

2nd Tropical Storm Of Season Boiling Up In Atlantic

MIAMI (AP)—A hurricane watch was ordered today for the Leeward and Windward Islands from Antigua to Barbados as the second tropical storm of the season with winds up to 70 miles an hour boiled up in the Atlantic Ocean 500 miles east southeast of San Juan.

The storm, about 1,800 miles east southeast of Miami, was moving westward at about 15 miles an hour with increasing intensity, the Weather Bureau said in an 11 a. m. EST advisory.

"This is a small but dangerous storm," the weather bureau said. "Motion toward the west is expected to continue for the next 12 hours at approximately the same rate and with some further increase in size and intensity."

Have you tried frozen onion? It's delicious seasoned with onion and teamed with a cream sauce.

G-Men Alone At Top

By THE ASSOCIATED PRESS
Once again the Gainesville G-Men have shaken off a challenge to their lead in the Florida State League and today they stand alone at the head of the baseball standings.

The shutout pitching of Hal Byfuss and home runs by John Riddle and Jim McKnight gave Gainesville an 8-0 victory over Palatka last night. Cocoa dropped out of a first place tie on a 3-0 loss to Leesburg, getting only two hits off Bill Gergstrasser.

St. Petersburg bounced back into the first division and tied West Palm Beach for third place when the Saints beat Daytona Beach 7-3 and Orlando spilled West Palm Beach 10-4.

Palatka got nine hits off Gainesville but couldn't bracket them into a scoring punch. Gainesville's 10 hits included, in addition to the homers by Riddle and McKnight, a bases loaded triple by Roberto Herrera.

Leesburg got all its runs off Cocoa in the first inning. A walk, Don Carter's double and Jerry Williams' home run gave Bergstrasser all the runs he needed. Cocoa's only hits were singles by Chuck Howard and Gene Cockrell.

Orlando rattled 11 hits off three West Palm Beach pitchers, including a triple and double by Jim Mathews. Gene Callaway gave up 12 hits but only one walk and spaced them well enough to win easily.

St. Petersburg combined six hits in the second for five runs and Daytona Beach never was able to catch up, losing its seventh straight.

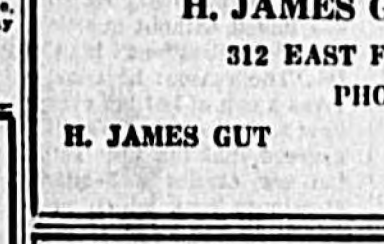

YESTERDAY'S RESULTS
Gainesville 8 Palatka 0
Leesburg 3 Cocoa 0
Orlando 10 W. Palm Beach 4
St. Petersburg 7 Daytona Beach 3

Regular Hurricane Warning Stations Get Backstopping

TAMPA (AP)—The three regular hurricane warning stations on the lower Florida West Coast will get backstopping this season from a chain of auxiliary stations.

W. E. Maugham, meteorologist of the Tampa weather Bureau, said coastal auxiliary stations have been set up at St. Petersburg, Clearwater, Gulfport, Bradenton and Boca Grande.

Further inland, volunteers in a number of towns will gather data on tropical storms after they leave the coast.

The regular stations are at Tampa, Fort Myers and Cross City. All reports will go to the hurricane forecast center at Miami.

Man Comes Home With 24 Orphans

PORTLAND, Ore. (AP)—Harry Holt came home yesterday with 24 more orphans fathered by GIs in Korea.

The Crosswell, Ore., farmer has adopted eight himself and found homes on the West Coast for 20 others.

Holt said the abandoned tots get harsh treatment in Korea because of their mixed parentage. He hopes to rescue 140 more now being cared for at an orphanage in Seoul before a refugee relief act expires at the end of the year. He estimated there are 1,500 such youngsters in Korea.

Holt's 19-year-old daughter, Barbara, helped him take care of the 24 new arrivals on their flight across the Pacific by commercial airliner. The 51-year-old farmer had one of his recurring heart attacks after the plane left Honolulu but appeared to have recovered when it landed here yesterday.

News Of Men In Service

FORT DIX, N. J. — Private Henry A. Brown Jr., P. O. Box 684 Sanford, has arrived here and been assigned to (N) 2nd Trg Regt. of the U. S. Army Training Center, infantry, for eight weeks of basic training.

His parents are Mr. and Mrs. Henry Brown Sr., P. O. Box 684, Sanford.

Prior to entering the Army, Private Brown attended Croom's Academy and Florida A. & M. University.

He was formerly employed by L. Bamberger and Co. During his training he will receive instruction in general military subjects, infantry weapons and tactics, as well as character guidance programs under the post chaplain.

After the initial eight weeks, he will be given a two-week leave and then receive eight weeks more of advanced infantry training, he enrolled in one of the specialist schools conducted here or be transferred to another Army post for training in one of the Army's technical schools.

Home Repairs Dos, Don'ts

PAINT TROUBLES
DO... know that paint troubles occur when fundamentals are ignored, either unknowingly or because the painter does not heed them.

DO... prepare surfaces properly by scraping off loose, scaly paint, sanding glossy spots and filling holes and cracks with wood putty or plastic wood.

DO... select the right paint for the job, keeping in mind that there are many special-purpose paints on the market and more being introduced all the time.

DO... apply too thick a coat, either indoors or outdoors, since this causes the paint to crack and is known as wrinkling.

Britain Goes Ahead With Canal Conference Plans Minus Egypt

Interstate Route Traffic Survey Will Be Conducted Here

State Road Department engineers are busily checking last minute details in preparation for the Interstate Route Traffic Survey which begins on Aug. 15. The survey will be conducted in both Seminole and Volusia Counties.

W. Barr, State Road Department Engineer who is directing the survey, states that the study is being performed for a dual purpose. He says: "It will provide data necessary for the planning of a portion of the proposed Interstate Highway and it will also provide information requested by Volusia County and the City of DeLand necessary for examining the feasibility of a truck route, a by-pass, an arterial street system or some other facility to serve traffic in the DeLand vicinity."

In order to determine the travel patterns, motorists will be stopped at points on all major highways in Volusia and Seminole Counties. They will be asked questions designed to determine the beginning and ending points of their immediate trips. These points are being interviewed at places called Interview Stations.

A station will be operated for no more than 24 hours. A separate crew of men will be assigned to an eight hour shift, with three shifts in each 24 hour period. A State Highway Patrolman will be assigned to each station and will be in attendance at all times. The interviewing will extend over a period of approximately three weeks, with statistical work to be performed in the State Road Department offices at the end of that time.

Because of the rapid growth of the State of Florida and of this particular region, the information gained from this traffic study will be of great importance in the future planning of highways and routes.

With the cooperation of the residents of Seminole and Volusia Counties a successful survey can be made and accurate information obtained, thus assuring proper planning for a highway system which will do the most people the most good.

**Climber Threatens
To Jump From 200
Foot Radio Tower**

KEY WEST (AP)—A man climbed 200 feet up a Key West Naval Station radio tower yesterday and threatened to jump but was talked down by loudspeaker and telephone six hours later.

The climber identified himself as Armando Pulido. No charges were placed pending examination.

Giants' Dormitory To Be Constructed By St. Pete Firm

John Burton IV this morning revealed that approval had been received from the owners of the New York Giants to proceed with the signing of the contract for the Giants' dormitory based on a slightly reduced version of the building.

The actual signing of the contract will be made upon verification of some figures submitted earlier by the low bidder, De Witt Furnell & Spicer. It is expected that the contract will be signed the latter part of this week.

Burton stated that the building to be built will consist of approximately 80 bedrooms whereas the bids were received on a building of approximately 100 bedrooms. Otherwise the building will follow the original plans, Burton related.

Playoff To Decide Baseball League Second Place Team

With four teams so closely bunched at the finish of the regularly scheduled games of the Lake-Orange League for the second place position, league directors have decided to play off the top two teams to determine which team will be declared the runner-up.

As matters now stand, the second, third, fourth or even fifth team in the present standings could be the winner of the second place prize due to the closeness of the race, wind up as the number two team.

Sanford, now in second place by a few scant percentage points, will therefore meet Eustis here tonight and will play Mt. Dora there tomorrow night. The latter team is out of the running but Sanford, Eustis, Umatilla and Tavares must play off the rainout games to determine the order of succession with the first four teams qualifying for the play-offs due to start August 20.

At the completion of the season's play, the first round which will be the best two out of three games, will be played on the home grounds of the first and second place teams and the second and fourth teams.

The manner in which four teams are bunched is indicated by the following standings:

Team	W	L	GB
Apopka	26	5	
Sanford	18	11	
Umatilla	15	11 1/2	
Tavares	15	11 1/2	
Eustis	15	12	
Mt. Dora	12	13	

Local fans are pulling for the "Cardinals" to maintain their present runner-up position and interest in the team "is almost as high as in the Democratic Convention."

3 Autos Involved In Wreck

Sunday at 12:18 p. m. three automobiles were involved in a wreck on S. Sanford Ave on the corner by the stoplight.

Involved was a 1955 Chevrolet driven by Constance D. Young, 23, of 204 Laurel Ave., a 1954 Ford sedan driven by Albert Thomas Baker, age 18, from VAHS NAS; and a 1953 Ford Sunliner convertible driven by Calvin David Carter, 37, of 300 Edinburgh Ave., Winter Park.

It was reported that all of the vehicles were going north on S. Sanford Ave., with the Chevrolet in front of the Ford sedan and the Ford convertible following.

