full responsibility for starting the Pacific war, and will argue international custom grants Emperor Hirohito and his war cabinet full immunity.

### Stalin Pallbearer At Funeral

AT THE HEAD OF THE honorary pallbearers carrying the remains of Mikhail Katim, the late president of the Soviet Union, are Premier Josef Stalin (right) and Vyacheslav Molotov. The funeral procession was on its way to the Kremlin Hall in Moscow.

## City Hikes Real Estate Assessments

### Commissioners Ask Contract For Installation of 275 Parking Meters

Increase in assessed valuations for the 1946 City tax roll were approved by the City Commission at its meeting Monday evening. H. N. Sayer, City manager and tax assessor pointed out that the assessments should be in line with increases in property values.

The increase in assessments will be 10 percent on business property, 20 percent on residential property and 150 percent on vacant property, said Mr. Sayer.

Availability of an all-time downtown parking meters, the inclusion of girls and little children in the City recreation program; the selection of a site for a negro recreation center, and the granting of permission to real dealers to state freely slaughtered meat between inspection dates, were the principal topics discussed at the meeting.

A representative of M. H. Rhodes Inc. was instructed to draw up a contract for installation of 275 parking meters in the downtown section. The contract will be taken up for approval at the next meeting on June 24. City Attorney Fred R. Wilson was instructed to draw up an ordinance for control of parking meters.

The Rhodes agent outlined a plan whereby the meters would be installed for a 12-month trial to determine if they are needed, come on the meters, particularly by the Post Office, would operate for 12 months on a one-cent basis. Other meters would allow long-term parking, with 10 minutes for five cents, or five cents for 20 minutes, or five cents for 30 minutes. Each meter installed would cost \$58 on a self-paying basis of 50 percent of the parking revenue going to the company until paid for, after which revenues estimated at from \$10 to \$15 a year would go to the City.

It was pointed out that the present police practice of marking cars was laborious and only partially effective due to lack of maintenance to each individual, and that revenue coming to the City would be for the benefit of all citizens.

A proposition to include girls and small children, as well as boys, in the City recreation program was presented to the commission by Jack Rutigan in behalf of the Junior Chamber of Commerce of which he is president. The Javices, he said, would pay the expense of the program over and above what the City had already budgeted for the purpose. The Commissioner decided to call a meeting of the City Recreation Committee, C. Kettles, recreation director, to get with Javices in order to make up this program.

Among sites considered for a new recreational center was the property acquired for this purpose by the City at the square bounded by Laurel and Hay Aves. and between Fourth and Sixth Streets.

At the request of R. R. Beck the Monday Thursday inspection schedule for freshly slaughtered meat was changed to Tuesday and Thursday, and dealers are notified to store and meet between inspection dates. Butchers are instructed in such cases to get a permit at the City Hall, and show when and where the meat was placed in storage, said Mr. Sayer.

The inspection of inspection days will not require a permit.

W. S. Earle was employed to register sites designated as spill areas by U. S. engineers in connection with the deepening of the St. John's River, and to contact local owners regarding the same. All local dairies were reported by Grady Duncan to be meeting Grade A milk requirements.

## President Truman Vetoes Case Labor Disputes Bill

### Lobby Of Hotel Where Fifteen Died

DEBRIS is scattered through the lobby of the old Canfield Hotel in damage from fire which started in the lobby. The fire started in the lobby and spread rapidly through the building and its six-story annex.

### Action Of Nation's Chief Executive Upheld In House Of Representatives

WASHINGTON, June 11. (AP)—The House this afternoon upheld President Truman's veto of the Case Labor Disputes Bill. The House action thereby killed the measure, at least temporarily.

WASHINGTON, June 11. (AP)—President Truman has vetoed the Case Labor Disputes Bill on grounds that it is incompatible with a peacetime democracy, in a peacetime democracy, the President declared in his veto message, men can not be compelled to work for a private employer. He said also, "strikes against private employes can not be ended by legislative decree." He asserted that the Case Bill would curtail the rights of workers and employers, and would have restricted strikes, lockouts, and the right of workers to strike.

