Subpoenas Sent Out For More Witnesses By Oil Investigators

WASHINGTON, Apr. 3.—The senate oil investigators took another three days' recess Wednesday after hearing a single witness, George White, former chairman of the Democratic national committee.

Subpoenas were issued today by the Senate Oil committee for the appearance on Monday of J. B. French, Oklahoma City, and Robert Wolfe, Columbus, editor of the Ohio State Journal. Both will be questioned about the oil deals gossiped in the Republican national convention in 1920.

French was described as a political associate of the late Jake Hamon. Wolfe was one of the managers of the campaign of Wood. Called by Senator Spencer, a Republican, Missouri, White testified, E. L. Doherty had contributed a total of \$34,000 to the Democratic campaign fund, but that Harry F. Sinclair had made no contribution.

White's testimony was the only one heard during the recess. The committee prosecutor, made it a matter of record that he regarded the testimony as irrelevant. He told the committee he would support a resolution calling for a general investigation of all campaign contributions.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, D. C.—The Democratic party may be bankrupt for candidates, but it is no longer bankrupt for cash!

Thanks in the aid of old Bill Alexander, Tennessee mountaineer, and 78, the party has a substantial balance instead of an overdraft in the bank and at the rate the cash is rolling in will be able to finance its campaign this year without having to beg, borrow or steal a dollar.

Which is a far different picture from the situation as it existed a few short months ago.

In the spring of 1923, the wolf and the sheriff were both at the door of the national Democratic party. The party exchequer was flat. Actually, not a cent was in the treasury! Rent was in arrears, bills were overdue. There wasn't even postage stamps with which to broadcast further appeals for aid. Cordell Hull, national chairman, still had faith, but little hope.

Then one morning the mail brought a letter from old Bill Alexander. Bill had known Cordell when the chairman was a youngster down in Pickett county, Tennessee. Pinned to the letter was a tattered, wrinkled, grimy old \$5 bill.

"Spend every cent of this," old Bill wrote, "to elect a Democratic president next year."

There was more to the letter, but following the cramped signature was a postscript which was to open the door of hope to Hull.

"P. S." it ran, "There's a lot of others down here who will send \$5 if you need it."

NEED IT! If the Democrats party ever needed anything, it needed money just then. Money! Hull closed his eyes in an ecstasy.

WANT ALL-AMERICAN BAND

WEST PALM BEACH, Apr. 3.—A band composed of "American-born" musicians is wanted by tourists for West Palm Beach. The tourist club went on record to this effect at its last meeting, high. Judge William L. Woodcock of Altoona, Pa., brought up the subject by stating that he thought Americans ought to receive first claim in employment for public music. A large fund is provided by the city each year for employment of a band for public concerts that last throughout the tourist season.

ORGANIZE HIGHWAY LEAGUE

AVON PARK, Apr. 3.—The Gulf-Atlantic Highway League has been reorganized at a meeting here, with State Senator J. Edridge in office as president, and F. P. Burch as secretary. Vice presidents will be named by commercial bodies in the various counties traversed by the highway extending from St. Petersburg to Miami. A committee was appointed, with Judge J. E. Luvorn at its head, to stir up enthusiasm with the view of bringing about early completion of links needed to finish the road.

BUILDING NEW HOME

ST. PETERSBURG, Apr. 3.—The Independent is building new quarters for the housing of its mechanical department. The structure will be two stories high, 80 by 100 feet, of fire proof material. Both floors and roof will be of concrete. The presses will be located on the ground floor and the composing room on the second floor. A new duplex press has been ordered and will be installed. It is stated, in August, which will give the paper facilities for printing papers of from 2 to 40 pages. The improvements represent not less than \$100,000 expended on plant and equipment.

HARDEE WILL BE PRESENT

ORLANDO, Apr. 3.—Governor Guy A. Hardee, Walter T. Head, president of the American Bankers' Association, George R. James, member of the central board of directors of the Federal Reserve Board, and other leaders are among those who will appear on the program of the Florida State Bankers' Association convention, to be held here April 24-25-26, according to an announcement by Col. W. T. Bland, chairman of the executive committee. Many entertainment features for the 300 bankers and their wives are being planned by the committee in charge of the arrangements.

of imagination, as a man dying of thirst revels in thoughts of cooling streams and limpid lakes. Then came the inspiration.

"If old Bill Alexander is willing to send \$5, and if his neighbors are willing to chip in \$5 each to help the Democratic party, there must be thousands of others like them in the country," he thought.

Following a letter read, he wrote to Bill... "Organize your neighbors into a Democratic Victory Club at \$5 each."

Just 10 days later he got a second letter from Bill Alexander. It contained \$95 and a list of 19 members of the first Victory Club.

