## Pepper Rapped At Meeting Of Sanford Group

### Senator Is Branded By Washington Correspondent As No. 1 Useless American

Senator Claude Pepper was dubbed "The No. 1 American we can best get along without" by James R. Young, associate editor of the Anderson, S. C. Daily Mail, and former Far Eastern director of the International News Service, at the final meeting of the year of the Seminole Dinner Club held last night at the Mayfair Inn.

Mr. Young, who was introduced by President Floyd Palmer, is a director of the South Carolina Associated Press Association, a member of the Overseas Press Club of New York, the National Press Club of Washington, D. C. and is a director of the Savannah Valley Booster Association, as well as the South Carolina Scholastic Press Association.

"Several newspaper feature writers in recent weeks have drawn up lists, as a game at the press club in Washington, to determine who they would put in a cave for keeps," Mr. Young said.

"Claude Pepper is at the top of the list as the 'American we can do without. Pepper, with his 'Cousin Nelly' and all that guff and stuff, has been a Senate suspect on the newsmen's list for some time. 'He should be put in a cave, immured there, without newspapers, radio or television, and compelled to listen to his own yak-yak.

"There is much implication and insinuation in the current political fight, I do not know Rep. Smithers, and I know Pepper only as a correspondent, hearing him and watching him in his blinks. But I have kept a file on him ever since he came to Washington, particularly respecting his Buddy Buddies with Joe Stalin.

## Acheson Says Chinese Reds Hinder Plans

### Communies Won't Let 2,000 U. S. Citizens Leave China Via Port Of Shanghai

WASHINGTON, Apr. 12. — (AP) — Secretary of State Acheson said today all plans have been abandoned to remove some 2,000 American and other foreigners from Shanghai by sea. He blamed difficulties with the Chinese Communists.

Acheson told a news conference that efforts will be made to get Communist permission to move the refugees to a north China port or to the British colony of Hong Kong.

For more than two months, the State Department has been pressing the Communists to approve arrangements for the departure of the foreigners from Shanghai. Among them are some 800 Americans and 400 British citizens.

The Americans include United States diplomats and consular staff, who have been ordered out. However, Acheson said that all American official personnel from Peking and Tientsin, leaving by rail, are leaving Peking today and are scheduled to arrive in London by the end of the week.

## Free China Declares 1000 Red Troops Are Slaughtered

TAIPEI, Formosa, Apr. 12—(AP)—Nationalist China today announced it had wiped out 1,000 Red Gen. Lin Piao's 258th regiment. Three junk-loads of crack troops

were the only survivors of the 258th's quickly smashed attempt to invade Hainan. The Nationalists said earlier they killed the other 1,000 Reds.

The survivors were afraid of stern punishment, for failure, if they returned to their Luchow peninsula base point only 10 miles away. So they cruised in the Gulf of Tonkin until yesterday. Then they tried again to land on Hainan—presumably to operate as guerrillas.

Nationalist warships sank two junks. Seventeen men were picked out of the sea. The others drowned.

The third junk ran up the white flag. Seventy-eight officers and men with arms and ammunition, were captured.

Hainan, alerted by reports of Red troops massing on the peninsula, prepared for new invasion attempts. Nightly blackouts were ordered for the capital city, Kowloon, starting at 9 P. M.

Experts are drilling the Red troops, unsuccessful in six small invasions in the past month.

Formosa also was preparing against attack. Yesterday from the China mainland that Hainan, it feared air raids from the new Red Air Force more than invasion.

Taipei residents were building air raid shelters. The city is loaded with flimsy, Japanese style wooden structures. Observers predicted an air raid would force most inhabitants to flee.

The Nationalist foreign office today notified Capt. William D. Gordon, 49, Aldeburgh, Suffolk, England, that his ship, the Swallow, would be released upon payment of a fine. The amount had not been fixed.

The Swallow, flying the Panamanian flag, was seized Jan. 17 near Amoy. Nationalists said it was trying to run the blockade in Fuhai, U. S. I. Celebes island rebel troops clashed with sympathizers of the federal government near Makassar as the town of Sunnguminao, it was reported here.

The report by the Indonesian news agency Antara bolstered other reports from Makassar that the week-old rebellion is still simmering in spite of an Indonesian government announcement yesterday that the rebels had surrendered.

One rebel partisan was reported killed in the hour-long clash. The opposing group was not clearly identified.

Meanwhile, in Seoul the defense ministry said today 304 Communist-trained guerrillas from north Korea have been wiped out and another band the same size surrounded.

The army lost 113 dead and 28 wounded in the mop-up, the ministry said.

In the Chinese port city of Hong Kong, sixty-three Shanghai evacuees, including four Americans, arrived by ship from Tientsin. Hope grew that the Chinese Communists were relaxing their embargo on travel by foreigners.

About 1,000 foreigners, including 300 Americans, want to leave Hong Kong.

Spiny's arrival had traveled to Tientsin by rail. They and 75 International Relief Organization evacuees from Harbin, Manchuria, boarded the steamer Helgath Jessen. The vessel is operated by Johnston and Co.

Capt. A. Hanten said the Shanghai evacuees included 25 British subjects and 35 Dutch.

Friends of Little Miss Minnie Williams will be sorry to hear that she is confined to the hospital. Her parents, Mr. and Mrs. D. W. Williams, with Miss Minnie Williams, Mr. and Mrs. H. T. Williams, and Mr. and Mrs. J. T. Williams, are at Titusville Tuesday night.

Proceeds from the sale of Easter favors and novelties, amounting to some \$3.00 were added to the P.T.A. treasury last week. The clever items had been made by Mrs. F. L. Hunkins.

Mr. Roy L. Howell, Jr., who has been an ACL Railroad employee in Jacksonville, has been returned to the Sanford office and given a promotion.

Mrs. John R. Reaves had an house guest last week Mrs. Reaves' sister, Mrs. Alma Rink, who is wintering in Orlando.

Mrs. Minna H. Crothers, recent guest of the Paul L. Blaisdell at "Happy Hill," has gone to Miami.

The Chamber of Commerce held its regular monthly meeting Wednesday night with C. P. Brasington, president, presiding. Reports were heard from the treasurer and standing committees. Following roll call and the reading of the minutes of previous meeting, many good prospects for next year were reported by Herbert Lamport, membership chairman. Monthly bill for electric current for shuffleboard court was presented by W. Weiderhold, Recreation chairman. Report of letters sent out to mem-

bers, asking for donations of either labor or money, toward town beautification was made by that committee's secretary, Mrs. Joe Mayberry. Work has been done on the garden planted plot which is to memorialize Johnathan D. Evans, late member. The sum of \$23 was reported by Wm. H. Pugh, Boy Scout chairman as raised by them at their rummage sale, mentioned at this time the progress being made by the troop, which includes higher honors being won by three of the boys. In the absence of the chairman of the nominating committee, F. D. Anderson, Mrs. Ola Cochran read the list of nominees as selected by the committee: President, C. P. Brasington, vice president, Arthur B. Alling, secretary, Miss Virginia R. Palmer, and treasurer, Miss Millard M. Rice. A. E. Crocker, vice president took the chair and presided over the voting. List of nominees were elected unanimously, there being no nominations from the floor.

At the request of W. Weiderhold, A. E. Crocker, a trustee of the Cemetery Trustees Association clarified the proposed merger of that association and the Hgautification Committee of the Chamber of Commerce. According to the by-laws of the Association, it may accept help from the committee but no authority over it can be exercised by the chamber. Rev. C. White made several announcements regarding Easter services. Following adjournment, pie and coffee were served by members of the Home Demonstration Club.