The Chevrolet stopped with the proper signal in order to make a right turn and the Ford sedan did not see the signal until too late. It stopped suddenly and the Ford convertible, which was following too closely hit the sedan. The sedan was knocked forward and ran into the Chevrolet.

Injured was Calvin D. Carter Jr., age five, with abrasions inside the mouth.

Albert Baker was charged with failure to keep proper lookout and Calvin Carter was charged with following too closely. Patrolman E. E. Rock was investigating officers from the Sanford Police Department.

**Educational Aids
For Sightless Told
By Lions Speaker**

CASSELLBERRY—William A. Letson, 20-year-old resident and almost totally blind since birth, gave a talk Thursday night before the Lions Club on the educational advantages provided for the sightless.

Letson, a graduate of the Florida School for the Deaf and Blind at St. Augustine, expects to enter Florida State University this fall where he will become a physical education major. His ambition is to obtain a Ph.D. degree in that field.

As a token of appreciation for the assistance given blind persons by Lions Clubs, Letson presented a Braille copy of the July issue of Readers Digest to the club, first issue of a year's subscription he received. Subsequent copies will also be presented to the club, which he hopes can be passed on to some other sightless person.

Carl H. Seelye, formerly of Indianapolis, became a Cub Lion, and D. C. Broad of Sebring, was a guest of President Paul McClure.

Woman Held At Jail For Fatal Stabbing

A 38-year-old Negro woman is being held in the Seminole County jail after stabbing to death Eddie Lee Worthington, a Negro man, it was reported.

Ide Mae Brown whose address was given as S. W. Road, 15th St., fatally stabbed Worthington in Willis Bailey's Beer Garden 10:35 Saturday night. The woman is reported to be blind. She was arrested by Deputy Sheriff W. L. Long and taken into custody.

Worthington was rushed to The Seminole Memorial Hospital but died early Sunday morning. The weapon used was a pocket knife.

Saturday afternoon Deputy J. M. McClelland, Chief Deputy Jimmy Singletary and Deputy Jack (Andy) Evans, armed with a search warrant, entered the home of Norman Jones, age 49 whose address is reported to be 1508 W. 15th Place.

The men found in Jones' possession cuba books, tickets and money bags containing \$119.47.

He was arrested and released on a cash bond of \$300.

Also over the weekend the sheriff's office located Eric Poff who was said to have "jumped bond" in Johnson City, Tenn.

Poff was taken into custody July 2, and released later on a \$5,000 bond. He was charged with "molesting a minor."

The 60-year-old man, whose address is given as Longwood, was taken into custody July 2, but was reported to have left the state.

Sunday at 8 p. m. Ed C. Glover, 69-year-old Negro was taken into custody by Constable George Kelsey of Oviedo and put in the Seminole County Jail after Kelsey had "chased him from Oviedo to Midway."

The man's address was given as Rt. 7, Box 300, Sanford and he was charged with D. W. I., Reckless Driving and Hit and Run. Kelsey chased Glover from Oviedo and before he got to Midway, it was stated, he hit a car owned by Donald Dunn which was parked in front of Dunn's Grocery store on Geneva Ave.

Adlai, Truman Meet

CONVENTION HALL, Chicago (AP)—The Democratic swing into the formalities of opening their national convention today. A tory of "favorite sons" still held tight to the key votes ardently desired by Adlai Stevenson and Averell Harriman, Harriman, top bidder for the presidential nomination.

By all the signs, the favorite sons were of a mind to keep the conclave's big prize in doubt, if possible, right into Thursday's balloting.

As the opening day came, an Associated Press poll of delegates willing to state a public preference gave this picture:

Needed to nominate, 684 1/2. Stevenson, the 1952 nominee, well out in front with 538. His aides claimed he would have 600 to 630 on the first ballot.

Gov. Harriman of New York, 213 1/2; claimed 400.

Scattered among favorite sons, 277 1/2.

Still uncommitted, 243 1/2.

The Democratic legions began whooping into the big amphitheater in the stockyards area long before the noon hour set for party Chairman Paul Butler to bang his gavel and declare the 22nd nominating meeting underway.

For many, it had been a wrangling, struggling weekend. The pulling and hauling was touched off by former President Harry S. Truman's plump for Harriman Saturday when Stevenson seemed to have the nomination within his grasp.

And there seemed to be a disposition among many of the delegates to seek to soothe ruffled tempers and remind one another that after all the real enemy was the Republicans.

There were optimistic predictions also that a fight over a civil rights plank in the platform will be avoided.

Woman Held At Jail For Fatal Stabbing

A 38-year-old Negro woman is being held in the Seminole County jail after stabbing to death Eddie Lee Worthington, a Negro man, it was reported.

Ide Mae Brown whose address was given as S. W. Road, 15th St., fatally stabbed Worthington in Willis Bailey's Beer Garden 10:35 Saturday night. The woman is reported to be blind. She was arrested by Deputy Sheriff W. L. Long and taken into custody.

Worthington was rushed to The Seminole Memorial Hospital but died early Sunday morning. The weapon used was a pocket knife.

Saturday afternoon Deputy J. M. McClelland, Chief Deputy Jimmy Singletary and Deputy Jack (Andy) Evans, armed with a search warrant, entered the home of Norman Jones, age 49 whose address is reported to be 1508 W. 15th Place.

The men found in Jones' possession cuba books, tickets and money bags containing \$119.47.

He was arrested and released on a cash bond of \$300.

Also over the weekend the sheriff's office located Eric Poff who was said to have "jumped bond" in Johnson City, Tenn.

Poff was taken into custody July 2, and released later on a \$5,000 bond. He was charged with "molesting a minor."

The 60-year-old man, whose address is given as Longwood, was taken into custody July 2, but was reported to have left the state.

City Board Faces 7-Item Agenda

Seven items are on the agenda for the regular meeting of the Seminole County Board of City Commissioners tonight. The session will get underway at 8 o'clock in the City Commission Room at City Hall.

Items for the board to consider are: approval of minutes of July 9, 21, and 30; consideration of a request to sell a piece of city property on the northwest corner of Commercial St. and Holly Ave.; consideration of a request of the city to relinquish all claim to the city park at 9th St. and French Ave. if it can be used for business development; consideration of a request for street lights on Paloma Ave. and on Madera Ave.—(approximately six); consideration of bids for air-conditioning and heating in the police station and in the city hall; approval of vouchers; consideration of request of Edward G. Cox to purchase city-owned property at Northwest corner of French Ave. and Commercial Street; and miscellaneous business from the floor.

**Rotary All-Stars
Meet Princeton
Twice Last Week**

The Sanford Rotary "All-Stars" baseball team composed of 60 boys in the 13-15 age group took part last week in two ball games which they and their opponents, the Princeton Ball Club of Orlando, will long remember.

Last Tuesday afternoon on the grounds of the Princeton team, who, by the way, have suffered only three defeats in their last 14 games, the Sanford boys went down by a score of 5-0 when "Bute" Adams, outstanding Princeton pitcher hurled a one-hitter.

Sanford pitcher Ken McMurray, although charged with the loss, yielded only four hits.

In a return game played last Friday afternoon here, Sanford defeated the decision defeating Princeton 2-0 with McMurray hurling a one hitter this time, and Adams giving up only two hits. Spectators are still talking about the key play of the game played here. In the top of the seventh inning, Sanford leading 2-0 and with two out, an error and base walks loaded the bases for Princeton. A heads-up play by catcher Doyle Corley who, seeing the runner on first taking a long lead, called for a pitch-out, threw to first with no play being made at that bag, resulting, however, in an easy out being completed on the runner on third, trying to score.

The local "All-Stars" will participate in the Lions' Invitational State Tournament which will be held at Tinker Field in Orlando, starting Thursday, Aug. 23 and in which Sanford has drawn a team from Daytona Beach. It is hoped that a large crowd of local baseball fans will accompany the team.

**Methodists State
Meetings Tonight**

The commission on finance of the First Methodist Church will meet in McKinley Hall tonight at 7 o'clock.

The official board will meet at 7:30.

Raceway Is Granted Permit To Operate Harness Racing

The Florida State Racing Commission today granted a permit to Seminole Raceway Inc. for the operation of a harness racing track in Seminole County.

In a conversation with W. R. Kemp in Jacksonville this morning Kemp said that the State Racing Commission had qualified the Seminole Park Raceway in full, subject to the vote of Seminole County citizens in November.

Kemp further stated that Mr. Gibbons who is manager of the Bay Street Raceway in Boston and also a member of the U. S. Commission of Trotting is to be manager and secretary of Seminole Park Raceway.

Kemp stated that Gibbons, "is one of the greatest names in trotting circuits." He also said that over half a million dollars will be spent on improvements at the track.

**Nixon Asks People
For Solid Support
Of Foreign Policies**

DALLAS, Tex. (AP)—Vice President Nixon asked the American people today for solid support of foreign policies designed to assure "peace with honor."

It is not enough for the administration and Congress to agree on sound policies, he said in an address prepared for the 57th National Encampment of the Veterans of Foreign Wars.

"Unless they are completely and enthusiastically supported by the American people," he said, "they will not be accepted by other nations as our true program."

His address dealt with principles rather than specific policies, and he said "Americans want nothing for themselves that they do not want for every other people in the world."

"What we seek in our dealings with other nations," he said, "is that all men may have the freedom under law which we consider our priceless heritage."

