GATOR COACH SEES LEAN SEASON ON GRIDIRON

Fighting Eleven Promised By Cody To Florida Fans

Team Hard Hit From Graduation Doesn't Expect Big Success

GAINESVILLE, Sept. 2.—(AP)—The college football ranks boasted today in University of Florida football fortunes from 1936 but the chances of a winning eleven this season are remote.

Head Coach Jack Cody, called upon an all-annual coaching reunion to show results, must lead from the ground up.

He is coaching a new system of play to an inexperienced squad. From the mastery of the 1935 team, which lost more games than it won, he has inherited a team that is a year in history, were taken by graduation.

About all Cody will promise is a hard-hitting, well drilled team. He will not comment upon the one-and-let-outlook for a schedule which includes few easy games.

"Remember I haven't seen any of the boys under fire," he said. "You can't judge a team until you have watched it in actual combat. The coaching of players in practice means little."

The coach has declined even to name the players he believes might make the first eleven. He said he has worked with the squad only a few weeks last spring and several days this fall. "In these preliminary drills the boys have had little chance to show their stuff."

Florida no longer will use the Notre Dame system which produced five victories during the past three years. Cody is installing a system of his own, calling for short punt formations and the use of wing backs.

The factors appear fairly well lined in the middle of the line. Allyn, Galt, and Zank. Maynard probably will get the call at center. Three seniors—Captain Julian Lane, Charlie Root and Carlisle Hughes—form the nucleus of the guard contingent. S. L. Yon, a senior, and Harry Kiehlter, junior, probably will see considerable action at the tackle posts.

Sophomores must come through in good shape if Florida shows any particular strength on the flanks. Floyd Christian, a senior, is the most likely starter at an end.

The line likely will average about 190 pounds to the man, but the backfield will be lighter.

If several seniors and juniors who showed up well in spots last year should hit their stride, the backfield may be a surprise. These include Duke Warren, Harold Bess, Bugs Hendricks, Kenneth Willis, Bob Ivry and Walter Mayberry. Paul Brock and Moon Malone, new to the squad, have potentialities.

Collegians Boast First Win Over Pros At Dallas Centennial

DALLAS, Texas, Sept. 2.—(AP)—The college football ranks boasted loudly yesterday of their first victory over a professional eleven—a 7 to 6 defeat handed the Chicago Bears here Monday night by the Centennial All-Stars before 25,000 fans.

Heroes of 1935 from the South and Southwest featured the mid-season thriller played in 90-degree heat at the Texas Centennial Exposition's Cotton Bowl.

But it took a blocked goal kick off the foot of Jack Manders, who had missed only three of his last 150 attempts, to gain the triumph.

The All-Stars scored first, in the third quarter. Rany Jim Lee Howell, great University of Arkansas athlete, intercepted a dangerous flat pass Gene Ronzani, Bruin halfback, tossed on his own 25-yard stripe and headed him a foot from the goal.

Fine Season Is In Prospect For Duke On Gridiron

Blue Devils Expected To Go Places With Return Of 4 Stars

DURHAM, N. C., Sept. 2.—(AP)—Wallace Wade, who has been known to call his Duke University Blue Devils short, said yesterday that his 1936 gridiron prospects were "just about average," but some observers predict the best season ever.

"We lost seven regulars from last year's eleven," said the drawing Duke driver who is pushing his second year for the opener with Davidson Sept. 19 and the invasion by Colgate's Red Raiders a week later. "Our squad is small, numbering only 42. I would say that prospects are just about average."

The seven regulars lost through graduation were three ball carriers, including the signal caller, and the entire left side of the line with the center tossed in.

The team, Wade said, will be built around the quartet of returning regulars—Captain Clarence (Ace) Parker, famed triple threat halfback; Dick Tallaferra, end; and those 10-pounders, Joe Brunanaky, tackle and Joe Cardwell, guard.

Wade has practically all his last year's reserves and several outstanding performers from the crack 1935 freshman eleven at his disposal.

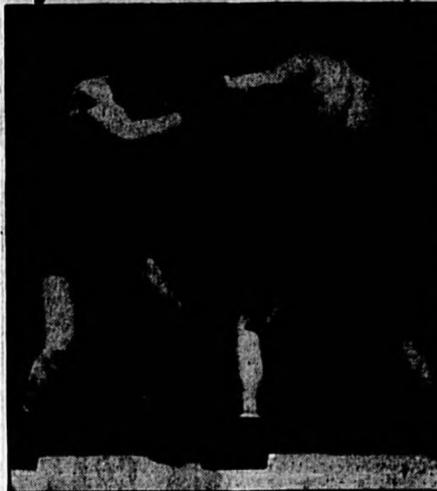

The spearhead of the Duke attack again will be Parker, regarded as one of the country's finest backs. With him in the backfield will be Elmore Hackney, a junior quarterback whose running ability is in a class with that of the best. There are numerous other good ball carriers and blockers, including Sam Gardner, Herbert Hudgins, Harwood Smith, McCauley Clark, Bob O'Mara and Eric Tipton.

Although he is faced with rebuilding one side of his stout 1935 line, Wade looks to plentiful reserves and some outstanding sophomores material to fill the gap. Left over from last year besides Brunanaky and Cardwell, are such stalwarts as Woodrow Lipscomb and Tom Power, 200-pound guards, with much left and ruggedness in reserve.

Only at end is there much worry. Tallaferra, a first class flankman, is the only returning letterman at the position but Willard Earnsey, 100-pound guard, and several others are coming along rapidly.

The people of Iran, formerly Persia, call themselves Iran.

AMBERS TAKES TONY'S TITLE

Tony Canzoneri lost his world lightweight championship title to Lou Ambrose, his former sparring partner, in a 15-round decision at New York. Ambrose (left) and Canzoneri are seen sparring yesterday for an opening during the fight. (Associated Press Photo)

College Gridders Drop Contest To New York Pros

Giant Halfback Gets 2 Touchdowns On Passes From Mates

POLO GROUNDS, New York, Sept. 2.—(AP)—Showered down by misty weather and the home club's successful defense the college football All-Stars took a beating from the New York Giants, 15-6, last night before a crowd of 20,000. Dale Burnett, star halfback of the Giants, tallied in the second and fourth periods on passing plays.

The All-Stars' punters and established the Eastern professional champion but also outflashed them in a game featured largely by the "breaks." The Collegians gave a poor exhibition of ball-handling and lacked anything resembling a scoring punch.

Defensively they were outplayed and outmanned from start to finish by the Giants, who capitalized their two main weapons, Ed Danowski punting and Danowski-to-Burnett passes to trim the tummy of the 1935 crop of college gridiron stars.

The Giants' defense continued to prove effective. Bill Morgan broke through to block Crayne's punt, the ball curving out of bounds on the All-Star 31. This led to a touchdown for the Giants under unusual circumstances. A combined rushing, passing attack put the ball on the All-Star's two-yard stripe. Danowski then passed diagonally to Dale Burnett, who dropped the ball as he was tackled hard at the corner of the field. It looked like no play but referee Thorp ruled Burnett had held possession long enough to make it a first down. Dunlap, substitute back, placed the ball to try for extra point. Score, All-Stars 6, Giants 6.

The All-Stars broke into the scoring column with a safety after a series of fumbles and breaks which saw the Giants fail to capitalize on the recovery of a fumble by Bill Shakespeare, former Notre Dame star, on the All-Star's 29. Tony Baranaky, ex-Yorkhamite in the Giants' backfield, hit the goal post with a try for placement goal from the 25. Shakespeare then got off a punt that rolled to the Giants' 12, covering over 70 yards. Burnett broke through to block Baranaky's punt, the ball rebound-

Blocking And Tackling Sessions Are Started

Seminole High Eleven Expected To Perform Better In Bright Uniforms To Be Used Here This Season

Cavalcade To Seek Turf Comeback In Narragansett Race

Tomorrow's practice session for Seminole High School gridiron will bring about the first rough work of the present practice campaign, when Coach Leonard L. McLane and his assistants will pace the forty odd youngsters through tough blocking and tackling sessions.

Though regular scrimmages practice will not begin until next week, Coach McLane expects to find out a few of the candidates' work and strong points during the first day of rough work.

As what is expected to be the change on the line, D. E. Hodges, 165-pound tackle of last season, has been shifted to the snapper-back position, a shift should make a splendid center with Big Brailley Odham taking his place at tackle.

New equipment ordered by the Seminole mentor included shod stockings, and new shoulder pads and a few new jerseys. Already the Celery Feds are well attired in satin pants with bright orange jerseys to match.

Gold and black helmets will be used by the gridironers for their regular games to match with their bright gold and black uniforms, giving them the best appearance of any high school team in this section of the state.

SIMPSON WILL HEAD CHAMBER FOR 2nd TERM

(Continued from page one) welcome co-operation from all persons approached for aid. Further, he said, all members would be called upon this year and asked to give some of their services to the Chamber.

After considerable discussion, the Board of Directors last night voted a \$25 allocation for a full-page advertisement in the Atlantic and Gulf Coast Guide, a publication used by yachtmen. The St. Johns River will be the principal point in the advertising.

The volunteered services of Harry M. Papworth were accepted to attend every meeting of the State Road Department until some final action has been taken in reference to improving road 41 between Sanford and Titusville.

Walter Coleman, president of the Sanford Kiwanis Club, invited the Board and all others interested to attend a Kiwanis meeting Sept. 16 at the Mayfair Hotel where Sen. Scott M. Loftin is to be principal speaker.

A report from the treasurer showed a cash balance on hand Sept. 1 of \$2,031.50.

B. F. Haines, chairman of the Election Board, reported certification of votes cast Sept. 1. Secretary Bagwell read the names of 23 new directors taking office for one year, and also those of directors re-elected for another term.