The weekly prayer meeting of the young people of the Church of the Nazarene was held at the home of Mr. and Mrs. W. P. Burke, social hour afterwards. Refreshments were served. Some 20 attended and enjoyed a menu consisting of coffee, hot tea, hot chocolate and cookies were served at a late hour.

Monday Mr. and Mrs. A. B. Southard returned to their home in Wellington, Ohio, after spending the winter here.

Mr. and Mrs. R. E. True have as guests, their son-in-law and daughter, Mr. and Mrs. Everett Dix of Fairfax, Va.

Mrs. J. H. Cowan returned Monday from a brief visit with her sister-in-law, Mrs. Duncan Peterson in Crescent City.

Mrs. A. R. Bogus honored Miss Virginia R. Palmer, bride-elect and her fiancé, P. D. Anderson, at a small supper at her home in Orlando, invited to be with them were Mrs. Ruby Shraler and Mrs. J. Maxon.

Supper served buffet style consisted of baked ham, devilled eggs, stuffed tomato salad, asparagus tips, corn pudding, watermelon preserve, cucumber pickle, peach preserves, hot rolls and hot tea. As a memento of the occasion, Mrs. Bogus presented Miss Palmer with a china tea set, which had been in her family three quarters of a century.

Mrs. T. M. Miller honored her daughter, Peggy Jo, Saturday afternoon, the occasion being her third birthday. Myrna Williams took the prize for the Easter Egg Hunt, which was the afternoon's feature. Party favors, cake and ice cream and limonade were served to the honoree and the following children, Barbara Miller, A. McCall, Myrna and Melonie Williams, Roberta Hitchcock, Adelle Alling, Sara Smith, Ronny and Wanda Nixon, Sharon Sue Humphries, Earl and Gail Roberts, Herky and Peggy Grier.

Mr. and Mrs. Wm. A. Lowe had as their guests over the Easter weekend, the E. M. Cheaters and two sons, of Palatka. Mrs. Cheater will be remembered as Miss Blaine Lowe.

The Church of the Nazarene and the Lake Mary Community Church united Sunday morning in an Easter sunrise service on the shores of Lake Mary. Rev. Edgar McConaughay and Rev. C. C. White had the service, with the latter making the address. Mrs. Frank Griffin led the singing.

### Budenz Says Name 400 Communists

MIDLAND, Mich., Apr. 12 (AP) — Ex-Communist Louis Budenz, who may have an answer to the Sen. McCarthy-Owen Lattimore dispute, says that he could name 400 "subversive" Communists in the United States.

"But I won't do it," he declared here last night. "I can't afford libel suits."

The former managing editor of the Communist Daily Worker was in Midland for a lecture. While here, he was notified of a subpoena to appear before a Senate sub-committee investigating McCarthy's charge that Lattimore is a Soviet agent.

Budenz, named as McCarthy's "mystery witness," would offer no comment on the dispute. But he did say that he had never met, talked with, or given documents to McCarthy.

FOR YOU THE PEOPLE!

About a week ago, your local Pepper Campaign Committee ran an appeal for funds. At that time we pointed out that the real issue of this Senatorial Campaign was a fight between **Pepper** and the People on one side, and the Old Guard Republicans and Big Corporations on the other.

We pointed out that the big special interests and the newspapers they control were using all their might to confuse the real issues of this campaign, that the only way Senator Pepper could get his message across to the people was through **thoughtful space** in the newspapers, through **thoughtful time** on the radio.

And we pointed out that whereas Sen. Pepper's opponent had the campaign chests of Wall Street and Big Business to draw from, Claude Pepper's only backers were the people.

Gratefully, we are now able to announce that the people responded to Senator Pepper's plea, that the dimes and dollars you sent in will enable us now to present the true facts of this campaign in the newspapers and on the radio.

And we can assure you that every cent you've contributed will be devoted to the task of re-electing a man who never once in his long and brilliant career has knowingly sold the rights of the many to promote the selfish interests of the few... **CLAUDE PEPPER**.

# How long can this go on?

As you know, the Telephone Union is demanding another general wage increase. You may not know that there have already been eight general wage increases for Southern Bell employees in the past ten years. Now the Union demands a 9th!

How long can this go on?

You, as a telephone subscriber have a right to ask because it is your money that pays telephone wages. You should also ask whether there is any justification for a 9th round wage increase.

The answer is that **ANOTHER GENERAL WAGE INCREASE CANNOT BE JUSTIFIED**. Here are the facts:

In the past 10 years

**Southern Bell WAGE RATES UP 117%**

**LIVING COSTS UP 73%**

How long will Union leaders continue to make such unreasonable demands? We believe that the public, the Company and the Union ought to face this question squarely. Even now we are struggling to meet the cost of wage increases already granted which amount to more than \$75,800,000 a year. On the other hand revenue from rate increases totals only slightly more than half that amount.

We want telephone employees to be well paid and we have submitted proof that they are well paid. The Union on the other hand has offered no justification for its wage demand.

The time has come to call a halt to repeated wage demands that are supported by nothing but threats of a strike.

**Fact #1** In ten years' time, wages of Southern Bell employees have gone up 117% while the cost of living for Southern cities is up only about 73% (according to the U. S. Bureau of Labor Statistics.)

**Fact #2** Even without the general increase in wage rates being demanded by the Union, 3 out of 4 Southern Bell employees will get an automatic "progression" raise in the next 12 months. As a matter of fact, over the length of the present contract which runs until June, 1951, the total of the automatic increases alone will be \$c an hour (\$3.20 per week) per employee, or about \$8,000,000 a year.

**Fact #3** A recent survey of 3,800 businesses in the South shows clearly that, job-for-job, skill-for-skill, town-for-town, telephone wages compare very favorably with wages paid by other concerns.

Telephone Union leaders are demanding — and striking for — a 9th round general wage increase which would up hourly wages by another 15%. This sounds harmless enough until you realize that it would amount to an annual increase of \$15,500,000. Or, measured another way, it would amount to 70% of this Company's total net earnings for last year!

## Easter Egg Hunt Given At Chase Home

The annual Easter Egg Hunt given by Holy Cross Episcopal church for children of the Methodist Children's Home in Enterprise and for children of the Salvation Army, was held at the home of S. O. Chase on Melville Avenue yesterday afternoon with about 80 children in attendance.

Throughout the afternoon amusing games were enjoyed and refreshments held in addition to the egg hunt. Prizes were awarded winners for each of the games.

Those assisting with entertaining were members of St. Monica Chapter, Mrs. Fred Hall, Mrs. B. F. Whitner, Jr., Mrs. Irving Feinberg and Mrs. Elizabeth Dyon.

## Fidells Meets With Mrs. John Miller

The home of Mrs. John L. Miller on Myrtle Avenue was the scene for the monthly business and social meeting of the Fidella Class of the First Baptist Church last night. Hostesses were Mrs. J. P. Holtzclaw, Mrs. B. K. Hardison, Mrs. J. L. Thornley and Mrs. John Rogers.

Mrs. Miller presented the devotions and Mrs. Frank L. Woodruff, Jr. presided over the business session. Mrs. Carl Moss reported on a box of clothing sent to a former member and the class voted to contribute \$10 to a needy person in the church.

Mrs. Woodruff announced that a study course, "Building a Standard Sunday School" will be held Apr. 24 to 28 at the church and urged as many as could to attend.

Following the business meeting several interesting games were enjoyed under the direction of Mrs. D. K. McNab, and prizes awarded to Mrs. Woodruff, Mrs. Hardison, Mrs. E. G. Gatchel and Mrs. L. F. Garner.