The challenges in the struggle for peace, he said, are as difficult as the challenges of war and call for "patience, sacrifice, and intelligent, flexible effort."

"I am sure that we will rise to the challenge and will win the struggle for peace," he said.

Special Masters Will Hear Suits From Ship Disaster

NEW CITY, N. Y. (AP)—Federal Judge Lawrence E. Walsh has selected four prominent lawyers to act as special masters in suits stemming from the Andrea Doria-Stockholm disaster.

The masters will have full power to hear pretrial testimony and pass on motions. They will not make judgments.

Walsh said the masters were picked to expedite proceedings. The move will also save court fees for the litigants because the masters have agreed to serve without pay.

Most of the suits have resulted from injuries and loss of life and cargo in the July 25 collision off Nantucket Island, Mass. The crash sent the Doria to the bottom and seriously damaged the Stockholm.

**Weimers To Attend
Precancel Stamp
3-Day Convention**

CASSELLBERRY—Joseph H. Weimer, 230 Sunnytown Rd., and Mrs. Weimer will leave Saturday to attend the three-day national convention of the Precancel Stamp Association which opens Aug. 16, at Battle Creek, Mich.

Weimer, a nationally known precancel dealer, said that national president Harrington Adams of Winter Park, will attend and preside over the convention.

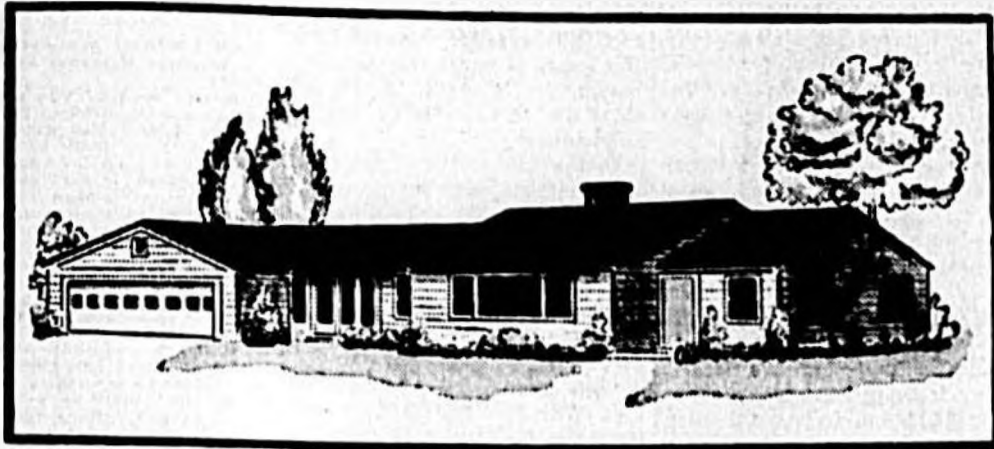

TYLER TAKES OVER

TYLER, Tex. (AP)—Tyler has taken over all of Dixie. That's Dixie, Tex., school consolidation of that school district with Tyler's district was voted recently.

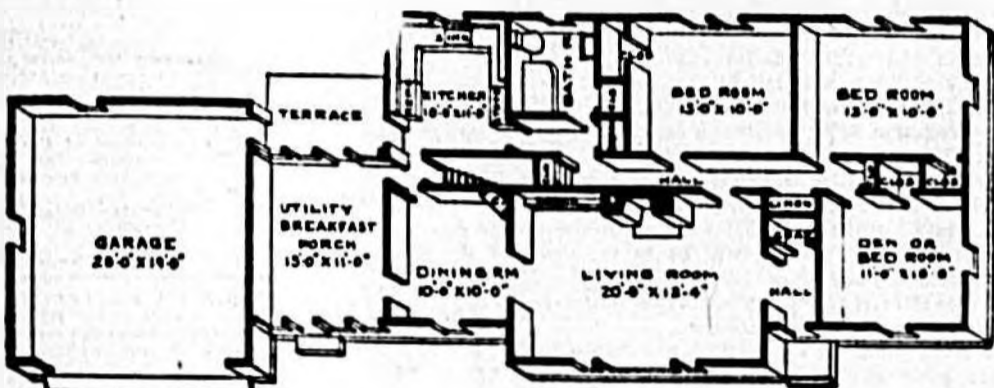

Weather

Partly cloudy with light scattered afternoon showers through Tuesday; low tonight 70-75; mainly moderate mostly overcast.

make this your **Dream-Home**

THIS THREE-BEDROOM HOME has been ingeniously planned to offer a practical floor arrangement within a beautiful exterior. Your living room, dining room, den and breakfast porch has been placed to the front to capture your best view. Bedrooms are to the rear for privacy and quiet, and the flow of movement through the house is channeled by the central hall. The bedrooms are of comfortable size, and storage room is provided in ten closets, plus the basement. U-shaped for convenience, the kitchen contains an abundance of cupboard space and counter area to make work easy. The partially covered terrace shelters passage from the double garage to the kitchen door.

Appliances Help Wife In Kitchen

Life is no simple with small and large electric appliances that it behooves every bride to have as many of them as she can afford in her new kitchen.

Let's see what's new with the gadgets:

BLENDERS — These will chop, grind, blend or mix, are better for pureed vegetables, soups, hors d'oeuvre pastes and drinks than anything else. One now has an ice-crusher attachment. There is a range of colorful bases.

TOASTER — You must have one. New ones are now available in copper.

COFFEE POT — These are not absolutely necessary but are a wonderful convenience. They come in small sizes for two as well as larger sizes.

MEAT GRINDER — This wonderful gadget will help cut food costs. Buy your own chuck and grind it yourself. One new one is available with an ice-crusher head and will give fine or coarse ice.

COFFEE GRINDER — Another popular item, but not absolutely necessary.

BROILER — Wonderful, particularly for the working wife who specializes in jiffy cooking. Good too if you are planning to live in a kitchenless dwelling for a while or are married to a service man. Only worth it if you can afford it, however.

DEEP FRYER — Crisp fried delicacies are what you can expect from the fryers, but be sure your man likes fried food before you invest.

EGG COOKER — This will boil eggs the way he likes them—soft, medium, or hard.

FOOD MIXER — Whip up anything from batter to dessert and don't forget the mashed potatoes. These will mix, blend, whip and cut in shortening. They'll chop too.

CORN POPPER & ICECREAM FREEZER are real fun gadgets that will come in handy summer and winter.

WAFFLE IRON & SANDWICH GRILL — a man loves extra snacks and if you have interesting gadgets, he might even take a liking to cooking, himself.

JUICE EXTRACTOR — Make it in a jiffy with one of these ideal appliances.

KNIFE SHARPENER — One of those nice-to-have presents.

PRESSURE COOKER — An entire dinner may be cooked in it and served at the dining room table all in a couple of minutes. Has automatic air vent and pressure regulator.

Furnace Is Place To Start Modernizing

Usually the wisest place to begin any home modernization program is at the bottom, specifically the heating system hidden out of sight, out of mind and often out of order in the basement or utility room.

In many instances a small investment in time and money for remodeling the furnace and adding several accessories will yield as much as an annual 20 per cent saving. In this push-button age it is impractical as well as extravagant for a home owner to serve as his own janitor considering that conversion to automatic firing is relatively simple.

Low-cost financing usually is available for any major undertaking. But generally this isn't necessary. Conversion to automatic oil heat generally is the most economical because fuel oil is cheap and can be obtained virtually anywhere.

Remodeling costs will vary, but the average installation for a complete new burner system will run well under \$300 unless the boiler or furnace must be replaced. This is seldom required, however. Boilers upwards of 30 years of age still can be serviceable.

Remodeling the newer oil burner systems is even easier. Addition of a few accessories and replacement of worn parts can improve any burner to the point where it is as efficient as a new one. Every heating system should be checked at least once a year, preferably in August, a slack month in the heating business when servicemen can take time to do a thorough job.

Installation of new parts and accessories can be made at the same time thereby avoiding considerable duplication of labor charges.

One of the newest accessories on the market is a low-cost fuel-unit for oil burners called the ServiceSaver which eliminates the troublesome problem of clogged strainers. Strainers should be removed and cleaned at least twice a year. Surveys show that a high percentage of service calls are caused by a clogged strainer. This new ServiceSaver fuel-unit, recently introduced by the Webster Electric Company after eight years of testing in the field, has no strainer that can become clogged.

Instead it features a rotary self-cleaning filter that is as effective as 100-mesh screen. This filter is designed for the protection of the fuel unit and is not intended to replace the usual line filter, which should be checked annually and cleaned or replaced if necessary.

Another efficient accessory which can be added to any gun-type oil burner system now in use is a unique valve that will cut up to 10 per cent off the yearly fuel bill. It is called Delayrol because it delays the start of oil flow after the burner goes on for from six to eight seconds to permit the unit to reach peak efficiency.

This tiny valve which costs less than \$10 also cuts off the flow of oil instantaneously when the burner is turned off. These two ac-

Home Repairs Dos, Don'ts

HOME WORKS, OR THE AP NEWSFEATURES

DO—use some sort of turntable on sawhorses, and the tops smooth, a precaution that will prevent work from being marred.

DO—select the center of your shop as the best location for your table saw, since it will enable large-sized lumber to be handled more easily.

DO—use some sort of turntable for painting and spraying constructed objects easily and neatly.

DO—be certain that all oil is wiped from tools before use to prevent slipping, a frequent cause of accidents.