CERTAIN then that he had the right idea, Hull started in to develop it full tilt. He found there were 5000 towns in this country of over 1000 population. If he could organize one Victory Club in each town, with a minimum of 20 members at \$5 each, he would have 120,000 members and \$600,000! With 120,000 contributing members he would have 120,000 workers pulling for Democratic success. And if 120,000, why not 200,000—500,000? The possibilities seemed limitless.

Instead of a few big contributors, who would expect political favors for their contributions, the rank and file would support the party and have the influence.

THE idea of the Victory Clubs has caught on, and the checks are piling into Democratic headquarters by every mail. Every club and its membership is duly listed. The membership record already fills several volumes, and is growing by leaps and bounds.

And growing too, is the party's bank account. There are plenty of postage stamps in the UK, salaries are paid each Saturday night and Hull is happy again—thanks to old Bill Alexander!

SOFT WATER IS SOUGHT

BRADENTOWN, Apr. 2.—The city's efforts to obtain a supply of soft water probably will result within the next six months in finding a source of sufficient volume to meet the people's needs. Tests have been made of one three-inch well revealed that it furnished 158,400 gallons a day, which is about half the normal consumption of the city at present, and indications are that other wells in the vicinity may be found. Contracts has been let for drilling two more of four-inches in diameter, and these in turn will be tested for quality and quantity of water.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns, and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 50c, 60c and \$1.20. Powder 30c and 60c. Sold by Union Pharmacy.

HERALD AGRICULTURAL PAGE

Extracts from County Agents' Reports

Lake (L. H. Wilson): Water-lots growers are assured of a good stand; replanting has begun where cold damaged young plants; later plantings are coming, and many growers will be led of the game by making several plantings to insure themselves against cold.

Wakulla (G. C. Hodges): Ten tobacco barns went up this week and seedbeds are coming along. Transplanting will start in a few days.

Seminole (E. P. Whittier, Jr.): Very busy moving fast and for high prices. Have been called to contact with demonstrators to control disease on citrus.

Madison (B. E. Lawton): Ten have signed up to feed out see barrows each in the fat-barn club. Assisted two men in cutting 25 acres of tomatoes.

Washington (K. C. Moore): We have creameries here; both seem to be doing well enough to operate all time. They want more milk and our farmers are steadily giving them more; milk receipts have doubled since the first of January. Have begun a campaign for better butter.

Putnam (D. A. Armstrong): Potatoes digging has begun at Federal; yield and prices are good. St. Lucie (A. Warren): Practically 1,100 carloads of citrus fruit have been shipped from this county this season; close to 600 carloads more to ship. Due to slight deficit, prices shipping is heavy right now.

Osceola (J. R. Gunn): In spite of wet and cool weather strawberries and truck crops are holding up well and bringing good prices.

Okechobee (H. P. Peterson): Carloads of potatoes heavy and need as are being shipped from here most daily. Gave demonstration poultry culling Thursday.

They're Off Again!

The bad automobile wreck Friday afternoon at the intersection of Monroe and First Street proves that this is a very dangerous corner, made so by the storehouses being too near the streets. All view is shut off and accidents are liable to occur often.

School is progressing nicely under the principal, Prof. J. T. Jacobs, and his corps of teachers. The four-week term remain now all the close of school. On account of the large number of children enrolled, it will be necessary to hold two exhibitions. The first exhibition will be given by primary and intermediate grades and will probably be the evening of April 17. The grammar room commencement exercises will follow a week later, to be held Friday, April 25.

A short musical program was given Wednesday morning during chapel at the school by Mrs. Buchanan and her music pupils assisted in the songs by several of the other children. Quite a number of solos upon the piano, flute, guitar, etc., were given. Some of the more lively pieces were accompanied by William Hawkins upon the drum. These scholars who so ably assisted with the entertainment were: Catherine Lake, Iva Dowling, Ruby Clark, Kate M. Wright, Emil Kaiserman, William Hawkins and Frank Price.

The primary room, under the supervision of Mrs. Jacobs, gave a very delightful program Friday morning, the subject being flowers. This program was one of the very best given this year and many fine lessons were taught through the flowers by the little folks, flowers themselves.

Weather Wisdom for Gardeners

Weather is something of which we possess a considerable quantity at this time of the year, and a subject of vital importance to the gardener. While considering the thermometer and doing freeze-drying, it is a wise idea to secure some weather data for gardening guidance later on.

The date of the latest recorded killing frost in your neighborhood is an important factor. The latest killing frost on record in your locality will give you a basis for figuring just when you can take a gambling chance on an early garden with a good chance of winning. The latest killing frost on record is about a month later than the average date and so is usually safe to plant the hardiest seeds a month ahead of it.

The period of time between the latest and the average killing frost date increases as we move west. In New York there is a margin of 29 days but in St. Louis the average date is 28 days earlier than the latest freezing date. Cleveland has a 34-day difference and Chicago something for all to do to help in building up this place, told just what that was and how to do it. He also told just what every place should have in order to attract people to it, and that is good schools and churches. At the close of his address the advisability of having a Chamber of Commerce here was discussed and resulted in voting to organize one which was done at once, with a good membership.