Those present were: Mrs. Gatchel, Mrs. H. W. Little, Mrs. M. F. Smith, Mrs. Bernice Kinney, Mrs. J. H. Hutchins, Mrs. McNab, Mrs. Miriam Vinup, Mrs. F. E. Cooner, Jr., Mrs. A. D. Rountree, Mrs. W. L. ## Detective Programs Replace Give-Aways

By CYNTHIA LOWRY  
AP Newsfeatures Writer  
Hullie people, as is their wont, currently are informing each other solemnly that mystery and detective programs are replacing the give-away programs in the hearts—or rather, ears—of listeners.

I wouldn't know about that, but I do know that the true mystery and detective story fan can give himself to his radio around 7 P. M. each evening and, by admit kneeling, can revel in one tale of violence after another until late evening. Indeed, sometimes there are two or three running concurrently which makes selection difficult.

If these 15 and 30 minute dramas of adventure and mystery have indeed taken the nation by storm, it won't be long before the experts—the psychologists, free-lance writers and others—will knock them down as endangering the future of the nation, tending to the savage instincts of man, and destructive of morale the right-of-center thinkers will call them a part of the communist scheme of domination; the left-of-center apologists will say it's capitalist war-mongering.

Before that occurs, I'd like to get my analysis in. I think the suspense and allied stories is the greatest story to humankind since the invention of the inner-spring mattress, decaffeinated coffee and the sleeping pill.

Speaking as a veteran reader dedicated to escape literature, I find that the quality or quantity of these broadcast stories has nothing to do with their sleeping-punching potential. I don't at all sleep aply when listening to a chapter of a right handsome psychological novel.

Discovery of this manifestation was quite accidental. I was offering from a head cold which made reading an impossibility. At that time I thought it was the cold. I rested upon recovery and found I was off to the land of nod and was cutting down the backlogs on the roof tops and as the milder stars wailed over the air, then I thought this was some little peculiarity of mine own.

But a discreet poll among my friends and relatives has restricted my confirmation of my theory. They find I confess the never heard of end of any air-borne whodunit and was perpetually torn with "dramatic slumping" behavior.

Another poll proved a new, highly important principle to take the place of amnesia, and if they would top interesting private detectives with hitting their heads.

I have no complaints about publishers or, because I never heard of a simple one, I don't think they've injured me in any way, though because I'm not with difficulty most of their hard selling, I'm the first commercial in the program.

In the past week, I have gone to sleep while a certain in a lunatic street was trying to murder a rich old man by scaring him to death, while a hard-boiled detective was being killed in the head (repeatedly) by an angry ex convict, and when a general politician was struggling with an upright law enforcement official on a roof top. I never saw a book whether it was a novel or a play, and I never know that I can't read and that I'm a little bit of a bookish fellow.

But Hollywood can't be blamed for this. The industry has done nothing to discipline a fan, the fan remains a deep, dark secret.

Such civic-minded citizens as Lucille Ball, Anne Baxter, Ronald Reagan, Gloria Swanson and Cecil B. deMille have volunteered to give these and other messages to the nation.

But Hollywood realize that all this constructive talk can be overshadowed by one juicy scandal. Officially it would seem that the playful fans cannot be caught.

The standard contract between studio and players contains a moral clause, but if a studio ever has insisted on it to discipline a fan, the fan remains a deep, dark secret.

## Hollywood

By BOB THOMAS  
HOLLYWOOD, Apr. 12 (AP)—The movie industry is launching its biggest drive to better its public relations.

In the past year, Hollywood has become acutely aware of the effect of public opinion. High-school confabs have been held in New York, Washington, Chicago and Hollywood, and highways are plotting means to put the film industry in higher esteem and give it more dignity.

All the important elements of talent and management in Hollywood banded last year to form the Motion Picture Industry Council. The guilds and producers agreed to use the council to coordinate matters of common interest. One of the major items is public relations, and the council has answered some of the industry's critics, such as Senator Johnson.

The idea of such an industry-wide group is now being established nationally. Theater men have joined the producers in the council of motion picture organizations.

The lack of groups formed to improve public relations is the Screen Producers Guild, which held its first meeting last week.

How are these organizations going to state opinion to Hollywood's side? That's what they're trying to figure out.

The thing they hope to do is show the constructive side of the industry. They point out that a great many Hollywood people play happily married for life, although the divorce rate is high.

They are citing the record of the war, when Hollywood took on—without pay—a large part of entertaining the fighting forces. They point with pride to the town's unflinching effort for worthy charities.

Such civic-minded citizens as Lucille Ball, Anne Baxter, Ronald Reagan, Gloria Swanson and Cecil B. deMille have volunteered to give these and other messages to the nation.

But Hollywood realize that all this constructive talk can be overshadowed by one juicy scandal. Officially it would seem that the playful fans cannot be caught.

## Exceptional Child Needs Special Care

By DAVID TAYLOR MARKE  
AP Education Writer  
The exceptional child needs special education. And in that process of education the parent plays a most important part.

Kenneth E. Oberholzer, superintendent of schools of Denver, speaking recently before the annual convention of American School Administrators, pointed out that every child has four sets of teachers: "his home teachers, his playmate teachers, his school teachers, and his community teachers. Of these four sets of teachers, the home teachers are by far the most important."

Citing "The Education of Exceptional Children," the 19th Yearbook of the Society for Exceptional Children, Oberholzer stated: "All of these four sets of teachers must work together, and particularly the home teachers— that is, the parents—and the school."

Frank Sinatra-Ava Gardner romance, which many now try to break up and keep quiet.

There is an economic pressure against erasing stars, too. While some of them prosper, most of them do not. It is noteworthy that none of the top 10 box-office stars has been in a major scandal.

Hollywood seems destined to lose some of its circus elements in an effort to achieve more dignity. I mentioned to a public relations-minded official that the town has been built on glamor and make-believe.

"Yes," he replied, "but there's a difference between entertainment and a strain tease."

Such civic-minded citizens as Lucille Ball, Anne Baxter, Ronald Reagan, Gloria Swanson and Cecil B. deMille have volunteered to give these and other messages to the nation.

## Reporter Chooses Boston Red Sox As Team To Beat

**PETERSBURG, Apr. 12.**—The Boston Red Sox look like the class team of the American League with awesome power and enough pitching to win the pennant after two close misses.

All they need is a swift boot out of the starting gate.

Joe McCarthy, away from the World Series since 1943, figured to get the Sox off fast and slide home Oct. 1 with a little to spare. Marse Joe knows he can't afford another long start.

Just as a warning, we handed out the same Red Sox pennant pick the last two years. Look what happened. Cleveland in '48 and the Yankees last summer didn't pay any attention.

New York and Detroit probably will make the most trouble with their fine pitching staffs. The Yankees also have that "strong bench" to help in case of emergencies.

Cleveland has too many infield "ifs" despite prospects of great seasons by pitchers Bob Lemon and Mike Garcia. Lou Boudreau at second and Kenny Keltner must come back to make the Tribe contenders all the way.

Philadelphia's sore arm epidemic cooled off the A's as a flag hope. If Joe Coleman and Dick Fowler are in serious trouble, they are in tough shape. The other clubs are just in there to fill out the race.

Here's the way it looks from here:

1. Boston
2. New York
3. Detroit
4. Cleveland
5. Philadelphia
6. Chicago
7. St. Louis
8. Washington

As for Boston, the Sox wound up last season with 21 straight at Fenway park... they start the campaign with 22 of their first 26 games at the same park with its friendly left field wall.

McCarthy thinks he is in better shape with Al Zarilla in right field and Billy Goodman on first. Neither was playing last opening day.