DO—use ordinary muffin tins as excellent containers for different-sized nails, screws and other small items.

DON'T—forget that, while acoustical ceiling tile will help to keep noise inside a workshop, other measures (such as rubber pads under tool tables) will cut down the noise at the source.

DON'T—neglect to place the most frequently-used tools in the most accessible locations; the main tool panel, for instance, should be over or near the work bench.

DON'T—make the common mistake of buying more lumber than you need a practice that encourages warpage and waste.

My Neighbors

"I've been standing on Harold's shoulder for almost five minutes. Isn't that some kind of a record?"

FAMILY AFFAIR
VANCOUVER, B. C. (AP) — It was long wait, but a Canadian Pacific plane finally was "lighter of load" after the "flying Randall" family.

The lineup of pilots was Capt. Bob Randall and his 23-year-old twins, Bob Jr. and Ted. It was a long chance luck of the flying schedule draw that finally put all of them together.

John L. Sullivan, the boxer, used to eat 15 pounds of beef at one sitting.

YOU'RE TELLING ME!

By WILLIAM BITT
Control Press Writer

AFTER formally opening the Olympic Games in Australia this year the Duke of Edinburgh plans to visit the Antarctic. Since tempers usually flare up pretty hot at these international sports events we don't blame him for picking a spot in which to cool off.

"Has anyone thought of nick-naming Buzz's Nester 'Nasty'?" — postcard F.B.F. No, but it sounds like a pretty good idea!

One sensation these tallorder Giants and Athletics have is that they don't need to worry about being the "goats" of this year's World Series.

A science item predicts that

soon we may be able to propel guided missiles on solar batteries. Poor old weatherman!—if the target is missed, he probably will be blamed for that, too!

The most successful application of that space-time theory, we'd say, is the invention of the auto parking meter.

The silver lining to the cloud cast by the passing of the strawberry shortcake season is the approach of fresh cherry pie time.

Chief trouble with Indian summer, comments Grandpappy Jenkins (who's probably trying to take his mind off the August heat), is that it seems to be named after those "blanket" Indians.

Smathers, One Of State's Leaders, To Address Democratic Convention

Today, the voice of one of Florida's outstanding Senatorial leaders will be heard around the world as the 1956 session of the Democratic National Convention gets underway at Chicago.

More and more Florida is coming to the forefront, not only because of its exceptional growth in population and the huge expansion program of industrial development increases, but because of its outstanding leadership in the Nation's capital.

Senator George Smathers will speak to the 52nd Democratic National Convention today on invitation extended by Paul Butler, Chairman of the Democratic National Committee. He will speak as Chairman of the Democratic Senatorial Campaign Committee, an honor attributed to the increased activities of the committee and Smather's own personal leadership in the United States Senate and in national affairs.

Senator Smathers has often been mentioned as a vice-presidential possibility. He will outline the issues in the forthcoming Senatorial campaign and will introduce several Senatorial candidates to the huge audience in Chicago as well as to radio and television audiences.

We feel that George Smathers is one of the ablest leaders in the United States Senate—and that the choosing of Smathers as one of the opening speakers of the Convention was wisely made by the Democratic Party.

Florida's Senator Smathers, through his leadership in Washington, has won the confidence of his colleagues—and through his careful guiding of many programs through the Senate has brought much prominence to the State of Florida.

There is no doubt that Senator Smathers has become widely known throughout the country as a statesman.

Florida has been honored to have one of its leaders chosen to speak today to the national leaders and citizens during one of the most important conventions and sessions of the political year.

Gas Price Increase

Just a few days more than a month ago the price of gasoline went up. The reason was a one-cent-a-gallon increase in the federal gasoline tax, raising it from two to three cents, as provided for in the new highway construction bill.

A sales executive of a leading oil company had something important to say about this development: "We certainly agree that good highways are highly desirable. But we do feel that motorists should realize that the new tax rate on gasoline is the highest in the nation on any essential commodity."

"The total gasoline tax paid by motorists has now risen to 40 per cent of the retail price of gasoline. The combined national average state and federal taxes have now climbed to 8.8 cents on every gallon of gasoline. On the average for instance, when motorists buy a 15 gallon tankful of gasoline . . . about \$1.95 of what they pay is taxes for highways, not for the suppliers' products.

"A motorist should look on these taxes as an investment in building better highways for his own use. The average motorist, who uses about 750 gallons of gasoline a year, pays about \$66 a year in state and federal taxes on it."

There has been, and will continue to be, much debate as to how the huge federal road program should be financed. There are many who believe the higher gas tax is not the right way. But, whatever you believe, one thing is sure: that tax is entirely beyond the control of the oil industry and the industry has no choice but to add it to the price of your gas.

Stockholm Office Opened

The Florida Citrus Commission is out to recapture the European market for Florida juices that was lost during the war. The newest development toward this goal is a sales office in Stockholm, Sweden.

In Washington recently, visiting on Capitol Hill and the State Department before sailing for his new post, is the man who will manage the office, Sven Nelson. Nelson is a native of Florida. He was born near Lake Wales 28 years ago, but instead of going to school in Florida, his parents sent him to the University of Stockholm.

It looks like the Citrus Commission has found the right sort of fellow for their new undertaking. He was born and raised in the citrus belt. But he looks Swedish—talks Swedish—and has a lovely Swedish wife—Inga Lisa.

The Stockholm office is the second to be opened in Europe by the Citrus Commission.

Scientific 'Gains'

Sometimes we wonder about scientific "gains".

Chemists have invented a weed killer to clean out little fishing lakes clogged with greenery. But the weed killer, if used generously, can kill the fish.

Yet in bad spots if the weeds are left alone to re-grow, grow thicker the next year and decay, they use up the oxygen and suffocate the fish. Experts on both sides of the weed-poison issue can make a convincing case.

It seems simpler to go fish in another lake and give nature a year or so to solve the problem.

Mail Tells Many Interesting Things

By HAL BOYLE
NEW YORK (AP) Odd things a columnist might never know if he didn't open his mail:

That warm weather addicts who complain this has been too cool a summer might be happier if they lived on the sun. The temperature there ranges from 10,000 degrees on the surface to 20,000 degrees in the center.

That it takes the sun about 27 days to rotate on its axis. The heat makes it lazy.

That the popular impression tuberculosis has been whipped just isn't so. In the United States one person died every 27 minutes of this disease in 1955.

That also comes of beef a day will provide all the protein you need, and—good, good!—there are 917 million cattle in the world. That singer Frances Langford, who had been a lyric soprano, earned fame and fortune with her voice after a tonsillectomy changed her into a contralto. But when I had my tonsils out all I got was a sore throat—and a bill.

That most people have no idea how busy their bodies really are. Every second—even when you're sleeping—three million of your red blood cells die, three million new ones are born.

That some nerve impulses travel at up to 30 mph. Well, we always knew it doesn't take long for a woman to feel hurt.

That band leader Sammy Kaye spends his spare time between shows on one-night stands reading the English philosophers.

That insurance took 1,700 lives in America between 1948 and 1953. That if the ticking of a clock in your bedroom keeps you from sleeping, you can silence it by covering it with a glass hour. Yeah, but where does that leave the goldfish?

That the buruckie is a Balkan instrument similar to the Russian Balika and has three strings, a triangular body and a long neck.

Set your smart-alec, know-it-all neighbor never suspected that!

That Napoleon during his invasion of Egypt thought of building a waterway similar to the present Suez Canal. He dropped the plan because of his erroneous belief that the Mediterranean was 30 feet below the Red Sea level.

That Robert Q. Lewis, the bespectacled television humorist,

has received proposals from 204 leap year lovers. Some 23 per cent of the girls confided they wore horn-rimmed glasses, too.

That while we're on the subject of love a poll of 3,000 ladies showed 66 per cent believed men who smoke pipes are more attractive than those who don't. But one girl—bless her honest heart—wrote: "Any man is attractive no matter what he is doing."

That actor Walter Slezak gives this definition of blood money: "When you have to hire your brother-in-law."

Adlai's Urging Working 2 Ways

By JAMES MARLOW

WASHINGTON (AP)—Adlai Stevenson's call for a Democratic platform giving "unequivocal approval" to the Supreme Court's ban on public school segregation is about the least he could say as a presidential candidate.

While this reportedly angered some Southern Democrats—thus highlighting their dilemma once more—it also took some ammunition from Gov. Averell Harriman of New York, Stevenson's main and probably only real opponent.

It was also a reminder of how close Stevenson, Harriman and President Eisenhower are in their thinking about solutions for the South's resistance to the court's order to integrate their schools.

Harriman has complained loudly and long that Stevenson and Eisenhower are too "moderate." Yet an examination of what he's said since becoming an announced candidate June 8 shows, with one exception, he says just what they say. He just makes more noise.

This was the exception: He said he would withhold federal aid to education money from schools which didn't integrate. Both Stevenson and Eisenhower opposed doing this. Anyway, Congress didn't approve the aid to schools program.

What all three have said on the subject of segregation follows this pattern: move cautiously,

try persuasion, get men of good will together or try a commission to examine the problem. All three have said it is up to the lower federal courts to carry out the Supreme Court's ruling. With that one exception by Harriman, all three have been careful not to stir up the South.

If Stevenson didn't suggest a party plank backing the court, Harriman could well have suggested it, since it is only what any candidate would have to say anyway if he became president.