FOET DIES

PARIS, Sept. 2.—(AP)—Gustave Kahn, 76, poet, novelist, and critic known as the "dean of French symbolists," died of a heart attack Friday.

SPORT CHATS

By JIMMY CHAPMAN

That's What You Think!

When the whistle blows, and eleven youths, nervous and fives drawn in a solemn line, go forth to battle for the honor of their school, there is something that touches even the calmest of persons, something that stirs the souls of the most serene human.

Unexplainable is that certain something that football games do to a person, except perhaps that they give him a feeling of participation—what, nothing—

There is certainly to be a clash of spirits when youth at its best meets in divided sides, each struggling for the same goal and each inspired with the same will to win. Not as many people believe, do college football players play only for money or scholarships, listlessly doing their part with no inspired courage, but they play for the honor of their school and for the love of the game.

So, when uninformed football-prejudiced persons attempt to make you believe that these boys go out on the gridiron and risk their lives and souls merely for the money involved, with no feeling of patriotism and honor, then do as we would do and say as we would say, "that's what you think," then go home boasting that football is still the greatest game of 'em all.

Five Cents Special!

The greatest five cent special which has ever been offered to the "great American public" is now in prospect in Gotham, since the New York Yankees and their brother Giants from the Polo Grounds are now leading the pack in their respective circuits.

Labeled the five cents World Series because it costs only a nickel to take a subway from the Polo Grounds to the Yankee Stadium, a subway below the street, two teams would draw perhaps one of the largest crowds in the history of baseball.

Regardless of the outcome of the National League race there is bound to be an exciting series of games, for the problem will be for the opposing team to attempt to stop those giant bats of the high-flyers Yankees.

LEG ON ELECTION

BELOT, Kan., Sept. 2.—(AP)—Pleased with his victory in the recent primary, John F. Tice, a candidate for county clerk, purchased a new artificial leg.

BLACK-DRAUGHT

For Clean System Helps To Prevent Sickness

One of the advantages of Black-Draught is that, if it is taken at the first disagreeable feeling of constipation, one or two doses usually bring relief. Prompt relief, such as that, is well worth while. Constipation is too dangerous to be neglected. "A clean system for health" plan has saved thousands of people much needless sickness. They keep a package of Black-Draught in the family medicine cabinet and take this purely vegetable laxative at the first sign of constipation. They say the relief it brings is mighty hard to beat.

Find out, by trying it, why so many people prefer Black-Draught when it comes to buying a laxative.—adv.

Georgia Ousts Talmadge As Russell Wins

Roosevelt Support Strong As Proponent Of New Deal Gets Majorities

Senator Upholds Political Record

Rivers Sweeps Into Position For Governorship Duties

ATLANTA, Sept. 10.—(AP)—The senatorial hopes of Governor Eugene Talmadge, New Deal critic, were buried today under an avalanche of ballots indorsing pro-Roosevelt Richard B. Russell, Jr. for re-election. Russell, the tenth southern Democratic senator to be re-nominated this year, made his successful fight for six-year term in yesterday's party primary. The red-suspended governor, his gubernatorial "hair" and his slate of half dozen statehouse officers, were swept out by popular majorities running up to two to one. Russell maintained a record of no defeats in a political career which sent him from governorship to the U. S. Senate. It was the first political setback for Talmadge who has fought Roosevelt for two years. E. D. Rivers, speaker of the House and a former Talmadge ally who broke with the governor over the question of the New Deal, won the gubernatorial nomination over Charles D. Reid, Senate president and a Talmadge ally, and Judge Stanton Primm, another anti-Talmadge.

Talmadge and Redwine admitted defeat today, the former congratulating Russell and the latter sending best wishes to Rivers. Still incomplete and unofficial figures gave Russell 165,111 popular votes and 344 unit votes; Talmadge 84,203 popular votes, and 88 unit votes; Rivers 134,060 popular votes and 356 unit votes; and Redwine 76,333 popular votes and 41 unit votes; Fortson 21,065 popular votes and 10 unit votes.

In Georgia unit votes, based on twice the number of representatives each county has in the state legislature, count officially. The candidate with the largest popular vote in each county gets all of the county's unit votes.

Sanford Vicinity Gains 14 Persons During Past Month

A net natural gain of 14 in population in the Sanford vicinity for August was reported today by Howard Haskins, vital statistician for Sanford, Lake Monroe, Lake Mary and Lake Wales. One of the remarkable features of the month's compilation of figures was the absence of death among white males.

Twenty-nine births were recorded over the 30-day period. Of that number 17 were white, including 12 boys and five girls. Among the negroes, there were 12 births, or eight girls and four boys.

Motor Officer Sees Traffic Improvement

A marked improvement in traffic conditions on Park Avenue has been evidenced since parallel parking was instituted on both sides of the street, C. F. Smith, City motorcycle officer, said today.

Prisoners From Seminole County To Ask Freedom

Twenty Seminole County prisoners, sentenced to the Florida State Penitentiary for terms ranging from one year to life, will apply to the State Pardon Board next week for release, the Associated Press reported today from Tallahassee.

Following are the prisoners, the charge on which each was convicted, and the number of years to which each was sentenced and the year when sentence began:

- 1—Thomas Oglesby, first degree murder, life, 1931.
- 2—Horace Rowland, second degree murder, 30 years, 1930.
- 3—Lee Dukes, robbery, 25 years, 1930.
- 4—Ed McCullough, second degree murder, 20 years, 1931.
- 5—John Garvin, second degree murder, 20 years, 1931.
- 6—Jefferson Lofton, armed robbery, 10 years, 1930.
- 7—Isalah Love, armed robbery, 10 years, 1930.
- 8—William Helosch, assault to rob, seven years, 1932.
- 9—Floyd Heater, larceny of a cow, five years, 1935.
- 10—Charles Heck, shooting into dwelling, three years, 1936.
- 11—V. E. Douglas, embezzlement, three years, 1936.
- 12—Robert Whitaker, breaking and entering, three years, 1935.
- 13—James May, assault to murder, three years, 1934.
- 14—General H. Turner, larceny of a cow, two and one-half years, 1935.

Delay In Arrival Of Material Holds Armory Work Back

A delay in arrival of materials set back the completion date of the National Guard Armory by about one week, W. R. Earle, WPA work director in three counties, announced today.

German Labor Corps Pledges Nazi Loyalty

43,000 Men 'Armed' With Spades Will 'Follow Wherever' Chancellor Leads

NURNBERG, Germany, Sept. 10.—(AP)—Armed with shiny spades, 43,000 members of Nazi Germany's Labor Corps today pledged lasting allegiance to Adolf Hitler as "happy, healthy, self-confident soldiers of work."

Smiling, Hitler pledged with the Nazi convention's reception of his anti-Bolshevik crusade, heard the work troops promise to "follow" you wherever you lead.

Hitler last night in a speech before 800,000 Nazis assailed Bolshevism, democracy and Jews. Der fuhrer's personal address to the fourth annual Nazi party convention followed a proclamation in which he defined the Nazis' next immediate goal as repossesion of her colonies and rebuilding of her economic structure.

Asserting "the rock of foundation of the state is an authoritarian will," Hitler said: "Unlimited individual liberty leads to anarchy. All states have experienced the destructive effects of democracy."

"Bolshevism seeks to destroy culture as we see in Spain where 80 percent of the leading personalities are Jews."

In his 12,000-word proclamation, read to the 800,000 Nazis earlier in the day by Adolf Wagner, Bavarian Nazi leader, Hitler set forth his goal of regaining Germany's lost colonies.

In this fashion Hitler said, would Germany's financial fate be broken and the increased market she would realize by her international trade building up "our raw material forces."

Salvation Army To Hold Pound Party For County Couple

A "pound party," sponsored by the local branch of the Salvation Army, will be held on Sept. 16 for two residents of Lake Mary, Mr. and Mrs. Burns, officers of the unit said today.

Persons who wish to participate in the event may leave one pound of food anytime during the day of the 16th at the Burns home, or they may deposit the gift at the Army headquarters at 216 East Second Street.

Army leaders said Mr. Burns has been confined to his bed for some time, and that Mrs. Burns is a cripple.

While the Army is appealing for food, it also announced that clothing for the couple will be acceptable.

RADIOPHOTO SHOWS WAR-WRECKED IRUN BURNING

This exclusive radiophoto shows the Spanish city of Irun in flames just after its capture by rebel troops. Loyalists, who held the strategic town for more than a week, retreated before the overwhelming insurgents, leaving it in ruins. Note the flames raging from one end of the city to the other. (Associated Press Photo)

State Farmer's Market To Open Here On Nov. 1

Michael Urges Early Reservation Of Stalls As Growers Flood Office With Space Applications

In preparation for the opening on Nov. 1 of the Sanford State Farmer's Wholesale Market for the 1936-37 season, Manager J. G. Michael today mailed one notice to all operators requesting that they make provision at once for space rental, since other applications are pouring in rapidly asking for reservations.

Many changes have been made in the market's space rental plans since last season, and instead of 108 single stalls being rented, 51 double stalls will be leased to operators.

Same rental charges as have been in effect all the time will be asked, with rental being made either on a monthly, eight-month or twelve-month basis.

Those operators desiring to lease space on a monthly basis, in order to avoid paying their rental charges for the first month, which will be November, at once.

On the other hand, operators desiring to lease on either a ten-month or twelve-month basis, should remit one-half the amount charged upon application for space.

Mr. Michael states in the notices that since the Farmer's Market is operated entirely on a non-profit basis, only enough revenue is wanted to pay operating expenses, plus a small amount each season for depreciation on the building and obsolescence of same.

To date, the manager continues, market officials have been able to put aside enough to cover a fair percentage of depreciation and obsolescence.

Mr. Michael yesterday obtained a building permit to reconstruct a building facing Park Avenue. Estimated cost of operations is \$25,000.