Forty persons from here attended the dedication of Wekiva Park and the fish fry.

A large amount of development is being done by the Lake Jessup Land Company around the beautiful lakes, and also in the Willmore section. New streets are being laid out and the land in general being beautified and put into good condition for building sites.

Mr. and Mrs. Crosby and Mr. and Mrs. A. S. Thompson and little son, Charles, Jr., leave for their homes April 5. The Crosbys driving with their car to Connecticut and three Thompsons motor to Maine.

LAKE MONROE

Helen Jewell Kinard, five-year-old daughter of John Kinard, died Thursday night of malaria and hook-worm. Funeral services were conducted at the home Friday afternoon, and burial followed in Silver Lake cemetery.

Mrs. John Bolly and Miss Mamie Stall, of West Sanford, visited Mrs. E. F. Kaiserman Sunday.

Mrs. A. K. Jordan has gone to the infirmary at Waycross, Ga., for the removal of her tonsils.

Mr. and Mrs. J. W. Vaughn have removed from the rooms of J. W. Miller to the home of Miss Leola Webb.

Miss Luellie Sellers, of Sanford, spent the week-end here.

Mrs. F. E. Wainwright is able to be out again, after a long and dangerous illness.

T. E. Wainwright is improving his lumber yards. He also has built a new bungalow out on First Street.

Miss Doudney, the lumpy nurse, visited the school recently and brought the good news that the second test for hook-worm showed all the children negative. Only a few are left who have yet to take the treatment.

Mr. and Mrs. Albert Hawkins and family spent the week-end at DeLand with their daughter, Mrs. Wheeler Marsh.

Miss Estelle McNeaves visited her sister, Mrs. William Hawkins, at Sanford.

Supt. T. W. Lawton was a pleasant caller at the Lake Monroe school Tuesday morning. Mr. Tiller, trustee from Paola, also visited our school the same morning.

A. Perry and family, of Jacksonville, have moved to this section.

Mr. Tettler, who has been spending the winter here, has returned to his home in Tennessee.

Mrs. J. H. Freeman has returned to her home in Turley.

Messrs. J. Wynn, John and Tom Bell, Moffett and Blaylock spent a pleasant day at Dead River Sunday.

Mr. Wesner, salesman for the Big Bell Brand, visited his family at Jacksonville this week.

The Monroe baseball team beat Sorrento Sunday in a hard fought game of 10 to 9. Quite a crowd from here attended the game.

Emil Kaiserman, W. E. Hawking, J. T. Wynne, went fishing at Wakulla and caught 11 trout and 50 crabs.

A big rattler, six feet 11 inches long, was killed by Alvin Johnson on the place of his father, James Johnson. The rattler bit the dog of Eldon Cain, the dog dying from the effects of the bite a few days later.

K. A. Stephens is home from hospital, where he underwent operation. He is recovering rapidly.

Mr. and Mrs. C. H. McKenney and family visited relatives at Apopka recently.

Mrs. William Brown and children, of Geneva, visited friends at Sanford.

Mr. J. C. Jones is the contractor for the new sewer for Mrs. J. C. Jones. The work will start in a few days.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms may result in a sick spell, therefore the sensible course is to take a dose of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by all druggists.

Longwood

Mr. and Mrs. Harry Cook and Mr. and Mrs. Percy Cook, who have been spending the winter here, started Monday with their car to drive to their home in Livermore Falls, Maine.

Mr. and Mrs. William Clements and two children, from Pennsylvania, who have passed the winter here, left in their car last week for home.

Mr. and Mrs. E. I. Farmer and Mrs. Myra Farrington, winter residents here, departed for their northern homes last Monday.

A. S. Thompson and E. I. Farmer, through S. G. Dolive and Son of Orlando, have purchased the Morton property, consisting of five acres adjacent to the Longwood extension.

Three carloads of machinery are being unloaded here, which is to be used in a large lumber-manufacturing plant to be located here. This plant will turn out all kinds of material that enters into constructing buildings.

The people of Longwood were fortunate enough to secure Karl Lehman, president of the Orange County Chamber of Commerce, also chairman of the Florida Development Board, to address them at the library Monday evening. It was very interesting as well as instructive. He impressed upon his hearers that there was

PILE SUFFERERS! THIS NEW DISCOVERY WILL RID YOU OF PILES (HEMORRHOIDS) FOREVER

Has Completely Cured Cases of Several Years' Standing in from Three to Eight Days. Guaranteed by all Good Druggists.