Mr. Truman said his 1500 word veto message dealt with the House, where the legislation originated. He said the bill would curtail the rights of workers and employers, and would have restricted strikes, lockouts, and the right of workers to strike.

The chief executive compiled his veto with a plea for enactment of his own emergency strike control plan. This legislation proposes drastic emergency weapons for use against employes in the case of strikes.

Mr. Truman said that the Case Bill offers him his own blueprint for the future.

The Case Bill is a peacetime measure, he said, and it would affect not only vital industries, but every dispute, no matter how insignificant.

Furthermore, according to Mr. Truman, the Case Bill deals with subjects wholly unrelated to the subject of settling or preventing strikes.

Mr. Truman said that any of the major disputes which have occurred since the war have been settled by the use of the law of the land, and that he did not consider the Case Bill from the standpoint of whether it would favor or harm management.

In addition to calling for passage of his own emergency strike control plan, Mr. Truman urged a Senate and House study of the whole field of labor relations. He pleaded for enactment of his own blueprint for the future.

At the time of the veto, as well as at the time of the passage of the bill, the House could be passed over the veto by a two-thirds vote of the entire House. The House originally passed it 241 to 106. That is more than the needed two-thirds majority. The Senate, however, passed the legislation for the first time by a vote of 41 to 29, or less than two-thirds majority.

Also, there has been some talk in the House of attaching the measure to President Truman's own labor legislation if the Case veto should be sustained.

The Case Bill was written by Republican congressman Francis Case of South Dakota. It underwent many changes on the floor of the House and Senate. President Truman's veto came after vigorous pressure both for and against the measure.

## Iranian Foreign Office Reveals Settlement Of Azerbaijan Dispute

### Problem Which Once Threatened To Plunge Iran Into Civil War Is Ended Under Agreement Of Seven-Point Program

TEHRAN, June 11. (AP)—An Iranian Foreign Office spokesman has announced settlement of the Azerbaijan problem—a problem which at one time threatened to plunge Iran into civil war.

According to the Foreign Office spokesman, the question was settled on the basis of a seven-point program advanced some weeks ago by Iranian Premier Ahmed Qavam. Under the settlement, the so-called premier of Azerbaijan, Jafar Pishevari, will become Governor General of the province. The Azerbaijan Army and people's warships will be taken into the Iranian Army and Navy.

A government commission headed by Propaganda Minister Muzaffar Frouzi is said to have left Tehran for Tabriz to work out details for accepting Azerbaijan—which proclaimed its autonomy last November—back into the national government. Prince Frouzi is said to be traveling in a Soviet plane.

The Foreign Office spokesman says that the agreement for accepting Azerbaijan back into the national government was reached in secret conversations between commissions representing Azerbaijan and Iran.

In presenting its petition, attorneys for the St. Joe paper company whose plan for operation of the East Coast Railroad is being opposed by the Atlantic Coast Line, filed financial statements of those lines along with reports of the Seaboard railway and the Southern Railway.

The petition added that some post war evidence has not been available until after the close of the hearings.

The Interstate Commerce Commission has not announced what action it will take on the petition.

## Paper Firm Asks I.C.C. To Reopen F.E.C. Hearings

TAMPA, June 11. (AP)—Reorganization of the Florida East Coast Railroad came up for discussion again. The St. Joe Paper Company has filed a petition with the Interstate Commerce Commission in Washington for reopening of the record and hearing in the F.E.C. railroad reorganization proceeding.

The paper company made this move for the purpose of taking official notice of East Coast and Atlantic Coast Line Railroad net operating income reports for the first four months of 1946. The statistical reports were not available until after the close of the hearing the commission held some time ago.

In presenting its petition, attorneys for the St. Joe paper company whose plan for operation of the East Coast Railroad is being opposed by the Atlantic Coast Line, filed financial statements of those lines along with reports of the Seaboard railway and the Southern Railway.