Hermer Little and W. J. Bell landed more than 50 pounds of bass this morning from Lake Apopka. The 50 pounds represented a catch of 14 fish, three of them of large size.

John Courier, Braxton Perkins, Richard Deas, Bob Correll and Francis Houllitt are among those attending the P. Kappa Alpha fraternity home party at Daytona Beach this weekend at the Seabreeze Hotel.

County Millage Is Cut By Eight In Year's Budget

Slash Effected In Face Of Bond Refunding Program

A reduction of eight mills in the Seminole County tax levy has been effected for the fiscal year of 1936-37, E. E. Dillman, County Engineer for the County Commission, said today in an analytical statement of the budget adopted Tuesday.

He pointed out that three mills were slashed from the general county fund; three were lopped from the state levy; and two more lopped from the school assessment.

Two of the three mills taken from the County fund were shipped from the bond interest and sinking fund, the attorney asserted. He emphasized this accomplishment in the face of the establishment of a \$1,000,000 bond refunding program for the county.

Mr. Hausholder set forth that the \$1,000,000 placed in the budget under "legal services and other" refunding of bonds, will be split as follows: \$31,000 as payment to Crummer firm for the actual refunding of bonds; the second \$2,500 for legal services not connected with the refund.

"There are no expenses under the County fund refunding under the contract with Crummer," the attorney declared. "The agreement to refund stipulates that Crummer shall (1) defray all expenses incidental to assembling bonds to be refunded, (2) pay costs of printing the refunded bonds, (3) pay costs of representing the County in legal proceedings to validate bonds or any other litigation expenses arising from the refund, and any other cost."

Mr. Hausholder emphasized that the \$1,000,000 will be paid the refunding company only on condition that it exchange 75 percent of outstanding bonds.

"If Crummer Company does not succeed in its undertaking, the program will not cost the County anything," the attorney said.

"If the program is successful, the payment of \$1,000,000 would be made, and should Crummer be successful in exchanging every bond, then in next year's budget the sum of only \$2,284 will be required to pay in full for the entire refunding," he concluded.

Seminole County To Appear In Booklet Issued By Railroad

A representative of the Atlantic Coast Railway called at the Chamber of Commerce today to obtain pictures and information of Sanford and Seminole County to be published in "Tropical Trips," a booklet issued each summer by the transportation company.

The photograph of a celery field and another of the Big Cypress Tree will appear in the publication, according to Ralph Bagwell, Chamber of Commerce secretary, who furnished the material.

Rebels Turn Down Offer For 15-Day Armistice Period

Deputy Estridge Executes Hundred Potential Killers

Chief County Deputy O. R. Estridge officiated today at the mass execution of a hundred embryonic killers—tiny black widow spiders incanted in the sheriff's office.

The potential murderers were offspring of a captive black widow which had consumed half a dozen grasshoppers during her period of incarceration within a glass jar.

Deputy Estridge lighted a paper torch and thrust it into the transparent prison where the baby spiders, hardy larger than a pinhead, scampered over the nearly invisible skins of a web spun by their mother.

The mother fought courageously against the overwhelming smoke and deadly heat. But her final lot was to drop exhausted, and near the death she had administered to her insect victims, to the bottom of the jar as her brood perished with her.

Jenkins Delivers Delinquent Claims On September 16th

Executions for the seizure of personal property on which taxes unpaid will be turned over to Sheriff McClelland on Sept. 16, Jno. D. Jenkins, Seminole County tax collector, said today.

Mr. Jenkins said the papers for execution are now being drawn up and prepared for service on all persons whose personal taxes show delinquencies.

A state law provides that personal property on which there are unpaid assessments may be seized and sold to satisfy tax claims.

The County collector pointed out that the majority of Seminole County citizens are not delinquent in personal taxes.

Sanford Kiwanians Mail Invitations To Hear Loftin Speak

Walter S. Coleman, president of the Sanford Kiwanis Club, today mailed invitations to local civic, governmental and professional bodies asking that their members attend the Kiwanis meeting Wednesday when Sen. Scott M. Loftin will be principal speaker.

The Senator, who is past president of the American Bar Association, comes here on Constitution Week, Mr. Coleman pointed out.

Among the groups invited to attend the club session are Lions, Rotary, County Bar Association, Chamber of Commerce, Junior Chamber of Commerce, and the City and County Commissions.

All persons who plan to attend should make reservations with T. E. Simpson before Tuesday, Mr. Coleman said.

City Commissioners To Assemble Friday For Budget Confab

The City Commission is slated to assemble tomorrow night for its first major discussion of a 1936-37 budget.

While no definite allocations are expected to be made, it is probable that sufficient progress will be accomplished to place the Commission in a position for positive action in the near future.

Commissioners, for the past few weeks, have been studying suggested expenditures in a list compiled by Frank S. Lamson, city clerk. The figures are based on this year's budget.

Also under tentative consideration of the Commission is a possible bond refunding program. Preliminary discussions on the proposal were held last week.

Woodmen To Arrange Family Night Event

Sanford Woodmen of the World will assemble at their lodge hall tonight at 8 o'clock for a regular weekly session to plan a family night affair.

The special event will be held Oct. 1, according to present plans. All Woodmen are urged to attend tonight.

Diplomat Envisages Opportunity For Change In Spanish Code Of Statutes

Drive on Madrid Newest War Plan

Government Officer Falls In Surrender Try At Toledo

By The Associated Press
Spanish Rebels were reported today to have turned down a proposal for a 15-day general armistice in the civil war.

The proposal, credited to a "diplomat of great influence," envisaged a change in the radical Spanish constitution to make it more acceptable to the Rightist elements revolting against the Socialist government.

Madrid's acceptance of the armistice was said to have been counted upon. Fascist Rebel leaders totally rejected the plan preferring to fight on for complete control of the nation.

An unofficial armistice however, prevailed before the besieged city of San Sebastian. The Rebels, who took nearby Irun and can capture San Sebastian if they wish to press matters, are reported to have turned their attention to a concerted drive on the capital, Madrid.

The rebels formally announced this plan was not the one which attempted to bring American destroyer Kane to Spanish waters recently. The rebel government also declared a government plan.

At Washington, the State Department announced four armistices (Continued on page two)

Gordon To Enforce State School Bus 'Dead-Stop' Law

County Road Patrolman Marion Gordon today warned motorists of the enforcement of the state law requiring that all automobiles come to a dead stop while school buses are loading or unloading passengers.

The officer asserted that every effort will be made this year to punish careless persons who violate the statute passed by the Legislature for the protection of school children.

Deputy Gordon said that all school bus drivers will be requested to observe the license number on automobiles whose drivers disregarded the dead-stop law. These violators will be reported, Mr. Gordon said.

Persons who pass a loading or unloading school bus may be assessed a sum, including fine and costs, up to approximately \$20, the officer pointed out.

Conservation Plan Time Limit Is Set Forward By Agent

Work sheets, filed to participate in the federal soil conservation program, are still being accepted by County Farm Agent C. R. Dawson, it was announced today.

Since some clerical work remains to be completed on the sheets already turned into the farm office, the agent said persons who have not filed—may enter sheets until those already accepted are completed and ready to be turned over to the State Committee in Gainesville.

Approximately 700 individual farms are represented by the work sheets now in the county agent's possession. Each person who is affiliated with the conservation program will receive an allocation of federal money.

Florida Motorists Pay 22 Millions To Possess Autos

Florida motorists paid \$22,821,000 to the state in 1935 for the privilege of operating an automobile, according to statistics released today by the Florida Petroleum Industries Committee in Jacksonville.

Auto owners also contributed \$1,971,000 to the federal government in the form of taxes, the data reveals.

Further, the Committee points out, in this state each automobile was taxed for the average of \$75.14, while the national average reached only \$61.26. Florida's motorized transportation units paid the highest tax in the nation, the statistics show.

In gasoline taxes alone, Florida paid the federal government more than two and one-half millions, or an average of \$7.20 per vehicle.

State gasoline taxes amounted to \$17,860,000, or an average of \$60.10 per vehicle, according to the Committee report.

Mr. Michael states in the notices that since the Farmer's Market is operated entirely on a non-profit basis, only enough revenue is wanted to pay operating expenses, plus a small amount each season for depreciation on the building and obsolescence of same.

To date, the manager continues, market officials have been able to put aside enough to cover a fair percentage of depreciation and obsolescence.

Mr. Michael yesterday obtained a building permit to reconstruct a building facing Park Avenue. Estimated cost of operations is \$25,000.

Hermer Little and W. J. Bell landed more than 50 pounds of bass this morning from Lake Apopka. The 50 pounds represented a catch of 14 fish, three of them of large size.

John Courier, Braxton Perkins, Richard Deas, Bob Correll and Francis Houllitt are among those attending the P. Kappa Alpha fraternity home party at Daytona Beach this weekend at the Seabreeze Hotel.

State Farmer's Market To Open Here On Nov. 1

In preparation for the opening on Nov. 1 of the Sanford State Farmer's Wholesale Market for the 1936-37 season, Manager J. G. Michael today mailed one notice to all operators requesting that they make provision at once for space rental, since other applications are pouring in rapidly asking for reservations.

Many changes have been made in the market's space rental plans since last season, and instead of 108 single stalls being rented, 51 double stalls will be leased to operators.

Same rental charges as have been in effect all the time will be asked, with rental being made either on a monthly, eight-month or twelve-month basis.

Those operators desiring to lease space on a monthly basis, in order to avoid paying their rental charges for the first month, which will be November, at once.

On the other hand, operators desiring to lease on either a ten-month or twelve-month basis, should remit one-half the amount charged upon application for space.