Perhaps the most amazing discovery of recent years in the field of medicine is the discovery that Piles can now be successfully treated and cured at home by a wonderful substance called MOAVA. This substance in the form of a suppository is inserted into the rectum where by its soothing, healing action all pain and soreness is allayed and then by direct contact with the ulcers and piles causes them to heal up and disappear forever.

It positively marvelous how speedily it acts. Blessed relief often comes after the use of the first suppository even in cases with profuse bleeding that have resisted all known treatments; often after operation, really wonderful results have been accomplished.

The discoverer of this truly wonderful substance has instructed druggists all over the country to guarantee MOAVA SUPPOSITORIES in every case of blind, bleeding or protruding piles, in fact goes so far as to say that he doesn't want a cent of any sufferer's money, even in the worst cases, unless it absolutely does what is claimed for it.

BIBLE THOUGHT. WHY WILL YE DIE?—As I said, the Lord God has no pleasure in the death of the wicked.

IDENTITY. I've grown so strangely big and tall, and I can't tell you, dear, at all, my voice is husky when you speak.

Who the heck has swiped my hat? game was kippy, beat 'em flat!

Who's just like a woman, the more you play it the more fascinating it becomes.

They are talking of inlaying the top of the Capitol with ivory, to make it consistent.

The father of President Coolidge is this advice for longevity: "No worry, hard work." Try it.

There are said to be one thousand lepers in the United States, and we don't know any of them, what do we care?

There seems to have broken again—not this time in a political oratory, but in an outburst of political riot.

Whipping out a good fight shows that with a year or more of experience he will be champion yet.

He old lady on the Heights for her husband doesn't take any canoe rides because she could swim ashore.

The Celery City Sage says lots folks carry chips on their heads just to make you think aren't afraid.

You lived in Mexico you'd be subjected not only to tant revolution but to hot dies as well.

The headline which said, "Election riotous ways of old day," would certainly tend to that history repeats it.

Some reason or other, the unity chest campaign didn't sell in Florida. Perhaps they don't believe in co-operation there.

According to statistics recently filed everyone in the United States should be one thousand times richer than he was in 1912.

A few days ago the first of the season was seen in the Tampa-Atlantic lanes. This is time of year not to canoe—least not too far from shore.

There's one thing that can be done for the bootlegger—he doesn't run for office—Miami News-Polite. No, but he is freely the power behind the throne.

Some say that Czech-Slovakia is giving its own Teapot Dome deal. Three government of a were recently arrested for a were benned to the Czecho-Slovak army. Didn't know they prohibition over there.

They don't catch that bobbed-banded, who has been vamped New Yorkers for several the it won't be long until the sea folks will insist on accompanying their husbands to and work.

Though Japan has nearly the population of the United States in a total area scarcely as large as California, it also has a hundred billion feet of timber, equal to half that of this country.

May Day Is Child Health Day.

President Coolidge joined by the governors of all the forty-eight states has designated May 1 as Child Health Day for the purpose of furthering plans of the American Child Health Association for carrying on their important work.

Herbert Hoover is president of this organization and is speaking in New York on behalf of this good work said: "A baby born under conditions as they are in this country today has only slightly more chance of living a week than an old man of ninety."

"The great bulk of American-born children have a sufficiency of food and are surrounded by parental care, but there is a surprising degree of under-nourishment and habits that produce bad health. Especially is this true in certain areas and in the large industrial centers."

A nation rises and falls by the health of its children. Every time a young life is lost the state and country is the loser. Whenever a child dies the world has been denied a citizen.

Good health can easily be attained when life is young. If the health of the child is protected during the early months and years of life it will be strengthened for future years.

On May day every mother and father should devote some time to considering the importance of the health of their children. And after May day has passed these same parents should continue safeguarding the lives entrusted to their care.

Motorists! Help Prevent Forest Fires! Many of the big forest fires are caused by careless motorists. Thirty-six thousand forest fires every year destroy timber and property valued at over sixteen million dollars.

1. Be sure your match is out—Break it in two before throwing it away. 2. Don't throw cigars, cigarettes and pipe ashes over the side of your machine.

3. Build small camp fires on bare ground or on rocky surfaces away from brush and trees. 4. Never leave your camp fire unwatched.

5. Keep in touch with the Forest Ranger. Report all fires you may see however small. 6. Inquire about fire regulations. 7. At all times and under all circumstances be as careful with fire while you are in wooded areas as you would be in your own home.

WOMEN FAVORING JENNINGS

Discussing the state campaign recently, The Times expressed the opinion that the women are evincing lively interest in the contest for the nomination for governor.

This is the opinion of the Gadsden County Times, one of the leading newspapers of West Florida. The women of Florida are going to vote in the election this year, and they are also going to vote in the June primary to determine who shall be the next governor of the state.

The evidence to that effect is accumulating every day, and moreover there are good reasons for believing that the bulk of the woman vote of the state will go for Frank Jennings. Law enforcement is the big issue in this state.