The petition added that some post war evidence has not been available until after the close of the hearings.

The Interstate Commerce Commission has not announced what action it will take on the petition.

## House Passes Bill For Furlough Pay For Enlisted Men

WASHINGTON, June 11. (AP)—The House has passed another bill today to benefit ex-servicemen and women. It would give all enlisted personnel, including those discharged, pay for any furlough time they did not receive while in service. Congressmen estimate that 15,000,000 veterans would receive an average of \$250 under the legislation—if it is passed by the Senate and signed by President Truman.

The measure sets as a standard, two and a half days of furlough time each month up to a total of 120 days.

Payments are figured at the rate of base pay received at the time of discharge, plus allowances of not less than 70c a day.

## Settlement Predicted

WASHINGTON, June 11. (AP)—Labor Department conciliators are working against time in an effort to prevent a tieup of the nation's shipping by a strike set for Friday midnight. While Labor Department officials sought a compromise to break the deadlock, a high government official predicted settlement. The government official War Shipping Administrator Granville Conway said eastern ship owners are planning an offer and he added that he hoped to see something clear up today.

## French Team Upset

PARIS, June 11. (AP)—Yugoslavia upset France in Davis Cup tennis play today, 8 matches to 6. In the deciding match, Franja Puncic defeated Yvan Petra of France, 6-3, 3-6, 6-4, 7-5, 6-0. The Yugoslavs will meet the winners of the Sweden-Belgium match in the European Zone final.

## Berlin Conference

BERLIN, June 11. (AP)—A conference will be held in Berlin Thursday and Friday to discuss exchange of raw materials and other products between the American occupation zones. The conference will be attended by German Economic officials of the two zones. At the same time, the German food ministers of the American and British zones will meet at Hamburg to discuss their common food problems.

## First Meeting For Peace Held In China Today

### Effort Being Made To End Strife During 15-Day Truce

NANKING, June 11. (AP)—Chinese government and Communist leaders held their first direct meeting in many weeks today in continuing efforts to work out a permanent peace during the 15-day truce in the Chinese civil war.

The number was announced by Chou En-lai, chief of the Chinese Communist forces, who said the meeting was held in the presence of the Chinese minister of Communications Yu Tsi-wei following a previous conference between Chou and American envoy General George Marshall. Progress was indicated at today's meeting, between the two Chinese, but there was no definite announcement.

However, the fact that the Communications Minister conferred with Chou was regarded as significant. Restoration of communications lines throughout China is one of Chou's "basic conditions for a peace agreement" between the Nationalist Government and the Chinese Communists.

Meanwhile, both sides renewed charges of true violations in Manchuria and north central China. Observers in Nanking were inclined to blame the violations on lack of adequate communications facilities to inform opposing factions of the truce arranged in Nanking.

## Recovery Of Hessian Jewel Loot Caused War Department Headaches

### Army Must Decide What Is To Be Done With Treasure And Reach Decision On First Military Trial For High Stakes

WASHINGTON, June 11. (AP)—A high Army official says that the Hessian crown jewels will be returned to their owners. Major General Floyd Parks declared today that the crown jewels recovered from the Hessian Hotel fire disaster in Chicago, employed in the hotel's cocktail lounge, had been detected, he said, 12 days ago and reported it to a house detective who promptly phoned the claim in his presence.

WASHINGTON, June 11. (AP)—The military recovery of the \$1,000,000 Hessian crown jewels lost in the Hessian Hotel fire disaster in Chicago, employed in the hotel's cocktail lounge, had been detected, he said, 12 days ago and reported it to a house detective who promptly phoned the claim in his presence.

The Army Department is now in a dilemma as to what to do with the jewels. The department is also in a dilemma as to what to do with the jewels. The department is also in a dilemma as to what to do with the jewels.

## Ariko Is Selected As Sales Manager Of Phillips Firm

Dr. P. Phillips, president of the Dr. P. Phillips Cooperative, announced last night the promotion of John G. Ariko to the position of sales manager of the Cooperative, to succeed Gaynor Wiggins, veteran citrus sales executive, who has occupied this post for more than 22 years.