Stevenson or Harriman as president would have to take an oath to uphold the Constitution. The Supreme Court has ruled segregation unconstitutional and laid down the ruling that schools must integrate.

Eisenhower himself, although obviously not trying to make Stevenson's position clear, illustrated yesterday the job of any man in the presidency.

Asked at his news conference whether he thought the Republican platform should have a plank upholding the court on segregation, Eisenhower said he hadn't given much thought to it but added:

"The only thing I can say, I am sworn to uphold the Constitution."

If Southern Democrats want to turn away from Stevenson—because he took this minimum step

Canal Dispute Offers New Problems

BY SAM DAWSON

NEW YORK (AP)—The Suez Canal dispute—still confined to a war of words and nerves—offers new problems today for the fast expanding shipping industry.

A great shipbuilding boom is adding tonnage at a steady clip, but still falls short of potential demand, shipping men say. The canal dispute adds new tension and uncertainty.

Even before Nasser's move to nationalize the Suez, oil, metal and shipping industries were joined in a race to expand oil and ore-carrying fleets to keep step with the big postwar industrial growth in the United States and Western Europe.

This week the world's largest tanker is being launched in Japan—the 84,730-ton Universe Leader. A sister ship and two slightly

smaller ones will follow. The Japanese Ministry of Transportation says it plans to build two atomic-powered super tankers by 1956.

The American Bureau of Shipping estimates that five million gross tons of new merchant vessels will be added to world fleets this year, to equal the peacetime record set in 1954. In all, 627 ships are on order in the world's shipyards.

In the 10 postwar years the world's fleets have been increased by 4,758 new ships, totaling \$3,577,000 gross tons, the bureau reports.

Nearly half of these have been tankers, emphasizing the great growth in the world's consumption of oil.

About 60 per cent of the oil that Western Europe uses—and its thirst for that fluid continues to grow steadily—passes through the Suez Canal.

Shippingmen here say that if the Suez should be closed or considered unsafe for shipping, the squeeze on present tonnage would

be quick and painful. They estimate it would take up to 30 per cent more tanker capacity to move Mideast oil around Africa to Western Europe.

Irritations Caused By "Poison" Weeds

By HERMAN H. SUNDSTROM, M.D.

If you're subject to chronic weed dermatitis you're probably been bothered with itching eruptions since early summer.

If you're no more allergic than the average person, you probably will escape these annoying skin rashes—unless you come in contact with offending weeds. And that is a distinct possibility during this vacation season.

Rhus Group

The usual villain in this form of dermatitis is the Rhus group, poison ivy, oak and sumac. The allergic substance from all of these plants is exactly the same. Usually it only takes a few hours after exposure until the itching and other irritating symptoms occur.

The best thing to do immediately after exposure is to wash the skin thoroughly with plenty of soap and water. If acetone or ether is handy you can use this to clean the skin effectively.

Of course, it's impossible to prescribe specific treatment for all such reactions. Generally, however, mild localized eruptions can be helped with bland anti-itching lotions, creams and compresses.

Burrow's ointment used with compresses frequently will relieve the itching and burning.

For cases of infected contact dermatitis, you'd better see your doctor.

He might advise compresses of potassium permanganate, which are easily made by dissolving one tablet in two to three pints of water.

Soak or wash the area with the compress for from 15 to 30 minutes four times a day. A fresh batch of this solution must be made every day.

On Doctor's Approval

Boric acid or ammoniated mercury may also be used locally with approval of your doctor.

For those of you with chronic weed dermatitis, probably the best thing is desensitization.

It's a little late for such action this year, but next winter you can begin injections which will help alleviate these itching, burning symptoms next summer.

QUESTIONS AND ANSWERS

Q. M.I. What causes galls on leaves? **A.** The exact cause is not known, but infection of the gall bladder, overweight and lack of exercise are factors which may lead to this condition.

We're all eyes in looking after the interests of our customers when a claim is to be settled.

Georgia Booth, Stanley Houston Married In Quiet Ceremony

Elmer James Brooks, president of the Sanford branch of the church of Jesus Christ of Latter Day Saints, united in marriage Saturday, Aug. 11, at 8:30 p.m. in the outdoor chapel at Matilama's Arts Gallery, Georgia Lillian Booth, daughter of Mrs. Ruth Hutchins, and Joseph Stanley Houston of St. George, Utah.

The candlelight, double ring service was performed against a background of tall baskets of white gladioli and pom pom chrysanthemums along with branched candelabra.

Musical chimes were played and "The Lord is My Shepherd" was played softly during the wedding ceremony.

Given in marriage by her brother-in-law, John T. Cullum, the bride was lovely in a white length gown of blue chintilly lace over shimmering tulle.

The bride's book was kept by Miss Joyce Cullum.

For a short wedding trip to an undisclosed destination the new Mrs. Houston wore a white linen suit with navy accessories. Her corsage was of tube roses.

The bride was born in Sanford and graduated from Seminole High School and Florida State University. She will teach at Pinecrest Elementary school this fall.

Mr. Houston was born in Panguitch, Utah and graduated from Panguitch High School and Brigham Young University. He is a member of the Delta Phi Honoratory fraternity and is presently stationed here with the U.S. Navy.

MRS. WILLIAM HENRY MORGAN

Rev. Hines Performs Wedding For Beverly Jones, W. Morgan

Seven tiered candelabra, white eucalyptus, cushion pom poms, white chrysanthemums, baskets of white gladioli, palms and greenery formed the background for the marriage of Miss Beverly Ann Jones and William Henry Morgan, Friday evening at the First Baptist Church in Orlando.

The Reverend Hines, assistant pastor of the College Park Baptist Church performed the double ring ceremony while the couple spoke their vows and exchanged rings before an arch formed of these same flowers. The bride was given in marriage by her father.

She is the daughter of Mr. and Mrs. J. M. Jones, Orlando, while he is the son of Mr. and Mrs. William H. Morgan, of New Smyrna Beach.

The bride was radiant in a formal gown of imported lace and silk tulle over a bodice of white and self-covered buttons extending down the back of the bodice to the waistline and closed the lace sleeves at the wrists.

The bouffant skirt was designed of panels of tulle and lace, terminating in a chapel train. Her scalloped, fingertip veil of silk illusion was held to a lace pillow encrusted with iridescent sequins.

She carried a corsage of white orchids and stephanotis. The maid-of-honor, Miss Jo Ann Norman, of Atlanta, and a roommate at Stetson University, was gowned in a copes blue crystal tulle. The bridesmaids featured a fold of crushed crystal tulle ground the portrait neckline and joining the long torso bodice to the floor length skirt.

A matching bandeau held the petite nose veil.

She carried a basket made to match her dress and trimmed with white lace, filled with fall flowers of various colors.

Mrs. H. J. Herbert, of Orlando, was matron of honor. Bridesmaids were Miss Jean Hoar, Miss Maxine McCormick and Miss Pat Parrish, all of Orlando.

Mrs. Herbert is a cousin of the bride. All wore identical dresses of pastel pink crystal tulle, styled like that of the bride. Matching bandeaus adorned their heads.

The baskets they carried also matched their dresses and were filled with fall flowers.

Jewel Michele Georgini, a cousin of the bridegroom, and Connie Carol Cossin, were flower girls. They wore dresses that matched the blue gown worn by the maid of honor. They carried baskets to match their dresses and scattered rose petals in the path of the bride.

Michael Georgini, another cousin of the bridegroom, was ring bearer. He wore a white linen suit and carried the rings on a white satin pillow.

Fredel Rauch, of Orlando, served as best man for the bride.

Also Mrs. Ruby Jones, Mr. and Mrs. Ben H. Jones, Mr. and Mrs. J. B. Jones, Jimmy Jones, Mary Jones, Mrs. Nettie A. Farnell, Mr. and Mrs. George C. Means, Mrs. Mae E. King, Mr. and Mrs. B. F. Wheeler Jr., Mrs. W. T. Chance, Mrs. J. N. Thompson, Mrs. Hettie P. Ragsdale, Mrs. Geneva S. Abell, Mr. and Mrs. Ben G. Wainright, Mr. and Mrs. J. H. Lee, Mrs. Annie P. Carter, Mrs. B. F. Wheeler Sr., Mr. and Mrs. Charles T. Niblack, Mr. and Mrs. James Parin, Mr. and Mrs. J. L. Malcolm, Mr. and Mrs. T. W. Lawton, Mr. and Mrs. James Wilson, Mr. and Mrs. W. H. Martin, and Mr. and Mrs. T. L. Lingo.

Mrs. Dora Kelsey, Mr. and Mrs. George Kelsey, Mr. and Mrs. Orono Burnett, Mr. and Mrs. W. J. Lawton, Mr. and Mrs. T. W. Lawton, Mr. and Mrs. Max Leibhart, Mr. and Mrs. Milton Gore, Mr. and Mrs. R. W. Kates, Miss Kay Kates, Miss Ann Pierson, Mrs. Elsie Fleming, Miss Jo Ann and Miss Peggy Fleming, Bob

Miss F. Mayo, Vernon Brown Wed Saturday

Miss Frances Valeria Mayo, daughter of Mr. and Mrs. J. W. Mayo and Terrence Vernon Brown Jr., son of Mr. and Mrs. T. V. Brown were married Aug. 11 at 8 p. m. by the Rev. R. Ablemann in a double ring ceremony.

Palms, gladioli, pom poms and asters formed the background for the wedding rites while two candelabra bearing 28 burning tapers accented the flowers and greenery.