There is no reason to believe that Ted Williams and Vern Riffe, each of whom drove in 160 runs last year, will not have good seasons. Second baseman Bobby Doerr, at 32, is in his best spring shape in years. Don Blalock looks fine. As does Johnny Pesky since his return to the lineup. Eddie Collins will have catching help from veteran Buddy Easter.

Nobody expects Ellis Kinder to repeat his 23-0 record. Still he should be a candidate for the Fenwick shield. He is just as good as Joe Mauer, to be expected from Joe Mauer, Maurice McDevitt, Chuck Stobbs, Dave Egan and Walt Masterson. In addition McCarthy has another bullpen potential in Al Papi, Gordon Miller and Charley Schanz.

## White Sox Tagged As Possible Team To Take Pennant

**NEW YORK, Apr. 11 (UP).**—Most of the Chicago White Sox don't have any love for their stern and driving manager, Jack Onslow, but they play ball for him and that makes them a possible first division threat.

Bulwarked by one of the potentially best pitching staffs in the majors, Onslow thinks his club will finish fourth and he is a man to be reckoned with as a prophet. Last year when most folks were picking the White Sox to finish seventh or eighth, he flatly stated to would wind up sixth or better. They finished sixth, might have landed higher had not their spectacular rookie slugger, outfielder Gus Zernial, been out most of the way with a smashed shoulder.

Onslow, who inherited a chronically complacent and mediocre club in 1944, quickly instilled a winning spirit, even though some of the older "gave their all" grudgingly. This year, knowing Onslow isn't kidding, they have been cooperative from the start.

The emphasis is on youth, particularly on the mound where Onslow has assembled a heavily reinforced left handed staff. Such young power pitchers as Bill Wright, Bob Kuzava, and Bill Pierce, fit into a starting rotation that also includes veteran southpaw hurler sure of a starting job is Randy Gumpert, who won 13 games last year. Howie Judson also may make it, but he has the bad rap of overcoming a 14-game losing streak suffered in 1940.

Among the better youngsters, the emphasis also is on lefties. Bonus Player Jack Bruner, who won 13 Waterloo and must be kept in the rotation, and Bob Cain, up from Memphis, seem certain to stick. Right handers Luis Ajomo, Bill Connelly, and John Perkovich, all rookies, also are battling for jobs. The relief chores probably will be taken over by Marino Fioretti and Hasner, both old timers.

Except for the astonishing 41-year-old Luke Appling at shortstop, who still managed to play in 144 games last year, field spryly, and bat .301, the White Sox will have a young infield. Al Carrasquel, one of the best looking rookies anywhere this spring, will be on hand to take over for Appling if the old pro starts breaking too much and

## BASEBALL HIGH LITES

**BALTIMORE, Md., Apr. 12.**—Carl Erskine, who has been having his troubles this spring, selected an opportune moment to come through for the Brooklyn Dodgers.

With Ralph Branca and Jack Hamra sidelined with ailments, Erskine boosted his stock with Dodger Manager, Burt Shotton, with a neat one-hitter against Green-boro of the Carolina league yesterday.

Erskine had a no-hitter until two were out in the eighth. He faced only 31 batters, striking out seven and walking three. Erskine also got four hits in five times at bat as Brooklyn won, 22-0.

**CINCINNATI, Apr. 12.**—(AP) Big Johnny Mize, New York Yankees' first baseman who has had a bad shoulder since August, is due to try his arm in a game any day now.

Johnny has not been able to throw properly although he has appeared in pinch-hitting roles this spring.

Gus Niarhos is the latest Yank to meet with a mishap. The catcher was hit in the face by a thrower last during yesterday's pre-game practice. It left a cut on his right cheek.

**ROANOKE, Va., Apr. 12.**—(AP) Boston Red Sox catcher Birdie Tobitts may be unable to open the season behind the bat. He suffered a split finger yesterday and will be out for some time.

**MEMPHIS, Tenn., Apr. 12.**—(AP) The Detroit Tigers' George Kell played it straight late last season when fans asked him what he thought of the American League title. He said the Boston Red Sox.

So the fans jumped down his throat for disloyalty to his own team.

"This year I'm not making the same mistake," said George. "I'm picking Detroit—not just to keep the fans off my neck but because I think we have a good chance."

**HOUSTON, Tex., Apr. 12.**—(AP) The return to winning form of pitcher Bill Voiselle would lift the shoulders of Manager, Frankie Frisch of the Chicago Cubs. But first, Voiselle must lift some weight from his midsection.

Big Bill, obtained by the Cubs from the Boston Braves for a reported \$50,000 and infielder Gene March, has reduced from 240 to 225.

Dutch Leonard, the Cubs veteran pitcher, asked Voiselle what he did during the winter to keep in trim.

"I hunted," said Bill.

"Hunted for what?" asked Dutch.

"A place to sit down..."

When Princeton won the Eastern League championship this year it was its first such victory since 1923.

## Detroit Red Wings Beat N. Y. Rangers In Hockey Tourney

**DETROIT, Apr. 12.**—(AP) The Detroit Red Wings were off to a flying start in the final Stanley Cup hockey playoff today and it looked as if the New York Rangers would have a hard time catching them.

The Red Wings, playing without their two star forwards, Ted Lindsay and Gordie Howe, whipped the New Yorkers 4-1 last night in a game that became one-sided after the first 40 minutes of play.

The victory put the Wings one up in the best-of-seven championship series which shifts to Toronto for games No. 2 and 3 on Thursday and Saturday nights.

The fast New Yorkers grabbed a one goal lead in the first period during which they skated rings around the Detroiters.

But the National Hockey League champion Red Wings surged back with four goals in the second period to tuck the game away. After that, the Detroiters played a pretty defensive hockey against the Rangers' futile efforts for a tally.

The game lacked the blood and thunder atmosphere that marked Detroit's bruising semi-final series against the Toronto Maple Leafs. In fact, a goodly number of the 13,415 fans filed out of the rink in boredom midway of the final period.

New York, which surprised by slipping down Montreal in the semi-finals, had a lot of tough luck.

The Rangers picked up a first period goal on Buddy O'Connor's six-foot poke, and just missed connecting on two other shots that bounced off the Detroit goal posts behind goalie Harry Lumley.

Coschen, Lynn Patrick of New York and Tommy Ivan of Detroit agreed in post-game discussions that those near misses cost the Rangers the game.

Other breaks certainly went against us on a couple of those shots," Patrick said.

Lindsay and Howe, members of the Detroiters' powerful Lindsay-Howe-Rid Abel line, watched the from behind the De-

## Sports In Brief

**Hockey**  
 DETROIT — The Detroit Red Wings defeated the New York Rangers 4-1 in the opening game of the best-of-seven championship series for the Stanley Cup.

**Racing**  
 NEW YORK — Ford (\$9.50) upset the favored Middleground in the six-furlong County Fleet purse at Jamaica.

SAN BRUNO, Calif. — Favorites won the first seven races at Tanforan, including Feudel (\$4.30).

**BOWLING**  
 The boys come from all parts of the state, and all are of high school age, 14 to 17.

**SOUTHERN CREW**  
 LAKELAND. —(AP) Three needle-nosed Florida racing shells will travel in style to the famous Dade Vail Regatta at Poughkeepsie, N. Y., May 20.

Florida Southern College here is building a 44-foot trailer big enough to hold all three shells. FSC will take along its own craft and those from the University of Tampa and Rollins College.

**PHILADELPHIA** — Andrew Pansil, 47 former world's pocket billiard champion, died of a heart attack.

**GREEN BAY, Wis.** — John L. (Tarzan) Taylor was named assistant coach of the Green Bay Packers' football team.

**PHILADELPHIA** — The Cleveland Browns and Philadelphia Eagles signed to meet in the first game of the professional football season Sept. 16.