Mr. Michael states in the notices that since the Farmer's Market is operated entirely on a non-profit basis, only enough revenue is wanted to pay operating expenses, plus a small amount each season for depreciation on the building and obsolescence of same.

100 Elks, Friends Planning To Attend Picnic At Springs

More than 100 Elks and their friends will attend a chicken barbecue supper at San Lando Springs Monday afternoon and night, according to Fred F. Burner, exalted ruler of the local lodge.

Final plans for the outing will be made Friday night when organization members assemble in the clubhouse at 8 o'clock for a regular weekly meeting.

Tickets for the event may be obtained from Peter Thurston, Henry Tamu, W. R. Edenfield, Andrea Caraway, Charles Dunn, Jr., Exalted Ruler Deaver or any other officer.

Supper will be served at 6:30 o'clock. It was announced, although there will be entertainment in the earlier part of the afternoon for those who care to arrive at the springs before meal time, Mr. Burner said.

P. Hall Jailed Here On Bad Check Charge

A prisoner giving his name as P. Hall was locked in the County Jail here today and booked on a charge of passing a worthless check.

A local hotel proffered charges. County Deputy Jack Hickson brought Hall from Tampa where he had been held by county authorities for the Seminole office.

Friday's Tides

Friday's tides: low, 10:10 A. M. and 11:27 P. M.; high, 4:52 A. M. and 5:17 P. M. Sun rises at 6:59 A. M. and sets at 6:30 P. M. Moon rises at 1:07 A. M. and sets at 3:27 P. M.

Watch Out For The Children

Through the efforts of the school teachers, enforcement officials, school bus patrol and safety squads not one school child during the past three years has been hurt in traffic accidents in the State of Florida during the school period. But this is only one side of the picture. Outside of school hours, already during the past three months, two children have been killed and 89 injured riding bicycles.

With the approach of the annual opening of schools throughout the state when 400,000 children will be going to and from the schools, many of them for their first time, it is important that the motoring public take cognizance of the dangers which lurk when so many young careless persons take to the highways. And it is more important that the motoring public transform this realization of danger into definite action to avoid a tragedy.

A child riding a bicycle, or walking along a road, or a group playing in the street should be viewed by an approaching motorist with more apprehension than a freight train speeding across one's path. No one ever knows when some sudden impulse will cause a handle bar to turn, without warning, at right angles; or when some little cluster of toys will disintegrate a sudden and its members dash off in all directions; or when some tiny would-be aspirant to the Big League will tear across the street after a stray ball.

It is because of this that every driver of an automobile should slow down to small pace whenever children come into view. Also they should be given a "wide berth." Don't allow for just enough room to escape hitting someone, but provide for a margin of safety so that if an unanticipated movement takes place there will be time and space to avoid an accident.

Parents have no less responsibility than the motorist, for if children were cautioned properly and were impressed with the seriousness of keeping their eyes open on their way to and from school, and of always "thinking before they leap," a big step will have been taken towards minimizing accidents involving the younger generation. The father and mother of every child should be emphatic in their instructions to their offspring as part of the program to curb highway tragedies.

Finally, the driver of every car should reflect on the serious consequences of running into or over a child. The chance of escaping a fatality in such an accident is more remote than in others. The effect on one's mental composure is beyond appraisal. For years, the memory of such a tragedy would haunt the person who participated in it. No elapse of time could erase the horror of it all.

Support Is Lacking

Because Judge Andrews, Democratic nominee for the United States Senate, failed to devote as much time to Dr. Townsend as the Townsends thought he should and spent most of his time eulogizing the Democratic Party and President Roosevelt, the Townsend supporters attending the Labor Day meeting in Daytona heckled him. Judge Andrews is one of the few senators pledged for the Plan.

Just how the Townsend organization is faring throughout the country is well summarized by the Tampa Tribune which says: "The Associated Press summary reveals that, out of 334 nominations made for seats in the House of Representatives, up to last Tuesday, less than 10 of the nominees endorsed or were endorsed by the Townsend organizations. These are about equally divided between Democrats and Republicans. Out of 84 Senate seats for which nominations have been made or are to be made this year, only four nominations for these seats are listed as pledged to the support of the \$200-a-month pension plan. Two of these four are in Florida—Nominees Pepper and Andrews. The other two are Carpenter, of Nebraska, and Mahoney, of Oregon—both Democrats.

"Fifty representatives and four senators, therefore, are the maximum Townsend prospects so far—and some of these will not be elected. Nominations yet to be determined cannot possibly produce enough additional support to give the plan a hope of success in the next Congress.

"Latest result is reported from Vermont where, on Tuesday, in the Republican nomination for the House, the Townsend candidate was defeated three to one."

German Plane Nears End Of Epoch Flight

NEW YORK, Sept. 10.—(AP)—With two oil-burning engines roaring a prophecy of things to come, a German flying boat neared America today on a survey of the southern flight route across the North Atlantic.

The plane took off from a base ship in the Azores last night with four pilots aboard.

Pan American Airways of the United States is co-operating with the Germany Flying Service Lufthansa in surveying a route for trans-Atlantic mail and passenger schedules.

The late King George V of England and Kaiser Wilhelm of Germany were first cousins.

Rebels Turn Down Offer For 15-Day Armistice Period

(Continued from page one)

can warships now in Spanish ports have been ordered to leave. They are going to a nearby neutral port to await possible emergency calls to Spain.

A Government officer, blindfolded and taking his life in his hands, entered the Rebel-held fort at Toledo where 1700 Rebels and families have been holding off Government troops for eight weeks. He urged the Rebels to surrender but was told bluntly they would die to the last man.

As soon as he had returned to the Government lines, loyal guns again opened fire on the fort. Rebel planes soon came over the city and bombarded it.

WOODEN SKELETS TO APPEAR WHEELING, W. Va., Sept. 10.

(AP)—The expression "don't take in any wooden skeletons" is going to be hard to live up to at Wheeling, West Virginia, where the "skeletons" have "wood looking girls" all over the grounds giving the "skeletons" a chance to see them.

Mrs. E. E. Talar and little daughter are home from the mountains of North Carolina where they spent several months. Dr. H. E. McCauley has purchased the dental practice of Dr. J. H. McCallister, Doctor McCauley to continue to practice at Covington.

Small boys and grown-ups alike will welcome the news that the ring around the bathtub isn't dirt. The Division of Water, Sewage, and Sanitation Chemistry of the American Chemical Society heard the chemist Everett P. Partridge tell them it was merely the reaction of calcium in the water on soap. What a relief.

Adolf Hitler in his latest oratorical effluence attacks democracy, bolshevism, and the Jews. "Unlimited individual liberty leads to anarchy. All states have experienced the destructive effects of democracy," said Der Fuehrer. Yes, and Germany has experienced the destructive effects of Hitlerism. As for us, we still like those words of a great patriot: "Give me liberty or give me death."

Mayor LaGuardia of New York surprised a class of 200 police recruits by appearing before them for what they expected would be the customary fight talk. Instead they heard the city head give them some marital advice. "Stick to the woman you marry. She is your first love. Don't marry a girl who wants to spend all your money," said the mayor. He also told them to keep away from liquor, to take no gratuities and to drive the criminal element out of the city.

The following Associated Press report is called to the attention of numerous persons who complain bitterly that there must be something wrong with the economic system whereby millions of men cry for work and don't obtain it: "A shortage of cotton plowers plagued mid-South farmers today. Wages for pickers moved to the highest level since 1929 and still there were not enough field hands to harvest a rapidly maturing crop. In Chickasaw, Mississippi, police took a hand in the situation by searching for vagrants every day. Unemployed men who refused to enter the cotton fields."

Republicans Plot Final Offensive For 1936 Battle

Executive Committee Declares Landing Is Gaining Strength

CHICAGO, Sept. 9.—(AP)—Members of the executive committee of the Republican National Committee planned their final offensive, of the presidential campaign yesterday and reported they had observed growing strength for Governor Al S. Lane.

Their meeting was an executive session. During a brief adjournment Robert F. Harbo, Governor of New Hampshire said he told the committee he would support the "right" of voting for Lane.

He said he reported the feeling among the state of voters that the President "wasn't too tough," but that he is "impaired."

Campaign leaders from other states said they made reports of a similar nature. Some of them summarized their remarks during the adjournment.

Other members of the committee attending included Robert E. Church, here in place of J. Will Taylor of Tennessee.

WASHINGTON, Sept. 9.—(AP)—The Republican National Committee said last night that "public information is being passed by a Roosevelt-New Deal propaganda machine which is paid for by the taxpayers of all political complexion."

The committee quoted from a document it said was signed by James E. Branson, an administrative assistant of the Indiana WPA, which it contended disclosed "the expensive and extensive ramifications of the publicly sustained New Deal propaganda machine."

"The total payroll of the Department of Public Relations (as it is now designated) is \$18,792 annually. This is all charged to administrative expense. The

Other members of the committee attending included Robert E. Church, here in place of J. Will Taylor of Tennessee.

Lambuth Circle Of Church Has Meeting

Mrs. Rosa Adams and Mrs. V. E. Douglas were hostesses at the regular meeting of the Mary Lambuth Circle of the First Methodist Church held Tuesday afternoon at the home of Mrs. Adams, 1118 Park Avenue. Mrs. W. C. Hill presided over the business session which was followed by a social hour when refreshments were served.

Those present were: Mrs. W. C. Hill, Mrs. J. M. Morris, Mrs. E. C. Smith, Jr., Mrs. H. C. McMillen, Mrs. Harry Weaver, Mrs. A. H. Middleton, Mrs. Paul Johnson, Mrs. E. H. Laney, Mrs. A. F. Collins, Mrs. Clara Leonard, and Mrs. H. B. McCall, Jr.