Miss Janet Willis was organist for the ceremony while soloists were the Rev. G. Spear singing "Because" and Miss June Chaney, who rendered "Oh Promise Me" and "The Lord's Prayer."

Given in marriage by her father the bride was radiant in a gown of white shimmering tulle overlaid with three bell tiers of nylon net. Insets of lace accented the creation. Her crown was of chintilly lace and nylon tulle and held a cascading veil of matching lace.

Miss Barbara May, sister of the bride was maid of honor and wore a yellow tulle dress featuring a full skirt of net. Her bouquet was of daisies accented by harmonizing ribbons.

Attendants were Miss Patricia Brown, sister of the groom, who wore a lavender gown similar to that of the maid of honor and Miss Patricia Barret whose gown was identical in a lovely green shade.

Miss Linda Mayo was flower girl for her bigger sister and wore a dainty gown of pink and white. She carried rose petals in a basket.

Everett Harper was best man while ushera were Kenneth Williams, Jack Sewell and Jimmy Johnson.

Ring bearer was David Brown, brother of the groom.

Mrs. Mayo chose for the wedding rites of her daughter a yellow cotton dress with white accessories. Her bouquet was of white carnations.

Mrs. Brown chose a pink fallie dress with blue accessories.

Immediately after the wedding vows were spoken a reception was held at the Youth Hall adjacent to the church.

A profusion of flowers and fern were used to carry out the bridal theme in the hall.

Miss Jo Ann May assisted during the serving of refreshments.

For a trip to the east coast the new Mrs. Brown wore a gray dress with white accessories. On her left shoulder she pinned the orchid from her bridal bouquet.

After the wedding journey the couple will be at home on 8333 Kuhl Ave. in Orlando.

Friends of Mrs. Francis McDougall will be sorry to learn that she is in the Orange General Hospital suffering from a broken arm.

Mr. and Mrs. R. L. Brown and daughters, Jane, Judy, Barbara and Deborah have returned from New Smyrna Beach where they have been spending their vacation.

Mr. and Mrs. John Kader and children are spending a week at New Smyrna Beach.

Mr. and Mrs. Bill Vihlen and children are in New Smyrna spending a short vacation.

Ward, Mrs. Joseph Lehman, Mr. and Mrs. T. L. Lingo, Mr. and Mrs. F. W. McCall, Mr. and Mrs. T. E. Partin, Miss Shirley Partin, Mr. and Mrs. C. T. McCulley, Mrs. Ralph King, Mrs. R. L. Wheeler, Mr. and Mrs. Paul Campbell, Mrs. B. G. Smith, Mr. and Mrs. Theodore Aulin Sr., Mr. and Mrs. Theodore Aulin Jr., Mr. and Mrs. C. R. Clonts, Mr. and Mrs. Ben Ward Jr., Mrs. Ben Ward and many others of Oviedo.

MRS. REUBIN O'DONOVAN ASKEW

Impressive Ceremony Unites Donna Lou Harper, R. Askew

In an impressive candlelight, double ring ceremony, Miss Donna Lou Harper daughter of Mr. and Mrs. Donald L. Harper, became the bride of Reubin O'Donovan Askew, son of Mr. Albert Askew and the late Mr. Leo Askew, at 8 p. m. Saturday evening.

The First Presbyterian Church was the scene for the ceremony performed by the Rev. Angus G. McInnis. Dick Alken, soloist sang "I Love Thee," "A Wedding Prayer" and "The Lord's Prayer."

Accompanied on the organ by Miss Mary Ross Anderson.

The nuptial vows were spoken against a background of palms, seven branch candelabra with burning cathedral tapers and arrangements of white gladioli and white daisies. The family pews were marked with white ribbon, aqua and fern.

The bride Given in marriage by her father, the former Miss Harper wore a formal gown of Chantilly lace and antique silk tulle featuring a high neckline and long sleeves coming to points over her wrists.

The fitted bodice was held in at the waistline by a pleated cummerbund while the bouffant skirt terminated in a sweeping chapel train. Her crown, covered with nylon lace and tulle sprinkled with brilliantia, held a finger tip veil of imported Brussels lace.

She carried a satin-covered Bible, given to her by her parents and used since childhood. It was topped with pink cymbidium orchids, showered with pink sweetheart roses and stephanotis against a background of tiny cut velvet leaves and pink and white streamers. Her jewelry was cultured pearl earrings, a gift of the groom.

Attendants Mrs. H. M. Moore, Jr., matron of honor, and college friend of the bride from Tallahassee wore a gown of aqua nylon chiffon over tulle tulle. She carried an aqua lace fan topped with a crescent shaped arrangement of yellow sweetheart roses and yellow satin streamers.

Miss Kay Hales, sorority sister of Daytona Beach, Mrs. Herbert Stenstrom, and Mrs. Donald Love, Orlando, were bridesmaids and dressed in gowns identical to that of the matron of honor. They also carried the fans of aqua lace topped with the crescent shaped arrangements of yellow roses accented by yellow satin streamers.

Little Sharon Stewart, Pensacola, niece of the groom, was flower girl and wore a white organdy dress with an aqua sash carrying the traditional basket of rose petals.

Best man was Roy Askew, brother of the groom from Jacksonville; while usher-groomsman were Sam Armour of Pensacola; Walter Erikson of Winter Park; Richard Montney, Jacksonville

CALENDAR OF EVENTS

MONDAY
Evening Circle No. 2 of the Women of the First Presbyterian Church will meet at 8 p.m. at the home of Mrs. Al Wallace, Loch Arbor. Mrs. Joe Ozano will be co-hostess. Mrs. Clifford McKibbin Jr. is chairman.

The Session of the First Presbyterian Church will have its regular monthly meeting at the church at 7:30 p.m.

Elsie Knight Circle will meet at the home of Mrs. Martha Fox, 1206 Park Ave., at 8 p.m.

The Enlisted Men's Wives club will meet at 8 p. m. at the Sanford U. S. O. for an important meeting. All members are urged to attend.

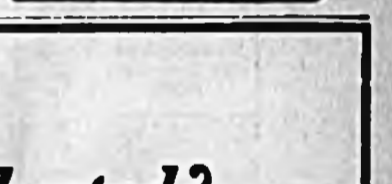

C. S. Smethurst, grandmother of the bride; Mr. and Mrs. A. J. Nye, aunt and uncle of the bride; all of Winter Garden; Mrs. Alberta Askew, mother of the groom; Mr. and Mrs. Elmer Stewart, Kathleen and Sharon Stewart, sister, brother-in-law and niece of the groom; Sam Armour all of Pensacola.

Mr. and Mrs. Roy Askew, brother and sister-in-law of the groom; Mr. and Mrs. Richard Montney, all of Jacksonville; Mrs. W. E. Erikson, Mr. and Mrs. W. A. Erikson, Mr. and Mrs. Gordon Stedman, Mrs. Alfred Walter all of Winter Park; Mr. and Mrs. R. E. Deas, Columbia, S. C.; Mr. and Mrs. Frank Chase, Mrs. F. A. Veray, all of Windermer.

Also Mr. and Mrs. H. M. Moore Jr. of Tallahassee; Mr. and Mrs. J. B. Humphrey, Miami; Mr. and Mrs. Donald Love, Orlando; Miss Helen Hamilton, Hollywood; and Mrs. Winnie Whitehead, Winter Garden.

Wedding Trip
The new Mrs. Askew wore on her wedding trip to Nassau a navy suit with matching shoes and bag. She wore a pink hat and gloves and the corsage of pink cymbidium orchids from her bridal bouquet.

Upon returning from their trip, the young couple will make their home in Pensacola where the bride-groom is an assistant county solicitor and is practicing law.

Betsy's Course Veers Away From Florida

MISS JONI SAUNDERS
(Photo By James)

J. Saunders Local Dancer Is Accepted In Corps de Ballet

Miss Joni Saunders, daughter of Mr. and Mrs. Joseph Saunders, 210 Scott Ave. recently completed studies in New York City. While there she auditioned for the Radio City Music Hall Corps de Ballet and was accepted.

As there will be no vacancy for several months Miss Saunders will return to Sanford. While in New York she has had training in dance and ballet with Jack Stanley School of Dance (tap, ballet and modern jazz) Arleigh Peterson Studio (modern jazz); Ballet Russe de Monte Carlo School of Ballet and others.

Here she has had training with Grace Arthur Studios in Bradenton; Coghorn School of Dancing, Sanford; Duxbury School of Dancing, Sanford; where she also worked as student assistant.

She attended local schools and graduated from Seminole High School with the class of 1934. She also enrolled at Florida State University where she was prominent in Modern Dance Groups.

Lately, taking intensive study and dance teachers training from the Royal Studios in Winter Park Miss Saunders, this past year, taught at the Winter Garden Studios.

The popular young Sanford dancer is assistant teacher at the Duxbury School of Dancing here and in March, 1936, successfully passed examination in ballet and tap and was accepted into membership of the Dance Masters of America, Florida Chapter No. Two.

In September she will teach classes in ballet, tap, acrobatic, modern jazz and tap with the Duxbury School of Dancing.

'56-57 Pre-School Program To Get Underway Friday

The 1936-57 pre-school program will get underway on Friday, with a principals meeting in the county school office at 9 a. m.