Both were injured in the semi-final round.

They saw their teammates blast 10 shots at Hanger goalie Chuck Rayner in that second period, four of them hitting by him.

The tying goal was scored by Joe Carveth as two Ranger players looked on from the penalty box.

That came at 4:43, and within the next 10 minutes Jim McFadden, George Gae and Jerry Couture slapped in goals to make it a 4-1 game.

Rayner chalked up 22 saves during the evening, two less than Lumley. But most of the New Yorkers' saves were on difficult shots that kept him hopping around.

## 17 Congressmen To Arrive In Sanford Tomorrow Evening

Seventeen congressmen bent upon flexing their throwing arms and sharpening up their batting eyes will arrive in Sanford tomorrow night, Ed Higgins, manager of the Seminole Chamber of Commerce, reported at a meeting of the board of directors last night.

The solons will be accompanied by their wives and several friends. "All told," said Mr. Higgins, "we can expect 50 people to be in the party."

The Congressmen will proceed to Sanford after attending a bar-b-que in Leesburg tonight. Friday morning the lawmakers will don Giants' uniforms at Municipal Field and undergo "serious" spring training drills for the benefit of newspapermen and photographers. The practice session will stretch into Friday noon.

After a dinner in their honor at the Mayfair Inn given by the Chamber of Commerce, the Congressmen will get their Municipal Hall Park to watch the Sanford Giants open their home season schedule against the Deland Hitlers.

Saturday morning the visitors will be taken on a short boat trip around Lake Monroe. During the afternoon they will motor to Daytona Beach where they will be received by that city's Chamber of Commerce.

The Congressmen will leave Sanford Sunday morning for Washington.

## Blind Keglers Will Roll In A. B. C. Meet

**COLUMBUS, O., Apr. 12.**—(AP) A dozen kids, six blind and six partially blind, get their sports thrill of a lifetime Apr. 23.

They'll bowl, as full-fledged contestants, in the 47th American Bowling Congress, which opens here Saturday.

And the members of the two teams, all students at the Ohio State school for the blind, don't expect to finish last in the big harangue.

The boys come from all parts of the state, and all are of high school age, 14 to 17.

Bob Falkenberg drew a default from Bobby Curtis, Denver, Colo., who withdrew during the first set after twisting an ankle. Falkenberg held a 4-2 lead when Curtis retired.

Hamilton Richardson, Baton Rouge, dropped Bobby Kamrath, Houston, 8-1, in a mild upset.

Second stringer, Giarney Mulloy, Miami, defeated Lewis Fisher, Houston, 6-1, 6-4.

Fred Kovalecki, Detroit, Mich., defeated Eard Caldwell, University of Houston, 8-1, 8-10, in second round play and came back in the third round to defeat Jack Turpin, Rice Institute, 6-3, 6-4.

Herb Flam, Los Angeles, Earl Cochell, San Francisco, Tom Brown, San Francisco, and Bryan (Bitty) Grant, Atlanta, Ga., were other seeded players taking victories.

## Tom Henrich Will Be Ready To Open Claims Physician

**BALTIMORE, April 12.**—(AP) "Don't worry about it," Tom Henrich, New York Yankee baseball star, said he was told today by a specialist he consulted about his sore knee. He should be ready for the 1950 season, it is reported.

The stellar outfielder and first baseman came here to have Dr. George Bennett, bone specialist, look at the knee which has been bothering Henrich during Spring training.

Henrich said the doctor told him not to worry and "just to take it easy." He entered the doctor's office after 4 o'clock and within an hour was out and on his way to New York.

Henrich said Dr. Bennett left it up to the New York Yankees team physician, whether any support for the knee during games will be necessary. The athlete said he will consult with the team doctor in New York tomorrow morning.

Dr. Bennett would not comment on the visit, saying "anything on Henrich will have to come from the Yankees."

Henrich reported the bothersome knee is only 18 years old. "I tore some cartilages then and later some ligaments," he said.

Henrich left the Yankees in St. Louis yesterday to fly east for the medical consultation. He said Dr. Bennett told him there was nothing to do about the knee "except take it easy" for awhile.

When they passed 1600 points in this year's basketball campaign, the championship University of California at Los Angeles "Wooden Wonders" became the highest scoring quintet ever turned out by the school.

## Schroeder Beats Hugh Sweeney In Annual Net Games

**HOUSTON, Apr. 12.**—(AP) Seeded players, with the exception of Ted Schroeder, have swarmed right along as expected so far in the annual River Oaks invitational tennis tournament.

Yesterday Schroeder encountered trouble with his service against Hugh Sweeney, University of Houston, and was forced to go three sets before winning. Set counts were 6-2, 3-6, 6-0.

Bob Falkenberg drew a default from Bobby Curtis, Denver, Colo., who withdrew during the first set after twisting an ankle. Falkenberg held a 4-2 lead when Curtis retired.

Hamilton Richardson, Baton Rouge, dropped Bobby Kamrath, Houston, 8-1, in a mild upset.

Second stringer, Giarney Mulloy, Miami, defeated Lewis Fisher, Houston, 6-1, 6-4.

Fred Kovalecki, Detroit, Mich., defeated Eard Caldwell, University of Houston, 8-1, 8-10, in second round play and came back in the third round to defeat Jack Turpin, Rice Institute, 6-3, 6-4.

Herb Flam, Los Angeles, Earl Cochell, San Francisco, Tom Brown, San Francisco, and Bryan (Bitty) Grant, Atlanta, Ga., were other seeded players taking victories.

**Rural Conference, Sanford, Fla.**

Such events as the recent Rural Youth Conference at the University of Florida are highly significant to all who are thinking of the future of agriculture in the rural people of Florida.

The conference, attended by representative rural students from Florida State University and the University of Florida, could be a source of information and inspiration from which other on the course of action they will follow upon graduation.

They discussed such important phases of rural life as available resources, health, schools, social life, and, of course, the rural home, and in considering all of these subjects they included the mistakes and accomplishments that have been made, existing and future problems and how to solve them, and how each can work to improve himself or herself and to improve rural living in general. They carried out the conference with many questions, and they had many of the answers at the end of the event. Young and enthusiastic, they

seem to be of great benefit and service to their homes, their communities, and their state and nation. With the education and special training they receive in college and with good leaders such as they obtained at the conference from each other and from agricultural leaders, they indeed will be valuable and useful citizens. They will communicate their knowledge and ideas to others, they will set examples for their fellow citizens, and they will be aware of their opportunities and their duties, as individuals, as educated men and women, to be of service to the people of the state that has educated them and contributed to their development.

So it is indeed encouraging to hear of such meetings as the Rural Youth Conference, for much good for the community, state, and nation should come from them. The young people who attend them are better informed and better equipped than they otherwise would be to assume the responsibilities of good citizenship when they come to the end of their college career.

Offset possible livestock price declines by saving more animals through proper sanitary practices, advise Florida Extension Service livestock specialists.

Good behavior in children is fostered by giving them security, affection and recognition.

### Scientists In Britain Against Purge Of Reds

#### Group Declares That Able Workers Are Being Discarded

LONDON, Apr. 12.—(AP)—Britain's atomic scientists today urged "strong opposition" to any extension of this country's purge of Communists.

The council of the Atomic Scientists Association said it would view an extension of the civil service purge to other institutions with grave concern x x x.

Prime Minister Attlee announced 13 months ago that Communists would be removed from government jobs which gave them access to important secret information. Several persons have been fired or transferred since then.

The Council of the Association distributing its views to newsmen in a 600-word statement, said members of the Council were divided in their views on this part of the purge.