MY FAVORITE STORIES

A large family came to America some years back from Russia. The emigrants prospered in their new home.

Eventually they left the East Side and moved uptown to a more expensive quarter. But they suffered under the handicap of having one of those unpronounceable Slavic names.

The trouble with her, though, was that being of an advanced age and a somewhat feeble manner, she sometimes couldn't remember it. There was an occasion...

As Brisbane Sees It

What! Remove a Roosevelt? When You Buy Stocks. Counting Coolidge Chickens. Foolish Attack on Mellon.

SENATOR DILL, heartless Democrat from Washington, introduced a bill requesting President Coolidge to remove Theodore Roosevelt II from his position as Assistant Secretary of the Navy.

THEN THERE is the fact that Mr. Roosevelt's salary, as President, to drive squatters off the Naval Oil Reserve AFTER Mr. Sinclair got it.

THE squatters didn't seem to disturb anybody while the government owned the land. Then there is the other little fact that when Theodore Roosevelt got out of the Sinclair Oil Company in order to become Assistant Secretary of the Navy his brother was put on the Sinclair Oil Company payroll and his salary raised steadily from \$5,000 to \$15,000 a year.

HAVE IN mind, when you buy stocks, THIS: Will those that run the company continue to run it honestly? If they are honest, how long will they live?

IT IS alleged now that the big telephone company has a Western Electric Company to eat up a nice part of its profits that should go to stockholders.

YOU CAN never be sure when money is about to go to the holder of the shares in the shape of graft and extravagant prices for car wheels, coal, rails, etc.

There is nothing like owning a small piece of the earth—real estate. Then you can be your own boss and director, and can trust yourself not to cheat yourself.

PRESIDENT COOLIDGE'S friends say that after a few more presidential primaries he will have left enough votes to make his nomination certain.

MOST FOOLISH activity is the attack made on Mr. Mellon, Secretary of the Treasury, by those who attack him should thank him for his service to the government.

HE HAS managed finances well, has made possible reduction in taxation, has cut down, by hundreds of millions yearly, the national debt.

He is giving to the public, for the salary of a junior clerk, the service of one of the ablest business and financial minds in the United States.

SENATOR WALSH, of Montana, whose work at the head of the service of an investigating committee deserves the thanks of this country, says that Democrats can win if they name a Progressive.

THE DIFFICULTY is that those who control the Democrats won't let them name a Progressive—not a real one.

THE Democratic party is kept in reserve, for the purpose of nominating an absolutely safe man, one that would not disturb the existing powers, in case any accident should happen to the head of the party.

THE MOTHER BIRD

IF THE HOUSE ELECTS

The state of parties and politics at the present day has led some to doubt whether any Presidential candidate this year will be able to secure a majority of the electoral votes.

IF THE HOUSE ELECTS New Hampshire and New Jersey. They would, therefore, be eliminated on a formal ballot.

Every sensible citizen must hope that resort will not be necessary to this old and, as it would seem, obsolete and unsatisfactory provision of the Constitution.

Looking to the political complexion of the representation of the several states in the House of the Sixty-eighth Congress, one finds that the Representatives of five states are equally divided between the Democrats and the Republicans.

Midway during the performance of one of this season's popular revues, in between colored lights, beautiful corymbes and jazz, a young man in a dinner coat, with a very decided air of not being an actor, steps out before the curtain.

Resigned as society editor of the Sanford Daily Herald I wish to take this opportunity to thank my many friends for their uniform courtesy and interest. Editing the Herald is an arduous task, but it has its bright and pleasant features, and I will always count my relationship with Sanford people as being the most pleasant recollection of my life.

My duties and the fact that I am absent in North Carolina this summer made it impossible for me to resign from the Herald, and my best wishes go to my successor and I beg her your same kindly regards. That you have given me in the past, the Herald and your paper and you can assure me that I am making it a better paper and the society column a more interesting one. I will continue to give the society column all the news all the news.

BIRTHDAY PARTY MURRAY KANNER

Tuesday, being the tenth birthday anniversary of Murray Kanner, he invited a number of his young friends to help him celebrate the occasion.

The living and dining rooms were thrown together and beautifully adorned with exquisite pink roses and ferns. The refreshments table was laid with a tea cloth. The center being graced with the large birthday cake laid in white and topped with ten pink lighted tapers.

Marking the places were dainty pink rose cups filled with candies. Games, both old and new, were played during the afternoon, the children being assisted in these by Miss Anna Kanner and Mr. Charles Kanner.

Late in the afternoon refreshments of ice cream and cake were served by the host's mother, Mrs. A. Kanner, assisted by Mrs. Charles Kanner.

Master Murray Kanner proved himself a delightful host and was the recipient of many lovely gifts. The little guests were Maxine Brockhahn, Cornelia McRae, Estelle Higgins, Joe Higgins, Jack Kanner, Lawrence Baudle, Sidney Weinberg, Milton Robbins, and Irvin Fleischer.