Teachers and principals will report for duty at their respective schools on Aug. 20 at 8:30. A county-wide meeting of all principals and teachers will be held at the Pine Crest School on Aug. 21, 8:30. The principal speaker at the morning session will be Dr. Howard Culpeper, Executive Secretary of the State Board of Control. School personnel will be introduced, and a short business meeting of the Seminole County Education Association is scheduled.

Lunch will be served in the new Pine Crest Cafeteria. The luncheon program will include talks by special guests.

This afternoon session will be devoted to a general session followed by group meetings.

On Wed., Aug. 22, all principals and teachers will attend a meeting of District V of the Florida Education Association in Daytona Beach.

Mrs. Audrey Reid, hand-writing consultant, will hold a clinic for all elementary teachers at the Pine Crest School on Aug. 24.

A representative group of principals and supervisors will attend a Materials of Instruction Clinic in Tavares on Aug. 25.

Registration of pupils is scheduled for the morning of Aug. 29 beginning at 9 a. m. Buses will pick up children at regular stops and return them at noon.

Teachers and principals will be in their respective schools on all other days during the pre-school period making plans and preparing for the new school year.

Milk Commission To Re-Organize At Meet Today

JACKSONVILLE (AP)—The Florida Milk Commission holds a re-organization meeting here today.

A new chairman will probably be named to take the place of C. Raymond Lee of Clearwater, Gov. Collins on July 27 appointed three consumer members for four-year terms:

Hurricane Safety Measures

For those not familiar with hurricanes the following safety measures have been released by the American Red Cross which will be helpful as a guide to the action to be taken when warnings are issued of an approaching hurricane:

1. Keep your radio on and listen for late warnings and advisories.
2. Pay no attention to rumors. Rely on the official weather advice and warnings.
3. Get away and stay away from low-lying beaches or other locations which may be swept by high tides or storm waves. If your only passage to high ground is over a road likely to be under water during a severe storm, then leave early. Don't run the risk of being marooned.
4. If your house is up out of the danger of high tide and is well built (securely anchored to foundation with a good roof also securely fastened) then it is probably the best place to weather out the storm.
5. Board up windows or put storm shutters in place. When you board up use good lumber securely fastened. Make-shift boarding may do more damage than none at all. Have strong bracing for outside doors.
6. Get in extra food, especially things which can be eaten without cooking or with very little preparation. Remember the electric power may be off and you may be without refrigeration.
7. If emergency cooking facilities are necessary, be sure they are in working order.
8. Sterilize the bathtub, and fill it with water. Also sterilize and fill all jugs, bottles, cooking utensils and other containers, as water service may be interrupted. Even for some time after service has been restored it may be wise to boil drinking water, unless you are sure the supply received from the city's water mains is safe.
9. Have a flashlight in working condition and keep it handy.
10. Check off everything that might blow away or be torn loose. Garbage cans, garden tools, signs, porch furniture, awnings, and other objects become weapons of destruction in hurricane winds. Store them all inside if possible. Loose objects on the roofs of buildings are especially dangerous.
11. Be sure that a window or door can be opened on the lee side of the house — the side opposite the one facing the wind.
12. If the center or "eye" of the storm passes directly over, there will be a lull in the wind lasting for a few minutes to half an hour or more. Stay in a safe place. Make emergency repairs during the lull if necessary, but remember the wind will return suddenly from the opposite direction, frequently with even greater violence.
13. Be calm. Your ability to meet emergencies will inspire and help others.

Hospital Reveals New Visiting Hours

Upon the recommendation of the Medical Staff, the Board of Trustees of the Memorial Hospital has eliminated the morning visiting hours in semi-private rooms.

For the past six months, morning visiting hours have been observed; however, the large number of morning visitors has made it increasingly difficult for the hospital and Medical Staff to render efficient medical care to the patients. Because the hospital realizes that visitors, as well as the staff, are primarily concerned about the patient's welfare, the following visiting hours will become effective Aug. 15:

- Private rooms, 11 a. m. to 9 p. m.
 - Semi-private rooms, 2 p. m. to 4 p. m. and 7 p. m. to 9 p. m.
 - Pediatrics, 11 a. m. to 8 p. m. (Parents and/or grandparents only).
- Obstetrics, in accordance with accommodation and no visitors during feeding of babies.

CofC Directors, Committee Heads To Meet Tonight

The Seminole County Chamber of Commerce has issued a request that all directors and committee chairmen take notice of the Directors meeting being held tonight at 8 p. m. at the Commissioners Rooms, City Hall.

They are asked to note the change of meeting place, due to the fact that the State Auditors are operating in the session room of the Educational building.

The following items have been scheduled: waterways report; county highway and road report; industrial report; and business-education day.

Pilot Says Betsy 'Tough Storm'

JACKSONVILLE (AP)—Hurricane Betsy may not be big as tropical storms go but it's tough.

As a matter of fact, Lt. J. E. Shipman, a Navy pilot with some 30 low level storm penetrations to his credit, believes "Betsy is probably the second toughest hurricane I've ever flown."

The 28-year-old flier from Memphis, Tenn., who is in his fourth year of hurricane hunting and watching, said today Hurricane Fox in 1932 was a little rougher. Shipman and his crew of nine men have made the only low level penetration of Betsy since its discovery last week. The Tennessee took his true engine FV plane into Betsy's eye Friday.

"I was surprised by it," he said this morning at the Naval Air Station here after a 19-hour rick tracking the season's second tropical storm on a radar scope.

"I didn't expect it to be such a well developed storm at that stage," he said of the flight into the eye. "At one spot we ran into extremely severe turbulence that had me wondering for a minute."

No Break Seen In Demos Nomination Deadlock

Board Unable To Reach Property Agreement

The City Commissioners at last night's meeting were unable to reach an agreement involving the sale of three pieces of city-owned property.

E. J. Moughton Jr. appeared before the commissioners with an offer from Edward Cox, owner of the Monroe Boat Basin of 10,000 sq. ft. for property on French Ave. at the railroad tracks near Commercial St.

Moughton stated that Cox wanted to build a 5,000 foot building for the manufacturing of Fibre Glass Boats.

He stated that the firm would eventually employ 30 to 40 people. Mayor Scott said that the city, a few months ago, had been offered \$30,000 for this same piece of property.

Commissioner Higginbotham stated that he could not see how the commissioners could justify selling for \$10,000 when formerly they were offered \$30,000.

Moughton said that he understood the land was being held for an industrial area and that the boat company would create a payroll as well as bringing the city additional taxes.

The City Commissioners decided to have the property appraised by the local real estate men so as to determine a fair value and that they would notify Moughton and Cox at a future date.

Charles Atkinson, appeared before the commission regarding the possibility of obtaining the city property at Ninth and French Ave.

He stated that he would start a business that would be an asset to the community and bring the city \$10,000 to \$20,000 in taxes.

Bill Hutchison, city attorney, stated the property could not be used for anything but a park because it was a shrub shrub cause it was donated to the city with that specification. He also stated that any other use of the land would revert it back to the heirs of the original owner.

A request to purchase city property by W. E. (Bill) Evans to relocate his recently burned roofing business was rejected by the commissioners.

City's Stray Dogs In For Rough Time

Stray dogs in Sanford are in for a rough time in the near future. The City Commission last night passed a motion that all dogs must be licensed and vaccinated.

The City Manager was instructed to employ a dog catcher immediately and he was also instructed to publish a notice giving owners 10 days in which to get their dogs properly tagged.

Instructions were also given to place the dogs in the city pound and give owners three days in which to claim them.

Commissioner Higginbotham said that the purpose was to clear the streets of stray dogs, not to pick up children's pets.

He further stated there was always a danger of children getting scared and hurt by the stray dogs.

House Fire Is Reported Today

It was reported today that the Sanford Fire Department answered a call at 12:35 a. m. to put out a fire at 807 W. 12th St.

The fire did considerable damage to the home and is believed to have originated in the kitchen. The name of the negro couple occupying the home was not immediately available.

Remodeling Work At Crystal Lake Nears Completion

"This is your park. Let no one say, and say it to your shame, that all was beauty until you came."

The Crystal Lake Public Beach at Grand Bend Ave. and Country Club road in Lake Mary is again a thing of beauty.

Following the decision of the Seminole County Board of Commissioners last Monday, county workers got to work immediately. Bath houses and toilets were rebuilt, the dangerously decaying dock was demolished, and the high weeds and other debris cut down and removed.

This morning, C. G. McWaters, diacing and grading contractor of Lake Mary, donated his machinery and time to creating a beach area at least four times as large as the old one.

All that remains now to make Crystal Lake beach one of the "nicest" swimming spots in central Florida is putting clay on the entrance parking area and installing picnic tables and benches. Clay for the beach will be obtained from surplus excavation on the Ugalala road project. It was stated by a member of the County Board of Commissioners last week.

Trash cans have been placed at vantage points, and swimmers are requested to cooperate in maintaining the present neat appearance of the beach.

Young Concert Pianist Has Busy Schedule

One of the busiest little ladies in town right now is Allyson Lee, young concert pianist, daughter of Mr. and Mrs. John L. Lee.

Following recent appearances before the Rotary Club and North Orlando Kiwanis Club and Lions Clubs in several sections of Central Florida, the talented youngster is scheduled to appear before the Sanford Kiwanis Club tomorrow; at the Mayfair Inn Ball Room Saturday night and at the local Lions Club next Tuesday noon.