Church Circle Holds Meeting On Tuesday

Regular meeting of Circle Number Two of the First Methodist Church was held Tuesday afternoon at the home of Mrs. W. S. Thornton, West First Street, with Mrs. Thornton and Mrs. T. E. Wilson as hostesses. Mrs. W. F. Fields presided. Mrs. M. B. Smith had charge of the mission study lesson, and Mrs. Thornton led the devotional.

Late in the afternoon refreshments were served to the following: Mrs. C. C. Priest, Mrs. T. E. Wilson, Mrs. W. F. Fields, Mrs. W. S. Thornton, Mrs. Walter L. Morgan, Mrs. W. M. McKim, Mrs. A. D. Shoemaker, Mrs. J. M. McCavelli, Mrs. A. D. Eschary, Mrs. J. K. Mettinger, Mrs. E. L. Shinkholer, Mrs. Z. B. Ratliff, Mrs. L. P. Hagan, Mrs. G. W. Bailey, Mrs. M. B. Smith, and Miss Beale Zachary.

Miss Caroline Hill Honored At Picnic

Miss Caroline Hill, who plans to leave Monday for Ward-Bentley College in Nashville, Tenn., was honored guest at a picnic given Tuesday afternoon by Mrs. J. D. Woodruff at her summer home at Coronado Beach.

The guests enjoyed a straw ride from here to the beach where swimming and dancing were participated in. Supper was served picnic style.

Those present were: the Misses Caroline Hill, Virginia Meriwether, Kathryn Thigpen, Mary Higgins, Martha Adams, Doris Walker, Margaret Reits, Anna Cornell, and Francis Rounthick; Robert Wilson, Bob Cornell, George Anderson, Edwin Benick, Karlisle Shoultz, O. P. Harrison, Jr., and J. W. Altman.

The Fiji Islands number more than 200.

Stars Of The Past Appear In Picture At Local Theater

What makes the wheels go round behind the scenes in Hollywood forms the background of "Hollywood Boulevard," a Paramount picture that plays at the Ritz Theater Friday.

It is a story of one of the most famous thoroughfares in the world and the celebrities who people it. Taking for the central character, an egotistic star of another day who attempts a comeback through the writing of his love memoirs for a fan magazine, Paramount has correlated about thirty former screen personalities of the silent days to color a story studied with drama and thrills.

In unfolding the story of John Blakeford, fallen star, the audience is taken to the famous night spots of Hollywood. Back shown the stars at play, backstage at the studios, with more celebrities of the present and past work is also shown, as are the bathing beauties at Balboa. There is also a glimpse of the homes of the stars and various colorful scenes on and about Hollywood Boulevard, the street.

John Halliday, Marsha Hunt, Robert Cummings, and an excellent cast do well by the exciting story, but the audience seemed especially glad to see such old timers as Francis X. Bushman, Maurice Costello, Charles Betty Compton, Mae Marsh, Billie Dove, Pat O'Malley, Frank Moore, and others of a day now gone, who are still well remembered.

The story is filled with action. John Halliday as a former screen idol, is all washed up and eagerly seizes a chance for a comeback in a picture in exchange for a story of his love affairs for a magazine. His family pleads with him to give up the idea after the first few hot chapters appear. He tries to but the publisher holds him to his contract. Blakeford finds the publisher's wife and finds she is an old flame. He threatens to tell of their affair if she doesn't induce her husband to cancel their agreement. There is a climax that thrills everyone in the theater.

"Hollywood Boulevard" is excellent screen entertainment.

Miss Sue Duncan Is Guest Of Honor

Miss Frances Reits and Miss Marian Duncan entertained at a bridge party Tuesday evening at the home of the former on South Sanford Avenue in honor of Miss Duncan's guest, Miss Sue Duncan of St. Petersburg. A pink and green color motif was used for party appointments.

At the conclusion of the bridge games high score prize was awarded to Miss Frances Wilson and low score prize to Miss Helen Douglas. Miss Duncan also received a gift from the hostesses.

Those present were: Mrs. Henry Douglas and the Misses Sue Duncan, Mary Dighton, Gene Martin Laney, Camilla Deas, Frances Wilson, Helen Wilson, Helen Douglas, Lucille Bois, Mary Hurt, Lillian Deas, and Julia Higgins.

Beleged Spanish rebels in Toledo during the rebellion at horses to prevent starvation.

Katherine Symes, Fiance Are Honored

An informal buffet supper was given Wednesday evening by Mrs. George E. Wimer at her home in Loch Arber for Miss Katherine Symes and Robert Fergo Greenlee of Chicago whose marriage will take place this afternoon. Guests included members of the wedding party and a few other guests.

Supper was served from a long table overlaid with a lace cloth and centered with a bowl of pastel colored garden flowers. Lighted candles cast a soft glow about the room. Mrs. W. J. Thigpen and Mrs. Roy F. Symes assisted in serving.

Card games were enjoyed after supper. Those present were: Miss Symes and Mr. Greenlee, honor guests, Mr. and Mrs. Roy Frank Symes, the Rev. and Mrs. Martin Bram, Mr. and Mrs. W. J. Thigpen, Mr. and Mrs. Hugh C. White, Mr. and Mrs. Hamilton Bissell, Mrs. Gordon Cherry of Tampa, Mrs. George S. Wimer, Miss Carmela Barber, Miss Elizabeth Rollins, Thomas Adams of Chicago, Roy Frank Symes, Jr., and Maxwell Stewart.

Landon Appeals For Legislation In Peace Interest

WICHITA, Kan., Sept. 8.—(AP)—Gov. Alf Landon couped a plan for a "strong will for peace" in America yesterday with an assertion that "we can do much by intelligent legislation to lessen the danger" of war.

He spoke to veterans assembled in the Kansas State American Legion convention, calling for tolerance of race and creeds and unity in the ranks and creeds so that "organized labor may continue its part in the struggle for higher living standards."

In a light tan summer suit, blinking occasionally from the glare of flood lights, the presidential nominee read his Labor Day address in slow deliberate tones to a throng of Legionnaires and Kansans who gathered in the high-ceilinged forum.

The crowd occupied the first floor of the hall and most of the first balcony, being somewhat less than the full capacity of 5,000 persons.

The address, which Landon termed his fourth and last to the convention as Governor of Kansas, was the high light of a half-day visit here after an overnight trip from Kansas City, Mo. He breakfasted at the home of Howard Fleeson, local attorney, with a number of friends, including Victor Murdock, publisher.

After the speech he lunched with another group at the home of Tom Johnson, oil operator and chairman of the Fifth District Republican committee, before riding in an open car in the legion parade and then boarding a train for Topeka.

The governor stood more than 20 minutes in the stage wings of the forum while a previous speaker finished his remarks. The crowd stood and applauded when he walked out, waving his hat. The audience arose again when the candidate left the stage, waving his hand to the applauding delegates.

Discussing tolerance, Landon said: "Of late there has been disturbing evidence of attempts to stir up racial antagonisms," which he described as partly due "to what we call 'pure orneriness.'"

As Legionnaires, he said, "we have the responsibility to oppose every move to capitalize intolerance; to break up the country into hostile groups."

The candidate emphasized citizenship as among "the present and future duties" of veterans.

Without mentioning by name the American Federation of Labor break with John L. Lewis' industrial union group, Landon said: "I, for one, am sorry to see the recent split in the ranks of labor and hope that it will be speedily healed. The great gain made by labor through its organizations are in danger so long as this division exists. Here again, unity is requisite for progress and achievement."

Republican Candidate Asks To Move Against Intolerance

At the conclusion of the card games high score prize, a set of sports trapezets, was awarded to Miss Dorothy Mitchell while low score prize, a sports handkerchief, went to Miss Caroline Hill, Miss Doris Walker was awarded "screen" prize, a sports handkerchief. The honor guests received silk scarfs as mementoes of the occasion.

A salad course was served late in the afternoon by the hostess, assisted by Mrs. E. L. Cornell and Miss Gene Martin Laney. Those present were: the Misses Caroline Hill and Virginia Meriwether, honor guests, Kathryn Thigpen, Eleanor Hickson, Martha Adams, Jane Sharon, Kathlyn Laney, Gene Martin Laney, Mary Higgins, Martha Adams, Margaret Ingley, Dorothy Mitchell, Katherine Verney, Margaret Verney, Mtry Chapman, Margaret Reits, and Doris Walker.

Stars Of The Past Appear In Picture At Local Theater

What makes the wheels go round behind the scenes in Hollywood forms the background of "Hollywood Boulevard," a Paramount picture that plays at the Ritz Theater Friday.

It is a story of one of the most famous thoroughfares in the world and the celebrities who people it. Taking for the central character, an egotistic star of another day who attempts a comeback through the writing of his love memoirs for a fan magazine, Paramount has correlated about thirty former screen personalities of the silent days to color a story studied with drama and thrills.

In unfolding the story of John Blakeford, fallen star, the audience is taken to the famous night spots of Hollywood. Back shown the stars at play, backstage at the studios, with more celebrities of the present and past work is also shown, as are the bathing beauties at Balboa. There is also a glimpse of the homes of the stars and various colorful scenes on and about Hollywood Boulevard, the street.

John Halliday, Marsha Hunt, Robert Cummings, and an excellent cast do well by the exciting story, but the audience seemed especially glad to see such old timers as Francis X. Bushman, Maurice Costello, Charles Betty Compton, Mae Marsh, Billie Dove, Pat O'Malley, Frank Moore, and others of a day now gone, who are still well remembered.

The story is filled with action. John Halliday as a former screen idol, is all washed up and eagerly seizes a chance for a comeback in a picture in exchange for a story of his love affairs for a magazine. His family pleads with him to give up the idea after the first few hot chapters appear. He tries to but the publisher holds him to his contract. Blakeford finds the publisher's wife and finds she is an old flame. He threatens to tell of their affair if she doesn't induce her husband to cancel their agreement. There is a climax that thrills everyone in the theater.