MRS. HOUSHOLDER BRIDGE HOSTESS

Mrs. Ernest F. Housholder is the gracious hostess Tuesday evening when she entertained the members of the Evening Bridge Club at her home on Ninth Street.

The rooms were bright with baskets of exquisite snap dragons and ferns.

Of exceptional interest was the bridge game, and at a late hour scores were counted and prizes awarded. Mrs. W. C. Hill holding high score, was presented a pair of bracelets. The men's prize went to Bob Newman.

At the conclusion of the card game, the guests were invited into the dining room, where a delicious supper was served.

The guests were Mr. and Mrs. W. C. Hill, Mr. and Mrs. Floyd Palmer, Bob Newman, D. L. Thrasher, and E. F. Housholder.

Mesdames Coleman And Biggers Have Delightful Party

Mrs. J. B. Coleman and Mrs. Paul Biggers were joint hostesses at bridge, Tuesday afternoon at the Woman's Club.

The color motif of orange and green was artistically carried out in every way. Baskets and bowls of brilliant orange poppies were lavishly used on mantle, cabinets and tables.

The score cards were hand-made and were of orange and green. The card game proved most interesting and when scores were counted it was found that Mrs. Alice Peters held high score and was awarded a luncheon set. Low score prize, also a luncheon set, went to Mrs. Harold Long.

Refreshments of apple pie à la mode, with coffee, were served at the conclusion of the game, by the hostesses, assisted by Mrs. O. P. Herndon, Mrs. Howard Overlin and Mrs. George Davis Hart.

The affair, which was given for the benefit of the Woman's Club, proved most delightful in every way and a neat sum realized.

CIRCLE NO. 4, CELERY AVENUE CIRCLE.

On Tuesday afternoon April 1, Celery Avenue Circle of the Methodist Church met at the home of Mrs. S. M. Abercrombie on Union Avenue for their monthly business and social meeting.

The secretary, Mrs. Camp, opened the devotional meeting by a song, followed by sentence prayers. The minutes of last meeting were discussed, after which the business part of the meeting was opened for discussion. One new member, Mrs. Hoskins joined the circle. The meeting adjourned and the social part was then turned over to the hostesses, who had prepared a lovely musical program for her guests. Miss Marjorie Hoskins sang in her sweet, charming manner "April Showers," accompanied on the piano by Mrs. S. M. Abercrombie. Second in number were the beautiful selections given by Miss Mary Steinoff on the violin, accompanied by Miss Madeline Mallem on the piano. These three young girls certainly entertained the circle and everyone present enjoyed their music to the fullest extent. The hostess, Mrs. Abercrombie gave a beautiful piano solo, followed by another piano solo, followed by another piano solo. Mrs. John Vaughn gave us a lovely reading at the close of the program, which was greatly enjoyed by all. The hostess then served individual cakes and ice cream for refreshments.

Naturtiums were given as favors. The lovely sitting room was decorated in vases of naturtiums and ferns. This was indeed one of the most enjoyable meetings the circle has had.

The next meeting will be at the home of Mrs. Raynor.

Those present were Mesdames Vaughn, Spurling, Camp, Moffitt, Squires, Raynor, Hoskins, Elliott, Abercrombie, and Misses Mary Steinoff, Madeline Mallem, Marjorie Hoskins, and Madge Abercrombie.

RING FOLLOWERS ANTICIPATE BIG BOUT NEXT WEEK

Local Followers of Boxing Sport Look Forward With Much Interest to Second Meeting Between Ross and Jack Middleton.

Local boxing enthusiasts are looking forward with a great deal of interest and anticipation to the boxing exhibition to be held here at the Kent Armory a week from tomorrow night when Jack Middleton and "Rough House" Ross will meet again to settle a little dispute which had its beginning here last Friday night.

On that occasion fans here saw one of the most thrilling bouts ever witnessed in this part of the state. It was nothing but action from start to finish. Three knock-downs were scored in as many rounds. After Ross had sent Middleton down to the canvas for a count of seven in the second round, the latter came back in the following stanza and sent the North Carolinian to dreamland with a crushing blow to his body.

After the bout was over and Ross had sufficiently recovered his senses to understand that he was out, he declared that he wanted another whack at Middleton and promised fans here that he would reverse the decision. Col. George W. Knight and Maj. Ralph Stevens immediately conferred with Matchmaker Billy Dawson and as a result of their meeting it was announced that the pair of mitts would be the headline attraction on the card to be offered here next week.

That it will be another "battle" full of action is the confident prediction of every one who saw the men in action here before. Both boxers have clever footwork and both are aggressive. Middleton carries a powerful right hook while Ross possesses a left punch that is almost murderous. Each man, it is believed will go into the ring with an aim to put the other out by the K. O. route.