The new sales manager has a background of more than ten years in the citrus industry. He joined the Dr. Phillips organization early in 1935, and during the past two seasons has served as assistant sales manager of the Cooperative.

The retiring sales chief, Mr. Wiggins, began his citrus career 22 years ago when he entered the employ of Dr. Phillips.

## Monarchist Riot

NAPLES, June 11. (AP)—Another Monarchist demonstration has flared in Naples and turned into large scale rioting. Police and troops have turned rifles and automatic weapons on the crowd.

## U. S. May Aid Britain

WASHINGTON, June 11. (AP)—Secretary of State James F. Byrnes has disclosed that the United States is preparing to discuss with Britain what military help it might offer in Palestine. The American troops would be sent to Palestine to help maintain order during the period of Jewish immigration. British sources have suggested that if the two countries adopt the Anglo-American Committee recommendation that 100,000 Jews be admitted to Palestine, this country should provide military help for maintaining order.

## Willie's Execution Stayed

WASHINGTON, June 11. (AP)—The Supreme Court has revealed that yesterday's announcement that an appeal by Willie Francis, Louisiana negro whose electrocution did not materialize because of a mechanical failure, had been denied was an error. Today the high court has stayed the execution until it can hear the arguments on the appeal in October.

## Hotel Fire Witness

WITNESS Frank McCormack, 55, of the Fire Department, is conducting an investigation of the causes of the Hessian Hotel fire disaster in Chicago. McCormack, who is employed in the hotel's cocktail lounge, had been detected, he said, 12 days ago and reported it to a house detective who promptly phoned the claim in his presence.

## Watson Fires Shot

TALLAHASSEE, June 11. (AP)—In Tallahassee, a counter shot was fired today by Florida's Attorney General Tom Watson. The Supreme Court of the United States in Washington has refused Watson's request that it halt enforcement of OPA regulations and other wartime rules on the grounds that they are unconstitutional now that the war is over. In retaliation Watson says the Supreme Court action in this matter leaves the door wide open for individual suits "wherever our constitutional rights appear to be in process of disregard."

## Gouin Resigns

PARIS, June 11. (AP)—Provisional President Felix Gouin and his cabinet tendered their resignations today. It was a constitutional step to pave the way for formation of a new government.

## 10,000 Demonstrate

ROME, June 11. (AP)—10,000 Republican demonstrators today began a march on Via Minerva Palace the seat of the Italian government. They are protesting the cabinet's delay in proclaiming the end of the monarchy.

The United States Marine Corps band is shown above as it recently played on the steps of the Capitol building. A representative of the recruiting division of the Corps will be in Sanford on Thursday at the Post Office to interview applicants for enlistment in the Marine Corps.

## Miss Augusta Kathleen Clause Becomes The Bride Of Ens. Alfred S. Gramling

Miss Augusta Kathleen Clause, daughter of Mr. and Mrs. W. C. Clause, became the bride of Ens. Alfred S. Gramling in a wedding ceremony solemnized Sunday at 4:00 o'clock in the First Christian Church of this city. The Rev. Wm. P. Vesley officiated. The vows were spoken before an altar banked with ferns and flowers and tall lighted candles.

Preceding the ceremony, a procession of nuptial music was rendered by Miss Alona Grantham, Mrs. Jesse Cleveland, soloist, sang "Ab-Sweet Mystery of Life" and Martin S. Mesophy sang "Blessed Assurance."

The bride given in marriage by her father, W. C. Clause, was beautiful in a bridal gown fashioned with ivory lace bodice which terminated in a peplum over the full long open sateen skirt which ended in a light train. The dress featured a sweetheart neckline and long fitted sleeves. Her veil of bridal illusion was attached to a Juliet cap by sprays of orange blossoms. She wore a single strand of matched pearls, a gift from the bridegroom. The bride's bouquet was of white starlight roses centered with an orchid.