"Some members regard it as an unpleasant necessity forced on the authorities by a situation which could not have been dealt with in any other way," the statement said.

This group called for "additional safeguards" against political persecution and a "clearer delimitation between establishments conducting secret and non-secret work."

At present, ministers in charge of departments are given wide discretion over transfers of firing for Communist associations.

Another group said it believed the purge powers were unnecessary, but that betrayal of secrets could be dealt with adequately under the official secrets act. This law prohibits the disclosure of state secrets under a maximum penalty of 14 years in prison.

The scientists appeared to be divided about equally in these views and "no general statement can be made," said the council.

However, it said, "it is difficult to avoid the conclusion that even

in friendly countries, individuals employed in universities and in industry have been penalized on political grounds. x x x

"Men of proved ability and distinction are replaced by others of lesser attainments who have the recommendation of political conformity. Similar measures in this country would be likely to produce a rapid and progressive decay in professional standards."

Meanwhile the Admiralty announced it was removing an employee from the British naval base at Rosyth, Scotland, because he is Communist. The Admiralty said it would try to find him another job where he would not be close to secret information.

The elections, scheduled for Apr. 16, come at a time when Yugoslav-Italian relations are once again badly strained over the formation of the important Adriatic city of Trieste and its surrounding territory.

Yugoslavia over the weekend flatly rejected proposals by Italy's Foreign Minister Count Carlo Sforza that the two nations get together to settle the question.

Yugoslav officials have declared Italy's proposals are expansionist and that this country can never consider giving up its claim to the part of the territory it controls.

The Italians have back of them a proposal made two years ago by the United States, Britain and France that the territory be turned over to Italy. This was done to bolster anti-Communists in the Italian elections, but the point has not been pressed by the big three since the Christian Democrats of Premier Alcide De Gasperi won their sweeping victory over the strong Communist threat.

Meanwhile the harbor city of Naples, Communist-led 13-day unionists, prevented by a heavy guard of police and soldiers from hampering the unloading of Italy's ship of American arms, called a general strike here today in protest.

But the scheduled eight-hour walkout appeared this morning to have had little effect on the normal life of this historic port in the shadow of Mt. Vesuvius.

The city's streets were exempted from the strike order and functioned normally. Stores opened on schedule.

The freighter Estima, which brought some 300 tons of American arms to Italy yesterday, sailed at dawn for the allied-controlled port of Trieste.

Screened off by a strong column of troops, but police and carabinieri, non-Communist dockhands unloaded the arms—mostly howitzers and other mountain

Washington to Communist exposures. Such resistance certainly provokes there must be some fellow-travelers in the Capital.

"I covered the Alger Hiss trial. I have known the principals in the case for many years. In fact, I was in school at the same time as Hiss at Johns Hopkins; and for many years, a good deal of my difficulties in covering foreign assignments overseas came from the small group of which Hiss was a part. A good many of my reports from China and Japan are believed to have been in the 400 to 600 messages which were stolen from the State Department while Hiss was with Francis B. Sayre."

"I put this challenge to Senator Pepper: Will you take the lead in bringing out the full story in the State Department of the formation of American foreign policy in China and the Far East?"

"The only positive proof that Pepper could give me that he is strong for protecting American foreign policy is to have him volunteer, and carry through, a thorough investigation of this hush-hush secret of purged State Department secret documents."

"I would put this question to Senator Pepper: Do you think that your trust with certain left wing elements would assure investments, guarantee progress and provide protection for labor's rights?"

"Pepper's past alignment and performance are a self-implication. He could be a headliner at a meeting of 'Operation Dixie' in which he would, no doubt, meet the Negro issue in contract negotiations."

The short editorial note in tonight's Sanford Herald, the "S. S. C.," an American school in China to keep ten million Chinese Communist from starving," says the Herald: "We did not send wheat to China when the nationalist-

equipment. Communist had threatened mass demonstrations against the arrival of the arms and urged the purges to turn out. But the demonstrations failed to materialize. The Communist-dominated Chamber of Labor then issued the strike call."

The arms, however, already have been moved off by rail under heavy guard to an army depot without incident. Sentinels were posted along the entire route to prevent sabotage."

Officials of the non-Communist dockers union said not one of their members had refused to unload the arms, despite Communist propaganda. One official said the dockers wanted to show that the arms "serve the defense of democracy and freedom to work."

### Apartment Dweller Finds Many Headaches In A New, Large Home

By SAUL PITT (For Hal Boyle)

NEW YORK — (AP) — There is a kind of round-robin, self-multiplying lunacy about living in a new house in a neighborhood of other new houses.

Knowing nothing about such things, we moved into one across the river in New Jersey. Like our neighbors, we came from big city apartments. Now we would live!

So we men rushed out and bought expensive tools and work benches. Why, I don't know. May-

be it's because in our apartments we never did anything more than install a light bulb. Now, we would prove we were resourceful. Fix or build anything.

So far, not much has happened. Harry, who lives across the street, did fix the axle on his daughter's doll buggy. Used a little wire, but no tools. I christened my new bit by installing a clothesline

were fighting with their backs to the wall, and many of them starving too. But now we will help to save and fifteen millions of Red Chinese, so that they will make good soldiers to fight against us when the showdown comes between the East and the West."

"And, I would add to the truth of the above assertion," Mr. Young declared, "for what supporters would be that inner circle which includes a whole crowd of nincompoops in the Department of Justice. I'd like to hear Butterworth and Jessup on this score. As for sending out 10 million dollars to Siam and what to China, well, you certainly have the double-cross, fence-tradling reflected in this dual action."

"One final question for Senator Pepper: In 1946 was held the Bikini atom tests. Present was a man from Tampa, A. Kokhlov, a mine-sweeper captain of the U.S.S.R. Prof. was made at his presence. He was not a newspaperman, yet through the State Department he was put aboard the USS Appalachee as a correspondent for the Soviet Navy agent who had been stationed at Tampa when the selection was made," Mr. Young concluded. "I ask Senator Pepper to explain how the Red Navy agent was granted credentials and to tell me who supported this 'anonymous action.'"

your?" "Yeah, but did you notice the tiny hairline cracks. Water gets in those and the door's warped. Presto, you need a new door. I'm going to sand mine down and varnish them a couple of times."

That night I worried about the doors. Usually, Harry is reassuring about wall cracks but one day he said in my kitchen:

"Uh, uh, that could be serious. You got a vertical crack. Might mean a structural deficiency."

"What do I do about it?" "Better watch it. See that it

doesn't get bigger." "Then what?" "Well, watch it carefully."

That night I worried about vertical cracks. Next day, I toured Harry's living room.

"Bay," I said, "notice that little dip in the floor near the wall." It was a very, very slight dip. Matter of fact, we had to get down on our knees and roll a marble to prove it to Harry. Still, he kept his polio.

"Just settling," he said. "Fellow I know says it could mean the main beams need shoring

up." "Nonsense. It's just settling." It was six hours later, past midnight, when Harry came knocking on my door sheepishly.

"What do you think I ought to do about that floor dip?" "Watch it," I said.

Child labor, which has nearly ended in the United States, reached its height in 1900 when 23 per cent of the boys 10 to 15 years old and 10 per cent of girls of that age were working.

## Negroes' Attorneys Say Can't Get Fair Trial In Lake Co.

### Appeal Is Made To Supreme Court For Charge Of Venue In Famous Rape Case

TALLAHASSEE, Apr. 13.—(AP)—Attorneys for two Negroes sentenced to die for raping a young white woman said the Negroes could not expect to "obtain a fair and impartial trial" in Lake county.

Alex Akeman, Jr., of Orlando told the Florida Supreme Court that because of the race issue, charge of rape, mob violence and newspaper hostility, the trial of the Negroes should have been transferred to another county.