Both men have by their clean tactics in their initial appearances won scores of friends and it is believed that the crowd will be about evenly divided in pulling for its respective favorites. It is understood that Middleton will arrive here the first part of the week to do some training in this city and afterwards get acquainted better in Sanford.

As a semi-final bout for Edward Mr. Dawson has also secured a stellar attraction. Battling Meyers of Boston, the crack featherweight who decisively defeated Young Terry here last week in their eight-round battle, will match his ability with "Mickey" Dugan of Bridgeport, Conn.

When these two youngsters get in the ring there will be some motion and plenty of it, says Manager Dawson. Meyers easily demonstrated that he is no second rate fighter. He recently had carried the fight throughout the entire scrap and his whirlwind finish after having boxed at fast clip for seven rounds, showed him to possess an endurance not possessed by many boxers.

Although the two preliminaries have not been definitely decided upon as yet, it is understood that one of them will see McLucas, local heavyweight in action against Kid Rock of Orlando. Last week Rock defeated Glenn Whittle easily in a four-round affair and two weeks before McLucas was also an easy winner over Whittle. This match will be of great interest to local fans.

FLORIDA SCHOOLS TO STAGE ANNUAL MEET APRIL 5TH

Twenty-Three Florida High Schools Including Sanford have Entered Teams For Annual Meet at Gainesville Friday and Saturday.

GAINESVILLE, Apr. 3.—Florida's recently constructed quarter-mile cinder oval encircling Murphree Field will be fittingly christened Friday and Saturday with one of the most colorful athletic events ever held within the state, and in the writer's humble opinion some existing state high school records will go by the boards by virtue of the fact that the new oval far eclipses the one that was used for so many years, both in point of speed and attractiveness. The University's new oval will favorably compare with anything in the Southland, and with the weather conditions just right some speedy running should be recorded in the finals Saturday afternoon.

Twenty-three schools have placed their entries with Dr. Manchester, who is handling that end of the affair. The task of arranging the various events and getting the mass of detail whipped into order has been an extremely hard one this year and Dr. Manchester deserves words of praise for the capable manner in which he has accomplished the work. The schools who have entered teams in the meet are as follows: Sanford, Moore Haven, Lake Wales, St. Cloud, Cross Keys, Brooksville, 1979, Tallahassee, Kaitia, Winter Park, Largo, Leesburg, Orlando, Ocala, St. Petersburg, Quincy, Plant City, Delray, Palatka, Daytona, Ft. Lauderdale, and Gainesville. Something close to 175 athletes

LOUIS DISBROW WILL APPEAR IN RACING EVENT

Famous Veteran Pilot Will Compete in Races To Be Held in Jacksonville On Saturday.

JACKSONVILLE, Apr. 3.—Half a score of nationally known speed stars, including the veteran Louis Disbrow, former track champion of the world, will compete in a six event automobile racing program to be staged here Saturday afternoon, April 5, by the Florida State Fair. Larry D. Stone of Birmingham, southern champion, Cleo Sables of Des Moines, Iowa, Eddie Daily of Orlando, Walter Purvis of Jacksonville, Ray Claypool of Kansas City and Gene Gouray of Bordeaux are among the stars that Secretary R. M. Striplin has rounded up throughout the country for the opening of the 1924 racing season.

Plans of the fair association are to establish professional auto racing in Florida and stage two meets in Jacksonville annually, one each spring and a second during the late fall season in November. By offering richer purses and paying bonuses of the best drivers in the country can be secured for the meets here.

Disbrow is to drive his new Fiat machine in the competitions here, while Stone will be at the wheel of a Simplex. Purvis has purchased a new Duesenberg and makes his debut in professional circles Saturday after a successful career driving in amateur meets throughout the state during the last year. Sables has brought one of Louis Chevrolet's Frontenac cars here, Eddie Daily has a Miller, Claypool and Peugeot, and Duray a French made machine that is said to be lightning fast. Arrangements are being made by Secretary R. M. Striplin to accommodate the largest crowd that has ever attended a program on the Jacksonville speedway.

represent the 23 schools named and the cream of the state's high school performers will be seen here flaunting their school colors. Fort Lauderdale, who won the supreme honor last spring in coming up stronger than ever this year, under the able leadership of Coach Prescott and declare that they intend to make things hum from the very start. They are out after several of the existing records and many of their backers are wagering heavy odds that they will again cop honors.

Duval high who has reigned supreme in track affairs ever since the inauguration of the annual occasion ten years ago, will not send a team to compete in the meet. Due to the fact that a misunderstanding developed last year between several of the athletes wearing the Tiger colors and the director of athletics, at the school it was decided to take this action.

Much adverse criticism has been heaped about the shoulders of the Red and White officials for their stand in the matter and it is hoped that they will reconsider and enter an aggregation next year.