The matron of honor, Mrs. Harold Clause, sister-in-law of the bride, wore a gown of soft coral silk Jersey. Her bouquet was a

trussel of carnations, roses and gerbera daisies.

Miss Edna Bordeaux, of Fayetteville, N. C. was maid of honor and her gown was identical to that of the matron of honor. She also carried similar flowers.

Andrew Gramling, Jr. served as the best man and Lieut. (jg) Harold Clause, brother of the bride, and Clarence Gramling, brother of the groom served as ushers.

The mother of the bride was attired in a gown of aqua sheet and wore a corsage of carnations and sweetheart-roses. The mother of the groom wore Navy blue sheath with a corsage of pink carnations and roses.

Immediately following the ceremony a reception was held at the home of the bride's parents. The reception living room was festively decorated with "Summer" plants, ferns and spring flowers. The staircase was banked with ferns. The bride's table was laid with soft ivory lace and gleaming crystal. Tall white taper candles in crystal candleabra on either end of the large tiled wedding cake. A centerpiece of bride's roses and dahlias was used. The bride and groom and parents of each formed the receiving line. Mrs. George Wells, Mrs. Alva Johns and Mrs. Ray Eiler served as hostesses. Mrs.

## Party Is Given For Ingley And Butner

Mrs. J. L. Ingley entertained for her son Jimmie and Leo Butner, who celebrated their twenty-first birthday anniversary yesterday with a wimpy roast and swimming party at Sanlando Springs.

The group of young people enjoyed swimming and dancing and later a picnic lunch was served and they enjoyed roasting weiners. Mrs. Leo Ingley assisted Mrs. Ingley.

Approximately 16 of their friends enjoyed the party with them.

J. L. Horton registered the guests in the bride's book.

The bride chose for her traveling costume, a suit of navy blue and yellow. She wore an orchid corsage.

Mrs. Crumling, is a graduate of the Seminole High School class of '41 and until recently has been employed at the Sanford Naval Air Station.

Ens. Crumling was born in Orangeburg, S. C., the son of Mr. and Mrs. A. C. Gramling, Sr. He enlisted in the Navy in December, 1942 and was commis-

sioned at the University of South Carolina. Prior to that he held a position with The West Virginia Paper and Pulp Co. of Charleston.

He was twice president of the Christian Literary Society, and editor of the College Annual and a member of the University Play Club.

At a honeymoon in Southern Florida the couple will make their home in Charleston, S. C. where Ens. Crumling will return to civilian life and be connected with the West Virginia Paper and Pulp Wood Co. until September. At the Fall session Mr. Crumling plans to enter Clemson College where he will complete his final year of study.

Out-of-town were Mr. and Mrs. Andrew Gramling, Sr., Orangeburg, S. C.; Andrew Gramling and Clarence Gramling of Clemson University; Miss Sara Lee Guess, Clemson College, Lieut. (jg) and Mrs. Harold Clause, Norfolk, Va.; Laura and Fred Gramling of Orangeburg, S. C.; and Mr. and Mrs. A. C. Sherriff also of that city; Miss Edna Bordeaux of Fayetteville, N. C.; and Mrs. F. E. Dantzier, Miss 408 and Helen Dantzier of Winter Haven, Fla.

# Celery Feds Nose Out DeLand In Wild Contest, 16 To 14

## Locals Blast 20-Hit Attack Off Three DeLand Hurlers Last Night

### Sanford Enters 2-Game Series With Saints From St. Augustine Tonight At Park; Schantel Probable Pitcher For Feds

By JULIAN STENSTROM  
Herald Sports Editor

CONRAD PARK, DELAND, June 11—The Sanford Celery Feds added four more points to their healthy batting average of .280 last night when they pounded out 20 safeties off a trio of DeLand hurlers to push over 16 runs.

However, the Red Hatters slammed a pair of hits into the hands of the DeLand men, Goose Kettles and Jim Payne, for a total of 17 safeties, but the Feds wound up on the top end of the wild affair with a 16 to 11 verdict under their belts.