"Hollywood Boulevard" is excellent screen entertainment.

Miss Meriwether And Miss Hill Are Feted

Miss Caroline Hill and Miss Virginia Meriwether, who plan to leave next week for school, were honor guests at a bridge party given Wednesday afternoon by Miss Anna Cornell at her home on Melville Avenue. Crepe myrtle and ferns, accentuating a color scheme of pink and green, were used for decorating.

At the conclusion of the card games high score prize, a set of sports trapezets, was awarded to Miss Dorothy Mitchell while low score prize, a sports handkerchief, went to Miss Caroline Hill, Miss Doris Walker was awarded "screen" prize, a sports handkerchief. The honor guests received silk scarfs as mementoes of the occasion.

A salad course was served late in the afternoon by the hostess, assisted by Mrs. E. L. Cornell and Miss Gene Martin Laney. Those present were: the Misses Caroline Hill and Virginia Meriwether, honor guests, Kathryn Thigpen, Eleanor Hickson, Martha Adams, Jane Sharon, Kathlyn Laney, Gene Martin Laney, Mary Higgins, Martha Adams, Margaret Ingley, Dorothy Mitchell, Katherine Verney, Margaret Verney, Mtry Chapman, Margaret Reits, and Doris Walker.

Nation's Pupils Will Find Auto Course In School

CHICAGO, Sept. 10.—(AP)—Pupils returning to classrooms throughout the country this week or later this month will find courses in safe automobile driving added to curricula.

This new special study, a survey showed, was designed to instruct the pupil how to take out the family auto and return it ticketless and with fenders intact.

Chicago's Lane Technical High School announced it would offer one of the most comprehensive courses of the kind in the nation.

Lane High pupils, numbering 2,800 boys and girls, will have a \$35,000 practice driving ground on which Superintendent of Schools William H. Johnson said 2,000 students would receive instruction each semester.

The practice ground will have 1,000 feet of driveway for beginners to skid on, and will be surrounded by a six-foot fence.

Autos used, Johnson said, will be painted "unusual colors" to prevent street use. In addition, a fleet of 20 "dummy cars" without wheels, will be available for "skull practice."

Starting next May, students of 600 high schools in North Dakota must pass a safe driving examination before graduation.

"Sportsmanlike driving" has been added to the curriculum of 218 Montana schools, and the AAA pamphlet of the same name has been placed on the text book list of schools in Tacoma, Wash. Approximately 450,000 California high school and junior college students will find a compulsory auto driving course awaiting them this fall.

The state law of Virginia this year requires high schools to conduct safety classes, and driving courses are being considered. North Carolina had nine colleges offering study of the subject in summer schools, and all Florida colleges, plus an amount which will have instruction in auto safety and operation this winter.

In Maine the Department of Education provides for the teaching of auto safety, and in 27 New Hampshire schools a non-

Unknown Malady Is Found Aboard Ship In French Harbor

DUNKERQUE, France, Sept. 10.—(AP)—An eerie epidemic which cut the 21-man crew of the English freighter Sea Hammer in half during a tragic voyage from Dakar, came to light yesterday with the vessel's arrival in this port.

Fearful survivors told how seven men dropped dead before the eyes of their comrades, while working in apparently perfect health. Five others were taken off the ship to a hospital at Dunkerque.

The ship remained at Maitreux two weeks, but doctors were at a loss to account for the strange malady. She reached Dunkerque without further losses.

Water, food and the cargo of tin cans all were uncontaminated, the captain said. French health authorities, found no cases of fever aboard.

The Virginia state department of agriculture published an agricultural economics bureau report predicting a smaller meat supply in 1937 than 1936 and "probably" as small as in 1935.

Medical Treatment of Spine Shows How Of U. S. Physicians

CHICAGO, Sept. 10.—(AP)—The American Medical Association is sponsoring in its journal, called "Spine," a series of articles on the treatment of the spine. The program of the journal is to bring to the attention of the medical profession the latest developments in the treatment of spinal diseases. The program, submitted by Dr. George Saydel of Jersey City, N. J., is a series of articles on the treatment of the spine. The program is to be published in the journal "Spine," which is published by the American Medical Association. The program is to be published in the journal "Spine," which is published by the American Medical Association.

The editorial referred to Saydel as a "Ph.D." and as president of the "Spinal Column Company, Jersey City, N. J." It identified the company as "a manufacturer of apparatus which specializes in the manufacture of 'bonnie' corsets."

The editorial said Saydel "mentioned a favorable experience with the treatment at the New York Postgraduate Hospital." But that W. E. Talbot, superintendent of that institution, telegraphed the AMA headquarters this message: "We protest reference to New York Postgraduate Hospital in newspaper report of Horman Saydel (step). We used experimental product subsonic (the company's commercial name) but said it useless in arthritis (step). The favorable reports given out from this hospital about subsonic."

The editorial asserted that had the editorial gone directly to the newspapers, it "would promptly have found itself—as merely a piece of advertising material—being taken for free publicity—in the editorial wastebasket," but that it received wide dissemination because of the chemical society's "sponsorship."

The editorial concluded: "The American Chemical Society cannot do its responsibility in this case. It is neither within its province nor within its competence to give critical judgment on the treatment of disease."

The editorial concluded: "The American Chemical Society cannot do its responsibility in this case. It is neither within its province nor within its competence to give critical judgment on the treatment of disease."

The editorial concluded: "The American Chemical Society cannot do its responsibility in this case. It is neither within its province nor within its competence to give critical judgment on the treatment of disease."

The editorial concluded: "The American Chemical Society cannot do its responsibility in this case. It is neither within its province nor within its competence to give critical judgment on the treatment of disease."

FROM HONEYMOON TO DIVORCE?

The New York American says Mrs. Louis Reed, the former Marion Gordon, has left her husband in the midst of a three-month honeymoon in Bermuda and plans to obtain a Reno divorce. The wealthy and socially prominent newswyde is shown at a happy moment before the divorce rumor was started. (Associated Press Photo)

Spivey Forecasts 'Inevitable' War After Trip Abroad

LAKELAND, Sept. 10.—(AP)—Dr. Ludd M. Spivey, president of Florida Southern College, returned to the campus yesterday after a summer in Europe and said war on a big scale is inevitable but not an immediate prospect.

"War is inevitable," Dr. Spivey said, "because of the intense hatred springing up between fascism and communism in Europe and because of the gigantic preparations for war which inevitably lead to conflict."

He attributed much of European prosperity to the munitions industry. War will come, he predicted, when economic security no longer is possible through making of war materials. He visited a dozen countries.

"Russia is making great progress in a number of areas," he said. "In some ways she even outstrips America, but it is unthinkable that anyone who has experienced the fruits of both American and European civilization should exchange our civilization for Russia's way of life."

"Russia has solved the problem of unemployment, but it is at far from growing from men and women as the old Communist regime was." He expressed the opinion that communism, or state socialism as practiced in Russia, has gained a stronger foothold than the fascism of Germany and Italy.

BEAUTY PRIZES HER HART

The judges, it seems, have a habit of handing Virginia the crown without further ado whenever this charming 18-year-old girl from Louisville, Ky., enters a beauty contest. Twice winner of the "prettiest blonde" contest at the Kentucky state fair, Virginia has just scored her sixth triumph at the fair in Jeffersonville, Ky. (Associated Press Photo)

WPA Kaling Gives New Opportunity To Snub Private Job

WASHINGTON, Sept. 10.—(AP)—The Works Progress Administration ruled yesterday that although the needy must accept available private jobs, they need not do so "unless they are qualified to do the work and when such work is at a standard or going rate wages."

Carrington Gill, acting Works Progress Administrator in the absence of Harry L. Hopkins, emphasized that "the Works Progress Administration is not an employment exchange nor a placement service, nor will it be a party to arbitrarily forcing others to accept sub-standard wages."

WPA's ruling was prompted by the request of the Memphis Chamber of Commerce and other Southern organizations that WPA workers be dropped to provide labor to pick cotton. Wayne Alliston, Mississippi WPA administrator, announced earlier yesterday that all projects in the Mississippi Delta were being suspended to relieve the cotton pickers shortage.

WPA officials, however, said Alliston has not been authorized to drop workers not suited to such work. The fossil of a prehistoric camel has been found in Oklahoma.

BOISE, Idaho, Sept. 10.—(AP)—A house shortage threatens to cost Idaho a considerable prospective increase in population, I. F. Parsons, secretary of Idaho State Chamber of Commerce warns.

Rhinestone brooches promise to rival clips for popularity this autumn.

Stetson University Ready To Receive 1937 Student Body

DELAND, Sept. 10.—President W. E. Allen of Stetson University is expecting 700 students to register for the 1937-38 term, and 700 by the second semester, he announced today. The figures are based on advance room reservations.

Registration for freshmen began Sept. 18, for upper-classmen, Sept. 21, with classes beginning Sept. 22.

"The outlook is exceedingly bright for this year," President Allen said. "We have added several new faculty members and have completed during the summer a \$50,000 modern Commons Group; have converted the former dining room into 14 bedrooms, for upper girls; have begun construction of 12,000 feet of sidewalks and eight cement tennis courts; have begun reconstructing Chaudoin pavilion to make them among the most beautiful in the South, and have located a modern university building plant."

The Commons Group, which is the first step in the general building expansion program of the university, includes a library, student lounge, cafeteria, dining hall, assembly hall.

Seven complete floors of a department store, containing 67,777 square feet, are to be converted into a dormitory, with the unusual assignment turned over to a prep department for a forthcoming mystery

Back From the 'Grave'

Arrested in Memphis, Tenn., under the name of John Factor for investigation in connection with an embezzlement case in Los Angeles, the man told police he is "Edwin Hunter" whose friends believed he was drowned in the Hudson river in New York seven years ago after being heavily in the stock market. (Associated Press Photo)

THE SENATOR VOTES

Richard B. Russell, Jr., who defeated Gov. Eugene Talmadge in yesterday's Georgia primaries, is seen in the U. S. Senate, drops his ticket into the ballot box. Shown with the senator is Mrs. Russell, his mother.