Considerable interest is being manifested in the coming occasion from a local standpoint. Coach Joe Barchan has a fine set of cinder stans and will enter the meet with the determination of carting away at least his share of the prizes.

The preliminaries in both classes will start at 2 o'clock sharp Friday afternoon. The five leading men in all field events will be selected for the finals Saturday afternoon. This applies to both the novice and championship divisions. The semi-finals in the 100 yard dash, 220 yard dash, 120 yard high hurdles and the 220 yard low hurdles will be held Saturday morning.

FLORIDA GOLFERS TO COMPETE FOR STATE TITLE SOON

Annual Event Will Attract Premier Golfers of State To Tampa Where Tournament Will Be Held on April 10th.

TAMPA, Fla., April 3.—The premier golfing event of the year among the amateurs of the state of Florida is scheduled to get underway here when match play starts Apr. 10 for the annual championship of the state.

One of the largest fields in the history of the state event is expected and arrangements are being made to care for more than 200 golfers from every section of the peninsula. At least six flights will be played. The management of the Palma Ceta course on which the tournament will be played are making arrangements for more than six flights if necessary but at least six are assured.

Among those who have entered or are expected to enter in the near future are several of the prominent contestants of last year who made a name for themselves in Jacksonville. These include entries from almost every city of size in the state.

A partial list of those from whom entries are expected are as follows: Jacksonville, Ted Foster, Al Ulmer, Frank Rogers, Per Hardaker, Fred Fazar, Joel Tucker, Julian Hartridge, Tommy Aycock, and several others.

Orlando: Ralph Yearby, Frank Rogers, Frank Geunsey, Edwin Freeman, Sam Thompson, Gus Hart, Paul McNeil and others.

Ocala: Clarence and Jack Campbell, Harris and several others from that city.

Miami: T. W. "Taz" Palmer present champion Les Chase, Howard Chase, Dick Bullen, Roddy Bredline, Dr. Jones and also several others.

Lakeland: Dale Williams, H. Williams, Mr. Chase, McDevitt and others.

Winter Haven: Dick Papp, Honorary of last year, Frank Sawyer, Ed Cornell, L. I. Lewis, and Mr. Tilden and others.

Rabson Park: The Loudon Brothers, and others.

St. Petersburg: Bob Lassing and his brother, Tracy Smith, Cot McCall, Mr. Frazee and Mr. Fuller and several others.

Clearwater: Frank Booth, Dr. Dickenson, Messrs. Turner, Pierce, Hobart and others.

Five entries have already been received from Fort Lauderdale and several others are expected soon.

The players are requested to bring their wives as a series of social functions, including bridge parties, tea dances and automobile rides are being arranged for the ladies.

The qualifying round begins Tuesday morning and will be carried over to Wednesday, match play starting Thursday. Players are requested to get their blanks with the fees in by Monday noon at the latest, in order that they may be paired. However arrangements are being made to care for the late arrivals in case some who wish to enter fail in getting their entries in by Monday.

A committee composed of Mr. Henderson Warren, chairman, Jas. T. Swann and Major W. O. Ryan has been appointed by Mr. Gibbons, president of the association to make all arrangements for the tournament.

The course is opened to the visiting players at all times and they are cordially invited to practice on the Palma Ceta Links at any time convenient for themselves.

A Home-Building Campaign Remarkable in Plan and Scope

FALL of the magnificent work accomplished up to the present time in the Coral Gables \$20,000,000 program of development, nothing has interested so many people as the Home Building Campaign. The hundreds of homes already built, their distinctive beauty and harmonious relation are splendidly indicative of the success of the entire development program. Coral Gables home building for the past two years has attracted country-wide attention, and this year it will be greater than ever before. Miamians have never witnessed the construction of delightful, permanent homes on such a scale heretofore. In every section these homes are found. Large and small, imposing residences and modest bungalows—each designed in harmonious, unified architecture, and each possessing distinctive features all its own.

A magnificent building campaign! Splendidly balanced in every detail. Home building carried out on a scale which permits of unusual economies in construction costs; savings in time and labor and expense which always increases beyond expectation with individual builders. Every detail of financing arranged in the most satisfactory and economical manner. Every detail of the building of a home from the drawing of plans to the completion of construction and the planting of lawns carefully attended to.

It is not at all surprising that home building has been one of the most popular features of the Coral Gables development plan. It offers wonderful opportunities for home investors and saves money for them in many ways. And the man or woman who buys or builds a home in Coral Gables is investing in property the value of which is enhancing more rapidly than in any good residential section in the entire Miami district.

If the many advantages in home building mentioned above arouse your interest and awaken the impulse to own your own home, why not seriously investigate these advantages without delay? Why not come and talk over the matter with us now!

Come to Coral Gables tomorrow—or some day this week aboard a de Luxe Pullman Bus. Make your reservation at the local office and avoid disappointment.