The contest, the best yet for the Feds, was participated in by a class of 37 bats and 30 runs. Crabb started on the mound for the Red Hatters but the hurling duties over to Walter Dickerson in the opening stanza after two hits had been produced. DeLand knotted the count with a pair of hits in the initial frame. Sanford went scores in the second frame for the first time during the entire game. However, Feds' aggregation took the lead with a lone marker in their portion of the same frame.

Sanford tied the count again in the fourth inning with a single run but DeLand won their margin to two when they counted twice in the third to bring the score up to 5 and 3 in favor of the Red Hatters.

Sanford took the lead in the fourth with three runs and the scoreboard gave the Feds a 6 to 5 margin at that point. The Feds added four more tallies in the fifth and took the field for the sixth half of the frame with a comfortable 10 to 4 lead. Five hits crossed the platter for the Red Hatters in their half of the fifth and when Sanford went into the sixth, the score was knotted again at 10 all.

In the sixth, however, the

## INSIDE SPORTS REPORT

By JULIAN STENSTROM

Fed Fan world often would like to do better than get out on the mound and pitch. It is the greatest feeling in the world. Wright declared, "To go out there and pitch, after looking twice more a matter of skill than anything else and to win on the mound is a big thrill."

Gainesville's Colek Shortstop Gene Colek of the Gainesville G-Men has a family tradition to uphold, for back in 1914-15 his father, performing under the name of Jim Stanley, was a member of the Chicago club of the ill-fated Federal League which made an unsuccessful bid as a major circuit.

Gene has suffered the same setback that a great many other G-men have experienced in that the war cut into his diamond career. After serving his freshman season in Jacksonville, he was drafted into the service in 1942 and is starting now this season after a lay-off of four years.

A protégé of the St. Louis Cardinals, Colek joined their Springfield, O. farm of the Middle Atlantic league in 1941. In his early youth he had started out to be a third baseman, but there wasn't enough activity

## Big Fed Pitcher To Hurl Against Orlando Senators

### Will Be Honored For Twirling Recent No-Hit, No-Run Tilt

Officials of the Sanford Baseball Association announced this morning that next Sunday afternoon when the local club will attempt to establish an all-time Florida State League attendance record of 2,500 or more fans, Goose Kettles, Seminole High School grad coach, former Boblin College Athlete and one of the best hurlers on Ed Levy's pitching staff, will be honored for his recent no-hit, no-run contest built in Gainesville recently against the G-Men.

Sunday afternoon has been designated as "Goose Kettles Day" and Manager Levy announced this night after the Sanford-Orlando tilt, that the big right-hander will throw the pitching chores for the Feds.

Kettles has established three straight wins over the Senators this season and Kettles said this afternoon that in appreciation of his home he will do his best to make it four straight over the Orlando aggregation.

Kettles, who is also recreational director for the City of Sanford, was the topic of recent controversy among officials and directors of the Florida State League when in an effort to either get him out of the league or force the Celery Feds to release one of their current men classified as undrafted players.

However, the National Association voted "bar Kettles is not a class man and recent league action will not have any effect on the playing status of any Fed pitcher.

Kettles, in appreciation for his hurling for the Feds, for his work with the high school foot-

**How well did General Electric meet its objectives last year?**

GENERAL ELECTRIC has a three-fold responsibility—to the public, to its employees, and to its owners. The 1945 annual report, just printed, gives some indication of how well we met these objectives last year.

General Electric's growth has come from new and better products for the public, continuously improved.

Out of production efficiency have come higher wages, increased jobs, and the earnings needed to continue these gains.

This year General Electric did not get off to as good a start as in 1945. But the objectives and aims of General Electric are the same and will continue to be the same—to keep wages as high as possible, to keep prices down as far as possible, and to earn a fair profit.

For a copy of General Electric's Annual Report and Yearbook for 1945, write Dept. 6-237, General Electric Company, Schenectady, N. Y.