NORRIS LAKE SUBMERGING HUGE MOUNTAIN DOMAIN

Like the fingers of some fabled giant, Norris Lake is reaching out between the hills of East Tennessee as the waters of Clinch river slowly back up behind the Tennessee Valley Authority \$34,000,000 dam (above) near Knoxville. This airview causes the lake to appear like several small bodies of water. But in due time all of the land now showing will be inundated, forming one huge lake. (Associated Press Photo)

MECHANICAL COTTON PICKER GIVEN FIRST TRIAL

Here's the Rust brothers' mechanical cotton picker being put through its first test before hundreds of cotton operators, ginners, planters, and farm wives at Stoneville, Miss. Some were openly skeptical, and others were enthusiastic as a tractor pulled the machine up and down the rows, stripping the cotton from the bolls. The experts said, however, the picker—invented by John and Mack Rust of Memphis, Tenn.—is all right in "basic principle" but whether it is economically practical must await exhaustive laboratory tests. (Associated Press Photo)

Japanese Vessels Sent To Reinforce Boats Near China

NANKING, Sept. 10.—(AP)—Japanese naval patrols were reinforced yesterday in Chinese waters as an aftermath to the reported slaying of a Japanese at Pak-hai.

Beside two destroyers which it was announced at Tokyo, had been dispatched to Chinese southern waters, other ships of the im-

perial navy steamed up the Yangtze River to take up positions as far inland as Chungking. Japanese consular officials, despite their failure to obtain Chinese approval, started for Pak-hai to investigate the reported violent death of Junzo Nakano, a drug store proprietor. Japanese reports said Nakano was stabbed during a demonstration by Chinese.

(In Tokyo a foreign office spokesman characterized the incident as a "gravely unfortunate affair for both China and Japan.") (He said Japan would seek settlement of the slaying on the same

basis, it demanded an explanation from China for the riot in Chentung, Aug. 24, in which two Japanese were reported killed and two others wounded by a Chinese mob. "Japan's demands are entirely reasonable and fair," the spokesman declared, "and China's acceptance of them would promote Sino-Japanese friendship."

The investigating commission left Canton for Pak-hai aboard a gunboat. It was understood the Japanese naval strength in China was strengthened partly as consequence of the Chentung incident.

In The WEEK'S NEWS

BEAR IN N. Y. CITY—This Himalayan bear was shot only a few miles from Times Square—but bears are not running wild in New York streets yet. This one escaped from the Bronx Zoo and after an exciting chase was captured by a posse of policemen.

RABBIT FOOT FOR LUCK—W.A. Fisher (left) and W.S. McLean, president and secretary of the Fisher Body Craftsmen's Guild, inspect the tiny coach models submitted by boys striving for the University scholarships awarded annually by the Guild. One entrant, they find, has hidden a rabbit's foot in his model for luck.

A REAL FISH STORY—This monster tuna, weighing 600 pounds, was hauled in by Mrs. Francis Low of Cedarhurst, L. I., to give her a new women's world record for the species. Two days later her husband caught a 740-pound tuna, the largest fish ever caught on rod and reel in North Atlantic waters. A fishing family!

ALL SET FOR TRAVEL—Gone are the days of tramping in a single suitcase! Today a typewriter, Kodak and movie camera record the trip. A special trunk is packed with a "shoe wardrobe" like this by Selby complete from shoes arch-curve fitted for sightseeing to gay slippers for evening. A case seat conserves energy.

ENGAGED—The betrothal of Jeanette MacDonald, film songbird, to Gene Raymond, screen actor, was announced after a romance of a year. It will be the first altar trip for both.

ENGLISH BOYS LEARN BASEBALL—"Doc" Hayden, American baseball star, instructs more than 100 London school boys every day in the fine art of "stomping."

COTTON PICKER: MAN OR MACHINE?

A cotton field drama, which may determine whether man surrenders the job of cotton picking to a machine, is being watched by farm experts following a demonstration given by the Rust brothers' mechanical picker at Stoneville, Miss. The contrast between negro hand pickers and the machine is exemplified in the picture at the top. Mack Rust shows (left) how the device plucks the cotton from the stalks. At right, the cotton (arrow), stripped from the bolls, is seen pouring from the machine into a large cloth container. (Associated Press Photos)

MATE JAILED, RUN-AWAY GIRL HOME AFTER 19 YEARS

Imprisonment of Jesse Greer at Hernando, Miss., on charges of forging checks brought his wife, the former Mary Bledsoe, home to her parents for a tearful, happy reunion 19 years after she ran away to marry. She is shown (right) bestowing a kiss on the lips of her mother, Mrs. J. T. Bledsoe, while her father looks on happily. Greer, whom Louisville, Ky., police quoted as saying his conscience forced him to confess forging the checks on his father 20 years ago, is seen (left) being greeted by his sister, Mrs. Gladys Mills, of Hernando. Hitler Plans Active Steps Against Reds

400 War Planes Rear Over Nuremberg As Nazi Convention Awaits Air Show

Germany, Italy May Join Hands

Goebbels Strikes At Jews, Bolshevism In Terrible Address

(Copyright 1936 By The Associated Press)

NUREMBERG, Germany, Sept. 11.—The throbbing motors of 400 war planes gave a military background to Nazi Germany's anti-Bolshevik campaign today, a campaign which observers believe was the approaching announcement of practical steps against Bolshevism.

The planes awakened delegates and visitors in the Nazi convention city at dawn. They will give demonstrations tomorrow.

At the congress itself, German departmental leaders took up the anti-Bolshevik campaign where Hitler and his lieutenants left off. Some observers at the Congress believed Germany and Italy may join in a campaign against Bolshevism.

Dr. Paul Joseph Goebbels, Hitler's chief spokesman and propaganda minister, yesterday delivered a tirade against Bolshevism.

Commission Meets For Major Confab On 1936-37 Budget

Discussions of the next water will occupy the time of City Commissioners when they assemble at 7:30 o'clock tonight in the commission room at City Hall.

The session will be the first of a series from which will come a program of expenditures to be followed by the municipal government through the next fiscal year.

Less than three weeks remain in which the Commission has to formulate a budget, since the City's fiscal year ends Sept. 30, and a new one begins Oct. 1.

According to estimates based on the current 12-month period, it will require approximately \$80,000 to carry the municipality through until Sept. 30, 1937.

A regular meeting of the Commission is slated for Monday night.

Beautification Of Methodist Grounds Is Work Of Youths

Beautification of the grounds around the First Methodist Church at the corner of Park Avenue and Fifth Street have just been completed by three young men of the church who volunteered to do the work.

Walter Huntley, Edward Wilson and Fred Stieh, transplanted grass on the grounds and brought in much for the lawn, designed to beautify the appearance of the grounds, when the grass comes out.

It has been planned by the Rev. A. R. Cole, pastor of the church, to plant shrubbery around the church, so as to make the entire layout attractive for the fall and winter.

The pastor expressed his thanks to the young men, who did the work and wished that they spent the majority of a week in an attempt to beautify the grounds.

JULIANA AND HER PRINCE CHARMING

This official picture radioed from London to New York, shows Princess Juliana of The Netherlands with Prince Bernhard Zu Lippe-Biesterfeld, German nobleman whom she will wed. All Netherlands rejoiced in the engagement of the plump and jolly heiress to the throne. (Associated Press Photo)

Sanfordite Tells Of Trip To Arctic And To Europe

Mrs. Cooper Finds Fur Coat Comfortable On July 4th While Cruising In Icelandic Waters

By NINA OLIVER DEAN
"I found I was quite comfortable in a woolen suit and a fur coat on the Arctic Ocean on the Fourth of July," said Mrs. Walter L. Cooper, who with Mr. Cooper, has just returned from a 100-day trip on which they traveled 18,000 miles and visited 100 islands and foreign countries.

"Well, a cold Fourth is something new under the sun, but I suppose it isn't, under a midnight sun," I said.

"Our first glimpse of the midnight sun was between Iceland and the Spitzbergen Islands. It was a quarter after twelve at night and we were on deck. At twenty minutes after twelve the sun was down and it was like our twilight. Then in twenty minutes there was a red glow in the sky just like our sunrise and there was the sun again. It was beautiful and strange and somehow uncanny. I've heard of people sitting on top of the world but we were sailing on top of it. The loveliest part of our trip was from Iceland to the North Cape—the glaciers, the sun shining on the ice, the sea, and all the rest of it."

"Didn't you have some trouble with an ice barrier?"

"Not trouble, exactly, a shock. An ice barrier was drifting southward and the Captain stopped our ship because of it. He just changed our course a bit and it turned out all right."

"You visited Hammerfest, Norway, didn't you, Mrs. Cooper? I have heard that it is the northernmost city in the world."

"Yes, and I believe they have another distinction—more fish than I have ever seen before in my life."

"Did you see any Laplanders?"

"Yes, near Lyngsøidet. We visited a Lap village and saw one of their great herds of reindeer." (Continued on page two)

Long Illness Fatal To Ivy Bridges, 67, Seminole Resident

Ivy Bridges, 67, a farmer, died early today at his home on the East Side following an illness which had extended over a long period.

Funeral services are scheduled for 3 P. M. Saturday from the Erickson Funeral Home with the Rev. W. P. Brooks officiating. Interment is to be in Evergreen Cemetery.

Surviving Mr. Bridges are a widow, Mrs. Ellen Bridges; two sons, J. R. Bridges and W. L. Bridges; and two daughters, Mrs. J. C. Johnson and Mrs. D. H. Mitchell. All are of Sanford.