Assistant State Attorney Reeves Bowen, representing the state, declared there was no threat of mob violence at the trial, an impartial jury was selected and defense attorneys had sufficient time to prepare their case.

About 50 Negroes sat quietly in the courtroom to hear presentation of the rape case appeal and during earlier arguments on a petition of five Negroes to compel their admission to the all-white University of Florida.

Three white youths, who identified themselves as University of Florida students and with white operators during presentation of the college case, had moved over and sat with the Negroes during the rape case arguments.

Walter Irvin and Samuel Shepherd were sentenced to die in the electric chair and Charles Greenlee was sentenced to life imprisonment for raping a white married woman in rural Lake county last July 10. Greenlee is not appealing.

Akeman also told the court of the mob violence which preceded the alleged rape and of "great newspaper publicity."

He cited in evidence in the Orlando Sentinel, which shortly before the trial, had demanded the death penalty for the Negroes.

Akeman also told the court he (Continued on Page Two)

## Both Smathers and Pepper Blasted By Mississippi Group

JACKSON, Miss., Apr. 13.—(AP)—The Mississippi Senate bloc with several members, including Senator Claude Pepper of Florida and his rival senatorial candidate, Rep. George Smathers.

The Senate of States Rights Democrats unanimously adopted a resolution blasting Smathers, a Missian, for his reported remarks about "those two emagogues from Mississippi, the late Theodore G. Bilbo and Congressman Rankin."

The late U. S. Senator Bilbo (D-Miss) was a former governor of the state. Rankin is a U. S. representative from northeast Mississippi.

LA Governor John L. Humphreys, who agreed with the resolution, but that he "hated to see this in any way attack Senator Pepper's campaign for reelection."

"I think Senator Pepper is the worst enemy the people of the South have," he declared to the chamber.

"I like to see that and say I think he's a traitor to the South," said Senator Oscar Wells, Jr., a Mississippi congressional candidate.

The resolution was introduced by Senator L. O. Smith, who opposed it but did not mention (Continued on Page Two)

TEXAS CITY CLAIMS HOUSTON, Tex., Apr. 13.—(AP)—Federal District Judge T. M. Kemper entered an order today deciding the \$500,000 Texas City disaster claims suits in favor of the plaintiffs.

Trial of the suits, growing out of the disaster which devastated Texas City just two years ago this week, had started when Judge Kemper in Houston, Apr. 25, ruled that the suits should be marked the Houston, which the claims of all the plaintiffs for deaths, injuries, and personal damages were combined.

BUNGOO BRANCH Glen Gombel of Bunwoo, summer operator of the American Legion Station at Bunwoo, near Sanford Avenue, has proposed to move the station at Third Street and Park Avenue.

Mr. Gombel had been more than 20 years of service in service in the Bunwoo branch, but he has decided to move to the new station because the old station was deteriorating and the Bunwoo branch is in a better location.

## Michigan State Trooper Killed In Cabin Siege

### Tear Gas And Gunfire Used To Quiet Berserk Bridegroom

LANSING, Mich., Apr. 13.—(AP)—Blazing guns at a rural cabin yesterday took the lives of a Michigan state policeman and the man who killed him.

In the brief interval between the two deaths a cordon of 50 state troopers, Lansing city police and Sheriff's officers had laid siege to the cabin near here with tear gas and gunfire.

Inside was an evidently crazed man. The slain trooper was George R. Branny, 26, a bridegroom of four months. Branny was shot as he knocked at the cabin door in answer to a trouble call.

Also shot and killed—either by himself or the police—was Clarence Her, 44, one-armed truck driver.

Troopers Branny and John R. Plants went to the cabin after getting a complaint from a neighbor woman that Her was creating a disturbance.

Foller said that later investigation disclosed that Her, married and father of a 20-year-old son, had been drinking heavily.

As Branny knocked at the door, a sudden shotgun blast through a window killed him. Trooper Plants returned the shot, then dashed to a nearby filling station for aid.

Within moments a half-hundred officers had surrounded the two-room cabin. Guns were trained on Her and shots rang out.

One last blast sounded within the cabin. When officers entered, they found Her lying dead, one of his two shotguns beside him. Powder burns on his face were so severe that he was taken to a hospital, where he was wounded in the leg by police fire.

Her's wife, Edith, 40, was at work at the time and the son, Kenneth, also was absent. Her neighbor, Mrs. Thelma McCullen, that Her had been drinking.

Some time ago Her's right arm had been amputated below the elbow. He had fired his shotguns with his left hand.

Meanwhile, in Huntington, W. Va., a couple and their 10-year-old daughter were found brutally beaten and stabbed to death in their burning home. Police "firmly" stumbled into the gory setting when they answered an alarm that the house of William A. Banks was on fire.

The couple's son, 18-year-old William Banks, Jr., was picked up by police two hours later and rushed to a hospital, where he was admitted immediately to surgery but died before he could be operated on. He had several wounds on his face.

The inside of the box-like house was a shambles.

RADIO RULING WASHINGTON, Apr. 13.—(AP)—The Federal Communications Commission said today a radio station that takes sides in public controversies must seek out opposing views and broadcast them.

FCC expressed itself in taking Station WLIB in New York City to task for a series of January broadcasts in which the station itself advocated a National Fair Employment Practices Commission.

Louis L. Blaine, Secretary of the Senate who signed the report, told a reporter that he abandoned his former plan of listing every Senate employe by name and salary for each month "because it would have been too bulky."

The public's right to know about the public's pay is a principle that should be applied to all government employes. It also should be applied to the salaries of the judges of the Supreme Court.

During the two years that Republicans controlled the Senate in 1946 and 1947, the Secretary's report covered 100 names and salaries of the employes in each

Senator's office.

All payrolls of the 425 House members are available to the public each month, including names and salaries.

It was learned that an argument among Democratic leaders caused delay in issuing the present Senate report. Normally it is printed and made public in January each year for the previous fiscal year.

## Negroes Seeking High Court Order To Enter U. Of F.

Scholarships For Negroes Declared Unfair Discrimination

TALLAHASSEE, Apr. 13.—(AP)—The State Supreme Court was asked today to require the all-white University of Florida to admit five Negroes to its courses.

Alex Akeman, Jr., of Orlando, representing the Negroes said out-of-state scholarships do not solve the problem. The State Board of Control has been arranging scholarships in other states for Negroes who want courses not offered at Florida A. and M. College for Negroes.

Akeman declared sending Negroes outside their home state does not provide them with educational facilities equal to those of white students.

The United States Supreme Court has ruled states must give both races equal educational opportunities and must allow Negroes to attend white institutions if they want courses offered at them but not available at a state Negro college.

Assistant Attorney General Frank Helms, representing the state, said most Negroes are "satisfied" with the out-of-state scholarship plan. He declared the Board of Control is not trying to "cheat or evade" the United States Supreme Court ruling. It is, however, bound by the State Constitution which requires racial segregation at educational institutions, he said.

Helms explained the Board of Control's Negro education plan, designed to go into effect if the Supreme Court rules the out-of-state plan.

The Sanford Lions Club will be host to presidents and representatives of 21 clubs of Lions at a supper and song meeting to be held at 6:30 o'clock Tuesday night at the Yacht Club. Jack Morrison, secretary of the local club, announced today. From 60 to 75 delegates are expected.

Office Payrolls For Ninety-Six Senators Top \$10,000,000 Mark

WASHINGTON, Apr. 13.—(AP)—A report listing names on the office payrolls of 96 Senators a year ago—but not the salaries—was made available to reporters today.