Allyson, who has committed to memory over 60 classical and popular numbers, has received the plaudits of her audiences everywhere and, although only 11-years-old, plays the piano and some of the instruments have been piano in name, only in a manner that would do credit to one three times her age. She has received enthusiastic and autographic press notices with even editorials having been written about her exceptional talent.

She will be introduced at her local appearances by Charlie Morrison, "long time friend" of the Lee family.

TV Star M. Raye Takes Overdose Of Sleeping Pills

MIAMI BEACH (AP)—Comedienne Martha Raye was rushed to a hospital here today, in critical condition after taking an overdose of sleeping pills.

Her physician, Dr. Ralph Robbins, said the 39-year-old television star had taken about 20 sleeping pills and was "in very poor condition."

A negro maid found Miss Raye unconscious on the floor of her Miami Beach home at 3 a. m., about a half hour after the actress had come home for the night. She called Dr. Robbins.

The physician said Miss Raye had been dependent for the past week.

Med-Fly In Area

The Mediterranean Fruit Fly, which has been causing this state so much worry was reported by the Central Florida Experimental Station, to be found in tangerines and oranges at Goldenrod, Seminole County.

Med-Fly, watched on the radar scope last night from distances varying from 25 miles up, appeared to be in a constant state of flux," Eas. Baird said. "At one time we had difficulty in determining its position because it did not prevent itself on the scope."

The Navy said only one penetration had been made because the storm had been generally over land areas.

Favorite Sons Cling To Votes

CONVENTION HALL, Chicago (AP)—There was no sign of a break today from the essential deadlock in the struggle among the Democrats over their presidential nomination.

"Favorite sons," still clinging to their votes, and the big block of delegates silent as to their sentiments kept the outlook teetering to uncertainty as the party faithful returned to this hall for the second day of their convention.

Forces backing Averell Harriman, who is waging an uphill battle to catch the front-running Adlai Stevenson, professed to find the situation to their liking.

The Harriman people said the reluctance of many state delegations to take a firm position indicate "discontent" in groups previously regarded as leaning to, or virtually in, the Stevenson camp.

But to many of the old pros, Stevenson looked like an odds-on favorite. By an Associated Press poll of delegates, he was just 12 1/2 votes short of the 66 2/3 needed for the nomination. Moreover, a big parcel of uncommitted votes was in the South. Southern sentiment is clearly toward a preference for Stevenson over Harriman if it comes to a choice of taking one or the other.

The AP poll of delegates willing to express a preference gave Stevenson 54, Harriman 23 1/2, and other candidates 22. This left 35 1/2 in the uncommitted category.

Among the uncommitted were 22 from Mississippi, 11 from Alabama, 14 1/2 from Arkansas, 13 1/2 from Georgia, 2 1/2 from Virginia, and 9 from North Carolina. South Carolina's 20 are pledged to Gov. George Bell Timmerman as a favorite son.

And today, Tennessee decided that on the first ballot its 32 would go to Gov. Frank Clement, the party keynote who rocked this hall last night with a fighting-praying call to arms against the Republicans.

The delegates, there was more oratory on tap today. This time it was keyed to winning the housewife's vote and paraded Democratic women members of Congress.

Clement's "country style" oratory found high favor among the delegates from Missouri, one of the nation's largest producers of country style music. The Missouri boys talked of backing Clement for vice president.

Sen. Estes Kefauver of Tennessee also was being plugged for second place on the ticket. The California delegation reported "strong sentiment for him."

Simpson Farm Supply Under New Ownership

It was announced today that Simpson Farm Supply, owned by Willie Simpson and Joy Martin Simpson, was sold to Bidwell Food and Supply Company.

Bidwell Food and Supply Co. is owned and operated by John A. Bidwell, who has for the past several years been associated with the Ralston Purina Co. as district salesman in Central Florida.

He is a graduate of the University of Florida with a degree in Animal Husbandry, and has had experience in his own livestock and poultry operations.

The Simpsons favor among the cage hen operations and devote all of their time to that operation. They want to thank the people of Sanford for the associations and business extended them and "we will still be in Sanford so hope to see you often."

Bidwell stated "It is our earnest desire to continue the fine service to which you have been accustomed, with the addition of any services or supplies that you might need in the future."

The store is located on 110 W. Second Street in Sanford.

Methodists Plan Community Picnic

DeBARY—Mrs. Edward J. McCarthy, president of the W.S.C.S. announces that there will be a community Methodist picnic to-morrow morning at Bert's park. The meeting place will be the post office at 9:30 a. m. at which time arrangements can be made for those without transportation.

Vocational Service Talks, Music Duel Entertain Rotarians

An extemporaneous program featuring vocational service talks by three recently inducted members of the Sanford Rotary Club and a spirited contest between the club's song leader and piano accompanist held the attention of the local Rotarians at its weekly meeting yesterday afternoon at the Yacht Club.

Due to the fact that the scheduled speaker, Mayor John Lovett, Base Operations Officer of the Pinecrest Air Force Base was absent because of the impending storm, Gordon Bradley speedily arranged the "pinch-hitting program" in which the following took part:

Dr. John W. (Billy) Epps spoke briefly and rather humorously about his profession, the general practice of dentistry. Claiming that he was the low man on the Epps' totem pole, "Billy" urged his hearers to "Brush your teeth twice daily; see your dentist twice a year and . . . Keep Smiling."

Thomas S. (Tom) McDonald who holds the classification of Abstractor gave the club some valuable information about his vocation and was followed by Dr. W. Vincent (Vince) Roberts, classification Cardiologist who spoke interestingly about the heart, its functions, its diseases and the many rapid strides made in treatment of this most important organ.

Much amusement was created by a good-natured dual staged by Charlie Morrison, song leader, and Harry Knudell, pianist. After a few Rotary songs, Charlie called for the perennial, popular melody of songs, Just as Harry was about to "play out" the finale of a song, Charlie would lead into another. Harry would try to close out the chorus and Charlie, again, would lead into another. The club sang well and long and smiled and finally laughed at the performance which seemed to be unrestrained.

Dr. Charles L. Persons presided and, in the absence of the regular Sgt.-at-Arms, Frank Noel, M. L. Raborn did the introductory honors for visiting Rotarians and guests. The invocation was by Bob Gregory of Deland.

15 Persons Die As Blast Levels Crowded Cafe

MONTECELLO, Utah (AP)—An explosion shattered a crowded cafe in this southeastern Utah uranium mining community last night, killing 15 and injuring more than 20 of the 30-odd diners at the height of the busy 7 o'clock dinner hour.

The blast leveled the small brick and plastered Larit Cafe on the edge of U.S. 100 on the outskirts of town. The cafe sign was all that was left standing. The torn wreckage did not burn.

Some of the bodies were blown through the wall. Rescue workers found two cases of eggs in the rubble. They were not broken.

Two utility company employees, Jerry Fitch, 28, and Fran Urray, 18, both of Salt Lake City, survived. They had just begun to eat when the cafe flew apart. Said Fitch:

"The first thing I noticed, I was up in the air . . . I just remember going straight up and coming down and seeing what I was coming down on." Fitch and Urray were blown out of the cafe and landed on the ground, unharmed.

"I remember one little boy shouting: 'My daddy's killed! My daddy's killed!' Then there was a little girl who cried: 'Mamma's dead!' The identical thing practically. That was the thing that was really bad," Fitch said.

It was believed the explosion was caused by leaking natural gas. Some said the cafe had just been hooked up to a gas line. But fire chief Robert J. Bryan said he would start an investigation in day before commenting on the cause.

Meeting Is Called

The Lake Mary Volunteer Fire Department Inc. will have a meeting tonight at 8 p. m. at the Lake Mary School.

Everyone is invited to attend.

Longwood C of C Plans To Launch Membership Drive

LONGWOOD—The first regular meeting of the Longwood Area Chamber of Commerce was held last Thursday evening with retiring president Charles Morrison turning over the gavel to incoming president Richard Zartman for the year 1936-37.

President Zartman requested that a membership drive be started immediately to enlist more members so that the work planned for the year could be accomplished. The Chamber body agreed and the following were appointed to the committee: Mrs. Russell Grant, Mrs. John Carhart, Mrs. Harold Willis, Mrs. Maurice Rudolph and R. C. Carlson. This committee will meet this week and elect its chairman, from the above named group.

A report was given by L. L. Cox on the Medical Building and a finance report from retiring treasurer Lew Arnold. Funds are expected to be available soon for the building's completion.

Several of the committee chairmen have not been appointed. However, President Zartman hopes to be able to do so at the next meeting. Mrs. Claude Lavo was appointed chairman of publicity for the coming year.

Dr. Harry R. Amaley of Apopka was guest of the evening and spoke to the group.

Refreshments were served at under the chairmanship of Mrs. F. J. Zartman.

Rep. Sikes States Bandwagon Rolling For Stevenson

CHICAGO (AP)—The chairman of Florida's Democratic convention delegation said today that the bandwagon is beginning to roll again for Adlai Stevenson as the Presidential candidate.

"Rep. Robert Sikes said this was particularly noticeable in the South and among other states as he listened to delegates talk."

"And after last night's keynote speech, Sikes said Gov. Frank B. Rowland will bear watching as a man for the second place on the ticket."

"It was a magnificent keynote address," Sikes said. He added that the talk was something the Democratic Party needed to get it started toward a November victory.

Sikes reported that the Stevenson delegates in the group numbering 23 had held discussions with the six who formerly were for Estes Kefauver and now have said they may go to Sen. Stuart Symington of Missouri.