Mr. Bridges was a native of Florida, having been born Jan. 14 in Hamilton county. He had lived here 25 years.

A \$10 promissory note of the Republic of Texas, dated Nov. 8, 1838.

Roosevelt To Start Motors At Huge Dam

President Declares Nation Has Turned Corner Of Depression, Future Bright

WASHINGTON, Sept. 11.—(AP)—A huge assembly of power experts from many nations gathered here this afternoon to hear a message from President Roosevelt and watch him throw the switch starting the giant turbines of Boulder Dam, highest dam in the world.

Some of the 3,000 delegates to the third world power conference expected a major pronouncement from Roosevelt on the Administration's power policies. The address and starting of the power plant at Boulder Dam was scheduled for mid-afternoon.

Boulder Dam, across the Colorado River in Nevada and Arizona, is 727 feet high and backs up water in the greatest man-made lake on earth. The dam cost \$54,500,000. It will supply power for communities as far away as Southern California.

CHARLOTTE, N. C., Sept. 11.—(AP)—A cheering, sopping wet audience heard President Roosevelt assert yesterday the nation has rounded the corner toward prosperity but that individual liberties have not been removed and inherent rights of the sovereign states have not been invaded along the way.

The President, soaked by a heavy downpour, spoke to thousands of persons assembled from seven states at the "green pastures" rally in Charlotte's municipal stadium.

A cloudburst had delayed the President nearly an hour en route from Asheville. Rain began pelting down again as the Roosevelt entourage of cars wound through packed Charlotte streets.

Through the deluge here the President said:

County Democrats Schedule Speakers For Monday Meet

James Milligan of Orlando and Garland W. Spencer, Sanford attorney, have been scheduled as principal speakers for a Democratic rally Monday night in the Court House, Joe O'Connor, secretary of the County Democratic Committee, said today.

The event will be the first in a series, arranged by the Committee, in which prominent Democrats from various parts of the state probably will appear.

This county's Democratic Committee Tuesday night named S. M. Lloyd, the county chairman, as campaign manager for this area in activities leading up to the general elections of Nov. 3.

A large number of Seminole Democrats are expected to attend this party rally scheduled for Orlando on Sept. 18.

Republicans Choose Babcock For Senate Race With Andrews

Howard C. Babcock, Orlando citrus grower, today had been selected by Florida Republicans to oppose Judge C. O. Andrews, Democratic nominee for the U. S. Senate, according to press dispatches received here.

Mr. Babcock was named unanimously by the Republican Executive Committee in a Thursday session at Orlando.

The candidate was quoted as saying, "I will give you a campaign" in a brief acceptance speech following his nomination.

Woodmen Work For Family Night Plans

Sanford Woodmen last night worked toward completion of plans for a "family night" to be observed by the lodge on Thursday, Oct. 1.

The event, which will include the presentation of a special program, is a regular feature of the fraternity.

Rebels Report Slaughter Or 2,000 Government Men In Mallorca Island Fight

DAYTONA DANCER FINALIST IN 'TALENTS' CONTEST

Gloria Levinge, who recently appeared nightly with her three sisters in the floor shows at Chateau Lido, Daytona Beach and who now bears the title of "Miss Birmingham," won her way to the finals in the contest to find the "most talented girl" in the national beauty pageant at Atlantic City. She captured the judges with torch songs and tap dancing. Another finalist in the "talents" contest was Phyllis Dobson (left) of Hollywood, Calif., who is shown with the trophy awarded her for winning first prize in the bicycle parade. (Associated Press Photos)

Farmers' Market 1935-36 Season Exceeds \$600,000

Value Of Celery Is Leading Figure In Report Of Firm

A volume of Florida products valued at \$628,992.79 poured through the State Farmers' Wholesale Market here during the 1935-36 season, according to a report released today by J. G. Michael, manager of the institution.

Out-of-state products handed amounted to \$33,851.26, giving the Market a total business volume of \$662,844.05 for the entire season.

While only a small portion of Seminole County's celery was handled through the wholesale unit, \$122,434.40 worth of that commodity was recorded on the market's books.

Second highest in value were beans, of which \$115,714.29 worth poured through the stalls of the establishment.

Other products, in the order of their value, follow: Tomatoes, \$73,635; cabbage, \$68,879; organes, \$37,105; potatoes, \$35,821; grapefruit, \$23,529; beets with tops, \$15,367; (Continued on page two)

Seminole Welfare Workers To Attend Session In Daytona

Mrs. J. P. Ridge, director of the local County welfare unit, and Mrs. Hamilton Bisbee, of the welfare office, will attend a district welfare board meeting in Daytona Beach Saturday.

The session is called for the purpose of acquainting persons attached to county welfare organizations of the methods to be used in distributing old age pensions under the state act.

Five counties, including Seminole, are represented in the 12th state welfare district. Others are Volusia, Orange, Ocala and Brevard.

Mr. Ridge and Mrs. Bisbee said the Daytona Beach session tomorrow will consume an entire day.

Tropical Storm Rages In Ocean Off St. Thomas

JACKSONVILLE, Sept. 11.—(AP)—The Weather Bureau today said a tropical storm is moving west-northwestward through the Atlantic Ocean about 150 miles east-northeast of St. Thomas Island, St. Thomas is directly east of Puerto Rico.

An advisory issued by an observer at San Juan, Puerto Rico, said pressure continues to be low over the extreme northeast Caribbean Sea but no high winds have been reported. Ships advised to use caution.

2,000 Students Of Seminole Schools Assigned Classes

Approximately 2,000 Seminole County students will begin school Monday streamed through County schools yesterday to register for classes and be assigned schedules.

T. W. Lawton, county superintendent, said that while the entire registration list is incomplete, he expected all pupils will have been registered by Monday night.

It was estimated that 5,000 children will be accommodated in the public educational institutions of the County this year. About 1,000 of that number began classes last Monday. The other 4,000 open their texts Sept. 14.

Mr. Lawton announced an all-day meeting of all negro principals and teachers at the Crooms Academy today for the purpose of discussing plans for the year. B. E. Williams, superintendent of Florida negro education, is in charge of the session.

Junior Legion Will Hold Target Practice

Target practice in the old National Guard Armory is on schedule for the Sanford Sons of the Legion tonight, according to Percy Mers, American Legion member directing the activities of the junior group.

The unit will assemble at 7:30 for the night's operations.

Earlier Citrus Movements Seen By Express Firm

Local Agent Asserts Business Is On Upgrade For Summer

An earlier movement of citrus shipments is expected this year by the Railway Express Company, according to an announcement made today by J. Schirard, local agent.

He explained that all citrus fruits dispatched by express are free from the maturity and grade laws, the only requirement being that the shipments must meet the state advertising tax statutes.

These laws, Mr. Schirard said, demand that a one-cent tax stamp be placed on each orange box. Three cents are required on each box of grapefruit, while tangerines make a five-cent tax stamp.

All monies collected from this revenue source are used in advertising Florida out of the state.

In reporting on general business trends throughout the summer, Mr. Schirard said there has been a gradual increase of shipments during the warmer months of the year.

Local Elks To Hear Summer Camp Report

Sanford Elks tonight will hear a report from six youths who were given a summer outing at Camp Winona, in Volusia county, on funds provided by the local fraternal institution.

Others business lying ahead of members is the completion of plans for a chicken barbecue picnic to be held Monday afternoon and night at San Lando Springs.

Approximately 100 persons, including fraternity members and their friends, are expected to attend the event. A small charge is being made. Tickets are available from any lodge officer.

Revolutionists And Foes Encounter For Death Battle At City Of Oviedo

San Sebastian Drive Imminent

French Fear Uprising Of Natives In Northern Africa

By The Associated Press
The Rebel Junta, which claims it is the "real" national government of Spain, today announced 2,000 Government troops had been slaughtered in an abortive attack on the Island of Mallorca.

Fascist Rebels and Socialist Government sources reported a new and violent engagement at the besieged Rebel City of Oviedo in the northeast mining country. Who actually won was hidden in highly conflicting claims.

Madrid announced administrative buildings and a convent had been fired by government bombers, that Rebels tried in vain to flee the city, and that Oviedo had had no water since Sept. 5.

The Rebels said the Oviedo garrison had driven Government soldiers back in battle, taking many prisoners including women.

There was a similar conflict of claims concerning the success or failure of the Rebels' southwestward drive on Madrid and other Rebel fronts.

The Rebels at Burgos, seat of the Junta, declared a final attack on San Sebastian was imminent and said an unofficial truce there, involving negotiations for the city's surrender, had been broken because the defenders wanted safe conduct for 111 Spaniards whom they desired to send to the shores of nearby Bilbao.

Another Rebel announcement (Continued on page two)

20 Students Sign To Attend Classes At Vocation School

More than 20 students had registered today for the Sanford Vocational School under the direction of Miss Rebecca Stevens. Classes are slated to begin Monday.

Miss Stevens announced that not all pupils have registered, although the books closed at noon today. She said each person who plans to attend the institution should enter his name no later than Monday.

Three classes of persons may attend the school, Miss Stevens explained. They are (1) persons regularly employed, (2) persons temporarily unemployed and (3) contract students, or those not employed.

Classrooms are located above the Hill Hardware Company.

Five More Enter Hill Fish Tournery

Only five persons have entered the Hill Hardware Company's fishing contest since Sept. 1, but out of those five entered there was recorded one 11 pound and on 10 pound bass.

The contest, which calls for four prizes of new rod and reels, has many entrants from all sections of the county, and closes at an early date, so all persons wishing to enter should carry their catches to the store and have them weighed and recorded.

John Schirard of this city continues to lead with a 12-pound, 1 ounce catch which he made late in July.