The 77-page volume carried detailed accounts on expenditure of slightly more than \$10,000,000 by the lawmakers for the fiscal year which ended last June 30.

Louis L. Blaine, Secretary of the Senate who signed the report, told a reporter that he abandoned his former plan of listing every Senate employe by name and salary for each month "because it would have been too bulky."

The public's right to know about the public's pay is a principle that should be applied to all government employes. It also should be applied to the salaries of the judges of the Supreme Court.

## Chilean President Visits ML. Vernon

WASHINGTON, Apr. 13.—(AP)—President Gabriel Gonzalez Videla of Chile, chairman of "Friendship and Solidarity with the United States," continued his round of official visits here today. The schedule for his second day as a State guest included visits to Mount Vernon, the tomb of the Unknown Soldier and a dinner in honor of Secretary of State Acheson.

Last night he attended a dinner given by President Truman at the White House. The President's second day as a State guest included visits to Mount Vernon, the tomb of the Unknown Soldier and a dinner in honor of Secretary of State Acheson.

## Note Of Pessimism Is Injected In To Search For Plane

COPENHAGEN, Denmark, Apr. 13.—(AP)—The first note of pessimism in the five-day search for the missing U. S. Navy plane came from Capt. Frank Klingner, Franklin, Pa., director of the search.

"Our hopes aren't too high," he told headquarters at Washington. "I don't see how we can find the plane unless we search the area over the sea at night, with some new device, where the Russians say an American plane exchanged fire with Russian fighters."

But Klingner and his crew are searching strictly on land, to a distance of about 100 miles from the controlled territory.

In order to make sure no part of the sea is missed, searchers have divided the Baltic into 10 blocks. Each search crew is assigned specific blocks to cover. They sweep in low 500 feet, straining for a glimpse of a life raft or lifebuoy marker. The missing plane had plunged into the sea.

But Klingner: "This has gone on now for five days and this is the third time we have covered the area."

His planes have swept 60,000 square miles of the Baltic from the Danish to the Swedish coasts and east almost as far as Latvia.

If the men aboard the plane were able to launch rubber life boats after crashing into the sea they would be a chance of survival.

One Air Force spokesman said survivors of sea cranes have been known to live for weeks in emergency equipment (carried by the plane).

The missing four-engine plane, he explained, carried enough rubber life rafts for all 16 crewmen. Each raft had provisions for 10 to 12 days and rubber exposure suits to protect survivors from freezing.

With as much rain as has fallen in the Baltic this week, drinking water would be no problem, the spokesman declared.

CORRECTION The Herald regrets a line transposition occurring in the Chamber of Commerce story Wednesday. The paragraph on Mr. Ponder's report on county roads should have read: "Following protests by a number of directors on the condition of roads throughout the county, H. B. Pope, county commissioner, pointed out that 80 per cent of the present gross county income is spent on county roads and that it is impossible to hard surface county roads out of current taxation on account of the cost of \$15,000 a mile."

## French Workers Unload Initial Arms Shipment

Furious Red Leaflet Campaign Fails To Halt Dock Workers

CHERBOURG, France, Apr. 13.—(AP)—A Communist protest demonstration failed today as French workers began unloading the first American arms and under the Atlantic Defense Pact. Strong police and military detachments watched the docks.

Police planned rallies at Cherbourg, Havre, and Palatka. Meanwhile in Key West, Ind. Key County Smathers and "Progressives" in the notices of "peace" in a talk before several thousand residents as he urged a 100 per cent boycott of goods from the West Coast.

As the feature speaker of an all local candidates meeting, Smathers brought his southern campaign to Key West with a resolution to "keep the local installers here strong, well equipped and completely self-sufficient."

With the report that another Communist submarine had been spotted off the West Coast in recent weeks, the Key West Naval Base must always be prepared to meet any emergency, Smathers said.

"I will continue to fight for a peace on a firm basis with adequate national defense, through the Marshall Plan and the defeat of communism and the other philosophies he declared today.

With the front of the ship, the unloading of the arms will be in progress and will be completed by the end of the campaign week.

Turning to the proposed local candidates meeting, Smathers said: "I will continue to fight for a peace on a firm basis with adequate national defense, through the Marshall Plan and the defeat of communism and the other philosophies he declared today.

With the front of the ship, the unloading of the arms will be in progress and will be completed by the end of the campaign week.

## Big Flight Of Planes Expected Here Sunday

One of the largest gatherings of airplanes ever to assemble at the Municipal Airport is expected Sunday morning when pilots from throughout Central Florida arrive here for a breakfast flight, it was predicted today by Dr. Henry McLaughlin, Jr., following a meeting last night of the Civil Air Patrol, which will be host to the visitors.

Invitations have been extended to 28 airports in Central Florida for participation of pilots in the breakfast at 8:00 A.M., and the contests which will be held.

Prizes are being offered for the oldest pilot, the oldest plane and to the pilot coming the greatest distance. Senator Accuses His Opponent Of Trying To Distort Record

WASHINGTON, Apr. 13.—(AP)—Senator Claude Pepper today accused his opponent of "trying to talk about every subject under the sun except the real issues in this campaign." "The times he voted one way and I voted the other."

"He hasn't tried to defend himself a single one of those votes against the people's welfare," said Pepper. "It won't tell you why he voted against a bill to reduce your income taxes. All he did was to say he would try to make you buy five U. S. Savings Bonds on that bill."

Pepper said it made no difference to him when the bill came to the Senate. "I am going to vote against it anyway, just as I have twice before."

Pepper planned to address at 8:30 P.M. at the St. Johns Hotel. He will continue to fight for a peace on a firm basis with adequate national defense, through the Marshall Plan and the defeat of communism and the other philosophies he declared today.

With the front of the ship, the unloading of the arms will be in progress and will be completed by the end of the campaign week.

Turning to the proposed local candidates meeting, Smathers said: "I will continue to fight for a peace on a firm basis with adequate national defense, through the Marshall Plan and the defeat of communism and the other philosophies he declared today.

88 Foreigners From China Say 5,000 Reds In Shanghai

HONG KONG, Apr. 13.—(AP)—Pepper charged today that 88 foreigners had poured into Communist China and today said: "You don't see them because you don't look for them." "There was the consent of one of the principals, the big boys, to get out of Shanghai since the Reds cared their feet on their feet by foreigners."

## Republicans Charge President Playing Politics With Racial Legislation

WASHINGTON, Apr. 13.—(AP)—President Truman said today that Fair Employment Practices legislation will be pushed even though it has been put behind a foreign aid bill in the Senate.

Mr. Truman told his news conference that foreign aid was given priority because funds for the foreign program should be included in a catch-all appropriation bill in the House.

Republicans have accused the Administration of stalling on a Fair Employment Practices Commission (FEPC) bill.

The President had no comment on the disappearance of a Navy patrol plane in the Baltic and said protests that an American aircraft violated Soviet territory and fired on Russian planes.

An anti-Communism law has been ordered by the Navy, the President said. He will hold a news conference he will hold in the next few days and the facts will be made known.

The President also said the Department of Justice is prosecuting a case against a group of individuals who are alleged to have conspired to obstruct the administration of justice.

The President also said there has been a gradual improvement in the world wide situation since 1946 which he described as the worst period since the last war.

In his first White House news conference in more than a month, Mr. Truman also said a "stagnant" economy is being revived.

He questioned whether it is possible to have a "stagnant" economy. He said that the Department of Justice is prosecuting a case against a group of individuals who are alleged to have conspired to obstruct the administration of justice.

Mr. Truman also said that the President had ordered the Department of Justice to prosecute a case against a group of individuals who are alleged to have conspired to obstruct the administration of justice.
